“(1) The closure and realignment of military installations within the United States is a necessary consequence of the end of the Cold War and of changed United States national security requirements.

“(2) A military installation is a significant source of employment for many communities, and the closure or realignment of an installation may cause economic hardship for such communities.

“(3) It is in the interest of the United States that the Federal Government facilitate the economic recovery of communities that experience adverse economic circumstances as a result of the closure or realignment of a military installation.

“(4) It is in the interest of the United States that the Federal Government assist communities that experience adverse economic circumstances as a result of the closure of military installations by working with such communities to identify and implement means of reutilizing or redeveloping such installations in a beneficial manner or of otherwise revitalizing such communities and the economies of such communities.

“(5) The Federal Government may best identify and implement such means by requiring that the head of each department or agency of the Federal Government having jurisdiction over a matter arising out of the closure of a military installation under a base closure law, or the reutilization and redevelopment of such an installation, designate for each installation to be closed an individual in such department or agency who shall provide information and assistance to the transition coordinator for the installation designated under section 2915 [set out below] on the assistance, programs, or other activities of such department or agency with respect to the closure or reutilization and redevelopment of the installation.

“(6) The Federal Government may also provide such assistance by accelerating environmental restoration at military installations to be closed, and by closing such installations, in a manner that best ensures the beneficial reutilization and redevelopment of such installations by such communities.

“(7) The Federal Government may best contribute to such reutilization and redevelopment by making available real and personal property at military installations to be closed to communities affected by such closures on a timely basis, and, if appropriate, at less than fair market value.”

The Secretary shall ensure that the needs of the homeless in the communities affected by the closure of such installations are taken into consideration in the redevelopment plan with respect to such installations.

“(ii) a local government agency or State government agency designated for the purpose of such consultation by the chief executive officer of the State in which the installation is located.

“(B) The transfer of property located at a military installation under subparagraph (A) may be for consideration at or below the estimated fair market value or without consideration. The Secretary may accept, as consideration, a share of the revenues that the redevelopment authority receives from third-party buyers or lessees from sales and long-term leases of the conveyed property, consideration in kind (including goods and services), real property and improvements, or such other consideration as the Secretary considers appropriate. The transfer of property located at a military installation under subparagraph (A) may be made for consideration below the estimated fair market value or without consideration only if the redevelopment authority with respect to the installation—

“(D) The Secretary may recoup from a redevelopment authority such portion of the proceeds from a sale or lease described in subparagraph (B) as the Secretary determines appropriate if the redevelopment authority does not use the proceeds to support economic redevelopment of, or related to, the installation for the period specified in subparagraph (B).

“(E)(i) The Secretary may transfer real property at an installation approved for closure or realignment under this part (including property at an installation approved for realignment which will be retained by the Department of Defense or another Federal agency after realignment) to the redevelopment authority for the installation if the redevelopment authority agrees to lease, directly upon transfer, one or more portions of the property transferred under this subparagraph to the Secretary or to the head of another department or agency of the Federal Government. Subparagraph (B) shall apply to a transfer under this subparagraph.

“(ii) A lease under clause (i) shall be for a term of not to exceed 50 years, but may provide for options for renewal or extension of the term by the department or agency concerned.

Exercise of the authority provided by this clause shall be made in consultation with the redevelopment authority concerned.

“(v) Notwithstanding clause (iii), if a lease under clause (i) involves a substantial portion of the installation, the department or agency concerned may obtain facility services for the leased property and common area maintenance from the redevelopment authority or the redevelopment authority’s assignee as a provision of the lease. The facility services and common area maintenance shall be provided at a rate no higher than the rate charged to non-Federal tenants of the transferred property. Facility services and common area maintenance covered by the lease shall not include—

“(B) The Secretary may, in consultation with the redevelopment authority with respect to an installation, postpone making the final determinations referred to in subparagraph (A) with respect to the installation for such period as the Secretary determines appropriate if the Secretary determines that such postponement is in the best interests of the communities affected by the closure or realignment of the installation.

A redevelopment authority may not be required to utilize the building or property to assist the homeless.

“(N) The Secretary of Defense may postpone or extend any deadline provided for under this paragraph in the case of an installation covered by this paragraph for such period as the Secretary considers appropriate if the Secretary determines that such postponement is in the interests of the communities affected by the closure or realignment of the installation. “(2) Upon disposition of the resolution received from the other House, it shall no longer be in order to consider the resolution that originated in the receiving House.

“(f) RULES OF THE SENATE AND HOUSE.—This section is enacted by Congress—

“(1) as an exercise of the rulemaking power of the Senate and House of Representatives, respectively, and as such it is deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in that House in the case of a resolution described in subsection (a), and it supersedes other rules only to the extent that it is inconsistent with such rules; and

“(2) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner, and to the same extent as in the case of any other rule of that House.

“(B) The need for the closure or realignment of additional military installations.

“(2) SUBMISSION.—The Comptroller General shall submit the evaluation to Congress not later than 60 days after the date on which the force-structure plan and infrastructure inventory are submitted to Congress.

“(d) AUTHORIZATION OF ADDITIONAL ROUND; COMMISSION.—

“(5) FUNDING.—If no funds are appropriated to the Commission by the end of the second session of the 108th Congress for the activities of the Commission in 2005, the Secretary may transfer to the Commission for purposes of its activities under this part in that year such funds as the Commission may require to carry out such activities. The Secretary may transfer funds under the preceding sentence from any funds available to the Secretary. Funds so transferred shall remain available to the Commission for such purposes until expended.

“(e) EFFECT ON DEPARTMENT AND OTHER AGENCY COSTS.—The selection criteria relating to the cost savings or return on investment from the proposed closure or realignment of military installations shall take into account the effect of the proposed closure or realignment on the costs of any other activity of the Department of Defense or any other Federal agency that may be required to assume responsibility for activities at the military installations.

“(f) RELATION TO OTHER MATERIALS.—The final selection criteria specified in this section shall be the only criteria to be used, along with the force-structure plan and infrastructure inventory referred to in section 2912, in making recommendations for the closure or realignment of military installations inside the United States under this part in 2005.

“(g) RELATION TO CRITERIA FOR EARLIER ROUNDS.—Section 2903(b), and the selection criteria prepared under such section, shall not apply with respect to the process of making recommendations for the closure or realignment of military installations in 2005.

“(B) Notwithstanding the requirement in subparagraph (A), the Secretary shall make the recommendations referred to in that subparagraph based on the force-structure plan, infrastructure inventory, and final selection criteria otherwise applicable to such recommendations.

“(C) The recommendations shall include a statement of the result of the consideration of any notice described in subparagraph (A) that is received with respect to a military installation covered by such recommendations. The statement shall set forth the reasons for the result.

“(a) SENSE OF CONGRESS.—It is the sense of the Congress that—

“(1) the termination of military operations by the United States at military installations outside the United States should be accomplished at the discretion of the Secretary of Defense at the earliest opportunity;

“(2) in providing for such termination, the Secretary of Defense should take steps to ensure that the United States receives, through direct payment or otherwise, consideration equal to the fair market value of the improvements made by the United States at facilities that will be released to host countries;

“(3) the Secretary of Defense, acting through the military component commands or the sub-unified commands to the combatant commands, should be the lead official in negotiations relating to determining and receiving such consideration; and

“(4) the determination of the fair market value of such improvements released to host countries in whole or in part by the United States should be handled on a facility-by-facility basis.

“(b) RESIDUAL VALUE.—(1) For each installation outside the United States at which military operations were being carried out by the United States on October 1, 1990, the Secretary of Defense shall transmit, by no later than June 1, 1991, an estimate of the fair market value, as of January 1, 1991, of the improvements made by the United States at facilities at each such installation.

“(2) For purposes of this section:

“(A) The term ‘fair market value of the improvements’ means the value of improvements determined by the Secretary on the basis of their highest use.

“(B) The term ‘improvements’ includes new construction of facilities and all additions, improvements, modifications, or renovations made to existing facilities or to real property, without regard to whether they were carried out with appropriated or nonappropriated funds.

“(c) ESTABLISHMENT OF SPECIAL ACCOUNT.—(1) There is established on the books of the Treasury a special account to be known as the ‘Department of Defense Overseas Military Facility Investment Recovery Account’. Except as provided in subsection (d), amounts paid to the United States, pursuant to any treaty, status of forces agreement, or other international agreement to which the United States is a party, for the residual value of real property or improvements to real property used by civilian or military personnel of the Department of Defense shall be deposited into such account.

“(2) Money deposited in the Department of Defense Overseas Military Facility Investment Recovery Account shall be available to the Secretary of Defense for payment, as provided in appropriation Acts, of costs incurred by the Department of Defense in connection with—

“(A) facility maintenance and repair and environmental restoration at military installations in the United States; and

“(B) facility maintenance and repair and compliance with applicable environmental laws at military installations outside the United States that the Secretary anticipates will be occupied by the Armed Forces for a long period.

“(3) Funds in the Department of Defense Overseas Facility Investment Recovery Account shall remain available until expended.

“(d) AMOUNTS CORRESPONDING TO THE VALUE OF PROPERTY PURCHASED WITH NONAPPROPRIATED FUNDS.—(1) In the case of a payment referred to in subsection (c)(1) for the residual value of real property or improvements at an overseas military facility, the portion of the payment that is equal to the depreciated value of the investment made with nonappropriated funds shall be deposited in the reserve account established under section 204(b)(7)(C) of the Defense Authorization Amendments and Base Closure and Realignment Act [Pub. L. 100-526, set out below]. The Secretary may use amounts in the account (in such an aggregate amount as is provided in advance by appropriation Acts) for the purpose of acquiring, constructing, or improving commissary stores and nonappropriated fund instrumentalities.

“(2) As used in this subsection:

“(A) The term ‘nonappropriated funds’ means funds received from—

“(i) the adjustment of, or surcharge on, selling prices at commissary stores fixed under section 2685 of title 10, United States Code; or

“(B) The term ‘nonappropriated fund instrumentality’ means an instrumentality of the United States under the jurisdiction of the Armed Forces (including the Army and Air Force Exchange Service, the Navy Resale and Services Support Office, and the Marine Corps exchanges) which is conducted for the comfort, pleasure, contentment, or physical or mental improvement of members of the Armed Forces.

“(e) NEGOTIATIONS FOR PAYMENTS-IN-KIND.—(1) Before the Secretary of Defense enters into negotiations with a host country regarding the acceptance by the United States of any payment-in-kind in connection with the release to the host country of improvements made by the United States at military installations in the host country, the Secretary shall submit to the appropriate congressional committees a written notice regarding the intended negotiations.

“(2) The notice shall contain the following:

“(A) A justification for entering into negotiations for payments-in-kind with the host country.

“(B) The types of benefit options to be pursued by the Secretary in the negotiations.

“(C) A discussion of the adjustments that are intended to be made in the future-years defense program or in the budget of the Department of Defense for the fiscal year in which the notice is submitted or the following fiscal year in order to reflect costs that it may no longer be necessary for the United States to incur as a result of the payments-in-kind to be sought in the negotiations.

“(3) For purposes of this subsection, the appropriate congressional committees are—

“(A) the Committee on Armed Services, the Committee on Appropriations, and the National Security Subcommittee of the Committee on Appropriations of the House of Representatives; and

“(B) the Committee on Armed Services, the Committee on Appropriations, and the Subcommittee on Defense of the Committee on Appropriations of the Senate.

“(f) OMB REVIEW OF PROPOSED SETTLEMENTS.—(1) The Secretary of Defense may not enter into an agreement of settlement with a host country regarding the release to the host country of improvements made by the United States to facilities at an installation located in the host country until 30 days after the date on which the Secretary submits the proposed settlement to the

Director of the Office of Management and Budget. The prohibition set forth in the preceding sentence shall apply only to agreements of settlement for improvements having a value in excess of \$10,000,000. The Director shall evaluate the overall equity of the proposed settlement. In evaluating the proposed settlement, the Director shall consider such factors as the extent of the United States capital investment in the improvements being released to the host country, the depreciation of the improvements, the condition of the improvements, and any applicable requirements for environmental remediation or restoration at the installation.

“(2) Each year, the Secretary shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a report on each proposed agreement of settlement that was not submitted by the Secretary to the Director of the Office of Management and Budget in the previous year under paragraph (1) because the value of the improvements to be released pursuant to the proposed agreement did not exceed \$10,000,000.

“(g) CONGRESSIONAL OVERSIGHT OF PAYMENTS-IN-KIND.—(1) Before concluding an agreement for acceptance of military construction or facility improvements as a payment-in-kind, the Secretary of Defense shall submit to Congress a notification on the proposed agreement. Any such notification shall contain the following:

“(A) A description of the military construction project or facility improvement project, as the case may be.

“(B) A certification that the project is needed by United States forces.

“(C) An explanation of how the project will aid in the achievement of the mission of those forces.

“(D) A certification that, if the project were to be carried out by the Department of Defense, appropriations would be necessary for the project and it would be necessary to provide for the project in the next future-years defense program.

“(2) Before concluding an agreement for acceptance of host nation support or host nation payment of operating costs of United States forces as a payment-in-kind, the Secretary of Defense shall submit to Congress a notification on the proposed agreement. Any such notification shall contain the following:

“(A) A description of each activity to be covered by the payment-in-kind.

“(B) A certification that the costs to be covered by the payment-in-kind are included in the budget of one or more of the military departments or that it will otherwise be necessary to provide for payment of such costs in a budget of one or more of the military departments.

“(C) A certification that, unless the payment-in-kind is accepted or funds are appropriated for payment of such costs, the military mission of the United States forces with respect to the host nation concerned will be adversely affected.

“(3) When the Secretary submits a notification of a proposed agreement under paragraph (1) or (2), the Secretary may then enter into the agreement described in the notification only after the end of the 30-day period beginning on the date on which the notification is submitted or, if earlier, the end of the 14-day period beginning on the date on which a copy of the notification is provided in an electronic medium pursuant to section 480 of title 10, United States Code.”

“(I) the Secretary determines that as a result of changed economic circumstances, a modification of the agreement is necessary;

“(II) the terms of the modification do not require the return of any payments that have been made to the Secretary;

**§ 2688. Utility systems: conveyance authority**

(a) CONVEYANCE AUTHORITY.—(1) The Secretary of a military department may convey a utility

system, or part of a utility system, under the jurisdiction of the Secretary to a municipal, private, regional, district, or cooperative utility company or other entity. The conveyance may consist of all right, title, and interest of the United States in the utility system or such lesser estate as the Secretary considers appropriate to serve the interests of the United States.

(2) The Secretary concerned may not enter into a contract to convey a utility system, or part of a utility system, under this subsection until—

(A) the Secretary submits to the congressional defense committees an economic analysis, based upon accepted life-cycle costing procedures approved by the Secretary of Defense, that demonstrates that—

(i) the long-term economic benefit to the United States of the conveyance of the utility system, or part thereof, exceeds the long-term economic cost to the United States of the conveyance;

(ii) the conveyance of the utility system, or part thereof, will reduce the long-term cost to the United States of utility services provided by the utility system by 10 percent of the long-term cost for provision of those utility services in the agency tender; and

(iii) the economic benefit analysis under clause (i) and the cost reduction analysis under clause (ii) incorporate margins of error in the estimates, based upon guidance approved by the Secretary of Defense that minimize any underestimation of the costs resulting from privatization of the utility system, or part thereof, or any overestimation of the costs resulting from continued Government ownership and management of the utility system, or part thereof; and

(B) the end of the 21-day period beginning on the date on which the economic analysis prepared under subparagraph (A) with respect to the conveyance of the utility system, or part thereof, is received by the congressional defense committees or, if over earlier, the end of the 14-day period beginning on the date on which a copy of the economic analysis is provided in an electronic medium pursuant to section 480 of this title.

(3)(A) If, as a result of the economic analysis required by paragraph (2)(A), the Secretary concerned determines that a utility system, or part of a utility system, is not eligible for conveyance under this subsection, the Secretary concerned may not further reconsider the utility system, or part of a utility system, for conversion to contractor operation under section 2461 of this title for a period of five years beginning on the date of the determination.

(B) If the results of a public-private competition for conversion of a utility system, or part of a utility system, to operation by a contractor favors continued operation by civilian employees of the Department of Defense, the Secretary concerned may not reconsider the utility system, or part of a utility system, for conversion under section 2461 of this title or for conveyance under this subsection for a period of five years beginning on the date of the completion of the public-private competition.
