(B) TREATMENT OF CERTAIN PERIODS FOR WHICH SOCIAL SECURITY REFUNDS ARE MADE.—In the computation of any reduction made under paragraph (3), there shall be excluded any period of service described in section 210(l)(1) of the Social Security Act (42 U.S.C. 410(l)(1))—

(3) DISREGARDING OF RETIRED PAY REDUCTIONS FOR RETIREMENT OF CERTAIN MEMBERS BEFORE 30 YEARS OF SERVICE.—Computation of a member’s retired pay for purposes of this section shall be made without regard to any reduction under section 1409(b)(2) of this title.

§1465. Determination of contributions to the Fund

(a) Not later than six months after the Board of Actuaries is first appointed, the Board shall determine the amount that is the present value (as of October 1, 1984) of future benefits payable from the Fund that are attributable to service in the armed forces performed before October 1, 1984. That amount is the original unfunded liability of the Fund. The Board shall determine the period of time over which the original unfunded liability should be liquidated and shall determine an amortization schedule for the liquidation of such liability over that period. Contributions to the Fund for the liquidation of the original unfunded liability in accordance with such schedule shall be made as provided in section 1466(b) of this title.

(b)(1) The Secretary of Defense shall determine each year, in sufficient time for inclusion in budget requests for the following fiscal year, the total amount of Department of Defense contributions to be made to the Fund during that fiscal year under section 1466(a) of this title. That amount shall be the sum of the following:

(A) The product of—

(i) the current estimate of the value of the single level percentage of basic pay to be determined under subsection (c)(1)(A) at the time of the next actuarial valuation under subsection (c); and

(ii) the total amount of basic pay expected to be paid during that fiscal year for active duty (other than the Coast Guard) and for full-time National Guard duty (other than full-time National Guard duty for training only), but excluding the amount expected to be paid for any duty that would be excluded for active-duty end strength purposes by section 115(i) of this title.

(B) The product of—

(i) the current estimate of the value of the single level percentage of basic pay and of compensation (paid pursuant to section 206 of title 37) to be determined under subsection (c)(1)(B) at the time of the next actuarial valuation under subsection (c); and

(ii) the total amount of basic pay and of compensation (paid pursuant to section 206 of title 37) expected to be paid during that fiscal year to members of the Selected Reserve of the armed forces (other than the Coast Guard) for service not otherwise described in subparagraph (A)(i).

(2) The amount determined under paragraph (1) for any fiscal year is the amount needed to be appropriated to the Department of Defense for that fiscal year for payments to be made to the Fund during that year under section 1466(a) of this title. The President shall include not less than the full amount so determined in the budget transmitted to Congress for that fiscal year under section 1105 of title 31. The President may comment and make recommendations concerning any such amount.

(3) At the same time that the Secretary of Defense makes the determination required by paragraph (1) for any fiscal year, the Secretary shall determine the amount of the Treasury contribution to be made to the Fund for the next fiscal year under section 1466(b)(2)(D) of this title. That amount shall be determined in the same manner as the determination under paragraph (1) of the total amount of Department of Defense contributions to be made to the Fund during that fiscal year under section 1466(a) of this title, except that for purposes of this paragraph the Secretary, in making the calculations required by subparagraphs (A) and (B) of that paragraph, shall use the single level percentages determined under subsection (c)(4), rather than those determined under subsection (c)(1).

(c)(1) Not less often than every four years, the Secretary of Defense shall carry out an actuarial valuation of Department of Defense military retirement and survivor benefit programs. Each actuarial valuation of such programs shall include—

(A) a determination (using the aggregate entry-age normal cost method) of a single level percentage of basic pay for active duty (other than the Coast Guard) and for full-time National Guard duty (other than full-time National Guard duty for training only), but excluding the amount expected to be paid for any duty that would be excluded for active-duty end strength purposes by section 115(i) of this title, to be determined without regard to section 1413a or 1414 of this title; and

(B) a determination (using the aggregate entry-age normal cost method) of a single level percentage of basic pay and of compensation (paid pursuant to section 206 of title 37) for members of the Selected Reserve of the armed forces (other than the Coast Guard) for service not otherwise described by subparagraph (A), to be determined without regard to section 1413a or 1414 of this title.

Such single level percentages shall be used for the purposes of subsection (b)(1) and section 1466(a) of this title.

(2) If at the time of any such valuation (or any valuation carried out in order to comply with chapter 95 of title 31) there has been a change in benefits under a military retirement or survivor benefit program that has been made since the last such valuation and such change in benefits increases or decreases the present value of amounts payable from the Fund, the Secretary of Defense shall determine an amortization methodology and schedule for the amortization of the cumulative unfunded liability (or actuarial gain to the Fund) created by such change and any previous such changes so that the present value of the sum of the amortization payments (or reductions in payments that would otherwise be made) equals the cumulative increase (or decrease) in the present value of such amounts.

(3) If at the time of any such valuation (or any valuation carried out in order to comply with chapter 95 of title 31) the Secretary of Defense determines that, based upon changes in actuarial assumptions since the last valuation, there has been an actuarial gain or loss to the Fund, the Secretary shall determine an amortization methodology and schedule for the amortization of the cumulative gain or loss to the Fund created by such change in assumptions and any pre-
rious such changes in assumptions through an increase or decrease in the payments that would otherwise be made to the Fund.

(4) Whenever the Secretary carries out an actuarial valuation under paragraph (1), the Secretary shall include as part of such valuation the following:

(A) A determination of a single level percentage determined in the same manner as applies under subparagraph (A) of paragraph (1), but based only upon the provisions of sections 1413a and 1414 of this title.

(B) A determination of a single level percentage determined in the same manner as applies under subparagraph (B) of paragraph (1), but based only upon the provisions of sections 1413a and 1414 of this title.

Such single level percentages shall be used for the purposes of subsection (b)(3).

(5) Contributions to the Fund in accordance with amortization schedules under paragraphs (2) and (3) shall be made as provided in section 1466(b) of this title.

(d) All determinations under this section shall be made using methods and assumptions approved by the Board of Actuaries (including assumptions of interest rates and inflation) and in accordance with generally accepted actuarial principles and practices.

(e) The Secretary of Defense shall provide for the keeping of such records as are necessary for determining the actuarial status of the Fund.

CHAPTER 75—DECEASED PERSONNEL

Subchapter Sec. I. Death Investigations ......................... 1471
Subchapter II—Death Benefits

AMENDMENTS

SUBCHAPTER I—DEATH INVESTIGATIONS

Sec. 1471. Forensic pathology investigations.

AMENDMENTS

§ 1471. Forensic pathology investigations

(a) AUTHORITY.—Under regulations prescribed by the Secretary of Defense, the Armed Forces Medical Examiner may conduct a forensic pathology investigation to determine the cause or manner of death of a deceased person if such an investigation is determined to be justified under circumstances described in subsection (b). The investigation may include an autopsy of the decedent’s remains.

(b) BASIS FOR INVESTIGATION.—(1) A forensic pathology investigation of a death under this section is justified if at least one of the circumstances in paragraph (2) and one of the circumstances in paragraph (3) exist.

(2) A circumstance under this paragraph is a circumstance under which—

(A) it appears that the decedent was killed or that, whatever the cause of the decedent’s death, the cause was unnatural;

(B) the cause or manner of death is unknown;

(C) there is reasonable suspicion that the death was by unlawful means;

(D) it appears that the death resulted from an infectious disease or from the effects of a hazardous material that may have an adverse effect on the military installation or community involved; or

(E) the identity of the decedent is unknown.

(3) A circumstance under this paragraph is a circumstance under which—

(A) the decedent—

(i) was found dead or died at an installation garrisoned by units of the armed forces that is under the exclusive jurisdiction of the United States;

(ii) was a member of the armed forces on active duty or inactive duty for training;

(iii) was recently retired under chapter 61 of this title as a result of an injury or illness incurred while a member on active duty or inactive duty for training; or

(iv) was a civilian dependent of a member of the armed forces and was found dead or died outside the United States;

(B) in any other authorized Department of Defense investigation of matters which involves the death, a factual determination of the cause or manner of the death is necessary; or

(C) in any other authorized investigation being conducted by the Federal Bureau of Investigation, the National Transportation Safety Board, or any other Federal agency, an authorized official of such agency with authority to direct a forensic pathology investigation requests that the Armed Forces Medical Examiner conduct such an investigation.

(c) DETERMINATION OF JUSTIFICATION.—(1) Subject to paragraph (2), the determination that a circumstance exists under paragraph (2) of subsection (b) shall be made by the Armed Forces Medical Examiner.

(2) A commander may make the determination that a circumstance exists under paragraph (2) of subsection (b) and require a forensic pathology investigation under this section without regard to a determination made by the Armed Forces Medical Examiner if—

(A) in a case involving circumstances described in paragraph (3)(A)(i) of that subsection, the commander is the commander of the installation where the decedent was found dead or died; or

(B) in a case involving circumstances described in paragraph (3)(A)(ii) of that subsection, the commander is the commander of the decedent’s unit at a level in the chain of command designated for such purpose in the regulations prescribed by the Secretary of Defense.

(d) LIMITATION IN CONCURRENT JURISDICTION CASES.—(1) The exercise of authority under this section is subject to the exercise of primary jurisdiction for the investigation of a death—

(A) in the case of a death in a State, by the State or a local government of the State; or

(B) in the case of a death in a foreign country, by that foreign country under any applicable treaty, status of forces agreement, or other international agreement between the United States and that foreign country.

(2) Paragraph (1) does not limit the authority of the Armed Forces Medical Examiner to conduct a forensic pathology investigation of a death that is subject to the exercise of primary jurisdiction by another sovereign if the investigation by the other sovereign is concluded without a forensic pathology investigation that the Armed Forces Medical Examiner considers complete. For the purposes of the preceding sentence a forensic pathology investigation is incomplete if the investigation does not include an autopsy of the decedent.

(e) PROCEDURES.—For a forensic pathology investigation under this section, the Armed Forces Medical Examiner shall—

(1) designate one or more qualified pathologists to conduct the investigation;

(2) to the extent practicable and consistent with responsibilities under this section, give due regard to any applicable law protecting religious beliefs;

(3) as soon as practicable, notify the decedent’s family, if known, that the forensic pathology investigation is being conducted;

(4) as soon as practicable after the completion of the investigation, authorize release of the decedent’s remains to the family, if known; and

(5) promptly report the results of the forensic pathology investigation to the official re-
sponsible for the overall investigation of the death.

A person covered by section 1475(a)(4) of this title who dies while attending field training or a practice cruise under section 2104(b)(6)(B) of this title, or while traveling directly to or from the place where the training or cruise is conducted, is considered to have been entitled, on the date of his death, to the pay prescribed by the second sentence of section 209(c) of title 37.

(9) A person who is discharged, or released from active duty (other than for training), is considered to continue on that duty during the period following the date of his discharge or release that, as determined by the Secretary concerned, is necessary for that person to go to his home by the most direct route. (2) This subsection applies in the case of a person who died during the period beginning on October 7, 2001, and ending on August 31, 2005, while a member of the armed forces on active duty and whose death did not establish eligibility for an additional death gratuity under the prior subsection (e) of this section (as added by section 1013(b) of Public Law 109–13; 119 Stat. 247), because the person was not described in paragraph (2) of that prior subsection.

38:1101(12) (as applicable to death gratuity).

PERSONNEL FREEZE FOR SERVICE REVIEW AGENCIES

Pub. L. 105–261, div. A, title V, §541, Oct. 17, 1998, 112 Stat. 2019, provided that, during fiscal years 1999, 2000, and 2001, the Secretary of a military department could not carry out any reduction in the number of military and civilian personnel assigned to duty with the service review agency for that military department below the baseline number for that agency until: (1) the Secretary had submitted to Congress a report that described the reduction to be made and the rationale for that reduction, and specified the number of such personnel that would be assigned to duty with that agency after the reduction; and (2) a period of 90 days had elapsed after the date on which such report had been submitted.

§1552. Correction of military records: claims incident thereon

(a)(1) The Secretary of a military department may correct any military record of the Secretary's department when the Secretary considers it necessary to correct an error or remove an injustice. Except as provided in paragraph (2), such corrections shall be made by the Secretary acting through boards of civilians of the executive part of that military department. The Secretary of Homeland Security may in the same manner correct any military record of the Coast Guard.

(2) The Secretary concerned is not required to act through a board in the case of the correction of a military record announcing a decision that a person is not eligible to enlist (or reenlist) or is not accepted for enlistment (or reenlistment) or announcing the promotion and appointment of an enlisted member to an initial or higher grade or the decision not to promote an enlisted member to a higher grade. Such a correction may be made only if the correction is favorable to the person concerned.

(3) Corrections under this section shall be made under procedures established by the Secretary concerned. In the case of the Secretary of a military department, those procedures must be approved by the Secretary of Defense.

(b) No correction may be made under subsection (a)(1) unless the claimant or his heir or legal representative files a request for the correction within three years after he discovers the error or injustice. However, a board established under subsection (a)(1) may excuse a failure to file within three years after discovery if it finds it to be in the interest of justice.

(c)(1) The Secretary concerned may pay, from applicable current appropriations, a claim for pecuniary benefits, emoluments, or other pecuniary benefits, or for the repayment of a fine or forfeiture, if, as a result of correcting a record under this section, the amount is found to be due the claimant on account of his or another's service in the Army, Navy, Air Force, Marine Corps, or Coast Guard, as the case may be, or on account of his or another's service as a civilian employee.

(2) If the claimant is dead, the money shall be paid, upon demand, to his legal representative. However, if no demand for payment is made by a legal representative, the money shall be paid—

(A) to the surviving spouse, heir, or beneficiaries, in the order prescribed by the law applicable to that kind of payment;

(B) if there is no such law covering order of payment, in the order set forth in section 2771 of this title; or

(C) as otherwise prescribed by the law applicable to that kind of payment.

(3) A claimant's acceptance of a settlement under this section fully satisfies the claim concerned. This section does not authorize the payment of any claim compensated by private law before October 23, 1951.

(4) If the correction of military records under this section involves setting aside a conviction by court-martial, the payment of a claim under this subsection in connection with the correction of the records shall include interest at a rate to be determined by the Secretary concerned, unless the Secretary determines that the payment of interest is inappropriate under the circumstances. If the payment of the claim is to include interest, the interest shall be calculated on an annual basis, and compounded, using the amount of the lost pay, allowances, compensation, emoluments, or other pecuniary benefits involved, and the amount of any fine or forfeiture paid, beginning from the date of the conviction through the date on which the payment is made.

(d) Applicable current appropriations are available to continue the pay, allowances, compensation, emoluments, and other pecuniary benefits of any person who was paid under subsection (c), and who, because of the correction of his military record, is entitled to those benefits, but for not longer than one year after the date when his record is corrected under this section if he is not reenlisted in, or appointed or reappointed to, the grade to which those payments relate. Without regard to qualifications for reenlistment, or appointment or reappointment, the Secretary concerned may reenlist a person in, or appoint or reappoint him to, the grade to which payments under this section relate.

(e) No payment may be made under this section for a benefit to which the claimant might later become entitled under the laws and regulations administered by the Secretary of Veterans Affairs.

(f) With respect to records of courts-martial and related administrative records pertaining to court-martial cases tried or reviewed under chapter 47 of this title (or under the Uniform Code of Military Justice (Public Law 506 of the 81st Congress)), action under subsection (a) may extend only to—

(1) correction of a record to reflect actions taken by reviewing authorities under chapter 47 of this title (or under the Uniform Code of Military Justice (Public Law 506 of the 81st Congress)); or

(2) action on the sentence of a court-martial for purposes of clemency.
In this section, the term “military record” means a document or other record that pertains to (1) an individual member or former member of the armed forces, or (2) at the discretion of the Secretary of the military department concerned, any other military matter affecting a member or former member of the armed forces, an employee or former employee of that military department, or a dependent or current or former spouse of any such person. Such term does not include records pertaining to civilian employment matters (such as matters covered by title 5 and chapters 81, 83, 87, 108, 373, 605, 607, 643, and 873 of this title).

In determining the priority of cases, the Secretary concerned shall weigh the medical and humanitarian circumstances of all cases and accord higher priority to cases not involving post-traumatic stress disorder or traumatic brain injury only when the individual cases are considered more compelling.

§ 1558. Review of actions of selection boards: correction of military records by special boards; judicial review

(a) **CORRECTION OF MILITARY RECORDS.**—The Secretary of a military department may correct a person’s military records in accordance with a recommendation made by a special board. Any such correction may be made effective as of the effective date of the action taken on a report of a previous selection board that resulted in the action corrected in the person’s military records.

(b) **DEFINITIONS.**—In this section:
(1) **SPECIAL BOARD.**—(A) The term “special board” means a board that the Secretary of a military department convenes under any authority to consider whether to recommend a person for appointment, enlistment, reenlistment, assignment, promotion, retention, separation, retirement, or transfer to inactive status in a reserve component instead of referring the records of that person for consideration by a previously convened selection board which considered or should have considered that person.

(B) Such term includes a board for the correction of military records convened under section 1552 of this title, if designated as a special board by the Secretary concerned.

(C) Such term does not include a promotion special selection board convened under section 628 or 14502 of this title.

(ii) A special board.
(iii) A selection board convened under section 628 of this title.
(iv) A board for the correction of military records convened under section 1552 of this title.

(3) INVOLUNTARILY BOARD-SEPARATED.—The term "involuntarily board-separated" means separated or retired from an armed force, or transferred to the Retired Reserve or to inactive status in a reserve component, as a result of a recommendation of a selection board.

(c) RELIEF ASSOCIATED WITH CORRECTION OF CERTAIN ACTIONS.—(1) The Secretary of the military department concerned shall ensure that an involuntarily board-separated person receives relief under paragraph (2) or under paragraph (3) if the person, as a result of a correction of the person's military records under subsection (a), becomes entitled to retention on or restoration to active duty or to active status in a reserve component.

(2)(A) A person referred to in paragraph (1) shall, with that person's consent, be restored to the same status, rights, and entitlements (less appropriate offsets against back pay and allowances) in that person's armed force as the person would have had if the person had not been selected to be involuntarily board-separated as a result of an action the record of which is corrected under subsection (a). An action under this subparagraph is subject to subparagraph (B).

(B) Nothing in subparagraph (A) may be construed to permit a person to be on active duty or in an active status in a reserve component after the date on which the person would have been separated, retired, or transferred to the Retired Reserve or to inactive status in a reserve component if the person had not been selected to be involuntarily board-separated in an action of a selection board, or an action taken by the Secretary concerned on the report of a selection board.

(3) If an involuntarily board-separated person referred to in paragraph (1) does not consent to a restoration of status, rights, and entitlements under paragraph (2), the Secretary concerned shall pay that person back pay and allowances (less appropriate offsets), and shall provide that person service credit, for the period—

(A) beginning on the date of the person's separation, retirement, or transfer to the Retired Reserve or to inactive status in a reserve component, as the case may be; and

(B) ending on the earlier of—

(i) the date on which the person would have been so restored under paragraph (2), as determined by the Secretary concerned; or

(ii) the date on which the person would otherwise have been separated, retired, or transferred to the Retired Reserve or to inactive status in a reserve component, as the case may be.

(d) FINALITY OF UNFAVORABLE ACTION.—If a special board makes a recommendation not to correct the military records of a person regarding action taken in the case of that person on the basis of a previous report of a selection board, the action previously taken on that report shall be considered as final as of the date of the action taken on that report.

(e) REGULATIONS.—(1) The Secretary of each military department shall prescribe regulations to carry out this section. Regulations under this subsection may not apply to subsection (f), other than to paragraph (4)(C) of that subsection.

(2) The Secretary may prescribe in the regulations under paragraph (1) the circumstances under which consideration by a special board may be provided for under this section, including the following:

(3) Regulations prescribed by the Secretary of a military department under this subsection may not take effect until approved by the Secretary of Defense.

(f) JUDICIAL REVIEW.—(1) A person seeking to challenge an action or recommendation of a selection board, or an action taken by the Secretary of the military department concerned on the report of a selection board, is not entitled to relief in any judicial proceeding unless the action or recommendation has first been considered by a special board under this section or the Secretary concerned has denied the convening of such a board for such consideration.

(2)(A) A court of the United States may review a determination by the Secretary of a military department not to convene a special board in the case of any person. In any such case, the court may set aside the Secretary's determination only if the court finds the determination to be—

(i) arbitrary or capricious;

(ii) not based on substantial evidence;

(iii) a result of material error of fact or material administrative error; or

(iv) otherwise contrary to law.

(B) If a court sets aside a determination by the Secretary of a military department not to convene a special board, it shall remand the case to the Secretary concerned, who shall provide for consideration by a special board.

(3) A court of the United States may review a recommendation of a special board or an action of the Secretary of the military department concerned on the report of a special board. In any such case, a court may set aside the action only if the court finds that the recommendation or action was—

(A) arbitrary or capricious;

(B) not based on substantial evidence;

(C) a result of material error of fact or material administrative error; or

(D) otherwise contrary to law.

(4) If, six months after receiving a complete application for consideration by a special board
in any case, the Secretary concerned has not convened a special board and has not denied consideration by a special board in that case, the Secretary shall be deemed for the purposes of this subsection to have denied consideration of the case by a special board.

(B) If, six months after the convening of a special board in any case, the Secretary concerned has not taken final action on the report of the special board, the Secretary shall be deemed for the purposes of this subsection to have denied relief in such case.

(C) Under regulations prescribed under subsection (e), the Secretary of a military department may waive the applicability of subparagraph (A) or (B) in a case if the Secretary determines that a longer period for consideration of the case is warranted. Such a waiver may be for an additional period of not more than six months. The Secretary concerned may not delegate authority to make a determination under this subparagraph.

(g) Existing Jurisdiction.—Nothing in this section limits—

(1) the jurisdiction of any court of the United States under any provision of law to determine the validity of any law, regulation, or policy relating to selection boards; or

(2) the authority of the Secretary of a military department to correct a military record under section 1552 of this title.

The qualifications established shall be comparable to those required of United States citizens.

(4) Each foreign country from which a student is permitted to receive instruction at the University under this subsection shall reimburse the United States for the cost of providing such instruction, unless such reimbursement is waived by the Secretary of Defense. The amount of such basic pay for the member shall be increased on January 1 of each year by the percentage by which basic pay is increased on average on that date for that year, and the member shall continue to receive basic pay based on the former grade and years of service until the date, whether occurring before or after the conclusion of such participation, on which the basic pay for the member in the member’s actual grade and years of service credited for pay exceeds the amount of basic pay to which the member is entitled based on the member’s former grade and years of service.

(d) Except when serving on active duty pursuant to subsection (c), a member of the program shall be entitled to a stipend at a monthly rate established by the Secretary of Defense, but not to exceed a total of $30,000 per year. A surviving spouse to whom entitlement to educational assistance is transferred under this paragraph may elect to transfer such entitlement to the dependent children of the person whose service established such entitlement.

(3) Any transfer of entitlement under this subsection shall be made in accordance with regulations prescribed by the Secretary of the military department concerned.

AMENDMENTS

§ 2201. Apportionment of funds: authority for exception; excepted expenses

(a) Exemption from Apportionment Requirement.—If the President determines such action to be necessary in the interest of national defense, the President may exempt from the provisions of section 1512 of title 31 appropriations, funds, and contract authorizations available for military functions of the Department of Defense.

(b) Airborne Alerts.—Upon a determination by the President that such action is necessary, the Secretary of Defense may provide for the cost of an airborne alert as an excepted expense under section 6301(a) and (b)(1)-(3) of title 41.

(c) Members on Active Duty.—Upon a determination by the President that it is necessary to increase (subject to limits imposed by law) the number of members of the armed forces on active duty beyond the number for which funds are provided in appropriation Acts for the Department of Defense, the Secretary of Defense may provide for the cost of such additional members as an excepted expense under section 6301(a) and (b)(1)-(3) of title 41.

(d) Notification to Congress.—The Secretary of Defense shall immediately notify Congress of the use of any authority under this section.

HISTORICAL AND REVISION NOTES

In two instances, the source law to be codified by the bill includes provisions that on their face require that the Department of Defense notify Congress of certain actions. These notification requirements were terminated by section 602 of the Goldwater-Nichols Department of Defense Reorganization Act of 1986 (Public Law 99–433), which terminated all recurring reporting requirements applicable to the Department of Defense except for those requirements that were specifically exempted in that section. The source law sections are sections 8009(c) and 8005(j) (provisos) of the FY86 defense appropriations Act (Public Law 99–190), enacted December 19, 1985, which would be codified as section 2201 of title 10 (by section 1(i)(d) of the bill) and section 7313(a) of title 10 (by section 1(m)(n) of the bill). In codifying the authorities provided the Department of Defense by these two provisions of law, the committee believes that it is appropriate to reinstate the congressional notification requirements that go with those authorities. These sections were recurring annual appropriation provisions for many years and were made permanent only months before the enactment of the 1986 Reorganization Act. It is the committee’s belief that the failure to exempt these provisions from the general reports termination provision was inadvertent and notes that the notification provisions did in fact previously apply to the Department of Defense for many years. The action of the committee restores the status quo as it existed before the Reorganization Act.

Stat. 1683).

(A) a Department of Defense sealift vessel;

and

(B) a national defense reserve fleet vessel,
including a vessel in the Ready Reserve
Force maintained under section 11 of the
Merchant Ship Sales Act of 1946 (50 U.S.C.

1896, provided that section 1024 of the National Defense
102–396], as it passed the Senate on Oct. 3, 1992, shall be
amended in subsection 2218(c)(2) proposed for inclusion in
this chapter by deleting all after “ expended only”
down to and including “appropriations Act” and insert-
ing in lieu thereof “in amounts authorized by law”. It
further provided that for purposes of that amendment,
Pub. L. 102–396 shall be treated as having been enacted
after Pub. L. 102–484, regardless of the actual dates of
enactment. The date of Oct. 3, 1992, referred to in that
date the Senate passed the National Defense Authoriza-
tion Act for Fiscal Year 1993, apparently is based on an
order adopted by the Senate on Oct. 3, 1992 [Cong. Rec.,
vol. 138, p. 30919] providing that when the conference re-
port on the National Defense Authorization Act for Fis-
cal Year 1993 was received by the Senate from the House of Representatives it would be deemed to have
been agreed to. On Oct. 5, 1992, the Senate received the
conference report from the House, and it was consid-
ered adopted pursuant to that order [Cong. Rec., vol.
138, p. 31565].

as follows: “The term ‘congressional defense commit-
tees’ means—

REFERENCES IN TEXT

Section 1424 of Public Law 101–510, referred to in sub-
secs. (d)(3), (f)(2), and (k)(2)(A), is section 1424 of the Na-
tional Defense Authorization Act for Fiscal Year 1991,
which is set out as a note under section 7291 of this title.

COMDITION

102–396], as it passed the Senate on Oct. 3, 1992, shall be
amended in subsection 2218(c)(2) proposed for inclusion in
this chapter by deleting all after “ expended only”

further provided that for purposes of that amendment,
Pub. L. 102–396 shall be treated as having been enacted

enactment. The date of Oct. 3, 1992, referred to in that
date the Senate passed the National Defense Authoriza-
tion Act for Fiscal Year 1993, apparently is based on an
order adopted by the Senate on Oct. 3, 1992 [Cong. Rec.,
vol. 138, p. 30919] providing that when the conference re-
port on the National Defense Authorization Act for Fis-
cal Year 1993 was received by the Senate from the House of Representatives it would be deemed to have
been agreed to. On Oct. 5, 1992, the Senate received the
conference report from the House, and it was consid-
ered adopted pursuant to that order [Cong. Rec., vol.
138, p. 31565].

Subsec. (k)(1). Pub. L. 106–388, §1(div A), title X, §1011(1), inserted at end “As consideration for a contract with the head of an agency under this subsection, the company entering into the contract shall agree with the Secretary of Defense to make any vessel covered by the contract available to the Secretary, fully crewed and ready for sea, at any time at any port determined by the Secretary, and for whatever duration the Secretary determines necessary.”

Subsec. (k)(2). Pub. L. 106–65, §1014(b), substituted “that is any of the following:” for “that is—” in introductory provisions, substituted “A” for “a” and a period for the semicolon in subpar. (A) and (B), “An” for “an” and a period for “;” or “;” in subpar. (D), and “A” for “a” in subpar. (E), and added subpars. (F) to (I).

1996—Subsec. (k). Pub. L. 104–106, §1014(a)(1)(A), substituted “only for the following purposes:” for “only for—”.

Subsec. (c)(1)(B). Pub. L. 104–106, §1014(a)(1)(B), (C), substituted “Operation” for “operation” and “purposes.” for “purposes.”.

Subsec. (c)(1)(C). Pub. L. 104–106, §1014(a)(1)(B), (D), substituted “Installation” for “installation” and “States.” for “States; and”.

Subsec. (j). Pub. L. 104–106, §1014(a)(15)(A), substituted “the congressional defense committees” for “the Committee on Armed Services and on Appropriations of the Senate and the House of Representatives”.

1995—Subsec. (c)(2). Pub. L. 102–386 substituted “in amounts authorized by law” for “for programs, projects, and activities and only in amounts authorized in, or otherwise permitted under, an Act other than any appropriations Act”. See Codification note above.

AMENDMENTS

Subsec. (b). Pub. L. 107–314, §1011(a)(8)(A), (C), redesignated subsec. (a)(2) as (b) and struck out heading and text of former subsec. (b). Text read as follows: “The Secretary of Defense shall include in the annual report submitted to Congress pursuant to section 113(c) of this title an assessment of whether major acquisition programs of the Department of Defense are achieving, on average, 90 percent of cost, performance, and schedule goals established pursuant to subsection (a) and whether the average period for converting emerging technology into operational capability has decreased by 50 percent or more from the average period required for such conversion as of October 13, 1994. The Secretary shall use data from existing management systems in making the assessment.”

Subsec. (c). Pub. L. 107–314, §1011(a)(8)(A), struck out heading and text of subsec. (c). Text read as follows: “Whenever the Secretary of Defense, in the assessment required by subsection (b), determines that major defense acquisition programs of the Department of Defense are not achieving, on average, 90 percent of cost, performance, and schedule goals established pursuant to subsection (a), the Secretary shall ensure that there is a timely review of major defense acquisition programs and other programs as appropriate. In conducting the review, the Secretary shall—

1. determine whether there is a continuing need for programs that are significantly behind schedule, over budget, or not in compliance with performance or capability requirements; and

2. identify suitable actions to be taken, including termination, with respect to such programs.”

1997—Subsec. (b). Pub. L. 105–85 substituted “whether major acquisition programs” for “whether major and nonmajor acquisition programs”.

EFFECTIVE DATE OF 1996 AMENDMENT

For effective date and applicability of amendment by section 4321(b)(1) of Pub. L. 104–106, see section 4401 of Pub. L. 104–106, set out as a note under section 2302 of this title.

(Historical and Revision Notes
Subsection (a) of this section and sections 2255(b) and 2661(a) of this title are based on Pub. L. 98–212, title VII, §735, Dec. 8, 1983, 97 Stat. 1444, as amended by Pub. L. 100–370, title XIV, §§1403(a)(2), 1404, Oct. 19, 1984, 98 Stat. 2621.

In two instances, the source section for provisions to be codified provides that defense appropriations may be used for "welfare and recreation" or "welfare and recreational" purposes. (Section 735 of Public Law 98–212 and section 8006(b) of Public Law 99–190, to be codified as 10 U.S.C. 2261(a)(1) and 2269(a)(2), respectively). The committee added the term "morale" in both of these two instances to conform to the usual "MWR" usage for morale, welfare, and recreation activities.

Subsection (b) of this section and sections 2242(1), (4) and 2253(a)(1) of this title are based on Pub. L. 98–212, title VII, §705, Dec. 8, 1983, 97 Stat. 1437.

Section 705 of Public Law 98–212, as codified as 10 U.S.C. 2261(b), provides that defense appropriations may be used in connection with certain services and supplies "as may be necessary to carry out the purposes of this Act". The reference to "this Act" means Public Law 98–212, the FY84 Defense Appropriations Act. Language similar to section 705 had been enacted as part of the annual defense appropriation Act for many years. In the FY84 Act, section 705 was enacted as a permanent provision. The quoted phrase above was not, however, revised from the traditional annual wording as the provision had appeared in annual appropriations Acts in order to give it effect beyond the fiscal year concerned. Since the general purpose of a defense appropriations Act is to provide funds for national defense purposes, the committee, in codifying this provision, revised the quoted phrase so as to read "that may be necessary for the national defense". No change in meaning is intended.

"(a) FINDINGS.—Congress makes the following findings:

"(1) The Global Positioning System (consisting of a constellation of satellites and associated facilities capable of providing users on earth with a highly precise statement of their location on earth) makes significant contributions to the attainment of the national security and foreign policy goals of the United States, the safety and efficiency of international transportation, and the economic growth, trade, and productivity of the United States.

"(2) The infrastructure for the Global Positioning System (including both space and ground segments of the infrastructure) is vital to the effectiveness of United States and allied military forces and to the protection of the national security interests of the United States.

"(3) In addition to having military uses, the Global Positioning System has essential civil, commercial, and scientific uses.

"(4) As a result of the increasing demand of civil, commercial, and scientific users of the Global Positioning System—

"(A) there has emerged in the United States a new commercial, military, and scientific use for Global Positioning System equipment and related services to the many and varied users of the system; and

"(B) there have been rapid technical advancements in Global Positioning System equipment and services that have contributed significantly to reductions in the cost of the Global Positioning System and increases in the technical capabilities and availability of the system for military uses.

"(5) It is in the national interest of the United States for the United States—

"(A) to support continuation of the multiple-use character of the Global Positioning System;

"(B) to promote broader acceptance and use of the Global Positioning System and the technological standards that facilitate expanded use of the system for civil purposes;

"(C) to coordinate with other countries to ensure (i) efficient management of the electromagnetic spectrum used by the Global Positioning System, and (ii) protection of that spectrum in order to prevent disruption of signals from the system and interference with that portion of the electromagnetic spectrum used by the system; and

"(D) to encourage open access in all international markets to the Global Positioning System and supporting equipment, services, and techniques.

"(b) INTERNATIONAL COOPERATION.—Congress urges the President to promote the security of the United States and its allies, the public safety, and commercial interests by taking the following steps:

"(1) Undertaking a coordinated effort within the executive branch to seek to establish the Global Positioning System, and augmentations to the system, as a worldwide resource.

"(2) Seeking to enter into international agreements to establish signal and service standards that protect the Global Positioning System from disruption and interference.

"(3) Undertaking efforts to eliminate any barriers to, and other restrictions of foreign governments on, peaceful uses of the Global Positioning System.

"(4) Requiring that any proposed international agreement involving nonmilitary use of the Global Positioning System or any augmentation to the system not be agreed to by the United States unless the proposed agreement has been reviewed by the Secretary of State, the Secretary of Defense, the Secretary of Transportation, and the Secretary of Commerce (acting as the Interagency Global Positioning System Executive Board established by Presidential Decision Directive NSTC-5, dated March 23, 1996)."

ACCESS TO GLOBAL POSITIONING SYSTEM

"(a) CONDITIONAL PROHIBITION ON USE OF SELECTIVE AVAILABILITY FEATURE.—Except as provided in subsection (b), after May 1, 1996, the Secretary of Defense may not (through use of the feature known as 'selective availability') deny access of non-Department of Defense users to the full capabilities of the Global Positioning System.

"(a) Establishment of Pilot Program.—The Secretary of Defense shall establish a pilot program to be known as the ‘Mentor-Protege Program’."

"(b) Purpose.—The purpose of the program is to provide incentives for major Department of Defense contractors to furnish disadvantaged small business concerns with assistance designed to enhance the capabilities of disadvantaged small business concerns to perform as subcontractors and suppliers under Department of Defense contracts and other contracts and subcontracts in order to increase the participation of such business concerns as subcontractors and suppliers under Department of Defense contracts, other Federal Government contracts, and commercial contracts.

"(c) Program Participants.—(1) A business concern meeting the eligibility requirements set out in subsection (d) may enter into agreements under subsection (e) and furnish assistance to disadvantaged small business concerns upon making application to the Secretary of Defense and being approved for participation in the pilot program by the Secretary. A business concern participating in the pilot program pursuant to such an approval shall be known, for the purposes of the program, as a ‘mentor firm’.

"(2) A disadvantaged small business concern eligible for the award of Federal contracts may obtain assistance from a mentor firm upon entering into an agreement with the mentor firm as provided in subsection (e). A disadvantaged small business concern may not be a party to more than one agreement to receive such assistance at any time. A disadvantaged small business concern receiving such assistance shall be known, for the purposes of the program, as a ‘protege firm’.

"(3) In entering into an agreement pursuant to subsection (e), a mentor firm may rely in good faith on a written representation of a business concern that such business concern is a disadvantaged small business concern. The Small Business Administration shall determine the status of such business concern as a disadvantaged small business concern in the event of a protest regarding the status of such business concern. If at any time the business concern is determined by the Small Business Administration not to be or a disadvantaged small business concern, assistance furnished such business concern by the mentor firm after the date of such determination may not be considered assistance furnished under the program.

"(d) Mentor Firm Eligibility.—Subject to subsection (e), a mentor firm eligible for award of Federal contracts may enter into an agreement with one or more protege firms under subsection (e) and provide assistance under the program pursuant to that agreement if:

"(1) during the fiscal year preceding the fiscal year in which the mentor firm enters into the agreement, the total amount of the Department of Defense contracts awarded such mentor firm and the subcontracts awarded such mentor firm under Department of Defense contracts was equal to or greater than $100,000,000; or

"(2) the mentor firm demonstrates the capability to assist in the development of protege firms, and is approved by the Secretary of Defense pursuant to criteria specified in the regulations prescribed pursuant to subsection (k).

"(e) Mentor-Protege Agreement.—Before providing assistance to a protege firm under the program, a mentor firm shall enter into a mentor-protege agreement with the protege firm regarding the assistance to be provided by the mentor firm. The agreement shall include the following:

"(1) a developmental program for the protege firm, in such detail as may be reasonable, including (A) factors to assess the protege firm’s developmental
progress under the program, and (B) the anticipated number and type of subcontracts to be awarded the protege firm.

(2) A program participation term for any period of not more than three years, except that the term may be a period of up to five years if the Secretary of Defense determines in writing that unusual circumstances justify a program participation term in excess of three years.

(3) Procedures for the protege firm to terminate the agreement voluntarily and for the mentor firm to terminate the agreement for cause.

(4) FORMS OF ASSISTANCE.—A mentor firm may provide a protege firm the following:

(A) Assistance, by using mentor firm personnel, in—

(B) A mentor firm shall receive credit toward the attainment of a subcontracting participation goal applicable to such mentor firm for each subcontract for a product or service awarded under such contract by a mentor firm to a business concern that, except for its size, would be a small business concern owned and controlled by socially and economically disadvantaged individuals, but only if—

(i) the size of such business concern is not more than two times the maximum size specified by the Administrator of the Small Business Administration for purposes of determining whether a business concern furnishing such product or service is a small business concern; and

(2) Notwithstanding section 8 of the Small Business Act (15 U.S.C. 637), the Small Business Administration may not determine a disadvantaged small business concern to be ineligible to receive any assistance authorized under the Small Business Act on the basis that such business concern has participated in the Mentor-Protege Program or has received assistance pursuant to any developmental assistance agreement authorized under such program.

(3) The Small Business Administration may not require a firm that is entering into, or has entered into, an agreement under subsection (e) as a protege firm to submit the agreement, or any other document required by the Secretary of Defense in the administration of the Mentor-Protege Program, to the Small Business Administration for review, approval, or any other purpose.

(4) PARTICIPATION IN MENTOR-PROTEGE PROGRAM NOT TO BE A CONDITION FOR AWARD OF A CONTRACT OR SUBCONTRACT.—A mentor firm may not require a business concern to enter into an agreement with the mentor firm pursuant to subsection (e) as a condition for being awarded a contract by the mentor firm, including a subcontract under a contract awarded to the mentor firm.
“(j) EXPPIATION OF AUTHORITY.—(1) No mentor-protege agreement may be entered into under subsection (e) after September 30, 2010.

(2) No reimbursement may be paid, and no credit toward the attainment of a subcontracting goal may be granted, under subsection (g) for any cost incurred after September 30, 2013.

(3) The Secretary of Defense shall prescribe regulations to carry out the pilot Mentor-Protege Program. Such regulations shall include the requirements set forth in section 8(d) of the Small Business Act (15 U.S.C. 637(d)) and shall prescribe procedures by which mentor firms may terminate participation in the program. The requirement for submission of an annual report applies with respect to each fiscal year covered by the program participation term under the agreement and each of the two fiscal years following the expiration of the program participation term. The Secretary shall prescribe the timing and form of the annual report.

“(2)(A) The Secretary shall conduct an annual performance review of each mentor-protege agreement that provides for reimbursement of costs. The Secretary shall determine on the basis of the review whether—

“(i) all costs reimbursed to the mentor firm under the agreement were reasonably incurred to furnish assistance to the protege firm in accordance with the requirements of this section and applicable regulations; and

“(ii) the mentor firm and protege firm accurately reported progress made by the protege firm in employment, revenues, and participation in Department of Defense contracts during the program participation term covered by the mentor-protege agreement and the two fiscal years following the expiration of the program participation term.

“(B) The Secretary shall act through the Commander of the Defense Contract Management Command in carrying out the reviews and making the determinations under subparagraph (A).

“(3) Not later than 6 months after the end of each of fiscal years 2000 through 2010, the Secretary of Defense shall submit to Congress an annual report on the Mentor-Protege Program for that fiscal year.

Feb. 19, 1948, ch. 65, §§2(a), 9 (clause (b)), 62 Stat. 21, 24.

In subsection (a), the words “all property named in subsection (b), and all services” are substituted for the words “for supplies or services”. The words “(each being hereinafter called the agency)”, are omitted, since the revised sections of this chapter make specific reference to the agencies named in this revised section. The words “United States” before the words “Coast Guard”, are omitted, since they are not a part of the official name of the Coast Guard under section 1 of title 14.

In subsection (b), the introductory clause is substituted for the word “supplies”. Throughout the revised chapter reference is made to “property or services covered by this chapter”, instead of “supplies”, since the word “supplies” is defined in section 101(26) of this title in its usual and narrower sense, rather than the sense of the source statute for this revised chapter. It is desirable to avoid a usage which conflicts with the definition in section 101(26) of this title. The word “ships” and the words “of every character, type, and description”, after the word “vessels”, are omitted as covered by the definition of “vessel” in section 1 of title 1.

Pub. L. 90–500, title IV, §404, Sept. 20, 1968, 82 Stat. 851, which provided that no funds for the armed forces were to be used to buy or lease buses other than those manufactured in the United States, except as regulations from the Secretary of Defense might authorize solely to avoid uneconomical procurement or one contrary to the national interest, was repealed and restated as section 2400 of this title by Pub. § 2304. Contracts: competition requirements

(a)(1) Except as provided in subsections (b), (c), and (g) and except in the case of procurement of property or services—

(A) shall obtain full and open competition through the use of competitive procedures in accordance with the requirements of this chapter and the Federal Acquisition Regulation; and

(B) shall use the competitive procedure or combination of competitive procedures that is
best suited under the circumstances of the procurement.

(2) In determining the competitive procedure appropriate under the circumstances, the head of an agency—

(A) shall solicit sealed bids if—

(i) time permits the solicitation, submission, and evaluation of sealed bids;

(ii) the award will be made on the basis of price and other price-related factors;

(iii) it is not necessary to conduct discussions with the responding sources about their bids; and

(iv) there is a reasonable expectation of receiving more than one sealed bid; and

(B) shall request competitive proposals if sealed bids are not appropriate under clause (A).

(b)(1) The head of an agency may provide for the procurement of property or services covered by this chapter using competitive procedures but excluding a particular source in order to establish or maintain an alternative source or sources of supply for that property or service if the head of the agency determines that to do so—

(A) would increase or maintain competition and would likely result in reduced overall costs for such procurement, or for any anticipated procurement, of property or services;

(B) would be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the property or service in case of a national emergency or industrial mobilization;

(C) would be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(D) would ensure the continuous availability of a reliable source of supply of such property or service;

(E) would satisfy projected needs for such property or service determined on the basis of a history of high demand for the property or service; or

(F) in the case of medical supplies, safety supplies, or emergency supplies, would satisfy a critical need for such supplies.

(2) The head of an agency may provide for the procurement of property or services covered by this section using competitive procedures, but excluding concerns other than small business concerns in furtherance of sections 9 and 15 of this title, for a brand-name commercial item for which the source determined on the basis of competition, and evaluation of sealed bids; or

(f)(1) For the purposes of applying subsection (c)(1)—

(A) in the case of a contract for property or services to be awarded on the basis of acceptance of an unsolicited research proposal, the property or services shall be considered to be available from only one source if the source has submitted an unsolicited research proposal that demonstrates a concept—

(i) that is unique and innovative or, in the case of a service, for which the source dem-

by an agency pursuant to the authority provided in subsection (c)(7) may not be delegated. (B) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment, or the continued provision of highly specialized services, such property or services may be deemed to be available only from the original source and may be procured through procedures other than competitive procedures when it is likely that award to a source other than the original source would result in—

(i) substantial duplication of cost to the United States which is not expected to be recovered through competition; or

(ii) unacceptable delays in fulfilling the agency's needs.

(2) The authority of the head of an agency under subsection (c)(7) may not be delegated.

(3)(A) The contract period of a contract described in subparagraph (B) that is entered into by an agency pursuant to the authority provided under subsection (c)(2)—

(i) may not exceed the time necessary—

(I) to meet the unusual and compelling requirements of the work to be performed under the contract; and

(II) for the agency to enter into another contract for the required goods or services through the use of competitive procedures; and

(ii) may not exceed one year unless the head of the agency entering into such contract determines that exceptional circumstances apply.

(B) This paragraph applies to any contract in an amount greater than the simplified acquisition threshold.

(e) The head of an agency using procedures other than competitive procedures to procure property or services by reason of the application of subsection (c)(2) or (c)(6) shall request offers from as many potential sources as is practicable under the circumstances.

(f)(1) Except as provided in paragraph (2), the head of an agency may not award a contract using procedures other than competitive procedures unless—

(A) the contracting officer for the contract justifies the use of such procedures in writing and certifies the accuracy and completeness of the justification;

(B) the justification is approved—

(i) in the case of a contract for an amount exceeding $500,000 (but equal to or less than $10,000,000), by the competition advocate for the procuring activity (without further delegation) or by an official referred to in clause (ii) or (iii); or

(ii) in the case of a contract for an amount exceeding $10,000,000 (but equal to or less than $75,000,000), by the head of the procuring activity (or the head of the procuring activity's delegate designated pursuant to paragraph (6)(A)); or

(iii) in the case of a contract for an amount exceeding $75,000,000, by the senior procurement executive of the agency designated pursuant to section 1702(c) of title 41 (without further delegation) or in the case of the Under Secretary of Defense for Acquisition, Technology, and Logistics, acting in his capacity as the senior procurement executive for the Department of Defense, the Under Secretary's delegate designated pursuant to paragraph (6)(B); and

(C) any required notice has been published with respect to such contract pursuant to section 1708 of title 41 and all bids or proposals received in response to that notice have been considered by the head of the agency.

(2) In the case of a procurement permitted by subsection (c)(2), the justification and approval required by paragraph (1) may be made after the contract is awarded. The justification and approval required by paragraph (1) is not required—

(A) when a statute expressly requires that the procurement be made from a specified source;

(B) when the agency's need is for a brand-name commercial item for authorized resale;

(C) in the case of a procurement permitted by subsection (c)(7);

(D) in the case of a procurement conducted under (i) chapter 85 of title 41, or (ii) section 8(a) of the Small Business Act (15 U.S.C. 637(a)); or

(E) in the case of a procurement permitted by subsection (c)(4), but only if the head of the contracting activity prepares a document in connection with such procurement that describes the terms of an agreement or treaty, or the written directions, referred to in that subsection that have the effect of requiring the use of procedures other than competitive procedures.

(3) The justification required by paragraph (1)(A) shall include—

(A) a description of the agency's needs;

(B) an identification of the statutory exception from the requirement to use competitive procedures and a demonstration, based on the proposed contractor's qualifications or the nature of the procurement, of the reasons for using that exception;

(C) a determination that the anticipated cost will be fair and reasonable;

(D) a description of the market survey conducted or a statement of the reasons a market survey was not conducted;

(E) a listing of the sources, if any, that expressed in writing an interest in the procurement; and

(F) a statement of the actions, if any, the agency may take to remove or overcome any barrier to competition before a subsequent procurement for such needs.

(4) In no case may the head of an agency—

(A) enter into a contract for property or services using procedures other than competitive procedures on the basis of the lack of advance planning or concerns related to the amount of funds available to the agency for procurement functions; or
(B) procure property or services from another agency unless such other agency complies fully with the requirements of this chapter in its procurement of such property or services.

The restriction contained in clause (B) is in addition to, and not in lieu of, any other restriction provided by law.

(i)(A) The authority of the head of a procuring activity under paragraph (1)(B)(ii) may be delegated only to an officer or employee who—

(1) if a member of the armed forces, is a general or flag officer; or

(2) if a civilian, is serving in a position with a grade under the General Schedule (or any other schedule for civilian officers or employees) that is comparable to or higher than the grade of brigadier general or rear admiral (lower half).

(B) The authority of the Under Secretary of Defense for Acquisition, Technology, and Logistics under paragraph (1)(B)(iii) may be delegated only to—

(1) an Assistant Secretary of Defense; or

(2) with respect to the element of the Department of Defense (as specified in section 111(b) of this title), other than a military department, carrying out the procurement action concerned, an officer or employee serving in or assigned or detailed to that element who—

(I) if a member of the armed forces, is serving in a grade above brigadier general or rear admiral (lower half); or

(II) if a civilian, is serving in a position with a grade under the General Schedule (or any other schedule for civilian officers or employees) that is comparable to or higher than the grade of major general or rear admiral.

(g)(1) In order to promote efficiency and economy in contracting and to avoid unnecessary burdens for agencies and contractors, the Federal Acquisition Regulation shall provide for—

(A) special simplified procedures for purchases of property and services for amounts not greater than the simplified acquisition threshold; and

(B) special simplified procedures for purchases of property and services for amounts greater than the simplified acquisition threshold but not greater than $5,000,000 with respect to which the contracting officer reasonably expects, based on the nature of the property or services sought and on market research, that offers will include only commercial items.

(2) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the simplified procedures required by paragraph (1).

(3) In using simplified procedures, the head of an agency shall promote competition to the maximum extent practicable.

(4) The head of an agency shall comply with the Federal Acquisition Regulation provisions referred to in section 1901(e) of title 41.

(h) For the purposes of the following, purchases or contracts awarded after using procedures other than sealed-bid procedures shall be treated as if they were made with sealed-bid procedures:

(2) Sections 3141–3144, 3146, and 3147 of title 40.

(i)(1) The Secretary of Defense shall prescribe by regulation the manner in which the Department of Defense negotiates prices for supplies to be obtained through the use of procedures other than competitive procedures, as defined in section 2302(2) of this title.

(2) The regulations required by paragraph (1) shall—

(A) specify the incurred overhead a contractor may appropriately allocate to supplies referred to in that paragraph; and

(B) require the contractor to identify those supplies which it did not manufacture or to which it did not contribute significant value.

(3) Such regulations shall not apply to an item of supply included in a contract or subcontract for which the price is based on established catalog or market prices of commercial items sold in substantial quantities to the general public.

(j) The Federal Acquisition Regulation shall ensure that the requirement to obtain full and open competition is implemented in a manner that is consistent with the need to efficiently fulfill the Government’s requirements.

(k)(1) It is the policy of Congress that an agency named in section 2303(a) of this title should not be required by legislation to award a new contract to a specific non-Federal Government entity. It is further the policy of Congress that any program, project, or technology identified in legislation be procured through merit-based selection procedures.

(2) A provision of law may not be construed as requiring a new contract to be awarded to a specified non-Federal Government entity unless that provision of law—

(A) specifically refers to this subsection;

(B) specifically identifies the particular non-Federal Government entity involved; and

(C) specifically states that the award to that entity is required by such provision of law in contravention of the policy set forth in paragraph (1).

(3) For purposes of this subsection, a contract is a new contract unless the work provided for in the contract is a continuation of the work performed by the specified entity under a preceding contract.

(4) This subsection shall not apply with respect to any contract that calls upon the National Academy of Sciences to investigate, examine, or experiment upon any subject of science or art of significance to an agency named in section 2303(a) of this title and to report on such matters to the Congress or any agency of the Federal Government.

(l)(1)(A) Except as provided in subparagraph (B), in the case of a procurement permitted by subsection (c), the head of an agency shall make publicly available, within 14 days after the award of the contract, the documents containing the justification and approval required by subsection (f)(1) with respect to the procurement.
(B) In the case of a procurement permitted by subsection (c)(2), subparagraph (A) shall be applied by substituting “30 days” for “14 days”.

(2) The documents shall be made available on the website of the agency and through a government-wide website selected by the Administrator for Federal Procurement Policy.

(3) This subsection does not require the public availability of information that is exempt from public disclosure under section 552(b) of title 5.

In subsection (e), the words “beginning six months after the effective date of this chapter” are omitted as executed. The words “on May 19 and November 19 of each year” are substituted for the words “and at the end of each six-month period thereafter”, since the effective date of the source statute was May 19, 1948, and the first report was made on November 19, 1948. The words “property and services covered by each contract” are substituted for the words “work required to be performed thereunder”.

title, and other applicable law, the head of an agency may enter into a task or delivery order contract (as defined in section 2304d of this title) for procurement of services or property.

(b) Solicitation.—The solicitation for a task or delivery order contract shall include the following:

(1) The period of the contract, including the number of options to extend the contract and the period for which the contract may be extended under each option, if any.

(2) The maximum quantity or dollar value of the services or property to be procured under the contract.

(3) A statement of work, specifications, or other description that reasonably describes the general scope, nature, complexity, and purposes of the services or property to be procured under the contract.

(c) Applicability of restriction on use of noncompetitive procedures.—The head of an agency may use procedures other than competitive procedures to enter into a task or delivery order contract under this section only if an exception in subsection (c) of section 2304 of this title applies to the contract and the use of such procedures is approved in accordance with subsection (f) of such section.

(d) Single and multiple contract awards.—

(1) The head of an agency may exercise the authority provided in this section—

(A) to award a single task or delivery order contract; or

(B) if the solicitation states that the head of the agency has the option to do so, to award separate task or delivery order contracts for the same or similar services or property to two or more sources.

(2) No determination under section 2304(b) of this title is required for award of multiple task or delivery order contracts under paragraph (1)(B).

(3)(A) No task or delivery order contract in an amount estimated to exceed $100,000,000 (including all options) may be awarded to a single source unless the head of the agency determines in writing that—

(e) Contract modifications.—A task or delivery order may not increase the scope, period, or maximum value of the task or delivery order contract under which it is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(2) If, in the case of a task order contract for advisory and assistance services to be entered into under this section, the contract period is to exceed three years and the contract amount is estimated to exceed $10,000,000 (including all options), the solicitation shall—

(A) provide for a multiple award authorized under paragraph (1); and

(B) include a statement that the head of the agency may also elect to award only one task order contract if the head of the agency determines in writing that only one of the offerers is capable of providing the services required at the level of quality required.

(3) Paragraph (2) does not apply in the case of a solicitation for which the head of the agency concerned determines in writing that, because the services required under the task order contract are unique or highly specialized, it is not practicable to award more than one contract.

(f) **Contract Modifications.**—(1) A task order contract may not increase the scope, period, or maximum value of the task order contract under which the order is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(2) Unless use of procedures other than competitive procedures is authorized by an exception in subsection (c) of section 2304 of this title and approved in accordance with subsection (f) of such section, competitive procedures shall be used for making such a modification.

(3) **Notice Regarding the Modification.**—The modification shall be provided in accordance with section 1708 of title 41 and section 8(e) of the Small Business Act (15 U.S.C. 637(e)).

(g) **Contract Extensions.**—(1) Notwithstanding the limitation on the contract period set forth in subsection (b) or in a solicitation or contract pursuant to subsection (e), a task order contract entered into by the head of an agency under this section may be extended on a sole-source basis for a period not exceeding six months if the head of such agency determines that—

(A) the award of a follow-on contract has been delayed by circumstances that were not reasonably foreseeable at the time the initial contract was entered into; and

(B) the extension is necessary in order to ensure continuity of the receipt of services pend-
ing the award of, and commencement of performance under, the follow-on contract.

(2) A task order contract may be extended under the authority of paragraph (1) only once and only in accordance with the limitations and requirements of this subsection.

(h) **INAPPLICABILITY TO CERTAIN CONTRACTS.**—This section does not apply to a contract for the acquisition of property or services that includes acquisition of advisory and assistance services if the head of an agency entering into such contract determines that, under the contract, advisory and assistance services are necessarily incidental to, and not a significant component of, the contract.

(1) **ADVISORY AND ASSISTANCE SERVICES DEFINED.**—In this section, the term “advisory and assistance services” has the meaning given such term in section 1105(g) of title 31.

“(A) that the contract provides engineering or technical services of such a unique and substantial technical nature that award of a new contract would be harmful to the continuity of the program for which the services are performed;

“(B) that award of a new contract would create a large disruption in services provided to the Department of Defense; and

“(C) that the Department of Defense would, through award of a new contract, endure program risk during critical program stages due to loss of program corporate knowledge of ongoing program activities.

“(2) **DELEGATION.**—The authority of the head of an agency under paragraph (1) may be delegated only to the Chief Acquisition Officer of the agency (or the senior procurement executive in the case of an agency for which a Chief Acquisition Officer has not been appointed or designated under section 16(a) of the Office of Federal Procurement Policy Act (former 41 U.S.C. 414(a)) (now 41 U.S.C. 4102(a), (b)(1), (2))).

§ 2304c. Task and delivery order contracts: orders

(a) Issuance of Orders.—The following actions are not required for issuance of a task or delivery order under a task or delivery order contract:

(1) A separate notice for such order under section 1708 of title 41 or section 8(e) of the Small Business Act (15 U.S.C. 637(e)).

(2) Except as provided in subsection (b), a competition (or a waiver of competition approved in accordance with section 2304(f) of this title) that is separate from that used for entering into the contract.

(b) Multiple Award Contracts.—When multiple task or delivery order contracts are awarded under section 2304a(d)(1)(B) or 2304b(e) of this title, all contractors awarded such contracts shall be provided a fair opportunity to be considered pursuant to procedures set forth in the contracts, for each task or delivery order in excess of $5,000 that is to be issued under any of the contracts unless—

(1) the agency’s need for the services or property ordered is of such unusual urgency that providing such opportunity to all such contractors would result in unacceptable delays in fulfilling that need;

(2) only one such contractor is capable of providing the services or property required at the level of quality required because the services or property ordered are unique or highly specialized;

(3) the task or delivery order should be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to a task or delivery order already issued on a competitive basis; or

(4) it is necessary to place the order with a particular contractor in order to satisfy a minimum guarantee.

(c) Statement of Work.—A task or delivery order shall include a statement of work that clearly specifies all tasks to be performed or property to be delivered under the order.

(d) Enhanced Competition for Orders in Excess of $5,000,000.—In the case of a task or delivery order in excess of $5,000,000, the requirement to provide all contractors a fair opportunity to be considered under subsection (b) is not met unless all such contractors are provided, at a minimum—

(1) a notice of the task or delivery order that includes a clear statement of the agency’s requirements;

(2) a reasonable period of time to provide a proposal in response to the notice;

(3) disclosure of the significant factors and subfactors, including cost or price, that the agency expects to consider in evaluating such proposals, and their relative importance;

(4) in the case of an award that is to be made on a best value basis, a written statement documenting the basis for the award and the relative importance of quality and price or cost factors; and

(5) an opportunity for a post-award debriefing consistent with the requirements of section 2305(b)(5) of this title.

(e) Protests.—(1) A protest is not authorized in connection with the issuance or proposed issuance of a task or delivery order except for—

(A) a protest on the ground that the order increases the scope, period, or maximum value of the contract under which the order is issued; or

(B) a protest of an order valued in excess of $10,000,000.

(2) Notwithstanding section 3556 of title 31, the Comptroller General of the United States shall have exclusive jurisdiction of a protest authorized under paragraph (1)(B).

(3) Paragraph (1)(B) and paragraph (2) of this subsection shall not be in effect after September 30, 2016.

(f) Task and Delivery Order Ombudsman.—Each head of an agency who awards multiple task or delivery order contracts pursuant to section 2304a(d)(1)(B) or 2304b(e) of this title shall appoint or designate a task and delivery order ombudsman who shall be responsible for reviewing complaints from the contractors on such contracts and ensuring that all of the contractors are afforded a fair opportunity to be considered for task or delivery orders when required under subsection (b). The task and delivery order ombudsman shall be a senior agency official who is independent of the contracting officer for the contracts and may be the agency’s competition advocate.
§ 2305. Contracts: planning, solicitation, evaluation, and award procedures

(a)(1)(A) In preparing for the procurement of property or services, the head of an agency shall—

(i) specify the agency’s needs and solicit bids or proposals in a manner designed to achieve full and open competition for the procurement;

(ii) use advance procurement planning and market research; and

(iii) develop specifications in such manner as is necessary to obtain full and open competi-
tion with due regard to the nature of the property or services to be acquired.

(B) Each solicitation under this chapter shall include specifications which—

(i) consistent with the provisions of this chapter, permit full and open competition; and

(ii) include restrictive provisions or conditions only to the extent necessary to satisfy the needs of the agency or as authorized by law.

(C) For the purposes of subparagraphs (A) and (B), the type of specification included in a solicitation shall depend on the nature of the needs of the agency and the market available to satisfy such needs. Subject to such needs, specifications may be stated in terms of—

(i) function, so that a variety of products or services may qualify;

(ii) performance, including specifications of the range of acceptable characteristics or of the minimum acceptable standards; or

(iii) design requirements.

(2) In addition to the specifications described in paragraph (1), a solicitation for sealed bids or competitive proposals (other than for a procurement for commercial items using special simplified procedures or a purchase for an amount not greater than the simplified acquisition threshold) shall at a minimum include—

(A) a statement of—

(i) all significant factors and significant subfactors which the head of the agency reasonably expects to consider in evaluating sealed bids (including price) or competitive proposals (including cost or price, cost-related or price-related factors and subfactors, and noncost-related or nonprice-related factors and subfactors); and

(ii) the relative importance assigned to each of those factors and subfactors; and

(B)(i) in the case of sealed bids—

(I) a statement that sealed bids will be evaluated without discussions with the bidders; and

(II) the time and place for the opening of the sealed bids; or

(ii) in the case of competitive proposals—

(I) either a statement that the proposals are intended to be evaluated, and award made, without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) unless discussions are determined to be necessary; and

(II) the time and place for submission of proposals.

3(A) In prescribing the evaluation factors to be included in each solicitation for competitive proposals, the head of an agency—

(i) shall clearly establish the relative importance assigned to the evaluation factors and subfactors, including the quality of the product or services to be provided (including technical capability, management capability, prior experience, and past performance of the offeror); (ii) shall include cost or price to the Federal Government as an evaluation factor that must be considered in the evaluation of proposals; and

(iii) shall disclose to offerors whether all evaluation factors other than cost or price, when combined, are—

(I) significantly more important than cost or price;

(II) approximately equal in importance to cost or price; or

(III) significantly less important than cost or price.

(B) The regulations implementing clause (iii) of subparagraph (A) may not define the terms "significantly more important" and "significantly less important" as specific numeric weights that would be applied uniformly to all solicitations or a class of solicitations.

(4) Nothing in this subsection prohibits an agency from—

(A) providing additional information in a solicitation, including numeric weights for all evaluation factors and subfactors on a case-by-case basis; or

(B) stating in a solicitation that award will be made to the offeror that meets the solicitation's mandatory requirements at the lowest cost or price.

(5) The head of an agency, in issuing a solicitation for a contract to be awarded using sealed bid procedures, may not include in such solicitation a clause providing for the evaluation of prices for options to purchase additional property or services under the contract unless the head of the agency has determined that there is a reasonable likelihood that the options will be exercised.

(b)(1) The head of an agency shall evaluate sealed bids and competitive proposals and make an award based solely on the factors specified in the solicitation.

(2) All sealed bids or competitive proposals received in response to a solicitation may be rejected if the head of the agency determines that such action is in the public interest.

(3) Sealed bids shall be opened publicly at the time and place stated in the solicitation. The head of the agency shall evaluate the bids in accordance with paragraph (1) without discussions with the bidders and, except as provided in paragraph (2), shall award a contract with reasonable promptness to the responsible bidder whose bid conforms to the solicitation and is most advantageous to the United States, considering only price and the other price-related factors included in the solicitation. The award of a contract shall be made by transmitting, in writing or by electronic means, notice of the award to each bidder not awarded the contract.

(c) The head of an agency shall evaluate competitive proposals in accordance with paragraph (1) and may award a contract—

(i) after discussions with the offerors, provided that written or oral discussions have been conducted with all responsible offerors
who submit proposals within the competitive range; or

(ii) based on the proposals received, without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) provided that the solicitation included a statement that proposals are intended to be evaluated, and award made, without discussions, unless discussions are determined to be necessary.

(B) If the contracting officer determines that the number of offerors that would otherwise be included in the competitive range under subparagraph (A)(i) exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of proposals in the competitive range, in accordance with the criteria specified in the solicitation, to the greatest number that will permit an efficient competition among the offerors rated most highly in accordance with such criteria.

(C) Except as provided in paragraph (2), the head of the agency shall award a contract with reasonable promptness to the responsible source whose proposal is most advantageous to the United States, considering only cost or price and the other factors included in the solicitation. The head of the agency shall award the contract by transmitting, in writing or by electronic means, notice of the award to such source and, within three days after the date of contract award, shall notify, in writing or by electronic means, all other offerors of the rejection of their proposals. This subparagraph does not apply with respect to the award of a contract for the acquisition of perishable subsistence items.

(5)(A) When a contract is awarded by the head of an agency on the basis of competitive proposals, an unsuccessful offeror, upon written request received by the agency within 3 days after the date on which the unsuccessful offeror receives the notification of the contract award, shall be debriefed and furnished the basis for the selection decision and contract award. The head of the agency shall award the contract with reasonable promptness to the responsible source whose proposal is most advantageous to the United States, considering only cost or price and the other factors included in the solicitation, to the greatest number that will permit an efficient competition among the offerors rated most highly in accordance with such criteria.

(B) The contracting officer is required to conduct a debriefing at that time.

(C) The debriefing conducted under subparagraph (A) shall include—

(i) the agency’s evaluation of the significant elements in the offeror’s offer;

(ii) a summary of the rationale for the offeror’s exclusion; and

(iii) reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the executive agency.

(D) The debriefing conducted under subparagraph (A) may not disclose the number or identity of other offerors and shall not disclose information about the content, ranking, or evaluation of other offerors’ proposals.

(7) The contracting officer shall include a summary of any debriefing conducted under paragraph (5) or (6) in the contract file.

(8) The Federal Acquisition Regulation shall include a provision encouraging the use of alternative dispute resolution techniques to provide informal, expeditious, and inexpensive procedures for an offeror to consider using before filing a protest, prior to the award of a contract.

§ 2305
trust laws, he shall refer the bid or proposal to the Attorney General for appropriate action.

(c) The Secretary of Defense shall ensure that before a contract for the delivery of supplies to the Department of Defense is entered into—

(1) when the appropriate officials of the Department are making an assessment of the most advantageous source for acquisition of the supplies (considering quality, price, delivery, and other factors), there is a review of the availability and cost of each item of supply—

(A) through the supply system of the Department of Defense; and

(B) under standard Government supply contracts, if the item is in a category of supplies defined under regulations of the Secretary of Defense as being potentially available under a standard Government supply contract; and

(2) there is a review of both the procurement history of the item and a description of the item, including, when necessary for an adequate description of the item, a picture, drawing, diagram, or other graphic representation of the item.

(d)(1)(A) The Secretary of Defense shall ensure that, in preparing a solicitation for the award of a development contract for a major system, the head of an agency consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(B) Proposals referred to in the first sentence of subparagraph (A) are the following:

(i) Proposals to incorporate in the design of the major system items which are currently available within the supply system of the Federal agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source.

(ii) With respect to items that are likely to be required in substantial quantities during the system's service life, proposals to incorporate in the design of the major system items which the United States will be able to acquire competitively in the future.

(2)(A) The Secretary of Defense shall ensure that, in preparing a solicitation for the award of a production contract for a major system, the head of an agency consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(B) Proposals referred to in the first sentence of subparagraph (A) are proposals identifying opportunities to ensure that the United States will be able to obtain on a competitive basis items procured in connection with the system that are likely to be repurchased in substantial quantities during the service life of the system. Proposals submitted in response to such requirement may include the following:

(i) Proposals to provide to the United States the right to use technical data to be provided under the contract for competitive procurement of the item, together with the cost to the United States, if any, of acquiring such technical data and the right to use such data.

(ii) Proposals for the qualification or development of multiple sources of supply for the item.

(3) If the head of an agency is making a non-competitive award of a development contract or a production contract for a major system, the factors specified in paragraphs (1) and (2) to be considered in evaluating an offer for a contract may be considered as objectives in negotiating the contract to be awarded. Such objectives may not impair the rights of prospective contractors or subcontractors otherwise provided by law.

(A) Whenever the head of an agency requires that proposals described in paragraph (1)(B) or (2)(B) be submitted by an offeror in its offer, the offeror shall not be required to provide a proposal that enables the United States to acquire competitively in the future an identical item if the item was developed exclusively at private expense unless the head of the agency determines that—

(i) the original supplier of such item will be unable to satisfy program schedule or delivery requirements; or

(ii) proposals by the original supplier of such item to meet the mobilization requirements are insufficient to meet the agency's mobilization needs.

(B) In considering offers in response to a solicitation requiring proposals described in paragraph (1)(B) or (2)(B), the head of an agency shall base any evaluation of items developed exclusively at private expense on an analysis of the total value, in terms of innovative design, life-cycle costs, and other pertinent factors, of incorporating such items in the system.

(e) PROTEST FILE.—(1) If, in the case of a solicitation for a contract issued by, or an award or proposed award of a contract by, the head of an agency, a protest is filed pursuant to the procedures in subchapter V of chapter 35 of title 31 and an actual or prospective offeror so requests, a file of the protest shall be established by the agency, a protest is filed pursuant to the procedures in subchapter V of chapter 35 of title 31 and an actual or prospective offeror so requests, a file of the protest shall be established by the procuring activity and reasonable access shall be provided to actual or prospective offerors.

(2) Information exempt from disclosure under section 552 of title 5 may be redacted in a file established pursuant to paragraph (1) unless an applicable protective order provides otherwise.

(f) AGENCY ACTIONS ON PROTESTS.—If, in connection with a protest, the head of an agency determines that a solicitation, proposed award, or award does not comply with the requirements of law or regulation, the head of the agency—

(1) may take any action set out in subparagraphs (A) through (F) of subsection (b)(1) of section 3554 of title 31; and

(2) may pay costs described in paragraph (1) of section 3554(c) of title 31 within the limits referred to in paragraph (2) of such section.
(g) **Prohibition on Release of Contractor Proposals.**—(1) Except as provided in paragraph (2), a proposal in the possession or control of an agency named in section 2303 of this title may not be made available to any person under section 552 of title 5.

(2) Paragraph (1) does not apply to any proposal that is set forth or incorporated by reference in a contract entered into between the Department and the contractor that submitted the proposal.

(3) In this subsection, the term “proposa" means any proposal, including a technical, management, or cost proposal, submitted by a contractor in response to the requirements of a solicitation for a competitive proposal.

**Authority for Use of Design-Build Selection Procedures for Construction of Public Buildings, Facilities, or Work When a Determination Is Made Under Subsection (b) That the Procedures Are Appropriate for Use**

(a) Authorization.—Unless the traditional acquisition approach of design-bid-build established under chapter 11 of title 40 is used or another acquisition procedure authorized by law is used, the head of an agency shall use the two-phase selection procedures authorized in this section for entering into a contract for the design and construction of a public building, facility, or work when a determination is made under subsection (b) that the procedures are appropriate for use.

(b) Criteria for Use.—A contracting officer shall make a determination whether two-phase selection procedures are appropriate for use for entering into a contract for the design and construction of a public building, facility, or work when the contracting officer anticipates that three or more offers will be received for such contract, design work must be performed before an offeror can develop a price or cost proposal for such contract, the offeror will incur a substantial amount of expense in preparing the offer, and the contracting officer has considered information such as the following:

(1) The extent to which the project requirements have been adequately defined.

(2) The time constraints for delivery of the project.

(3) The capability and experience of potential contractors.

(4) The suitability of the project for use of the two-phase selection procedures.
(5) The capability of the agency to manage the two-phase selection process.

(6) Other criteria established by the agency.

(c) PROCEDURES DESCRIBED.—Two-phase selection procedures consist of the following:

(1) The agency develops, either in-house or by contract, a scope of work statement for inclusion in the solicitation that defines the project and provides prospective offerors with sufficient information regarding the Government's requirements (which may include criteria and preliminary design, budget parameters, and schedule or delivery requirements) to permit the submitters to submit proposals which meet the Government's needs. If the agency contracts for development of the scope of work statement, the agency shall contract for architectural and engineering services as defined by and in accordance with chapter 11 of title 40.

(2) The contracting officer solicits phase-one proposals that—

(A) include information on the offeror's—

(i) technical approach; and

(ii) technical qualifications; and

(B) do not include—

(i) detailed design information; or

(ii) cost or price information.

(3) The evaluation factors to be used in evaluating phase-one proposals are stated in the solicitation and include specialized experience and technical competence, capability to perform, past performance of the offeror's team (including the architect-engineer and construction members of the team) and other appropriate factors, except that unit-related or price-related evaluation factors are not permitted. Each solicitation establishes the relative importance assigned to the evaluation factors and subfactors that must be considered in the evaluation of phase-one proposals. The agency evaluates phase-one proposals on the basis of the phase-one evaluation factors set forth in the solicitation.

(4) The contracting officer selects as the most highly qualified the number of offerors specified in the solicitation to provide the property or services under the contract and requests the selected offerors to submit phase-two competitive proposals that include technical proposals and cost or price information. Each solicitation establishes with respect to phase two—

(A) the technical submission for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work (or both), and

(B) the evaluation factors and subfactors, including cost or price, that must be considered in the evaluations of proposals in accordance with paragraphs (2), (3), and (4) of section 2305(a) of this title.

The contracting officer separately evaluates the submissions described in subparagraphs (A) and (B).

(5) The agency awards the contract in accordance with section 2305(b)(4) of this title.

(d) SOLICITATION TO STATE NUMBER OF OFFERORS TO BE SELECTED FOR PHASE TWO REQUESTS FOR COMPETITIVE PROPOSALS.—A solicitation issued pursuant to the procedures described in subsection (c) shall state the maximum number of offerors that are to be selected to submit competitive proposals pursuant to subsection (c)(4). The maximum number specified in the solicitation shall not exceed 5 unless the agency determines with respect to an individual solicitation that a specified number greater than 5 is in the Government's interest and is consistent with the purposes and objectives of the two-phase selection process.

(e) REQUIREMENT FOR GUIDANCE AND REGULATIONS.—The Federal Acquisition Regulation shall include guidance—

(1) regarding the factors that may be considered in determining whether the two-phase contracting procedures authorized by subsection (a) are appropriate for use in individual contracting situations;

(2) regarding the factors that may be used in selecting contractors; and

(3) providing for a uniform approach to be used Government-wide.

(f) SPECIAL AUTHORITY FOR MILITARY CONSTRUCTION PROJECTS.—(1) The Secretary of a military department may use funds available to the Secretary under section 2807(a) or 2823(e) of this title to accelerate the design effort in connection with a military construction project for which the two-phase selection procedures described in subsection (c) are used to select the contractor for both the design and construction portion of the project before the project is specifically authorized by law and before funds are appropriated for the construction portion of the project. Notwithstanding the limitations contained in such sections, use of such funds for the design portion of a military construction project may continue despite the subsequent authorization of the project. The advance notice requirement of section 2807(b) of this title shall continue to apply whenever the estimated cost of the design portion of the project exceeds the amount specified in such section.

(2) Any military construction contract that provides for an accelerated design effort, as authorized by paragraph (1), shall include as a condition of the contract that the liability of the United States in a termination for convenience before funds are first made available for construction may not exceed an amount attributable to the final design of the project.

(3) For each fiscal year during which the authority provided by this subsection is in effect, the Secretary of a military department may select not more than two military construction projects to include the accelerated design effort authorized by paragraph (1) for each armed force under the jurisdiction of the Secretary. To be eligible for selection under this subsection, a request for the authorization of the project, and for the authorization of appropriations for the project, must have been included in the annual budget of the President for a fiscal year submitted to Congress under section 1105(a) of title 31.

(4) Not later than March 1, 2008, the Secretary of Defense shall submit to the congressional defense committees a report evaluating the usefulness of the authority provided by this subsection in expediting the design and construction of
military construction projects. The authority provided by this subsection expires September 30, 2008, except that, if the report required by this paragraph is not submitted by March 1, 2008, the authority shall expire on that date.

§ 2306. Kinds of contracts

(a) The cost-plus-a-percentage-of-cost system of contracting may not be used. Subject to the limitation in the preceding sentence, the other provisions of this section, and other applicable provisions of law, the head of an agency, in awarding contracts under this chapter after using procedures other than sealed-bid procedures, may enter into any kind of contract that he considers will promote the best interests of the United States.

(b) Each contract awarded under this chapter after using procedures other than sealed-bid procedures shall contain a warranty, determined to be suitable by the head of the agency, that the contractor has employed or retained no person or selling agency to solicit or obtain the contract under an understanding or agreement for a commission, percentage, brokerage, or contingent fee, except a bona fide employee or established commercial or selling agency maintained by him to obtain business. If a contractor breaks such a warranty the United States may annul the contract without liability or may deduct the commission, percentage, brokerage, or contingent fee from the contract price or consideration. This subsection does not apply to a contract that is for an amount not greater than the simplified acquisition threshold or to a contract for the acquisition of commercial items.

(d) The fee for performing a cost-plus-a-fixed-fee contract for experimental, developmental, or research work may not be more than 15 percent of the estimated cost of the contract, not including the fee. The fee for performing any other cost-plus-a-fixed-fee contract may not be more than 10 percent of the estimated cost of the contract, not including the fee. Determinations under this subsection of the estimated costs of a contract or project shall be made by the head of the agency at the time the contract is made.

(e)(1) Except as provided in paragraph (2), each cost contract and each cost-plus-a-fixed-fee contract shall provide for notice to the agency by the contractor before the making, under the prime contract, of—

(A) a cost-plus-a-fixed-fee subcontract; or

(B) a fixed-price subcontract or purchase order involving more than the greater of (i) the simplified acquisition threshold, or (ii) 5 percent of the estimated cost of the prime contract.

(2) Paragraph (1) shall not apply to a prime contract with a contractor that maintains a purchasing system approved by the contracting officer for the contract.

(f) So-called "truth-in-negotiations" provisions relating to cost or pricing data to be submitted by certain contractors and subcontractors are provided in section 2306a of this title.

(g) Multiyear contracting authority for the acquisition of services is provided in section 2306c of this title.

(h) Multiyear contracting authority for the purchase of property is provided in section 2306b of this title.

"(b) Modification of Regulations.—Not later than 120 days after the date of the enactment of this Act [Oct. 17, 2006], the Secretary of Defense shall modify the regulations of the Department of Defense regarding the determination of contract type for development programs.

such request by the President was to include details about the request for a multiyear contract, including details about the negotiated contract terms and conditions, was repealed and restated as subsec. (b)(11) of this section by Pub. L. 101–189, § 805(b), (c).

(iii) in the case of a subcontract not covered by clause (i) or (ii), the price of the subcontract is expected to exceed $100,000.

(C) The subcontractor for a subcontract covered by subparagraph (C)(i) shall be required to submit cost or pricing data before the pricing of a change or modification to the subcontract if—

(i) in the case of a change or modification to a subcontract referred to in subparagraph (C)(i) or (C)(ii), the price adjustment is expected to exceed $500,000; and

(ii) in the case of a change or modification to a subcontract referred to in subparagraph (C)(ii), the price adjustment is expected to exceed $100,000.

(2) A person required, as an offeror, contractor, or subcontractor, to submit cost or pricing data under paragraph (1) or required by the head of the agency concerned to submit such data under subsection (c) shall be required to certify that, to the best of the person’s knowledge and belief, the cost or pricing data submitted are accurate, complete, and current.

(3) Cost or pricing data required to be submitted under paragraph (1) (or under subsection (c)), and a certification required to be submitted under paragraph (2), shall be submitted—

(A) in the case of a submission by a prime contractor (or an offeror for a prime contract), to the contracting officer; or

(B) in the case of a submission by a subcontractor (or an offeror for a subcontract), to the prime contractor.

(4) Except as provided under subsection (b), this section applies to contracts entered into by the head of an agency on behalf of a foreign government.

(5) A waiver of requirements for submission of certified cost or pricing data that is granted under subsection (b)(1)(C) in the case of a contract or subcontract does not waive the requirement under paragraph (1)(C) for submission of cost or pricing data in the case of subcontracts under that contract or subcontract unless the head of the procuring activity granting the waiver determines that the requirement under that paragraph should be waived in the case of such subcontracts and justifies in writing the reasons for the determination.

(6) Upon the request of a contractor that was required to submit cost or pricing data under paragraph (1) in connection with a prime contract entered into on or before December 5, 1990, the head of the agency that entered into such contract shall modify the contract to reflect subparagraphs (B)(ii) and (C)(ii) of paragraph (1). All such modifications shall be made without requiring consideration.
(7) Effective on October 1 of each year that is divisible by 5, each amount set forth in paragraph (1) shall be adjusted to the amount that is equal to the fiscal year 1994 constant dollar value of the amount set forth. Any amount, as so adjusted, that is not evenly divisible by $50,000 shall be rounded to the nearest multiple of $50,000. In the case of an amount that is evenly divisible by $25,000 but not evenly divisible by $50,000, the amount shall be rounded to the next higher multiple of $50,000.

(b) EXCEPTIONS.—
(1) IN GENERAL.—Submission of certified cost or pricing data shall not be required under subsection (a) in the case of a contract, a subcontract, or modification of a contract or subcontract—
(A) for which the price agreed upon is based on—
(i) adequate price competition; or
(ii) prices set by law or regulation;
(B) for the acquisition of a commercial item; or
(C) in an exceptional case when the head of the procuring activity, without delegation, determines that the requirements of this section may be waived and justifies in writing the reasons for such determination.

(2) MODIFICATIONS OF CONTRACTS AND SUBCONTRACTS FOR COMMERCIAL ITEMS.—In the case of a modification of a contract or subcontract for a commercial item that is not covered by the exception to the submission of certified cost or pricing data in paragraph (1)(A) or (1)(B), submission of certified cost or pricing data shall not be required under subsection (a) if—
(A) the contract or subcontract being modified is a contract or subcontract for which submission of certified cost or pricing data may not be required by reason of paragraph (1)(A) or (1)(B); and
(B) the modification would not change the contract or subcontract, as the case may be, from a contract or subcontract for the acquisition of a commercial item to a contract or subcontract for the acquisition of an item other than a commercial item.

(3) NONCOMMERCIAL MODIFICATIONS OF COMMERCIAL ITEMS.—(A) The exception in paragraph (1)(B) does not apply to cost or pricing data on noncommercial modifications of a commercial item that are expected to cost, in the aggregate, more than the amount specified in subsection (a)(1)(A) or (1)(B), as adjusted from time to time under subsection (a)(7), or 5 percent of the total price of the contract (at the time of contract award), whichever is greater. 
(B) In this paragraph, the term "non-commercial modification", with respect to a commercial item, means a modification of such item that is not a modification described in section 4(12)(C)(1) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(12)(C)(1)).
(C) Nothing in subparagraph (A) shall be construed—
(i) to limit the applicability of the exception in subparagraph (A) or (C) of paragraph
(1) to cost or pricing data on a noncommercial modification of a commercial item; or
(ii) to require the submission of cost or pricing data on any aspect of an acquisition of a commercial item other than the cost and pricing of noncommercial modifications of such item.

(c) COST OR PRICING DATA ON BELOW-THRESHOLD CONTRACTS.—
(1) AUTHORITY TO REQUIRE SUBMISSION.—Subject to paragraph (2), when certified cost or pricing data are not required to be submitted by subsection (a) for a contract, subcontract, or modification of a contract or subcontract, such data may nevertheless be required to be submitted by the head of the procuring activity, but only if the head of the procuring activity determines that such data are necessary for the evaluation by the agency of the reasonableness of the price of the contract, subcontract, or modification of a contract or subcontract. In any case in which the head of the procuring activity requires such data to be submitted under this subsection, the head of the procuring activity shall justify in writing the reason for such requirement.
(2) EXCEPTION.—The head of the procuring activity may not require certified cost or pricing data to be submitted under this paragraph for any contract or subcontract, or modification of a contract or subcontract, covered by the exceptions in subparagraph (A) or (B) of subsection (b)(1).

(3) DELEGATION OF AUTHORITY PROHIBITED.—The head of a procuring activity may not delegate functions under this paragraph.

(d) SUBMISSION OF OTHER INFORMATION.—
(1) AUTHORITY TO REQUIRE SUBMISSION.—When certified cost or pricing data are not required to be submitted under this section for a contract, subcontract, or modification of a contract or subcontract, the contracting officer shall require submission of data other than certified cost or pricing data to the extent necessary to determine the reasonableness of the price of the contract, subcontract, or modification of a contract or subcontract. Except in the case of a contract or subcontract covered by the exceptions in subsection (b)(1)(A), the contracting officer shall require that the data submitted include, at a minimum, appropriate information on the prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price for the procurement.

(2) LIMITATIONS ON AUTHORITY.—The Federal Acquisition Regulation shall include the following provisions regarding the types of information that contracting officers may require under paragraph (1):
(A) Reasonable limitations on requests for sales data relating to commercial items.
(B) A requirement that a contracting officer limit, to the maximum extent practicable, the scope of any request for information relating to commercial items from an offeror to only that information that is in the form regularly maintained by the offeror in commercial operations.

1 See References in Text note below.
(C) A statement that any information received relating to commercial items that is exempt from disclosure under section 552(b) of title 5 shall not be disclosed by the Federal Government.

(e) Price Reductions for Defective Cost or Pricing Data.—(1)(A) A prime contract (or change or modification to a prime contract) under which a certificate under subsection (a)(2) is required shall contain a provision that the price of the contract to the United States, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the agency that such price was increased because the contractor (or any subcontractor required to make available such a certificate) submitted defective cost or pricing data.

(B) For the purposes of this section, defective cost or pricing data are cost or pricing data which, as of the date agreement on the price of the contract (or another date agreed upon between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree upon a date other than the date of agreement on the price of the contract, the date agreed upon by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

(2) In determining for purposes of a contract price adjustment under a contract provision required by paragraph (1) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it shall be a defense that the United States did not rely on the defective data submitted by the contractor or subcontractor.

(3) It is not a defense to an adjustment of the price of a contract under a contract provision required by paragraph (1) that—

(A) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

(i) was the sole source of the property or services procured; or

(ii) otherwise was in a superior bargaining position with respect to the property or services procured;

(B) the contracting officer should have known that the cost and pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(C) the contract was based on an agreement between the contractor and the United States about the total cost of the contract and there was no agreement about the cost of each item procured under such contract;

(D) the prime contractor or subcontractor did not submit a certification of cost and pricing data relating to the contract as required under subsection (a)(2).

(4)(A) A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by paragraph (1) if—

(i) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor’s knowledge and belief, the contractor is entitled to the offset; and

(ii) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification) or, if applicable consistent with paragraph (1)(B), another date agreed upon between the parties, and that the data were not submitted as specified in subsection (a)(3) before such date.

(B) A contractor shall not be allowed to offset an amount otherwise authorized to be offset under subparagraph (A) if—

(i) the certification under subsection (a)(2) with respect to the cost or pricing data involved was known to be false when signed; or

(ii) the United States proves that, had the cost or pricing data referred to in subparagraph (A)(ii) been submitted to the United States before the date of agreement on the price of the contract (or price of the modification) or, if applicable consistent with paragraph (1)(B), another date agreed upon between the parties, the submission of such cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

(f) Interest and Penalties for Certain Overpayments.—(1) If the United States makes an overpayment to a contractor under a contract subject to this section and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the United States—

(A) for interest on the amount of such overpayment, to be computed—

(i) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of such overpayment to the United States; and

(ii) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1986; and

(B) if the submission of such defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

(2) Any liability under this subsection of a contractor that submits cost or pricing data but refuses to submit the certification required by subsection (a)(2) with respect to the cost or pricing data shall not be affected by the refusal to submit such certification.

(g) Right of United States to Examine Contractor Records.—For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this section, the head of an agency shall have the authority provided by section 2313(a)(2) of this title.

(b) Definitions.—In this section:

(1) Cost or Pricing Data.—The term ‘‘cost or pricing data’’ means all facts that, as of the date of agreement on the price of a contract (or the price of a contract modification), or, if
applicable consistent with subsection (e)(1)(B), another date agreed upon between the parties, a prudent buyer or seller would reasonably expect to affect price negotiations significantly. Such term does not include information that is judgmental, but does include the factual information from which a judgment was derived.

(2) SUBCONTRACT.—The term “subcontract” includes a transfer of commercial items between divisions, subsidiaries, or affiliates of a contractor or a subcontractor.

(3) COMMERCIAL ITEM.—The term “commercial item” has the meaning provided in section 103 of title 41.

(a) MODIFICATION OF PRICING REGULATIONS FOR CERTAIN COMMERCIAL ITEMS EXEMPT FROM COST OR PRICING DATA CERTIFICATION REQUIREMENTS.—(1) The Federal Acquisition Regulation issued in accordance with sections 6 and 23 of the Office of Federal Procurement Policy Act ((former) 41 U.S.C. 405, 421) (see 41 U.S.C. 1121, 1393) shall be revised to clarify the procedures and methods to be used for determining the reasonableness of prices of exempt commercial items (as defined in subsection (d)).

(b) The regulations shall at a minimum, provide specific guidance on—

(A) the appropriate application and precedence of such price analysis tools as catalog-based pricing, market-based pricing, historical pricing, parametric pricing, and value analysis;

(B) the circumstances under which contracting officers should require offerors of exempt commercial items to provide—

(i) information on prices at which the offeror has previously sold the same or similar items; or

(ii) other information other than certified cost or pricing data;

(C) the role and responsibility of Department of Defense support organizations in procedures for determining price reasonableness; and

(D) the meaning and appropriate application of the term ‘purposes other than governmental purposes’ in section 4(12) of the Office of Federal Procurement Policy Act ((former) 41 U.S.C. 409(12)) (see 41 U.S.C. 101).

(3) This subsection shall cease to be effective 1 year after the date on which final regulations prescribed pursuant to paragraph (1) take effect.

(b) UNIFIED MANAGEMENT OF PROCUREMENT OF EXEMPT COMMERCIAL ITEMS.—The Secretary of Defense shall develop and implement procedures to ensure that, whenever appropriate, a single item manager or contracting officer is responsible for negotiating and entering into all contracts from a single contractor for the procurement of exempt commercial items or for the procurement of items in a category of exempt commercial items.

(c) COMMERCIAL PRICE TREND ANALYSIS.—(1) The Secretary of Defense shall develop and implement procedures that, to the maximum extent that is practicable and consistent with the efficient operation of the Department of Defense, provide for the collection and analysis of information on price trends for categories of exempt commercial items described in paragraph (2).

(2) A category of exempt commercial items referred to in paragraph (1) consists of exempt commercial items—

(A) that are in a single Federal Supply Group or Federal Supply Class, are provided by a single con-
tractor, or are otherwise logically grouped for the purpose of analyzing information on price trends; and

(b) for which there is a potential for the price paid to be significantly higher (on a percentage basis) than the prices previously paid in procurements of the same or similar items for the Department of Defense, as determined by the head of the procuring Department or the Secretary of the procuring military department on the basis of criteria prescribed by the Secretary of Defense.

(3) The head of a Department of Defense agency or the Secretary of a military department shall take appropriate action to address any unreasonable escalation in prices being paid for items procured by that agency or military department as identified in an analysis conducted pursuant to paragraph (1).

(4) Not later than April 1 of each of fiscal years 2000 through 2009, the Secretary of Defense shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a report on the analyses of price trends that were conducted by the Secretary of each military department and the Director of the Defense Logistics Agency for categories of exempt commercial items during the preceding fiscal year under the procedures prescribed pursuant to paragraph (1). The report shall include a description of the actions taken by each Secretary and the Director to identify and address any unreasonable price escalation for the categories of items.

EXEMPT COMMERCIAL ITEMS DEFINED.—For the purposes of this section, the term "exempt commercial item" means a commercial item that is exempt under subsection (b)(1)(B) of section 2306a of title 10, United States Code, or subsection (b)(1)(B) of section 304A of the Federal Property and Administrative Services Act of 1949 (former 41 U.S.C. 254b). (2) is amended by inserting in paragraph (1) of section 503(a) of Pub. L. 101–510, had been in effect after increase in threshold for submission of cost or pricing data under that section.''

REVIEW BY INSPECTOR GENERAL.

Section 806(b) of Pub. L. 101–510 provided that (1) after increase in threshold for submission of cost or pricing data under subsection (a) of this section, as amended by section 806(a) of Pub. L. 101–510, had been in effect for three years, Inspector General of Department of Defense was to conduct review of effects of increase in threshold, (2) that such review was to address whether increasing threshold improved acquisition process in terms of reduced paperwork, financial or other savings to government, an increase in number of contractors participating in defense contracting process, and adequacy of information available to contracting officer in cases in which certified cost or pricing data were not required under this section, (3) that Inspector General was to submit to Secretary of Defense a report on review conducted under paragraph (1), with Secretary of Defense required to submit such report to Congress, along with appropriate comments, upon completion of report (and comments) but not later than date on which President submitted budget to Congress pursuant to section 1105 of Title 31, Money and Finance, for fiscal year 1996, prior to repeal by Pub. L. 103–355, title I, §1216, Oct. 13, 1994, 108 Stat. 3277.

§ 2306b. Multiyear contracts: acquisition of property

(a) IN GENERAL.—To the extent that funds are otherwise available for obligation, the head of an agency may enter into multiyear contracts for the purchase of property whenever the head of that agency finds each of the following:

(1) That the use of such a contract will result in substantial savings of the total anticipated costs of carrying out the program through annual contracts.

(2) That the minimum need for the property to be purchased is expected to remain substantially unchanged during the contemplated contract period in terms of production rate, procurement rate, and total quantities.

(3) That there is a reasonable expectation that throughout the contemplated contract period the head of the agency will request funding for the contract at the level required to avoid contract cancellation.

(4) That there is a stable design for the property to be acquired and that the technical risks associated with such property are not excessive.

(5) That the estimates of both the cost of the contract and the anticipated cost avoidance through the use of a multiyear contract are realistic.

(6) In the case of a purchase by the Department of Defense, that the use of such a contract will promote the national security of the United States.

(7) In the case of a contract in an amount equal to or greater than $500,000,000, that the conditions required by subparagraphs (C) and (D) of paragraph (1) of subsection (i) will be met, in accordance with the Secretary's certification and determination under such subsection, by such contract.

(b) REGULATIONS.—(1) Each official named in paragraph (2) shall prescribe acquisition regulations for the agency or agencies under the jurisdiction of such official to promote the use of multiyear contracting as authorized by subsection (a) in a manner that will allow the most efficient use of multiyear contracting.

(2) The Secretary of Defense shall prescribe the regulations applicable to the Department of Defense.

The Secretary of Homeland Security shall prescribe the regulations applicable to the Coast Guard, except that the regulations prescribed by the Secretary of Defense shall apply to the Coast Guard when it is operating as a service in the Navy.

The Administrator of the National Aeronautics and Space Administration shall prescribe the regulations applicable to the National Aeronautics and Space Administration.

(c) CONTRACT CANCELLATIONS.—The regulations may provide for cancellation provisions in multiyear contracts to the extent that such provisions are necessary and in the best interests of the United States. The cancellation provisions may include consideration of both recurring and nonrecurring costs of the contractor associated with the production of the items to be delivered under the contract.

(d) PARTICIPATION BY SUBCONTRACTORS, Vendors, and Suppliers.—In order to broaden the defense industrial base, the regulations shall provide that, to the extent practicable—

(1) multiyear contracting under subsection (a) shall be used in such a manner as to seek, retain, and promote the use under such contracts of companies that are subcontractors, vendors, or suppliers; and

(2) upon accrual of any payment or other benefit under such a multiyear contract to any subcontractor, vendor, or supplier company participating in such contract, such payment or benefit shall be delivered to such company in the most expeditious manner practicable.
(e) Protection of Existing Authority.—The regulations shall provide that, to the extent practicable, the administration of this section, and of the regulations prescribed under this section, shall not be carried out in a manner to preclude or curtail the existing ability of an agency—

(1) to provide for competition in the production of items to be delivered under such a contract; or

(2) to provide for termination of a prime contract for the performance of which is deficient with respect to cost, quality, or schedule.

(f) Cancellation or Termination for Insufficient Funding.—In the event funds are not made available for the continuation of a contract made under this section into a subsequent fiscal year, the contract shall be canceled or terminated. The costs of cancellation or termination may be paid from—

(1) appropriations originally available for the performance of the contract concerned;

(2) appropriations currently available for procurement of the type of property concerned, and not otherwise obligated; or

(3) funds appropriated for those payments.

(g) Contract Cancellation Ceilings Exceeding $100,000,000.—(1) Before any contract described in subsection (a) that contains a clause setting forth a cancellation ceiling in excess of $100,000,000 may be awarded, the head of the agency concerned shall give written notification of the proposed contract and of the proposed cancellation ceiling to the congressional defense committees, and such contract may not then be awarded until the end of a period of 30 days beginning on the date of such notification.

(2) In the case of a contract described in subsection (a) with a cancellation ceiling described in paragraph (1), if the budget for the contract does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract, the head of the agency concerned shall give written notification of the proposed contract and of the proposed cancellation ceiling to the congressional defense committees, and such contract may not then be awarded until the end of a period of 30 days beginning on the date of such notification.

(A) the cancellation ceiling amounts planned for each program year in the proposed multiyear procurement contract, together with the reasons for the amounts planned;

(B) the extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) a financial risk assessment of not including budgeting for costs of contract cancellation.

(h) Defense Acquisitions of Weapon Systems.—In the case of the Department of Defense, the authority under subsection (a) includes authority to enter into the following multiyear contracts in accordance with this section:

(1) A multiyear contract for the purchase of a weapon system, items and services associated with a weapon system, and logistics support for a weapon system.

(2) A multiyear contract for advance procurement of components, parts, and materials necessary to the manufacture of a weapon system, including a multiyear contract for such advance procurement that is entered into in order to achieve economic-lot purchases and more efficient production rates.

(i) Defense Acquisitions Specifically Authorized by Law.—(1) A multiyear contract may not be entered into for any fiscal year under this section for a defense acquisition program that has been specifically authorized by law to be carried out using multiyear contract authority unless the Secretary of Defense certifies in writing by no later than March 1 of the year in which the Secretary requests legislative authority to enter into such contract that each of the following conditions is satisfied:

(A) The Secretary has determined that each of the requirements in paragraphs (1) through (6) of subsection (a) will be met by such contract and has provided the basis for such determination to the congressional defense committees.

(B) The Secretary’s determination under subparagraph (A) was made after the completion of a cost analysis performed by the Director of Cost Assessment and Program Analysis and such analysis supports the findings.

(C) The system being acquired pursuant to such contract has not been determined to have experienced cost growth in excess of the critical cost growth threshold pursuant to section 2433(d) of this title within 3 years prior to the date the Secretary anticipates such contract (or a contract for advance procurement entered into consistent with the authorization for such contract) will be awarded.

(D) A sufficient number of end items of the system being acquired under such contract have been delivered at or within the most current estimates of the program acquisition unit cost or procurement unit cost for such system to determine that current estimates of such unit costs are realistic.

(E) During the fiscal year in which such contract is to be awarded, sufficient funds will be available to perform the contract in such fiscal year, and the future-years defense program for such fiscal year will include the funding required to execute the program without cancellation.

(F) The contract is a fixed price type contract.

(G) The proposed multiyear contract provides for production at not less than minimum economic rates given the existing tooling and facilities.

(2) If for any fiscal year a multiyear contract to be entered into under this section is authorized by law for a particular procurement program and that authorization is subject to certain conditions established by law (including a condition as to cost savings to be achieved under the multiyear contract in comparison to specified other contracts) and if it appears (after negotiations with contractors) that such savings cannot be achieved, but that substantial savings could nevertheless be achieved through the use of a multiyear contract rather than specified other contracts, the President may submit to Congress a request for relief from the specified
cost savings that must be achieved through multiyear contracting for that program. Any such request by the President shall include details about the request for a multiyear contract, including details about the negotiated contract terms and conditions.

(3) In the case of the Department of Defense, a multiyear contract in an amount equal to or greater than $500,000,000 may not be entered into for any fiscal year under this section unless the contract is specifically authorized by law in an Act other than an appropriations Act.

(4)(A) The Secretary of Defense may obligate funds for procurement of an end item under a multiyear contract for the purchase of property only for procurement of a complete and usable end item.

(B) The Secretary of Defense may obligate funds appropriated for any fiscal year for advance procurement under a contract for the purchase of property only for the procurement of those long-lead items necessary in order to meet a planned delivery schedule for complete major end items that are programmed under the contract to be acquired with funds appropriated for a subsequent fiscal year (including an economic order quantity when authorized by law).

(5) The Secretary may make the certification under paragraph (1) notwithstanding the fact that one or more of the conditions of such certification are not met if the Secretary determines that, due to exceptional circumstances, proceeding with a multiyear contract under this section is in the best interest of the Department of Defense and the Secretary provides the basis for such determination with the certification.

(6) The Secretary of Defense may not delegate the authority to make the certification under paragraph (1) or the determination under paragraph (5) to an official below the level of Under Secretary of Defense for Acquisition, Technology, and Logistics.

(7) The Secretary of Defense shall send a notification containing the findings of the agency head under subsection (a), and the basis for such findings, 30 days prior to the award of a multiyear contract for a defense acquisition program that has been specifically authorized by law.

(j) DEFENSE CONTRACT OPTIONS FOR VARYING QUANTITIES.—The Secretary of Defense may instruct the Secretary of the military department concerned to incorporate into a proposed multiyear contract negotiated priced options for varying the quantities of end items to be procured over the period of the contract.

(k) MULTIYEAR CONTRACT DEFINED.—For the purposes of this section, a multiyear contract is a contract for the purchase of property for more than one, but not more than five, program years. Such a contract may provide that performance under the contract during the second and subsequent years of the contract is contingent upon the appropriation of funds and (if it does so provide) may provide for a cancellation payment to be made to the contractor if such appropriations are not made.

(l) VARIOUS ADDITIONAL REQUIREMENTS WITH RESPECT TO MULTIYEAR DEFENSE CONTRACTS.— (1)(A) The head of an agency may not initiate a contract described in subparagraph (B) unless the congressional defense committees are notified of the proposed contract at least 30 days in advance of the award of the proposed contract.

(B) Subparagraph (A) applies to the following contracts:

(i) A multiyear contract—

(I) that employs economic order quantity procurement in excess of $20,000,000 in any one year of the contract; or

(II) that includes an unfunded contingent liability in excess of $20,000,000.

(ii) Any contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of $20,000,000 in any one year.

(2) The head of an agency may not initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability.

(3) The head of an agency may not initiate a multiyear procurement contract for any system (or component thereof) if the value of the multiyear contract would exceed $500,000,000 unless authority for the contract is specifically provided in an appropriations Act.

(4) Not later than the date of the submission of the President's budget request under section 1105 of title 31, the Secretary of Defense shall submit a report to the congressional defense committees each year, providing the following information with respect to each multiyear contract (and each extension of an existing multiyear contract) entered into, or planned to be entered into, by the head of an agency during the current or preceding year, shown for each year in the current future-years defense program and in the aggregate over the period of the current future-years defense program:

(A) The amount of total obligational authority under the contract (or contract extension) and the percentage that such amount represents of—

(i) the applicable procurement account; and

(ii) the agency procurement total.

(B) The amount of total obligational authority under all multiyear procurements of the agency concerned (determined without regard to the amount of the multiyear contract (or contract extension)) under multiyear contracts in effect at the time the report is submitted and the percentage that such amount represents of—

(i) the applicable procurement account; and

(ii) the agency procurement total.

(C) The amount equal to the sum of the amounts under subparagraphs (A) and (B), and the percentage that such amount represents of—

(i) the applicable procurement account; and

(ii) the agency procurement total.

(D) The amount of total obligational authority under all Department of Defense multiyear procurements (determined without regard to the amount of the multiyear contract (or contract extension)), including any multiyear
contract (or contract extension) that has been authorized by the Congress but not yet entered into, and the percentage that such amount represents of the procurement accounts of the Department of Defense treated in the aggregate.

(5) The head of an agency may not enter into a multyear contract (or extend an existing multyear contract), the value of which would exceed $500,000,000 (when entered into or when extended, as the case may be), until the Secretary of Defense submits to the congressional defense committees a report containing the information described in paragraph (4) with respect to the contract (or contract extension).

(6) The head of an agency may not terminate a multyear procurement contract until 10 days after the date on which notice of the proposed termination is provided to the congressional defense committees.

(7) The execution of multyear contracting authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement.

(8) This subsection does not apply to the National Aeronautics and Space Administration or to the Coast Guard.

In this subsection:

(A) The term "applicable procurement account" means the procurement account from which payments to execute the contract will be made.

(B) The term "agency procurement total" means the procurement accounts of the agency entering into the multyear procurement contract (or contract extension) treated in the aggregate.

(m) INCREASED FUNDING AND REPROGRAMMING REQUESTS.—Any request for increased funding for the procurement of a major system under a multyear contract authorized under this section shall be accompanied by an explanation of how the request for increased funding affects the determinations made by the Secretary under subsection (i).

(2) such request is formally submitted by the President as a budget amendment; or

(3) the Secretary of Defense makes such request in writing to the congressional defense committees.

Similar provisions were contained in the following appropriation acts:

§ 2306c. Multiyear contracts: acquisition of services

(a) AUTHORITY.—Subject to subsections (d) and (e), the head of an agency may enter into contracts for periods of not more than five years for services described in subsection (b), and for items of supply related to such services, for which funds would otherwise be available for obligation only within the fiscal year for which appropriated whenever the head of the agency finds that—

(1) there will be a continuing requirement for the services consonant with current plans for the proposed contract period;

(2) the furnishing of such services will require a substantial initial investment in plant or equipment, or the incurrence of substantial contingent liabilities for the assembly, training, or transportation of a specialized work force; and

(3) the use of such a contract will promote the best interests of the United States by encouraging effective competition and promoting economies in operation.

(b) COVERED SERVICES.—The authority under subsection (a) applies to the following types of services:

(1) Operation, maintenance, and support of facilities and installations.

(2) Maintenance or modification of aircraft, ships, vehicles, and other highly complex military equipment.

(3) Specialized training necessitating high quality instructor skills (for example, pilot and air crew members; foreign language training).

(4) Base services (for example, ground maintenance; in-plane refueling; bus transportation; refuse collection and disposal).

(5) Environmental remediation services for—

(A) an active military installation;

(B) a military installation being closed or realigned under a base closure law; or

(C) a site formerly used by the Department of Defense.

(c) APPLICABLE PRINCIPLES.—In entering into multiyear contracts for services under the authority of this section, the head of the agency shall be guided by the following principles:

(1) The portion of the cost of any plant or equipment amortized as a cost of contract performance should not exceed the ratio between the period of contract performance and the anticipated useful commercial life of such plant or equipment. Useful commercial life, for this purpose, means the commercial utility of the facilities rather than the physical life thereof, with due consideration given to such factors as location of facilities, specialized nature thereof, and obsolescence.

(2) Consideration shall be given to the desirability of obtaining an option to renew the contract for a reasonable period not to exceed three years, at prices not to include charges for plant, equipment and other nonrecurring costs, already amortized.

(3) Consideration shall be given to the desirability of reserving in the agency the right, upon payment of the unamortized portion of the cost of the plant or equipment, to take title thereto under appropriate circumstances.

(d) RESTRICTIONS APPLICABLE GENERALLY.—(1) The head of an agency may not initiate under this section a contract for services that includes an unfunded contingent liability in excess of $20,000,000 unless the congressional defense committees are notified of the proposed contract at least 30 days in advance of the award of the proposed contract.

(2) The head of an agency may not initiate a multiyear contract for services under this section if the value of the multiyear contract would exceed $500,000,000 unless authority for the contract is specifically provided by law.

(3) The head of an agency may not terminate a multiyear procurement contract for services until 10 days after the date on which notice of the proposed termination is provided to the congressional defense committees.

(4) Before any contract described in subsection (a) that contains a clause setting forth a cancellation ceiling in excess of $100,000,000 may be awarded, the head of the agency concerned shall give written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the congressional defense committees, and such contract may not then be awarded until the end of a period of 30 days beginning on the date of such notification.

(5) In the case of a contract described in subsection (a) with a cancellation ceiling described in paragraph (4), if the budget for the contract does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract, the head of the agency concerned shall give written notification to the congressional defense committees of—

(A) the cancellation ceiling amounts planned for each program year in the proposed multiyear procurement contract, together with the reasons for the amounts planned;

(B) the extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) a financial risk assessment of not including budgeting for costs of contract cancellation.

(e) CANCELLATION OR TERMINATION FOR INSUFFICIENT FUNDING AFTER FIRST YEAR.—In the event that funds are not made available for the continuation of a multiyear contract for services into a subsequent fiscal year, the contract shall be canceled or terminated, and the costs of cancellation or termination may be paid from—
(1) appropriations originally available for the performance of the contract concerned;
(2) appropriations currently available for procurement of the type of services concerned, and not otherwise obligated; or
(3) funds appropriated for those payments.

(f) Multiyear Contract Defined.—For the purposes of this section, a multiyear contract is a contract for the purchase of services for more than one, but not more than five, program years. Such a contract may provide that performance under the contract during the second and subsequent years of the contract is contingent upon the appropriation of funds and (if it does so provide) may provide for a cancellation payment to be made to the contractor if such appropriations are not made.

(3) Other quantifiable measures of results.

(c) Payment Amount.—Payments made under subsection (a) may not exceed the unpaid contract price.

(3) This subsection applies to any contract in an amount greater than $25,000.
(f) CONDITIONS FOR PAYMENTS FOR COMMERCIAL ITEMS.—(1) Payments under subsection (a) for commercial items may be made under such terms and conditions as the head of the agency determines are appropriate or customary in the commercial marketplace and are in the best interests of the United States. The head of the agency shall obtain adequate security for such payments. The lien is paramount to all other liens.

(h) VESTING OF TITLE IN THE UNITED STATES.—If a contract paid by a method authorized under subsection (a)(1) provides for title to property to vest in the United States, the title to the property shall vest in accordance with the terms of the contract, regardless of any security interest in the property that is asserted before or after the contract is entered into.

The Secretary of each military department shall transmit the annual report of such department to the Secretary of Defense. Each such report shall be available to any member of Congress upon request.

(a)(1) In addition to the advocates for competition established or designated pursuant to section 1705(a) of title 41, the Secretary of Defense shall designate an officer or employee of the Defense Logistics Agency to serve as the advocate for competition of the agency.

(b) Each advocate for competition of an agency named in section 2303(a) of this title shall be a general or flag officer if a member of the armed forces or a grade GS–16 or above under specified sections of Title 5, Government Organization and Employees, or under contract to the agency.

**AMENDMENTS**

Subsec. (a)(2). Pub. L. 111–350, §5(b)(17)(B), substituted “section 1705(b) and (c) of title 41” for “sections 20(b) and 20(c) of the Office of Federal Procurement Policy Act (41 U.S.C. 418(b), (c))”.

1994—Subsec. (c). Pub. L. 103–355 struck out subsec. (c) which read as follows: “Each advocate for competition of the Defense Logistics Agency to serve as the advocate for competition of the agency shall designate an officer or employee of the Defense Logistics Agency to serve as the advocate for competition of the agency.

**EFFECTIVE DATE**

Section 1218(c)(1) of Pub. L. 98–525 provided that: “Section 2318 of title 10, United States Code (as added by subsection (a)), shall take effect on April 1, 1985.”

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 5329 (title I, §101(c)(1)) of Pub. L. 101–509, set out in a note under section 5376 of Title 5.

§ 2319. Encouragement of new competitors

(a) In this section, the term “qualification requirement” means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

(b) Except as provided in subsection (c), the head of the agency shall, before establishing a qualification requirement—

(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

(2) specify in writing and make available to a potential offeror upon request all requirements which a prospective offeror, or its product, must satisfy in order to become qualified, such requirements to be as least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

(3) specify an estimate of the costs of testing and evaluation likely to be incurred by a potential offeror in order to become qualified;

(4) ensure that a potential offeror is provided, upon request and on a reimbursable basis, a prompt opportunity to demonstrate its ability to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned or of another agency obtained through interagency agreement, or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency);

(5) if testing and evaluation services are provided under contract to the agency for the purposes of clause (4), provide to the extent possible that such services be provided by a contractor who is not expected to benefit from an absence of additional qualified sources and
who shall be required in such contract to adhere to any restriction on technical data asserted by the potential offeror seeking qualification; and

(5) ensure that a potential offeror seeking qualification is promptly informed as to whether qualification is attained and, in the event qualification is not attained, is promptly furnished specific information why qualification was not attained.

(c)(1) Subsection (b) of this section does not apply with respect to a qualification requirement established by statute or administrative action before October 19, 1984, unless such requirement is a qualified products list.

(2)(A) Except as provided in subparagraph (B), if it is unreasonable to specify the standards for qualification which a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition of the procuring activity responsible for the purchase of the item subject to the qualification requirement. After considering any comments of the advocate for competition reviewing such determination, the head of the purchasing office may waive the requirements of clauses (2) through (6) of subsection (b) for up to two years with respect to the item subject to the qualification requirement.

(B) The waiver authority provided in this paragraph does not apply with respect to a qualified products list.

(3) A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror (A) is not on a qualified bidders list, qualified manufacturers list, or qualified products list, or (B) has not been identified as meeting a qualification requirement established after October 19, 1984, if the potential offeror can demonstrate to the satisfaction of the contracting officer (or, in the case of a contract for the procurement of an aviation critical safety item or ship critical safety item, the head of the design control activity for such item) that the potential offeror or its product meets the standards established for qualification or can meet such standards before the date specified for award of the contract.

(4) Nothing contained in this subsection requires the referral of an offer to the Small Business Administration pursuant to section 8(b)(7) of the Small Business Act (15 U.S.C. 637(b)(7)) if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

(5) The head of an agency need not delay a proposed procurement in order to comply with subsection (b) or in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

(6) The requirements of subsection (b) also apply before enforcement of any qualified products list, qualified manufacturers list, or qualified bidders list.

(d)(1) If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than two actual manufacturers, respectively, the head of the agency concerned shall—

(A) periodically publish notice in the Commerce Business Daily soliciting additional sources or products to seek qualification, unless the contracting officer determines that such publication would compromise national security; and

(B) bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement, but such costs may be borne only if the head of the agency determines that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to amortize the costs incurred by the agency within a reasonable period of time considering the duration and dollar value of anticipated future requirements.

(2) The head of an agency shall require a prospective contractor requesting the United States to bear testing and evaluation costs under paragraph (1)(B) to certify as to its status as a small business concern under section 3 of the Small Business Act (15 U.S.C. 632).

(e) Within seven years after the establishment of a qualification requirement under subsection (b) or within seven years following an agency's enforcement of a qualified products list, qualified manufacturers list, or qualified bidders list, any such qualification requirement shall be examined and revalidated in accordance with the requirements of subsection (b).

(f) Except in an emergency as determined by the head of the agency, whenever the head of the agency determines not to enforce a qualification requirement for a solicitation, the agency may not thereafter enforce that qualification requirement unless the agency complies with the requirements of subsection (b).

(g) DEFINITIONS.—In this section:

(1) The term ‘‘aviation critical safety item’’ means a part, an assembly, installation equipment, launch equipment, recovery equipment, or support equipment for an aircraft or aviation weapon system if the part, assembly, or equipment contains a characteristic any failure, malfunction, or absence of which could cause a catastrophic or critical failure resulting in the loss of or serious damage to the aircraft or weapon system, an unacceptable risk of personal injury or loss of life, or an uncommanded engine shutdown that jeopardizes safety.

(2) The term ‘‘ship critical safety item’’ means any ship part, assembly, or support equipment containing a characteristic the failure, malfunction, or absence of which could cause a catastrophic or critical failure resulting in loss of or serious damage to the ship or unacceptable risk of personal injury or loss of life.
§ 2320

(3) The term “design control activity”, with respect to an aviation critical safety item or ship critical safety item, means the systems command of a military department that is specifically responsible for ensuring the airworthiness of an aviation system or equipment, or the seaworthiness of a ship or ship equipment, in which such item is to be used.

AMENDMENTS

EFFECTIVE DATE

L. 98–525 provided that: “Sections 2319, 2320, and 2321 of title 10, United States Code (as added by subsection (a)), shall apply with respect to solicitations issued after the end of the one-year period beginning on the date of the enactment of this Act [Oct. 19, 1984].”

§ 2320. Rights in technical data

(a)(1) The Secretary of Defense shall prescribe regulations to define the legitimate interest of the United States and of a contractor or subcontractor in technical data pertaining to an item or process. Such regulations shall be included in regulations of the Department of Defense prescribed as part of the Federal Acquisition Regulation. Such regulations may not impair any right of the United States or of any contractor or subcontractor with respect to patents or copyrights or any other right in technical data otherwise established by law. Such regulations also may not impair the right of a contractor or subcontractor to receive from a third party a fee or royalty for the use of technical data pertaining to an item or process developed exclusively at private expense by the contractor or subcontractor, except as otherwise specifically provided by law.

(2) Such regulations shall include the following provisions:

(A) In the case of an item or process that is developed by a contractor or subcontractor ex-clusively with Federal funds (other than an item or process developed under a contract or subcontract to which regulations under section 9(j)(2) of the Small Business Act (15 U.S.C. 638(j)(2)) apply), the United States shall have the unlimited right to—

(i) use technical data pertaining to the item or process; or

(ii) release or disclose the technical data to persons outside the government or permit the use of the technical data by such persons.

(B) Except as provided in subparagraphs (C) and (D), in the case of an item or process that is developed by a contractor or subcontractor exclusively at private expense, the contractor or subcontractor may restrict the right of the United States to release or disclose technical data pertaining to the item or process to persons outside the government or permit the use of the technical data by such persons.

(C) Subparagraph (B) does not apply to technical data that—

(i) constitutes a correction or change to data furnished by the United States;

(ii) relates to form, fit, or function;

(iii) is necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

(iv) is otherwise publicly available or has been released or disclosed by the contractor or subcontractor without restriction on further release or disclosure.

(D) Notwithstanding subparagraph (B), the United States may release or disclose technical data to persons outside the Government, or permit the use of technical data by such persons, if—

(i) such release, disclosure, or use—

(I) is necessary for emergency repair and overhaul; or

(II) is a release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government that is in the interest of the United States and is required for evaluational or informational purposes;

(ii) such release, disclosure, or use is made subject to a prohibition that the person to whom the data is released or disclosed may not further release, disclose, or use such data; and

(iii) the contractor or subcontractor asserting the restriction is notified of such release, disclosure, or use.

(E) In the case of an item or process that is developed in part with Federal funds and in part at private expense, the respective rights of the United States and of the contractor or subcontractor in technical data pertaining to such item or process shall be established as early in the acquisition process as practicable (preferably during contract negotiations) and shall be based upon negotiations between the United States and the contractor, except in any case in which the Secretary of Defense determines, on the basis of criteria established in the regulations, that negotiations would not be practicable. The establishment of such
rights shall be based upon consideration of all of the following factors:

(ii) The interest of the United States in increasing competition and lowering costs by developing and locating alternative sources of supply and manufacture.

(iii) The interest of the United States in encouraging contractors to develop at private expense items for use by the Government.

(iv) Such other factors as the Secretary of Defense may prescribe.

(F) A contractor or subcontractor (or a prospective contractor or subcontractor) may not be required, as a condition of being responsive to a solicitation or as a condition for the award of a contract—

(i) to sell or otherwise relinquish to the United States any rights in technical data except—

(I) rights in technical data described in subparagraph (A) for which a use or release restriction has been erroneously asserted by a contractor or subcontractor;

(II) rights in technical data described in subparagraph (C); or

(III) under the conditions described in subparagraph (D); or

(ii) to refrain from offering to use, or from using, an item or process to which the contractor is entitled to restrict rights in data under subparagraph (B).

(G) The Secretary of Defense may—

(i) negotiate and enter into a contract with a contractor or subcontractor for the acquisition of rights in technical data not otherwise provided under subparagraph (C) or (D), if necessary to develop alternative sources of supply and manufacture;

(ii) agree to restrict rights in technical data otherwise accorded to the United States under this section if the United States receives a royalty-free license to use, release, or disclose the data for purposes of the United States (including purposes of competitive procurement); or

(iii) permit a contractor or subcontractor to license directly to a third party the use of technical data which the contractor is otherwise allowed to restrict, if necessary to develop alternative sources of supply and manufacture.

(3) The Secretary of Defense shall define the terms "developed", "exclusively with Federal funds", and "exclusively at private expense" in regulations prescribed under paragraph (1). In defining such terms, the Secretary shall specify the manner in which indirect costs shall be treated and shall specify that amounts spent for independent research and development and bid and proposal costs shall not be considered to be Federal funds for the purposes of paragraph (2)(B), but shall be considered to be Federal funds for the purposes of paragraph (2)(A).

(b) Regulations prescribed under subsection (a) shall require that, whenever practicable, a contract for supplies or services entered into by an agency named in section 2309 of this title and containing appropriate provisions relating to technical data, including provisions—

(1) defining the respective rights of the United States and the contractor or subcontractor (at any tier) regarding any technical data to be delivered under the contract and providing that, in the case of a contract for a commercial item, the item shall be presumed to be developed at private expense unless shown otherwise in accordance with section 2321(f);

(2) specifying the technical data, if any, to be delivered under the contract and delivery schedules for such delivery;

(3) establishing or referencing procedures for determining the acceptability of technical data to be delivered under the contract;

(4) establishing separate contract line items for the technical data, if any, to be delivered under the contract;

(5) to the maximum practicable extent, identifying, in advance of delivery, technical data which is to be delivered with restrictions on the right of the United States to use such data;

(6) requiring the contractor to revise any technical data delivered under the contract to reflect engineering design changes made during the performance of the contract affecting the form, fit, and function of the items specified in the contract and to deliver such revised technical data to an agency within a time specified in the contract;

(7) establishing remedies to be available to the United States when technical data required to be delivered or made available under the contract is found to be incomplete or inadequate or to not satisfy the requirements of the contract concerning technical data; and

(8) authorizing the head of the agency to withhold payments under the contract (or exercise such other remedies as the head of the agency considers appropriate) during any period if the contractor does not meet the requirements of the contract pertaining to the delivery of technical data.

(c) Nothing in this section or in section 2305(d) of this title prohibits the Secretary of Defense from—

(1) prescribing standards for determining whether a contract entered into by the Department of Defense shall provide for a time to be specified in the contract after which the United States shall have the right to use (or have used) for any purpose of the United States all technical data required to be delivered to the United States under the contract or providing for such a period of time (not to exceed 7 years) as a negotiation objective;

(2) notwithstanding any limitation upon the license rights conveyed under subsection (a)—

(A) allowing a covered Government support contractor access to and use of any technical data delivered under a contract for the sole purpose of furnishing independent
and impartial advice or technical assistance directly to the Government in support of the Government’s management and oversight of the program or effort to which such technical data relates; or

(B) allowing a covered litigation support contractor access to and use of any technical, proprietary, or confidential data delivered under a contract for the sole purpose of providing litigation support to the Government in the form of administrative, technical, or professional services during or in anticipation of litigation; or

(3) prescribing reasonable and flexible guidelines, including negotiation objectives, for the conduct of negotiations regarding the respective rights in technical data of the United States and the contractor.

(d) The Secretary of Defense shall by regulation establish programs which provide domestic business concerns an opportunity to purchase or borrow replacement parts from the United States for the purpose of design replication or modification, to be used by such concerns in the submission of subsequent offers to sell the same or like parts to the United States. Nothing in this subsection limits the authority of the head of an agency to impose restrictions on such a program related to national security considerations, inventory needs of the United States, the improbability of future purchases of the same or like parts, or any additional restriction otherwise required by law.

(e) The Secretary of Defense shall require program managers for major weapon systems and subsystems of major weapon systems to assess the long-term technical data needs of such systems and subsystems and establish corresponding acquisition strategies that provide for technical data rights needed to sustain such systems and subsystems over their life cycle. Such strategies may include the development of maintenance capabilities within the Department of Defense or competition for contracts for sustainment of such systems or subsystems. Assessments and corresponding acquisition strategies developed under this section with respect to a weapon system or subsystem shall—

(1) be developed before issuance of a contract solicitation for the weapon system or subsystem;

(2) address the merits of including a priced contract option for the future delivery of technical data that were not acquired upon initial contract award;

(3) address the potential for changes in the sustainment plan over the life cycle of the weapon system or subsystem; and

(4) apply to weapon systems and subsystems that are to be supported by performance-based logistics arrangements as well as to weapons systems and subsystems that are to be supported by other sustainment approaches.

(f) In this section, the term “covered Government support contractor” means a contractor under a contract the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government’s management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or effort), which contractor—

(1) is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(2) executes a contract with the Government agreeing to and acknowledging—

(A) that proprietary or nonpublic technical data furnished will be accessed and used only for the purposes stated in that contract;

(B) that the covered Government support contractor will enter into a non-disclosure agreement with the contractor to whom the rights to the technical data belong;

(C) that the covered Government support contractor will take all reasonable steps to protect the proprietary and nonpublic nature of the technical data furnished to the covered Government support contractor during the program or effort for the period of time in which the Government is restricted from disclosing the technical data outside of the Government;

(D) that a breach of that contract by the covered Government support contractor with regard to a third party’s ownership or rights in such technical data may subject the covered Government support contractor—

(i) to criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(ii) to civil actions for damages and other appropriate remedies by the contractor or subcontractor whose technical data is affected by the breach; and

(E) that such technical data provided to the covered Government support contractor under the authority of this section shall not be used by the covered Government support contractor to compete against the third party for Government or non-Government contracts.

(g) In this section, the term “covered litigation support contractor” means a contractor (including an expert or technical consultant) under contract with the Department of Defense to provide litigation support, which contractor executes a contract with the Government agreeing to and acknowledging—

(1) that proprietary or nonpublic technical data furnished will be accessed and used only for the purposes stated in that contract;

(2) that the covered litigation support contractor will take all reasonable steps to protect the proprietary and nonpublic nature of the technical data furnished to the covered litigation support contractor; and

(3) that such technical data provided to the covered litigation support contractor under the authority of this section shall not be used by the covered litigation support contractor to compete against the third party for Government or non-Government contracts.

"(2) require that specific rights in technical data be established during agreement negotiations and be based upon negotiations between the United States and the potential party to the agreement, except in any case in which the Secretary of Defense determines, on the basis of criteria established in such policy guidance, that the establishment of rights during or through agreement negotiations would not be practicable; and

"(3) require the program manager for a major weapon system or an item of personnel protective equipment that is to be developed using a non-FAR agreement to assess the long-term technical data needs of such system or item.

"(b) Requirement to Include Provisions in Non-FAR Agreements.—A non-FAR agreement shall contain appropriate provisions relating to rights in technical data consistent with the policy guidance issued pursuant to subsection (a).

"(c) Definitions.—In this section:

"(1) the term 'non-FAR agreement' means an agreement that is not subject to laws pursuant to which the Federal Acquisition Regulation is prescribed, including—

"(A) a transaction authorized under section 2371 of title 10, United States Code; and

"(d) Report on Life Cycle Planning for Technical Data Needs.—Not later than 270 days after the date of enactment of this Act [Oct. 14, 2008], the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the implementation of the requirements in section 2320(e) of title 10, United States Code, for the assessment of long-term technical data needs to sustain major weapon systems. Such report shall include—

"(1) a description of all relevant guidance or policies issued;

"(2) a description of the extent to which program managers have received training to better assess the long-term technical data needs of major weapon systems and subsystems; and

"(3) a description of one or more examples, if any, where a priced contract option has been used on major weapon systems for the future delivery of technical data and one or more examples, if any, where all relevant technical data were acquired upon contract award."

CONTROL OF GOVERNMENT PERSONNEL WORK PRODUCT

Pub. L. 102–190, div. A, title VII, § 906, Dec. 5, 1991, 105 Stat. 1423, required Secretary of Defense to prescribe regulations ensuring that any Department of Defense employee or member of the armed forces with an appropriate security clearance who is engaged in oversight of an acquisition program maintains control of the employee’s or member’s work product, provided that procedures for protecting unauthorized disclosure of classified information by contractors do not require such an employee or member to relinquish control of his or her work product to any such contractor, required implementing regulations not later than 120 days after Dec. 5, 1991, and provided that this section would cease to be effective on Sept. 30, 1992.

§ 2321. Validation of proprietary data restrictions

(a) CONTRACTS COVERED BY SECTION.—This section applies to any contract for supplies or services entered into by the Department of Defense that includes provisions for the delivery of technical data.

(b) CONTRACTOR JUSTIFICATION FOR RESTRICTIONS.—A contract subject to this section shall provide that a contractor under the contract and any subcontractor under the contract at any tier shall be prepared to furnish to the contracting officer a written justification for any use or release restriction (as defined in subsection (i)) asserted by the contractor or subcontractor.

(c) REVIEW OF RESTRICTIONS.—(1) The Secretary of Defense shall ensure that there is a thorough review of the appropriateness of any use or release restriction asserted with respect to technical data by a contractor or subcontractor at any tier under a contract subject to this section.

(2) The review of an asserted use or release restriction under paragraph (1) shall be conducted before the end of the three-year period beginning on the later of—

(A) the date on which final payment is made on the contract under which the technical data is required to be delivered; or

(B) the date on which the technical data is delivered under the contract.

(d) CHALLENGES TO RESTRICTIONS.—(1) The Secretary of Defense may challenge a use or release restriction asserted with respect to technical data by a contractor or subcontractor at any tier under a contract subject to this section if the Secretary finds that—

(A) reasonable grounds exist to question the current validity of the asserted restriction; and

(B) the continued adherence by the United States to the asserted restriction would make it impracticable to procure the item to which the technical data pertain competitively at a later time.

(2)(A) Except as provided in subparagraph (C), a challenge to an asserted use or release restriction may not be made under paragraph (1) after the end of the three-year period described in subparagraph (B) unless the technical data involved—

(i) are publicly available;

(ii) have been furnished to the United States without restriction; or

(iii) have been otherwise made available without restriction.

(B) The three-year period referred to in subparagraph (A) is the three-year period beginning on the later of—

(i) the date on which final payment is made on the contract under which the technical data are required to be delivered; or

(ii) the date on which the technical data are delivered under the contract.

(C) The limitation in this paragraph shall not apply to a case in which the Secretary finds that reasonable grounds exist to believe that a contractor or subcontractor has erroneously asserted a use or release restriction with regard to technical data described in section 2320(a)(2)(A) of this title.

(3) If the Secretary challenges an asserted use or release restriction under paragraph (1), the Secretary shall provide written notice of the challenge to the contractor or subcontractor asserting the restriction. Any such notice shall—

(A) state the specific grounds for challenging the asserted restriction;

(B) require a response within 60 days justifying the current validity of the asserted restriction; and

(C) state that evidence of a justification described in paragraph (4) may be submitted.

(4) It is a justification of an asserted use or release restriction challenged under paragraph (1) that, within the three-year period preceding the challenge to the restriction, the Department of Defense validated a restriction identical to the asserted restriction if—

(A) such validation occurred after a challenge to the validated restriction under this subsection; and

(B) the validated restriction was asserted by the same contractor or subcontractor (or a licensee of such contractor or subcontractor).

(e) TIME FOR CONTRACTORS TO SUBMIT JUSTIFICATIONS.—If a contractor or subcontractor asserting a use or release restriction submits to the contracting officer a written request, showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, additional time to adequately permit the submission of such justification shall be provided by the contracting officer as appropriate. If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the first in time challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each such challenge.

(f) PRESCRIPTION OF DEVELOPMENT EXCLUSIVELY AT PRIVATE EXPENSE.—(1) Except as provided in paragraph (2), in the case of a challenge to a use or release restriction that is asserted
with respect to technical data of a contractor or subcontractor under a contract for commercial items, the contracting officer shall presume that the contractor or subcontractor has justified the restriction on the basis that the item was developed exclusively at private expense, whether or not the contractor or subcontractor submits a justification in response to the notice provided pursuant to subsection (d)(3). In such a case, the challenge to the use or release restriction may be sustained only if information provided by the Department of Defense demonstrates that the item was not developed exclusively at private expense.

(2) In the case of a challenge to a use or release restriction that is asserted with respect to technical data of a contractor or subcontractor (other than technical data for a commercially available off-the-shelf item as defined in section 35(c) of the Office of Federal Procurement Policy Act (41 U.S.C. 431(c))) for a major system or a subsystem or component thereof, the contracting officer shall, when a decision will be issued.

(a) asserting the restriction of the time within which a decision will be issued.

(b) submitting a justification in response to the notice provided pursuant to subsection (d)(3), the contracting officer shall issue a decision or notify the party within 60 days of receipt of any justification in response to the notice provided pursuant to subsection (d)(3), the contracting officer shall issue a decision or notify the party.

(c) decision by contracting officer.—(1) Upon a failure by the contractor or subcontractor to submit any response under subsection (d)(3), the contracting officer shall issue a decision pertaining to the validity of the asserted restriction.

(2) After review of any justification submitted in response to the notice provided pursuant to subsection (d)(3), the contracting officer shall, within 60 days of receipt of any justification submitted, issue a decision or notify the party asserting the restriction of the time within which a decision will be issued.

(h) claims.—If a claim pertaining to the validity of the asserted restriction is submitted in writing to a contracting officer by a contractor or subcontractor at any tier, such claim shall be considered a claim within the meaning of chapter 71 of title 41.

(1) rights and liability upon final disposition.—(1) If, upon final disposition, the contracting officer’s challenge to the use or release restriction is sustained—

(A) the restriction shall be cancelled; and

(B) the United States shall be liable for payment to the party asserting the restriction for fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the party asserting the restriction in defending the asserted restriction if the challenge by the United States is found not to be made in good faith.

(j) use or release restriction defined.—In this section, the term “use or release restriction”, with respect to technical data delivered to the United States under a contract subject to this section, means a restriction by the contractor or subcontractor on the right of the United States—

(1) to use such technical data; or

(2) to release or disclose such technical data to persons outside the Government or permit the use of such technical data by persons outside the Government.

(A) small business concerns, including mass media and advertising firms, owned and controlled by socially and economically disadvantaged individuals (as such term is used in section 8(d) of the Small Business Act (15 U.S.C. 637(d)) and regulations issued under that section), the majority of the earnings of which directly accrue to such individuals, and qualified HUBZone small business concerns (as defined in section 3(p) of the Small Business Act);

(B) historically Black colleges and universities, including any nonprofit research institution that was an integral part of such a college or university before November 14, 1986;

(C) minority institutions (as defined in section 305(3) of the Higher Education Act of 1965 (20 U.S.C. 1027k));

(E) Native Hawaiian-serving institutions and Alaska Native-serving institutions (as defined in section 317 of the Higher Education Act of 1965).

(2) The head of the agency shall establish a specific goal within the overall 5 percent goal for the award of prime contracts and subcontracts to historically Black colleges and universities, Hispanic-serving institutions, Native Hawaiian-serving institutions and Alaska Native-serving institutions, and minority institutions in order to increase the participation of such colleges and universities and institutions in the program provided for by this section.

(3) The Federal Acquisition Regulation shall provide procedures or guidelines for contracting officers to set goals which agency prime contractors that are required to submit subcontracting plans under section 8(d)(4)(B) of the Small Business Act (15 U.S.C. 637(d)(4)(B)) in furtherance of the agency’s program to meet the 5 percent goal specified in paragraph (1) should meet in awarding subcontracts, including subcontracts to minority-owned media, to entities described in that paragraph.

(b) Amount.—(1) With respect to the Department of Defense, the requirements of subsection (a) for any fiscal year apply to the combined total of the following amounts:

(A) Funds obligated for contracts entered into with the Department of Defense for such fiscal year for procurement.

(B) Funds obligated for contracts entered into with the Department of Defense for such fiscal year for research, development, test, and evaluation.

(C) Funds obligated for contracts entered into with the Department of Defense for such fiscal year for military construction.

(D) Funds obligated for contracts entered into with the Department of Defense for operation and maintenance.

(2) With respect to the Coast Guard, the requirements of subsection (a) for any fiscal year apply to the total value of all prime contract and subcontract awards entered into by the Coast Guard for such fiscal year.

(3) With respect to the National Aeronautics and Space Administration, the requirements of subsection (a) for any fiscal year apply to the total value of all prime contract and subcontract awards entered into by the National Aeronautics and Space Administration for such fiscal year.

(c) Types of assistance.—(1) To attain the goal specified in subsection (a)(1), the head of an agency shall provide technical assistance to the entities referred to in that subsection and, in the case of historically Black colleges and universities, Hispanic-serving institutions, Native Hawaiian-serving institutions and Alaska Native-serving institutions, and minority institutions, shall also provide infrastructure assistance.

(2) Technical assistance provided under this section shall include information about the program, advice about agency procurement procedures, instruction in preparation of proposals, and other such assistance as the head of the agency considers appropriate. If the resources of the agency are inadequate to provide such assistance, the head of the agency may enter into contracts with minority private sector entities with experience and expertise in the design, development, and delivery of technical assistance services to eligible individuals, business firms and institutions, acquisition agencies, and prime contractors. Agency contracts with such entities shall be awarded annually, based upon, among other things, the number of minority small business concerns, historically Black colleges and universities, and minority institutions that each such entity brings into the program.

(3) Infrastructure assistance provided by the Department of Defense under this section to historically Black colleges and universities, to Hispanic-serving institutions, to Native Hawaiian-serving institutions and Alaska Native-serving institutions, and to minority institutions may include programs to do the following:

(A) Establish and enhance undergraduate, graduate, and doctoral programs in scientific disciplines critical to the national security functions of the Department of Defense.
(B) Make Department of Defense personnel available to advise and assist faculty at such colleges and universities in the performance of defense research and in scientific disciplines critical to the national security functions of the Department of Defense.

(C) Establish partnerships between defense laboratories and historically Black colleges and universities and minority institutions for the purpose of training students in scientific disciplines critical to the national security functions of the Department of Defense.

(D) Award scholarships, fellowships, and the establishment of cooperative work-education programs in scientific disciplines critical to the national security functions of the Department of Defense.

(E) Attract and retain faculty involved in scientific disciplines critical to the national security functions of the Department of Defense.

(F) Equip and renovate laboratories for the performance of defense research.

(G) Expand and equip Reserve Officer Training Corps activities devoted to scientific disciplines critical to the national security functions of the Department of Defense.

(H) Provide other assistance as the Secretary determines appropriate to strengthen defense research and in scientific disciplines critical to the national security functions of the Department of Defense or the college infrastructure to support the performance of defense research.

(4) The head of the agency shall, to the maximum extent practicable, carry out programs under this section at colleges, universities, and institutions that agree to bear a substantial portion of the cost associated with the programs.

(d) APPLICABILITY.—Subsection (a) does not apply to the Department of Defense—

(1) to the extent to which the Secretary of Defense determines that compelling national security considerations require otherwise; and

(2) if the Secretary notifies Congress of such determination and the reasons for such determination.

(e) COMPETITIVE PROCEDURES AND ADVANCE PAYMENTS.—To attain the goal of subsection (a):

(1)(A) The head of the agency shall—

(i) ensure that substantial progress is made in increasing awards of agency contracts to entities described in subsection (a)(1);

(ii) exercise his utmost authority, resourcefulness, and diligence;

(iii) in the case of the Department of Defense, actively monitor and assess the progress of the military departments, Defense Agencies, and prime contractors of the Department of Defense in attaining such goal; and

(iv) in the case of the Coast Guard and the National Aeronautics and Space Administration, actively monitor and assess the progress of the prime contractors of the agency in attaining such goal.

(B) In making the assessment under clauses (iii) and (iv) of subparagraph (A), the head of the agency shall evaluate the extent to which use of the authority provided in paragraphs (2) and (3) and compliance with the requirement in paragraph (4) is effective for facilitating the attainment of the goal.

(2) To the extent practicable and when necessary to facilitate achievement of the 5 percent goal described in subsection (a), the head of an agency shall make advance payments under section 2307 of this title to contractors described in subsection (a). The Federal Acquisition Regulation shall provide guidance to contracting officers for making advance payments to entities described in subsection (a)(1) under such section.

(3)(A) To the extent practicable and when necessary to facilitate achievement of the 5 percent goal described in subsection (a), the head of an agency may, except as provided in subparagraph (B), enter into contracts using less than full and open competitive procedures (including awards under section 8(a) of the Small Business Act) and partial set asides for entities described in subsection (a)(1), but shall pay a price not exceeding fair market cost by more than 10 percent in payment per contract to contractors or subcontractors described in subsection (a). The head of an agency shall adjust the percentage specified in the preceding sentence for any industry category if available information clearly indicates that nondisadvantaged small business concerns in such industry category are generally being denied a reasonable opportunity to compete for contracts because of the use of that percentage in the application of this paragraph.

(B) the Secretary of Defense may not exercise the authority under subparagraph (A) to enter into a contract for a price exceeding fair market cost if the regulations implementing that authority are suspended under clause (ii) with respect to that contract.

(ii) At the beginning of each fiscal year, the Secretary shall determine, on the basis of the most recent data, whether the Department of Defense achieved the 5 percent goal described in subsection (a) during the fiscal year to which the data relates. Upon determining that the Department achieved the goal for the fiscal year to which the data relates, the Secretary shall issue a suspension, in writing, of the regulations implementing such authority under subparagraph (A). Such a suspension shall be in effect for the one-year period beginning 30 days after the date on which the suspension is issued and shall apply with respect to contracts awarded pursuant to solicitations issued during that period.

(iii) For purposes of clause (ii), the term “most recent data” means data relating to the most recent fiscal year for which data are available.

(4) To the extent practicable, the head of an agency shall maximize the number of minority small business concerns, historically Black colleges and universities, and minority institutions participating in the program.

(5) Each head of an agency shall prescribe regulations which provide for the following:

(A) Procedures or guidance for contracting officers to provide incentives for prime contractors referred to in subsection (a)(3) to increase subcontractor awards to entities described in subsection (a)(1).
§ 2323

(A) A requirement that contracting officers emphasize the award of contracts to entities described in subsection (a)(1) in all industry categories, including those categories in which such entities have not traditionally dominated.

(C) Guidance to agency personnel on the relationship among the following programs:

(i) The program implementing this section.

(ii) The program established under section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(iii) The small business set-aside program established under section 15(a) of the Small Business Act (15 U.S.C. 644(a)).

(D) With respect to an agency procurement which is reasonably likely to be set aside for entities described in subsection (a)(1), a requirement that (to the maximum extent practicable) the procurement be designated as such a set-aside before the solicitation for the procurement is issued.

(E) Policies and procedures which, to the maximum extent practicable, will ensure that current levels in the number or dollar value of contracts awarded under the program established under section 8(a) of the Small Business Act (15 U.S.C. 637(a)) and under the small business set-aside program established under section 15(a) of the Small Business Act (15 U.S.C. 644(a)) are maintained and that every effort is made to provide new opportunities for contract awards to eligible entities, in order to meet the goal of subsection (a).

(F) Implementation of this section in a manner which will not alter the procurement process under the program established under section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(G) A requirement that one factor used in evaluating the performance of a contracting officer be the ability of the officer to increase contract awards to entities described in subsection (a)(1).

(H) Increased technical assistance to entities described in subsection (a)(1).

(f) Penalties and Regulations Relating to Status.—(1) Whoever for the purpose of securing a contract or subcontract under subsection (a) misrepresents the status of any concern or person as a small business concern owned and controlled by a minority (as described in subsection (a)) or as a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act), shall be punished by imprisonment for not more than one year, or a fine under title 18, or both.

(2) The Federal Acquisition Regulation shall prohibit awarding a contract under this section to an entity described in subsection (a)(1) unless the entity agrees to comply with the requirements of section 15(a)(1) of the Small Business Act (15 U.S.C. 644(a)(1)).

(g) Industry Categories.—(1) To the maximum extent practicable, the head of the agency shall—

(A) ensure that no particular industry category bears a disproportionate share of the contracts awarded to attain the goal established by subsection (a); and

(B) ensure that contracts awarded to attain the goal established by subsection (a) are made across the broadest possible range of industry categories.

(2) Under procedures prescribed by the head of the agency, a person may request the Secretary to determine whether the use of small disadvantaged business set asides by a contracting activity of the agency has caused a particular industry category to bear a disproportionate share of the contracts awarded to attain the goal established for that contracting activity for the purposes of this section. Upon making a determination that a particular industry category is bearing a disproportionate share, the head of the agency shall take appropriate actions to limit the contracting activity’s use of set asides in awarding contracts in that particular industry category.

(h) Compliance With Subcontracting Plan Requirements.—(1) The Federal Acquisition Regulation shall contain regulations to ensure that potential contractors submitting sealed bids or competitive proposals to the agency for procurement contracts to be awarded under the program provided for by this section are complying with applicable subcontracting plan requirements of section 8(d) of the Small Business Act (15 U.S.C. 637(d)).

(2) The regulations required by paragraph (1) shall ensure that, with respect to a sealed bid or competitive proposal for which the bidder or offeror is required to negotiate or submit a subcontracting plan under section 8(d) of the Small Business Act (15 U.S.C. 637(d)), the subcontracting plan shall be a factor in evaluating the bid or proposal.

(i) Annual Report.—(1) Not later than December 15 of each year, the head of the agency shall submit to Congress a report on the progress of the agency toward attaining the goal of subsection (a) during the preceding fiscal year.

(2) The report required under paragraph (1) shall include the following:

(A) A full explanation of any progress toward attaining the goal of subsection (a).

(B) A plan to achieve the goal, if necessary.

CODIFICATION

AMENDMENTS

§ 2324. Allowable costs under defense contracts

(a) INDIRECT COST THAT VIOLATES A FAR COST PRINCIPLE.—The head of an agency shall require that a covered contract provide that if the contractor submits to the agency a proposal for settlement of indirect costs incurred by the contractor for any period after such costs have been accrued and if that proposal includes the submission of a cost which is unallowable because the cost violates a cost principle in the Federal Acquisition Regulation or applicable agency supplement to the Federal Acquisition Regulation, the cost shall be disallowed.

(b) PENALTY FOR VIOLATION OF COST PRINCIPLE.—(1) If the head of the agency determines that a cost submitted by a contractor in its proposal for settlement is expressly unallowable under a cost principle referred to in subsection (a) that defines the allowability of specific selected costs, the head of the agency shall assess a penalty against the contractor in an amount equal to—

(A) the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted; plus

(B) interest (to be computed based on provisions in the Federal Acquisition Regulation) to compensate the United States for the use of any funds which a contractor has been paid in excess of the amount to which the contractor was entitled.

(2) If the head of the agency determines that a proposal for settlement of indirect costs submitted by a contractor includes a cost determined to be unallowable in the case of such contractor before the submission of such proposal, the head of the agency shall assess a penalty against the contractor in an amount equal to two times the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted.

(c) WAIVER OF PENALTY.—The Federal Acquisition Regulation shall provide for a penalty under subsection (b) to be waived in the case of a contractor’s proposal for settlement of indirect costs when—

(2) the amount of unallowable costs subject to the penalty is insignificant; or

(3) the contractor demonstrates, to the contracting officer’s satisfaction, that—

(A) it has established appropriate policies and personnel training and an internal control and review system that provide assurances that unallowable costs subject to penalties are precluded from being included in the contractor’s proposal for settlement of indirect costs; and

(B) the unallowable costs subject to the penalty were inadvertently incorporated into the proposal.

(d) APPLICABILITY OF CONTRACT DISPUTES PROCEDURE TO DISALLOWANCE OF COST AND ASSESS-
MENT OF PENALTY.—An action of the head of an agency under subsection (a) or (b)—
(1) shall be considered a final decision for the purposes of section 7103 of title 41; and
(2) is appealable in the manner provided in section 7104(a) of title 41.

(e) SPECIFIC COSTS NOT ALLOWABLE.—(1) The following costs are not allowable under a covered contract:
(A) Costs of entertainment, including amusement, diversion, and social activities and any costs directly associated with such costs (such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities).
(B) Costs incurred to influence (directly or indirectly) legislative action on any matter pending before Congress, a State legislature, or a legislative body of a political subdivision of a State.

(D) Payments of fines and penalties resulting from violations of, or failure to comply with, Federal, State, local, or foreign laws and regulations, except when incurred as a result of compliance with specific terms and conditions of the contract or specific written instructions from the contracting officer authorizing in advance such payments in accordance with applicable provisions of the Federal Acquisition Regulation.

(ii) is paid to the employee contingent upon, and following, a change in management control over, or ownership of, the contractor or a substantial portion of the contractor’s assets.
(L) Costs of commercial insurance that protects against the costs of the contractor for correction of the contractor’s own defects in materials or workmanship.
(M) Costs of severance pay paid by the contractor to foreign nationals employed by the contractor under a service contract performed outside the United States, to the extent that the amount of severance pay paid in any case exceeds the amount paid in the industry involved under the customary or prevailing practice for firms in that industry providing similar services in the United States, as determined under the Federal Acquisition Regulation.

(N) Costs of severance pay paid by the contractor to a foreign national employed by the contractor under a service contract performed in a foreign country if the termination of the employment of the foreign national is the result of the closing of, or the curtailment of activities at, a United States military facility in that country at the request of the government of that country.

(O) Costs incurred by a contractor in connection with any criminal, civil, or administrative proceeding commenced by the United States or a State, to the extent provided in subsection (k).

The Secretary may include such a provision in a military banking contract only if the Secretary determines, with respect to that contract, that the contractor has taken (or has established plans to take) appropriate actions within the contractor’s control to minimize the amount and number of incidents of the payment of severance pay by the contractor to employees under the contract who are foreign nationals.

(B) In subparagraph (A):
(i) The term “military banking contract” means a contract between the Secretary and a financial institution under which the financial institution operates a military banking facility outside the United States for use by members of the armed forces stationed or deployed outside the United States and other authorized personnel.
(ii) The term “mandated foreign national severance pay” means severance pay paid by a contractor to a foreign national employee the payment of which by the contractor is required in order to comply with a law that is generally applicable to a significant number of businesses in the country in which the foreign national receiving the payment performed services under the contract.

(C) Subparagraph (A) does not apply to a contract with a financial institution that is owned or controlled by citizens or nationals of a foreign country, as determined by the Secretary of Defense. Such a determination shall be made in accordance with the criteria set out in paragraph (1) of section 4(g) of the Buy American Act (as added by section 7002(2) of the Omnibus
Trade and Competitiveness Act of 1988) and the policy guidance referred to in paragraph (2)(A) of that section.

(3)(A) Pursuant to the Federal Acquisition Regulation and subject to the availability of appropriate funds, the head of an agency awarding a covered contract (other than a contract to which paragraph (2) applies) may waive the application of the provisions of paragraphs (1)(M) and (1)(N) to that contract if the head of the agency determines that—

(i) the application of such provisions to the contract would adversely affect the continuation of a program, project, or activity that provides significant support services for members of the armed forces stationed or deployed outside the United States;

(ii) the contractor has taken (or has established plans to take) appropriate actions within the contractor’s control to minimize the amount and number of incidents of the payment of severance pay by the contractor to employees under the contract who are foreign nationals; and

(iii) the payment of severance pay is necessary in order to comply with a law that is generally applicable to a significant number of businesses in the country in which the foreign national receiving the payment performed services under the contract or is necessary to comply with a collective bargaining agreement.

(B) The head of an agency shall include in the solicitation for a covered contract a statement indicating—

(i) that a waiver has been granted under subparagraph (A) for the contract; or

(ii) whether the head of the agency will consider granting such a waiver, and, if the agency head will consider granting a waiver, the criteria to be used in granting the waiver.

(C) The head of an agency shall make the final determination regarding whether to grant a waiver under subparagraph (A) with respect to a covered contract before award of the contract.

(4) The provisions of the Federal Acquisition Regulation implementing this section may establish appropriate definitions, exclusions, limitations, and qualifications.

(f) REQUIRED REGULATIONS.—(1) The Federal Acquisition Regulation shall contain provisions on the allowability of contractor costs. Such provisions shall define in detail and in specific terms those costs which are unallowable, in whole or in part, under covered contracts. (4) The Federal Acquisition Regulation shall require that all categories of costs designated in the report of the contract auditor as questioned with respect to a proposal for settlement be resolved in such a manner that the amount of the individual questioned costs that are paid will be reflected in the settlement.

(g) APPLICABILITY OF REGULATIONS TO SUBCONTRACTORS.—The regulations referred to in subsections (e) and (f) shall require prime contractors of a covered contract, to the maximum extent practicable, to apply the provisions of such regulations to all subcontractors of the covered contract.

(h) CONTRACTOR CERTIFICATION REQUIRED.—(1) A proposal for settlement of indirect costs applicable to a covered contract shall include a certification by an official of the contractor that, to the best of the certifying official’s knowledge and belief, all indirect costs included in the proposal are allowable. Any such certification shall be in a form prescribed in the Federal Acquisition Regulation.

(2) The head of the agency or the Secretary of the military department concerned may, in an exceptional case, waive the requirement for certification under paragraph (1) in the case of any contract if the head of the agency or the Secretary—

(B) states in writing the reasons for that determination and makes such determination available to the public.

(i) PENALTIES FOR SUBMISSION OF COST KNOWN AS NOT ALLOWABLE.—The submission to an agency of a proposal for settlement of costs for any period after such costs have been accrued that includes a cost that is expressly specified by statute or regulation as being unallowable, with the knowledge that such cost is unallowable, shall be subject to the provisions of section 287 of title 18 and section 3729 of title 31.

(j) CONTRACTOR TO HAVE BURDEN OF PROOF.—In a proceeding before the Armed Services Board
Federal Claims, or any other Federal court in
which the reasonableness of indirect costs for

Except as otherwise provided in this subsection,
costs incurred by a contractor in connection
with any criminal, civil, or administrative pro-

under a covered contract if the proceeding (A)
relates to a violation of, or failure to comply
with, a Federal or State statute or regulation,
and (B) results in a disposition described in
paragraph (2).

(2) A disposition referred to in paragraph (1)(B)
is any of the following:
   (A) In the case of a criminal proceeding, a

       by reason of the violation or failure referred
       to in paragraph (1).
   (E) A disposition of the proceeding by con-

(3) In the case of a proceeding referred to in
paragraph (1) that is commenced by the United
States and is resolved by consent or compromise
pursuant to an agreement entered into by a con-

such proceeding that are otherwise not allow-
able as reimbursable costs under such paragraph
may be allowed to the extent specifically pro-
vided in such agreement.

(4) In the case of a proceeding referred to in
paragraph (1) that is commenced by a State, the
head of the agency or Secretary of the military
department concerned that awarded the covered
contract involved in the proceeding may allow
the costs incurred by the contractor in connec-
tion with such proceeding as reimbursable costs
if the agency head or Secretary determines, in

(5)(A) Except as provided in subparagraph (C),
costs incurred by a contractor in connection

(ii) Regulations issued for the purpose of
clause (i) shall provide for appropriate consider-

(C) In the case of a proceeding referred to in
subparagraph (A), contractor costs otherwise al-

       firm fixed-price contract for the purchase of
       commercial items.

   (B) Effective on October 1 of each year that

HISTORICAL AND REVISION NOTES

Section 1(f)(2) of the bill would transfer the provisions of existing 10 U.S.C. 2399 to a new subparagraph (L) of 10 U.S.C. 2324(e)(1). The existing section 2399 prohibits the use of appropriated funds to reimburse a defense contractor for insurance against the contractor’s costs of correcting defects in the contractor’s materials or workmanship. The transfer would add the provision to the list of contractor costs which are not allowable as expenses which may be paid by the Department of Defense under a contract. This allowable cost limitation applies only to contracts for more than $100,000 other than fixed price contracts without cost incentives are covered by the existing section 2399 and would not be covered by the provision as transferred. The committee determined that in practice the existing section 2399 would not have significant applicability to such contracts and that the transfer is appropriate as part of this bill.
