Except as provided in subsection (b) of this section, the costs of decontamination, decommissioning, reclamation, and other remedial action at an active uranium or thorium processing site shall be borne by persons licensed under section 2092 or 2111 of this title for any activity at such site which results or has resulted in the production of byproduct material.

(b) Reimbursement

(1) In general

The Secretary of Energy shall, subject to paragraph (2), reimburse at least annually a licensee described in subsection (a) of this section for such portion of the costs described in such subsection as are—

(ii) incurred by a licensee after December 31, 2007, in accordance with a plan for subsequent decontamination, decommissioning, reclamation, and other remedial action approved by the Secretary.

(2) Amount

(A) To individual active site uranium licensees

The amount of reimbursement paid to any licensee under paragraph (1) shall be determined by the Secretary in accordance with regulations issued pursuant to section 2296a-1 of this title and, for uranium mill tailings only, shall not exceed an amount equal to \$6.25 multiplied by the dry short tons of byproduct material located on October 24, 1992, at the site of the activities of such licensee described in subsection (a) of this section, and generated as an incident of sales to the United States.

(B) To all active site uranium licensees

Payments made under paragraph (1) to active site uranium licensees shall not in the aggregate exceed \$350,000,000.

(ii) In the event of excess

If the Secretary determines under clause (i) that there is an excess, the Secretary may allow reimbursement in excess of \$6.25 per dry short ton on a prorated basis at such sites where the costs reimbursable under subsection (b)(1) of this section exceed the \$6.25 per dry short ton limitation described in paragraph (2) of such subsection.
