The Secretary shall review grievance procedures established by the planning council and grantees under this subpart to determine if such procedures are adequate. In making such a determination, the Secretary shall assess whether such procedures permit legitimate grievances to be filed, evaluated, and resolved at the local level.

**Effective Date of 1996 Amendment**  

§ 300ff–13. Type and distribution of grants

(a) Grants based on relative need of area

(1) In general

In carrying out section 300ff–11(a) of this title, the Secretary shall make a grant for each eligible area for which an application under section 300ff–15(a) of this title has been approved. Each such grant shall be made in an amount determined in accordance with paragraph (9).

(2) Expedited distribution

Not later than 60 days after an appropriation becomes available to carry out this subpart for a fiscal year, the Secretary shall, except in the case of waivers granted under section 300ff–15(c) of this title, disburse 66% percent of the amount made available under section 300ff–20(b) of this title for carrying out this subpart for such fiscal year through grants to eligible areas under section 300ff–11(a) of this title, in accordance with paragraphs (3) and (4).

(3) Amount of grant

(A) Subject to the extent of amounts made available in appropriations Acts, a grant made for purposes of this paragraph to an eligible area shall be made in an amount equal to the product of—

(i) an amount equal to the amount available for distribution under paragraph (2) for the fiscal year involved; and

(ii) the percentage constituted by the ratio of the distribution factor for the eligible area to the sum of the respective distribution factors for all eligible areas;

which product shall then, as applicable, be increased under paragraph (4).

(B) Distribution factor

For purposes of subparagraph (A)(ii), the term “distribution factor” means an amount equal to the living cases of HIV/AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) in the eligible area involved, as determined under subparagraph (C).

(C) Living cases of HIV/AIDS

(i) Requirement of names-based reporting

Except as provided in clause (ii), the number determined under this subparagraph for an eligible area for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV/AIDS that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

(ii) Transition period; exemption regarding non-AIDS cases

For each of the fiscal years 2007 through 2012, an eligible area is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living names-based non-AIDS cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State in which the area is located, subject to clause (viii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, in consultation with the chief executive of the State in which the area is located, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

(iii) Requirements for exemption for fiscal year 2007

For fiscal year 2007, an exemption under clause (ii) for an eligible area applies only if, by October 1, 2006—

(I)(aa) the State in which the area is located had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and

(II) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(iv) Requirement for exemption as of fiscal year 2008

For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for an eligible area applies only if, as of April 1, 2008, the State in which the area is located is substantially in compliance with the agreement under clause (iii)(II).

(v) Progress toward names-based reporting

For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for an eligible area if the State in which the area is located submitted a plan under clause

1 See References in Text note below.
(iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

(vi) Counting of cases in areas with exemptions

(I) In general

With respect to an eligible area that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as "code-based reporting"), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the eligible area in order to adjust for duplicative reporting in and among systems that use code-based reporting.

(II) Adjustment rate

The adjustment rate under subclause (I) for an eligible area shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the area.

(III) Increased adjustment for certain areas previously using code-based reporting

For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) for fiscal year 2007, such area was a transitional area;

(bb) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this section, was based on a names-based reporting system; and

(cc) the amount of funding that such area received under this part for fiscal year 2007 was less than 100 percent of the amount of funding (exclusive of funds that were identified as being for purposes of the Minority AIDS Initiative) that such area received under such part for fiscal year 2006.

(vii) Multiple political jurisdictions

With respect to living non-AIDS cases of HIV, if an eligible area is not entirely within one political jurisdiction and as a result is subject to more than one reporting system for purposes of this subparagraph:

(I) Names-based reporting under clause (i) applies in a jurisdictional portion of the area, or an exemption under clause (ii) applies in such portion (subject to applicable provisions of this subparagraph), according to whether names-based reporting or code-based reporting is used in such portion.

(II) If under subclause (I) both names-based reporting and code-based reporting apply in the area, the number of code-based cases shall be reduced under clause (vi).

(viii) List of eligible areas meeting standard regarding December 31, 2005

(I) In general

If an eligible area or portion thereof is in a State specified in subclause (II), the eligible area or portion shall be considered to meet the standard described in clause (i)(I). No other eligible area or portion thereof may be considered to meet such standard.

(II) Relevant States

For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

(ix) Rules of construction regarding acceptability of reports

(I) Cases of AIDS

With respect to an eligible area that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such non-compliance, accept reports of living cases of AIDS that are in accordance with such clause.

(II) Applicability of exemption requirements

The provisions of clauses (ii) through (viii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

(x) Program for detecting inaccurate or fraudulent counting

The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

(xi) Future fiscal years

For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the area involved.

(D) Code-based areas; limitation on increase in grant

(i) In general

For each of the fiscal years 2007 through 2012, if code-based reporting (within the

meaning of subparagraph (C)(vi) applies in an eligible area or any portion thereof as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to this paragraph and paragraph (4) for fiscal year 2006 (as such paragraphs were in effect for such fiscal year) if paragraph (2) (as so in effect) had been applied by substituting “66% percent” for “50 percent”; and

(ii) Use of amounts involved

For each of the fiscal years 2007 through 2012, exceed by more than 5 percent the amount of the grant made pursuant to this paragraph and paragraph (4) for the area to ensure that the amount of the grant made pursuant to paragraph (3) for the area to ensure that the amount of the grant made pursuant to paragraph (3) for the area to ensure that the amount of the grant made pursuant to paragraph (3) for the area involved is not less than the following amount, as applicable to such fiscal year:

(i) For fiscal year 2010, an amount equal to 95 percent of the sum of the amount of the grant made pursuant to paragraph (3) for fiscal year 2009 and this paragraph for fiscal year 2009.

(ii) For each of the fiscal years 2011 and 2012, an amount equal to 100 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2010.

(iii) For fiscal year 2013, an amount equal to 92.5 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2012.

(B) Source of funds for increase

(i) In general

From the amounts available for carrying out the single program referred to in section 300ff–19(d)(2)(C) of this title for a fiscal year (relating to supplemental grants), the Secretary shall make available such amounts as may be necessary to comply with subparagraph (A), subject to section 300ff–20(d)(2) of this title.

(ii) Pro rata reduction

If the amounts referred to in clause (i) for a fiscal year are insufficient to fully comply with subparagraph (A) for the year, the Secretary, in order to provide the additional funds necessary for such compliance, shall reduce on a pro rata basis the amount of each grant pursuant to this subsection for the fiscal year, other than grants for eligible areas for which increases under subparagraph (A) apply. A reduction under the preceding sentence may not be made in an amount that would result in the eligible area involved becoming eligible for such an increase.

(C) Limitation

This paragraph may not be construed as having any applicability after fiscal year 2013.

(b) Supplemental grants

(1) In general

Subject to subsection (a)(4)(B)(i) and section 300ff–20(d) of this title, the Secretary shall disburse the remainder of amounts not disbursed under subsection (a)(2) of this section for such fiscal year for the purpose of making grants under section 300ff–11(a) of this title to eligible areas whose application under section 300ff–15(b) of this title—

(A) contains a report concerning the dissemination of emergency relief funds under subsection (a) of this section and the plan for utilization of such funds;

(B) demonstrates the need in such area, on an objective and quantified basis, for supplemental financial assistance to combat the HIV epidemic;

(C) demonstrates the existing commitment of local resources of the area, both financial and in-kind, to combating the HIV epidemic;

(D) demonstrates the ability of the area to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

(E) demonstrates that resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, youth, women, and families with HIV/AIDS;

(F) demonstrates the inclusiveness of affected communities and individuals with HIV/AIDS;

(G) demonstrates the manner in which the proposed services are consistent with the local needs assessment and the statewide coordinated statement of need;

(H) demonstrates the ability of the applicant to expend funds efficiently by not having had, for the most recent grant year under subsection (a) for which data is available, more than 5 percent of grant funds under such subsection canceled, offset under subsection (c)(4), or covered by any waivers under subsection (c)(3); and

(I) demonstrates success in identifying individuals with HIV/AIDS as described in clauses (i) through (iii) of paragraph (2)(A).

(2) Amount of grant

(A) In general

The amount of each grant made for purposes of this subsection shall be determined
by the Secretary based on a weighting of factors under paragraph (1), with demonstrated need under subparagraph (B) of such paragraph counting one-third, and demonstrated success in identifying individuals with HIV/AIDS who do not know their HIV status and making them aware of such status counting one-third. In making such determination, the Secretary shall consider—

(i) the number of individuals who have been tested for HIV/AIDS;
(ii) of those individuals described in clause (i), the number of individuals who tested for HIV/AIDS who are made aware of their status, including the number who test positive; and
(iii) of those individuals described in clause (ii), the number who have been referred to appropriate treatment and care.

(B) Demonstrated need

The factors considered by the Secretary in determining whether an eligible area has a demonstrated need for purposes of paragraph (1)(B) may include any or all of the following:

(i) The unmet need for such services, as determined under section 300ff–12(b)(4) of this title or other community input process as defined under section 300ff–19(d)(1)(A) of this title.
(ii) An increasing need for HIV/AIDS-related services, including relative rates of increase in the number of cases of HIV/AIDS.
(iii) The relative rates of increase in the number of cases of HIV/AIDS within new or emerging subpopulations.
(iv) The current prevalence of HIV/AIDS.
(v) Relevant factors related to the cost and complexity of delivering health care to individuals with HIV/AIDS in the eligible area.
(vi) The impact of co-morbid factors, including co-occurring conditions, determined relevant by the Secretary.
(vii) The prevalence of homelessness.
(viii) The prevalence of individuals described under section 300ff–12(b)(2)(M) of this title.
(ix) The relevant factors that limit access to health care, including geographic variation, adequacy of health insurance coverage, and language barriers.
(x) The impact of a decline in the amount received pursuant to subsection (a) on services available to all individuals with HIV/AIDS identified and eligible under this subchapter.

(C) Priority in making grants

The Secretary shall provide funds under this subchapter to an eligible area to address the decline or disruption of all EMA-provided services related to the decline in the amounts received pursuant to subsection (a) consistent with the grant award for the eligible area for fiscal year 2006, to the extent that the factor under subparagraph (B)(x) (relating to a decline in funding) applies to the eligible area.

(D) Increased adjustment for certain areas previously using code-based reporting

For purposes of this subsection for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if the conditions described in items (aa) through (cc) of subsection (a)(3)(C)(vi)(III) are all satisfied.

(3) Remainder of amounts

In determining the amount of funds to be obligated under paragraph (1), the Secretary shall include amounts that are not paid to the eligible areas under expedited procedures under subsection (a)(2) of this section as a result of—

(A) the failure of any eligible area to submit an application under section 300ff–15(c)1 of this title; or
(B) any eligible area informing the Secretary that such eligible area does not intend to expend the full amount of its grant under such section.

(4) Failure to submit

(A) In general

The failure of an eligible area to submit an application for an expedited grant under subsection (a)(2) of this section shall not result in such area being ineligible for a grant under this subsection.

(B) Application

The application of an eligible area submitted under section 300ff–15(b) of this title shall contain the assurances required under subsection (a)(2) of this section.

(c) Timeframe for obligation and expenditure of grant funds

(1) Obligation by end of grant year

Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made pursuant to subsection (a) or (b) for a fiscal year are available for obligation by the eligible area involved through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the area (referred to in this subsection as the "grant year for the award"), except as provided in paragraph (3)(A).

(2) Supplemental grants; cancellation of unobligated balance of grant award

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (b) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award—

(A) the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area; and
§ 300ff–13

Title 42—The Public Health and Welfare

(B) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under subparagraph (A) to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 300ff–20(d)(2) of this title as applied for such year.

(3) Formula grants; cancellation of unobligated balance of grant award; waiver permitting carryover

(A) In general

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (a) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area, unless—

(i) before the end of the grant year, the chief elected official of the area submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the area intends to expend the funds involved; and

(ii) the Secretary approves the waiver.

(B) Expenditure by end of carryover year

With respect to a waiver under subparagraph (A) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(i) The unobligated funds are available for expenditure by the eligible area involved for the one-year period beginning upon the expiration of the grant year (referred to in this subsection as the “carryover year”).

(ii) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area.

(C) Use of cancelled balances

In the case of any balance of a grant award that is cancelled under subparagraph (A) or (B)(ii), the grant funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such subparagraph to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 300ff–20(d)(2) of this title as applied for such year.

(D) Corresponding reduction in future grant

(i) In general

In the case of an eligible area for which a balance from a grant award under subsection (a) is unobligated as of the end of the grant year for the award—

(I) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is the subject of a waiver of cancellation under subparagraph (A)), the amount of the grant under such subsection for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of the grant year (which requirement for a reduction applies without regard to whether a waiver under subparagraph (A) has been approved with respect to such balance); and

(ii) Relation to increases in grant

A reduction under clause (i) for an eligible area for a fiscal year may not be taken into account in applying subsection (a)(4) with respect to the area for the subsequent fiscal year.

(4) Authority regarding administration of provisions

In administering paragraphs (2) and (3) with respect to the unobligated balance of an eligible area, the Secretary may elect to reduce the amount of future grants to the area under subsection (a) or (b), as applicable, by the amount of any such unobligated balance in lieu of cancelling such amount as provided for in paragraph (2) or (3)(A). In such case, the Secretary may permit the area to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to subsection (b), subject to subsection (a)(4) and section 300ff–20(d)(2) of this title; nothing in this paragraph shall be construed to affect the authority of the Secretary under paragraphs (2) and (3), including the authority to grant waivers under paragraph (3)(A). The reduction in future grants authorized under this paragraph shall be notwithstanding the penalty required under paragraph (3)(D) with respect to unobligated funds.

(d) Compliance with priorities of HIV planning council

Notwithstanding any other provision of this subpart, the Secretary, in carrying out section 300ff–11(a) of this title, may not make any grant under subsection (a) or (b) of this section to an eligible area unless the application submitted by such area under section 300ff–15 of this title for the grant involved demonstrates that the grants made under subsections (a) and (b) of this section to the area for the preceding fiscal year (if
any) were expended in accordance with the priorities applicable to such year that were established, pursuant to section 300ff-12(b)(4)(C) of this title, by the planning council serving the area.

(e) Report on the awarding of supplemental funds

Not later than 45 days after the awarding of supplemental funds under this section, the Secretary shall submit to Congress a report concerning such funds. Such report shall include information detailing—

(1) the total amount of supplemental funds available under this section for the year involved;

(2) the amount of supplemental funds used in accordance with the hold harmless provisions of subsection (a)(4);

(3) the amount of supplemental funds disbursed pursuant to subsection (b)(2)(C);

(4) the disbursement of the remainder of the supplemental funds after taking into account the uses described in paragraphs (2) and (3); and

(5) the rationale used for the amount of funds disbursed as described under paragraphs (2), (3), and (4).

(3) If the amounts referred to in paragraph (1) are not sufficient for making all the reductions, the reductions shall be reduced until the total amount of the reductions equals the total of the amounts referred to in such paragraph.

Paragraphs (1) and (2) of subsection (c) apply with respect to each series of fiscal years during which a metropolitan area is an eligible area under part I or a transitional area under section 300ff-19 of this title for a fiscal year and then for a subsequent fiscal year ceases to be such an area by reason of section 300ff-11(b) or 300ff-19(c)(2) of this title, respectively, rather than applying to a single such series. Paragraph (3) of subsection (c) applies with respect to each series of fiscal years during which a metropolitan area is a transitional area under section 300ff-19 of this title for a fiscal year and then for a subsequent fiscal year becomes an eligible area under part I, rather than applying to a single such series.

(b) Assurances

(1) Requirement

To receive assistance from a State under subsection (a) of this section, an applicant consortium shall provide the State with assurances that—

(A) within any locality in which such consortium is to operate, the populations and subpopulations of individuals and families with HIV/AIDS have been identified by the consortium, particularly those experiencing disparities in access and services and those who reside in historically underserved communities;

(B) the service plan established under subsection (c)(2) of this section by such consortium is consistent with the comprehensive plan under section 300ff–27(b)(4) of this title and addresses the special care and service needs of the populations and subpopulations identified under subparagraph (A); and

(C) except as provided in paragraph (2), the consortium will be a single coordinating entity that will integrate the delivery of services among the populations and subpopulations identified under subparagraph (A).

(2) Exception

Subparagraph (C) of paragraph (1) shall not apply to any applicant consortium that the State determines will operate in a community or locality in which it has been demonstrated by the applicant consortium that—

(A) subpopulations exist within the community to be served that have unique service requirements; and

(B) such unique service requirements cannot be adequately and efficiently addressed by a single consortium serving the entire community or locality.

(c) Application

(1) In general

To receive assistance from the State under subsection (a) of this section, a consortium shall prepare and submit to the State, an application that—

(A) demonstrates that the consortium includes agencies and community-based organizations—

(i) with a record of service to populations and subpopulations with HIV/AIDS requiring care within the community to be served; and

(ii) that are representative of populations and subpopulations reflecting the local incidence of HIV and that are located in areas in which such populations reside;

(B) demonstrates that the consortium has carried out an assessment of service needs within the geographic area to be served and, after consultation with the entities described in paragraph (2), has established a plan to ensure the delivery of services to meet such identified needs that shall include—

(i) assurances that service needs will be addressed through the coordination and expansion of existing programs before new programs are created;

(ii) assurances that, in metropolitan areas, the geographic area to be served by the consortium corresponds to the geographic boundaries of local health and support services delivery systems to the extent practicable;

(iii) assurances that, in the case of services for individuals residing in rural areas, the applicant consortium shall deliver case management services that link available community support services to appropriate specialized medical services; and

(iv) assurances that the assessment of service needs and the planning of the delivery of services will include participation by individuals with HIV/AIDS;

(C) demonstrates that adequate planning has occurred to meet the special needs of families with HIV/AIDS, including family centered and youth centered care;

(D) demonstrates that the consortium has created a mechanism to evaluate periodically—

(i) the success of the consortium in responding to identified needs; and

(ii) the cost-effectiveness of the mechanisms employed by the consortium to deliver comprehensive care;

1So in original. The comma probably should follow parenthetical phrase.
E) demonstrates that the consortium will report to the State the results of the evaluations described in subparagraph (D) and shall make available to the State or the Secretary, on request, such data and information on the program methodology that may be required to perform an independent evaluation; and

(F) demonstrates that adequate planning occurred to address disparities in access and services and historically underserved communities.

(2) Consultation

In establishing the plan required under paragraph (1)(B), the consortium shall consult with—

(A)(i) the public health agency that provides or supports ambulatory and outpatient HIV-related health care services within the geographic area to be served; or

(ii) in the case of a public health agency that does not directly provide such HIV-related health care services such agency shall consult with an entity or entities that directly provide ambulatory and outpatient HIV-related health care services within the geographic area to be served;

(B) not less than one community-based organization that is organized solely for the purpose of providing HIV-related support services to individuals with HIV/AIDS;

(C) grantees under section 300ff–71 of this title, or, if none are operating in the area, representatives in the area of organizations with a history of serving children, youth, women, and families living with HIV; and

(D) the types of entities described in section 300ff–12(b)(2) of this title.

As used in section 300ff–21 of this title, the term “family centered care” means the system of services described in this section that is targeted specifically to the special needs of infants, children, women, and families. Family centered care shall be based on a partnership between parents, professionals, and the community designed to ensure an integrated, coordinated, culturally sensitive, and community-based continuum of care for children, women, and families with HIV/AIDS.

(e) Priority

In providing assistance under subsection (a) of this section, the State shall, among applicants that meet the requirements of this section, give priority—

(1) first to consortia that are receiving assistance from the Health Resources and Services Administration for adult and pediatric HIV-related care demonstration projects; and then

(2) to any other existing HIV care consortia.

(f) Allocation of funds; treatment as support services

For purposes of the requirement of section 300ff–22(b)(1) of this title, expenditures of grants under section 300ff–21 of this title or for through consortia under this section are deemed to be support services, not core medical services. The preceding sentence may not be construed as having any legal effect on the provisions of subsection (a) that relate to authorized expenditures of the grant.

(a) Amount of grant to State

(1) Minimum allotment

Subject to the extent of amounts made available under section 300ff–31b of this title, the amount of a grant to be made under section 300ff–21 of this title for—

(A) each of the 50 States, the District of Columbia, Guam, and the Virgin Islands (referred to in this paragraph as a “covered State”) for a fiscal year shall be the greater of—

(i) with respect to a covered State that has less than 90 living cases of AIDS, as determined under paragraph (2)(D), $200,000; or

(ii) with respect to a covered State that has 90 or more living cases of AIDS, as determined under paragraph (2)(D), $500,000; and

(B) each territory other than Guam and the Virgin Islands shall be the greater of—

(i) the number of living cases of HIV/AIDS in the State involved, as determined under subparagraph (D); less

(ii) a number equal to the sum of—

(I) the total number of living cases of HIV/AIDS that are within areas in such State that are eligible areas under subpart I of part A for the fiscal year involved, as determined under subparagraph (D); and

(II) the total number of living cases of HIV/AIDS that are within areas in such State that are transitional areas under section 300ff–19 of this title for the area for such fiscal year; and

(ii) Transition period; exemption regarding non-AIDS cases

For each of the fiscal years 2007 through 2012, a State is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living non-AIDS names-based cases of HIV be reported unless—

1So in original. Probably should be “‘non-EMA’.”
(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State, subject to clause (vii); or
(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, after consultation with the chief executive of the State, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

(iii) Requirements for exemption for fiscal year 2007

For fiscal year 2007, an exemption under clause (ii) for a State applies only if, by October 1, 2006—

(I) the State had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or
(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and
(II) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of such cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

(iv) Requirement for exemption as of fiscal year 2008

For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for a State applies only if, as of April 1, 2008, the State is substantially in compliance with the agreement under clause (iii)(II).

(v) Progress toward names-based reporting

For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for a State if the Secretary determines that the State is not substantially following the plan.

(vi) Counting of cases in areas with exemptions

(I) In general

With respect to a State that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as "code-based reporting"), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the State in order to adjust for duplicative reporting in and among systems that use code-based reporting.

(II) Adjustment rate

The adjustment rate under subclause (I) for a State shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the State.

(III) Increased adjustment for certain States previously using code-based reporting

For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in a State that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) there is an area in such State that satisfies all of the conditions described in items (aa) through (cc) of section 300ff-19(a)(3)(C)(vi)(III) of this title; or
(bb) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this part, was based on a names-based reporting system; and
(II) the amount of funding that such State received under this part for fiscal year 2007 was less than 70 percent of the amount of funding that such State received under such part for fiscal year 2006.

(vii) List of States meeting standard regarding December 31, 2005

(I) In general

If a State is specified in subclause (II), the State shall be considered to meet the standard described in clause (ii)(I). No other State may be considered to meet such standard.

(II) Relevant States

For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

(viii) Rules of construction regarding acceptance of reports

(I) Cases of AIDS

With respect to a State that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such noncompliance, accept reports of living cases of AIDS that are in accordance with such clause.

(II) Applicability of exemption requirements

The provisions of clauses (ii) through (vii) may not be construed as having any
legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

(ix) Program for detecting inaccurate or fraudulent counting

The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

(x) Future fiscal years

For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the State involved.

(E) Code-based States; limitation on increase in grant

(i) In general

For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (D)(vi)) applies to a State as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to paragraph (1) for the State may not for the fiscal year involved exceed by more than 5 percent the amount of the grant pursuant to this paragraph for the State for the preceding fiscal year, except that the limitation under this clause may not result in a grant pursuant to paragraph (1) for a fiscal year that is less than the minimum amount that applies to the State under such paragraph for such fiscal year.

(ii) Use of amounts involved

For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be made available by the Secretary as additional amounts for grants pursuant to section 300ff–29a of this title, subject to subparagraph (H).

(F) Appropriations for treatment drug program

(i) Formula grants

With respect to the fiscal year involved, if under section 300ff–31b of this title an appropriations Act provides an amount exclusively for carrying out section 300ff–26 of this title, the portion of such amount allocated to a State shall be the product of—

(I) 100 percent of such amount, less the percentage reserved under clause (ii)(V); and

(II) the percentage constituted by the ratio of the State distribution factor for the State (as determined under subparagraph (B)) to the sum of the State distribution factors for all States;

which product shall then, as applicable, be increased under subparagraph (H).

(ii) Supplemental treatment drug grants

(I) In general

From amounts made available under subclause (V), the Secretary shall award supplemental grants to States described in subclause (II) to enable such States to purchase and distribute to eligible individuals under section 300ff–26(b) of this title pharmaceutical therapeutics described under subsections (c)(2) and (e) of such section.

(II) Eligible States

For purposes of subclause (I), a State shall be an eligible State if the State did not have unobligated funds subject to reallocation under subclause (d) in the previous fiscal year and, in accordance with criteria established by the Secretary, demonstrates a severe need for a grant under this clause. For purposes of determining severe need, the Secretary shall consider eligibility standards, formulary composition, the number of eligible individuals to whom a State is unable to provide therapeutics described in section 300ff–26(a) of this title, and an unanticipated increase of eligible individuals with HIV/AIDS.

(III) State requirements

The Secretary may not make a grant to a State under this clause unless the State agrees that the State will make available (directly or through donations of public or private entities) non-Federal contributions toward the activities to be carried out under the grant in an amount equal to $1 for each $4 of Federal funds provided in the grant, except that the Secretary may waive this subclause if the State has otherwise fully complied with section 300ff–27(d) of this title with respect to the grant year involved. The provisions of this subclause shall apply to States that are not required to comply with such section 300ff–27(d) of this title.

(IV) Use and coordination

Amounts made available under a grant under this clause shall only be used by the State to provide HIV/AIDS-related medications. The State shall coordinate the use of such amounts with the amounts otherwise provided under section 300ff–26(a) of this title in order to maximize drug coverage.

(V) Funding

For the purpose of making grants under this clause, the Secretary shall each fiscal year reserve 5 percent of the amount referred to in clause (i) with respect to section 300ff–26 of this title.

(iii) Code-based States; limitation on increase in formula grant

The limitation under subparagraph (E)(i) applies to grants pursuant to clause (i) of this subparagraph to the same extent and in the same manner as such limitation ap-
plies to grants pursuant to paragraph (1), except that the reference to minimum grants does not apply for purposes of this clause. Amounts available as a result of the limitation under the preceding sentence shall be made available by the Secretary as additional amounts for grants under clause (ii) of this subparagraph.

(H) Increase in formula grants

(i) Assurance of amount

(I) General rule

For fiscal year 2010, the Secretary shall ensure, subject to clauses (i) through (iv), that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 95 percent of such total for the State for fiscal year 2009.

(II) Rule of construction

With respect to the application of subclause (I), the 95 percent requirement under such subclause shall apply with respect to each grant awarded under paragraph (1) and with respect to each grant awarded under subparagraph (F).

(ii) Fiscal years 2011 and 2012

For each of the fiscal years 2011 and 2012, the Secretary shall ensure that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 100 percent of such total for the State for fiscal year 2010.

(iii) Fiscal year 2013

(a) Obligation by end of grant year

Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made to a State for a fiscal year pursuant to section 300ff–28(a)(1) or 300ff–28(a)(2)(F) of this title, or under section 300ff–29a or 300ff–30 of this title, are available for obligation by the State through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the State (referred to in this section as the “grant year for the award”), except as provided in subsection (c)(1).

(b) Supplemental grants; cancellation of unobligated balance of grant award

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 300ff–28(a)(2)(F)(ii) of this title, or under section 300ff–29a or 300ff–30 of this title, has an unobligated balance as of the end of the grant year for the award—

(1) the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State; and

(2) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to section 300ff–29a of this title for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under paragraph (1) to be canceled, except that the availability of the funds for such grants is subject to section 300ff–29a(2)(H) of this title as applied for such year.

(c) Formula grants; cancellation of unobligated balance of grant award; waiver permitting carryover

(1) In general

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 300ff–28(a)(1) or 300ff–28(a)(2)(F) of this title, or under section 300ff–29a or 300ff–30 of this title, has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State, unless—

(A) before the end of the grant year, the State submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the State intends to expend the funds involved; and

(B) the Secretary approves the waiver.

(2) Expenditure by end of carryover year

With respect to a waiver under paragraph (1) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(A) The unobligated funds are available for expenditure by the State involved for the one-year period beginning upon the expiration of the grant year (referred to in this section as the “carryover year”).

(B) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the grant award.
300ff–28(a)(2)(F) of this title as applied for such year.

(d) Treatment of drug rebates

For purposes of this section, funds that are drug rebates referred to in section 300ff–26(g) of this title may not be considered part of any grant award referred to in subsection (a). If an expenditure of ADAP rebate funds would trigger a penalty under this section or a higher penalty than would otherwise have applied, the State may request that for purposes of this section, the Secretary deem the State’s unobligated balance to be reduced by the amount of rebate funds in the proposed expenditure. Notwithstanding 300ff–28(a)(2)(F) of this title, any unobligated amount under section 300ff–28(a)(2)(F)(i)(V) of this title that is returned to the Secretary for reallocation shall be used by the Secretary for—

(1) the ADAP supplemental program if the Secretary determines appropriate; or

(2) for additional amounts for grants pursuant to section 300ff–29a of this title.

(e) Authority regarding administration of provisions

In administering subsections (b) and (c) with respect to the unobligated balance of a State, the Secretary may elect to reduce the amount of future grants to the State under section 300ff–28, 300ff–29a, or 300ff–30 of this title, as applicable, by the amount of any such unobligated balance in lieu of cancelling such amount as provided for in subsection (b) or (c)(1). In such case, the Secretary may permit the State to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to section 300ff–29a of this title, subject to section 300ff–28(a)(2)(H) of this title. Nothing in this paragraph shall be construed to affect the authority of the Secretary under subsections (b) and (c), including the authority to grant waivers under subsection (c)(1). The reduction in future grants authorized under this subsection shall be notwithstanding the penalty required under subsection (c)(4) with respect to unobligated funds.

Subsec. (c)(4)(A). Pub. L. 111–87, §§ 5(c)(2), 8(b)(1)(B), inserted “(less any amount of such balance that is the subject of a waiver of cancellation under paragraph (1))” after “unobligated balance”.

Subsec. (d). Pub. L. 111–87, § 10(a), inserted at end “If an expenditure of ADAP rebate funds would trigger a penalty under this section or a higher penalty than would otherwise have applied, the State may request that for purposes of this section, the Secretary deem the State’s unobligated balance to be reduced by the amount of rebate funds in the proposed expenditure. Notwithstanding 300ff–28(a)(2)(F) of this title, any unobligated amount under section 300ff–28(a)(2)(F)(i)(V) of this title that is returned to the Secretary for reallocation shall be used by the Secretary for—

Perinatal Transmission of HIV Disease; Congressional Findings

Section 7(a) of Pub. L. 104–146 provided that: “The Congress finds as follows:

‘‘(1) Research studies and statewide clinical experiences have demonstrated that administration of antiretroviral medication during pregnancy can significantly reduce the transmission of the human immunodeficiency virus (commonly known as HIV) from an infected mother to her baby.

‘‘(2) The Centers for Disease Control and Prevention have recommended that all pregnant women receive HIV counseling; voluntary, confidential HIV testing; and appropriate medical treatment (including antiretroviral therapy) and support services.

‘‘(3) The provision of such testing without access to such counseling, treatment, and services will not improve the health of the woman or the child.

‘‘(4) The provision of such counseling, testing, treatment, and services can reduce the number of pediatric cases of acquired immune deficiency syndrome, can improve access to and provision of medical care for the woman, and can provide opportunities for counseling to reduce transmission among adults, and from mother to child.

‘‘(5) The provision of such counseling, testing, treatment, and services can reduce the overall cost of pediatric cases of acquired immune deficiency syndrome.

‘‘(6) The cancellation or limitation of health insurance or other health coverage on the basis of HIV status should be impermissible under applicable law. Such cancellation or limitation could result in disincentives for appropriate counseling, testing, treatment, and services.

‘‘(7) For the reasons specified in paragraphs (1) through (6)—

‘‘(A) routine HIV counseling and voluntary testing of pregnant women should become the standard of care; and

‘‘(B) the relevant medical organizations as well as public health officials should issue guidelines making such counseling and testing the standard of care.’’

In determining the rate under subsection (a) of this section, a State shall also determine the possible causes of perinatal transmission. Such causes may include—

(1) the inadequate provision within the State of prenatal counseling and testing in accordance with the guidelines issued by the Centers for Disease Control and Prevention;

(2) the inadequate provision or utilization within the State of appropriate therapy or failure of such therapy to reduce perinatal transmission of HIV, including—

(A) that therapy is not available, accessible or offered to mothers; or

(B) that available therapy is offered but not accepted by mothers; or

(3) other factors (which may include the lack of prenatal care) determined relevant by the State.

SUBPART III—CERTAIN PARTNER NOTIFICATION PROGRAMS

§300ff-38. Grants for partner notification programs

(a) In general

In the case of States whose laws or regulations are in accordance with subsection (b) of this section, the Secretary, subject to subsection (c)(2) of this section, may make grants to the States for carrying out programs to provide partner counseling and referral services.

(b) Description of compliant State programs

For purposes of subsection (a) of this section, the laws or regulations of a State are in accordance with this subsection if under such laws or regulations (including programs carried out pursuant to the discretion of State officials) the following policies are in effect:

(1) The State requires that the public health officer of the State carry out a program of partner notification to inform partners of individuals with HIV/AIDS that the partners may have been exposed to the disease.

(2)(A) In the case of a health entity that provides for the performance on an individual of a test for HIV/AIDS, or that treats the individual for the disease, the State requires, subject to subparagraph (B), that the entity confidentially report the positive test results to the State public health officer in a manner recommended and approved by the Director of the Centers for Disease Control and Prevention, together with such additional information as may be necessary for carrying out such program.

(B) The State may provide that the requirement of subparagraph (A) does not apply to the testing of an individual for HIV/AIDS if the individual underwent the testing through a program designed to perform the test and provide the results to the individual without the individual disclosing his or her identity to the program. This subparagraph may not be construed as affecting the requirement of subparagraph (A) with respect to a health entity that treats an individual for HIV/AIDS.

(3) The program under paragraph (1) is carried out in accordance with the following:

(A) Partners are provided with an appropriate opportunity to learn that the partners have been exposed to HIV/AIDS, subject to subparagraph (B).

(B) The State does not inform partners of the identity of the infected individuals involved.

(C) Counseling and testing for HIV/AIDS are made available to the partners and to infected individuals, and such counseling includes information on modes of transmission for the disease, including information on perinatal transmission and preventing transmission.

(D) Counseling of infected individuals and their partners includes the provision of in-
formulation regarding therapeutic measures for preventing and treating the deterioration of the immune system and conditions arising from the disease, and the provision of other prevention-related information.

(d) Referrals for appropriate services are provided to partners and infected individuals, including referrals for support services and legal aid.

(e) Notifications under subparagraph (A) are provided in person, unless doing so is an unreasonable burden on the State.

(f) There is no criminal or civil penalty on, or civil liability for, an infected individual if the individual chooses not to identify the partners of the individual, or the individual does not otherwise cooperate with such program.

(h) The failure of the State to notify partners is not a basis for the civil liability of any health entity who under the program reported to the State the identity of the infected individual involved.

(I) The State provides that the provisions of the program may not be construed as prohibiting the State from providing a notification under subparagraph (A) without the consent of the infected individual involved.

(4) The State annually reports to the Director of the Centers for Disease Control and Prevention the number of individuals from whom the names of partners have been sought under the program under paragraph (1), the number of such individuals who provided the names of partners, and the number of partners so named who were notified under the program.

(5) The State cooperates with such Director in carrying out a national program of partner notification, including the sharing of information between the public health officers of the States.

c Reporting system for cases of HIV/AIDS; preference in making grants

In making grants under subsection (a) of this section, the Secretary shall give preference to States whose reporting systems for cases of HIV/AIDS produce data on such cases that is sufficiently accurate and reliable for use for purposes of section 300ff–2b(a)(2)(D)(1) of this title.
