§ 629i. Grants for programs for mentoring children of prisoners

(a) Findings and purposes

(1) Findings

(A) In the period between 1991 and 1999, the number of children with a parent incarcerated in a Federal or State correctional facility increased by more than 100 percent, from approximately 900,000 to approximately 2,000,000. In 1999, 2.1 percent of all children in the United States had a parent in Federal or State prison.

(B) Prior to incarceration, 64 percent of female prisoners and 44 percent of male prisoners in State facilities lived with their children.

(C) Nearly 90 percent of the children of incarcerated fathers live with their mothers, and 79 percent of the children of incarcerated mothers live with a grandparent or other relative.

(D) Parental arrest and confinement lead to stress, trauma, stigmatization, and separation problems for children. These problems are coupled with existing problems that include poverty, violence, parental substance abuse, high-crime environments, intrafamilial abuse, child abuse and neglect, multiple care givers, and/or prior separations. As a result, these children often exhibit a broad variety of behavioral, emotional, health, and educational problems that are often compounded by the pain of separation.

(E) Empirical research demonstrates that mentoring is a potent force for improving children’s behavior across all risk behaviors affecting health. Quality, one-on-one relationships that provide young people with caring role models for future success have profound, life-changing potential. Done right, mentoring markedly advances youths’ life prospects. A widely cited 1995 study by Public/Private Ventures measured the impact of one Big Brothers Big Sisters program and found significant effects in the lives of youth—cutting first-time drug use by almost half and first-time alcohol use by about a third, reducing school absenteeism by half, cutting assaultive behavior by a third, improving parental and peer relationships, giving youth greater confidence in their school work, and improving academic performance.

(2) Purposes

The purposes of this section are to authorize the Secretary—

(A) to make competitive grants to applicants in areas with substantial numbers of children of incarcerated parents, to support the establishment or expansion and operation of programs using a network of public and private community entities to provide mentoring services for children of prisoners; and

(B) to enter into on a competitive basis a cooperative agreement to conduct a service delivery demonstration project in accordance with the requirements of subsection (g).

(b) Definitions

In this section:

(1) Children of prisoners

The term “children of prisoners” means children one or both of whose parents are incarcerated in a Federal, State, or local correctional facility. The term is deemed to include children who are in an ongoing mentoring relationship in a program under this section at the time of their parents’ release from prison, for purposes of continued participation in the program.

(2) Mentoring

The term “mentoring” means a structured, managed program in which children are appropriately matched with screened and trained adult volunteers for one-on-one relationships, involving meetings and activities on a regular basis, intended to meet, in part, the child’s need for involvement with a caring and supportive adult who provides a positive role model.

(3) Mentoring services

The term “mentoring services” means those services and activities that support a structured, managed program of mentoring, including the management by trained personnel of outreach to, and screening of, eligible children; outreach to, education and training of, and liaison with sponsoring local organiz-
tions; screening and training of adult volunteers; matching of children with suitable adult volunteer mentors; support and oversight of the mentoring relationship; and establishment of goals and evaluation of outcomes for mentored children.

(E) such other information as the Secretary may require.

(2) Community consultation; coordination with other programs

A demonstration that, in developing and implementing the program, the applicant will, to the extent feasible and appropriate—

(f) Considerations in awarding grants

In awarding grants under this section, the Secretary shall take into consideration—

(1) the qualifications and capacity of applicants and networks of organizations to effectively carry out a mentoring program under this section;

(2) the comparative severity of need for mentoring services in local areas, taking into consideration data on the numbers of children (and in particular of low-income children) with an incarcerated parents1 (or parents) in the areas;

(3) evidence of consultation with existing youth and family service programs, as appropriate; and

(4) any other factors the Secretary may deem significant with respect to the need for or the potential success of carrying out a mentoring program under this section.
