EFFECTIVE DATE OF REPEAL

Repeal applicable with respect to monthly benefits under this subchapter for August 1958 and succeeding months, see section 207(a) of Pub. L. 85-840, set out as an Effective Date of 1958 Amendment note under section 416 of this title.

§ 424a. Reduction of disability benefits

(a) Conditions for reduction; computation

If for any month prior to the month in which an individual attains the age of 65—

(1) such individual is entitled to benefits under section 423 of this title, and

(2) such individual is entitled for such month to—

(A) periodic benefits on account of his or her total or partial disability (whether or not permanent) under a workmen's compensation law or plan of the United States or a State, or

(B) periodic benefits on account of his or her total or partial disability (whether or not permanent) under any other law or plan of the United States, a State, a political subdivision (as that term is used in section 418(b)(2) of this title), or an instrumentality of two or more States (as that term is used in section 418(g) of this title), other than (i) benefits payable under title 38, (ii) benefits payable under a program of assistance which is based on need, (iii) benefits based on service all or substantially all of which was included under an agreement entered into by a State and the Commissioner of Social Security under section 418 of this title, and (iv) benefits under a law or plan of the United States based on service all or substantially all of which is employment as defined in section 410 of this title,

the total of his benefits under section 423 of this title for such month and of any benefits under section 402 of this title for such month based on his wages and self-employment income shall be reduced (but not below zero) by the amount by which the sum of—

(3) such total of benefits under sections 423 and 402 of this title for such month, and

(4) such periodic benefits payable (and actually paid) for such month to such individual under such laws or plans,

exceeds the higher of—

(5) 80 per centum of his "average current earnings", or

(6) the total of such individual's disability insurance benefits under section 423 of this title for such month and of any monthly insurance benefits under section 402 of this title for such month based on his wages and self-employment income, prior to reduction under this section.

In no case shall the reduction in the total of such benefits under sections 423 and 402 of this title for a month (in a continuous period of months) reduce such total below the sum of—

(7) the total of the benefits under sections 423 and 402 of this title, after reduction under this section, with respect to all persons entitled to benefits on the basis of such individual's wages and self-employment income for such month which were determined for such individual and such persons for the first month for which reduction under this section was made (or which would have been so determined if all of them had been so entitled in such first month), and

(8) any increase in such benefits with respect to such individual and such persons, before reduction under this section, which is made effective for months after the first month for which reduction under this section is made.

For purposes of clause (5), an individual's average current earnings means the largest of (A) the average monthly wage (determined under section 415(b) of this title as in effect prior to

January 1979) used for purposes of computing his benefits under section 423 of this title, (B) one-sixtieth of the total of his wages and self-employment income (computed without regard to the limitations specified in sections 409(a)(1) and 411(b)(1) of this title) for the five consecutive calendar years after 1950 for which such wages and self-employment income were highest, or (C) one-twelfth of the total of his wages and self-employment income (computed without regard to the limitations specified in sections 409(a)(1) and 411(b)(1) of this title) for the calendar year in which he had the highest such wages and income during the period consisting of the calendar year in which he became disabled (as defined in section 423(d) of this title) and the five years preceding that year.

(b) Reduction where benefits payable on other than monthly basis

If any periodic benefit for a total or partial disability under a law or plan described in subsection (a)(2) of this section is payable on other than a monthly basis (excluding a benefit payable as a lump sum except to the extent that it is a commutation of, or a substitute for, periodic payments), the reduction under this section shall be made at such time or times and in such amounts as the Commissioner of Social Security finds will approximate as nearly as practicable the reduction prescribed by subsection (a) of this section.

(c) Reductions and deductions under other provisions

Reduction of benefits under this section shall be made after any reduction under subsection (a) of section 403 of this title, but before deductions under such section and under section 422(b)¹ of this title.

(d) Exception

The reduction of benefits required by this section shall not be made if the law or plan described in subsection (a)(2) of this section under which a periodic benefit is payable provides for the reduction thereof when anyone is entitled to benefits under this subchapter on the basis of the wages and self-employment income of an individual entitled to benefits under section 423 of this title, and such law or plan so provided on February 18, 1981.

(e) Conditions for payment

If it appears to the Commissioner of Social Security that an individual may be eligible for periodic benefits under a law or plan which would give rise to reduction under this section, the Commissioner may require, as a condition of certification for payment of any benefits under section 423 of this title to any individual for any month and of any benefits under section 402 of this title for such month based on such individual's wages and self-employment income, that such individual certify (i) whether he has filed or intends to file any claim for such periodic benefits, and (ii) if he has so filed, whether there has been a decision on such claim. The Commissioner of Social Security may, in the absence of evidence to the contrary, rely upon such a cer-

tification by such individual that he has not filed and does not intend to file such a claim, or that he has so filed and no final decision thereon has been made, in certifying benefits for payment pursuant to section 405(i) of this title.

(f) Redetermination of reduction

(1) In the second calendar year after the year in which reduction under this section in the total of an individual's benefits under section 423 of this title and any benefits under section 402 of this title based on his wages and self-employment income was first required (in a continuous period of months), and in each third year thereafter, the Commissioner of Social Security shall redetermine the amount of such benefits which are still subject to reduction under this section; but such redetermination shall not result in any decrease in the total amount of benefits payable under this subchapter on the basis of such individual's wages and self-employment income. Such redetermined benefit shall be determined as of, and shall become effective with, the January following the year in which such redetermination was made.

(2) In making the redetermination required by paragraph (1), the individual's average current earnings (as defined in subsection (a) of this section) shall be deemed to be the product of—

(A) his average current earnings as initially determined under subsection (a) of this section; and

(B) the ratio of (i) the national average wage index (as defined in section 409(k)(1) of this title) for the calendar year before the year in which such redetermination is made to (ii) the national average wage index (as so defined) for the calendar year before the year in which the reduction was first computed (but not counting any reduction made in benefits for a previous period of disability).

Any amount determined under this paragraph which is not a multiple of \$1 shall be reduced to the next lower multiple of \$1.

(g) Proportionate reduction; application of excess

Whenever a reduction in the total of benefits for any month based on an individual's wages and self-employment income is made under this section, each benefit, except the disability insurance benefit, shall first be proportionately decreased, and any excess of such reduction over the sum of all such benefits other than the disability insurance benefits shall then be applied to such disability insurance benefit.

(h) Furnishing of information

(1) Notwithstanding any other provision of law, the head of any Federal agency shall provide such information within its possession as the Commissioner of Social Security may require for purposes of making a timely determination of the amount of the reduction, if any, required by this section in benefits payable under this subchapter, or verifying other information necessary in carrying out the provisions of this section.

(2) The Commissioner of Social Security is authorized to enter into agreements with States, political subdivisions, and other organizations that administer a law or plan subject to the pro-

visions of this section, in order to obtain such information as the Commissioner may require to carry out the provisions of this section.

§ 425. Additional rules relating to benefits based on disability

(a) Suspension of benefits

If the Commissioner of Social Security, on the basis of information obtained by or submitted to the Commissioner, believes that an individual entitled to benefits under section 423 of this

title, or that a child who has attained the age of eighteen and is entitled to benefits under section 402(d) of this title, or that a widow or surviving divorced wife who has not attained age 60 and is entitled to benefits under section 402(e) of this title, or that a widower or surviving divorced husband who has not attained age 60 and is entitled to benefits under section 402(f) of this title, may have ceased to be under a disability, the Commissioner of Social Security may suspend the payment of benefits under such section 402(d), 402(e), 402(f), or 423 of this title until it is determined (as provided in section 421 of this title) whether or not such individual’s disability has ceased or until the Commissioner of Social Security believes that such disability has not ceased. In the case of any individual whose disability is subject to determination under an agreement with a State under section 421(b) of this title, the Commissioner of Social Security shall promptly notify the appropriate State of the Commissioner’s action under this subsection and shall request a prompt determination of whether such individual’s disability has ceased. For purposes of this subsection, the term “disability” has the meaning assigned to such term in section 423(d) of this title. Whenever the benefits of an individual entitled to a disability insurance benefit are suspended for any month, the benefits of any individual entitled thereto under subsection (b), (c), or (d) of section 402 of this title, on the basis of the wages and self-employment income of such individual, shall be suspended for such month. The first sentence of this subsection shall not apply to any child entitled to benefits under section 402(d) of this title, if he has attained the age of 18 but has not attained the age of 22, for any month during which he is a full-time student (as defined and determined under section 402(d) of this title).

(b) Continued payments during rehabilitation program

Notwithstanding any other provision of this subchapter, payment to an individual of benefits based on disability (as described in the first sentence of subsection (a) of this section) shall not be terminated or suspended because the physical or mental impairment, on which the individual’s entitlement to such benefits is based, has or may have ceased, if—

(1) such individual is participating in a program consisting of the Ticket to Work and Self-Sufficiency Program under section 1320b-19 of this title or another program of vocational rehabilitation services, employment services, or other support services approved by the Commissioner of Social Security, and

(2) the Commissioner of Social Security determines that the completion of such program, or its continuation for a specified period of time, will increase the likelihood that such individual may (following his participation in such program) be permanently removed from the disability benefit rolls.

- (ii) the duration of the offset period; and
- (iii) the method of determining the amount of income earned by such individuals,

(2) Authority for expansion of scope

The Commissioner may expand the scope of any such experiment or demonstration project to include any group of applicants for benefits under the program established under this subchapter with impairments that reasonably may be presumed to be disabling for purposes of such demonstration project, and may limit any such demonstration project to any such group of applicants, subject to the terms of such demonstration project which shall define the extent of any such presumption.

(c) Authority to waive compliance with benefits requirements

In the case of any experiment or demonstration project initiated under subsection (a) of this section on or before December 17, 2005, the Commissioner may waive compliance with the benefit requirements of this subchapter and the requirements of section 1320b-19 of this title as they relate to the program established under this subchapter, and the Secretary may (upon the request of the Commissioner) waive compliance with the benefits requirements of subchapter XVIII of this chapter, insofar as is necessary for a thorough evaluation of the alternative methods under consideration. CONGRESSIONAL FINDINGS

Section 101 of Pub. L. 104-193 provided that: “The Congress makes the following findings:

“(1) Marriage is the foundation of a successful society.

“(2) Marriage is an essential institution of a successful society which promotes the interests of children.

“(3) Promotion of responsible fatherhood and motherhood is integral to successful child rearing and the well-being of children.

“(4) In 1992, only 54 percent of single-parent families with children had a child support order established and, of that 54 percent, only about one-half received the full amount due. Of the cases enforced through the public child support enforcement system, only 18 percent of the caseload has a collection.

“(5) The number of individuals receiving aid to families with dependent children (in this section referred to as ‘AFDC’) has more than tripled since 1965. More than two-thirds of these recipients are children. Eighty-nine percent of children receiving AFDC benefits now live in homes in which no father is present.

“(A)(i) The average monthly number of children receiving AFDC benefits—

“(I) was 3,300,000 in 1965;

“(II) was 6,200,000 in 1970;

“(III) was 7,400,000 in 1980; and

“(IV) was 9,300,000 in 1992.

“(ii) While the number of children receiving AFDC benefits increased nearly threefold between 1965 and 1992, the total number of children in the United States aged 0 to 18 has declined by 5.5 percent.

“(B) The Department of Health and Human Services has estimated that 12,000,000 children will receive AFDC benefits within 10 years.

“(C) The increase in the number of children receiving public assistance is closely related to the increase in births to unmarried women. Between 1970 and 1991, the percentage of live births to unmarried women increased nearly threefold, from 10.7 percent to 29.5 percent.

“(6) The increase of out-of-wedlock pregnancies and births is well documented as follows:

“(A) It is estimated that the rate of nonmarital teen pregnancy rose 23 percent from 54 pregnancies per 1,000 unmarried teenagers in 1976 to 66.7 pregnancies in 1991. The overall rate of nonmarital pregnancy rose 14 percent from 90.8 pregnancies per 1,000 unmarried women in 1980 to 103 in both 1991 and 1992. In contrast, the overall pregnancy rate for married couples decreased 7.3 percent between 1980 and 1991, from 126.9 pregnancies per 1,000 married women in 1980 to 117.6 pregnancies in 1991.

“(B) The total of all out-of-wedlock births between 1970 and 1991 has risen from 10.7 percent to 29.5 percent and if the current trend continues, 50 percent of all births by the year 2015 will be out-of-wedlock.

“(7) An effective strategy to combat teenage pregnancy must address the issue of male responsibility, including statutory rape culpability and prevention. The increase of teenage pregnancies among the youngest girls is particularly severe and is linked to predatory sexual practices by men who are significantly older.

“(A) It is estimated that in the late 1980’s, the rate for girls age 14 and under giving birth increased 26 percent.

“(B) Data indicates that at least half of the children born to teenage mothers are fathered by adult men. Available data suggests that almost 70 percent of births to teenage girls are fathered by men over age 20.

“(C) Surveys of teen mothers have revealed that a majority of such mothers have histories of sexual and physical abuse, primarily with older adult men.

“(8) The negative consequences of an out-of-wedlock birth on the mother, the child, the family, and society are well documented as follows:

“(A) Young women 17 and under who give birth outside of marriage are more likely to go on public assistance and to spend more years on welfare once enrolled. These combined effects of ‘younger and longer’ increase total AFDC costs per household by 25 percent to 30 percent for 17-year-olds.

“(B) Children born out-of-wedlock have a substantially higher risk of being born at a very low or moderately low birth weight.

“(C) Children born out-of-wedlock are more likely to experience low verbal cognitive attainment, as well as more child abuse, and neglect.

“(D) Children born out-of-wedlock were more likely to have lower cognitive scores, lower educational aspirations, and a greater likelihood of becoming teenage parents themselves.

“(E) Being born out-of-wedlock significantly reduces the chances of the child growing up to have an intact marriage.

“(F) Children born out-of-wedlock are 3 times more likely to be on welfare when they grow up.

“(9) Currently 35 percent of children in single-parent homes were born out-of-wedlock, nearly the same percentage as that of children in single-parent homes whose parents are divorced (37 percent). While many parents find themselves, through divorce or tragic circumstances beyond their control, facing the difficult task of raising children alone, nevertheless, the negative consequences of raising children in single-parent homes are well documented as follows:

“(A) Only 9 percent of married-couple families with children under 18 years of age have income below the national poverty level. In contrast, 46 percent of female-headed households with children under 18 years of age are below the national poverty level.

“(B) Among single-parent families, nearly ½ of the mothers who never married received AFDC while only ¼ of divorced mothers received AFDC.

“(C) Children born into families receiving welfare assistance are 3 times more likely to be on welfare when they reach adulthood than children not born into families receiving welfare.

“(D) Mothers under 20 years of age are at the greatest risk of bearing low birth weight babies.

“(E) The younger the single-parent mother, the less likely she is to finish high school.

“(F) Young women who have children before finishing high school are more likely to receive welfare assistance for a longer period of time.

“(G) Between 1985 and 1990, the public cost of births to teenage mothers under the aid to families with dependent children program, the food stamp program, and the medicaid program has been estimated at \$120,000,000,000.

“(H) The absence of a father in the life of a child has a negative effect on school performance and peer adjustment.

“(I) Children of teenage single parents have lower cognitive scores, lower educational aspirations, and a greater likelihood of becoming teenage parents themselves.

“(J) Children of single-parent homes are 3 times more likely to fail and repeat a year in grade school than are children from intact 2-parent families.

“(K) Children from single-parent homes are almost 4 times more likely to be expelled or suspended from school.

“(L) Neighborhoods with larger percentages of youth aged 12 through 20 and areas with higher percentages of single-parent households have higher rates of violent crime.

“(M) Of those youth held for criminal offenses within the State juvenile justice system, only 29.8 percent lived primarily in a home with both parents. In contrast to these incarcerated youth, 73.9 percent of the 62,800,000 children in the Nation’s resident population were living with both parents.

“(10) Therefore, in light of this demonstration of the crisis in our Nation, it is the sense of the Congress that prevention of out-of-wedlock pregnancy and reduction in out-of-wedlock birth are very important Government interests and the policy contained in part A of title IV of the Social Security Act [this part] (as amended by section 103(a) of this Act) is intended to address the crisis.”

§ 602. Eligible States; State plan

(a) In general

As used in this part, the term “eligible State” means, with respect to a fiscal year, a State that, during the 27-month period ending with the close of the 1st quarter of the fiscal year, has submitted to the Secretary a plan that the Secretary has found includes the following:

(1) Outline of family assistance program

(A) General provisions

A written document that outlines how the State intends to do the following:

(i) Conduct a program, designed to serve all political subdivisions in the State (not necessarily in a uniform manner), that provides assistance to needy families with (or expecting) children and provides parents with job preparation, work, and support services to enable them to leave the program and become self-sufficient.

(ii) Require a parent or caretaker receiving assistance under the program to engage in work (as defined by the State) once the State determines the parent or caretaker is ready to engage in work, or once the parent or caretaker has received assistance under the program for 24 months (whether or not consecutive), whichever is earlier, consistent with section 607(e)(2) of this title.

(iii) Ensure that parents and caretakers receiving assistance under the program engage in work activities in accordance with section 607 of this title.

(iv) Take such reasonable steps as the State deems necessary to restrict the use and disclosure of information about individuals and families receiving assistance under the program attributable to funds provided by the Federal Government.

(v) Establish goals and take action to prevent and reduce the incidence of out-of-wedlock pregnancies, with special emphasis on teenage pregnancies, and establish numerical goals for reducing the illegitimacy ratio of the State (as defined in section 603(a)(2)(C)(iii)¹ of this title) for calendar years 1996 through 2005.

(vi) Conduct a program, designed to reach State and local law enforcement officials, the education system, and relevant counseling services, that provides education and training on the problem of statutory rape so that teenage pregnancy prevention programs may be expanded in scope to include men.

(B) Special provisions

(i) The document shall indicate whether the State intends to treat families moving into the State from another State differently than other families under the program, and if so, how the State intends to treat such families under the program.

(ii) The document shall indicate whether the State intends to provide assistance under the program to individuals who are not citizens of the United States, and if so, shall include an overview of such assistance.

(iii) The document shall set forth objective criteria for the delivery of benefits and the determination of eligibility and for fair and equitable treatment, including an explanation of how the State will provide opportunities for recipients who have been adversely affected to be heard in a State administrative or appeal process.

(iv) Not later than 1 year after August 22, 1996, unless the chief executive officer of the State opts out of this provision by notifying the Secretary, a State shall, consistent with

¹ See References in Text note below.

the exception provided in section 607(e)(2) of this title, require a parent or caretaker receiving assistance under the program who, after receiving such assistance for 2 months is not exempt from work requirements and is not engaged in work, as determined under section 607(c) of this title, to participate in community service employment, with minimum hours per week and tasks to be determined by the State.

(v) The document shall indicate whether the State intends to assist individuals to train for, seek, and maintain employment—

(I) providing direct care in a long-term care facility (as such terms are defined under section 1397j of this title); or

(II) in other occupations related to elder care determined appropriate by the State for which the State identifies an unmet need for service personnel,

and, if so, shall include an overview of such assistance.

(2) Certification that the State will operate a child support enforcement program

A certification by the chief executive officer of the State that, during the fiscal year, the State will operate a child support enforcement program under the State plan approved under part D of this subchapter.

(3) Certification that the State will operate a foster care and adoption assistance program

A certification by the chief executive officer of the State that, during the fiscal year, the State will operate a foster care and adoption assistance program under the State plan approved under part E of this subchapter, and that the State will take such actions as are necessary to ensure that children receiving assistance under such part are eligible for medical assistance under the State plan under subchapter XIX of this chapter.

(4) Certification of the administration of the program

A certification by the chief executive officer of the State specifying which State agency or agencies will administer and supervise the program referred to in paragraph (1) for the fiscal year, which shall include assurances that local governments and private sector organizations—

(A) have been consulted regarding the plan and design of welfare services in the State so that services are provided in a manner appropriate to local populations; and

(B) have had at least 45 days to submit comments on the plan and the design of such services.

(5) Certification that the State will provide Indians with equitable access to assistance

A certification by the chief executive officer of the State that, during the fiscal year, the State will provide each member of an Indian tribe, who is domiciled in the State and is not eligible for assistance under a tribal family assistance plan approved under section 612 of this title, with equitable access to assistance under the State program funded under this

part attributable to funds provided by the Federal Government.

(6) Certification of standards and procedures to ensure against program fraud and abuse

A certification by the chief executive officer of the State that the State has established and is enforcing standards and procedures to ensure against program fraud and abuse, including standards and procedures concerning nepotism, conflicts of interest among individuals responsible for the administration and supervision of the State program, kickbacks, and the use of political patronage.

(7) Optional certification of standards and procedures to ensure that the State will screen for and identify domestic violence

(A) In general

At the option of the State, a certification by the chief executive officer of the State that the State has established and is enforcing standards and procedures to—

(i) screen and identify individuals receiving assistance under this part with a history of domestic violence while maintaining the confidentiality of such individuals;

(ii) refer such individuals to counseling and supportive services; and

(iii) waive, pursuant to a determination of good cause, other program requirements such as time limits (for so long as necessary) for individuals receiving assistance, residency requirements, child support cooperation requirements, and family cap provisions, in cases where compliance with such requirements would make it more difficult for individuals receiving assistance under this part to escape domestic violence or unfairly penalize such individuals who are or have been victimized by such violence, or individuals who are at risk of further domestic violence.

(B) “Domestic violence” defined

For purposes of this paragraph, the term “domestic violence” has the same meaning as the term “battered or subjected to extreme cruelty”, as defined in section 608(a)(7)(C)(iii) of this title.

(b) Plan amendments

Within 30 days after a State amends a plan submitted pursuant to subsection (a) of this section, the State shall notify the Secretary of the amendment.

(c) Public availability of State plan summary

The State shall make available to the public a summary of any plan or plan amendment submitted by the State under this section.

ASSETS FOR INDEPENDENCE

Pub. L. 105-285, title IV, Oct. 27, 1998, 112 Stat. 2759, as amended by Pub. L. 106-554, §1(a)(1) [title VI, §§602-607(a), 608(a), 609, 610], Dec. 21, 2000, 114 Stat. 2763, 2763A-74 to 2763A-76; Pub. L. 107-110, title VII, §702(h), Jan. 8, 2002, 115 Stat. 1947, provided that:

"SEC. 401. SHORT TITLE.

"This title may be cited as the 'Assets for Independence Act'.

"SEC. 402. FINDINGS.

"Congress makes the following findings:

"(1) Economic well-being does not come solely from income, spending, and consumption, but also requires savings, investment, and accumulation of assets because assets can improve economic independence and stability, connect individuals with a viable and hopeful future, stimulate development of human and other capital, and enhance the welfare of offspring.

"(2) Fully ½ of all Americans have either no, negligible, or negative assets available for investment, just as the price of entry to the economic mainstream, the cost of a house, an adequate education, and starting a business, is increasing. Further, the household savings rate of the United States lags far behind other industrial nations, presenting a barrier to economic growth.

"(3) In the current tight fiscal environment, the United States should invest existing resources in high-yield initiatives. There is reason to believe that the financial returns, including increased income, tax revenue, and decreased welfare cash assistance, resulting from individual development accounts will far exceed the cost of investment in those accounts.

"(4) Traditional public assistance programs concentrating on income and consumption have rarely been successful in promoting and supporting the transition to increased economic self-sufficiency. In-

come-based domestic policy should be complemented with asset-based policy because, while income-based policies ensure that consumption needs (including food, child care, rent, clothing, and health care) are met, asset-based policies provide the means to achieve greater independence and economic well-being.

"SEC. 403. PURPOSES.

"The purposes of this title are to provide for the establishment of demonstration projects designed to determine—

"(1) the social, civic, psychological, and economic effects of providing to individuals and families with limited means an incentive to accumulate assets by saving a portion of their earned income;

"(2) the extent to which an asset-based policy that promotes saving for postsecondary education, homeownership, and microenterprise development may be used to enable individuals and families with limited means to increase their economic self-sufficiency; and

"(3) the extent to which an asset-based policy stabilizes and improves families and the community in which the families live.

§ 604a. Services provided by charitable, religious, or private organizations

(a) In general

(1) State options

A State may—

(A) administer and provide services under the programs described in subparagraphs (A) and (B)(i) of paragraph (2) through contracts with charitable, religious, or private organizations; and

(B) provide beneficiaries of assistance under the programs described in subparagraphs (A) and (B)(ii) of paragraph (2) with certificates, vouchers, or other forms of disbursement which are redeemable with such organizations.

(2) Programs described

The programs described in this paragraph are the following programs:

(A) A State program funded under this part (as amended by section 103(a) of this Act).

(B) Any other program established or modified under title I or II of this Act, that—

(i) permits contracts with organizations; or

(ii) permits certificates, vouchers, or other forms of disbursement to be provided to beneficiaries, as a means of providing assistance.

(b) Religious organizations

The purpose of this section is to allow States to contract with religious organizations, or to allow religious organizations to accept certificates, vouchers, or other forms of disbursement under any program described in subsection (a)(2) of this section, on the same basis as any other nongovernmental provider without impairing the religious character of such organizations, and without diminishing the religious freedom of beneficiaries of assistance funded under such program.

(c) Nondiscrimination against religious organizations

In the event a State exercises its authority under subsection (a) of this section, religious organizations are eligible, on the same basis as any other private organization, as contractors to provide assistance, or to accept certificates, vouchers, or other forms of disbursement, under any program described in subsection (a)(2) of this section so long as the programs are implemented consistent with the Establishment Clause of the United States Constitution. Except as provided in subsection (k) of this section, neither the Federal Government nor a State receiving funds under such programs shall discriminate against an organization which is or applies to be a contractor to provide assistance, or which accepts certificates, vouchers, or other forms of disbursement, on the basis that the organization has a religious character.

(d) Religious character and freedom

(1) Religious organizations

A religious organization with a contract described in subsection (a)(1)(A) of this section,

or which accepts certificates, vouchers, or other forms of disbursement under subsection (a)(1)(B) of this section, shall retain its independence from Federal, State, and local governments, including such organization's control over the definition, development, practice, and expression of its religious beliefs.

(2) Additional safeguards

Neither the Federal Government nor a State shall require a religious organization to—

- (A) alter its form of internal governance; or
- (B) remove religious art, icons, scripture, or other symbols;

in order to be eligible to contract to provide assistance, or to accept certificates, vouchers, or other forms of disbursement, funded under a program described in subsection (a)(2) of this section.

(e) Rights of beneficiaries of assistance

(1) In general

If an individual described in paragraph (2) has an objection to the religious character of the organization or institution from which the individual receives, or would receive, assistance funded under any program described in subsection (a)(2) of this section, the State in which the individual resides shall provide such individual (if otherwise eligible for such assistance) within a reasonable period of time after the date of such objection with assistance from an alternative provider that is accessible to the individual and the value of which is not less than the value of the assistance which the individual would have received from such organization.

(2) Individual described

An individual described in this paragraph is an individual who receives, applies for, or requests to apply for, assistance under a program described in subsection (a)(2) of this section.

(f) Employment practices

A religious organization's exemption provided under section 2000e-1 of this title regarding employment practices shall not be affected by its participation in, or receipt of funds from, programs described in subsection (a)(2) of this section.

(g) Nondiscrimination against beneficiaries

Except as otherwise provided in law, a religious organization shall not discriminate against an individual in regard to rendering assistance funded under any program described in subsection (a)(2) of this section on the basis of religion, a religious belief, or refusal to actively participate in a religious practice.

(h) Fiscal accountability

(1) In general

Except as provided in paragraph (2), any religious organization contracting to provide assistance funded under any program described in subsection (a)(2) of this section shall be subject to the same regulations as other contractors to account in accord with generally accepted auditing principles for the use of such funds provided under such programs.

(2) Limited audit

If such organization segregates Federal funds provided under such programs into separate accounts, then only the financial assistance provided with such funds shall be subject to audit.

(i) Compliance

Any party which seeks to enforce its rights under this section may assert a civil action for injunctive relief exclusively in an appropriate State court against the entity or agency that allegedly commits such violation.

(j) Limitations on use of funds for certain purposes

No funds provided directly to institutions or organizations to provide services and administer programs under subsection (a)(1)(A) of this section shall be expended for sectarian worship, instruction, or proselytization.

(k) Preemption

Nothing in this section shall be construed to preempt any provision of a State constitution or State statute that prohibits or restricts the expenditure of State funds in or by religious organizations.

The minimum participation rate is:

If the fiscal year is:	The minimum participation rate is:

1998	75
1999 or thereafter	90.

(b) Calculation of participation rates

(1) All families

(A) Average monthly rate

For purposes of subsection (a)(1) of this section, the participation rate for all families of a State for a fiscal year is the average of the participation rates for all families of the State for each month in the fiscal year.

(B) Monthly participation rates

The participation rate of a State for all families of the State for a month, expressed as a percentage, is—

- (i) the number of families receiving assistance under the State program funded under this part or any other State program funded with qualified State expenditures (as defined in section 609(a)(7)(B)(i) of this title) that include an adult or a minor child head of household who is engaged in work for the month; divided by
- (ii) the amount by which—

(I) the number of families receiving such assistance during the month that include an adult or a minor child head of household receiving such assistance; exceeds

(II) the number of families receiving such assistance that are subject in such month to a penalty described in subsection (e)(1) of this section but have not been subject to such penalty for more than 3 months within the preceding 12-month period (whether or not consecutive).

(2) 2-parent families

(A) Average monthly rate

For purposes of subsection (a)(2) of this section, the participation rate for 2-parent families of a State for a fiscal year is the average of the participation rates for 2-parent families of the State for each month in the fiscal year.

(B) Monthly participation rates

The participation rate of a State for 2-parent families of the State for a month shall be calculated by use of the formula set forth in paragraph (1)(B), except that in the formula the term “number of 2-parent families” shall be substituted for the term “number of families” each place such latter term appears.

(C) Family with a disabled parent not treated as a 2-parent family

A family that includes a disabled parent shall not be considered a 2-parent family for purposes of subsections (a) and (b) of this section.

(3) Pro rata reduction of participation rate due to caseload reductions not required by Federal law and not resulting from changes in State eligibility criteria

(A) In general

The Secretary shall prescribe regulations for reducing the minimum participation rate otherwise required by this section for a fiscal year by the number of percentage points equal to the number of percentage points (if any) by which—

(i) the average monthly number of families receiving assistance during the immediately preceding fiscal year (or if the immediately preceding fiscal year is fiscal year 2008, 2009, or 2010, then, at State option, during the emergency fund base year of the State with respect to the average monthly assistance caseload of the State (within the meaning of section 603(c)(9) of this title), except that, if a State elects such option for fiscal year 2008, the emergency fund base year of the State with respect to such caseload shall be fiscal year 2007))¹ under the State program funded under this part or any other State program funded with qualified State expenditures (as defined in section 609(a)(7)(B)(i) of this title) is less than

(ii) the average monthly number of families that received assistance under any State program referred to in clause (i) during fiscal year 2005.

The minimum participation rate shall not be reduced to the extent that the Secretary determines that the reduction in the number of families receiving such assistance is required by Federal law.

(B) Eligibility changes not counted

The regulations required by subparagraph (A) shall not take into account families that are diverted from a State program funded under this part as a result of differences in eligibility criteria under a State program funded under this part and the eligibility criteria in effect during fiscal year 2005. Such regulations shall place the burden on the Secretary to prove that such families were diverted as a direct result of differences in such eligibility criteria.

(4) State option to include individuals receiving assistance under a tribal family assistance plan or tribal work program

For purposes of paragraphs (1)(B) and (2)(B), a State may, at its option, include families in the State that are receiving assistance under a tribal family assistance plan approved under section 612 of this title or under a tribal work program to which funds are provided under this part.

(5) State option for participation requirement exemptions

For any fiscal year, a State may, at its option, not require an individual who is a single custodial parent caring for a child who has not

attained 12 months of age to engage in work, and may disregard such an individual in determining the participation rates under subsection (a) of this section for not more than 12 months.

(ii) Limited authority to count less than full week of participation

For purposes of clause (i) of this subparagraph, on not more than 1 occasion per individual, the State shall consider participation of the individual in an activity described in subsection (d)(6) of this section for 3 or 4 days during a week as a week of participation in the activity by the individual.

For purposes of determining monthly participation rates under subsection (b)(1)(B)(i) of this section, a recipient who is the only parent or caretaker relative in the family of a child who has not attained 6 years of age is deemed to be engaged in work for a month if the recipient is engaged in work for an average of at least 20 hours per week during the month.

(1) In general

Except as provided in paragraph (2), if an individual in a family receiving assistance under the State program funded under this part or any other State program funded with qualified State expenditures (as defined in section 609(a)(7)(B)(i) of this title) refuses to engage in work required in accordance with this section, the State shall—

(2) Exception

Notwithstanding paragraph (1), a State may not reduce or terminate assistance under the State program funded under this part or any other State program funded with qualified State expenditures (as defined in section 609(a)(7)(B)(i) of this title) based on a refusal of an individual to engage in work required in accordance with this section if the individual is a single custodial parent caring for a child who has not attained 6 years of age, and the individual proves that the individual has a demonstrated inability (as determined by the State) to obtain needed child care, for 1 or more of the following reasons:

(h) Sense of Congress that States should impose certain requirements on noncustodial, non-supporting minor parents

It is the sense of the Congress that the States should require noncustodial, nonsupporting parents who have not attained 18 years of age to fulfill community work obligations and attend appropriate parenting or money management classes after school.

The regulations referred to in clause (i) may be effective and final immediately on an interim basis as of the date of publication of the regulations. If the Secretary provides for an interim final regulation, the Secretary shall provide for a period of public comment on the regulation after the date of publication. The Secretary may change or revise the regulation after the public comment period.

(B) Oversight of State procedures

The Secretary shall review the State procedures established in accordance with paragraph (2) to ensure that such procedures are consistent with the regulations promulgated under subparagraph (A) and are adequate to ensure an accurate measurement of work participation under the State programs funded under this part and any other State programs funded with qualified State expenditures (as so defined).

(2) Requirement for States to establish and maintain work participation verification procedures

Not later than September 30, 2006, a State to which a grant is made under section 603 of this title shall establish procedures for determining, with respect to recipients of assistance under the State program funded under this part or under any State programs funded with qualified State expenditures (as so defined), whether activities may be counted as work activities, how to count and verify reported hours of work, and who is a work-eligible individual, in accordance with the regulations promulgated pursuant to paragraph (1)(A)(i) and shall establish internal controls to ensure compliance with the procedures.

(i)(I) on the basis of data submitted by a State pursuant to section 654(15)(B) of this title, or on the basis of the results of a review conducted under section 652(a)(4) of this title, that the State program failed to achieve the paternity establishment percentages (as defined in section 652(g)(2) of this title), or to meet other performance measures that may be established by the Secretary;

¹ See References in Text note below.

(II) on the basis of the results of an audit or audits conducted under section 652(a)(4)(C)(i) of this title that the State data submitted pursuant to section 654(15)(B) of this title is incomplete or unreliable; or

(III) on the basis of the results of an audit or audits conducted under section 652(a)(4)(C) of this title that a State failed to substantially comply with 1 or more of the requirements of part D of this subchapter (other than paragraph (24), or subparagraph (A) or (B)(i) of paragraph (27), of section 654 of this title); and

(ii) that, with respect to the succeeding fiscal year—

(I) the State failed to take sufficient corrective action to achieve the appropriate performance levels or compliance as described in subparagraph (A)(i); or

(II) the data submitted by the State pursuant to section 654(15)(B) of this title is incomplete or unreliable;

the amounts otherwise payable to the State under this part for quarters following the end of such succeeding fiscal year, prior to quarters following the end of the first quarter throughout which the State program has achieved the paternity establishment percentages or other performance measures as described in subparagraph (A)(i)(I), or is in substantial compliance with 1 or more of the requirements of part D of this subchapter as described in subparagraph (A)(i)(III), as appropriate, shall be reduced by the percentage specified in subparagraph (B).

(B) Amount of reductions

The reductions required under subparagraph (A) shall be—

(C) Disregard of noncompliance which is of a technical nature

For purposes of this section and section 652(a)(4) of this title, a State determined as a result of an audit—

(i) to have failed to have substantially complied with 1 or more of the requirements of part D of this subchapter shall be determined to have achieved substantial compliance only if the Secretary determines that the extent of the noncompliance is of a technical nature which does not adversely affect the performance of the State's program under part D of this subchapter; or

(ii) to have submitted incomplete or unreliable data pursuant to section 654(15)(B) of this title shall be determined to have submitted adequate data only if the Secretary determines that the extent of the incompleteness or unreliability of the data

is of a technical nature which does not adversely affect the determination of the level of the State's paternity establishment percentages (as defined under section 652(g)(2) of this title) or other performance measures that may be established by the Secretary.

(9) Failure to comply with 5-year limit on assistance

If the Secretary determines that a State has not complied with section 608(a)(7) of this title during a fiscal year, the Secretary shall reduce the grant payable to the State under section 603(a)(1) of this title for the immediately succeeding fiscal year by an amount equal to 5 percent of the State family assistance grant.

(10) Failure of State receiving amounts from Contingency Fund to maintain 100 percent of historic effort

If, at the end of any fiscal year during which amounts from the Contingency Fund for State Welfare Programs have been paid to a State, the Secretary finds that the qualified State expenditures (as defined in paragraph (7)(B)(i) (other than the expenditures described in subclause (I)(bb) of that paragraph)) under the State program funded under this part for the fiscal year are less than 100 percent of historic State expenditures (as defined in paragraph (7)(B)(iii) of this subsection), excluding any amount expended by the State for child care under subsection (g) or (i) of section 602 of this title (as in effect during fiscal year 1994) for fiscal year 1994, the Secretary shall reduce the grant payable to the State under section 603(a)(1) of this title for the immediately succeeding fiscal year by the total of the amounts so paid to the State that the State has not remitted under section 603(b)(6) of this title.

total amount of such reductions. If the State fails during such succeeding fiscal year to make the expenditure required by the preceding sentence from its own funds, the Secretary may reduce the grant payable to the State under section 603(a)(1) of this title for the fiscal year that follows such succeeding fiscal year by an amount equal to the sum of—

(A) not more than 2 percent of the State family assistance grant; and

(B) the amount of the expenditure required by the preceding sentence.

(13) Penalty for failure of State to maintain historic effort during year in which welfare-to-work grant is received

If a grant is made to a State under section 603(a)(5)(A) of this title for a fiscal year and paragraph (7) of this subsection requires the grant payable to the State under section 603(a)(1) of this title to be reduced for the immediately succeeding fiscal year, then the Secretary shall reduce the grant payable to the State under section 603(a)(1) of this title for such succeeding fiscal year by the amount of the grant made to the State under section 603(a)(5)(A) of this title for the fiscal year.

(B) Penalty based on severity of failure

The Secretary shall impose reductions under subparagraph (A) with respect to a fiscal year based on the degree of noncompliance.

(2) Exception

Paragraph (1) of this subsection shall not apply to any penalty under paragraph (6), (7), (8), (10), (12), or (13) of subsection (a) and, with respect to the penalty under paragraph (2)(B) of subsection (a), shall only apply to the extent the Secretary determines that the reasonable cause for failure to comply with a requirement of that paragraph is as a result of a one-time, unexpected event, such as a widespread data system failure or a natural or man-made disaster.

(c) Corrective compliance plan

(1) In general

(A) Notification of violation

Before imposing a penalty against a State under subsection (a) of this section with respect to a violation of this part, the Secretary shall notify the State of the violation and allow the State the opportunity to enter into a corrective compliance plan in accordance with this subsection which outlines how the State will correct or discontinue, as appropriate, the violation and how the State will insure continuing compliance with this part.

(B) 60-day period to propose a corrective compliance plan

During the 60-day period that begins on the date the State receives a notice provided under subparagraph (A) with respect to a violation, the State may submit to the Federal Government a corrective compliance plan to correct or discontinue, as appropriate, the violation.

(C) Consultation about modifications

During the 60-day period that begins with the date the Secretary receives a corrective compliance plan submitted by a State in accordance with subparagraph (B), the Secretary may consult with the State on modifications to the plan.

(D) Acceptance of plan

A corrective compliance plan submitted by a State in accordance with subparagraph (B) is deemed to be accepted by the Secretary if the Secretary does not accept or reject the plan during 60-day period that begins on the date the plan is submitted.

(2) Effect of correcting or discontinuing violation

The Secretary may not impose any penalty under subsection (a) of this section with respect to any violation covered by a State corrective compliance plan accepted by the Secretary if the State corrects or discontinues, as appropriate² the violation pursuant to the plan.

(3) Effect of failing to correct or discontinue violation

The Secretary shall assess some or all of a penalty imposed on a State under subsection

² So in original. Probably should be followed by a comma.

(1) In general

In imposing the penalties described in subsection (a) of this section, the Secretary shall not reduce any quarterly payment to a State by more than 25 percent.

(2) Carryforward of unrecovered penalties

(F) The percentage of each group that has health insurance provided by a private entity (broken down by whether the insurance is provided through an employer or otherwise), the percentage that has health insurance provided by an agency of government, and the percentage that does not have health insurance.

(G) The average income of the families of the members of each group.

“(b) DELAY PERMITTED IF STATE LEGISLATION REQUIRED.—If the Secretary of Health and Human Services determines that State legislation (other than legislation appropriating funds) is required in order for a State plan developed pursuant to subpart 1 of part B [this subpart], or a State plan approved under subpart 2 of part B [subpart 2 of this part] or part E [part E of this subchapter], of title IV of the Social Security Act to meet the additional requirements imposed by the amendments made by this Act, the plan shall not be regarded as failing to meet any of the additional requirements before the 1st day of the 1st calendar quarter beginning after the first regular session of the State legislature that begins after the date of the enactment of this Act [Sept. 28, 2006]. If the State has a 2-year legislative session, each year of the session is deemed to be a separate regular session of the State legislature.

“(c) AVAILABILITY OF PROMOTING SAFE AND STABLE FAMILIES RESOURCES FOR FISCAL YEAR 2006.—Section 3(c) [120 Stat. 1235] shall take effect on the date of the enactment of this Act [Sept. 28, 2006].”

EFFECTIVE DATE

Pub. L. 90-248, title II, §240(e)(2), Jan. 2, 1968, 81 Stat. 915, provided that: “Part B of title IV of the Social Security Act (as added by subsection (c) of this section) [this part], and the amendments made by subsections (a) and (b) of this section [amending subchapter IV and enacting part A heading] shall become effective on the date this Act is enacted [Jan. 2, 1968].”

FINDINGS

Pub. L. 109-288, §2, Sept. 28, 2006, 120 Stat. 1233, provided that: “The Congress finds as follows:

“(1) For Federal fiscal year 2004, child protective services (CPS) staff nationwide reported investigating or assessing an estimated 3,000,000 allegations of child maltreatment, and determined that 872,000 children had been abused or neglected by their parents or other caregivers.

“(2) Combined, the Child Welfare Services (CWS) and Promoting Safe and Stable Families (PSSF) programs provide States about \$700,000,000 per year, the largest source of targeted Federal funding in the child protection system for services to ensure that children are not abused or neglected and, whenever possible, help children remain safely with their families.

“(3) A 2003 report by the Government Accountability Office (GAO) reported that little research is available on the effectiveness of activities supported by CWS funds—evaluations of services supported by PSSF funds have generally shown little or no effect.

“(4) Further, the Department of Health and Human Services recently completed initial Child and Family Service Reviews (CFSRs) in each State. No State was in full compliance with all measures of the CFSRs. The CFSRs also revealed that States need to work to prevent repeat abuse and neglect of children, improve services provided to families to reduce the risk of future harm (including by better monitoring the participation of families in services), and strengthen upfront services provided to families to prevent unnecessary family break-up and protect children who remain at home.

“(5) Federal policy should encourage States to invest their CWS and PSSF funds in services that promote and protect the welfare of children, support strong, healthy families, and reduce the reliance on

out-of-home care, which will help ensure all children are raised in safe, loving families.

“(6) CFSRs also found a strong correlation between frequent caseworker visits with children and positive outcomes for these children, such as timely achievement of permanency and other indicators of child well-being.

“(7) However, a December 2005 report by the Department of Health and Human Services Office of Inspector General found that only 20 States were able to produce reports to show whether caseworkers actually visited children in foster care on at least a monthly basis, despite the fact that nearly all States had written standards suggesting monthly visits were State policy.

“(8) A 2003 GAO report found that the average tenure for a child welfare caseworker is less than 2 years and this level of turnover negatively affects safety and permanency for children.

“(9) Targeting CWS and PSSF funds to ensure children in foster care are visited on at least a monthly basis will promote better outcomes for vulnerable children, including by preventing further abuse and neglect.

“(10) According to the Office of Applied Studies of the Substance Abuse and Mental Health Services Administration, the annual number of new uses of Methamphetamine, also known as ‘meth,’ has increased 72 percent over the past decade. According to a study conducted by the National Association of Counties which surveyed 500 county law enforcement agencies in 45 states, 88 percent of the agencies surveyed reported increases in meth related arrests starting 5 years ago.

“(11) According to the 2004 National Survey on Drug Use and Health, nearly 12,000,000 Americans have tried methamphetamine. Meth making operations have been uncovered in all 50 states, but the most wide-spread abuse has been concentrated in the western, southwestern, and Midwestern United States.

“(12) Methamphetamine abuse is on the increase, particularly among women of child-bearing age. This is having an impact on child welfare systems in many States. According to a survey administered by the National Association of Counties (‘The Impact of Meth on Children’), conducted in 300 counties in 13 states, meth is a major cause of child abuse and neglect. Forty percent of all the child welfare officials in the survey reported an increase in out-of-home placements because of meth in 2005.

“(13) It is appropriate also to target PSSF funds to address this issue because of the unique strain the meth epidemic puts on child welfare agencies. Outcomes for children affected by meth are enhanced when services provided by law enforcement, child welfare and substance abuse agencies are integrated.”

§ 622. State plans for child welfare services

(a) Joint development

In order to be eligible for payment under this subpart, a State must have a plan for child welfare services which has been developed jointly by the Secretary and the State agency designated pursuant to subsection (b)(1) of this section, and which meets the requirements of subsection (b) of this section.

health care services for any child in a foster care placement, which shall ensure a coordinated strategy to identify and respond to the health care needs of children in foster care placements, including mental health and dental health needs, and shall include an outline of—

(b)(1) of this section] if on December 1, 1974, the agency of a State administering its plan for child welfare services under part B of title IV of that Act [this part] was not the agency designated pursuant to section 402(a)(3) of that Act [section 602(a)(3) of this title], such section 422(b)(1) shall not apply with respect to such agency, but only so long as such agency is not the agency designated under section 2003(d)(1)(C) of that Act [section 1397b(d)(1)(C) of this title]; and if on December 1, 1974, the local agency administering the plan of a State under part B of title IV of that Act in a sub-

division of the State was not the local agency in such subdivision administering the plan of such State under part A of that title [part A of this subchapter], such section 422(b)(1) shall not apply with respect to such local agency, but only so long as such local agency is not the local agency administering the program of the State for the provision of services under title XX of that Act [subchapter XX of this chapter].”

OVERPAYMENTS OR UNDERPAYMENTS

Section 240(f)(3) of Pub. L. 90-248 provided that in the case of any State which has a plan developed as provided in part 3 of this subchapter as in effect prior to Jan. 2, 1968, sections 721 to 728 of this title, “any overpayment or underpayment which the Secretary determines was made to the State under section 523 of the Social Security Act [section 723 of this title] and with respect to which adjustment has not then already been made under subsection (b) of such section shall, for purposes of section 422 of such Act [this section], be considered an overpayment or underpayment (as the case may be) made under section 422 of such Act.”

§ 623. Allotments to States

(a) In general

The sum appropriated pursuant to section 625 of this title for each fiscal year shall be allotted by the Secretary for use by cooperating State public welfare agencies which have plans developed jointly by the State agency and the Secretary as follows: The Secretary shall first allot \$70,000 to each State, and shall then allot to each State an amount which bears the same ratio to the remainder of such sum as the product of (1) the population of the State under the age of twenty-one and (2) the allotment percentage of the State (as determined under this section) bears to the sum of the corresponding products of all the States.

(b) Determination of State allotment percentages

The “allotment percentage” for any State shall be 100 percent less the State percentage; and the State percentage shall be the percentage which bears the same ratio to 50 percent as the per capita income of such State bears to the per capita income of the United States; except that (1) the allotment percentage shall in no case be less than 30 percent or more than 70 percent, and (2) the allotment percentage shall be 70 percent in the case of Puerto Rico, the Virgin Islands, Guam, and American Samoa.

(c) Promulgation of State allotment percentages

The allotment percentage for each State shall be promulgated by the Secretary between October 1 and November 30 of each even-numbered year, on the basis of the average per capita income of each State and of the United States for the three most recent calendar years for which satisfactory data are available from the Department of Commerce. Such promulgation shall be conclusive for each of the two fiscal years in the period beginning October 1 next succeeding such promulgation.

(d) United States defined

For purposes of this section, the term “United States” means the 50 States and the District of Columbia.

(e) Reallocation of funds

(1) In general

The amount of any allotment to a State for a fiscal year under the preceding provisions of

this section which the State certifies to the Secretary will not be required for carrying out the State plan developed as provided in section 622 of this title shall be available for reallocation from time to time, on such dates as the Secretary may fix, to other States which the Secretary determines—

(A) need sums in excess of the amounts allotted to such other States under the preceding provisions of this section, in carrying out their State plans so developed; and

(B) will be able to so use such excess sums during the fiscal year.

(2) Considerations

The Secretary shall make the reallocations on the basis of the State plans so developed, after taking into consideration—

(A) the population under 21 years of age;

(B) the per capita income of each of such other States as compared with the population under 21 years of age; and

(C) the per capita income of all such other States with respect to which such a determination by the Secretary has been made.

(3) Amounts reallocated to a State deemed part of State allotment

Any amount so reallocated to a State is deemed part of the allotment of the State under this section.

(c) Limitation on use of Federal funds for child care, foster care maintenance payments, or adoption assistance payments

The total amount of Federal payments under this subpart for a fiscal year beginning after September 30, 2007, that may be used by a State for expenditures for child care, foster care maintenance payments, or adoption assistance payments shall not exceed the total amount of such payments for fiscal year 2005 that were so used by the State.

(d) Limitation on use by States of non-Federal funds for foster care maintenance payments to match Federal funds

For any fiscal year beginning after September 30, 2007, State expenditures of non-Federal funds for foster care maintenance payments shall not be considered to be expenditures under the State plan developed under this subpart for the fiscal year to the extent that the total of such expenditures for the fiscal year exceeds the total of such expenditures under the State plan developed under this subpart for fiscal year 2005.

The outline shall include target percentages to be reached each fiscal year, and should include a description of how the steps will be implemented. The steps may include activities designed to improve caseworker retention, recruitment, training, and ability to access the benefits of technology.

(B) Beginning October 1, 2008, if the Secretary determines that a State has not made the requisite progress in meeting the goal described in subparagraph (A) of this paragraph, then the percentage that shall apply for purposes of subsection (a) of this section for the period involved shall be the percentage set forth in such subsection (a) reduced by—

(a) Indian tribes or tribal consortia

From the amount reserved pursuant to section 629f(b)(3) of this title for any fiscal year, the Secretary shall allot to each Indian tribe with a plan approved under this subpart an amount that bears the same ratio to such reserved amount as the number of children in the Indian tribe bears to the total number of children in all Indian tribes with State plans so approved, as determined by the Secretary on the basis of the most current and reliable information available to the Secretary. If a consortium of Indian tribes submits a plan approved under this subpart, the Secretary shall allot to the consortium an amount equal to the sum of the allotments determined for each Indian tribe that is part of the consortium.

(b) Territories

From the amount described in section 629f(a) of this title for any fiscal year that remains after applying section 629f(b) of this title for the fiscal year, the Secretary shall allot to each of the jurisdictions of Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, and American Samoa an amount determined in the same manner as the allotment to each of such jurisdictions is determined under section 623 of this title.

From the amount described in section 629f(a) of this title for any fiscal year that remains after applying section 629f(b) of this title and subsection (b) of this section for the fiscal year, the Secretary shall allot to each State (other than an Indian tribe) which is not specified in subsection (b) of this section an amount equal to such remaining amount multiplied by the supplemental nutrition assistance program benefits percentage of the State for the fiscal year.

sample surveys made under section 2025(c) of title 7, expressed as a percentage of the average monthly number of children receiving supplemental nutrition assistance program benefits² in the States described in such paragraph (1) for months in such 3 fiscal years, as so determined.

(B) Fiscal years used in calculation

For purposes of the calculation pursuant to subparagraph (A), the Secretary shall use data for the 3 most recent fiscal years, preceding the fiscal year for which the State's allotment is calculated under this subsection, for which such data are available to the Secretary.

(d) Reallotments

The amount of any allotment to a State under subsection (a), (b), or (c) of this section for any fiscal year that the State certifies to the Secretary will not be required for carrying out the State plan under section 629b of this title shall be available for reallotment using the allotment methodology specified in subsection (a), (b), or (c) of this section. Any amount so reallotted to a State is deemed part of the allotment of the State under the preceding provisions of this section.

(1) Territories

From the amount reserved pursuant to section 629f(b)(4)(A) of this title for any fiscal year, the Secretary shall allot to each jurisdiction specified in subsection (b) of this section, that has provided to the Secretary such documentation as may be necessary to verify that the jurisdiction has complied with section 629f(b)(4)(B)(ii) of this title during the fiscal year, an amount determined in the same manner as the allotment to each of such jurisdictions is determined under section 623 of this title (without regard to the initial allotment of \$70,000 to each State).

(1) Purpose

The purpose of this subsection is to authorize the Secretary to make competitive grants to regional partnerships to provide, through interagency collaboration and integration of programs and services, services and activities that are designed to increase the well-being of, improve permanency outcomes for, and enhance the safety of children who are in an out-of-home placement or are at risk of being placed in an out-of-home placement as a result of a parent's or caretaker's methamphetamine or other substance abuse.

(2) Regional partnership defined

(A) In general

In this subsection, the term "regional partnership" means a collaborative agreement (which may be established on an interstate or intrastate basis) entered into by at least 2 of the following:

- (i) The State child welfare agency that is responsible for the administration of the State plan under this part and part E.
- (ii) The State agency responsible for administering the substance abuse prevention and treatment block grant provided under subpart II of part B of title XIX of the Public Health Service Act [42 U.S.C. 300x-21 et seq.].
- (iii) An Indian tribe or tribal consortium.
- (iv) Nonprofit child welfare service providers.
- (v) For-profit child welfare service providers.
- (vi) Community health service providers.
- (vii) Community mental health providers.
- (viii) Local law enforcement agencies.

- (xiii) Any other providers, agencies, personnel, officials, or entities that are related to the provision of child and family services under this subpart.

(B) Requirements

(i) State child welfare agency partner

Subject to clause (ii)(I), a regional partnership entered into for purposes of this subsection shall include the State child welfare agency that is responsible for the administration of the State plan under this part and part E as 1 of the partners.

(ii) Regional partnerships entered into by Indian tribes or tribal consortia

If an Indian tribe or tribal consortium enters into a regional partnership for purposes of this subsection, the Indian tribe or tribal consortium—

(I) may (but is not required to) include such State child welfare agency as a partner in the collaborative agreement; and

(II) may not enter into a collaborative agreement only with tribal child welfare agencies (or a consortium of such agencies).

(iii) No State agency only partnerships

If a State agency described in clause (i) or (ii) of subparagraph (A) enters into a regional partnership for purposes of this subsection, the State agency may not enter into a collaborative agreement only with the other State agency described in such clause (i) or (ii).

(3) Authority to award grants

(A) In general

In addition to amounts authorized to be appropriated to carry out this section, the Secretary shall award grants under this subsection, from the amounts reserved for each of fiscal years 2007 through 2011 under section 629f(b)(5) of this title, to regional partnerships that satisfy the requirements of this subsection, in amounts that are not less than \$500,000 and not more than \$1,000,000 per grant per fiscal year.

(B) Required minimum period of approval

A grant shall be awarded under this subsection for a period of not less than 2, and not more than 5, fiscal years.

(4) Application requirements

To be eligible for a grant under this subsection, a regional partnership shall submit to the Secretary a written application containing the following:

(A) Recent evidence demonstrating that methamphetamine or other substance abuse has had a substantial impact on the number of out-of-home placements for children, or the number of children who are at risk of being placed in an out-of-home placement, in the partnership region.

(B) A description of the goals and outcomes to be achieved during the funding period for the grant that will—

(i) enhance the well-being of children receiving services or taking part in activities conducted with funds provided under the grant;

(ii) lead to safety and permanence for such children; and

(iii) decrease the number of out-of-home placements for children, or the number of children who are at risk of being placed in an out-of-home placement, in the partnership region.

(C) A description of the joint activities to be funded in whole or in part with the funds provided under the grant, including the sequencing of the activities proposed to be conducted under the funding period for the grant.

(D) A description of the strategies for integrating programs and services determined to be appropriate for the child and where appropriate, the child's family.

(E) A description of the strategies for—

- (i) collaborating with the State child welfare agency described in paragraph (2)(A)(i) (unless that agency is the lead applicant for the regional partnership); and
- (ii) consulting, as appropriate, with—
 - (I) the State agency described in paragraph (2)(A)(ii); and
 - (II) the State law enforcement and judicial agencies.

To the extent the Secretary determines that the requirement of this subparagraph would be inappropriate to apply to a regional partnership that includes an Indian tribe, tribal consortium, or a tribal child welfare agency or a consortium of such agencies, the Secretary may exempt the regional partnership from the requirement.

(F) Such other information as the Secretary may require.

(5) Use of funds

Funds made available under a grant made under this subsection shall only be used for services or activities that are consistent with the purpose of this subsection and may include the following:

- (i) 85 percent for the first and second fiscal years for which the grant is awarded to a recipient;
- (ii) 80 percent for the third and fourth such fiscal years; and
- (iii) 75 percent for the fifth such fiscal year.

(B) Non-Federal share

The non-Federal share of the cost of services provided or activities conducted under a grant awarded under this subsection may be in cash or in kind. In determining the amount of the non-Federal share, the Secretary may attribute fair market value to goods, services, and facilities contributed from non-Federal sources.

(7) Considerations in awarding grants

In awarding grants under this subsection, the Secretary shall—

- (A) take into consideration the extent to which applicant regional partnerships—
 - (i) demonstrate that methamphetamine or other substance abuse by parents or caretakers has had a substantial impact on the number of out-of-home placements for children, or the number of children who

are at risk of being placed in an out-of-home placement, in the partnership region;

(ii) have limited resources for addressing the needs of children affected by such abuse;

(iii) have a lack of capacity for, or access to, comprehensive family treatment services; and

(iv) demonstrate a plan for sustaining the services provided by or activities funded under the grant after the conclusion of the grant period; and

(B) after taking such factors into consideration, give greater weight to awarding grants to regional partnerships that propose to address methamphetamine abuse and addiction in the partnership region (alone or in combination with other drug abuse and addiction) and which demonstrate that methamphetamine abuse and addiction (alone or in combination with other drug abuse and addiction) is adversely affecting child welfare in the partnership region.

(8) Performance indicators

(A) In general

Not later than 9 months after September 28, 2006, the Secretary shall establish indicators that will be used to assess periodically the performance of the grant recipients under this subsection in using funds made available under such grants to achieve the purpose of this subsection.

- (iv) Representatives of Indian tribes, tribal consortia, or tribal child welfare agencies that are members of a regional partnership that is a grant recipient under this subsection.

(9) Reports

(A) Grantee reports

(i) Annual report

Not later than September 30 of the first fiscal year in which a recipient of a grant under this subsection is paid funds under the grant, and annually thereafter until September 30 of the last fiscal year in which the recipient is paid funds under the grant, the recipient shall submit to the Secretary a report on the services provided or activities carried out during that fiscal year with such funds. The report shall contain such information as the Secretary determines is necessary to provide an accurate description of the services provided or activities conducted with such funds.

(ii) Incorporation of information related to performance indicators

Each recipient of a grant under this subsection shall incorporate into the first annual report required by clause (i) that is submitted after the establishment of performance indicators under paragraph (8), information required in relation to such indicators.

(B) Reports to Congress

On the basis of the reports submitted under subparagraph (A), the Secretary annually shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate a report on—

§ 629i. Grants for programs for mentoring children of prisoners

(a) Findings and purposes

(1) Findings

(A) In the period between 1991 and 1999, the number of children with a parent incarcerated in a Federal or State correctional facility increased by more than 100 percent, from approximately 900,000 to approximately 2,000,000. In 1999, 2.1 percent of all children in the United States had a parent in Federal or State prison.

(B) Prior to incarceration, 64 percent of female prisoners and 44 percent of male prisoners in State facilities lived with their children.

(C) Nearly 90 percent of the children of incarcerated fathers live with their mothers, and 79 percent of the children of incarcerated mothers live with a grandparent or other relative.

(D) Parental arrest and confinement lead to stress, trauma, stigmatization, and separation problems for children. These problems are coupled with existing problems that include poverty, violence, parental substance abuse, high-crime environments, intrafamilial abuse, child abuse and neglect, multiple care givers, and/or prior separations. As a result, these children often exhibit a broad variety of behavioral,

emotional, health, and educational problems that are often compounded by the pain of separation.

(E) Empirical research demonstrates that mentoring is a potent force for improving children’s behavior across all risk behaviors affecting health. Quality, one-on-one relationships that provide young people with caring role models for future success have profound, life-changing potential. Done right, mentoring markedly advances youths’ life prospects. A widely cited 1995 study by Public/Private Ventures measured the impact of one Big Brothers Big Sisters program and found significant effects in the lives of youth—cutting first-time drug use by almost half and first-time alcohol use by about a third, reducing school absenteeism by half, cutting assaultive behavior by a third, improving parental and peer relationships, giving youth greater confidence in their school work, and improving academic performance.

(2) Purposes

The purposes of this section are to authorize the Secretary—

(A) to make competitive grants to applicants in areas with substantial numbers of children of incarcerated parents, to support the establishment or expansion and operation of programs using a network of public and private community entities to provide mentoring services for children of prisoners; and

(B) to enter into on a competitive basis a cooperative agreement to conduct a service delivery demonstration project in accordance with the requirements of subsection (g).

(b) Definitions

In this section:

(1) Children of prisoners

The term “children of prisoners” means children one or both of whose parents are incarcerated in a Federal, State, or local correctional facility. The term is deemed to include children who are in an ongoing mentoring relationship in a program under this section at the time of their parents’ release from prison, for purposes of continued participation in the program.

(2) Mentoring

The term “mentoring” means a structured, managed program in which children are appropriately matched with screened and trained adult volunteers for one-on-one relationships, involving meetings and activities on a regular basis, intended to meet, in part, the child’s need for involvement with a caring and supportive adult who provides a positive role model.

(3) Mentoring services

The term “mentoring services” means those services and activities that support a structured, managed program of mentoring, including the management by trained personnel of outreach to, and screening of, eligible children; outreach to, education and training of, and liaison with sponsoring local organiza-

tions; screening and training of adult volunteers; matching of children with suitable adult volunteer mentors; support and oversight of the mentoring relationship; and establishment of goals and evaluation of outcomes for mentored children.

(c) Program authorized

From the amounts appropriated under subsection (i) of this section for a fiscal year that remain after applying subsection (i)(2) of this section, the Secretary shall make grants under this section for each of fiscal years 2007 through 2011 to State or local governments, tribal governments or tribal consortia, faith-based organizations, and community-based organizations in areas that have significant numbers of children of prisoners and that submit applications meeting the requirements of this section, in amounts that do not exceed \$5,000,000 per grant.

(d) Application requirements

In order to be eligible for a grant under this section, the chief executive officer of the applicant must submit to the Secretary an application containing the following:

(B) the name, description, and qualifications of the entity that will coordinate and oversee the activities of the mentoring network;

(C) the number of mentor-child matches proposed to be established and maintained annually under the program;

(D) such information as the Secretary may require concerning the methods to be used to recruit, screen support, and oversee individuals participating as mentors, (which methods shall include criminal background checks on the individuals), and to evaluate outcomes for participating children, including information necessary to demonstrate compliance with requirements established by the Secretary for the program; and

(E) such other information as the Secretary may require.

(2) Community consultation; coordination with other programs

A demonstration that, in developing and implementing the program, the applicant will, to the extent feasible and appropriate—

(3) Equal access for local service providers

An assurance that public and private entities and community organizations, including religious organizations and Indian organizations, will be eligible to participate on an equal basis.

(4) Records, reports, and audits

An agreement that the applicant will maintain such records, make such reports, and cooperate with such reviews or audits as the Secretary may find necessary for purposes of oversight of project activities and expenditures.

(5) Evaluation

An agreement that the applicant will cooperate fully with the Secretary's ongoing and final evaluation of the program under the plan, by means including providing the Secretary access to the program and program-related records and documents, staff, and grantees receiving funding under the plan.

In awarding grants under this section, the Secretary shall take into consideration—

(1) the qualifications and capacity of applicants and networks of organizations to effectively carry out a mentoring program under this section;

ligation (including any support obligation with respect to the parent who is living with the child and receiving assistance under the State program funded under part A of this subchapter) which is assigned to such State or is undertaken to be collected by such State pursuant to section 654(4) of this title. No amount may be certified for collection under this subsection except the amount of the delinquency under a court or administrative order for support and upon a showing by the State that such State has made diligent and reasonable efforts to collect such amounts utilizing its own collection mechanisms, and upon an agreement that the State will reimburse the Secretary of the Treasury for any costs involved in making the collection. All reimbursements shall be credited to the appropriation accounts which bore all or part of the costs involved in making the collections. The Secretary after consultation with the Secretary of the Treasury may, by regulation, establish criteria for accepting amounts for collection and for making certification under this subsection including imposing such limitations on the frequency of making such certifications under this subsection.

(c) Payment of child support collections to States

The Secretary of the Treasury shall from time to time pay to each State for distribution in accordance with the provisions of section 657 of this title the amount of each collection made on behalf of such State pursuant to subsection (b) of this section.

(d) Child support management information system

(1) Except as provided in paragraph (3), the Secretary shall not approve the initial and annually updated advance automated data processing planning document, referred to in section 654(16) of this title, unless he finds that such document, when implemented, will generally carry out the objectives of the management system referred to in such subsection, and such document—

(A) provides for the conduct of, and reflects the results of, requirements analysis studies, which include consideration of the program mission, functions, organization, services, constraints, and current support, of, in, or relating to, such system,

(B) contains a description of the proposed management system referred to in section 654(16) of this title, including a description of information flows, input data, and output reports and uses,

(C) sets forth the security and interface requirements to be employed in such management system,

(D) describes the projected resource requirements for staff and other needs, and the resources available or expected to be available to meet such requirements,

(E) contains an implementation plan and backup procedures to handle possible failures,

(F) contains a summary of proposed improvement of such management system in terms of qualitative and quantitative benefits, and

(G) provides such other information as the Secretary determines under regulation is necessary.

(2)(A) The Secretary shall through the separate organizational unit established pursuant to subsection (a) of this section, on a continuing basis, review, assess, and inspect the planning, design, and operation of, management information systems referred to in section 654(16) of this title, with a view to determining whether, and to what extent, such systems meet and continue to meet requirements imposed under paragraph (1) and the conditions specified under section 654(16) of this title.

(B) If the Secretary finds with respect to any statewide management information system referred to in section 654(16) of this title that there is a failure substantially to comply with criteria, requirements, and other undertakings, prescribed by the advance automated data processing planning document theretofore approved by the Secretary with respect to such system, then the Secretary shall suspend his approval of such document until there is no longer any such failure of such system to comply with such criteria, requirements, and other undertakings so prescribed.

(3) The Secretary may waive any requirement of paragraph (1) or any condition specified under section 654(16) of this title, and shall waive the single statewide system requirement under sections 654(16) and 654a of this title, with respect to a State if—

(A) the State demonstrates to the satisfaction of the Secretary that the State has or can develop an alternative system or systems that enable the State—

(i) for purposes of section 609(a)(8) of this title, to achieve the paternity establishment percentages (as defined in subsection (g)(2) of this section) and other performance measures that may be established by the Secretary;

(ii) to submit data under section 654(15)(B) of this title that is complete and reliable;

(iii) to substantially comply with the requirements of this part; and

(iv) in the case of a request to waive the single statewide system requirement, to—

(I) meet all functional requirements of sections 654(16) and 654a of this title;

(II) ensure that calculation of distributions meets the requirements of section 657 of this title and accounts for distributions to children in different families or in different States or sub-State jurisdictions, and for distributions to other States;

(III) ensure that there is only one point of contact in the State which provides seamless case processing for all interstate case processing and coordinated, automated intrastate case management;

(IV) ensure that standardized data elements, forms, and definitions are used throughout the State;

(V) complete the alternative system in no more time than it would take to complete a single statewide system that meets such requirement; and

(VI) process child support cases as quickly, efficiently, and effectively as such cases would be processed through a single statewide system that meets such requirement;

(B)(i) the waiver meets the criteria of paragraphs (1), (2), and (3) of section 1315(c) of this title; or

(ii) the State provides assurances to the Secretary that steps will be taken to otherwise improve the State's child support enforcement program; and

(C) in the case of a request to waive the single statewide system requirement, the State has submitted to the Secretary separate estimates of the total cost of a single statewide system that meets such requirement, and of any such alternative system or systems, which shall include estimates of the cost of developing and completing the system and of operating and maintaining the system for 5 years, and the Secretary has agreed with the estimates.

(e) Technical assistance to States

The Secretary shall provide such technical assistance to States as he determines necessary to assist States to plan, design, develop, or install and provide for the security of, the management information systems referred to in section 654(16) of this title.

(f) Regulations

The Secretary shall issue regulations to require that State agencies administering the child support enforcement program under this part enforce medical support included as part of a child support order whenever health care coverage is available to the noncustodial parent at a reasonable cost. A State agency administering the program under this part may enforce medical support against a custodial parent if health care coverage is available to the custodial parent at a reasonable cost, notwithstanding any other provision of this part. Such regulation shall also provide for improved information exchange between such State agencies and the State agencies administering the State Medicaid programs under subchapter XIX of this chapter with respect to the availability of health insurance coverage. For purposes of this part, the term "medical support" may include health care coverage, such as coverage under a health insurance plan (including payment of costs of premiums, co-payments, and deductibles) and payment for medical expenses incurred on behalf of a child.

(g) Performance standards for State paternity establishment programs

(1) A State's program under this part shall be found, for purposes of section 609(a)(8) of this title, not to have complied substantially with the requirements of this part unless, for any fiscal year beginning on or after October 1, 1994, its paternity establishment percentage for such fiscal year is based on reliable data and (rounded to the nearest whole percentage point) equals or exceeds—

(A) 90 percent;

(B) for a State with a paternity establishment percentage of not less than 75 percent but less than 90 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 2 percentage points;

(C) for a State with a paternity establishment percentage of not less than 50 percent

but less than 75 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 3 percentage points;

(D) for a State with a paternity establishment percentage of not less than 45 percent but less than 50 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 4 percentage points;

(E) for a State with a paternity establishment percentage of not less than 40 percent but less than 45 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 5 percentage points; or

(F) for a State with a paternity establishment percentage of less than 40 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 6 percentage points.

In determining compliance under this section, a State may use as its paternity establishment percentage either the State's IV-D paternity establishment percentage (as defined in paragraph (2)(A)) or the State's statewide paternity establishment percentage (as defined in paragraph (2)(B)).

(2) For purposes of this section—

(A) the term “IV-D paternity establishment percentage” means, with respect to a State for a fiscal year, the ratio (expressed as a percentage) that the total number of children—

(i) who have been born out of wedlock,

(ii) (I) except as provided in the last sentence of this paragraph, with respect to whom assistance is being provided under the State program funded under part A of this subchapter in the fiscal year or, at the option of the State, as of the end of such year, or (II) with respect to whom services are being provided under the State's plan approved under this part in the fiscal year or, at the option of the State, as of the end of such year pursuant to an application submitted under section 654(4)(A)(ii) of this title, and

(iii) the paternity of whom has been established or acknowledged,

bears to the total number of children born out of wedlock and (except as provided in such last sentence) with respect to whom assistance was being provided under the State program funded under part A of this subchapter as of the end of the preceding fiscal year or with respect to whom services were being provided under the State's plan approved under this part as of the end of the preceding fiscal year pursuant to an application submitted under section 654(4)(A)(ii) of this title;

(B) the term “statewide paternity establishment percentage” means, with respect to a State for a fiscal year, the ratio (expressed as a percentage) that the total number of minor children—

(i) who have been born out of wedlock, and

(ii) the paternity of whom has been established or acknowledged during the fiscal year,

bears to the total number of children born out of wedlock during the preceding fiscal year; and

(C) the term “reliable data” means the most recent data available which are found by the Secretary to be reliable for purposes of this section.

For purposes of subparagraphs (A) and (B), the total number of children shall not include any child with respect to whom assistance is being provided under the State program funded under part A of this subchapter by reason of the death of a parent unless paternity is established for such child or any child with respect to whom an applicant or recipient is found by the State to qualify for a good cause or other exception to cooperation pursuant to section 654(29) of this title.

(3)(A) The Secretary may modify the requirements of this subsection to take into account such additional variables as the Secretary identifies (including the percentage of children in a State who are born out of wedlock or for whom support has not been established) that affect the ability of a State to meet the requirements of this subsection.

(B) The Secretary shall submit an annual report to the Congress that sets forth the data upon which the paternity establishment percentages for States for a fiscal year are based, lists any additional variables the Secretary has identified under subparagraph (A), and describes State performance in establishing paternity.

(h) Prompt State response to requests for child support assistance

The standards required by subsection (a)(1) of this section shall include standards establishing time limits governing the period or periods within which a State must accept and respond to requests (from States, jurisdictions thereof, or individuals who apply for services furnished by the State agency under this part or with respect to whom an assignment pursuant to section 608(a)(3) of this title is in effect) for assistance in establishing and enforcing support orders, including requests to locate noncustodial parents, establish paternity, and initiate proceedings to establish and collect child support awards.

(i) Prompt State distribution of amounts collected as child support

The standards required by subsection (a)(1) of this section shall include standards establishing time limits governing the period or periods within which a State must distribute, in accordance with section 657 of this title, amounts collected as child support pursuant to the State's plan approved under this part.

(j) Training of Federal and State staff, research and demonstration programs, and special projects of regional or national significance

Out of any money in the Treasury of the United States not otherwise appropriated, there is hereby appropriated to the Secretary for each fiscal year an amount equal to 1 percent of the total amount paid to the Federal Government pursuant to a plan approved under this part during the immediately preceding fiscal year (as determined on the basis of the most recent reliable

data available to the Secretary as of the end of the third calendar quarter following the end of such preceding fiscal year) or the amount appropriated under this paragraph¹ for fiscal year 2002, whichever is greater, which shall be available for use by the Secretary, either directly or through grants, contracts, or interagency agreements, for—

(1) information dissemination and technical assistance to States, training of State and Federal staff, staffing studies, and related activities needed to improve programs under this part (including technical assistance concerning State automated systems required by this part); and

(2) research, demonstration, and special projects of regional or national significance relating to the operation of State programs under this part.

The amount appropriated under this subsection shall remain available until expended.

(k) Denial of passports for nonpayment of child support

(1) If the Secretary receives a certification by a State agency in accordance with the requirements of section 654(31) of this title that an individual owes arrearages of child support in an amount exceeding \$2,500, the Secretary shall transmit such certification to the Secretary of State for action (with respect to denial, revocation, or limitation of passports) pursuant to paragraph (2).

(2) The Secretary of State shall, upon certification by the Secretary transmitted under paragraph (1), refuse to issue a passport to such individual, and may revoke, restrict, or limit a passport issued previously to such individual.

(3) The Secretary and the Secretary of State shall not be liable to an individual for any action with respect to a certification by a State agency under this section.

(l)² Facilitation of agreements between State agencies and financial institutions

The Secretary, through the Federal Parent Locator Service, may aid State agencies providing services under State programs operated pursuant to this part and financial institutions doing business in two or more States in reaching agreements regarding the receipt from such institutions, and the transfer to the State agencies, of information that may be provided pursuant to section 666(a)(17)(A)(i) of this title, except that any State that, as of July 16, 1998, is conducting data matches pursuant to section 666(a)(17)(A)(i) of this title shall have until January 1, 2000, to allow the Secretary to obtain such information from such institutions that are operating in the State. For purposes of section 3413(d) of title 12, a disclosure pursuant to this subsection shall be considered a disclosure pursuant to a Federal statute.

(l)² Comparisons with insurance information

(1) In general

The Secretary, through the Federal Parent Locator Service, may—

(A) compare information concerning individuals owing past-due support with information maintained by insurers (or their agents) concerning insurance claims, settlements, awards, and payments; and

(B) furnish information resulting from the data matches to the State agencies responsible for collecting child support from the individuals.

(2) Liability

An insurer (including any agent of an insurer) shall not be liable under any Federal or State law to any person for any disclosure provided for under this subsection, or for any other action taken in good faith in accordance with this subsection.

For purposes of the preceding sentence, in the case of a State that has a 2-year legislative session, each year of the session shall be considered to be a separate regular session of the State legislature.”

STATE COMMISSIONS ON CHILD SUPPORT

Section 15 of Pub. L. 98-378 provided that:

“(a) As a condition of the State's eligibility for Federal payments under part A or D of title IV of the Social Security Act [part A of this subchapter or this part] for quarters beginning more than 30 days after the date of the enactment of this Act [Aug. 16, 1984] and ending prior to October 1, 1985, the Governor of each State, on or before December 1, 1984, shall (subject to subsection (f)) appoint a State Commission on Child Support.

“(b) Each State Commission appointed under subsection (a) shall be composed of members appropriately representing all aspects of the child support system, including custodial and non-custodial parents, the agency or organizational unit administering the State's plan under part D of such title IV [this part], the State judiciary, the executive and legislative branches of the State government, child welfare and social services agencies, and others.

“(c) It shall be the function of each State Commission to examine, investigate, and study the operation of the State's child support system for the primary purpose of determining the extent to which such system has been successful in securing support and parental involvement both for children who are eligible for aid under a State plan approved under part A of title IV of such Act [part A of this subchapter] and for children who are not eligible for such aid, giving particular attention to such specific problems (among others) as visitation, the establishment of appropriate objective standards for support, the enforcement of interstate obligations, the availability, cost, and effectiveness of services both to children who are eligible for such aid and to children who are not, and the need for additional State or Federal legislation to obtain support for all children.

“(d) Each State Commission shall submit to the Governor of the State and make available to the public, no later than October 1, 1985, a full and complete report of its findings and recommendations resulting from the examination, investigation, and study under this section. The Governor shall transmit such report to the Secretary of Health and Human Services along with the Governor’s comments thereon.

“(e) None of the costs incurred in the establishment and operation of a State Commission under this section, or incurred by such a Commission in carrying out its functions under subsections (c) and (d), shall be considered as expenditures qualifying for Federal payments under part A or D of title IV of the Social Security Act [part A of this subchapter or this part] or be otherwise payable or reimbursable by the United States or any agency thereof.

“(f) If the Secretary determines, at the request of any State on the basis of information submitted by the State and such other information as may be available to the Secretary, that such State—

“(1) has placed in effect and is implementing objective standards for the determination and enforcement of child support obligations,

“(2) has established within the five years prior to the enactment of this Act [Aug. 16, 1984] a commission or council with substantially the same functions as the State Commissions provided for under this section, or

“(3) is making satisfactory progress toward fully effective child support enforcement and will continue to do so,

then such State shall not be required to establish a State Commission under this section and the preceding provisions of this section shall not apply.”

DELAYED EFFECTIVE DATE IN CASES REQUIRING STATE LEGISLATION

Section 176 of Pub. L. 97-248 provided that: “In the case of a State with respect to which the Secretary of Health and Human Services has determined that State legislation is required in order to conform the State plan approved under part D of title IV of the Social Security Act [this part] to the requirements imposed by any amendment made by this subtitle [subtitle E (§§171-176) of title I of Pub. L. 97-248, see Tables for classification], the State plan shall not be regarded as failing to comply with the requirements of such part solely by reason of its failure to meet the requirements imposed by such amendment prior to the end of the first session of the State legislature which begins after October 1, 1982, or which began prior to October 1, 1982, and remained in session for at least twenty-five calendar days after such date. For purposes of the preceding sentence, the term ‘session’ means a regular, special, budget, or other session of a State legislature.”

§ 654a. Automated data processing

(a) In general

(d) Information integrity and security

The State agency shall have in effect safeguards on the integrity, accuracy, and completeness of, access to, and use of data in the automated system required by this section, which shall include the following (in addition to such other safeguards as the Secretary may specify in regulations):

(1) Policies restricting access

Written policies concerning access to data by State agency personnel, and sharing of data with other persons, which—

(A) permit access to and use of data only to the extent necessary to carry out the State program under this part; and

(B) specify the data which may be used for particular program purposes, and the personnel permitted access to such data.

(2) Systems controls

Systems controls (such as passwords or blocking of fields) to ensure strict adherence to the policies described in paragraph (1).

Such records shall use standardized data elements for both parents (such as names, social security numbers and other uniform identification numbers, dates of birth, and case identification numbers), and contain such other information (such as on case status) as the Secretary may require.

(4) Payment records

Each case record in the State case registry with respect to which services are being provided under the State plan approved under this part and with respect to which a support order has been established shall include a record of—

(B) information obtained from comparison with Federal, State, or local sources of information;

(C) information on support collections and distributions; and

(D) any other relevant information.

(f) Information comparisons and other disclosures of information

The State shall use the automated system required by this section to extract information from (at such times, and in such standardized format or formats, as may be required by the Secretary), to share and compare information with, and to receive information from, other data bases and information comparison services, in order to obtain (or provide) information necessary to enable the State agency (or the Sec-

(1) Federal Case Registry of Child Support Orders

Furnishing to the Federal Case Registry of Child Support Orders established under section 653(h) of this title (and update as necessary, with information including notice of expiration of orders) the minimum amount of information on child support cases recorded in the State case registry that is necessary to operate the registry (as specified by the Secretary in regulations).

(g) Collection and distribution of support payments

(1) In general

The State shall use the automated system required by this section, to the maximum extent feasible, to assist and facilitate the collection and disbursement of support payments through the State disbursement unit operated under section 654b of this title, through the performance of functions, including, at a minimum—

(A) transmission of orders and notices to employers (and other debtors) for the withholding of income—

(i) within 2 business days after receipt of notice of, and the income source subject to, such withholding from a court, another State, an employer, the Federal Parent Locator Service, or another source recognized by the State; and

(a) State disbursement unit

(1) In general

In order for a State to meet the requirements of this section, the State agency must establish and operate a unit (which shall be known as the "State disbursement unit") for the collection and disbursement of payments under support orders—

(A) in all cases being enforced by the State pursuant to section 654(4) of this title; and

(B) in all cases not being enforced by the State under this part in which the support order is initially issued in the State on or after January 1, 1994, and in which the income of the noncustodial parent is subject to withholding pursuant to section 666(a)(8)(B) of this title.

(2) Operation

The State disbursement unit shall be operated—

(A) directly by the State agency (or 2 or more State agencies under a regional cooperative agreement), or (to the extent appropriate) by a contractor responsible directly to the State agency; and

(B) except in cases described in paragraph (1)(B), in coordination with the automated system established by the State pursuant to section 654a of this title.

(3) Linking of local disbursement units

The State disbursement unit may be established by linking local disbursement units through an automated information network, subject to this section, if the Secretary agrees that the system will not cost more nor take more time to establish or operate than a centralized system. In addition, employers shall be given 1 location to which income withholding is sent.

(b) Required procedures

The State disbursement unit shall use automated procedures, electronic processes, and computer-driven technology to the maximum extent feasible, efficient, and economical, for the collection and disbursement of support payments, including procedures—

(d) "Business day" defined

As used in this section, the term "business day" means a day on which State offices are open for regular business.

§ 655. Payments to States

(a) Amounts payable each quarter

(1) From the sums appropriated therefor, the Secretary shall pay to each State for each quarter an amount—

(A) equal to the percent specified in paragraph (2) of the total amounts expended by such State during such quarter for the operation of the plan approved under section 654 of this title,

(B) equal to the percent specified in paragraph (3) of the sums expended during such quarter that are attributable to the planning, design, development, installation or enhancement of an automatic data processing and information retrieval system (including in such sums the full cost of the hardware components of such system); and¹

(C) equal to 66 percent of so much of the sums expended during such quarter as are attributable to laboratory costs incurred in determining paternity, and

(D) equal to 66 percent of the sums expended by the State during the quarter for an alternative statewide system for which a waiver has been granted under section 652(d)(3) of this title, but only to the extent that the total of the sums so expended by the State on or after July 16, 1998, does not exceed the least total cost estimate submitted by the State pursuant to section 652(d)(3)(C) of this title in the request for the waiver;

except that no amount shall be paid to any State on account of amounts expended from amounts paid to the State under section 658a of this title or to carry out an agreement which it has entered into pursuant to section 663 of this title. In determining the total amounts expended by any State during a quarter, for purposes of this subsection, there shall be excluded an amount equal to the total of any fees collected or other income resulting from services provided under the plan approved under this part.

(2) The percent applicable to quarters in a fiscal year for purposes of paragraph (1)(A) is—

(A) 70 percent for fiscal years 1984, 1985, 1986, and 1987,

(B) 68 percent for fiscal years 1988 and 1989, and

(3)(A) The Secretary shall pay to each State, for each quarter in fiscal years 1996 and 1997, 90 percent of so much of the State expenditures described in paragraph (1)(B) as the Secretary finds are for a system meeting the requirements specified in section 654(16) of this title (as in effect on September 30, 1995) but limited to the amount approved for States in the advance planning documents of such States submitted on or before September 30, 1995.

(B)(i) The Secretary shall pay to each State or system described in clause (iii), for each quarter

¹ So in original. The ";" and "and" probably should be a comma.

in fiscal years 1996 through 2001, the percentage specified in clause (ii) of so much of the State or system expenditures described in paragraph (1)(B) as the Secretary finds are for a system meeting the requirements of sections 654(16) and 654a of this title.

(ii) The percentage specified in this clause is 80 percent.

(iii) For purposes of clause (i), a system described in this clause is a system that has been approved by the Secretary to receive enhanced funding pursuant to the Family Support Act of 1988 (Public Law 100-485; 102 Stat. 2343) for the purpose of developing a system that meets the requirements of sections 654(16) of this title (as in effect on and after September 30, 1995) and 654a of this title, including systems that have received funding for such purpose pursuant to a waiver under section 1315(a) of this title.

(4)(A)(i) If—

(I) the Secretary determines that a State plan under section 654 of this title would (in the absence of this paragraph) be disapproved for the failure of the State to comply with a particular subparagraph of section 654(24) of this title, and that the State has made and is continuing to make a good faith effort to so comply; and

(II) the State has submitted to the Secretary a corrective compliance plan that describes how, by when, and at what cost the State will achieve such compliance, which has been approved by the Secretary,

then the Secretary shall not disapprove the State plan under section 654 of this title, and the Secretary shall reduce the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the fiscal year by the penalty amount.

(ii) All failures of a State during a fiscal year to comply with any of the requirements referred to in the same subparagraph of section 654(24) of this title shall be considered a single failure of the State to comply with that subparagraph during the fiscal year for purposes of this paragraph.

(B) In this paragraph:

(i) The term “penalty amount” means, with respect to a failure of a State to comply with a subparagraph of section 654(24) of this title—

(I) 4 percent of the penalty base, in the case of the first fiscal year in which such a failure by the State occurs (regardless of whether a penalty is imposed under this paragraph with respect to the failure);

(II) 8 percent of the penalty base, in the case of the second such fiscal year;

(III) 16 percent of the penalty base, in the case of the third such fiscal year;

(IV) 25 percent of the penalty base, in the case of the fourth such fiscal year; or

(V) 30 percent of the penalty base, in the case of the fifth or any subsequent such fiscal year.

(ii) The term “penalty base” means, with respect to a failure of a State to comply with a subparagraph of section 654(24) of this title during a fiscal year, the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the preceding fiscal year.

(C)(i) The Secretary shall waive a penalty under this paragraph for any failure of a State to comply with section 654(24)(A) of this title during fiscal year 1998 if—

(I) on or before August 1, 1998, the State has submitted to the Secretary a request that the Secretary certify the State as having met the requirements of such section;

(II) the Secretary subsequently provides the certification as a result of a timely review conducted pursuant to the request; and

(III) the State has not failed such a review.

(ii) If a State with respect to which a reduction is made under this paragraph for a fiscal year with respect to a failure to comply with a subparagraph of section 654(24) of this title achieves compliance with such subparagraph by the beginning of the succeeding fiscal year, the Secretary shall increase the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the succeeding fiscal year by an amount equal to 90 percent of the reduction for the fiscal year.

(iii) The Secretary shall reduce the amount of any reduction that, in the absence of this clause, would be required to be made under this paragraph by reason of the failure of a State to achieve compliance with section 654(24)(B) of this title during the fiscal year, by an amount equal to 20 percent of the amount of the otherwise required reduction, for each State performance measure described in section 658a(b)(4) of this title with respect to which the applicable percentage under section 658a(b)(6) of this title for the fiscal year is 100 percent, if the Secretary has made the determination described in section 658a(b)(5)(B) of this title with respect to the State for the fiscal year.

(D) The Secretary may not impose a penalty under this paragraph against a State with respect to a failure to comply with section 654(24)(B) of this title for a fiscal year if the Secretary is required to impose a penalty under this paragraph against the State with respect to a failure to comply with section 654(24)(A) of this title for the fiscal year.

(5)(A)(i) If—

(I) the Secretary determines that a State plan under section 654 of this title would (in the absence of this paragraph) be disapproved for the failure of the State to comply with subparagraphs (A) and (B)(i) of section 654(27) of this title, and that the State has made and is continuing to make a good faith effort to so comply; and

(II) the State has submitted to the Secretary, not later than April 1, 2000, a corrective compliance plan that describes how, by when, and at what cost the State will achieve such compliance, which has been approved by the Secretary,

then the Secretary shall not disapprove the State plan under section 654 of this title, and the Secretary shall reduce the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the fiscal year by the penalty amount.

(ii) All failures of a State during a fiscal year to comply with any of the requirements of section 654B of this title shall be considered a sin-

gle failure of the State to comply with subparagraphs (A) and (B)(i) of section 654(27) of this title during the fiscal year for purposes of this paragraph.

(B) In this paragraph:

(i) The term “penalty amount” means, with respect to a failure of a State to comply with subparagraphs (A) and (B)(i) of section 654(27) of this title—

(I) 4 percent of the penalty base, in the case of the 1st fiscal year in which such a failure by the State occurs (regardless of whether a penalty is imposed in that fiscal year under this paragraph with respect to the failure), except as provided in subparagraph (C)(ii) of this paragraph;

(II) 8 percent of the penalty base, in the case of the 2nd such fiscal year;

(III) 16 percent of the penalty base, in the case of the 3rd such fiscal year;

(IV) 25 percent of the penalty base, in the case of the 4th such fiscal year; or

(V) 30 percent of the penalty base, in the case of the 5th or any subsequent such fiscal year.

(ii) The term “penalty base” means, with respect to a failure of a State to comply with subparagraphs (A) and (B)(i) of section 654(27) of this title during a fiscal year, the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the preceding fiscal year.

(C)(i) The Secretary shall waive all penalties imposed against a State under this paragraph for any failure of the State to comply with subparagraphs (A) and (B)(i) of section 654(27) of this title if the Secretary determines that, before April 1, 2000, the State has achieved such compliance.

(ii) If a State with respect to which a reduction is required to be made under this paragraph with respect to a failure to comply with subparagraphs (A) and (B)(i) of section 654(27) of this title achieves such compliance on or after April 1, 2000, and on or before September 30, 2000, then the penalty amount applicable to the State shall be 1 percent of the penalty base with respect to the failure involved.

(D) The Secretary may not impose a penalty under this paragraph against a State for a fiscal year for which the amount otherwise payable to the State under paragraph (1)(A) of this subsection is reduced under paragraph (4) of this subsection for failure to comply with section 654(24)(A) of this title.

(b) Estimate of amounts payable; installment payments

(1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsection (a) of this section for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsection, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State’s proportionate share of

the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

(2) Subject to subsection (d) of this section, the Secretary shall then pay, in such installments as he may determine, to the State the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(3) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

(c) Repealed. Pub. L. 97-248, title I, § 174(b), Sept. 3, 1982, 96 Stat. 403

(d) State reports

Notwithstanding any other provision of law, no amount shall be paid to any State under this section for any quarter, prior to the close of such quarter, unless for the period consisting of all prior quarters for which payment is authorized to be made to such State under subsection (a) of this section, there shall have been submitted by the State to the Secretary, with respect to each quarter in such period (other than the last two quarters in such period), a full and complete report (in such form and manner and containing such information as the Secretary shall prescribe or require) as to the amount of child support collected and disbursed and all expenditures with respect to which payment is authorized under subsection (a) of this section.

(e) Special project grants for interstate enforcement; appropriations

(1) In order to encourage and promote the development and use of more effective methods of enforcing support obligations under this part in cases where either the children on whose behalf the support is sought or their noncustodial parents do not reside in the State where such cases are filed, the Secretary is authorized to make grants, in such amounts and on such terms and conditions as the Secretary determines to be appropriate, to States which propose to undertake new or innovative methods of support collection in such cases and which will use the proceeds of such grants to carry out special projects designed to demonstrate and test such methods.

(2) A grant under this subsection shall be made only upon a finding by the Secretary that the project involved is likely to be of significant assistance in carrying out the purpose of this subsection; and with respect to such project the Secretary may waive any of the requirements of this part which would otherwise be applicable, to such extent and for such period as the Secretary determines is necessary or desirable in order to enable the State to carry out the project.

(3) At the time of its application for a grant under this subsection the State shall submit to the Secretary a statement describing in reasonable detail the project for which the proceeds of the grant are to be used, and the State shall from time to time thereafter submit to the Sec-

retary such reports with respect to the project as the Secretary may specify.

(4) Amounts expended by a State in carrying out a special project assisted under this section shall be considered, for purposes of section 658(b)² of this title (as amended by section 5(a) of the Child Support Enforcement Amendments of 1984), to have been expended for the operation of the State's plan approved under section 654 of this title.

(5) There is authorized to be appropriated the sum of \$7,000,000 for fiscal year 1985, \$12,000,000 for fiscal year 1986, and \$15,000,000 for each fiscal year thereafter, to be used by the Secretary in making grants under this subsection.

(f) Direct Federal funding to Indian tribes and tribal organizations

The Secretary may make direct payments under this part to an Indian tribe or tribal organization that demonstrates to the satisfaction of the Secretary that it has the capacity to operate a child support enforcement program meeting the objectives of this part, including establishment of paternity, establishment, modification, and enforcement of support orders, and location of absent parents. The Secretary shall promulgate regulations establishing the requirements which must be met by an Indian tribe or tribal organization to be eligible for a grant under this subsection.

(d) Administrative provisions

The amounts of the incentive payments to be made to the States under this section for a fiscal year shall be estimated by the Secretary at or before the beginning of the fiscal year on the basis of the best information available. The Secretary shall make the payments for the fiscal year, on a quarterly basis (with each quarterly payment being made no later than the beginning of the quarter involved), in the amounts so estimated, reduced or increased to the extent of any overpayments or underpayments which the Secretary determines were made under this section to the States involved for prior periods and with respect to which adjustment has not already been made under this subsection. Upon the making of any estimate by the Secretary under the preceding sentence, any appropriations available for payments under this section are deemed obligated.

(iv) proposals to improve service of process for civilian employees and members of the Uniformed Services stationed outside the United States, including the possibility of serving process by certified mail in establishment and enforcement cases or of designating an agent for service of process that would have the same effect and bind employees to the same extent as actual service upon the employees;

(v) strategies to facilitate compliance with Federal and State child support requirements by quasi-governmental agencies, advisory groups, and commissions; and

(vi) analysis of whether compliance with support orders should be a factor used in defining suitability for Federal employment.

SEC. 501. *Internal Management.* This order is intended only to improve the internal management of the executive branch with regard to child support enforcement and shall not be interpreted to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its officers, or any other person.

EFFECTIVE DATE

Section 9(d) of Pub. § 664. Collection of past-due support from Federal tax refunds

(a) Procedures applicable; distribution

(1) Upon receiving notice from a State agency administering a plan approved under this part that a named individual owes past-due support which has been assigned to such State pursuant to section 608(a)(3) or section 671(a)(17) of this title, the Secretary of the Treasury shall determine whether any amounts, as refunds of Federal taxes paid, are payable to such individual (regardless of whether such individual filed a tax return as a married or unmarried individual). If the Secretary of the Treasury finds that any

such amount is payable, he shall withhold from such refunds an amount equal to the past-due support, shall concurrently send notice to such individual that the withholding has been made (including in or with such notice a notification to any other person who may have filed a joint return with such individual of the steps which such other person may take in order to secure his or her proper share of the refund), and shall pay such amount to the State agency (together with notice of the individual's home address) for distribution in accordance with section 657 of this title. This subsection may be executed by the disbursing official of the Department of the Treasury.

(2)(A) Upon receiving notice from a State agency administering a plan approved under this part that a named individual owes past-due support which such State has agreed to collect under section 654(4)(A)(ii) of this title, and that the State agency has sent notice to such individual in accordance with paragraph (3)(A), the Secretary of the Treasury shall determine whether any amounts, as refunds of Federal taxes paid, are payable to such individual (regardless of whether such individual filed a tax return as a married or unmarried individual). If the Secretary of the Treasury finds that any such amount is payable, he shall withhold from such refunds an amount equal to such past-due support, and shall concurrently send notice to such individual that the withholding has been made, including in or with such notice a notification to any other person who may have filed a joint return with such individual of the steps which such other person may take in order to secure his or her proper share of the refund. The Secretary of the Treasury shall pay the amount withheld to the State agency, and the State shall pay to the Secretary of the Treasury any fee imposed by the Secretary of the Treasury to cover the costs of the withholding and any required notification. The State agency shall, subject to paragraph (3)(B), distribute such amount to or on behalf of the child to whom the support was owed in accordance with section 657 of this title. This subsection may be executed by the Secretary of the Department of the Treasury or his designee.

(B) This paragraph shall apply only with respect to refunds payable under section 6402 of the Internal Revenue Code of 1986 after December 31, 1985.

(3)(A) Prior to notifying the Secretary of the Treasury under paragraph (1) or (2) that an individual owes past-due support, the State shall send notice to such individual that a withholding will be made from any refund otherwise payable to such individual. The notice shall also (i) instruct the individual owing the past-due support of the steps which may be taken to contest the State's determination that past-due support is owed or the amount of the past-due support, and (ii) provide information, as may be prescribed by the Secretary of Health and Human Services by regulation in consultation with the Secretary of the Treasury, with respect to procedures to be followed, in the case of a joint return, to protect the share of the refund which may be payable to another person.

(B) If the Secretary of the Treasury determines that an amount should be withheld under

paragraph (1) or (2), and that the refund from which it should be withheld is based upon a joint return, the Secretary of the Treasury shall notify the State that the withholding is being made from a refund based upon a joint return, and shall furnish to the State the names and addresses of each taxpayer filing such joint return. In the case of a withholding under paragraph (2), the State may delay distribution of the amount withheld until the State has been notified by the Secretary of the Treasury that the other person filing the joint return has received his or her proper share of the refund, but such delay may not exceed six months.

(C) If the other person filing the joint return with the named individual owing the past-due support takes appropriate action to secure his or her proper share of a refund from which a withholding was made under paragraph (1) or (2), the Secretary of the Treasury shall pay such share to such other person. The Secretary of the Treasury shall deduct the amount of such payment from amounts subsequently payable to the State agency to which the amount originally withheld from such refund was paid.

(D) In any case in which an amount was withheld under paragraph (1) or (2) and paid to a State, and the State subsequently determines that the amount certified as past-due support was in excess of the amount actually owed at the time the amount withheld is to be distributed to or on behalf of the child, the State shall pay the excess amount withheld to the named individual thought to have owed the past-due support (or, in the case of amounts withheld on the basis of a joint return, jointly to the parties filing such return).

(b) Regulations; contents, etc.

(1) The Secretary of the Treasury shall issue regulations, approved by the Secretary of Health and Human Services, prescribing the time or times at which States must submit notices of past-due support, the manner in which such notices must be submitted, and the necessary information that must be contained in or accompany the notices. The regulations shall be consistent with the provisions of subsection (a)(3) of this section, shall specify the minimum amount of past-due support to which the offset procedure established by subsection (a) of this section may be applied, and the fee that a State must pay to reimburse the Secretary of the Treasury for the full cost of applying the offset procedure, and shall provide that the Secretary of the Treasury will advise the Secretary of Health and Human Services, not less frequently than annually, of the States which have furnished notices of past-due support under subsection (a) of this section, the number of cases in each State with respect to which such notices have been furnished, the amount of support sought to be collected under this subsection by each State, and the amount of such collections actually made in the case of each State. Any fee paid to the Secretary of the Treasury pursuant to this subsection may be used to reimburse appropriations which bore all or part of the cost of applying such procedure.

(2) In the case of withholdings made under subsection (a)(2) of this section, the regulations

promulgated pursuant to this subsection shall include the following requirements:

(A) The withholding shall apply only in the case where the State determines that the amount of the past-due support which will be owed at the time the withholding is to be made, based upon the pattern of payment of support and other enforcement actions being pursued to collect the past-due support, is equal to or greater than \$500. The State may limit the \$500 threshold amount to amounts of past-due support accrued since the time that the State first began to enforce the child support order involved under the State plan, and may limit the application of the withholding to past-due support accrued since such time.

(B) The fee which the Secretary of the Treasury may impose to cover the costs of the withholding and notification may not exceed \$25 per case submitted.

(c) "Past-due support" defined

In this part the term "past-due support" means the amount of a delinquency, determined under a court order, or an order of an administrative process established under State law, for support and maintenance of a child (whether or not a minor), or of a child (whether or not a minor) and the parent with whom the child is living.

§ 665. Allotments from pay for child and spousal support owed by members of uniformed services on active duty

(a) Mandatory allotment; notice upon failure to make; amount of allotment; adjustment or discontinuance; consultation

(1) In any case in which child support payments or child and spousal support payments are owed by a member of one of the uniformed services (as defined in section 101(3) of title 37) on active duty, such member shall be required to make allotments from his pay and allowances (under chapter 13 of title 37) as payment of such support, when he has failed to make periodic payments under a support order that meets the criteria specified in section 1673(b)(1)(A) of title 15 and the resulting delinquency in such payments is in a total amount equal to the support payable for two months or longer. Failure to make such payments shall be established by notice from an authorized person (as defined in subsection (b) of this section) to the designated official in the appropriate uniformed service. Such notice (which shall in turn be given to the affected member) shall also specify the person to whom the allotment is to be payable. The amount of the allotment shall be the amount necessary to comply with the order (which, if the order so provides, may include arrearages as well as amounts for current support), except that the amount of the allotment, together with any other amounts withheld for support from the wages of the member, as a percentage of his pay from the uniformed service, shall not exceed the limits prescribed in sections¹ 1673(b) and (c) of title 15. An allotment under this subsection shall be adjusted or discontinued upon notice from the authorized person.

(2) Notwithstanding the preceding provisions of this subsection, no action shall be taken to require an allotment from the pay and allowances of any member of one of the uniformed services under such provisions (A) until such member has had a consultation with a judge advocate of the service involved (as defined in section 801(13) of title 10), or with a judge advocate (as defined in section 801(11)² of such title) in the case of the Coast Guard, or with a legal officer designated by the Secretary concerned (as defined in section 101(5) of title 37) in any other case, in person, to discuss the legal and other factors involved with respect to the member's support obligation and his failure to make payments thereon, or (B) until 30 days have elapsed after the notice described in the second sentence

¹ So in original. Probably should be “section”.

² See References in Text note below.

of paragraph (1) is given to the affected member in any case where it has not been possible, despite continuing good faith efforts, to arrange such a consultation.

(b) “Authorized person” defined

For purposes of this section the term “authorized person” with respect to any member of the uniformed services means—

(1) any agent or attorney of a State having in effect a plan approved under this part who has the duty or authority under such plan to seek to recover any amounts owed by such member as child or child and spousal support (including, when authorized under the State plan, any official of a political subdivision); and

(2) the court which has authority to issue an order against such member for the support and maintenance of a child, or any agent of such court.

(c) Regulations

The Secretary of Defense, in the case of the Army, Navy, Air Force, and Marine Corps, and the Secretary concerned (as defined in section 101(5) of title 37) in the case of each of the other uniformed services, shall each issue regulations applicable to allotments to be made under this section, designating the officials to whom notice of failure to make support payments, or notice to discontinue or adjust an allotment, should be given, prescribing the form and content of the notice and specifying any other rules necessary for such Secretary to implement this section.

§ 666. Requirement of statutorily prescribed procedures to improve effectiveness of child support enforcement

(a) Types of procedures required

In order to satisfy section 654(20)(A) of this title, each State must have in effect laws requiring the use of the following procedures, consist-

ent with this section and with regulations of the Secretary, to increase the effectiveness of the program which the State administers under this part:

(1)(A) Procedures described in subsection (b) of this section for the withholding from income of amounts payable as support in cases subject to enforcement under the State plan.

(B) Procedures under which the income of a person with a support obligation imposed by a support order issued (or modified) in the State before January 1, 1994, if not otherwise subject to withholding under subsection (b) of this section, shall become subject to withholding as provided in subsection (b) of this section if arrearages occur, without the need for a judicial or administrative hearing.

(2) Expedited administrative and judicial procedures (including the procedures specified in subsection (c) of this section) for establishing paternity and for establishing, modifying, and enforcing support obligations. The Secretary may waive the provisions of this paragraph with respect to one or more political subdivisions within the State on the basis of the effectiveness and timeliness of support order issuance and enforcement or paternity establishment within the political subdivision (in accordance with the general rule for exemptions under subsection (d) of this section).

(3) Procedures under which the State child support enforcement agency shall request, and the State shall provide, that for the purpose of enforcing a support order under any State plan approved under this part—

(A) any refund of State income tax which would otherwise be payable to a noncustodial parent will be reduced, after notice has been sent to that noncustodial parent of the proposed reduction and the procedures to be followed to contest it (and after full compliance with all procedural due process requirements of the State), by the amount of any overdue support owed by such noncustodial parent;

(B) the amount by which such refund is reduced shall be distributed in accordance with section 657 of this title in the case of overdue support assigned to a State pursuant to section 608(a)(3) or 671(a)(17) of this title, or, in any other case, shall be distributed, after deduction of any fees imposed by the State to cover the costs of collection, to the child or parent to whom such support is owed; and

(C) notice of the noncustodial parent’s social security account number (or numbers, if he has more than one such number) and home address shall be furnished to the State agency requesting the refund offset, and to the State agency enforcing the order.

(4) LIENS.—Procedures under which—

(A) liens arise by operation of law against real and personal property for amounts of overdue support owed by a noncustodial parent who resides or owns property in the State; and

(B) the State accords full faith and credit to liens described in subparagraph (A) arising in another State, when the State agency, party, or other entity seeking to enforce

such a lien complies with the procedural rules relating to recording or serving liens that arise within the State, except that such rules may not require judicial notice or hearing prior to the enforcement of such a lien.

(5) PROCEDURES CONCERNING PATERNITY ESTABLISHMENT.—

(A) ESTABLISHMENT PROCESS AVAILABLE FROM BIRTH UNTIL AGE 18.—

(i) Procedures which permit the establishment of the paternity of a child at any time before the child attains 18 years of age.

(ii) As of August 16, 1984, clause (i) shall also apply to a child for whom paternity has not been established or for whom a paternity action was brought but dismissed because a statute of limitations of less than 18 years was then in effect in the State.

(B) PROCEDURES CONCERNING GENETIC TESTING.—

(i) GENETIC TESTING REQUIRED IN CERTAIN CONTESTED CASES.—Procedures under which the State is required, in a contested paternity case (unless otherwise barred by State law) to require the child and all other parties (other than individuals found under section 654(29) of this title to have good cause and other exceptions for refusing to cooperate) to submit to genetic tests upon the request of any such party, if the request is supported by a sworn statement by the party—

(I) alleging paternity, and setting forth facts establishing a reasonable possibility of the requisite sexual contact between the parties; or

(II) denying paternity, and setting forth facts establishing a reasonable possibility of the nonexistence of sexual contact between the parties.

(ii) OTHER REQUIREMENTS.—Procedures which require the State agency, in any case in which the agency orders genetic testing—

(I) to pay costs of such tests, subject to recoupment (if the State so elects) from the alleged father if paternity is established; and

(II) to obtain additional testing in any case if an original test result is contested, upon request and advance payment by the contestant.

(C) VOLUNTARY PATERNITY ACKNOWLEDGMENT.—

(i) SIMPLE CIVIL PROCESS.—Procedures for a simple civil process for voluntarily acknowledging paternity under which the State must provide that, before a mother and a putative father can sign an acknowledgment of paternity, the mother and the putative father must be given notice, orally, or through the use of video or audio equipment, and in writing, of the alternatives to, the legal consequences of, and the rights (including, if 1 parent is a minor, any rights afforded due to minority

status) and responsibilities that arise from, signing the acknowledgment.

(ii) HOSPITAL-BASED PROGRAM.—Such procedures must include a hospital-based program for the voluntary acknowledgment of paternity focusing on the period immediately before or after the birth of a child.

(iii) PATERNITY ESTABLISHMENT SERVICES.—

(I) STATE-OFFERED SERVICES.—Such procedures must require the State agency responsible for maintaining birth records to offer voluntary paternity establishment services.

(II) REGULATIONS.—

(aa) SERVICES OFFERED BY HOSPITALS AND BIRTH RECORD AGENCIES.—The Secretary shall prescribe regulations governing voluntary paternity establishment services offered by hospitals and birth record agencies.

(bb) SERVICES OFFERED BY OTHER ENTITIES.—The Secretary shall prescribe regulations specifying the types of other entities that may offer voluntary paternity establishment services, and governing the provision of such services, which shall include a requirement that such an entity must use the same notice provisions used by, use the same materials used by, provide the personnel providing such services with the same training provided by, and evaluate the provision of such services in the same manner as the provision of such services is evaluated by, voluntary paternity establishment programs of hospitals and birth record agencies.

(iv) USE OF PATERNITY ACKNOWLEDGMENT AFFIDAVIT.—Such procedures must require the State to develop and use an affidavit for the voluntary acknowledgment of paternity which includes the minimum requirements of the affidavit specified by the Secretary under section 652(a)(7) of this title for the voluntary acknowledgment of paternity, and to give full faith and credit to such an affidavit signed in any other State according to its procedures.

(D) STATUS OF SIGNED PATERNITY ACKNOWLEDGMENT.—

(i) INCLUSION IN BIRTH RECORDS.—Procedures under which the name of the father shall be included on the record of birth of the child of unmarried parents only if—

(I) the father and mother have signed a voluntary acknowledgment of paternity; or

(II) a court or an administrative agency of competent jurisdiction has issued an adjudication of paternity.

Nothing in this clause shall preclude a State agency from obtaining an admission of paternity from the father for submission in a judicial or administrative proceeding, or prohibit the issuance of an order in a judicial or administrative proceeding which bases a legal finding of pa-

ternity on an admission of paternity by the father and any other additional showing required by State law.

(ii) LEGAL FINDING OF PATERNITY.—Procedures under which a signed voluntary acknowledgment of paternity is considered a legal finding of paternity, subject to the right of any signatory to rescind the acknowledgment within the earlier of—

(I) 60 days; or

(II) the date of an administrative or judicial proceeding relating to the child (including a proceeding to establish a support order) in which the signatory is a party.

(iii) CONTEST.—Procedures under which, after the 60-day period referred to in clause (ii), a signed voluntary acknowledgment of paternity may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenger, and under which the legal responsibilities (including child support obligations) of any signatory arising from the acknowledgment may not be suspended during the challenge, except for good cause shown.

(E) BAR ON ACKNOWLEDGMENT RATIFICATION PROCEEDINGS.—Procedures under which judicial or administrative proceedings are not required or permitted to ratify an unchallenged acknowledgment of paternity.

(F) ADMISSIBILITY OF GENETIC TESTING RESULTS.—Procedures—

(I) of a type generally acknowledged as reliable by accreditation bodies designated by the Secretary; and

(II) performed by a laboratory approved by such an accreditation body;

(ii) requiring an objection to genetic testing results to be made in writing not later than a specified number of days before any hearing at which the results may be introduced into evidence (or, at State option, not later than a specified number of days after receipt of the results); and

(iii) making the test results admissible as evidence of paternity without the need for foundation testimony or other proof of authenticity or accuracy, unless objection is made.

(G) PRESUMPTION OF PATERNITY IN CERTAIN CASES.—Procedures which create a rebuttable or, at the option of the State, conclusive presumption of paternity upon genetic testing results indicating a threshold probability that the alleged father is the father of the child.

(H) DEFAULT ORDERS.—Procedures requiring a default order to be entered in a paternity case upon a showing of service of process on the defendant and any additional showing required by State law.

(I) NO RIGHT TO JURY TRIAL.—Procedures providing that the parties to an action to establish paternity are not entitled to a trial by jury.

(J) TEMPORARY SUPPORT ORDER BASED ON PROBABLE PATERNITY IN CONTESTED CASES.—Procedures which require that a temporary order be issued, upon motion by a party, requiring the provision of child support pending an administrative or judicial determination of parentage, if there is clear and convincing evidence of paternity (on the basis of genetic tests or other evidence).

(K) PROOF OF CERTAIN SUPPORT AND PATERNITY ESTABLISHMENT COSTS.—Procedures under which bills for pregnancy, childbirth, and genetic testing are admissible as evidence without requiring third-party foundation testimony, and shall constitute prima facie evidence of amounts incurred for such services or for testing on behalf of the child.

(L) STANDING OF PUTATIVE FATHERS.—Procedures ensuring that the putative father has a reasonable opportunity to initiate a paternity action.

(M) FILING OF ACKNOWLEDGMENTS AND ADJUDICATIONS IN STATE REGISTRY OF BIRTH RECORDS.—Procedures under which voluntary acknowledgments and adjudications of paternity by judicial or administrative processes are filed with the State registry of birth records for comparison with information in the State case registry.

(6) Procedures which require that a noncustodial parent give security, post a bond, or give some other guarantee to secure payment of overdue support, after notice has been sent to such noncustodial parent of the proposed action and of the procedures to be followed to contest it (and after full compliance with all procedural due process requirements of the State).

(7) REPORTING ARREARAGES TO CREDIT BUREAUS.—

(A) IN GENERAL.—Procedures (subject to safeguards pursuant to subparagraph (B)) requiring the State to report periodically to consumer reporting agencies (as defined in section 1681a(f) of title 15) the name of any noncustodial parent who is delinquent in the payment of support, and the amount of overdue support owed by such parent.

(B) SAFEGUARDS.—Procedures ensuring that, in carrying out subparagraph (A), information with respect to a noncustodial parent is reported—

(i) only after such parent has been afforded all due process required under State law, including notice and a reasonable opportunity to contest the accuracy of such information; and

(ii) only to an entity that has furnished evidence satisfactory to the State that the entity is a consumer reporting agency (as so defined).

(8)(A) Procedures under which all child support orders not described in subparagraph (B) will include provision for withholding from income, in order to assure that withholding as a means of collecting child support is available if arrearages occur without the necessity of filing application for services under this part.

(B) Procedures under which all child support orders which are initially issued in the State

on or after January 1, 1994, and are not being enforced under this part will include the following requirements:

(i) The income of a noncustodial parent shall be subject to withholding, regardless of whether support payments by such parent are in arrears, on the effective date of the order; except that such income shall not be subject to withholding under this clause in any case where (I) one of the parties demonstrates, and the court (or administrative process) finds, that there is good cause not to require immediate income withholding, or (II) a written agreement is reached between both parties which provides for an alternative arrangement.

(ii) The requirements of subsection (b)(1) of this section (which shall apply in the case of each noncustodial parent against whom a support order is or has been issued or modified in the State, without regard to whether the order is being enforced under the State plan).

(iii) The requirements of paragraphs (2), (5), (6), (7), (8), (9), and (10) of subsection (b) of this section, where applicable.

(iv) Withholding from income of amounts payable as support must be carried out in full compliance with all procedural due process requirements of the State.

(9) Procedures which require that any payment or installment of support under any child support order, whether ordered through the State judicial system or through the expedited processes required by paragraph (2), is (on and after the date it is due)—

(A) a judgment by operation of law, with the full force, effect, and attributes of a judgment of the State, including the ability to be enforced,

(B) entitled as a judgment to full faith and credit in such State and in any other State, and

(C) not subject to retroactive modification by such State or by any other State;

except that such procedures may permit modification with respect to any period during which there is pending a petition for modification, but only from the date that notice of such petition has been given, either directly or through the appropriate agent, to the obligee or (where the obligee is the petitioner) to the obligor.

(10) REVIEW AND ADJUSTMENT OF SUPPORT ORDERS UPON REQUEST.—

(A) 3-YEAR CYCLE.—

(i) IN GENERAL.—Procedures under which every 3 years (or such shorter cycle as the State may determine), upon the request of either parent or if there is an assignment under part A of this subchapter, the State shall with respect to a support order being enforced under this part, taking into account the best interests of the child involved—

(I) review and, if appropriate, adjust the order in accordance with the guidelines established pursuant to section 667(a) of this title if the amount of the child support award under the order dif-

fers from the amount that would be awarded in accordance with the guidelines;

(II) apply a cost-of-living adjustment to the order in accordance with a formula developed by the State; or

(III) use automated methods (including automated comparisons with wage or State income tax data) to identify orders eligible for review, conduct the review, identify orders eligible for adjustment, and apply the appropriate adjustment to the orders eligible for adjustment under any threshold that may be established by the State.

(ii) OPPORTUNITY TO REQUEST REVIEW OF ADJUSTMENT.—If the State elects to conduct the review under subclause (II) or (III) of clause (i), procedures which permit either party to contest the adjustment, within 30 days after the date of the notice of the adjustment, by making a request for review and, if appropriate, adjustment of the order in accordance with the child support guidelines established pursuant to section 667(a) of this title.

(iii) NO PROOF OF CHANGE IN CIRCUMSTANCES NECESSARY IN 3-YEAR CYCLE REVIEW.—Procedures which provide that any adjustment under clause (i) shall be made without a requirement for proof or showing of a change in circumstances.

(B) PROOF OF SUBSTANTIAL CHANGE IN CIRCUMSTANCES NECESSARY IN REQUEST FOR REVIEW OUTSIDE 3-YEAR CYCLE.—Procedures under which, in the case of a request for a review, and if appropriate, an adjustment outside the 3-year cycle (or such shorter cycle as the State may determine) under clause (i), the State shall review and, if the requesting party demonstrates a substantial change in circumstances, adjust the order in accordance with the guidelines established pursuant to section 667(a) of this title.

(C) NOTICE OF RIGHT TO REVIEW.—Procedures which require the State to provide notice not less than once every 3 years to the parents subject to the order informing the parents of their right to request the State to review and, if appropriate, adjust the order pursuant to this paragraph. The notice may be included in the order.

(11) Procedures under which a State must give full faith and credit to a determination of paternity made by any other State, whether established through voluntary acknowledgment or through administrative or judicial processes.

(12) LOCATOR INFORMATION FROM INTERSTATE NETWORKS.—Procedures to ensure that all Federal and State agencies conducting activities under this part have access to any system used by the State to locate an individual for purposes relating to motor vehicles or law enforcement.

(A) any applicant for a professional license, driver's license, occupational license,

recreational license, or marriage license be recorded on the application;

(B) any individual who is subject to a divorce decree, support order, or paternity determination or acknowledgment be placed in the records relating to the matter; and

(C) any individual who has died be placed in the records relating to the death and be recorded on the death certificate.

For purposes of subparagraph (A), if a State allows the use of a number other than the social security number to be used on the face of the document while the social security number is kept on file at the agency, the State shall so advise any applicants.

(14) HIGH-VOLUME, AUTOMATED ADMINISTRATIVE ENFORCEMENT IN INTERSTATE CASES.—

(A) IN GENERAL.—Procedures under which—

(i) the State shall use high-volume automated administrative enforcement, to the same extent as used for intrastate cases, in response to a request made by another State to enforce support orders, and shall promptly report the results of such enforcement procedure to the requesting State;

(ii) the State may, by electronic or other means, transmit to another State a request for assistance in enforcing support orders through high-volume, automated administrative enforcement, which request—

(I) shall include such information as will enable the State to which the request is transmitted to compare the information about the cases to the information in the data bases of the State; and

(II) shall constitute a certification by the requesting State—

(aa) of the amount of support under an order the payment of which is in arrears; and

(bb) that the requesting State has complied with all procedural due process requirements applicable to each case;

(iii) if the State provides assistance to another State pursuant to this paragraph with respect to a case, neither State shall consider the case to be transferred to the caseload of such other State (but the assisting State may establish a corresponding case based on such other State's request for assistance); and

(iv) the State shall maintain records of—

(I) the number of such requests for assistance received by the State;

(II) the number of cases for which the State collected support in response to such a request; and

(III) the amount of such collected support.

(B) HIGH-VOLUME AUTOMATED ADMINISTRATIVE ENFORCEMENT.—In this part, the term “high-volume automated administrative enforcement”, in interstate cases, means, on request of another State, the identification by a State, through automated data matches

with financial institutions and other entities where assets may be found, of assets owned by persons who owe child support in other States, and the seizure of such assets by the State, through levy or other appropriate processes.

(15) PROCEDURES TO ENSURE THAT PERSONS OWING OVERDUE SUPPORT WORK OR HAVE A PLAN FOR PAYMENT OF SUCH SUPPORT.—Procedures under which the State has the authority, in any case in which an individual owes overdue support with respect to a child receiving assistance under a State program funded under part A of this subchapter, to issue an order or to request that a court or an administrative process established pursuant to State law issue an order that requires the individual to—

(A) pay such support in accordance with a plan approved by the court, or, at the option of the State, a plan approved by the State agency administering the State program under this part; or

(B) if the individual is subject to such a plan and is not incapacitated, participate in such work activities (as defined in section 607(d) of this title) as the court, or, at the option of the State, the State agency administering the State program under this part, deems appropriate.

(16) AUTHORITY TO WITHHOLD OR SUSPEND LICENSES.—Procedures under which the State has (and uses in appropriate cases) authority to withhold or suspend, or to restrict the use of driver's licenses, professional and occupational licenses, and recreational and sporting licenses of individuals owing overdue support or failing, after receiving appropriate notice, to comply with subpoenas or warrants relating to paternity or child support proceedings.

(17) FINANCIAL INSTITUTION DATA MATCHES.—

(A) IN GENERAL.—Procedures under which the State agency shall enter into agreements with financial institutions doing business in the State—

(i) to develop and operate, in coordination with such financial institutions, and the Federal Parent Locator Service in the case of financial institutions doing business in two or more States, a data match system, using automated data exchanges to the maximum extent feasible, in which each such financial institution is required to provide for each calendar quarter the name, record address, social security number or other taxpayer identification number, and other identifying information for each noncustodial parent who maintains an account at such institution and who owes past-due support, as identified by the State by name and social security number or other taxpayer identification number; and

(ii) in response to a notice of lien or levy, encumber or surrender, as the case may be, assets held by such institution on behalf of any noncustodial parent who is subject to a child support lien pursuant to paragraph (4).

(B) REASONABLE FEES.—The State agency may pay a reasonable fee to a financial in-

stitution for conducting the data match provided for in subparagraph (A)(i), not to exceed the actual costs incurred by such financial institution.

(C) **LIABILITY.**—A financial institution shall not be liable under any Federal or State law to any person—

(i) for any disclosure of information to the State agency under subparagraph (A)(i);

(ii) for encumbering or surrendering any assets held by such financial institution in response to a notice of lien or levy issued by the State agency as provided for in subparagraph (A)(ii); or

(iii) for any other action taken in good faith to comply with the requirements of subparagraph (A).

(D) **DEFINITIONS.**—For purposes of this paragraph—

(i) **FINANCIAL INSTITUTION.**—The term “financial institution” has the meaning given to such term by section 669A(d)(1) of this title.

(ii) **ACCOUNT.**—The term “account” means a demand deposit account, checking or negotiable withdrawal order account, savings account, time deposit account, or money-market mutual fund account.

(18) **ENFORCEMENT OF ORDERS AGAINST PATERNAL OR MATERNAL GRANDPARENTS.**—Procedures under which, at the State’s option, any child support order enforced under this part with respect to a child of minor parents, if the custodial parent of such child is receiving assistance under the State program under part A of this subchapter, shall be enforceable, jointly and severally, against the parents of the noncustodial parent of such child.

(19) **HEALTH CARE COVERAGE.**—Procedures under which—

(A) effective as provided in section 401(c)(3) of the Child Support Performance and Incentive Act of 1998, all child support orders enforced pursuant to this part shall include a provision for medical support for the child to be provided by either or both parents, and shall be enforced, where appropriate, through the use of the National Medical Support Notice promulgated pursuant to section 401(b) of the Child Support Performance and Incentive Act of 1998 (and referred to in section 609(a)(5)(C) of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1169(a)(5)(C)] in connection with group health plans covered under title I of such Act [29 U.S.C. 1001 et seq.], in section 401(e) of the Child Support Performance and Incentive Act of 1998 in connection with State or local group health plans, and in section 401(f) of such Act in connection with church group health plans);

(B) unless alternative coverage is allowed for in any order of the court (or other entity issuing the child support order), in any case in which a parent is required under the child support order to provide such health care coverage and the employer of such parent is known to the State agency—

(i) the State agency uses the National Medical Support Notice to transfer notice

of the provision for the health care coverage of the child to the employer;

(ii) within 20 business days after the date of the National Medical Support Notice, the employer is required to transfer the Notice, excluding the severable employer withholding notice described in section 401(b)(2)(C) of the Child Support Performance and Incentive Act of 1998, to the appropriate plan providing any such health care coverage for which the child is eligible;

(iii) in any case in which the parent is a newly hired employee entered in the State Directory of New Hires pursuant to section 653a(e) of this title, the State agency provides, where appropriate, the National Medical Support Notice, together with an income withholding notice issued pursuant to subsection (b), within two days after the date of the entry of such employee in such Directory; and

(iv) in any case in which the employment of the parent with any employer who has received a National Medical Support Notice is terminated, such employer is required to notify the State agency of such termination; and

(C) any liability of the obligated parent to such plan for employee contributions which are required under such plan for enrollment of the child is effectively subject to appropriate enforcement, unless the obligated parent contests such enforcement based on a mistake of fact.

Notwithstanding section 654(20)(B) of this title, the procedures which are required under paragraphs (3), (4), (6), (7), and (15) need not be used or applied in cases where the State determines (using guidelines which are generally available within the State and which take into account the payment record of the noncustodial parent, the availability of other remedies, and other relevant considerations) that such use or application would not carry out the purposes of this part or would be otherwise inappropriate in the circumstances.

(b) Withholding from income of amounts payable as support

The procedures referred to in subsection (a)(1)(A) of this section (relating to the withholding from income of amounts payable as support) must provide for the following:

(1) In the case of each noncustodial parent against whom a support order is or has been issued or modified in the State, and is being enforced under the State plan, so much of such parent’s income must be withheld, in accordance with the succeeding provisions of this subsection, as is necessary to comply with the order and provide for the payment of any fee to the employer which may be required under paragraph (6)(A), up to the maximum amount permitted under section 1673(b) of title 15. If there are arrearages to be collected, amounts withheld to satisfy such arrearages, when added to the amounts withheld to pay current support and provide for the fee, may not exceed the limit permitted under such section

1673(b), but the State need not withhold up to the maximum amount permitted under such section in order to satisfy arrearages.

(2) Such withholding must be provided without the necessity of any application therefor in the case of a child (whether or not eligible for assistance under a State program funded under part A of this subchapter) with respect to whom services are already being provided under the State plan under this part, and must be provided in accordance with this subsection on the basis of an application for services under the State plan in the case of any other child in whose behalf a support order has been issued or modified in the State. In either case such withholding must occur without the need for any amendment to the support order involved or for any further action (other than those actions required under this part) by the court or other entity which issued such order.

(3)(A) The income of a noncustodial parent shall be subject to such withholding, regardless of whether support payments by such parent are in arrears, in the case of a support order being enforced under this part that is issued or modified on or after the first day of the 25th month beginning after October 13, 1988, on the effective date of the order; except that such income shall not be subject to such withholding under this subparagraph in any case where (i) one of the parties demonstrates, and the court (or administrative process) finds, that there is good cause not to require immediate income withholding, or (ii) a written agreement is reached between both parties which provides for an alternative arrangement.

(B) The income of a noncustodial parent shall become subject to such withholding, in the case of income not subject to withholding under subparagraph (A), on the date on which the payments which the noncustodial parent has failed to make under a support order are at least equal to the support payable for one month or, if earlier, and without regard to whether there is an arrearage, the earliest of—

(i) the date as of which the noncustodial parent requests that such withholding begin,

(ii) the date as of which the custodial parent requests that such withholding begin, if the State determines, in accordance with such procedures and standards as it may establish, that the request should be approved, or

(iii) such earlier date as the State may select.

(4)(A) Such withholding must be carried out in full compliance with all procedural due process requirements of the State, and the State must send notice to each noncustodial parent to whom paragraph (1) applies—

(i) that the withholding has commenced; and

(ii) of the procedures to follow if the noncustodial parent desires to contest such withholding on the grounds that the withholding or the amount withheld is improper due to a mistake of fact.

(B) The notice under subparagraph (A) of this paragraph shall include the information

provided to the employer under paragraph (6)(A).

(5) Such withholding must be administered by the State through the State disbursement unit established pursuant to section 654b of this title, in accordance with the requirements of section 654b of this title.

(6)(A)(i) The employer of any noncustodial parent to whom paragraph (1) applies, upon being given notice as described in clause (ii), must be required to withhold from such noncustodial parent's income the amount specified by such notice (which may include a fee, established by the State, to be paid to the employer unless waived by such employer) and pay such amount (after deducting and retaining any portion thereof which represents the fee so established) to the State disbursement unit within 7 business days after the date the amount would (but for this subsection) have been paid or credited to the employee, for distribution in accordance with this part. The employer shall withhold funds as directed in the notice, except that when an employer receives an income withholding order issued by another State, the employer shall apply the income withholding law of the State of the obligor's principal place of employment in determining—

(I) the employer's fee for processing an income withholding order;

(II) the maximum amount permitted to be withheld from the obligor's income;

(III) the time periods within which the employer must implement the income withholding order and forward the child support payment;

(IV) the priorities for withholding and allocating income withheld for multiple child support obligees; and

(V) any withholding terms or conditions not specified in the order.

An employer who complies with an income withholding notice that is regular on its face shall not be subject to civil liability to any individual or agency for conduct in compliance with the notice.

(ii) The notice given to the employer shall be in a standard format prescribed by the Secretary, and contain only such information as may be necessary for the employer to comply with the withholding order.

(iii) As used in this subparagraph, the term "business day" means a day on which State offices are open for regular business.

(B) Methods must be established by the State to simplify the withholding process for employers to the greatest extent possible, including permitting any employer to combine all withheld amounts into a single payment to each appropriate agency or entity (with the portion thereof which is attributable to each individual employee being separately designated).

(C) The employer must be held liable to the State for any amount which such employer fails to withhold from income due an employee following receipt by such employer of proper notice under subparagraph (A), but such employer shall not be required to vary the normal pay and disbursement cycles in order to comply with this paragraph.

(D) Provision must be made for the imposition of a fine against any employer who—

(i) discharges from employment, refuses to employ, or takes disciplinary action against any noncustodial parent subject to income withholding required by this subsection because of the existence of such withholding and the obligations or additional obligations which it imposes upon the employer; or

(ii) fails to withhold support from income or to pay such amounts to the State disbursement unit in accordance with this subsection.

(7) Support collection under this subsection must be given priority over any other legal process under State law against the same income.

(8) For purposes of subsection (a) of this section and this subsection, the term “income” means any periodic form of payment due to an individual, regardless of source, including wages, salaries, commissions, bonuses, worker’s compensation, disability, payments pursuant to a pension or retirement program, and interest.

(9) The State must extend its withholding system under this subsection so that such system will include withholding from income derived within such State in cases where the applicable support orders were issued in other States, in order to assure that child support owed by noncustodial parents in such State or any other State will be collected without regard to the residence of the child for whom the support is payable or of such child’s custodial parent.

(10) Provision must be made for terminating withholding.

(11) Procedures under which the agency administering the State plan approved under this part may execute a withholding order without advance notice to the obligor, including issuing the withholding order through electronic means.

(c) Expedited procedures

The procedures specified in this subsection are the following:

(1) Administrative action by State agency

Procedures which give the State agency the authority to take the following actions relating to establishment of paternity or to establishment, modification, or enforcement of support orders, without the necessity of obtaining an order from any other judicial or administrative tribunal, and to recognize and enforce the authority of State agencies of other States to take the following actions:

(A) Genetic testing

(D) Access to information contained in certain records

To obtain access, subject to safeguards on privacy and information security, and subject to the nonliability of entities that afford such access under this subparagraph, to information contained in the following records (including automated access, in the case of records maintained in automated data bases):

(I) vital statistics (including records of marriage, birth, and divorce);

(II) State and local tax and revenue records (including information on residence address, employer, income and assets);

(VIII) corrections records.

(ii) Certain records held by private entities with respect to individuals who owe or are owed support (or against or with respect to whom a support obligation is sought), consisting of—

(I) the names and addresses of such individuals and the names and addresses of the employers of such individuals, as appearing in customer records of public utilities and cable television companies, pursuant to an administrative subpoena authorized by subparagraph (B); and

(II) information (including information on assets and liabilities) on such individuals held by financial institutions.

(E) Change in payee

In cases in which support is subject to an assignment in order to comply with a requirement imposed pursuant to part A of this subchapter, part E of this subchapter, or section 1396k of this title, or to a requirement to pay through the State disbursement unit established pursuant to section 654b of this title, upon providing notice to obligor and obligee, to direct the obligor or other payor to change the payee to the appropriate government entity.

(F) Income withholding

To order income withholding in accordance with subsections (a)(1)(A) and (b) of this section.

(G) Securing assets

In cases in which there is a support arrearage, to secure assets to satisfy any current support obligation and the arrearage by—

(i) intercepting or seizing periodic or lump-sum payments from—

(I) a State or local agency, including unemployment compensation, workers' compensation, and other benefits; and

(II) judgments, settlements, and lotteries;

(ii) attaching and seizing assets of the obligor held in financial institutions;

(iii) attaching public and private retirement funds; and

(iv) imposing liens in accordance with subsection (a)(4) of this section and, in appropriate cases, to force sale of property and distribution of proceeds.

(H) Increase monthly payments

For the purpose of securing overdue support, to increase the amount of monthly support payments to include amounts for arrearages, subject to such conditions or limitations as the State may provide.

Such procedures shall be subject to due process safeguards, including (as appropriate) requirements for notice, opportunity to contest the action, and opportunity for an appeal on the record to an independent administrative or judicial tribunal.

(2) Substantive and procedural rules

The expedited procedures required under subsection (a)(2) of this section shall include the following rules and authority, applicable with respect to all proceedings to establish paternity or to establish, modify, or enforce support orders:

(A) Locator information; presumptions concerning notice

Procedures under which—

(i) each party to any paternity or child support proceeding is required (subject to privacy safeguards) to file with the State case registry upon entry of an order, and to update as appropriate, information on location and identity of the party, including social security number, residential and mailing addresses, telephone number, driver's license number, and name, address, and telephone number of employer; and

(ii) in any subsequent child support enforcement action between the parties, upon sufficient showing that diligent effort has been made to ascertain the location of such a party, the court or administrative agency of competent jurisdiction shall deem State due process requirements for notice and service of process to be met with respect to the party, upon delivery of written notice to the most recent residential or employer address filed with the State case registry pursuant to clause (i).

(B) Statewide jurisdiction

Procedures under which—

(i) the State agency and any administrative or judicial tribunal with authority to hear child support and paternity cases exerts statewide jurisdiction over the parties; and

(ii) in a State in which orders are issued by courts or administrative tribunals, a case may be transferred between local jurisdictions in the State without need for any additional filing by the petitioner, or service of process upon the respondent, to retain jurisdiction over the parties.

(3) Coordination with ERISA

Notwithstanding subsection (d) of section 514 of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1144(d)] (relating to effect on other laws), nothing in this subsection shall be construed to alter, amend, modify, invalidate, impair, or supersede subsections (a), (b), and (c) of such section 514 [29 U.S.C. 1144(a)–(c)] as it applies with respect to any procedure referred to in paragraph (1) and any expedited procedure referred to in paragraph (2), except to the extent that such procedure would be consistent with the requirements of section 206(d)(3) of such Act [29 U.S.C. 1056(d)(3)] (relating to qualified domestic relations orders) or the requirements of section 609(a) of such Act [29 U.S.C. 1169(a)] (relating to qualified medical child support orders) if the reference in such section 206(d)(3) to a domestic relations order and the reference in such section 609(a) to a medical child support order were a reference to a support order referred to in paragraphs (1) and (2) relating to the same matters, respectively.

(d) Exemption of States

If a State demonstrates to the satisfaction of the Secretary, through the presentation to the Secretary of such data pertaining to caseloads, processing times, administrative costs, and average support collections, and such other data or estimates as the Secretary may specify, that the enactment of any law or the use of any procedure or procedures required by or pursuant to this section will not increase the effectiveness and efficiency of the State child support enforcement program, the Secretary may exempt the State, subject to the Secretary's continuing review and to termination of the exemption should circumstances change, from the requirement to enact the law or use the procedure or procedures involved.

(e) "Overdue support" defined

For purposes of this section, the term "overdue support" means the amount of a delinquency pursuant to an obligation determined under a court order, or an order of an administrative process established under State law, for support and maintenance of a minor child which is owed to or on behalf of such child, or for support and maintenance of the noncustodial parent's spouse (or former spouse) with whom the child is living if and to the extent that spousal support (with respect to such spouse or former spouse) would be included for purposes of section 654(4) of this title. At the option of the State,

overdue support may include amounts which otherwise meet the definition in the first sentence of this subsection but which are owed to or on behalf of a child who is not a minor child. The option to include support owed to children who are not minors shall apply independently to each procedure specified under this section.

(f) Uniform Interstate Family Support Act

(c) Technical assistance to States; State to furnish Secretary with copies

The Secretary shall furnish technical assistance to the States for establishing the guidelines, and each State shall furnish the Secretary with copies of its guidelines.

STRENGTHENING ABUSE AND NEGLECT COURTS

Pub. L. 106-314, Oct. 17, 2000, 114 Stat. 1266, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Strengthening Abuse and Neglect Courts Act of 2000’.

“SEC. 2. FINDINGS.

“Congress finds the following:

“(1) Under both Federal and State law, the courts play a crucial and essential role in the Nation's child

welfare system and in ensuring safety, stability, and permanence for abused and neglected children under the supervision of that system.

“(2) The Adoption and Safe Families Act of 1997 (Public Law 105-89; 111 Stat. 2115) [see Short Title of 1997 Amendment note set out under section 1305 of this title] establishes explicitly for the first time in Federal law that a child's health and safety must be the paramount consideration when any decision is made regarding a child in the Nation's child welfare system.

“(3) The Adoption and Safe Families Act of 1997 promotes stability and permanence for abused and neglected children by requiring timely decision-making in proceedings to determine whether children can safely return to their families or whether they should be moved into safe and stable adoptive homes or other permanent family arrangements outside the foster care system.

“(4) To avoid unnecessary and lengthy stays in the foster care system, the Adoption and Safe Families Act of 1997 specifically requires, among other things, that States move to terminate the parental rights of the parents of those children who have been in foster care for 15 of the last 22 months.

“(5) While essential to protect children and to carry out the general purposes of the Adoption and Safe Families Act of 1997, the accelerated timelines for the termination of parental rights and the other requirements imposed under that Act increase the pressure on the Nation's already overburdened abuse and neglect courts.

“(6) The administrative efficiency and effectiveness of the Nation's abuse and neglect courts would be substantially improved by the acquisition and implementation of computerized case-tracking systems to identify and eliminate existing backlogs, to move abuse and neglect caseloads forward in a timely manner, and to move children into safe and stable families. Such systems could also be used to evaluate the effectiveness of such courts in meeting the purposes of the amendments made by, and provisions of, the Adoption and Safe Families Act of 1997.

“(7) The administrative efficiency and effectiveness of the Nation's abuse and neglect courts would also be improved by the identification and implementation of projects designed to eliminate the backlog of abuse and neglect cases, including the temporary hiring of additional judges, extension of court hours, and other projects designed to reduce existing caseloads.

“(8) The administrative efficiency and effectiveness of the Nation's abuse and neglect courts would be further strengthened by improving the quality and availability of training for judges, court personnel, agency attorneys, guardians ad litem, volunteers who participate in court-appointed special advocate (CASA) programs, and attorneys who represent the children and the parents of children in abuse and neglect proceedings.

“(9) While recognizing that abuse and neglect courts in this country are already committed to the quality administration of justice, the performance of such courts would be even further enhanced by the development of models and educational opportunities that reinforce court projects that have already been developed, including models for case-flow procedures, case management, representation of children, automated interagency interfaces, and ‘best practices’ standards.

“(10) Judges, magistrates, commissioners, and other judicial officers play a central and vital role in ensuring that proceedings in our Nation's abuse and neglect courts are run efficiently and effectively. The performance of those individuals in such courts can only be further enhanced by training, seminars, and an ongoing opportunity to exchange ideas with their peers.

“(11) Volunteers who participate in court-appointed special advocate (CASA) programs play a vital role as the eyes and ears of abuse and neglect courts in pro-

ceedings conducted by, or under the supervision of, such courts and also bring increased public scrutiny of the abuse and neglect court system. The Nation's abuse and neglect courts would benefit from an expansion of this program to currently underserved communities.

“(12) Improved computerized case-tracking systems, comprehensive training, and development of, and education on, model abuse and neglect court systems, particularly with respect to underserved areas, would significantly further the purposes of the Adoption and Safe Families Act of 1997 by reducing the average length of an abused and neglected child's stay in foster care, improving the quality of decision-making and court services provided to children and families, and increasing the number of adoptions.

“SEC. 3. DEFINITIONS.

“(1) ABUSE AND NEGLECT COURTS.—The term ‘abuse and neglect courts’ means the State and local courts that carry out State or local laws requiring proceedings (conducted by or under the supervision of the courts)—

§ 672. Foster care maintenance payments program

(a) In general

(1) Eligibility

Each State with a plan approved under this part shall make foster care maintenance payments on behalf of each child who has been removed from the home of a relative specified in section 606(a) of this title (as in effect on July 16, 1996) into foster care if—

(A) the removal and foster care placement met, and the placement continues to meet, the requirements of paragraph (2); and

(B) the child, while in the home, would have met the AFDC eligibility requirement of paragraph (3).

(2) Removal and foster care placement requirements

The removal and foster care placement of a child meet the requirements of this paragraph if—

(A) the removal and foster care placement are in accordance with—

(i) a voluntary placement agreement entered into by a parent or legal guardian of the child who is the relative referred to in paragraph (1); or

(ii) a judicial determination to the effect that continuation in the home from which removed would be contrary to the welfare of the child and that reasonable efforts of the type described in section 671(a)(15) of this title for a child have been made;

(B) the child’s placement and care are the responsibility of—

(i) the State agency administering the State plan approved under section 671 of this title;

(ii) any other public agency with which the State agency administering or supervising the administration of the State plan has made an agreement which is in effect; or

(iii) an Indian tribe or a tribal organization (as defined in section 679c(a) of this title) or a tribal consortium that has a plan approved under section 671 of this

title in accordance with section 679c of this title; and

(C) the child has been placed in a foster family home or child-care institution.

(3) AFDC eligibility requirement

(A) In general

A child in the home referred to in paragraph (1) would have met the AFDC eligibility requirement of this paragraph if the child—

(i) would have received aid under the State plan approved under section 602 of this title (as in effect on July 16, 1996) in the home, in or for the month in which the agreement was entered into or court proceedings leading to the determination referred to in paragraph (2)(A)(i) of this subsection were initiated; or

(ii)(I) would have received the aid in the home, in or for the month referred to in clause (i), if application had been made therefor; or

(II) had been living in the home within 6 months before the month in which the agreement was entered into or the proceedings were initiated, and would have received the aid in or for such month, if, in such month, the child had been living in the home with the relative referred to in paragraph (1) and application for the aid had been made.

(B) Resources determination

For purposes of subparagraph (A), in determining whether a child would have received aid under a State plan approved under section 602 of this title (as in effect on July 16, 1996), a child whose resources (determined pursuant to section 602(a)(7)(B) of this title, as so in effect) have a combined value of not more than \$10,000 shall be considered a child whose resources have a combined value of not more than \$1,000 (or such lower amount as the State may determine for purposes of section 602(a)(7)(B) of this title).

(4) Eligibility of certain alien children

Subject to title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 [8 U.S.C. 1601 et seq.], if the child is an alien disqualified under section 1255a(h) or 1160(f) of title 8 from receiving aid under the State plan approved under section 602 of this title in or for the month in which the agreement described in paragraph (2)(A)(i) was entered into or court proceedings leading to the determination described in paragraph (2)(A)(ii) were initiated, the child shall be considered to satisfy the requirements of paragraph (3), with respect to the month, if the child would have satisfied the requirements but for the disqualification.

(b) Additional qualifications

Foster care maintenance payments may be made under this part only on behalf of a child described in subsection (a) of this section who is—

(1) in the foster family home of an individual, whether the payments therefor are made to such individual or to a public or private child-placement or child-care agency, or

(2) in a child-care institution, whether the payments therefor are made to such institution or to a public or private child-placement or child-care agency, which payments shall be limited so as to include in such payments only those items which are included in the term “foster care maintenance payments” (as defined in section 675(4) of this title).

(c) “Foster family home” and “child-care institution” defined

For the purposes of this part, (1) the term “foster family home” means a foster family home for children which is licensed by the State in which it is situated or has been approved, by the agency of such State having responsibility for licensing homes of this type, as meeting the standards established for such licensing; and (2) the term “child-care institution” means a private child-care institution, or a public child-care institution which accommodates no more than twenty-five children, which is licensed by the State in which it is situated or has been approved, by the agency of such State responsible for licensing or approval of institutions of this type, as meeting the standards established for such licensing, except, in the case of a child who has attained 18 years of age, the term shall include a supervised setting in which the individual is living independently, in accordance with such conditions as the Secretary shall establish in regulations, but the term shall not include detention facilities, forestry camps, training schools, or any other facility operated primarily for the detention of children who are determined to be delinquent.

(d) Children removed from their homes pursuant to voluntary placement agreements

Notwithstanding any other provision of this subchapter, Federal payments may be made under this part with respect to amounts expended by any State as foster care maintenance payments under this section, in the case of children removed from their homes pursuant to voluntary placement agreements as described in subsection (a) of this section, only if (at the time such amounts were expended) the State has fulfilled all of the requirements of section 622(b)(8) of this title.

(e) Placements in best interest of child

No Federal payment may be made under this part with respect to amounts expended by any State as foster care maintenance payments under this section, in the case of any child who was removed from his or her home pursuant to a voluntary placement agreement as described in subsection (a) of this section and has remained in voluntary placement for a period in excess of 180 days, unless there has been a judicial determination by a court of competent jurisdiction (within the first 180 days of such placement) to the effect that such placement is in the best interests of the child.

(f) “Voluntary placement” and “voluntary placement agreement” defined

For the purposes of this part and part B of this subchapter, (1) the term “voluntary placement” means an out-of-home placement of a minor, by or with participation of a State agency, after

the parents or guardians of the minor have requested the assistance of the agency and signed a voluntary placement agreement; and (2) the term “voluntary placement agreement” means a written agreement, binding on the parties to the agreement, between the State agency, any other agency acting on its behalf, and the parents or guardians of a minor child which specifies, at a minimum, the legal status of the child and the rights and obligations of the parents or guardians, the child, and the agency while the child is in placement.

(g) Revocation of voluntary placement agreement

In any case where—

(1) the placement of a minor child in foster care occurred pursuant to a voluntary placement agreement entered into by the parents or guardians of such child as provided in subsection (a) of this section, and

(2) such parents or guardians request (in such manner and form as the Secretary may prescribe) that the child be returned to their home or to the home of a relative,

the voluntary placement agreement shall be deemed to be revoked unless the State agency opposes such request and obtains a judicial determination, by a court of competent jurisdiction, that the return of the child to such home would be contrary to the child’s best interests.

(h) Aid for dependent children; assistance for minor children in needy families

(1) For purposes of subchapter XIX of this chapter, any child with respect to whom foster care maintenance payments are made under this section is deemed to be a dependent child as defined in section 606 of this title (as in effect as of July 16, 1996) and deemed to be a recipient of aid to families with dependent children under part A of this subchapter (as so in effect). For purposes of division A¹ of subchapter XX of this chapter, any child with respect to whom foster care maintenance payments are made under this section is deemed to be a minor child in a needy family under a State program funded under part A of this subchapter and is deemed to be a recipient of assistance under such part.

(2) For purposes of paragraph (1), a child whose costs in a foster family home or child care institution are covered by the foster care maintenance payments being made with respect to the child’s minor parent, as provided in section 675(4)(B) of this title, shall be considered a child with respect to whom foster care maintenance payments are made under this section.

(i) Administrative costs associated with otherwise eligible children not in licensed foster care settings

Expenditures by a State that would be considered administrative expenditures for purposes of section 674(a)(3) of this title if made with respect to a child who was residing in a foster family home or child-care institution shall be so considered with respect to a child not residing in such a home or institution—

(1) in the case of a child who has been removed in accordance with subsection (a) of

this section from the home of a relative specified in section 606(a) of this title (as in effect on July 16, 1996), only for expenditures—

(A) with respect to a period of not more than the lesser of 12 months or the average length of time it takes for the State to license or approve a home as a foster home, in which the child is in the home of a relative and an application is pending for licensing or approval of the home as a foster family home; or

(B) with respect to a period of not more than 1 calendar month when a child moves from a facility not eligible for payments under this part into a foster family home or child care institution licensed or approved by the State; and

(2) in the case of any other child who is potentially eligible for benefits under a State plan approved under this part and at imminent risk of removal from the home, only if—

(A) reasonable efforts are being made in accordance with section 671(a)(15) of this title to prevent the need for, or if necessary to pursue, removal of the child from the home; and

(B) the State agency has made, not less often than every 6 months, a determination (or redetermination) as to whether the child remains at imminent risk of removal from the home.

(BB) a voluntary placement agreement or voluntary relinquishment;

(bb) meets all medical or disability requirements of subchapter XVI with respect to eligibility for supplemental security income benefits; or

(cc) was residing in a foster family home or child care institution with the child's minor parent, and the child's minor parent was in such foster family home or child care institution pursuant to—

(AA) an involuntary removal of the child from the home in accordance with a judicial determination to the effect that continuation in the home would be contrary to the welfare of the child; or

(BB) a voluntary placement agreement or voluntary relinquishment; and

(II) has been determined by the State, pursuant to subsection (c)(2), to be a child with special needs.

(B) Section 672(a)(4) of this title shall apply for purposes of subparagraph (A) of this paragraph, in any case in which the child is an alien described in such section.

(C) A child shall be treated as meeting the requirements of this paragraph for the purpose of paragraph (1)(B)(ii) if—

(i) in the case of a child who is not an applicable child for the fiscal year (as defined in subsection (e)), the child—

(I) meets the requirements of subparagraph (A)(i)(II);

(II) was determined eligible for adoption assistance payments under this part with respect to a prior adoption;

(III) is available for adoption because—

(aa) the prior adoption has been dissolved, and the parental rights of the adoptive parents have been terminated; or

(bb) the child's adoptive parents have died; and

(IV) fails to meet the requirements of subparagraph (A)(i) but would meet such requirements if—

(aa) the child were treated as if the child were in the same financial and other circumstances the child was in the last time the child was determined eligible for adoption assistance payments under this part; and

(bb) the prior adoption were treated as never having occurred; or

(ii) in the case of a child who is an applicable child for the fiscal year (as so defined), the child meets the requirements of subparagraph (A)(ii)(II), is determined eligible for adoption assistance payments under this part with respect to a prior adoption (or who would have been determined eligible for such payments

had the Adoption and Safe Families Act of 1997 been in effect at the time that such determination would have been made), and is available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died.

(D) In determining the eligibility for adoption assistance payments of a child in a legal guardianship arrangement described in section 671(a)(28) of this title, the placement of the child with the relative guardian involved and any kinship guardianship assistance payments made on behalf of the child shall be considered never to have been made.

(3) The amount of the payments to be made in any case under clauses (i) and (ii) of paragraph (1)(B) shall be determined through agreement between the adoptive parents and the State or local agency administering the program under this section, which shall take into consideration the circumstances of the adopting parents and the needs of the child being adopted, and may be readjusted periodically, with the concurrence of the adopting parents (which may be specified in the adoption assistance agreement), depending upon changes in such circumstances. However, in no case may the amount of the adoption assistance payment made under clause (ii) of paragraph (1)(B) exceed the foster care maintenance payment which would have been paid during the period if the child with respect to whom the adoption assistance payment is made had been in a foster family home.

(4)(A) Notwithstanding any other provision of this section, a payment may not be made pursuant to this section to parents or relative guardians with respect to a child—

(i) who has attained—

(I) 18 years of age, or such greater age as the State may elect under section 675(8)(B)(iii) of this title; or

(II) 21 years of age, if the State determines that the child has a mental or physical handicap which warrants the continuation of assistance;

(ii) who has not attained 18 years of age, if the State determines that the parents or relative guardians, as the case may be, are no longer legally responsible for the support of the child; or

(iii) if the State determines that the child is no longer receiving any support from the parents or relative guardians, as the case may be.

(B) Parents or relative guardians who have been receiving adoption assistance payments or kinship guardianship assistance payments under this section shall keep the State or local agency administering the program under this section informed of circumstances which would, pursuant to this subsection, make them ineligible for the payments, or eligible for the payments in a different amount.

(5) For purposes of this part, individuals with whom a child (who has been determined by the State, pursuant to subsection (c) of this section, to be a child with special needs) is placed for adoption in accordance with applicable State and local law shall be eligible for such payments, during the period of the placement, on

the same terms and subject to the same conditions as if such individuals had adopted such child.

(6)(A) For purposes of paragraph (1)(B)(i), the term “nonrecurring adoption expenses” means reasonable and necessary adoption fees, court costs, attorney fees, and other expenses which are directly related to the legal adoption of a child with special needs and which are not incurred in violation of State or Federal law.

(B) A State’s payment of nonrecurring adoption expenses under an adoption assistance agreement shall be treated as an expenditure made for the proper and efficient administration of the State plan for purposes of section 674(a)(3)(E) of this title.

(7)(A) Notwithstanding any other provision of this subsection, no payment may be made to parents with respect to any applicable child for a fiscal year that—

- (i) would be considered a child with special needs under subsection (c)(2);
- (ii) is not a citizen or resident of the United States; and
- (iii) was adopted outside of the United States or was brought into the United States for the purpose of being adopted.

(B) Subparagraph (A) shall not be construed as prohibiting payments under this part for an applicable child described in subparagraph (A) that is placed in foster care subsequent to the failure, as determined by the State, of the initial adoption of the child by the parents described in subparagraph (A).

(8) A State shall spend an amount equal to the amount of savings (if any) in State expenditures under this part resulting from the application of paragraph (2)(A)(ii) to all applicable children for a fiscal year to provide to children or families any service (including post-adoption services) that may be provided under this part or part B.

(b) Aid for dependent children; assistance for minor children in needy families

(1) For purposes of subchapter XIX of this chapter, any child who is described in paragraph (3) is deemed to be a dependent child as defined in section 606 of this title (as in effect as of July 16, 1996) and deemed to be a recipient of aid to families with dependent children under part A of this subchapter (as so in effect) in the State where such child resides.

(2) For purposes of division A¹ of subchapter XX of this chapter, any child who is described in paragraph (3) is deemed to be a minor child in a needy family under a State program funded under part A of this subchapter and deemed to be a recipient of assistance under such part.

(3) A child described in this paragraph is any child—

- (A)(i) who is a child described in subsection (a)(2) of this section, and
- (ii) with respect to whom an adoption assistance agreement is in effect under this section (whether or not adoption assistance payments are provided under the agreement or are being made under this section), including any such child who has been placed for adoption in accordance with applicable State and local law

(whether or not an interlocutory or other judicial decree of adoption has been issued),

(B) with respect to whom foster care maintenance payments are being made under section 672 of this title, or

(C) with respect to whom kinship guardianship assistance payments are being made pursuant to subsection (d).

(4) For purposes of paragraphs (1) and (2), a child whose costs in a foster family home or child-care institution are covered by the foster care maintenance payments being made with respect to the child’s minor parent, as provided in section 675(4)(B) of this title, shall be considered a child with respect to whom foster care maintenance payments are being made under section 672 of this title.

(c) Children with special needs

For purposes of this section—

(1) in the case of a child who is not an applicable child for a fiscal year, the child shall not be considered a child with special needs unless—

(A) the State has determined that the child cannot or should not be returned to the home of his parents; and

(B) the State had first determined (A) that there exists with respect to the child a specific factor or condition (such as his ethnic background, age, or membership in a minority or sibling group, or the presence of factors such as medical conditions or physical, mental, or emotional handicaps) because of which it is reasonable to conclude that such child cannot be placed with adoptive parents without providing adoption assistance under this section or medical assistance under subchapter XIX of this chapter, and (B) that, except where it would be against the best interests of the child because of such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of such parents as a foster child, a reasonable, but unsuccessful, effort has been made to place the child with appropriate adoptive parents without providing adoption assistance under this section or medical assistance under subchapter XIX of this chapter; or

(2) in the case of a child who is an applicable child for a fiscal year, the child shall not be considered a child with special needs unless—

(A) the State has determined, pursuant to a criterion or criteria established by the State, that the child cannot or should not be returned to the home of his parents;

(B)(i) the State has determined that there exists with respect to the child a specific factor or condition (such as ethnic background, age, or membership in a minority or sibling group, or the presence of factors such as medical conditions or physical, mental, or emotional handicaps) because of which it is reasonable to conclude that the child cannot be placed with adoptive parents without providing adoption assistance under this section and medical assistance under subchapter XIX; or

(ii) the child meets all medical or disability requirements of subchapter XVI with re-

spect to eligibility for supplemental security income benefits; and

(C) the State has determined that, except where it would be against the best interests of the child because of such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of the parents as a foster child, a reasonable, but unsuccessful, effort has been made to place the child with appropriate adoptive parents without providing adoption assistance under this section or medical assistance under subchapter XIX.

§ 673b. Adoption incentive payments

(a) Grant authority

Subject to the availability of such amounts as may be provided in advance in appropriations Acts for this purpose, the Secretary shall make a grant to each State that is an incentive-eligible State for a fiscal year in an amount equal to the adoption incentive payment payable to the State under this section for the fiscal year, which shall be payable in the immediately succeeding fiscal year.

(b) Incentive-eligible State

A State is an incentive-eligible State for a fiscal year if—

(1) the State has a plan approved under this part for the fiscal year;

(2)(A) the number of foster child adoptions in the State during the fiscal year exceeds the base number of foster child adoptions for the State for the fiscal year;

(B) the number of older child adoptions in the State during the fiscal year exceeds the base number of older child adoptions for the State for the fiscal year; or

(C) the State's foster child adoption rate for the fiscal year exceeds the highest ever foster child adoption rate determined for the State;

(3) the State is in compliance with subsection (c) of this section for the fiscal year;

(4) the State provides health insurance coverage to any child with special needs (as determined under section 673(c) of this title) for whom there is in effect an adoption assistance agreement between a State and an adoptive parent or parents; and

(5) the fiscal year is any of fiscal years 2008 through 2012.

(c) Data requirements

(1) In general

A State is in compliance with this subsection for a fiscal year if the State has provided to the Secretary the data described in paragraph (2)—

(A) for fiscal years 1995 through 1997 (or, if the first fiscal year for which the State seeks a grant under this section is after fiscal year 1998, the fiscal year that precedes such first fiscal year); and

(B) for each succeeding fiscal year that precedes the fiscal year.

(2) Determination of numbers of adoptions based on AFCARS data

The Secretary shall determine the numbers of foster child adoptions, of special needs adoptions that are not older child adoptions, and of older child adoptions in a State during a fiscal year, and the foster child adoption rate for the State for the fiscal year, for purposes of this section, on the basis of data meeting the requirements of the system established pursuant to section 679 of this title, as reported by the State and approved by the Secretary by August 1 of the succeeding fiscal year.

(3) No waiver of AFCARS requirements

This section shall not be construed to alter or affect any requirement of section 679 of this

title or of any regulation prescribed under such section with respect to reporting of data by States, or to waive any penalty for failure to comply with such a requirement.

(d) Adoption incentive payment

(1) In general

Except as provided in paragraphs (2) and (3), the adoption incentive payment payable to a State for a fiscal year under this section shall be equal to the sum of—

(A) \$4,000, multiplied by the amount (if any) by which the number of foster child adoptions in the State during the fiscal year exceeds the base number of foster child adoptions for the State for the fiscal year;

(B) \$4,000, multiplied by the amount (if any) by which the number of special needs adoptions that are not older child adoptions in the State during the fiscal year exceeds the base number of special needs adoptions that are not older child adoptions for the State for the fiscal year; and

(C) \$8,000, multiplied by the amount (if any) by which the number of older child adoptions in the State during the fiscal year exceeds the base number of older child adoptions for the State for the fiscal year.

(2) Pro rata adjustment if insufficient funds available

For any fiscal year, if the total amount of adoption incentive payments otherwise payable under paragraph (1) for a fiscal year exceeds the amount appropriated pursuant to subsection (h) for the fiscal year, the amount of the adoption incentive payment payable to each State under paragraph (1) for the fiscal year shall be—

(A) the amount of the adoption incentive payment that would otherwise be payable to the State under paragraph (1) for the fiscal year; multiplied by

(B) the percentage represented by the amount so appropriated for the fiscal year, divided by the total amount of adoption incentive payments otherwise payable under paragraph (1) for the fiscal year.

(3) Increased incentive payment for exceeding the highest ever foster child adoption rate

(A) In general

(B) Amount of increase

For purposes of subparagraph (A), the amount determined under this subparagraph

with respect to a State and a fiscal year is the amount equal to the product of—

(i) \$1,000; and

(ii) the excess of—

(I) the number of foster child adoptions in the State in the fiscal year; over

(II) the product (rounded to the nearest whole number) of—

(aa) the highest ever foster child adoption rate determined for the State; and

(bb) the number of children in foster care under the supervision of the State on the last day of the preceding fiscal year.

(C) Pro rata adjustment if insufficient funds available

For any fiscal year, if the total amount of increases in adoption incentive payments otherwise payable under this paragraph for a fiscal year exceeds the amount available for such increases for the fiscal year, the amount of the increase payable to each State under this paragraph for the fiscal year shall be—

(i) the amount of the increase that would otherwise be payable to the State under this paragraph for the fiscal year; multiplied by

(ii) the percentage represented by the amount so available for the fiscal year, divided by the total amount of increases otherwise payable under this paragraph for the fiscal year.

(e) 24-month availability of incentive payments

Payments to a State under this section in a fiscal year shall remain available for use by the State for the 24-month period beginning with the month in which the payments are made.

(f) Limitations on use of incentive payments

A State shall not expend an amount paid to the State under this section except to provide to children or families any service (including post-adoption services) that may be provided under part B of this subchapter or this part. Amounts expended by a State in accordance with the preceding sentence shall be disregarded in determining State expenditures for purposes of Federal matching payments under sections 624, 629d, and 674 of this title.

L. 110-351, set out as a note under section 671 of this title.

EFFECTIVE DATE OF 2006 AMENDMENT

Amendment by Pub. L. 109-288 effective Oct. 1, 2006, and applicable to payments under this part and part B of this subchapter for calendar quarters beginning on or after such date, without regard to whether implementing regulations have been promulgated, and with delay permitted if State legislation is required to meet additional requirements, see section 12(a), (b) of Pub. L. 109-288, set out as a note under section 621 of this title.

EFFECTIVE DATE OF 2003 AMENDMENT

Pub. L. 108-145, §5, Dec. 2, 2003, 117 Stat. 1882, provided that: "The amendments made by this Act [amending this section and section 674 of this title] shall take effect on October 1, 2003."

EFFECTIVE DATE

Section effective Nov. 19, 1997, except as otherwise provided, with delay permitted if State legislation is required, see section 501 of Pub. L. 105-89, set out as an Effective Date of 1997 Amendment note under section 622 of this title.

FINDINGS

Pub. L. 108-145, §2, Dec. 2, 2003, 117 Stat. 1879, provided that: "The Congress finds the following:

"(1) In 1997, the Congress passed the Adoption and Safe Families Act of 1997 [Pub. L. 105-89; see Short Title of 1997 Amendment note set out under section 1305 of this title] to promote comprehensive child welfare reform to ensure that consideration of children's safety is paramount in child welfare decisions, and to provide a greater sense of urgency to find every child a safe, permanent home.

"(2) The Adoption and Safe Families Act of 1997 also created the Adoption Incentives program, which authorizes incentive payments to States to promote adoptions, with additional incentives provided for the adoption of foster children with special needs.

"(3) Since 1997, all States, the District of Columbia, and Puerto Rico have qualified for incentive payments for their work in promoting adoption of foster children.

"(4) Between 1997 and 2002, adoptions increased by 64 percent, and adoptions of children with special needs increased by 63 percent; however, 542,000 children remain in foster care, and 126,000 are eligible for adoption.

"(5) Although substantial progress has been made to promote adoptions, attention should be focused on promoting adoption of older children. Recent data suggest that half of the children waiting to be adopted are age 9 or older."

For each quarter beginning after September 30, 1980, each State which has a plan approved under this part shall be entitled to a payment equal to the sum of—

(1) an amount equal to the Federal medical assistance percentage (which shall be as defined in section 1396d(b) of this title, in the case of a State other than the District of Columbia, or 70 percent, in the case of the District of Columbia) of the total amount expended during such quarter as foster care maintenance payments under section 672 of this title for children in foster family homes or child-care institutions (or, with respect to such payments made during such quarter under a cooperative agreement or contract entered into by the State and an Indian tribe,

tribal organization, or tribal consortium for the administration or payment of funds under this part, an amount equal to the Federal medical assistance percentage that would apply under section 679c(d) of this title (in this paragraph referred to as the "tribal FMAP") if such Indian tribe, tribal organization, or tribal consortium made such payments under a program operated under that section, unless the tribal FMAP is less than the Federal medical assistance percentage that applies to the State); plus

(2) an amount equal to the Federal medical assistance percentage (which shall be as defined in section 1396d(b) of this title, in the case of a State other than the District of Columbia, or 70 percent, in the case of the District of Columbia) of the total amount expended during such quarter as adoption assistance payments under section 673 of this title pursuant to adoption assistance agreements (or, with respect to such payments made during such quarter under a cooperative agreement or contract entered into by the State and an Indian tribe, tribal organization, or tribal consortium for the administration or payment of funds under this part, an amount equal to the Federal medical assistance percentage that would apply under section 679c(d) of this title (in this paragraph referred to as the "tribal FMAP") if such Indian tribe, tribal organization, or tribal consortium made such payments under a program operated under that section, unless the tribal FMAP is less than the Federal medical assistance percentage that applies to the State); plus

(3) subject to section 672(i) of this title an amount equal to the sum of the following proportions of the total amounts expended during such quarter as found necessary by the Secretary for the provision of child placement services and for the proper and efficient administration of the State plan—

(A) 75 per centum of so much of such expenditures as are for the training (including both short- and long-term training at educational institutions through grants to such institutions or by direct financial assistance to students enrolled in such institutions) of personnel employed or preparing for employment by the State agency or by the local agency administering the plan in the political subdivision,

(B) 75 percent of so much of such expenditures (including travel and per diem expenses) as are for the short-term training of current or prospective foster or adoptive parents or relative guardians, the members of the staff of State-licensed or State-approved child care institutions providing care, or State-licensed or State-approved child welfare agencies providing services, to children receiving assistance under this part, and members of the staff of abuse and neglect courts, agency attorneys, attorneys representing children or parents, guardians ad litem, or other court-appointed special advocates representing children in proceedings of such courts, in ways that increase the ability of such current or prospective parents, guardians, staff members, institu-

tions, attorneys, and advocates to provide support and assistance to foster and adopted children and children living with relative guardians, whether incurred directly by the State or by contract,

(C) 50 percent of so much of such expenditures as are for the planning, design, development, or installation of statewide mechanized data collection and information retrieval systems (including 50 percent of the full amount of expenditures for hardware components for such systems) but only to the extent that such systems—

(i) meet the requirements imposed by regulations promulgated pursuant to section 679(b)(2) of this title;

(ii) to the extent practicable, are capable of interfacing with the State data collection system that collects information relating to child abuse and neglect;

(iii) to the extent practicable, have the capability of interfacing with, and retrieving information from, the State data collection system that collects information relating to the eligibility of individuals under part A of this subchapter (for the purposes of facilitating verification of eligibility of foster children); and

(iv) are determined by the Secretary to be likely to provide more efficient, economical, and effective administration of the programs carried out under a State plan approved under part B of this subchapter or this part; and

(D) 50 percent of so much of such expenditures as are for the operation of the statewide mechanized data collection and information retrieval systems referred to in subparagraph (C); and

(E) one-half of the remainder of such expenditures; plus

(4) an amount equal to the amount (if any) by which—

(A) the lesser of—

(i) 80 percent of the amounts expended by the State during the fiscal year in which the quarter occurs to carry out programs in accordance with the State application approved under section 677(b) of this title for the period in which the quarter occurs (including any amendment that meets the requirements of section 677(b)(5) of this title); or

(ii) the amount allotted to the State under section 677(c)(1) of this title for the fiscal year in which the quarter occurs, reduced by the total of the amounts payable to the State under this paragraph for all prior quarters in the fiscal year; exceeds

(B) the total amount of any penalties assessed against the State under section 677(e) of this title during the fiscal year in which the quarter occurs; plus

(5) an amount equal to the percentage by which the expenditures referred to in paragraph (2) of this subsection are reimbursed of the total amount expended during such quarter as kinship guardianship assistance payments under section 673(d) of this title pursu-

ant to kinship guardianship assistance agreements.

(b) Quarterly estimates of State's entitlement for next quarter; payments; United States' pro rata share of amounts recovered as overpayment; allowance, disallowance, or deferral of claim

(1) The Secretary shall, prior to the beginning of each quarter, estimate the amount to which a State will be entitled under subsection (a) of this section for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with subsection (a) of this section, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State's proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, (B) records showing the number of children in the State receiving assistance under this part, and (C) such other investigation as the Secretary may find necessary.

(2) The Secretary shall then pay to the State, in such installments as he may determine, the amounts so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(3) The pro rata share to which the United States is equitably entitled, as determined by the Secretary, of the net amount recovered during any quarter by the State or any political subdivision thereof with respect to foster care and adoption assistance furnished under the State plan shall be considered an overpayment to be adjusted under this subsection.

(4)(A) Within 60 days after receipt of a State claim for expenditures pursuant to subsection (a) of this section, the Secretary shall allow, disallow, or defer such claim.

(B) Within 15 days after a decision to defer such a State claim, the Secretary shall notify the State of the reasons for the deferral and of the additional information necessary to determine the allowability of the claim.

(C) Within 90 days after receiving such necessary information (in readily reviewable form), the Secretary shall—

(i) disallow the claim, if able to complete the review and determine that the claim is not allowable, or

(ii) in any other case, allow the claim, subject to disallowance (as necessary)—

(I) upon completion of the review, if it is determined that the claim is not allowable; or

(II) on the basis of findings of an audit or financial management review.

(c) Automated data collection expenditures

The Secretary shall treat as necessary for the proper and efficient administration of the State plan all expenditures of a State necessary in order for the State to plan, design, develop, install, and operate data collection and information retrieval systems described in subsection

(a)(3)(C) of this section, without regard to whether the systems may be used with respect to foster or adoptive children other than those on behalf of whom foster care maintenance payments or adoption assistance payments may be made under this part.

(d) Reduction for violation of plan requirement

(1) If, during any quarter of a fiscal year, a State's program operated under this part is found, as a result of a review conducted under section 1320a-2a of this title, or otherwise, to have violated paragraph (18) or (23) of section 671(a) of this title with respect to a person or to have failed to implement a corrective action plan within a period of time not to exceed 6 months with respect to such violation, then, notwithstanding subsection (a) of this section and any regulations promulgated under section 1320a-2a(b)(3) of this title, the Secretary shall reduce the amount otherwise payable to the State under this part, for that fiscal year quarter and for any subsequent quarter of such fiscal year, until the State program is found, as a result of a subsequent review under section 1320a-2a of this title, to have implemented a corrective action plan with respect to such violation, by—

(A) 2 percent of such otherwise payable amount, in the case of the 1st such finding for the fiscal year with respect to the State;

(B) 3 percent of such otherwise payable amount, in the case of the 2nd such finding for the fiscal year with respect to the State; or

(C) 5 percent of such otherwise payable amount, in the case of the 3rd or subsequent such finding for the fiscal year with respect to the State.

In imposing the penalties described in this paragraph, the Secretary shall not reduce any fiscal year payment to a State by more than 5 percent.

(2) Any other entity which is in a State that receives funds under this part and which violates paragraph (18) or (23) of section 671(a) of this title during a fiscal year quarter with respect to any person shall remit to the Secretary all funds that were paid by the State to the entity during the quarter from such funds.

(3)(A) Any individual who is aggrieved by a violation of section 671(a)(18) of this title by a State or other entity may bring an action seeking relief from the State or other entity in any United States district court.

(B) An action under this paragraph may not be brought more than 2 years after the date the alleged violation occurred.

(4) This subsection shall not be construed to affect the application of the Indian Child Welfare Act of 1978 [25 U.S.C. 1901 et seq.].

(e) Discretionary grants for educational and training vouchers for youths aging out of foster care

From amounts appropriated pursuant to section 677(h)(2) of this title, the Secretary may make a grant to a State with a plan approved under this part, for a calendar quarter, in an amount equal to the lesser of—

(1) 80 percent of the amounts expended by the State during the quarter to carry out programs for the purposes described in section 677(a)(6) of this title; or

(2) the amount, if any, allotted to the State under section 677(c)(3) of this title for the fiscal year in which the quarter occurs, reduced by the total of the amounts payable to the State under this subsection for such purposes for all prior quarters in the fiscal year.

(f) Reduction for failure to submit required data

(1) If the Secretary finds that a State has failed to submit to the Secretary data, as required by regulation, for the data collection system implemented under section 679 of this title, the Secretary shall, within 30 days after the date by which the data was due to be so submitted, notify the State of the failure and that payments to the State under this part will be reduced if the State fails to submit the data, as so required, within 6 months after the date the data was originally due to be so submitted.

(2) If the Secretary finds that the State has failed to submit the data, as so required, by the end of the 6-month period referred to in paragraph (1) of this subsection, then, notwithstanding subsection (a) of this section and any regulations promulgated under section 1320a-2a(b)(3) of this title, the Secretary shall reduce the amounts otherwise payable to the State under this part, for each quarter ending in the 6-month period (and each quarter ending in each subsequent consecutively occurring 6-month period until the Secretary finds that the State has submitted the data, as so required), by—

(A) $\frac{1}{6}$ of 1 percent of the total amount expended by the State for administration of foster care activities under the State plan approved under this part in the quarter so ending, in the case of the 1st 6-month period during which the failure continues; or

(B) $\frac{1}{4}$ of 1 percent of the total amount so expended, in the case of the 2nd or any subsequent such 6-month period.

(g) Continued services under waiver

For purposes of this part, after the termination of a demonstration project relating to guardianship conducted by a State under section 1320a-9 of this title, the expenditures of the State for the provision, to children who, as of September 30, 2008, were receiving assistance or services under the project, of the same assistance and services under the same terms and conditions that applied during the conduct of the project, are deemed to be expenditures under the State plan approved under this part.

(B) A plan for assuring that the child receives safe and proper care and that services are provided to the parents, child, and foster parents in order to improve the conditions in the parents' home, facilitate return of the child to his own safe home or the permanent placement of the child, and address the needs of the child while in foster care, including a discussion of the appropriateness of the services that have been provided to the child under the plan.

(v) the efforts the agency has made to discuss adoption by the child's relative foster parent as a more permanent alternative to legal guardianship and, in the case of a relative foster parent who has chosen not to pursue adoption, documentation of the reasons therefor; and

(i) if the child has been placed in a foster family home or child-care institution a substantial distance from the home of the parents of the child, or in a State different from the State in which such home is located, sets forth the reasons why such placement is in the best interests of the child, and

(B) the status of each child is reviewed periodically but no less frequently than once every six months by either a court or by administrative review (as defined in paragraph (6)) in order to determine the safety of the child, the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and to project a likely date by which the child may

be returned to and safely maintained in the home or placed for adoption or legal guardianship,

(C) with respect to each such child, (i) procedural safeguards will be applied, among other things, to assure each child in foster care under the supervision of the State of a permanency hearing to be held, in a family or juvenile court or another court (including a tribal court) of competent jurisdiction, or by an administrative body appointed or approved by the court, no later than 12 months after the date the child is considered to have entered foster care (as determined under subparagraph (F)) (and not less frequently than every 12 months thereafter during the continuation of foster care), which hearing shall determine the permanency plan for the child that includes whether, and if applicable when, the child will be returned to the parent, placed for adoption and the State will file a petition for termination of parental rights, or referred for legal guardianship, or (in cases where the State agency has documented to the State court a compelling reason for determining that it would not be in the best interests of the child to return home, be referred for termination of parental rights, or be placed for adoption, with a fit and willing relative, or with a legal guardian) placed in another planned permanent living arrangement, in the case of a child who will not be returned to the parent, the hearing shall consider in-State and out-of-State placement options, and, in the case of a child described in subparagraph (A)(ii), the hearing shall determine whether the out-of-State placement continues to be appropriate and in the best interests of the child, and, in the case of a child who has attained age 16, the services needed to assist the child to make the transition from foster care to independent living; (ii) procedural safeguards shall be applied with respect to parental rights pertaining to the removal of the child from the home of his parents, to a change in the child's placement, and to any determination affecting visitation privileges of parents; and (iii) procedural safeguards shall be applied to assure that in any permanency hearing held with respect to the child, including any hearing regarding the transition of the child from foster care to independent living, the court or administrative body conducting the hearing consults, in an age-appropriate manner, with the child regarding the proposed permanency or transition plan for the child;²

(D) a child's health and education record (as described in paragraph (1)(A)) is reviewed and updated, and a copy of the record is supplied to the foster parent or foster care provider with whom the child is placed, at the time of each placement of the child in foster care, and is supplied to the child at no cost at the time the child leaves foster care if the child is leaving foster care by reason of having attained the age of majority under State law;²

(G) the foster parents (if any) of a child and any preadoptive parent or relative providing care for the child are provided with notice of, and a right to be heard in, any proceeding to be held with respect to the child, except that this subparagraph shall not be construed to require that any foster parent, preadoptive parent, or relative providing care for the child be made a party to such a proceeding solely on the basis of such notice and right to be heard;² and

FINDINGS

Pub. L. 106-169, title I, §101(a), Dec. 14, 1999, 113 Stat. 1823, provided that: “The Congress finds the following:

“(1) States are required to make reasonable efforts to find adoptive families for all children, including older children, for whom reunification with their biological family is not in the best interests of the child. However, some older children will continue to live in foster care. These children should be enrolled in an Independent Living program designed and conducted by State and local government to help prepare them for employment, postsecondary education, and successful management of adult responsibilities.

“(2) Older children who continue to be in foster care as adolescents may become eligible for Independent Living programs. These Independent Living programs are not an alternative to adoption for these children. Enrollment in Independent Living programs can occur concurrent with continued efforts to locate and achieve placement in adoptive families for older children in foster care.

“(3) About 20,000 adolescents leave the Nation’s foster care system each year because they have reached 18 years of age and are expected to support themselves.

“(4) Congress has received extensive information that adolescents leaving foster care have significant difficulty making a successful transition to adulthood; this information shows that children aging out of foster care show high rates of homelessness, non-marital childbearing, poverty, and delinquent or criminal behavior; they are also frequently the target of crime and physical assaults.

“(5) The Nation’s State and local governments, with financial support from the Federal Government, should offer an extensive program of education, training, employment, and financial support for young adults leaving foster care, with participation in such program beginning several years before high school graduation and continuing, as needed, until the young adults emancipated from foster care establish independence or reach 21 years of age.”

Section 8002(d) of Pub. L. 101-239 provided that:

“(1) STUDY.—The Secretary of Health and Human Services shall study the programs authorized under section 477 of the Social Security Act [this section] for the purposes of evaluating the effectiveness of the programs. The study shall include a comparison of outcomes of children who participated in the programs and a comparable group of children who did not participate in the programs.

“(2) REPORT.—Upon completion of the study, the Secretary shall issue a report to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives.”
