(g) **TRANSFER OF AUTHORITY.**—If an air carrier, providing basic essential air service under section 41733 of this title between an eligible place and an airport at which the Administrator of the Federal Aviation Administration limits the number of instrument flight rule takeoffs and landings of aircraft, provides notice under subsection (a) of this section of an intention to end, suspend, or reduce that service and another carrier is found to provide the service, the Secretary shall require the carrier providing notice to transfer any operational authority the carrier has to land or take off at that airport related to the service to the eligible place to the carrier that will provide the service, if—

(1) the carrier that will provide the service needs the authority; and

(2) the authority to be transferred is being used to provide air service to another eligible place.

(h) **NONCONSIDERATION OF SLOT AVAILABILITY.**—In determining what is basic essential air service and in selecting an air carrier to provide such service, the Secretary shall not consider as a factor whether slots at a high density airport are available for providing such service.

(1) **EXEMPTION FROM HOLD-IN REQUIREMENTS.**—If, after the date of enactment of this subsection, an air carrier commences air transportation to an eligible place that is not receiving scheduled passenger air service as a result of the failure of the eligible place to meet requirements contained in an appropriations Act, the air carrier shall not be subject to the requirements of subsections (b) and (c) with respect to such air transportation.

In subsection (b), the words “If at the end of the notice period under subsection (a) of this section” are
substituted for “If an air carrier has provided notice to the Secretary under paragraph (2) of such air carrier’s intention to suspend, terminate, or reduce service to any eligible point below the level of basic essential air service to such point, and if at the conclusion of the applicable period of notice” for clarity and to eliminate unnecessary words.

In subsection (c), the words “either with or without compensation” are omitted as unnecessary. The words “shall require the carrier providing service to continue to provide service for additional 30-day periods” are substituted for “shall extend such requirement for such additional 30-day periods . . . as may be necessary to continue basic essential air service to such eligible point”, and the words “the Secretary shall decide if another carrier will provide service on a continuing basis” are substituted for “making the same determination”, for clarity.

In subsections (d)(1) and (e)(1), the word “fair” is omitted as being included in “reasonable”.

In subsection (d), before clause (1), the words “basic essential air service” are substituted for “air transportation” and “such transportation” for consistency with the source provisions restated in this section. The words “to continue to provide service to the place under this section after the 90-day notice period under subsection (a) of this section” are substituted for “to continue service to such point beyond the date on which such carrier would, but for paragraph (5), be able to suspend, terminate, or reduce such service below the level of basic essential air service to such point” to eliminate unnecessary words.

In subsection (e), before clause (1), the words “basic essential air service” are substituted for “air transportation” for consistency with the source provisions restated in this section. The words “after the end of the 90-day notice period that is” are substituted for “then” for clarity.

In subsection (f), the words “basic essential air service” are substituted for “air transportation” which each air carrier has proposed to terminate, reduce, or suspend” for consistency with the source provisions restated in this section.

In subsection (g)(2), the words “the authority to be transferred is being used only to provide air service to the eligible place” are substituted for “the authority to be transferred is being used only to provide air service to such eligible point, and if at the conclusion of the applicable period of notice” for clarity and because of the restatement.

AMENDMENTS
1994—Subsec. (g)(2). Pub. L. 103-429 amended par. (2) generally. Prior to amendment, par. (2) read as follows: “the authority to be transferred is being used only to provide air service to the eligible place”.

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108-176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108-176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 1994 AMENDMENT

DEFINITIONS
For definitions of the terms “slot” and “high density airport” used in subsec. (h) of this section, see section 41714(h) of this title.

§ 41735. Enhanced essential air service
(a) PROPOSALS.—(1) A State or local government may submit a proposal to the Secretary of Transportation for enhanced essential air service to an eligible place for which basic essential air service is being provided under section 41733 of this title. The proposal shall—
(A) specify the level and type of enhanced essential air service the State or local government considers appropriate; and
(B) include an agreement related to compensation required for the proposed service.

(2) The agreement submitted under paragraph (1)(B) of this subsection shall provide that—
(A) the State or local government or a person pay 50 percent of the compensation required for the proposed service and the United States Government pay the remaining 50 percent;

(B) the Government pay 100 percent of the compensation; and

(ii) if the proposed service is not successful for at least a 2-year period under the criteria prescribed by the Secretary under paragraph (3) of this subsection, the eligible place is not eligible for air service or air transportation for which compensation is paid by the Secretary under this subchapter.

(3) The Secretary shall prescribe by regulation objective criteria for deciding whether enhanced essential air service to an eligible place under this section is successful in terms of—
(A) increasing passenger usage of the airport facilities at the place; and
(B) reducing the amount of compensation provided by the Secretary under this subchapter.

(b) DECISIONS.—Not later than 90 days after receiving a proposal under subsection (a) of this section, the Secretary shall—
(1) approve the proposal if the Secretary decides the proposal is reasonable; or
(2) if the Secretary decides the proposal is not reasonable, disapprove the proposal and notify the State or local government of the disapproval and the reasons for the disapproval.

(c) COMPENSATION PAYMENTS.—(1) The Secretary shall pay compensation under this section when and in the way the Secretary decides is appropriate. Compensation for enhanced essential air service under this section may be paid only for the costs incurred in providing air service to an eligible place that are in addition to the costs incurred in providing basic essential air service to the place under section 41733 of this title. The Secretary shall continue to pay compensation under this section only as long as—
(A) the air carrier maintains the level of enhanced essential air service;
(B) the State or local government or person agreeing to pay compensation under this section continues to pay the compensation; and
(C) the Secretary decides the compensation is necessary to maintain the service to the place.

(2) The Secretary may require the State or local government or person agreeing to pay
compensation under this section to make advance payments or provide other security to ensure that timely payments are made.

(d) REVIEW.—(1) The Secretary shall review periodically the enhanced essential air service provided to each eligible place under this section.

(2) For service for which the Government pays 50 percent of the compensation, based on the review and consultation with the affected community and the State or local government or person paying the remaining 50 percent of the compensation, the Secretary shall make appropriate adjustments in the type and level of service to the place.

(3) For service for which the Government pays 100 percent of the compensation, based on the review and consultation with the State or local government submitting the proposal, the Secretary shall decide whether the service has succeeded for at least a 2-year period under the criteria prescribed under subsection (a)(3) of this section. If unsuccessful, the proposal is not eligible for air service or air transportation for which compensation is paid by the Secretary under this subchapter.

(e) ENDING, SUSPENDING, AND REDUCING AIR TRANSPORTATION.—An air carrier may end, suspend, or reduce air transportation to an eligible place below the level of enhanced essential air service established for that place by the Secretary under this section only after giving the Secretary, the affected community, and the State or local government or person paying compensation for that service at least 30 days' notice before ending, suspending, or reducing the service. This subsection does not relieve the carrier of an obligation under section 41734 of this title.

In subsections (a)(2)(B)(i) and (d)(3), the words “air service or air transportation for which compensation is paid” are substituted for “air service for which compensation is payable” for consistency with the source provisions restated in sections 41733 and 41736 of the revised title.

In subsection (a)(3), the word “prescribe” is substituted for “establish” for consistency in the revised title.

In subsection (b), before clause (1), the words “issue a decision” are omitted as unnecessary because of the restatement.

In subsection (c)(1)(B), the words “State or local government or person agreeing to pay compensation under this section” are substituted for “government or person agreeing to pay any non-Federal share” for clarity.

In subsection (c)(2), the words “State or local government or person agreeing to pay compensation under this section” are substituted for “non-Federal payments for enhanced essential air service under this section” for clarity.

In subsection (d)(2), the words “For service for which the Government pays 50 percent of the compensation” are substituted for “If the enhanced essential air service approved under this subsection is to be at a 50 percent Federal share” because of the restatement. The words “the remaining 50 percent” are substituted for “the non-Federal” for clarity and consistency in this section.

In subsection (d)(3), the words “For service for which the Government pays 100 percent of the compensation” are substituted for “If the enhanced essential air service approved under this subsection is to be at a 100 percent Federal share” because of the restatement.

### §41736. Air transportation to noneligible places

(a) PROPOSALS AND DECISIONS.—(1) A State or local government may propose to the Secretary of Transportation that the Secretary provide compensation to an air carrier to provide air transportation to a place that is not an eligible place under this subchapter. Not later than 90 days after receiving a proposal under this section, the Secretary shall—

(A) decide whether to designate the place as eligible to receive compensation under this section; and

(B)(i) approve the proposal if the State or local government or a person is willing and able to pay 50 percent of the compensation for providing the transportation, and notify the State or local government of the approval; or

(ii) disapprove the proposal if the Secretary decides the proposal is not reasonable under paragraph (2) of this subsection, and notify the State or local government of the disapproval and the reasons for the disapproval.

(2) In deciding whether a proposal is reasonable, the Secretary shall consider, among other factors—

(A) the traffic-generating potential of the place;

(B) the cost to the United States Government of providing the proposed transportation; and

(C) the distance of the place from the closest hub airport.

(b) APPROVAL FOR CERTAIN AIR TRANSPORTATION.—Notwithstanding subsection (a)(1)(B) of this section, the Secretary shall approve a proposal under this section to compensate an air carrier for providing air transportation to a place in the 48 contiguous States or the District of Columbia and designate the place as eligible for compensation under this section if—

(1) at any time before October 23, 1978, the place was served by a carrier holding a certificate under section 401 of the Federal Aviation Act of 1958;

(2) the place is more than 50 miles from the nearest small hub airport or an eligible place;

(3) the place is more than 150 miles from the nearest small hub airport or an eligible place; and

(4) the State or local government submitting the proposal or a person is willing and able to pay 25 percent of the cost of providing the compensated transportation.

Paragraph (4) does not apply to any community approved for service under this section during...
the period beginning October 1, 1991, and ending December 31, 1997.

(c) LEVEL OF AIR TRANSPORTATION.—(1) If the Secretary designates a place under subsection (a)(1) of this section as eligible for compensation under this section, the Secretary shall decide, not later than 6 months after the date of the designation, on the level of air transportation to be provided under this section. Before making a decision, the Secretary shall consider the views of any interested community, the appropriate State authority of the State in which the place is located, and the State or local government or person agreeing to pay compensation for the transportation under subsection (b)(4) of this section.

(2) After making the decision under paragraph (1) of this subsection, the Secretary shall provide notice that any air carrier that is willing to provide the level of air transportation established under paragraph (1) for a place may submit an application to provide the transportation. In selecting an applicant, the Secretary shall consider, among other factors—

(A) the factors listed in section 41733(c)(1) of this title; and

(B) the views of the State or local government or person agreeing to pay compensation for the transportation.

(d) COMPENSATION PAYMENTS.—(1) The Secretary shall pay compensation under this section when and in the way the Secretary decides is appropriate. The Secretary shall continue to pay compensation under this section only as long as—

(A) the air carrier maintains the level of air transportation established by the Secretary under subsection (c)(1) of this section;

(B) the State or local government or person agreeing to pay compensation for transportation under this section continues to pay that compensation; and

(C) the Secretary decides the compensation is necessary to maintain the transportation to the place.

(2) The Secretary may require the State or local government or person agreeing to pay compensation under this section to make advance payments or provide other security to ensure that timely payments are made.

(e) REVIEW.—The Secretary shall review periodically the level of air transportation provided under this section. Based on the review and consultation with any interested community, the appropriate State authority of the State in which the community is located, and the State or local government or person paying compensation under this section, the Secretary may make appropriate adjustments in the level of transportation.

(f) WITHDRAWAL OF ELIGIBILITY DESIGNATIONS.—After providing notice and an opportunity for interested persons to comment, the Secretary may withdraw the designation of a place under subsection (a)(1) of this section as eligible to receive compensation under this section if the place has received air transportation under this section for at least 2 years and the Secretary decides the withdrawal would be in the public interest. The Secretary by regulation shall prescribe standards for deciding whether the withdrawal of a designation under this subsection is in the public interest. The standards shall include the factors listed in subsection (a)(2) of this section.

(g) ENDING, SUSPENDING, AND REDUCING AIR TRANSPORTATION.—An air carrier providing air transportation for compensation under this section may end, suspend, or reduce that transportation below the level of transportation established by the Secretary under this section only after giving the Secretary, the affected community, and the State or local government or person paying compensation under this section at least 30 days' notice before ending, suspending, or reducing the transportation.

Amendments

§ 41737. Compensation guidelines, limitations, and claims

(a) Compensation Guidelines.—(1) The Secretary of Transportation shall prescribe guidelines governing the rate of compensation payable under this subchapter. The guidelines shall be used to determine the reasonable amount of compensation required to ensure the continuation of air service or air transportation under this subchapter. The guidelines shall—

(A) provide for a reduction in compensation when an air carrier does not provide service or transportation agreed to be provided;

(B) consider amounts needed by an air carrier to promote public use of the service or transportation for which compensation is being paid; and

(C) include expense elements based on representative costs of air carriers providing scheduled air transportation of passengers, property, and mail on aircraft of the type the Secretary decides is appropriate for providing the service or transportation for which compensation is being provided.

(2) Promotional amounts described in paragraph (1)(B) of this subsection shall be a special, contingent amount, and any amount paid under this paragraph shall be used to determine the reasonable amount of compensation under this subchapter, the Secretary may increase the rates of compensation otherwise being paid under this subchapter without regard to any agreement or requirement relating to the renegotiation of contracts or any notice requirement under section 41734.

(b) Required Finding.—The Secretary may pay compensation to an air carrier for providing air service or air transportation under this subchapter only if the Secretary finds the carrier is able to provide the service or transportation in a reliable way.

(c) Claims.—Not later than 15 days after receiving a written claim from an air carrier for compensation under this subchapter, the Secretary shall—

(1) pay or deny the United States Government’s share of a claim; and

(2) if denying the claim, notify the carrier of the denial and the reasons for the denial.

(d) Authority To Make Agreements and Incur Obligations.—(1) The Secretary may make agreements and incur obligations from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to pay compensation under this subchapter. An agreement by the Secretary under this subsection is a contractual obligation of the Government to pay the Government’s share of the compensation.

(2) Not more than $38,600,000 is available to the Secretary out of the Fund for each of the fiscal years ending September 30, 1993–1998, to incur obligations under this section. Amounts made available under this section remain available until expended.

(e) Adjustments to Account for Significantly Increased Costs.—

(1) In General.—If the Secretary determines that air carriers are experiencing significantly increased costs in providing air service or air transportation for which compensation is being paid under this subchapter, the Secretary may increase the rates of compensation payable under this subchapter without regard to any agreement or requirement relating to the renegotiation of contracts or any notice requirement under section 41734.

(2) Readjustment If Costs Subsequently Decline.—If an adjustment is made under paragraph (1), and total unit costs subsequently decrease to at least the total unit cost reflected in the compensation rate, then the Secretary may reverse the adjustment previously made under paragraph (1) without regard to any agreement or requirement relating to the renegotiation of contracts or any notice requirement under section 41734.

(3) Significantly Increased Costs Defined.—In this subsection, the term “significantly increased costs” means a total unit cost increase (but not increases in individual unit costs) of 10 percent or more in relation to the total unit cost reflected in the compensation rate, based on the carrier’s internal audit of its financial statements if such cost increase is incurred for a period of at least 2 consecutive months.

AMENDMENTS

EFFECTIVE DATE OF 2003 AMENDMENT

days after the date of enactment of this Act [Dec. 12, 2003]."

§ 41738. Fitness of air carriers

Notwithstanding section 40109(a) and (c)-(h) of this title, an air carrier may provide air service to an eligible place or air transportation to a place designated under section 41736 of this title only when the Secretary of Transportation decides that—

(1) the carrier is fit, willing, and able to perform the service or transportation; and

(2) aircraft used to provide the service or transportation, and operations related to the service or transportation, conform to the safety standards prescribed by the Administrator of the Federal Aviation Administration.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1152.)

In this section, before clause (1), the words “air transportation to a place” are substituted for “service to a point” for consistency with the source provisions restated in sections 41733, 41735, and 41736 of the revised title. In clauses (1) and (2), the words “service or transportation” are substituted for “such service” for consistency with the source provisions restated in sections 41733, 41735, and 41736 of the revised title.

§ 41739. Air carrier obligations

If at least 2 air carriers make an agreement to operate under or use a single carrier designator code to provide air transportation, the carrier whose code is being used shares responsibility with the other carriers for the quality of transportation provided the public under the code by the other carriers.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1152.)

The words “quality of transportation” are substituted for “quality of service” for clarity and consistency in this section.

§ 41740. Joint proposals

The Secretary of Transportation shall encourage the submission of joint proposals, including joint fares, by 2 or more air carriers for providing air service or air transportation under this subchapter through arrangements that maximize the service or transportation to and from major destinations beyond the hub.

The words “air service or air transportation” are substituted for “air service”, and the words “air service or air transportation” are substituted for “service”, for consistency with the source provisions restated in sections 41733, 41735, and 41736 of the revised title.

AMENDMENTS

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 5 of Pub. L. 108–176, set out as a note under section 106 of this title.

§ 41741. Insurance

The Secretary of Transportation may pay an air carrier compensation under this subchapter only when the carrier files with the Secretary an insurance policy or self-insurance plan approved by the Secretary. The policy or plan must be sufficient to pay for bodily injury to, or death of, an individual, or for loss of or damage to property of others, resulting from the operation of aircraft, but not more than the amount of the policy or plan limits.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1152.)

The words “The Secretary of Transportation may pay . . . only when” are substituted for “An air carrier may receive . . . unless” for clarity. The words “approved by the Secretary” are substituted for “complies with regulations or orders issued by the Secretary governing the filing and approval” to eliminate unnecessary words. The words “The policy or plan must be sufficient to pay . . . but not more than the amount of the policy or plan limits” are substituted for “in the amount prescribed by the Secretary which are condi-
tioned to pay, within the amount of such insurance, amounts” because of the restatement. The words “for which such air carrier may become liable” are omitted as unnecessary. The word “individual” is substituted for “person” because it is more precise. The word “operation” is substituted for “operation or maintenance” because it is inclusive.

§ 41742. Essential air service authorization

(a) IN GENERAL.—

(1) AUTHORIZATION.—Out of the amounts received by the Federal Aviation Administration credited to the account established under section 45303 of this title or otherwise provided to the Administration, the sum of $50,000,000 is authorized and shall be made available immediately for obligation and expenditure to carry out the essential air service program under this subchapter for each fiscal year.

(2) ADDITIONAL FUNDS.—In addition to amounts authorized under paragraph (1), there is authorized to be appropriated $77,000,000 for each fiscal year to carry out the essential air service program under this subchapter of which not more than $12,000,000 per fiscal year may be used for the marketing incentive program for communities and for State marketing assistance.

(3) AUTHORIZATION FOR ADDITIONAL EMPLOYEES.—In addition to amounts authorized under paragraphs (1) and (2), there are authorized to be appropriated such sums as may be necessary for the Secretary of Transportation to hire and employ 4 additional employees for the office responsible for carrying out the essential air service program.

(b) FUNDING FOR SMALL COMMUNITY AIR SERVICE.—Notwithstanding any other provision of law, moneys credited to the account established under section 45303(a) of this title, including the funds derived from fees imposed under the authority contained in section 45301(a) of this title, shall be used to carry out the essential air service program under this subchapter. Notwithstanding section 47114(g)1 of this title, any amounts from those fees that are not obligated for the purpose of funding the essential air service program under this subchapter shall be made available to the Administration for use in improving rural air safety under subchapter I of chapter 471 of this title and shall be used exclusively for projects at rural airports under this subchapter.

Amendments

2003—Subsec. (a)(2). Pub. L. 108–176, § 404(2), substituted “$77,000,000” for “$15,000,000” and inserted “of which not more than $12,000,000 per fiscal year may be used for the marketing incentive program for communities and for State marketing assistance” before period at end.

Subsec. (c). Pub. L. 108–176, § 404(3), struck out heading and text of subsec. (c). Text read as follows: “Notwithstanding subsections (a) and (b), in fiscal year 1997, amounts in excess of $75,000,000 that are collected in fees pursuant to section 45301(a)(1) of this title shall be available for the essential air service program under this subchapter, in addition to amounts specifically provided for in appropriations Acts.”

1996—Pub. L. 104–264 amended section generally, substituting provisions relating to essential air service authorization for provisions stating that this subchapter was not effective after Sept. 30, 1998.

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 2000 Amendment

Effective Date of 1996 Amendment

Amendment by Pub. L. 104–264 effective on date that is 30 days after Oct. 1, 1996, see section 203 of Pub. L. 104–264, set out as a note under section 106 of this title.

Findings

Section 273(b) of Pub. L. 104–264 provided that: “ Congress finds that—

“(1) air service in rural areas is essential to a national and international transportation network;

“(2) the rural air service infrastructure supports the safe operation of all air travel;

“(3) rural air service creates economic benefits for all air carriers by making the national aviation system available to passengers from rural areas;

“(4) rural air service has suffered since deregulation;

1 See References in Text note below.
"(5) the essential air service program under the Department of Transportation—

(A) provides essential airline access to rural and isolated rural communities throughout the Nation;

(B) is necessary for the economic growth and development of rural communities;

(C) is a critical component of the national and international transportation system of the United States; and

(D) has endured serious funding cuts in recent years; and

(6) a reliable source of funding must be established to maintain air service in rural areas and the essential air service program." § 41743. Airports not receiving sufficient service

(a) SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM.—The Secretary of Transportation shall establish a program that meets the requirements of this section for improving air carrier service to airports not receiving sufficient air carrier service.

(b) APPLICATION REQUIRED.—In order to participate in the program established under subsection (a), a community or consortium of communities shall submit an application to the Secretary in such form, at such time, and containing such information as the Secretary may require, including—

(1) an assessment of the need of the community or consortium for access, or improved access, to the national air transportation system; and

(2) an analysis of the application of the criteria in subsection (c) to that community or consortium.

(c) CRITERIA FOR PARTICIPATION.—In selecting communities, or consortia of communities, for participation in the program established under subsection (a), the Secretary shall apply the following criteria:

(1) SIZE.—For calendar year 1997, the airport serving the community or consortium was not larger than a small hub airport, and—

(A) had insufficient air carrier service; or

(B) had unreasonably high air fares.

(2) CHARACTERISTICS.—The airport presents characteristics, such as geographic diversity or unique circumstances, that will demonstrate the need for, and feasibility of, the program established under subsection (a).

(3) STATE LIMIT.—Not more than 4 communities or consortia of communities, or a combination thereof, from the same State may be selected to participate in the program in any fiscal year.

(4) OVERALL LIMIT.—No more than 40 communities or consortia of communities, or a combination thereof, may be selected to participate in the program in each year for which funds are appropriated for the program. No community, consortium of communities, nor combination thereof may participate in the program in support of the same project more than once, but any community, consortium of communities, or combination thereof may apply, subsequent to such participation, to participate in the program in support of a different project.

(5) PRIORITIES.—The Secretary shall give priority to communities or consortia of communities where—

(A) air fares are higher than the average air fares for all communities;

(B) the community or consortium will provide a portion of the cost of the activity to be assisted under the program from local sources other than airport revenues;

(C) the community or consortium has established, or will establish, a public-private partnership to facilitate air carrier service to the public;

(D) the assistance will provide material benefits to a broad segment of the travelling public, including business, educational institutions, and other enterprises, whose access to the national air transportation system is limited; and

(E) the assistance will be used in a timely fashion.

(d) TYPES OF ASSISTANCE.—The Secretary may use amounts made available under this section—

(1) to provide assistance to an air carrier to subsidize service to and from an underserved airport for a period not to exceed 3 years;

(2) to provide assistance to an underserved airport to obtain service to and from the underserved airport; and

(3) to provide assistance to an underserved airport to implement such other measures as the Secretary, in consultation with such airport, considers appropriate to improve air service both in terms of the cost of such service to consumers and the availability of such service, including improving air service through marketing and promotion of air service and enhanced utilization of airport facilities.

(e) AUTHORITY TO MAKE AGREEMENTS.—

(1) IN GENERAL.—The Secretary may make agreements to provide assistance under this section—

(A) to provide assistance to an air carrier to subsidize service to and from an underserved airport for a period not to exceed 3 years;

(B) to provide assistance to an underserved airport to obtain service to and from the underserved airport; and

(C) to provide assistance to an underserved airport to implement such other measures as the Secretary, in consultation with such airport, considers appropriate to improve air service both in terms of the cost of such service to consumers and the availability of such service, including improving air service through marketing and promotion of air service and enhanced utilization of airport facilities.

(f) ADDITIONAL ACTION.—Under the program established under subsection (a), the Secretary shall work with air carriers providing service to participating communities and major air carriers (as defined in section 41716(a)(2)) serving large hub airports to facilitate joint-fare arrangements consistent with normal industry practice.

(g) DESIGNATION OF RESPONSIBLE OFFICIAL.—

The Secretary shall designate an employee of the Department of Transportation—

(1) to function as a facilitator between small communities and air carriers;

(2) to carry out this section;

(3) to ensure that the Bureau of Transportation Statistics collects data on passenger information to assess the service needs of small communities;

(4) to work with and coordinate efforts with other Federal, State, and local agencies to increase the viability of service to small communities and the creation of aviation development zones; and
(5) to provide policy recommendations to the Secretary and Congress that will ensure that small communities have access to quality, affordable air transportation services.

(h) AIR SERVICE DEVELOPMENT ZONE.—The Secretary shall designate an airport in the program as an Air Service Development Zone and work with the community or consortium on means to attract business to the area surrounding the airport, to develop land use options for the area, and provide data, working with the Department of Commerce and other agencies.

AMENDMENTS

Subsec. (c)(1), Pub. L. 108–176, §225(b)(3)(A), struck out “(as that term is defined in section 41731(a)(5))” after “small hub airport” in introductory provisions.

Subsec. (c)(3), Pub. L. 108–176, §412(3)(A), added par. (3) and struck out heading and text of former par. (3).

Text read as follows: “No more than four communities or consortia of communities, or a combination thereof, may participate in the program in any one year for which funds are appropriated for the program.”

Subsec. (c)(4), Pub. L. 108–176, §412(3)(B), inserted at end “No community, consortium of communities, or combination thereof may participate in the program in support of the same project more than once, but any community, consortium of communities, or combination thereof may apply, subsequent to such participation, to participate in the program in support of a different project.”

Pub. L. 108–11 inserted before period at end “in each year for which funds are appropriated for the program.”

Subsec. (f), Pub. L. 108–176, §§225(b)(3)(B), 412(5), struck out “pilot” after “Under the” and “as defined in section 41731(a)(3)” after “large hub airports”.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§41744. Preservation of basic essential air service at single carrier dominated hub airports

(a) IN GENERAL.—If the Secretary of Transportation determines that extraordinary circumstances jeopardize the reliable performance of essential air service under this subchapter from a subsidized essential air service community to and from an essential airport facility, the Secretary may require an air carrier that has more than 60 percent of the total annual enplanements at the essential airport facility to take action to enable another air carrier to provide reliable essential air service to that community. Actions required by the Secretary under this subsection may include interline agreements, ground services, subleasing of gates, and the provision of any other service or facility necessary for the performance of satisfactory essential air service to that community.

(b) ESSENTIAL AIRPORT FACILITY DEFINED.—In this section, the term “essential airport facility” means a large hub airport in the contiguous 48 States at which one air carrier has more than 60 percent of the total annual enplanements at that airport.

AMENDMENTS

2003—Subsec. (b), Pub. L. 108–176 struck out “(as defined in section 41731)” after “large hub airport”.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§41745. Community and regional choice programs

(a) ALTERNATE ESSENTIAL AIR SERVICE PILOT PROGRAM.—

(1) ESTABLISHMENT.—The Secretary of Transportation shall establish an alternate essential air service pilot program in accordance with the requirements of this section.

(2) ASSISTANCE TO ELIGIBLE PLACES.—In carrying out the program, the Secretary, instead of paying compensation to an air carrier to provide essential air service to an eligible place, may provide assistance directly to a unit of local government having jurisdiction over the eligible place or a State within the boundaries of which the eligible place is located.

(3) USE OF ASSISTANCE.—A unit of local government or State receiving assistance for an eligible place under the program may use the assistance for any of the following purposes:
(A) To provide assistance to air carriers that will use smaller equipment to provide the service and to consider increasing the frequency of service using such smaller equipment if the Secretary determines that passenger safety would not be compromised by the use of such smaller equipment and if the State or unit of local government waives the minimum service requirements under section 41732(b).

(B) To provide assistance to an air carrier to provide on-demand air taxi service to and from the eligible place.

(C) To provide assistance to a person to provide scheduled or on-demand surface transportation to and from the eligible place, and an airport in another place.

(D) In combination with other units of local government in the same region, to provide transportation services to and from all the eligible places in that region at an airport or other transportation center that can serve all the eligible places in that region.

(E) To purchase aircraft to provide transportation to and from the eligible place or to purchase a fractional share in an aircraft to provide such transportation after the effective date of a rule the Secretary issues relating to fractional ownership.

(F) To pay for other transportation or related services that the Secretary may permit.

(b) Community Flexibility Pilot Program.—

(1) In General.—The Secretary shall establish a pilot program for not more than 10 eligible places or consortia of units of local government.

(2) Election.—Under the program, the sponsor of an airport serving an eligible place may elect to forego any essential air service for which compensation is being provided under this subchapter for a 10-year period in exchange for a grant from the Secretary equal in value to twice the compensation paid to provide such service in the most recent 12-month period.

(3) Grant.—Notwithstanding any other provision of law, the Secretary shall make a grant to each airport sponsor participating in the program for use on any project that—

(A) is eligible for assistance under chapter 471 and complies with the requirements of that chapter;

(B) is located on the airport property; or

(C) will improve airport facilities in a way that would make such facilities more usable for general aviation.

(c) Fractionally Owned Aircraft.—After the effective date of the rule referred to in subsection (a)(3)(E), only those operating rules that relate to an aircraft that is fractionally owned apply when an aircraft described in subsection (a)(3)(E) is used to provide transportation described in subsection (a)(3)(E).

(d) Applications.—

(1) In General.—An entity seeking to participate in a program under this section shall submit to the Secretary an application in such form and containing such information as the Secretary may require.

(2) Required Information.—At a minimum, the application shall include—

(A) a statement of the amount of compensation or assistance required; and

(B) a description of how the compensation or assistance will be used.

(e) Participation Requirements.—An eligible place for which compensation or assistance is provided under this section in a fiscal year shall not be eligible in that fiscal year for the essential air service that it would otherwise be entitled to under this subchapter.

(f) Subsequent Participation.—A unit of local government participating in the program under this subsection (a) in a fiscal year shall not be prohibited from participating in the basic essential air service program under this subchapter in a subsequent fiscal year if such unit is otherwise eligible to participate in such program.

(g) Funding.—Amounts appropriated or otherwise made available to carry out the essential air service program under this subchapter shall be available to carry out this section.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 41746. Tracking service

The Secretary of Transportation shall require a carrier that provides essential air service to an eligible place and that receives compensation for such service under this subchapter to report not less than semiannually—

(1) the percentage of flights to and from the place that arrive on time as defined by the Secretary; and

(2) such other information as the Secretary considers necessary to evaluate service provided to passengers traveling to and from such place.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 41747. EAS local participation program

(a) In General.—The Secretary of Transportation shall establish a pilot program under which not more than 10 designated essential air service communities located in proximity to hub airports are required to assume 10 percent of their essential air service subsidy costs for a 4-year period.

(b) Designation of Communities.—

(1) In General.—The Secretary may not designate any community under this section unless it is located within 100 miles by road of a hub airport and is not located in a noncontiguous State. In making the designation, the
§ 41748

Secretary may take into consideration the total traveltime between a community and the nearest hub airport, taking into account terrain, traffic, weather, road conditions, and other relevant factors.

(2) ONE COMMUNITY PER STATE.—The Secretary may not designate—
   (A) more than 1 community per State under this section; or
   (B) a community in a State in which another community that is eligible to participate in the essential air service program has elected not to participate in the essential air service program as part of a pilot program under section 41745.

(c) APPEAL OF DESIGNATION.—A community may appeal its designation under this section. The Secretary may withdraw the designation of a community under this section based on—
   (1) the airport sponsor’s ability to pay; or
   (2) the relative lack of financial resources in a community, based on a comparison of the median income of the community with other communities in the State.

(d) NON-FEDERAL SHARE.—
   (1) NON-FEDERAL AMOUNTS.—For purposes of this section, the non-Federal portion of the essential air service subsidy may be derived from contributions in kind, or through reduction in the amount of the essential air service subsidy through reduction of air carrier costs, increased ridership, prepurchase of tickets, or other means. The Secretary shall provide assistance to designated communities in identifying potential means of reducing the amount of the subsidy without adversely affecting air transportation service to the community.
   (2) APPLICATION WITH OTHER MATCHING REQUIREMENTS.—This section shall apply to the Federal share of essential air service provided this subchapter, after the application of any other non-Federal share matching requirements imposed by law.

(e) ELIGIBILITY FOR OTHER PROGRAMS NOT AFFECTED.—Nothing in this section affects the eligibility of a community or consortium of communities, an airport sponsor, or any other person to participate in any program authorized by this subchapter. A community designated under this section may participate in any program (including pilot programs) authorized by this subchapter for which it is otherwise eligible—
   (1) without regard to any limitation on the number of communities that may participate in that program; and
   (2) without reducing the number of other communities that may participate in that program.

(f) SECRETARY TO REPORT TO CONGRESS ON IMPACT.—The Secretary shall transmit a report to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives on—
   (1) the economic condition of communities designated under this section before their designation; and
   (2) the impact of designation under this section on such communities at the end of each of the 3 years following their designation; and
   (3) the impact of designation on air traffic patterns affecting air transportation to and from communities designated under this section.

§ 41748. Marketing program

(a) IN GENERAL.—The Secretary of Transportation shall establish a marketing incentive program for eligible places that receive subsidized service by an air carrier under section 41733. Under the program, the sponsor of the airport serving such an eligible place may receive a grant of not more than $50,000 in a fiscal year to develop and implement a marketing plan to increase passenger boardings and the level of passenger usage of its airport facilities.

(b) MATCHING REQUIREMENT; SUCCESS BONUSES—
   (1) IN GENERAL.—Except as provided in paragraphs (2) and (3), not less than 25 percent of the publicly financed costs associated with a marketing plan to be developed and implemented under this section shall come from non-Federal sources. For purposes of this section—
      (A) the non-Federal portion of the publicly financed costs may be derived from contributions in kind; and
      (B) matching contributions from a State or unit of local government may not be derived, directly or indirectly, from Federal funds, but the use by the State or unit of local government of proceeds from the sale of bonds to provide the matching contribution is not considered to be a contribution derived directly or indirectly from Federal funds, without regard to the Federal income tax treatment of interest paid on those bonds or the Federal income tax treatment of those bonds.
   (2) BONUS FOR 25-PERCENT INCREASE IN USAGE.—Except as provided in paragraph (3), if, after any 12-month period during which a marketing plan has been in effect under this section with respect to an eligible place, the Secretary determines that the marketing plan has increased average monthly boardings, or the level of passenger usage, at the airport serving the eligible place, by 25 percent or more, then only 10 percent of the publicly financed costs associated with the marketing plan shall be required to come from non-Federal sources under this subsection for the following 12-month period.
   (3) BONUS FOR 50-PERCENT INCREASE IN USAGE.—If, after any 12-month period during which a marketing plan has been in effect under this section with respect to an eligible place, the Secretary determines that the marketing plan has increased average monthly boardings, or the level of passenger usage, at
the airport serving the eligible place, by 50 percent or more, then no portion of the publicly financed costs associated with the marketing plan shall be required to come from non-Federal sources under this subsection for the following 12-month period.

CODIFICATION

Another section 410(b) of Pub. L. 108–176 amended the table of sections at the beginning of this chapter.

SECTION

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendments note under section 106 of this title.

INCENTIVE PROGRAM

Pub. L. 108–176, title IV, § 410(a), Dec. 12, 2003, 117 Stat. 2548, provided that: ‘‘The purposes of this section [enacting this section] are—

(1) to enable essential air service communities to increase boardings and the level of passenger usage of airport facilities at an eligible place by providing technical, financial, and other marketing assistance to such communities and to States;

(2) to reduce subsidy costs under subchapter II of this chapter [probably means chapter 417 of title 49, United States Code] as a consequence of such increased usage; and

(3) to provide such communities with opportunities to obtain, retain, and improve transportation services.’’

SUBCHAPTER III—REGIONAL AIR SERVICE INCENTIVE PROGRAM

$ 41761. Purpose

The purpose of this subchapter is to improve service by jet aircraft to underserved markets by providing assistance, in the form of Federal credit instruments, to commuter air carriers that purchase regional jet aircraft for use in serving those markets.

EFFECTIVE DATE

Subchapter applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

$ 41762. Definitions

In this subchapter, the following definitions apply:

(1) AIR CARRIER.—The term ‘‘air carrier’’ means any air carrier holding a certificate of public convenience and necessity issued by the Secretary of Transportation under section 41102.

(2) AIRCRAFT PURCHASE.—The term ‘‘aircraft purchase’’ means the purchase of commercial transport aircraft, including spare parts normally associated with the aircraft.

(3) CAPITAL RESERVE SUBSIDY AMOUNT.—The term ‘‘capital reserve subsidy amount’’ means the amount of budget authority sufficient to cover estimated long-term cost to the United States Government of a Federal credit instrument, calculated on a net present value basis, excluding administrative costs and any incidental effects on Government receipts or outlays in accordance with provisions of the Federal Credit Reform Act of 1990 (2 U.S.C. 661 et seq.).

(4) COMMUTER AIR CARRIER.—The term ‘‘commuter air carrier’’ means an air carrier that primarily operates aircraft designed to have a maximum passenger seating capacity of 75 or less in accordance with published flight schedules.

(5) FEDERAL CREDIT INSTRUMENT.—The term ‘‘Federal credit instrument’’ means a secured loan, loan guarantee, or line of credit authorized to be made under this subchapter.

(6) FINANCIAL OBLIGATION.—The term ‘‘financial obligation’’ means any note, bond, debenture, or other debt obligation issued by an obligor in connection with the financing of an aircraft purchase, other than a Federal credit instrument.

(7) LENDER.—The term ‘‘lender’’ means any non-Federal qualified institutional buyer as defined by section 230.144A(a) of title 17, Code of Federal Regulations (or any successor regulation) known as Rule 144A(a) of the Security and Exchange Commission and issued under the Security Act of 1933 (15 U.S.C. 77a et seq.), including—

(A) a qualified retirement plan (as defined in section 4974(c) of the Internal Revenue Code of 1986) that is a qualified institutional buyer; and

(B) a governmental plan (as defined in section 414(d) of the Internal Revenue Code of 1986) that is a qualified institutional buyer.

(8) LINE OF CREDIT.—The term ‘‘line of credit’’ means an agreement entered into by the Secretary with an obligor under section 41763(d) to provide a direct loan at a future date upon the occurrence of certain events.

(9) LOAN GUARANTEE.—The term ‘‘loan guarantee’’ means any guarantee or other pledge by the Secretary under section 41763(d) to provide a direct loan at a future date upon the occurrence of certain events.

(10) NEW ENTRANT AIR CARRIER.—The term ‘‘new entrant air carrier’’ means an air carrier that has been providing air transportation according to a published schedule for less than 5 years, including any person that has received authority from the Secretary to provide air transportation but is not providing air transportation.

(11) OBLIGOR.—The term ‘‘obligor’’ means a party primarily liable for payment of the principal of or interest on a Federal credit instrument, which party may be a corporation, partnership, joint venture, trust, or governmental entity, agency, or instrumentality.

(12) REGIONAL JET AIRCRAFT.—The term ‘‘regional jet aircraft’’ means a civil aircraft—

(A) powered by jet propulsion; and

(B) designed to have a maximum passenger seating capacity of not less than 30 nor more than 75.

(13) SECURED LOAN.—The term ‘‘secured loan’’ means a direct loan funded by the Sec-

Section 41763. Federal credit instruments

(a) In General.—Subject to this section and section 41766, the Secretary of Transportation may enter into agreements with one or more obligors to make available Federal credit instruments, the proceeds of which shall be used to finance aircraft purchases.

(b) Secured Loans.—

(1) Terms and limitations.—

(A) In General.—A secured loan under this section with respect to an aircraft purchase shall be on such terms and conditions and contain such covenants, representatives, warranties, and requirements (including requirements for audits) as the Secretary determines appropriate.

(B) Maximum amount.—No secured loan may be made under this section—

(i) that extends to more than 50 percent of the purchase price (including the value of any manufacturer credits, post-purchase options, or other discounts) of the aircraft, including spare parts, to be purchased; or

(ii) that, when added to the remaining balance on any other Federal credit instruments made under this subchapter, provides more than $100,000,000 of outstanding credit to any single obligor.

(C) Final payment date.—The final payment on the secured loan shall not be due later than 18 years after the date of execution of the loan agreement.

(D) Subordination.—The secured loan may be subordinate to claims of other holders of obligations in the event of bankruptcy, insolvency, or liquidation of the obligor as determined appropriate by the Secretary.

(E) Fees.—The Secretary, subject to appropriations, may establish fees at a level sufficient to cover all or a portion of the administrative costs to the United States Government of making a secured loan under this section. The proceeds of such fees shall be deposited in an account to be used by the Secretary for the purpose of administering the program established under this subchapter and shall be available upon deposit until expended.

(2) Repayment.—

(A) Schedule.—The Secretary shall establish a repayment schedule for each secured loan under this section based on the projected cash flow from aircraft revenues and other repayment sources.

(B) Commencement.—Scheduled loan repayments of principal and interest on a secured loan under this section shall commence no later than 3 years after the date of execution of the loan agreement.

(3) Prepayment.—

(A) Use of excess revenue.—After satisfying scheduled debt service requirements on all financial obligations and secured loans and all deposit requirements under the terms of any trust agreement, bond resolution, or similar agreement securing financial obligations, the secured loan may be prepaid at anytime without penalty.

(B) Use of proceeds of refinancing.—The secured loan may be prepaid at any time without penalty from proceeds of refinancing from non-Federal funding sources.

(c) Loan Guarantees.—

(1) In General.—A loan guarantee under this section with respect to a loan made for an aircraft purchase shall be made in such form and on such terms and conditions and contain such covenants, representatives, warranties, and requirements (including requirements for audits) as the Secretary determines appropriate.

(2) Maximum amount.—No loan guarantee shall be made under this section—

(A) that extends to more than the unpaid interest and 50 percent of the unpaid principal on any loan; or

(B) that, for any loan or combination of loans, extends to more than 50 percent of the purchase price (including the value of any manufacturer credits, post-purchase options, or other discounts) of the aircraft, including spare parts, to be purchased; or

(C) Final payment date.—The final payment on the loan guarantee shall not be due later than 18 years after the date of execution of the loan guarantee agreement.
or other discounts) of the aircraft, including spare parts, to be purchased with the loan or loan combination;

(C) on any loan with respect to which terms permit repayment more than 15 years after the date of execution of the loan; or

(D) that, when added to the remaining balance on any other Federal credit instruments made under this subchapter, provides more than $100,000,000 of outstanding credit to any single obligor.

(3) FEES.—The Secretary, subject to appropriations, may establish fees at a level sufficient to cover all or a portion of the administrative costs to the United States Government of making a loan guarantee under this section. The proceeds of such fees shall be deposited in an account to be used by the Secretary for the purpose of administering the program established under this subchapter and shall be available upon deposit until expended.

(d) LINES OF CREDIT.—

(1) IN GENERAL.—Subject to the requirements of this subsection, the Secretary may enter into agreements to make available lines of credit to one or more obligors in the form of direct loans to be made by the Secretary at future dates on the occurrence of certain events for any aircraft purchase selected under this section.

(2) TERMS AND LIMITATIONS.—

(A) IN GENERAL.—A line of credit under this subsection with respect to an aircraft purchase shall be on such terms and conditions and contain such covenants, representatives, warranties, and requirements (including requirements for audits) as the Secretary determines appropriate.

(B) MAXIMUM AMOUNT.—

(i) TOTAL AMOUNT.—The amount of any line of credit shall not exceed 50 percent of the purchase price (including the value of any manufacturer credits, post-purchase options, or other discounts) of the aircraft, including spare parts.

(ii) 1-YEAR DRAWS.—The amount drawn in any year shall not exceed 20 percent of the total amount of the line of credit.

(C) DRAWS.—Any draw on the line of credit shall represent a direct loan.

(D) PERIOD OF AVAILABILITY.—The line of credit shall be available not more than 5 years after the aircraft purchase date.

(E) RIGHTS OF THIRD-PARTY CREDITORS.—

(i) AGAINST UNITED STATES GOVERNMENT.—A third-party creditor of the obligor shall not have any right against the United States Government with respect to any draw on the line of credit.

(ii) ASSIGNMENT.—An obligor may assign the line of credit to one or more lenders or to a trustee on the lender’s behalf.

(F) SUBORDINATION.—A direct loan under this subsection may be subordinate to claims of other holders of obligations in the event of bankruptcy, insolvency, or liquidation of the obligor as determined appropriate by the Secretary.

(G) FEES.—The Secretary, subject to appropriations, may establish fees at a level sufficient to cover all of a portion of the administrative costs to the United States Government of providing a line of credit under this subsection. The proceeds of such fees shall be deposited in an account to be used by the Secretary in administering the program established under this subchapter and shall be available upon deposit until expended.

(3) REPAYMENT.—

(A) SCHEDULE.—The Secretary shall establish a repayment schedule for each direct loan under this subsection.

(B) COMMENCEMENT.—Scheduled loan repayments of principal or interest on a direct loan under this subsection shall commence no later than 3 years after the date of the first draw on the line of credit and shall be repaid, with interest, not later than 18 years after the date of the first draw.

(e) RISK ASSESSMENT.—Before entering into an agreement under this section to make available a Federal credit instrument, the Secretary, in consultation with the Director of the Office of Management and Budget, shall determine an appropriate capital reserve subsidy amount for the Federal credit instrument based on such credit evaluations as the Secretary deems necessary.

(f) CONDITIONS.—Subject to subsection (h), the Secretary may only make a Federal credit instrument available under this section if the Secretary finds that—

(1) the aircraft to be purchased with the Federal credit instrument is a regional jet aircraft needed to improve the service and efficiency of operation of a commuter air carrier or new entrant air carrier;

(2) the commuter air carrier or new entrant air carrier enters into a legally binding agreement that requires the carrier to use the aircraft to provide service to underserved markets; and

(3) the prospective earning power of the commuter air carrier or new entrant air carrier, together with the character and value of the security pledged, including the collateral value of the aircraft being acquired and any other assets or pledges used to secure the Federal credit instrument, furnish—

(A) reasonable assurances of the air carrier’s ability and intention to repay the Federal credit instrument within the terms established by the Secretary—

(i) to continue its operations as an air carrier; and

(ii) to the extent that the Secretary determines to be necessary, to continue its operations as an air carrier between the same route or routes being operated by the air carrier at the time of the issuance of the Federal credit instrument; and

(B) reasonable protection to the United States.

(g) LIMITATION ON COMBINED AMOUNT OF FEDERAL CREDIT INSTRUMENTS.—The Secretary shall not allow the combined amount of Federal credit instruments available for any aircraft purchase under this section to exceed—

(1) 50 percent of the cost of the aircraft purchase; or
§ 41764. Use of Federal facilities and assistance

(a) USE OF FEDERAL FACILITIES.—To permit the Secretary of Transportation to make use of such expert advice and services as the Secretary may require in carrying out this subchapter, the Secretary may use available services and facilities of other agencies and instrumentalities of the United States Government—
   (1) with the consent of the appropriate Federal officials; and
   (2) on a reimbursable basis.

(b) ASSISTANCE.—The head of each appropriate department or agency of the United States Government shall exercise the duties and powers of that head in such manner as to assist in carrying out the policy specified in section 41761.

(c) OVERSIGHT.—The Secretary shall make available to the Comptroller General of the United States such information with respect to any Federal credit instrument made under this subchapter as the Comptroller General may require.

§ 41765. Administrative expenses

In carrying out this subchapter, the Secretary shall use funds made available by appropriations to the Department of Transportation for the purpose of administration, in addition to the proceeds of any fees collected under this chapter, to cover administrative expenses of the Federal credit instrument program under this subchapter.

§ 41766. Funding

Of the amounts appropriated under section 106(k) for each of fiscal years 2001 through 2003, such sums as may be necessary may be used to carry out this subchapter, including administrative expenses.

§ 41767. Termination

(a) AUTHORITY TO ISSUE FEDERAL CREDIT INSTRUMENTS.—The authority of the Secretary of Transportation to issue Federal credit instruments under section 41763 shall terminate on the date that is 5 years after the date of the enactment of this subchapter.

(b) CONTINUATION OF AUTHORITY TO ADMINISTER PROGRAM FOR EXISTING FEDERAL CREDIT INSTRUMENTS.—On and after the termination date, the Secretary shall continue to administer the program established under this subchapter for Federal credit instruments issued under this subchapter before the termination date until all obligations associated with such instruments have been satisfied.

2006—Pub. L. 110–405, § 2(b)(8), Oct. 13, 2008, 122 Stat. 4289, which directed redesignation of item 49112 as 41908, was executed by redesignating item 49112 as 41908 “Effect of foreign postal arrangements” to reflect the probable intent of Congress.

§ 41901. General authority

(a) TITLE 39.—The United States Postal Service may provide for the transportation of mail by aircraft in interstate air transportation under section 5402(e) and (f) of title 39, and in foreign air transportation under section 5402(b) and (c) of title 39.

(b) AUTHORITY TO PRESCRIBE PRICES.—Except as provided in section 5402 of title 39, on the initiative of the Secretary of Transportation or on petition by the Postal Service or an air carrier, the Secretary shall prescribe and publish—
   (1) after notice and an opportunity for a hearing on the record, reasonable prices to be

1Section catchline amended by Pub. L. 110–405 without corresponding amendment of chapter analysis.
2Section repealed by Pub. L. 110–405 without corresponding amendment of chapter analysis.
paid by the Postal Service for the transportation of mail by aircraft between places in Alaska, the facilities used in and useful for the transportation of mail, and the services related to the transportation of mail for each carrier holding a certificate that authorizes that transportation:

(2) the methods used, whether by aircraft-mile, pound-mile, weight, space, or a combination of those or other methods, to determine the prices for each air carrier or class of air carriers; and

(3) the effective date of the prices.

(c) Other Transportation.—In prescribing prices under subsection (b) of this section, the Secretary may include transportation other than by aircraft that is incidental to transportation of mail by aircraft or necessary because of emergency conditions related to aircraft operations.

(d) Authority To Prescribe Different Prices.—Considering conditions peculiar to transportation by aircraft and to particular air carriers or classes of air carriers, the Secretary may prescribe different prices under this section for different air carriers or classes of air carriers and for different classes of service. In prescribing a price for a carrier under this section, the Secretary shall consider, among other factors, the following:

(1) the condition that the carrier may hold and operate under a certificate authorizing the transportation of mail only by providing necessary and adequate facilities and service for the transportation of mail;

(2) standards related to the character and quality of service to be provided that are prescribed by or under law.

(e) Statements On Prices. — A petition for prescribing a reasonable price under this section must include a statement of the price the petitioner believes is reasonable.

(f) Statements On Required Services. — The Postal Service shall introduce as part of the record in every proceeding under this section a comprehensive statement of the services to be provided of the air carrier and other information required of the air carrier and other information necessary for the transportation of mail and to particular air transportation of mail, and the services related to non-Alaska interstate and overseas air transportation less words between parentheses.

IN THIS SECTION, THE WORD “PRESCRIBE” IS SUBSTITUTED FOR “FIX AND DETERMINE” AND “FIXING AND DETERMINING” FOR CONSISTENCY IN THE REVISED TITLE AND WITH OTHER TITLES OF THE UNITED STATES CODE. THE WORD “REASONABLE” IS SUBSTITUTED FOR “FAIR AND REASONABLE” FOR CONSISTENCY IN THE REVISED TITLE AND TO ELIMINATE AN UNNECESSARY WORD. SEE THE REVISION NOTES FOLLOWING 49:10101.

Subsection (a) is substituted for 49 App.:1551(b)(1)(D) to make clear that the United States Postal Service derives its authority to prescribe rates of compensation as is fixed and determined by the Board under this section without regard to clause (3) of subsection (b) of this section in 49 App.:1376(c) to eliminate.
nate unnecessary words because the text of 49 App. § 1376(b) (2d sentence words after 2d semicolon) is being omitted. See the revision notes for subsection (d) of this section. The words “out of appropriations for the transportation of mail by aircraft” are omitted as being superseded by chapters 20 and 24 of title 39, United States Code. The text of 49 App. § 1376(c) (2d sentence) is omitted as expired because of 49 App. § 1376(e) (last sentence). The text of 49 App. § 1376(c) (last sentence) is omitted as executed. The words “and to make such rates effective from such date as it shall determine to be proper” in 49 App. § 1376(a) are omitted because the power to determine when rates go into effect is included in the power to prescribe rates. The words “transporation of mail by aircraft in foreign air transportation or between places in Alaska” are substituted for “transporation of mail by aircraft” because 49 App. § 1551(b)(1)(D) and (E) provides that transportation of mail in interstate or overseas air transportation (except transportation of mail between 2 places in Alaska) is transferred to the jurisdiction of the United States Postal Service leaving the balance of authority under 49 App. § 1376(a) with the Secretary of Transportation.

In subsection (c), the words “In prescribing prices under subsection (b) of this section, the Secretary” are added for clarity.

In subsection (d), the text of 49 App. § 1376(b) (2d sentence words after 2d semicolon, 5th-7th sentences) and (d) is omitted as obsolete because under 49 App. § 1376(c) and 1376a, payments by the Board under 49 App. § 1376 were terminated. The text of 49 App. § 1376(b) (3d, 4th sentences) is omitted as obsolete because it applies only to rates paid for service performed between October 24, 1978, and January 1, 1983. The text of 49 App. § 1376(b) (last sentence) is omitted as executed.

Subsection (g) is substituted for 49 App. § 1551(b)(3) and 1553(c) because the date on which the authority of the Secretary of Transportation to provide for the transportation of mail by aircraft expires is set out in 39:5402(f). The source provisions of 49 App. § 1551(b)(3) providing for the transfer of that authority from the Secretary to the Postal Service are restated in section 5(k) of this bill.

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(f) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704). Section 1601(a)(8) provides that the authority under 49 App. § 1371(f) and (m) and 1375(b)–(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 4107 and 41901–41903 of the revised title) ceases on January 1, 1999. Section 1601(b)(3) transfers the authority for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.

Amendments

2008—Subsec. (a). Pub. L. 110–405, § 2(b)(1), substituted “39, and in foreign air transportation under section 5402(b) and (c) of title 39,” for “39. and in foreign air transportation under section 5402(b) and (c)”.

1995—Subsec. (g). Pub. L. 104–52 struck out subsec. (g) which read as follows: “EXPIRATION DATE. The authority of the Secretary under this part and section 5402 of title 39 providing for the transportation of mail by aircraft between places in Alaska expires on the date specified in section 5402(f) of title 39.”

Subsec. (g), Pub. L. 103–272, § 4(k)(2), which directed the amendment of this section by striking out subsec. (g), effective Jan. 1, 1999, was repealed by Pub. L. 106–31, § 6003, effective Dec. 31, 1998.

§ 41902. Schedules for certain transportation of mail

(a) Requirement.—Except as provided in section 41906 of this title and section 5402 of title 39, an air carrier may transport mail by aircraft between places in Alaska only under a schedule designated or required to be established under subsection (c) of this section for the transportation of mail.

(b) Statements on Places and Schedules.—Every air carrier shall file with the United States Postal Service a statement showing—

(1) the places between which the carrier is authorized to transport mail in Alaska; and

(2) every schedule of aircraft regularly operated by the carrier between places described in paragraph (1) and every change in each schedule; and

(3) for each schedule, the places served by the carrier and the time of arrival at, and departure from, each such place.

(c) Designating and Additional Schedules.—The Postal Service may—

(1) designate any schedule of an air carrier filed under subsection (b)(2) of this section for the transportation of mail between the places between which the carrier is authorized by its certificate to transport mail; and

(2) require the carrier to establish additional schedules for the transportation of mail between those places.

See References in Text note below.
(d) Changing Schedules.—A schedule designated or required to be established for the transportation of mail under subsection (c) of this section may be changed only after 10 days’ notice of the change is filed as provided in subsection (b)(2) of this section. The Postal Service may disapprove a proposed change in a schedule or amend or modify the schedule or proposed change.

In this chapter, the word “places” is substituted for “points” for consistency in the revised title. The words “United States Postal Service” and “Postal Service” are substituted for “Postmaster General” in sections 401, 405, and 406 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 760) because of sections 4(a) and 6(o) of the Postal Reorganization Act (Public Law 91–375, 94 Stat. 773).

In subsection (a), the words “Except as provided in section 41906 of this title and section 5402 of title 39” are added because section 41906 of the revised title and 39:5402 contain exceptions to the provisions restated in this subchapter. The words “transport mail by aircraft in foreign air transportation or between places in Alaska” are substituted for “transport mail” because 49 App.:1551(a)(4)(A) provides that 49 App.:1375(b) no longer applies to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska).

In subsection (b), before clause (1), the words “from time to time” are omitted as surplus. Clauses (1) and (2) are substituted for “to engage in air transportation” because 49 App.:1551(a)(4)(A) provides that 49 App.:1375(b) no longer applies to interstate or overseas air transportation (except transportation of mail between 2 places in Alaska). In clause (4), the words “between places described in clauses (1) and (2) of this subsection and every change in each schedule” are substituted for “between such points” for clarity.

In subsection (c)(1), the words “any schedule of an air carrier filed under subsection (b)(3) of this section” are substituted for “any such schedule” for clarity.

In subsection (c)(2), the words “by order” are omitted as surplus.

In subsection (d), the word “alter” is omitted as being included in “amend, or modify.”

In subsection (e), the words “adversely affected” are substituted for “aggrieved” for consistency in the revised title. The words “appeal the order” are substituted for “apply . . . for review of such order” for consistency in the revised title and with other titles of the United States Code. The words “The Board may review, and” are omitted as surplus. The words “amend, modify” are substituted for “amend, revise” for consistency in the revised title.

Subsection (f) is substituted for 49 App.:1375(b) (8th sentence) to reflect the transfer of functions of the Civil Aeronautics Board to the Secretary of Transportation.

Section 4(k) reflects amendments to the restatement required by section 1601(a)(8) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 731), as added by section 3(c) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704), and section 1601(b)(3) of the Federal Aviation Act of 1982 (Public Law 85–726, 72 Stat. 731), as added by section 3(f) of the Civil Aeronautics Board Sunset Act of 1984 (Public Law 98–443, 98 Stat. 1704). Section 1601(a)(b) provides that the authority under 49 App.:1375(f) and (m) and 1375(b)–(d) as those sections relate to transportation of mail by aircraft between places in Alaska (restated in sections 4107 and 41901–41903 of the revised title) ceases on January 1, 1999. Section 1601(b)(3) transfers the authority under 49 App.:1375(b) and (h) for prescribing rates for transportation of mail between places in Alaska from the Secretary of Transportation to the Postal Service effective January 1, 1999.

AMENDMENTS

Subsec. (b). Pub. L. 110–405, §2(b)(3)(B), added subsec. (b) and struck out former subsec. (b). Prior to amendment, text read as follows: “Every air carrier shall file with the Secretary of Transportation and the United States Postal Service a statement showing—

(1) the places between which the carrier is authorized to provide foreign air transportation;

(2) the places between which the carrier is authorized to transport mail in Alaska;

(3) every schedule of aircraft regularly operated by the carrier between places described in clauses (1) and (2) of this subsection and every change in each schedule; and

(4) for each schedule, the places served by the carrier and the time of arrival at, and departure from, each place.”

Subsecs. (c)(1), (d). Pub. L. 110–405, §2(b)(3)(C), substituted “subsection (b)(2)” for “subsection (b)(3)”.

Subsecs. (e), (f). Pub. L. 110–405, §2(b)(3)(D), struck out subsecs. (e) and (f) which read as follows:
§ 41903  Duty to provide certain transportation of mail

(a) Air Carriers.—Subject to subsection (b) of this section, an air carrier authorized by its certificate to transport mail by aircraft between places in Alaska shall—

(1) provide facilities and services necessary and adequate to provide that transportation; and

(2) transport mail between the places authorized in the certificate for transportation of mail when required, and under regulations prescribed, by the United States Postal Service.

(b) Maximum Mail Load.—The Secretary of Transportation may prescribe the maximum mail load for a schedule or for an aircraft or type of aircraft for the transportation of mail by aircraft between places in Alaska. If the Postal Service tenders to an air carrier mail exceeding the maximum load for transportation by the carrier under a schedule designated or required to be established for the transportation of mail under section 41902(c) of this title, the carrier, as nearly in accordance with the schedule as the Secretary decides is possible, shall—

(1) provide facilities sufficient to transport the mail to the extent the Secretary decides the carrier reasonably is able to do so; and

(2) transport that mail.
§ 41905. Emergency mail transportation

(a) Contract Authority.—In an emergency caused by a flood, fire, or other disaster, the United States Postal Service may make a contract without advertising to transport mail by aircraft to or from a locality affected by the emergency when the available facilities of persons authorized to transport mail to or from the locality are inadequate to meet the requirements of the Postal Service during the emergency. The contract may be only for periods necessary to maintain mail service because of the inadequacy of the facilities. Payment for transportation provided under the contract shall be made at prices provided in the contract.

(b) Transportation Not Air Transportation.—Transportation provided under a contract made under subsection (a) of this section is not air transportation within the meaning of this part.

§ 41906. Duty to oppose unreasonable prices under the Universal Postal Union Convention

The Secretary of State and the United States Postal Service shall—

(1) take appropriate action to ensure that the prices paid for transporting mail under the Universal Postal Union Convention are not higher than reasonable prices for transporting mail; and
§ 41907

The United States Postal Service may weigh mail transported by aircraft between places in Alaska and make statistical and administrative computations necessary in the interest of mail service. When the Secretary of Transportation decides that additional or more frequent weighings of mail are advisable or necessary to carry out this part, the Postal Service shall provide the weighings, but it is not required to provide them for continuous periods of more than 30 days.

The text of 49 App.:1376(f)(2) sentence is omitted as surplus because the Secretary of Transportation makes the determination. The words “thereof in like manner” are omitted as surplus because the words “each” and “all” are omitted as surplus. The words “transportation of mail” are substituted for “such services” for consistency in this section. The word “reasonable” is substituted for “fair and reasonable” for consistency in this section. The word “appropriate” is substituted for “all” in § 41910. The text of 49 App.:1376(h)(2) (2d sentence) is omitted as being included in the word “appropriate”. The words “each” and “all” are omitted as surplus. The words “—all” are omitted as surplus. The words “transportation of mail” are substituted for “such services” for consistency in this section. The words “therefore in like manner” are omitted as being included in the word “appropriate”. The words “each” and “all” are omitted as surplus. The words “transportation of mail” are substituted for “such services” for consistency in this section. The word “reasonable” is substituted for “fair and reasonable” for consistency in this section. The word “appropriate” is substituted for “all” in § 41910.

§ 42111. Mutual aid agreements

An air carrier that will receive payments from another air carrier under an agreement between the air carriers for the time the one air carrier is not providing foreign air transportation, or is providing reduced levels of foreign air transportation, because of a labor strike must file a true copy of the agreement with the Secretary of Transportation and have it approved by the Secretary under section 4309 of this title. Notwithstanding section 4309, the Secretary shall approve the agreement only if it provides that—

(1) the air carrier will receive payments of not more than 60 percent of direct operating expenses, including interest expenses, but not depreciation or amortization expenses;

(2) benefits may be paid for not more than 8 weeks, and may not be for losses incurred during the first 30 days of a strike; and

(3) on request of the striking employees, the dispute will be submitted to binding arbitration under the Railway Labor Act (45 U.S.C. 151 et seq.).

§ 42112. Labor requirements of air carriers

(a) DEFINITIONS.—In this section—

(1) “copilot” means an employee whose duties include assisting or relieving the pilot in manipulating an aircraft and who is qualified to serve as, and has in effect an airman certificate authorizing the employee to serve as, a copilot.

(2) “pilot” means an employee who is—

(A) responsible for manipulating or who manipulates the flight controls of an aircraft when under way, including the landing and takeoff of an aircraft; and

(B) qualified to serve as, and has in effect an airman certificate authorizing the employee to serve as, a pilot.

(b) DUTIES OF AIR CARRIERS.—An air carrier shall—

(1) maintain rates of compensation, maximum hours, and other working conditions and relations for its pilots and copilots who are providing interstate air transportation in the 48 contiguous States and the District of Columbia to conform with decision number 83,

1 Subchapter I repealed by Pub. L. 105–220 without corresponding amendment of chapter analysis.
May 10, 1934. National Labor Board, notwithstanding any limitation in that decision on the period of its effectiveness; (2) maintain rates of compensation for its pilots and copilots who are providing foreign air transportation or air transportation only in one territory or possession of the United States; and (3) comply with title II of the Railway Labor Act (45 U.S.C. 181 et seq.) as long as it holds its certificate.

(c) Minimum Annual Rate of Compensation.—A minimum annual rate under subsection (b)(2) of this section may not be less than the annual rate required to be paid for comparable service to a pilot or copilot under subsection (b)(1) of this section.

(d) Collective Bargaining.—This section does not prevent pilots or copilots of an air carrier from obtaining by collective bargaining higher rates of compensation or more favorable working conditions or relations.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1160.)

In subsection (a), the words "properly" and "currently" are omitted as surplus.

In subsection (b), the word "providing" is substituted for "engaged in" for consistency in the revised title. In clause (1), the words "48 contiguous States and the District of Columbia" are substituted for "the continental United States (not including Alaska)" for clarity and consistency in the revised title. In clause (2), the words "overseas or" are omitted as obsolete. The word "only" is substituted for "wholly" for consistency. In clause (3), the words "as long as it holds" are substituted for "upon the holding" for clarity.

In subsection (c), the words "under subsection (b)(1) of this section" are substituted for "said decision 83... engaged in interstate air transportation within the continental United States (not including Alaska)" to eliminate unnecessary words.

In subsection (d), the words "or other employees" are omitted as unnecessary because this section only applies to pilots and copilots.

Labor integration

"(a) Labor integration.—With respect to any covered transaction involving two or more covered air carriers that results in the combination of crafts or classes that are subject to the Railway Labor Act (45 U.S.C. 151 et seq.), sections 3 and 13 of the labor protective provisions imposed by the Civil Aeronautics Board in the Allegheny-Mohawk merger (as published at 59 C.A.B. 45) shall apply to the integration of covered employees of the covered air carriers; except that—"
Federal law relating to air carrier safety under this subtitle or any other law of the United States;
(3) testified or is about to testify in such a proceeding; or
(4) assisted or participated or is about to assist or participate in such a proceeding.

(b) DEPARTMENT OF LABOR COMPLAINT PROCEDURE.—

(1) FILING AND NOTIFICATION.—A person who believes that he or she has been discharged or otherwise discriminated against by any person in violation of subsection (a) may, not later than 90 days after the date on which such violation occurs, file (or have any person file on his or her behalf) a complaint with the Secretary of Labor alleging such discharge or discrimination. Upon receipt of such a complaint, the Secretary of Labor shall notify, in writing, the person named in the complaint and the Administrator of the Federal Aviation Administration of the filing of the complaint, of the allegations contained in the complaint, of the substance of evidence supporting the complaint, and of the opportunities that will be afforded to such person under paragraph (2).

(2) INVESTIGATION; PRELIMINARY ORDER.—

(A) IN GENERAL.—Not later than 60 days after the date of receipt of a complaint filed under paragraph (1) and after affording the person named in the complaint an opportunity to submit to the Secretary of Labor a written response to the complaint and an opportunity to meet with a representative of the Secretary to present statements from witnesses, the Secretary of Labor shall conduct an investigation and determine whether there is reasonable cause to believe that the complaint has merit and notify, in writing, the complainant and the person alleged to have committed a violation of subsection (a) of the Secretary’s findings. If the Secretary concludes that there is a reasonable cause to believe that a violation of subsection (a) has occurred, the Secretary shall accompany the Secretary’s findings with a preliminary order providing the relief prescribed by paragraph (3)(B). Not later than 30 days after the date of notification of findings under this paragraph, either the person alleged to have committed the violation or the complainant may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be conducted expeditiously. If a hearing is not requested in such 30-day period, the preliminary order shall be deemed a final order that is not subject to judicial review.

(B) REQUIREMENTS.—

(i) REQUIRED SHOWING BY COMPLAINANT.—The Secretary of Labor shall dismiss a complaint filed under this subsection and shall not conduct an investigation otherwise required under subparagraph (A) unless the complainant makes a prima facie showing that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(ii) SHOWING BY EMPLOYER.—Notwithstanding a finding by the Secretary that the complainant has made the showing required under clause (i), no investigation otherwise required under subparagraph (A) shall be conducted if the employer demonstrates, by clear and convincing evidence, that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(iii) CRITERIA FOR DETERMINATION BY SECRETARY.—The Secretary may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in paragraphs (1) through (4) of subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(iv) PROHIBITION.—Relief may not be ordered under subparagraph (A) if the employer demonstrates by clear and convincing evidence that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(3) FINAL ORDER.—

(A) DEADLINE FOR ISSUANCE; SETTLEMENT AGREEMENTS.—Not later than 120 days after the date of conclusion of a hearing under paragraph (2), the Secretary of Labor shall issue a final order providing the relief prescribed by this paragraph or denying the complaint. At any time before issuance of a final order, a proceeding under this subsection may be terminated on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

(B) REMEDY.—If, in response to a complaint filed under paragraph (1), the Secretary of Labor determines that a violation of subsection (a) has occurred, the Secretary of Labor shall order the person who committed such violation to—

(i) take affirmative action to abate the violation;

(ii) reinstate the complainant to his or her former position together with the compensation (including back pay) and restore the terms, conditions, and privileges associated with his or her employment; and

(iii) provide compensatory damages to the complainant.

If such an order is issued under this paragraph, the Secretary of Labor, at the request of the complainant, shall assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses (including attorneys’ and expert witness fees) reasonably incurred, as determined by the Secretary of Labor, by the complainant for, or in connection with, the bringing the complaint upon which the order was issued.

(C) FRIVOLOUS COMPLAINTS.—If the Secretary of Labor finds that a complaint under paragraph (1) is frivolous or has been
§ 44101  TITLE 49—TRANSPORTATION  Page 858

brought in bad faith, the Secretary of Labor may award to the prevailing employer a reasonable attorney’s fee not exceeding $1,000.

(4) Review.—

(A) Appeal to Court of Appeals.—Any person adversely affected or aggrieved by an order issued under paragraph (3) may obtain review of the order in the United States Court of Appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred or the circuit in which the complainant resided on the date of such violation. The petition for review must be filed not later than 60 days after the date of the issuance of the final order of the Secretary of Labor. Review shall conform to chapter 7 of title 5, United States Code. The commencement of proceedings under this subparagraph shall not, unless ordered by the court, operate as a stay of the order.

(B) Limitation on Collateral Attack.—An order of the Secretary of Labor with respect to which review could have been obtained under subparagraph (A) shall not be subject to judicial review in any criminal or other civil proceeding.

(5) Enforcement of Order by Secretary of Labor.—Whenever any person has failed to comply with an order issued under paragraph (3), the Secretary of Labor may file a civil action in the United States district court for the district in which the violation was found to occur to enforce such order. In actions brought under this paragraph, the district courts shall have jurisdiction to grant all appropriate relief including, but not limited to, injunctive relief and compensatory damages.

(6) Enforcement of Order by Parties.—

(A) Commencement of Action.—A person on whose behalf an order was issued under paragraph (3) may commence a civil action against the person to whom such order was issued to require compliance with such order. The appropriate United States district court shall have jurisdiction to grant all appropriate relief including, but not limited to, injunctive relief and compensatory damages.

(B) Attorney Fees.—The court, in issuing any final order under this paragraph, may, award costs of litigation (including reasonable attorney and expert witness fees) to any party whenever the court determines such award is appropriate.

(c) Mandamus.—Any nondiscretionary duty imposed by this section shall be enforceable in a mandamus proceeding brought under section 1361 of title 28, United States Code.

(d) Nonapplicability to Deliberate Violations.—Subsection (a) shall not apply with respect to an employee of an air carrier, contractor, or subcontractor who, acting without direction from such air carrier, contractor, or subcontractor (or such person’s agent), deliberately causes a violation of any requirement relating to air carrier safety under this subtitle or any other law of the United States.

(e) Contractor Defined.—In this section, the term “contractor” means a company that performs safety-sensitive functions by contract for an air carrier.

Effective Date

Subchapter applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

SUBCHAPTER III—SAFETY

CHAPTER 441—REGISTRATION AND RECORDATION OF AIRCRAFT

§ 44101. Operation of aircraft

(a) Registration Requirement.—Except as provided in subsection (b) of this section, a person may operate an aircraft only when the aircraft is registered under section 44103 of this title.

(b) Exceptions.—A person may operate an aircraft in the United States that is not registered—

(1) when authorized under section 40103(d) or 41703 of this title;

(2) when it is an aircraft of the national defense forces of the United States and is identified in a way satisfactory to the Administrator of the Federal Aviation Administration; and

(3) for a reasonable period of time after a transfer of ownership, under regulations prescribed by the Administrator.

(Pub. L. 103–272, § 1(e), July 5, 1994, 108 Stat. 1161.)

Historical Notes

In this section, the word "navigate" is omitted as being included in the definition of "operate aircraft" in section 40102(a) of the revised title.

In subsection (a), the words "Except as provided in subsection (b) of this section" are added for clarity. The words "a person may...an aircraft only when the aircraft is registered under section 44103 of this title" are substituted for "It shall be unlawful...any aircraft eligible for registration if such aircraft is not registered by its owner as provided in this section,...any aircraft not eligible for registration" for clarity and to eliminate unnecessary words.

In subsection (b), before clause (1), the words "A person may operate an aircraft in the United States that is not registered" are substituted for "may be operated and navigated without being so registered" and may...permit the operation and navigation of aircraft without registration" for clarity. In clause (2), the words "identified in a way" are substituted for "identified, by the agency having jurisdiction over them, in a manner" to eliminate unnecessary words.

**EFFECTIVE DATE OF 2004 AMENDMENT**

Pub. L. 108–297, § 7, Aug. 9, 2004, 118 Stat. 1096, provided that: "This Act [see Short Title of 2004 Amendment note set out under section 40101 of this title], including any amendments made by this Act, shall take effect on the date the Cape Town Treaty (as defined in section 44119 of title 49, United States Code) enters into force with respect to the United States and shall not apply to any registration or recordation that was made before such effective date under chapter 441 of such title or any legal rights relating to such registration or recordation." [The Cape Town Treaty entered into force with respect to the United States on Mar. 1, 2006. See 71 F.R. 4857.]

**REGULATIONS**

"(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall issue regulations necessary to carry out this Act [see Short Title of 2004 Amendment note set out under section 40101 of this title], including any amendments made by this Act.

"(b) CONTENTS OF REGULATIONS.—Regulations to be issued under this Act shall specify, at a minimum, the requirements for—

"(1) the registration of aircraft previously registered in a country in which the Cape Town Treaty is in effect; and

"(2) the cancellation of registration of a civil aircraft of the United States based on a request made in accordance with the Cape Town Treaty.

"(c) EXPEDITED RULEMAKING PROCESS.—

"(1) FINAL RULE.—The Administrator shall issue regulations under this section by publishing a final rule by December 31, 2004.

"(2) EFFECTIVE DATE.—The final rule shall not be effective before the date the Cape Town Treaty enters into force with respect to the United States [Mar. 1, 2006, see Effective Date of 2004 Amendment note above].

"(d) ECONOMIC ANALYES.—The Administrator shall not be required to prepare an economic analysis of the cost and benefits of the final rule.

"(e) APPLICABILITY OF TREATY.—Notwithstanding parts 47.37(a)(9)(ii) and 47.47(a)(2) of title 14, of the Code of Federal Regulations, Articles IX(5) and XIII of the Cape Town Treaty shall apply to the matters described in subsection (b) until the earlier of the effective date of the final rule under this section or December 31, 2004."

**CAPE TOWN TREATY: FINDINGS AND PURPOSE**

"(a) FINDINGS.—Congress finds the following:

"(1) The Cape Town Treaty (as defined in section 44113 of title 49, United States Code) extends modern commercial laws for the sale, finance, and lease of aircraft and aircraft engines to the international arena in a manner consistent with United States law and practice.

"(2) The Cape Town Treaty provides for internationally established and recognized financing and leasing rights that will provide greater security and commercial predictability in connection with the financing and leasing of highly mobile assets, such as aircraft and aircraft engines.

"(3) The legal and financing framework of the Cape Town Treaty will provide substantial economic benefits to the aviation and aerospace sectors, including the promotion of exports, and will facilitate the acquisition of newer, safer aircraft around the world.

"(4) Only technical changes to United States law and regulations are required since the asset-based financing and leasing concepts embodied in the Cape Town Treaty are already reflected in the United States in the Uniform Commercial Code.

"(5) The new electronic registry system established under the Cape Town Treaty will work in tandem with current aircraft document recordation systems of the Federal Aviation Administration, which have served United States industry well.

"(6) The United States Government was a leader in the development of the Cape Town Treaty.

"(b) PURPOSE.—Accordingly, the purpose of this Act [see Short Title of 2004 Amendment note set out under section 40101 of this title] is to provide for the implementation of the Cape Town Treaty in the United States by making certain technical amendments to the provisions of chapter 413 of title 49, United States Code, directing the Federal Aviation Administration to complete the necessary rulemaking processes as expeditiously as possible, and clarifying the applicability of the Treaty during the rulemaking process.

§ 44102. Registration requirements

(a) ELIGIBILITY.—An aircraft may be registered under section 44103 of this title only when the aircraft is—

(1) not registered under the laws of a foreign country and is owned by—

(A) a citizen of the United States;

(B) an individual citizen of a foreign country lawfully admitted for permanent residence in the United States; or

(C) a corporation not a citizen of the United States when the corporation is organized and doing business under the laws of the United States or a State, and the aircraft is based and primarily used in the United States; or

(2) an aircraft of—

(A) the United States Government; or

(B) a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of a State, territory, or possession.

(b) DUTY TO DEFINE CERTAIN TERM.—In carrying out subsection (a)(1)(C) of this section, the Secretary of Transportation shall define "based and primarily used in the United States".
§ 44103. Registration of aircraft

(a) GENERAL.—(1) On application of the owner of an aircraft that meets the requirements of section 44102 of this title, the Administrator of the Federal Aviation Administration shall—

(A) register the aircraft; and

(B) issue a certificate of registration to its owner.

(2) The Administrator may prescribe the extent to which an aircraft owned by the holder of a dealer’s certificate of registration issued under section 44104(2) of this title also is registered under this section.

(b) SUBSTANCE VIOLATIONS.—(1) The Administrator may not issue an owner’s certificate of registration under subsection (a)(1) of this section to a person whose certificate is revoked under section 44106 of this title during the 5-year period beginning on the date of the revocation, except—

(A) as provided in section 44106(e)(2) of this title; or

(B) that the Administrator may issue the certificate to the person after the one-year period beginning on the date of the revocation if the aircraft otherwise meets the requirements of section 44102 of this title and that denial of a certificate for the 5-year period—

(i) would be excessive considering the nature of the offense or the act committed and the burden the denial places on the person; or

(ii) would not be in the public interest.

(2) A decision of the Administrator under paragraph (1)(B)(i) or (ii) of this subsection is subject to administrative or judicial review.

(c) CERTIFICATES AS EVIDENCE.—A certificate of registration issued under this section is—

(1) conclusive evidence of the nationality of an aircraft for international purposes, but not conclusive evidence in a proceeding under the laws of the United States; and

(2) not evidence of ownership of an aircraft in a proceeding in which ownership is or may be in issue.

(d) CERTIFICATES AVAILABLE FOR INSPECTION.—An operator of an aircraft shall make available for inspection a certificate of registration for the aircraft when requested by a United States Government, State, or local law enforcement officer.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1162.)
§ 44104. Registration of aircraft components and dealers' certificates of registration

The Administrator of the Federal Aviation Administration may prescribe regulations—

(1) in the interest of safety for registering and identifying an aircraft engine, propeller, or appliance; and

(2) in the public interest for issuing, suspending, and revoking a dealer's certificate of registration under this chapter and for its use by a person manufacturing, distributing, or selling aircraft.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1162.)

§ 44105. Suspension and revocation of aircraft certificates

The Administrator of the Federal Aviation Administration may suspend or revoke a certificate of registration issued under section 44103 of this title when the aircraft no longer meets the requirements of section 44102 of this title.

§ 44106. Revocation of aircraft certificates for controlled substance violations

(a) DEFINITION.—In this section, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(b) REVOCATIONS.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking the certificate of registration for an aircraft issued to an owner under section 44103 of this title and any other certificate of registration that the owner may hold under section 44103, if the Administrator finds that—

(A) the aircraft was used to carry out, or facilitate, an activity that is punishable by death or imprisonment for more than one year under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance); and

(B) the owner of the aircraft permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in clause (A) of this paragraph.

(2) An aircraft owner that is not an individual is deemed to have permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A) of this subsection only if a majority of the individuals who control the owner of the aircraft or who are involved in forming the major policy of the owner permitted the use of the aircraft knowing that the aircraft was to be used for the activity described in paragraph (1)(A).

(c) ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator shall—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator bases the proposed action; and

(2) provide the holder of the certificate an opportunity to answer the charges and state why the certificate should not be revoked.

(d) APPEALS.—(1) A person whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation order to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and a hearing on the record. In conducting the hearing, the Board is not bound by the findings of fact of the Administrator.

(2) When a person files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and

(B) the Board shall dispose of the appeal not later than 60 days after notification by the Administrator under this paragraph.

(3) A person substantially affected by an order of the Board under this subsection may seek judicial review of the order under section 46110 of this title. The Administrator shall be made a party to that judicial proceeding.

(e) ACQUITAL.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, a certificate of registration under this section on the basis of an activity described in subsection (b)(1)(A) of this section if the holder of the certificate is acquitted of all charges
§ 44107  TITLE 49—TRANSPORTATION  Page 862

related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked a certificate of registration of a person under this section because of an activity described in subsection (b)(1)(A) of this section, the Administrator shall reissue a certificate to the person if the person—

(A) subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; and

(B) otherwise meets the requirements of section 44102 of this title.

In subsection (b)(2), the words “knowing that the aircraft was to be used for the activity described in paragraph (1)(A) of this subsection” are substituted for “with knowledge of such intended use” for clarity.

§ 44107. Recordation of conveyances, leases, and security instruments

(a) Establishment of system.—The Administrator of the Federal Aviation Administration shall establish a system for recording—

(1) conveyances that affect an interest in civil aircraft of the United States;

(2) leases and instruments executed for security purposes, including conditional sales contracts, assignments, and amendments, that affect an interest in—

(A) a specifically identified aircraft engine having at least 550 rated takeoff horsepower or its equivalent;

(B) a specifically identified aircraft propeller capable of absorbing at least 750 rated takeoff shaft horsepower;

(C) an aircraft engine, propeller, or appliance maintained for installation or use in an aircraft, aircraft engine, or propeller, by or for an air carrier holding a certificate issued under section 4705 of this title; and

(D) spare parts maintained by or for an air carrier holding a certificate issued under section 4705 of this title; and

(3) releases, cancellations, discharges, and satisfactions related to a conveyance, lease, or instrument recorded under paragraph (1) or (2).

(b) General description required.—A lease or instrument recorded under subsection (a)(2)(C) or (D) of this section only has to describe generally the engine, propeller, appliance, or spare part by type and designate its location.

(c) Acknowledgment.—Except as the Administrator otherwise may provide, a conveyance, lease, or instrument may be recorded under subsection (a) of this section only after it has been acknowledged before—

(1) a notary public; or

(2) another officer authorized under the laws of the United States, a State, the District of Columbia, or a territory or possession of the United States to acknowledge deeds.

(d) Records and indexes.—The Administrator shall—

(1) keep a record of the time and date that each conveyance, lease, and instrument is filed and recorded with the Administrator; and

(2) record each conveyance, lease, and instrument filed with the Administrator, in the order of their receipt, and index them by—

(A) the identifying description of the aircraft, aircraft engine, or propeller, or location specified in a lease or instrument recorded under subsection (a)(2)(C) or (D) of this section; and

(B) the names of the parties to each conveyance, lease, and instrument.

(e) International Registry.—

(1) Designation of United States entry point.—As permitted under the Cape Town Treaty, the Federal Aviation Administration Civil Aviation Registry is designated as the United States Entry Point to the International Registry relating to—

(A) civil aircraft of the United States;

(B) an aircraft for which a United States identification number has been assigned but only with regard to a notice filed under paragraph (2); and

(C) aircraft engines.

(2) System for filing notice of prospective interests.—

(A) Establishment.—The Administrator shall establish a system for filing notices of prospective assignments and prospective international interests in, and prospective sales of, aircraft or aircraft engines described in paragraph (1) under the Cape Town Treaty.

(B) Maintenance of validity.—A filing of a notice of prospective assignment, interest, or sale under this paragraph and the registration with the International Registry relating to such assignment, interest, or sale shall not be valid after the 60th day following the date of the filing unless documents eligible for recording under subsection (a) relating to such notice are filed for recordation on or before such 60th day.

(3) Authorization for registration of aircraft.—A registration with the International Registry relating to an aircraft described in paragraph (1) (other than subparagraph (C)) is valid only if (A) the person seeking the registration first files documents eligible for recording under subsection (a) and relating to the registration with the United States Entry Point, and (B) the United States Entry Point authorizes the registration.

In subsection (a)(1) and (2), the words “‘title to’” are omitted as being included in “interest in”.

In subsection (a)(2), before subclause (A), the word “‘instruments’” is substituted for “any mortgage, equipment trust . . . or other instrument” because it is inclusive. The word “‘supplement’” is omitted as being included in “amendments”.

In subsection (a)(3), the word “The Secretary of Transportation shall also record under the system” are omitted because of 1:1.

In subsections (b) and (d), the words “‘lease or instrument’” are substituted for “possession of the United States” are omitted because of 1:1.

In subsection (c), before clause (1), the words “‘by regulation’” are omitted because of 93:323(a). In clause (2), the words “‘possession of the United States’” are substituted for “‘possession thereof’” for clarity.

In subsection (d), the words “‘lease and instrument’” are substituted for “‘other instruments’” for clarity and consistency in this subchapter. In clause (1), the words “‘of the time and date of’” before “‘recordation’” are omitted as unnecessary because of the restatement. In clause (2), before subclause (A), the words “‘in files that are kept for that purpose’” are omitted as unnecessary. In subclause (A), the words “‘location specified in a lease or instrument recorded under subsection (a)(2)(C) or (D) of this section’” are substituted for “‘in the case of an instrument referred to in subsection (a)(3) of this section, the location or locations specified therein’” for clarity and consistency in this subchapter.

#### Amendments

Subsec. (a)(3). Pub. L. 108-297, §3(a)(2), substituted “paragraph (1) or (2)” for “clause (1) or (2) of this subchapter”.

**Effective Date of 2004 Amendment**

Amendment by Pub. L. 108-297 effective Mar. 1, 2006, and not applicable to any registration or recordation that was made before such date under this chapter or any legal rights relating to such registration or recordation, see section 7 of Pub. L. 108-297, set out as a note under section 44101 of this title.

### §44108. Validity of conveyances, leases, and security instruments

(a) **Validity Before Filing.**—Until a conveyance, lease, or instrument executed for security purposes that may be recorded under section 44107(a)(1) or (2) of this title is filed for recording, the conveyance, lease, or instrument is valid only against—

1. the person making the conveyance, lease, or instrument;
2. that person’s heirs and devisees; and
3. a person having actual notice of the conveyance, lease, or instrument.

(b) **Period of Validity.**—When a conveyance, lease, or instrument is recorded under section 44107 of this title, the conveyance, lease, or instrument is valid from the date of filing against all persons, without other recordation, except that—

1. a lease or instrument recorded under section 44107(a)(2)(A) or (B) of this title is valid for a specifically identified engine or propeller without regard to a lease or instrument previously or subsequently recorded under section 44107(a)(2)(C) or (D) and
2. a lease or instrument recorded under section 44107(a)(2)(C) or (D) of this title is valid only for items at the location designated in the lease or instrument.

(c) **Applicable Laws.**—(1) The validity of a conveyance, lease, or instrument that may be recorded under section 44107 of this title is subject to the laws of the State, the District of Columbia, or the territory or possession of the United States at which the conveyance, lease, or instrument is delivered, regardless of the place at which the subject of the conveyance, lease, or instrument is located or delivered. If the conveyance, lease, or instrument specifies the place at which delivery is intended, it is presumed that the conveyance, lease, or instrument was delivered at the specified place.

(2) This subsection does not take precedence over the Convention on the International Recognition of Rights in Aircraft (4 U.S.T. 1830) or the Cape Town Treaty, as applicable.

(d) **Nonapplication.**—This section does not apply to—

1. a conveyance described in section 44107(a)(1) of this title that was made before August 22, 1938; or
2. a lease or instrument described in section 44107(a)(2) of this title that was made before June 20, 1948.

LIMITATION OF LIABILITY

(a) Definitions.—In this section—

(1) “lessor” means a person leasing for at least 30 days a civil aircraft, aircraft engine, or propeller.

(2) “owner” means a person that owns a civil aircraft, aircraft engine, or propeller.

(3) “secured party” means a person having a security interest in, or security title to, a civil aircraft, aircraft engine, or propeller under a conditional sales contract, equipment trust certificate, chattel or corporate mortgage, or similar instrument.

(b) Liability.—A lessor, owner, or secured party is liable for personal injury, death, or property loss or damage on land or water only when a civil aircraft, aircraft engine, or propeller is in the actual possession or control of the lessor, owner, or secured party, and the personal injury, death, or property loss or damage occurs because of—

(1) the aircraft, engine, or propeller; or

(2) the flight of, or an object falling from, the aircraft, engine, or propeller.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1167.)

In subsection (a), clauses (1) and (3) are derived from 49 App.:1494 (24–57th words). Clause (2) is added for clarity. In clause (1), the words “bona fide” are omitted as surplus. In clause (3), the word “nature” is omitted as surplus.

In subsection (b), before clause (1), the words “personal injury, death” are substituted for “any injury to or death of persons”, and the words “on land or water” are substituted for “on the surface of the earth (whether on land or water)”, to eliminate unnecessary words. In clause (2), the words “ascent, descent, or” and “dropping or” are omitted as surplus.

§ 44113. Definitions

In this chapter, the following definitions apply:

(1) CAPE TOWN TREATY.—The term “Cape Town Treaty” means the Convention on International Interests in Mobile Equipment, as modified by the Protocol to the Convention on International Interests in Mobile Equipment on Matters Specific to Aircraft Equipment, signed at Rome on May 9, 2003.

(2) UNITED STATES ENTRY POINT.—The term “United States Entry Point” means the Federal Aviation Administration Civil Aviation Registry.

(3) INTERNATIONAL REGISTRY.—The term “International Registry” means the registry established under the Cape Town Treaty.

Effective Date

Section effective Mar. 1, 2006, and not applicable to any registration or recordation that was made before such date under this chapter or any legal rights relating to such registration or recordation, see section 7 of Pub. L. 108–297, set out as an Effective Date of 2004 Amendment note under section 4101 of this title.

HISTORICAL AND REVISION NOTES

In this section, the text of 49 App.:1531(3) is omitted as surplus because the complete name of the Secretary of Transportation is used the first time the term appears in a section.

In clause (1)(B)(i), the words “United States Government” are substituted for “United States or any department or agency thereof” for consistency in the revised title.

In clause (1)(B)(ii), the words “the government of” are substituted for “State of the United States” to eliminate unnecessary words.

In this section, the text of 49 App.:1531 is omitted.

AMENDMENTS

2003—Pub. L. 108–176 added par. (1) and redesignated former pars. (1) and (2) as (2) and (3), respectively.

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

§ 44302. General authority

(a) INSURANCE AND REINSURANCE.—(1) Subject to subsection (c) of this section and section 44305(a) of this title, the Secretary of Transportation may provide insurance and reinsurance against loss or damage arising out of any risk from the operation of an American aircraft or foreign-flag aircraft.

(2) An aircraft may be insured or reinsured for not more than its reasonable value as determined by the Secretary in accordance with reasonable business practices in the commercial aviation insurance industry. Insurance or reinsurance may be provided only when the Secretary decides that the insurance cannot be obtained on reasonable terms from an insurance carrier.

(b) REIMBURSEMENT OF INSURANCE COST INCREASES.—

(1) IN GENERAL.—The Secretary may reimburse an air carrier for the increase in the cost of insurance, with respect to a premium for coverage ending before October 1, 2002, against loss or damage arising out of any risk from the operation of an American aircraft over the insurance premium that was in effect for a comparable operation during the period beginning September 4, 2001, and ending September 10, 2001, as the Secretary may determine. Such reimbursement is subject to subsections (a)(2), (c), and (d) of this section and to section 44303.

(2) PAYMENT FROM REVOLVING FUND.—A reimbursement under this subsection shall be paid from the revolving fund established by section 44307.

(3) FURTHER CONDITIONS.—The Secretary may impose such further conditions on insurance for which the increase in premium is subject to reimbursement under this subsection as the Secretary may deem appropriate in the interest of air commerce.

(4) TERMINATION OF AUTHORITY.—The authority to reimburse air carriers under this subsection shall expire 180 days after the date of enactment of this paragraph.

(c) PRESIDENTIAL APPROVAL.—The Secretary may provide insurance or reinsurance under subsection (a) of this section, or reimburse an air carrier under subsection (b) of this section, only with the approval of the President. The President may approve the insurance or reinsurance or the reimbursement only after deciding that the continued operation of the American aircraft or foreign-flag aircraft to be insured or reinsured is necessary in the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(d) CONSULTATION.—The President may require the Secretary to consult with interested departments, agencies, and instrumentalities of the Government before providing insurance or reimbursement to an air carrier under this chapter.

(e) ADDITIONAL INSURANCE.—With the approval of the Secretary, a person having an insurable interest in an aircraft may insure with other underwriters in an amount that is more than the amount insured with the Secretary. However, the Secretary may not benefit from the additional insurance. This subsection does not prevent the Secretary from making contracts of co-insurance.

(f) EXTENSION OF POLICIES.—

(1) IN GENERAL.—The Secretary shall extend through March 31, 2011, and may extend through June 30, 2011, the termination date of any insurance policy that the Department of Transportation issued to an air carrier under subsection (a) and that is in effect on the date of enactment of this subsection on no less favorable terms to the air carrier than existed on June 19, 2002; except that the Secretary shall amend the insurance policy, subject to such terms and conditions as the Secretary may prescribe, to add coverage for losses or injuries to aircraft hulls, passengers, and crew at the limits carried by air carriers for such losses and injuries as of such date of enactment and at an additional premium comparable to the premium charged for third-party casualty coverage under such policy.

(2) SPECIAL RULES.—Notwithstanding paragraph (1)—
In subsection (a)(1), before clause (A), the words “Subject to subsection (b) of this section” are added, and the words “American aircraft or foreign-flag aircraft” are substituted for “aircraft” in 49 App.:1532(a), for clarity. The words “in the manner and to the extent provided by this subchapter” are omitted as unnecessary. The words “Insurance shall be issued under this subchapter only to cover any risk from the operation of an aircraft . . . such aircraft is” are omitted because of the restatement. In clause (B), the word “places” is substituted for “points” for consistency in the revised title.

In subsection (a)(2), the words “An aircraft may be insured or reinsured for not more than” are substituted for “and such stated amount shall not exceed” in 49 App.:1537(a) for clarity and because of the restatement. The words “its reasonable value” are substituted for “an amount . . . to represent the fair and reasonable value of the aircraft” to eliminate unnecessary words. The words “Insurance or reinsurance may be provided only” are added because of the restatement. The word “conditions” is omitted as being included in “terms.”

In subsection (b), the words “The Secretary may provide insurance or reinsurance under subsection (a)” of this section only with the approval of the President” are substituted for “with the approval of the President” for clarity and because of the restatement. The words “The President may” are substituted for “in that event, the Secretary shall not benefit from the additional insurance” are substituted for “in that event, the Secretary shall not be entitled to the benefit of such insurance” for clarity.

§ 44303. Coverage

(a) IN GENERAL.—The Secretary of Transportation may provide insurance and reimbursement, or reimburse insurance costs, as authorized under section 44302 of this title for the following:

(1) an American aircraft or foreign-flag aircraft engaged in aircraft operations the President decides are necessary in the interest of national security or to carry out the foreign policy of the United States Government.

(2) property transported or to be transported on aircraft referred to in clause (1) of this section, including—

(A) shipments by express or registered mail;

(B) property owned by citizens or residents of the United States;

(C) property—

(i) imported to, or exported from, the United States; and

(ii) bought or sold by a citizen or resident of the United States under a contract putting the risk of loss or obligation to provide insurance against risk of loss on the citizen or resident; and

(D) property transported between—

(i) a place in a State or the District of Columbia and a place in a territory or possession of the United States;

(ii) a place in a territory or possession of the United States and a place in another territory or possession of the United States; or

(iii) 2 places in the same territory or possession of the United States.

(3) the personal effects and baggage of officers and members of the crew of an aircraft referred to in clause (1) of this section and of other individuals employed or transported on that aircraft.

(4) officers and members of the crew of an aircraft referred to in clause (1) of this section and other individuals employed or transported on that aircraft against loss of life, injury, or detention.

(5) statutory or contractual obligations or other liabilities, customarily covered by insurance, of an aircraft referred to in clause (1) of this section or of the owner or operator of that aircraft.

(6) loss or damage of an aircraft manufacturer resulting from operation of an aircraft by an air carrier and involving war or terrorism.

(b) AIR CARRIER LIABILITY FOR THIRD PARTY CLAIMS ARISING OUT OF ACTS OF TERRORISM.—For acts of terrorism committed on or to an air carrier during the period beginning on September 22, 2001, and ending on June 30, 2011, the Secretary may certify that the air carrier was a victim of an act of terrorism and in the Secretary’s judgment, based on the Secretary’s analysis and conclusions regarding the facts and circumstances of each case, shall not be responsible for losses suffered by third parties (as referred to in section 205.5(b)(1) of title 14, Code of Federal Regulations) that exceed $100,000,000, in the aggregate, for all claims by such parties arising out of such act. If the Secretary so certifies, the air carrier shall not be liable for an amount that exceeds $100,000,000, in the aggregate, for all claims by such parties arising out of such act, and the Government shall be responsible for any liability above such amount. No punitive damages may be awarded against an air carrier (or the Government taking responsibility for an air carrier under this subsection) under a cause of action arising out of such act. The Secretary may extend the provisions of this subsection to an aircraft manufacturer (as defined in section 44301) of the aircraft of the air carrier involved.

In this section, before clause (1), the words “persons, property, or interest” are omitted as unnecessary. In clause (2), the word “property” is substituted for “Cargoes” and “air cargoes” for consistency in the revised title. In clause (2)(B) and (C), the words “its territories, or possession” are omitted as unnecessary because of the definition of “United States” in section 40102(a) of the revised title. In clause (2)(C)(i), the word “contract” is substituted for “contracts of sale or purchase”, and the words “putting . . . on” are substituted for “is assumed by or falls upon”, to eliminate unnecessary words. In clause (2)(D), the word “place” is substituted for “point” for consistency in the revised title. In subclause (i), the words “a State or the District of Columbia” are substituted for “the United States” for clarity and consistency because the definition of “United States” in section 40102(a) of the revised title is too broad for the context of the clause. The definition in section 40102(a) includes territories and possession and would therefore overlap with subclauses (ii) and (iii). In subclause (iii), the words “2 places in the same territory or possession of the United States” are substituted for “any point in any such territory or possession and any other point in the same territory or possession” for clarity. In clauses (b) and (4), the word “individuals” is substituted for “persons” as being more appropriate. The words “captains” and “pilots” are omitted as being included in “officers and members of the crew”.

CODIFICATION

The text of section 201(b)(2) of Pub. L. 107–42, which was transferred and redesignated so as to appear as subsec. (b) of this section and amended by Pub. L. 107–296, was based on Pub. L. 107–42, title II, § 201(b)(2), Sept. 22, 2001, 115 Stat. 235, formerly included in a note set out under section 40101 of this title.

AMENDMENTS

Subsec. (b). Pub. L. 108–176, § 106(b), inserted at end “The Secretary may extend the provisions of this subsection to an aircraft manufacturer (as defined in section 44301 of the aircraft of the air carrier involved.”

2002—Pub. L. 107–296 designated existing provisions as subsec. (a), inserted heading, transferred and redesignated the text of section 201(b)(2) of Pub. L. 107–42 so as to appear as subsec. (b), in heading substituted “Air Carrier Liability for Third Party Claims Arising Out of Acts of Terrorism” for “Discretion of the Secretary”, and in text substituted “the period beginning on September 22, 2001, and ending on December 31, 2003, the Secretary” for “the 180-day period following the date of enactment of this Act, the Secretary of Transportation” and “this subsection” for “this paragraph”. See Codification note above.

2001—Pub. L. 107–42, § 201(b)(1)(A), inserted “, or reimburse insurance costs, as after “insurance and reinsurance” in introductory provisions.

Par. (1). Pub. L. 107–42, § 201(b)(1)(B), inserted “in the interest of air commerce or national security or” before “to carry out the foreign policy”.

EFFECTIVE DATE OF 2002 AMENDMENT

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

EXTENSION OF LIMITATION OF AIR CARRIER LIABILITY

that subsec. (b) of this section would be applied by substituting “September 30, 2007” for “December 31, 2006”.

§ 44304. Reinsurance

To the extent the Secretary of Transportation is authorized to provide insurance under this chapter, the Secretary may reinsure any part of the insurance provided by an insurance carrier. The Secretary may reinsure with, transfer to, or return to, the carrier any insurance or reinsurance provided by the Secretary under this chapter.

In subsection (a), the words “may reinsure any part of the insurance provided by an insurance carrier” are substituted for “may reinsure, in whole or in part, any company authorized to do an insurance business” for clarity and consistency with source provisions restated in this subchapter and the definition of “insurance carrier” in section 44301 of the revised title. The words “transfer to, or transfer back to,” are substituted for “cede or retrocede to” for clarity.

In subsection (b), the word “same” is omitted as being included in “similar”. The words “on account of the cost of” are omitted as surplus. The word “providing” is substituted for “rendered” and “furnished” because it is inclusive. The words “except for” are substituted for “but such allowance to the carrier shall not provide for” to eliminate unnecessary words.

AMENDMENTS

2001—Pub. L. 107–42 struck out subsec. (a) designation and heading “General Authority” and struck out subsec. (b) which read as follows:

“(b) PREMIUM LEVELS.—The Secretary may provide reinsurance at premiums not less than one-third of, or obtain reinsurance at premiums not less than, or obtain reinsurance at premiums not higher than, the premiums the Secretary establishes on similar risks or the premiums the insurance carrier charges for the insurance to be reinsured by the Secretary, whichever is most advantageous to the Secretary. However, the Secretary may make allowances to the insurance carrier for expenses incurred in providing services and facilities that the Secretary considers good business practice, except for payments by the carrier for the stimulation or solicitation of insurance business.”

§ 44305. Insuring United States Government property

(a) GENERAL.—With the approval of the President, a department, agency, or instrumentality of the United States Government may obtain—

(1) insurance under this chapter, including insurance for risks from operating an aircraft in intrastate or interstate air commerce, but not including insurance on valuables subject to sections 17302 and 17303 of title 49; and

(2) insurance for risks arising from providing goods or services directly related to and necessary for operating an aircraft covered by insurance obtained under clause (1) of this subsection if the aircraft is operated—

(A) in carrying out a contract of the department, agency, or instrumentality; or

(B) to transport military forces or material on behalf of the United States under an agreement between the Government and the government of a foreign country.

(b) PREMIUM WAIVERS AND INDEMNIFICATION.—With the approval required under subsection (a) of this section, the Secretary of Transportation may provide the insurance without premium at the request of the Secretary of Defense or the head of a department, agency, or instrumentality designated by the President when the Secretary of Defense or the designated head agrees to indemnify the Secretary of Transportation against all losses covered by the insurance. The Secretary of Defense and any designated head may make indemnity agreements with the Secretary of Transportation under this section. If such an agreement is countersigned by the President or the President’s designee, the agreement shall constitute, for purposes of section 44302(c), a determination that continuation of the aircraft operations to which the agreement applies is necessary to carry out the foreign policy of the United States.

In this section, the words “a department, agency, or instrumentality” are substituted for “Any department or agency” for clarity and consistency in the revised title and with other titles of the United States Code.

In subsection (a)(1), the words “obtain insurance under this chapter” are substituted for “procure from the Secretary any of the insurance provided under this subchapter” to eliminate unnecessary words. The words “overseas air commerce” are omitted for the reasons given in the revision note for section 40101.

In subsection (b), the words “or the head of a department, agency, or instrumentality designated by the President” are substituted for “and such other agencies as the President may prescribe” as being more precise and for consistency in the revised title. The words “when the Secretary of Defense or the designated head agrees” are substituted for “in consideration of” for clarity. The words “any designated head” are substituted for “the agreement of . . . such agency” and “such other agencies” for clarity and because of the re-statement.

AMENDMENTS

2002—Subsec. (a)(1). Pub. L. 107–217 substituted “sections 17302 and 17303 of title 49” for “sections 1 and 2 of the Government Losses in Shipment Act (40 U.S.C. 721, 722)”. 2001—Subsec. (b). Pub. L. 107–42 substituted “44302(c)” for “44302(b)”. 1997—Subsec. (b). Pub. L. 105–137 inserted at end “If such an agreement is countersigned by the President or the President’s designee, the agreement shall constitute, for purposes of section 44302(b), a determination that continuation of the aircraft operations to which the agreement applies is necessary to carry out the foreign policy of the United States.”
§ 44306. Premiums and limitations on coverage and claims

(a) **Premiums Based on Risk.**—To the extent practical, the premium charged for insurance or reinsurance under this chapter shall be based on consideration of the risk involved.

(b) **Allowances in Setting Premium Rates for Reinsurance.**—In setting premium rates for reinsurance, the Secretary may make allowances to the insurance carrier for expenses incurred in providing services and facilities that the Secretary considers good business practices, except for payments by the insurance carrier for the stimulation or solicitation of insurance business.

(c) **Time Limits.**—The Secretary of Transportation may provide insurance and reinsurance under this chapter for a period of not more than 1 year. The period may be extended for additional periods of not more than 1 year each only if the President decides, before each additional period, that the continued operation of the aircraft to be insured or reinsured is necessary to the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(d) **Maximum Insured Amount.**—The insurance policy on an aircraft insured or reinsured under this chapter shall specify a stated amount that is not more than the value of the aircraft, as determined by the Secretary in accordance with reasonable business practices in the commercial aviation industry. A claim under the policy may not be paid for more than that stated amount.

(c) **Time Limits.**—The Secretary of Transportation may provide insurance and reinsurance under this chapter for a period of not more than 1 year. The period may be extended for additional periods of not more than 1 year each only if the President decides, before each additional period, that the continued operation of the aircraft to be insured or reinsured is necessary to the interest of air commerce or national security or to carry out the foreign policy of the United States Government.

(d) **Maximum Insured Amount.**—The insurance policy on an aircraft insured or reinsured under this chapter shall specify a stated amount that is not more than the value of the aircraft, as determined by the Secretary in accordance with reasonable business practices in the commercial aviation industry. A claim under the policy may not be paid for more than that stated amount.

In subsection (a), the words “To the extent” are substituted for “insofar as” for consistency. The words “To the extent” are substituted for “insofar as” for consistency.

In subsection (b), the word “initial” is omitted as unnecessary because of the addition of the word “initial” in subsection (a).

In subsection (c), the words “or reinsured” are added for consistency.

In subsection (d), the words “To the extent” are substituted for “insofar as” for consistency. The word “To the extent” is substituted for “insofar as” for consistency.

(d) EXPENSES.—The Secretary of Transportation shall deposit annually an amount in the Treasury as miscellaneous receipts to cover the expenses the Government incurs when the Secretary of Transportation uses appropriated amounts in carrying out this chapter. The deposited amount shall equal an amount determined by multiplying the average monthly balance of appropriated amounts retained in the revolving fund by a percentage that is at least the current average rate payable on marketable obligations of the Government. The Secretary of the Treasury shall determine annually in advance the percentage applied.

In subsection (a)(1), the first sentence is added for clarity. The last sentence is substituted for 49 App.:1536(b) (last sentence) to eliminate unnecessary words and for consistency in the revised title.

In subsection (a)(2), the words “The amounts appropriated and other amounts received in carrying out this chapter” are substituted for “Moneys appropriated by Congress to carry out the provisions of this subchapter and all moneys received from premiums, salvage, or other recoveries and all receipts in connection with this subchapter” to eliminate unnecessary words.

In subsection (b), the words “any part” are substituted for “all or any part” to eliminate unnecessary words. The words “held in the revolving fund” are substituted for “‘all or any part’ to eliminate unnecessary words. The words ‘deposited in’ are substituted for ‘deposited in’ are substituted for ‘‘credit to and form a part of’ for consistency.

In subsection (d), the words “The Secretary of Transportation shall deposit annually an amount in the Treasury” are substituted for “Annual payments shall be made by the Secretary to the Treasury of the United States”, the words “The deposited amount shall equal an amount determined by multiplying” are substituted for “These payments shall be computed by applying to”, and the words “a percentage that is at least the current average rate payable on marketable obligations of the Government” are substituted for “a percentage and “Such percentage shall not be less than the current average rate which the Treasury pays on its marketable obligations”, for clarity.

§ 44308. Administrative

(a) COMMERCIAL PRACTICES.—The Secretary of Transportation may carry out this chapter consistent with commercial practices of the aviation insurance business.

(b) LICENSING OF INSURANCE COMPANIES AND DISPOSITION OF CLAIMS.—(1) The Secretary may issue insurance policies to carry out this chapter. The Secretary may prescribe the forms, amounts insured under the policies, and premiums charged. Any such policy may authorize the binding arbitration of claims made thereunder in such manner as may be agreed to by the Secretary and any commercial insurer that may be responsible for any part of a loss to which such policy relates. The Secretary may change an amount of insurance or a premium for an existing policy only with the consent of the insured.

(2) For a claim under insurance authorized by this chapter, the Secretary may—

(A) settle and pay the claim made for or against the United States Government;

(B) pay the amount of a binding arbitration award made under paragraph (1); and

(C) pay the amount of a judgment entered against the Government.

(c) UNDERWRITING AGENT.—(1) The Secretary may, and when practical shall, employ an insurance carrier or group of insurance carriers to act as an underwriting agent. The Secretary may use the agent to adjust claims under this chapter, but claims may be paid only when approved by the Secretary.

(2) The Secretary may pay reasonable compensation to an underwriting agent for servicing insurance the agent writes for the Secretary. Compensation may include payment for reasonable expenses incurred by the agent but may not include a payment by the agent for stimulation or solicitation of insurance business.

(3) Except as provided by this subsection, the Secretary may not pay an insurance broker or other person acting in a similar capacity any consideration for arranging insurance when the Secretary directly insures any part of the risk.

(d) BUDGET.—The Secretary shall submit annually a budget program for carrying out this chapter as provided for wholly owned Government corporations under chapter 91 of title 31.

(e) ACCOUNTS.—The Secretary shall maintain a set of accounts for audit under chapter 35 of title 31. Notwithstanding chapter 35, the Controller General shall allow credit for expenditures under this chapter made consistent with commercial practices in the aviation insurance business when shown to be necessary because of the business activities authorized by this chapter.

In subsection (a), the words “may carry out this chapter” are substituted for “in administering this
subchapter, may exercise his powers, perform his duties and functions, and make his expenditures" to eliminate unnecessary words.

In subsection (b)(1), the word "insurance" is added for clarity. The words "rules, and regulations" are omitted as unnecessary because of 49:322(a). The words "as he deems proper" and "subject to the following provisions of this subsection" are omitted as surplus. The words "and change" and "fix, adjust, and change" are omitted as being included in "prescribe". The words "under the policies" are added for clarity. The word "charged" is substituted for "provided for in this subchapter" for consistency in this subchapter.

In subsection (b)(2), before clause (A), the words "the Secretary" are added because of the restatement. In clause (A), the words "adjust and . . . losses, compromise and" are omitted as included in "settle and pay the claim". The word "made" is substituted for "whether" for clarity. In clause (B), the word "entered" is substituted for "rendered" because it is more appropriate. The words "in any suit" are omitted as surplus. The words "or the amount of any settlement agreed upon" are omitted as being included in "settle and pay the claim".

In subsection (c)(1), the words "and when practical shall" are substituted for "and whenever he finds it practical to do so shall" to eliminate unnecessary words. The word "his" is omitted as surplus. The words "The Secretary may use" are substituted for "may be utilized" for consistency. The words "The services of" are omitted as unnecessary.

In subsection (c)(2), the words "pay reasonable compensation" are substituted for "allow . . . and reasonable compensation" for consistency in the revised title. The words "an underwriting agent" are substituted for "such companies or groups of companies" and the words "the agent writes" are substituted for "written by such companies or groups of companies as underwriting agent", for clarity. The word "payment" is substituted for "allowance" for consistency.

In subsection (c)(3), the words "intermediary and/or other" are omitted as surplus. The word "for" is substituted for "by virtue of his participation in" to eliminate unnecessary words.

In subsection (d), the word "prepare" is omitted as being included in "submit". The words "for carrying out this chapter" are substituted for "in the performance of, and with respect to, the powers, functions, and duties vested in him by this subchapter" for consistency and to eliminate unnecessary words. The words "under chapter 91 of title 31" are substituted for "by the Government Corporation Control Act, as amended (59 Stat. 597; 31 U.S.C. 811)" in section 1307(f) of the Act of August 23, 1958 (Public Law 85-726, 72 Stat. 804) because of section 4(b) of the Act of September 13, 1962 (Public Law 97-258, 96 Stat. 1067).

In subsection (e), the words "under chapter 35 of title 31" are substituted for "in accordance with the provisions of the Accounting and Auditing Act of 1950" in section 1307(f) of the Act of August 23, 1958 (Public Law 85-726, 72 Stat. 804) because of section 4(b) of the Act of September 13, 1962 (Public Law 97-258, 96 Stat. 1067). The words "Provided, That . . . the Secretary may exercise the powers conferred in said subchapter, perform the duties and functions" are omitted as surplus. The words "Notwithstanding chapter 35" are added for clarity. The words "Comptroller General" are substituted for "General Accounting Office" because of 31:702.

AMENDMENTS
1997—Subsec. (b)(1). Pub. L. 105-137, § 4(a), inserted after second sentence "Any such policy may authorize the binding arbitration of claims made thereunder in such manner as may be agreed to by the Secretary and any commercial insurer that may be responsible for any part of a loss to which such policy relates." Subsec. (b)(2). Pub. L. 105-137, § 4(b), struck out "and" at end of subpar. (A), added subpar. (B), and redesignated former subpar. (B) as (C).
1986—Subsec. (e). Pub. L. 101-316 substituted "for audit" for "the Comptroller General shall audit those accounts".

§ 44309. Civil actions
(a) LOSSES.—
(1) ACTIONS AGAINST UNITED STATES.—A person may bring a civil action in a district court of the United States or in the United States Court of Federal Claims against the United States Government when—
(A) a loss insured under this chapter is in dispute; or
(B)(i) the person is subrogated under a contract between the person and a party insured under this chapter (other than section 4305(b)) to the rights of the insured party against the United States Government, and
(ii) the person has paid to the insured party, with the approval of the Secretary of Transportation, an amount for a physical damage loss that the Secretary has determined is a loss covered by insurance issued under this chapter (other than section 4305(b)).

(2) LIMITATION.—A civil action involving the same matter (except the action authorized by this subsection) may not be brought against an agent, officer, or employee of the Government carrying out this chapter.

(3) PROCEDURE.—To the extent applicable, the procedure in an action brought under section 1346(a)(2) of title 28, United States Code, applies to an action under this subsection.

(b) VENUE AND JOINER.—(1) A civil action under subsection (a) of this section may be brought in the judicial district for the District of Columbia or in the judicial district in which the plaintiff or the agent of the plaintiff resides or in which the claim under this chapter and there is a dispute; or
(2) An interested person may be joined as a party to a civil action brought under subsection (a) of this section initially or on motion of either party to the action.

(c) TIME REQUIREMENTS.—When an insurance claim is made under this chapter, the period during which, under section 2401 of title 28, United States Code, an action may be brought is suspended until 60 days after the Secretary of Transportation denies the claim. The claim is deemed to be administratively denied if the Secretary does not act on the claim not later than 6 months after filing, unless the Secretary makes a different agreement with the claimant when there is good cause for an agreement.

(d) INTERPLEADER.—(1) If the Secretary admits the Government owes money under an insurance claim under this chapter and there is a dispute about the person that is entitled to payment, the Government may bring a civil action of interpleader in a district court of the United States against the persons that may be entitled to payment. The action may be brought in the judicial district for the District of Columbia or in the judicial district in which any party resides.

(2) The district court may order a party not residing or found in the judicial district in
which the action is brought to appear in a civil action under this subsection. The order shall be served in a reasonable manner decided by the district court. If the court decides an unknown person might assert a claim under the insurance that is the subject of the action, the court may order service on that person by publication in the Federal Register.

(3) Judgment in a civil action under this subsection discharges the Government from further liability to the parties to the action and to all other persons served by publication under paragraph (2) of this subsection.

In subsection (a), the words “A person may bring” are substituted for “may be maintained” for clarity. The words “a civil action” are substituted for “suit” because of rule 2 of the Federal Rules of Civil Procedure (28 App. U.S.C.). The words “A civil action . . . (except the action authorized by this subsection) may not be brought” are substituted for “and this remedy shall be exclusive of any other action”, and the words “involving the” are substituted for “by reason of”, for clarity. The words “‘carrying out this chapter’ are substituted for “employed or retained under this subchapter”, and the words “exclusive of any other action”, and the words “involving the” are substituted for “the court may order service on that person” shall be” are added because of the restatement. The words “the court may order service on that person” are substituted for “it may direct service upon such persons unknown” as being more precise.

In subsection (b)(1), the words “A civil action under subsection (a) of this section may be brought” are substituted for “such suits in the district courts”, for consistency. The words “applies to” are substituted for “shall otherwise be the same as that provided for” to eliminate unnecessary words. The words “an action under subsection (a)” are substituted for “such suits” for consistency.

In subsection (b)(2), the words “employed or retained under this subchapter”, and the words “in an action” are substituted for “for suits in the district courts”, for consistency. The words “applies to” are substituted for “shall otherwise be the same as that provided for” to eliminate unnecessary words. The words “involving the” are substituted for “the court may order service on that person” shall be” are added because of the restatement. The words “the court may order service on that person” are substituted for “it may direct service upon such persons unknown” as being more precise.

In subsection (d)(3), the words “in a civil action under this subsection” are substituted for “in any such suit” for clarity.

AMENDMENTS

1998—Subsec. (a). Pub. L. 105–277 amended heading and text of subsec. (a) generally. Prior to amendment, text read as follows: “A person may bring a civil action in a district court of the United States against the United States Government when a loss insured under this chapter is in dispute. A civil action involving the same matter (except the action authorized by this subsection) may not be brought against an agent, officer, or employee of the Government carrying out this chapter. To the extent applicable, the procedure in an action brought under section 1346(a)(2) of title 28 applies to an action under this subsection.’’

§44310. Ending effective date

The authority of the Secretary of Transportation to provide insurance and reinsurance under this chapter is not effective after December 31, 2013.

The words “is not effective after” are substituted for “shall expire at the termination of” for clarity and consistency in the revised title.

CHAPTER 445—FACILITIES, PERSONNEL, AND RESEARCH

§ 44501. Plans and policy

(a) LONG RANGE PLANS AND POLICY REQUIREMENTS.—The Administrator of the Federal Aviation Administration shall make long range plans and policy for the orderly development and use of the navigable airspace, and the orderly development and location of air navigation facilities, that will best meet the needs of, and serve the interests of, civil aeronautics and the national defense, except for needs of the armed forces that are peculiar to air warfare and primarily of military concern.

(b) AIRWAY CAPITAL INVESTMENT PLAN.—The Administrator of the Federal Aviation Administration shall review, revise, and publish a national airways system plan, known as the Airway Capital Investment Plan, before the beginning of each fiscal year. The plan shall set forth—

(1) for a 10-year period, the research, engineering, and development programs and the facilities and equipment that the Administrator considers necessary for a system of airways, air traffic services, and navigation aids that will—

(A) meet the forecasted needs of civil aeronautics;
(B) meet the requirements that the Secretary of Defense establishes for the support of the national defense; and
(C) provide the highest degree of safety in air commerce;

(2) for the first and 2d years of the plan, detailed annual estimates of—

(A) the number, type, location, and cost of acquiring, operating, and maintaining required facilities and services;
(B) the cost of research, engineering, and development required to improve safety, system capacity, and efficiency; and
(C) personnel levels required for the activities described in subclauses (A) and (B) of this clause;

(3) for the 3d, 4th, and 5th years of the plan, estimates of the total cost of each major program for the 3-year period, and additional major research programs, acquisition of systems and facilities, and changes in personnel levels that may be required to meet long range objectives and that may have significant impact on future funding requirements; and

(4) a 10-year investment plan that considers long range objectives that the Administrator considers necessary to—

(A) ensure that safety is given the highest priority in providing for a safe and efficient airway system; and
(B) meet the current and projected growth of aviation and the requirements of interstate commerce, the United States Postal Service, and the national defense.

(c) NATIONAL AVIATION RESEARCH PLAN.—(1) The Administrator of the Federal Aviation Administration shall prepare and publish annually a national aviation research plan and submit the plan to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science of the House of Representatives. The plan shall be submitted not later than the date of submission of the President’s budget to Congress.

(2)(A) The plan shall describe, for a 5-year period, the research, engineering, and development
that the Administrator of the Federal Aviation Administration considers necessary—

(i) to ensure the continued capacity, safety, and efficiency of aviation in the United States, considering emerging technologies and forecasted needs of civil aeronautics; and

(ii) to provide the highest degree of safety in air travel.

(B) The plan shall—

(i) provide estimates by year of the schedule, cost, and work force levels for each active and planned major research and development project under sections 40119, 44504, 44505, 44507, 44509, 44511–44513, and 44912 of this title, including activities carried out under cooperative agreements with other Federal departments and agencies;

(ii) specify the goals and the priorities for allocation of resources among the major categories of research and development activities, including the rationale for the priorities identified;

(iii) identify the allocation of resources among long-term research, near-term research, and development activities;

(iv) identify the individual research and development projects in each funding category that are described in the annual budget request;

(v) highlight the research and development activities that address specific recommendations of the research advisory committee established under section 44508 of this title, and document the recommendations of the committee that are not accepted, specifying the reasons for nonacceptance; and

(vi) highlight the research and development technology transfer activities that promote technology sharing among government, industry, and academia through the Stevenson-Wydler Technology Innovation Act of 1980.

(3) Subject to section 40119(b) of this title and regulations prescribed under section 40119(b), the Administrator of the Federal Aviation Administration shall submit to the committees named in paragraph (1) of this subsection an annual report on the accomplishments of the research, and development projects completed during the prior fiscal year, including a description of the dissemination to the private sector of research results and a description of any new technologies developed. The report shall be submitted with the plan required under paragraph (1) and be organized to allow comparison with the plan in effect for the fiscal year and for the 3rd, 4th, and 5th years, and for the 6th and subsequent years.

In subsection (a), the word “Administrator” in section 312(a) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 752) is retained on authority of 49:106(g). The words “air navigation facilities” are substituted for “landing areas, Federal airways, radar installations and all other aids and facilities for air navigation” because of the definition of “air navigation facility” in section 40102(a) of the revised title. The words “the armed forces” are substituted for “military agencies” because of 10:101.

In subsection (b), before clause (1), the words “the requirements of” are omitted as surplus. The text of 49 App. 2232(b) (1st sentence) is omitted as executed. The words “thereafter” and “for fiscal year 1992 and thereafter” are omitted as obsolete. In clauses (2)(C) and (3), the word “personnel” is substituted for “manpower” for consistency in the revised title. In clause (2)(C), the word “all” is omitted as surplus. In subsection (c), before clause (1), the word “completed” is omitted as surplus.

In subsection (d)(1), the words “review, revise” are omitted as surplus. The word “annually” is substituted for “for fiscal year 1990, and for each fiscal year thereafter” to eliminate obsolete language.

In subsection (d)(2)(B), before clause (i), the words “an appropriation” are substituted for “funding”, and in clause (ii), the word “appropriations” is substituted for “funding”, for clarity and consistency in the revised title and with other titles of the United States Code.

In subsection (d)(3), the words “beginning with the date of transmission of the first aviation research plan as required by paragraph (1)” are omitted as obsolete.

§ 44502. General facilities and personnel authority
(a) General Authority.—(1) The Administrator of the Federal Aviation Administration may—
(A) acquire, establish, improve, operate, and maintain air navigation facilities; and
(B) provide facilities and personnel to regulate and protect air traffic.

(2) The cost of site preparation work associated with acquiring, establishing, or improving an air navigation facility under paragraph (1)(A) of this subsection shall be charged to amounts available for that purpose appropriated under section 48101(a) of this title. The Secretary of Transportation may make an agreement with an airport owner or sponsor (as defined in section 47102 of this title) so that the owner or sponsor will provide the work and be paid or reimbursed by the Secretary from the appropriated amounts.

(3) The Secretary of Transportation may authorize a department, agency, or instrumentality of the United States Government to carry out any duty or power under this subsection with the consent of the head of the department, agency, or instrumentality.

(b) Purchase of Instrument Landing Systems—
(A) Establishment of Program.—The Secretary shall purchase precision approach instrument landing system equipment for installation at airports on an expedited basis.

(B) Authorization.—No less than $30,000,000 of the amounts appropriated under section 48101(a) for each of fiscal years 2000 through 2002 shall be used for the purpose of carrying out this paragraph, including acquisition under new or existing contracts, site preparation work, installation, and related expenditures.

(c) Improvements on Leased Properties.—The Administrator may make improvements to real property leased for no or nominal consideration for an air navigation facility, regardless of whether the cost of making the improvements exceeds the cost of leasing the real property, if—
(A) the improvements primarily benefit the Government;
(B) the improvements are essential for accomplishment of the mission of the Federal Aviation Administration; and
(C) the interest of the United States Government in the improvements is protected.

(d) Certification of Necessity.—Except for Government money expended under this part or for a military purpose, Government money may be expended to acquire, establish, construct, operate, repair, alter, or maintain an air navigation facility only if the Administrator of the Federal Aviation Administration certifies in writing that the facility is reasonably necessary for use in air commerce or for the national defense. An interested person may apply for a certificate for a facility to be acquired, established, constructed, operated, repaired, altered, or maintained by or for the person.

(e) Ensuring Conformity With Plans and Policies.—(1) To ensure conformity with plans and policies for, and allocation of, airspace by the Administrator of the Federal Aviation Administration under section 40103(b)(1) of this title, a military airport, military landing area, or missile or rocket site may be acquired, established, or constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator may advise the appropriate committees of Congress and interested departments, agencies, and instrumentalities of the Government on the effect of the acquisition, establishment, construction, or alteration on the use of airspace by aircraft. A disagreement between the Administrator of the Federal Aviation Administration and the Secretary of Defense or the Administrator of the National Aeronautics and Space Administration may be appealed to the President for a final decision.

(2) To ensure conformity, an airport or landing area not involving the expenditure of Government money may be established or constructed, or a runway may be altered substantially, only if the Administrator of the Federal Aviation Administration is given reasonable prior notice so that the Administrator may provide advice on the effects of the establishment, construction, or alteration on the use of airspace by aircraft.

(f) Public Use and Emergency Assistance.—(1) The head of a department, agency, or instrumentality of the Government having jurisdiction over an air navigation facility owned or operated by the Government may provide, under regulations the head of the department, agency, or instrumentality prescribes, for public use of the facility.

(2) The head of a department, agency, or instrumentality of the Government having jurisdiction over an airport or emergency landing field owned or operated by the Government may provide, under regulations the head of the department, agency, or instrumentality prescribes, for assistance, and the sale of fuel, oil, equipment, and supplies, to an aircraft, but only when necessary, because of an emergency, to allow the aircraft to continue to the nearest airport operated by private enterprise. The head of the department, agency, or instrumentality shall provide for the assistance and sale at the prevailing local fair market value as determined by the head of the department, agency, or instrumentality. An amount that the head decides
is equal to the cost of the assistance provided and the fuel, oil, equipment, and supplies sold shall be credited to the appropriation from which the cost was paid. The balance shall be credited to miscellaneous receipts.

(e) TRANSFERS OF INSTRUMENT LANDING SYSTEMS.—An airport may transfer, without consideration, to the Administrator of the Federal Aviation Administration an instrument landing system (and associated approach lighting equipment and runway visual range equipment) that conforms to performance specifications of the Administrator if a Government airport aid program, airport development aid program, or airport improvement project grant was used to assist in purchasing the system. The Administrator shall accept the system and operate and maintain it under criteria of the Administrator.

In this section, the words “department, agency, or instrumentality of the United States Government” are substituted for “Federal department or agency” in 49 App.:1349(b), “agencies” in 49 App.:1349(b), and “department or other agency” and “Government department or other agency” in 49 App.:1507 for consistency in the revised title and with other titles of the United States Code.

In subsections (a)(1), (b), and (c), the word “Administrator” in sections 303(c) (1st sentence), 307(b), 308(a) (1st and 2d sentences) and (b), and 309 of the Federal Aviation Act of 1958 (Public Law 85–756, 72 Stat. 750, 751) is retained on authority of 49:106(g).

In subsection (a)(1), before clause (A), the words “within the limits of available appropriations made by the Congress” are omitted as surplus. In clause (A), the words “wherever necessary” are omitted as surplus. In clause (B), the word “necessary” is omitted as surplus.

In subsection (a)(2), the words “by the Secretary” and “to the Secretary” are omitted as surplus. The last sentence is substituted for 49 App.:2205(a)(3) (last sentence) to eliminate unnecessary words.

In subsection (a)(3), the words “subject to such regulations, supervision, and review as he may prescribe” are omitted because if 49:322(a). The words “from time to time make such provision as he shall deem appropriate” are omitted as surplus. The words “duty or power” are substituted for “function” for consistency in the revised title and with other titles of the Code. The words “the head of” are added for clarity and consistency.

In subsection (b), the words “(whether or not in cooperation with State or other local governmental agencies)” and “thereon” are omitted as surplus. The words “landing area” are omitted as being included in the definition of “air navigation facility” in section 40102(a) (last sentence) of the revised title. The words “recommendation and” are omitted as surplus. The words “under regulations prescribed by him” are omitted because of 49:322(a). The word “proposed” is omitted as surplus. The word “acquired” is added for consistency in this subsection.

In subsection (c)(1), the words “In order”, “layout”, and “In case of . . . the matter” are omitted as surplus. The words “Secretary of Defense” are substituted for “Department of Defense” because of 10:133(a). The words “the Administrator of” are added because of 42:2472(a).

In subsection (c)(2), the word “layout” is omitted as surplus. The words “pursuant to regulations prescribed by him” are omitted because of 49:322(a). The words “the establishment, building, or alteration” are substituted for “such construction” for clarity and consistency in this section.

In subsection (d)(1), the words “under such conditions and to such extent as . . . deeds advisable and” are omitted as surplus. The word “provide” is substituted for “be made available”, and the words “of the facility” are added, for clarity.

In subsection (d)(2), the words “All amounts received under this subsection shall be covered into the Treasury” are omitted because of 31:3302(b). The words “services, shelter . . . other” and “if any” are omitted as surplus.

In subsection (e), the words “or compact” are omitted as surplus. The words “or States” are omitted because of 1:1. The text of 49 App.:1748 (last sentence) is omitted as surplus.

In subsection (f), the words “Notwithstanding any other provision of law” and “thereafter” are omitted as surplus.

PUB. L. 103–429

This amends 49:44502(b) to clarify the restatement of 49 App.:1349(a) (1st, 2d sentences) by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1175).

PUB. L. 104–287, §5(75)(A)

This amends 49:44502(c)(1) to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1175).

PUB. L. 104–287, §5(75)(B)

This strikes 49:44502(e) and redesignates 49:44502(f) as 49:44502(e) because of the restatement of former 49:44502(e) as 49:40121.

AMENDMENTS

1996—Subsec. (a)(1). Pub. L. 104–287, §5(75)(A), substituted “To ensure” for “To ensure that”. Subsec. (a)(4)(f). Pub. L. 104–287, §5(75)(B), redesignated subsec. (f) as (e) and struck out former subsec. (e) which read as follows:
effective date of 2000 amendment

Effective date of 1994 amendment

Strategy for staffing, hiring, and training flight standards and aircraft certification staff

Pub. L. 111–117, div. A, title I, Dec. 16, 2009, 123 Stat. 3040, provided in part: "That not later than March 31 of each fiscal year hereafter, the Administrator [of the Federal Aviation Administration] shall transmit to Congress a companion report that describes a comprehensive strategy for staffing, hiring, and training flight standards and aircraft certification staff in a format similar to the one utilized for the controller staffing plan, including stated attrition estimates and numerical hiring goals by fiscal year".

Pilot program for innovative financing of air traffic control equipment

"(a) In general.—In order to test the cost effectiveness and feasibility of long-term financing of modernization of major air traffic control systems, the Administrator of the Federal Aviation Administration may establish a pilot program to test innovative financing techniques through amending, subject to section 1341 of title 31, United States Code, a contract for more than one, but not more than 10, fiscal years to purchase and install air traffic control equipment for the Administration. Such amendments may be for more than one, but not more than 10, fiscal years.

"(b) Cancellation.—A contract described in subsection (a) may include a cancellation provision if the Administrator determines that such a provision is necessary and in the best interest of the United States. Any such provision shall include a cancellation liability that covers reasonable and allocable costs incurred by the contractor through the date of cancellation plus reasonable profit, if any, on those costs. Any such provision shall not apply if the contract is terminated by default of the contractor.

"(c) Contract provisions.—If feasible and practicable for the pilot program, the Administrator may make an advance contract provision to achieve economic lot purchases and more efficient production rates.

"(d) Limitation.—The Administrator may not amend a contract under this section until the program for the terminal automation replacement systems has been rebaseline in accordance with the acquisition management system of the Administration.

"(e) Annual reports.—At the end of each fiscal year during the term of the pilot program, the Administrator shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on how the Administrator has implemented in such fiscal year the pilot program, the number and types of contracts or contract amendments that are entered into under the program, and the program's cost effectiveness.

"(f) Funding.—Out of amounts appropriated under section 48101 [probably means section 48101 of title 49, United States Code] for fiscal year 2004, such sums as may be necessary shall be available to carry out this section.

Enhanced vision technologies

Pub. L. 106–181, title I, § 124, Apr. 5, 2000, 114 Stat. 75, provided that:

"(a) Study.—The Administrator [of the Federal Aviation Administration] shall enter into a cooperative research and development agreement to study the benefits of utilizing enhanced vision technologies to replace, enhance, or add to conventional airport approach and runway lighting systems.

"(b) Report.—Not later than 180 days after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a progress report on the work accomplished under the cooperative agreements detailing the evaluations performed to determine the potential of enhanced vision technology to meet the operational requirements of the intended application.

"(c) Certification.—Not later than 180 days after the conclusion of work under the research agreements, the Administrator shall transmit to Congress a report on the potential of enhanced vision technology to satisfy the operational requirements of the Federal Aviation Administration and a schedule for the development of performance standards for certification appropriate to the application of the enhanced vision technologies. If the Administrator certifies an enhanced vision technology as meeting such performance standards, the technology shall be treated as a navigation aid or other aid for purposes of section 47102(h)(1) of title 49, United States Code.

Transfer by airports of instrument landing systems and associated equipment to Federal Aviation Administration

Pub. L. 109–115, div. A, title I, § 101, Nov. 30, 2005, 119 Stat. 2401, which provided that airports may transfer to the Federal Aviation Administration (FAA) instrument landing systems (along with associated approach lighting equipment and runway visual range equipment) which conform to FAA design and performance specifications, the purchase of which was assisted by a Federal airport-aid program, airport development aid program or airport improvement program grant, provided that the FAA accept such equipment and operate and maintain it in accordance with agency criteria, was from the Transportation, Treasury, Housing and Urban Development, the Judiciary, and Independent Agencies Appropriations Act, 2006, and was not repeated in subsequent appropriation acts. Similar provisions were contained in the following prior appropriation acts:

Cost savings associated with purchase

Section 120(b) of Pub. L. 103–305 provided that: 

"Notwithstanding other provisions of law or regulations to
the contrary, the Administrator [of the Federal Aviation Administration] shall establish, within 120 days after the date of the enactment of this Act [Aug. 23, 1994], a process through which airport sponsors may take advantage of cost savings associated with the purchase and installation of instrument landing systems, along with associated equipment, under existing or future Federal Aviation Administration contracts. The process established by the Administrator may provide for the direct reimbursement (including administrative costs) of the Administrator by an airport sponsor using grants funds under subchapter I of chapter 471 of sub-title VII of title 49, United States Code, relating to airport improvement, for the ordering of such equipment and installation or for the direct ordering of such equipment and installation by an airport sponsor, using such grant funds, from the suppliers with which the Administrator has contracted.

GRANDFATHER PROVISION FOR FAA DEMONSTRATION PROJECT

Pub. L. 103-260, title IV, §401, May 26, 1994, 108 Stat. 702, provided that:

“(a) In general.—Notwithstanding the termination of the personnel demonstration project for certain Federal Aviation Administration employees on June 17, 1994, pursuant to section 4703 of title 5, United States Code, the Federal Aviation Administration, subject to subsection (d), shall continue to pay quarterly retention allowance payments in accordance with subsection (b) to those employees who are entitled to quarterly retention allowance payments under the personnel demonstration project as of June 16, 1994.

“(b) Computation rules.—

“(1) In general.—The amount of each quarterly retention allowance payment to which an employee is entitled under subsection (a) shall be the amount of the last quarterly retention allowance payment paid to such employee under the personnel demonstration project prior to June 17, 1994, reduced by that portion of the amount of any increase in the employee’s annual rate of basic pay subsequent to June 17, 1994, from any source, which is allocable to the quarter for which the allowance is to be paid (or, if applicable, to that portion of the quarter for which the allowance is to be paid). For purposes of the preceding sentence, the increase in an employee’s annual rate of basic pay includes—

“A) any increase under section 5303 of title 5, United States Code;

“B) any increase in locality-based comparability payments under section 5304 of such title 5 (except if, or to the extent that, such increase is offset by a reduction of an interim geographic adjustment under section 302 of the Federal Employees Pay Comparability Act of 1990 (5 U.S.C. 5304 note));

“C) any establishment or increase in a special rate of pay under section 5305 of such title 5;

“D) any increase in basic pay pursuant to a promotion under section 5334 of such title 5;

“E) any periodic step-increase under section 5335 of such title 5;

“F) any additional step-increase under section 5336 of such title 5; and

“G) any other increase in annual rate of basic pay under any other provision of law.

“(2) Section rule.—In the case of an employee on leave without pay or other similar status for any part of the quarter prior to June 17, 1994, based on which the amount of the allowance payments for such employee under subsection (a) are computed, the amount of the last quarterly retention allowance payment paid to such employee under the personnel demonstration project prior to June 17, 1994 shall, for purposes of paragraph (1), be deemed to be the amount of the allowance which would have been payable to such employee for such quarter under such project had such employee been in pay status throughout such quarter.

“(3) Duration.—An employee’s entitlement to quarterly retention allowance payments under this section shall cease when—

“(1) the amount of such allowance is reduced to zero under subsection (b), or

“(2) the employee separates or moves to a position in which the employee would not, prior to June 17, 1994, have been entitled to receive an allowance under the demonstration project, whichever is earlier.

“(d) Special Payment Rule.—The Administrator of the Federal Aviation Administration may make payment for the costs incurred under the program established by subsection (a) for the period between June 18, 1994, and September 30, 1994, following the end of the first full pay period that begins on or after October 1, 1994, subject to appropriations made available in fiscal year 1995.

“(e) Study of Recruitment and Retention Incentives.—The Administrator of the Federal Aviation Administration shall conduct a study of impediments that may exist to achieving appropriate air traffic controller staffing levels at hard-to-staff facilities. In conducting such study, the Administrator shall identify and evaluate the extent to which special incentives, of a financial or non-financial nature, could be useful in recruiting or retaining air traffic controllers at such facilities. The Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation of the House of Representatives not later than 180 days after the date of enactment of this Act [May 26, 1994] a report on (1) the results of such study, (2) planned administrative actions, and (3) any recommended legislation.”

§ 44503. Reducing nonessential expenditures

The Secretary of Transportation shall attempt to reduce the capital, operating, maintenance, and administrative costs of the national airport and airway system to the maximum extent practicable consistent with the highest degree of aviation safety. At least annually, the Secretary shall consult with and consider the recommendations of users of the system on ways to reduce nonessential expenditures of the United States Government for aviation. The Secretary shall give particular attention to a recommendation that may reduce, with no adverse effect on safety, future personnel requirements and costs to the Government required to be recovered from user charges.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1176.)

§ 44504. Improved aircraft, aircraft engines, propellers, and appliances

(a) DEVELOPMENTAL WORK AND SERVICE TESTING.—The Administrator of the Federal Aviation Administration may conduct or supervise developmental work and service testing to improve aircraft, aircraft engines, propellers, and appliances.

(b) RESEARCH.—The Administrator shall conduct or supervise research—

(1) to develop technologies and analyze information to predict the effects of aircraft de-
sign, maintenance, testing, wear, and fatigue on the life of aircraft, including nonstructural aircraft systems, and air safety;

(2) to develop methods of analyzing and improving aircraft maintenance technology and practices, including nondestructive evaluation of aircraft structures;

(3) to assess the fire and smoke resistance of aircraft material;

(4) to develop improved fire and smoke resistant material for aircraft interiors;

(5) to develop and improve fire and smoke containment systems for inflight aircraft fires;

(6) to develop advanced aircraft fuels with low flammability and technologies that will contain aircraft fuels to minimize post-crash fire hazards; and

(7) to develop technologies and methods to assess the risk of and prevent defects, failures, and malfunctions of products, parts, processes, and articles manufactured for use in aircraft, aircraft engines, propellers, and appliances that could result in a catastrophic failure of an aircraft.

(c) Authority To Buy Items Offering Special Advantages.—In carrying out this section, the Administrator, by negotiation or otherwise, may buy or exchange experimental aircraft, aircraft engines, propellers, and appliances that the Administrator decides may offer special advantages to aeronautics.

In this section, the word “Administrator” in section 312(b) of the Federal Aviation Act of 1968 (Public Law 85–736, 72 Stat. 732) is retained on authority of 49:1396(g).

In subsection (a), the words “to improve” are substituted for “. . . as tends to the creation of improved” to eliminate unnecessary words.

AMENDMENTS

EFFECTIVE DATE OF 2000 AMENDMENT

FAA CENTER FOR EXCELLENCE FOR APPLIED RESEARCH AND TRAINING IN THE USE OF ADVANCED MATERIALS IN TRANSPORT AIRCRAFT

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall develop a Center for Excellence focused on applied research and training on the durability and maintainability of advanced materials in transport airplane structures. The Center shall—

‘‘(1) promote and facilitate collaboration among academia, the Federal Aviation Administration’s Transportation Division, and the commercial aircraft industry, including manufacturers, commercial air carriers, and suppliers; and

‘‘(2) establish goals set to advance technology, improve engineering practices, and facilitate continuing education in relevant areas of study.

‘‘(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator $500,000 for fiscal year 2004 to carry out this section.’’

ROTORCRAFT RESEARCH AND DEVELOPMENT INITIATIVE

“(a) OBJECTIVE.—The Administrator of the Federal Aviation Administration shall establish a rotorcraft initiative with the objective of developing, and demonstrating in a relevant environment, within 10 years after the date of the enactment of this Act [Dec. 12, 2003], technologies to enable rotorcraft with the following improvements relative to rotorcraft existing as of the date of the enactment of this Act—

‘‘(1) 80 percent reduction in noise levels on takeoff and on approach and landing as perceived by a human observer.

‘‘(2) Factor of 10 reduction in vibration.

‘‘(3) 30 percent reduction in empty weight.

‘‘(4) Predicted accident rate equivalent to that of fixed-wing aircraft in commercial service within 10 years after the date of the enactment of this Act.

‘‘(5) Capability for zero-ceiling, zero-visibility operations.

“(b) IMPLEMENTATION.—Within 180 days after the date of the enactment of this Act [Dec. 12, 2003], the Administrator of the Federal Aviation Administration, in cooperation with the Administrator of the National Aeronautics and Space Administration, shall provide a plan to the Committee on Science [now Committee on Science and Technology] of the House of Representatives and to the Committee on Commerce, Science, and Transportation of the Senate for the implementation of the initiative described in subsection (a).”

SPECIALTY METALS CONSORTIUM

Pub. L. 108–181, title VII, §742, Apr. 5, 2000, 114 Stat. 175, provided that:

“(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] may work with a consortium of domestic metal producers and aircraft engine manufacturers to improve the quality of turbine engine materials and to address melting technology enhancements.

“(b) REPORT.—Not later than 6 months after entering into an agreement with a consortium described in subsection (a), the Administrator shall transmit to Congress a report on the goals and efforts of the consortium.”

§ 44505. Systems, procedures, facilities, and devices

(a) GENERAL REQUIREMENTS.—(1) The Administrator of the Federal Aviation Administration shall—
(A) develop, alter, test, and evaluate systems, procedures, facilities, and devices, and define their performance characteristics, to meet the needs for safe and efficient navigation and traffic control of civil and military aviation, except for needs of the armed forces that are peculiar to air warfare and primarily of military concern; and
(B) select systems, procedures, facilities, and devices that will best serve those needs and promote maximum coordination of air traffic control and air defense systems.

(2) The Administrator may make contracts to carry out this subsection without regard to section 3324(a) and (b) of title 31.

(3) When a substantial question exists under paragraph (1) of this subsection about whether a matter is of primary concern to the armed forces, the Administrator shall decide whether the Administrator or the Secretary of the appropriate military department has responsibility. The Administrator shall be given technical information related to each research and development project of the armed forces that potentially applies to, or potentially conflicts with, the common system to ensure that potential application to the common system is considered properly and that potential conflicts with the system are eliminated.

(b) RESEARCH ON HUMAN FACTORS AND SIMULATION MODELS.—The Administrator shall conduct or supervise research—
(1) to develop a better understanding of the relationship between human factors and aviation accidents and between human factors and air safety;
(2) to enhance air traffic controller, mechanic, and flight crew performance;
(3) to develop a human-factor analysis of the hazards associated with new technologies to be used by air traffic controllers, mechanics, and flight crews;
(4) to identify innovative and effective corrective measures for human errors that adversely affect air safety; and
(5) to develop dynamic simulation models of the air traffic control system and airport design and operating procedures that will provide analytical technology—
(A) to predict airport and air traffic control safety and capacity problems;
(B) to evaluate planned research projects; and
(C) to test proposed revisions in airport and air traffic control operations programs.

(c) RESEARCH ON DEVELOPING AND MAINTAINING A SAFE AND EFFICIENT SYSTEM.—The Administrator shall conduct or supervise research on—
(1) airspace and airport planning and design;
(2) airport capacity enhancement techniques;
(3) human performance in the air transportation environment;
(4) aviation safety and security;
(5) the supply of trained air transportation personnel, including pilots and mechanics; and
(6) other aviation issues related to developing and maintaining a safe and efficient air transportation system.

(d) COOPERATIVE AGREEMENTS.—The Administrator may enter into cooperative agreements on a cost-shared basis with Federal and non-Federal entities that the Administrator may select in order to conduct, encourage, and promote aviation research, engineering, and development, including the development of prototypes and demonstration models.

“(b) REPORT.—Within 1 year after the date of enactment of this Act [Dec. 12, 2003], the Administrator shall report the results of the review conducted under subsection (a) and the adjustments, if any, made on the basis of that review to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure and Committee on Science [now Committee on Science and Technology].”

USE OF RECYCLED MATERIALS
Pub. L. 106–181, title I, §157, Apr. 5, 2000, 114 Stat. 89, provided that:

“(a) STUDY.—The Administrator [of the Federal Aviation Administration] shall conduct a study of the use of recycled materials (including recycled pavements, waste materials, and byproducts) in pavement used for runways, taxiways, and aprons and the specification standards in tests necessary for the use of recycled materials in such pavement. The primary focus of the study shall be on the long-term physical performance, safety implications, and environmental benefits of using recycled materials in aviation pavement.

“(b) CONTRACTING.—The Administrator may carry out the study by entering into a contract with a university with expertise necessary to carry out the study.

“(c) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a report on the results of the study, together with recommendations concerning the use of recycled materials in aviation pavement.

“(d) FUNDING.—Of the amounts appropriated pursuant to section 106(k) of title 49, United States Code, not to exceed $1,500,000 may be used to carry out this section.”

AIRFIELD PAVEMENT CONDITIONS
Pub. L. 106–181, title I, §160, Apr. 5, 2000, 114 Stat. 90, provided that:

“(a) EVALUATION OF OPTIONS.—The Administrator [of the Federal Aviation Administration] shall evaluate options for improving the quality of information available to the Federal Aviation Administration on airfield pavement conditions for airports that are part of the national air transportation system, including:

“(1) improving the existing runway condition information contained in the airport safety data program by reviewing and revising rating criteria and providing increased training for inspectors;

“(2) requiring such airports to submit pavement condition index information as part of their airport master plan or as support in applications for airport improvement grants; and

“(3) requiring all such airports to submit pavement condition index information on a regular basis and using this information to create a pavement condition database that could be used in evaluating the cost-effectiveness of project applications and forecasting anticipated pavement needs.

“(b) REPORT TO CONGRESS.—Not later than 12 months after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit a report containing an evaluation of the options described in subsection (a) to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.”

PILOT PROGRAM TO PERMIT COST-SHARING OF AIR TRAFFIC MODERNIZATION PROJECTS
Pub. L. 106–181, title III, §304, Apr. 5, 2000, 114 Stat. 122, provided that:

“(a) PURPOSE.—It is the purpose of this section to improve aviation safety and enhance mobility of the Nation’s air transportation system by encouraging non-Federal investment on a pilot program basis in critical air traffic control facilities and equipment.

“(b) IN GENERAL.—Subject to the requirements of this section, the Secretary [of Transportation] shall carry out a pilot program under which the Secretary may make grants to project sponsors for not more than 10 eligible projects.

“(c) FEDERAL SHARE.—The Federal share of the cost of an eligible project carried out under the program shall not exceed 33 percent. The non-Federal share of the cost of an eligible project shall be provided from non-Federal sources, including revenues collected pursuant to section 40117 of title 49, United States Code.

“(d) LIMITATION ON GRANT AMOUNTS.—No eligible project may receive more than $15,000,000 under the program.

“(e) FUNDING.—The Secretary shall use amounts appropriated under section 48101(a) of title 49, United States Code, for fiscal years 2001 through 2003 to carry out the program.

“(f) DEFINITIONS.—In this section, the following definitions apply:

“(1) ELIGIBLE PROJECT.—The term ‘eligible project’ means a project relating to the Nation’s air traffic control system that is certified or approved by the Administrator [of the Federal Aviation Administration] and that promotes safety, efficiency, or mobility. Such projects may include—

“(A) airport-specific air traffic facilities and equipment, including local area augmentation systems, instrument landing systems, weather and wind shear detection equipment, lighting improvements, and control towers;

“(B) automation tools to effect improvements in airport capacity, including passive final approach spacing tools and traffic management advisory equipment; and

“(C) facilities and equipment that enhance airspace control procedures, including consolidation of terminal radar control facilities and equipment, or assist in en route surveillance, including oceanic and offshore flight tracking.

“(2) PROJECT SPONSOR.—The term ‘project sponsor’ means a public-use airport or a joint venture between a public-use airport and one or more air carriers.

“(3) TRANSFERS OF EQUIPMENT.—Notwithstanding any other provision of law, project sponsors may transfer, without consideration, to the Federal Aviation Administration, facilities, equipment, and automation tools, the purchase of which was assisted by a grant made under this section. The Administration shall accept such facilities, equipment, and automation tools, which shall thereafter be operated and maintained by the Administration in accordance with criteria of the Administrator.

“(4) GUIDELINES.—Not later than 90 days after the date of enactment of this Act [Apr. 5, 2000], the Administrator shall issue advisory guidelines on the implementation of the program.”

AIRCRAFT DISPATCHERS
Pub. L. 106–181, title V, §516, Apr. 5, 2000, 114 Stat. 145, provided that:

“(a) STUDY.—The Administrator [of the Federal Aviation Administration] shall conduct a study of the role of aircraft dispatchers in enhancing aviation safety.

“(b) CONTENTS.—The study shall include an assessment of whether or not aircraft dispatchers should be required for those operations not presently requiring aircraft dispatcher assistance, operational control issues related to the aircraft dispatching functions, and whether or not designation of positions within the Federal Aviation Administration for oversight of dispatchers would enhance aviation safety.

“(c) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Administrator shall transmit to Congress a report on the results of the study conducted under this section.”

OCCUPATIONAL INJURIES OF AIRPORT WORKERS
Pub. L. 106–181, title V, §520, Apr. 5, 2000, 114 Stat. 149, provided that:

“(a) STUDY.—The Administrator [of the Federal Aviation Administration] shall conduct a study to deter-
mine the number of persons working at airports who are injured or killed as a result of being struck by a moving vehicle while on an airport tarmac, the seriousness of the injuries to such persons, and whether or not reflective safety vests or other actions should be required to enhance the safety of such workers.

(b) REPORT.—Not later than 1 year after the date of the enactment of this Act (Apr. 5, 2000), the Administrator shall transmit to Congress a report on the results of the study conducted under this section.''

ALKALI SILICA REACTIVITY DISTRESS

Pub. L. 106–181, title VII, §783, Apr. 5, 2000, 114 Stat. 175, provided that:

(a) IN GENERAL.—The Administrator [of the Federal Aviation Administration] may conduct a study on the impact of alkali silica reactivity distress on airport runways and taxiways and the use of lithium salts and other alternatives for mitigation and prevention of such distress. The study shall include a determination based on in-the-field inspections followed by petrographic analysis or other similar techniques.

(b) AUTHORITY TO MAKE GRANTS.—The Administrator may carry out the study by making a grant to, or entering into a cooperative agreement with, a nonprofit organization for the conduct of all or a part of the study.

(c) REPORT.—Not later than 18 months after the date of initiation of the study under subsection (a), the Administrator shall transmit to Congress a report on the results of the study.''

RESEARCH PROGRAM TO IMPROVE AIRFIELD PAVEMENTS

(a) CONTINUATION OF PROGRAM.—The Administrator of the Federal Aviation Administration shall continue the program to consider awards to nonprofit concrete and asphalt pavement research foundations to improve the design, construction, rehabilitation, and repair of airfield pavements to aid in the development of safer, more cost effective, and more durable airfield pavements.

(b) USE OF GRANTS OR COOPERATIVE AGREEMENTS.—The Administrator may use grants or cooperative agreements in carrying out this section.

(c) STATUTORY CONSTRUCTION.—Nothing in this section requires the Administrator to prioritize an airfield pavement research program above safety, security, Flight 21, environment, or energy research programs.''

§ 44506. Air traffic controllers

(a) RESEARCH ON EFFECT OF AUTOMATION ON PERFORMANCE.—To develop the means necessary to establish appropriate selection criteria and training methodologies for the next generation of air traffic controllers, the Administrator of the Federal Aviation Administration shall conduct research to study the effect of automation on the performance of the next generation of air traffic controllers and the air traffic control system. The research shall include investigating—

1. methods for improving and accelerating future air traffic controller training through the application of advanced training techniques, including the use of simulation technology;
2. the role of automation in the air traffic control system and its physical and psychological effects on air traffic controllers;
3. the attributes and aptitudes needed to function well in a highly automated air traffic control system and the development of appropriate testing methods for identifying individuals with those attributes and aptitudes;
4. innovative methods for training potential air traffic controllers to enhance the benefits of automation and maximize the effectiveness of the air traffic control system; and
5. new technologies and procedures for exploiting automated communication systems, including Mode S Transponders, to improve information transfers between air traffic controllers and aircraft pilots.

(b) RESEARCH ON HUMAN FACTOR ASPECTS OF AUTOMATION.—The Administrators of the Federal Aviation Administration and National Aeronautics and Space Administration may make an agreement for the use of the National Aeronautics and Space Administration's unique human factor facilities and expertise in conducting research activities to study the human factor aspects of the highly automated environment for the next generation of air traffic controllers. The research activities shall include investigating—

1. human perceptual capabilities and the effect of computer-aided decision making on the workload and performance of air traffic controllers;
2. information management techniques for advanced air traffic control display systems; and
3. air traffic controller workload and performance measures, including the development of predictive models.

(c) COLLEGIATE TRAINING INITIATIVE.—(1) The Administrator of the Federal Aviation Administration may support the Collegiate Training Initiative program by making new agreements and continuing existing agreements with institutions of higher education (as defined by the Administrator) under which the institutions prepare students for the position of air traffic controller with the Department of Transportation (as defined in section 2109 of title 49). The Administrator may establish standards for the entry of institutions into the program and for their continued participation.

(2) (A) The Administrator of the Federal Aviation Administration may appoint an individual who has successfully completed a course of training in a program described in paragraph (1) of this subsection to the position of air traffic controller noncompetitively in the excepted service (as defined in section 2103 of title 5). An individual appointed under this paragraph serves at the pleasure of the Administrator, subject to section 7511 of title 5. However, an appointment under this paragraph may be converted from one in the excepted service to a career conditional or career appointment in the competitive civil service (as defined in section 2102 of title 5) when the individual achieves full...
performance level air traffic controller status, as decided by the Administrator.

(B) The authority under subparagraph (A) of this paragraph to make appointments in the excepted service expires on October 6, 1997, except that the Administrator of the Federal Aviation Administration may extend the authority for one or more successive one-year periods.

(d) STAFFING REPORT.—The Administrator of the Federal Aviation Administration shall submit annually to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

(1) the staffing standards used to determine the number of air traffic controllers needed to operate the air traffic control system of the United States;

(2) a 3-year projection of the number of controllers needed to be employed to operate the system to meet the standards; and

(3) a detailed plan for employing the controllers, including projected budget requests.

In subsections (a) and (b), the text of section § 8(a) and (b)(3) of the Aviation Safety Research Act of 1988 (Pub. L. 100–581, 102 Stat. 3015, 3016) and sections 601 and 602(3) of the National Aeronautics and Space Administration Authorization Act, Fiscal Year 1989 (Public Law 100–685, 102 Stat. 4002, 4103) is omitted as executed. In subsection (c), the words "institutions of higher education" are substituted for "post-secondary educational institutions" for consistency in the revised title.

AMENDMENTS

CONTROLLER STAFFING

Similar provisions were contained in the following prior appropriation acts:

"(a) ANNUAL REPORT.—Beginning with the submission of the Budget of the United States to the Congress for fiscal year 2005, the Administrator of the Federal Aviation Administration shall transmit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure that describes the overall air traffic controller staffing plan, including strategies to address anticipated retirement and replacement of air traffic controllers.

"(b) HUMAN CAPITAL WORKFORCE STRATEGY.—

"(1) DEVELOPMENT.—The Administrator shall develop a comprehensive human capital workforce strategy to determine the most effective method for addressing the need for more air traffic controllers that is identified in the June 2002 report of the General Accounting Office [now Government Accountability Office].

"(2) COMPLETION DATE.—Not later than 1 year after the date of enactment of this Act [Dec. 12, 2003], the Administrator shall complete development of the strategy.

"(3) REPORT.—Not later than 30 days after the date on which the strategy is completed, the Administrator shall transmit to Congress a report describing the strategy."

§ 44507. Civil aeromedical research

The Civil Aeromedical Institute established by section 106(j) of this title may—

(1) conduct civil aeromedical research, including research related to—

(A) the protection and survival of aircraft occupants;

(B) medical accident investigation and airman medical certification;

(C) toxicology and the effects of drugs on human performance;

(D) the impact of disease and disability on human performance;

(E) vision and its relationship to human performance and equipment design;

(F) human factors of flight crews, air traffic controllers, mechanics, inspectors, airway facility technicians, and other individuals involved in operating and maintaining aircraft and air traffic control equipment; and

(G) agency work force optimization, including training, equipment design, reduction of errors, and identification of candidate tasks for automation;

(2) make comments to the Administrator of the Federal Aviation Administration on human factors aspects of proposed air safety regulations;

(3) make comments to the Administrator on human factors aspects of proposed training programs, equipment requirements, standards, and procedures for aviation personnel;

(4) advise, assist, and represent the Federal Aviation Administration in the human factors aspects of joint projects between the Administration and the National Aeronautics and Space Administration, other departments, agencies, and instrumentalities of the United States Government, industry, and governments of foreign countries; and

(5) provide medical consultation services to the Administrator about medical certification of airmen.

§ 44508. Research advisory committee

(a) Establishment and Duties.—(1) There is a research advisory committee in the Federal Aviation Administration. The committee shall—
   (A) provide advice and recommendations to the Administrator of the Federal Aviation Administration about needs, objectives, plans, approaches, content, and accomplishments of the aviation research program carried out under sections 40119, 44504, 44505, 44507, 44511–44513, and 44912 of this title;
   (B) assist in ensuring that the research is coordinated with similar research being conducted outside the Administration;
   (C) review the operations of the regional centers of air transportation excellence established under section 44513 of this title; and
   (D) annually review the allocation made by the Administrator of the amounts authorized by section 4102(a) of this title among the major categories of research and development activities carried out by the Administration and provide advice and recommendations to the Administrator on whether such allocation is appropriate to meet the needs and objectives identified under subparagraph (A).

(2) The Administrator may establish subordinate committees to provide advice on specific areas of research conducted under sections 40119, 44504, 44505, 44507, 44511–44513, and 44912 of this title.

(b) Members, Chairman, Pay, and Expenses.—
   (1) The committee is composed of not more than 30 members appointed by the Administrator from among individuals who are not employees of the Administration and who are specially qualified to serve on the committee because of their education, training, or experience. In appointing members of the committee, the Administrator shall ensure that the regional centers of air transportation excellence, universities, corporations, associations, consumers, and other departments, agencies, and instrumentalities of the United States Government are represented.
   (2) The Administrator shall designate the chairman of the committee.
   (3) A member of the committee serves without pay. However, the Administrator may allow a member, when attending meetings of the committee or a subordinate committee, expenses as authorized under section 3703 of title 5.
   (c) Support Staff, Information, and Services.—The Administrator shall provide support staff for the committee. On request of the committee, the Administrator shall provide information, administrative services, and supplies that the Administrator considers necessary for the committee to carry out its duties and powers.

(d) Nonapplication.—Section 14 of the Federal Advisory Committee Act (5 App. U.S.C.) does not apply to the committee.

(e) Use and Limitation of Amounts.—(1) Not more than .1 percent of the amounts made available to conduct research under sections 40119, 44504, 44505, 44507, 44511–44513, and 44912 of this title may be used by the Administrator to carry out this section.

(2) A limitation on amounts available for obligation by or for the committee does not apply to amounts made available to carry out this section.

§ 44510. Airway science curriculum grants

(a) General Authority.—The Administrator of the Federal Aviation Administration may make competitive grant agreements with institutions of higher education having airway science curricula for the United States Government’s share of the allowable direct costs of the following categories of items to the extent that the items are in support of airway science curricula:

(1) the construction, purchase, or lease with an option to purchase, of buildings and associated facilities.

(2) Instructional material and equipment.

(b) Cost Guidelines.—The Administrator shall establish guidelines to determine the direct costs allowable under a grant to be made under this section.

(3) Inclusion of historically black institutions.—The Administrator may make grants to institutions of higher education having airway science curricula for the United States Government’s share of the allowable direct costs of a project assisted by a grant under this section only if the proposal for the grant is submitted in accordance with this section by an institution of higher education that includes one or more historically black institutions.

In subsection (a), before clause (1), the words “With appropriations made for the Airway Science Program, as authorized below in this section” are omitted as unnecessary because of section 48106 of the revised title.

§ 44511. Aviation research grants

(a) General Authority.—The Administrator of the Federal Aviation Administration may make grants to institutions of higher education and nonprofit research organizations to conduct aviation research in areas the Administrator considers necessary for the long-term growth of civil aviation.

(b) Applications.—An institution of higher education or nonprofit research organization interested in receiving a grant under this section may submit an application to the Administrator. The application must be in the form and contain the information the Administrator requires.

(c) Solicitation, Review, and Evaluation Process.—The Administrator shall establish a solicitation, review, and evaluation process that ensures—

(1) providing grants under this section for proposals having adequate merit and relevancy to the mission of the Administration;

(2) a fair geographical distribution of grants under this section; and

(3) the inclusion of historically black institutions of higher education and other minority nonprofit research organizations for grant consideration under this section.

(d) Records.—Each person receiving a grant under this section shall maintain records that the Administrator requires as being necessary to facilitate an effective audit and evaluation of the use of money provided under the grant.

(e) Annual Report.—The Administrator shall submit an annual report to the Committee on Science of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on carrying out this section.

(f) Airport Cooperative Research Program.—

(1) Establishment.—The Secretary of Transportation shall establish a 4-year pilot airport cooperative research program to—

(A) identify problems that are shared by airport operating agencies and can be solved through applied research but that are not being adequately addressed by existing Federal research programs; and

(B) fund research to address those problems.

(2) Governance.—The Secretary of Transportation shall appoint an independent governing board for the research program established under this subsection. The governing board shall be appointed from candidates nominated by national associations representing public airport operating agencies, airport executives, State aviation officials, and the scheduled airlines, and shall include representatives of appropriate Federal agencies. Section 14 of the Federal Advisory Committee Act shall not apply to the governing board.

(3) Implementation.—The Secretary of Transportation shall enter into an arrangement with the National Academy of Sciences to provide staff support to the governing board established under paragraph (2) and to carry out projects proposed by the governing board that the Secretary considers appropriate.

(4) Report.—Not later than 6 months after the expiration of the program under this subsection, the Secretary shall transmit to the Congress a report on the program, including recommendations as to the need for establishing a permanent airport cooperative research program.
In this section, the words “institutions of higher education” and “institution of higher education” are substituted for “colleges, universities”, “university, college”, and “colleges and universities” for consistency in the revised title.

In subsection (c), the words “providing grants” are substituted for “the funding”, the word “grants” is substituted for “grant funds”, and the words “grant consideration” are substituted for “funding consideration”, for consistency in the revised title.

In subsection (d), the words “money provided under the grant” are substituted for “grant funds” for consistency.

CHANGE OF NAME

Committee on Science of House of Representatives changed to Committee on Science and Technology of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007.

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

§ 44512. Catastrophic failure prevention research grants

(a) GENERAL AUTHORITY.—The Administrator of the Federal Aviation Administration may make grants to institutions of higher education and nonprofit research organizations—

(1) to conduct aviation research related to the development of technologies and methods to assess the risk of, and prevent, defects, failures, and malfunctions of products, parts, processes, and articles manufactured for use in aircraft, aircraft engines, propellers, and appliances that could result in a catastrophic failure of an aircraft; and

(2) to establish centers of excellence for continuing the research.

(b) SOLICITATION, APPLICATION, REVIEW, AND EVALUATION PROCESS.—The Administrator shall establish a solicitation, application, review, and evaluation process that ensures providing grants under this section for proposals having adequate merit and relevancy to the research described in subsection (a) of this section.

(5) the demonstrated ability of the applicant to disseminate results of air transportation research and educational programs through a statewide or regionwide continuing education program.

(6) the projects the applicant proposes to carry out under the grant.

(e) EXPENDITURE AGREEMENTS.—A grant may be made under this section in a fiscal year only if the recipient makes an agreement with the Administrator that the Administrator requires to ensure that the grantee will maintain its total expenditures from all other sources for establishing and operating the center and related research activities at a level at least equal to the average level of those expenditures in the 2 fiscal years of the recipient occurring immediately before November 5, 1990.

(f) GOVERNMENT’S SHARE OF COSTS.—The United States Government’s share of a grant under this section is 50 percent of the costs of establishing and operating the center and related research activities that the grant recipient carries out.

(g) ALLOCATING AMOUNTS.—The Administrator shall allocate amounts made available to carry out this section in a geographically fair way.

HISTORICAL AND REVISION NOTES

§ 44514. Flight service stations

(a) HOURS OF OPERATION.—(1) The Secretary of Transportation may close, or reduce the hours of operation of, a flight service station in an area only if the service provided in the area after the closing or during the hours the station is not in operation is provided by an automated flight service station with at least model 1 equipment.

(2) The Secretary shall reopen a flight service station closed after March 24, 1987, but before July 15, 1987, as soon as practicable if the service in the area in which the station is located has not been provided since the closing by an automatic flight service station with at least model 1 equipment. The hours of operation for the reopened station shall be the same as were the hours of operation for the station on March 25, 1987. After reopening the station, the Secretary may close, or reduce the hours of operation of the station only as provided in paragraph (1) of this subsection.

(b) MANNED AUXILIARY STATIONS.—The Secretary and the Administrator of the Federal Aviation Administration shall establish a system of manned auxiliary flight service stations.

The manned auxiliary flight service stations shall supplement the services of the planned consolidation to 61 automated flight service stations under the flight service station modernization program. A manned auxiliary flight service station shall be located in an area of unique weather or operational conditions that are critical to the safety of flight.

HISTORICAL AND REVISION NOTES

§ 44515. Advanced training facilities for maintenance technicians for air carrier aircraft

(a) GENERAL AUTHORITY.—The Administrator of the Federal Aviation Administration may make grants to not more than 4 vocational technical educational institutions to acquire or construct facilities to be used for the advanced training of maintenance technicians for air carrier aircraft.

(b) ELIGIBILITY.—The Administrator may make a grant under this section to a vocational technical educational institution only if the institution has a training curriculum that prepares aircraft maintenance technicians who hold airframe and power plant certificates under subpart D of part 65 of title 14, Code of Federal Regulations, to maintain, without direct supervision, air carrier aircraft.

(c) LIMITATION.—A vocational technical educational institution may not receive more than a total of $5,000,000 in grants under this section.

HISTORICAL AND REVISION NOTES
“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall ensure that the training standards for airframe and powerplant mechanics under part 65 of title 14, Code of Federal Regulations, are updated and revised in accordance with this section. The Administrator may update and revise the training standards through the initiation of a formal rulemaking or by issuing an advisory circular or other agency guidance.

“(b) ELEMENTS FOR CONSIDERATION.—The updated and revised standards required under subsection (a) shall include those curriculum adjustments that are necessary to more accurately reflect current technology and maintenance practices.

“(c) CERTIFICATION.—Any adjustment or modification of current curriculum standards made pursuant to this section shall be reflected in the certification examinations of airframe and powerplant mechanics.

“(d) COMPLETION.—The revised and updated training standards required by subsection (a) shall be completed not later than 12 months after the date of enactment of this Act [Dec. 12, 2003].

“(e) PERIODIC REVIEWS AND UPDATES.—The Administrator shall review the content of the curriculum standards for training airframe and powerplant mechanics referred to in subsection (a) every 3 years after completion of the revised and updated training standards required under subsection (a) as necessary to reflect current technology and maintenance practices.”

**Improved Training for Airframe and Powerplant Mechanics**

Pub. L. 106–181, title V, §517, Apr. 5, 2000, 114 Stat. 145, provided that: “The Administrator [of the Federal Aviation Administration] shall form a partnership with industry and labor to develop a model program to improve the curricula, teaching methods, and quality of instructors for training individuals that need certification as airframe and powerplant mechanics.”

**§ 44516. Human factors program**

(a) **Human factors training.**—

(1) **Air traffic controllers.**—The Administrator of the Federal Aviation Administration shall—

(A) address the problems and concerns raised by the National Research Council in its report “The Future of Air Traffic Control” on air traffic control automation; and

(B) respond to the recommendations made by the National Research Council.

(2) **Pilots and flight crews.**—The Administrator shall work with representatives of the aviation industry and appropriate aviation programs or by or with universities to develop specific training curricula to address critical safety problems, including problems of pilots—

(A) in recovering from loss of control of an aircraft, including handling unusual attitudes and mechanical malfunctions;

(B) in deviating from standard operating procedures, including inappropriate responses to emergencies and hazardous weather;

(C) in awareness of altitude and location relative to terrain to prevent controlled flight into terrain; and

(D) in landing and approaches, including nonprecision approaches and go-around procedures.

(b) **Test program.**—The Administrator shall establish a test program in cooperation with air carriers to use model Jeppesen approach plates or other similar tools to improve precision-like landing approaches for aircraft.

(c) **Report.**—Not later than 1 year after the date of the enactment of this section, the Administrator shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the status of the Administration’s efforts to encourage the adoption and implementation of advanced qualification programs for air carriers under this section.

(d) **Advanced qualification program defined.**—In this section, the term “advanced qualification program” means an alternative method for qualifying, training, certifying, and ensuring the competency of flight crews and other commercial aviation operations personnel subject to the training and evaluation requirements of parts 121 and 135 of title 14, Code of Federal Regulations.

**References in Text**

The date of the enactment of this section, referred to in subsec. (c), is the date of enactment of Pub. L. 106-181, which was approved Apr. 5, 2000.

**Effective Date**

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106-181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

**§ 44517. Program to permit cost sharing of air traffic modernization projects**

(a) **In general.**—Subject to the requirements of this section, the Secretary may carry out a program under which the Secretary may make grants to project sponsors for not more than 10 eligible projects per fiscal year for the purpose of improving aviation safety and enhancing mobility of the Nation’s air transportation system by encouraging non-Federal investment in critical air traffic control equipment and software.

(b) **Federal share.**—The Federal share of the cost of an eligible project carried out under the program shall not exceed 33 percent. The non-Federal share of the cost of an eligible project shall be provided from non-Federal sources, including revenues collected pursuant to section 4017.

(c) **Limitation on grant amounts.**—No eligible project may receive more than $5,000,000 in Federal funds under the program.

(d) **Funding.**—The Secretary shall use amounts appropriated under section 4010(a) to carry out the program.

(e) **Definitions.**—In this section, the following definitions apply:

(1) **Eligible project.**—The term “eligible project” means a project to purchase equipment or software relating to the Nation’s air traffic control system that is certified or approved by the Administrator of the Federal Aviation Administration that promotes safety, efficiency, or mobility. Such projects may include—

(A) airport-specific air traffic facilities and equipment, including local area aug-

AMENDMENTS

§ 44701. General requirements
(a) PROMOTING SAFETY.—The Administrator of the Federal Aviation Administration shall promote safe flight of civil aircraft in air commerce by prescribing—
(1) minimum standards required in the interest of safety for appliances and for the design, material, construction, quality of work, and performance of aircraft, aircraft engines, and propellers; and
(2) regulations and minimum standards in the interest of safety for—
(A) inspecting, servicing, and overhauling aircraft, aircraft engines, propellers, and appliances;
(B) equipment and facilities for, and the timing and manner of, the inspecting, servicing, and overhauling; and
(C) a qualified private person, instead of an officer or employee of the Administrator, to examine and report on the inspecting, servicing, and overhauling;
(3) regulations required in the interest of safety for the reserve supply of aircraft, aircraft engines, propellers, appliances, and aircraft fuel and oil, including the reserve supply of fuel and oil carried in flight;
(4) regulations in the interest of safety for the maximum hours or periods of service of airmen and other employees of air carriers; and
(5) regulations and minimum standards for other practices, methods, and procedures the Administrator finds necessary for safety in air commerce and national security.

(b) PRESCRIBING MINIMUM SAFETY STANDARDS.—The Administrator may prescribe minimum safety standards for—
(1) an air carrier to whom a certificate is issued under section 44705 of this title; and
(2) operating an airport serving any passenger operation of air carrier aircraft designed for at least 31 passenger seats.

(c) REDUCING AND ELIMINATING ACCIDENTS.—The Administrator shall carry out this chapter
in a way that best tends to reduce or eliminate the possibility or recurrence of accidents in air transportation. However, the Administrator is not required to give preference either to air transportation or to other air commerce in carrying out this chapter.

(d) Considerations and Classification of Regulations and Standards.—When prescribing a regulation or standard under subsection (a) or (b) of this section or any of sections 44702–44716 of this title, the Administrator shall—

(1) consider—
   (A) the duty of an air carrier to provide service with the highest possible degree of safety in the public interest; and
   (B) differences between air transportation and other air commerce; and

(2) classify a regulation or standard appropriate to the differences between air transportation and other air commerce.

(e) Bilateral Exchanges of Safety Oversight Responsibilities.—

(1) In General.—Notwithstanding the provisions of this chapter, the Administrator, pursuant to Article 83 bis of the Convention on International Civil Aviation and by a bilateral agreement with the aeronautical authorities of another country, may exchange with that country all or part of their respective functions and duties with respect to registered aircraft under the following articles of the Convention: Article 12 (Rules of the Air); Article 31 (Certificates of Airworthiness); or Article 32a (Licenses of Personnel).

(2) Relinquishment and Acceptance of Responsibility.—The Administrator relinquishes responsibility with respect to the functions and duties transferred by the Administrator as specified in the bilateral agreement, under the Articles listed in paragraph (1) for United States-registered aircraft described in paragraph (4)(A) transferred abroad and accepts responsibility with respect to registered aircraft under those Articles for United States-registered aircraft described in paragraph (4)(B) that are transferred to the United States.

(3) Conditions.—The Administrator may predicate, in the agreement, the transfer of functions and duties under this subsection on any conditions the Administrator deems necessary and prudent, except that the Administrator may not transfer responsibilities for United States registered aircraft described in paragraph (4)(A) to a country that the Administrator determines is not in compliance with its obligations under international law for the safety oversight of civil aviation.

(4) Registered Aircraft Defined.—In this subsection, the term “registered aircraft” means—

(A) aircraft registered in the United States and operated pursuant to an agreement for the lease, charter, or interchange of the aircraft or any similar arrangement by an operator that has its principal place of business in the United States; or

(B) aircraft registered in a foreign country and operated under an agreement for the

lease, charter, or interchange of the aircraft or any similar arrangement by an operator that has its principal place of business or, if it has no such place of business, its permanent residence in the United States.

(f) Exemptions.—The Administrator may grant an exemption from a requirement of a regulation prescribed under subsection (a) or (b) of this section or any of sections 44702–44716 of this title if the Administrator finds the exemption is in the public interest.

In this section, the word “Administrator” in sections 601(a)–(c) and 604 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 775, 778) is retained on authority of 49:106(g).

In subsection (a), before clause (1), the words “is empowered and it . . . be his duty to” and “and revising from time to time” are omitted as surplus. In clause (1), the words “as may be” are omitted as surplus. In clauses (2)–(5), the words “Reasonable” and “reason- able” are omitted as surplus and the word “rules” is omitted as being synonymous with “regulations”. In clause (5), the words “to provide adequately” are omitted as surplus.

In subsection (b)(1), the words “the operation of” are omitted as surplus. The words “under section 4705 of this title” are added for clarity.

In subsection (b)(2), the words “scheduled or unsched- uled” are omitted as surplus.

In subsection (c), the words “carry out” are substituted for “exercise and perform his powers and duties under”, and the words “in carrying out” are substituted for “in the administration and enforcement of”, for consistency and to eliminate unnecessary words.

In subsection (d), before clause (1), the word “rules” is omitted as being synonymous with “regulations”. In clause (1), before subclause (A), the word “full” is omitted as surplus. In clause (1)(A), the word “provide” is substituted for “perform” for consistency in the revised title.
In subsection (e), the words "from time to time" are omitted as surplus. The word "rule" is omitted as being synonymous with "regulation".

"(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration shall establish a special task force to be known as the FAA Task Force on Air Carrier Safety and Pilot Training (in this section referred to as the "Task Force").

"(b) COMPOSITION.—The Task Force shall consist of members appointed by the Administrator and shall include air carrier representatives, labor union representatives, and aviation safety experts with knowledge of foreign and domestic regulatory requirements for flight crewmember education and training.

"(c) DUTIES.—The duties of the Task Force shall include, at a minimum, evaluating best practices in the air carrier industry and providing recommendations in the following areas:

"(1) Air carrier management responsibilities for flight crewmember education and support.

"(2) Flight crewmember professional standards.

"(3) Flight crewmember training standards and performance.

"(4) Mentoring and information sharing between air carriers.

"(d) REPORT.—Not later than one year after the date of enactment of this Act [Aug. 1, 2010], and before the last day of each one-year period thereafter until termination of the Task Force, the Task Force shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report detailing—

"(1) the progress of the Task Force in identifying best practices in the air carrier industry;

"(2) the progress of air carriers and labor unions in implementing the best practices identified by the Task Force;

"(3) recommendations of the Task Force, if any, for legislative or regulatory actions;

"(4) the progress of air carriers and labor unions in implementing training-related, nonregulatory actions recommended by the Administrator; and

"(5) the progress of air carriers in developing specific programs to share safety data and ensure implementation of the most effective safety practices.

"(e) TERMINATION.—The Task Force shall terminate on September 30, 2012.

"SEC. 205. AVIATION SAFETY INSPECTORS AND OPERATIONAL RESEARCH ANALYSTS.

"(a) REVIEW BY DOT INSPECTOR GENERAL.—Not later than 9 months after the date of enactment of this Act [Aug. 1, 2010], the Inspector General of the Department of Transportation shall conduct a review of the aviation safety inspectors and operational research analysts of the Federal Aviation Administration assigned to part 121 air carriers and submit to the Administrator of the Federal Aviation Administration a report on the results of the review.

"(b) PURPOSES.—The purpose of the review shall be, at a minimum—

"(1) to review the level of the Administration's oversight of each part 121 air carrier;

"(2) to make recommendations to ensure that each part 121 air carrier is receiving an equivalent level of oversight;

"(3) to assess the number and level of experience of aviation safety inspectors assigned to each part 121 air carrier;

"(4) to evaluate how the Administration is making assignments of aviation safety inspectors to each part 121 air carrier;

"(5) to review various safety inspector oversight programs, including the geographic inspector program;

"(6) to evaluate the adequacy of the number of operational research analysts assigned to each part 121 air carrier;

"(7) to evaluate the surveillance responsibilities of aviation safety inspectors, including en route inspections;
"(8) to evaluate whether inspectors are able to effectively use data sources, such as the Safety Performance Analysis System and the Air Transportation Oversight System, to assist in targeting oversight of each part 121 air carrier;

"(9) to assess the feasibility of establishment by the Administration of a comprehensive repository of information that encompasses multiple Administration data sources and allows access by aviation safety inspectors and operational research analysts to assist in the oversight of each part 121 air carrier; and

"(10) to conduct such other analyses as the Inspector General considers relevant to the review.

"SEC. 206. FLIGHT CREWMEMBER MENTORING, PROFESSIONAL DEVELOPMENT, AND LEADERSHIP.

"(a) AVIATION RULEMAKING COMMITTEE.—

"(1) IN GENERAL.—The Administrator of the Federal Aviation Administration shall convene an aviation rulemaking committee to develop procedures for each part 121 air carrier to take the following actions:

"(A) Establish flight crewmember mentoring programs under which the air carrier will pair highly experienced flight crewmembers who will serve as mentor pilots and be paired with newly employed flight crewmembers. Mentor pilots should be provided, at a minimum, specific instruction on techniques for instilling and reinforcing the highest standards of technical performance, airmanship, and professionalism in newly employed flight crewmembers.

"(B) Establish flight crewmember professional development committees made up of air carrier management and labor union or professional association representatives to develop, administer, and oversee formal mentoring programs of the carrier to assist flight crewmembers to reach their maximum potential as safe, seasoned, and proficient flight crewmembers.

"(C) Establish or modify training programs to accommodate substantially different levels and types of flight experience by newly employed flight crewmembers.

"(D) Establish or modify training programs for second-in-command flight crewmembers attempting to qualify as pilot-in-command flight crewmembers.

"(E) Ensure that recurrent training for pilots in command includes leadership and command training.

"(F) Such other actions as the aviation rulemaking committee determines appropriate to enhance flight crewmember professional development.

"(2) COMPLIANCE WITH STERILE COCKPIT RULE.—Leadership and command training described in paragraphs (1)(D) and (1)(E) shall include instruction on compliance with flight crewmember duties under part 121.542 of title 14, Code of Federal Regulations.

"(3) STICK PUSHER TRAINING AND WEATHER EVENT TRAINING.—

"(1) MULTIDISCIPLINARY PANEL.—Not later than 120 days after the date of enactment of this Act, the Administrator shall convene a multidisciplinary panel of specialists in aircraft operations, flight crewmember training, human factors, and aviation safety to study and submit to the Administrator a report on methods to increase the familiarity of flight crewmembers with, and improve the response of flight crewmembers to, stick pusher systems, icing conditions, and microburst and windshear weather events.

"(2) REPORT TO CONGRESS AND NTSB.—Not later than one year after the date on which the Administrator convenes the panel, the Administrator shall—

"(A) submit to the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the National Transportation Safety Board a report based on the findings of the panel; and

"(B) with respect to stick pusher systems, initiate appropriate actions to implement the recommendations of the panel.

"(c) DEFINITIONS.—In this section, the following definitions apply:

"(1) FLIGHT TRAINING AND FLIGHT SIMULATOR.—The terms ‘flight training’ and ‘flight simulator’ have the meanings given those terms in part 61.1 of title 14, Code of Federal Regulations (or any successor regulation).
"(2) STALL.—The term ‘stall’ means an aerodynamic loss of lift caused by exceeding the critical angle of attack.

(3) STICK PUSHER.—The term ‘stick pusher’ means a device that, at or near a stall, applies a nose down pitch force to an aircraft’s control columns to attempt to decrease the aircraft’s angle of attack.

(4) UPSET.—The term ‘upset’ means an unusual aircraft attitude.

SEC. 209. FAA RULEMAKING ON TRAINING PROGRAMS.

(a) COMPLETION OF RULEMAKING ON TRAINING PROGRAMS.—Not later than 14 months after the date of enactment of this Act [Aug. 1, 2010], the Administrator of the Federal Aviation Administration shall issue a final rule with respect to the notice of proposed rulemaking published in the Federal Register on January 12, 2009 (74 Fed. Reg. 1280; relating to training programs for flight crewmembers and aircraft dispatchers).

(b) EXPERT PANEL TO REVIEW PART 121 AND PART 135 TRAINING HOURS.

(1) ESTABLISHMENT.—Not later than 60 days after the date of enactment of this Act, the Administrator shall convene a multidisciplinary expert panel comprised of—

(A) pilots, including the local pilot leadership;

(B) flight crewmembers of part 121 and part 135 air carriers;

(C) flight crewmembers of part 135 air carriers to master aircraft systems, maneuvers, procedures, takeoffs and landings, and crew coordination;

(D) initial and recurrent testing requirements for pilots, including the rigor and consistency of testing programs such as check rides;

(E) the optimal length of time between training events for such flight crewmembers, including recurrent training events;

(F) the best methods reliably to evaluate mastery by such flight crewmembers of aircraft systems, maneuvers, procedures, takeoffs and landings, and crew coordination;

(G) classroom instruction requirements governing curriculum content and hours of instruction; and

(H) the best methods to allow specific academic training courses to be credited toward the total flight hours required to receive an airline transport pilot certificate; and

(2) CONTENTS OF PLAN.

(A) Current flight time and duty period limitations.

(B) A rest scheme consistent with such limitations that enables the management of pilot fatigue, including annual training to increase awareness of—

(i) fatigue;

(ii) the effects of fatigue on pilots; and

(iii) fatigue countermeasures.

(C) Development and use of a methodology that continually assesses the effectiveness of the program, including the ability of the program—

(i) to improve alertness; and

(ii) to mitigate performance errors.

(D) The impact of functioning in multiple time zones or on different daily schedules.

(E) Research conducted on fatigue, sleep, and circadian rhythms.

(F) Sleep and rest requirements recommended by the National Transportation Safety Board and the National Aeronautics and Space Administration.

(G) International standards regarding flight schedules and duty periods.

(H) Alternative procedures to facilitate alertness in the cockpit.

(1) Scheduling and attendance policies and practices, including sick leave and personal leave.

(I) Rest environments.

(J) Any other matters the Administrator considers appropriate.

(3) RULEMAKING.—The Administrator shall issue—

(A) not later than 180 days after the date of enactment of this Act [Aug. 1, 2010], a notice of proposed rulemaking under paragraph (1); and

(B) not later than one year after the date of enactment of this Act, a final rule under paragraph (1).

(4) PLANS UPDATES.—A part 121 air carrier shall update its fatigue risk management plan under paragraph (1) every 3 years and submit the update to the Administrator for review and acceptance.

(5) REVIEW.—Not later than 12 months after the date of submission of a plan update under subpara-
§ 44701

The Administrator shall review and accept or reject the update. If the Administrator rejects an update, the Administrator shall provide suggested modifications for resubmission of the update.

(5) COMPLIANCE.—A part 121 air carrier shall comply with the fatigue risk management plan of the air carrier that is accepted by the Administrator under this subsection.

(6) CIVIL PENALTIES.—A violation of this subsection by a part 121 air carrier shall be treated as a violation of chapter 463 of title 49, United States Code, for purposes of the application of civil penalties under chapter 483 of that title.

(7) EFFECT OF COMPLIANCE ON FATIGUE.—

(1) IN GENERAL.—Not later than 60 days after the date of enactment of this Act, the Administrator shall enter into arrangements with the National Academy of Sciences to conduct a study of the effects of commuting on pilot fatigue and report its findings to the Administrator.

(2) STUDY.—In conducting the study, the National Academy of Sciences shall consider—

(A) the prevalence of pilot commuting in the commercial air carrier industry, including the number and percentage of pilots who commute;

(B) information relating to commuting by pilots, including distances traveled, time zones crossed, time spent, and methods used;

(C) research on the impact of commuting on pilot fatigue, sleep, and circadian rhythms;

(D) commuting policies of commercial air carriers (including passenger and all-cargo air carriers), including pilot check-in requirements and sick leave and fatigue policies;

(E) postconference materials from the Federal Aviation Administration’s June 2008 symposium titled ‘Aviation Fatigue Management Symposium: Partnerships for Solutions’;

(F) Federal Aviation Administration and international policies and guidance regarding commuting; and

(G) any other matters as the Administrator considers appropriate.

(3) PRELIMINARY FINDINGS.—Not later than 120 days after the date of entering into arrangements under paragraph (1), the National Academy of Sciences shall submit to the Administrator its preliminary findings under the study.

(4) REPORT.—Not later than 9 months after the date of entering into arrangements under paragraph (1), the National Academy of Sciences shall submit a report to the Administrator containing its findings under the study and any recommendations for regulatory or administrative actions by the Federal Aviation Administration concerning commuting by pilots.

(5) IMPLEMENTATION OF THE REPORT RECOMMENDATIONS.—Following receipt of the report of the National Academy of Sciences under paragraph (4), the Administrator shall—

(A) consider the findings and recommendations in the report; and

(B) update, as appropriate based on scientific data, regulations required by subsection (a) on flight and duty time.

(6) CIVIL PENALTIES.—

(A) a list of such programs the carrier is not using; and

(B) the voluntary safety programs each air carrier is using;

(C) if an air carrier is not using one or more of the voluntary safety programs—

(1) a list of such programs the carrier is not using; and

(2) the reasons the carrier is not using each such program;

(3) if an air carrier is using one or more of the voluntary safety programs, an explanation of the benefits and challenges of using each such program;

(4) a detailed analysis of how the Administration is using data derived from each of the voluntary safety programs as safety analysis and accident or incident prevention tools and a detailed plan on how the Administration intends to expand data analysis of such programs;

(5) an explanation of—

(A) where the data derived from the voluntary safety programs is stored;

(B) how the data derived from such programs is protected and secured; and

(C) what data analysis processes air carriers are implementing to ensure the effective use of the data derived from such programs;

(6) a description of the extent to which aviation safety inspectors are able to review data derived from the voluntary safety programs to enhance their oversight responsibilities;

(7) a description of how the Administration plans to incorporate operational trends identified under the voluntary safety programs into the air transport oversight system and other surveillance databases so that such system and databases are more effectively utilized;

(8) other plans to strengthen the voluntary safety programs, taking into account reviews of such programs by the Inspector General of the Department of Transportation; and

(9) such other matters as the Administrator determines are appropriate.

(7) ASAP AND FOQA IMPLEMENTATION PLAN.—The Administrator of the Federal Aviation Administration shall develop and implement a plan to facilitate the establishment of an aviation safety action program and a flight operational quality assurance program by all part 121 air carriers.

(8) STUDY.—In developing the plan under subsection (a), the Administrator shall consider—

(A) the prevalence of pilot commuting in the commercial air carrier industry, including the number and percentage of pilots who commute;

(B) information relating to commuting by pilots, including distances traveled, time zones crossed, time spent, and methods used;

(C) research on the impact of commuting on pilot fatigue, sleep, and circadian rhythms;

(D) commuting policies of commercial air carriers (including passenger and all-cargo air carriers), including pilot check-in requirements and sick leave and fatigue policies;

(E) postconference materials from the Federal Aviation Administration’s June 2008 symposium titled ‘Aviation Fatigue Management Symposium: Partnerships for Solutions’;

(F) Federal Aviation Administration and international policies and guidance regarding commuting; and

(G) any other matters as the Administrator considers appropriate.

(9) PRELIMINARY FINDINGS.—Not later than 120 days after the date of entering into arrangements under paragraph (1), the National Academy of Sciences shall submit to the Administrator its preliminary findings under the study.

(10) REPORT.—Not later than 9 months after the date of entering into arrangements under paragraph (1), the National Academy of Sciences shall submit a report to the Administrator containing its findings under the study and any recommendations for regulatory or administrative actions by the Federal Aviation Administration concerning commuting by pilots.

(11) IMPLEMENTATION OF THE REPORT RECOMMENDATIONS.—Following receipt of the report of the National Academy of Sciences under paragraph (10), the Administrator shall—

(A) consider the findings and recommendations in the report; and

(B) update, as appropriate based on scientific data, regulations required by subsection (a) on flight and duty time.

(12) CIVIL PENALTIES.—

(A) a list of such programs the carrier is not using; and

(B) the voluntary safety programs each air carrier is using;

(C) if an air carrier is not using one or more of the voluntary safety programs—

(1) a list of such programs the carrier is not using; and

(2) the reasons the carrier is not using each such program;

(3) if an air carrier is using one or more of the voluntary safety programs, an explanation of the benefits and challenges of using each such program;

(4) a detailed analysis of how the Administration is using data derived from each of the voluntary safety programs as safety analysis and accident or incident prevention tools and a detailed plan on how the Administration intends to expand data analysis of such programs;

(5) an explanation of—

(A) where the data derived from the voluntary safety programs is stored;

(B) how the data derived from such programs is protected and secured; and

(C) what data analysis processes air carriers are implementing to ensure the effective use of the data derived from such programs;

(6) a description of the extent to which aviation safety inspectors are able to review data derived from the voluntary safety programs to enhance their oversight responsibilities;

(7) a description of how the Administration plans to incorporate operational trends identified under the voluntary safety programs into the air transport oversight system and other surveillance databases so that such system and databases are more effectively utilized;

(8) other plans to strengthen the voluntary safety programs, taking into account reviews of such programs by the Inspector General of the Department of Transportation; and

(9) such other matters as the Administrator determines are appropriate.

SEC. 214. ASAP AND FOQA IMPLEMENTATION PLAN.—The Administrator of the Federal Aviation Administration shall develop and implement a plan to facilitate the establishment of an aviation safety action program and a flight operational quality assurance program by all part 121 air carriers.

(b) MATTERS TO BE CONSIDERED.—In developing the plan under subsection (a), the Administrator shall consider—

(1) how the Administration can assist part 121 air carriers with smaller fleet sizes to derive a benefit from establishing a flight operational quality assurance program;

(2) how part 121 air carriers with established aviation safety action program and flight operational quality assurance programs can quickly begin to report data into the aviation safety information analysis sharing database; and

(3) how part 121 air carriers and aviation safety inspectors can better utilize data from such database as accident and incident prevention tools.

(c) REPORT.—Not later than 180 days after the date of enactment of this Act [Aug. 1, 2010], the Administrator shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the aviation safety action program, the flight operational quality assurance program, the line operations safety audit, and the advanced qualification program.

(d) DEADLINE FOR BEGINNING IMPLEMENTATION OF PLAN.—Not later than one year after the date of enactment of this Act, the Administrator shall begin implementation of the plan developed under subsection (a).

SEC. 215. SAFETY MANAGEMENT SYSTEMS.—

(a) RULEMAKING.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking
proceeding to require all part 121 air carriers to implement a safety management system.

(b) Matters To Consider.—In conducting the rulemaking proceeding under subsection (a), the Administrator shall consider, at a minimum, including each of the following as a part of the safety management system:

1. An aviation safety action program.
2. A flight operational quality assurance program.
3. A line operations safety audit.
4. An advanced qualification program.

(c) Deadlines.—The Administrator shall issue—

(1) not later than 90 days after the date of enactment of this Act [Aug. 1, 2010], a notice of proposed rulemaking under subsection (a); and
(2) not later than 24 months after the date of enactment of this Act, a final rule under subsection (a).

(d) Safety Management System Defined.—In this section, the term "safety management system" means the program established by the Federal Aviation Administration in Advisory Circular 120-92, dated June 22, 2006, including any subsequent revisions thereto.

SEC. 216. FLIGHT CREWMEMBER SCREENING AND QUALIFICATIONS.

(a) REQUIREMENTS.—

(1) RULEMAKING PROCEEDING.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require part 121 air carriers to develop and implement means and methods for ensuring that flight crewmembers have proper qualifications and experience.

(b) MINIMUM REQUIREMENTS.—

(A) PROSPECTIVE FLIGHT CREWMEMBERS.—Rules issued under paragraph (1) shall ensure that prospective flight crewmembers undergo comprehensive preemployment screening, including an assessment of the skills, aptitudes, airmanship, and suitability of each applicant for a position as a flight crewmember in terms of functioning effectively in the air carrier's operational environment.

(B) ALL FLIGHT CREWMEMBERS.—Rules issued under paragraph (1) shall ensure that, after the date that is 3 years after the date of enactment of this Act [Aug. 1, 2010], all flight crewmembers—

(1) have obtained an airline transport pilot certificate under part 61 of title 14, Code of Federal Regulations; and
(2) have appropriate multi-engine aircraft flight experience, as determined by the Administrator.

(c) DEADLINES.—The Administrator shall issue—

(1) not later than 180 days after the date of enactment of this Act, a notice of proposed rulemaking under subsection (a); and
(2) not later than 24 months after such date of enactment, a final rule under subsection (a).

(d) DEFAULT.—The requirement that each flight crewmember for a part 121 air carrier hold an airline transport pilot certificate under part 61 of title 14, Code of Federal Regulations, shall begin to apply on the date established under this section.

(e) NONCOMPLIANCE.—In the event of noncompliance, the Administrator may allow such credits to be applied to an individual's job requirements; and

(f) REPORT.—Not later than 36 months after the date of enactment of this Act [Aug. 1, 2010], the Administrator shall issue a final rule under subsection (a).

FAA INSPECTOR TRAINING

(a) STUDY.—The Comptroller General shall conduct a study of the training of the aviation safety inspectors of the Federal Aviation Administration (in this section referred to as "FAA inspectors").

(b) CONTENTS.—The study shall include—

(1) an analysis of the type of training provided to FAA inspectors;
(2) actions that the Federal Aviation Administration has undertaken to ensure that FAA inspectors receive up-to-date training on the latest technologies;
(3) the extent of FAA inspector training provided by the aviation industry and whether such training is provided without charge or on a quid pro quo basis; and
(4) the amount of travel that is required of FAA inspectors in receiving training.

(c) REPORT.—Not later than 1 year after the date of enactment of this Act [Dec. 12, 2003], the Comptroller General shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study.

(d) SENSE OF THE HOUSE.—It is the sense of the House of Representatives that—

(1) FAA inspectors should be encouraged to take the most up-to-date initial and recurrent training on the latest aviation technologies;
(2) FAA inspector training should have a direct relation to an individual's job requirements; and
(3) if possible, a FAA inspector should be allowed to take training at the location most convenient for the inspector.

(e) WORKLOAD OF INSPECTORS.—

(1) STUDY BY NATIONAL ACADEMY OF SCIENCES.—Not later than 90 days after the date of enactment of this
Act [Dec. 12, 2003], the Administrator of the Federal Aviation Administration shall make appropriate arrangements for the National Academy of Sciences to conduct a study of the assumptions and methods used by the Federal Aviation Administration to estimate staffing standards for FAA inspectors to ensure proper oversight over the aviation industry, including the designee program.

"(2) CONTENTS.—The study shall include the following:

(A) A suggested method of modifying FAA inspectors staffing models for application to current local conditions or applying some other approach to developing an objective staffing standard.

(B) The approximate cost and length of time for developing such models.

"(3) REPORT.—Not later than 12 months after the initiation of the arrangements under subsection (a), the National Academy of Sciences shall transmit to Congress a report on the results of the study.

AIR TRANSPORTATION OVERSIGHT SYSTEM

Pub. L. 106–181, title V, § 513, Apr. 5, 2000, 114 Stat. 144, provided that:

"(a) REPORT.—Not later than August 1, 2000, the Administrator [of the Federal Aviation Administration] shall transmit to the Committee on Commerce, Science, and Transportation of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the progress of the Federal Aviation Administration in implementing the air transportation oversight system, including in detail the training of inspectors under the system, the number of inspectors using the system, air carriers subject to the system, and the budget for the system.

"(b) REQUIRED CONTENTS.—At a minimum, the report shall indicate—

(1) any funding or staffing constraints that would adversely impact the Administration’s ability to continue to develop and implement the air transportation oversight system;

(2) progress in integrating the aviation safety data derived from such system’s inspections with existing aviation data of the Administration in the safety performance analysis system of the Administration; and

(3) the Administration’s efforts in collaboration with the aviation industry to develop and validate safety performance measures and appropriate risk weightings for such system.

"(c) UPDATE.—Not later than August 1, 2002, the Administrator shall update the report submitted under this section and transmit the updated report to the committees referred to in subsection (a)."

REGULATION OF ALASKA GUIDE PILOTS

"(a) IN GENERAL.—Beginning on the date of the enactment of this Act [Apr. 5, 2000], flight operations conducted by Alaska guide pilots shall be regulated under the general operating and flight rules applicable to the pilot.

(1) flight operations conducted by Alaska guide pilots shall be regulated under the general operating and flight rules applicable to the pilot.

(2) CONTENTS OF RULES.—A final rule issued by the Administrator under paragraph (1) shall require Alaska guide pilots—

(A) to operate aircraft inspected no less often than after 125 hours of flight time;

(B) to participate in an annual flight review, as described in section 61.56 of title 14, Code of Federal Regulations;

(C) to have at least 500 hours of flight time as a pilot;

(D) to have a commercial rating, as described in subpart F of part 61 of such title;

(E) to hold at least a second-class medical certificate, as described in subpart C of part 67 of such title;

(F) to hold a current letter of authorization issued by the Administrator; and

(G) to take such other actions as the Administrator determines necessary for safety.

"(3) CONSIDERATION.—In making a determination to impose a requirement under paragraph (2)(G), the Administrator shall take into account the unique conditions associated with air travel in the State of Alaska to ensure that such requirements are not unduly burdensome.

"(c) DEFINITIONS.—In this section, the following definitions apply:

(1) LETTER OF AUTHORIZATION.—The term ‘letter of authorization’ means a letter issued by the Administrator once every 5 years to an Alaska guide pilot certifying that the pilot is in compliance with general operating and flight rules applicable to the pilot.

In the case of a multi-pilot operation, at the election of the operating entity, a letter of authorization may be issued by the Administrator to the entity or to each Alaska guide pilot employed by the entity.

(2) ALASKA GUIDE PILOT.—The term ‘Alaska guide pilot’ means a pilot who—

(A) conducts aircraft operations over or within the State of Alaska;

(B) operates single engine, fixed-wing aircraft on floats, wheels, or skis, providing commercial hunting, fishing, or other guide services and related accommodations in the form of camps or lodges; and

(C) transports clients by such aircraft incidental to hunting, fishing, or other guide services.

AVIATION MEDICAL ASSISTANCE

"SECTION 1. SHORT TITLE.

"This Act may be cited as the ‘Aviation Medical Assistance Act of 1998’.

"SEC. 2. MEDICAL KIT EQUIPMENT AND TRAINING.

"Not later than 1 year after the date of the enactment of this Act [Apr. 24, 1998], the Administrator of the Federal Aviation Administration shall reevaluate regulations regarding—(1) the equipment required to be carried in medical kits of aircraft operated by air carriers; and (2) the training required of flight attendants in the use of such equipment, and, if the Administrator determines that such regulations should be modified as a result of such reevaluation, shall issue a notice of proposed rulemaking to modify such regulations.

"SEC. 3. REPORTS REGARDING DEATHS ON AIRCRAFT.

"(a) IN GENERAL.—During the 1-year period beginning on the 90th day following the date of the enactment of this Act [Apr. 24, 1998], a major air carrier shall make a good faith effort to obtain, and shall submit quarterly reports to the Administrator of the Federal Aviation Administration on, the following:

(1) The number of persons who died on aircraft of the air carrier, including any person who was declared dead after being removed from such an aircraft as a result of a medical incident that occurred on such aircraft.

(2) The age of each such person.

(3) Any information concerning cause of death that is available at the time such person died on the aircraft or is removed from the aircraft or that subsequently becomes known to the air carrier.

(4) Whether or not the aircraft was diverted as a result of the death or incident.

(5) Such other information as the Administrator may request as necessary to aid in a decision as to whether or not to require automatic external defibrillators in airports or on aircraft operated by air carriers, or both.
automatic external defibrillators should be required—
automatic external defibrillators on passenger aircraft
operated by air carriers and whether or not to require
shall make a decision on whether or not to require
Administrator of the Federal Aviation Administration
last day of the 1-year period described in section 3, the
shall be in the form of a notice of proposed rulemaking
requiring automatic external defibrillators in airports
or on passenger aircraft operated by air carriers, or
requiring such defibrillators or a notice in the Federal
Register that such defibrillators should not be required
in airports or on such aircraft. If a decision under this
section is in the form of a notice of proposed rule-
making, the Administrator shall make a final decision
not later than the 120th day following the date on
which comments are due on the notice of proposed rule-
making.
(c) CONTENTS.—If the Administrator decides that
automatic external defibrillators should be required—
(1) on passenger aircraft operated by air carriers,
the proposed rulemaking or recommendation shall in-
clude—
(A) the size of the aircraft on which such de-
fibrillators should be required;
(B) the class flights (whether interstate, over-
seas, or foreign air transportation or any combina-
tion thereof) on which such defibrillators should be
required;
(C) the training that should be required for air-
carrier personnel in the use of such defibrillators;
and
(D) the associated equipment and medication
that should be required to be carried in the aircraft
medical kit; and
(2) at airports, the proposed rulemaking or recom-
mandation shall include—
(A) the size of the airport at which such de-
fibrillators should be required;
(B) the training that should be required for air-
port personnel in the use of such defibrillators;
and
(C) the associated equipment and medication
that should be required at the airport.
(d) LIMITATION.—The Administrator may not require
automatic external defibrillators on helicopters and on
aircraft with a maximum payload capacity (as defined
in section 119.3 of title 14, Code of Federal Regulations)
of 7,500 pounds or less.
(e) SPECIAL RULE.—If the Administrator decides that
automatic external defibrillators should be re-
quired at airports, the proposed rulemaking or recom-
mandation shall provide that the airports are respon-
sible for providing the defibrillators.
SEC. 5. LIMITATIONS ON LIABILITY
(a) LIABILITY OF AIR CARRIERS.—An air carrier shall
not be liable for damages in any action brought in a
Federal or State court arising out of the performance of
the air carrier in obtaining or attempting to obtain
the assistance of a passenger in an in-flight medical
emergency, or out of the acts or omissions of the pas-
enger rendering the assistance, if the passenger is not
an employee or agent of the carrier and the carrier in
good faith believes that the passenger is a medically
qualified individual.
(b) LIABILITY OF INDIVIDUALS.—An individual shall
not be liable for damages in any action brought in a
Federal or State court arising out of the acts or omissions
of the individual in providing or attempting to
provide assistance in the case of an in-flight medical
efficiency unless the individual, while rendering such
assistance, is guilty of gross negligence or willful mis-
conduct.
SEC. 6. DEFINITIONS.
In this Act—
"(1) the terms 'air carrier', 'aircraft', 'airport',
'interstate air transportation', 'overseas air transpor-
tation', and 'foreign air transportation' have the
meanings such terms have under section 40102 of title
49, United States Code;
"(2) the term 'major air carrier' means an air car-
rrier certified under section 4102 of title 49, United
States Code, that accounted for at least 1 percent of
domestic scheduled-passenger revenues in the 12
months ending March 31 of the most recent year pre-
ceding the date of the enactment of this Act (Apr. 24,
1996), as reported to the Department of Transpor-
transportation pursuant to part 241 of title 14 of the Code
of Federal Regulations; and
"(3) the term 'medically qualified individual' in-
cludes any person who is licensed, certified, or other-
wise qualified to provide medical care in a State, in-
cluding a physician, nurse, physician assistant, para-
medic, and emergency medical technician.''
§ 44702. Issuance of certificates
(a) GENERAL AUTHORITY AND APPLICATIONS.—
The Administrator of the Federal Aviation Ad-
ministration may issue airman certificates, de-
sign organization certificates, type certificates,
production certificates, airworthiness certifi-
cates, air carrier operating certificates, airport
operating certificates, air agency certificates,
and air navigation facility certificates under
this chapter. An application for a certificate
must—
(1) be under oath when the Administrator re-
quires; and
(2) be in the form, contain information, and
be filed and served in the way the Adminis-
trator prescribes.
(b) CONSIDERATIONS.—When issuing a certifi-
cate under this chapter, the Administrator shall—
(1) consider—
(A) the duty of an air carrier to provide service
with the highest possible degree of
safety in the public interest; and
(B) differences between air transportation
and other air commerce; and
(2) classify a certificate according to the dif-
fferences between air transportation and other
air commerce.
(c) PRIOR CERTIFICATION.—The Administrator
may authorize an aircraft, aircraft engine, pro-
peller, or appliance for which a certificate has
been issued authorizing the use of the aircraft,
aircraft engine, propeller, or appliance in air
transportation to be used in air commerce with-
out another certificate being issued.
(d) DELEGATION.—(1) Subject to regulations,
supervision, and review the Administrator may
prescribe, the Administrator may delegate to a
qualified private person, or to an employee
under the supervision of that person, a matter
related to—
(A) the examination, testing, and inspection
necessary to issue a certificate under this chapter; and
(B) issuing the certificate.
(2) The Administrator may rescind a dele-
gation under this subsection at any time for any
reason the Administrator considers appropriate.
(3) A person affected by an action of a private
person under this subsection may apply for re-
consideration of the action by the Adminis-
On the Administrator's own initiative, the Administrator may reconsider the action of a private person at any time. If the Administrator decides on reconsideration that the action is unreasonable or unwarranted, the Administrator shall change, modify, or reverse the action. If the Administrator decides the action is warranted, the Administrator shall affirm the action.

In this section, the word "Administrator" in sections 601(b), 606(a), 608(a)(1), 604(a), 606 (last sentence), 607 (last sentence), and 608 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 775, 776, 778, 779) is retained on authority of 49:106(g).

In subsection (a), the reference to a type certificate and production certificate is added for clarity.

In subsection (b)(1), before clause (A), the word "full" is omitted as surplus. In clause (1)(A), the word "provide" is substituted for "perform" for consistency in the revised title.

In subsection (d)(1), before clause (A), the words "exercising the powers and duties vested in him by this chapter" and "properly" are omitted as surplus. The words "or employees" are omitted because of 1:1. The word "matter" is substituted for "work, business, or function" to eliminate unnecessary words. In clause (B), the words "in accordance with standards established by him" are omitted as surplus.

In subsection (d)(2), the words "made by him" are omitted as surplus.

In subsection (d)(3), the words "exercising delegated authority" and "with respect to the authority granted under subsection (a) of this section" are omitted as surplus. The words "at any time" are substituted for "either before or after it has become effective", and the words "If the Administrator decides on reconsideration that the action is unreasonable or unwarranted" are substituted for "If, upon reconsideration by the Secretary of Transportation, it shall appear that the action in question is in any respect unjust or unwarranted", to eliminate unnecessary words. The words "the action" are substituted for "the same accordingly", and the words "If the Administrator decides on reconsideration that the action is warranted, the Administrator shall affirm the action" are substituted for "otherwise, such action shall be affirmed"; for clarity. The text of 49 App.:1355(b) (proviso) is omitted as unnecessary because of 5:559 (last sentence).

### Amendments

Effective Date of 2003 Amendment

Pub. L. 108–176, title II, §227(a), Dec. 12, 2003, 117 Stat. 2531, provided that the amendment made by section 227(a) is effective on the last day of the 7-year period beginning on Dec. 12, 2003.

### Development of Analytical Tools and Certification Methods

Pub. L. 108–176, title VII, §706, Dec. 12, 2003, 117 Stat. 2582, provided that: "The Federal Aviation Administration shall conduct research to promote the development of analytical tools to improve existing certification methods and to reduce the overall costs for the certification of new products."

### § 44703. Airman certificates

(a) GENERAL.—The Administrator of the Federal Aviation Administration shall issue an airman certificate to an individual when the Administrator finds, after investigation, that the individual is qualified for, and physically able to perform the duties related to, the position to be authorized by the certificate. (b) CONTENTS.—(1) An airman certificate shall—

(A) be numbered and recorded by the Administrator of the Federal Aviation Administration;

(B) contain the name, address, and description of the individual to whom the certificate is issued;

(C) contain terms the Administrator decides are necessary to ensure safety in air commerce, including terms on the duration of the certificate, periodic or special examinations, and tests of physical fitness;

(D) specify the capacity in which the holder of the certificate may serve as an airman with respect to an aircraft; and

(E) designate the class the certificate covers.

(2) A certificate issued to a pilot serving in scheduled air transportation shall have the designation "airline transport pilot" of the appropriate class.

(c) Public Information.—

(1) In general.—Subject to paragraph (2) and notwithstanding any other provision of law, the information contained in the records of contents of any airman certificate issued under this section that is limited to an air-
man’s name, address, and ratings held shall be made available to the public after the 120th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century.

(2) OPPORTUNITY TO WITHHOLD INFORMATION.—Before making any information concerning an airman available to the public under paragraph (1), the airman shall be given an opportunity to elect that the information not be made available to the public.

(3) DEVELOPMENT AND IMPLEMENTATION OF PROGRAM.—Not later than 60 days after the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, the Administrator shall develop and implement, in cooperation with representatives of the aviation industry, a one-time written notification to airmen to set forth the implications of making information concerning an airman available to the public under paragraph (1) and to carry out paragraph (2). The Administrator shall also provide such written notification to each individual who becomes an airman after such date of enactment.

(d) APPEALS.—(1) An individual whose application for the issuance or renewal of an airman certificate has been denied may appeal the denial to the National Transportation Safety Board, except if the individual holds a certificate that—
   (A) is suspended at the time of denial; or
   (B) was revoked within one year from the date of the denial.

   (2) The Board shall conduct a hearing on the appeal at a place convenient to the place of residence or employment of the applicant. The Board is not bound by findings of fact of the Administrator of the Federal Aviation Administration but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law. At the end of the hearing, the Board shall decide whether the individual meets the applicable regulations and standards. The Administrator is bound by that decision.

(e) RESTRICTIONS AND PROHIBITIONS.—The Administrator of the Federal Aviation Administration may—

   (1) restrict or prohibit issuing an airman certificate to an alien; or
   (2) make issuing the certificate to an alien dependent on a reciprocal agreement with the government of a foreign country.

(f) CONTROLLED SUBSTANCE VIOLATIONS.—The Administrator of the Federal Aviation Administration may not issue an airman certificate to an individual whose certificate is revoked under section 44710 of this title except—

   (1) when the Administrator decides that issuing the certificate will facilitate law enforcement efforts; and
   (2) as provided in section 44710(e)(2) of this title.

(g) MODIFICATIONS IN SYSTEM.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for issuing airman certificates necessary to make the system more effective in serving the needs of airmen and officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)) and related to combating acts of terrorism. The modifications shall ensure positive and verifiable identification of each individual applying for or holding a certificate and shall address at least each of the following deficiencies in, and abuses of, the existing system:

   (A) the use of fictitious names and addresses by applicants for those certificates.
   (B) the use of stolen or fraudulent identification in applying for those certificates.
   (C) the use by an applicant of a post office box or “mail drop” as a return address to evade identification of the applicant’s address.
   (D) the use of counterfeit and stolen airman certificates by pilots.
   (E) the absence of information about physical characteristics of holders of those certificates.

   (2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

   (3) For purposes of this section, the term “acts of terrorism” means an activity that involves a violent act or an act dangerous to human life that is a violation of the criminal laws of the United States or of any State, or that would be a criminal violation if committed within the jurisdiction of the United States or of any State, and appears to be intended to intimidate or coerce a civilian population to influence the policy of a government by intimidation or coercion or to affect the conduct of a government by assassination or kidnapping.

   (4) The Administrator is authorized and directed to work with State and local authorities, and other Federal agencies, to assist in the identification of individuals applying for or holding airman certificates.

(h) RECORDS OF EMPLOYMENT OF PILOT APPLICANTS.—(1) IN GENERAL.—Subject to paragraph (14), before allowing an individual to begin service as a pilot, an air carrier shall request and receive the following information:

   (A) FAA RECORDS.—From the Administrator of the Federal Aviation Administration, records pertaining to the individual that are maintained by the Administrator concerning—

      (i) current airman certificates (including airman medical certificates) and associ-
(ii) summaries of legal enforcement actions resulting in a finding by the Administrator of a violation of this title or a regulation prescribed or order issued under this title that was not subsequently overturned.

(B) AIR CARRIER AND OTHER RECORDS.—From any air carrier or other person (except a branch of the United States Armed Forces, the National Guard, or a reserve component of the United States Armed Forces) that has employed the individual as a pilot of a civil or public aircraft at any time during the 5-year period preceding the date of the employment application of the individual, or

(i) records pertaining to the individual that are maintained by an air carrier (other than records relating to flight time, duty time, or rest time) under regulations set forth in—

(I) section 121.683 of title 14, Code of Federal Regulations; (II) paragraph (A) of section VI, appendix I, part 121 of such title; (III) paragraph (A) of section IV, appendix J, part 121 of such title; (IV) section 125.401 of such title; and (V) section 135.63(a)(4) of such title; and

(ii) other records pertaining to the individual's performance as a pilot that are maintained by the air carrier or person concerning—

(I) the training, qualifications, proficiency, or professional competence of the individual, including comments and evaluations made by a check airman designated in accordance with section 121.411, 125.295, or 135.337 of such title; (II) any disciplinary action taken with respect to the individual that was not subsequently overturned; and (III) any release from employment or resignation, termination, or disqualification with respect to employment.

(C) NATIONAL DRIVER REGISTER RECORDS.—In accordance with section 39305(b)(8) of this title, from the chief driver licensing official of a State, information concerning the motor vehicle driving record of the individual.

(2) WRITTEN CONSENT; RELEASE FROM LIABILITY.—An air carrier making a request for records under paragraph (1),

(A) shall be required to obtain written consent to the release of those records from the individual that is the subject of the records requested; and

(B) may, notwithstanding any other provision of law or agreement to the contrary, require the individual who is the subject of the records to request to execute a release from liability for any claim arising from the furnishing of such records to or the use of such records by such air carrier (other than a claim arising from furnishing information known to be false and maintained in violation of a criminal statute).

(3) 5-YEAR REPORTING PERIOD.—A person shall not furnish a record in response to a request made under paragraph (1) if the record was entered more than 5 years before the date of the request, unless the information concerns a revocation or suspension of an airman certificate or motor vehicle license that is in effect on the date of the request.

(4) REQUIREMENT TO MAINTAIN RECORDS.—The Administrator and air carriers shall maintain pilot records described in paragraphs (1)(A) and (1)(B) for a period of at least 5 years.

(5) RECEIPT OF CONSENT; PROVISION OF INFORMATION.—A person shall not furnish a record in response to a request made under paragraph (1) without first obtaining a copy of the written consent of the individual who is the subject of the records requested; except that, for purposes of paragraph (15), the Administrator may allow an individual designated by the Administrator to accept and maintain written consent on behalf of the Administrator for records requested under paragraph (1)(A). A person who receives a request for records under this subsection shall furnish a copy of all of such requested records maintained by the person not later than 30 days after receiving the request.

(6) RIGHT TO RECEIVE NOTICE AND COPY OF ANY RECORD FURNISHED.—A person who receives a request for records under paragraph (1) shall provide to the individual who is the subject of the records—

(A) on or before the 20th day following the date of receipt of the request, written notice of the request and of the individual's right to receive a copy of such records; and (B) in accordance with paragraph (10), a copy of such records, if requested by the individual.

(7) REASONABLE CHARGES FOR PROCESSING REQUESTS AND FURNISHING COPIES.—A person who receives a request under paragraph (1) or (6) may establish a reasonable charge for the cost of processing the request and furnishing copies of the requested records.

(8) STANDARD FORMS.—The Administrator shall promulgate—

(A) standard forms that may be used by an air carrier to request records under paragraph (1); and (B) standard forms that may be used by an air carrier to—

(i) obtain the written consent of the individual who is the subject of a request under paragraph (1); and (ii) inform the individual of— (I) the request; and (II) the individual right of that individual to receive a copy of any records furnished in response to the request.

(9) RIGHT TO CORRECT INACCURACIES.—An air carrier that maintains or requests and receives the records of an individual under paragraph (1) shall provide the individual with a reasonable opportunity to submit written comments to correct any inaccuracies con-
tained in the records before making a final hiring decision with respect to the individual.

(10) RIGHT OF PILOT TO REVIEW CERTAIN RECORDS.—Notwithstanding any other provision of law or agreement, an air carrier shall, upon written request from a pilot who is or has been employed by such carrier, make available, within a reasonable time, but not later than 30 days after the date of the request, to the pilot for review, any and all employment records referred to in paragraph (1)(B)(i) or (ii) pertaining to the employment of the pilot.

(11) PRIVACY PROTECTIONS.—An air carrier that receives the records of an individual under paragraph (1) may use such records only to assess the qualifications of the individual in deciding whether or not to hire the individual as a pilot. The air carrier shall take such actions as may be necessary to protect the privacy of the pilot and the confidentiality of the records, including ensuring that information contained in the records is not divulged to any individual that is not directly involved in the hiring decision.

(12) PERIODIC REVIEW.—Not later than 18 months after the date of the enactment of the Pilot Records Improvement Act of 1996, and at least once every 3 years thereafter, the Administrator shall transmit to Congress a statement that contains, taking into account recent developments in the aviation industry—

(A) recommendations by the Administrator concerning proposed changes to Federal Aviation Administration records, air carrier records, and other records required to be furnished under subparagraphs (A) and (B) of paragraph (1); or

(B) reasons why the Administrator does not recommend any proposed changes to the records referred to in subparagraph (A).

(13) REGULATIONS.—The Administrator shall prescribe such regulations as may be necessary—

(A) to protect—

(i) the personal privacy of any individual whose records are requested under paragraph (1) and disseminated under paragraph (15); and

(ii) the confidentiality of those records;

(B) to preclude the further dissemination of records received under paragraph (1) by the person who requested those records; and

(C) to ensure prompt compliance with any request made under paragraph (1).

(14) SPECIAL RULES WITH RESPECT TO CERTAIN PILOTS.—

(A) PILOTS OF CERTAIN SMALL AIRCRAFT.—Notwithstanding paragraph (1), an air carrier, before receiving information requested about an individual under paragraph (1), may allow the individual to begin service for a period not to exceed 90 days as a pilot of an aircraft with a maximum payload capacity (as defined in section 119.3 of title 14, Code of Federal Regulations) of 7,500 pounds or less, or a helicopter, on a flight that is not a scheduled operation (as defined in such section). Before the end of the 90-day period, the air carrier shall obtain and evaluate such information. The contract between the carrier and the individual shall contain a term that provides that the continuation of the individual’s employment, after the last day of the 90-day period, depends on a satisfactory evaluation.

(B) GOOD FAITH EXCEPTION.—Notwithstanding paragraph (1), an air carrier, without obtaining information about an individual under paragraph (1)(B) from an air carrier or other person that no longer exists or from a foreign government or entity that employed the individual, may allow the individual to begin service as a pilot if the air carrier required to request the information has made a documented good faith attempt to obtain such information.

(15) ELECTRONIC ACCESS TO FAA RECORDS.—For the purpose of increasing timely and efficient access to Federal Aviation Administration records described in paragraph (1), the Administrator may allow, under terms established by the Administrator, an individual designated by the air carrier to have electronic access to a specified database containing information about such records. The terms shall limit such access to instances in which information in the database is required by the designated individual in making a hiring decision concerning a pilot applicant and shall require that the designated individual provide assurances satisfactory to the Administrator that information obtained using such access will not be used for any purpose other than making the hiring decision.

(16) APPLICABILITY.—This subsection shall cease to be effective on the date specified in regulations issued under subsection (i).

(i) FAA PILOT RECORDS DATABASE.—

(1) IN GENERAL.—Before allowing an individual to begin service as a pilot, an air carrier shall access and evaluate, in accordance with the requirements of this subsection, information pertaining to the individual from the pilot records database established under paragraph (2).

(2) PILOT RECORDS DATABASE.—The Administrator shall establish an electronic database (in this subsection referred to as the “database”) containing the following records:

(A) FAA RECORDS.—From the Administrator—

(i) records that are maintained by the Administrator concerning current airman certificates, including airman medical certificates and associated type ratings and information on any limitations to those certificates and ratings;

(ii) records that are maintained by the Administrator concerning any failed attempt of an individual to pass a practical test required to obtain a certificate or type rating under part 61 of title 14, Code of Federal Regulations; and

(iii) summaries of legal enforcement actions resulting in a finding by the Administrator of a violation of this title or a regulation prescribed or order issued under this title that was not subsequently overturned.

(ii) records that are maintained by the Administrator concerning current airman certificates, including airman medical certificates and associated type ratings and information on any limitations to those certificates and ratings;

(iii) records that are maintained by the Administrator concerning any failed attempt of an individual to pass a practical test required to obtain a certificate or type rating under part 61 of title 14, Code of Federal Regulations; and

(iv) summaries of legal enforcement actions resulting in a finding by the Administrator of a violation of this title or a regulation prescribed or order issued under this title that was not subsequently overturned.
§ 44703

(B) AIR CARRIER AND OTHER RECORDS.—
From any air carrier or other person (except a branch of the Armed Forces, the National Guard, or a reserve component of the Armed Forces) that has employed an individual as a pilot of a civil or public aircraft, or from the trustee in bankruptcy for the air carrier or person—

(i) records pertaining to the individual that are maintained by the air carrier (other than records relating to flight time, duty time, or rest time) or person, including records under regulations set forth in—

(I) section 121.683 of title 14, Code of Federal Regulations;

(II) section 121.111(a) of such title;

(III) section 121.219(a) of such title;

(IV) section 125.401 of such title; and

(V) section 135.69(a)(4) of such title; and

(ii) other records pertaining to the individual’s performance as a pilot that are maintained by the air carrier or person concerning—

(I) the training, qualifications, proficiency, or professional competence of the individual, including comments and evaluations made by a check airman designated in accordance with section 121.411, 125.295, or 135.337 of such title;

(II) any disciplinary action taken with respect to the individual that was not subsequently overturned; and

(III) any release from employment or resignation, termination, or disqualification with respect to employment.

(C) NATIONAL DRIVER REGISTER RECORDS.—
In accordance with section 30305(b)(8) of this title, from the chief driver licensing official of a State, information concerning the motor vehicle driving record of the individual.

(3) WRITTEN CONSENT, RELEASE FROM LIABILITY.—An air carrier—

(A) shall obtain the written consent of an individual before accessing records pertaining to the individual under paragraph (1); and

(B) may, notwithstanding any other provision of law or agreement to the contrary, require an individual with respect to whom the carrier is accessing records under paragraph (1) to execute a release from liability for any claim arising from accessing the records or the use of such records by the air carrier in accordance with this section (other than a claim arising from furnishing information known to be false and maintained in violation of a criminal statute).

(4) REPORTING.—

(A) REPORTING BY ADMINISTRATOR.—The Administrator shall enter data described in paragraph (2)(B) and (2)(C) to the Administrator promptly for entry into the database.

(B) REPORTING BY AIR CARRIERS AND OTHER PERSONS.—

(i) IN GENERAL.—Air carriers and other persons shall report data described in paragraphs (2)(B) and (2)(C) to the Administrator promptly for entry into the database.

(ii) DATA TO BE REPORTED.—Air carriers and other persons shall report, at a minimum, under clause (i) the following data described in paragraph (2)(B):

(I) Records that are generated by the air carrier or other person after the date of enactment of this paragraph.

(II) Records that the air carrier or other person is maintaining, on such date of enactment, pursuant to subsection (h)(4).

(5) REQUIREMENT TO MAINTAIN RECORDS.—The Administrator—

(A) shall maintain all records entered into the database under paragraph (2) pertaining to an individual until the date of receipt of notification that the individual is deceased; and

(B) may remove the individual’s records from the database after that date.

(6) RECEIPT OF CONSENT.—The Administrator shall not permit an air carrier to access records pertaining to an individual from the database under paragraph (1) without the air carrier first demonstrating to the satisfaction of the Administrator that the air carrier has obtained the written consent of the individual.

(7) RIGHT OF PILOT TO REVIEW CERTAIN RECORDS AND CORRECT INACCURACIES.—Notwithstanding any other provision of law or agreement, the Administrator, upon receipt of written request from an individual—

(A) shall make available, not later than 30 days after the date of the request, to the individual in reviewing all records referred to in paragraph (2) pertaining to the individual; and

(B) shall provide the individual with a reasonable opportunity to submit written comments to correct any inaccuracies contained in the records.

(8) REASONABLE CHARGES FOR PROCESSING REQUESTS AND FURNISHING COPIES.—

(A) IN GENERAL.—The Administrator may establish a reasonable charge for the cost of processing a request under paragraph (1) or (7) and for the cost of furnishing copies of requested records under paragraph (7).

(B) CREDITING APPROPRIATIONS.—Funds received by the Administrator pursuant to this paragraph shall—

(i) be credited to the appropriation current when the amount is received;

(ii) be merged with and available for the purposes of such appropriation; and

(iii) remain available until expended.

(9) PRIVACY PROTECTIONS.—

(A) USE OF RECORDS.—An air carrier that accesses records pertaining to an individual under paragraph (1) may use the records only to assess the qualifications of the individual in deciding whether or not to hire the individual as a pilot. The air carrier shall take such actions as may be necessary to protect the privacy of the individual and the confidentiality of the records accessed, in-
cluding ensuring that information contained in the records is not divulged to any individual that is not directly involved in the hiring decision.

(B) DISCLOSURE OF INFORMATION.—

(i) IN GENERAL.—Except as provided by clause (ii), information collected by the Administrator under paragraph (2) shall be exempt from the disclosure requirements of section 552 of title 5.

(ii) EXCEPTIONS.—Clause (i) shall not apply to—

(I) deidentified, summarized information to explain the need for changes in policies and regulations;

(II) information to correct a condition that compromises safety;

(III) information to carry out a criminal investigation or prosecution;

(IV) information to comply with section 4905, regarding information about threats to civil aviation; and

(V) such information as the Administrator determines necessary, if withholding the information would not be consistent with the safety responsibilities of the Federal Aviation Administration.

(10) PERIODIC REVIEW.—Not later than 18 months after the date of enactment of this paragraph, and at least once every 3 years thereafter, the Administrator shall transmit paragraph, and at least once every 3 years months after the date of enactment of this

portion industry—

the individual, if—

(B) the air carrier has received written notice from the Administrator that the information is not contained in the database because the individual was employed by an air carrier or other person that no longer exists or by a foreign government or other entity that has not provided the information to the database.

(13) LIMITATIONS ON ELECTRONIC ACCESS TO RECORDS.—

(A) ACCESS BY INDIVIDUALS DESIGNATED BY AIR CARRIERS.—For the purpose of increasing timely and efficient access to records described in paragraph (2), the Administrator may allow, under terms established by the Administrator, an individual designated by an air carrier to have electronic access to the database.

(B) TERMS.—The terms established by the Administrator under subparagraph (A) for allowing a designated individual to have electronic access to the database shall limit such access to instances in which information in the database is required by the designated individual in making a hiring decision concerning a pilot applicant and shall require that the designated individual provide assurances satisfactory to the Administrator that—

(i) the designated individual has received the written consent of the pilot applicant to access the information; and

(ii) information obtained using such access will not be used for any purpose other than making the hiring decision.

(14) AUTHORIZED EXPENDITURES.—Of amounts appropriated under section 106(k)(1), a total of $6,000,000 for fiscal years 2010 through 2013 may be used to carry out this subsection.

(15) REGULATIONS.—

(A) IN GENERAL.—The Administrator shall issue regulations to carry out this subsection.

(B) EFFECTIVE DATE.—The regulations shall specify the date on which the requirements of this subsection take effect and the date on which the requirements of subsection (h) cease to be effective.

(C) EXCEPTIONS.—Notwithstanding subparagraph (B)—

(i) the Administrator shall begin to establish the database under paragraph (2) not later than 90 days after the date of enactment of this paragraph;

(ii) the Administrator shall maintain records in accordance with paragraph (5) beginning on the date of enactment of this paragraph; and

(iii) air carriers and other persons shall maintain records to be reported to the database under paragraph (4)(B) in the period beginning on such date of enactment and ending on the date that is 5 years after the requirements of subsection (h) cease to be effective pursuant to subparagraph (B).

(16) SPECIAL RULE.—During the one-year period beginning on the date on which the requirements of this section become effective pursuant to paragraph (15)(B), paragraph (7)(A) shall be applied by substituting “45 days” for “90 days”.

(j) LIMITATIONS ON LIABILITY; PREEMPTION OF STATE LAW.—
(1) LIMITATION ON LIABILITY.—No action or proceeding may be brought by or on behalf of an individual who has applied for or is seeking a position with an air carrier as a pilot and who has signed a release from liability, as provided for under subsection (b)(2) or (i)(3), against—

(A) the air carrier requesting the records of that individual under subsection (h)(1) or accessing the records of that individual under subsection (i)(1);
(B) a person who has complied with such request;
(C) a person who has entered information contained in the individual’s records; or
(D) an agent or employee of a person described in subparagraph (A) or (B);

in the nature of an action for defamation, invasion of privacy, negligence, interference with contract, or otherwise, or under any Federal or State law with respect to the furnishing or use of such records in accordance with subsection (b) or (i).

(2) PREEMPTION.—No State or political subdivision thereof may enact, prescribe, issue, continue in effect, or enforce any law (including any regulation, standard, or other provision having the force and effect of law) that prohibits, penalizes, or imposes liability for furnishing or using records in accordance with subsection (b) or (i).

(3) PROVISION OF KNOWINGLY FALSE INFORMATION.—Paragraphs (1) and (2) shall not apply with respect to a person who furnishes information in response to a request made under subsection (b) or (i). In subsection (c)(1),—

(A) the person knows is false; and
(B) was maintained in violation of a criminal statute of the United States.

(4) PROHIBITION ON ACTIONS AND PROCEEDINGS AGAINST AIR CARRIERS.—

(A) HIRING DECISIONS.—An air carrier may refuse to hire an individual as a pilot if the individual did not provide written consent for the air carrier to receive records under subsection (b)(2)(A) or (i)(3)(A) or did not execute the release from liability requested under subsection (b)(2)(B) or (i)(3)(B).

(B) ACTIONS AND PROCEEDINGS.—No action or proceeding may be brought against an air carrier by or on behalf of an individual who has applied for or is seeking a position as a pilot with the air carrier if the air carrier refused to hire the individual after the individual did not provide written consent for the air carrier to receive records under subsection (b)(2)(A) or (i)(3)(A) or did not execute a release from liability requested under subsection (b)(2)(B) or (i)(3)(B).

(k) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in subsection (b) or (i) shall be construed as precluding the availability of the records of a pilot in an investigation or other proceeding concerning an accident or incident conducted by the Administrator, the National Transportation Safety Board, or a court.

In subsection (d), before clause (1), the words “in his discretion” are omitted as surplus. In clause (2), the words “the terms of” and “entered into” are omitted as surplus. The words “government of a foreign country” are substituted for “foreign governments” for consistency in the revised title and with other titles of the United States Code.

In subsection (f)(1), before clause (A), the words “established under this chapter” and “to pilots” are omitted as surplus.

In subsection (f)(2), the words “Not later than September 18, 1989” and “and finally” are omitted as obsolete.

The words “Administrator of Drug Enforcement” are substituted for “Drug Enforcement Administration of the Department of Justice” because of section 5(a) of Reorganization Plan No. 2 of 1973 (eff. July 1, 1973, 87 Stat. 1092). The words “Commissioner of Customs” are substituted for “United States Customs Service” because of 19:2071.

IMPROVED PILOT LICENSES

“(a) IN GENERAL.—Not later than one year after the date of enactment of this Act [Dec. 17, 2004], the Administrator of the Federal Aviation Administration shall begin to issue improved pilot licenses consistent with the requirements of title 49, United States Code, and title 14, Code of Federal Regulations.

“(b) REQUIREMENTS.—Improved pilot licenses issued under subsection (a) shall—

“(1) be resistant to tampering, alteration, and counterfeiting;

“(2) include a photograph of the individual to whom the license is issued; and

“(3) be capable of accommodating a digital photograph, a biometric identifier, or any other unique identifier that the Administrator considers necessary.

“(c) TAMPERING.—To the extent practical, the Administrator shall develop methods to determine or reveal whether any component or security feature of a license issued under subsection (a) has been tampered, altered, or counterfeited.

“(d) USE OF DESIGNEES.—The Administrator may use designees to carry out subsection (a) to the extent feasible in order to minimize the burdens on pilots.

CREDITING OF LAW ENFORCEMENT FLIGHT TIME

§ 44704. Type certificates, production certificates, airworthiness certificates, and design organization certificates

(a) Type Certificates.—

(1) Issuance, Investigations, and Tests.—The Administrator of the Federal Aviation Administration shall issue a type certificate for an aircraft, aircraft engine, or propeller, or for an appliance specified under paragraph (2)(A) of this subsection when the Administrator finds that the aircraft, aircraft engine, propeller, or appliance is properly designed and manufactured, performs properly, and meets the regulations and minimum standards prescribed under section 44701(a) of this title. On receiving an application for a type certificate, the Administrator shall investigate the application and conduct a hearing. The Administrator shall make, or require the applicant to make, tests the Administrator considers necessary in the interest of safety. (2) Specifications.—The Administrator may—

(A) specify in regulations those appliances that reasonably require a type certificate in the interest of safety;

(B) include in a type certificate terms required in the interest of safety; and

(C) record on the certificate a numerical specification of the essential factors related to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.

(3) Special Rules for New Aircraft and Appliances.—Except as provided in paragraph (4), if the holder of a type certificate agrees to permit another person to use the certificate to manufacture a new aircraft, aircraft engine, propeller, or appliance, the holder shall provide the other person with written evidence, in a form acceptable to the Administrator, of that agreement. Such other person may manufacture a new aircraft, aircraft engine, propeller, or appliance based on a type certificate only if such other person is the holder of the type certificate or has permission from the holder.

(4) Limitation for Aircraft Manufactured Before August 5, 2004.—Paragraph (3) shall not apply to a person who began the manufacture of an aircraft before August 5, 2004, and who demonstrates to the satisfaction of the Administrator that such manufacture began before August 5, 2004, if the name of the holder of the type certificate for the aircraft does not appear on the airworthiness certificate or identification plate of the aircraft. The holder of the type certificate for the aircraft shall not be responsible for the continued airworthiness of the aircraft. A person may invoke the exception provided by this paragraph with regard to the manufacture of only one aircraft.

(b) Supplemental Type Certificates.—

(1) Issuance.—The Administrator may issue a type certificate designated as a supplemental type certificate for a change to an aircraft, aircraft engine, propeller, or appliance.

(2) Contents.—A supplemental type certificate issued under paragraph (1) shall consist of the change to the aircraft, aircraft engine, propeller, or appliance with respect to the previously issued type certificate for the aircraft, aircraft engine, propeller, or appliance.

(3) Requirement.—If the holder of a supplemental type certificate agrees to permit another person to use the certificate to modify an aircraft, aircraft engine, propeller, or appliance, the holder shall provide the other person with written evidence, in a form acceptable to the Administrator, of that agreement. A person may change an aircraft, aircraft engine, propeller, or appliance based on a supplemental type certificate only if the person requesting the change is the holder of the supplemental type certificate or has permission from the holder to make the change.

(c) Production Certificates.—The Administrator shall issue a production certificate authorizing the production of a duplicate of an aircraft, aircraft engine, propeller, or appliance for which a type certificate has been issued when the Administrator finds the duplicate will conform to the certificate. On receiving an application, the Administrator shall inspect, and may require testing of, a duplicate to ensure that it conforms to the requirements of the certificate. The Administrator may include in a production certificate terms required in the interest of safety.

(d) Airworthiness Certificates.—(1) The registered owner of an aircraft may apply to the Administrator for an airworthiness certificate for the aircraft. The Administrator shall issue an airworthiness certificate when the Administrator finds the aircraft conforms to its type certificate and, after inspection, is in condition for safe operation. The Administrator shall register each airworthiness certificate and may include appropriate information in the certificate. The certificate number or other individual designation the Administrator requires shall be displayed on the aircraft. The Administrator may include in an airworthiness certificate terms required in the interest of safety.

(2) A person applying for the issuance or renewal of an airworthiness certificate for an aircraft for which ownership has not been recorded under section 44107 or 44110 of this title must submit with the application information related to the ownership of the aircraft the Administrator decides is necessary to identify each person having a property interest in the aircraft and the kind and extent of the interest.

(e) Design Organization Certificates.—

(1) Issuance.—Beginning 7 years after the date of enactment of this subsection, the Administrator may issue a design organization certificate to a design organization to authorize the organization to certify compliance with the requirements and minimum standards prescribed under section 44701(a) for the type certification of aircraft, aircraft engines, propellers, or appliances.
(2) APPLICATIONS.—On receiving an application for a design organization certificate, the Administrator shall examine and rate the design organization submitting the application, in accordance with regulations to be prescribed by the Administrator, to determine whether the design organization has adequate engineering, design, and testing capabilities, standards, and safeguards to ensure that the product being certificated is properly designed and manufactured, performs properly, and meets the regulations and minimum standards prescribed under section 44701.

(3) ISSUANCE OF TYPE CERTIFICATES BASED ON DESIGN ORGANIZATION CERTIFICATION.—The Administrator may rely on certifications of compliance by a design organization when making a finding under subsection (a).

(4) PUBLIC SAFETY.—The Administrator shall include in a design organization certificate issued under this subsection terms required in the interest of safety.

(5) NO EFFECT ON POWER OF REVOCATION.—Nothing in this subsection affects the authority of the Secretary of Transportation to revoke a certificate.

In subsections (a)–(c), the word “Administrator” in section 603 of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 776) is retained on authority of 49:106(g).

In subsection (a)(1), the text of 49 App.:4423(a)(2) (1st sentence 1st–16th words) and the words “in regulations” are omitted as surplus. The words “properly designed and manufactured, performs properly” are substituted for “of proper design, material, specification, condition, and performance for safe operation” to eliminate unnecessary words. The word “rules” is omitted as being synonymous with “regulations”. The words “under section 44701(a) of this title” and “for a type certificate” are added for clarity. The words “including flight tests and tests of raw materials or any part or appurtenance of such aircraft, aircraft engine, propeller, or appliance” are omitted as surplus.

In subsection (a)(2)(A), the words “issuance of” are omitted as surplus.

In subsection (a)(2)(B), the words “the duration thereof and such other” are omitted as surplus. The words “conditions, and limitations” are omitted as being included in “terms”.

In subsection (a)(2)(C), the words “issued for aircraft, aircraft engines, or propellers” and “all of” are omitted as surplus. The word “specification” is substituted for “determination” for clarity.

In subsection (b), the word “satisfactorily” is omitted as surplus. The words “shall inspect, and may require testing of, a duplicate to ensure that it conforms to the requirements of the certificate” are substituted for “shall make such inspection and may require such tests of any aircraft, aircraft engine, propeller, or appliance manufactured under a production certificate as may be necessary to assure manufacture of each unit in conformity with the type certificate or any amendment or modification thereof” to eliminate unnecessary words. The words “the duration thereof and such other conditions, and limitations” are omitted as surplus.

In subsection (c)(1), the words “may apply to” are substituted for “may file with...an application” to eliminate unnecessary words. The words “in accordance with regulations prescribed by the Secretary of Transportation” are omitted because of 49:322(a). The words “the duration of such certificate, the type of service for which the aircraft may be used, and such other conditions, and limitations” are omitted as surplus.

In subsection (c)(2), the words “having a property interest” are substituted for “who are holders of property interests” to eliminate unnecessary words.

PLAN FOR DEVELOPMENT AND OVERSIGHT OF SYSTEM FOR CERTIFICATION OF DESIGN ORGANIZATIONS

the date of enactment of this Act [Dec. 12, 2003], the Administrator of the Federal Aviation Administration shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a plan for the development and oversight of a system for certification of design organizations to certify compliance with the requirements and minimum standards prescribed under section 44703(a) of title 49, United States Code, for the type certification of aircraft, aircraft engines, propellers, or appliances.'"

§ 44705. Air carrier operating certificates

The Administrator of the Federal Aviation Administration shall issue an air carrier operating certificate to a person desiring to operate as an air carrier when the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part. An air carrier operating certificate shall—

(1) contain terms necessary to ensure safety in air transportation; and

(2) specify the places to and from which, and the airways of the United States over which, a person may operate as an air carrier.

In this section, the word “Administrator” in section 604(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 778) is retained on authority of 49:106(g).

§ 44706. Airport operating certificates

(a) GENERAL.—The Administrator of the Federal Aviation Administration shall issue an airport operating certificate to a person desiring to operate an airport—

(1) that serves an air carrier operating aircraft designed for at least 31 passenger seats;

(2) that is not located in the State of Alaska and serves any scheduled passenger operation of an air carrier operating aircraft designed for more than 9 passenger seats but less than 31 passenger seats; and

(3) that the Administrator requires to have a certificate;

if the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part.

(b) TERMS.—An airport operating certificate issued under this section shall contain terms necessary to ensure safety in air transportation. Unless the Administrator decides that it is not in the public interest, the terms shall include conditions related to—

(1) operating and maintaining adequate safety equipment, including firefighting and rescue equipment capable of rapid access to any part of the airport used for landing, takeoff, or surface maneuvering of an aircraft; and

(2) friction treatment for primary and secondary runways that the Secretary of Transportation decides is necessary.

(c) EXEMPTIONS.—The Administrator may exempt from the requirements of this section, related to firefighting and rescue equipment, an operator of an airport described in subsection (a) if the Administrator finds, after investigation, that the person properly and adequately is equipped and able to operate safely under this part and regulations and standards prescribed under this part. An air carrier operating certificate to a person desiring to operate as an air carrier—

(1) contain terms necessary to ensure safety in air transportation; and

(2) specify the places to and from which, and the airways of the United States over which, a person may operate as an air carrier.

In subsection (a), before clause (1), the words “may file with the Secretary of Transportation an application for an air carrier operating certificate” and “the requirements of” are omitted as surplus. In clause (2), the word “places” is substituted for “points” for consistency in the revised title. The words “under an air carrier operating certificate” are omitted as surplus.

In this section, the word “Administrator” in section 604(b) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 778) is retained on authority of 49:106(g).

§ 44706(a).—Any regulation established under this section having less than .25 percent of the total number of passenger boardings each year at all airports described in subsection (a) when the Administrator decides that the requirements are or would be unreasonably costly, burdensome, or impractical.

(d) COMMUTER AIRPORTS.—In developing the terms required by subsection (b) for airports covered by subsection (a)(2), the Administrator shall identify and consider a reasonable number of regulatory alternatives and select from such alternatives the least costly, most cost-effective or the least burdensome alternative that will provide comparable safety at airports described in subsections (a)(1) and (a)(2).

(e) EFFECTIVE DATE.—Any regulation establishing the terms required by subsection (b) for airports covered by subsection (a)(2) shall not take effect until such regulation, and a report on the economic impact of the regulation on air service to the airports covered by the rule, has been submitted to Congress and 120 days have elapsed following the date of such submission.

(f) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this title may be construed as requiring a person to obtain an airport operating certificate if such person does not desire to operate an airport described in subsection (a).

In subsection (a), before clause (1), the words “may file with the Administrator an application for an airport operating certificate” are omitted as surplus. In clause (2), the word “places” is substituted for “points” for consistency in the revised title. The words “under an air carrier operating certificate” are omitted as surplus.

In subsection (a), before clause (1), the words “may file with the Administrator an application for an airport operating certificate” are omitted as surplus. In clause (2), the word “places” is substituted for “points” for consistency in the revised title. The words “under an air carrier operating certificate” are omitted as surplus.

In subsection (a), before clause (1), the words “may file with the Administrator an application for an airport operating certificate” are omitted as surplus. In clause (2), the word “places” is substituted for “points” for consistency in the revised title. The words “under an air carrier operating certificate” are omitted as surplus.

In subsection (a), before clause (1), the words “may file with the Administrator an application for an airport operating certificate” are omitted as surplus. **AMENDMENTS**

1996—Subsec. (a). Pub. L. 104–264, § 404(a), added par. (2), redesignated former par. (2) as (3), substituted “‘if” for “‘(3) when’” in former par. (3) and adjusted the margins of that par. to make it a flush provision following par. (3).

Subsec. (e). Pub. L. 104–264, § 404(c), added subsec. (e).

**EFFECTIVE DATE OF 1996 AMENDMENT**

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

**IMPROVEMENT OF RUNWAY SAFETY AREAS**

Pub. L. 109–115, div. A, title I, Nov. 30, 2005, 119 Stat. 2401, provided in part: “That not later than December 31, 2015, the owner or operator of an airport certificated under 49 U.S.C. 44706 shall improve the airport’s runway safety areas to comply with the Federal Aviation Administration design standards required by 14 CFR part 139; Provided further, That the Federal Aviation Administration shall report annually to the Congress on the agency’s progress toward improving the runway safety areas at 49 U.S.C. 44706 airports.”

**SMALL AIRPORT CERTIFICATION**

Pub. L. 106–181, title V, § 518, Apr. 5, 2000, 114 Stat. 170, provided that: “(a) ESTABLISHMENT OF PANEL.—The Administrator of the Federal Aviation Administration shall establish an aircraft repair and maintenance advisory panel to review issues related to the use and oversight of aircraft repair and maintenance facilities in (in this section referred to as ‘aircraft repair facilities’) located within, or outside of, the United States; and...

(b) MEMBERSHIP.—The panel shall consist of—

(1) three representatives of labor organizations representing aviation mechanics;

(2) one representative of cargo air carriers;

(3) one representative of passenger air carriers;

(4) one representative of on-demand passenger air carriers and corporate aircraft operations;

(5) one representative of regional passenger air carriers;

(6) two representatives of the Department of Commerce, designated by the Secretary of Commerce;

(7) three representatives of the Department of Transportation, designated by the Secretary of Transportation;

(8) one representative of the Secretary of Commerce.

(c) RESPONSIBILITIES.—The panel shall—

(1) determine the amount and type of work that is being performed by aircraft repair facilities located within, and outside of, the United States; and

(2) provide advice and counsel to the Secretary of Transportation with respect to the aircraft and aviation component repair work performed by aircraft repair facilities and air carriers, staffing needs, and any balance of trade or safety issues associated with that work.

(3) DOT TO REQUEST INFORMATION FROM AIR CARRIERS AND REPAIR FACILITIES.—

(1) COLLECTION OF INFORMATION.—The Secretary, by regulation, shall require air carriers, foreign air carriers, domestic repair facilities, and foreign repair facilities to submit such information as the Secretary may require in order to assess balance of trade and safety issues with respect to work performed on aircraft used by air carriers, foreign air carriers, United States corporate operators, and foreign corporate operators.

(2) DRUG AND ALCOHOL TESTING INFORMATION.—Included in the information the Secretary requires under paragraph (1) shall be information on the existence and administration of employee drug and alcohol testing programs in place at the foreign repair fa-

The word “Administrator” in section 606 (1st sentence) of the Federal Aviation Act of 1958 (Public Law 85–728, 72 Stat. 779) is retained on authority of 49:106(g).

§ 44709. Amendments, modifications, suspensions, and revocations of certificates

(a) REINSPECTION AND REEXAMINATION.—The Administrator of the Federal Aviation Administration may reinspect at any time a civil aircraft, aircraft engine, propeller, appliance, design organization, production certificate holder, air navigation facility, or air agency, or reexamine an airman holding a certificate issued under section 44703 of this title.

(b) ACTIONS OF THE ADMINISTRATOR.—The Administrator may issue an order amending, modifying, suspending, or revoking—

(A) any part of a certificate issued under this chapter if—

(A) the Administrator decides after conducting a reinspection, reexamination, or other investigation that safety in air commerce or air transportation and the public interest require that action; or

(B) the holder of the certificate has violated an aircraft noise or sonic boom standard or regulation prescribed under section 4715(a) of this title; and

(2) an airman certificate when the holder of the certificate is convicted of violating section 13(a) of the Fish and Wildlife Act of 1956 (16 U.S.C. 742j–1(a)).

(c) ADVICE TO CERTIFICATE HOLDERS AND OPPORTUNITY TO ANSWER.—Before acting under subsection (b) of this section, the Administrator shall advise the holder of the certificate of the charges or other reasons on which the Administrator relies for the proposed action. Except in an emergency, the Administrator shall provide the holder an opportunity to answer the charges and be heard why the certificate should not be amended, modified, suspended, or revoked.

(d) APPEALS.—(1) A person adversely affected by an order of the Administrator under this section may appeal the order to the National Transportation Safety Board. After notice and an opportunity for a hearing, the Board may amend, modify, or reverse the order when the Board finds—

(A) if the order was issued under subsection (b)(1)(A) of this section, that safety in air commerce or air transportation and the public interest do not require affirmation of the order; or

(B) if the order was issued under subsection (b)(1)(B) of this section—

(i) that control or abatement of aircraft noise or sonic boom and the public health and welfare do not require affirmation of the order; or

(ii) the order, as it is related to a violation of aircraft noise or sonic boom standards and regulations, is not consistent with safety in air commerce or air transportation.

(2) The Board may modify a suspension or revocation of a certificate to imposition of a civil penalty.

(3) When conducting a hearing under this subsection, the Board is not bound by findings of fact of the Administrator but is bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law.

(e) EFFECTIVENESS OF ORDERS PENDING APPEAL.—

(1) IN GENERAL.—When a person files an appeal with the Board under subsection (d), the order of the Administrator is stayed.

(2) EXCEPTION.—Notwithstanding paragraph (1), the order of the Administrator is effective immediately if the Administrator advises the Board that an emergency exists and safety in air commerce or air transportation requires the order to be effective immediately.

(3) REVIEW OF EMERGENCY ORDER.—A person affected by the immediate effectiveness of the Administrator’s order under paragraph (2) may petition for a review by the Board, under pro-
cures promulgated by the Board, of the Admin-
istrator’s determination that an emer-
gency exists. Any such review shall be re-
quested not later than 48 hours after the order
is received by the person. If the Board finds
that an emergency does not exist that requires
the immediate application of the order in the
interest of safety in air commerce or air trans-
portation, the order shall be stayed, notwith-
standing paragraph (2). The Board shall dis-
pose of a review request under this paragraph
not later than 5 days after the date on which
the request is filed.

(4) FINAL DISPOSITION.—The Board shall
make a final disposition of an appeal under
subsection (d) not later than 60 days after the
date on which the appeal is filed.

(f) JUDICIAL REVIEW.—A person substantially
affected by an order of the Board under this
section, or the Administrator when the Admin-
istrator decides that an order of the Board under
this section will have a significant adverse im-

“regarding the use or operation of an aircraft” in 49
App.:1429(b) are omitted as surplus.

In subsection (c), the words “cases of” in 49
App.:1429(a) are omitted as surplus.

In subsection (d)(1), before clause (A), the word “ad-
versely” is substituted for “whose certificate is” in 49
App.:1429(a), and the words “an opportunity for a” are
added, for consistency in the revised title and with
other titles of the United States Code. The words “of the
FAA” in 49 App.:1431(e) are omitted as surplus.

In subsection (d)(2), the words “consistent with this
subsection” are omitted as surplus.

In subsection (e), before clause (1), the words “the ef-

cal years beginning after Sept. 30, 2003, except as oth-
erwise specifically provided, see section 3 of Pub. L.
106–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

Amendment by Pub. L. 106–181 applicable only to fis-
cal years beginning after Sept. 30, 1999, see section 3 of
Pub. L. 106–181, set out as a note under section 106 of
this title.

§ 44710. Revocations of airman certificates for
controlled substance violations

(a) DEFINITION.—In this section, “controlled
substance” has the same meaning given that
term in section 102 of the Comprehensive Drug
§ 44710  TITLE 49—TRANSPORTATION Page 916

(b) REVOCA TION.—(1) The Administrator of the Federal Aviation Administration shall issue an order revoking an airman certificate issued an individual under section 44703 of this title if the individual is convicted, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), of an offense punishable by death or imprisonment for more than one year if the Administrator finds that—

(A) an aircraft was used to commit, or facilitate the commission of, the offense; and
(B) the individual served as an airman, or was on the aircraft, in connection with committing, or facilitating the commission of, the offense.

(2) The Administrator shall issue an order revoking an airman certificate issued an individual under section 44703 of this title if the Administrator finds that—

(A) the individual knowingly carried out an activity punishable, under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance), by death or imprisonment for more than one year;
(B) an aircraft was used to carry out or facilitate the activity; and
(C) the individual served as an airman, or was on the aircraft, in connection with carrying out, or facilitating the carrying out of, the activity.

(3) The Administrator has no authority under paragraph (1) of this subsection to review whether an airman violated a law of the United States or a State related to a controlled substance.

(c) ADVICE TO HOLDERS AND OPPORTUNITY TO ANSWER.—Before the Administrator revokes a certificate under subsection (b) of this section, the Administrator must—

(1) advise the holder of the certificate of the charges or reasons on which the Administrator relies for the proposed revocation; and
(2) provide the holder of the certificate an opportunity to answer the charges and be heard why the certificate should not be revoked.

(d) APPEALS.—(1) An individual whose certificate is revoked by the Administrator under subsection (b) of this section may appeal the revocation to the National Transportation Safety Board. The Board shall affirm or reverse the order after providing notice and an opportunity for a hearing on the record. When conducting the hearing, the Board is not bound by findings of fact of the Administrator but shall be bound by all validly adopted interpretations of laws and regulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this section unless the Board finds an interpretation is arbitrary, capricious, or otherwise not according to law.

(2) When an individual files an appeal with the Board under this subsection, the order of the Administrator revoking the certificate is stayed. However, if the Administrator advises the Board that safety in air transportation or air commerce requires the immediate effectiveness of the order—

(A) the order remains effective; and
(B) the Board shall make a final disposition of the appeal not later than 60 days after the Administrator so advises the Board.

(3) An individual substantially affected by an order of the Board under this subsection, or the Administrator when the Administrator decides that an order of the Board will have a significant adverse effect on carrying out this part, may obtain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.

(e) ACQUITTAL.—(1) The Administrator may not revoke, and the Board may not affirm a revocation of, an airman certificate under subsection (b)(2) of this section on the basis of an activity described in subsection (b)(2)(A) if the holder of the certificate is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity.

(2) If the Administrator has revoked an airman certificate under this section because of an activity described in subsection (b)(2)(A) of this section, the Administrator shall reissue a certificate to the individual if—

(A) the individual otherwise satisfies the requirements for a certificate under section 44703 of this title; and
(B)(i) the individual subsequently is acquitted of all charges related to a controlled substance in an indictment or information arising from the activity; or
(ii) the conviction on which a revocation under subsection (b)(1) of this section is based is reversed.

(f) WAIVERS.—The Administrator may waive the requirement of subsection (b) of this section that an airman certificate of an individual be revoked if—

(1) a law enforcement official of the United States Government or of a State requests a waiver; and
(2) the Administrator decides that the waiver will facilitate law enforcement efforts.

(a) PROHIBITIONS.—A person may not—

(1) operate a civil aircraft in air commerce without an airworthiness certificate in effect or in violation of a term of the certificate;

(2) serve in any capacity as an airman with respect to a civil aircraft, aircraft engine, propeller, or appliance used, or intended for use, in air commerce—

(A) without an airman certificate authorizing the airman to serve in the capacity for which the certificate was issued; or

(B) in violation of a term of the certificate or a regulation prescribed or order issued under section 44701(a) or (b) or any of sections 44702-44716 of this title;

(3) employ for service related to civil aircraft used in air commerce an airman who does not have an airman certificate authorizing the airman to serve in the capacity for which the airman is employed;

(4) operate as an air carrier without an air carrier operating certificate or in violation of a term of the certificate;

(5) operate aircraft in air commerce in violation of a regulation prescribed or certificate issued under section 44701(a) or (b) or any of sections 44702-44716 of this title;

(6) operate a seaplane or other aircraft of United States registry on the high seas in violation of a regulation under section 3 of the International Navigational Rules Act of 1977 (33 U.S.C. 1602);

(7) violate a term of an air agency, design organization certificate, or production certificate or a regulation prescribed or order issued under section 44701(a) or (b) or any of sections 44702-44716 of this title related to the holder of the certificate;

(8) operate an airport without an airport operating certificate required under section 4706 of this title or in violation of a term of the certificate; or

(9) manufacture, deliver, sell, or offer for sale any aviation fuel or additive in violation of a regulation prescribed under section 4714 of this title.

(b) EXEMPTION.—On terms the Administrator of the Federal Aviation Administration prescribes as being in the public interest, the Administrator may exempt a foreign aircraft and airmen serving on the aircraft from subsection (a) of this section. However, an exemption from observing air traffic regulations may not be granted.

(c) PROHIBITION ON EMPLOYMENT OF CONVICTED COUNTERFEIT PART TRAFFICERS.—No person subject to this chapter may knowingly employ anyone to perform a function related to the procurement, sale, production, or repair of a part or material, or the certification therefor, of a part or material, for a civil aircraft, who has been convicted in a court of law of a violation of any Federal law relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material.

HISTORICAL AND REVISION NOTES—CONTINUED

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

In subsection (b)(1) and (2), before each clause (A), the words “of any person” are omitted as surplus. The words “issued . . . under section 4703 of this title” are added for clarity.

In subsection (b)(1), the word “offense” is substituted for “crime” for consistency in the revised title and with other titles of the United States Code.

In subsection (b)(2)(C), the words “in connection with carrying out, or facilitating the carrying out of, the activity” are substituted for “in connection with such activity or the facilitation of such activity” for consistency with the source provisions restated in paragraph (1)(B) of this subsection.

In subsection (d)(1), the word “Administrator” is substituted for “Federal Aviation Administration” because of 49:106(b) and (g).

In subsection (e)(1), the words “on appeal” and “contested” are substituted for “if contested” for consistency in the revised title and with other titles of the United States Code.

In subsection (e)(2)(B)(i), the word “contained” is substituted for “committed as” to eliminate unnecessary words.

In subsection (e)(2)(B)(ii), the word “judgment” of are omitted as surplus.

§ 44711. Prohibitions and exemption

(a) PROHIBITIONS.—A person may not—

(1) operate a civil aircraft in air commerce without an airworthiness certificate in effect or in violation of a term of the certificate;

(2) serve in any capacity as an airman with respect to a civil aircraft, aircraft engine, propeller, or appliance used, or intended for use, in air commerce—

(A) without an airman certificate authorizing the airman to serve in the capacity for which the certificate was issued; or

(B) in violation of a term of the certificate or a regulation prescribed or order issued under section 44701(a) or (b) or any of sections 44702-44716 of this title;

(3) employ for service related to civil aircraft used in air commerce an airman who does not have an airman certificate authorizing the airman to serve in the capacity for which the airman is employed;

(4) operate as an air carrier without an air carrier operating certificate or in violation of a term of the certificate;

(5) operate aircraft in air commerce in violation of a regulation prescribed or certificate issued under section 44701(a) or (b) or any of sections 44702-44716 of this title;

(6) operate a seaplane or other aircraft of United States registry on the high seas in violation of a regulation under section 3 of the International Navigational Rules Act of 1977 (33 U.S.C. 1602);

(7) violate a term of an air agency, design organization certificate, or production certificate or a regulation prescribed or order issued under section 44701(a) or (b) or any of sections 44702-44716 of this title related to the holder of the certificate;
§ 44712. Emergency locator transmitters

(a) INSTALLATION.—An emergency locator transmitter must be installed on a fixed-wing powered civil aircraft for use in air commerce.

(b) NONAPPLICATION.—Prior to January 1, 2002, subsection (a) does not apply to—

(1) aircraft when used in scheduled flights by scheduled air carriers holding certificates issued by the Secretary of Transportation under subpart II of this part;

(2) aircraft when used in training operations conducted entirely within a 50-mile radius of the airport from which the training operations begin;

(3) aircraft when used in research and development if the aircraft holds a certificate issued by the Administrator of the Federal Aviation Administration to carry out such research and development;

(4) aircraft when used in the aerial application of a substance for an agricultural purpose;

(5) aircraft holding certificates from the Administrator of the Federal Aviation Administration for research and development;

(6) aircraft when used for showing compliance with regulations, crew training, exhibition, air racing, or market surveys; and

(7) aircraft equipped to carry only one individual.

(c) NONAPPLICATION BEGINNING ON JANUARY 1, 2002.—

(1) IN GENERAL.—Subject to paragraph (2), on and after January 1, 2002, subsection (a) does not apply to—

(A) aircraft when used in scheduled flights by scheduled air carriers holding certificates issued by the Secretary of Transportation under subpart II of this part;

(B) aircraft when used in training operations conducted entirely within a 50-mile radius of the airport from which the training operations begin;

(C) aircraft when used in flight operations related to the design and testing, manufacture, preparation, and delivery of aircraft;

(D) aircraft when used in research and development if the aircraft holds a certificate from the Administrator of the Federal Aviation Administration to carry out such research and development;

(E) aircraft when used in showing compliance with regulations, crew training, exhibition, air racing, or market surveys;

(F) aircraft when used in the aerial application of a substance for an agricultural purpose;

(G) aircraft with a maximum payload capacity of more than 18,000 pounds when used in air transportation; or

(H) aircraft equipped to carry only one individual.

(2) DELAY IN IMPLEMENTATION.—The Administrator of the Federal Aviation Administration may continue to implement subsection (b) rather than subsection (c) for a period not to exceed 2 years after January 1, 2002, if the Administrator finds such action is necessary to promote—

(A) a safe and orderly transition to the operation of civil aircraft equipped with an emergency locator; or

(B) other safety objectives.

(d) COMPLIANCE.—An aircraft meets the requirement of subsection (a) if it is equipped with an emergency locator transmitter that transmits on the 121.5/243 megahertz frequency or the 406 megahertz frequency or with other equipment approved by the Secretary for meeting the requirement of subsection (a).

(e) REMOVAL.—The Administrator shall prescribe regulations specifying the conditions under which an aircraft subject to subsection (a) of this section may operate when its emergency locator transmitter has been removed for inspection, repair, alteration, or replacement.

In subsection (a), the words "Except with respect to aircraft described in paragraph (2) of this subsection and except as provided in paragraph (3) of this subsection" are omitted as surplus. The words "minimum standards pursuant to this section shall include a requirement that", the text of 49 App.:1421(d)(1)(A), and the words "after three years and six months following such date" are omitted as executed.

In subsection (b), the word "used" is substituted for "engaged" for consistency. In clause (3), the word "training" is substituted for "local flight" for consistency. In clause (4), the words "chemicals and other" are omitted as surplus. In clause (5), the word "purpose" is omitted as surplus.

In subsection (c), the words "prescribe regulations" are substituted for "shall issue regulations . . . as he prescribes in such regulations" to eliminate unnecessary words. The words "such limitations and" and "from such aircraft" are omitted as surplus.

AMENDMENTS

Subsecs. (c) to (e). Pub. L. 106–181, § 501(a)(2), (3), added subsec. (c) and (d) and redesignated former subsec. (c) as (e).

EFFECTIVE DATE OF 2000 AMENDMENT

REGULATIONS

Pub. L. 106–181, title V, § 501(b), Apr. 5, 2000, 114 Stat. 132, provided that: "The Secretary of Transportation shall issue regulations to carry out section 44712(c) of title 49, United States Code, as amended by this section, not later than January 1, 2001."

§ 44713. Inspection and maintenance

(a) General equipment requirements.—An air carrier shall make, or cause to be made, any inspection, repair, or maintenance of equipment used in air transportation as required by this part or regulations prescribed or orders issued by the Administrator of the Federal Aviation Administration under this part. A person operating, inspecting, repairing, or maintaining the equipment shall comply with those requirements, regulations, and orders.

(b) Duties of inspectors.—The Administrator of the Federal Aviation Administration shall employ inspectors who shall—

(1) inspect aircraft, aircraft engines, propellers, and appliances designed for use in air transportation, during manufacture and when in use by an air carrier in air transportation, to enable the Administrator to decide whether the aircraft, aircraft engines, propellers, or appliances are in safe condition and maintained properly; and

(2) advise and cooperate with the air carrier during that inspection and maintenance.

(c) Unsafe aircraft, engines, propellers, and appliances.—When an inspector decides that an aircraft, aircraft engine, propeller, or appliance is not in condition for safe operation, the inspector shall notify the air carrier in the form and way prescribed by the Administrator of the Federal Aviation Administration. For 5 days after the carrier is notified, the aircraft, engine, propeller, or appliance may not be used in air transportation or in a way that endangers air transportation unless the Administrator or the inspector decides the aircraft, engine, propeller, or appliance is in condition for safe operation.

(d) Modifications in system.—(1) The Administrator of the Federal Aviation Administration shall make modifications in the system for processing forms for major repairs or alterations to fuel tanks and fuel systems of aircraft not used to provide air transportation that are necessary to make the system more effective in serving the needs of users of the system, including officials responsible for enforcing laws related to the regulation of controlled substances (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)). The modifications shall address at least each of the following deficiencies in, and abuses of, the existing system:

(A) the lack of a special identification feature to allow the forms to be distinguished easily from other major repair and alteration forms,

(B) the excessive period of time required to receive the forms at the Airmen and Aircraft Registry of the Administration,

(c) the backlog of forms waiting for processing at the Registry,

(D) the lack of ready access by law enforcement officials to information contained on the forms.

(2) The Administrator of the Federal Aviation Administration shall prescribe regulations to carry out paragraph (1) of this subsection and provide a written explanation of how the regulations address each of the deficiencies and abuses described in paragraph (1). In prescribing the regulations, the Administrator of the Federal Aviation Administration shall consult with the Administrator of Drug Enforcement, the Commissioner of Customs, other law enforcement officials of the United States Government, representatives of State and local law enforcement officials, representatives of the general aviation aircraft industry, representatives of users of general aviation aircraft, and other interested persons.

(e) Automated surveillance targeting systems.—(1) In general.—The Administrator shall give high priority to developing and deploying
a fully enhanced safety performance analysis system that includes automated surveillance to assist the Administrator in prioritizing and targeting surveillance and inspection activities of the Federal Aviation Administration.

(2) DEADLINES FOR DEPLOYMENT.—

(A) INITIAL PHASE.—The initial phase of the operational deployment of the system developed under this subsection shall begin not later than December 31, 1997.

(B) FINAL PHASE.—The final phase of field deployment of the system developed under this subsection shall begin not later than December 31, 1999. By that date, all principal operations and maintenance inspectors of the Administration, and appropriate supervisors and analysts of the Administration shall have been provided access to the necessary information and resources to carry out the system.

(3) INTEGRATION OF INFORMATION.—In developing the system under this section, the Administration shall consider the near-term integration of accident and incident data into the safety performance analysis system under this subsection.

In subsections (a)-(c), the word “Administrator” in section 106 of this title, and in subsections (a)–(c) of section 1425 of the Civil Aeronautics Act of 1938 (Public Law 85–726, 72 Stat. 778) are substituted for “Secretary of Transportation”.

In subsection (a), the word “overhaul” is omitted as being included in “repair”. The word “prescribed” is added for consistency in the revised title and with other titles of the United States Code. The words “A person operating, inspecting, overhauling, or maintaining the equipment shall comply with those requirements, regulations, and orders” are substituted for 49 App.:1425(a) (last sentence) to eliminate unnecessary words.

In subsection (b), before clause (1), the words “be charged with the duty . . . of” are omitted as surplus. In clause (1), the words “in use” are substituted for “used by an air carrier in air transportation” to eliminate unnecessary words. The words “as may be necessary” and “for operation in air transportation” are omitted as surplus.

In subsection (c), the words “in the performance of his duty”, “used or intended to be used by any air carrier in air transportation”, and “a period of” are omitted as surplus.

In subsection (d)(1), before clause (A), the words “not to provide air transportation” are substituted for section 7214 of the Anti-Drug Abuse Act of 1988 (Pub. L. 100–690, 102 Stat. 4434) because of the restatement. In subsection (d)(2), the words “not later than September 18, 1989” and “final” are omitted as obsolete. The words “Administrator of Drug Enforcement” are substituted for “Drug Enforcement Administration of the Department of Justice” because of section 5(a) of Reorganization Plan No. 2 of 1973 (eff. July 1, 1973, 87 Stat. 923). The words “Commissioner of Customs” are substituted for “United States Customs Service” because of 19:2071.

AMENDMENTS

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the United States Customs Service of the Department of the Treasury, including functions of the Secretary of the Treasury relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 2303(a), 5511(d), 5522(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§44714. Aviation fuel standards

The Administrator of the Federal Aviation Administration shall prescribe—

(1) standards for the composition or chemical or physical properties of an aircraft fuel or fuel additive to control or eliminate aircraft emissions the Administrator of the Environmental Protection Agency decides under section 231 of the Clean Air Act (42 U.S.C. 7571) endanger the public health or welfare; and

(2) regulations providing for carrying out and enforcing those standards.

In this section, before clause (1), the words “and from time to time revise” are omitted as surplus. In clause (1), the words “establishing” and “the purpose of” are omitted as surplus.

§44715. Controlling aircraft noise and sonic boom

(a) STANDARDS AND REGULATIONS.—(1)(A) To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration, as he deems necessary, shall prescribe—

(i) standards to measure aircraft noise and sonic boom; and
(ii) regulations to control and abate aircraft noise and sonic boom.

(B) The Administrator, as the Administrator deems appropriate, shall provide for the participation of a representative of the Environmental Protection Agency on such advisory committees or associated working groups that advise the Administrator on matters related to the environmental effects of aircraft and aircraft engines.

(2) The Administrator of the Federal Aviation Administration may prescribe standards and regulations under this subsection only after consulting with the Administrator of the Environmental Protection Agency. The standards and regulations shall be applied when issuing, amending, modifying, suspending, or revoking a certificate authorized under this chapter.

(3) An original type certificate may be issued under section 4704(a) of this title for an aircraft for which substantial noise abatement can be achieved only after the Administrator of the Federal Aviation Administration prescribes standards and regulations under this section that apply to that aircraft.

(a) APPLICABILITY.—When prescribing a standard or regulation under this section, the Administrator of the Federal Aviation Administration shall—

(1) consider relevant information related to aircraft noise and sonic boom;
(2) consult with appropriate departments, agencies, and instrumentalities of the United States Government and State and interstate authorities;
(3) consider whether the standard or regulation is consistent with the highest degree of safety in air transportation or air commerce in the public interest;
(4) consider whether the standard or regulation is economically reasonable, technologically practicable, and appropriate for the applicable aircraft, aircraft engine, appliance, or certificate; and
(5) consider the extent to which the standard or regulation will carry out the purposes of this section.

(c) PROPOSED REGULATIONS OF ADMINISTRATOR OF ENVIRONMENTAL PROTECTION AGENCY.—The Administrator of the Environmental Protection Agency shall submit to the Administrator of the Federal Aviation Administration proposed regulations to control and abate aircraft noise and sonic boom (including control and abatement through the use of the authority of the Administrator of the Federal Aviation Administration) that the Administrator of the Environmental Protection Agency considers necessary to protect the public health and welfare. The Administrator of the Federal Aviation Administration shall consider those proposed regulations and shall publish them in a notice of proposed regulations not later than 30 days after they are received. Not later than 60 days after publication, the Administrator of the Federal Aviation Administration shall begin a hearing at which interested persons are given an opportunity for oral and written presentations. Not later than 90 days after the hearing is completed and after consulting with the Administrator of the Environmental Protection Agency, the Administrator of the Federal Aviation Administration shall—

(1) prescribe regulations as provided by this section;
(2) publish in the Federal Register—
(A) a notice that no regulation is being prescribed in response to the proposed regulations submitted by the Administrator of the Environmental Protection Agency; or
(B) that amend the proposed regulations; or
(3) consider the extent to which the standard or regulation will carry out the purposes of this section.

(d) CONSULTATION AND REPORTS.—(1) If the Administrator of the Environmental Protection Agency believes that the action of the Administrator of the Federal Aviation Administration under subsection (c)(1)(B) or (2) of this section does not protect the public health and welfare from aircraft noise or sonic boom, consistent with the considerations in subsection (b) of this section, the Administrator of the Environmental Protection Agency shall consult with the Administrator of the Federal Aviation Administration and may request a report on the advisability of prescribing the regulation as originally proposed. The request, including a detailed statement of the information on which the request is based, shall be published in the Federal Register.

(2) The Administrator of the Federal Aviation Administration shall report to the Administrator of the Environmental Protection Agency within the time, if any, specified in the request. However, the time specified must be at least 90 days after the date of the request. The report shall—

(A) be accompanied by a detailed statement of the findings of the Administrator of the Federal Aviation Administration and the reasons for the findings;
(B) identify any statement related to an action under subsection (c) of this section filed under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C));
(C) specify whether and where that statement is available for public inspection; and
(D) be published in the Federal Register unless the request proposes specific action by the Administrator of the Federal Aviation Administration and the report indicates that action will be taken.

(e) SUPPLEMENTAL REPORTS.—The Administrator of the Environmental Protection Agency may request the Administrator of the Federal Aviation Administration to file a supplemental report if the report under subsection (d) of this section indicates that the proposed regulations under subsection (c) of this section, for which a statement under section 102(2)(C) of the Act (42 U.S.C. 4332(2)(C)) is not required, should not be
prescribed. The supplemental report shall be published in the Federal Register within the time the Administrator of the Environmental Protection Agency specifies. However, the time specified must be at least 90 days after the date of the request. The supplemental report shall contain a comparison of the environmental effects, including those that cannot be avoided, of the action of the Administrator of the Federal Aviation Administration and the proposed regulations of the Administrator of the Environmental Protection Agency.

(f) Exemptions.—An exemption from a standard or regulation prescribed under this section may be granted only if, before granting the exemption, the Administrator of the Federal Aviation Administration consults with the Administrator of the Environmental Protection Agency. However, if the Administrator of the Federal Aviation Administration finds that safety in air transportation or air commerce requires an exemption before the Administrator of the Environmental Protection Agency can be consulted, the exemption may be granted. The Administrator of the Federal Aviation Administration shall consult with the Administrator of the Environmental Protection Agency as soon as practicable after the exemption is granted.

In subsection (a)(1), before clause (A), the text of 49 App. 1431(a) is omitted because the revised section identifies the appropriate Administrator each time the Administrator is mentioned. The words “present and future” and “and amend” are omitted as surplus. In clause (B), the words “as the FAA may find necessary to provide” are omitted as surplus. In subsection (a)(2), the word “only” is added for clarity.

Subsection (a)(3) is substituted for 49 App. 1431(b)(2) to eliminate unnecessary words.

In subsection (b), before clause (1), the words “and amending” are omitted as surplus. In clause (1), the words “available . . . including the results of research, development, testing, and evaluation activities conducted pursuant to this chapter and the Department of Transportation Act” are omitted as surplus. In clause (2), the words “departments, agencies, and instrumentality of the United States Government and the Interstate authorities” are substituted for “Federal, State, and interstate agencies” for consistency in the revised title and with other titles of the United States Code. The words “as he deems” are omitted as surplus.

In clauses (3) and (4), the word “proposed” is omitted as surplus. In clause (4), the word “applicable” is substituted for “particular type of . . . to which it will apply” to eliminate unnecessary words. In clause (5), the words “contribute to” are omitted as surplus.

In subsection (c), before clause (1), the words “Not earlier than the date of submission of the report required by section 4906 of title 42” are omitted as executed. The words “regulatory . . . over air commerce or transportation or over aircraft or airport operations” and “submitted by the EPA under this paragraph” are omitted as surplus. The word “regulations” is substituted for “rulemaking” for consistency in the revised title. The words “after they are received” are substituted for “of the date of its submission to the FAA” to eliminate unnecessary words. The words “of data, views, and arguments” are omitted as surplus. In clause (1), the words “in accordance with subsection (b) of this section” are omitted because of the restatement. In clause (2)(B), the words “documentation or other” are omitted as surplus.

In subsection (d)(1), the words “listed” and “the FAA to review, and . . . by EPA” are omitted as surplus.

In subsection (d)(2), before clause (A), the words “shall complete the review requested and” are omitted as surplus. In clause (B), the words “of the FAA” are omitted as surplus.

In subsection (e), the words “actually taken . . . in response to EPA’s proposed regulations” are omitted as surplus.

In subsection (f), the words “under any provision of this chapter” and “that . . . be granted” are omitted as surplus. The words “the exemption may be granted” are added for clarity.

### Amendments

1996—Subsec. (a)(1). Pub. L. 104–264, which in directing the general amendment of par. (1) inserted an additional subsection, (a) designation and heading identical to the existing subsection, heading as well as restating the text of par. (1), was executed by restating the text only to reflect the probable intent of Congress. Prior to amendment, par. (1) read as follows: “To relieve and protect the public health and welfare from aircraft noise and sonic boom, the Administrator of the Federal Aviation Administration shall prescribe—

(A) standards to measure aircraft noise and sonic boom; and

(B) regulations to control and abate aircraft noise and sonic boom.”

**Effective Date of 1996 Amendment**

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

§44716. Collision avoidance systems

(a) Development and Certification.—The Administrator of the Federal Aviation Administration shall—

(1) complete the development of the collision avoidance system known as “TCAS–II” so that TCAS–II can operate under visual and instrument flight rules and can be upgraded to the performance standards applicable to the collision avoidance system known as TCAS–III;

(2) develop and carry out a schedule for developing and certifying TCAS–II which will result in certification not later than June 30, 1999; and

(3) submit to Congress monthly reports on the progress being made in developing and certifying TCAS–II.
(b) INSTALLATION AND OPERATION.—The Administrator shall require by regulation that, not later than 30 months after the date certification is made under subsection (a)(2) of this section, TCAS–II be installed and operated on each civil aircraft that has a maximum passenger capacity of at least 31 seats and is used to provide air transportation of passengers, including intrastate air transportation of passengers. The Administrator may extend the deadline in this subsection for not more than 2 years if the Administrator finds the extension is necessary to promote—

1. a safe and orderly transition to the operation of a fleet of civil aircraft described in this subsection equipped with TCAS–II; or
2. other safety objectives.

(c) OPERATIONAL EVALUATION.—Not later than December 30, 1999, the Administrator shall establish a one-year program to collect and assess safety and operational information from civil aircraft equipped with TCAS–II for the operational evaluation of TCAS–II. The Administrator shall encourage foreign air carriers that operate civil aircraft equipped with TCAS–II to participate in the program.

(d) AMENDING SCHEDULE FOR WINDSHIELD EQUIPMENT.—The Administrator shall consider the feasibility and desirability of amending the schedule for installing airborne low-altitude windscreen equipment to make the schedule compatible with the schedule for installing TCAS–II.

(e) DEADLINE FOR DEVELOPMENT AND CERTIFICATION.—(1) The Administrator shall complete developing and certifying TCAS–III as soon as possible.

2. Necessary amounts may be appropriated from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to carry out this subsection.

(f) INSTALLING AND USING TRANSPONDERS.—The Administrator shall prescribe regulations requiring that, not later than December 30, 1999, operating transponders with automatic altitude reporting capability be installed and used for aircraft operating in designated terminal airspace where radar service is provided for separation of aircraft. The Administrator may provide for access to that airspace (except terminal control areas and airport radar service areas) by nonequipped aircraft if the Administrator finds the access will not interfere with the normal traffic flow.

(g) CARGO COLLISION AVOIDANCE SYSTEMS.—

1. IN GENERAL.—The Administrator shall require by regulation that, not later than December 31, 2002, collision avoidance equipment be installed on each cargo aircraft with a maximum certificated takeoff weight in excess of 15,000 kilograms.

2. EXTENSION OF DEADLINE.—The Administrator may extend the deadline established by paragraph (1) by not more than 2 years if the Administrator finds that the extension is needed to promote—

A. a safe and orderly transition to the operation of a fleet of cargo aircraft equipped with collision avoidance equipment; or

B. other safety or public interest objectives.

(3) COLLISION AVOIDANCE EQUIPMENT DEFINED.—In this subsection, the term “collision avoidance equipment” means equipment that provides protection from mid-air collisions using technology that provides—

A. cockpit-based collision detection and conflict resolution guidance, including display of traffic; and

B. a margin of safety of at least the same level as provided by the collision avoidance system known as TCAS–II.

In subsection (c), the words “in conducting the program” are omitted as surplus.

In subsection (c)(1), the word “research” is omitted as included in “developing”.

In subsection (c)(2), the words “established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502)’’ are added for consistency in the revised title.

In subsection (1), the words “Not later than 6 months after December 30, 1987, the Administrator shall promulgate a final rule’’ and “Such final rule’’ are omitted as executed.

### Amendments

### Effective Date of 2000 Amendment

### Termination of Reporting Requirements

For termination, effective May 15, 2000, of reporting provisions in subsec. (a)(3) of this section, see section 3 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 8th item on page 138 of House Document No. 103–7.

§ 44717. Aging aircraft

(a) INSPECTIONS AND REVIEWS.—The Administrator of the Federal Aviation Administration shall prescribe regulations that ensure the continuing airworthiness of aging aircraft. The regulations prescribed under subsection (a) of this section—

1. at least shall require the Administrator to make inspections, and review the maintenance and other records, of each aircraft an air carrier uses to provide air transportation that the Administrator decides may be necessary to enable the Administrator to decide whether the aircraft is in safe condition and maintained properly for operation in air transportation;

2. at least shall require an air carrier to demonstrate to the Administrator, as part of...
the inspection, that maintenance of the aircraft’s age-sensitive parts and components has been adequate and timely enough to ensure the highest degree of safety;

(3) shall require the air carrier to make available to the Administrator the aircraft and any records about the aircraft that the Administrator requires to carry out a review; and

(4) shall establish procedures to be followed in carrying out an inspection.

(b) When and How Inspections and Reviews Shall Be Carried Out.—(1) Inspections and reviews required under subsection (a)(1) of this section shall be carried out as part of each heavy maintenance check of the aircraft conducted after the 14th year in which the aircraft has been in service.

(2) Inspections under subsection (a)(1) of this section shall be carried out as provided under section 44701(a)(2)(B) and (C) of this title.

(c) Aircraft Maintenance Safety Programs.—The Administrator shall establish—

(1) a program to verify that air carriers are maintaining their aircraft according to maintenance programs approved by the Administrator;

(2) a program—

(A) to provide inspectors and engineers of the Administration with training necessary to conduct auditing inspections of aircraft operated by air carriers for corrosion and metal fatigue; and

(B) to enhance participation of those inspectors and engineers in those inspections; and

(3) a program to ensure that air carriers demonstrate to the Administrator their commitment and technical competence to ensure the airworthiness of aircraft that the carriers operate.

(d) Foreign Air Transportation.—(1) The Administrator shall take all possible steps to encourage governments of foreign countries and relevant international organizations to develop standards and requirements for inspections and reviews that—

(A) will ensure the continuing airworthiness of aging aircraft used by foreign air carriers to provide foreign air transportation to and from the United States; and

(B) will provide passengers of those foreign air carriers with the same level of safety that will be provided passengers of air carriers by air carriers with the same level of safety that operate.

(2) Not later than September 30, 1994, the Administrator shall report to Congress on carrying out this subsection.

§ 44718. Structures interfering with air commerce

(a) Notice.—By regulation or by order when necessary, the Secretary of Transportation shall require a person to give adequate public notice, in the form and way the Secretary prescribes, of the construction, alteration, establishment, or expansion, or the proposed construction, alteration, establishment, or expansion, of a structure or sanitary landfill when the notice will promote—

(1) safety in air commerce; and

(2) the efficient use and preservation of the navigable airspace and of airport traffic capacity at public-use airports.

(b) Studies.—(1) Under regulations prescribed by the Secretary, if the Secretary decides that constructing or altering a structure may result in an obstruction of the navigable airspace or an interference with air navigation facilities and equipment or the navigable airspace, the Secretary shall conduct an aeronautical study to decide the extent of any adverse impact on the safe and efficient use of the airspace, facilities, or equipment. In conducting the study, the Secretary shall consider factors relevant to the efficient and effective use of the navigable airspace, including—

(A) the impact on arrival, departure, and en route procedures for aircraft operating under visual flight rules;

(B) the impact on arrival, departure, and en route procedures for aircraft operating under instrument flight rules;

(C) the impact on existing public-use airports and aeronautical facilities; and

(D) the impact on planned public-use airports and aeronautical facilities; and

(E) the cumulative impact resulting from the proposed construction or alteration of a structure when combined with the impact of other existing or proposed structures.

--- | --- | ---

In subsections (a) and (c), before clause (1), the words “Not later than 180 days after the date of the enactment of this title” are omitted as obsolete.
(2) On completing the study, the Secretary shall issue a report disclosing completely the extent of the adverse impact on the safe and efficient use of the navigable airspace that the Secretary finds will result from constructing or altering the structure.

(c) BROADCAST APPLICATIONS AND TOWER STUDIES.—In carrying out laws related to a broadcast application and conducting an aeronautical study related to broadcast towers, the Administrator of the Federal Aviation Administration and the Federal Communications Commission shall take action necessary to coordinate efficiently—

(1) the receipt and consideration of, and action on, the application; and

(2) the completion of any associated aeronautical study.

(d) LIMITATION ON CONSTRUCTION OF LANDFILLS.—

(1) IN GENERAL.—No person shall construct or establish a municipal solid waste landfill (as defined in section 258.2 of title 40, Code of Federal Regulations, as in effect on the date of the enactment of this subsection) that receives putrescible waste (as defined in section 257.3–8 of such title) within 6 miles of a public airport that has received grants under chapter 471 and is primarily served by general aviation aircraft and regularly scheduled flights of aircraft designed for 60 passengers or less unless the State aviation agency of the State in which the airport is located requests that the Administrator of the Federal Aviation Administration exempt the landfill from the application of this subsection and the Administrator determines that such exemption would have no adverse impact on aviation safety.

(2) LIMITATION ON APPLICABILITY.—Paragraph (1) shall not apply in the State of Alaska and shall not apply to the construction, establishment, expansion, or modification of, or to any other activity undertaken with respect to, a municipal solid waste landfill if the construction or establishment of the landfill was commenced on or before the date of the enactment of this subsection.

REFERENCES IN TEXT

The date of the enactment of this subsection, referred to in subsection (d), probably means the date of enactment of Pub. L. 106–181, which amended subsec. (d) generally, and which was approved Apr. 5, 2000.

AMENDMENTS

2000—Subsec. (d). Pub. L. 106–181 amended heading and text of subsec. (d) generally. Prior to amendment, text read as follows: “For the purposes of enhancing aviation safety, in a case in which 2 landfills have been proposed to be constructed or established within 6 miles of a commercial service airport with fewer than 50,000 enplanements per year, no person shall construct or establish either landfill if an official of the Federal Aviation Administration has stated in writing within the 3-year period ending on the date of the enactment of this subsection that 1 of the landfills would be incompatible with aircraft operations at the airport, unless the landfill is already active on such date of enactment or the airport operator agrees to the construction or establishment of the landfill.”

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

STUDY OF EFFECTS OF NEW CONSTRUCTION OF OBSTRUCTIONS ON MILITARY INSTALLATIONS AND OPERATIONS

“(a) OBJECTIVE.—It shall be an objective of the Department of Defense to ensure that the robust development of renewable energy sources and the increased resiliency of the commercial electrical grid may move forward in the United States, while minimizing or mitigating any adverse impacts on military operations and readiness.

“(b) DESIGNATION OF SENIOR OFFICIAL AND LEAD ORGANIZATION.—

“(1) Designation.—Not later than 30 days after the date of the enactment of this Act [Jan. 7, 2011], the Secretary of Defense shall designate a senior official of the Department of Defense, and a lead organization of the Department of Defense, to—

“A serve as the executive agent to carry out the review required by subsection (d);

“B serve as a clearinghouse to coordinate Department of Defense review of applications for projects filed with the Secretary of Transportation pursuant to section 44718 of title 49, United States Code, and received by the Department of Defense from the Secretary of Transportation; and

“(C) accelerate the development of planning tools necessary to determine the acceptability to the Department of Defense of proposals included in an application for a project submitted pursuant to such section.

“(2) Resources.—The Secretary shall ensure that the senior official and lead organization designated under paragraph (1) are assigned such personnel and resources as the Secretary considers appropriate to carry out this section.

“(c) INITIAL ACTIONS.—Not later than 180 days after the date of the enactment of this Act [Jan. 7, 2011], the Secretary of Defense, acting through the senior official and lead organization designated pursuant to subsection (b), shall—

“(1) conduct a preliminary review of each application for a project filed with the Secretary of Trans-
PORTION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, THAT MAY HAVE AN ADVERSE IMPACT ON MILITARY OPERATIONS AND READINESS, UNLESS SUCH PROJECT HAS BEEN GRANTED A DETERMINATION OF NO HAZARD. SUCH REVIEW SHALL, AT A MINIMUM, FOR EACH SUCH PROJECT—

"(A) ASSESS THE LIKELY SCOPE AND DURATION OF ANY ADVERSE IMPACT OF SUCH PROJECT ON MILITARY OPERATIONS AND READINESS; AND

"(B) IDENTIFY ANY FEASIBLE AND AFFORDABLE ACTIONS THAT COULD BE TAKEN IN THE IMMEDIATE FUTURE BY THE DEPARTMENT, THE DEVELOPER OF SUCH PROJECT, OR OTHERS TO MEDIATE SUCH ADVERSE IMPACT AND TO MINIMIZE RISKS TO NATIONAL SECURITY WHILE ALLOWING SUCH PROJECT TO PROCEED WITH DEVELOPMENT;

"(2) DEVELOP, IN COORDINATION WITH OTHER DEPARTMENTS AND AGENCIES OF THE FEDERAL GOVERNMENT, AN INTEGRATED REVIEW PROCESS TO ENSURE TIMELY NOTIFICATION AND CONSIDERATION OF PROJECTS FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, THAT MAY HAVE AN ADVERSE IMPACT ON MILITARY OPERATIONS AND READINESS;

"(3) ESTABLISH PROCEDURES FOR THE DEPARTMENT OF DEFENSE FOR THE COORDINATED CONSIDERATION OF AND RESPONSE TO A REQUEST FOR A REVIEW RECEIVED FROM STATE AND LOCAL OFFICIALS OR THE DEVELOPER OF A RENEWABLE ENERGIES AND AGENCIES OF THE FEDERAL GOVERNMENT, AN INTEGRATED REVIEW PROCESS TO ENSURE TIMELY NOTIFICATION AND CONSIDERATION OF PROJECTS FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, THAT MAY HAVE AN ADVERSE IMPACT ON MILITARY OPERATIONS AND READINESS;

"(4) DEVELOP PROCEDURES FOR CONDUCTING EARLY OUTREACH TO PARTIES CARRYING OUT PROJECTS FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, THAT COULD HAVE AN ADVERSE IMPACT ON MILITARY OPERATIONS AND READINESS, AND TO THE GENERAL PUBLIC, TO CLEARLY COMMUNICATE NOTICE ON ACTIONS BEING TAKEN BY THE DEPARTMENT OF DEFENSE UNDER THIS SECTION AND TO RECEIVE COMMENTS FROM SUCH PARTIES AND THE GENERAL PUBLIC ON SUCH ACTIONS;

"(D) COMPREHENSIVE REVIEW.—

"(1) STRATEGY REQUIRED.—NOT LATER THAN 270 DAYS AFTER THE DATE OF THE ENACTMENT OF THIS ACT [JAN. 7, 2011], THE SECRETARY OF DEFENSE, ACTING THROUGH THE SENIOR OFFICIAL AND LEAD ORGANIZATION DESIGNATED PURSUANT TO SUBSECTION (B), SHALL DEVELOP A COMPREHENSIVE STRATEGY FOR ADDRESSING THE MILITARY IMPACTS OF PROJECTS FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE.

"(2) ELEMENTS.—IN DEVELOPING THE STRATEGY REQUIRED BY PARAGRAPH (1), THE SECRETARY OF DEFENSE SHALL—

"(A) ASSESS THE MAGNITUDE OF INTERFERENCEPOSED BY PROJECTS FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE;

"(B) IDENTIFY GEOGRAPHIC AREAS SELECTED AS PROPOSED LOCATIONS FOR PROJECTS FILED, OR WHICH MAY BE FILED IN THE FUTURE, WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, WHERE SUCH PROJECTS COULD HAVE AN ADVERSE IMPACT ON MILITARY OPERATIONS AND READINESS AND CATEGORIZE THE RISK OF ADVERSE IMPACT IN SUCH AREAS AS HIGH, MEDIUM, OR LOW FOR THE PURPOSE OF FORMING EARLY OUTREACH EFFORTS UNDER SUBSECTION (C)(4) AND PRELIMINARY ASSESSMENTS UNDER SUBSECTION (E); AND

"(C) SPECIFICALLY IDENTIFY FEASIBLE AND AFFORDABLE LONG-TERM ACTIONS THAT MAY BE TAKEN TO MITIGATE ADVERSE IMPACTS OF PROJECTS FILED, OR WHICH MAY BE FILED IN THE FUTURE, WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, ON MILITARY OPERATIONS AND READINESS, INCLUDING—

"(1) INVESTMENT PRIORITIES OF THE DEPARTMENT OF DEFENSE WITH RESPECT TO RESEARCH AND DEVELOPMENT;

"(II) MODIFICATIONS TO MILITARY OPERATIONS TO ACCOMMODATE APPLICATIONS FOR SUCH PROJECTS;

"(III) RECOMMENDED UPGRADES OR MODIFICATIONS TO EXISTING SYSTEMS OR PROCEDURES BY THE DEPARTMENT OF DEFENSE;

"(IV) ACQUISITION OF NEW SYSTEMS BY THE DEPARTMENT AND OTHER DEPARTMENTS AND AGENCIES OF THE FEDERAL GOVERNMENT AND TIMELINES FOR FIELDING SUCH NEW SYSTEMS; AND

"(V) MODIFICATIONS TO THE PROJECTS FOR WHICH SUCH APPLICATIONS ARE FILED, INCLUDING CHANGES IN SIZE, LOCATION, OR TECHNOLOGY;

"(2) DETERMINATION OF UNACCEPTABLE RISK.—THE PROCEDURES ESTABLISHED PURSUANT TO SUBSECTION (C) SHALL ENSURE THAT THE SECRETARY OF DEFENSE DOES NOT OBJECT TO A PROJECT FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE, EXCEPT IN A CASE IN WHICH THE SECRETARY OF DEFENSE DETERMINES, AFTER GIVING FULL CONSIDERATION TO MITIGATION ACTIONS IDENTIFIED PURSUANT TO THIS SECTION, THAT SUCH PROJECT WOULD RESULT IN AN UNACCEPTABLE RISK TO THE NATIONAL SECURITY OF THE UNITED STATES.

"(4) NON-DELEGATION OF DETERMINATIONS.—THE RESPONSIBILITY FOR MAKING A DETERMINATION OF UNACCEPTABLE RISK UNDER PARAGRAPH (2) MAY ONLY BE DELEGATED TO AN APPROPRIATE SENIOR OFFICER OF THE DEPARTMENT OF DEFENSE, ON THE RECOMMENDATION OF THE SENIOR OFFICIAL DESIGNATED PURSUANT TO SUBSECTION (B). THE FOLLOWING INDIVIDUALS ARE APPROPRIATE SENIOR OFFICERS OF THE DEPARTMENT OF DEFENSE FOR THE PURPOSES OF THIS PARAGRAPH:

"(A) THE DEPUTY SECRETARY OF DEFENSE;

"(B) THE UNDER SECRETARY OF DEFENSE FOR ACQUISITION, TECHNOLOGY, AND LOGISTICS;

"(C) THE PRINCIPAL DEPUTY UNDER SECRETARY OF DEFENSE FOR ACQUISITION, TECHNOLOGY, AND LOGISTICS;

"(I) REPORTS.—

"(2) CONTENTS OF REPORT.—EACH REPORT SUBMITTED UNDER PARAGRAPH (1) SHALL INCLUDE—

"(A) THE RESULTS OF A REVIEW CARRIED OUT BY THE SECRETARY OF DEFENSE OF ANY PROJECTS FILED WITH THE SECRETARY OF TRANSPORTATION PURSUANT TO SECTION 44718 OF TITLE 49, UNITED STATES CODE;

"(I) THAT THE SECRETARY OF DEFENSE HAS DETERMINED WOULD RESULT IN AN UNACCEPTABLE RISK TO THE NATIONAL SECURITY; AND
“(i) for which the Secretary of Defense has recommended to the Secretary of Transportation that a hazard determination be issued;

(2) an assessment of the risk associated with the loss or modifications of military training routes and a quantification of such risk;

(3) an assessment of the risk associated with solar power and similar systems as to the effects of glint on military readiness;

(4) an assessment of the risk associated with electromagnetic interference on military readiness, including the effects of testing and evaluation ranges;

(5) an assessment of any risks posed by the development of projects filed with the Secretary of Transportation pursuant to section 44718 of title 49, United States Code, to the prevention of threats and aggression directed toward the United States and its territories; and

(6) a description of the distance from a military installation that the Department of Defense will use to pre-screen applicants under section 44718 of title 49, United States Code.

(g) AUTHORITY TO ACCEPT CONTRIBUTIONS OF FUNDS.—The Secretary of Defense is authorized to accept a voluntary contribution of funds from an applicant for a project filed with the Secretary of Transportation pursuant to section 44718 of title 49, United States Code. Amounts so accepted shall be available for the purpose of offsetting the cost of measures undertaken by the Secretary of Defense to mitigate adverse impacts of such project on military operations and readiness.

(h) EFFECT OF DEPARTMENT OF DEFENSE HAZARD ASSESSMENT.—An action taken pursuant to this section shall not be considered to be a substitute for any assessment or determination required of the Secretary of Transportation under section 44718 of title 49, United States Code.

(i) SAVINGS PROVISION.—Nothing in this section shall be construed to affect or limit the application of, or any obligation to comply with, any environmental law, including the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(j) DEFINITIONS.—In this section:

(1) the term ‘military training route’ means a training route developed as part of the Military Training Route Program, carried out jointly by the Federal Aviation Administration and the Secretary of Defense, for use by the Armed Forces for the purpose of conducting low-altitude, high-speed military training;

(2) the term ‘military installation’ has the meaning given that term in section 201(c)(4) of title 10, United States Code.

(k) The term ‘military readiness’ includes any training or operation that could be related to combat readiness, including testing and evaluation activities.

LANDFILLS INTERFERING WITH AIR COMMERCE

(1) collisions between aircraft and birds have resulted in fatal accidents;

(2) bird strikes pose a special danger to smaller aircraft;

(3) landfills near airports pose a potential hazard to aircraft operating there because they attract birds;

(4) even if the landfill is not located in the approach path of the airport’s runway, it still poses a hazard because of the birds’ ability to fly away from the landfill and into the path of oncoming planes;

(5) while certain mileage limits have the potential to be arbitrary, keeping landfills at least 6 miles away from an airport, especially an airport served by small planes, is an appropriate minimum requirement for aviation safety; and

(6) closure of existing landfills (due to concerns about aviation safety) should be avoided because of the likely disruption to those who use and depend on such landfills.”

§ 44719. Standards for navigational aids

The Secretary of Transportation shall prescribe regulations on standards for installing navigational aids, including airport control towers. For each type of facility, the regulations shall consider at a minimum traffic density (number of aircraft operations without consideration of aircraft size), terrain and other obstacles to navigation, weather characteristics, passengers served, and potential aircraft operating efficiencies.

§ 44720. Meteorological services

(a) RECOMMENDATIONS.—The Administrator of the Federal Aviation Administration shall make recommendations to the Secretary of Commerce on providing meteorological services necessary for the safe and efficient movement of aircraft in air commerce. In providing the services, the Secretary shall cooperate with the Administrator and give complete consideration to those recommendations.

(b) PROMOTING SAFETY AND EFFICIENCY.—To promote safety and efficiency in air navigation to the highest possible degree, the Secretary shall—

(1) observe, measure, investigate, and study atmospheric phenomena, and maintain meteorological stations and offices, that are necessary or best suited for finding out in advance information about probable weather conditions;

(2) provide reports to the Administrator to persons engaged in civil aeronautics that are designated by the Administrator and to other persons designated by the Secretary in a way and with a frequency that best will result in safety in, and facilitating, air navigation;

(3) cooperate with persons engaged in air commerce in meteorological services, maintain reciprocal arrangements with those persons in carrying out this clause, and collect and distribute weather reports available from aircraft in flight;

(4) maintain and coordinate international exchanges of meteorological information required for the safety and efficiency of air navigation;

(5) in cooperation with other departments, agencies, and instrumentalities of the United States Government, meteorological services of foreign countries, and persons engaged in air commerce, participate in developing an international basic meteorological reporting network, including the establishment, operation, and maintenance of reporting stations on the high seas, in polar regions, and in foreign countries;
(6) coordinate meteorological requirements in the United States to maintain standard observations, to promote efficient use of facilities, and to avoid duplication of services unless the duplication tends to promote the safety and efficiency of air navigation; and

(7) promote and develop meteorological science and foster and support research projects in meteorology through the use of private and governmental research facilities and provide for publishing the results of the projects unless publication would not be in the public interest.

In subsection (b), the title “Secretary” [of Commerce] is substituted for “Chief of the Weather Bureau” in section 301 of the Federal Aviation Act of 1958 (Public Law 85–726, 79 Stat. 783) because of sections 1 and 2 of Reorganization Plan No. 2 of 1965 (eff. July 13, 1965, 79 Stat. 1318). Before clause (1), the words “In order” and “in addition to any other functions or duties pertaining to weather information for other purposes” are omitted as surplus. In clause (2), the words “forecasts, warnings, and advices” are omitted as being included in “reports”. In clause (3), the words “or employees thereof” and “establish and” are omitted as surplus. The words “with those persons” are added for clarity. In clause (5), the words “departments, agencies, and instrumentalities of the United States Government” are substituted for “governmental agencies of the United States” for consistency in the revised title and with other titles of the United States Code.

AUTOMATED SURFACE OBSERVATION SYSTEM STATIONS

(1) the Administrator determines that the system provides consistent reporting of changing meteorological conditions and notifies Congress in writing of that determination; and

(2) 60 days have passed since the report was transmitted to Congress.”

§ 44721. Aeronautical charts and related products and services

(a) Publication. —

(1) In general.—The Administrator of the Federal Aviation Administration may arrange for the publication of aeronautical maps and charts necessary for the safe and efficient movement of aircraft in air navigation, using the facilities and assistance of departments, agencies, and instrumentalities of the United States Government as far as practicable.

(2) Navigation routes.—In carrying out paragraph (1), the Administrator shall update and arrange for the publication of clearly defined routes for navigating through a complex terminal airspace area and to and from an airport located in such an area, if the Administrator decides that publication of the routes would promote safety in air navigation. The routes shall be developed in consultation with pilots and other users of affected airports and shall be for the optional use of pilots operating under visual flight rules.

(b) Indemnification.—The Government shall make an agreement to indemnify any person that publishes a map or chart for use in aeronautics from any part of a claim arising out of the depiction by the person on the map or chart of a defective or deficient flight procedure or airway if the flight procedure or airway was—

(1) prescribed by the Administrator;

(2) depicted accurately on the map or chart; and

(3) not obviously defective or deficient.

(c) Authority of Office of Aeronautical Charting and Cartography. —Effective October 1, 2000, the Administrator is vested with and shall exercise the functions, powers, and duties of the Secretary of Commerce and other officers of the Department of Commerce that relate to the Office of Aeronautical Charting and Cartography to provide aeronautical charts and related products and services for the safe and efficient navigation of air commerce, under the following authorities:

(1) Sections 1 through 9 of the Act entitled “An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes”, approved August 6, 1947, (33 U.S.C. 883a–883h).

(d) Authority. —In order that full public benefit may be derived from the dissemination of data resulting from activities under this section and of related data from other sources, the Administrator may—

(1) develop, process, disseminate and publish digital and analog data, information, compilations, and reports;

(2) compile, print, and disseminate aeronautical charts and related products and services of the United States and its territories and possessions;

(3) compile, print, and disseminate aeronautical charts and related products and services covering international airspace as are required primarily by United States civil aviation; and

(4) compile, print, and disseminate nonaeronautical navigational, transportation or public-safety-related products and services when in the best interests of the Government.

(e) Contracts, Cooperative Agreements, Grants, and Other Agreements. —

(1) Contracts. —The Administrator is authorized to contract with qualified organizations for the performance of any part of the authorized functions of the Office of Aeronautical Charting and Cartography when the Administrator deems such procedure to be in the public interest and will not compromise public safety.
(2) COOPERATIVE AGREEMENTS, GRANTS, AND OTHER AGREEMENTS.—The Administrator is authorized to enter into cooperative agreements, grants, reimbursable agreements, memoranda of understanding and other agreements, with a State subdivision of a State, Federal agency, public or private organization, or individual, to carry out the purposes of this section.

(f) SPECIAL SERVICES AND PRODUCTS.—

(1) IN GENERAL.—The Administrator is authorized, at the request of a State, subdivision of a State, Federal agency, public or private organization, or individual, to conduct special services, including making special studies, or developing special publications or products on matters relating to navigation, transportation, or public safety.

(2) FEES.—The Administrator shall assess a fee for any special service provided under paragraph (1). A fee shall be not more than the actual or estimated full cost of the service. A fee may be reduced or waived for research organizations, educational organizations, or non-profit organizations, when the Administrator determines that reduction or waiver of the fee is in the best interest of the Government by furthering public safety.

(g) SALE AND DISSEMINATION OF AERONAUTICAL PRODUCTS.—

(1) IN GENERAL.—Aeronautical products created or maintained under the authority of this section shall be sold at prices established annually by the Administrator consistent with the following:

(A) MAXIMUM PRICE.—Subject to subparagraph (B), the price of an aeronautical product sold to the public shall be not more than the actual or estimated full cost of the service. A fee may be reduced or waived for research organizations, educational organizations, or non-profit organizations, when the Administrator determines that reduction or waiver of the fee is in the best interest of the Government by furthering public safety.

(B) ADJUSTMENT OF PRICE.—The Administrator shall adjust the price of an aeronautical product and service sold to the public as necessary to avoid any adverse impact on aviation safety attributable to the price specified under this paragraph.

(C) COSTS ATTRIBUTABLE TO ACQUISITION OF AERONAUTICAL DATA.—A price established under this paragraph may not include costs attributable to the acquisition of aeronautical data.

(D) CONTINUATION OF PRICES.—The price of any product created under subsection (d) may correspond to the price of a comparable product created by a department of the United States Government as that price was in effect on September 30, 2000, and may remain in effect until modified by regulation under section 9701 of title 31, United States Code.

(2) PUBLICATION OF PRICES.—The Administrator shall publish annually the prices at which aeronautical products are sold to the public.

(3) DISTRIBUTION.—The Administrator may distribute aeronautical products and provide aeronautical services—

(A) without charge to each foreign government or international organization with which the Administrator or a Federal department or agency has an agreement for exchange of these products or services without cost;

(B) at prices the Administrator establishes, to the departments and officers of the United States requiring them for official use; and

(C) at reduced or no charge where, in the judgment of the Administrator, furnishing the aeronautical product or service to a recipient is a reasonable exchange for voluntary contribution of information by the recipient to the activities under this section.

(4) FEES.—The fees provided for in this subsection are for the purpose of reimbursing the Government for the costs of creating, printing and disseminating aeronautical products and services under this section. The collection of fees authorized by this section does not alter or expand any duty or liability of the Government under existing law for the performance of functions for which fees are collected, nor does the collection of fees constitute an express or implied undertaking by the Government to perform any activity in a certain manner.

(5) CREDITING AMOUNTS RECEIVED.—Notwithstanding any other provision of law, amounts received for the sale of products created and services performed under this section shall be fully credited to the account of the Federal Aviation Administration that funded the provision of the products or services and shall remain available until expended.

in accordance with law by the President of the United States, the Administrator of the Federal Aviation Administration, a court of competent jurisdiction, or by operation of law.

(b) CONTINUED EFFECTIVENESS OF PENDING ACTIONS.

(1) IN GENERAL.—The provisions of this title shall not affect any proceedings, including notices of proposed rulemaking, or any application for any license, permit, certificate, or financial assistance pending on the date of transfer before the Department of Commerce or the National Oceanic and Atmospheric Administration, or any officer of such Department or Administration, with respect to functions transferred by this title, but such proceedings or applications, to the extent that they relate to functions transferred, shall be continued in accord with transition guidelines promulgated by the Administrator of the Federal Aviation Administration under the authority of this section. Orders issued in any such proceedings shall continue in effect until modified, terminated, superseded, or revoked by the Administrator of the Federal Aviation Administration, by a court of competent jurisdiction, or by operation of law. Nothing in this subsection prohibits the discontinuance or modification of any such proceeding under the same terms and conditions and to the same extent that such proceeding could have been discontinued or modified if this title had not been enacted.

(2) TRANSITION GUIDELINES.—The Secretary of Commerce, the Administrator of the National Oceanic and Atmospheric Administration, and the Administrator of the Federal Aviation Administration are authorized to issue transition guidelines providing for the orderly transfer of proceedings and otherwise to accomplish the orderly transfer of functions, personnel and property under this title.

(c) CONTINUED EFFECTIVENESS OF JUDICIAL ACTIONS.—No cause of action by or against the Department of Commerce or the National Oceanic and Atmospheric Administration with respect to functions transferred by this title, or by or against any officer thereof in the official capacity, shall abate by reason of the enactment of this title. Causes of action and actions with respect to a function or office transferred by this title, or other proceedings may be asserted by or against the United States or an official of the Federal Aviation Administration, as may be appropriate, and, in an action pending when this title takes effect, the court may at any time, on its own motion or that of any party, enter an order that will give effect to the provisions of this subsection.

(d) SUBSTITUTION OR ADDITION OF PARTIES TO JUDICIAL ACTIONS.—If, on the date of transfer, the Department of Commerce or the National Oceanic and Atmospheric Administration, or any officer of the Department or Administration in an official capacity, is a party to an action, and under this title any functions relating to the action of the Department, Administration, or officer is transferred to the Federal Aviation Administration, then such action shall be continued with the Administrator of the Federal Aviation Administration substituted or added as a party.

(e) CONTINUED JURISDICTION OVER ACTIONS TRANSFERRED.—Orders and actions of the Administrator of the Federal Aviation Administration in the exercise of functions transferred by this title shall be subject to judicial review to the same extent and in the same manner as if such orders or actions had been by the Department of Commerce or the National Oceanic and Atmospheric Administration, or any officer of such Department or Administration, in the exercise of such functions immediately preceding their transfer.

(f) LIABILITIES AND OBLIGATIONS.—The Administrator of the Federal Aviation Administration shall assume all liabilities and obligations (tangible and incorporeal, present and executory) associated with the functions transferred under this title by transfer, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, ac-
counts payable, financial assistance, and litigation relating to such obligations, regardless whether judgment has been entered, damages awarded, or appeal taken.

"TRANSFER OF OFFICE, PERSONNEL, AND FUNDS"

Pub. L. 106–181, title VI, §602, Apr. 5, 2000, 114 Stat. 149, provided that:

"(a) TRANSFER OF OFFICE.—Effective October 1, 2000, the Office of Aeronautical Charting and Cartography of the National Oceanic and Atmospheric Administration, Department of Commerce, is transferred to the Federal Aviation Administration.

"(b) OTHER TRANSFERS.—Effective October 1, 2000, personnel employed in connection with, and the assets, liabilities, contracts, property, equipment, facilities, records, and unexpended balance of appropriations, and other funds employed, held, used, arising from, available to, or to be made available in connection with the function and offices, or portions of offices, transferred by this title (amending this section, sections 883b and 885e of Title 49, Navigation and Navigable Waters, and section 1307 of Title 44, Public Printing and Documents, and enacting provisions set out as notes under this section), including all Senior Executive Service positions, subject to section 1531 of title 31, United States Code, are transferred to the Administrator of the Federal Aviation Administration for appropriate allocation. Personnel employed in connection with functions transferred by this title transfer under any applicable law and regulation relating to transfer of functions. Unexpended funds transferred under this section shall be used only for the purposes for which the funds were originally authorized and appropriated, except that funds may be used for expenses associated with the transfer authorized by this title."

"PROCUREMENT OF PRIVATE ENTERPRISE MAPPING, CHARTING, AND GEOGRAPHIC INFORMATION SYSTEMS"

Pub. L. 106–181, title VI, §607, Apr. 5, 2000, 114 Stat. 154, provided that: "The Administrator [of the Federal Aviation Administration] may consider procurements for mapping, charting, and geographic information systems necessary to carry out the duties of the Administrator under title 49, United States Code, from private enterprises, if the Administrator determines that such procurements further the mission of the Federal Aviation Administration and is cost effective."

§ 44722. Aircraft operations in winter conditions

The Administrator of the Federal Aviation Administration shall prescribe regulations requiring procedures to improve safety of aircraft operations during winter conditions. In deciding on the procedures to be required, the Administrator shall consider at least aircraft and air traffic control modifications, the availability of different types of deicing fluids (considering their efficiency and environmental limitations), the types of deicing equipment available, and the feasibility and desirability of establishing timeframes within which deicing must occur under certain types of inclement weather.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1202.)

The words "Before November 1, 1992" are omitted as obsolete. The words "prescribe regulations requiring" are substituted for "require, by regulation", and the words "other factors the Administrator considers appropriate" are substituted for "among other things", for consistency in the revised title.

§ 44723. Annual report

Not later than January 1 of each year, the Secretary of Transportation shall submit to Congress a comprehensive report on the safety enforcement activities of the Federal Aviation Administration during the fiscal year ending the prior September 30th. The report shall include—

(1) a comparison of end-of-year staffing levels by operations, maintenance, and avionics inspector categories to staffing goals and a statement on how staffing standards were applied to make allocations between air carrier and general aviation operations, maintenance, and avionics inspectors;

(2) schedules showing the range of inspector experience by various inspector work force categories, and the number of inspectors in each of the categories who are considered fully qualified;

(3) schedules showing the number and percentage of inspectors who have received mandatory training;

(4) a description of the criteria used to set annual work programs, an explanation of how these criteria differ from criteria used in the prior fiscal year and how the annual work programs ensure compliance with appropriate regulations and safe operating practices;

(5) a comparison of actual inspections performed during the fiscal year to the annual work programs by field location and, for any field location completing less than 80 percent of its planned number of inspections, an explanation of why annual work program plans were not met;

(6) a statement of the adequacy of Administration internal management controls available to ensure that field managers comply with Administration policies and procedures, including those on inspector priorities, district office coordination, minimum inspection standards, and inspection followup;

(7) the status of efforts made by the Administration to update inspector guidance documents and regulations to include technological, management, and structural changes taking place in the aviation industry, including a listing of the backlog of all proposed regulatory amendments;

(8) a list of the specific operational measures of effectiveness used to evaluate—

(A) the progress in meeting program objectives;

(B) the quality of program delivery; and

(C) the nature of emerging safety problems;
§ 44724

TITLE 49—TRANSPORTATION

(9) a schedule showing the number of civil penalty cases closed during the 2 prior fiscal years, including the total initial and final penalties imposed, the total number of dollars collected, the range of dollar amounts collected, the average case processing time, and the range of case processing time;

(10) a schedule showing the number of enforcement actions taken (except civil penalties) during the 2 prior fiscal years, including the total number of violations cited, and the number of cited violation cases closed by certificate suspensions, certificate revocations, warnings, and no action taken; and

(11) schedules showing the safety record of the aviation industry during the fiscal year for air carriers and general aviation, including—

(A) the number of inspections performed when deficiencies were identified compared with inspections when no deficiencies were found;

(B) the frequency of safety deficiencies for each air carrier; and

(C) an analysis based on data of the general status of air carrier and general aviation compliance with aviation regulations.

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of reporting provisions in this section, see section 3003 of Pub. L. 104–264, set out as a note under section 106 of this title.

§ 44725. Life-limited aircraft parts

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall conduct a rulemaking proceeding to require the safe disposition of life-limited parts removed from an aircraft. The rulemaking proceeding shall ensure that the disposition precludes installation on an aircraft of a life-limited part that has reached or exceeded its life limits.

(b) SAFE DISPOSITION.—For the purposes of this section, safe disposition includes any of the following methods:

(1) The part may be segregated under circumstances that preclude its installation on an aircraft.

(2) The part may be permanently marked to indicate its used life status.

(3) The part may be destroyed in any manner calculated to prevent reinstallation in an aircraft.

(4) The part may be marked, if practicable, to include the recordation of hours, cycles, or other airworthiness information. If the parts are marked with cycles or hours of usage, that information must be updated every time the part is removed from service or when the part is retired from service.

(5) Any other method approved by the Administrator.

(c) DEADLINES.—In conducting the rulemaking proceeding under subsection (a), the Administrator shall—

(1) not later than 180 days after the date of the enactment of this section, issue a notice of proposed rulemaking; and

(2) not later than 180 days after the close of the comment period on the proposed rule, issue a final rule.

(d) PRIOR-REMOVED LIFE-LIMITED PARTS.—No rule issued under subsection (a) shall require the marking of parts removed from aircraft before the effective date of the rules issued under sub-

EFFECTIVE DATE

L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

§ 44726. Manipulation of flight controls

(a) PROHIBITION.—No pilot in command of an aircraft may allow an individual who does not hold—

(1) a valid private pilot certificate issued by the Administrator of the Federal Aviation Administration under part 61 of title 14, Code of Federal Regulations; and

(2) the appropriate medical certificate issued by the Administrator under part 67 of such title,
section (a), nor shall any such rule forbid the installation of an otherwise airworthy life-limited part.

§ 44726. Denial and revocation of certificate for counterfeit parts violations

(a) DENIAL OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in paragraph (2) of this subsection and subsection (e)(2), the Administrator of the Federal Aviation Administration may not issue a certificate under this chapter to any person—

(A) convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) whose certificate is revoked under subsection (b); or

(C) subject to a controlling or ownership interest of an individual described in subparagraph (A) or (B).

(2) EXCEPTION.—Notwithstanding paragraph (1), the Administrator may issue a certificate under this chapter to a person described in paragraph (1) if issuance of the certificate will facilitate law enforcement efforts.

(b) REVOCATION OF CERTIFICATE.—

(1) IN GENERAL.—Except as provided in subsections (f) and (g), the Administrator shall issue an order revoking a certificate issued under this chapter if the Administrator finds that the holder of the certificate or an individual who has a controlling or ownership interest in the holder—

(A) was convicted in a court of law of a violation of a law of the United States relating to the installation, production, repair, or sale of a counterfeit or fraudulently-represented aviation part or material; or

(B) knowingly, and with the intent to defraud, carried out or facilitated an activity punishable under a law described in paragraph (1)(A).

(2) NO AUTHORITY TO REVIEW VIOLATION.—In carrying out paragraph (1), the Administrator may not review whether a person violated a law described in paragraph (1)(A).

(c) NOTICE REQUIREMENT.—Before the Administrator revokes a certificate under subsection (b), the Administrator shall—

(1) advise the holder of the certificate of the reason for the revocation; and

(2) provide the holder of the certificate an opportunity to be heard on why the certificate should not be revoked.

(d) APPEAL.—The provisions of section 4710(d) apply to the appeal of a revocation order under subsection (b). For the purpose of applying that section to the appeal, “person” shall be substituted for “individual” each place it appears.

(e) ACQUITTAL OR REVERSAL.—

(1) IN GENERAL.—The Administrator may not revoke, and the National Transportation Safety Board may not affirm a revocation of, a certificate under subsection (b)(1)(B) if the holder of the certificate or the individual referred to in subsection (b)(1) is acquitted of all charges directly related to the violation.

(2) REISSUANCE.—The Administrator may reissue a certificate revoked under subsection (b) of this section to the former holder if—

(A) the former holder otherwise satisfies the requirements of this chapter for the certificate; and

(B)(i) the former holder or the individual referred to in subsection (1), is acquitted of all charges related to the violation on which the revocation was based; or

(ii) the conviction of the former holder or such individual of the violation on which the revocation was based is reversed.

(f) WAIVER.—The Administrator may waive revocation of a certificate under subsection (b) if—

(1) a law enforcement official of the United States Government requests a waiver; and

(2) the waiver will facilitate law enforcement efforts.

(g) AMENDMENT OF CERTIFICATE.—If the holder of a certificate issued under this chapter is other than an individual and the Administrator finds that—

(1) an individual who had a controlling or ownership interest in the holder committed a violation of a law for the violation of which a certificate may be revoked under this section or knowingly, and with intent to defraud, carried out or facilitated an activity punishable under such a law; and

(2) the holder satisfies the requirements for the certificate without regard to that individual,

then the Administrator may amend the certificate to impose a limitation that the certificate will not be valid if that individual has a controlling or ownership interest in the holder. A decision by the Administrator under this subsection is not reviewable by the Board.

AMENDMENTS
2003—Subsec. (a)(1). Pub. L. 108–176 struck out “or” at end of subpar. (A), added subpar. (B), and redesignated former subpar. (B) as (C) and substituted “described in subparagraph (A) or (B)” for “convicted of such a violation”.

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE
Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set
out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 44727. Runway safety areas

(a) AIRPORTS IN ALASKA.—An airport owner or operator in the State of Alaska shall not be required to reduce the length of a runway or declare the length of a runway to be less than the actual pavement length in order to meet standards of the Federal Aviation Administration applicable to runway safety areas.

(b) ISSUANCE OF CERTIFICATE.—The Administrator shall issue a certificate of demonstrated proficiency under this section to an individual after the Administrator is notified by the air carrier that the individual has successfully completed all the training requirements for flight attendants approved by the Administrator.

(c) DESIGNATION OF PERSON TO DETERMINE SUCCESSFUL COMPLETION OF TRAINING.—In accordance with part 133 of chapter 14, Code of Federal Regulation, the director of operations of an air carrier is designated to determine that an individual has successfully completed the training requirements approved by the Administrator for such individual to serve as a flight attendant.

(d) SPECIFICATIONS RELATING TO CERTIFICATES.—Each certificate issued under this section shall—

(1) be numbered and recorded by the Administrator;
(2) contain the name, address, and description of the individual to whom the certificate is issued;
(3) is similar in size and appearance to certificates issued to airmen;
(4) contain the airplane group for which the certificate is issued; and
(5) be issued not later than 120 days after the Administrator receives notification from the air carrier of demonstrated proficiency and, in the case of an individual serving as flight attendant on the effective date of this section, not later than 1 year after such effective date.

(e) APPROVAL OF TRAINING PROGRAMS.—Air carrier flight attendant training programs shall be subject to approval by the Administrator. All flight attendant training programs approved by the Administrator in the 1-year period ending on the date of enactment of this section shall be treated as providing a demonstrated proficiency for purposes of meeting the certification requirements of this section.

(f) FLIGHT ATTENDANT DEFINED.—In this section, the term “flight attendant” means an individual working as a flight attendant in the cabin of an aircraft that has 20 or more seats and is being used by an air carrier to provide air transportation.

§ 44729. Age standards for pilots

(a) In General.—Subject to the limitation in subsection (c), a pilot may serve in multicrew covered operations until attaining 65 years of age.

(b) COVERED OPERATIONS DEFINED.—In this section, the term “covered operations” means operations under part 121 of title 14, Code of Federal Regulations.

(c) LIMITATION FOR INTERNATIONAL FLIGHTS.—

1. APPLICABILITY OF ICAO STANDARD.—A pilot who has attained 60 years of age may serve as pilot-in-command in covered operations between the United States and another country only if there is another pilot in the flight deck crew who has not yet attained 60 years of age.

2. SUNSET OF LIMITATION.—Paragraph (1) shall cease to be effective on such date as the Convention on International Civil Aviation provides that a pilot who has attained 60 years of age may serve as pilot-in-command in international commercial operations without regard to whether there is another pilot in the flight deck crew who has not attained age 60.

3. SUNSET OF AGE 60 RETIREMENT RULE.—On and after the date of enactment of this section, section 121.383(c) of title 14, Code of Federal Regulations, shall cease to be effective.

4. APPLICABILITY.—

- (1) NONRETROACTIVITY.—No person who has attained 60 years of age before the date of enactment of this section may serve as a pilot for an air carrier engaged in covered operations unless—

  - (A) such person is in the employment of that air carrier in such operations on such date of enactment as a required flight deck crew member; or

  - (B) such person is newly hired by an air carrier as a pilot on or after such date of enactment without credit for prior seniority or prior longevity for benefits or other terms related to length of service prior to the date of rehire under any labor agreement or employment policies of the air carrier.

- (2) PROTECTION FOR COMPLIANCE.—An action taken in conformance with this section, taken in conformance with a regulation issued to carry out this section, or taken prior to the date of enactment of this section in conformance with section 121.383(c) of title 14, Code of Federal Regulations (as in effect before such date of enactment), may not serve as a basis for liability or relief in a proceeding, brought under any employment law or regulation, before any court or agency of the United States or of any State or locality.

- (f) AMENDMENTS TO LABOR AGREEMENTS AND BENEFIT PLANS.—Any amendment to a labor agreement or benefit plan of an air carrier that is required to conform with the requirements of this section or a regulation issued to carry out this section, and is applicable to pilots represented for collective bargaining, shall be made by agreement of the air carrier and the designated bargaining representative of the pilots of the air carrier.

- (g) MEDICAL STANDARDS AND RECORDS.—

1. MEDICAL EXAMINATIONS AND STANDARDS.—Except as provided by paragraph (2), a person serving as a pilot for an air carrier engaged in covered operations shall not be subject to different medical standards, or different, greater, or more frequent medical examinations, on account of age unless the Secretary determines (based on data received or studies published after the date of enactment of this section) that different medical standards, or different, greater, or more frequent medical examinations, are needed to ensure an adequate level of safety in flight.

2. DURATION OF FIRST-CLASS MEDICAL CERTIFICATE.—No person who has attained 60 years of age may serve as a pilot of an air carrier engaged in covered operations unless the person has a first-class medical certificate. Such a certificate shall expire on the last day of the 6-month period following the date of examination shown on the certificate.

3. SAFETY.—

- (1) TRAINING.—Each air carrier engaged in covered operations shall continue to use pilot training and qualification programs approved by the Federal Aviation Administration, with specific emphasis on initial and recurrent training and qualification of pilots who have attained 60 years of age, to ensure continued acceptable levels of pilot skill and judgment.

- (2) LINE EVALUATIONS.—Not later than 6 months after the date of enactment of this section, and every 6 months thereafter, an air carrier engaged in covered operations shall evaluate the performance of each pilot of the air carrier who has attained 60 years of age through a line check of such pilot. Notwithstanding the preceding sentence, an air carrier shall not be required to conduct for a 6-month period a line check under this paragraph of a pilot serving as second-in-command if the pilot has undergone a regularly scheduled simulator evaluation during that period.

- (3) GAO REPORT.—Not later than 24 months after the date of enactment of this section, the Comptroller General shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report concerning the effect, if any, on aviation safety of the modification to pilot age standards made by subsection (a).

SUBCHAPTER I—REQUIREMENTS

§ 44901. Screening passengers and property

(a) IN GENERAL.—The Under Secretary of Transportation for Security shall provide for the screening of all passengers and property, including United States mail, cargo, carry-on and checked baggage, and other articles, that will be carried aboard a passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation. In the case of flights and flight segments originating in the United States, the screening shall take place before boarding and shall be carried out by a Federal Government employee (as defined in section 2105 of title 5, United States Code), except as otherwise provided in section 44919 or 44920 and except for identifying passengers and baggage for screening under the CAPPs and known shipper programs and conducting positive bag-match programs.

(b) SUPERVISION OF SCREENING.—All screening of passengers and property at airports in the United States where screening is required under this section shall be supervised by uniformed Federal personnel of the Transportation Security Administration who shall have the power to order the dismissal of any individual performing such screening.

(c) CHECKED BAGGAGE.—A system must be in operation to screen all checked baggage at all airports in the United States as soon as practicable but not later than the 60th day following the date of enactment of the Aviation and Transportation Security Act.

(d) EXPLOSIVE DETECTION SYSTEMS.—

(1) IN GENERAL.—The Under Secretary of Transportation for Security shall take all necessary action to ensure that—

(A) explosive detection systems are deployed as soon as possible to ensure that all United States airports described in section 44903(c) have sufficient explosive detection systems to screen all checked baggage no later than December 31, 2002, and that as soon as such systems are in place at an airport, all checked baggage at the airport is screened by those systems; and

(B) all systems deployed under subparagraph (A) are fully utilized; and

(C) if explosive detection equipment at an airport is unavailable, all checked baggage is screened by an alternative means.

(2) DEADLINE.—

(A) IN GENERAL.—If, in his discretion or at the request of an airport, the Under Secretary of Transportation for Security determines that the Transportation Security Administration is not able to deploy explosive detection systems required to be deployed under paragraph (1) at all airports where explosive detection systems are required by December 31, 2002, then with respect to each airport for which the Under Secretary makes that determination—

(i) the Under Secretary shall submit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure a detailed plan (which may be submitted in classified form) for the deployment of the number of explosive detection systems at that airport necessary to meet the requirements of paragraph (1) as soon as practicable at that airport but in no event later than December 31, 2003; and

1Editorially supplied. Section added by Pub. L. 107–71 without corresponding amendment of chapter analysis.
(ii) the Under Secretary shall take all necessary action to ensure that alternative means of screening all checked baggage is implemented until the requirements of paragraph (1) have been met.

(B) Criteria for Determination.—In making a determination under subparagraph (A), the Under Secretary shall take into account—

(i) the nature and extent of the required modifications to the airport’s terminal buildings, and the technical, engineering, design and construction issues;

(ii) the need to ensure that such installations and modifications are effective; and

(iii) the feasibility and cost-effectiveness of deploying explosive detection systems in the baggage sorting area or other non-public area rather than the lobby of an airport terminal building.

(C) Response.—The Under Secretary shall respond to the request of an airport under subparagraph (A) within 14 days of receiving the request. A denial of request shall create no right of appeal or judicial review.

(D) Airport Effort Required.—Each airport with respect to which the Under Secretary makes a determination under subparagraph (A) shall—

(i) cooperate fully with the Transportation Security Administration with respect to screening checked baggage and changes to accommodate explosive detection systems; and

(ii) make security projects a priority for the obligation or expenditure of funds made available under chapter 417 or 471 until explosive detection systems required to be deployed under paragraph (1) have been deployed at that airport.

(3) Reports.—Until the Transportation Security Administration has met the requirements of paragraph (1), the Under Secretary shall submit a classified report every 30 days after the date of enactment of this Act to the Senate Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Homeland Security and Governmental Affairs of the Senate a report explaining why the final rule was not timely issued and providing an estimate of the earliest date on which the final rule will be issued. The Secretary shall submit the first such report within 10 days after such last day and submit a report to the Committees containing updated information every 30 days thereafter until the final rule is issued.

(f) Cargo Deadline.—A system must be in operation to screen, inspect, or otherwise ensure the security of all cargo that is to be transported in all-cargo aircraft in air transportation and intrastate air transportation as soon as practicable after the date of enactment of the Aviation and Transportation Security Act.

(g) Air Cargo on Passenger Aircraft.—

(1) In General.—Not later than 3 years after the date of enactment of the Implementing Recommendations of the 9/11 Commission Act of 2007, the Secretary of Homeland Security shall establish a system to screen 100 percent of cargo transported on passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation to ensure the security of all such passenger aircraft carrying cargo.

(2) Minimum Standards.—The system referred to in paragraph (1) shall require, at a minimum, that equipment, technology, procedures, personnel, or other methods approved by the Administrator of the Transportation Security Administration, are used to screen cargo carried on passenger aircraft described in paragraph (1) to provide a level of security commensurate with the level of security for the screening of passenger checked baggage as follows:

(A) 50 percent of such cargo is so screened not later than 18 months after the date of enactment of the Implementing Recommendations of the 9/11 Commission Act of 2007.

(B) 100 percent of such cargo is so screened not later than 3 years after such date of enactment.

(3) Regulations.—

(A) Interim Final Rule.—The Secretary of Homeland Security may issue an interim final rule as a temporary regulation to implement this subsection without regard to the provisions of chapter 5 of title 5.

(B) Final Rule.—

(i) In General.—If the Secretary issues an interim final rule under subparagraph (A), the Secretary shall issue, not later than one year after the effective date of the interim final rule, a final rule as a permanent regulation to implement this subsection in accordance with the provisions of chapter 5 of title 5.

(ii) Failure to Act.—If the Secretary does not issue a final rule in accordance with clause (i) on or before the last day of the one-year period referred to in clause (i), the Secretary shall submit to the Committee on Homeland Security of the House of Representatives, Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Homeland Security and Governmental Affairs of the Senate a report explaining why the final rule was not timely issued and providing an estimate of the earliest date on which the final rule will be issued. The Secretary shall submit the first such report within 10 days after such last day and submit a report to the Committees containing updated information every 30 days thereafter until the final rule is issued.
(iii) SUPERCEDED 1 of INTERIM FINAL RULE.—The final rule issued in accordance with this subparagraph shall supersede the interim final rule issued under subparagraph (A).

(4) REPORT.—Not later than 1 year after the date of enactment of this subsection, the Administrator shall submit to the Committees referred to in paragraph (3)(B)(ii) a report that describes the system.

(5) SCREENING DEFINED.—In this subsection the term "screening" means a physical examination or non-intrusive methods of assessing whether cargo poses a threat to transportation security. Methods of screening include x-ray systems, explosives detection systems, explosives trace detection, explosives detection canine teams certified by the Transportation Security Administration, or a physical search together with manifest verification. The Administrator may approve additional methods to ensure that the cargo does not pose a threat to transportation security and to assist in meeting the requirements of this subsection. Such additional cargo screening methods may include a program to certify the security personnel authorized to carry firearms at each airport security screening location to ensure passenger safety and national security.

(h) DEPLOYMENT OF ARMED PERSONNEL.—

(1) IN GENERAL.—The Under Secretary shall order the deployment of law enforcement personnel authorized to carry firearms at each airport security screening location to ensure passenger safety and national security.

(2) MINIMUM REQUIREMENTS.—Except at airports required to enter into agreements under subsection (c), the Under Secretary shall order the deployment of at least 1 law enforcement officer at each airport security screening location. At the 100 largest airports in the United States, in terms of annual passenger enplanements for the most recent calendar year for which data are available, the Under Secretary shall order the deployment of additional law enforcement personnel at airport security screening locations if the Under Secretary determines that the additional deployment is necessary to ensure passenger safety and national security.

(i) EXEMPTIONS AND ADVISING CONGRESS ON REGULATIONS.—The Under Secretary—

(1) may exempt from this section air transportation operations, except scheduled passenger operations of an air carrier providing air transportation under a certificate issued under section 41102 of this title or a permit issued under section 41302 of this title; and

(2) shall advise Congress of a regulation to be prescribed under this section at least 30 days before the effective date of the regulation, unless the Under Secretary decides an emergency exists requiring the regulation to become effective in fewer than 30 days and notifies Congress of that decision.

(j) BLAST-RESISTANT CARGO CONTAINERS.—

(1) IN GENERAL.—Before January 1, 2008, the Administrator of the Transportation Security Administration shall—

(A) evaluate the results of the blast-resistant cargo container pilot program that was initiated before the date of enactment of this subsection; and

(B) prepare and distribute through the Aviation Security Advisory Committee to the appropriate Committees of Congress and air carriers a report on that evaluation which may contain nonclassified and classified sections.

(2) ACQUISITION, MAINTENANCE, AND REPLACEMENT.—Upon completion and consistent with the results of the evaluation that paragraph (1)(A) requires, the Administrator shall—

(A) develop and implement a program, as the Administrator determines appropriate, to acquire, maintain, and replace blast-resistant cargo containers;

(B) pay for the program; and

(C) make available blast-resistant cargo containers to air carriers pursuant to paragraph (3).

(3) DISTRIBUTION TO AIR CARRIERS.—The Administrator shall make available, beginning not later than July 1, 2008, blast-resistant cargo containers to air carriers for use on a risk managed basis as determined by the Administrator.

(k) GENERAL AVIATION AIRPORT SECURITY PROGRAM.—

(1) IN GENERAL.—Not later than one year after the date of enactment of this subsection, the Administrator of the Transportation Security Administration shall—

(A) develop a standardized threat and vulnerability assessment program for general aviation airports (as defined in section 47134(m)); and

(B) implement a program to perform such assessments on a risk-managed basis at general aviation airports.

(2) GRANT PROGRAM.—Not later than 6 months after the date of enactment of this subsection, the Administrator shall initiate and complete a study of the feasibility of a program, based on a risk-managed approach, to provide grants to operators of general aviation airports (as defined in section 47134(m)) for projects to upgrade security at such airports. If the Administrator determines that such a program is feasible, the Administrator shall establish such a program.

(3) APPLICATION TO GENERAL AVIATION AIRCRAFT.—Not later than 180 days after the date of enactment of this subsection, the Administrator shall develop a risk-based system under which—

(A) general aviation aircraft, as identified by the Administrator, in coordination with

the Administrator of the Federal Aviation Administration, are required to submit passenger information and advance notification requirements for United States Customs and Border Protection before entering United States airspace and (B) such information is checked against appropriate databases.

(4) AUTHORIZATION OF APPROPRIATIONS.—
There are authorized to be appropriated to the Administrator of the Transportation Security Administration such sums as may be necessary to carry out paragraphs (2) and (3).

2002—Subsec. (k). Pub. L. 107–296, §1602(b)(2), added subsec. (k) and struck out heading and text of former subsec. (a). Text read as follows: “The Administrator of the Federal Aviation Administration shall prescribe regulations requiring screening of all passengers and property that will be carried in a cabin of an aircraft in air transportation or intrastate air transportation.

The screening must take place before boarding and be carried out by a weapon-detecting facility or procedure used or operated by an employee or agent of an air carrier, intrastate air carrier, or foreign air carrier.”

2001—Subsec. (a). Pub. L. 107–71, §110(b)(2), added subsec. (b) and struck out heading and text of former subsec. (b). Text read as follows: “Notwithstanding subsection (a) of this section, the Administrator may amend a regulation prescribed under subsection (a) to require screening only to ensure security against criminal violence and aircraft piracy in air transportation and intrastate air transportation.”

Effective Date of 2002 Amendment
Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

SAVINGS PROVISION
Pub. L. 107–71, title I, §141, Nov. 19, 2001, 115 Stat. 643, provided that: “(a) TRANSFER OF ASSETS AND PERSONNEL.—Except as otherwise provided in this Act [see Tables for classification], those personnel, property, and records employed, used, held, available, or to be made available in connection with a function transferred to the Transportation Security Administration by this Act shall be transferred to the Transportation Security Administration for use in connection with the functions transferred. Unexpended balances of appropriations, allocations, and other funds made available to the Federal Aviation Administration to carry out such functions shall also be transferred to the Transportation Security Administration for use in connection with the functions transferred.

“(b) LEGAL DOCUMENTS.—All orders, determinations, rules, regulations, permits, grants, loans, contracts, settlements, agreements, certificates, licenses, and privileges—

“(1) that have been issued, made, granted, or allowed to become effective by the Federal Aviation Administration, any officer or employee thereof, or any other Government official, or by a court of competent jurisdiction, in the performance of any function that is transferred by this Act; and

“(2) that are in effect on the effective date of such transfer (or become effective after such date pursuant to their terms as in effect on such effective date),
§ 44901

TITIE 49—TRANSPORTATION

Page 940

shall continue in effect according to their terms until modified, terminated, superseded, set aside, or revoked in accordance with law by the Under Secretary of Transportation for Security, any other authorized official, a court of competent jurisdiction, or operation of law.

(1) PROCEDURES.

(a) In general.—The provisions of this Act shall not affect any proceedings or any application for any license pending before the Federal Aviation Administration at the time this Act takes effect [Nov. 19, 2001], nor as those functions are transferred by this Act; but such proceedings and applications, to the extent that they relate to functions so transferred, shall be continued. Orders shall be issued in such proceedings, appeals shall be taken therefrom, and payments shall be made pursuant to such orders, as if this Act had not been enacted; and orders issued in any such proceedings shall continue in effect until modified, terminated, superseded, set aside, or revoked, in accordance with a schedule to be published by the Secretary of Transportation, in consultation with air carriers, foreign air carriers, and the Administrator of the Federal Aviation Administration. The Under Secretary shall publish an appropriate notice of the transfer of such security functions and responsibilities before assuming the functions and responsibilities.

(b) ASSUMPTION OF CONTRACTS.—As of the date specified in paragraph (1), the Under Secretary may assume the rights and responsibilities of an air carrier or foreign air carrier contract for provision of passenger screening services at airports in the United States described in section 49001(c), subject to payment of adequate compensation to parties to the contract, if any.

(3) ASSIGNMENT OF CONTRACTS.—

(A) In general.—Upon request of the Under Secretary, an air carrier or foreign air carrier carrying out a screening or security function under chapter 449 of title 49, United States Code, may enter into an agreement with the Under Secretary to transfer any contract the carrier has entered into with respect to carrying out the function, before the Under Secretary assumes responsibility for the function.

(B) SCHEDULE.—The Under Secretary may enter into an agreement under subparagraph (A) as soon as possible, but not later than 90 days after the date of enactment of this Act [Nov. 19, 2001]. The Under Secretary may enter into such an agreement for one 90-day period and may extend such agreement for one 90-day period if the Under Secretary determines it necessary.

(4) TRANSFER OF OWNERSHIP.

In recognition of the assumption of the financial costs of security screening of passengers and property at airports, and as soon as practical after the date of enactment of this Act [Nov. 19, 2001], air carriers may enter into agreements with the Under Secretary to transfer the ownership, at no cost to the United States Government, of any personal property, equipment, supplies, or other material associated with such screening, regardless of the source of funds used to acquire the property, that the Secretary determines to be useful for the performance of security screening of passengers and property at airports.

(5) PERFORMANCE OF UNDER SECRETARY’S FUNCTIONS DURING INTERIM PERIOD.—Until the Under Secretary takes office, the functions of the Under Secretary that relate to aviation security may be carried out by the Secretary or the Secretary’s designee.

PROTECTION OF PASSENGER PLANES FROM EXPLOSIVES

(1) RESEARCH AND DEVELOPMENT.—The Secretary of Homeland Security, in consultation with the Administrator of the Transportation Security Administration, shall expedite research and development programs for technologies that can disrupt or prevent an explosive device from being introduced onto a pas-
senger plane or from damaging a passenger plane while in flight or on the ground. The research shall be used in support of implementation of section 49001 of title 49, United States Code.

“(2) PILOT PROJECTS.—The Secretary, in conjunction with the Secretary of Transportation, shall establish a grant program to fund pilot projects—
“(A) to deploy technologies described in paragraph (1); and
“(B) to test technologies to expedite the recovery, development, and analysis of information from aircraft accidents to determine the cause of the accident, including deployable flight deck and voice recorders and remote location recording devices.

“(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Homeland Security for fiscal year 2008 such sums as may be necessary and appropriate to ensure that the Secretary may make available funding for this purpose from amounts appropriated pursuant to subsection (a), there is authorized to be appropriated to the Secretary, in addition to any otherwise authorized by law, for the purpose of improving aviation security related to the transportation of cargo on both passenger aircraft and all-cargo aircraft—
“(1) $200,000,000 for fiscal year 2005; and
“(2) $100,000,000 for fiscal year 2006; and
“(3) $200,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

(c) RESEARCH, DEVELOPMENT, AND DEPLOYMENT.—To carry out subsection (a), there is authorized to be appropriated to the Secretary, in addition to any amounts otherwise authorized by law, for research and development related to enhanced air cargo security technology as well as for deployment and installation of enhanced air cargo security technology—
“(1) $100,000,000 for fiscal year 2005; and
“(2) $200,000,000 for fiscal year 2006; and
“(3) $100,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

(d) ADVANCED CARGO SECURITY GRANTS.—
“(1) IN GENERAL.—The Secretary shall establish and carry out a program to issue competitive grants to encourage the development of advanced air cargo security technology, including use of innovative financing or other means of funding such activities. The Secretary may make available funding for this purpose from amounts appropriated pursuant to subsection (c).

“(2) ELIGIBILITY CRITERIA, ETC.—The Secretary shall establish such eligibility criteria, establish such application and administrative procedures, and provide for such matching funding requirements, if any, as may be necessary and appropriate to ensure that the technology is deployed as fully and rapidly as possible.

IDENTIFICATION STANDARDS

“(a) PROPOSED STANDARDS.—
“(1) IN GENERAL.—The Secretary of Homeland Security—
“(A) shall propose minimum standards for identification documents required of domestic commercial airline passengers for boarding an aircraft; and

STANDARDS FOR INCREASING THE USE OF EXPLOSIVE DETECTION EQUIPMENT

“(a) AIR CARGO SCREENING TECHNOLOGY.—The Assistant Secretary of Homeland Security (Transportation Security Administration) shall develop technology to better identify, track, and screen air cargo.

“(b) IMPROVED AIR CARGO AND AIRPORT SECURITY.—There is authorized to be appropriated to the Secretary of Homeland Security for the use of the Transportation Security Administration, in addition to any amounts otherwise authorized by law, for the purpose of improving aviation security related to the transportation of cargo on both passenger aircraft and all-cargo aircraft—
“(1) $200,000,000 for fiscal year 2005; and
“(2) $100,000,000 for fiscal year 2006; and
“(3) $200,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

(c) RESEARCH, DEVELOPMENT, AND DEPLOYMENT.—To carry out subsection (a), there is authorized to be appropriated to the Secretary, in addition to any amounts otherwise authorized by law, for research and development related to enhanced air cargo security technology as well as for deployment and installation of enhanced air cargo security technology—
“(1) $100,000,000 for fiscal year 2005; and
“(2) $200,000,000 for fiscal year 2006; and
“(3) $100,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

(d) ADVANCED CARGO SECURITY GRANTS.—
“(1) IN GENERAL.—The Secretary shall establish and carry out a program to issue competitive grants to encourage the development of advanced air cargo security technology, including use of innovative financing or other means of funding such activities. The Secretary may make available funding for this purpose from amounts appropriated pursuant to subsection (c).

“(2) ELIGIBILITY CRITERIA, ETC.—The Secretary shall establish such eligibility criteria, establish such application and administrative procedures, and provide for such matching funding requirements, if any, as may be necessary and appropriate to ensure that the technology is deployed as fully and rapidly as possible.

AIR CARGO SECURITY

Pub. L. 108–458, title IV, §4052, Dec. 17, 2004, 118 Stat. 3728, directed the Assistant Secretary of Homeland Security (Transportation Security Administration), beginning not later than 180 days after Dec. 17, 2004, to carry out a pilot program to evaluate the use of blast-resistant containers for cargo and baggage on passenger aircraft to minimize the potential effects of detonation of an explosive device, and directed the Assistant Secretary to provide incentives to air carriers to volunteer to participate in such program.

IN-LINE CHECKED BAGGAGE SCREENING

Pub. L. 105–260, title II, §216(a), (b), Dec. 17, 2004, 118 Stat. 2477, provided that:

“(a) IN GENERAL.—The Under Secretary for Border and Transportation Security of the Department of Homeland Security shall take such action as may be necessary to expedite the installation and use of in-line baggage screening equipment to screen air cargo when appropriate.

“Similar provisions were contained in the following prior appropriation act:

“Provided, That beginning with November 2005, TSA shall provide a monthly report to the Committees on Appropriations of the Senate and the House of Representatives detailing, by airport, the amount of cargo carried on passenger aircraft that was screened by TSA in August 2005 and each month thereafter.”

CHECKED BAGGAGE SCREENING AREA MONITORING

“(a) IN GENERAL.—The Secretary, in conjunction with the Secretary of Transportation, shall establish a grant program to fund pilot projects—
“(A) to deploy technologies described in paragraph (1); and
“(B) to test technologies to expedite the recovery, development, and analysis of information from aircraft accidents to determine the cause of the accident, including deployable flight deck and voice recorders and remote location recording devices.

“(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Homeland Security for fiscal year 2008 such sums as may be necessary and appropriate to carry out this section. Such sums shall remain available until expended.”

STANDARDS FOR INCREASING THE USE OF EXPLOSIVE DETECTION EQUIPMENT

“(a) AIR CARGO SCREENING TECHNOLOGY.—The Assistant Secretary of Homeland Security (Transportation Security Administration) shall develop technology to better identify, track, and screen air cargo.

“(b) IMPROVED AIR CARGO AND AIRPORT SECURITY.—There is authorized to be appropriated to the Secretary of Homeland Security for the use of the Transportation Security Administration, in addition to any amounts otherwise authorized by law, for the purpose of improving aviation security related to the transportation of cargo on both passenger aircraft and all-cargo aircraft—
“(1) $200,000,000 for fiscal year 2005; and
“(2) $100,000,000 for fiscal year 2006; and
“(3) $200,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

(c) RESEARCH, DEVELOPMENT, AND DEPLOYMENT.—To carry out subsection (a), there is authorized to be appropriated to the Secretary, in addition to any amounts otherwise authorized by law, for research and development related to enhanced air cargo security technology as well as for deployment and installation of enhanced air cargo security technology—
“(1) $100,000,000 for fiscal year 2005; and
“(2) $200,000,000 for fiscal year 2006; and
“(3) $100,000,000 for fiscal year 2007.

Such sums shall remain available until expended.

(d) ADVANCED CARGO SECURITY GRANTS.—
“(1) IN GENERAL.—The Secretary shall establish and carry out a program to issue competitive grants to encourage the development of advanced air cargo security technology, including use of innovative financing or other means of funding such activities. The Secretary may make available funding for this purpose from amounts appropriated pursuant to subsection (c).

“(2) ELIGIBILITY CRITERIA, ETC.—The Secretary shall establish such eligibility criteria, establish such application and administrative procedures, and provide for such matching funding requirements, if any, as may be necessary and appropriate to ensure that the technology is deployed as fully and rapidly as possible.”
“(B) may, from time to time, propose minimum standards amending or replacing standards previously proposed and transmitted to Congress and adopted under this section.

“(2) SUBMISSION TO CONGRESS.—Not later than 6 months after the date of enactment of this Act [Dec. 17, 2004], the Secretary shall submit the standards under paragraph (1)(A) to the Senate and the House of Representatives on the same day while each House is in session.

“(3) EFFECTIVE DATE.—Any proposed standards submitted to Congress under this subsection shall take effect when an approval resolution is passed by the House and the Senate under the procedures described in subsection (b) and becomes law.

“(B) CONGRESSIONAL APPROVAL PROCEEDURES.—

“(1) RULEMAKING POWER.—This subsection is enacted by Congress—

“(a) as an exercise of the rulemaking power of the Senate and the House of Representatives, respectively, and as such they are deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in that House in the case of such approval resolutions; and

“(b) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner and to the same extent as in the case of any other rule of that House.

“(2) APPROVAL RESOLUTION.—For the purpose of this subsection, the term ‘approval resolution’ means a joint resolution of Congress, the matter after the resolving clause of which is as follows: ‘That the Congress approves the proposed standards issued under section 7220 of the 9/11 Commission Implementation Act of 2004, transmitted by the President to the Congress on [date].’

“(3) INTRODUCTION.—Not later than the first day of session following the day on which proposed standards are transmitted to the House of Representatives and the Senate under subsection (a), an approval resolution—

“(A) shall be introduced (by request) in the House by the Majority Leader of the House of Representatives, for himself or herself and the Minority Leader of the House of Representatives, or by Members of the House of Representatives designated by the Majority Leader and Minority Leader of the House; and

“(B) shall be introduced (by request) in the Senate by the Majority Leader of the Senate, for himself or herself and the Minority Leader of the Senate, or by Members of the Senate designated by the Majority Leader and Minority Leader of the Senate.

“(4) PROHIBITIONS.—

“(A) AMENDMENTS.—No amendment to an approval resolution shall be in order in either the House of Representatives or the Senate.

“(B) MOTIONS TO SUSPEND.—No motion to suspend the application of this paragraph shall be in order in either House, nor shall it be in order in either House for the Presiding Officer to entertain a request to suspend the application of this paragraph by unanimous consent.

“(5) REFERRAL.—

“(A) IN GENERAL.—An approval resolution shall be referred to the committees of the House of Representatives and of the Senate with jurisdiction. Each committee shall make its recommendations to the House of Representatives or the Senate, as the case may be, within 45 days after its introduction. Except as provided in subparagraph (B), if a committee to which an approval resolution has been referred has not reported it at the close of the 45th day after its introduction, such committee shall be automatically discharged from further consideration of the resolution and it shall be placed on the appropriate calendar.

“(B) FINAL PASSAGE.—A vote on final passage of the resolution shall be taken in each House on or before the close of the 15th day after the resolution is reported by the committee or committees of that House to which it was referred, or after such committee or committees have been discharged from further consideration of the resolution.

“(6) COMPUTATION OF DAYS.—For purposes of this paragraph, in computing a number of days in either House, there shall be excluded any day on which that House is not in session.

“(6) COORDINATION WITH ACTION OF OTHER HOUSE.—If prior to the passage by one House of an approval resolution of that House, that House receives the same approval resolution from the other House, then the procedure in that House shall be the same as if no approval resolution has been received from the other House, but the vote on final passage shall be on the approval resolution of the other House.

“(7) FLOOR CONSIDERATION IN THE HOUSE OF REPRESENTATIVES.—

“(A) MOTION TO PROCEED.—A motion in the House of Representatives to proceed to the consideration of an approval resolution shall be highly privileged and not debatable. An amendment to the motion shall not be in order, nor shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

“(B) DEBATE.—Debate on the House of Representatives on an implementing bill or approval resolution shall be limited to not more than 4 hours, which shall be divided equally between those favoring and those opposing the resolution. A motion to further limit debate shall not be debatable. It shall not be in order to move to recommit an approval resolution or to move to reconsider the vote by which an approval resolution is agreed to or disagreed to.

“(C) MOTION TO POSTPONE.—Motions to postpone made in the House of Representatives with respect to the consideration of an approval resolution and motions to proceed to the consideration of other business shall be decided without debate.

“(D) APPEALS.—All appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to an approval resolution shall be decided without debate.

“(E) RULES OF THE HOUSE OF REPRESENTATIVES.—Except to the extent specifically provided in subparagraphs (A) through (D), consideration of an approval resolution shall be governed by the Rules of the House of Representatives applicable to other resolutions in similar circumstances.

“(8) FLOOR CONSIDERATION IN THE SENATE.—

“(A) MOTION TO PROCEED.—A motion in the Senate to proceed to the consideration of an approval resolution shall be privileged and not debatable. An amendment to the motion shall not be in order, nor shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

“(B) DEBATE ON RESOLUTION.—Debate in the Senate on an approval resolution, and appeals in connection therewith, shall be limited to not more than 10 hours, which shall be equally divided between, and controlled by, the Majority Leader and the Minority Leader, or their designees.

“(C) DEBATE ON MOTIONS AND APPEALS.—Debate in the Senate on any debatable motion or appeal in connection with an approval resolution shall be limited to not more than 1 hour, which shall be equally divided between, and controlled by, the mover and the manager of the resolution, except that in the event the manager of the resolution is in favor of any such motion or appeal, the time in opposition thereto, as controlled by the Majority Leader or designee. Such leaders, or either of them, may, from time under their control on the
passage of an approval resolution, allot additional
time to any Senator during the consideration of
any debatable motion or appeal.

"(d) LIMIT ON DEBATE.—A motion in the Senate to
further limit debate is not debatable. A motion to
recommit an approval resolution is not in order.

"(c) DEFAULT STANDARDS.—If the standards proposed under
subsection (a)(1)(A) are not approved pursuant to the
procedures described in subsection (b), then not later
than 1 year after rejection by a vote of either House of
Congress, domestic commercial airline passengers
seeking to board an aircraft shall present, for identifi-
cation purposes—

"(A) a valid, unexpired passport;

"(B) domestically issued documents that the Sec-
retary of Homeland Security designates as reliable
for identification purposes;

"(C) any document issued by the Attorney Gen-
eral or the Secretary of Homeland Security under
the authority of 1 of the immigration laws (as de-
defined under section 101(a)(17) of the Immigration
and Nationality Act (8 U.S.C. 1101(a)(17)); or

"(D) a document issued by the country of nation-
ality of any alien not required to possess a passport
for admission to the United States that the Sec-
retary designates as reliable for identifications pur-
poses.

"(2) EXCEPTION.—The documentary requirements
described in paragraph (1)—

"(A) shall not apply to individuals below the age of
17, or such other age as determined by the Sec-
retary of Homeland Security;

"(B) may be waived by the Secretary of Homeland
Security in the case of an unforeseen medical emer-
gency.

"(d) RECOMMENDATION TO CONGRESS.—Not later than 1
year after the date of enactment of this Act (Dec. 17,
2004), the Secretary of Homeland Security shall rec-
ommend to Congress—

"(1) categories of Federal facilities that the Sec-
retary determines to be at risk for terrorist attack
and requiring minimum identification standards for
access to such facilities; and

"(2) appropriate minimum identification standards
to gain access to those facilities.”

DEADLINE FOR DEPLOYMENT OF FEDERAL SCREENERS

616, provided that:

"(1) IN GENERAL.—Not later than 1 year after the date
of enactment of this Act (Nov. 19, 2001), the Under Sec-
retary of Transportation for Security shall deploy at
all airports in the United States where screening is re-
quired under section 44901 of title 49, United States
Code of sufficient number of Federal screeners, Federal
Security Managers, Federal security personnel, and
Federal law enforcement officers to conduct the screen-
ing of all passengers and property under section 44901
of such title at such airports.

"(2) CERTIFICATION TO CONGRESS.—Not later than 1
year after the date of enactment of this Act, the Under
Secretary shall transmit to Congress a certification
that the requirement of paragraph (1) has been met.”

REPORTS

616, provided that:

"(1) DEPLOYMENT.—Within 6 months after the date of
enactment of this Act [Nov. 19, 2001], the Under Sec-
retary of Transportation for Security shall report to the
Committee on Commerce, Science, and Transporta-
tion and the Committee on Transpor-
tation and Infrastructure of the House of Represen-
tatives on the deployment of the systems required by
section 44901(c) of title 49, United States Code. The
Under Secretary shall include in the report—

"(A) an installation schedule; and

"(B) the dates of installation of each system; and

"(C) the date on which each system is installed is operational.

"(2) SCREENING OF SMALL AIRCRAFT.—Within 1 year
after the date of enactment of this Act [Nov. 19, 2001],
the Under Secretary of Transportation for Security
shall transmit a report to the Committee on Com-
merce, Science, and Transportation of the Senate and
the Committee on Transportation and Infrastructure of the
House of Representatives on the screening require-
ments applicable to passengers boarding, and property
being carried aboard, aircraft with 60 seats or less used
in scheduled passenger service with recommendations
for any necessary changes in those requirements.”

INSTALLATION OF ADVANCED SECURITY EQUIPMENT,
AGREEMENTS

3252, provided that: “The Administrator is authorized
to use noncompetitive or cooperative agreements with
air carriers and airport authorities that provide for the
Administrator to purchase and assist in installing ad-
vanced security equipment for the use of such enti-
ties.”

PASSENGER PROFILING

3253, provided that: “The Administrator of the Federal
Aviation Administration, the Secretary of Transpor-
tation, the intelligence community, and the law en-
forcement community should continue to assist air car-
rriers in developing computer-assisted passenger pro-
file programs and other appropriate passenger profile
programs which should be used in conjunction with other
security measures and technologies.”

AUTHORITY TO USE CERTAIN FUNDS FOR AIRPORT
SECURITY PROGRAMS AND ACTIVITIES

3253, which provided that funds from project grants
made under subchapter I of chapter 471 of this title and
passenger facility fees collected under section 40117 of
this title could be used for the improvement of facili-
ties and the purchase and deployment of equipment to
ehance and ensure safe air travel, was repealed by

INSTALLATION AND USE OF EXPLOSIVE DETECTION
EQUIPMENT

Pub. L. 101–45, title I, June 30, 1989, 103 Stat. 110, pro-
vided in part that: ‘‘Not later than thirty days after the
date of enactment of this Act [June 30, 1989], the
Federal Aviation Administrator shall initiate action,
including such rulemaking or other actions as neces-
sary, to require the use of explosive detection equip-
ment that meets minimum performance standards re-
quiring application of technology equivalent to or bet-
ter than thermal neutron analysis technology at such
airports (whether located within or outside the United
States) as the Administrator determines that the in-
stallation and use of such equipment is necessary to en-
sure the safety of air commerce. The Administrator
shall complete these actions within sixty days of enact-
ment of this Act’’

RESEARCH AND DEVELOPMENT OF IMPROVED AIRPORT
SECURITY SYSTEMS

Pub. L. 100–449, §2(d), Nov. 10, 1988, 102 Stat. 3817, pro-
vided that: ‘‘The Administrator of the Federal Aviation
Administration shall conduct such research and devel-
opment as may be necessary to improve the effective-
ness of airport security metal detectors and airport se-
curity x-ray systems in detecting firearms that, during
the 10-year period beginning on the effective date of
this Act [see Effective Date of 1988 Amendment; Sunset
 Provision note set out under section 922 of Title 18,
Crimes and Criminal Proceedings], are subject to the
prohibitions of section 922(p) of title 18, United States
Code.’’
§ 44902. Refusal to transport passengers and property

(a) MANDATORY REFUSAL.—The Under Secretary of Transportation for Security shall prescribe regulations requiring an air carrier, intrastate air carrier, or foreign air carrier to refuse to transport—

(1) a passenger who does not consent to a search under section 44901(a) of this title establishing whether the passenger is carrying unlawfully a dangerous weapon, explosive, or other destructive substance; or

(2) property of a passenger who does not consent to a search of the property establishing whether the property unlawfully contains a dangerous weapon, explosive, or other destructive substance.

(b) PERMISSIVE REFUSAL.—Subject to regulations of the Under Secretary, an air carrier, intrastate air carrier, or foreign air carrier may refuse to transport a passenger or property the carrier decides is, or might be, inimical to safety—

(c) AGREEMENT TO CONSENT TO SEARCH.—An agreement to carry passengers or property in air transportation or intrastate air transportation by an air carrier, intrastate air carrier, or foreign air carrier is deemed to include an agreement that the passenger or property will not be carried if consent to search the passenger or property for a purpose referred to in this section is not given.

§ 44903. Air transportation security

(a) DEFINITION.—In this section, “law enforcement personnel” means individuals—

(1) authorized to carry and use firearms;

(2) vested with the degree of the police power of arrest the Under Secretary of Transportation for Security considers necessary to carry out this section; and

(3) identifiable by appropriate indicia of authority.

(b) PROTECTION AGAINST VIOLENCE AND PI RACY.—The Under Secretary shall prescribe regulations to protect passengers and property on an aircraft operating in air transportation or intrastate air transportation against an act of criminal violence or aircraft piracy. When prescribing a regulation under this subsection, the Under Secretary shall—

(1) consult with the Secretary of Transportation, the Attorney General, the heads of other departments, agencies, and instrumentalities of the United States Government, and State and local authorities;
§44903

(2) consider whether a proposed regulation is consistent with—
(A) protecting passengers; and
(B) the public interest in promoting air transportation and intrastate air transportation;
(3) to the maximum extent practicable, require a uniform procedure for searching and detaining passengers and property to ensure—
(A) their safety; and
(B) courteous and efficient treatment by an air carrier, an agent or employee of an air carrier, and Government, State, and local law enforcement personnel carrying out this section; and
(4) consider the extent to which a proposed regulation will carry out this section.

(c) SECURITY PROGRAMS.—(1) The Secretary shall prescribe regulations under subsection (b) of this section that require each operator of an airport regularly serving an air carrier holding a certificate issued by the Secretary of Transportation to establish an air transportation security program that provides a law enforcement presence and capability at each of those airports that is adequate to ensure the safety of passengers. The regulations shall authorize the operator to use the services of qualified State, local, and private law enforcement personnel. When the Under Secretary decides, after being notified by an operator in the form the Under Secretary prescribes, that not enough qualified State, local, and private law enforcement personnel are available to carry out subsection (b), the Under Secretary may authorize the operator to use, on a reimbursable basis, personnel employed by the Under Secretary, or by another department, agency, or instrumentality of the Government with the consent of the head of the department, agency, or instrumentality, to supplement State, local, and private law enforcement personnel. When deciding whether additional personnel are needed, the Under Secretary shall consider the number of passengers boarded at the airport, the extent of anticipated risk of criminal violence or aircraft piracy at the airport or to the air carrier aircraft operations at the airport, and the availability of qualified State or local law enforcement personnel at the airport.
(2)(A) The Under Secretary may approve a security program of an airport operator, or an amendment in an existing program, that incorporates a security program of an airport tenant (except an air carrier separately complying with part 108 or 129 of title 14, Code of Federal Regulations) having access to a secured area of the airport, if the program or amendment incorporates—
(i) the measures the tenant will use, within the tenant’s leased areas or areas designated for the tenant’s exclusive use under an agreement with the airport operator, to carry out the security requirements imposed by the Under Secretary on the airport operator under the access control system requirements of section 107.14 of title 14, Code of Federal Regulations, or under other requirements of part 107 of title 14; and
(ii) the methods the airport operator will use to monitor and audit the tenant’s compliance with the security requirements and provides that the tenant will be required to pay monetary penalties to the airport operator if the tenant fails to carry out a security requirement under a contractual provision or requirement imposed by the airport operator.
(B) If the Under Secretary approves a program or amendment described in subparagraph (A) of this paragraph, the airport operator may not be found to be in violation of a requirement of this subsection or subsection (b) of this section when the airport operator demonstrates that the tenant or an employee, permittee, or invitee of the tenant is responsible for the violation and that the airport operator has complied with all measures in its security program for securing compliance with its security program by the tenant.
(C) MAXIMUM USE OF CHEMICAL AND BIOLOGICAL WEAPON DETECTION EQUIPMENT.—The Secretary of Transportation may require airports to maximize the use of technology and equipment that is designed to detect or neutralize potential chemical or biological weapons.

(3) PILOT PROGRAMS.—The Administrator shall establish pilot programs in no fewer than 20 airports to test and evaluate new and emerging technologies. Tailing access control and other security protections for closed or secure areas of the airports. Such technology may include biometric or other technology that ensures only authorized access to secure areas.

(d) AUTHORIZING INDIVIDUALS TO CARRY FIREARMS AND MAKE ARRESTS.—With the approval of the Attorney General and the Secretary of State, the Secretary of Transportation may authorize an individual who carries out air transportation security duties—
(1) to carry firearms; and
(2) to make arrests without warrant for an offense against the United States committed in the presence of the individual or for a felony under the laws of the United States, if the individual reasonably believes the individual to be arrested has committed or is committing a felony.

(e) EXCLUSIVE RESPONSIBILITY OVER PASSENGER SAFETY.—The Under Secretary has the exclusive responsibility to direct law enforcement activity related to the safety of passengers on an aircraft involved in an offense under section 46502 of this title from the moment all external doors of the aircraft are closed following boarding until those doors are opened to allow passengers to leave the aircraft. When requested by the Under Secretary, other departments, agencies, and instrumentalities of the Government shall provide assistance necessary to carry out this subsection.

(f) GOVERNMENT AND INDUSTRY CONSORTIA.—The Under Secretary may establish at airports such consortia of government and aviation industry representatives as the Under Secretary may designate to provide advice on matters related to aviation security and safety. Such consortia shall not be considered Federal advisory committees for purposes of the Federal Advisory Committee Act (5 U.S.C. App.).

(g) IMPROVEMENT OF SECURED-AREA ACCESS CONTROL.—
(1) ENFORCEMENT.
(A) **Under Secretary to publish sanctions.**—The Under Secretary shall publish in the Federal Register a list of sanctions for use as guidelines in the discipline of employees for infractions of airport access control requirements. The guidelines shall incorporate a progressive disciplinary approach that relates proposed sanctions to the severity or recurring nature of the infraction and shall include measures such as remedial training, suspension from security-related duties, demotion, or termination of employment.

(B) **Use of sanctions.**—Each airport operator, air carrier, and security screening company shall include the list of sanctions published by the Under Secretary in its security program. The security program shall include a process for taking prompt disciplinary action against an employee who commits an infraction of airport access control requirements.

(2) **Improvements.**—The Under Secretary shall—

(A) work with airport operators and air carriers to implement and strengthen existing controls to eliminate airport access control weaknesses;

(B) require airport operators and air carriers to develop and implement comprehensive and recurring training programs that teach employees their roles in airport security, the importance of their participation, how their performance will be evaluated, and what action will be taken if they fail to perform;

(C) require airport operators and air carriers to develop and implement programs that foster and reward compliance with airport access control requirements and discourage and penalize noncompliance in accordance with guidelines issued by the Under Secretary to measure employee compliance;

(D) on an ongoing basis, assess and test for compliance with access control requirements, report annually findings of the assessments, and assess the effectiveness of penalties in ensuring compliance with security procedures and take any other appropriate enforcement actions when noncompliance is found;

(E) improve and better administer the Under Secretary's security database to ensure its efficiency, reliability, and usefulness for identification of systemic problems and allocation of resources;

(F) improve the execution of the Under Secretary's quality control program; and

(G) work with airport operators to strengthen access control points in secured areas (including air traffic control operations areas, maintenance areas, crew lounges, baggage handling areas, concessions, and catering delivery areas) to ensure the security of passengers and aircraft and consider the deployment of biometric or similar technologies that identify individuals based on unique personal characteristics.

(h) **Improved airport perimeter access security.**—

(1) **In general.**—The Under Secretary, in consultation with the airport operator and law enforcement authorities, may order the deployment of such personnel at any secure area of the airport as necessary to counter the risk of criminal violence, the risk of aircraft piracy at the airport, the risk to air carrier aircraft operations at the airport, or to meet national security concerns.

(2) **Security of airport and ground access to secure areas.**—In determining where to deploy such personnel, the Under Secretary shall consider the physical security needs of air traffic control facilities, parked aircraft, aircraft servicing equipment, aircraft supplies (including fuel), automobile parking facilities within airport perimeters or adjacent to secured facilities, and access and transition areas at airports served by other means of ground or water transportation.

(3) **Deployment of federal law enforcement personnel.**—The Secretary may enter into a memorandum of understanding or other agreement with the Attorney General or the head of any other appropriate Federal law enforcement agency to deploy Federal law enforcement personnel at an airport in order to meet aviation safety and security concerns.

(4) **Airport perimeter screening.**—The Under Secretary—

(A) shall require, as soon as practicable after the date of enactment of this subsection, screening or inspection of all individuals, goods, property, vehicles, and other equipment before entry into a secured area of an airport in the United States described in section 44903(c);

(B) shall prescribe specific requirements for such screening and inspection that will assure at least the same level of protection as will result from screening of passengers and their baggage;

(C) shall establish procedures to ensure the safety and integrity of—

(i) all persons providing services with respect to aircraft providing passenger air transportation or intrastate air transportation and facilities of such persons at an airport in the United States described in section 44903(c);

(ii) all supplies, including catering and passenger amenities, placed aboard such aircraft, including the sealing of supplies to ensure easy visual detection of tampering; and

(iii) all persons providing such supplies and facilities of such persons;

(D) shall require vendors having direct access to the airfield and aircraft to develop security programs; and

(E) shall issue, not later than March 31, 2006, guidance for the use of biometric or other technology that positively verifies the identity of each employee and law enforcement officer who enters a secure area of an airport.

(5) **Use of biometric technology in airport access control systems.**—In issuing guidance
under paragraph (4)(E), the Assistant Secretary of Homeland Security (Transportation Security Administration) in consultation with representatives of the aviation industry, the biometric identifier industry, and the National Institute of Standards and Technology, shall establish, at a minimum—

(A) comprehensive technical and operational system requirements and performance standards for the use of biometric identifier technology in airport access control systems (including airport perimeter access control systems) to ensure that the biometric identifier systems are effective, reliable, and secure;

(B) a list of products and vendors that meet the requirements and standards set forth in subparagraph (A);

(C) procedures for implementing biometric identifier systems—

(i) to ensure that individuals do not use an assumed identity to enroll in a biometric identifier system; and

(ii) to resolve failures to enroll, false matches, and false non-matches; and

(D) best practices for incorporating biometric identifier technology into airport access control systems in the most effective manner, including a process to best utilize existing airport access control systems, facilities, and equipment and existing data networks connecting airports.

(6) USE OF BIOMETRIC TECHNOLOGY FOR ARMED LAW ENFORCEMENT TRAVEL.—

(A) IN GENERAL.—Not later than 18 months after the date of enactment of the Implementing Recommendations of the 9/11 Commission Act of 2007, the Secretary of Homeland Security, in consultation with the Attorney General, shall—

(i) implement this section 1 by publication in the Federal Register; and

(ii) establish a national registered armed law enforcement program, that shall be federally managed, for law enforcement officers needing to be armed when traveling by commercial aircraft.

(B) PROGRAM REQUIREMENTS.—The program shall—

(i) establish a credential or a system that incorporates biometric technology and other applicable technologies;

(ii) establish a system for law enforcement officers who need to be armed when traveling by commercial aircraft on a regular basis and for those who need to be armed during temporary travel assignments;

(iii) comply with other uniform credentialing initiatives, including the Homeland Security Presidential Directive 12;

(iv) apply to all Federal, State, local, tribal, and territorial government law enforcement agencies; and

(v) establish a process by which the travel credential or system may be used to verify the identity, using biometric technology, of a Federal, State, local, tribal, or territorial law enforcement officer seeking to carry a weapon on board a commercial aircraft, without unnecessarily disclosing to the public that the individual is a law enforcement officer.

(C) PROCEDURES.—In establishing the program, the Secretary shall develop procedures—

(i) to ensure that a law enforcement officer of a Federal, State, local, tribal, or territorial government flying armed has a specific reason for flying armed and the reason is within the scope of the duties of such officer;

(ii) to preserve the anonymity of the armed law enforcement officer;

(iii) to resolve failures to enroll, false matches, and false nonmatches relating to the use of the law enforcement travel credential or system;

(iv) to determine the method of issuance of the biometric credential to law enforcement officers needing to be armed when traveling by commercial aircraft;

(v) to invalidate any law enforcement travel credential or system that is lost, stolen, or no longer authorized for use;

(vi) to coordinate the program with the Federal Air Marshal Service, including the force multiplier program of the Service; and

(vii) to implement a phased approach to launching the program, addressing the immediate needs of the relevant Federal agent population before expanding to other law enforcement populations.

(7) DEFINITIONS.—In this subsection, the following definitions apply:

(A) BIOMETRIC IDENTIFIER INFORMATION.—The term “biometric identifier information” means the distinct physical or behavioral characteristics of an individual that are used for unique identification, or verification of the identity, of an individual.

(B) BIOMETRIC IDENTIFIER.—The term “biometric identifier” means a technology that enables the automated identification, or verification of the identity, of an individual based on biometric information.

(C) FAILURE TO ENROLL.—The term “failure to enroll” means the inability of an individual to enroll in a biometric identifier system due to an insufficiently distinctive biometric sample, the lack of a body part necessary to provide the biometric sample, a system design that makes it difficult to provide consistent biometric identifier information, or other factors.

(D) FALSE MATCH.—The term “false match” means the incorrect matching of one individual’s biometric identifier information to another individual’s biometric identifier information by a biometric identifier system.

(E) FALSE NON-MATCH.—The term “false non-match” means the rejection of a valid identity by a biometric identifier system.

(F) SECURE AREA OF AN AIRPORT.—The term “secure area of an airport” means the sterile area and the Secure Identification Display

1 So in original. Probably should be “paragraph”.

§44903
§ 44903

The 6-month assessment shall include a 12-month deployment strategy for currently available technology at all category X airports, as defined in the Federal Aviation Administration approved air carrier security programs required under part 108 of title 14, Code of Federal Regulations. Not later than 18 months after the date of enactment of this Act, the Secretary of Transportation shall conduct a review of reductions in unauthorized access at these airports.

(2) COMPUTER-ASSISTED PASSENGER PRESCREENING SYSTEM.—

(A) IN GENERAL.—The Secretary of Transportation shall ensure that the Computer-Assisted Passenger Prescreening System, or any successor system—

(i) is used to evaluate all passengers before they board an aircraft; and

(ii) includes procedures to ensure that individuals selected by the system and their carry-on and checked baggage are adequately screened.

(B) MODIFICATIONS.—The Secretary of Transportation may modify any requirement under the Computer-Assisted Passenger Prescreening System for flights that originate and terminate within the same State, if the Secretary determines that—

(i) the State has extraordinary air transportation needs or concerns due to its isolation and dependence on air transportation; and

(ii) the routine characteristics of passengers, given the nature of the market, regularly triggers primary selectee status.

(C) ADVANCED AIRLINE PASSENGER PRESCREENING.—

(i) COMMENCEMENT OF TESTING.—Not later than January 1, 2005, the Assistant Secretary of Homeland Security (Transportation Security Administration), or the designee of the Assistant Secretary, shall commence testing of an advanced passenger prescreening system that will allow the Department of Homeland Security to assume the performance of comparing passenger information, as defined by the Assistant Secretary, to the automatic selectee and no fly lists, utilizing all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government.

(ii) ASSUMPTION OF FUNCTION.—Not later than 180 days after completion of testing under clause (i), the Assistant Secretary, or the designee of the Assistant Secretary, shall begin to assume the performance of the passenger prescreening function of comparing passenger information to the automatic selectee and no fly lists and utilize all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government in performing that function.

(iii) REQUIREMENTS.—In assuming performance of the function under clause (ii), the Assistant Secretary shall—

(I) establish a procedure to enable airline passengers, who are delayed or prohibited from boarding a flight because the advanced passenger prescreening sys-
system determined that they might pose a security threat, to appeal such determination and correct information contained in the system;

(II) ensure that Federal Government databases that will be used to establish the identity of a passenger under the system will not produce a large number of false positives;

(III) establish an internal oversight board to oversee and monitor the manner in which the system is being implemented;

(IV) establish sufficient operational safeguards to reduce the opportunities for abuse;

(V) implement substantial security measures to protect the system from unauthorized access;

(VI) adopt policies establishing effective oversight of the use and operation of the system; and

(VII) ensure that there are no specific privacy concerns with the technological architecture of the system.

(iv) PASSENGER INFORMATION.—Not later than 180 days after the completion of the testing of the advanced passenger prescreening system, the Assistant Secretary, by order or interim final rule—

(I) shall require air carriers to supply to the Assistant Secretary the passenger information needed to begin implementing the advanced passenger prescreening system; and

(II) shall require entities that provide systems and services to air carriers in the operation of air carrier reservations systems to provide to air carriers passenger information in possession of such entities, but only to the extent necessary to comply with subclause (I).

(v) INCLUSION OF DETAINEES ON NO FLY LIST.—The Assistant Secretary, in coordination with the Terrorist Screening Center, shall include on the No Fly List any individual who was a detainee held at the Naval Station, Guantanamo Bay, Cuba, unless the President certifies in writing to Congress that the detainee poses no threat to the United States, its citizens, or its allies. For purposes of this clause, the term “detainee” means an individual in the custody or under the physical control of the United States as a result of armed conflict.

(D) SCREENING OF EMPLOYEES AGAINST WATCHLIST.—The Assistant Secretary of Homeland Security (Transportation Security Administration), in coordination with the Secretary of Transportation and the Administrator of the Federal Aviation Administration, shall ensure that individuals are screened against all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government before—

(i) being certificated by the Federal Aviation Administration;

(ii) being granted unescorted access to the secure area of an airport; or

(iii) being granted unescorted access to the air operations area (as defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section) of an airport.

(E) AIRCRAFT CHARTER CUSTOMER AND LESSEE PRESCREENING.—

(i) IN GENERAL.—Not later than 90 days after the date on which the Assistant Secretary assumes the performance of the advanced passenger prescreening function under subparagraph (C)(ii), the Assistant Secretary shall establish a process by which operators of aircraft to be used in charter air transportation with a maximum takeoff weight greater than 12,500 pounds and lessors of aircraft with a maximum takeoff weight greater than 12,500 pounds may—

(I) request the Department of Homeland Security to use the advanced passenger prescreening system to compare information about any individual seeking to charter an aircraft with a maximum takeoff weight greater than 12,500 pounds, any passenger proposed to be transported aboard such aircraft, and any individual seeking to lease an aircraft with a maximum takeoff weight greater than 12,500 pounds to the automatic selectee and no fly lists, utilizing all appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government; and

(II) refuse to charter or lease an aircraft with a maximum takeoff weight greater than 12,500 pounds to or transport aboard such aircraft any persons identified on such watch list.

(ii) REQUIREMENTS.—The requirements of subparagraph (C)(iii) shall apply to this subparagraph.

(iii) NO FLY AND AUTOMATIC SELECTEE LISTS.—The Secretary of Homeland Security, in consultation with the Terrorist Screening Center, shall design and review, as necessary, guidelines, policies, and operating procedures for the collection, removal, and updating of data maintained, or to be maintained, in the no fly and automatic selectee lists.

(F) APPLICABILITY.—Section 607 of the Vision 100—Century of Aviation Reauthorization Act (49 U.S.C. 44903 note; 117 Stat. 2568) shall not apply to the advanced passenger prescreening system established under subparagraph (C).

(G) APPEAL PROCEDURES.—

(i) IN GENERAL.—The Assistant Secretary shall establish a timely and fair process for individuals identified as a threat under one or more of subparagraphs (C), (D), and (E) to appeal to the Transportation Security Administration the determination and correct any erroneous information.

(ii) RECORDS.—The process shall include the establishment of a method by which the Assistant Secretary will be able to maintain a record of air passengers and
other individuals who have been misidentified and have corrected erroneous information. To prevent repeated delays of misidentified passengers and other individuals, the Transportation Security Administration record shall contain information determined by the Assistant Secretary to authenticate the identity of such a passenger or individual.

(H) DEFINITION.—In this paragraph, the term “secure area of an airport” means the sterile area and the Secure Identification Display Area of an airport (as such terms are defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section).

(k) LIMITATION ON LIABILITY FOR ACTS TO THwart CRIMINAL VIOLENCE OR AIRCRAFT PIracy.—An individual shall not be liable for damages in any action brought in a Federal or State court arising out of the acts of the individual in attempting to thwart an act of criminal violence or piracy on an aircraft if that individual reasonably believed that such an act of criminal violence or piracy was occurring or was about to occur.

(I) AIR CHARTER PROGRAM.—

(1) IN GENERAL.—The Under Secretary for Border and Transportation Security of the Department of Homeland Security shall implement an aviation security program for charter air carriers (as defined in section 40102(a)) with a maximum certificated takeoff weight of more than 12,500 pounds.

(2) EXEMPTION FOR ARMED FORCES CHARTERS.—

(A) IN GENERAL.—Paragraph (1) and the other requirements of this chapter do not apply to passengers and property carried by aircraft when employed to provide charter transportation to members of the armed forces.

(B) SECURITY PROCEDURES.—The Secretary of Defense, in consultation with the Secretary of Homeland Security and the Secretary of Transportation, shall establish security procedures relating to the operation of aircraft when employed to provide charter transportation to members of the armed forces to or from an airport described in section 4903(c).

(C) ARMED FORCES DEFINED.—In this paragraph, the term “armed forces” has the meaning given that term by section 101(a)(4) of title 10.

and agencies” for consistency in the revised title and with other titles of the Code. The words “as may be . . . the purposes of” are omitted as surplus.

The date of enactment of this subsection, referred to in subsec. (h)(4)(A), is the date of enactment of Pub. L. 107–71, which was approved Nov. 19, 2001.

The date of enactment of this paragraph, referred to in subsec. (i)(3), is the date of enactment of Pub. L. 107–296, which was approved Nov. 25, 2002.

The date of enactment of the Aviation and Transportation Security Act, referred to in subsec. (j)(1), is the date of enactment of Pub. L. 107–71, which was approved Nov. 19, 2001.

The date of enactment of this Act, referred to in subsec. (j)(1), probably means the date of enactment of Pub. L. 107–71, which enacted subsec. (j), originally (1), of this section and which was approved Nov. 19, 2001.

Section 607 of the Vision 100—Century of Aviation Reauthorization Act, referred to in subsec. (j)(2)(F), is section 607 of Pub. L. 108–166, which is set out as a note below.

AMENDMENTS

Subsec. (j)(2)(C) to (H). Pub. L. 108–458, § 4012(a)(1), added subpars. (C) to (H).

2002—Subsec. (h). Pub. L. 107–296, § 1406(3), redesignated subsec. (h), relating to limitation on liability for acts to thwart criminal violence or aircraft piracy, as (h).

Pub. L. 107–296, § 1406(2), redesignated subsec. (h), relating to authority to arm flight deck crews with less-than-lethal weapons, as (i).

Subsec. (i). Pub. L. 107–296, § 1406(2), redesignated subsec. (i), relating to authority to arm flight deck crews with less-than-lethal weapons, as (i).

Subsec. (j)(1). Pub. L. 107–296, § 1405(b)(v), substituted “If the Under Secretary” for “If the Secretary” and “the Under Secretary may” for “the Secretary may”.

Subsec. (g)(2)(D). Pub. L. 107–71, § 106(c)(2), added subpar. (D) and struck out former subpar. (D) which read as follows: “assess and test for compliance with access control requirements, report findings, and assess penalties or take other appropriate enforcement actions when noncompliance is found;”.

Subsec. (g)(2)(F). Pub. L. 107–71, § 101(f)(8), 106(c)(3), substituted “Secretary’s” for “Administrator’s” and “program;” for “program by January 31, 2001;”.

Subsec. (g)(2)(G). Pub. L. 107–71, § 106(c)(4), added subpar. (G) and struck out former subpar. (G) which read as follows: “require airport operators and air carriers to strengthen access control points in secured areas (including air traffic control operations areas) to ensure the security of passengers and aircraft by January 31, 2001.”

Subsec. (h). Pub. L. 107–71, § 120, which directed that subsec. (h) relating to limitation on liability for acts to thwart criminal violence or aircraft piracy be added at end of section 44903, without specifying the Code title to be amended, was executed by making the addition at the end of this section, to reflect the probable intent of Congress.

Pub. L. 107–71, § 126(b), added subsec. (h) relating to authority to arm flight deck crews with less-than-lethal weapons.

Pub. L. 107–71, § 106(a), added subsec. (h) relating to improved airport perimeter access security.

Subsec. (g). Pub. L. 106–528, § 4, added subsec. (g).

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2002 AMENDMENT

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

EFFECTIVE DATE OF 2000 AMENDMENTS

Amendment by Pub. L. 106–528 effective 30 days after Nov. 22, 2000, see section 9 of Pub. L. 106–528, set out as a note under section 106 of this title.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including...
the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 548 of Title 6.

STRICT PLAN TO TEST AND IMPLEMENT ADVANCED PASSENGER PRESCREENING SYSTEM

“(a) IN GENERAL.—Not later than 120 days after the date of enactment of this Act [Aug. 3, 2007], the Secretary of Homeland Security, in consultation with the Administrator of the Transportation Security Administration, shall submit to the Committee on Homeland Security of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Homeland Security and Governmental Affairs of the Senate a plan that—

(1) describes the system to be utilized by the Department of Homeland Security to assume the performance of comparing passenger information, as defined by the Administrator, to the automatic selectee and no-fly lists, utilizing appropriate records in the consolidated and integrated terrorist watchlist maintained by the Federal Government;

(2) provides a projected timeline for each phase of testing and implementation of the system;

(3) explains how the system will be integrated with the prescreening system for passengers on international flights; and

(4) describes how the system complies with section 552a of title 5, United States Code.

“(b) GAO ASSESSMENT.—Not later than 180 days after the date of enactment of this Act, the Comptroller General shall submit a report to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Homeland Security of the House of Representatives that—

(1) describes the progress made by the Transportation Security Administration in implementing the secure flight passenger pre-screening program;

(2) describes the effectiveness of the current appeals process for passengers wrongly assigned to the no-fly and terrorist watch lists;

(3) describes the Transportation Security Administration’s plan to protect private passenger information and progress made in integrating the system with the pre-screening program for international flights operated by United States Customs and Border Protection;

(4) provides a realistic determination of when the system will be completed; and

(5) includes any other relevant observations or recommendations the Comptroller General deems appropriate.”

PILOT PROJECT TO TEST DIFFERENT TECHNOLOGIES AT AIRPORT EXIT LANES

“(a) IN GENERAL.—The Administrator of the Transportation Security Administration shall conduct a pilot program at not more than 2 airports to identify technologies to improve security at airport exit lanes.

“(b) PROGRAM COMPONENTS.—In conducting the pilot program under this section, the Administrator shall—

(1) utilize different technologies that protect the integrity of the airport exit lanes from unauthorized entry;

(2) work with airport officials to deploy such technologies in multiple configurations at a selected airport or airports at which some of the exits are not co-located with a screening checkpoint; and

(3) ensure the level of security at or above the level of existing security at the airport or airports where the pilot program is conducted.

“(c) REPORTS.—

“(1) INITIAL BRIEFING.—Not later than 180 days after the date of enactment of this Act [Aug. 3, 2007], the Administrator shall conduct a briefing to the congressional committees set forth in paragraph (3) that describes—

(A) the airport or airports selected to participate in the pilot program;

(B) the technologies to be tested;

(C) the potential savings from implementing the technologies at selected airport exits;

(D) the types of configurations expected to be deployed at such airports; and

(E) the expected financial contribution from each airport.

“(2) FINAL REPORT.—Not later than 18 months after the technologies are deployed at the airports participating in the pilot program, the Administrator shall submit a final report to the congressional committees set forth in paragraph (3) that describes—

(A) the changes in security procedures and technologies deployed;

(B) the estimated cost savings at the airport or airports that participated in the pilot program; and

(C) the efficacy and staffing benefits of the pilot program and its applicability to other airports in the United States.

“(3) CONGRESSIONAL COMMITTEES.—The reports required under this subsection shall be submitted to—

(A) the Committee on Commerce, Science, and Transportation of the Senate;

(B) the Committee on Appropriations of the Senate;

(C) the Committee on Homeland Security and Governmental Affairs of the Senate;

(D) the Committee on Homeland Security of the House of Representatives; and

(E) the Committee on Appropriations of the House of Representatives.

“(d) USE OF EXISTING FUNDS.—This section shall be executed using existing funds.”

SECURITY CREDENTIALS FOR AIRLINE CREWS

“(a) REPORT.—Not later than 180 days after the date of enactment of this Act [Aug. 3, 2007], the Administrator of the Transportation Security Administration, after consultation with airline, airport, and flight crew representatives, shall submit to the Committee on Commerce, Science, and Transportation of the Senate, the Committee on Homeland Security and Governmental Affairs of the Senate, the Committee on Homeland Security of the House of Representatives, and the Committee on Transportation and Infrastructure of the House of Representatives a report on the status of the Administration’s efforts to institute a sterile area access system or method that will enhance security by properly identifying authorized airline flight deck and cabin crew members at screening checkpoints and granting them expedited access through screening checkpoints. The Administrator shall include in the report recommendations on the feasibility of implementing the system for the domestic aviation industry beginning 1 year after the date on which the report is submitted.

“(b) BEGINNING IMPLEMENTATION.—The Administrator shall begin implementation of the system or method referred to in subsection (a) not later than 1 year after the date on which the Administrator submits the report under subsection (a).”

CAPPS2

“(a) IN GENERAL.—The Under Secretary for Border and Transportation Security of the Department of Homeland Security shall not implement, on other than a test basis, the computer assisted passenger pre-
screening system (commonly known as and in this sec-
section referred to as ‘CAPPS2’) until the Under Secretary
provides to Congress a certification that—

(1) a procedure is established enabling airline pas-
sengers, who are delayed or prohibited from boarding a
flight because CAPPS2 determined that they might
pose a security threat, to appeal such determination
directly to the Under Secretary, or to the appropriate
authorities, except that the use of such monitors or devices shall be
subject to nondisclosure requirements applicable to cockpit video recordings under section 1114(c) [of title 49].

(2) the Secretary of Homeland Security has estab-
lished an internal oversight board to oversee and
monitor the manner in which CAPPS2 is being imple-
mented;

(3) the Under Secretary has demonstrated the effi-
cacy and accuracy of all search tools in CAPPS2 and
has demonstrated that CAPPS2 can make an accurate
predictive assessment of those passengers who
would constitute a security threat;

(4) the Secretary of Homeland Security has estab-
lished an internal oversight board to oversee and
monitor the manner in which CAPPS2 is being imple-
mented;

(5) the Under Secretary has built in sufficient
operational safeguards to reduce the opportunities
for abuse;

(6) substantial security measures are in place to
protect CAPPS2 from unauthorized access by hackers
or other intruders;

(7) the Under Secretary has adopted policies estab-
lishing effective oversight of the use and operation
of the system; and

(8) there are no specific privacy concerns with the
technological architecture of the system.

(6) GAO REPORT.—Not later than 90 days after the
date on which certification is provided under sub-
section (a), the Comptroller General shall submit a re-
port to the Committees on Appropriations of the House
of Representatives and the Senate, the Committee on
Transportation and Infrastructure of the House of
Representatives, and the Committee on Commerce, Science
and Transportation of the Senate that assesses the im-
portance of CAPPS2 on the issues listed in subsection (a)
and on privacy and civil liberties. The report shall in-
clude any recommendations for practices, procedures,
regulations, or legislation to eliminate or minimize ad-
verse effect of CAPPS2 on privacy, discrimination, and
other civil liberties.”

REIMBURSEMENT OF AIR CARRIERS FOR CERTAIN
SCREENING AND RELATED ACTIVITIES
2594, provided that: “The Secretary of Homeland Secu-
rity, in consultation with the appropriate State and
local law enforcement authorities, determines that
safeguards are in place to sufficiently protect public safety, and
so certifies in writing to the Under Secretary, then any security rule, order, or other directive restricting
the parking of passenger vehicles shall not apply at
that airport after the applicable time period specified in
paragraph (b), unless the Under Secretary, taking
into account individual airport circumstances, notifies the
airport operator that the safeguards in place do not adequately respond to specific security risks and that
the restriction must be continued in order to ensure public
safety.

(2) COUNTERMAND PERIOD.—The time period within
which the Secretary may notify an airport operator,
after receiving a certification under subparagraph (A), that a restriction must be continued in order
to ensure public safety at the airport is—

(1) 15 days for a nonhub airport (as defined in
section 4714(h) of title 49 [United States Code];

(2) 30 days for a small hub airport (as defined in
such section);
“(ii) 60 days for a medium hub airport (as defined in such section); and
“(iv) 120 days for an airport that had at least 1 percent of the total annual enplanements in the United States for the most recent calendar year for which data is available.”

AIRPORT SECURITY AWARENESS PROGRAMS

Pub. L. 107–71, title I, §109(e), Nov. 19, 2001, 115 Stat. 610, provided that: “The Under Secretary of Transportation for Security shall require scheduled passenger air carriers, and airports in the United States described in section 44903(c) (of title 49) to develop security awareness programs for airport employees, ground crews, gate, ticket, and curbside agents of the air carriers, and other individuals employed at such airports.”

AIRLINE COMPUTER RESERVATION SYSTEMS

Pub. L. 107–71, title I, §117, Nov. 19, 2001, 115 Stat. 624, provided that: “In order to ensure that all airline computer reservation systems maintained by United States air carriers are secure from unauthorized access by persons seeking information on reservations, passenger manifests, or other nonpublic information, the Secretary of Transportation shall require all such air carriers to utilize to the maximum extent practicable the best technology available to secure their computer reservation system against such unauthorized access.”

AUTHORIZATION OF FUNDS FOR REIMBURSEMENT OF AIRPORTS FOR SECURITY MANDATES

“(a) AIRPORT SECURITY.—There is authorized to be appropriated to the Secretary of Transportation for fiscal years 2002 and 2003 a total of $1,500,000,000 to reimburse airport operators, on-airport parking lots, and vendors of on-airfield direct services to air carriers for direct costs incurred by such operators to comply with new, additional, or revised security requirements imposed on such operators by the Federal Aviation Administration or Transportation Security Administration on or after September 11, 2001. Such sums shall remain available until expended.
“(b) DOCUMENTATION OF COSTS; AUDIT.—The Secretary may not reimburse an airport operator, on-airport parking lot, or vendor of on-airfield direct services to air carriers under this section for any cost for which the airport operator, on-airport parking lot, or vendor of on-airfield direct services does not demonstrate to the satisfaction of the Secretary, using sworn financial statements or other appropriate data, that:
“(1) the cost is eligible for reimbursement under subsection (a); and
“(2) the cost was incurred by the airport operator, on-airport parking lot, or vendor of on-airfield direct services to air carriers.

The Inspector General of the Department of Transportation and the Comptroller General of the United States may audit such statements and may request any other information necessary to conduct such an audit.
“(c) CLAIM PROCEDURE.—Within 30 days after the date of enactment of this Act [Nov. 19, 2001], the Secretary, after consultation with airport operators, on-airport parking lots, and vendors of on-airfield direct services to air carriers, shall publish in the Federal Register the procedures for filing claims for reimbursement under this section of eligible costs incurred by airport operators.

FLIGHT DECK SECURITY

Pub. L. 107–71, title I, §128, Nov. 19, 2001, 115 Stat. 633, which authorized the pilot of a passenger aircraft to carry a firearm into the cockpit if approved by the Under Secretary of Transportation for Security and the air carrier, if the firearm is approved by the Under Secretary, and if the pilot has received proper training, was repealed by Pub. L. 107–296, title XIV, §1402(b)(2), Nov. 25, 2002, 116 Stat. 2305.

CHARTER AIR CARRIERS

Pub. L. 107–71, title I, §132(a), Nov. 19, 2001, 115 Stat. 635, which provided that within 90 days after Nov. 19, 2001, the Under Secretary of Transportation for Security was to implement an aviation security program for charter air carriers with a maximum certificated take-off weight of 12,500 pounds or more, was repealed by Pub. L. 108–176, title VI, §606(b), Dec. 12, 2003, 117 Stat. 2568.

PHYSICAL SECURITY FOR ATC FACILITIES

Pub. L. 106–528, §5, Nov. 22, 2000, 114 Stat. 2521, provided that:
“(a) IN GENERAL.—In order to ensure physical security at Federal Aviation Administration staffed facilities that house air traffic control systems, the Administrator of the Federal Aviation Administration shall act immediately to—
“(1) correct physical security weaknesses at air traffic control facilities so the facilities can be granted physical security accreditation not later than April 30, 2004; and
“(2) ensure that follow-up inspections are conducted, deficiencies are promptly corrected, and accreditation is kept current for all air traffic control facilities.
“(b) REPORTS.—Not later than April 30, 2001, and annually thereafter through April 30, 2004, the Administrator shall transmit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the progress being made in improving the physical security of air traffic control facilities, including the percentage of such facilities that have been granted physical security accreditation.”

DEPUTIZING OF STATE AND LOCAL LAW ENFORCEMENT OFFICERS

Pub. L. 106–181, title V, §512, Apr. 5, 2000, 114 Stat. 142, provided that:
“(a) DEFINITIONS.—In this section, the following definitions apply:
“(1) AIRCRAFT.—The term ‘aircraft’ has the meaning given that term in section 40102 of title 49, United States Code.
“(2) AIR TRANSPORTATION.—The term ‘air transportation’ has the meaning given that term in such section.
“(3) PROGRAM.—The term ‘program’ means the program established under subsection (b)(1)(A).
“(b) ESTABLISHMENT OF A PROGRAM TO DEPUTIZE LOCAL LAW ENFORCEMENT OFFICERS.—
“(1) IN GENERAL.—The Attorney General may—
“(A) establish a program under which the Attorney General may deputize State and local law enforcement officers having jurisdiction over airports and airport authorities as Deputy United States Marshals for the limited purpose of enforcing Federal laws that regulate security on board aircraft, including laws relating to violent, abusive, or disruptive behavior by passengers in air transportation; and
“(B) encourage the participation of law enforcement officers of State and local governments in the program.
“(2) CONSULTATION.—In establishing the program, the Attorney General shall consult with appropriate officials of—
“(A) the United States Government (including the Administrator [of the Federal Aviation Administration] or a designated representative of the Administrator); and
“(B) State and local governments in any geographic area in which the program may operate.
“(3) TRAINING AND BACKGROUND OF LAW ENFORCEMENT OFFICERS.—
“(A) IN GENERAL.—Under the program, to qualify to serve as a Deputy United States Marshal under
the program, a State or local law enforcement officer shall—
“(1) meet the minimum background and training requirements for a law enforcement officer under part 107 of title 14, Code of Federal Regulations (or equivalent requirements established by the Attorney General); and
“(2) receive approval to participate in the program from the State or local law enforcement agency that is the employer of that law enforcement officer.

“(B) Training not Federal responsibility.—The United States Government shall not be responsible for providing to a State or local law enforcement officer the training required to meet the training requirements under subparagraph (A)(i). Nothing in this subsection may be construed to grant any such law enforcement officer the right to attend any institution of the United States Government established to provide training to law enforcement officers of the United States Government.

“(C) Powers and Status of Deputized Law Enforcement Officers.—
“(1) In General.—Subject to paragraph (2), a State or local law enforcement officer that is deputized under the program as a Deputy United States Marshal under the program may arrest and apprehend an individual suspected of violating any Federal law described in subsection (b)(3)(A), including any individual who violates a provision subject to a civil penalty under section 63601 of title 49, United States Code, or section 46392, 46393, 46504, 46505, or 46507 of that title, or who commits an act described in section 46506 of that title.

“(2) Limitation.—The powers granted to a State or local law enforcement officer deputized under the program shall be limited to enforcing Federal laws relating to security on board aircraft in flight.

“(3) Status.—A State or local law enforcement officer that is deputized as a Deputy United States Marshal under the program shall not—
“(A) be considered to be an employee of the United States Government; or
“(B) receive compensation from the United States Government by reason of service as a Deputy United States Marshal under the program.

“(d) Statutory Construction.—Nothing in this section may be construed to—
“(1) grant a State or local law enforcement officer that is deputized under the program the power to enforce any Federal law that is not described in subsection (c); or
“(2) limit the authority that a State or local law enforcement officer may otherwise exercise in the officer’s capacity under any other applicable State or Federal law.

“(e) Regulations.—The Attorney General may promulgate such regulations as may be necessary to carry out this section.

“(f) Notification of Congress.—Not later than 90 days after the date of the enactment of this Act [Apr. 5, 2000], the Attorney General shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on whether or not the Attorney General intends to establish the program authorized by this section.

Development of Aviation Security Liaison Agreement

Pub. L. 104–264, title III, §309, Oct. 9, 1996, 110 Stat. 3253, provided that: “The Secretary of Transportation and the Attorney General, acting through the Administrator of the Federal Aviation Administration and the Director of the Federal Bureau of Investigation, shall enter into an interagency agreement providing for the establishment of an aviation security liaison at existing appropriate Federal agencies’ field offices in or near cities served by a designated high-risk airport.”

Definitions of Terms in Pub. L. 107–71

For definitions of terms used in sections 104, 106(b), (e), 117, 121, 128, and 132(a) of Pub. L. 107–71, set out above, see section 133 of Pub. L. 107–71, set out as a note under section 40102 of this title.

§ 44904. Domestic air transportation system security

(a) Assessing Threats.—The Under Secretary of Transportation for Security and the Director of the Federal Bureau of Investigation jointly shall assess current and potential threats to the domestic air transportation system. The assessment shall include consideration of the extent to which there are individuals with the capability and intent to carry out terrorist or related unlawful acts against that system and the ways in which those individuals might carry out those acts. The Under Secretary and the Director jointly shall decide on and carry out the most effective method for continuous analysis and monitoring of security threats to that system.

(b) Assessing Security.—In coordination with the Director, the Under Secretary shall carry out periodic threat and vulnerability assessments on security at each airport that is part of the domestic air transportation system. Each assessment shall include consideration of—

(1) the adequacy of security procedures related to the handling and transportation of checked baggage and cargo;
(2) space requirements for security personnel and equipment;
(3) separation of screened and unscreened passengers, baggage, and cargo;
(4) separation of the controlled and uncontrolled areas of airport facilities; and
(5) coordination of the activities of security personnel of the Transportation Security Administration, the United States Customs Service, the Immigration and Naturalization Service, and air carriers, and of other law enforcement personnel.

(c) Modal Security Plan for Aviation.—In addition to the requirements set forth in subparagraphs (B) through (F) of section 114(t)(3), the modal security plan for aviation prepared under section 114(t)1 shall—

(1) establish a damage mitigation and recovery plan for the aviation system in the event of a terrorist attack; and
(2) include a threat matrix document that outlines each threat to the United States civil aviation system and the corresponding layers of security in place to address such threat.

(d) Operational Criteria.—Not later than 90 days after the date of the submission of the National Strategy for Transportation Security under section 114(t)(4)(A), the Assistant Secretary of Homeland Security (Transportation Security Administration) shall issue operational criteria to protect airport infrastructure and operations against the threats identified in the plans prepared under section 114(t)(1) and shall approve best practices guidelines for airport assets.

(e) Improving Security.—The Under Secretary shall take necessary actions to improve domestic air transportation security by correcting any deficiencies in that security discovered in the

In subsection (a), the words “domestic air transportation system” are substituted for “domestic aviation system” for consistency in this section.

In subsection (b), before clause (1), the word “Director” is substituted for “Federal Bureau of Investigation” because of 28:532. In clauses (1) and (3), the word “mail” is omitted as being included in “cargo”.

In subsection (c), the word “correcting” is substituted for “remedying” for clarity.

REFERENCES IN TEXT

Section 114(t), referred to in subs. (c) and (d), was redesignated section 114(s) by Pub. L. 118–161, div. E, title V, §608(a), Dec. 26, 2007, 121 Stat. 2092.

AMENDMENTS

2004—Subsecs. (c) to (e). Pub. L. 108–458 added subsecs. (c) and (d) and redesignated former subsec. (c) as (e).

Subsec. (c). Pub. L. 107–71, §101(f)(7), substituted “the Transportation Security Administration” for “the Administration”.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration to the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 2303, 2531, 5521, and 5525 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

For transfer of functions, personnel, assets, and liabilities of the United States Customs Service to the Department of the Treasury, including functions of the Secretary of the Treasury relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 2303, 2531, 5521, and 5525 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

ABOLITION OF IMMIGRATION AND NATURALIZATION SERVICE AND TRANSFER OF FUNCTIONS

For abolition of Immigration and Naturalization Service, transfer of functions, and treatment of related references, see note set out under section 1551 of Title 8, Aliens and Nationality.

§ 44905. Information about threats to civil aviation

(a) PROVIDING INFORMATION.—Under guidelines the Secretary of Transportation prescribes, an air carrier, airport operator, ticket agent, or individual employed by an air carrier, airport operator, or ticket agent, receiving information (except a communication directed by the United States Government) about a threat to civil aviation shall provide the information promptly to the Secretary.

(b) FLIGHT CANCELLATION.—If a decision is made that a particular threat cannot be addressed in a way adequate to ensure, to the extent feasible, the safety of passengers and crew of a particular flight or series of flights, the Under Secretary of Transportation for Security shall cancel the flight or series of flights.

(c) GUIDELINES ON PUBLIC NOTICE.—(1) The President shall develop guidelines for ensuring that public notice is provided in appropriate cases about threats to civil aviation. The guidelines shall identify officials responsible for—

(A) deciding, on a case-by-case basis, if public notice of a threat is in the best interest of the United States and the traveling public;

(B) ensuring that public notice is provided in a timely and effective way, including the use of a toll-free telephone number; and

(C) canceling the departure of a flight or series of flights under subsection (b) of this section.

(2) The guidelines shall provide for consideration of—

(A) the specificity of the threat;

(B) the credibility of intelligence information related to the threat;

(C) the ability to counter the threat effectively;

(D) the protection of intelligence information sources and methods;

(E) cancellation, by an air carrier or the Under Secretary, of a flight or series of flights instead of public notice;

(F) the ability of passengers and crew to take steps to reduce the risk to their safety after receiving public notice of a threat; and

(G) other factors the Under Secretary considers appropriate.

(d) GUIDELINES ON NOTICE TO CREWS.—The Under Secretary shall develop guidelines for ensuring that notice in appropriate cases of threats to the security of an air carrier flight is provided to the flight crew and cabin crew of that flight.

(e) LIMITATION ON NOTICE TO SELECTIVE TRAVELERS.—Notice of a threat to civil aviation may be provided to selective potential travelers only if the threat applies only to those travelers.

(f) RESTRICTING ACCESS TO INFORMATION.—In cooperation with the departments, agencies, and...
instrumentalities of the Government that collect, receive, and analyze intelligence information related to aviation security, the Under Secretary shall develop procedures to minimize the number of individuals who have access to information about threats. However, a restriction on access to that information may be imposed only if the restriction does not diminish the ability of the Government to carry out its duties and powers related to aviation security effectively, including providing notice to the public and flight and cabin crews under this section.

(g) DISTRIBUTION OF GUIDELINES.—The guidelines developed under this section shall be distributed for use by appropriate officials of the Department of Transportation, the Department of State, the Department of Justice, and air carriers. (Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1207; Pub. L. 107–71, title I, §101(f)(7), (9), Nov. 19, 2001, 115 Stat. 603.)

In subsection (a), the words “employed by an air carrier, airport operator, or ticket agent” are substituted for “employed by such an entity” for clarity. The words “or a designee of the Secretary” are omitted as unnecessary.

In subsections (c)(1), before clause (A), and (d), the words “Not later than 180 days after November 16, 1990” are omitted as obsolete.

In subsection (c)(1)(B), the words “when considered appropriate” are omitted as unnecessary because of the restatement.

In subsection (e), the words “selective potential travelers” are substituted for “only selective potential travelers” to eliminate an unnecessary word.

In subsection (f), the words “departments, agencies, and instrumentalities of the Government” are substituted for “agencies” for clarity and consistency in the revised title and with other titles of the United States Code. The words “However, a restriction on access to that information may be imposed only if the restriction does not diminish” are substituted for “Any restriction adopted pursuant to this subsection shall not diminish” for clarity.

AMENDMENTS

2001—Pub. L. 107–71 substituted “Under Secretary” for “Administrator” wherever appearing and “of the Federal Aviation Administration” for “of the Federal Aviation Administration”.

1996—Pub. L. 104–132 reenacted section catchline without change and amended text generally. Prior to amendment, text read as follows: “The Administrator of the Federal Aviation Administration shall continue in effect the requirements of section 129.25 of title 14, Code of Federal Regulations, that a foreign air carrier must adopt and use a security program approved by the Administrator. The Administrator may approve a security program of a foreign air carrier under section 129.25, or any successor regulation, unless the security program requires the foreign air carrier in its operations to and from airports in the United States to adhere to the identical security measures that the Under Secretary requires air carriers serving the same airports to adhere to. The foregoing requirement shall not be interpreted to limit the ability of the Under Secretary to impose additional security measures on a foreign air carrier or an air carrier when the Under Secretary determines that a specific threat warrants such additional security measures. The Under Secretary shall prescribe regulations to carry out this section.”

The text of 49 App.:1357(k)(3) and the words “Not later than 180 days after the date of enactment of this Act” in section 159(c) of the Aviation Security Improvement Act of 1990 (Public Law 101–604, 104 Stat. 3075) are omitted as obsolete.

§ 44907. Security standards at foreign airports

(a) **Assessment.**—(1) At intervals the Secretary of Transportation considers necessary, the Secretary shall assess the effectiveness of the security measures maintained at—

(A) a foreign airport;—

(ii) from which a foreign air carrier serves the United States; or

(iii) that poses a high risk of introducing danger to international air travel; and

(B) other foreign airports the Secretary considers appropriate.

(2) The Secretary of Transportation shall conduct an assessment under paragraph (1) of this subsection—

(A) in consultation with appropriate aeronautic authorities of the government of a foreign country concerned and each air carrier serving the foreign airport for which the Secretary is conducting the assessment;

(B) to establish the extent to which a foreign airport effectively maintains and carries out security measures; and

(C) by using a standard that will result in an analysis of the security measures at the airport based at least on the standards and appropriate recommended practices contained in Annex 17 to the Convention on International Civil Aviation in effect on the date of the assessment.

(3) Each report to Congress required under section 44938(b) of this title shall contain a summary of the assessments conducted under this subsection.

(b) **Consultation.**—In carrying out subsection (a) of this section, the Secretary of Transportation shall consult with the Secretary of State—

(1) on the terrorist threat that exists in each country; and

(2) to establish which foreign airports are not under the de facto control of the government of the foreign country in which they are located and pose a high risk of introducing danger to international air travel.

(c) **Notifying Foreign Authorities.**—When the Secretary of Transportation, after conducting an assessment under subsection (a) of this section, decides that an airport does not maintain and carry out effective security measures, the Secretary of Transportation, after advising the Secretary of State, shall notify the appropriate authorities of the government of the foreign country of the decision and recommend the steps necessary to bring the security measures in use at the airport up to the standard used by the Secretary of Transportation in making the assessment.

(d) **Actions When Airports Not Maintaining and Carrying Out Effective Security Measures.**—(1) When the Secretary of Transportation decides under this section that an airport does not maintain and carry out effective security measures—

(A) the Secretary of Transportation shall—

(i) publish the identity of the airport in the Federal Register;

(ii) have the identity of the airport posted and displayed prominently at all United States airports at which scheduled air carrier operations are provided regularly; and

(iii) notify the news media of the identity of the airport;

(B) each air carrier and foreign air carrier providing transportation between the United States and the airport shall provide written notice of the decision, on or with the ticket, to each passenger buying a ticket for transportation between the United States and the airport;

(C) notwithstanding section 40105(b) of this title, the Secretary of Transportation, after consulting with the appropriate aeronautic authorities of the foreign country concerned and each air carrier serving the airport and with the approval of the Secretary of State, may withhold, revoke, or prescribe conditions on the operating authority of an air carrier or foreign air carrier that uses that airport to provide foreign air transportation; and

(D) the President may prohibit an air carrier or foreign air carrier from providing transportation between the United States and any other foreign airport that is served by aircraft flying to or from the airport with respect to which a decision is made under this section.

(2)(A) Paragraph (1) of this subsection becomes effective—

(i) 90 days after the government of a foreign country is notified under subsection (c) of this section if the Secretary of Transportation finds that the government has not brought the security measures at the airport up to the standard the Secretary used in making an assessment under subsection (a) of this section; or

(ii) immediately on the decision of the Secretary of Transportation under subsection (c) of this section if the Secretary of Transportation finds that the government of a foreign country is notified under subsection (c) of this section if the Secretary of Transportation finds that the government has not brought the security measures at the airport up to the standard the Secretary used in making an assessment under subsection (a) of this section.

(B) The Secretary of Transportation shall immediately notify the Secretary of State of a decision under subparagraph (A)(ii) of this paragraph so that the Secretary of State may issue a travel advisory required under section 4908(b)(a) of this title.

(3) The Secretary of Transportation promptly shall submit to Congress a report (and classified annex if necessary) on action taken under paragraph (1) or (2) of this subsection, including information on attempts made to obtain the cooperation of the government of a foreign coun-
try in meeting the standard the Secretary used in assessing the airport under subsection (a) of this section.

(4) An action required under paragraph (1)(A) and (B) of this subsection is no longer required only if the Secretary of Transportation, in consultation with the Secretary of State, decides that effective security measures are maintained and carried out at the airport. The Secretary of Transportation shall notify Congress when the action is no longer required to be taken.

(e) SUSPENSIONS.—Notwithstanding sections 40105(b) and 40106(b) of this title, the Secretary of Transportation, with the approval of the Secretary of State and without notice or a hearing, shall suspend the right of an air carrier or foreign air carrier to provide foreign air transportation, and the right of a person to operate aircraft in foreign air commerce, to or from a foreign airport when the Secretary of Transportation decides that—

(1) a condition exists that threatens the safety or security of passengers, aircraft, or crew traveling to or from that airport; and

(2) the public interest requires an immediate suspension of transportation between the United States and that airport.

(f) CONDITION OF CARRIER AUTHORITY.—This section is a condition to authorize the Secretary of Transportation grants under this part to an air carrier or foreign air carrier.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1209.)
§ 44909. Passenger manifests

(a) Air Carrier Requirements.—(1) Not later than March 16, 1991, the Secretary of Transportation shall require each air carrier to provide a passenger manifest for a flight to an appropriate representative of the Secretary of State—
   (A) not later than one hour after that carrier is notified of an aviation disaster outside the United States involving that flight; or
   (B) if it is not technologically feasible or reasonable to comply with clause (A) of this paragraph, then as expeditiously as possible, but not later than 3 hours after the carrier is so notified.

(2) The passenger manifest should include the following information:
   (A) the full name of each passenger.
   (B) the passport number of each passenger, if required for travel.
   (C) the name and telephone number of a contact for each passenger.

(3) In carrying out this subsection, the Secretary of Transportation shall consider the necessity and feasibility of requiring air carriers to collect passenger manifest information as a condition for passengers boarding a flight of the carrier.

(b) Foreign Air Carrier Requirements.—The Secretary of Transportation shall consider imposing a requirement on foreign air carriers comparable to that imposed on air carriers under subsection (a)(1) and (2) of this section.

(c) Flights in Foreign Air Transportation to the United States.—
   (1) In general.—Not later than 60 days after the date of enactment of the Aviation and Transportation Security Act, each air carrier and foreign air carrier operating a passenger flight in foreign air transportation to the United States shall provide to the Commissioner of Customs by electronic transmission a passenger and crew manifest containing the information specified in paragraph (2). Carriers may use the advanced passenger information system established under section 431 of the Tariff Act of 1930 (19 U.S.C. 1431) to provide the information required by the preceding sentence.

(2) Information.—A passenger and crew manifest for a flight required under paragraph (1) shall contain the following information:
   (A) The full name of each passenger and crew member.
   (B) The date of birth and citizenship of each passenger and crew member.
   (C) The sex of each passenger and crew member.
   (D) The passport number and country of issuance of each passenger and crew member if required for travel.
   (E) The United States visa number or resident alien card number of each passenger and crew member, as applicable.
   (F) Such other information as the Under Secretary, in consultation with the Commissioner of Customs, determines is reasonably necessary to ensure aviation safety.

(3) Passenger Name Records.—The carriers shall make passenger name record information available to the Customs Service upon request.

(4) Transmission of Manifest.—Subject to paragraphs (5) and (6), a passenger and crew manifest required for a flight under paragraph (1) shall be transmitted to the Customs Service in advance of the aircraft landing in the United States in such manner, time, and form as the Customs Service prescribes.

(5) Transmission of Manifests to Other Federal Agencies.—Upon request, information provided to the Under Secretary or the Customs Service under this subsection may be shared with other Federal agencies for the purpose of protecting national security.

(6) Prescreening International Passengers.—
   (A) In General.—Not later than 60 days after date of enactment of this paragraph, the Secretary of Homeland Security, or the designee of the Secretary, shall issue a notice of proposed rulemaking that will allow the Department of Homeland Security to compare passenger information for any international flight to or from the United States against the consolidated and integrated terrorist watchlist maintained by the Federal Government before departure of the flight.
   (B) Appeal Procedures.—
      (i) In General.—The Secretary of Homeland Security shall establish a timely and fair process for individuals identified as a threat under subparagraph (A) to appeal to the Department of Homeland Security the determination and correct any erroneous information.
      (ii) Records.—The process shall include the establishment of a method by which the Secretary will be able to maintain a record of air passengers and other individuals.
unions who have been misidentified and have corrected erroneous information. To prevent repeated delays of misidentified passengers and other individuals, the Department of Homeland Security record shall contain information determined by the Secretary to authenticate the identity of such a passenger or individual.

HISTORICAL AND REVISION NOTES

In subsection (a)(1), before clause (A), the words “each air carrier” are substituted for “all United States air carriers” because of the definition of “air carrier” in section 40102(a) of the revised title. The words “an appropriate representative of the Secretary of State are substituted for “appropriate representatives of the United States Department of State” because of 22 USC 2651 and for consistency in the revised title and with other titles of the United States Code. In clause (B), the words “to comply with clause (A) of this paragraph” are substituted for “to fulfill the requirement of this subsection” for consistency in the revised title and with other titles of the Code.

In subsection (a)(2), before clause (B), the words “For purposes of this section” are omitted as unnecessary.

In subsection (a)(3), the words “In carrying out this subsection” are substituted for “In implementing the requirement pursuant to the amendment made by subsection (a) of this section” for clarity and to eliminate unnecessary words.

In subsection (b), the word “imposing” is added for clarity. The words “imposed on air carriers under subsection (a)” are substituted for “imposed pursuant to the amendment made by subsection (a)” for clarity and because of the restatement.

§ 44911. Intelligence

(a) DEFINITION.—In this section, “intelligence community” means the intelligence and intelligence-related activities of the following units of the United States Government:

(1) the Department of State.

(2) the Department of Defense.

(3) the Department of the Treasury.

(4) the Department of Energy.

(5) the Departments of the Army, Navy, and Air Force.

(6) the Central Intelligence Agency.

(7) the National Security Agency.

(8) the Defense Intelligence Agency.

(9) the Federal Bureau of Investigation.

(10) the Drug Enforcement Administration.

(b) POLICIES AND PROCEDURES ON REPORT AVAILABILITY.—The head of each unit in the intelligence community shall prescribe policies and procedures to ensure that intelligence reports about terrorism are made available, as appropriate, to the heads of other units in the intelligence community, the Secretary of Transportation, and the Under Secretary of Transportation for Security.

(c) UNIT FOR STRATEGIC PLANNING ON TERRORISM.—The heads of the units in the intelligence community shall place greater emphasis on strategic intelligence efforts by establishing a unit for strategic planning on terrorism.
(d) DESIGNATION OF INTELLIGENCE OFFICER.—At the request of the Secretary, the Director of Central Intelligence shall designate at least one intelligence officer of the Central Intelligence Agency to serve in a senior position in the Office of the Secretary.

(e) WRITTEN WORKING AGREEMENTS.—The heads of units in the intelligence community, the Secretary, and the Under Secretary shall review and, as appropriate, revise written working agreements between the intelligence community and the Under Secretary.

See section 1081(a), (b) of Pub. L. 108–458, set out as a note under section 401 of Title 50, War and National Defense.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

§ 44912. Research and development

(a) PROGRAM REQUIREMENT.—(1) The Under Secretary of Transportation for Security shall establish and carry out a program to accelerate and expand the research, development, and implementation of technologies and procedures to counteract terrorist acts against civil aviation. The program shall provide for developing and having in place, not later than November 16, 1993, new equipment and procedures necessary to meet the technological challenges presented by terrorism. The program shall include research on, and development of, technological improvements and ways to enhance human performance.

(2) In designing and carrying out the program established under this subsection, the Under Secretary shall—

(A) consult and coordinate activities with other departments, agencies, and instrumentalities of the United States Government doing similar research;

(B) identify departments, agencies, and instrumentalities that would benefit from that research; and

(C) seek cost-sharing agreements with those departments, agencies, and instrumentalities.

(b) PROGRAM IMPLEMENTATION.—In carrying out the program established under this subsection, the Administrator shall—

(i) consult and coordinate the activities of other agencies, including the rationale for en-
The Under Secretary shall periodically review threats to civil aviation, with particular focus on—

(A) a comprehensive systems analysis (employing vulnerability analysis, threat attribute definition, and technology roadmaps) of the civil aviation system, including—

(i) the destruction, commandeering, or diversion of civil aircraft or the use of civil aircraft as a weapon; and

(ii) the disruption of civil aviation service, including by cyber attack;

(B) explosive material that presents the most significant threat to civil aircraft;

(C) the minimum amounts, configurations, and types of explosive material that can cause, or would reasonably be expected to cause, catastrophic damage to aircraft in air transportation;

(D) the amounts, configurations, and types of explosive material that can be detected reliably by existing, or reasonably anticipated, near-term explosive detection technologies;

(E) the potential release of chemical, biological, or similar weapons or devices either within an aircraft or within an airport;

(F) the feasibility of using various ways to minimize damage caused by explosive material that cannot be detected reliably by existing, or reasonably anticipated, near-term explosive detection technologies;

(G) the ability to screen passengers, carry-on baggage, checked baggage, and cargo; and

(H) the technologies that might be used in the future to attempt to destroy or otherwise threaten commercial aircraft and the way in which those technologies can be countered effectively.

(2) The Under Secretary shall use the results of the review under this subsection to develop the focus and priorities of the program established under subsection (a) of this section.

(c) SCIENTIFIC ADVISORY PANEL.—(1) The Administrator shall establish a scientific advisory panel, as a subcommittee of the Research, Engineering, and Development Advisory Committee, to review, comment on, advise the progress of, and recommend modifications in, the program established under subsection (a) of this section, including the need for long-range research programs to detect and prevent catastrophic damage to commercial aircraft, commercial aviation facilities, commercial aviation personnel and passengers, and other components of the commercial aviation system by the next generation of terrorist weapons.

(2)(A) The advisory panel shall consist of individuals who have scientific and technical expertise in—

(i) the development and testing of effective explosive detection systems;

(ii) aircraft structure and experimentation to decide on the type and minimum weights of explosives that an effective explosive detection technology must be capable of detecting;

(iii) technologies involved in minimizing airframe damage to aircraft from explosives; and

(iv) other scientific and technical areas the Administrator considers appropriate.

(B) In appointing individuals to the advisory panel, the Administrator should consider individuals from academia and the national laboratories, as appropriate.

(3) The Administrator shall organize the advisory panel into teams capable of undertaking the review of policies and technologies upon request.

(4) Not later than 90 days after the date of the enactment of the Aviation and Transportation Security Act, and every two years thereafter, the Administrator shall review the composition of the advisory panel in order to ensure that the expertise of the individuals on the panel is suited to the current and anticipated duties of the panel.

§ 44912

RESEARCH AND DEVELOPMENT OF AVIATION SECURITY TECHNOLOGY

“(a) FUNDING.—To augment the programs authorized in section 44912(a)(1) of title 49, United States Code, there is authorized to be appropriated an additional $50,000,000 for each of fiscal years 2006 through 2011 and such sums as are necessary for each fiscal year thereafter to the Transportation Security Administration, for research, development, testing, and evaluation of the following technologies which may enhance transportation security in the future. Grants to industry, academia, and Government entities to carry out the provisions of this section shall be available for fiscal years 2006 through 2011 for—

“(1) the acceleration of research, development, testing, and evaluation of explosives detection technology for checked baggage, specifically, technology that is—

“(A) more cost-effective for deployment for explosives detection in checked baggage at medium-sized airports, and is currently under development as part of the Argus research program at the Transportation Security Administration;

“(B) faster, to facilitate screening of all checked baggage at larger airports; or

“(C) more accurate, to reduce the number of false positives requiring additional security measures;

“(2) acceleration of research, development, testing, and evaluation of new screening technology for carry-on items to provide more effective means of detecting and identifying weapons, explosives, and components of weapons of mass destruction, including advanced x-ray technology;

“(3) acceleration of research, development, testing, and evaluation of threat screening technology for other categories of items being loaded onto aircraft, including cargo, catering, and duty-free items;

“(4) acceleration of research, development, testing, and evaluation of threat carried on persons boarding aircraft or entering secure areas, including detection of weapons, explosives, and components of weapons of mass destruction;

“(5) acceleration of research, development, testing, and evaluation of integrated systems of airport security enhancement, including quantitative methods of assessing security factors at airports selected for testing such systems;

“(6) expansion of the existing program of research, development, testing, and evaluation of improved methods of education, training, and testing of key airport security personnel; and

“(7) acceleration of research, development, testing, and evaluation of aircraft hardening materials, and techniques to reduce the vulnerability of aircraft to terrorist attack.

“(b) GRANTS.—Grants awarded under this subtitle [probably should be “this section”] shall identify potential outcomes of the research, and propose a method for quantitatively assessing effective increases in security upon completion of the research program. At the conclusion of each grant, the grant recipient shall submit a final report to the Transportation Security Administration that shall include sufficient information to permit the Under Secretary of Transportation for Security to prepare a cost-benefit analysis of potential improvements to airport security based upon deployment of the proposed technology. The Under Secretary shall begin awarding grants under this subtitle within 90 days of the date of enactment of this Act [Nov. 19, 2001].

“(c) BUDGET SUBMISSION.—A budget submission and detailed strategy for deploying the identified security upgrades recommended upon completion of the grants.
awarded under subsection (b), shall be submitted to Congress as part of the Department of Transportation’s annual budget submission.

DEFENSE RESEARCH.—There is authorized to be appropriated $20,000,000 to the Transportation Security Administration to issue research grants in conjunction with the Defense Advanced Research Projects Agency. Grants may be awarded under this section for—

"(1) research and development of longer-term improvements to airport security, including advanced weapons detection;

"(2) secure networking and sharing of threat information between Federal agencies, law enforcement entities, and other appropriate parties;

"(3) advances in biometrics for identification and threat assessment; or

"(4) other technologies for preventing acts of terrorism in aviation."

[For definitions of terms used in section 137 of Pub. L. 107-71, set out above, see section 138 of Pub. L. 107-71, set out as a note under section 40102 of this title.]

**TERMINATION OF ADVISORY PANELS**

Advisory panels established after Jan. 5, 1973, to terminate not later than expiration of 2-year period beginning on the date of their establishment, unless, in the case of a panel established by the President or an officer of the Federal Government, such panel is renewed by appropriate action prior to expiration of such 2-year period, or in the case of a panel established by Congress, its duration is otherwise provided for by law. See sections 322 and 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 44913. Explosive detection

(a) DEPLOYMENT AND PURCHASE OF EQUIPMENT.—(1) A deployment or purchase of explosive detection equipment under section 108.7(b)(8) or 108.20 of title 14, Code of Federal Regulations, or similar regulation is required only if the Under Secretary of Transportation for Security certifies that the equipment alone, or as part of an integrated system, can detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Under Secretary shall base the certification on the results of tests conducted under protocols developed in consultation with expert scientists outside of the Transportation Security Administration. Those tests shall be completed not later than April 16, 1992.

(2) Before completion of the tests described in paragraph (1) of this subsection, but not later than April 16, 1992, the Under Secretary may require deployment of explosive detection equipment described in paragraph (1) if the Under Secretary decides that deployment will enhance aviation security significantly. In making that decision, the Under Secretary shall consider factors such as the ability of the equipment alone, or as part of an integrated system, to detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material that would likely be used to cause catastrophic damage to commercial aircraft. The Under Secretary shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives of a deployment decision made under this paragraph.

(3) Until such time as the Under Secretary determines that equipment certified under paragraph (1) is commercially available and has successfully completed operational testing as provided in paragraph (1), the Under Secretary shall facilitate the deployment of such approved commercially available explosive detection devices as the Under Secretary determines will enhance aviation security significantly. The Under Secretary shall require that equipment deployed under this paragraph be replaced by equipment certified under paragraph (1) when equipment certified under paragraph (1) becomes commercially available. The Under Secretary is authorized, based on operational considerations at individual airports, to waive the required installation of commercially available equipment under paragraph (1) in the interests of aviation security. The Under Secretary may permit the requirements of this paragraph to be met at airports by the deployment of dogs or other appropriate animals to supplement equipment for screening passengers, baggage, mail, or cargo for explosives or weapons.

(b) GRANTS.—The Secretary of Transportation may provide grants to continue the Explosive Detection K-9 Team Training Program to detect explosives at airports and on aircraft.

AMENDMENTS

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

§ 44917. Deployment of Federal air marshals

(a) In General.—The Under Secretary of Transportation for Security under the authority provided by section 4909(d)—

(1) may provide for deployment of Federal air marshals on every passenger flight of air carriers in air transportation; and

(2) shall provide for deployment of Federal air marshals on every such flight determined by the Secretary to present high security risks;

(3) shall provide for appropriate training, supervision, and equipment of Federal air marshals;

(4) shall require air carriers providing flights described in paragraph (1) to provide seating for a Federal air marshal on any such flight without regard to the availability of seats on the flight and at no cost to the United States Government or the marshal;

(5) may require air carriers to provide, on a space-available basis, to an off-duty Federal air marshal a seat on a flight to the airport nearest the marshal’s home at no cost to the marshal or the United States Government if the marshal is traveling to that airport after completing his or her security duties;

(6) may enter into agreements with Federal, State, and local agencies under which appropriately-trained law enforcement personnel from such agencies, when traveling on a flight of an air carrier, will carry a firearm and be prepared to assist Federal air marshals;

(7) shall establish procedures to ensure that Federal air marshals are made aware of any armed or unarmed law enforcement personnel on board an aircraft; and

(8) may appoint—
(A) an individual who is a retired law enforcement officer;
(B) an individual who is a retired member of the Armed Forces; and
(C) an individual who has been furloughed from an air carrier crew position in the 1-year period beginning on September 11, 2001, as a Federal air marshal, regardless of age, if the individual otherwise meets the background and fitness qualifications required for Federal air marshals.

(b) LONG DISTANCE FLIGHTS.—In making the determination under subsection (a)(2), nonstop, long distance flights, such as those targeted on September 11, 2001, should be a priority.

(c) INTERIM MEASURES.—Until the Under Secretary completes implementation of subsection (a), the Under Secretary may use, after consultation with and concurrence of the heads of other Federal agencies and departments, personnel from those agencies and departments, on a nonreimbursable basis, to provide air marshal service.

(d) TRAINING FOR FOREIGN LAW ENFORCEMENT PERSONNEL.—
(1) IN GENERAL.—The Assistant Secretary for Immigration and Customs Enforcement of the Department of Homeland Security, after consultation with the Secretary of State, may direct the Federal Air Marshal Service to provide appropriate air marshal training to law enforcement personnel of foreign countries.

(2) WATCHLIST SCREENING.—The Federal Air Marshal Service may only provide appropriate air marshal training to law enforcement personnel of foreign countries after comparing the identifying information and records of law enforcement personnel of foreign countries against all appropriate records in the consolidated and integrated terrorist watchlists maintained by the Federal Government.

(3) FEES.—The Assistant Secretary shall establish reasonable fees and charges to pay expenses incurred in carrying out this subsection. Funds collected under this subsection shall be credited to the account in the Treasury from which the expenses were incurred and shall be available to the Assistant Secretary for purposes for which amounts in such account are available.

§ 44918. Crew training

(a) BASIC SECURITY TRAINING.—
(1) IN GENERAL.—Each air carrier providing scheduled passenger air transportation shall carry out a training program for flight and cabin crew members to prepare the crew members for potential threat conditions.

(2) PROGRAM ELEMENTS.—An air carrier training program under this subsection shall include, at a minimum, elements that address each of the following:

(A) Recognizing suspicious activities and determining the seriousness of any occurrence.
(B) Crew communication and coordination.
(C) The proper commands to give passengers and attackers.
(D) Appropriate responses to defend oneself.
(E) Use of protective devices assigned to crew members (to the extent such devices are required by the Administrator of the Federal Aviation Administration or the Under Secretary for Border and Transportation Security of the Department of Homeland Security).
(F) Psychology of terrorists to cope with hijacker behavior and passenger responses.
(G) Situational training exercises regarding various threat conditions.

(H) Flight deck procedures or aircraft maneuvers to defend the aircraft and cabin crew responses to such procedures and maneuvers.

(I) The proper conduct of a cabin search, including explosive device recognition.
(J) Any other subject matter considered appropriate by the Under Secretary.

(3) APPROVAL.—An air carrier training program under this subsection shall be subject to approval by the Under Secretary.

(4) MINIMUM STANDARDS.—Not later than one year after the date of enactment of the Vision 100—Century of Aviation Reauthorization Act, the Under Secretary may establish minimum standards for the training provided under this subsection and for recurrent training.

(5) EXISTING PROGRAMS.—Notwithstanding paragraphs (3) and (4), any training program of an air carrier to prepare flight and cabin crew members for potential threat conditions that was approved by the Administrator or the Under Secretary before the date of enactment of the Vision 100—Century of Aviation Reauthorization Act may continue in effect until disapproved or modified by the Under Secretary.

(6) MONITORING.—The Under Secretary, in consultation with the Administrator, shall monitor air carrier training programs under this subsection and periodically shall review an air carrier’s training program to ensure that the program is adequately preparing crew members for potential threat conditions. In determining when an air carrier’s training program should be reviewed under this paragraph, the Under Secretary shall consider complaints from crew members. The Under Secretary shall ensure that employees responsible for monitoring the training programs have the necessary resources and knowledge.

(7) UPDATES.—The Under Secretary, in consultation with the Administrator, shall order an air carrier to modify training programs under this subsection to reflect new or different security threats.

(b) ADVANCED SELF-DEFENSE TRAINING.—

(1) IN GENERAL.—Not later than one year after the date of enactment of the Vision 100—Century of Aviation Reauthorization Act, the Under Secretary shall develop and provide a voluntary training program for flight and cabin crew members of air carriers providing scheduled passenger air transportation.

(2) PROGRAM ELEMENTS.—The training program under this subsection shall include both classroom and effective hands-on training in the following elements of self-defense:

(A) Deterring a passenger who might present a threat.

(B) Advanced control, striking, and restraint techniques.

(C) Training to defend oneself against edged or contact weapons.

(D) Methods to subdue and restrain an attacker.

(E) Use of available items aboard the aircraft for self-defense.

(F) Appropriate and effective responses to defend oneself, including the use of force against an attacker.

(G) Any other element of training that the Under Secretary considers appropriate.

(3) PARTICIPATION NOT REQUIRED.—A crew member shall not be required to participate in the training program under this subsection.

(4) COMPENSATION.—Neither the Federal Government nor an air carrier shall be required to compensate a crew member for participating in the training program under this subsection.

(5) FEES.—A crew member shall not be required to pay a fee for the training program under this subsection.

(6) CONSULTATION.—In developing the training program under this subsection, the Under Secretary shall consult with law enforcement personnel and security experts who have expertise in self-defense training, terrorism experts, representatives of air carriers, the director of self-defense training in the Federal Air Marshals Service, flight attendants, labor organizations representing flight attendants, and educational institutions offering law enforcement training programs.

(7) DESIGNATION OF TSA OFFICIAL.—The Under Secretary shall designate an official in the Transportation Security Administration to be responsible for implementing the training program under this subsection. The official shall consult with air carriers and labor organizations representing crew members before implementing the program to ensure that it is appropriate for situations that may arise on board an aircraft during a flight.

(c) LIMITATION.—Actions by crew members under this section shall be subject to the provisions of section 49003(k).

AMENDMENTS

2003—Pub. L. 108–176 reenacted section catchline without change and amended text generally. Prior to amendment, text consisted of subsecs. (a) to (e) relating to development of detailed guidance for a scheduled passenger air carrier flight and cabin crew training program to prepare crew members for potential threat conditions.

2002—Subsec. (e). Pub. L. 107–296 designated existing provisions as pars. (1), inserted heading, substituted “The Under Secretary” for “The Administrator”, added pars. (2) and (3), and realigned margins.

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 101 of this title.

EFFECTIVE DATE OF 2002 AMENDMENT

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

§ 44919. Security screening pilot program

(a) ESTABLISHMENT OF PROGRAM.—The Under Secretary shall establish a pilot program under which, upon approval of an application submit-
ted by an operator of an airport, the screening of passengers and property at the airport under section 44901 will be carried out by the screening personnel of a qualified private screening company under a contract entered into with the Under Secretary.

(b) Period of Pilot Program.—The pilot program under this section shall begin on the last day of the 1-year period beginning on the date of enactment of this section and end on the last day of the 3-year period beginning on such date of enactment.

(c) Applications.—An operator of an airport may submit to the Under Secretary an application to participate in the pilot program under this section.

(d) Selection of Airports.—From among applications submitted under subsection (c), the Under Secretary may select for participation in the pilot program not more than 1 airport from each of the 5 airport security risk categories, as defined by the Under Secretary.

(e) Supervision of Screened Personnel.—The Under Secretary shall provide Federal Government supervisors to oversee all screening at each airport participating in the pilot program under this section and provide Federal Government law enforcement officers at the airport pursuant to this chapter.

(f) Qualified Private Screening Company.—A private screening company is qualified to provide screening services at an airport participating in the pilot program under this section if the company will only employ individuals to provide such services who meet all the requirements of this chapter applicable to Federal Government personnel who perform screening services at airports under this chapter and will provide compensation and other benefits to such individuals that are not less than the level of compensation and other benefits provided to such Federal Government personnel in accordance with this chapter.

(g) Standards for Private Screening Companies.—The Under Secretary may enter into a contract with a private screening company to provide screening services at an airport participating in the pilot program under this section only if the Under Secretary determines and certifies to Congress that the private screening company is owned and controlled by a citizen of the United States, to the extent that the Under Secretary determines that there are private screening companies owned and controlled by such citizens.

(h) Termination of Contracts.—The Under Secretary may terminate any contract entered into with a private screening company to provide screening services at an airport under the pilot program if the Under Secretary finds that the company has failed repeatedly to comply with any standard, regulation, directive, order, law, or contract applicable to the hiring or training of personnel to provide such services or to the provision of screening at the airport.

(i) Election.—If a contract is in effect with respect to screening at an airport under the pilot program on the last day of the 3-year period beginning on the date of enactment of this section, the operator of the airport may elect to continue to have such screening carried out by the screening personnel of a qualified private screening company under a contract entered into with the Under Secretary under section 44920 or by Federal Government personnel in accordance with this chapter.

Transfer of Functions

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

§44920. Security screening opt-out program

(a) In General.—On or after the last day of the 2-year period beginning on the date on which the Under Secretary transmits to Congress the certification required by section 110(c) of the Aviation and Transportation Security Act, an operator of an airport may submit to the Under Secretary an application to have the screening of passengers and property at the airport under section 44901 to be carried out by the screening personnel of a qualified private screening company under a contract entered into with the Under Secretary.

(b) Approval of Applications.—The Under Secretary may approve any application submitted under subsection (a).

(c) Qualified Private Screening Company.—A private screening company is qualified to provide screening services at an airport under this section if the company will only employ individuals to provide such services who meet all the requirements of this chapter applicable to Federal Government personnel who perform screening services at airports under this chapter and will provide compensation and other benefits to such individuals that are not less than the level of compensation and other benefits provided to such Federal Government personnel in accordance with this chapter.

(d) Standards for Private Screening Companies.—The Under Secretary may enter into a contract with a private screening company to provide screening services at an airport under this section only if the Under Secretary determines and certifies to Congress that:

(1) the level of screening services and protection provided at the airport under the contract will be equal to or greater than the level that would be provided at the airport by Federal Government personnel under this chapter; and

(2) the private screening company is owned and controlled by a citizen of the United States, to the extent that the Under Secretary determines that there are private screening companies owned and controlled by such citizens.
§ 44921. Federal flight deck officer program

(a) Establishment.—The Under Secretary of Transportation for Security shall establish a program to deputize volunteer pilots of air carriers providing air transportation or intrastate air transportation as Federal law enforcement officers to defend the flight decks of aircraft of such air carriers against acts of criminal violence or air piracy. Such officers shall be known as “Federal flight deck officers.”

(b) Procedural Requirements.—

(1) In General.—Not later than 3 months after the date of enactment of this section, the Under Secretary shall establish procedural requirements to carry out the program under this section.

(2) Commencement of Program.—Beginning 3 months after the date of enactment of this section, the Under Secretary shall begin the process of training and deputizing pilots who are qualified to be Federal flight deck officers as Federal flight deck officers under the program.

(3) Issues to Be Addressed.—The procedural requirements established under paragraph (1) shall address the following issues:

(A) The type of firearm to be used by a Federal flight deck officer.

(B) The type of ammunition to be used by a Federal flight deck officer.

(C) The standards and training needed to qualify and requalify as a Federal flight deck officer.

(D) The placement of the firearm of a Federal flight deck officer on board the aircraft to ensure both its security and its ease of retrieval in an emergency.

(E) An analysis of the risk of catastrophic failure of an aircraft as a result of the discharge (including an accidental discharge) of a firearm to be used in the program into the avionics, electrical systems, or other sensitive areas of the aircraft.

(F) The division of responsibility between pilots in the event of an act of criminal violence or air piracy if only 1 pilot is a Federal flight deck officer and if both pilots are Federal flight deck officers.

(G) Procedures for ensuring that the firearm of a Federal flight deck officer does not leave the cockpit if there is a disturbance in the passenger cabin of the aircraft or if the pilot leaves the cockpit for personal reasons.

(H) Interaction between a Federal flight deck officer and a Federal air marshal on board the aircraft.

(I) The process for selection of pilots to participate in the program based on their fitness to participate in the program, including whether an additional background check should be required beyond that required by section 44906(a)(1).

shall give preference to pilots who are former military or law enforcement personnel.

shall base the requirements for the training of Federal flight deck officers under subsection (b) on the training standards applicable to Federal air marshals; except that the Under Secretary shall take into account the differing roles and responsibilities of Federal flight deck officers and Federal air marshals.

The training of a Federal flight deck officer shall include, at a minimum, the following elements:

(i) Training to ensure that the officer achieves the level of proficiency with a firearm required under subparagraph (C)(i).

(ii) Training to ensure that the officer maintains exclusive control over the officer's firearm at all times, including training in defensive maneuvers.

(iii) Training to assist the officer in determining when it is appropriate to use the officer's firearm and when it is appropriate to use less than lethal force.

(C) TRAINING IN USE OF FIREARMS.—

(i) STANDARD.—In order to be deputized as a Federal flight deck officer, a pilot must achieve a level of proficiency with a firearm that is required by the Under Secretary. Such level shall be comparable to the level of proficiency required of Federal air marshals.

(ii) CONDUCT OF TRAINING.—The training of a Federal flight deck officer in the use of a firearm may be conducted by the Under Secretary or by a firearms training facility approved by the Under Secretary.

(iii) REQUALIFICATION.—The Under Secretary shall require a Federal flight deck officer to requalify to carry a firearm under the program. Such requalification shall occur at an interval required by the Under Secretary.

(d) DEPUTIZATION.—

(1) IN GENERAL.—The Under Secretary may deputize, as a Federal flight deck officer under this section, a pilot who submits to the Under Secretary a request to be such an officer and whom the Under Secretary determines is qualified to be such an officer.

(2) QUALIFICATION.—A pilot is qualified to be a Federal flight deck officer under this section if—

(A) the pilot is employed by an air carrier;

(B) the Under Secretary determines (in the Under Secretary's discretion) that the pilot meets the standards established by the Under Secretary for being such an officer; and

(C) the Under Secretary determines that the pilot has completed the training required by the Under Secretary.

(3) DEPUTIZATION BY OTHER FEDERAL AGENCIES.—The Under Secretary may request another Federal agency to deputize, as Federal flight deck officers under this section, those pilots that the Under Secretary determines are qualified to be such officers.

(4) REVOCATION.—The Under Secretary may, in the Under Secretary's discretion revoke the deputation of a pilot as a Federal flight deck officer if the Under Secretary finds that the pilot is no longer qualified to be such an officer.

(e) COMPENSATION.—Pilots participating in the program under this section shall not be eligible for compensation from the Federal Government for services provided as a Federal flight deck officer. The Federal Government and air carriers shall not be obligated to compensate a pilot for participating in the program or for the pilot's training or qualification and requalification to carry firearms under the program.

1So in original. The comma probably should not appear.
(f) Authority To Carry Firearms.—
   (1) In General.—The Under Secretary shall authorize a Federal flight deck officer to carry a firearm while engaged in providing air transportation or intrastate air transportation. Notwithstanding subsection (c)(1), the officer may purchase a firearm and carry that firearm aboard an aircraft of which the officer is the pilot in accordance with this section if the firearm is of a type that may be used under the program.

   (2) Preemption.—Notwithstanding any other provision of Federal or State law, a Federal flight deck officer, whenever necessary to participate in the program, may carry a firearm in any State and from 1 State to another State.

   (3) Carrying Firearms Outside United States.—With the Secretary of State, the Under Secretary may take such action as may be necessary to ensure that a Federal flight deck officer may carry a firearm in a foreign country whenever necessary to participate in the program.

   (g) Authority To Use Force.—Notwithstanding section 44903(d), the Under Secretary shall prescribe the standards and circumstances under which a Federal flight deck officer may use, while the program under this section is in effect, lethal force against an individual in the defense of the flight deck of an aircraft in air transportation or intrastate air transportation.

   (h) Limitation on Liability.—
     (1) Liability of Air Carriers.—An air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of a Federal flight deck officer’s use of or failure to use a firearm.

     (2) Liability of Federal Flight Deck Officers.—A Federal flight deck officer shall not be liable for damages in any action brought in a Federal or State court arising out of the acts or omissions of the officer in defending the flight deck of an aircraft against acts of criminal violence or air piracy unless the officer is guilty of gross negligence or willful misconduct.

     (3) Liability of Federal Government.—For purposes of an action against the United States with respect to an act or omission of a Federal flight deck officer in defending the flight deck of an aircraft, the officer shall be treated as an employee of the Federal Government under chapter 171 of title 28, relating to tort claims procedure.

   (i) Procedures Following Accidental Discharges.—If an accidental discharge of a firearm under the pilot program results in the injury or death of a passenger or crew member on an aircraft, the Under Secretary—

     (1) shall revoke the deputization of the Federal flight deck officer responsible for that firearm if the Under Secretary determines that the discharge was attributable to the negligence of the officer; and

     (2) if the Under Secretary determines that a shortcoming in standards, training, or procedures was responsible for the accidental discharge, the Under Secretary may temporarily suspend the program until the shortcoming is corrected.

(j) Limitation on Authority of Air Carriers.—No air carrier shall prohibit or threaten any retaliatory action against a pilot employed by the air carrier from becoming a Federal flight deck officer under this section. No air carrier shall—

   (1) prohibit a Federal flight deck officer from piloting an aircraft operated by the air carrier; or

   (2) terminate the employment of a Federal flight deck officer, solely on the basis of his or her volunteering for or participating in the program under this section.

   (k) Applicability.—
     (1) Exemption.—This section shall not apply to air carriers operating under part 135 of title 14, Code of Federal Regulations, and to pilots employed by such carriers to the extent that such carriers and pilots are covered by section 135.119 of such title or any successor to such section.

     (2) Pilot Defined.—The term “pilot” means an individual who has final authority and responsibility for the operation and safety of the flight or any other flight deck crew member.

     (3) All-Cargo Air Transportation.—In this section, the term “air transportation” includes all-cargo air transportation.

relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

EQUITABLE IMPLEMENTATION OF 2003 AMENDMENTS

Pub. L. 108–176, title VI, §609(c), Dec. 12, 2003, 117 Stat. 2570, provided that: “In carrying out the amendments made by subsection (d) [probably means subsec. (b), which amended this section], the Under Secretary for Border and Transportation Security of the Department of Homeland Security shall ensure that passenger and cargo pilots are treated equitably in receiving access to training as Federal flight deck officers.”

TIME FOR IMPLEMENTATION

Pub. L. 108–176, title VI, §609(d), Dec. 12, 2003, 117 Stat. 2570, provided that: “The requirements of subsection (e) [section 609 of Pub. L. 108–176 has no subsec. (e)] shall have no effect on the deadlines for implementation contained in section 44921 of title 49, United States Code, as in effect on the day before the date of enactment of this Act [Dec. 12, 2003].”

§ 44922. Deputation of State and local law enforcement officers

(a) DEPUTATION AUTHORITY.—The Under Secretary of Transportation for Security may deputize a State or local law enforcement officer to carry out Federal airport security duties under this chapter.

(b) FULFILLMENT OF REQUIREMENTS.—A State or local law enforcement officer who is deputized under this section shall be treated as a Federal law enforcement officer for purposes of meeting the requirements of this chapter and other provisions of law to provide Federal law enforcement officers to carry out Federal airport security duties.

(c) AGREEMENTS.—To deputize a State or local law enforcement officer under this section, the Under Secretary shall enter into a voluntary agreement with the appropriate State or local law enforcement agency that employs the State or local law enforcement officer.

(d) REIMBURSEMENT.

(1) IN GENERAL.—The Under Secretary shall reimburse a State or local law enforcement agency for all reasonable, allowable, and allocable costs incurred by the State or local law enforcement agency with respect to a law enforcement officer deputized under this section.

(2) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this subsection.

(e) FEDERAL TORT CLAIMS ACT.—A State or local law enforcement officer who is deputized under this section shall be treated as an “employee of the Government” for purposes of sections 1346(b), 2401(b), and chapter 171 of title 28, United States Code, while carrying out Federal airport security duties within the course and scope of the officer’s employment, subject to Federal supervision and control, and in accordance with the terms of such deputation.

(f) STATIONING OF OFFICERS.—The Under Secretary may allow law enforcement personnel to be stationed other than at the airport security screening location if that would be preferable for law enforcement purposes and if such personnel would still be able to provide prompt responsiveness to problems occurring at the screening location.

§ 44923. Airport security improvement projects

(a) GRANT AUTHORITY.—Subject to the requirements of this section, the Under Secretary for Border and Transportation Security of the Department of Homeland Security shall make grants to airport sponsors—

(1) for projects to replace baggage conveyer systems related to aviation security;

(2) for projects to reconfigure terminal baggage areas as needed to install explosive detection systems;

(3) for projects to enable the Under Secretary to deploy explosive detection systems behind the ticket counter, in the baggage sorting area, or in line with the baggage handling system; and

(4) for other airport security capital improvement projects.

(b) APPLICATIONS.—A sponsor seeking a grant under this section shall submit to the Under Secretary an application in such form and containing such information as the Under Secretary prescribes.

(c) APPROVAL.—The Under Secretary, after consultation with the Secretary of Transportation, may approve an application of a sponsor for a grant under this section only if the Under Secretary determines that the project will improve security at an airport or improve the efficiency of the airport without lessening security.

(d) LETTERS OF INTENT.—

(1) ISSUANCE.—The Under Secretary shall issue a letter of intent to a sponsor committing to obligate from future budget authority an amount, not more than the Federal Government’s share of the project’s cost, for an airport security improvement project (including interest costs and costs of formulating the project).

(2) SCHEDULE.—A letter of intent under this subsection shall establish a schedule under which the Under Secretary will reimburse the sponsor for the Government’s share of the project’s costs, as amounts become available, if the sponsor, after the Under Secretary issues the letter, carries out the project without receiving amounts under this section.

(3) NOTICE TO UNDER SECRETARY.—A sponsor that has been issued a letter of intent under this subsection shall notify the Under Secretary of the sponsor’s intent to carry out a project before the project begins.

(4) NOTICE TO CONGRESS.—The Under Secretary shall transmit to the Committees on Appropriations and Transportation and Infrastructure of the House of Representatives and the Committees on Appropriations and Commerce, Science and Transportation of the Senate a written notification at least 3 days before the issuance of a letter of intent under this section.

(5) LIMITATIONS.—A letter of intent issued under this subsection is not an obligation of the Government under section 1501 of title 31.
and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only as amounts are provided in authorization and appropriations laws.

5. STATUTORY CONSTRUCTION.—Nothing in this subsection shall be construed to prohibit the obligation of amounts pursuant to a letter of intent under this subsection in the same fiscal year as the letter of intent is issued.

(e) FEDERAL SHARE.—
(1) IN GENERAL.—The Government’s share of the cost of a project under this section shall be 90 percent for a project at a medium or large hub airport and 95 percent for a project at any other airport.

(2) EXISTING LETTERS OF INTENT.—The Under Secretary shall revise letters of intent issued before the date of enactment of this section to reflect the cost share established in this subsection with respect to grants made after September 30, 2003.

(f) SPONSOR DEFINED.—In this section, the term “sponsor” has the meaning given that term in section 47102.

(g) APPLICABILITY OF CERTAIN REQUIREMENTS.—The requirements that apply to grants and letters of intent issued under chapter 471 (other than section 47102(3)) shall apply to grants and letters of intent issued under this section.

(h) AVIATION SECURITY CAPITAL FUND.—
(1) IN GENERAL.—There is established within the Department of Homeland Security a fund to be known as the Aviation Security Capital Fund. The first $250,000,000 derived from fees received under section 44940(a)(1) in each of fiscal years 2004 through 2028 shall be available to be deposited in the Fund. The Under Secretary shall impose the fee authorized by section 44940(a)(1) so as to collect at least $250,000,000 in each of such fiscal years for deposit into the Fund. Amounts in the Fund shall be available to the Under Secretary to make grants under this section.

(2) ALLOCATION.—Of the amount made available under paragraph (1) for a fiscal year, not less than $200,000,000 shall be allocated to fulfill letters of intent issued under subsection (d).

(3) DISCRETIONARY GRANTS.—Of the amount made available under paragraph (1) for a fiscal year, up to $50,000,000 shall be used to make discretionary grants, including other transaction agreements for airport security improvement projects, with priority given to small hub airports and nonhub airports.

(i) LEVERAGED FUNDING.—For purposes of this section, a grant under subsection (a) to an airport sponsor to service an obligation issued by or on behalf of that sponsor to fund a project described in subsection (a) shall be considered to be a grant for that project.

(j) AUTHORIZATION OF APPROPRIATIONS.—
(1) IN GENERAL.—In addition to amounts made available under subsection (h), there is authorized to be appropriated to carry out this section $400,000,000 for each of fiscal years 2005, 2006, and 2007, and $50,000,000 for each of fiscal years 2008 through 2011. Such sums shall remain available until expended.

(2) ALLOCATIONS.—50 percent of amounts appropriated pursuant to this subsection for a fiscal year shall be used for making allocations under subsection (h)(2) and 50 percent of such amounts shall be used for making discretionary grants under subsection (h)(3).

AMENDMENTS

Subsec. (d)(1). Pub. L. 110–53, §1604(a)(2), substituted “shall issue” for “may issue”.

Subsec. (h)(2), (3). Pub. L. 110–53, §1604(a)(4), added pars. (2) and (3) and struck out former pars. (2) and (3) which related to allocation of $125,000,000 of amounts available per fiscal year for large, medium, and small hub airports, nonhub airports, and on the basis of aviation security risks, and allocation of $250,000,000 of amount available per fiscal year for discretionary grants, with priority given to fulfilling letters of intent issued under subsec. (d).

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

PRIORITIZATION OF PROJECTS

Pub. L. 110–53, title XVI, §1604(b), Aug. 3, 2007, 121 Stat. 480, provided that:

“(1) IN GENERAL.—The Administrator of the Transportation Security Administration shall establish a prioritization schedule for airport security improvement projects described in section 44923 of title 49, United States Code, based on risk and other relevant factors, to be funded under that section. The schedule shall include both hub airports referred to in paragraphs (29), (31), and (42) of section 40102(a) of such title and nonhub airports (as defined in section 47102(13) of such title).

“(2) AIRPORTS THAT HAVE INCURRED ELIGIBLE COSTS.—The schedule shall include airports that have incurred eligible costs associated with development of partial or completed in-line baggage systems before the date of enactment of this Act [Aug. 3, 2007] in reasonable anticipation of receiving a grant under section 44923 of

1 So in original. Probably should be followed by a period.
title 49, United States Code, in reimbursement of those costs but that have not received such a grant.

(3) REPORT.—Not later than 180 days after the date of enactment of this Act, the Administrator shall provide a copy of the prioritization schedule, a corresponding timeline, and a description of the funding allocation under section 44923 of title 49, United States Code, to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Homeland Security of the House of Representatives.’’

PERIOD OF REIMBURSEMENT

Pub. L. 108–458, title IV, § 4019(e)(2), Dec. 17, 2004, 118 Stat. 3722, provided that: ‘‘Notwithstanding any other provision of law, the Secretary [of Homeland Security] may provide that the period of reimbursement under any letter of intent may extend for a period not to exceed 10 years after the date that the Secretary issues such letter, subject to the availability of appropriations. This paragraph applies to letters of intent issued under section 44923 of title 49, United States Code, and letters of intent issued under section 367 of the Department of Transportation and Related Agencies Appropriation Act, 2003 [Pub. L. 108–7, div. I] (49 U.S.C. 67110 note).’’

§ 44924. Repair station security

(a) SECURITY REVIEW AND AUDIT.—To ensure the security of maintenance and repair work conducted on air carrier aircraft and components at foreign repair stations, the Under Secretary for Border and Transportation Security of the Department of Homeland Security, in consultation with the Administrator of the Federal Aviation Administration, shall complete a security review and audit of foreign repair stations that are certified by the Administrator under part 145 of title 14, Code of Federal Regulations, and that work on air carrier aircraft and components. The review shall be completed not later than 6 months after the date on which the Under Secretary issues regulations under subsection (f).

(b) ADDRESSING SECURITY CONCERNS.—The Under Secretary shall require a foreign repair station to address the security issues and vulnerabilities identified in a security audit conducted under subsection (a) within 90 days of providing notice to the repair station of the security issues and vulnerabilities so identified and shall notify the Administrator that a deficiency was identified in the security audit.

(c) SUSPENSIONS AND REVOCATIONS OF CERTIFICATES.—

(1) FAILURE TO CARRY OUT EFFECTIVE SECURITY MEASURES.—If, after the 90th day on which a notice is provided to a foreign repair station under subsection (b), the Under Secretary determines that the foreign repair station does not maintain and carry out effective security measures, the Under Secretary shall notify the Administrator of the determination. Upon receipt of the determination, the Administrator shall suspend the certification of the repair station until such time as the Under Secretary determines that the repair station maintains and carries out effective security measures and transmits the determination to the Administrator.

(2) IMMEDIATE SECURITY RISK.—If the Under Secretary determines that a foreign repair station poses an immediate security risk, the Under Secretary shall notify the Administrator of the determination. Upon receipt of the determination, the Administrator shall revoke the certification of the repair station.

(d) PROCEDURES FOR APPEALS.—The Under Secretary, in consultation with the Administrator, shall establish procedures for appealing a revocation of a certificate under this subsection.

(3) FAILURE TO MEET AUDIT DEADLINE.—If the security audits required by subsection (a) are not completed on or before the date that is 6 months after the date on which the Under Secretary issues regulations under subsection (f), the Administrator shall be barred from certifying any foreign repair station (other than a station that was previously certified, or is in the process of certification, by the Administration under this part) until such audits are completed for existing stations.

(e) PRIORITY FOR AUDITS.—In conducting the audits described in subsection (a), the Under Secretary and the Administrator shall give priority to foreign repair stations located in countries identified by the Government as posing the most significant security risks.

(f) REGULATIONS.—Not later than 240 days after the date of enactment of this section, the Under Secretary, in consultation with the Administrator, shall issue final regulations to ensure the security of foreign and domestic aircraft repair stations.

(g) REPORT TO CONGRESS.—If the Under Secretary does not issue final regulations before the deadline specified in subsection (f), the Under Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing an explanation as to why the deadline was not met and a schedule for issuing the final regulations.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsec. (f), is the date of enactment of Pub. L. 108–176, which was approved Dec. 12, 2003.

AMENDMENTS

2007—Subsec. (a). Pub. L. 110–53, § 1616(b)(1), substituted ‘‘6 months’’ for ‘‘18 months’’.

Subsec. (d). Pub. L. 110–53, § 1616(b)(2), inserted ‘‘other than a station that was previously certified, or is in the process of certification, by the Administration under this part’’ after ‘‘foreign repair station’’.

Pub. L. 110–53, § 1616(b)(1), which directed amendment of subsec. (b) by substituting ‘‘6 months’’ for ‘‘18 months’’, was executed by making the substitution in subsec. (d), to reflect the probable intent of Congress.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

SUSPENSION OF CERTIFICATION OF FOREIGN REPAIR STATIONS

Pub. L. 110–53, title XVI, § 1616(a), Aug. 3, 2007, 121 Stat. 488, provided that: ‘‘If the regulations required by
section 44926(c) of title 49, United States Code, are not issued within 1 year after the date of enactment of this Act [Aug. 3, 2007], the Administrator of the Federal Aviation Administration may not certify any foreign repair station under part 145 of title 14, Code of Federal Regulations, after such date unless the station was previously certified, or is in the process of certification by the Administration under that part.’

§ 44925. Deployment and use of detection equipment at airport screening checkpoints

(a) WEAPONS AND EXPLOSIVES.—The Secretary of Homeland Security shall give a high priority to developing, testing, improving, and deploying, at airport screening checkpoints, equipment that detects nonmetallic, chemical, biological, and radiological weapons, and explosives, in all forms, on individuals and in their personal property. The Secretary shall ensure that the equipment alone, or as part of an integrated system, can detect under realistic operating conditions the types of weapons and explosives that terrorists would likely try to smuggle aboard an aircraft.

(b) STRATEGIC PLAN FOR DEPLOYMENT AND USE OF EXPLOSIVE DETECTION EQUIPMENT AT AIRPORT SCREENING CHECKPOINTS.

(1) IN GENERAL.—Not later than 90 days after the date of enactment of this section, the Assistant Secretary of Homeland Security (Transportation Security Administration) shall submit to the appropriate congressional committees a strategic plan to promote the optimal utilization and deployment of explosive detection equipment at airports to screen individuals and their personal property. Such equipment includes walk-through explosive detection portals, document scanners, shoe scanners, and backscatter x-ray scanners. The plan may be submitted in a classified format.

(2) CONTENT.—The strategic plan shall include, at minimum—

(A) a description of current efforts to detect explosives in all forms on individuals and in their personal property;

(B) a description of the operational applications of explosive detection equipment at airport screening checkpoints;

(C) a deployment schedule and a description of the quantities of equipment needed to implement the plan;

(D) a description of funding needs to implement the plan, including a financing plan that provides for leveraging of non-Federal funding;

(E) a description of the measures taken and anticipated to be taken in carrying out subsection (d); and

(F) a description of any recommended legislative actions.

(3) IMPLEMENTATION.—The Secretary shall begin implementation of the strategic plan within one year after the date of enactment of this paragraph.

(c) PORTAL DETECTION SYSTEMS.—There is authorized to be appropriated to the Secretary of Homeland Security for the use of the Transportation Security Administration $250,000,000, in addition to any amounts otherwise authorized by law, for research, development, and installation of detection systems and other devices for the detection of biological, chemical, radiological, and explosive materials.

(d) INTERIM ACTION.—Until measures are implemented that enable the screening of all passengers for explosives, the Assistant Secretary shall provide, by such means as the Assistant Secretary considers appropriate, explosives detection screening for all passengers identified for additional screening and their personal property that will be carried aboard a passenger aircraft operated by an air carrier or foreign air carrier in air transportation or intrastate air transportation.

AMENDMENTS

ISSUANCE OF STRATEGIC PLAN FOR DEPLOYMENT AND USE OF EXPLOSIVE DETECTION EQUIPMENT AT AIRPORT SCREENING CHECKPOINTS

Pub. L. 110–53, title XVI, §1607(a), Aug. 3, 2007, 121 Stat. 483, provided that: “Not later than 30 days after the date of enactment of this Act [Aug. 3, 2007], the Secretary of Homeland Security, in consultation with the Administrator of the Transportation Security Administration, shall issue the strategic plan the Secretary was required by section 44925(b) of title 49, United States Code, to have issued within 90 days after the date of enactment of the Intelligence Reform and Terrorism Prevention Act of 2004 (Public Law 108–458) [Dec. 17, 2004].”

ADVANCED AIRPORT CHECKPOINT SCREENING DEVICES

§ 44926. Appeal and redress process for passengers wrongly delayed or prohibited from boarding a flight

(a) IN GENERAL.—The Secretary of Homeland Security shall establish a timely and fair process for individuals who believe they have been delayed or prohibited from boarding a commercial aircraft because they were wrongly identified as a threat under the regimes utilized by the Transportation Security Administration, United States Customs and Border Protection, or any other office or component of the Department of Homeland Security.

(b) OFFICE OF APPEALS AND REDRESS.—

(1) ESTABLISHMENT.—The Secretary shall establish in the Department an Office of Appeals and Redress to implement, coordinate, and execute the process established by the Secretary pursuant to subsection (a). The Office shall include representatives from the Trans-
portation Security Administration, United States Customs and Border Protection, and such other offices and components of the Department as the Secretary determines appropriate.

(2) RECORDS.—The process established by the Secretary pursuant to subsection (a) shall include the establishment of a method by which the Office, under the direction of the Secretary, will be able to maintain a record of air carrier passengers and other individuals who have been misidentified and have corrected erroneous information.

(3) INFORMATION.—To prevent repeated delays of an misidentified passenger or other individual, the Office shall—

(A) ensure that the records maintained under this subsection contain information determined by the Secretary to authenticate the identity of such a passenger or individual;

(B) furnish to the Transportation Security Administration, United States Customs and Border Protection, or any other appropriate office or component of the Department, upon request, such information as may be necessary to allow such office or component to assist air carriers in improving their administration of the advanced passenger pre-screening system and reduce the number of false positives; and

(C) require air carriers and foreign air carriers take action to identify passengers determined, under the process established under subsection (a), to have been wrongly identified.

(4) HANDLING OF PERSONALLY IDENTIFIABLE INFORMATION.—The Secretary, in conjunction with the Chief Privacy Officer of the Department shall—

(A) require that Federal employees of the Department handling personally identifiable information of passengers (in this paragraph referred to as “PII”) complete mandatory privacy and security training prior to being authorized to handle PII;

(B) ensure that the records maintained under this subsection are secured by encryption, one-way hashing, other data anonymization techniques, or such other equivalent security technical protections as the Secretary determines necessary;

(C) limit the information collected from misidentified passengers or other individuals to the minimum amount necessary to resolve a redress request;

(D) require that the data generated under this subsection be shared or transferred via a secure data network, that has been audited to ensure that the anti-hacking and other security related software functions properly and is updated as necessary;

(E) ensure that any employee of the Department receiving the data contained within the records handles the information in accordance with the section 552a of title 5, United States Code, and the Federal Information Security Management Act of 2002 (Public Law 107–296);

(F) only retain the data for as long as needed to assist the individual traveler in the redress process; and

(G) conduct and publish a privacy impact assessment of the process described within this subsection and transmit the assessment to the Committee on Homeland Security of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and Committee on Homeland Security and Governmental Affairs of the Senate.

(5) INITIATION OF REDRESS PROCESS AT AIRPORTS.—The Office shall establish at each airport at which the Department has a significant presence a process to provide information to air carrier passengers to begin the redress process established pursuant to subsection (a).

SUBCHAPTER II—ADMINISTRATION AND PERSONNEL

Section 44931, Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1215, related to the Director of Intelligence and Security.

§ 44933. Federal Security Managers

(a) Establishment, designation, and stationing.—The Under Secretary of Transportation for Security shall establish the position of Federal Security Manager at each airport in the United States described in section 44903(c). The Under Secretary shall designate individuals as Managers for, and station those Managers at, those airports.

(b) Duties and Powers.—The Manager at each airport shall—

(1) oversee the screening of passengers and property at the airport; and

(2) carry out other duties prescribed by the Under Secretary.

HISTORICAL AND REVISION NOTES

In subsection (a), the words “Not later than 90 days after November 16, 1990” are omitted as obsolete. The
words “The Administrator shall designate individuals as Managers for, and station those Managers at, those airports” are substituted for “and shall begin designating persons as such Managers and stationing such Managers at such airports” for clarity and because of the restatement. The words “and designate a current field employee of the Administration as a Manager” are substituted for “assign the functions and responsibilities described in this section to existing Federal Aviation Administration field personnel and designate such personnel accordingly” to eliminate unnecessary words. The words “to the office of” are omitted as unnecessary. The words “Not later than 1 year after November 16, 1990” are omitted as obsolete. The words “Secretary of Transportation” are substituted for “Department of Transportation” because of 49:102.

In subsection (b), before clause (1), the words “The Manager at each airport shall” are substituted for “The responsibilities of a Federal Security Manager shall include the following” to eliminate unnecessary words. In clause (2)(A), the words “air carrier” are substituted for “such air carrier” because this is the first time the term is used in the source provisions. In clause (3), the words “United States Government” are substituted for “Federal” for clarity and consistency in the revised title and with other titles of the United States Code. In clause (7), the words “other Managers” are substituted for “Federal Security Managers at other airports, as appropriate” to eliminate unnecessary words.

In subsection (c), the words “duties and powers” are substituted for “responsibilities” for clarity and consistency in the revised title and with other titles of the Code.

AMENDMENTS

2001—Pub. L. 107–71, § 103, amended section generally, substituting provisions relating to designation, establishment, and stationing procedures and duties and powers for provisions which contained a more detailed listing of responsibilities and a prohibition against a Civil Aviation Security Field Officer being assigned security duties and powers at an airport having a Manager.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security and for treatment of related references, see sections 263(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 242 of Title 6.

§ 44934. Foreign Security Liaison Officers

(a) ESTABLISHMENT, DESIGNATION, AND STATIONING.—The Under Secretary of Transportation for Security shall establish the position of Foreign Security Liaison Officer for each airport outside the United States at which the Under Secretary decides an Officer is necessary for air transportation security. In coordination with the Secretary of State, the Under Secretary shall designate an Officer for each of those airports. In coordination with the Secretary, the Under Secretary shall designate an Officer for each of those airports where extraordinary security measures are in place. The Secretary shall give high priority to stationing those Officers.

(b) DUTIES AND POWERS.—An Officer reports directly to the Under Secretary. The Officer at each airport shall—

(1) serve as the liaison of the Under Secretary to foreign security authorities (including governments of foreign countries and foreign airport authorities) in carrying out United States Government security requirements at that airport; and

(2) to the extent practicable, carry out duties and powers referred to in section 44933(b) of this title.

(c) COORDINATION OF ACTIVITIES.—The activities of each Officer shall be coordinated with the chief of the diplomatic mission of the United States to which the Officer is assigned. Activities of an Officer under this section shall be consistent with the duties and powers of the Secretary and the chief of mission to a foreign country under section 163 of the Omnibus Diplomatic and Security Rights Act of 1980 (22 U.S.C. 2651) and section 207 of the Foreign Service Act of 1980 (22 U.S.C. 3927).

In subsection (a), the words “Not later than 90 days after November 16, 1990” are omitted as obsolete. The words “shall designate” are substituted for “shall begin assigning” for consistency with the source provisions restated in section 44933 of the revised title and because of the restatement. The words “Not later than 2 years after November 16, 1990” are omitted as unnecessary. The word “designate” is substituted for “assign” for consistency with the source provisions restated in section 44933 of the revised title. The words “outside the United States” are omitted as unnecessary.

In subsection (b), before clause (1), the words “to the office of” are omitted as unnecessary. In clause (1), the words “governments of foreign countries and foreign airport authorities” are substituted for “foreign governments and airport authorities” for clarity and consistency in the revised title and with other titles of the United States Code. In clause (2), the words “duties and powers” are substituted for “responsibilities” for consistency in the revised title and with other titles of the Code.

In subsection (c), the words “duties and powers” are substituted for “authorities” for clarity and consistency in the revised title and with other titles of the Code.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 44935. Employment standards and training

(a) EMPLOYMENT STANDARDS.—The Under Secretary of Transportation for Security shall prescribe standards for the employment and continued employment of, and contracting for, air carrier personnel and, as appropriate, airport security personnel. The standards shall include—

(1) minimum training requirements for new employees;
(2) retraining requirements;
(3) minimum staffing levels;
(4) minimum language skills; and
(5) minimum education levels for employees, when appropriate.

(b) REVIEW AND RECOMMENDATIONS.—In coordination with air carriers, airport operators, and other interested persons, the Under Secretary shall review issues related to human performance in the aviation security system to maximize that performance. When the review is completed, the Under Secretary shall recommend guidelines and prescribe appropriate changes in existing procedures to improve that performance.

(c) SECURITY PROGRAM TRAINING, STANDARDS, AND QUALIFICATIONS.—(1) The Under Secretary—

(A) may train individuals employed to carry out a security program under section 44903(c) of this title; and

(B) shall prescribe uniform training standards and uniform minimum qualifications for individuals eligible for that training.

(2) The Under Secretary may authorize reimbursement for travel, transportation, and subsistence expenses for security training of non-United States Government domestic and foreign individuals whose services will contribute significantly to carrying out civil aviation security programs. To the extent practicable, air travel reimbursed under this paragraph shall be on air carriers.

(d) EDUCATION AND TRAINING STANDARDS FOR SECURITY COORDINATORS, SUPERVISORY PERSONNEL, AND PILOTS.—(1) The Under Secretary shall prescribe standards for educating and training—

(A) ground security coordinators;
(B) security supervisory personnel; and
(C) airline pilots as in-flight security coordinators.

(2) The standards shall include initial training, retraining, and continuing education requirements and methods. Those requirements and methods shall be used annually to measure the performance of ground security coordinators and security supervisory personnel.

(e) SECURITY SCREENERS.—

(1) TRAINING PROGRAM.—The Under Secretary of Transportation for Security shall establish a program for the hiring and training of security screening personnel.

(2) HIRING.—

(A) QUALIFICATIONS.—Within 30 days after the date of enactment of the Aviation and Transportation Security Act, the Under Secretary shall establish qualification standards for individuals to be hired by the United States as security screening personnel. Notwithstanding any provision of law, those standards shall require, at a minimum, an individual—

(i) to have a satisfactory or better score on a Federal security screening personnel selection examination;
(ii) to be a citizen of the United States or a national of the United States, as defined in section 1101(a)(22) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(22));
(iii) to meet, at a minimum, the requirements set forth in subsection (f);
(iv) to meet such other qualifications as the Under Secretary may establish; and
(v) to have the ability to demonstrate daily a fitness for duty without any impairment due to illegal drugs, sleep deprivation, medication, or alcohol.

(B) BACKGROUND CHECKS.—The Under Secretary shall require that an individual to be hired as a security screener undergo an employment investigation (including a criminal history record check) under section 44936(a)(1).

(C) DISQUALIFICATION OF INDIVIDUALS WHO PRESENT NATIONAL SECURITY RISKS.—The Under Secretary, in consultation with the heads of other appropriate Federal agencies, shall establish procedures, in addition to any background check conducted under section 44936, to ensure that no individual who presents a threat to national security is employed as a security screener.

(3) EXAMINATION; REVIEW OF EXISTING RULES.—The Under Secretary shall develop a security screening personnel examination for use in determining the qualification of individuals seeking employment as security screening personnel. The Under Secretary shall also review, and revise as necessary, any standard, rule, or regulation governing the employment of individuals as security screening personnel.

(f) EMPLOYMENT STANDARDS FOR SCREENING PERSONNEL.—

(1) SCREENER REQUIREMENTS.—Notwithstanding any provision of law, an individual may not be deployed as a security screener unless that individual meets the following requirements:

(A) The individual shall possess a high school diploma, a general equivalency diploma, or experience that the Under Secretary has determined to be sufficient for the individual to perform the duties of the position.

(B) The individual shall possess basic aptitudes and physical abilities, including color

1So in original. Probably should be section “1101(a)(22)”.
perception, visual and aural acuity, physical coordination, and motor skills, to the following standards:

(i) Screeners operating screening equipment shall be able to distinguish on the appropriate imaging standard specified by the Under Secretary.

(ii) Screeners operating any screening equipment shall be able to distinguish each color displayed on every type of screening equipment and explain what each color signifies.

(iii) Screeners shall be able to hear and respond to the spoken voice and to audible alarms generated by screening equipment in an active checkpoint environment.

(iv) Screeners performing physical searches or other related operations shall be able to efficiently and thoroughly manipulate and handle such baggage, containers, and other objects subject to security processing.

(v) Screeners who perform pat-downs or hand-held metal detector searches of individuals shall have sufficient dexterity and capability to thoroughly conduct those procedures over an individual’s entire body.

(C) The individual shall be able to read, speak, and write English well enough to—

(i) carry out written and oral instructions regarding the proper performance of screening duties; (ii) read English language identification media, credentials, airline tickets, and labels on items normally encountered in the screening process; (iii) provide direction to and understand and answer questions from English-speaking individuals undergoing screening; and (iv) write incident reports and statements and log entries into security records in the English language.

(D) The individual shall have satisfactorily completed all initial, recurrent, and appropriate specialized training required by the security program, except as provided in paragraph (3).

(2) VETERANS PREFERENCE.—The Under Secretary shall provide a preference for the hiring of an individual as a security screener if the individual is a member of the armed forces and if the individual is entitled, under statute, to retired, retirement, or other forms of assistance in the training of security screening personnel.

(3) EXCEPTIONS.—An individual who has not completed the training required by this section may be deployed during the on-the-job portion of training to perform functions if that individual—

(A) is closely supervised; and

(B) does not make independent judgments as to whether individuals or property may enter a sterile area or aircraft without further inspection.

(4) REMEDIAL TRAINING.—No individual employed as a security screener may perform a screening function after that individual has failed an operational test related to that function until that individual has successfully completed the remedial training specified in the security program.

(5) ANNUAL PROFICIENCY REVIEW.—The Under Secretary shall provide that an annual evaluation of each individual assigned screening duties is conducted and documented. An individual employed as a security screener may not continue to be employed in that capacity unless the evaluation demonstrates that the individual—

(A) continues to meet all qualifications and standards required to perform a screening function;

(B) has a satisfactory record of performance and attention to duty based on the standards and requirements in the security program; and

(C) demonstrates the current knowledge and skills necessary to courteously, vigilantly, and effectively perform screening functions.

(6) OPERATIONAL TESTING.—In addition to the annual proficiency review conducted under paragraph (5), the Under Secretary shall provide for the operational testing of such personnel.

(g) TRAINING.—

(1) USE OF OTHER AGENCIES.—The Under Secretary may enter into a memorandum of understanding or other arrangement with any other Federal agency or department with appropriate law enforcement responsibilities, to provide personnel, resources, or other forms of assistance in the training of security screening personnel.

(2) TRAINING PLAN.—Within 60 days after the date of enactment of the Aviation and Transportation Security Act, the Under Secretary shall develop a plan for the training of security screening personnel. The plan shall require, at a minimum, that a security screener—

(A) has completed 40 hours of classroom instruction or successfully completed a program that the Under Secretary determines will train individuals to a level of proficiency equivalent to the level that would be achieved by such classroom instruction;

(B) has completed 60 hours of on-the-job instructions; and

(C) has successfully completed an on-the-job training examination prescribed by the Under Secretary.

(3) EQUIPMENT-SPECIFIC TRAINING.—An individual employed as a security screener may not use any security screening device or equipment in the scope of that individual’s employment unless the individual has been trained on that device or equipment and has successfully completed a test on the use of the device or equipment.

(h) TECHNOLOGICAL TRAINING.—

(1) IN GENERAL.—The Under Secretary shall require training to ensure that screeners are proficient in using the most up-to-date new technology and to ensure their proficiency in recognizing new threats and weapons.
(2) Periodic Assessments.—The Under Secretary shall make periodic assessments to determine if there are dual use items and inform security screening personnel of the existence of such items.

(3) Current Lists of Dual Use Items.—Current lists of dual use items shall be part of the ongoing training for screeners.

(4) Dual Use Defined.—For purposes of this subsection, the term “dual use” means an item that may seem harmless but that may be used as a weapon.

(i) Limitation on Right to Strike.—An individual that screens passengers or property, or both, at an airport under this section may not participate in a strike, or assert the right to strike, against the person (including a governmental entity) employing such individual to perform such screening.

(j) Uniforms.—The Under Secretary shall require any individual who screens passengers and property pursuant to section 44901 to be attired while on duty in a uniform approved by the Under Secretary.

(k) Accessibility of Computer-Based Training Facilities.—The Under Secretary shall work with air carriers and airports to ensure that computer-based training facilities intended for use by security screeners at an airport regularly serving an air carrier holding a certificate issued by the Secretary of Transportation are conveniently located for that airport and easily accessible.

4 So in original. Two subsecs. (i) have been enacted.
Improvement of Screener Job Performance

“(a) Required Action.—The Assistant Secretary of Homeland Security (Transportation Security Administration) shall take such action as may be necessary to improve the performance of airport screening personnel.

“(b) Human Factors Study.—In carrying out this section, the Assistant Secretary shall provide, not later than 180 days after the date of the enactment of this Act (Dec. 17, 2004), to the appropriate congressional committees a report on the results of any human factors study conducted by the Department of Homeland Security to better understand problems in screener performance and to improve screener performance.”

[For definitions of “airport” and “appropriate congressional committees” used in section 4015 of Pub. L. 108–148, set out above, see section 4901 of Pub. L. 108–148, set out as a note under section 4901 of this title.]

Screener Personnel

Pub. L. 107–71, title I, §111(d), Nov. 19, 2001, 115 Stat. 620, provided that: “Notwithstanding any other provision of law, the Under Secretary of Transportation for Security may employ, appoint, discipline, terminate, and fix the compensation, terms, and conditions of employment of Federal service for such a number of individuals as the Under Secretary determines to be necessary to carry out the screening functions of the Under Secretary under section 4901 of title 49, United States Code. The Under Secretary shall establish levels of compensation and other benefits for individuals so employed.”

Certification of Screening Companies

Pub. L. 104–264, title III, §302, Oct. 9, 1996, 110 Stat. 3250, provided that: “The Administrator of the Federal Aviation Administration is directed to certify companies providing security screening and to improve the training and testing of security screeners through development of uniform performance standards for providing security screening services.”

Studies of Minimum Standards for Pilot Qualifications and of Pay for Training

Pub. L. 104–264, title V, §503, Oct. 9, 1996, 110 Stat. 3263, provided that:

“(a) Study.—The Administrator of the Federal Aviation Administration shall appoint a task force consisting of appropriate representatives of the aviation industry to conduct—

“(1) a study directed toward the development of—

“(A) standards and criteria for preemployment screening tests measuring the psychomotor coordination, general intellectual capacity, instrument and mechanical comprehension, and physical and mental fitness of an applicant for employment as a pilot by an air carrier; and

“(B) standards and criteria for pilot training facilities to be licensed by the Administrator and which will assure that pilots trained at such facilities meet the preemployment screening standards and criteria described in subparagraph (A); and

“(2) a study to determine if the practice of some air carriers to require employees or prospective employes to pay for the training or experience that is needed to perform flight check duties for an air carrier is in the public interest.

“(b) Report.—Not later than 1 year after the date of the enactment of this Act [Oct. 9, 1996], the Administrator shall transmit to Congress a report on the results of the study conducted under subsection (a)(2).”

Study of Minimum Flight Time

Pub. L. 104–264, title V, §504, Oct. 9, 1996, 110 Stat. 3263, provided that:

“(a) Study.—The Administrator of the Federal Aviation Administration shall conduct a study to determine whether current minimum flight time requirements applicable to individuals seeking employment as a pilot with an air carrier are sufficient to ensure public safety.

“(b) Report.—Not later than 1 year after the date of the enactment of this Act [Oct. 9, 1996], the Administrator shall transmit to Congress a report on the results of the study.”

§44936. Employment investigations and restrictions

(a) Employment investigation requirement.—(1)(A) The Under Secretary of Transportation for Security shall require by regulation that an employment investigation, including a criminal history record check and a review of available law enforcement data bases and records of other governmental and international agencies to the extent determined practicable by the Under Secretary of Transportation for Transportation Security,1 shall be conducted of each individual employed in, or applying for, a position as a security screener under section 43935(e) or a position in which the individual has unescorted access, or may permit other individuals to have unescorted access, to—

(i) aircraft of an air carrier or foreign air carrier; or

(ii) a secured area of an airport in the United States the Under Secretary designates that serves an air carrier or foreign air carrier.

(B) The Under Secretary shall require by regulation that an employment investigation (including a criminal history record check and a review of available law enforcement data bases and records of other governmental and international agencies to the extent determined practicable by the Under Secretary of Transportation for Transportation Security) be conducted for—

(i) individuals who are responsible for screening passengers or property under section 44901 of this title;

(ii) supervisors of the individuals described in clause (1);

(iii) individuals who regularly have escorted access to aircraft of an air carrier or foreign air carrier or a secured area of an airport in the United States the Administrator designates that serves an air carrier or foreign air carrier; and

(iv) such other individuals who exercise security functions associated with baggage or cargo, as the Under Secretary determines is necessary to ensure air transportation security.

(C) Background checks of current employees.—

(i) A new background check (including a criminal history record check and a review of

1 So in original.
available law enforcement data bases and records of other governmental and international agencies to the extent determined practicable by the Under Secretary of Transportation for Transportation Security shall be required for any individual who is employed in a position described in subparagraphs (A) and (B) on the date of enactment of the Aviation and Transportation Security Act.

(ii) The Under Secretary may provide by order (without regard to the provisions of chapter 5 of title 5, United States Code) for a phased-in implementation of the requirements of this subparagraph.

(D) EXEMPTION.—An employment investigation, including a criminal history record check, shall not be required under this subsection for an individual who is exempted under section 107.33(m)(1) or (2) of title 14, Code of Federal Regulations, as in effect on November 22, 2000.

The Under Secretary shall work with the International Civil Aviation Organization and with appropriate authorities of foreign countries to ensure that individuals exempted under this subparagraph do not pose a threat to aviation or national security.

(2) An air carrier, foreign air carrier, airport operator, or government that employs, or authorizes or makes a contract for the services of, an individual in a position described in paragraph (1) of this subsection shall ensure that the investigation the Under Secretary requires is conducted.

(3) The Under Secretary shall provide for the periodic audit of the effectiveness of criminal history record checks conducted under paragraph (1) of this subsection.

(b) PROHIBITED EMPLOYMENT.—(1) Except as provided in paragraph (3) of this subsection, an air carrier, foreign air carrier, airport operator, or government may not employ, or authorize or make a contract for the services of, an individual in a position described in paragraph (1) of this subsection if—

(A) the investigation of the individual required under this section has not been conducted; or

(B) the results of that investigation establish that, in the 10-year period ending on the date of the investigation, the individual was convicted (or found not guilty by reason of insanity) of—

(i) a crime referred to in section 46306, 46308, 46312, 46314, or 46315 or chapter 465 of this title or section 32 of title 18;

(ii) murder;

(iii) assault with intent to murder;

(iv) espionage;

(v) sedition;

(vi) treason;

(vii) rape;

(viii) kidnapping;

(ix) unlawful possession, sale, distribution, or manufacture of an explosive or weapon;

(x) extortion;

(xi) armed or felony unarmed robbery;

(xii) distribution of, or intent to distribute, a controlled substance;

(xiii) a felony involving a threat;

(xiv) a felony involving—

(1) willful destruction of property;

(2) importation or manufacture of a controlled substance;

(3) burglary;

(4) theft;

(5) dishonesty, fraud, or misrepresentation;

(6) possession or distribution of stolen property;

(7) bribery;

(8) illegal possession of a controlled substance punishable by a maximum term of imprisonment of more than 1 year, or any other crime classified as a felony that the Under Secretary determines indicates a propensity for placing contraband aboard an aircraft in return for money; or

(9) conspiracy to commit any of the acts referred to in clauses (1) through (xv).

(2) The Under Secretary may specify other factors that are sufficient to prohibit the employment of an individual in a position described in subsection (a)(1) of this section.

(3) An air carrier, foreign air carrier, airport operator, or government may employ, or authorize or make a contract for the services of, an individual in a position described in subsection (a)(1) of this section without carrying out the investigation required under this section, if the Under Secretary approves a plan to employ the individual that provides alternate security arrangements.

(c) FINGERPRINTING AND RECORD CHECK INFORMATION.—(1) If the Under Secretary requires an identification and criminal history record check, to be conducted by the Attorney General, as part of an investigation under this section, the Under Secretary shall designate an individual to obtain fingerprints and submit those fingerprints to the Attorney General. The Attorney General may make the results of a check available to an individual the Under Secretary designates. Before designating an individual to obtain and submit fingerprints or receive results of a check, the Under Secretary shall consult with the Attorney General. All Federal agencies shall cooperate with the Under Secretary and the Under Secretary's designee in the process of collecting and submitting fingerprints.

(2) The Under Secretary shall prescribe regulations on—

(A) procedures for taking fingerprints; and

(B) requirements for using information received from the Attorney General under paragraph (1) of this subsection—

(i) to limit the dissemination of the information; and

(ii) to ensure that the information is used only to carry out this section.

(3) If an identification and criminal history record check is conducted as part of an investigation of an individual under this section, the individual—

(A) shall receive a copy of any record received from the Attorney General; and

(B) may complete and correct the information contained in the check before a final employment decision is made based on the check.

(d) FEES AND CHARGES.—The Under Secretary and the Attorney General shall establish reason-
able fees and charges to pay expenses incurred in carrying out this section. The employer of the individual being investigated shall pay the costs of a record check of the individual. Money collected under this section shall be credited to the account in the Treasury from which the expenses were incurred and are available to the Under Secretary and the Attorney General for those expenses.

(e) When Investigation or Record Check Not Required.—This section does not require an investigation or record check when the investigation or record check is prohibited by a law of a foreign country.

EFFECTIVE DATE OF 1996 AMENDMENT

Section 304(b) of Pub. L. 104–264 provided that: “The amendment made by subsection (a)(3) [amending this section] shall apply to individuals hired to perform functions described in section 49626(a)(1)(B) of title 49, United States Code, after the date of the enactment of this Act [Oct. 9, 1996]; except that the Administrator of the Federal Aviation Administration may, as the Administrator determines to be appropriate, require such employment investigations or criminal history records checks for individuals performing those functions on the date of the enactment of this Act.”

Amendment by section 502(a) of Pub. L. 104–264 applicable to any air carrier hiring an individual as a pilot whose application was first received by the carrier on or after the 120th day following Oct. 9, 1996, see section 502(d) of Pub. L. 104–264, set out as a note under section 30305 of this title.

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

CRIMINAL HISTORY RECORD CHECKS

Pub. L. 106–528, §2(a), (b), Nov. 22, 2000, 114 Stat. 2517, provided that:

“(a) EXPANSION OF FAA ELECTRONIC PILOT PROGRAM.—

“(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act [Nov. 22, 2000], the Administrator of the Federal Aviation Administration shall develop, in consultation with the Office of Personnel Management and the Federal Bureau of Investigation, the pilot program for individual criminal history record checks (known as the electronic fingerprint transmission pilot project) into an aviation industry-wide program.”
44903(a), (b), (c), or (e), 44906, 44912, 44935, 44936, or 44938(b)(3) of this title to another department, agency, or instrumentality of the United States Government.

§ 44937. Prohibition on transferring duties and powers

Except as specifically provided by law, the Under Secretary of Transportation for Security may not transfer a duty or power under section 44903(a), (b), (c), or (e), 44906, 44912, 44935, 44936, or 44938(b)(3) of this title to another department, agency, or instrumentality of the United States Government.

The word “otherwise” is omitted as surplus. The word “assigned” is omitted as being included in “duty or power”. The words “department, agency, or instrumentality of the United States Government” are substituted for “Federal department or agency” for clarity and consistency in the revised title and with other titles of the United States Code.

PUB. L. 103–429

AMENDMENTS

1994—Pub. L. 103–429 substituted “44906” for “44906(a)(1) or (b)”.

EFFECTIVE DATE OF 1994 AMENDMENT

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

§ 44938. Reports

(a) TRANSPORTATION SECURITY.—Not later than March 31 of each year, the Secretary of Transportation shall submit to Congress a report on transportation security with recommendations the Secretary considers appropriate. The report shall be prepared in conjunction with the biennial report the Under Secretary of Transportation for Security submits under subsection (b) of this section in each year the Under Secretary submits the biennial report, but may not duplicate the information submitted under subsection (b) or section 44907(a)(3) of this title. The Secretary may submit the report in classified and unclassified parts. The report shall include—

(1) an assessment of trends and developments in terrorist activities, methods, and other threats to transportation;

(2) an evaluation of deployment of explosive detection devices;

(3) recommendations for research, engineering, and development activities related to transportation security, except research engineering and development activities related to aviation security to the extent those activities are covered by the national aviation research plan required under section 44501(c) of this title;

(4) identification and evaluation of cooperative efforts with other departments, agencies, and instrumentalities of the United States Government;

(5) an evaluation of cooperation with foreign transportation and security authorities;

(6) the status of the extent to which the recommendations of the President’s Commission on Aviation Security and Terrorism have been carried out and the reasons for any delay in carrying out those recommendations;

(7) a summary of the activities of the Director of Intelligence and Security in the 12-month period ending on the date of the report;

(8) financial and staffing requirements of the Director;

(9) an assessment of financial and staffing requirements, and attainment of existing staffing goals, for carrying out duties and powers of the Under Secretary related to security; and

(10) appropriate legislative and regulatory recommendations.

(b) SCREENING AND FOREIGN AIR CARRIER AND AIRPORT SECURITY.—The Under Secretary shall submit biennially to Congress a report—

(1) on the effectiveness of procedures under section 44901 of this title;

(2) that includes a summary of the assessments conducted under section 44907(a)(1) and (2) of this title; and

(3) that includes an assessment of the steps being taken, and the progress being made, in
ensuring compliance with section 44906 of this title for each foreign air carrier security program at airports outside the United States—
(A) at which the Under Secretary decides that Foreign Security Liaison Officers are necessary for air transportation security; and
(B) for which extra-ordinary security measures are in place.

In subsection (a), before clause (1), the words “each year” are substituted for “of calendar year 1991 and of each calendar year thereafter” to eliminate unnecessary words. In clauses (8) and (9), the word “financial” is substituted for “funding” for clarity and consistency in the revised title and with other titles of the United States Code.

In subsection (b)(1), the word “screening” is omitted as surplus.

In subsection (b)(2), the words “a summary of the assessments conducted under section 44907(a)(1) and (2) of this title” are substituted for “the information described in section 315(c) of this Appendix” for clarity.

In subsection (b)(3), before clause (A), the words “that includes” are substituted for “The Administrator shall submit to Congress as part of the annual report required by section 315(a)” because of the restatement.

AMENDMENTS

1998—Subsec. (a). Pub. L. 105–362, § 1502(b)(1), in second sentence of introductory provisions, substituted “biennial report” for “annual report” and inserted “in each year the Administrator submits the biennial report” after “subsection (b) of this section”.

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semi-annual, or other regular periodic report listed in House Document No. 103–7 (in which the 8th item on page 132 and the 11th item on page 138 identify reporting provisions which, as subsequently amended, are contained, respectively, in subsecs. (a) and (b)(1), (2) of this section), see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), 655 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

§ 44939. Training to operate certain aircraft

(a) WAITING PERIOD.—A person operating as a flight instructor, pilot school, or aviation training center or subject to regulation under this part may provide training in the operation of any aircraft having a maximum certificated takeoff weight of more than 12,500 pounds to an alien (as defined in section 315(f)(3)(A) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(3))) or to any other individual specified by the Secretary of Homeland Security only if—

(1) that person has first notified the Secretary that the alien or individual has requested such training and submitted to the Secretary, in such form as the Secretary may prescribe, the following information about the alien or individual:

(A) full name, including any aliases used by the applicant or variations in spelling of the applicant’s name;

(B) passport and visa information;

(C) country of citizenship;

(D) date of birth;

(E) dates of training; and

(F) fingerprints collected by, or under the supervision of, a Federal, State, or local law enforcement agency or by another entity approved by the Federal Bureau of Investigation or the Secretary of Homeland Security, including fingerprints taken by United States Government personnel at a United States embassy or consulate; and

(2) the Secretary has not directed, within 30 days after being notified under paragraph (1), that person not to provide the requested training because the Secretary has determined that the individual presents a risk to aviation or national security.

(b) INTERRUPTION OF TRAINING.—If the Secretary of Homeland Security, more than 30 days after receiving notification under subsection (a)
from a person providing training described in subsection (a), determines that the individual presents a risk to aviation or national security, the Secretary shall immediately notify the person providing the training of the determination and that person shall immediately terminate the training.

(c) NOTIFICATION—A person operating as a flight instructor, pilot school, or aviation training center or subject to regulation under this part may provide training in the operation of any aircraft having a maximum certificated takeoff weight of 12,500 pounds or less to an alien (as defined in section 101(a)(3) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(3))) or to any other individual specified by the Secretary of Homeland Security only if that person has notified the Secretary that the individual has requested such training and furnished the Secretary with that individual’s identification in such form as the Secretary may require.

(d) EXPEDITED PROCESSING.—Not later than 60 days after the date of enactment of this section, the Secretary shall establish a process to ensure that the waiting period under subsection (a) shall not exceed 5 days for an alien (as defined in section 101(a)(3) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(3))) who—

(1) holds an airman’s certification of a foreign country that is recognized by an agency of the United States, including a military agency, that permits an individual to operate a multi-engine aircraft that has a certificated takeoff weight of more than 12,500 pounds;

(2) is employed by a foreign air carrier that is certified under part 129 of title 14, Code of Federal Regulations, and that has a security program approved under section 1546 of title 49, Code of Federal Regulations;

(3) is an individual that has unescorted access to a secured area of an airport designated under section 44936(a)(1)(A)(ii); or

(4) is an individual that is part of a class of individuals that the Secretary has determined that providing aviation training to presents minimal risk to aviation or national security because of the aviation training already possessed by such class of individuals.

(e) TRAINING.—In subsection (a), the term ‘‘training’’ means training received from an instructor in an aircraft or aircraft simulator and does not include recurrent training, ground training, or demonstration flights for marketing purposes.

(f) NONAPPLICABILITY TO CERTAIN FOREIGN MILITARY PILOTS.—The procedures and processes required by subsections (a) through (d) shall not apply to a foreign military pilot endorsed by the Department of Defense for flight training in the United States and seeking training described in subsection (e) in the United States.

(g) FEE.—

(1) IN GENERAL.—The Secretary of Homeland Security may assess a fee for an investigation under this section, which may not exceed $100 per individual (exclusive of the cost of transmitting fingerprints collected at overseas facilities) during fiscal years 2003 and 2004. For fiscal year 2005 and thereafter, the Secretary may adjust the maximum amount of the fee to reflect the costs of such an investigation.

(2) OFFSET.—Notwithstanding section 3302 of title 31, any fee collected under this section—

(A) shall be credited to the account in the Treasury from which the expenses were incurred and shall be available to the Secretary for those expenses; and

(B) shall remain available until expended.

(h) INTERAGENCY COOPERATION.—The Attorney General, the Director of Central Intelligence, and the Administrator of the Federal Aviation Administration shall cooperate with the Secretary in implementing this section.

(i) SECURITY AWARENESS TRAINING FOR EMPLOYEES.—The Secretary shall require flight schools to conduct a security awareness program for flight school employees to increase their awareness of suspicious circumstances and activities of individuals enrolling in or attending flight school.

§ 44940. Security service fee

(a) GENERAL AUTHORITY.—

(1) PASSENGER FEES.—The Under Secretary of Transportation for Security shall impose a uniform fee, on passengers of air carriers and foreign air carriers in air transportation and intrastate air transportation originating at airports in the United States, to pay for the following costs of providing civil aviation security services:

(A) Salary, benefits, overtime, retirement and other costs of screening personnel, their supervisors and managers, and Federal law enforcement personnel deployed at airport security screening locations under section 44901.

(B) The costs of training personnel described in subparagraph (A), and the acquisition, operation, and maintenance of equipment used by such personnel.

(C) The costs of performing background investigations of personnel described in subparagraphs (A), (D), (F), and (G).

(D) The costs of the Federal air marshals program.

(E) The costs of performing civil aviation security research and development under this title.

(F) The costs of Federal Security Managers under section 44903.

(G) The costs of deploying Federal law enforcement personnel pursuant to section 44903(h).

(H) The costs of security-related capital improvements at airports.

(I) The costs of training pilots and flight attendants under sections 44918 and 44921.

The amount of such costs shall be determined by the Under Secretary and shall not be subject to judicial review. For purposes of subparagraph (A), the term “Federal law enforcement personnel” includes State and local law enforcement officers who are deputized under section 44922.

(2) AIR CARRIER FEES.—

(A) AUTHORITY.—In addition to the fee imposed pursuant to paragraph (1), and only to the extent that the Under Secretary estimates that such fee will be insufficient to pay for the costs of providing civil aviation security services described in paragraph (1), the Under Secretary may impose a fee on air carriers and foreign air carriers engaged in air transportation and intrastate air transportation to pay for the difference between any such costs and the amount collected from such fee, as estimated by the Under Secretary at the beginning of each fiscal year. The estimates of the Under Secretary under this subparagraph are not subject to judicial review except for estimates and additional collections made pursuant to the appropriation for Aviation Security in Public Law 108–334: Provided, That such judicial review shall be pursuant to section 46110 of title 49, United States Code: Provided further, That such judicial review shall be limited only to additional amounts collected by the Secretary before October 1, 2007.

(B) LIMITATIONS.—

(i) OVERALL LIMIT.—The amounts of fees collected under this paragraph for each fiscal year may not exceed, in the aggregate, the amounts paid in calendar year 2000 by carriers described in subparagraph (A) for screening passengers and property, as determined by the Under Secretary.

(ii) PER-CARRIER LIMIT.—The amount of fees collected under this paragraph from an air carrier described in subparagraph (A) for each of fiscal years 2002, 2003, and 2004 may not exceed the amount paid in calendar year 2000 by that carrier for screening passengers and property, as determined by the Under Secretary.

(iii) ADJUSTMENT OF PER-CARRIER LIMIT.—For fiscal year 2005 and subsequent fiscal years, the per-carrier limitation under clause (ii) may be determined by the Under Secretary on the basis of market share or any other appropriate measure in lieu of actual screening costs in calendar year 2000.

(iv) FINALITY OF DETERMINATIONS.—Determinations of the Under Secretary under this subparagraph are not subject to judicial review except for estimates and additional collections made pursuant to the appropriation for Aviation Security in Public Law 108–334: Provided, That such judicial review shall be pursuant to section 46110 of title 49, United States Code: Provided further, That such judicial review shall be limited only to additional amounts collected by the Secretary before October 1, 2007.

(C) SPECIAL RULE FOR FISCAL YEAR 2002.—The amount of fees collected under this paragraph from any carrier for fiscal year 2002 may not exceed the amounts paid by that carrier for screening passengers and property for a period of time in calendar year 2000 proportionate to the period of time in fiscal year 2002 during which fees are collected under this paragraph.

(b) SCHEDULE OF FEES.—In imposing fees under subsection (a), the Under Secretary shall ensure
that the fees are reasonably related to the Transportation Security Administration’s costs of providing services rendered.

(c) LIMITATION ON FEE.—Fees imposed under subsection (a)(1) may not exceed $2.50 per one-way trip.

(d) IMPOSITION OF FEE.—

1. In general.—Notwithstanding section 9701 of title 31 and the procedural requirements of section 553 of title 5, the Under Secretary shall impose the fee under subsection (a)(1), and may impose a fee under subsection (a)(2), through the publication of notice of such fee in the Federal Register and begin collection of the fee within 60 days of the date of enactment of this Act, or as soon as possible thereafter.

2. Special rules passenger fees.—A fee imposed under subsection (a)(1) through the procedures under subsection (d) shall apply only to tickets sold after the date on which such fee is imposed. If a fee imposed under subsection (a)(1) through the procedures under subsection (d) on transportation of a passenger of a carrier described in subsection (a)(1) is not collected from the passenger, the amount of the fee shall be paid by the carrier.

3. Subsequent modification of fee.—After imposing a fee in accordance with paragraph (1), the Under Secretary may modify, from time to time through publication of notice in the Federal Register, the imposition or collection of such fee, or both.

4. Limitation on collection.—No fee may be collected under this section, other than subsection (i), except to the extent that the expenses of the fee to pay the costs of activities and services for which the fee is imposed is provided for in advance in an appropriations Act or in section 44923.

(e) ADMINISTRATION OF FEES.—

1. Fees payable to under secretary.—All fees imposed and amounts collected under this section are payable to the Under Secretary.

2. Fees collected by air carrier.—A fee imposed under subsection (a)(1) shall be collected by the air carrier or foreign air carrier that sells a ticket for transportation described in subsection (a)(1).

3. Due date for remittance.—A fee collected under this section shall be remitted on the last day of each calendar month by the carrier collecting the fee. The amount to be remitted shall be for the calendar month preceding the calendar month in which the remittance is made.

4. Information.—The Under Secretary may require the provision of such information as the Under Secretary decides is necessary to verify that fees have been collected and remitted at the proper times and in the proper amounts.

5. Fee not subject to tax.—For purposes of section 4261 of the Internal Revenue Code of 1986 (26 U.S.C. 4261), a fee imposed under this section shall not be considered to be part of the amount paid for taxable transportation.

(f) Cost of collecting fee.—No portion of the fee collected under this section may be retained by the air carrier or foreign air carrier for the costs of collecting, handling, or remitting the fee except for interest accruing to the carrier after collection and before remittance.

(g) Refunds.—The Under Secretary may refund any fee paid by mistake or any amount paid in excess of that required.

(h) Exemptions.—The Under Secretary may exempt from the passenger fee imposed under subsection (a)(1) any passenger enplaning at an airport in the United States that does not receive screening services under section 44901 for that segment of the trip for which the passenger does not receive screening.

(i) Checkpoint Screening Security Fund.—

1. Establishment.—There is established in the Department of Homeland Security a fund to be known as the “Checkpoint Screening Security Fund”.

2. Deposits.—In fiscal year 2008, after amounts are made available under section 44923(h), the next $250,000,000 derived from fees received under subsection (a)(1) shall be available to be deposited in the fund.

3. Fees.—The Secretary of Homeland Security shall impose the fee authorized by subsection (a)(1) so as to collect at least $250,000,000 in fiscal year 2008 for deposit into the fund.

4. Availability of amounts.—Amounts in the fund shall be available until expended by the Administrator of the Transportation Security Administration for the purchase, deployment, installation, research, and development of equipment to improve the ability of security screening personnel at screening checkpoints to detect explosives.

§ 44941. Immunity for reporting suspicious activities
(a) IN GENERAL.—Any air carrier or foreign air carrier or any employee of an air carrier or foreign air carrier who makes a voluntary disclosure of any suspicious transaction relevant to a possible violation of law or regulation, relating to air piracy, a threat to aircraft or passenger safety, or terrorism, as defined by section 3077 of title 18, United States Code, to any employee or agent of the Department of Transportation, the Department of Justice, any Federal, State, or local law enforcement officer, or any airport or airline security officer shall not be civilly liable to any person under any law or regulation of the United States, any constitution, law, or regulation of any State or political subdivision of any State, for such disclosure.

(b) APPLICATION.—Subsection (a) shall not apply to—

(1) any disclosure made with actual knowledge that the disclosure was false, inaccurate, or misleading; or

(2) any disclosure made with reckless disregard as to the truth or falsity of that disclosure.

§ 44942. Performance goals and objectives
(a) SHORT TERM TRANSITION.—
(1) IN GENERAL.—Within 180 days after the date of enactment of the Aviation and Transportation Security Act, the Under Secretary for Transportation Security may, in consultation with Congress—

(A) establish acceptable levels of performance for aviation security, including screening operations and access control, and

(B) provide Congress with an action plan, containing measurable goals and milestones, that outlines how those levels of performance will be achieved.

(2) BASICS OF ACTION PLAN.—The action plan shall clarify the responsibilities of the Transportation Security Administration, the Federal Aviation Administration and any other agency or organization that may have a role in ensuring the safety and security of the civil air transportation system.

(b) LONG-TERM RESULTS-BASED MANAGEMENT.—

(1) PERFORMANCE PLAN AND REPORT.—

(A) PERFORMANCE PLAN.—

(i) Each year, consistent with the requirements of the Government Performance and Results Act of 1993 (GPRA), the Secretary and the Under Secretary for Transportation Security shall agree on a performance plan for the succeeding 5 years that establishes measurable goals and objectives for aviation security. The plan shall identify action steps necessary to achieve such goals.

(ii) In addition to meeting the requirements of GPRA, the performance plan should clarify the responsibilities of the Secretary, the Under Secretary for Transportation Security and any other agency or organization that may have a role in ensuring the safety and security of the civil air transportation system.

(B) PERFORMANCE REPORT.—Each year, consistent with the requirements of GPRA, the Under Secretary for Transportation Security shall prepare and submit to Congress an annual report including an evaluation of the extent goals and objectives were met. The report shall include the results achieved during the year relative to the goals established in the performance plan.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 44943. Performance management system

(a) Establishing a fair and equitable system for measuring staff performance.—The Under Secretary for Transportation Security shall establish a performance management system which strengthens the organization’s effectiveness by providing for the establishment of goals and objectives for managers, employees, and organizational performance consistent with the performance plan.

(b) Establishing management accountability for meeting performance goals.—

(1) In general.—Each year, the Secretary and Under Secretary of Transportation for Security shall enter into an annual performance agreement that shall set forth organizational and individual performance goals for the Under Secretary.

(2) Goals.—Each year, the Under Secretary and each senior manager who reports to the Under Secretary shall enter into an annual performance agreement that sets forth organization and individual goals for those managers. All other employees hired under the authority of the Under Secretary shall enter into an annual performance agreement that sets forth organization and individual goals for those employees.

(c) Performance-based service contracting.—To the extent contracts, if any, are used to implement the Aviation Security Act, the Under Secretary for Transportation Security shall, to the extent practical, maximize the use of performance-based service contracts. These contracts should be consistent with guidelines published by the Office of Federal Procurement Policy.

§ 44944. Voluntary provision of emergency services

(a) Program for provision of voluntary services.—

(1) Program.—The Under Secretary of Transportation for Transportation Security shall carry out a program to permit qualified law enforcement officers, firefighters, and emergency medical technicians to provide emergency services on commercial air flights during emergencies.

(2) Requirements.—The Under Secretary shall establish such requirements for qualifications of providers of voluntary services under the program under paragraph (1), including training requirements, as the Under Secretary considers appropriate.

(3) Confidentiality of registry.—If as part of the program under paragraph (1) the Under Secretary requires or permits registration of law enforcement officers, firefighters, or emergency medical technicians who are willing to provide emergency services on commercial flights during emergencies, the Under Secretary shall take appropriate actions to ensure that the registry is available only to appropriate airline personnel and otherwise remains confidential.

(4) Consultation.—The Under Secretary shall consult with appropriate representatives of the commercial airline industry, and organizations representing community-based law enforcement, firefighters, and emergency medical technicians, in carrying out the program under paragraph (1), including the actions taken under paragraph (3).

(b) Exemption from liability.—An individual shall not be liable for damages in any action brought in a Federal or State court that arises from an act or omission of the individual in providing or attempting to provide assistance in the case of an in-flight emergency in an aircraft of an air carrier if the individual meets such qualifications as the Under Secretary shall prescribe for purposes of this section.

(c) Exception.—The exemption under subsection (b) shall not apply in any case in which an individual provides, or attempts to provide, assistance described in that paragraph in a manner that constitutes gross negligence or willful misconduct.

AMENDMENTS

§ 45101. Definition

§ 45102. Alcohol and controlled substances testing programs

(a) PROGRAM FOR EMPLOYEES OF AIR CARRIERS AND FOREIGN AIR CARRIERS.—(1) In the interest of aviation safety, the Administrator of the Federal Aviation Administration shall prescribe regulations that establish a program requiring air carriers and foreign air carriers to conduct preemployment, reasonable suspicion, random, and post-accident testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions (as decided by the Administrator) for the use of alcohol or a controlled substance in violation of law or a United States Government regulation; and to conduct reasonable suspicion, random, and post-accident testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions (as decided by the Administrator) for the use of alcohol in violation of law or a United States Government regulation. The regulations shall permit air carriers and foreign air carriers to conduct preemployment testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions (as decided by the Administrator) for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(2) When the Administrator considers it appropriate in the interest of safety, the Administrator may prescribe regulations for conducting periodic recurring testing of airmen, crew members, airport security screening personnel, and other air carrier employees responsible for safety-sensitive functions for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(b) PROGRAM FOR EMPLOYEES OF THE FEDERAL AVIATION ADMINISTRATION.—(1) The Administrator shall establish a program of preemployment, reasonable suspicion, random, and post-accident testing for the use of a controlled substance in violation of law or a United States Government regulation for employees of the Administration whose duties include responsibility for safety-sensitive functions and shall establish a program of reasonable suspicion, random, and post-accident testing for the use of alcohol in violation of law or a United States Government regulation for such employees. The Administrator may establish a program of preemployment testing for the use of alcohol for such employees.

(2) When the Administrator considers it appropriate in the interest of safety, the Administrator may prescribe regulations for conducting periodic recurring testing of employees of the Administration responsible for safety-sensitive functions for use of alcohol or a controlled substance in violation of law or a Government regulation.

(c) SANCTIONS.—In prescribing regulations under the programs required by this section, the
Administrator shall require, as the Administrator considers appropriate, the suspension or revocation of any certificate issued to an individual referred to in this section, or the disqualification or dismissal of the individual, under this chapter when a test conducted and confirmed under this chapter indicates the individual has used alcohol or a controlled substance in violation of law or a Government regulation.

#### Rulemaking on Random Testing for Prohibited Drugs

Pub. L. 103–305, title V, § 501, Aug. 23, 1994, 108 Stat. 1222, provided that: “Not later than 180 days after the date of the enactment of this Act (Aug. 23, 1994), the Secretary shall complete a rulemaking proceeding and issue a final decision on whether there should be a reduction in the annualized rate now required by the Secretary of random testing for prohibited drugs for personnel engaged in aviation activities.”

§ 45103. Prohibited service

(a) USE OF ALCOHOL OR A CONTROLLED SUBSTANCE.—An individual may not use alcohol or a controlled substance after October 28, 1991, in violation of law or a United States Government regulation and serve as an airman, crewmember, airport security screening employee, air carrier employee responsible for safety-sensitive functions as decided by the Administrator of the Federal Aviation Administration, or employee of the Administration with responsibility for safety-sensitive functions.

(b) REHABILITATION REQUIRED TO RESUME SERVICE.—Notwithstanding subsection (a) of this section, an individual found to have used alcohol or a controlled substance after October 28, 1991, in violation of law or a Government regulation may serve as an airman, crewmember, airport security screening employee, air carrier employee responsible for safety-sensitive functions as decided by the Administrator, or employee of the Administration with responsibility for safety-sensitive functions only if the individual completes a rehabilitation program described in section 45105 of this title.

(c) PERFORMANCE OF PRIOR DUTIES PROHIBITED.—An individual who served as an airman, crewmember, airport security screening employee, air carrier employee responsible for safety-sensitive functions as decided by the Administrator, or employee of the Administration with responsibility for safety-sensitive functions who was found by the Administrator to have used alcohol or a controlled substance after October 28, 1991, in violation of law or a Government regulation may not carry out the duties related to air transportation that the individual carried out before the finding of the Administrator if the individual—

1. used the alcohol or controlled substance when on duty;
2. began or completed a rehabilitation program described in section 45105 of this title before using the alcohol or controlled substance; or
3. refuses to begin or complete a rehabilitation program described in section 45105 of this title after a finding by the Administrator under this section.

### Amendments

§ 45104. Testing and laboratory requirements

In carrying out section 45102 of this title, the Administrator of the Federal Aviation Administration shall develop requirements that—

1. promote, to the maximum extent practicable, individual privacy in the collection of specimens;
2. for laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1998, and any amendments to those guidelines, including mandatory guidelines establishing—
3. comprehensive standards for every aspect of laboratory controlled substances
testing and laboratory procedures to be applied in carrying out this chapter, including standards requiring the use of the best available technology to ensure the complete reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimens collected for controlled substances testing;

(B) the minimum list of controlled substances for which individuals may be tested; and

(C) appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this chapter;

(3) require that a laboratory involved in controlled substances testing under this chapter have the capability and facility, at the laboratory, of performing screening and confirmation tests;

(4) provide that all tests indicating the use of alcohol or a controlled substance in violation of law or a United States Government regulation be confirmed by a scientifically recognized method of testing capable of providing quantitative information about alcohol or a controlled substance;

(5) provide that each specimen be subdivided, secured, and labeled in the presence of the tested individual and that a part of the specimen be retained in a secure manner to prevent the possibility of tampering, so that if the individual’s confirmation test results are positive the individual has an opportunity to have the retained part tested by a 2d confirmation test done independently at another certified laboratory if the individual requests the 2d confirmation test not later than 3 days after being advised of the results of the first confirmation test;

(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations that may be necessary and in consultation with the Secretary of Health and Human Services;

(7) provide for the confidentiality of test results and medical information (except information about alcohol or a controlled substance) of employees, except that this clause does not prevent the use of test results for the orderly imposition of appropriate sanctions under this chapter; and

(8) ensure that employees are selected for tests by nondiscriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

In this section, the word “samples” is omitted as surplus.

In clause (2), before subclause (A), the word “subsequent” is omitted as surplus.

In clause (3), the words “of any individual” are omitted as surplus.

In clause (4), the words “by any individual” are omitted as surplus.

In clause (5), the word “tested” is substituted for “assayed” for consistency. The words “2d confirmation test” are substituted for “independent test” for clarity and consistency.

In clause (6), the word “Secretary” is substituted for “Department” for consistency in the revised title and with other titles of the United States Code.

§ 45105. Rehabilitation

(a) Program for Employees of Air Carriers and Foreign Air Carriers.—The Administrator of the Federal Aviation Administration shall prescribe regulations establishing requirements for rehabilitation programs that at least provide for the identification and opportunity for treatment of employees of air carriers and foreign air carriers referred to in section 45102(a)(1) of this title who need assistance in resolving problems with the use of alcohol or a controlled substance in violation of law or a United States Government regulation. Each air carrier and foreign air carrier is encouraged to make such a program available to all its employees in addition to the employees referred to in section 45102(a)(1). The Administrator shall decide on the circumstances under which employees shall be required to participate in a program. This subsection does not prevent an air carrier or foreign air carrier from establishing a program under this subsection in cooperation with another air carrier or foreign air carrier.

(b) Program for Employees of the Federal Aviation Administration.—The Administrator shall establish and maintain a rehabilitation program that at least provides for the identification and opportunity for treatment of employees of the Administration whose duties include responsibility for safety-sensitive functions who need assistance in resolving problems with the use of alcohol or a controlled substance.

This amends 49:45105(a) to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1224).

**AMENDMENTS**

§ 45106. Relationship to other laws, regulations, standards, and orders

(a) Effect on State and Local Government Laws, Regulations, Standards, or Orders.—A State or local government may not prescribe, issue, or continue in effect a law, regulation, standard, or order that is inconsistent with regulations prescribed under this chapter. However, a regulation prescribed under this chapter does not preempt a State criminal law that imposes sanctions for reckless conduct leading to loss of life, injury, or damage to property.

(b) International Obligations and Foreign Laws.—(1) In prescribing regulations under this chapter, the Administrator of the Federal Aviation Administration—

(A) shall establish only requirements applicable to foreign air carriers that are consistent with international obligations of the United States; and

(B) shall consider applicable laws and regulations of foreign countries.

(2) The Secretaries of State and Transportation jointly shall request the governments of foreign countries that are members of the International Civil Aviation Organization to strengthen and enforce existing standards to prohibit crewmembers in international civil aviation from using alcohol or a controlled substance in violation of law or a United States Government regulation.

(c) Other Regulations Allowed.—This section does not prevent the Administrator from continuing in effect, amending, or further supplementing a regulation prescribed before October 28, 1991, governing the use of alcohol or a controlled substance by air carrier employees, air carrier employees responsible for safety-sensitive functions, respectively.

§ 45107. Transportation Security Administration

(a) Transfer of Functions Relating to Testing Programs With Respect to Airport Security Screening Personnel.—The authority of the Administrator of the Federal Aviation Administration under this chapter with respect to programs relating to testing of airport security screening personnel are transferred to the Under Secretary of Transportation for Security. Notwithstanding section 45102(a), the regulations prescribed under section 45102(a) shall require testing of such personnel by their employers instead of by air carriers and foreign air carriers.

(b) Applicability of Chapter With Respect to Employees of Administration.—The provisions of this chapter that apply with respect to employees of the Transportation Security Administration whose duties include responsibility for security-sensitive functions shall apply with respect to employees of the Transportation Security Administration whose duties include responsibility for security-sensitive functions. The Under Secretary of Transportation for Security, the Transportation Security Administration, and employees of the Transportation Security Administration whose duties include responsibility for security-sensitive functions shall be subject to and comply with such provisions in the same manner and to the same extent as the Administrator of the Federal Aviation Administration, the Federal Aviation Administration, and employees of the Federal Aviation Administration whose duties include responsibility for safety-sensitive functions, respectively.

Transfer of Functions

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

CHAPTER 453—FEES

Sec. 45301. General provisions.

45302. Fees involving aircraft not providing air transportation.

45303. Administrative provisions.

45304. Maximum fees for private person services.

AMENDMENTS

1996—Pub. L. 104–264, title II, §§ 273(b), 276(b), Oct. 9, 1996, 110 Stat. 3240, 3248, substituted “General provisions” for “Authority to impose fees” in item 45301, added items 45303 and 45304, and struck out item 45303 “Maximum fees for private person services”.

§ 45301. General provisions

(a) Schedule of Fees.—The Administrator shall establish a schedule of new fees, and a col-
lection process for such fees, for the following services provided by the Administrator:

1. Air traffic control and related services provided to aircraft other than military and civilian aircraft of the United States government or of a foreign government that neither take off from, nor land in, the United States.

2. Services (other than air traffic control services) provided to a foreign government or services provided to any entity obtaining services outside the United States, except that the Administrator shall not impose fees in any manner for production-certification related service performed outside the United States pertaining to aeronautical products manufactured outside the United States.

(b) LIMITATIONS.—

(1) AUTHORIZATION AND IMPACT CONSIDERATIONS.—In establishing fees under subsection (a), the Administrator—

(A) is authorized to recover in fiscal year 1997 $100,000,000; and

(B) shall ensure that each of the fees required by subsection (a) is reasonably related to the Administration’s costs, as determined by the Administrator, of providing the service rendered. Services for which costs may be recovered include the costs of air traffic control, navigation, weather services, training and emergency services which are available to facilitate safe transportation over the United States, and other services provided by the Administrator or by programs financed by the Administrator to flights that neither take off nor land in the United States. The Determination of such costs by the Administrator is not subject to judicial review.

(2) PUBLICATION; COMMENT.—The Administrator shall publish in the Federal Register an initial fee schedule and associated collection process as an interim final rule, pursuant to which public comment will be sought and a final rule issued.

(c) USE OF EXPERTS AND CONSULTANTS.—In developing the system, the Administrator may consult with such nongovernmental experts as the Administrator may employ and the Administrator may utilize the services of experts and consultants under section 3109 of title 5 without regard to the limitation imposed by the last sentence of section 3109(b) of such title, and may contract on a sole source basis, notwithstanding any other provision of law to the contrary, the Administrator may retain such experts under a contract awarded on a basis other than a competitive basis and without regard to any such provisions requiring competitive bidding or precluding sole source contract authority.

(d) PRODUCTION-CERTIFICATION RELATED SERVICE DEFINED.—In this section, the term “production-certification related service” has the meaning given that term in appendix C of part 187 of title 14, Code of Federal Regulations.

PRIOR PROVISIONS

AMENDMENTS

2001—Subsec. (b)(1)(B). Pub. L. 107–71 substituted “reasonably” for “directly” and “Administration’s costs, as determined by the Administrator,” for “Administration’s costs and inserted “The Determination of such costs by the Administrator is not subject to judicial review.” at end.

2000—Subsec. (a)(2). Pub. L. 106–181, §719(1), added par. (2) and struck out former par. (2) which read as follows: “Services (other than air traffic control services) provided to a foreign government.”

Effective Date of 2000 Amendment

Effective Date

Section effective on date that is 30 days after Oct. 9, 1996, see section 203 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

Except as otherwise specifically provided, section applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

Overflight Fees

“(a) ADOPATION AND LEGALIZATION OF CERTAIN RULES.—

“(1) APPLICABILITY AND EFFECT OF CERTAIN LAW.—

Notwithstanding section 141(d)(1) of the Aviation and Transportation Security Act [Pub. L. 107–71] (49 U.S.C. 44901 note), section 45301(b)(1)(B) of title 49, United States Code, is deemed to apply to and have effect with respect to the authority of the Administrator of the Federal Aviation Administration with respect to the interim final rule and final rule, relating to overflight fees, issued by the Administrator on May 30, 2000, and August 13, 2001, respectively.

“(2) ADOPTION AND LEGALIZATION.—The interim final rule and final rule referred to in subsection (a), including the fees issued pursuant to those rules, are adopted, legalized, and confirmed as fully to all intents and purposes as if the same had, by prior Act of Congress, been specifically adopted, authorized, and directed as of the date those rules were originally issued.

“(3) FEES TO WHICH APPLICABLE.—This subsection applies to fees assessed after November 19, 2001, and before April 8, 2003, and fees collected after the requirements of subsection (b) have been met.

“(d) DEFERRED COLLECTION OF FEES.—The Administrator shall defer collecting fees under section 45301(a)(1) of title 49, United States Code, until the Administrator reports to Congress responding to the issues raised by the court in Air Transport Association of Canada v. Federal Aviation Administration and Administrator, FAA, decided on April 8, 2003, and (2) consults with users and other interested parties regard-
§ 45302. Fees involving aircraft not providing air transportation

(a) APPLICATION.—This section applies only to aircraft not used to provide air transportation.

(b) GENERAL AUTHORITY AND MAXIMUM FEES.—The Administrator of the Federal Aviation Administration may impose fees to pay the costs of issuing airman certificates to pilots and certificates of registration of aircraft and processing forms for major repairs and alterations of fuel tanks and fuel systems of aircraft. The following fees may not be more than the amounts specified:

1. $12 for issuing an airman’s certificate to a pilot.
2. $25 for registering an aircraft after the transfer of ownership.
3. $15 for renewing an aircraft registration.
4. $7.50 for processing a form for a major repair or alteration of a fuel tank or fuel system of an aircraft.

(c) ADJUSTMENTS.—The Administrator shall adjust the maximum fees established by subsection (b) of this section for changes in the Consumer Price Index for All Urban Consumers published by the Secretary of Labor.

(d) CREDIT TO ACCOUNT AND AVAILABILITY.—Money collected from fees imposed under this section shall be credited to the account in the Treasury from which the Administrator incurs expenses in carrying out chapter 441 and sections 44701–44716 of this title (except sections 44701(f)(2), 44703(f)(2), and 44713(d)(2)). The money is available to the Administrator to pay expenses for which the fees are collected.

(e) EFFECTIVE DATE.—A fee may not be imposed under this section before the date on which the regulations prescribed under sections 44111(d), 44703(f)(2), and 44713(d)(2) of this title take effect.

AMENDMENTS

§ 46101. Complaints and investigations

(a) GENERAL.—(1) A person may file a complaint in writing with the Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) about a person violating this part or a requirement prescribed under this part. Except as provided in subsection (b) of this section, the Secretary, Under Secretary, or Administrator shall investigate the complaint if a reasonable ground appears to the Secretary, Under Secretary, or Administrator for the investigation, about—

(A) a person violating this part or a requirement prescribed under this part; or

(B) any question that may arise under this part.

of the Senate and the Committee on Transportation and Infrastructure of the House of Representaties—

(1) a list of fee collections by the Administration during the preceding fiscal year;

(2) a list of activities by the Administration during the preceding fiscal year that were supported by fee expenditures and appropriations;

(3) budget plans for significant programs, projects, and activities of the Administration, including out-year funding estimates;

(4) any proposed disposition of surplus fees by the Administration; and

(5) such other information as those committees consider necessary.

(e) DEVELOPMENT OF COST ACCOUNTING SYSTEM.—The Administration shall develop a cost accounting system that adequately and accurately reflects the investments, operating and overhead costs, revenues, and other financial measurement and reporting aspects of its operations.

(f) COMPENSATION TO CARRIERS FOR ACTING AS COLLECTION AGENTS.—The Administration shall prescribe regulations to ensure that any air carrier required, pursuant to the Air Traffic Management System Performance Improvement Act of 1996 or any amendments made by that Act, to collect a fee imposed on another party by the Administrator may collect from such other party an additional uniform amount that the Administrator determines reflects the necessary and reasonable expenses (net of interest accruing to the carrier after collection and before remittance) incurred in collecting and handling the fee.

PRIOR PROVISIONS

A prior section 45303 was renumbered section 45304 of this title.

EFFECTIVE DATE

Section effective on date that is 30 days after Oct. 9, 1996, see section 203 of Pub. L. 104-264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

Except as otherwise specifically provided, section applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104-264, set out as an Effective Date of 1996 Amendment note under section 106 of this title.

§ 45304. Maximum fees for private person services

The Administrator of the Federal Aviation Administration may establish maximum fees that private persons may charge for services performed under a delegation to the person under section 44702(d) of this title.

(3) The Secretary of Transportation, Under Secretary, or Administrator may dismiss a complaint without a hearing when the Secretary, Under Secretary, or Administrator is of the opinion that the complaint does not state facts warranting an investigation or action.

(4) After notice and an opportunity for a hearing and subject to subsection 40105(b) of this title, the Secretary of Transportation, Under Secretary, or Administrator shall issue an order to compel compliance with this part if the Secretary, Under Secretary, or Administrator finds in an investigation under this subsection that a person is violating this part.

(b) Complaints Against Members of Armed Forces.—The Secretary of Transportation, Under Secretary, or Administrator shall refer a complaint against a member of the armed forces of the United States performing official duties to the Secretary of the department concerned for action. Not later than 90 days after receiving the complaint, the Secretary of that department shall inform the Secretary of Transportation, Under Secretary, or Administrator of the action taken on the complaint, including any corrective or disciplinary action taken.

In subsection (a)(1), the words ‘‘the Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) about a person violating this part or a requirement prescribed under this part’’ are substituted for ‘‘the Secretary of Transportation or the Board, as to matters within their respective jurisdictions, about anything done or omitted to be done by any person in contravention of any provisions of this chapter, or of any requirement established pursuant thereto’’ for clarity and because of the restatement. The words ‘‘Except as provided in subsection (b) of this section’’ are added because of the restatement of the source provisions in subsection (b) of this section. The words ‘‘the person complained against shall not satisfy the complaint and’’ are omitted as surplus.

In subsection (a)(2), before clause (A), the words ‘‘the Secretary of Transportation or the Administrator, as appropriate’’ are substituted for ‘‘the Secretary of Transportation or Board, with respect to matters within their respective jurisdictions’’ to eliminate unnecessary words. The words ‘‘if a reasonable ground appears to the Secretary or Administrator for the investigation’’ are substituted for 49 App.:1482(b) (last sentence) for clarity and to eliminate unnecessary words. Clause (A) is substituted for ‘‘in any case and as to any matter or thing within their respective jurisdictions, concerning which complaint is authorized to be made to or before the Secretary of Transportation or Board by any provision of this chapter or relating to the enforcement of any of the provisions of this chapter’’ for clarity and to eliminate unnecessary words. In subsection (a)(4), the words ‘‘an opportunity for a’’ are added for consistency in the revised title and with other titles of the United States Code. The words ‘‘compel compliance with this part’’ are substituted for ‘‘compel such person to comply therewith’’ for clarity. The words ‘‘in an investigation instituted upon complaint or upon their own initiative’’ to eliminate unnecessary words. The words ‘‘is violating this part’’ are substituted for ‘‘has failed to comply with any provision of this chapter or any requirement established pursuant thereto’’ for clarity and to eliminate unnecessary words. The words ‘‘with respect to matters within their jurisdiction’’ are omitted as unnecessary because of the restatement.

### Amendments

2001—Subsec. (a)(1). Pub. L. 107–71, §140(b)(1), (2), inserted ‘‘the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or alter ‘‘or’’ and substituted ‘‘Under Secretary, or Administrator’’ for ‘‘or Administrator’’ in two places.

Subsec. (a)(2). Pub. L. 107–71, §140(b)(2), (3), in introductory provisions, substituted ‘‘Under Secretary, or Administrator, as’’ for ‘‘of Transportation or the Administrator, as’’ and substituted ‘‘Under Secretary, or Administrator’’ for ‘‘or Administrator’’ in two places.

Subsec. (a)(3). Pub. L. 107–71, §140(b)(2), substituted ‘‘Under Secretary, or Administrator’’ for ‘‘or Administrator’’ wherever appearing.

Subsec. (b). Pub. L. 107–71, §140(b)(2), substituted ‘‘Under Secretary, or Administrator’’ for ‘‘or Administrator’’ in two places.

### Transfer of Functions

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration to the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Homeland Security, and the Department of Homeland Security Reorganization Plan of November 23, 2002, as modified, set out as a note under section 542 of Title 6.

§ 46102. Proceedings

(a) Conducting Proceedings.—Subject to subchapter II of chapter 5 of title 5, the Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may conduct proceedings in a way conducive to justice and the proper dispatch of business.

(b) Appearance.—A person may appear and be heard before the Secretary, the Under Sec-
secretary, and the Administrator in person or by an attorney. The Secretary may appear and participate as an interested party in a proceeding the Administrator conducts under section 40113(a) of this title.

(c) RECORDING AND PUBLIC ACCESS.—Official action taken by the Secretary, Under Secretary, and Administrator under this part shall be recorded. Proceedings before the Secretary, Under Secretary, and Administrator shall be open to the public on the request of an interested party unless the Secretary, Under Secretary, or Administrator decides that secrecy is required because of national defense.

(d) CONFLICTS OF INTEREST.—The Secretary, the Under Secretary, the Administrator, or an officer or employee of the Administration may not participate in a proceeding referred to in subsection (a) of this section in which the individual has a pecuniary interest.

In subsection (a), the cross-reference to chapter 7 of title 5 is omitted as unnecessary.

In subsection (b), the text of 49 App. 1441 (4th sentence words after last comma) is omitted as obsolete. The words “National Transportation Safety Board” were substituted for “Board” in 49 App. 1441 (4th sentence) because 49 App. 1551(d) transferred all functions, duties, and powers of the Civil Aeronautics Board under titles VI and VII of the Federal Aviation Act of 1958 (Public Law 85-726, 72 Stat. 775) to the Secretary of Transportation to be carried out by the former National Transportation Safety Board in the Department of Transportation. Title VI includes sections 602 and 609 (49 App. 1422, 1429), that provide for appeals to the Civil Aeronautics Board (subsequently transferred to the National Transportation Safety Board), and section 611(e) (49 App. 1453(e)), that provides for appeals to the National Transportation Safety Board. Under 49 App. 1902(a), the National Transportation Safety Board in the Department of Transportation was replaced by an independent National Transportation Safety Board outside the Department, and 49 App. 1903(a)(9)(A) gave the independent Board the authority to review appeals from the Secretary under 49 App. 1422, 1429, and 1434(e).

In subsection (c), the words “vote and” are omitted as surplus.

In subsection (d), the words “officer or employee of the Administration” are substituted for “member” for clarity and consistency in the revised title and with other titles of the United States Code. The words “hearing or” are omitted as surplus. The words “referred to in subsection (a) of this section” are added for clarity.

AMENDMENTS

2001—Subsec. (a). Pub. L. 107–71, §140(b)(1), inserted “the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or” after “or”.

Subsec. (b). Pub. L. 107–71, §140(b)(4), substituted “the Under Secretary, and the Administrator” for “and the Administrator”.

Subsec. (c). Pub. L. 107–71, §140(b)(2), (5), substituted “Under Secretary, and Administrator” for “or Administrator”.

Subsec. (d). Pub. L. 107–71, §140(b)(6), inserted “the Under Secretary,” after “Secretary,”.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and of the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§46103. Service of notice, process, and actions

(a) DESIGNATING AGENTS.—(1) Each air carrier and foreign air carrier shall designate an agent on whom service of notice and process in a proceeding before, and an action of, the Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may be made.

(2) The designation—

(A) shall be in writing and filed with the Secretary, Under Secretary, or Administrator; and

(B) may be changed in the same way as originally made.

(b) SERVICE.—(1) Service may be made—

(A) by personal service;

(B) on a designated agent; or

(C) by certified or registered mail to the person to be served or the designated agent of the person.

(2) The date of service made by certified or registered mail is the date of mailing.

(c) SERVING AGENTS.—Service on an agent designated under this section shall be made at the office or usual place of residence of the agent. If an air carrier or foreign air carrier does not have a designated agent, service may be made by posting the notice, process, or action in the office of the Secretary, Under Secretary, or Administrator.

Section 46104: Evidence

(a) General.—In conducting a hearing or investigation under this part, the Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may:

(1) subpoena witnesses and records related to a matter involved in the hearing or investigation from any place in the United States to the designated place of the hearing or investigation;

(2) administer oaths;

(3) examine witnesses; and

(4) receive evidence at a place in the United States the Secretary, Under Secretary, or Administrator designates.

(b) Compliance With Subpenas.—If a person disobeys a subpena, the Secretary, the Under Secretary, the Administrator, or a party to a proceeding before the Secretary, Under Secretary, or Administrator may petition a court of the United States to enforce the subpena. A judicial proceeding to enforce a subpena under this section may be brought in the jurisdiction in which the proceeding or investigation is conducted. The court may punish a failure to obey an order of the court to comply with the subpena as a contempt of court.

(c) Depositions.—(1) In a proceeding or investigation, the Secretary, Under Secretary, or Administrator may order a person to give testimony by deposition and to produce records. If a person fails to be deposed or to produce records, the order may be enforced in the same way a subpena may be enforced under subsection (b) of this section.

(2) A deposition may be taken before an individual designated by the Secretary, Under Secretary, or Administrator and having the power to administer oaths.

(3) Before taking a deposition, the party or the attorney of the party proposing to take the deposition must give reasonable notice in writing to the opposing party or the attorney of record as to the name of the witness and the time and place of taking the deposition.

(4) The testimony of a person deposed under this subsection shall be under oath. The person taking the deposition shall prepare, or cause to be prepared, a transcript of the testimony taken. The transcript shall be subscribed by the deponent. Each deposition shall be filed promptly with the Secretary, Under Secretary, or Administrator.

(5) If the laws of a foreign country allow, the testimony of a witness in that country may be taken by deposition:

(A) by a consular officer or an individual commissioned by the Secretary, Under Secretary, or Administrator or agreed on by the parties by written stipulation filed with the Secretary, Under Secretary, or Administrator; or

(B) under letters rogatory issued by a court of competent jurisdiction at the request of the Secretary, Under Secretary, or Administrator.

(d) Witness Fees and Mileage and Certain Foreign Country Expenses.—A witness summoned before the Secretary, Under Secretary, or Administrator or whose deposition is taken under this section and the individual taking the deposition are each entitled to the same fee and mileage that the witness and individual would have been paid for those services in a court of the United States. Under regulations of the Secretary, Under Secretary, or Administrator, the Secretary, Under Secretary, or Administrator shall pay the necessary expenses incident to executing, in another country, a commission or letter rogatory issued at the initiative of the Secretary, Under Secretary, or Administrator.
(e) Designating Employees to Conduct Hearings.—When designated by the Secretary, Under Secretary, or Administrator, an employee appointed under section 3105 of title 5 may conduct a hearing, subpoena witnesses, administer oaths, examine witnesses, and receive evidence at a place in the United States the Secretary, Under Secretary, or Administrator designates. On request of a party, the Secretary, Under Secretary, or Administrator shall hear or receive argument.

In this section, the word “Administrator” in section 313(c) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 753) is retained on authority of 49:106(g).

In this section, the word “Administrator” in section 313(c) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 753) is retained on authority of 49:106(g).

In this section, the word “Administrator” in section 313(c) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 753) is retained on authority of 49:106(g).
§ 46105. Regulations and orders

(a) EFFECTIVENESS OF ORDERS.—Except as provided in this part, a regulation prescribed or order issued by the Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) takes effect within a reasonable time prescribed by the Secretary, Under Secretary, or Administrator. The regulation or order remains in effect under its own terms or until superseded. Except as provided in this part, the Secretary, Under Secretary, or Administrator may amend, modify, or suspend an order in the way, and by the notice, the Secretary, Under Secretary, or Administrator decides.

(b) CONTENTS AND SERVICE OF ORDERS.—An order of the Secretary, Under Secretary, or Administrator shall include the findings of fact on which the order is based and shall be served on the parties to the proceeding and the persons affected by the order.

(c) EMERGENCIES.—When the Administrator is of the opinion that an emergency exists related to safety in air commerce and requires immediate action, the Administrator, on the initiative of the Administrator or on complaint, may prescribe regulations and issue orders immediately to meet the emergency, with or without notice and without regard to this part and chapter 5 of title 5. The Administrator shall begin a proceeding immediately about an emergency under this subsection and give preference, when practicable, to the proceeding.

### §46110. Judicial review

(a) FILING AND VENUE.—Except for an order related to a foreign air carrier subject to disapproval by the President under section 41307 or 41509(f) of this title, a person disclosing a substantial interest in an order issued by the Secretary of Transportation (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator of the Federal Aviation Administration with respect to aviation duties and powers designated to be carried out by the Administrator in whole or in part under this part, part B, or subsection (l) or (s) of section 114 may apply for review of the order by filing a petition for review in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the person resides or has its principal place of business. The petition must be filed not later than 60 days after the order is issued. The court may allow the petition to be filed after the 60th day only if there are reasonable grounds for not filing by the 60th day.

(b) JUDICIAL PROCEDURES.—When a petition is filed under subsection (a) of this section, the clerk of the court immediately shall send a copy of the petition to the Secretary, Under Secretary, or Administrator, as appropriate. The Secretary, Under Secretary, or Administrator shall file with the court a record of any proceeding in which the order was issued, as provided in section 2112 of title 28.

(c) AUTHORITY OF COURT.—When the petition is sent to the Secretary, Under Secretary, or Administrator, the court has exclusive jurisdiction to affirm, amend, modify, or set aside any part of the order and may order the Secretary, Under Secretary, or Administrator to conduct further proceedings. After reasonable notice to the Secretary, Under Secretary, or Administrator, the court may grant interim relief by staying the order or taking other appropriate action when good cause for its action exists. Findings of fact by the Secretary, Under Secretary, or Administrator, if supported by substantial evidence, are conclusive.

(d) REQUIREMENT FOR PRIOR OBJECTION.—In reviewing an order under this section, the court may consider an objection to an order of the Secretary, Under Secretary, or Administrator only if the objection was made in the proceeding conducted by the Secretary, Under Secretary, or Administrator or if there was a reasonable ground for not making the objection in the proceeding.

(e) SUPREME COURT REVIEW.—A decision by a court under this section may be reviewed only by the Supreme Court under section 1254 of title 28.

§ 46111 Certificate actions in response to a security threat

(a) ORDERS.—The Administrator of Federal Aviation Administration shall issue an order amending, modifying, suspending, or revoking any part of a certificate issued under this title if the Administrator is notified by the Under Secretary for Border and Transportation Security of the Department of Homeland Security that the holder of the certificate poses, or is suspected of posing, a risk of air piracy or terrorism or a threat to airline or passenger safety. If requested by the Under Secretary, the order shall be effective immediately.

(b) HEARINGS.—An individual who is a citizen of the United States who is adversely affected by an order of the Administrator under subsection (a) is entitled to a hearing on the record.

(c) APPEALS.—An appeal from a decision of an administrative law judge as the result of a hearing under subsection (b) shall be made to the Transportation Security Oversight Board established by section 115. The Board shall establish a panel to review the decision. The members of this panel (1) shall not be employees of the Transportation Security Administration, (2) shall have the level of security clearance needed to review the determination made under this section, and (3) shall be given access to all relevant documents that support that determination. The panel may affirm, modify, or reverse the decision.

(e) REVIEW.—A person substantially affected by an action of a panel under subsection (d), or the Under Secretary when the Under Secretary decides that the action of the panel under this section will have a significant adverse impact on carrying out this part, may obtain review of the order under section 4610. The Under Secretary and the Administrator shall be made a party to the review proceedings. Findings of fact of the panel are conclusive if supported by substantial evidence.

(f) EXPLANATION OF DECISIONS.—An individual who commences an appeal under this section shall receive a written explanation of the basis for the determination or decision and all relevant documents that support that determination to the maximum extent that the national security interests of the United States and other applicable laws permit.

(g) CLASSIFIED EVIDENCE.—

(1) IN GENERAL.—The Under Secretary, in consultation with the Administrator and the Director of Central Intelligence, shall issue regulations to establish procedures by which the Under Secretary, as part of a hearing conducted under this section, may provide an unclassified summary of classified evidence upon which the order of the Administrator was based to the individual adversely affected by the order.
(2) REVIEW OF CLASSIFIED EVIDENCE BY ADMINISTRATIVE LAW JUDGE.—

(A) REVIEW.—As part of a hearing conducted under this section, if the order of the Administrator issued under subsection (a) is based on classified information (as defined in section 1(a) of the Classified Information Procedures Act (18 U.S.C. App.), 1 such information may be submitted by the Under Secretary to the reviewing administrative law judge, pursuant to appropriate security procedures, and shall be reviewed by the administrative law judge ex parte and in camera.

(B) SECURITY CLEARANCES.—Pursuant to existing procedures and requirements, the Under Secretary shall, in coordination, as necessary, with the heads of other affected departments or agencies, ensure that administrative law judges reviewing orders of the Administrator under this section possess security clearances appropriate for their work under this section.

(3) UNCLASSIFIED SUMMARIES OF CLASSIFIED EVIDENCE.—As part of a hearing conducted under this section and upon the request of the individual adversely affected by an order of the Administrator under subsection (a), the Under Secretary shall provide to the individual and reviewing administrative law judge, consistent with the procedures established under paragraph (1), an unclassified summary of any classified information upon which the order of the Administrator is based.

§ 46301. Civil penalties

(a) GENERAL PENALTY.—(1) A person is liable to the United States Government for a civil penalty of not more than $25,000 (or $1,100 if the person is an individual or small business concern) for violating—

(A) chapter 401 (except sections 40103(a) and (d), 40105, 40116, and 40117), chapter 411, chapter 413 (except sections 41307 and 41310(b)–(f)), chapter 415 (except sections 41502, 41505, and 41507–41509), chapter 417 (except sections 41703, 41704, 41710, 41713, and 41714), chapter 419, subchapter II or III of chapter 421, chapter 441 (except section 44109), section 44502(b) or (c), chapter 447 (except sections 44717 and 44719–44723), chapter 449 (except sections 44902, 44903(d), 44904, 44907(a)–(d), and (d)(1)(C)–(f), and 44908), section 47107(b) (including any assurance made under such section), or section 47133 of this title;

(B) a regulation prescribed or order issued under any provision to which clause (A) of this paragraph applies;

(C) any term of a certificate or permit issued under section 41102, 41103, or 41302 of this title; or

(D) a regulation of the United States Postal Service under this part.

(2) A separate violation occurs under this subsection for each day the violation (other than a violation of section 41719) continues or, if applicable, for each flight involving the violation (other than a violation of section 41719).

(3) PENALTY FOR DIVERSION OF AVIATION REVENUES.—The amount of a civil penalty assessed under this section for a violation of section 47107(b) of this title (or any assurance made under such section) or section 47133 of this title may be increased above the otherwise applicable maximum amount under this section to an amount not to exceed 3 times the amount of revenues that are used in violation of such section.

(4) AVIATION SECURITY VIOLATIONS.—Notwithstanding paragraph (1) of this subsection, the maximum civil penalty for violating chapter 449 shall be $30,000; except that the maximum civil penalty shall be $25,000 in the case of a person operating an aircraft for the transportation of passengers or property for compensation (except an individual serving as an airman).
(5) **Penalties Applicable to Individuals and Small Business Concerns.**—

(A) An individual (except an airman serving as an airman) or small business concern is liable to the Government for a civil penalty of not more than $10,000 for violating—

(i) chapter 401 (except sections 40103(a) and (d), 40105, 40106(b), 40116, and 40117), section 44502 (b) or (c), chapter 447 (except sections 44717–44723), or chapter 449 (except sections 44902, 44903(d), 44904, and 44907–44909) of this title; or

(ii) a regulation prescribed or order issued under any provision to which clause (i) applies.

(B) A civil penalty of not more than $10,000 may be imposed for each violation under paragraph (a) for an individual or small business concern related to—

(i) the transportation of hazardous material;

(ii) the registration or recordation under chapter 441 of an aircraft not used to provide air transportation;

(iii) a violation of section 44718(d), relating to the limitation on construction or establishment of landfills;

(iv) a violation of section 44725, relating to the safe disposal of life-limited aircraft parts; or

(v) a violation of section 40127 or section 41705, relating to discrimination.

(C) Notwithstanding paragraph (1), the maximum civil penalty for a violation of section 41719 committed by an individual or small business concern shall be $5,000 instead of $1,000.

(D) Notwithstanding paragraph (1), the maximum civil penalty for a violation of section 41712 (including a regulation prescribed or order issued under such section) or any other regulation prescribed by the Secretary by an individual or small business concern that is intended to afford consumer protection to commercial air transportation passengers shall be $2,500 for each violation.

(6) **Failure To 1 Collect 1 Airport 1 Security 1 Badges.**—Notwithstanding paragraph (1), any employer (other than a governmental entity or airport operator) who employs an employee to whom an airport security badge or other identifier used to obtain access to a secure area of an airport is issued before, on, or after the date of enactment of this paragraph and who does not collect or make reasonable efforts to collect such badge from the employee on the date that the employment of the employee is terminated and does not notify the operator of the airport of such termination within 24 hours of the date of such termination shall be liable to the Government for a civil penalty not to exceed $10,000.

(1) A passenger may not tamper with, disable, or destroy a smoke alarm device located in a lavatory on an aircraft providing air transportation or intrastate air transportation.

(2) An individual violating this subsection is liable to the Government for a civil penalty of not more than $2,000.

(c) **Procedural Requirements.**—(1) The Secretary of Transportation may impose a civil penalty for the following violations only after notice and an opportunity for a hearing:

(A) A violation of subsection (b) of this section or chapter 411, chapter 413 (except sections 41307 and 41310(b)–(f)), chapter 415 (except sections 41502, 41505, and 41507–41509), chapter 417 (except sections 41703, 41704, 41710, 41713, and 41714), chapter 419, subchapter II of chapter 421, or section 44909 of this title.

(B) A violation of a regulation prescribed or order issued under any provision to which clause (A) of this paragraph applies.

(C) A violation of any term of a certificate or permit issued under section 41102, 41103, or 41302 of this title.

(D) A violation under subsection (a)(1) of this section related to the transportation of hazardous material.

(2) The Secretary shall give written notice of the finding of a violation and the civil penalty under paragraph (1) of this subsection.

(d) **Administrative Imposition of Penalties.**—(1) In this subsection—

(A) "flight engineer" means an individual who holds a flight engineer certificate issued under part 63 of title 14, Code of Federal Regulations.

(B) "mechanic" means an individual who holds a mechanic certificate issued under part 65 of title 14, Code of Federal Regulations.

(C) "pilot" means an individual who holds a pilot certificate issued under part 61 of title 14, Code of Federal Regulations.

(D) "repairman" means an individual who holds a repairman certificate issued under part 65 of title 14, Code of Federal Regulations.

(2) The Administrator of the Federal Aviation Administration may impose a civil penalty for a violation of chapter 401 (except sections 40103(a) and (d), 40105, 40106(b), 40116, and 40117), chapter 447 (except section 44109), section 44502(b) or (c), chapter 449 (except sections 44907(d)(1)(E), 44907(d)(1)(F), 44908, and 44909), section 44910(b) (as further defined by the Secretary under section 4107(f)(1) and including any assurance made under section 4107(b)) of this title or a regulation prescribed or order issued under any of those provisions. The Secretary of Homeland Security may impose a civil penalty for a violation of chapter 449 (except sections 44902, 44903(d), 44907(a)–(d)(1)(A), 44907(d)(1)(C)–(f), 44908, and 44909), section 46302 (except for a violation relating to section 46504), 46303 (as further defined by the Secretary under section 47107(f)(1) and including any assurance made under section 47107(b)) of this title or a regulation prescribed or order issued under any of those provisions. The Secretary of Homeland Security may impose a civil penalty for a violation of chapter 449 (except sections 44902, 44903(d), 44907(a)–(d)(1)(A), 44907(d)(1)(C)–(f), 44908, and 44909), section 46302 (except for a violation relating to section 46504), 46303, or a regulation prescribed or order issued under such chapter 449. The Secretary of Homeland Security or Administrator shall give written notice of the finding of a violation and the penalty.

(3) In a civil action to collect a civil penalty imposed by the Secretary of Homeland Security or Administrator under this subsection, the issues of liability and the amount of the penalty may not be reexamined.

(4) Notwithstanding paragraph (2) of this subsection, the district courts of the United States have exclusive jurisdiction of a civil action in-

volving a penalty the Secretary of Homeland Se-
curity or Administrator initiates if—
(A) the amount in controversy is more than—
(i) $50,000 if the violation was committed by any person before the date of enactment of the Vision 100—Century of Aviation Reau-
thorization Act;
(ii) $400,000 if the violation was committed by a person other than an individual or small business concern on or after that date; or
(iii) $50,000 if the violation was committed by an individual or small business concern on or after that date;
(B) the action is in rem or another action in rem based on the same violation has been brought;
(C) the action involves an aircraft subject to a lien that has been seized by the Government; or
(D) another action has been brought for an injunction based on the same violation.
(5)(A) The Administrator may issue an order imposing a penalty under this subsection against an individual acting as a pilot, flight engine-
er, mechanic, or repairman only after advis-
ing the individual of the charges or any reason the Administrator relied on for the proposed penalty and providing the individual an oppor-
tunity to answer the charges and be heard about why the order shall not be issued.
(B) An individual acting as a pilot, flight engine-
er, mechanic, or repairman may appeal an order imposing a penalty under this subsection to the National Transportation Safety Board. After notice and an opportunity for a hearing on the record, the Board shall affirm, modify, or re-
verse the order. The Board may modify a civil penalty imposed to a suspension or revocation of a certificate.
(C) When conducting a hearing under this par-
paragraph, the Board is not bound by findings of fact of the Administrator but is bound by all validly adopted interpretations of laws and reg-
ulations the Administrator carries out and of written agency policy guidance available to the public related to sanctions to be imposed under this subsection unless the Board finds an interpre-
tation is arbitrary, capricious, or otherwise not ac-
cording to law.
(D) When an individual files an appeal with the Board under this paragraph, the order of the Administrator is stayed.
(6) An individual substantially affected by an order of the Board under paragraph (5) of this subsection, or the Administrator when the Ad-
mnistrator decides that an order of the Board under paragraph (5) will have a significant ad-
verse impact on carrying out this part, may ob-
tain judicial review of the order under section 46110 of this title. The Administrator shall be made a party to the judicial review proceedings. Findings of fact of the Board are conclusive if supported by substantial evidence.
(7)(A) The Administrator may impose a pen-
alty on a person (except an individual acting as a pilot, flight engineer, mechanic, or repairman) only after notice and an opportunity for a hear-
ing on the record.
(B) In an appeal from a decision of an adminis-
trative law judge as the result of a hearing under subparagraph (A) of this paragraph, the Administrator shall consider only whether—
(i) each finding of fact is supported by a pre-
ponderance of reliable, probative, and substan-
tial evidence;
(ii) each conclusion of law is made according to applicable law, precedent, and public policy; and
(iii) the judge committed a prejudicial error that supports the appeal.
(C) Except for good cause, a civil action in-
volving a penalty under this paragraph may not be initiated later than 2 years after the viola-
tion occurs.
(D) In the case of a violation of section 47107(b) of this title or any assurance made under such section—
(i) a civil penalty shall not be assessed against an individual;
(ii) a civil penalty may be compromised as pro-
vided under subsection (f); and
(iii) judicial review of any order assessing a civil penalty may be obtained only pursuant to section 46110 of this title.
(8) The maximum civil penalty the Under Sec-
retary, Administrator, or Board may impose under this subsection is—
(A) $50,000 if the violation was committed by any person before the date of enactment of the Vision 100—Century of Aviation Reauthoriza-
tion Act;
(B) $400,000 if the violation was committed by a person other than an individual or small business concern on or after that date; or
(C) $50,000 if the violation was committed by an individual or small business concern on or after that date.
(9) This subsection applies only to a violation occurring after August 25, 1992.
(e) PENALTY CONSIDERATIONS.—In determining the amount of a civil penalty under subsection (a)(3) of this section related to transportation of hazardous material, the Secretary shall con-
sider—
(1) the nature, circumstances, extent, and gravity of the violation;
(2) with respect to the violator, the degree of culpability, any history of prior violations, the ability to pay, and any effect on the abil-
ity to continue doing business; and
(3) other matters that justice requires.
(f) COMPROMISE AND SETOFF.—(1)(A) The Sec-
retary may compromise the amount of a civil penalty imposed for violating—
(i) chapter 401 (except sections 40103(a) and (d), 40105, 40116, and 40117), chapter 441 (except section 44109), section 44502(b) or (c), chapter 447 (except sections 44717 and 44719–44723), or chapter 449 (except sections 44902, 44903(d), 44904, 44907(a)–(d)(1)(A) and (d)(1)(C)–(f), 44908, and 44909) of this title; or
(ii) a regulation prescribed or order issued under any provision to which clause (i) of this subparagraph applies.
(B) The Postal Service may compromise the amount of a civil penalty imposed under subsection (a)(1)(D) of this section.
(2) The Government may deduct the amount of a civil penalty imposed or compromised under this subsection from amounts it owes the person liable for the penalty.

(g) JUDICIAL REVIEW.—An order of the Secretary or the Administrator imposing a civil penalty may be reviewed judicially only under section 46110 of this title.

(h) NONAPPLICATION.—(1) This section does not apply to the following when performing official duties:

(A) a member of the armed forces of the United States.

(B) a civilian employee of the Department of Defense subject to the Uniform Code of Military Justice.

(2) The appropriate military authority is responsible for taking necessary disciplinary action and submitting to the Secretary (or the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or the Administrator with respect to aviation safety duties and powers designated to be carried out by the Administrator) a timely report on action taken.

(1) SMALL BUSINESS CONCERN DEFINED.—In this section, the term "small business concern" has the meaning given that term in section 3 of the Small Business Act (15 U.S.C. 632).

In this section, the word "prescribed" is added for consistency in the revised title and with other titles of the United States Code. The words "United States Postal Service" and "Postal Service" are substituted for "Postmaster General" because of section 4(a) of the Postal Reorganization Act (Public Law 91–375, 84 Stat. 1493). In subsections (a)(1)(C) and (c), the words "condition, or limitation" are omitted as surplus. In subsection (a)(2), before clause (A), the words "occurring after December 30, 1987" are omitted as obsolete. In subsection (b)(1), the word "providing" is substituted for "engaged in" for consistency in the revised title. In subsection (b)(2), the words "in accordance with section 1471 of this Appendix" are omitted as surplus. In subsection (c)(1), before clause (A), the words "or his delegate" are omitted because the word "impose" is substituted for "assessed" for consistency. The words "amount of any such" are omitted as surplus.
In subsection (d), the word “impose” is substituted for “assess” for consistency.

In subsection (d)(1), before clause (A), the words “the following definitions apply” are omitted as surplus.

In subsection (d)(2), the text of section 7214 of the Anti-Drug Abuse Act of 1988 (Public Law 100–690, 102 Stat. 4491) is omitted as obsolete. The words “or the delegate of the Administrator” are omitted because of 49:322(b).

In subsection (d)(4)(C), the word “or” is substituted for “and” for clarity.

In subsection (d)(5)(B) and (7)(A), the words “in accordance with section 554 of title 5” are omitted for consistency in the revised title and because 5554 applies to a hearing on the record unless otherwise stated.

In subsection (d)(5)(B), the words “consistent with this subsection” are omitted as surplus.

In subsection (d)(5)(C), the word “Administrator” is substituted for “Federal Aviation Administration” because of 49:106(b) and (g).

In subsection (e)(7)(B), before clause (1), the words “as the result of a hearing under subparagraph (A) of this paragraph” are added for clarity.

In subsection (e), before clause (1), the words “civil penalty under subsection (a)(3) of this section related to transportation of hazardous material” are substituted for “such penalty” for clarity. In clause (1), the word “committed” is omitted as surplus.

In subsection (f)(3)(C), the word “imposed” is substituted for “when finally determined or fixed by order of the Board” for consistency. The words “agreed upon” are omitted as surplus.

In subsection (g), the word “imposing” is substituted for “assessing” for consistency.

In subsection (h)(2), the words “with respect thereto” are omitted as surplus. The word “Administrator” in section 901(a)(1) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 783) is retained on authority of 49:106(g).

Pub. L. 103–429

This amends 49:46301(a)(1)(A) and (2)(A), (c)(1)(A), (d)(2), and (f)(1)(A)(i) to correct erroneous cross-references.

Pub. L. 104–287, §§77(A) and (B)

These amend 49:46301(a)(1)(A) and (2)(A) to correct errors in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1231), to include in the cross-reference sections enacted after the cutoff date for the codification of title 49 as enacted by section 1 of the Act (Public Law 103–272, 108 Stat. 745), and to make it easier to include future sections in the cross-reference by restating it in terms of chapters.

Pub. L. 104–287, §77(C)

This makes a conforming amendment to 49:46304(a)(3).

Pub. L. 104–287, §§77(D)(F)

These amend 49:46301(c)(1)(A), (d)(2), and (f)(1)(A)(i) to correct errors in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1231), to include in the cross-reference sections enacted after the cutoff date for the codification of title 49 as enacted by section 1 of the Act (Public Law 103–272, 108 Stat. 745), and to make it easier to include future sections in the cross-reference by restating it in terms of chapters.

AMENDMENTS

2007—Subsec. (a)(4). Pub. L. 110–53 struck out “or another requirement under this title administered by the Under Secretary of Transportation for Security” after “chapter 449”.

2003—Subsec. (a)(1). Pub. L. 108–176, §503(a)(1), substituted “$2,500 (or $1,100 if the person is an individual or small business concern)” for “$1,000” in introductory provisions.

Subsec. (a)(1)(A). Pub. L. 108–176, §503(a)(2), (3), struck out “or” before “section 47107(b)” and substituted “section,” or section 47133” for “section”.

Pub. L. 108–176, §503(a)(4), redesignated par. (4) as (2) and struck out former par. (2) which read as follows: “A person operating an aircraft for the transportation of passengers or property for compensation (except an airman serving as an airman) is liable to the Government for a civil penalty of not more than $10,000 for violating—

“(A) chapter 401 (except sections 40103(a) and (d), 40105, 40106(b), 40116, and 40117, section 4502(b) or (c), chapter 447 (except sections 44717–44723), or chapter 449 (except sections 44902, 44903(d), 44904, and 44907–44909) of this title; or

“(B) a regulation prescribed or order issued under any provision to which clause (A) of this paragraph applies.”

Subsec. (a)(3). Pub. L. 108–176, §503(a)(4), redesignated par. (5) as (3) and struck out former par. (3) which read as follows: “A civil penalty of not more than $10,000 may be imposed for each violation under paragraph (1) of this subsection related to—

“(A) the transportation of hazardous material;

“(B) the registration or recordation under chapter 411 of this title of an aircraft not used to provide air transportation;

“(C) a violation of section 47178(b), relating to the limitation on construction or establishment of landing fields;

“(D) a violation of section 47725, relating to the safe disposal of life-limited aircraft parts; or

“(E) a violation of section 47165, relating to discrimination against handicapped individuals.”

Subsec. (a)(4). Pub. L. 108–176, §503(a)(6), substituted “paragraph (1)” for “paragraphs (1) and (2)”.

Formar. par. (4) redesignated (2).

Former par. (5) redesignated (3).

Subsec. (a)(6). Pub. L. 108–176, §503(a)(4), struck out heading and text of par. (6). Text read as follows: “Notwithstanding paragraph (1), the maximum civil penalty for violating section 47175 shall be $5,000 instead of $1,000.”

Subsec. (a)(7). Pub. L. 108–176, §503(a)(4), struck out heading and text of par. (7). Text read as follows: “Notwithstanding paragraphs (1) and (4), the maximum civil penalty for violating section 40127 or 41712 (including a regulation prescribed or order issued under such section) or any other regulation prescribed by the Secretary that is intended to afford consumer protection to commercial air transportation passengers, shall be $2,500 for each violation.”

Subsec. (d)(1)(A). Pub. L. 101–161, § 504(b), (e)(1)(A)(i), substituted “section 4717 and 44912–44915, 44932–44938,” for “section 44717 and 44719–44723,” or chapter 449 (except sections 44902, 44903(d), 44904, 44907(a)–(d)(1)(A) and (d)(1)(C)–(f), 44908, and 44909), or section 44909) before “or section 44909” before “of this title”.

Subsec. (d)(2). Pub. L. 101–161, § 504(b) and (c), which directed amendment of par. (2) by inserting “44719–44723,” after “44717,” was repealed by Pub. L. 105–102.

Subsec. (f)(1)(A)(i). Pub. L. 104–264, § 502(c)(1), added “section 44502(b) or (c), chapter 447 (except sections 44717 and 44719–44723), or chapter 449 (except sections 44902, 44903(d), 44904, and 44907–44909) for any of sections 44701(a) or (b), 44702–44716, 44901, 44903(b) or (c), 44905, 44906, 44912–44915, or 44932–44938,” for “section 44701(a) or (b), or 44717–44723, or chapter 449 (except sections 44902, 44903(d), 44904, 44907(a)–(d)(1)(A) and (d)(1)(C)–(f), 44908, and 44909), or section 44909” before “of this title”.

Subsec. (g)(1). Pub. L. 104–264, § 502(c)(1), which directed amendment of cl. (i) by inserting “44718(d),” after “44718(d),” was repealed by Pub. L. 105–102.

Pub. L. 103–305, § 207(c)(1), inserted “, or 44715” before “of this title”.

Pub. L. 103–305, § 207(c)(2), inserted “section 44710(b)” including any assurance made under such section) for “or 46938”.

Subsec. (a)(4). Pub. L. 103–305, § 207(c)(2), inserted “other than a violation of section 4717” after “the violation” in two places.

Subsec. (d)(2). Pub. L. 103–429, § 6(60)(B), substituted “any of sections 44701(a)” for “section 44701(a)”.

Subsec. (f)(1)(A)(i). Pub. L. 103–429, § 6(60)(A), substituted “44502(b) or (c), chapter 447 (except sections 44717 and 44719–44723), or chapter 449 (except sections 44902, 44903(d), 44904, and 44907–44909)” for “‘any of sections 44902, 44903(d), 44904, and 44907–44909’” for “‘or any of sections 44701(a) or (b), 44702–44716, 44901, 44903(b) or (c), 44905, 44906, 44912–44915, or 44932–44938’.”
§ 46302. False information

(a) CIVIL PENALTY.—A person that, knowing the information to be false, gives, or causes to be given, under circumstances in which the information reasonably may be believed, false information about an alleged attempt being made or to be made to do an act that would violate section 46502(a), 46504, 46505, or 46506 of this title, is liable to the United States Government for a civil penalty of not more than $10,000 for each violation.

(b) COMPROMISE AND SETTLEMENT.—(1) The Secretary of Homeland Security and, for a violation relating to section 46504, the Secretary of Transportation, may compromise the amount of a civil penalty imposed under subsection (a) of this section.

(2) The Government may deduct the amount of a civil penalty imposed or compromised under this section from amounts it owes the person liable for the penalty.

46303. Carrying a weapon

(a) CIVIL PENALTY.—An individual who, when on, or attempting to board, an aircraft in, or intended for operation in, air transportation or intrastate air transportation, has on or about the individual or the property of the individual a concealed dangerous weapon that is or would be accessible to the individual in flight is liable to the United States Government for a civil penalty of not more than $10,000 for each violation.
§ 46304. Liens on aircraft

(a) Aircraft subject to liens.—When an aircraft is involved in a violation referred to in section 46301(a)(1)(A)–(C) of this title and the violation is by the owner of, or individual commanding, the aircraft, the aircraft is subject to a lien for the civil penalty.

(b) Seizure.—An aircraft subject to a lien under this section may be seized summarily and placed in the custody of a person authorized to take custody of it under regulations of the Secretary of Transportation or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator. A report on the seizure shall be submitted to the Attorney General. The Attorney General promptly shall bring a civil action in rem to enforce the lien or notify the Secretary or Administrator that the action will not be brought.

(c) Release.—An aircraft seized under subsection (b) of this section shall be released from custody when—

(1) the civil penalty is paid;

(2) a compromise amount agreed on is paid;

(3) the aircraft is seized under a civil action in rem to enforce the lien;

(4) the Attorney General gives notice that a civil action will not be brought under subsection (b) of this section; or

(5) a bond (in an amount and with a surety the Secretary or Administrator prescribes), conditioned on payment of the penalty or compromise, is deposited with the Secretary or Administrator.

In this section, the word “civil” is added before “penalty” for consistency in the revised title and with other titles of the United States Code. In subsections (b) and (c), the word “Administrator” in section 902(b)(2) and (d) of the Federal Aviation Act of 1958 (Public Law 85–726, 72 Stat. 786) is retained on authority of 49:106(g). The words “Attorney General” are substituted for “United States attorney for the judicial district in which the seizure is made” and “United States attorney” because of 28:503 and 509.

In subsection (b), the words “report on the seizure” are substituted for “report of the cause” for clarity. The words “bring a civil action in rem” are substituted for “institute proceedings” for clarity and consistency in the revised title and with other titles of the Code and the Federal Rules of Civil Procedure (28 U.S.C.). The words “that the action will not be brought” are substituted for “of his failure to so act” for clarity.

In subsection (c)(3), the words “under a civil action in rem” are substituted for “in pursuance of process of any court in proceedings in rem” to eliminate unnecessary words and for consistency.

AMENDMENTS

2001—Subsec. (c)(2). Pub. L. 107–71 inserted “or the United States Secretary of Transportation for Security” after “Federal Aviation Administration.”
§ 46305. Actions to recover civil penalties

A civil penalty under this chapter may be collected by bringing a civil action against the person subject to the penalty, a civil action in rem against an aircraft subject to a lien for a penalty, or both. The action shall conform as nearly as practicable to a civil action in admiralty, regardless of the place an aircraft in a civil action in rem is seized. However, a party may demand a jury trial of an issue of fact in an action involving a civil penalty under this chapter (except a penalty imposed by the Secretary of Transportation that formerly was imposed by the Civil Aeronautics Board) if the value of the matter in controversy is more than $20. Issues of fact tried by a jury may be reexamined only under common law rules.

The text of 49 App.:1473(b)(4) is omitted because of 28 ch. 131. The words “imposed or assessed” are omitted as surplus. The words “bringing a civil action” are substituted for “proceedings in personam”, the words “civil action in rem” are substituted for “proceedings in rem”, and the words “civil action” are substituted for “civil suit”, for consistency in the revised title and with other titles of the United States Code and the Federal Rules of Civil Procedure (28 App. U.S.C.). The words “regardless of the place an aircraft in a civil action in rem is seized” are substituted for 49 App.:1473(b)(1) (last sentence) to eliminate unnecessary words. The word “civil” is added after “involving a” for clarity. The words “except a penalty imposed by the Secretary of Transportation that formerly was imposed by the Civil Aeronautics Board” are substituted for “other than those assessed by the Board” because the Civil Aeronautics Board went out of existence and its duties and powers were transferred to the Secretary of Transportation.

§ 46306. Registration violations involving aircraft not providing air transportation

(a) APPLICATION.—This section applies only to aircraft not used to provide air transportation.

(b) GENERAL CRIMINAL PENALTY.—Except as provided by subsection (c) of this section, a person shall be fined under title 18, imprisoned for not more than 3 years, or both, if the person—

1. knowingly and willfully forges or alters a certificate authorized to be issued under this part;

2. knowingly sells, uses, attempts to use, or possesses with the intent to use, such a certificate;

3. knowingly and willfully displays or causes to be displayed on an aircraft a mark that is false or misleading about the national or registration of the aircraft;

4. obtains a certificate authorized to be issued under this part by knowingly and willfully falsifying or concealing a material fact, making a false, fictitious, or fraudulent statement, or making or using a false document knowing it contains a false, fictitious, or fraudulent statement or entry;

5. owns an aircraft eligible for registration under section 44102 of this title and knowingly and willfully operates, attempts to operate, or allows another person to operate the aircraft when—

(A) the aircraft is not registered under section 44103 of this title or the certificate of registration is suspended or revoked; or

(B) the owner knows or has reason to know that the person does not have proper authorization to operate or navigate the aircraft without registration for a period of time after transfer of ownership;

6. knowingly and willfully operates or attempts to operate an aircraft eligible for registration under section 44102 of this title knowing that—

(A) the aircraft is not registered under section 44103 of this title;

(B) the certificate of registration is suspended or revoked; or

(C) the person does not have proper authorization to operate or navigate the aircraft without registration for a period of time after transfer of ownership;

7. knowingly and willfully serves or attempts to serve in any capacity as an airman without an airman’s certificate authorizing the individual to serve in that capacity;

8. knowingly and willfully employs for service or uses in any capacity as an airman an individual who does not have an airman’s certificate authorizing the individual to serve in that capacity; or

9. operates an aircraft with a fuel tank or fuel system that has been installed or modified knowing that the tank, system, installation, or modification does not comply with regulations and requirements of the Administrator of the Federal Aviation Administration.

(c) CONTROLLED SUBSTANCE CRIMINAL PENALTY.—(1) In this subsection, “controlled substance” has the same meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(2) A person violating subsection (b) of this section shall be fined under title 18, imprisoned for not more than 5 years, or both, if the violation is related to transporting a controlled substance by aircraft or aiding or facilitating a controlled substance violation and the transporting, aiding, or facilitating—

(A) is punishable by death or imprisonment of more than one year under a law of the United States or a State; or
(B) that is provided is related to an act punishable by death or imprisonment for more than one year under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance).

(3) A term of imprisonment imposed under paragraph (2) of this subsection shall be served in addition to, and not concurrently with, any other term of imprisonment imposed on the individual.

(d) SEIZURE AND FORFEITURE.—(1) The Administrator of Drug Enforcement or the Commissioner of Customs may seize and forfeit under the customs laws an aircraft whose use is related to a violation of subsection (b) of this section, or to aid or facilitate a violation, regardless of whether a person is charged with the violation.

(2) An aircraft’s use is presumed to have been related to a violation of, or to aid or facilitate a violation of—

(A) subsection (b)(1) of this section if the aircraft certificate of registration has been forged or altered;

(B) subsection (b)(3) of this section if there is an external display of false or misleading registration numbers or country of registration;

(C) subsection (b)(4) of this section if—

(i) the aircraft is registered to a false or fictitious person; or

(ii) the application form used to obtain the aircraft certificate of registration contains a material false statement;

(D) subsection (b)(5) of this section if the aircraft was operated when it was not registered under section 44103 of this title; or

(E) subsection (b)(9) of this section if the aircraft has a fuel tank or fuel system that was installed or altered—

(i) in violation of a regulation or requirement of the Administrator of the Federal Aviation Administration; or

(ii) if a certificate required to be issued for the installation or alteration is not carried on the aircraft.

(3) The Administrator of the Federal Aviation Administration, the Administrator of Drug Enforcement, and the Commissioner shall agree to a memorandum of understanding to establish procedures to carry out this subsection.

(e) RELATIONSHIP TO STATE LAWS.—This part does not prevent a State from establishing a criminal penalty, including providing for forfeiture and seizure of aircraft, for a person that—

(1) knowingly and willfully forges or alters an aircraft certificate of registration;

(2) knowingly sells, uses, attempts to use, or possesses with the intent to use, a fraudulent aircraft certificate of registration;

(3) knowingly and willfully displays or causes to be displayed on an aircraft a mark that is false or misleading about the nationality or registration of the aircraft; or

(4) obtains an aircraft certificate of registration from the Administrator of the Federal Aviation Administration by—

(A) knowingly and willfully falsifying or concealing a material fact;

(B) making a false, fictitious, or fraudulent statement; or

(C) making or using a false document knowing it contains a false, fictitious, or fraudulent statement or entry.

(b) CRIMINAL PENALTY.—A person shall be fined under title 18, imprisoned for not more than 5 years, or both, if—

(1) the person knowingly and willfully operates an aircraft in violation of a regulation or requirement of the Administrator of the Federal Aviation Administration related to the display of navigation or anticollision lights; or

(2) the person is knowingly transporting a controlled substance by aircraft or aiding or facilitating a controlled substance offense; and

(3) the transporting, aiding, or facilitating—

(A) is punishable by death or imprisonment for more than one year under a law of the United States or a State; or

(B) is provided in connection with an act punishable by death or imprisonment for more than one year under a law of the United States or a State related to a controlled substance (except a law related to simple possession of a controlled substance).

of this Appendix’ are omitted as surplus because 49 App.:1474 is not included in the revised title. The words ‘shall be deemed guilty of a misdemeanor’ are omitted for consistency with title 18. The words ‘and upon conviction thereof’ are omitted as surplus. The words ‘shall be found guilty of title 18’ are substituted for ‘shall be subject for the first offense to a fine of not more than $500, and for any subsequent offense to a fine of not more than $2,000’ for consistency with title 18.

In subsection (b), reference to 49 App.:ch. 20, subch. VII is omitted as unnecessary because subchapter VII is not restated in this part.

**Pub. L. 104–287**

This amends 49:46318(b) to make it easier to include future sections in the cross-reference by restating it in terms of chapters.

**AMENDMENTS**

2001—Subsec. (a). Pub. L. 107–71 inserted ‘‘the Under Secretary of Transportation for Security with respect to security duties and powers designated to be carried out by the Under Secretary or’’ after ‘‘or’’.

1996—Subsec. (b). Pub. L. 104–287, as amended by Pub. L. 105–102, substituted ‘‘chapter 447 (except section 44718(a), and chapter 449 (except sections 44902, 44903(d), 44904, and 44907–44909)’’ for ‘‘and sections 44701(a) and (b), 44702–44716, 44901, 44903(b) and (c), 44905, 44906, 44912–44915, and 44932–44938’’.

**EFFECTIVE DATE OF 1997 AMENDMENT**

Pub. L. 105–102, § 3(d), Nov. 20, 1997, 111 Stat. 2215, provided that the amendment made by section 3(d)(1)(D) is effective Oct. 11, 1996. Amendment by Pub. L. 105–102 effective as if included in the provisions of the Act to which the amendment relates, see section 3(d) of Pub. L. 105–102, set out as a note under section 106 of this title.

**EFFECTIVE DATE OF 1996 AMENDMENT**

Amendment by Pub. L. 104–287 effective July 5, 1994, see section 8(1) of Pub. L. 104–287, set out as a note under section 5303 of this title.

**TRANSFER OF FUNCTIONS**

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration to the Department of Transportation, see section 284 of Pub. L. 109–148, set out as a note under section 49108 of this title.

§ 46317. Criminal penalty for pilots operating in air transportation without an airman’s certificate

(a) **GENERAL CRIMINAL PENALTY.**—An individual shall be fined under title 18 or imprisoned for not more than 5 years, or both, if that individual—

(1) knowingly and willfully serves or attempts to serve in any capacity as an airman operating an aircraft in air transportation without an airman’s certificate authorizing the individual to serve in that capacity; or

(2) knowingly and willfully employs for service or uses in any capacity as an airman to operate an aircraft in air transportation an individual who does not have an airman’s certificate authorizing the individual to serve in that capacity.

(b) **CONTROLLED SUBSTANCE CRIMINAL PENALTY.**—

(1) **CONTROLLED SUBSTANCES DEFINED.**—In this subsection, the term ‘‘controlled substance’’ has the meaning given that term in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802).

(2) **CRIMINAL PENALTY.**—An individual violating subsection (a) shall be fined under title 18 or imprisoned for not more than 5 years, or both, if the violation is related to transporting a controlled substance by aircraft or aiding or facilitating a controlled substance violation and that transporting, aiding, or facilitating—

(A) is punishable by death or imprisonment of more than 1 year under a Federal or State law; or

(B) is related to an act punishable by death or imprisonment for more than 1 year under a Federal or State law related to a controlled substance (except a law related to simple possession (as that term is used in section 46306(c) of a controlled substance).

(3) **TERMS OF IMPRISONMENT.**—A term of imprisonment imposed under paragraph (2) shall be served in addition to, and not concurrently with, any other term of imprisonment imposed on the individual subject to the imprisonment.

**EFFECTIVE DATE**

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 46318. Interference with cabin or flight crew

(a) **GENERAL RULE.**—An individual who physically assaults or threatens to physically assault a member of the flight crew or cabin crew of a civil aircraft or any other individual on the aircraft, or takes any action that poses an imminent threat to the safety of the aircraft or other individuals on the aircraft is liable to the United States Government for a civil penalty of not more than $25,000.

(b) **COMPROMISE AND SETTLEMENT.**

(1) **COMPROMISE.**—The Secretary may compromise the amount of a civil penalty imposed under this section.

(2) **SETTLEMENT.**—The United States Government may deduct the amount of a civil penalty imposed or compromised under this section from amounts the Government owes the person liable for the penalty.

**EFFECTIVE DATE**

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 46319. Permanent closure of an airport without providing sufficient notice

(a) **PROHIBITION.**—A public agency (as defined in section 47102) may not permanently close an
airport listed in the national plan of integrated airport systems under section 47103 without providing written notice to the Administrator of the Federal Aviation Administration at least 30 days before the date of the closure.

(b) PUBLICATION OF NOTICE.—The Administrator shall publish each notice received under subsection (a) in the Federal Register.

(c) CIVIL PENALTY.—A public agency violating subsection (a) shall be liable for a civil penalty of $10,000 for each day that the airport remains closed without having given the notice required by this section.

**Effective Date**

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

**AMENDMENTS**

§ 46501. Definitions

In this chapter—

(1) “aircraft in flight” means an aircraft from the moment all external doors are closed following boarding—

(A) through the moment when one external door is opened to allow passengers to leave the aircraft; or

(B) until, if a forced landing, competent authorities take over responsibility for the aircraft and individuals and property on the aircraft.

(2) “special aircraft jurisdiction of the United States” includes any of the following aircraft in flight:

(A) a civil aircraft of the United States.

(B) an aircraft of the armed forces of the United States.

(C) another aircraft in the United States.

(D) another aircraft outside the United States—

(i) that has its next scheduled destination or last place of departure in the United States, if the aircraft next lands in the United States;

(ii) on which an individual commits an offense (as defined in the Convention for the Suppression of Unlawful Seizure of Aircraft) if the aircraft lands in the United States with the individual still on the aircraft;

(iii) against which an individual commits an offense (as defined in subsection (d) or (e) of article I, section I of the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation) if the aircraft lands in the United States with the individual still on the aircraft.

(E) any other aircraft leased without crew to a lessee whose principal place of business is in the United States or, if the lessee does not have a principal place of business, whose permanent residence is in the United States.

(3) an individual commits an offense (as defined in the Convention for the Suppression of Unlawful Seizure of Aircraft) when the individual, when on an aircraft in flight—

(A) by any form of intimidation, unlawfully seizes, exercises control of, or attempts to seize or exercise control of, the aircraft;

or

(B) is an accomplice of an individual referred to in subclause (A) of this clause.

In clause (2), before subclause (A), the words “any of the following” are substituted for “includes” for clarity. In subclause (B), the words “armed forces” are substituted for “national defense forces” because of 10:101. In subclause (D)(i), the words “place” is substituted for “point” for consistency in the revised title. The word “actually” is omitted as surplus. In subclause (D)(ii), the words “on which an individual commits” are substituted for “having . . . committed aboard” for clarity. In subclause (D)(iii), the words “against which an individual commits” are substituted for “regarding which an offense . . . is committed” for clarity. The words “(Montreal, September 23, 1971)” are omitted as surplus. In subclause (E), the words “the lessee does not have a principal place of business” are substituted for “none” for clarity.

In clause (3), the words “by force or threat thereof, or . . . other” are omitted as surplus.
§ 46502. Aircraft piracy

(a) In special aircraft jurisdiction.—(1) In this subsection—

(A) “aircraft piracy” means seizing or exercising control of an aircraft in the special aircraft jurisdiction of the United States by force, violence, threat of force or violence, or any form of intimidation, and with wrongful intent;

(B) an attempt to commit aircraft piracy is in the special aircraft jurisdiction of the United States although the aircraft is not in flight at the time of the attempt if the aircraft would have been in the special aircraft jurisdiction of the United States had the aircraft piracy been completed.

(2) An individual committing or attempting or conspiring to commit aircraft piracy—

(A) shall be imprisoned for at least 20 years; or

(B) notwithstanding section 3559(b) of title 18, if the death of another individual results from the commission or attempt, shall be put to death or imprisoned for life.

(b) Outside special aircraft jurisdiction.—

(1) An individual committing or conspiring to commit an offense (as defined in the Convention for the Suppression of Unlawful Seizure of Aircraft) on an aircraft in flight outside the special aircraft jurisdiction of the United States—

(A) shall be imprisoned for at least 20 years; or

(B) notwithstanding section 3559(b) of title 18, if the death of another individual results from the commission or attempt, shall be put to death or imprisoned for life.

(2) There is jurisdiction over the offense in paragraph (1) if—

(A) a national of the United States was aboard the aircraft;

(B) an offender is a national of the United States; or

(C) an offender is afterwards found in the United States.

(3) For purposes of this subsection, the term “national of the United States” has the meaning prescribed in section 101(a)(22) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(22)).

[Revised Sections Table]

In subsection (a)(1)(B), the words “offense of” are omitted as surplus.

In subsection (a)(2), the words “as herein defined” are omitted as surplus.

In subsection (b)(2), the words “the place of actual” are omitted as surplus. The words “as defined in paragraph (2) of this subsection” are omitted because of the restatement. The word “country” is substituted for “State” for consistency in the revised title and with other titles of the United States Code.

Pub. L. 103–429

This amends 49:46502(a)(2)(B) and (b)(1)(B) to clarify the restatement of 49 App.:1472(i)(1)(B) and (n)(1)(B) by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1241, 1300).

AMENDMENTS

Subsec. (b)(1). Pub. L. 104–132, §§ 721(a)(1), 723(b)(2), in introductory provisions, inserted “or conspiring to commit” after “committing” and struck out “and later found in the United States” after “jurisdiction of the United States”.

Subsec. (b)(2). Pub. L. 104–132, § 721(a)(2), amended par. (2) generally. Prior to amendment, par. (2) read as follows: “This subsection applies only if the place of take-off or landing of the aircraft on which the individual commits the offense is located outside the territory of the country of registration of the aircraft.”

Effective Date of 1994 Amendment

Pub. L. 109–177, title II, § 211, Mar. 9, 2006, 120 Stat. 230, provided that:

“(a) IN GENERAL.—Section 60003 of the Violent Crime Control and Law Enforcement Act of 1994 (Public Law 103–322), is amended, as of the time of its enactment [Sept. 13, 1994], by adding at the end the following:

“‘(c) [Omitted, see below.]’.

“(b) RELATIVITY CLAUSE.—If any provision of section 60003(b)(2) of the Violent Crime and Law Enforcement Act of 1994 (Public Law 103–322) (repealed section 46503 of this title), or the application thereof to any person or any circumstance is held invalid, the remainder of such section and the application of such section to other persons or circumstances shall not be affected thereby.”

Pub. L. 103–322, title VI, § 60003(c), as added by Pub. L. 109–177, title II, § 211(a), Mar. 9, 2006, 120 Stat. 230, provided that:

“(c) Death Penalty Procedures for Certain Previous Aircraft Piracy Violations.—An individual convicted of violating section 46502 of title 49, United States Code, or its predecessor, may be sentenced to death in accordance with the procedures established in chapter 228 of title 18, United States Code, if for any offense committed before the enactment of the Violent Crime Control and Law Enforcement Act of 1994 (Public Law 103–322) [Sept. 13, 1994], but after the enactment of the Antihijacking Act of 1974 (Public Law 93–366) [Aug. 5, 1974], it is determined by the finder of fact, before consideration of the factors set forth in sections 3591(a)(2) and 3592(a) and (c) of title 18, United States Code, that one or more of the factors set forth in former section 46503(c)(2) of title 49, United States Code, or its predecessor, has been proven by the Gov-
gernment to exist, beyond a reasonable doubt, and that none of the factors set forth in former section 46503(c)(1) of title 49, United States Code, or its predecessor, has been proven by the defendant to exist, by a preponderance of the information. The meaning of the term ‘especially heinous, cruel, or depraved’, as used in the factor set forth in former section 46503(c)(2)(B)(v) of title 49, United States Code, or its predecessor, shall be narrowed by adding the limiting language ‘in that it involved torture or serious physical abuse to the victim’, and shall be construed as when that term is used in section 5592(c)(6) of title 18, United States Code.’

AIRCRAFT PIRACY

§ 46503. Interference with security screening personnel

An individual in an area within a commercial service airport in the United States who, by assaulting a Federal, airport, or air carrier employee who has security duties within the airport, interferes with the performance of the duties of the employee or lessens the ability of the employee to perform those duties, shall be fined under title 18, imprisoned for not more than 10 years, or both, if the individual used a dangerous weapon in committing the assault or interference, the individual may be imprisoned for any term of years or life imprisonment.

PRIOR PROVISIONS

§ 46504. Interference with flight crew members and attendants

An individual on an aircraft in the special aircraft jurisdiction of the United States who, by assaulting or intimidating a flight crew member or flight attendant of the aircraft, interferes with the performance of the duties of the member or attendant or lessens the ability of the member or attendant to perform those duties, or attempts or conspires to do such an act, shall be fined under title 18, imprisoned for not more than 20 years, or both. If the dangerous weapon is used in assaulting or intimidating the member or attendant, the individual shall be imprisoned for any term of years or for life.

HISTORICAL AND REVISION NOTES

See 49 App. 1472(j).

The words ‘or threatens’ are omitted as being included in ‘intimidating’. The words ‘(including any steward or stewardess)’ are omitted as being included in ‘attendant’. The words ‘fined under title 18’ are substituted for ‘fined not more than $10,000’ for consistency with title 18. The words ‘deadly or’ are omitted as surplus.

AMENDMENTS

2001—Pub. L. 107–56 inserted ‘‘or attempts or conspires to do such an act,’’ before ‘‘shall be fined under title 18.’’.

§ 46505. Carrying a weapon or explosive on an aircraft

(a) DEFINITION.—In this section, ‘‘loaded firearm’’ means a starter gun or a weapon designed or converted to expel a projectile through an explosive, that has a cartridge, a detonator, or powder in the chamber, magazine, cylinder, or clip.

(b) GENERAL CRIMINAL PENALTY.—An individual shall be fined under title 18, imprisoned for not more than 10 years, or both, if the individual—

(1) when on, or attempting to get on, an aircraft in, or intended for operation in, air transportation or intrastate air transportation, has on or about the individual or the property of the individual a concealed dangerous weapon that is or would be accessible to the individual in flight;

(2) has placed, attempted to place, or attempted to have placed a loaded firearm on that aircraft in property not accessible to passengers in flight; or

(3) has on or about the individual, or has placed, attempted to place, or attempted to have placed on that aircraft, an explosive or incendiary device.

(c) CRIMINAL PENALTY INVOLVING DISREGARD FOR HUMAN LIFE.—An individual who willfully and without regard for the safety of human life, or with reckless disregard for the safety of human life, violates subsection (b) of this section, shall be fined under title 18, imprisoned for not more than 20 years, or both, and, if death results to any person, shall be imprisoned for any term of years or for life.

(d) NONAPPLICATION.—Subsection (b)(1) of this section does not apply to—

(1) a law enforcement officer of a State or political subdivision of a State, or an officer or employee of the United States Government, authorized to carry arms in an official capacity;

(2) another individual the Administrator of the Federal Aviation Administration or the Under Secretary of Transportation for Security by regulation authorizes to carry a dangerous weapon in air transportation or intrastate air transportation; or

(3) an individual transporting a weapon (except a loaded firearm) in baggage not accessible to a passenger in flight if the air carrier was informed of the presence of the weapon.

(e) CONSPIRACY.—If two or more persons conspire to violate subsection (b) or (c), and one or more of such persons do any act to effect the object of the conspiracy, each of the parties to such conspiracy shall be punished as provided in such subsection.

§ 46507. Application of certain criminal laws to acts on aircraft

An individual on an aircraft in the special aircraft jurisdiction of the United States who commits an act that—

1. if committed in the special maritime and territorial jurisdiction of the United States (as defined in section 7 of title 18) would violate section 113, 114, 661, 662, 1111, 1112, 1113, or 2111 or chapter 109A of title 18, shall be fined under title 18, imprisoned under that section or chapter, or both; or

2. if committed in the District of Columbia or a State, would violate section 9 of the Act of July 29, 1892 (D.C. Code §22-1112), shall be fined under title 18, imprisoned under section 9 of the Act, or both.

In subsection (a), the definition of "firearm" is merged with the definition of "loaded firearm" because the term "firearm" is only used in the defined term "loaded firearm".

In subsections (b) and (c), the words "fined under title 18" are substituted for "fined not more than $10,000" and "fined not more than $25,000" for consistency with title 18.

In subsections (b)(1) and (d)(2), the words "deadly or" are omitted as surplus.

In subsection (b)(2), the words "baggage or other" are omitted as surplus.

In subsection (b)(3), the words "bomb or similar" are omitted as surplus.

In subsection (d)(1), the words "State or political subdivision of a State" are substituted for "municipal or State government" for consistency in the revised title and with titles of the United States Code. The words "or required" are omitted as surplus.

In subsection (d)(3), the word "contained" is omitted as surplus.

**Amendments**

2001—Subsec. (c). Pub. L. 107-56, §810(g), substituted "20 years, or both, and, if death results to any person, shall be imprisoned for any term of years or for life," for "15 years, or both." Subsec. (d)(2). Pub. L. 107-71, §140(d)(8), inserted "or the Under Secretary of Transportation for Security" after "Federal Aviation Administration". Subsec. (e). Pub. L. 107-56, §811(j), added subsec. (e).

1996—Subsec. (b). Pub. L. 104-132, §705(b)(1), substituted "10 years" for "one year".

**Transfer of Functions**

For transfer of functions, personnel, assets, and liabilities of the Transportation Security Administration of the Department of Transportation, including the functions of the Secretary of Transportation, and the Under Secretary of Transportation for Security, relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(2), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 46507. False information and threats

An individual shall be fined under title 18, imprisoned for not more than 5 years, or both, if the individual—

1. knowing the information to be false, willfully and maliciously or with reckless disregard for the safety of human life, gives, or causes to be given, under circumstances in which the information reasonably may be believed, false information about an alleged attempt being made or to be made to do an act that would violate section 46502(a), 46504, 46505, or 4506 of this title; or

2. (A) threatens to violate section 46502(a), 46504, 46505, or 4506 of this title, or causes a threat to violate any of those sections to be made; and

(B) has the apparent determination and will to carry out the threat.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1245.)
§ 47101

Policies.

(a) General.—It is the policy of the United States:

(1) that the safe operation of the airport and airway system is the highest aviation priority;

(2) that aviation facilities be constructed and operated to minimize current and projected noise impact on nearby communities;

(3) to give special emphasis to developing reliever airports;

(4) that appropriate provisions should be made to make the development and enhancement of cargo hub airports easier;

(5) to encourage the development of intermodal connections on airport property between aeronautical and other transportation modes and systems to serve air transportation passengers and cargo efficiently and effectively and promote economic development;

(6) that airport development projects under this subchapter provide for the protection and enhancement of natural resources and the quality of the environment of the United States;

(7) that airport construction and improvement projects that increase the capacity of facilities to accommodate passenger and cargo
traffic be undertaken to the maximum feasible extent so that safety and efficiency increase and delays decrease;
(8) to ensure that nonaviation usage of the navigable airspace be accommodated but not allowed to decrease the safety and capacity of the airspace and airport system;
(9) that artificial restrictions on airport capacity—
   (A) are not in the public interest;
   (B) should be imposed to alleviate air traffic delays only after other reasonably available and less burdensome alternatives have been tried; and
   (C) should not discriminate unjustly between categories and classes of aircraft;
(10) that special emphasis should be placed on converting appropriate former military air bases to civil use and identifying and improving additional joint-use facilities;
(11) that the airport improvement program should be administered to encourage projects that employ innovative technology (including integrated in-pavement lighting systems for runways and taxiways and other runway and taxiway incursion prevention devices), concepts, and approaches that will promote safety, capacity, and efficiency improvements in the construction of airports and in the air transportation system (including the development and use of innovative concrete and other materials in the construction of airport facilities to minimize initial laydown costs, minimize time out of service, and maximize lifecycle durability) and to encourage solicitation of innovative technology proposals and activities in the expenditure of funding pursuant to this subchapter;
(12) that airport fees, rates, and charges must be reasonable and may only be used for purposes not prohibited by this subchapter; and
(13) that airports should be as self-sustaining as possible under the circumstances existing at each particular airport and in establishing new fees, rates, and charges, and generating revenues from all sources, airport owners and operators should not seek to create revenue surpluses that exceed the amounts to be used for airport system purposes and for other purposes for which airport revenues may be spent under section 47107(b)(1) of this title, including reasonable reserves and other funds to facilitate financing and cover contingencies.
(b) NATIONAL TRANSPORTATION POLICY.—(1) It is a goal of the United States to develop a national intermodal transportation system that transports passengers and property in an efficient manner. The future economic direction of the United States depends on its ability to confront directly the enormous challenges of the global economy, declining productivity growth, energy vulnerability, air pollution, and the need to rebuild the infrastructure of the United States and the United States leadership in the world economy, the expanding wealth of the United States, the competitiveness of the industry of the United States, the standard of living, and the quality of life are at stake.
(3) A national intermodal transportation system is a coordinated, flexible network of diverse but complementary forms of transportation that transports passengers and property in the most efficient manner. By reducing transportation costs, these intermodal systems will enhance the ability of the industry of the United States to compete in the global marketplace.
(4) All forms of transportation, including aviation and other transportation systems of the future, will be full partners in the effort to reduce energy consumption and air pollution while promoting economic development.
(5) An intermodal transportation system consists of transportation hubs that connect different forms of appropriate transportation and provides users with the most efficient means of transportation and with access to commercial centers, business locations, population centers, and the vast rural areas of the United States, as well as providing links to other forms of transportation and to intercity connections.
(6) Intermodality and flexibility are paramount issues in the process of developing an integrated system that will obtain the optimum yield of United States resources.
(7) The United States transportation infrastructure must be reshaped to provide the economic underpinnings for the United States to compete in the 21st century global economy. The United States can no longer rely on the sheer size of its economy to dominate international economic rivals and must recognize fully that its economy is no longer a separate entity but is part of the global marketplace. The future economic prosperity of the United States depends on its ability to compete in an international marketplace that is teeming with competitors but in which a full one-quarter of the economic activity of the United States takes place.
(8) The United States must make a national commitment to rebuild its infrastructure through development of a national intermodal transportation system. The United States must provide the foundation for its industries to increase productivity and their ability to compete in the global economy with a system that will transport passengers and property in an efficient manner.
(c) CAPACITY EXPANSION AND NOISE ABATEMENT.—It is in the public interest to recognize the effects of airport capacity expansion projects on aircraft noise. Efforts to increase capacity through any means can have an impact on surrounding communities. Noncompatible land uses around airports must be reduced and efforts to mitigate noise must be given a high priority.
(d) CONSISTENCY WITH AIR COMMERCE AND SAFETY POLICIES.—Each airport and airway program should be carried out consistently with section 40101(a), (b), (d), and (f) of this title to foster competition, prevent unfair methods of competition in air transportation, maintain essential air transportation, and prevent unjust and discriminatory practices, including as the practices may be applied between categories and classes of aircraft.
(e) ADEQUACY OF NAVIGATION AIDS AND AIRPORT FACILITIES.—This subchapter should be carried
out to provide adequate navigation aids and airport facilities for places at which scheduled commercial air service is provided. The facilities provided may include—

(1) relievers; and
(2) heliports designated by the Secretary of Transportation to relieve congestion at commercial service airports by diverting aircraft passengers from fixed-wing aircraft to helicopter carriers.

(f) MAXIMUM USE OF SAFETY FACILITIES.—This subchapter should be carried out consistently with a comprehensive airspace system plan, giving highest priority to commercial service airports, to maximize the use of safety facilities, including installing, operating, and maintaining, to the extent possible with available money and considering other safety needs—

(1) electronic or visual vertical guidance on each runway;
(2) growing or friction treatment of each primary and secondary runway;
(3) distance-to-go signs for each primary and secondary runway;
(4) a precision approach system, a vertical guidance system, and a full approach light system for each primary runway;
(5) a nonprecision instrument approach for each secondary runway;
(6) runway end identifier lights on each runway that does not have an approach light system;
(7) a surface movement radar system at each category III airport;
(8) a taxiway lighting and sign system;
(9) runway edge lighting and marking; and
(10) radar approach coverage for each airport terminal area; and

(I) runway and taxiway incursion prevention devices, including integrated-in-pavement lighting systems for runways and taxiways.

(g) INTERMODAL PLANNING.—To carry out the policy of subsection (a)(5) of this section, the Secretary of Transportation shall take each of the following actions:

(1) COORDINATION IN DEVELOPMENT OF AIRPORT PLANS AND PROGRAMS.—Cooperate with State and local officials in developing airport plans and programs that are based on overall transportation needs. The airport plans and programs shall be developed in coordination with other transportation planning and considering comprehensive long-range land-use plans and overall social, economic, environmental, system performance, and energy conservation objectives. The process of developing airport plans and programs shall be continuing, cooperative, and comprehensive to the degree appropriate to the complexity of the transportation problems.

(2) GOALS FOR AIRPORT MASTER AND SYSTEM PLANS.—Encourage airport sponsors and State and local officials to develop airport master plans and airport system plans that—

(A) foster effective coordination between aviation planning and metropolitan planning; and
(B) include an evaluation of aviation needs within the context of multimodal planning; and

(C) are integrated with metropolitan plans to ensure that airport development proposals include adequate consideration of land use and ground transportation access.

(3) REPRESENTATION OF AIRPORT OPERATORS ON MPO’S.—Encourage metropolitan planning organizations, particularly in areas with populations greater than 200,000, to establish membership positions for airport operators.

(h) CONSULTATION.—To carry out the policy of subsection (a)(6) of this section, the Secretary of Transportation shall consult with the Secretary of the Interior and the Administrator of the Environmental Protection Agency about any project included in a project grant application involving the location of an airport or runway, or a major runway extension, that may have a significant effect on—

(1) natural resources, including fish and wildlife;
(2) natural, scenic, and recreation assets;
(3) water and air quality; or
(4) another factor affecting the environment.

In subsection (a), before clause (1), the text of 49 App.:2201(a)(2), (9), and (10) is omitted as executed. The words “It is the policy of the United States” are substituted for “The Congress hereby . . . declares” in 49 App.:2201(a)(1), “it is in the national interest” in 49 App.:2201(a)(2), “are not in the public interest” in 49 App.:2201(a)(9), and “are in the national interest” in 49 App.:2201(a)(10) for consistency in the revised title and with other titles of the United States Code. In clause (1), the word “is” is substituted for “will continue to be” to eliminate unnecessary words. In clause (4), the words “cargo hub airports play a critical role in the movement of commerce through the airport and airway system” are omitted as executed. In subsection (d), the words “to” is substituted for “with due regard for the goals expressed therein of” to eliminate unnecessary words.

In subsection (e), before clause (1), the words “The facilities provided may include” are substituted for “including” because of the restatement. Clause (2) is substituted for “reliever heliports” to incorporate the definition of that term from 49 App.:2202(a)(19) into this subsection.

In subsection (f), before clause (1), the words “the goal of” are omitted as surplus. In subsection (g), the words “formulated” and “due” are omitted as surplus. The words “process of developing airport plans and programs” are substituted for “process” for clarity.

Pub. L. 103–429

This amendment 49:47101(a)(12) to translate a cross-reference to the Airport and Airway Improvement Act of 1982 (Public Law 97–248, 96 Stat. 671) to the corresponding cross-reference of title 49, United States Code.

AMENDMENTS

2000—Subsec. (a)(5). Pub. L. 106–181, §137(a), amended par. (5) generally. Prior to amendment, par. (5) read as follows: “to encourage the development of transportation systems that use various modes of transpor-

tation in a way that will serve the States and local communities efficiently and effectively.”

Subsec. (a)(11). Pub. L. 106–181, §121(a), inserted “(including integrated in-pavement lighting systems for runways and taxiways and other runway and tarmac incursion prevention devices)” after “employ innovative technology”.

1996—Subsec. (g). Pub. L. 104–264 substituted “INTER-
MODAL PLANNING” for “COORDINATION” in heading and amended text generally. Prior to amendment, text read as follows: “To carry out the policy of subsection (a)(5) of this section, the Secretary of Transportation shall cooperate with State and local officials in developing airport plans and programs that are based on overall transportation needs. The airport plans and programs shall be developed in coordination with other transportation planning and considering comprehensive long-range land-use plans and overall social, economic, envi-
ronmental, system performance, and energy conserva-
tion objectives. The process of developing airport plans and programs shall be continuing, cooperative, and comprehensive to the degree appropriate to the complexity of the transportation problems.”

Subsec. (a)(12). Pub. L. 103–429 substituted “sub-
chapter” for “Act”.

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and prior to the effective date, as amending sections made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 1994 AMENDMENT

AVAILABILITY OF GATES AND OTHER ESSENTIAL SERVICES

Pub. L. 106–181, title I, §155(d), Apr. 5, 2000, 114 Stat. 89, provided that: “The Secretary of Transportation shall ensure that gates and other facilities are made available at costs that are fair and reasonable to air carriers at covered airports (as defined in section 47106(f)(4) (47106(f)(3) of title 49, United States Code) where a ‘majority-in-interest clause’ of a contract or other agreement or arrangement inhibits the ability of the local airport authority to provide or build new gates or other facilities.”

CONSTRUCTION OF RUNWAYS

Pub. L. 106–181, title I, §158, Apr. 5, 2000, 114 Stat. 90, provided that: “Notwithstanding any provision of law that specifically restricts the number of runways at a single international airport, the Secretary of Transportation may obligate funds made available under chapters 71 and 481 of title 49, United States Code, for any project to construct a new runway at such airport, unless this section is expressly repealed.”

INNOVATIVE FINANCING TECHNIQUES

Pub. L. 104–264, title I, §148, Oct. 9, 1996, 110 Stat. 3223, authorized the Secretary of Transportation until Sept. 30, 1998, to carry out a demonstration program to provide information on the use of innovative financing

techniques for airport development projects to Congress and the National Civil Aviation Review Commission. See section 47135 of this title.

AUTHORITY TO CLOSE AIRPORT LOCATED NEAR CLOSED OR REALIGNED MILITARY BASE

Section 1203 of Pub. L. 104–249 provided that: ‘‘Notwithstanding any other provision of law, rule, or grant assurance, an airport that is not a commercial service airport may be closed by its sponsor without any obligation to repay grants made under chapter 471 of title 49, United States Code, the Airport and Airway Improvement Act of 1982 [see References in Text note set out under section 47108 of this title], or any other law if the airport is located within 2 miles of a United States Army depot which has been closed or realigned; except that in the case of disposal of the land associated with the airport, the part of the proceeds from the disposal that is proportional to the Government’s share of the cost of acquiring the land shall be paid to the Secretary of Transportation for deposit in the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502).’’

STUDY ON INNOVATIVE FINANCING

Section 520 of Pub. L. 103–305 provided that:

‘‘(a) STUDY.—The Secretary shall conduct a study on innovative approaches for using Federal funds to finance airport development as a means of supplementing financing available under the Airport Improvement Program.

‘‘(b) MATTERS TO BE CONSIDERED.—In conducting the study under subsection (a), the Secretary shall consider, at a minimum, the following:

‘‘(1) Mechanisms that will produce greater investments in airport development per dollar of Federal expenditure.

‘‘(2) Approaches that would permit entering into agreements with non-Federal entities, such as airport sponsors, for the loan of Federal funds, guarantee of loan repayment, or purchase of insurance or other forms of enhancement for borrower debt, including the use of unobligated Airport Improvement Program contract authority and unobligated balances in the Airport and Airway Trust Fund.

‘‘(3) Means to lower the cost of financing airport development.

‘‘(c) CONSULTATION.—In considering innovative financing pursuant to this section, the Secretary may consult with airport owners and operators and public and private sector experts.

‘‘(d) REPORT TO CONGRESS.—Not later than 12 months after the date of the enactment of this Act [Aug. 23, 1994], the Secretary shall transmit to Congress a report on the results of the study conducted under subsection (a).’’

§ 47102. Definitions

In this subchapter—

(1) ‘‘air carrier airport’’ means a public airport regularly served by—

(A) an air carrier certificate by the Secretary of Transportation under section 41102 of this title (except a charter air carrier); or

(B) at least one air carrier—

(i) operating under an exemption from section 41101(a)(1) of this title that the Secretary grants; and

(ii) having at least 2,500 passenger boardings at the airport during the prior calendar year.

(2) ‘‘airport’’—

(A) means—

(i) an area of land or water used or intended to be used for the landing and takeoff of aircraft;

(ii) an appurtenant area used or intended to be used for airport buildings or other airport facilities or rights of way; and

(iii) airport buildings and facilities located in any of those areas; and

(B) includes a heliport.

(3) ‘‘airport development’’ means the following activities, if undertaken by the sponsor, owner, or operator of a public-use airport:

(A) constructing, repairing, or improving a public-use airport, including—

(i) removing, lowering, relocating, marking, and lighting an airport hazard; and

(ii) preparing a plan or specification, including carrying out a field investigation.

(B) acquiring for, or installing at, a public-use airport—

(i) a navigation aid or another aid (including a precision approach system) used by aircraft for landing at or taking off from the airport, including preparing the site as required by the acquisition or installation;

(ii) safety or security equipment, including explosive detection devices, universal access systems, and emergency call boxes, the Secretary requires by regulation for, or approves as contributing significantly to, the safety or security of individuals and property at the airport and integrated in-pavement lighting systems for runways and taxiways and other runway and taxiway incursion prevention devices;

(iii) equipment to remove snow, to measure runway surface friction, or for aviation-related weather reporting, including closed circuit weather surveillance equipment if the airport is located in Alaska;

(iv) firefighting and rescue equipment at an airport that serves scheduled passenger operations of air carrier aircraft designed for more than 20 passenger seats;

(v) aircraft deicing equipment and structures (except aircraft deicing fluids and storage facilities for the equipment and fluids);

(vi) interactive training systems;

(vii) wind shear detection equipment that is certified by the Administrator of the Federal Aviation Administration; and

(viii) stainless steel adjustable lighting extensions approved by the Administrator;

(ix) engineered materials arresting systems as described in the Advisory Circular No. 150/5220–22 published by the Federal Aviation Administration on August 21, 1998, including any revision to the circular; and

(X) replacement of baggage conveyor systems, and reconfiguration of terminal baggage areas, that the Secretary determines are necessary to install bulk explosive detection devices; except that such activities shall be eligible for funding under this subchapter only using amounts apportioned under section 47114.

(C) acquiring an interest in land or airspace, including land for future airport development, that is needed—
(i) to carry out airport development described in subclause (A) or (B) of this clause; or
(ii) to remove or mitigate an existing airport hazard or prevent or limit the creation of a new airport hazard.

(D) acquiring land for, or constructing, a burn area training structure on or off the airport to provide live fire drill training for aircraft rescue and firefighting personnel required to receive the training under regulations the Secretary prescribes, including basic equipment and minimum structures to support training under standards the Administrator of the Federal Aviation Administration prescribes.

(E) relocating after December 31, 1991, an air traffic control tower and any navigational aid (including radar) if the relocation is necessary to carry out a project approved by the Secretary under this subchapter or under section 40117.

(F) constructing, reconstructing, repairing, or improving an airport, or purchasing capital equipment for an airport, if necessary for compliance with the responsibilities of the operator or owner of the airport under the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), the Clean Air Act (42 U.S.C. 7401 et seq.), and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), except constructing or purchasing capital equipment that would benefit primarily a revenue-producing area of the airport used by a nonaeronautical business.

(G) acquiring land for, or work necessary to construct, a pad suitable for deicing aircraft before takeoff at a commercial service airport, including constructing or reconstructing paved areas, drainage collection structures, treatment and discharge systems, appropriate lighting, paved access for deicing vehicles and aircraft, but not including acquiring aircraft deicing fluids or constructing or reconstructing storage facilities for aircraft deicing equipment or fluids.

(H) routine work to preserve and extend the useful life of runways, taxiways, and aprons at nonhub airports and airports that are not primary airports, under guidelines issued by the Administrator of the Federal Aviation Administration.

(I) constructing, reconstructing, or improving an airport, or purchasing nonrevenue generating capital equipment to be owned by an airport, for the purpose of transferring passengers, cargo, or baggage between the aeronautical and ground transportation modes on airport property.

(J) constructing an air traffic control tower or acquiring and installing air traffic control, communications, and related equipment at an air traffic control tower under the terms specified in section 47124(b)(4).

(K) work necessary to construct or modify airport facilities to provide low-emission fuel systems, direct electrification, and other related air quality improvements at a commercial service airport if the airport is located in an air quality nonattainment or maintenance area (as defined in sections 171(2) and 175A of the Clean Air Act (42 U.S.C. 7501(2); 7505a)1 and if such project will result in an airport receiving appropriate emission credits, as described in section 47139.

(L) a project for the acquisition or conversion of vehicles and ground support equipment, owned by a commercial service airport, to low-emission technology, if the airport is located in an air quality nonattainment or maintenance area (as defined in sections 171(2) and 175A of the Clean Air Act (42 U.S.C. 7501(2); 7505a)1 and if such project will result in an airport receiving appropriate emission credits as described in section 47139.

(4) “airport hazard” means a structure or object of natural growth located on or near a public-use airport, or a use of land near the airport, that obstructs or otherwise is hazardous to the landing or taking off of aircraft at or from the airport.

(5) “airport planning” means planning as defined by regulations the Secretary prescribes and includes integrated airport system planning.

(6) “amount made available under section 48103” or “amount newly made available” means the amount authorized for grants under section 48103 as that amount may be limited in that year by a subsequent law, but as determined without regard to grant obligation recoveries made in that year or amounts covered by section 47107(f).

(7) “commercial service airport” means a public airport in a State that the Secretary determines has at least 2,500 passenger boardings each year and is receiving scheduled passenger aircraft service.

(8) “integrated airport system planning” means developing for planning purposes information and guidance to decide the extent, kind, location, and timing of airport development needed in a specific area to establish a viable, balanced, and integrated system of public-use airports, including—

(A) identifying system needs;

(B) developing an estimate of systemwide development costs;

(C) conducting studies, surveys, and other planning actions, including those related to airport access, needed to decide which aeronautical needs should be met by a system of airports; and

(D) standards prescribed by a State, except standards for safety of approaches, for airport development at nonprimary public-use airports.

(9) “landed weight” means the weight of aircraft transporting only cargo in intrastate, interstate, and foreign air transportation, as the Secretary determines under regulations the Secretary prescribes.

(10) “large hub airport” means a commercial service airport that has at least 1.0 percent of the passenger boardings.

(11) “low-emission technology” means technology for vehicles and equipment whose emis-

sion performance is the best achievable under emission standards established by the Environmental Protection Agency and that relies exclusively on alternative fuels that are substantially nonpetroleum based, as defined by the Department of Energy, but not excluding hybrid systems or natural gas powered vehicles.

(12) “medium hub airport” means a commercial service airport that has at least 0.25 percent but less than 1.0 percent of the passenger boardings.

(13) “nonhub airport” means a commercial service airport that has less than 0.05 percent of the passenger boardings.

(14) “project” means a project, separate projects included in one project grant application, or all projects to be undertaken at an airport in a fiscal year, to achieve airport designation, or all projects to be undertaken at an airport in a fiscal year.

(15) “primary airport” means a commercial service airport the Secretary determines to have more than 10,000 passenger boardings each year.

(16) “project grant” means a grant of money for carrying out a project.

(17) “project cost” means a cost involved in carrying out a project.

(18) “project grant” means a grant of money for carrying out a project.

(19) “public agency” means—

(A) a State or political subdivision of a State;

(B) a tax-supported organization; or

(C) an Indian tribe or pueblo.

(20) “public airport” means an airport used or intended to be used for public purposes—

(A) that is under the control of a public agency; and

(B) of which the area used or intended to be used for the landing, taking off, or surface maneuvering of aircraft is publicly owned.

(21) “public-use airport” means—

(A) a public airport; or

(B) a privately-owned airport used or intended to be used for public purposes that is—

(i) a reliever airport; or

(ii) determined by the Secretary to have at least 2,500 passenger boardings each year and to receive scheduled passenger aircraft service.

(22) “reliever airport” means an airport the Secretary designates to relieve congestion at a commercial service airport and to provide more general aviation access to the overall community.

(23) “small hub airport” means a commercial service airport that has at least 0.05 percent but less than 0.25 percent of the passenger boardings.

(24) “sponsor” means—

(A) a public agency that submits to the Secretary under this subchapter an application for financial assistance; and

(B) a private owner of a public-use airport that submits to the Secretary under this subchapter an application for financial assistance for the airport.

to ... such reference shall mean" for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words.

In clause (1) restates the definition of "air carrier airport" that was contained in section 11(1) of the Airport and Airway Development Act of 1970 as in effect both on February 18, 1980, and immediately before September 30, 1992. The clause is added to this section to eliminate the cross-references to definitions in section 11 of the Airport and Airway Development Act of 1970 that are contained in the source provisions restated in section 11(1) of the revised title. Because some of the terms used in the definition of "air carrier airport" were themselves defined in section 11, the definitions of those terms are incorporated in the definition added in clause (1) to the extent they differ from the definitions of those terms restated in this section. The words "Secretary of Transportation" and "Secretary" are substituted for "Civil Aeronautics Board" because of the transfer of authority under 49 App.:151(b)(1)(E). In clause (2), before subclause (A), the text of 49 App.:2202(a)(21) is omitted as surplus because the complete names of the Secretary of Transportation is used in clause (1).

In clause (3)(B), before subclause (i), the word "for" is substituted for "by" for clarity. In subclause (i), the word "any work involved in" and "or portion thereof" are eliminated as unnecessary. The word "reconstructing" is omitted as being included in "constructing". In subclause (ii), the words "carrying out a field investigation" are substituted for "field investigations incidental thereto" for clarity.

In clause (3)(C), before subclause (i), the words "interest in land or airspace" are substituted for "land or of any interest therein, or of any easement through or other interest in airspace" to eliminate unnecessary words. In subclause (ii), the words "existing airport hazard . . . the creation of a new airport hazard" are added for clarity and consistency in this chapter.

In clause (3)(D), the words "any . . . work involved in" are omitted as surplus. The word "Secretary" is substituted for "Department of Transportation" because of 49:102(b).

In clause (4), the word "near" is substituted for "in the vicinity of" to eliminate unnecessary words. The words "obstructs or otherwise is hazardous to the landing or taking off" are substituted for "obstructs the airways required for the flight of aircraft in landing or taking off . . . or is otherwise hazardous to such landing or taking off" for clarity and to eliminate unnecessary words.

In clause (6), the words "for a fiscal year . . . for that fiscal year" are omitted as surplus. The words "authorized for grants" are substituted for "made available for obligations" for clarity and consistency. The word "law" is substituted for "Act of Congress" for consistency in the revised title and with other titles of the Code. The words "or limited" are omitted as surplus. In clause (8), before subclause (A), the words "the initial as well as continuing" and "nature" are omitted as surplus. In subclause (C), the words "needed to decide which aeronautical needs should be met" are substituted for "as may be necessary to determine the short-, intermediate-, and long-range aeronautical demands required to be met" for clarity and to eliminate unnecessary words. The word "particular" is eliminated as unnecessary. In subclause (D), the word "prevented" is substituted for "the establishment ... for consistency in the revised title and with other titles of the Code.

In clause (9), the words "scheduled and nonscheduled" are omitted as surplus. The word "cargo" is substituted for "property (including mail)" for consistency in the revised title.

In clause (10), before subclause (A), the words "passenger boardings" are substituted for "passengers enplaned" for clarity. In subclause (A), the words "domestic, territorial, and international" are substituted for "in the States", "scheduled and nonscheduled", and "inintrastate, interstate, and foreign" are omitted as surplus. In subclause (B), the words "who continue on an aircraft in" are substituted for "on board for clarity. (See Cong. Rec. pp. S15296, 15297, Oct. 28, 1987, daily ed.)

The word "that stops" are substituted for "which transit" for clarity. The word "located" is omitted as surplus.

In clause (12), the words "in one project grant application" are substituted for "submitted together", and the words "or all projects to be undertaken" are substituted for "including the combined submission of all projects", for clarity and consistency in this chapter.

In clause (15)(A), the words "or any agency of a State, a municipality . . . other" are omitted as surplus.

In clause (20), the words "the Commonwealth of" and "the Government of" are omitted as surplus.

AMENDMENTS

2003—Par. (3)(B)(x). Pub. L. 108–176, § 142, inserted "... except that such activities shall be eligible for funding under this subchapter only using amounts apportioned under section 47114" before period at end.

Par. (3)(H). Pub. L. 108–176, §141, inserted "nonhub airports and" before "airports that are not primary airports".

Par. (3)(J). Pub. L. 108–176, §159(b)(1)(A), inserted subpar. (M) as (J) and struck out former subpar. (J) which read as follows: "in fiscal year 2002, any additional security related activity required by law or by the Secretary after September 11, 2001, and before October 1, 2002."”

Par. (3)(K). (L). Pub. L. 108–176, §159(b)(1)(A), added subpars. (K) and (L) and struck out former subpars. (K) and (L) which read as follows: "in fiscal year 2002 with respect to funds apportioned under section 47114 in fiscal years 2001 and 2002, any activity, including operational activities, of an airport that is not a primary airport if that airport is located within the continental United States and is of enhanced class B airspace, as defined by Notice by Airmen FDC 10618 issued by the Federal Aviation Administration and the activity was carried out when any restriction in the Notice is in effect. "(L) in fiscal year 2002, payments for debt service on indebtedness incurred to carry out a project at an air-
port owned or controlled by the sponsor or at a privately owned or operated airport passenger terminal financed by indebtedness incurred by the sponsor if the Secretary determines that such payments are necessary to prevent a default on the indebtedness."

Par. (5). Pub. L. 108–176, §801(a)(6), added par. (6) and struck out former par. (6) which read as follows: "‘amount made available under section 48103 of this title’ means the amount authorized for grants under section 48103 of this title as reduced by any law enacted after September 3, 1992."

Par. (10)(A), (B). Pub. L. 108–176, §801(a)(3), added subpars. (A) and (B) and struck out former subpars. (A) and (B) which read as follows:

“(A) means revenue passenger boardings on an aircraft in service in air commerce as the Secretary determines under regulations the Secretary prescribes; and

“(B) includes passengers who continue on an aircraft in international flight that stops at an airport in the 48 contiguous States, Alaska, or Hawaii for a nontraffic purpose.”

Par. 108–176, §801(a)(4), redesignated par. (11) as (15).

Par. (12) to (18). Pub. L. 108–176, §801(a)(4), (5), added par. (12) and redesignated paras. (10) to (14) as (14) to (18), respectively. Former paras. (15) to (18) redesignated (19) to (22), respectively.

Par. (19), (20). Pub. L. 108–176, §801(a)(4), redesignated paras. (19) and (20) as (24) and (25), respectively. Former paras. (19) and (20) redesignated (24) and (25), respectively.

Par. (21) and (22). Pub. L. 108–176, §801(a)(4), redesignated paras. (17) and (18) as paras. (21) and (22), respectively.

Par. (24), (25). Pub. L. 108–176, §801(a)(1), redesignated paras. (24) and (25), respectively.

2000—Par. (3)(B)(i). Pub. L. 106–181, §121(c)(1), substituted ‘‘universal access systems, and emergency call boxes,’’ for ‘‘universal access systems,’’ and inserted ‘‘and integrated in-pavement lighting systems for runways and taxiways and other runway and taxiway incursion prevention devices’’ before semicolon at end.

Par. (3)(B)(ii). Pub. L. 106–181, §121(c)(2), inserted before semicolon at end ‘‘, including closed circuit weather surveillance equipment if the airport is located in Alaska’’.

Par. (3)(F). Pub. L. 104–264, §142(b)(1)(B), struck out ‘‘paid for by a grant under this subchapter and’’ after ‘‘airport, if’’. 1994—Par. (3)(B)(i). Pub. L. 103–355 inserted ‘‘, including explosive detection devices and universal access systems,’’ after ‘‘or security equipment’’.

Effective Date of 2003 Amendment
Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 2000 Amendment

Effective Date of 1996 Amendment
Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

Termination of Trust Territory of the Pacific Islands
For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

Guidance

‘‘(A) ELIGIBLE LOW-EMISSION MODIFICATIONS AND IMPROVEMENTS.—The Secretary of Transportation, in consultation with the Administrator of the Environmental Protection Agency, shall issue guidance describing eligible low-emission modifications and improvements, and stating how airport sponsors will demonstrate benefits, under section 47102(3)(K) of title 49, United States Code, as added by this subsection.

‘‘(B) ELIGIBLE LOW-EMISSION VEHICLE TECHNOLOGY.—The Secretary, in consultation with the Administrator, shall issue guidance describing eligible low-emission vehicle technology, and stating how airport sponsors will demonstrate benefits, under section 47102(3)(L) of title 49, United States Code, as added by this subsection.’’

§47103. National plan of integrated airport systems

(a) General Requirements and Considerations.—The Secretary of Transportation shall maintain the plan for developing public-use airports in the United States, named ‘‘the national plan of integrated airport systems’’. The plan shall include the kind and estimated cost of eligible airport development the Secretary of Transportation considers necessary to provide a safe, efficient, and integrated system of public-use airports adequate to anticipate and meet the needs of civil aeronautics, to meet the national defense requirements of the Secretary of Defense, and to meet identified needs of the United States Postal Service. Airport development included in the plan may not be limited to meeting the needs of any particular classes or categories of public-use airports. In maintaining the plan, the Secretary of Transportation shall consider the needs of each segment of civil aviation and the relationship of each airport to—

(1) the rest of the transportation system in the particular area;

(2) forecasted technological developments in aeronautics; and

(3) forecasted developments in other modes of intercity transportation.

(b) Specific Requirements.—In maintaining the plan, the Secretary of Transportation shall—

(1) to the extent possible and as appropriate, consult with departments, agencies, and instrumentalities of the United States Government, with public agencies, and with the aviation community;

(2) consider tall structures that reduce safety or airport capacity; and
(3) make every reasonable effort to address the needs of air cargo operations, Short Takeoff and Landing/Very Short Takeoff and Landing aircraft operations, and rotary wing aircraft operations.

(c) AVAILABILITY OF DOMESTIC MILITARY AIRPORTS AND AIRPORT FACILITIES.—To the extent possible, the Secretary of Defense shall make domestic military airports and airport facilities available for civil use. In advising the Secretary of Transportation under subsection (a) of this section, the Secretary of Defense shall indicate the extent to which domestic military airports and airport facilities are available for civil use.

(d) PUBLICATION.—The Secretary of Transportation shall publish the status of the plan every 2 years.

In subsection (a), before clause (1), the words “shall maintain” and “In maintaining” are substituted for “In reviewing and revising” for clarity and consistency in the revised title. The word “named” is substituted for “‘Department of Defense’ because of the definition of the national defense as determined by the Secretary of Defense.” In subsection (b), before clause (1), the words “In maintaining” are substituted for “In reviewing and revising” for clarity and consistency in this section. In clause (1), the words “departments, agencies, and instrumentalities of the United States Government” are substituted for “Federal . . . agencies” for consistency in the revised title and with other titles of the United States Code. In clauses (2) and (3), the words “As soon as feasible following December 30, 1987” are omitted as obsolete. In clause (3), the word “legitimate” is omitted as surplus.

### §47104 Project grant authority

(a) GENERAL AUTHORITY.—To maintain a safe and efficient nationwide system of public-use airports that meets the present and future needs of civil aeronautics, the Secretary of Transportation may make project grants under this subchapter from the Airport and Airway Trust Fund.

(b) INCURRING OBLIGATIONS.—The Secretary may incur obligations to make grants from amounts made available under section 48103 of this title as soon as the amounts are appropriated under section 47114(c) and (d)(2) of this title.

(c) EXPIRATION OF AUTHORITY.—After March 31, 2011, the Secretary may not incur obligations under subsection (b) of this section, except for obligations of amounts—

(1) remaining available after that date under section 47117(b) of this title; or

(2) recovered by the United States Government from grants made under this chapter if the amounts are obligated only for increases under section 47108(b)(2) and (3) of this title in the maximum amount of obligations of the Government for any other grant made under this title.

In subsection (a), the words “‘project grants’ are substituted for ‘grants . . . for airport development and airport planning by project grants’” in 49 App. 2204(a) to eliminate unnecessary words and because of the definition of “project” and “project grant” in section 47102 of the revised title.

In subsection (b), the words “‘such’ authority shall exist with respect to funds available for the making of
grants for any fiscal year or part thereof pursuant to subsection (a) of this section” are omitted as surplus. In subsection (c), the words “except for obligations of amounts” are substituted for “except that nothing in this section shall preclude the obligation by grant agreement of apportioned funds” to eliminate unnecessary words.

In subsection (c), the text of section 109(b) of the Air Traffic Improvement Program Temporary Extension Act of 1994 (Public Law 103–255, 108 Stat. 706) is omitted as executed.

AMENDMENTS

1995—Subsec. (c). Pub. L. 103–429 reenacted heading without change and amended text generally. Prior to amendment, text read as follows: “After September 30, 1996, the Secretary may not incur obligations under subsection (b) of this section, except for obligations of amounts remaining available after that date under section 47117(b) of this title.”

Pub. L. 103–305 substituted “After September 30, 1996, the Secretary” for “After September 30, 1993, the Secretary”.

Effective Date of 2008 Amendment

Pub. L. 110–253, §4(c), June 30, 2008, 122 Stat. 2418, provided that: “The amendments made by this section (amending this section and section 48103 of this title) shall take effect on July 1, 2008.”

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 2000 Amendment

Effective Date of 1996 Amendment

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

Deemed References to Chapters 509 and 511 of Title 51

General references to “this title” deemed to refer also to chapters 509 and 511 of Title 51, National and Commercial Space Programs, see section 4(d)(8) of Pub. L. 106–181, set out as a note under section 101 of this title.

Design-Build Contracting

Pub. L. 106–181, title I, §139, Apr. 5, 2000, 114 Stat. 85, provided that:

“(a) Pilot Program.—The Administrator [of the Federal Aviation Administration] may establish a pilot program under which design-build contracts may be used to carry out up to 7 projects at airports in the United States with a grant awarded under section 47104 of title 49, United States Code. A sponsor of an airport may submit an application to the Administrator to carry out a project otherwise eligible for assistance under chapter 471 of such title under the pilot program.

“(b) Use of Design-Build Contracts.—Under the pilot program, the Administrator may approve an application of an airport sponsor under this section to authorize the airport sponsor to award a design-build contract using a selection process permitted under applicable State or local law if:

“(1) the Administrator approves the application using criteria established by the Administrator;

“(2) the design-build contract is in a form that is approved by the Administrator;

“(3) the Administrator is satisfied that the contract will be executed pursuant to competitive procedures and contains a schematic design adequate for the Administrator to approve the grant;

“(4) use of a design-build contract will be cost effective and expedite the project;

“(5) the Administrator is satisfied that there will be no conflict of interest; and

“(6) the Administrator is satisfied that the selection process will be as open, fair, and objective as the competitive bid system and that at least three or more bids will be submitted for each project under the selection process.

“(c) Reimbursement of Costs.—The Administrator may reimburse an airport sponsor for design and construction costs incurred before a grant is made pursuant to this section if the project is approved by the Administrator in advance and is carried out in accordance with all administrative and statutory requirements that would have been applicable under chapter 471 of title 49, United States Code, if the project were carried out after a grant agreement had been executed.

“(d) Design-Build Contract Defined.—In this section, the term ‘design-build contract’ means an agreement that provides for both design and construction of a project by a contractor.
§ 47105. Project grant applications

(a) Submission and Consultation.—(1) An application for a project grant under this subchapter may be submitted to the Secretary of Transportation by—

(A) a sponsor; or

(B) a State, as the only sponsor, for an airport development project benefiting 1 or more airports in the State or for airport planning projects for 1 or more airports in the State if—

(i) the sponsor of each airport gives written consent that the State be the applicant; and

(ii) the Secretary is satisfied there is administrative merit and aeronautical benefit in the State being the sponsor; and

(iii) an acceptable agreement exists that ensures that the State will comply with appropriate grant conditions and other assurances the Secretary requires.

(2) Before deciding to undertake an airport development project at an airport under this subchapter, a sponsor shall consult with the airport users that will be affected by the project.

(3) This subsection does not authorize a public agency that is subject to the laws of a State to apply for a project grant in violation of a law of the State.

(b) Contents and Form.—An application for a project grant under this subchapter—

(1) shall describe the project proposed to be undertaken;

(2) may propose a project only for a public-use airport included in the current national plan of integrated airport systems;

(3) may propose airport development only if the development complies with standards the Secretary prescribes or approves, including standards for site location, airport layout, site preparation, paving, lighting, and safety of approaches; and

(4) shall be in the form and contain other information the Secretary prescribes.

(c) State Standards for Airport Development.—The Secretary may approve standards (except standards for safety of approaches) that a State prescribes for airport development at nonprimary public-use airports in the State. On approval under this subsection, a State’s standards apply to the nonprimary public-use airports in the State instead of the comparable standards prescribed by the Secretary under subsection (b)(3) of this section. The Secretary, or the State with the approval of the Secretary, may revise standards approved under this subsection.

(d) Certification of Compliance.—The Secretary may require a sponsor to certify that the sponsor will comply with this subchapter in carrying out the project. The Secretary may rescind the acceptance of a certification at any time. This subsection does not affect an obligation or responsibility of the Secretary under another law of the United States.

(e) Preventive Maintenance.—After January 1, 1995, the Secretary may approve an application under this subchapter for the replacement or reconstruction of pavement at an airport only if the sponsor has provided such assurances or certifications as the Secretary may determine appropriate that such airport has implemented an effective airport pavement maintenance-management program. The Secretary may require such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

(f) Notification.—The sponsor of an airport for which an amount is apportioned under section 47114(c) of this title shall notify the Secretary of the fiscal year in which the sponsor intends to submit a project grant application for the apportioned amount. The notification shall be given by the time and contain the information the Secretary prescribes.

In subsection (a)(1), before clause (A), the words “Subject to the provisions of this subsection” are omitted as surplus. The words “for one or more projects” are omitted as surplus because of the definition of “project grant” in section 47102 of the revised title. Clause (A) is substituted for “any public agency, or two or more public agencies acting jointly, or (B) any sponsor of a public-use airport, or two or more such sponsors, acting jointly” because of the definition of “sponsor” in section 47102 of the revised title.

In subsection (a)(2), the word “Before” is substituted for “In” as the more appropriate word. The words “at an airport” are substituted for “at which such project is proposed” to eliminate unnecessary words. The words “airport users that will be affected by the project” are substituted for “affected parties” for clarity.

Subsection (a)(3) is substituted for 49 App.:2208(a)(1) (3d sentence) to eliminate unnecessary words.

In subsection (b)(1), the words “shall describe” are substituted for “setting forth” for clarity.

In subsection (b)(2), the word “project” is substituted for “airport development or airport planning” because of the definition of “project” in section 47102 of the revised title. The words “prepared pursuant to section 2203 of the Appendix” are eliminated as unnecessary.

In subsection (c), the words “from time to time” are eliminated as unnecessary.

In subsection (d), the words “in connection with any project” are omitted as surplus. The words “that the sponsor will comply with this subchapter in carrying out the project” are substituted for “that such sponsor...”
§ 47106. Project grant application approval conditioned on satisfaction of project requirements

(a) Project Grant Application Approval.—The Secretary of Transportation may approve an application under this subchapter for a project only if the Secretary is satisfied that—

(1) the project is consistent with plans (existing at the time the project is approved) of public agencies authorized by the State in which the airport is located to plan for the development of the area surrounding the airport;

(2) the project will contribute to carrying out this subchapter;

(3) enough money is available to pay the project costs that will not be paid by the United States Government under this subchapter;

(4) the project will be completed without unreasonable delay; and

(5) the sponsor has authority to carry out the project as proposed.

(b) Airport Development Project Grant Application Approval.—The Secretary may approve an application under this subchapter for an airport development project grant for an airport only if the Secretary is satisfied that—

(1) the sponsor, a public agency, or the Government holds good title to the areas of the airport used or intended to be used for the landing, taking off, or surface maneuvering of aircraft, or that good title will be acquired;

(2) the interests of the community in or near which the project may be located have been given fair consideration; and

(3) the application provides touchdown zone and centerline runway lighting, high intensity runway lighting, or land necessary for installing approach light systems that the Secretary, considering the category of the airport and the kind and volume of traffic using it, decides is necessary for safe and efficient use of the airport by aircraft.

(c) Environmental Requirements.—(1) The Secretary may approve an application under this subchapter for an airport development project involving the location of an airport or runway or a major runway extension—

(A) only if the sponsor certifies to the Secretary that—

(i) an opportunity for a public hearing was given to consider the economic, social, and environmental effects of the location and the location’s consistency with the objectives of any planning that the community has carried out;

(ii) the airport management board has voting representation from the communities in which the project is located or has advised the communities that they have the right to petition the Secretary about a proposed project; and

(iii) with respect to an airport development project involving the location of an airport, runway, or major runway extension at a medium or large hub airport, the airport sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted; and

(B) if the application is found to have a significant adverse effect on natural resources, including fish and wildlife, natural, scenic, and recreation assets, water and air quality, or another factor affecting the environment, only after finding that no possible and prudent alternative to the project exists and that every reasonable step has been taken to minimize the adverse effect.

(2) The Secretary may approve an application under this subchapter for an airport development project that does not involve the location of an airport or runway, or a major runway extension at a medium or large hub airport if—

(A) completing the project would allow operations at the airport involving aircraft complying with the noise standards prescribed for “stage 3” aircraft in section 36.1 of title 14, Code of Federal Regulations, to replace existing operations involving aircraft that do not comply with those standards; and

(B) the project meets the other requirements under this subchapter.

(3) At the Secretary’s request, the sponsor shall give the Secretary a copy of the transcript of any hearing held under paragraph (1)(A) of this subsection.

(4) The Secretary may make a finding under paragraph (1)(B) of this subsection only after completely reviewing the matter. The review and finding must be a matter of public record.

(d) Withholding Approval.—(1) The Secretary may withhold approval of an application under this subchapter for amounts apportioned under section 47114(c) and of this title for violating an assurance or requirement of this subchapter only if—

(A) the Secretary provides the sponsor an opportunity for a hearing; and

(B) not later than 180 days after the later of the date of the application or the date the Secretary discovers the noncompliance, the Secretary finds that a violation has occurred.
(2) The 180-day period may be extended by—
   (A) agreement between the Secretary and the sponsor; or
   (B) the hearing officer if the officer decides an extension is necessary because the sponsor did not follow the schedule the officer established.

(3) A person adversely affected by an order of the Secretary withholding approval may obtain review of the order by filing a petition in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the project is located. The action must be brought not later than 60 days after the order is served on the petitioner.

(e) REPORTS RELATING TO CONSTRUCTION OF CERTAIN NEW HUB AIRPORTS.—At least 90 days prior to the approval under this subchapter of a project grant application for construction of a new hub airport that is expected to have 0.25 percent or more of the total annual enplanements in the United States, the Secretary shall, not later than 60 days after the order is served on the petitioner.

(f) COMPETITION PLANS.—
   (1) PROHIBITION.—Beginning in fiscal year 2001, no passenger facility fee may be approved for a covered airport under section 40117 and 2001, no passenger facility fee may be approved for a covered airport unless the airport has submitted to the Secretary a written competition plan in accordance with this subsection.

   (2) CONTENTS.—A competition plan under this subsection shall include information on the availability and cost of providing air transportation to rural areas in such geographic region.

   (g) CONSULTATION WITH SECRETARY OF HOMELAND SECURITY.—The Secretary shall consult with the Secretary of Homeland Security before approving an application under this subchapter for an airport development project grant for activities described in section 47102(3)(B)(x) only as they relate to installation of bulk explosive detection system.

HISTORICAL AND REVISION NOTES

Revised Section | Source (U.S. Code) | Source (Statutes at Large)
--- | --- | ---

In subsection (a)(1), the word “reasonably” is omitted as surplus.

In subsection (a)(2), the words “carrying out” are substituted for “accomplishment of the purposes of” for consistency in the revised title.

In subsection (a)(3), the words “that portion of” are omitted as surplus.

In subsection (a)(5), the words “which submitted the project grant application” and “legal” are omitted as surplus.

In subsection (b), before clause (1), the words “for an airport” are added for clarity. In clause (1), the words “or an agency thereof” are omitted surplus. In clause (3), the words “the Secretary . . . decides is necessary” are substituted for “when it is determined by the Secretary that any such item is required” to eliminate unnecessary words.

In subsection (c)(1)(B), before subclause (i), the words “chief executive officer” are substituted for “Governor” because this chapter applies to the District of
Columbia which does not have a Governor. The words "except that the Administrator of the Environmental Protection Agency shall make the certification instead of the chief executive officer." are substituted for "the chief executive officer" for clarity. Subclause (i) is substituted for "such standards have not been approved" for clarity.

In subsection (c)(2), before clause (A), the words "Notwithstanding any other provision of law" are omitted as surplus. The words "that does not involve the location of an airport or runway, or a major runway extension" are substituted for "(other than an airport development project in which paragraph (7)(A) applies)" for clarity. The words "the preparation of" are omitted as surplus. In clause (B), the words "statutory and administrative" are omitted as surplus.

In subsection (c)(4)(A), the words "to the Secretary" are added for clarity.

In subsection (d)(1), the words "full and" are omitted as surplus. The words "in writing" are omitted as surplus because of the requirement that the decision be a matter of public record.

In subsection (d)(2), the words "as defined by section 1711(b) of this Appendix, as in effect on February 18, 1980" are omitted because of the definition of "air carrier airport" in section 47102 of the revised title.

In subsection (d)(2), the words "Notwithstanding any other provision of the Airport and Airway Improvement Act of 1962 [49 App. U.S.C. 2201 et seq.]" and "and" are omitted as surplus.

In subsection (e)(1) and (2), the word "sponsoring public official" is substituted for "applicant" for consistency. In subsection (e)(1), before clause (A), the words "under this subchapter" are added for consistency in this section. The word "other" is omitted as surplus.

In subsection (e)(2)(A), the word "mutual" is omitted as surplus.

In subsection (e)(3), the words "adversely affected" are substituted for "aggrieved" for consistency in the revised title and with other titles of the United States Code. The words "the date on which" are omitted as surplus.

**AMENDMENTS**

Subsec. (c)(1)(B), (C). Pub. L. 108–176, § 305(2), (3), redesignated subpar. (C) as (B) and struck out former subpar. (B) which read as follows: "only if the chief executive officer of the State in which the project will be located certifies in writing to the Secretary that there is reasonable assurance that the project will be located, designed, constructed, and operated in compliance with applicable air and water quality standards, except that the Administrator of the Environmental Protection Agency shall make the certification instead of the chief executive officer if—" (1) the State has not approved any applicable State or local standards; and (ii) the Administrator has prescribed applicable standards; and.

Subsec. (c)(4), (5). Pub. L. 108–176, § 305(5)–(7), redesignated par. (5) as (4), substituted "paragraph (1)(B)" for "paragraph (1)(C)". and struck out former par. (4) which read as follows: "(4)(A) Notice of certification or of refusal to certify under paragraph (1)(B) of this subsection shall be provided to the Secretary not later than 60 days after the Secretary receives the application. (B) The Secretary shall condition approval of the application on compliance with the applicable standards during construction and operation."

Subsec. (f), (g), Pub. L. 107–71, which directed the amendment of section 47106(f) by adding par. (3) and redesignating former par. (3) as (4), without specifying the Code title to be amended, was executed by making the amendments to this section, to reflect the probable intent of Congress.

1994—Subsecs. (d), (e). Pub. L. 103–305 added subsec. (e), redesignated former subsec. (e) as (d), and struck out former subsec. (d) which read as follows: "(d) GENERAL AVIATION AIRPORT PROJECT GRANT APPLICATION APPROVAL.—(1) In this subsection, ‘general aviation airport’ means a public airport that is not an air carrier airport.

(2) The Secretary may approve an application under this subchapter for an airport development project included in a project grant application involving the construction or extension of a runway at a general aviation airport located on both sides of a boundary line separating 2 counties within a State only if, before the application is submitted to the Secretary, the project is approved by the governing body of each village incorporated under the laws of the State and located entirely within 5 miles of the nearest boundary of the airport."

**EFFECTIVE DATE OF 2003 AMENDMENT**

Amendment by Pub. L. 106–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

**EFFECTIVE DATE OF 2002 AMENDMENT**

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

**EFFECTIVE DATE OF 2000 AMENDMENT**

**ENVIRONMENTAL REVIEW OF AIRPORT IMPROVEMENT PROJECTS**

Pub. L. 106–181, title III, § 310, Apr. 5, 2000, 114 Stat. 128, provided that:

"(a) STUDY.—The Secretary [of Transportation] shall conduct a study of Federal environmental requirements related to the planning and approval of airport improvement projects.

"(b) CONTENTS.—In conducting the study, the Secretary, at a minimum, shall assess—

(1) the current level of coordination among Federal and State agencies in conducting environmental reviews in the planning and approval of airport improvement projects;

(2) the role of public involvement in the planning and approval of airport improvement projects;

(3) the staffing and other resources associated with conducting such environmental reviews; and

(4) the time line for conducting such environmental reviews.

"(c) CONSULTATION.—The Secretary shall conduct the study in consultation with the Administrator [of the Federal Aviation Administration], the heads of other appropriate Federal departments and agencies, airport sponsors, the heads of State aviation agencies, representatives of the design and construction industry, representatives of employee organizations, and representatives of public interest groups.

"(d) REPORT.—Not later than 1 year after the date of the enactment of this Act [Apr. 5, 2000], the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the study, together with recommendations for streamlining, if appropriate, the environmental review process in the planning and approval of airport improvement projects."
GRANTS FOR ENGINEERED MATERIALS ARRESTING SYSTEMS

Pub. L. 106–181, title V, §514(c), Apr. 5, 2000, 114 Stat. 144, provided that: "In making grants under section 47104 of title 49, United States Code, for engineered materials arresting systems, the Secretary [of Transportation] shall require the sponsor to demonstrate that the effects of jet blasts have been adequately considered."

GRANTS FOR RUNWAY REHABILITATION

Pub. L. 106–181, title V, §514(d), Apr. 5, 2000, 114 Stat. 144, provided that: "In making grants under section 47104 of title 49, United States Code, for runway rehabilitation, the Secretary [of Transportation] shall consider alternative means for ensuring runway safety (other than a safety overrun area) when prescribing conditions for grants for runway rehabilitation."

COMPLIANCE WITH REQUIREMENTS

Pub. L. 106–181, title VII, §737, Apr. 5, 2000, 114 Stat. 172, provided that: "Notwithstanding any other provision of law, in order to avoid unnecessary duplication of expense and effort, the Secretary [of Transportation] may authorize the use, in whole or in part, of a completed environmental assessment or environmental impact study for new construction projects on the air operations area of an airport, if the completed assessment or study was for a project at the airport that is substantially similar in nature to the new project. Any such authorized use shall meet all requirements of Federal law for the completion of such an assessment or study."

§ 47107. Project grant application approval conditioned on assurances about airport operations

(a) GENERAL WRITTEN ASSURANCES.—The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that—

(1) the airport will be available for public use on reasonable conditions and without unjust discrimination;

(2) air carriers making similar use of the airport will be subject to substantially comparable charges—

(A) for facilities directly and substantially related to providing air transportation; and

(B) regulations and conditions, except for differences based on reasonable classifications, such as between—

(i) tenants and nontenants; and

(ii) signatory and nonsignatory carriers;

(3) the airport operator will not withhold unreasonably the classification or status of tenant or signatory from an air carrier that assumes obligations substantially similar to those already imposed on air carriers of that classification or status;

(4) a person providing, or intending to provide, aeronautical services to the public will not be given an exclusive right to use the airport, with a right given to only one fixed-base operator to provide services at an airport deemed not to be an exclusive right if—

(A) the right would be unreasonably costly, burdensome, or impractical for more than one fixed-base operator to provide the services; and

(B) allowing more than one fixed-base operator to provide the services would require reducing the space leased under an existing agreement between the one fixed-base operator and the airport owner or operator;

(5) fixed-base operators similarly using the airport will be subject to the same charges;

(6) an air carrier using the airport may service itself or use any fixed-base operator allowed by the airport operator to service any carrier at the airport;

(7) the airport and facilities on or connected with the airport will be operated and maintained suitably, with consideration given to climatic and flood conditions;

(8) a proposal to close the airport temporarily for a nonaeronautical purpose must first be approved by the Secretary;

(9) appropriate action will be taken to ensure that terminal airspace required to protect instrument and visual operations to the airport (including operations at established minimum flight altitudes) will be cleared and protected by mitigating existing, and preventing future, airport hazards;

(10) appropriate action, including the adoption of zoning laws, has been or will be taken to the extent reasonable to restrict the use of land next to or near the airport to uses that are compatible with normal airport operations;

(11) each of the airport’s facilities developed with financial assistance from the United States Government and each of the airport’s facilities usable for the landing and taking off of aircraft always will be available without charge for use by Government aircraft in common with other aircraft, except that if the use is substantial, the Government may be charged a reasonable share, proportionate to the use, of the cost of operating and maintaining the facility used;

(12) the airport owner or operator will provide, without charge to the Government, property interests of the sponsor in land or water areas or buildings that the Secretary decides are desirable for, and that will be used for, constructing at Government expense, facilities for carrying out activities related to air traffic control or navigation;

(13) the airport owner or operator will maintain a schedule of charges for use of facilities and services at the airport—

(A) that will make the airport as self-sustaining as possible under the circumstances existing at the airport, including volume of traffic and economy of collection; and

(B) without including in the rate base used for the charges the Government’s share of costs for any project for which a grant is made under this subchapter or was made under the Federal Airport Act or the Airport and Airway Development Act of 1970;

(14) the project accounts and records will be kept using a standard system of accounting that the Secretary, after consulting with appropriate public agencies, prescribes;

(15) the airport owner or operator will submit any annual or special airport financial and operations reports to the Secretary that the Secretary reasonably requests and make such reports available to the public;
§ 47107

(16) the airport owner or operator will maintain a current layout plan of the airport that meets the following requirements:

(A) the plan will be in a form the Secretary prescribes;
(B) the Secretary will approve the plan and any revision or modification before the plan, revision, or modification takes effect;
(C) the owner or operator will not make or allow any alteration in the airport or any of its facilities if the alteration does not comply with the plan the Secretary approves, and the Secretary is of the opinion that the alteration may affect adversely the safety, utility, or efficiency of the airport; and
(D) when an alteration in the airport or its facility is made that does not conform to the approved plan and that the Secretary decides adversely affects the safety, utility, or efficiency of any property on or off the airport that is owned, leased, or financed by the Government, the owner or operator, if requested by the Secretary, will—
(i) eliminate the adverse effect in a way the Secretary approves; or
(ii) bear all cost of relocating the property or its replacement to a site acceptable to the Secretary and of restoring the property or its replacement to the level of safety, utility, efficiency, and cost of operation that existed before the alteration was made;

(17) each contract and subcontract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, and related services will be awarded in the same way that a contract for architectural and engineering services is negotiated under chapter 11 of title 40 or an equivalent qualifications-based requirement prescribed for or by the sponsor;

(18) the airport and each airport record will be available for inspection by the Secretary on reasonable request, and a report of the airport budget will be available to the public at reasonable times and places;

(19) the airport owner or operator will submit to the Secretary and make available to the public an annual report listing in detail—
(A) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
(B) all services and property provided to other units of government and the amount of compensation received for provision of each such service and property;

(20) the airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport, but the sponsor does not have any obligation under this paragraph, or because of it, to fund special facilities for intercity bus service or for other modes of transportation; and

(21) if the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner’s expense, the airport owner or operator will grant to the aircraft owner for the hangar a long-term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

(b) Written Assurances on Use of Revenue.—(1) The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that local taxes on aviation fuel (except taxes in effect on December 30, 1987) and the revenues generated by a public airport will be expended for the capital or operating costs of—
(A) the airport;
(B) the local airport system; or
(C) other local facilities owned or operated by the airport owner or operator and directly and substantially related to the air transportation of passengers or property.

(2) Paragraph (1) of this subsection does not apply if a provision enacted not later than September 2, 1982, in a law controlling financing by the airport owner or operator, or a covenant or assurance in a debt obligation issued not later than September 2, 1982, by the owner or operator, provides that the revenues, including local taxes on aviation fuel at public airports, from any of the facilities of the owner or operator, including the airport, be used to support not only the airport but also the general debt obligations or other facilities of the owner or operator.

(3) This subsection does not prevent the use of a State tax on aviation fuel to support a State aviation program or the use of airport revenue on or off the airport for a noise mitigation purpose.

(c) Written Assurances on Acquiring Land.—(1) In this subsection, land is needed for an airport purpose (except a noise compatibility purpose) if—
(A)(i) the land may be needed for an aeronautical purpose (including runway protection zone) or serves as noise buffer land; and
(ii) revenue from interim uses of the land contributes to the financial self-sufficiency of the airport; and
(B) for land purchased with a grant the owner or operator received not later than December 30, 1987, the Secretary of Transportation or the department, agency, or instrumentality of the Government that made the grant was notified by the owner or operator of the use of the land and did not object to the use and the land is still being used for that purpose.

(2) The Secretary of Transportation may approve an application under this subchapter for an airport development project grant only if the Secretary receives written assurances, satisfactory to the Secretary, that if an airport owner or operator has received or will receive a grant for acquiring land and—
(A) if the land was or will be acquired for a noise compatibility purpose—
(i) the owner or operator will dispose of the land at fair market value at the earliest practicable time after the land no longer is needed for a noise compatibility purpose;
(ii) the disposition will be subject to retaining or reserving an interest in the land;
necessary to ensure that the land will be used in a way that is compatible with noise levels associated with operating the airport; and

(iii) the part of the proceeds from disposing of the land that is proportional to the Government’s share of the cost of acquiring the land will be paid to the Secretary for deposit in the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) or, as the Secretary prescribes, reinvested in an approved noise compatibility project, including the purchase of nonresidential buildings or property in the vicinity of residential buildings or property previously purchased by the airport as part of a noise compatibility program; or

(B) if the land was or will be acquired for an airport purpose (except a noise compatibility purpose)—

(i) the owner or operator, when the land no longer is needed for an airport purpose, will dispose of the land at fair market value or make available to the Secretary an amount equal to the Government’s proportional share of the fair market value;

(ii) the disposition will be subject to retaining or reserving an interest in the land necessary to ensure that the land will be used in a way that is compatible with noise levels associated with operating the airport; and

(iii) the part of the proceeds from disposing of the land that is proportional to the Government’s share of the cost of acquiring the land will be reinvested, on application to the Secretary, in another eligible airport development project the Secretary approves under this subchapter or paid to the Secretary for deposit in the Fund if another eligible project does not exist.

(3) Proceeds referred to in paragraph (2)(A)(iii) and (B)(iii) of this subsection and deposited in the Airport and Airway Trust Fund are available as provided in subsection (f) of this section.

(d) ASSURANCES OF CONTINUATION AS PUBLIC-USE AIRPORT.—The Secretary of Transportation may approve an application under this subchapter for an airport development project grant for a privately owned public-use airport only if the Secretary receives appropriate assurances that the airport will continue to function as a public-use airport during the economic life (that must be at least 10 years) of any facility at the airport that was developed with Government financial assistance under this subchapter.

(e) WRITTEN ASSURANCES OF OPPORTUNITIES FOR SMALL BUSINESS CONCERNS.—(1) The Secretary of Transportation may approve a project grant application under this subchapter for an airport development project only if the Secretary receives written assurances, satisfactory to the Secretary, that the airport owner or operator will take necessary action to ensure, to the maximum extent practicable, that at least 10 percent of all businesses at the airport selling consumer products or providing consumer services to the public are small business concerns (as defined by regulations of the Secretary) owned and controlled by a socially and economically disadvantaged individual (as defined in section 47113(a) of this title) or qualified HUB-Zone small business concerns (as defined in section 3(p) of the Small Business Act).

(2) An airport owner or operator may meet the percentage goal of paragraph (1) of this subsection by including any business operated through a management contract or subcontract. The dollar amount of a management contract or subcontract with a disadvantaged business enterprise shall be added to the total participation by disadvantaged business enterprises in airport concessions and to the base from which the airport’s percentage goal is calculated. The dollar amount of a management contract or subcontract with a non-disadvantaged business enterprise and the gross revenue of business activities to which the management contract or subcontract pertains may not be added to this base.

(3) Except as provided in paragraph (4) of this subsection, an airport owner or operator may meet the percentage goal of paragraph (1) of this subsection by including the purchase from disadvantaged business enterprises of goods and services used in businesses conducted at the airport, but the owner or operator and the businesses conducted at the airport shall make good faith efforts to explore all available options to achieve, to the maximum extent practicable, compliance with the goal through direct ownership arrangements, including joint ventures and franchises.

(4)(A) In complying with paragraph (1) of this subsection, an airport owner or operator shall include the revenues of car rental firms at the airport in the base from which the percentage goal in paragraph (1) is calculated.

(B) An airport owner or operator may require a car rental firm to meet a requirement under paragraph (1) of this subsection by purchasing or leasing goods or services from a disadvantaged business enterprise. If an owner or operator requires such a purchase or lease, a car rental firm shall be permitted to meet the requirement by including purchases or leases of vehicles from any vendor that qualifies as a small business concern owned and controlled by a socially and economically disadvantaged individual or as a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act).

(C) This subsection does not require a car rental firm to change its corporate structure to provide for direct ownership arrangements to meet the requirements of this subsection.

(5) This subsection does not preempt—

(A) a State or local law, regulation, or policy enacted by the governing body of an airport owner or operator; or

(B) the authority of a State or local government or airport owner or operator to adopt or enforce a law, regulation, or policy related to disadvantaged business enterprises.

(6) An airport owner or operator may provide opportunities for a small business concern owned and controlled by a socially and economically disadvantaged individual or a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act) to participate through direct contractual agreement with that concern.
(7) An air carrier that provides passenger or property-carrying services or another business that conducts aeronautical activities at an airport may not be included in the percentage goal of paragraph (1) of this subsection for participation in small business concerns at the airport.

(8) Not later than April 29, 1993, the Secretary of Transportation shall prescribe regulations to carry out this subsection.

(f) Availability of amounts.—An amount deposited in the Airport and Airway Trust Fund under

(1) subsection (c)(2)(A)(iii) of this section is available to the Secretary of Transportation to make a grant for airport development or airport planning under section 47104 of this title;

(2) subsection (c)(2)(B)(iii) of this section is available to the Secretary—

(A) to make a grant for a purpose described in section 47115(b) of this title; and

(B) for use under section 47114(d)(2) of this title at another airport in the State in which the land was disposed of under subsection (c)(2)(B)(ii) of this section; and

(3) subsection (c)(2)(B)(iii) of this section is in addition to an amount made available to the Secretary under section 48103 of this title and not subject to apportionment under section 47114 of this title.

(g) Ensuring compliance.—(1) To ensure compliance with this section, the Secretary of Transportation—

(A) shall prescribe requirements for sponsors that the Secretary considers necessary; and

(B) may make a contract with a public agency.

(2) The Secretary of Transportation may approve an application for a project grant only if the Secretary is satisfied that the requirements prescribed under paragraph (1)(A) of this subsection have been or will be met.

(h) Modifying assurances and requiring compliance with additional assurances.—

(1) In general.—Subject to paragraph (2), before modifying an assurance required of a person receiving a grant under this subchapter and in effect after December 29, 1987, or to require compliance with an additional assurance from the person, the Secretary of Transportation must—

(A) publish notice of the proposed modification in the Federal Register; and

(B) provide an opportunity for comment on the proposal.

(2) Public notice before waiver of aeronautical land-use assurance.—Before modifying an assurance under subsection (c)(2)(B) that requires any property to be used for an aeronautical purpose, the Secretary must provide notice to the public not less than 30 days before making such modification.

(i) Relief from obligation to provide free space.—When a sponsor provides a property interest in a land or water area or a building that the Secretary of Transportation uses to construct a facility at Government expense, the Secretary may relieve the sponsor from an obligation in a contract made under this chapter, the Airport and Airway Development Act of 1970, or the Federal Airport Act to provide free space to the Government in an airport building, to the extent the Secretary finds that the free space no longer is needed to carry out activities related to air traffic control or navigation.

(j) Use of revenue in Hawaii.—(1) In this subsection—

(A) "duty-free merchandise" and "duty-free sales enterprise" have the same meanings given those terms in section 555(b)(8) of the Tariff Act of 1930 (19 U.S.C. 1555(b)(8)).

(B) "highway" and "Federal-aid system" have the same meanings given those terms in section 101(a) of title 23.

(2) Notwithstanding subsection (b)(1) of this section, Hawaii may use, for a project for construction or reconstruction of a highway on a Federal-aid system that is not more than 10 miles by road from an airport and that will facilitate access to the airport, revenue from the sales at off-airport locations in Hawaii of duty-free merchandise under a contract between Hawaii and a duty-free sales enterprise. However, the revenue resulting during a Hawaiian fiscal year may be used only if the amount of the revenue, plus amounts Hawaii receives in the fiscal year from all other sources for costs Hawaii incurs for operating all airports it operates and for debt service related to capital projects for the airports (including interest and amortization of principal costs), is more than 150 percent of the projected costs for the fiscal year.

(3)(A) Revenue from sales referred to in paragraph (2) of this subsection in a Hawaiian fiscal year that Hawaii may use may not be more than the amount that is greater than 150 percent as determined under paragraph (2).

(B) The maximum amount of revenue Hawaii may use under paragraph (2) of this subsection is $250,000,000.

(4) If a fee imposed or collected for rent, landing, or service from an aircraft operator by an airport operated by Hawaii is increased during the period from May 4, 1990, through December 31, 1994, by more than the percentage change in the Consumer Price Index of All Urban Consumers for Honolulu, Hawaii, that the Secretary of Labor publishes during that period and if revenue derived from the fee increases because the fee increased, the amount under paragraph (3)(B) of this subsection shall be reduced by the amount of the projected revenue increase in the period less the part of the increase attributable to changes in the Index in the period.

(5) Hawaii shall determine costs, revenue, and projected revenue increases referred to in this subsection and shall submit the determinations to the Secretary of Transportation. A determination is approved unless the Secretary disapproves it not later than 30 days after it is submitted.

(6) Hawaii is not eligible for a grant under section 47115 of this title in a fiscal year in which Hawaii uses under paragraph (2) of this subsection revenue from sales referred to in paragraph (2). Hawaii shall repay amounts it receives in a fiscal year under a grant it is not eligible to receive because of this paragraph to the Secretary of Transportation for deposit in the discretionary fund established under section 47115.
(7) (A) This subsection applies only to revenue from sales referred to in paragraph (2) of this subsection from May 5, 1990, through December 30, 1994, and to amounts in the Airport Revenue Fund of Hawaii that are attributable to revenue before May 4, 1990, on sales referred to in paragraph (2).

(B) Revenue from sales referred to in paragraph (2) of this subsection from May 5, 1990, through December 30, 1994, may be used under paragraph (2) in any Hawaiian fiscal year, including a Hawaiian fiscal year beginning after December 31, 1994.

(k) ANNUAL SUMMARIES OF FINANCIAL REPORTS.—The Secretary shall provide to the Committee on Transportation and Infrastructure of the House of Representatives an annual summary of the reports submitted to the Secretary under subsection (a)(19) of this section and under section 111(b) of the Federal Aviation Administration Authorization Act of 1994.

(l) POLICIES AND PROCEDURES TO ENSURE ENFORCEMENT AGAINST ILLEGAL DIVERSION OF AIRPORT REVENUE.—

(1) IN GENERAL.—Not later than 90 days after August 23, 1994, the Secretary of Transportation shall establish policies and procedures that will assure the prompt and effective enforcement of subsections (a)(13) and (b) of this section and grant assurances made under such subsections (a)(19) of this section and under section 111(b) of the Federal Aviation Administration Authorization Act of 1994.

(2) REVENUE DIVERSION.—Policies and procedures to be established pursuant to paragraph (1) of this subsection shall prohibit, at a minimum, the diversion of airport revenues (except as authorized under subsection (b) of this section) through—

(A) direct payments or indirect payments, other than payments reflecting the value of services and facilities provided to the airport;

(B) use of airport revenues for general economic development, marketing, and promotional activities unrelated to airports or airport systems;

(C) payments in lieu of taxes or other assessments that exceed the value of services provided; or

(D) payments to compensate noncompensating governmental bodies for lost tax revenues exceeding stated tax rates.

(3) EFFORTS TO BE SELF-SUSTAINING.—With respect to subsection (a)(13) of this section, policies and procedures to be established pursuant to paragraph (1) of this subsection shall take into account, at a minimum, whether owners and operators of airports, when entering into new or revised agreements or otherwise establishing rates, charges, and fees, have undertaken reasonable efforts to make their particular airports as self-sustaining as possible under the circumstances existing at such airports.

(4) ADMINISTRATIVE SAFEGUARDS.—Policies and procedures to be established pursuant to paragraph (1) shall mandate internal controls, auditing requirements, and increased levels of Department of Transportation personnel sufficient to respond fully and promptly to complaints received regarding possible violations of subsections (a)(13) and (b) of this section and grant assurances made under such subsections and to alert the Secretary to such possible violations.

(5) STATUTE OF LIMITATIONS.—In addition to the statute of limitations specified in subsection (n)(7), with respect to project grants made under this chapter—

(A) any request by a sponsor or any other governmental entity to any airport for additional payments for services conducted off of the airport or for reimbursement for capital contributions or operating expenses shall be filed not later than 6 years after the date on which the expense is incurred; and

(B) any amount of airport funds that are used to make a payment or reimbursement as described in subparagraph (A) after the date specified in that subparagraph shall be considered to be an illegal diversion of airport revenues that is subject to subsection (n).

(m) AUDIT CERTIFICATION.—

(1) IN GENERAL.—The Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, shall include a provision in the compliance supplement provisions to require a recipient of a project grant (or any other recipient of Federal financial assistance that is provided for an airport) to include as part of an annual audit conducted under sections 7501 through 7505 of title 31, a review concerning the funding activities with respect to an airport that is the subject of the project grant (or other Federal financial assistance) and the sponsors, owners, or operators (or other recipients) involved.

(2) CONTENT OF REVIEW.—A review conducted under paragraph (1) shall provide reasonable assurances that funds paid or transferred to sponsors are paid or transferred in a manner consistent with the applicable requirements of this chapter and any other applicable provision of law (including regulations promulgated by the Secretary or the Administrator).

(n) RECOVERY OF ILLEGALLY DIVERTED FUNDS.—

(1) IN GENERAL.—Not later than 180 days after the issuance of an audit or any other report that identifies an illegal diversion of airport revenues (as determined under subsection (b) and (l) and section 47133), the Secretary, acting through the Administrator, shall—

(A) review the audit or report;

(B) perform appropriate factfinding; and

(C) conduct a hearing and render a final determination concerning whether the illegal diversion of airport revenues asserted in the audit or report occurred.

(2) NOTIFICATION.—Upon making such a finding, the Secretary, acting through the Admin—
istrator, shall provide written notification to the sponsor and the airport of—

(A) the finding; and

(B) the obligations of the sponsor to reimburse the airport involved under this paragraph.

(3) ADMINISTRATIVE ACTION.—The Secretary may withhold any amount from funds that would otherwise be made available to the sponsor, including funds that would otherwise be made available to a State, municipality, or political subdivision thereof (including any multimodal transportation agency or transit authority of which the sponsor is a member entity) as part of an apportionment or grant made available pursuant to this title, if the sponsor—

(A) receives notification that the sponsor is required to reimburse an airport; and

(B) has had an opportunity to reimburse the airport, but has failed to do so.

(4) CIVIL ACTION.—If a sponsor fails to pay an amount specified under paragraph (3) during the 180-day period beginning on the date of notification and the Secretary is unable to withhold a sufficient amount under paragraph (3), the Secretary, acting through the Administrator, may initiate a civil action under which the Secretary or the Administrator determines that an airport shall be liable for civil penalty in an amount equal to the illegal diversion in question plus interest (as determined under subsection (o)).

(5) DISPOSITION OF PENALTIES.—

(A) AMOUNTS WITHHELD.—The Secretary or the Administrator shall transfer any amounts withheld under paragraph (3) to the Airport and Airway Trust Fund.

(B) CIVIL PENALTIES.—With respect to any amount collected by a court in a civil action under paragraph (4), the court shall cause to be transferred to the Airport and Airway Trust Fund any amount collected as a civil penalty under paragraph (4).

(6) REIMBURSEMENT.—The Secretary, acting through the Administrator, shall, as soon as practicable after any amount is collected from a sponsor under paragraph (4), cause to be transferred from the Airport and Airway Trust Fund to an airport affected by a diversion that is the subject of a civil action under paragraph (4), reimbursement in an amount equal to the amount that has been collected from the sponsor under paragraph (4) (including any amount of interest calculated under subsection (o)).

(7) STATUTE OF LIMITATIONS.—No person may bring an action for the recovery of funds illegally diverted in violation of this section (as determined under subsections (b) and (l)) or section 47133 after the date that is 6 years after the date on which the diversion occurred.

(o) INTEREST.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary, acting through the Administrator, shall charge a minimum annual rate of interest on any illegal diversion of revenues referred to in subsection (n) in an amount equal to the average investment interest rate for tax and loan accounts of the Department of the Treasury (as determined by the Secretary of the Treasury) for the applicable calendar year, rounded to the nearest whole percentage point.

(2) ADJUSTMENT OF INTEREST RATES.—If, with respect to a calendar quarter, the average investment interest rate for tax and loan accounts of the Department of the Treasury exceeds the average investment interest rate for the immediately preceding calendar quarter, rounded to the nearest whole percentage point, the Secretary of the Treasury may adjust the interest rate charged under this subsection in a manner that reflects that change.

(3) ACCRUAL.—Interest assessed under subsection (n) shall accrue from the date of the actual illegal diversion of revenues referred to in subsection (n).

(4) DETERMINATION OF APPLICABLE RATE.—The applicable rate of interest charged under paragraph (1) shall—

(A) be the rate in effect on the date on which interest begins to accrue under paragraph (3); and

(B) remain at a rate fixed under subparagraph (A) during the duration of the indebtedness.

(p) PAYMENT BY AIRPORT TO SPONSOR.—If, in the course of an audit or other review conducted under this section, the Secretary or the Administrator determines that an airport owes a sponsor funds as a result of activities conducted by the sponsor or expenditures by the sponsor for the benefit of the airport, interest on that amount shall be determined in the same manner as provided in paragraphs (1) through (4) of subsection (o), except that the amount of any interest assessed under this subsection shall be determined from the date on which the Secretary or the Administrator makes that determination.

(q) NOTWITHSTANDING any written assurances prescribed in subsections (a) through (p), a general aviation airport with more than 300,000 annual operations may be exempt from having to accept scheduled passenger air carrier service, provided that the following conditions are met:

(1) No scheduled passenger air carrier has provided service at the airport within 5 years prior to January 1, 2002.

(2) The airport is located within or underneath the Class B airspace of an airport that maintains an airport operating certificate pursuant to section 44706 of title 49.

(3) The certificated airport operating under section 44706 of title 49 does not contribute to significant passenger delays as defined by DOT/FAA in the “Airport Capacity Benchmark Report 2001”.

(r) An airport that meets the conditions of subsections (q)(1) through (3) is not subject to section 47524 of title 49 with respect to a prohibition on all scheduled passenger service.

(s) COMPETITION DISCLOSURE REQUIREMENT.—

(1) IN GENERAL.—The Secretary of Transportation may approve an application under this subchapter for an airport development project grant for a large hub airport or a medium hub airport under this chapter only if the Secretary receives assurances that the airport sponsor will provide the information required by paragraph (2) at such time and in such form as the Secretary may require.
(2) COMPETITIVE ACCESS.—On February 1 and August 1 of each year, an airport that during the previous 6-month period has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to provide service to the airport or to expand service at the airport shall transmit a report to the Secretary that—

(A) describes the requests;

(B) provides an explanation as to why the requests could not be accommodated; and

(C) provides a time frame within which, if any, the airport will be able to accommodate the requests.

(3) SUNSET PROVISION.—This subsection shall cease to be effective beginning April 1, 2011.

In subsection (a), before clause (1), the words "may approve a project grant application under this subchapter for an airport development project only if" are substituted for 49 App.:2208(b)(1)(E) (related to 49 App.:2210(a)) and the words "As a condition precedent to approval of an airport development project contained in a project grant application submitted under this subchapter for an airport development project only if" are substituted for 49 App.:2210(a)(12) and "As a condition precedent to approval of an airport development project contained in a project grant application submitted under this subchapter . . . then this limitation on the use of all other revenues generated by the airport . . . shall not apply . . . " is substituted for 49 App.:2210(a) for clarity and to eliminate unnecessary words. In clause (C) the word "actual" is omitted as surplus.

In subsection (b)(1), before clause (A), the words "may approve a project grant application under this subchapter for an airport development project only if" are substituted for 49 App.:2208(b)(1)(E) (related to 49 App.:2210(a)(12)) and "As a condition precedent to approval of an airport development project contained in a project grant application submitted under this subchapter . . . then this limitation on the use of all other revenues generated by the airport . . . shall not apply . . . " is substituted for 49 App.:2210(a) for clarity and to eliminate unnecessary words. In clause (C) the word "actual" is omitted as surplus.
In subsection (g)(1)(B), the words “Among other steps to
insure such compliance” and “on behalf of
the United States” are omitted as surplus.
In subsection (g)(2), the words “by or . . . the author-
itvity of” are omitted as surplus.
In subsection (h), before clause (1), the words “pro-
tposes to” are omitted as surplus. The word “sub-
chapter” is substituted for “Act” in section 511(f)
of the Airport and Airway Improvement Act of 1982, as
added by section 109(k) of the Airport and Airway Safe-
ty and Capacity Expansion Act of 1987 (Public Law
100–223, 101 Stat. 1502), to correct a mistake.
In subsection (i), the words “a property interest in
a land or water area or a building that the Secretary of
Transportation uses to construct a facility” are sub-
stituted for “any area of land or water, or estate there-
in, or rights in buildings of the sponsor and constructs
space or facilities thereon” for consistency in this sec-
tion.
In subsection (j)(2), the words “the limitation on the use
of revenues generated by airports contained in”, “located”, “of funds”, and “including revenues gen-
erated by such airports from other sources, unre-
stricted cash on hand, and Federal funds made avail-
able under this chapter for expenditure at such air-
ports)” are omitted as surplus.
In subsection (j)(3)(A), the words “amount that is
greater than 150 percent as determined” are sub-
stituted for “amount of the excess determined” for clarity.
In subsection (j)(3)(B), the words “in the aggregate” are
omitted as surplus.
In subsection (j)(4), the word “imposed” is sub-
stituted for “levied” for consistency in the revised title
and with other titles of the Code. The words “for
the use of airport facilities” and “a percentage which is
omitted as surplus. The words “Secretary of Labor” are
substituted for “Bureau of Labor Statistics of the
Department of Labor” because of 29:551 and 557.
In subsection (j)(5), the words “from fee increases” and
“for approval” are omitted as surplus.

Division of Airport Revenues for Claims Related to Certain Ceded Lands

“(a) Findings.—The Congress finds that—

“(1) Congress has the authority under article I, section 8 of the Constitution to regulate the air commerce of the United States;

“(2) section 47107 of title 49, United States Code, prohibits the diversion of certain revenue generated by a public airport as a condition of receiving a project grant;

“(3) a grant recipient that uses airport revenues for purposes that are not airport-related in a manner inconsistent with chapter 471 of title 49, United States Code, illegally diverts airport revenues;

“(4) illegal diversion of airport revenues undermines the interest of the United States in promoting a strong national air transportation system;

“(5) the policy of the United States that airports should be as self-sustaining as possible and that revenues generated at airports should not be diverted from airport purposes was stated by Congress in 1982 and reaffirmed and strengthened in 1987, 1994, and 1996;

“(6) certain airports are constructed on lands that may have belonged, at one time, to Native Americans, Native Hawaiians, or Alaska Natives;

“(7) contrary to the prohibition against diverting airport revenues from airport purposes under section 47107 of title 49, United States Code, certain payments from airport revenues may have been made for the betterment of Native Americans, Native Hawaiians, or Alaska Natives based upon the claims related to lands ceded to the United States;

“(8) Federal law prohibits diversions of airport revenues obtained from any source whatsoever to occur in the future whether related to claims for periods of time prior to or after the date of enactment of this Act (Oct. 27, 1997); and

“(9) because of the special circumstances surrounding such past diversions of airport revenues for the betterment of Native Americans, Native Hawaiians, or Alaska Natives, it is in the national interest that amounts from airport revenues previously received by any entity for the betterment of Native Americans, Native Hawaiians, or Alaska Natives, as specified in subsection (b) of this section, should not be subject to repayment.

“(b) Termination of Repayment Responsibility.—Notwithstanding the provisions of [section] 47107 of title 49, United States Code, or any other provision of law, monies paid for claims related to ceded lands and diverted from airport revenues and received prior to April 1, 1996, by any entity for the betterment of Native Americans, Native Hawaiians, or Alaska Natives, shall not be subject to repayment.

“(c) Prohibition on Further Diversion.—There shall be no further payment of airport revenues for claims related to ceded lands, whether characterized as operating expenses, rent, or otherwise, and whether related to claims for periods of time prior to or after the date of enactment of this Act (Oct. 27, 1997).
“(d) CLARIFICATION.—Nothing in this Act [see Tables for classification] shall be construed to affect any existing Federal statutes, enactments, or trust obligations created thereunder, or any statute of the several States that define the obligations of such States to Native Americans, Native Hawaiians, or Alaska Natives in connection with ceded lands, except to make clear that airport revenues may not be used to satisfy such obligations.”

FINDINGS AND PURPOSE
Section 802 of title VIII of Pub. L. 104-264 provided that:

“(a) IN GENERAL.—Congress finds that—

"(1) section 47107 of title 49, United States Code, prohibits the diversion of certain revenue generated by a public airport as a condition of receiving a project grant;

"(2) a grant recipient that uses airport revenue for purposes that are not airport related in a manner inconsistent with chapter 471 of title 49, United States Code, illegally diverts airport revenues;

"(3) enforcement efforts to detect and report illegal diversions of airport revenues in violation of the condition referred to in paragraph (1) undermines the interest of the United States in promoting a strong national air transportation system that is responsive to the needs of airport users;

"(4) the Secretary and the Administrator have not enforced airport revenue diversion rules adequately and must have additional regulatory tools to increase enforcement efforts; and

"(5) sponsors who have been found to have illegally diverted airport revenues—

"(A) have not reimbursed or made restitution to airports in a timely manner; and

"(B) must be encouraged to do so.

"(b) PURPOSE.—The purpose of this title [see Short Title of 1996 Amendment note set out under section 40101 of this title] is to ensure that airport users are not burdened with hidden taxation for unrelated municipal services and activities by—

"(1) eliminating the ability of any State or political subdivision thereof that is a recipient of a project grant to divert airport revenues for purposes that are not related to an airport, in violation of section 47107 of title 49, United States Code;

"(2) imposing financial reporting requirements that are designed to identify instances of illegal diversions referred to in paragraph (1);

"(3) establishing a statute of limitations for airport revenue diversion actions;

"(4) clarifying limitations on revenue diversion that are permitted under chapter 471 of title 49, United States Code; and

"(5) establishing clear penalties and enforcement mechanisms for identifying and prosecuting airport revenue diversion.”

DEFINITIONS
Section 803 of title VIII of Pub. L. 104-264 provided that: “For purposes of this title [see Short Title of 1996 Amendment note set out under section 40101 of this title], the following definitions apply:

"(1) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the Federal Aviation Administration.

"(2) AIRPORT.—The term ‘airport’ has the meaning provided that term in section 47102(2) of title 49, United States Code.

"(3) PROJECT GRANT.—The term ‘project grant’ has the meaning provided that term in section 47102(14) of title 49, United States Code.

"(4) SECRETARY.—The term ‘Secretary’ means the Secretary of Transportation.

"(5) SPONSOR.—The term ‘sponsor’ has the meaning provided that term in section 47102(19) of title 49, United States Code.”

REVISION OF POLICIES AND PROCEDURES; DEADLINES
Section 805(b)(1) of title VIII of Pub. L. 104-264 provided that: “Not later than 90 days after the date of the enactment of this Act [Oct. 9, 1996], the Secretary, acting through the Administrator, shall revise the policies and procedures established under section 47107(b) of title 49, United States Code, to take into account the amendments made to that section by this title.”

FORMAT FOR REPORTING
Section 111(b) of Pub. L. 103-305 provided that: “Within 180 days after the date of the enactment of this Act [Aug. 23, 1994], the Secretary [of Transportation] shall prescribe a uniform simplified format for reporting that is applicable to airports. Such format shall be designed to enable the public to understand readily how funds are collected and spent at airports, and to provide sufficient information relating to total revenues, operating expenditures, capital expenditures, debt service payments, contributions to restricted funds, accounts, or reserves required by financing agreements or covenants or airport lease or use agreements or covenants. Such format shall require each commercial service airport to report the amount of any revenue surplus, the amount of concession-generated revenue, and other information as required by the Secretary.”

§ 47108. Project grant agreements

(a) OFFER AND ACCEPTANCE.—On approving a project grant application under this subchapter, the Secretary of Transportation shall offer the sponsor a grant to pay the United States Government’s share of the project costs allowable under section 47110 of this title. The Secretary may impose terms on the offer that the Secretary considers necessary to carry out this subchapter and regulations prescribed under this subchapter. An offer shall state the obligations to be assumed by the sponsor and the maximum amount the Government will pay for the project from the amounts authorized under chapter 481 of this title (except sections 48102(c), 48106, 48107, and 48110). At the request of the sponsor, the offer of a grant for a project that will not be completed in one fiscal year shall provide for the obligation of amounts apportioned or to be apportioned to a sponsor under section 47114(c) or 47114(d)(3)(A) of this title for the fiscal years necessary to pay the Government’s share of the cost of the project. An offer that is accepted in writing by the sponsor is an agreement binding on the Government and the sponsor. The Government may pay or be obligated to pay a project cost only after a grant agreement for the project is signed.

(b) INCREASING GOVERNMENT’S SHARE UNDER THIS SUBCHAPTER OR CHAPTER 475.—(1) When an offer has been accepted in writing, the amount stated in the offer as the maximum amount the Government will pay may be increased only as provided in paragraphs (2) and (3) of this subsection.

(2)(A) For a project receiving assistance under a grant approved under the Airport and Airway Improvement Act of 1982 before October 1, 1987, the amount may be increased by not more than—

(i) 10 percent for an airport development project, except a project for acquiring an interest in land; and

(ii) 50 percent of the total increase in allowable project costs attributable to acquiring an interest in land, based on current creditable appraisals.

(B) An increase under subparagraph (A) of this paragraph may be paid only from amounts the
Government recovers from other grants made under this subchapter.

(3) For a project receiving assistance under a grant approved under the Act, this subchapter, or chapter 475 of this title after September 30, 1987, the amount may be increased—

(A) for an airport development project, by not more than 15 percent; and

(B) for a grant after September 30, 1992, to acquire an interest in land for an airport (except a primary airport), by not more than 10 percent. An increase under this subsection may be paid only from amounts the Government recovers from other grants made under the Act.

(c) INCREASING GOVERNMENT'S SHARE UNDER AIRPORT AND AIRWAY DEVELOPMENT ACT OF 1970.—For a project receiving assistance under a grant made under the Airport and Airway Development Act of 1970, the maximum amount the Government will pay may be increased by not more than 15 percent; and

(d) changing workscope.—With the consent of the sponsor, the Secretary may amend a grant agreement made under this subchapter to change the workscope of a project financed under the grant if the amendment does not result in an increase in the maximum amount the Government may pay under subsection (b) of this section.

(e) change in airport status.—

(1) changes to nonprimary airport status.—If the status of a primary airport changes to a nonprimary airport at a time when a development project under a multiyear agreement under subsection (a) is not yet completed, the project shall remain eligible for funding from discretionary funds under section 47115 at the funding level and under the terms provided by the agreement, subject to the availability of funds.

(2) changes to noncommercial service airport status.—If the status of a commercial service airport changes to a noncommercial service airport at a time when a terminal development project under a phased-funding arrangement is not yet completed, the project shall remain eligible for funding from discretionary funds under section 47115 at the funding level and under the terms provided by the arrangement subject to the availability of funds.

(3) changes to nonhub primary status.—If the status of a nonhub primary airport changes to a small hub primary airport at a time when the airport has received discretionary funds under this chapter for a terminal development project in accordance with section 47110(d)(2), and the project is not yet completed, the project shall remain eligible for funding from the discretionary fund and the small airport fund to pay costs allowable under section 47110(d). Such project shall remain eligible for such funds for three fiscal years after the start of construction of the project, or if the Secretary determines that a further extension of eligibility is justified, until the project is completed.

(HISTORICAL AND REVISION NOTES)

Section Source (U.S. Code) Source (Statutes at Large)

In subsection (a), the words “on behalf of the United States” are omitted as surplus. The words “or sponsors” are omitted because of 11. The words “of the application” are omitted as surplus. The words “under section 47110 of this title” are added for clarity. The words “and conditions” are omitted as being included in “terms”. The words “for the project” are added for clarity. The words “an offer of a grant for a project” are substituted for “in any case where the Secretary approves a project grant application for a project . . . (the offer)” to eliminate unnecessary words. The words “(including future fiscal years)” are omitted as surplus. The words “An offer that is accepted in writing by the sponsor is an agreement binding on the Government and the sponsor” are substituted for “If and when an offer is accepted in writing by the sponsor, the offer and acceptance shall comprise an agreement constituting an obligation of the United States and of the sponsor” to eliminate unnecessary words. The words “which have been or may be incurred” are omitted as surplus.

In subsection (b)(1), the words “by a sponsor” are omitted as surplus. The words “amount the Government will pay” are substituted for “obligation of the United States” for clarity and consistency in this section.

In subsection (b)(2), the text of 49 App.2211(b)(2) (last sentence) is restated to apply only to 49 App.2211(b)(2) (1st sentence) to carry out the probable intent of Congress.

In subsection (b)(3)(B), the words “for fiscal year 1993 and thereafter” are omitted as unnecessary.

In subsection (c), the words “Notwithstanding any other provision of law” are omitted as surplus. The words “a project receiving assistance under” are added for consistency.

In subsection (d), the word “sponsor” is substituted for “grant recipient” for clarity. The words “amount the Government may pay” are substituted for “obligation of the United States authorized” for clarity and consistency in this section.

REFERENCES IN TEXT

The Airport and Airway Development Act of 1970, referred to in subsec. (c), is title I of Pub. L. 91-258, May
(b) INCREASED GOVERNMENT SHARE.—If, under subsection (a) of this section, the Government’s share of allowable costs of a project in a State containing unappropriated and unreserved public lands and nontaxable Indian lands (individual and tribal) of more than 5 percent of the total area of all lands in the State, is less than the share applied on June 30, 1975, under section 17(b) of the Airport and Airway Development Act of 1970, the Government’s share under subsection (a) of this section shall be increased by the lesser of—

(1) 25 percent;
(2) one-half of the percentage that the area of unappropriated and unreserved public lands and nontaxable Indian lands in the State is of the total area of the State; or
(3) the percentage necessary to increase the Government’s share to the percentage that applied on June 30, 1975, under section 17(b) of the Act.

(c) GRANDFATHER RULE.—

(1) IN GENERAL.—In the case of any project approved after September 30, 2003, at a small hub airport or nonhub airport that is located in a State containing unappropriated and unreserved public lands and nontaxable Indian lands (individual and tribal) of more than 5 percent of the total area of all lands in the State, the Government’s share of allowable costs of the project shall be increased by the same ratio as the basic share of allowable costs of a project divided into the increased (Public Lands States) share of allowable costs of a project as shown on documents of the Federal Aviation Administration dated August 3, 1979, at airports for which the general share was 80 percent on August 3, 1979. This subsection shall apply only if—

(A) the State contained unappropriated and unreserved public lands and nontaxable Indian lands of more than 5 percent of the total area of all lands in the State on August 3, 1979; and

(B) the application under subsection (b), does not increase the Government’s share of allowable costs of the project.

(2) LIMITATION.—The Government’s share of allowable project costs determined under this subsection shall not exceed the lesser of 93.75 percent or the highest percentage Government share applicable to any project in any State under subsection (b).

(d) SPECIAL RULE FOR PRIVATELY OWNED RELIEVER AIRPORTS.—If a privately owned reliever airport contributes any lands, easements, or rights-of-way to carry out a project under this subchapter, the current fair market value of such lands, easements, or rights-of-way shall be credited toward the non-Federal share of allowable project costs.

§47109. United States Government’s share of project costs

(a) GENERAL.—Except as provided in subsection (b) or subsection (c) of this section, the United States Government’s share of allowable project costs is—

(1) 75 percent for a project at a primary airport having at least 25 percent of the total number of passenger boardings each year at all commercial service airports;

(2) not more than 90 percent for a project funded by a grant issued to and administered by a State under section 47128, relating to the State block grant program;

(3) 90 percent for a project at any other airport;

(4) 70 percent for a project funded by the Administrator from the discretionary fund under section 47115 at an airport receiving an exemption under section 47134; and

(5) for fiscal year 2002, 100 percent for a project described in section 47102(3)(J), 47102(3)(K), or 47102(3)(L).\footnote{See References in Text note below.}
In subsection (a), before clause (1), the words “Except as provided in subsections (b) and (c) of this section” are substituted for “Except as otherwise provided in this chapter” because subsections (b) and (c) restate the only parts of the chapter that provide exceptions to the general rule stated in subsection (a). In clauses (1) and (2), the words “for a project” are substituted for “payable on account of any project contained in an approved project grant application submitted in accordance with this chapter” in 49 App.:2209(a) and “payable on account of any project contained in an approved project grant application” in 49 App.:2209(b) for consistency in this chapter and to eliminate unnecessary words. A project cost is allowable only if it is incurred under a grant agreement made under the chapter, and a grant agreement may be made only if the project grant application is approved. In clause (1), the words “number of passenger boardings” are substituted for “enplaning . . . of the . . . passengers enplaned” because of the definition of “passenger boardings” in section 47102 of the revised title.

In subsection (b), the words “If, under subsection (a) of this section, the Government’s share of allowable costs . . . is less than the share applied on June 30, 1975, under section 17(b) of the Act” are substituted for “of the total of all lands therein” omitted as surplus. In subsection (c), the words “Notwithstanding subsections (a) and (b) of this section” are substituted for “Notwithstanding any other provision of this chapter” because subsections (a) and (b) are the only other parts of the chapter that specify the United States Government’s share of allowable project costs.

L. 104–264, set out as a note under section 106 of this title.

TEMPORARY INCREASE IN GOVERNMENT SHARE OF CERTAIN AIP PROJECT COSTS

[Pub. L. 110–253, § 3(c)(3), which directed amendment of section 161 of Pub. L. 106–176, set out above, by substituting “fiscal year 2008” for “fiscal year 2008 before July 1, 2008.”, was executed by substituting “fiscal year 2008” for “fiscal year 2008 before July 1, 2008.”, to reflect the probable intent of Congress.]

§ 47110. Allowable project costs

(a) GENERAL AUTHORITY.—Except as provided in section 47111 of this title, the United States Government may pay or be obligated to pay, from amounts appropriated to carry out this subchapter, a cost incurred in carrying out a project under this subchapter, including any cost a sponsor incurs related to an audit the Secretary requires under section 47121(b) or (d) of this title.

(b) ALLOWABLE COST STANDARDS.—A project cost is allowable—

(1) if the cost necessarily is incurred in carrying out the project in compliance with the grant agreement made for the project under this subchapter, including any cost a sponsor incurs related to an audit the Secretary requires under section 47121(b) or (d) of this title,
and any cost of moving a Federal facility impending the project if the rebuilt facility is of an equivalent size and type;

(2)(A) if the cost is incurred after the grant agreement is executed and is for airport development or airport planning carried out after the grant agreement is executed;

(B) if the cost is incurred after June 1, 1989, by the airport operator (regardless of when the grant agreement is executed) as part of a Government-approved noise compatibility program (including project formulation costs) and is consistent with all applicable statutory and administrative requirements;

(C) if the Government’s share is paid only with amounts apportioned under paragraphs (1) and (2) of section 47114(c) or section 47114(d)(3)(A) and if the cost is incurred—

(i) after September 30, 1996;

(ii) before a grant agreement is executed for the project; and

(iii) in accordance with an airport layout plan approved by the Secretary and with all statutory and administrative requirements that would have been applicable to the project if the project had been carried out after the grant agreement had been executed; or

(D) if the cost is incurred after September 11, 2001, for a project described in section 47102(3)(J), 47102(3)(K), or 47102(3)(L) and shall not depend upon the date of execution of a grant agreement made under this subchapter; (3) to the extent the cost is reasonable in amount;

(4) if the cost is not incurred in a project for airport development or airport planning for which other Government assistance has been granted;

(5) if the total costs allowed for the project are not more than the amount stated in the grant agreement as the maximum the Government will pay (except as provided in section 47108(b) of this title); and

(6) if the cost is for a project not described in section 47102(3) for acquiring for use at a commercial service airport vehicles and ground support equipment owned by an airport that include low-emission technology, but only to the extent of the incremental cost of equipping such vehicles or equipment with low-emission technology, as determined by the Secretary.

(c) Certain Prior Costs as Allowable Costs.—The Secretary may decide that a project cost under subsection (b)(2)(A) of this section incurred after May 13, 1946, and before the date the grant agreement is executed is allowable if it is—

(1) necessarily incurred in formulating an airport development project, including costs incurred for field surveys, plans and specifications, property interests in land or airspace, and administration or other incidental items that would not have been incurred except for the project; or

(2) necessarily and directly incurred in developing the work scope of an airport planning project.

(d) Terminal Development Costs.—(1) The Secretary may decide that the cost of terminal development (including multi-modal terminal development) in a revenue-producing public-use area of a commercial service airport is allowable for an airport development project at the airport—

(A) if the sponsor certifies that the airport, on the date the grant application is submitted to the Secretary, has—

(i) all the safety equipment required for certification of the airport under section 44706 of this title;

(ii) all the security equipment required by regulation; and

(iii) provided for access, to the area of the airport for passengers for boarding or exiting aircraft, to those passengers boarding or exiting aircraft, except air carrier aircraft;

(B) if the cost is directly related to moving passengers and baggage in air commerce within the airport, including vehicles for moving passengers between terminal facilities and between terminal facilities and aircraft; and

(C) under terms necessary to protect the interests of the Government.

(2) In making a decision under paragraph (1) of this subsection, the Secretary may approve as allowable costs the expenses of terminal development in a revenue-producing area and construction, reconstruction, repair, and improvement in a non-revenue-producing parking lot if—

(A) except as provided in section 47108(e)(3), the airport does not have more than .05 percent of the total annual passenger boardings in the United States; and

(B) the sponsor certifies that any needed airport development project affecting safety, security, or capacity will not be deferred because of the Secretary’s approval.

(e) Letters of Intent.—(1) The Secretary may issue a letter of intent to the sponsor stating an intention to obligate from future budget authority an amount, not more than the Government’s share of allowable project costs, for an airport development project (including costs of formulating the project) at a primary or reliever airport. The letter shall establish a schedule under which the Secretary will reimburse the sponsor for the Government’s share of allowable project costs, as amounts become available, if the sponsor, after the Secretary issues the letter, carries out the project without receiving amounts made available under this subchapter.

(2) Paragraph (1) of this subsection applies to a project—

(A) about which the sponsor notifies the Secretary, before the project begins, of the sponsor’s intent to carry out the project;

(B) that will comply with all statutory and administrative requirements that would apply to the project if it were carried out with amounts made available under this subchapter; and

(C) that meets the criteria of section 47115(d) and, if for a project at a commercial service airport having at least 0.25 percent of the boardings each year at all such airports, the Secretary decides will enhance system-wide airport capacity significantly.

1 So in original. Probably should be “compatibility”.

2 See References in Text note below.
(3) A letter of intent issued under paragraph (1) of this subsection is not an obligation of the Government under section 1501 of title 31, and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only after amounts are provided in authorization and appropriation laws.

(4) The total estimated amount of future Government obligations covered by all outstanding letters of intent under paragraph (1) of this subsection may not be more than the amount authorized to carry out section 48103 of this title, less an amount reasonably estimated by the Secretary to be needed for grants under section 48103 that are not covered by a letter.

(5) LETTERS OF INTENT.—The Secretary may not require an eligible agency to impose a passenger facility fee under section 40117 in order to obtain a letter of intent under this section.

(6) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to prohibit the obligation of amounts pursuant to a letter of intent under this subsection in the same fiscal year as the letter of intent is issued.

(f) NONALLOWABLE COSTS.— Except as provided in subsection (d) of this section and section 47118(f) of this title, a cost is not an allowable airport development project cost if it is for—

(1) constructing a public parking facility for passenger automobiles;

(2) constructing, altering, or repairing part of an airport building, except to the extent the building will be used for facilities or activities directly related to the safety of individuals at the airport;

(3) decorative landscaping; or

(4) providing or installing sculpture or art works.

(g) USE OF DISCRETIONARY FUNDS.—A project for which cost reimbursement is provided under subsection (b)(2)(C) shall not receive prior consideration with respect to the use of discretionary funds made available under section 47115 of this title even if the amounts made available under paragraphs (1) and (2) of section 47114(c) or section 47114(d)(3)(A) are not sufficient to cover the Government's share of the cost of the project.

(h) NONPRIMARY AIRPORTS.—The Secretary may determine that the costs of revenue producing aeronautical support facilities, including fuel farms and hangars, are allowable for an airport development project at a nonprimary airport if the Government's share of such costs is paid only with funds apportioned to the airport sponsor under section 47114(d)(3)(A) and if the Secretary determines that the sponsor has made adequate provision for financing airside needs of the airport.

(2) (words before sentence cl. (2) are omitted).
In subsection (d)(1), before clause (A), the words “The Secretary may decide that the cost . . . is allowable” are substituted for “the Secretary may approve, as allowable project costs” and “The Secretary shall approve project costs allowable under paragraph (1) of this subsection” for clarity and consistency in this section. In clause (B), the words “the boundaries of” are omitted as surplus. In clause (C), the words “and conditions” are omitted as being included in “terms.”

In subsection (d)(2), the words “In making a decision under paragraph (1) of this subsection, the Secretary may approve as allowable costs” are substituted for “In the case of a commercial service airport, the Secretary may approve, under the preceding sentence as allowable project costs” for consistency in this subsection.

In subsection (e)(1), the word “sponsor” is substituted for “applicant” for consistency. The words “stipulated as” and “Subject to the provisions of this paragraph” are omitted as surplus. The word “reimburse” is substituted for “make payments under paragraph (2) of this subsection” and “pay” for clarity. The words “payable on account of such project in accordance with such letter of intent” are omitted as surplus.

In subsection (e)(2), before clause (A), the text of 49 App. U.S.C. 2212(d)(1)(C) (last sentence) is omitted as obsolete. In subsection (e)(3), the words “A letter of intent issued for section” are substituted for “the word “deemed” before “an obligation” is omitted as surplus.

In subsection (f)(2), the words “of a hangar or” are omitted as being included in “airport building.”

Subpars. (J), (K), and (L) of section 47102(3), referred to in subsection (b)(2)(D), were repealed and new subpars. (J), (K), and (L) were added or designated, by Pub. L. 106–71, title I, § 159(b)(1), Dec. 12, 2003, 117 Stat. 2510.

AMENDMENTS

2005—Subsec. (d)(2)(A). Pub. L. 109–115, which directed amendment of section 47110(d)(2)(A), without specifying the title to be amended, by substituting “(A) except as provided in section 47108(e)(3), the’ for “(A) the’”, was executed to this section, to reflect the probable intent of Congress.

2003—Subsec. (b)(1). Pub. L. 108–176, § 145, inserted “and any cost of moving a Federal facility impeding the project if the rebuilt facility is of an equivalent size and type” before semicolon at end.

Subsec. (g). Pub. L. 108–176, § 149(b)(2), inserted “or section 47114(d)(3)(A)” after “of section 47114(c)” and substituted “of the project” for “of project”.

2000—Subsec. (e)(2)(C). Pub. L. 106–181, § 127(1), added subpar. (C) and struck out former par. (5) which read as follows: “The Secretary decides that the project will enhance system-wide airport capacity significantly and meets the criteria of section 47115(d) of this title.”

Subsec. (e)(5). Pub. L. 106–181, § 127(2), added par. (5) and struck out former par. (5) which read as follows: “A letter of intent issued under paragraph (1) of this subsection may not condition the obligation of amounts on the imposition of a passenger facility fee.”

1996—Subsec. (b)(2)(C). Pub. L. 104–264, § 114(a), amended subpar. (C) generally. Prior to amendment, subpar. (C) read as follows: “if the Government’s share is paid only with amounts apportioned under section 47114(c)(1)(A) and (2) of this title, and if the cost is incurred—

(i) during the fiscal year ending September 30, 1994;

(ii) before a grant agreement is executed for the project but according to an airport layout plan the Secretary approves before the cost is incurred and all applicable statutory and administrative requirements that would apply to the project if the agreement had been executed; and

(iii) for work related to a project for which a grant agreement previously was executed during the fiscal year ending September 30, 1994.”.

Subsec. (g). Pub. L. 104–264, § 114(b), added subsec. (g). 1994—Subsec. (b)(2). Pub. L. 103–429 amended par. (2) generally. Prior to amendment, par. (2) read as follows: “if the cost is incurred—

(A) after the grant agreement is executed and is for airport development or airport planning carried out after the grant agreement is executed; or

(B) after June 1, 1989, by the airport operator (regardless of when the grant agreement is executed) as part of a Government-approved noise compatibility program (including project formulation costs) and is consistent with all applicable statutory and administrative requirements.”.

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

LETTERS OF INTENT FOR AIRPORT SECURITY IMPROVEMENT PROJECTS

Pub. L. 108–7, div. I, title III, § 367, Feb. 20, 2003, 117 Stat. 423, provided that: “(a) The Under Secretary of Transportation for Security may issue a letter of intent to an airport committing to obligate from future budget authority an amount, not more than the Federal Government’s share of the project’s costs, for an airport security improvement project (including interest costs and costs of formulating the project) at the airport. The letter shall establish a schedule under which the Under Secretary will reimburse the airport for the Government’s share of the project’s costs, as amounts become available, if the airport, after the Under Secretary issues the letter,
carries out the project without receiving amounts under Chapter 471 of title 49 [United States Code].

“(b) The airport shall notify the Under Secretary of the airport’s intent to carry out the airport security improvement project before the project begins.

“(c) A letter of intent may be issued under this section only if—

(1) The airport security improvement project to which the letter applies involves the replacement of baggage conveyer systems or the reconfiguration of terminal baggage areas in order to install explosive detection systems; and

(2) The Under Secretary determines that the project will improve security or will improve the efficiency of the airport without lessening security.

“(d) A letter of intent issued under this section is not an obligation of the Government under section 1501 of title 31 [United States Code], and the letter is not deemed to be an administrative commitment for financing. An obligation or administrative commitment may be made only as amounts are provided in authorizations and appropriations laws.

“(e) The Government’s share of the project’s cost shall be 75 percent for a project at an airport having at least 0.25 percent of the total number of passenger boardings each year at all airports and 90 percent for a project at any other airport.

“(f) Nothing in this section shall be construed to prohibit the obligation of amounts pursuant to a letter of intent under this section in the same fiscal year as the letter of intent is issued.

“(g) The Under Secretary shall notify the House and Senate Committees on Appropriations, the House Transportation and Infrastructure Committee, and the Senate Commerce, Science, and Transportation Committee at least 3 days prior to the issuance of a letter of intent under this section.

“(h) There is authorized to be appropriated to carry out this section $500,000,000 in each of fiscal years 2003, 2004, 2005, 2006, and 2007.”

LETTERS OF INTENT; DURATION OF AUTHORITY AND APPROVAL BY CONGRESS

Pub. L. 102–388, title III, § 320, Oct. 6, 1992, 106 Stat. 1546, provided that: “The authority conferred by section 513(d) of the Airport and Airway Improvement Act of 1982, as amended [see subsec. (e) of this section], to issue letters of intent shall remain in effect subsequent to September 30, 1992. Letters of intent may be issued under such subsection to applicants determined to be qualified under such Act [substantially repealed by Pub. L. 102–272, 106 Stat. 1546, and recodified by section 513(d)(3) of this title] before the date of enactment of this section [Oct. 6, 1992]. Provided, That, notwithstanding any other provision of law, all such letters of intent in excess of $10,000,000 shall be submitted for approval to the Committees on Appropriations of the Senate and the House of Representatives; the Committee on Commerce, Science, and Transportation of the Senate; and the Committee on Public Works and Transportation [now Committee on Transportation and Infrastructure] of the House of Representatives.” Similar provisions were contained in the following prior appropriations acts:

§ 47111. Payments under project grant agreements

(a) GENERAL AUTHORITY.—After making a project grant agreement under this subchapter and consulting with the sponsor, the Secretary of Transportation may decide when and in what amounts payments under the agreement will be made. Payments totaling not more than 90 percent of the United States Government’s share of the project’s estimated allowable costs may be made before the project is completed if the sponsor certifies to the Secretary that the total amount expended from the advance payments at any time will not be more than the cost of the airport development work completed on the project at that time.

(b) RECOVERING PAYMENTS.—If the Secretary determines that the total amount of payments made under a grant agreement under this subchapter is more than the Government’s share of the total allowable project costs, the Government may recover the excess amount. If the Secretary finds that a project for which an advance payment was made has not been completed within a reasonable time, the Government may recover any part of the advance payment for which the Government received no benefit.

(c) PAYMENT DEPOSITS.—A payment under a project grant agreement under this subchapter may be made only to an official or depository designated by the sponsor and authorized by law to receive public money.

(d) WITHOLDING PAYMENTS.—(1) The Secretary may withhold a payment under a grant agreement under this subchapter for more than 180 days after the payment is due only if the Secretary—

(A) notifies the sponsor and provides an opportunity for a hearing; and

(B) finds that the sponsor has violated the agreement.

(2) The 180-day period may be extended by—

(A) agreement of the Secretary and the sponsor; or

(B) the hearing officer if the officer decides an extension is necessary because the sponsor did not follow the schedule the officer established.

(3) A person adversely affected by an order of the Secretary withholding a payment may apply for review of the order by filing a petition in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the project is located. The petition must be filed not later than 60 days after the order is served on the petitioner.

(e) ACTION ON GRANT ASSURANCES CONCERNING AIRPORT REVENUES.—If, after notice and opportunity for a hearing, the Secretary finds a violation of section 47107(b) of this title, as further defined by the Secretary under section 47107(f) of this title, or a violation of an assurance made under section 47107(b) of this title, and the Secretary has provided an opportunity for the airport sponsor to take corrective action to cure such violation, and such corrective action has not been taken within the period of time set by the Secretary, the Secretary shall withhold approval of any new grant application for funds under this chapter, or any proposed modification to an existing grant that would increase the amount of funds made available under this chapter to the airport sponsor, and withhold approval of any new application to impose a fee under section 40117 of this title. Such applica-
tions may thereafter be approved only upon a finding by the Secretary that such corrective action as the Secretary requires has been taken to address the violation and that the violation no longer exists.

(f) JUDICIAL ENFORCEMENT.—For any violation of this chapter or any grant assurance made under this chapter, the Secretary may apply to the district court of the United States for any district in which the violation occurred for enforcement. Such court shall have jurisdiction to enforce obedience thereto by a writ of injunction or other process, mandatory or otherwise, restraining any person from further violation.

HISTORICAL AND REVISION NOTES

    47111(b) ...... 49 App. 2213 (3d, 4th sentences).
    47111(c) ...... 49 App. 2213 (last sentence).
    47111(d) ...... 49 App. 2218(b) (related to payment).

(b) In subsection (a), the words “the terms of” are omitted as surplus. The words “totaling” and “total” are substituted for “in an aggregate amount” and “aggregate” for consistency in the revised title. The words “from time to time” are omitted as surplus. The words “before the project is completed” are substituted for “in advance of accomplishment of the airport project to which the payments relate” for consistency in this chapter and to eliminate unnecessary words.

In subsection (b), the words “at any time” are omitted as surplus. The words “project for which an advance payment was made has not been completed within a reasonable time” are substituted for “any airport development to which the advance payments relate has not been accomplished within a reasonable time or the project is not completed” for clarity, for consistency in this chapter, and to eliminate unnecessary words.

In subsection (d)(1) and (2), the word “sponsor” is substituted for “recipient” and “grant recipient” for clarity.

In subsection (d)(2)(A), the word “mutual” is omitted as surplus.

In subsection (d)(3), the words “adversely affected” are substituted for “aggrieved” for consistency in the revised title and with other titles of the United States Code. The words “the date on which” are omitted as surplus.

AMENDMENTS

1994—Subsecs. (e), (f). Pub. L. 103–305 added subsecs. (e) and (f).

§ 47112. Carrying out airport development projects

(a) CONSTRUCTION WORK.—The Secretary of Transportation may inspect and approve construction work for an airport development project carried out under a grant agreement under this subchapter. The construction work must be carried out in compliance with regulations the Secretary prescribes. The regulations shall require the sponsor to make necessary cost and progress reports on the project. The regulations may amend or modify a contract related to the project only if the contract was made with actual notice of the regulations.

(b) PREVAILING WAGES.—A contract for more than $2,000 involving labor for an airport development project carried out under a grant agreement under this subchapter must require contractors to pay labor minimum wage rates as determined by the Secretary of Labor under sections 3141–3144, 3146, and 3147 of title 40. The minimum rates must be included in the bids for the work and in the invitation for those bids.

(c) VETERANS’ PREFERENCE.—(1) In this subsection—

(A) “disabled veteran” has the same meaning given that term in section 2106 of title 5.

(B) “Vietnam-era veteran” means an individual who served on active duty (as defined in section 101 of title 38) in the armed forces for more than 180 consecutive days, any part of which occurred after August 4, 1964, and before May 8, 1975, and who was separated from the armed forces under honorable conditions.

(2) A contract involving labor for carrying out an airport development project under a grant agreement under this subchapter must require that preference in the employment of labor (except in executive, administrative, and supervisory positions) be given to Vietnam-era veterans and disabled veterans when they are available and qualified for the employment.

HISTORICAL AND REVISION NOTES

(a) 47112(a) ...... 49 App. 2214(a).
    47112(b) ...... 49 App. 2214(b).
    47112(c) ...... 49 App. 2214(c).

(b) In this section, the words “for an airport development project carried out under a grant agreement under this subchapter” are substituted for “on any project for airport development contained in an approved project grant application submitted in accordance with this chapter” in 49 App. 2214(a), “on projects for airport development approved under this chapter” in 49 App. 2214(b), and “under project grants for airport development approved under this chapter” in 49 App. 2214(c) for clarity and consistency in this section. See H.R. Rept. No. 97–760, 97th Cong., 2d Sess., p. 715 (1982).

In subsection (a), the words “or sponsors” are omitted because of 1:1.

In subsection (b), the words “must require contractors to pay labor minimum wage rates” are substituted for “shall contain provisions establishing minimum rates of wages . . . which contractors shall pay to skilled and unskilled labor” to eliminate unnecessary words. The word “proposals” is omitted as included in “bids”.

Subsection (c)(1)(A) is substituted for “a disabled veteran is an individual described in section 2106 of title 5” for consistency in the revised title and with other titles of the Code.

In subsection (c)(1)(B), the words “after August 4, 1964, and before May 8, 1975” are substituted for “during the period beginning August 5, 1964, and ending May 7, 1975” for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words.

In subsection (c)(2), the words “must require that” are substituted for “shall contain such provisions as
are necessary to insure that”, and the words “when they are available and qualified for the employment” are substituted for “However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates”, to eliminate unnecessary words.

AMENDMENTS

§ 47113. Minority and disadvantaged business participation

(a) DEFINITIONS.—In this section—

(1) “small business concern”—

(A) has the same meaning given that term in section 3 of the Small Business Act (15 U.S.C. 632); but

(B) does not include a concern, or group of concerns controlled by the same socially and economically disadvantaged individual, that has average annual gross receipts over the prior 3 fiscal years of more than $16,015,000, as adjusted by the Secretary of Transportation for inflation;

(2) “socially and economically disadvantaged individual” has the same meaning given that term in section 8(d) of the Act (15 U.S.C. 637(d)) and relevant subcontracting regulations prescribed under section 8(d), except that women are presumed to be socially and economically disadvantaged; and

(3) the term “qualified HUBZone small business concern” has the meaning given that term in section 3(p) of the Small Business Act (15 U.S.C. 632(p)).

(b) GENERAL REQUIREMENT.—Except to the extent the Secretary decides otherwise, at least 10 percent of amounts available in a fiscal year under section 48103 of this title shall be expended with small business concerns owned and controlled by socially and economically disadvantaged individuals or qualified HUBZone small business concerns.

(c) UNIFORM CRITERIA.—The Secretary shall establish minimum uniform criteria for State governments and airport sponsors to use in certifying whether a small business concern qualifies under this section. The criteria shall include on-site visits, personal interviews, licenses, analyses of stock ownership and bonding capacity, listings of equipment and work completed, resumes of principal owners, financial capacity, and type of work preferred.

(d) SURVEYS AND LISTS.—Each State or airport sponsor annually shall survey and compile a list of small business concerns referred to in subsection (b) of this section and the location of each concern in the State.

In subsection (a)(1)(B), the words “or individuals” are omitted because of 1:1.

In subsection (a)(2), the reference is to section 8(c) of the Act because 15:637(d) was redesignated as 15:637(c) by section 3 of the Women’s Business Development Act of 1991 (Public Law 102–181, 105 Stat. 191).

In subsection (b), the words “beginning after September 30, 1967” are omitted as obsolete.

This amends 49:47113(a)(2) to correct erroneous cross-references.

AMENDMENTS

1994—Subsec. (a)(2). Pub. L. 103–135, § 604(h)(2), substituted “; and” for period at end of par. (2), and added par. (3).

Subsec. (b). Pub. L. 105–135, § 604(h)(2)(B), inserted “or qualified HUBZone small business concerns” before period at end.

1994—Subsec. (a)(2), Pub. L. 103–429 substituted “8(d)” for “8(c)”, and inserted “for the period of from $2.60 for each of the next 400,000 passenger boardings at the airport during the prior calendar year; and

(a) DEFINITION.—In this section, “amount subject to apportionment” means the amount newly made available under section 48103 of this title for a fiscal year.

(b) APPORTIONMENT DATE.—On the first day of each fiscal year, the Secretary of Transportation shall apportion the amount subject to apportionment for that fiscal year as provided in this section.

(c) AMOUNTS APPORTIONED TO SPONSORS.—

(1) PRIMARY AIRPORTS.—

(A) APPORTIONMENT.—The Secretary shall apportion to the sponsor of each primary airport for each fiscal year an amount equal to—

(i) $7.90 for each of the first 50,000 passenger boardings at the airport during the prior calendar year;

(ii) $5.20 for each of the next 50,000 passenger boardings at the airport during the prior calendar year;

(iii) $2.60 for each of the next 400,000 passenger boardings at the airport during the prior calendar year;

(iv) $.65 for each of the next 500,000 passenger boardings at the airport during the prior calendar year; and
Title 49—Transportation

§ 47114

In any fiscal year in which the total amount made available under section 48103 is $3,200,000,000 or more—

(i) the passenger boardings at the airport were below 10,000 in calendar year 2004; 
(ii) the airport had at least 10,000 passenger boardings and scheduled passenger aircraft service in either calendar year 2000 or 2001; and
(iii) the reason that passenger boardings described in clause (i) were below 10,000 was the decrease in passengers following the terrorist attacks of September 11, 2001.

2. Cargo Airports.

(a) Apportionment.—Subject to subparagraph (d), the Secretary shall apportion an amount equal to 3.5 percent of the amount subject to apportionment each fiscal year to the sponsors of airports served by aircraft providing air transportation of only cargo with a total annual landed weight of more than 100,000,000 pounds.

(b) Suballocation Formula.—Any funds apportioned under subparagraph (a) to sponsors of airports described in subparagraph (A) shall be allocated among those airports in the proportion that the total annual landed weight of aircraft described in subparagraph (A) landing at each of those airports bears to the total annual landed weight of those aircraft landing at all those airports.

(c) Limitation.—In any fiscal year in which the total amount made available under section 48103 is less than $3,200,000,000, not more than 8 percent of the amount apportioned under subparagraph (A) may be apportioned for any one airport.

(d) Distribution to Other Airports.—Before apportioning amounts to the sponsors of airports under subparagraph (A) for a fiscal year, the Secretary may set-aside a portion of such amounts for distribution to the sponsors of other airports, selected by the Secretary, that the Secretary finds will be served primarily by aircraft providing air transportation of only cargo.

(e) Determination of Landed Weight.—Landed weight under this paragraph is the landed weight of aircraft landing at each airport described in subparagraph (A) during the prior calendar year.

(v) $5.00 for each additional passenger boarding at the airport during the prior calendar year.

(B) Minimum and Maximum Apportionments.—Not less than $650,000 nor more than $22,000,000 may be apportioned under subparagraph (A) of this paragraph to an airport sponsor for a primary airport for each fiscal year.

(C) Special Rule.—In any fiscal year in which the total amount made available under section 48103 is $3,200,000,000 or more—

(i) the amount to be apportioned to a sponsor under subparagraph (A) shall be increased by doubling the amount that would otherwise be apportioned;
(ii) the minimum apportionment to a sponsor under subparagraph (B) shall be $1,000,000 rather than $650,000; and
(iii) the maximum apportionment to a sponsor under subparagraph (B) shall be $26,000,000 rather than $22,000,000.

(D) New Airports.—Notwithstanding subparagraph (A), the Secretary shall apportion on the first day of the first fiscal year following the official opening of a new airport with scheduled passenger air transportation an amount equal to the minimum amount set forth in subparagraph (B) or (C), as appropriate, to the sponsor of such airport.

(E) Use of Previous Fiscal Year’s Apportionment.—Notwithstanding subparagraph (A), the Secretary may apportion to an airport sponsor in a fiscal year an amount equal to the amount apportioned to that sponsor in the previous fiscal year if the Secretary finds that—

(i) passenger boardings at the airport fell below 10,000 in the calendar year used to calculate the apportionment;
(ii) the airport had at least 10,000 passenger boardings in the calendar year prior to the calendar year used to calculate apportionments to airport sponsors in a fiscal year; and
(iii) the cause of the shortfall in passenger boardings was a temporary but significant interruption in service by an air carrier to that airport due to an employment action, natural disaster, or other event unrelated to the demand for air transportation at the affected airport.

(F) Special Rule for Fiscal Years 2004 and 2005.—Notwithstanding subparagraph (A) and the absence of scheduled passenger aircraft service at an airport, the Secretary may apportion in fiscal years 2004 and 2005 to the sponsor of the airport an amount equal to the amount apportioned to that sponsor in fiscal year 2002 or 2003, whichever amount is greater, if the Secretary finds that—

(i) the passenger boardings at the airport were below 10,000 in calendar year 2002 or 2003;
(ii) the airport had at least 10,000 passenger boardings and scheduled passenger aircraft service in either calendar year 2000 or 2001; and
(iii) the reason that passenger boardings described in clause (i) were below 10,000 was the decrease in passengers following the terrorist attacks of September 11, 2001.

(G) Special Rule for Fiscal Year 2006.—Notwithstanding subparagraph (A) and the absence of scheduled passenger aircraft service at an airport, the Secretary may apportion in fiscal year 2006 to the sponsor of the airport an amount equal to $500,000, if the Secretary finds that—

(i) the passenger boardings at the airport were below 10,000 in calendar year 2004; 
(ii) the airport had at least 10,000 passenger boardings and scheduled passenger aircraft service in either calendar year 2000 or 2001; and
(iii) the reason that passenger boardings described in clause (i) were below 10,000 was the decrease in passengers following the terrorist attacks of September 11, 2001.
to apportionment for each fiscal year as follows:

(A) 0.66 percent of the apportioned amount to Guam, American Samoa, the Northern Mariana Islands, and the Virgin Islands.

(B) Except as provided in paragraph (4), 49.67 percent of the apportioned amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in subparagraph (A) in the proportion that the population of each of those States bears to the total population of all of those States.

(C) Except as provided in paragraph (4), 49.67 percent of the apportioned amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in subparagraph (A) in the proportion that the area of each of those States bears to the total area of all of those States.

(3) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is $3,200,000,000 or more, rather than making an apportionment under paragraph (2), the Secretary shall apportion 20 percent of the amount subject to apportionment for each fiscal year as follows:

(A) To each airport, excluding primary airports but including reliever and nonprimary commercial service airports, in States the lesser of—

(i) $150,000; or

(ii) 1⁄5 of the most recently published estimate of the 5-year costs for airport improvement for the airport, as listed in the national plan of integrated airport systems developed by the Federal Aviation Administration under section 47103.

(B) Any remaining amount to States as follows:

(i) 0.62 percent of the remaining amount to Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands.

(ii) Except as provided in paragraph (4), 49.69 percent of the remaining amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in clause (i) in the proportion that the population of each of those States bears to the total population of all of those States.

(iii) Except as provided in paragraph (4), 49.69 percent of the remaining amount for airports, excluding primary airports but including reliever and nonprimary commercial service airports, in States not named in clause (i) in the proportion that the area of each of those States bears to the total area of all of those States.

(4) AIRPORTS IN ALASKA, PUERTO RICO, AND HAWAII.—An amount apportioned under paragraph (2) or (3) to Alaska, Puerto Rico, or Hawaii for airports in such State may be made available by the Secretary for any public airport in those respective jurisdictions.

(5) USE OF STATE HIGHWAY SPECIFICATIONS.—

(A) IN GENERAL.—The Secretary may permit the use of State highway specifications for airfield pavement construction using funds made available under this subsection at nonprimary airports with runways of 5,000 feet or shorter serving aircraft that do not exceed 60,000 pounds gross weight if the Secretary determines that—

(i) safety will not be negatively affected; and

(ii) the life of the pavement will not be shorter than it would be if constructed using Administration standards.

(B) LIMITATION.—An airport may not seek funds under this subchapter for runway rehabilitation or reconstruction of any such airfield pavement constructed using State highway specifications for a period of 10 years after construction is completed unless the Secretary determines that the rehabilitation or reconstruction is required for safety reasons.

(6) INTEGRATED AIRPORT SYSTEM PLANNING.—Notwithstanding any other provision of this subsection, funds made available under this subsection may be used for integrated airport system planning that encompasses one or more primary airports.

(e) SUPPLEMENTAL APPORTIONMENT FOR ALASKA.—

(1) IN GENERAL.—Notwithstanding subsections (c) and (d) of this section, the Secretary may apportion amounts for airports in Alaska in the way in which amounts were apportioned in the fiscal year ending September 30, 1980, under section 15(a) of the Act. However, in apportioning amounts for a fiscal year under this subsection, the Secretary shall apportion—

(A) for each primary airport at least as much as would be apportioned for the airport under subsection (c)(1) of this section; and

(B) a total amount at least equal to the minimum amount required to be apportioned to airports in Alaska in the fiscal year ending September 30, 1980, under section 15(a)(3)(A) of the Act.

(2) AUTHORITY FOR DISCRETIONARY GRANTS.—This subsection does not prohibit the Secretary from making project grants for airports in Alaska from the discretionary fund under section 47115 of this title.

(3) AIRPORTS ELIGIBLE FOR FUNDS.—An amount apportioned under this subsection may be used for any public airport in Alaska.

(4) SPECIAL RULE.—In any fiscal year in which the total amount made available under section 48103 is $3,200,000,000 or more, the amount that may be apportioned for airports in Alaska under paragraph (1) shall be increased by doubling the amount that would otherwise be apportioned.

(f) REDUCING APPORTIONMENTS.—

(1) IN GENERAL.—Subject to paragraph (3), an amount that would be apportioned under this section (except subsection (c)(2)) in a fiscal year to the sponsor of an airport having at least .25 percent of the total number of boardings each year in the United States and for which a fee is imposed in the fiscal year under
section 40117 of this title shall be reduced by an amount equal to—

(A) in the case of a fee of $3.00 or less, 50 percent of the projected revenues from the fee in the fiscal year but not by more than 50 percent of the amount that otherwise would be apportioned under this section; and

(B) in the case of a fee of more than $3.00, 75 percent of the projected revenues from the fee in the fiscal year but not by more than 75 percent of the amount that otherwise would be apportioned under this section.

(2) EFFECTIVE DATE OF REDUCTION.—A reduction in an apportionment required by paragraph (1) shall not take effect until the first fiscal year following the year in which the collection of the fee imposed under section 40117 is begun.

(3) SPECIAL RULE FOR TRANSITIONING AIRPORTS.—

(A) IN GENERAL.—Beginning with the fiscal year following the first calendar year in which the sponsor of an airport has more than .25 percent of the total number of boardings in the United States, the sum of the amount that would be apportioned under this section after application of paragraph (1) in a fiscal year to such sponsor and the projected revenues to be derived from the fee in such fiscal year shall not be less than the sum of the apportionment to such airport for the preceding fiscal year and the revenues derived from such fee in the preceding fiscal year.

(B) EFFECTIVE PERIOD.—Subparagraph (A) shall be in effect for fiscal year 2004.

HISTORICAL AND REVISION NOTES—CONTINUED

47114(c)(3)(A) and (B) are included to reflect changes made for clarity and to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1269).

47114(c)(3)(A) and (B) are included to reflect changes made for clarity and to correct an error in the codification enacted by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1269).
substituted for “in any case in which apportionments in a fiscal year would be reduced by subparagraph (A)” for clarity.

In subsection (c)(3)(A), the words “Except as provided in subparagraph (B) of this paragraph” are added for clarity. The words “the total of all amounts apportioned under paragraphs (1) and (2) of this subsection may not be more than 49.5 percent of the amount subject to apportionment for a fiscal year” are substituted for 49 App.:2206(b)(2)(A), as in effect on July 4, 1994, for clarity and to eliminate unnecessary words.

In subsection (c)(3)(B), the words “the total of all amounts apportioned under paragraphs (1) and (2) of this subsection may not be more than 44 percent of the amount subject to apportionment for that fiscal year” are substituted for 49 App.:2206(b)(3)(A), as in effect on July 4, 1994, for clarity and to eliminate unnecessary words.

Section 15(a) of the Airport and Airway Development Act of 1970, referred to in subsec. (e)(1), is section 15(a) of Pub. L. 91–258, which was classified to section 1715(a) of Title 49, Transportation, prior to repeal by Pub. L. 91–258, title V, § 523(a), Sept. 3, 1982, 96 Stat. 695.

AMENDMENTS
2000—Subsec. (c)(1). Pub. L. 106–181, § 104(a)(2)(A), (C), inserted headings for par. (1) and subpar. (A) and realigned margins.
1997—Subsec. (c)(1)(C) to (E). Pub. L. 106–181, § 104(a)(1)(B), added subpars. (C) to (E).
1994—Subsec. (c)(2)(C). Pub. L. 106–181, § 104(b)(2), substituted “In any fiscal year in which the total amount made available under sections 48103 is less than $3,200,000,000, not more than” for “Not more than”.
Subsec. (d). Pub. L. 106–181, § 104(c), amended heading and text of subsec. (d) generally, revising and restating as pars. (1) to (6) provisions formerly contained in pars. (1) to (3).
Subsec. (e)(3)(A), (B). Pub. L. 106–181, § 104(d)(4), added subpars. (3) and (4) and struck out former par. (3) which read as follows: “Airports referred to in this subsection include those public airports that received scheduled service as of September 3, 1982, but were not apportioned amounts in the fiscal year ending September 30, 1980, under section 15(a) of the Act because the airports were not under the control of a State or local public agency.”
Subsec. (f). Pub. L. 106–181, § 104(c), designated existing provisions as par. (1), inserted heading, realigned margins, substituted “Subject to paragraph (3), an amount” for “An amount” and “an amount equal to—” and subpars. (A) and (B) for “an amount equal to 50 percent of the projected revenues from the fee in the fiscal year but not by more than 50 percent of the amount that otherwise would be apportioned under this section.”, and added pars. (2) and (3).
Subsec. (c)(2). Pub. L. 104–264, § 121(a)(2)(A), amended par. (2), generally. Prior to amendment, par. (2) read as follows: “(2)(A) The Secretary shall apportion to the sponsors of airports served by aircraft providing air transportation of only cargo with a total annual landed weight of more than 100,000,000 pounds for each fiscal year an amount equal to 3.5 percent of the amount subject to apportionment each year, allocated among those airports in the proportion that the total annual landed weight of those aircraft landing at each of those airports bears to the total annual landed weight of those aircraft landing at all those airports. However, not more than 8 percent of the amount apportioned under this paragraph may be apportioned for any one airport.
“(B) Landed weight under subparagraph (A) of this paragraph is the landed weight of aircraft landing at each of those airports and all those airports during the prior calendar year.”
Subsec. (c)(3). Pub. L. 104–264, § 121(a)(3), struck out par. (3) which read as follows: “(3)(A) Except as provided in subparagraph (B) of this paragraph, the total of all amounts apportioned under paragraphs (1) and (2) of this subsection may not be more than 49.5 percent of the amount subject to apportionment for that fiscal year. If this subparagraph requires reduction of an amount that otherwise would be apportioned under this subsection, the Secretary shall reduce proportionately the amount apportioned to each sponsor of an airport under paragraphs (1) and (2) until the 49.5 percent limit is achieved.
“(B) If a law limits the amount subject to apportionment to less than $1,800,000,000 for a fiscal year, the total of all amounts apportioned under paragraphs (1) and (2) of this subsection may not be more than 44 percent of the amount subject to apportionment for that fiscal year. If this subparagraph requires reduction of an amount that would otherwise be apportioned under this subsection, the Secretary shall reduce proportionately the amount apportioned to each sponsor of an airport under paragraphs (1) and (2) until the 44 percent limit is achieved.”
Subsec. (d)(2)(A). Pub. L. 104–264, § 121(b)(2), substituted “0.66” for “one”.
Subsec. (d)(2)(B). Pub. L. 104–264, § 121(b)(3), (4), substituted “49.57” for “49.5” and “excluding primary airports and nonprimary commercial service airports,” for “except primary airports and airports described in section 47117(e)(1)(C) of this title.”
1994—Subsec. (c)(1)(B). Pub. L. 103–429, § 666(A), substituted “$500,000” for “$400,000”.
Subsec. (c)(3). Pub. L. 103–429, § 666(B), designated existing provisions as subpar. (A), substituted “Except as provided in subparagraph (B) of this paragraph, the”’ for “The”, “49.5” for “44” in two places, and “If this subparagraph” for “If this paragraph”, and added subpar. (B).

EFFECTIVE DATE OF 2003 AMENDMENT
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under subsection 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT
Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of
had not been enacted, was repealed by Pub. L. 105–277, on and after such date, sections 47114, 47115, 47117, and section and sections 47115, 47117, and 47118 of this title, (§§ 121–125) of title I of Pub. L. 104–264, amending this effective Sept. 29, 1998.

47118 of this title were to read as if such amendments provided that the amendments made by subtitle B this title, the fund is available for making section (c) of this section and section 47117(e) of this title, the Secretary has a discretionary to carry out this subchapter.

d. FUND. The fund consists of—

(a) EXISTENCE AND AMOUNTS IN FUND.—The Secretary of Transportation has a discretionary fund. The fund consists of—

(1) amounts subject to apportionment for a fiscal year that are not apportioned under section 47114 of title 49, United States Code, for fiscal year 2003, the Secretary shall use, in lieu of passenger boardings at an airport during the prior calendar year, the greater of—

"(1) the number of passenger boardings at that airport during 2000; or

"(2) the number of passenger boardings at that airport during 2001.

[For definition of “airport” used in section 119(b) of Pub. L. 107–71, set out above, see section 133 of Pub. L. 107–71, title I, § 119(b), Nov. 19, 2001, 115 Stat. 629, provided that: “For the purpose of carrying out section 47114(c)–(e) of this title; and

(b) AVAILABILITY OF AMOUNTS.—Subject to subsection (c) of this section and section 47117(e) of this title, the fund is available for making grants for any purpose for which amounts are made available under section 48103 of this title that the Secretary considers most appropriate to carry out this subchapter.

(c) MINIMUM PERCENTAGE FOR PRIMARY AND RELIEVER AIRPORTS.—At least 75 percent of the amount in the fund and distributed by the Secretary in a fiscal year shall be used for making grants—

(1) to preserve and enhance capacity, safety, and security at primary and reliever airports; and

(2) to carry out airport noise compatibility planning and programs at primary and reliever airports.

(d) CONSIDERATIONS.—

(1) For capacity enhancement projects.—In selecting a project for a grant to preserve and improve capacity funded in whole or in part from the fund, the Secretary shall consider—

(A) the effect that the project will have on overall national transportation system capacity;

(B) the benefit and cost of the project, including, in the case of a project at a reliever airport, the number of operations projected to be diverted from a primary airport to the reliever airport as a result of the project, as well as the cost savings projected to be realized by users of the local airport system;

(C) the financial commitment from non-United States Government sources to preserve or improve airport capacity;

(D) the airport improvement priorities of the States to the extent such priorities are not in conflict with subparagraphs (A) and (B);

(E) the projected growth in the number of passengers or aircraft that will be using the airport at which the project will be carried out; and

(F) the ability of the project to foster United States competitiveness in securing global air cargo activity at a United States airport.

(2) For all projects.—In selecting a project for a grant under this section, the Secretary shall consider among other factors whether—

(A) funding has been provided for all other projects qualifying for funding during the fiscal year under this chapter that have attained a higher score under the numerical priority system employed by the Secretary in administering the fund; and

(B) the sponsor will be able to commence the work identified in the project application in the fiscal year in which the grant is made or within 6 months after the grant is made, whichever is later.

(e) WAIVER PERCENTAGE REQUIREMENT.—If the Secretary decides the Secretary cannot comply with the percentage requirement of subsection (c) of this section in a fiscal year because there are insufficient qualified grant applications to meet that percentage, the amount the Secretary determines will not be distributed as required by subsection (c) is available for obligation during the fiscal year without regard to the requirement.

(f) Consideration of diversion of revenues in awarding discretionary grants.—

(1) General rule.—Subject to paragraph (2), in deciding whether or not to distribute funds to an airport from the discretionary funds established by subsection (a) of this section and section 47116 of this title, the Secretary shall consider as a factor militating against the distribution of such funds to the airport the fact that the airport is using revenues generated by the airport or by local taxes on aviation fuel for purposes other than capital or operating costs of the airport or the local airports system or other local facilities which are owned or operated by the owner or operator of
the airport and directly and substantially related to the actual air transportation of passengers or property.

(2) REQUIRED FINDING.—Paragraph (1) shall apply only when the Secretary finds that the amounts of revenues used by the airport for purposes other than capital or operating costs in the airport’s fiscal year preceding the date of the application for discretionary funds exceeds the amount of such revenues in the airport’s first fiscal year ending after August 23, 1984, adjusted by the Secretary for changes in the Consumer Price Index of All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(g) MINIMUM AMOUNT TO BE CREDITED.—

(1) GENERAL RULE.—In a fiscal year, there shall be credited to the fund, out of amounts made available under section 47103 of this title, an amount that is at least equal to the sum of—

(A) $148,000,000; plus

(B) the total amount required from the fund to carry out in the fiscal year letter of intent issued before January 1, 1996, under section 47110(e) of this title or the Airport and Airway Improvement Act of 1982.

The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

(2) REDUCTION OF APPORTIONMENTS.—In a fiscal year in which the amount credited under subsection (a) is less than the minimum amount to be credited under paragraph (1), the total amount calculated under paragraph (3) shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals such minimum amount.

(3) AMOUNT OF REDUCTION.—For a fiscal year, the total amount available to make a reduction to carry out paragraph (2) is the total of the amounts determined under sections 47114(c)(1)(A), 47114(c)(2), and 47117(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(h) PRIORITY FOR LETTERS OF INTENT.—In making grants in a fiscal year with funds made available under this section, the Secretary shall fulfill intentions to obligate under section 47110(e).

(i) CONSIDERATIONS FOR PROJECT UNDER EXPANDED SECURITY ELIGIBILITY.—In order to assure that funding under this subchapter is provided to the greatest needs, the Secretary, in selecting a project described in section 47102(3)(J) for a grant, shall consider the non-federal resources available to sponsor, the use of such non-federal resources, and the degree to which the sponsor is providing increased funding for the project.

(j) MARSHALL ISLANDS, MICRONESIA, AND PALAU.—For fiscal years 2004 through 2010, and for the portion of fiscal year 2011 ending before April 1, 2011, the sponsors of airports located in the Republic of the Marshall Islands, Federated States of Micronesia, and Republic of Palau shall be eligible for grants under this section and section 47116.

In subsection (a), before clause (1), the words “The Secretary of Transportation has a discretionary fund” are added for clarity. In clause (1), the words “subject to apportionment for a fiscal year” are substituted for “which are made available for a fiscal year under section 2204 of this Appendix” and “which have not been previously apportioned by the Secretary” for consistency with section 47114 of the revised title.

In subsection (c), before clause (1), the words “Subject to section 2204(d) of this Appendix and paragraph (4) of this subsection” and “pursuant to paragraph (1) and distributed by the Secretary under this subsection in a fiscal year beginning after September 30, 1987” are omitted as surplus.

In subsection (d), before clause (1), the words “at airports” are omitted as surplus. In clause (3), the words “airport operator or other” are omitted as surplus.

In subsection (e), the words “submitted in compliance with this chapter” and “portion of” are omitted as surplus.

REFERENCES IN TEXT

The Airport and Airway Improvement Act of 1982, referred to in subsec. (g)(1)(B), is title V of Pub. L. 97–248, Sept. 3, 1982, 96 Stat. 671, which was classified principally to chapter 31 (§2301 et seq.) of former Title 49, Transportation, and was substantially repealed by Pub. L. 103–272, §7(b), July 5, 1994, 108 Stat. 1376, and reenacted by the first section thereof as this subchapter.

Subsection (d) generally. Prior to amendment, subsec. (d) listed the portions of fiscal years 2003 through 2007, after "fiscal years 2004 through 2007, and for the portion of fiscal year 2009 ending before April 1, 2009, the amount credited to the fund under this subsection shall be reduced by $325,000,000, the total amount calculated under paragraph (3) of this subsection is less than $325,000,000, the amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(1) In a fiscal year, at least $325,000,000 of the amount made available under section 48103 of this title shall be credited to the fund. The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

(2) In a fiscal year in which the amount credited under subsection (a) of this section is less than $325,000,000, the total amount calculated under paragraph (3) of this subsection shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c)(1) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(1) In a fiscal year, at least $325,000,000 of the amount made available under section 48103 of this title shall be credited to the fund. The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

(2) In a fiscal year in which the amount credited under subsection (a) of this section is less than $325,000,000, the total amount calculated under paragraph (3) of this subsection shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c)(1) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(1) In a fiscal year, at least $325,000,000 of the amount made available under section 48103 of this title shall be credited to the fund. The amount credited is exclusive of amounts that have been apportioned in a prior fiscal year under section 47114 of this title and that remain available for obligation.

(2) In a fiscal year in which the amount credited under subsection (a) of this section is less than $325,000,000, the total amount calculated under paragraph (3) of this subsection shall be reduced by an amount that, when credited to the fund, together with the amount credited under subsection (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

(2) In a fiscal year in which the amount credited under subsection (a) is less than $325,000,000, the amounts calculated under paragraphs (1) and (2) of this subsection shall be reduced by an amount that, when credited to the fund, together with amounts credited under section (a), equals $325,000,000.

(3) For a fiscal year, the total amount available to reduce to carry out paragraph (2) of this subsection is the total of the amounts determined under sections 47114(c) and 47114(e) of this title. Each amount shall be reduced by an equal percentage to achieve the reduction.

Effective Date of 2008 Amendment

Amendment by Pub. L. 110–253 effective July 1, 2008, see section 3(d) of Pub. L. 110–253, set out as a note under section 9502 of Title 26, Internal Revenue Code.

Effective Date of 2003 Amendment
Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 1996 Amendments
Amendment by section 5(81)(B) of Pub. L. 104–287 applicable only to fiscal years beginning after the effective date of division B of Pub. L. 104–287, set out as a note under section 47114(f) of this title.

As setting forth the effective date of the preceding provisions, see section 5(81)(B) of Pub. L. 104–287, set out as a note under section 47114(f) of this title.

§ 47116. Small airport fund
(a) Existence and amounts in fund.—The Secretary of Transportation has a small airport fund. The fund consists of 87.5 percent of amounts not apportioned under section 47114 of this title because of section 47114(f) of this title.

(b) Distribution of amounts.—The Secretary may distribute amounts in the fund in each fiscal year for any purpose for which amounts are made available under section 48103 of this title as follows:

(1) one-seventh for grants for projects at small hub airports; and

(2) the remaining amounts based on the following:

(A) one-third for grants to sponsors of public-use airports (except commercial service airports).

(B) two-thirds for grants to sponsors of each commercial service airport that each year has less than 0.5 percent of the total boardings in the United States in that year.

(c) Authority to receive grant not dependent on participation in block grant pilot program.—An airport in a State participating in the State block grant pilot program under section 47128 of this title may receive a grant under this section to the same extent the airport may receive a grant if the State were not participating in the program.

(d) Priority consideration for certain projects.—

(1) Construction of new runways.—In making grants to sponsors described in subsection (b)(2), the Secretary shall give priority consideration to airport development projects for construction of new runways that the Secretary finds are cost beneficial and would increase capacity in a region of the United States.

(2) Airport development for turbine powered aircraft.—In making grants to sponsors described in subsection (b)(1), the Secretary shall give priority consideration to airport development projects to support operations by turbine powered aircraft if the non-Federal share of the project is at least 40 percent.

(e) Set-Aside for Meeting Safety Terms in Airport Operating Certificates.—In the first fiscal year beginning after the effective date of regulations issued to carry out section 44706(b) with respect to airports described in section 44706(a)(2), and in each of the next 4 fiscal years, the lesser of $15,000,000 or 20 percent of the amounts that would otherwise be distributed to sponsors of airports under subsection (b)(2) shall be used to assist the airports in meeting the terms established by the regulations. If the Secretary publishes in the Federal Register a finding that all the terms established by the regulations have been met, this subsection shall cease to be effective as of the date of such publication.

(f) Notification of source of grant.—Whenever the Secretary makes a grant under this section, the Secretary shall notify the recipient of the grant, in writing, that the source of the grant is from the small airport fund.

§ 47117. Use of apportioned amounts

(a) GRANT PURPOSE.—Except as provided in this section, an amount apportioned under section 47114(c)(1) or (d)(2) of this title is available for making grants for any purpose for which amounts are made available under section 48103 of this title.

(b) PERIOD OF AVAILABILITY.—An amount apportioned under section 47114 of this title is available to be obligated for grants under the apportionment only during the fiscal year for which the amount was apportioned and the 2 fiscal years immediately after that year or the 3 fiscal years immediately following that year in the case of a nonhub airport or any airport that is not a commercial service airport. If the amount is not obligated under the apportionment within that time, it shall be added to the discretionary fund.

(c) PRIMARY AIRPORTS.—(1) An amount apportioned to a sponsor of a primary airport under section 47114(c)(1) of this title is available for grants for any public-use airport of the sponsor included in the national plan of integrated airport systems.

(2) WAIVER.—A sponsor of an airport may make an agreement with the Secretary of Transportation waiving the sponsor’s claim to any part of the amount apportioned for the airport under sections 47114(c) and 47114(d)(3)(A) if the Secretary agrees to make the waived amount available for a grant for another public-use airport in the same State or geographical area as the airport, as determined by the Secretary.

(d) STATE USE.—An amount apportioned to a State under—

(1) section 47114(d)(2)(A) of this title is available for grants for airports located in the State; and

(2) section 47114(d)(2)(B) or (C) of this title is available for grants for airports described in section 47114(d)(2)(B) or (C) and located in the State.

(e) SPECIAL APPORTIONMENT CATEGORIES.—(1) The Secretary shall use amounts available to the discretionary fund under section 47115 of this title for each fiscal year as follows:

(A) At least 35 percent for grants for airport noise compatibility planning under section 47505(a)(2), for carrying out noise compatibility programs under section 47504(c), for noise mitigation projects approved in an environmental record of decision for an airport development project under this title, for compatible land use planning and projects carried out by State and local governments under section 47141, and for airport development described in section 47102(3)(F), 47102(3)(K), or 47102(3)(L) to comply with the Clean Air Act (42 U.S.C. 7401 et seq.). The Secretary may count the amount of grants made for such planning and programs with funds apportioned under section 47114 in that fiscal year in determining whether or not such 35 percent requirement is being met in that fiscal year.

(B) at least 4 percent to sponsors of current or former military airports designated by the Secretary under section 47118(a) of this title for grants for developing current and former military airports to improve the capacity of the national air transportation system and to sponsors of noncommercial service airports for grants for operational and maintenance expenses at any such airport if the amount of such grants to the sponsor of the airport does not exceed $30,000 in that fiscal year, if the Secretary determines that the airport is adversely affected by the closure or realignment of a military base, and if the sponsor of the airport certifies that the airport would otherwise close if the airport does not receive the grant.

(C) In any fiscal year in which the total amount made available under section 48103 is $3,200,000,000 or more, at least two-thirds of 1 percent for grants to sponsors of reliever airports which have—

(i) more than 75,000 annual operations;

(ii) a runway with a minimum usable landing distance of 5,000 feet;

(iii) a precision instrument landing procedure;

(iv) a minimum number of aircraft, to be determined by the Secretary, based at the airport; and

(v) been designated by the Secretary as a reliever airport to an airport with 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.

(2) If the Secretary decides that an amount required to be used for grants under paragraph (1) of this subsection cannot be used for a fiscal year because there are insufficient qualified grant applications, the amount the Secretary determines cannot be used is available during the fiscal year for grants for other airports or for other purposes for which amounts are authorized for grants under section 48103 of this title.

(f) PRIORITY.—(1) In making grants under paragraph (1)(A) to applications for airport noise compatibility planning and programs at and around—

(A) Chicago O'Hare International Airport;

(B) LaGuardia Airport;

(C) John F. Kennedy International Airport; and

(D) Ronald Reagan Washington National Airport.

(2) DISCRETIONARY USE OF APPORTIONMENTS.—

So in original. Probably should be capitalized.
Secretary receives under section 47105(f) or on other information received from airport sponsors.

(2) **RESTORATION OF APPORTIONMENTS.**—

(A) **IN GENERAL.**—If the fiscal year for which a finding is made under paragraph (1) with respect to an apportionment is not the last fiscal year of availability of the apportionment under subsection (b), the Secretary shall restore to the apportionment an amount equal to the amount of the apportionment used under paragraph (1) for a discretionary grant whenever a sufficient amount is made available under section 48103.

(B) **PERIOD OF AVAILABILITY.**—If restoration under this paragraph is made in the fiscal year for which the finding is made or the succeeding fiscal year, the amount restored shall be subject to the original period of availability of the apportionment under subsection (b). If the restoration is made thereafter, the amount restored shall remain available in accordance with subsection (b) for the original period of availability of the apportionment plus the number of fiscal years during which a sufficient amount was not available for the restoration.

(3) **NEWLY AVAILABLE AMOUNTS.**—

(A) **RESTORED AMOUNTS TO BE UNAVAILABLE FOR DISCRETIONARY GRANTS.**—Of an amount newly available under section 48103 of this title, an amount equal to the amounts restored under paragraph (2) shall not be available for discretionary grant obligations under section 47115.

(B) **USE OF REMAINING AMOUNTS.**—Subparagraph (A) does not impair the Secretary’s authority under paragraph (1), after a restoration under paragraph (2), to apply all or part of a restored amount that is not required to fund a grant under an apportionment to fund discretionary grants.

(4) **LIMITATIONS ON OBLIGATIONS APPLY.**—Nothing in this subsection shall be construed to authorize the Secretary to incur grant obligations under section 47104 for a fiscal year in an amount greater than the amount made available under section 48103 for such obligations for such fiscal year.

(g) **LIMITING AUTHORITY OF SECRETARY.**—The authority of the Secretary to make grants during a fiscal year from amounts that were apportioned for a prior fiscal year and remain available for approved airport development grants under subsection (b) of this section may be impaired only by a law enacted after September 3, 1982, that expressly limits that authority.

In subsection (b), the words “for grants” are added, and the word “apportioned” is substituted for “first authorized to be obligated”, for clarity. The words “established by section 203 of this Appendix” are omitted as surplus.

In subsection (c)(2), the word “if” is substituted for “on the condition that” to eliminate unnecessary words. The word “in” is substituted for “which is a part of” for clarity.

Subsection (d) is substituted for 49 App. 2207(c) (last sentence) as surplus because of section 47105(a) of the revised title.

In subsection (e)(1), the words “The Secretary shall use . . . (A) . . . for grants . . . (B) . . . for grants . . . (C) . . . for grants . . . (D) . . . for grants . . . (E) . . . for grants” are substituted for “shall be distributed” and “shall be obligated” for clarity and consistency in the revised title. Clause (C)(ii) is substituted for 49 App. 2207(d)(3)(B) and (C) to eliminate unnecessary words. In clause (E), the references to fiscal years 1991 and 1992 are omitted as obsolete.
In subsection (e)(2), the words "for each fiscal year" are omitted as surplus.

In subsection (e)(3), the words "an amount required to be used for grants under paragraph (1) of this subsection cannot be used" are substituted for "he will not be able to distribute the amount of funds required to be distributed under paragraph (1), (2), (3), or (4) of this subsection" for consistency. The words "submitted in compliance with this chapter" are omitted as surplus. The words "cannot be used" are substituted for "will not be distributed" for consistency. The words "for which amounts are" are added for clarity and consistency in this chapter.

Subsection (f) is substituted for 49 App.:2206(b)(5)(D) for clarity and consistency in the revised title.

In subsection (g)(1), the words "and (3)" are omitted because 49 App.:2207(d)(3) has expired. The words "at his discretion" are omitted as surplus.

In subsection (g)(2)(A), the words "made available" are substituted for "authorized" for clarity.

In subsection (h), the words "to make grants" are substituted for "to obligate to an airport by grant application of this paragraph" for clarity. The words "gated balance of" are omitted as surplus. The words "surplus." are substituted for "authorized" for clarity. The words "discretion" are omitted as surplus.

Because 49 App.:2207(e)(3) has expired. The words "at his discretion" are substituted for "authorized" for clarity.

The words "for which amounts are" are added for clarity and consistency in this chapter.

In subsection (g)(2)(A), the words "made available" are substituted for "authorized" for clarity. The words "discretion" are omitted as surplus.

Because 49 App.:2207(e)(3) has expired. The words "at his discretion" are substituted for "authorized" for clarity.

In subsection (h), the words "to make grants" are substituted for "to obligate to an airport by grant application of this paragraph" for clarity. The words "gated balance of" are omitted as surplus. The words "surplus." are substituted for "authorized" for clarity. The words "discretion" are omitted as surplus.

The words "cannot be used" are substituted for "will not be distributed" for consistency. The words "for compliance with this chapter" are omitted as surplus. The words "cannot be used for grants under paragraph (1) of this subsection cannot be used" are substituted for "he will not be able to distribute the amount of funds required to be distributed under paragraph (1), (2), (3), or (4) of this subsection" for consistency. The words "submitted in compliance with this chapter" are omitted as surplus. The words "cannot be used" are substituted for "will not be distributed" for consistency. The words "for which amounts are" are added for clarity and consistency in this chapter.

In subsection (g)(3), the words "of this title, and," and "and" are added for clarity.

The words "cannot be used for grants under paragraph (1) of this subsection cannot be used" are substituted for "he will not be able to distribute the amount of funds required to be distributed under paragraph (1), (2), (3), or (4) of this subsection" for consistency. The words "submitted in compliance with this chapter" are omitted as surplus. The words "cannot be used" are substituted for "will not be distributed" for consistency. The words "for which amounts are" are added for clarity and consistency in this chapter.

In subsection (g)(3), the words "to obligate to an airport by grant application of this paragraph" are substituted for "authorized" for clarity.
§ 47118. Designating current and former military airports

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall designate current or former military airports for which grants may be made under section 47107(e)(1)(B) of this title. The maximum number of airports bearing such designation at any time may be only one for any airport so designated before August 24, 1994 if—

(1) the airport is a former military installation closed or realigned under—

(A) section 2667 of title 10; or

(B) section 2905 of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note); or

(C) section 2005 of the Defense Authorization Amendments and Base Closure and Realignment Act (10 U.S.C. 2687 note); or

(2) the airport is a military installation with both military and civil aircraft operations.

(b) SURVEY.—Not later than September 30, 1991, the Secretary shall complete a survey of current and former military airports to identify which airports have the greatest potential to improve the capacity of the national air transportation system. The survey shall identify the capital development needs of those airports to make them part of the system and which of those qualify for grants under section 47104 of this title.

(c) CONSIDERATIONS.—In carrying out this section, the Secretary shall consider only current or former military airports for designation under this section if a grant under section 47117(e)(1)(B) would—

(1) reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings; or
(2) enhance airport and air traffic control system capacity in a metropolitan area or reduce current and projected flight delays.

(d) **Grants.**—Grants under section 47118(e)(1)(B) of this title may be made for an airport designated under subsection (a) of this section for the 5 fiscal years following the designation, and for subsequent periods, each not to exceed 5 fiscal years, if the Secretary determines that the airport satisfies the designation criteria under subsection (a) at the beginning of each such subsequent period.

(e) **Terminal Building Facilities.**—From amounts the Secretary distributes to an airport under section 47115, $10,000,000 for each of fiscal years 2004 and 2005, and $7,000,000 for each fiscal year thereafter, is available to the sponsor of a current or former military airport the Secretary designates under this section to construct, improve, or repair a terminal building facility, including terminal gates used for revenue passengers getting on or off aircraft. A gate constructed, improved, or repaired under this subsection—

(1) may not be leased for more than 10 years; and

(2) is not subject to majority in interest clauses.

(f) **Parking Lots, Fuel Farms, Utilities, Hangars, and Air Cargo Terminals.**—

(1) **Construction.**—From amounts the Secretary distributes to an airport under section 47115, $10,000,000 for each of fiscal years 2004 and 2005, and $7,000,000 for each fiscal year thereafter, is available to the sponsor of a current or former military airport the Secretary designates under this section to construct, improve, or repair airport surface parking lots, fuel farms, utilities, and hangars and air cargo terminals of an area that is 50,000 square feet or less.

(2) **Reimbursement.**—Upon approval of the Secretary, the sponsor of a current or former military airport the Secretary designates under this section may use an amount apportioned under section 47114, or made available under section 47115 or 47117(e)(1)(B), to the airport for reimbursement of costs incurred by the airport in fiscal years 2003 and 2004 for construction, improvement, or repair described in paragraph (1).

(g) **Designation of General Aviation Airport.**—Notwithstanding any other provision of this section, one of the airports bearing a designation under subsection (a) may be a general aviation airport that was a former military installation closed or realigned under a section referred to in subsection (a)(1).

Revised Section | Source (U.S. Code) | Source (Statutes At Large)
---|---|---

In subsection (d), the word “Grants” is substituted for “to participate in the program”, and the word “grants” is substituted for “participation in the program”, for clarity and consistency and to eliminate unnecessary words.

In subsection (e), before clause (1), the words “at the discretion” and “with Federal funding” are omitted as surplus.

This sets out the date of enactment of 49:47118(a) (last sentence).

This makes a clarifying amendment to 49:47118(e) because 49:47118(e) was struck by section 114(b) of the Federal Aviation Administration Authorization Act of 1994 (Public Law 103–303, 108 Stat. 1579).

Subsec. (f). Pub. L. 108–176, §153(2), (3), inserted par. (1) designating and heading, substituted “From amounts the Secretary distributes to an airport under section 47115, $10,000,000 for each of fiscal years 2004 and 2005, and $7,000,000 for each fiscal year thereafter, is available” for “Not more than a total of $7,000,000 for each airport from amounts the Secretary distributes under section 47115 of this title for fiscal years beginning after September 30, 1992, is available”, and added par. (2).

Subsec. (a)(2). Pub. L. 106–181, §130(a)(1)(B), added par. (2) and struck out former par. (2) which read as follows: “(A) reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings; or
“(B) enhance airport and air traffic control system capacity in a metropolitan area or reduce current and projected flight delays.”

Subsec. (c). Pub. L. 106–181, §130(a)(2), added subsec. (c) and struck out heading and text of former subsec. (c).

Text read as follows: “In carrying out this section, the Secretary shall consider only current or former military airports that, when at least partly converted to civilian commercial or reliever airports as part of the national air transportation system, will enhance airport and air traffic control system capacity in major metropolitan areas and reduce current and projected flight delays.”

Subsec. (d). Pub. L. 106–181, §130(a)(3), substituted “47117(e)(1)(B)” for “47117(e)(1)(E);” “periods, each not to exceed 5 fiscal years,” for “5-fiscal-year periods,” and “each such subsequent period” for “each such subsequent 5-fiscal-year period”.

Subsec. (e). Pub. L. 106–181, §130(b), substituted "$7,000,000” for "$5,000,000.”

Subsec. (f). Pub. L. 106–181, §130(c), in heading, substituted “Hangars, and Air Cargo Terminals” for “and Hangars” and, in text, substituted "$7,000,000” for "$4,000,000” and inserted “and air cargo terminals of an area that is 50,000 square feet or less” before period at end.

1996—Subsec. (a). Pub. L. 104–287, §5(83)(A), which directed amendment of subsec. (a) by substituting “before August 24, 1994” for “on or before the date of the enactment of this sentence”, could not be executed because the phrase to be amended did not appear subsequent to amendment by Pub. L. 104–264, §124(a). See below.

Pub. L. 104–264, §124(a), amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows:

“(a) General Requirements.—The Secretary of Transportation shall designate not more than 15 current or former military airports for which grants may be made under section 47117(e)(1)(B)” for “47117(e)(1)(E);” “periods, each not to exceed 5 fiscal years,” for “5-fiscal-year periods,” and “each such subsequent period” for “each such subsequent 5-fiscal-year period”.

Subsec. (b). Pub. L. 104–287, §5(83)(A), which directed amendment of subsec. (b) by substituting “designated airport for such grants on or before the date of the enactment of this sentence” if the Secretary finds that grants under such section for projects at such airport would reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.”

Subsec. (c). Pub. L. 104–284, §124(b), substituted “designation, and for subsequent 5-fiscal-year periods if the Secretary determines that the airport satisfies the designation criteria under subsection (a) at the beginning of each such subsequent 5-fiscal-year period.” for “designation.”

Subsec. (d). Pub. L. 104–287, §5(83)(B), substituted “Not” for “Notwithstanding section 47109(c) of this title,” not.”

1994—Subsec. (a). Pub. L. 103–305, §116(b), substituted “17” for “12” and inserted at end “The Secretary may only designate an airport for such grants (other than an airport designated for such grants on or before the date of the enactment of this sentence)” if the Secretary finds grants under such section for projects at such airport would reduce delays at an airport with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings.”

Subsec. (c). Pub. L. 104–287, §116(c), struck out at end “If an airport does not have a level of passengers getting on aircraft during that 5-year period that qualifies the airport as a small hub airport (as defined on January 1, 1996) or reliever airport, the Secretary may re-designate the airport for grants for additional fiscal years that the Secretary decides.”

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

Effective Date of 2000 Amendment

Effective Date of 1996 Amendments

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

§47119. Terminal development costs

(a) Repaying Borrowed Money.—

(1) Terminal development costs incurred after June 30, 1970, and before July 12, 1976.—An amount apportioned under section 47114 and made available to the sponsor of a commercial service airport at which terminal development was carried out after June 30, 1970, and before July 12, 1976, is available to repay immediately money borrowed and used to pay the costs for such terminal development if those costs would be allowable project costs under section 47110 if they had been incurred after September 3, 1982.

(2) Terminal development costs incurred between January 1, 1992, and October 31, 1992.—An amount apportioned under section 47114 and made available to the sponsor of a nonhub airport at which terminal development was carried out between January 1, 1992, and October 31, 1992, is available to repay immediately money borrowed and to pay the costs for such terminal development if those costs would be allowable project costs under section 47110 if they had been incurred after September 3, 1982.

(3) Terminal development costs at primary airports.—An amount apportioned under section 47114 or available under subsection (b)(3) to a primary airport—

(A) that was a nonhub airport in the most recent year used to calculate apportionments under section 47114;

(B) that is a designated airport under section 47118 in fiscal year 2003; and

(C) at which terminal development was carried out between January 1, 2003, and August 31, 2004, is available to repay immediately money borrowed and used to pay the costs for such terminal development if those costs would be allowable project costs under section 47110.

(4) Conditions for grant.—An amount is available for a grant under this subsection only if—

(A) the sponsor submits the certification required under section 47110(d);
(B) the Secretary of Transportation decides that using the amount to repay the borrowed money will not defer an airport development project outside the terminal area at that airport; and

(c) amounts available for airport development under this subchapter will not be used for additional terminal development projects at the airport for at least 1 year beginning on the date the grant is used to repay the borrowed money.

(5) **APPLICABILITY OF CERTAIN LIMITATIONS.—** A grant under this subsection shall be subject to the limitations in subsection (b)(1) and (2).

(b) **AVAILABILITY OF AMOUNTS.—**In a fiscal year, the Secretary may make available—

(1) to a sponsor of a primary airport, any part of amounts apportioned to the sponsor for the fiscal year under section 47114(c)(1) of this title to pay project costs allowable under section 47110(d) of this title;

(2) on approval of the Secretary, not more than $200,000 of the amount that may be distributed for the fiscal year from the discretionary fund established under section 47115 of this title—

(A) to a sponsor of a nonprimary commercial service airport to pay project costs allowable under section 47110(d) of this title; and

(B) to a sponsor of a reliever airport for the types of project costs allowable under section 47110(d), including project costs allowable for a commercial service airport that each year does not have more than .05 percent of the total boardings in the United States;

(3) for use by a primary airport that each year does not have more than .05 percent of the total boardings in the United States, any part of amounts that may be distributed for the fiscal year from the discretionary fund and small airport fund to pay project costs allowable for the fiscal year under section 47110(d) of this title;

(4) not more than $25,000,000 to pay project costs allowable for the fiscal year under section 47110(d) of this title for projects at commercial service airports that were not eligible for assistance for terminal development during the fiscal year ending September 30, 1980, under section 20(b) of the Airport and Airway Development Act of 1970; or

(5) to a sponsor of a nonprimary airport, any part of amounts apportioned to the sponsor for the fiscal year under section 47114(d)(3)(A) for project costs allowable under section 47110(d).

(c) NONHUB AIRPORTS.—With respect to a project at a commercial service airport which annually has less than 0.5 percent of the total enplanements in the United States, the Secretary may approve the use of the amounts described in subsection (a) notwithstanding the requirements of sections 47107(a)(17), 47112, and 47113.

(d) **DETERMINATION OF PASSENGER BOARDING AT COMMERCIAL SERVICE AIRPORTS.—**For the purpose of determining whether an amount may be distributed for a fiscal year from the discretionary fund in accordance with subsection (b)(2)(A) to a commercial service airport, the Secretary shall make the determination of whether or not a public airport is a commercial service airport on the basis of the number of passenger boardings and type of air service at the public airport in the calendar year that includes the first day of such fiscal year or the preceding calendar year, whichever is more beneficial to the airport.

In subsection (a), before clause (1), the words “(within the meaning of section 111 of the Airport and Airway Development Act of 1970 [49 App. U.S.C. §1711]) as in effect immediately before September 3, 1982” are omitted because of the definition of “air carrier airport” in section 47102 of the revised title. The words “after June 30, 1970” are substituted for “on or after July 1, 1970” for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words. The words “to repay immediately money borrowed and used to pay the project costs allowable for the fiscal year under section 47110(d) of this title” are substituted for “for the immediate retirement of the indebtedness of the United States” for clarity and to eliminate unnecessary words.

In subsection (b), before clause (1), the words “In a fiscal year” are added for clarity. In clause (2), the words “from the discretionary fund” are substituted for “sums to be distributed at the discretion of the Secretary under section 2206(c) of this Appendix” for clarity and consistency in this chapter. In clause (3), the words “for projects” are added for clarity.

In subsection (b)(3), the words “from the discretionary fund and small airport fund” are substituted for “sums to be distributed at the discretion of the Secretary under section 2206(c) and 2206(d) of this Appendix” for clarity and consistency in this chapter.

**REFERENCES IN TEXT**

Section 20(b) of the Airport and Airway Development Act of 1970, referred to in subsec. (b)(4), is section 20(b)
of the Secretary of Transportation with an integrated airport system plan. May give priority to a project that is consistent with this Appendix for consistency in this chapter and to eliminate unnecessary words.

Projects by giving lower priority to discretionary projects submitted by airport sponsors and airports that have used entitlement funds for projects that have a lower priority than the projects for which discretionary funds are being requested. Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as a note under section 106 of this title.

**\(\text{\$ 47120}:\) Records and audits**

(a) RECORDS.—A sponsor shall keep the records of the Secretary of Transportation requires. The Secretary may require records—(1) that disclose—(A) the amount and disposition by the sponsor of the proceeds of the grant; (B) the total cost of the plan or program for which the grant is given or used; and (C) the amounts and kinds of costs of the plan or program provided by other sources; and (2) that make it easier to carry out an audit.

(b) AUDITS AND EXAMINATIONS.—The Secretary and the Comptroller General may audit and examine records of a sponsor that are related to a grant made under this subchapter.

(c) AUTHORITY OF COMPTROLLER GENERAL.—When an independent audit is made of the accounts of a sponsor under this subchapter related to the disposition of the proceeds of the grant or related to the plan or program for which the grant was given or used, the sponsor shall submit a certified copy of the audit to the Secretary not more than 6 months after the end of the fiscal year for which the audit was made. The Comptroller General may report to Congress describing the results of each audit conducted or reviewed by the Comptroller General under this section during the prior fiscal year.

(d) AUDIT REQUIREMENT.—The Secretary may require a sponsor to conduct an appropriate audit as a condition for receiving a grant under this subchapter.

**\(\text{\$ 47120. Grant priority}:\)**

(a) IN GENERAL.—In making a grant under this subchapter, the Secretary of Transportation may give priority to a project that is consistent with an integrated airport system plan. (b) DISCRETIONARY FUNDING TO BE USED FOR HIGHER PRIORITY PROJECTS.—The Administrator of the Federal Aviation Administration shall discourage airport sponsors and airports from using entitlement funds for lower priority projects.
§ 47122. Administrative

(a) GENERAL.—The Secretary of Transportation may take action the Secretary considers necessary to carry out this subchapter, including conducting investigations and public hearings, prescribing regulations and procedures, and issuing orders.

(b) CONDUCTING INVESTIGATIONS AND PUBLIC HEARINGS.—In conducting an investigation or public hearing under this subchapter, the Secretary has the same authority the Secretary has under section 46104 of this title. An action of the Secretary in exercising that authority is governed by the procedures specified in section 46104 and shall be enforced as provided in section 46104.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1275.)

Subsection (a) is substituted for 49 App.:2218(a) to eliminate unnecessary words.

§ 47123. Nondiscrimination

The Secretary of Transportation shall take affirmative action to ensure that an individual is not excluded because of race, creed, color, national origin, or sex from participating in an activity carried out with money received under a grant under this subchapter. The Secretary shall prescribe regulations necessary to carry out this section. The regulations shall be similar to those in effect under title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.). This section is in addition to title VI of the Act.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1275.)
activity (Visual Flight Rules) level I air traffic control tower contract program established under subsection (a) of this section for towers existing on December 30, 1987, and extend the program to other towers as practicable. 

(2) The Secretary may make a contract with a qualified entity (as determined by the Secretary) or, on a sole source basis, with a State or a political subdivision of a State to allow the entity, State, or subdivision to operate an airport traffic control tower classified as a level I (Visual Flight Rules) tower if the Secretary decides that the entity, State, or subdivision has the capability to comply with the requirements of this paragraph. The contract shall require that the entity, State, or subdivision comply with applicable safety regulations in operating the facility and with applicable competition requirements in making a subcontract to perform work to carry out the contract.

(3) CONTRACT AIR TRAFFIC CONTROL TOWER PROGRAM

(A) IN GENERAL.—The Secretary shall establish a program to contract for air traffic control services at nonapproach control towers, as defined by the Secretary, that do not qualify for the contract tower program established under subsection (a) and continued under paragraph (1) (in this paragraph referred to as the “Contract Tower Program”).

(B) PROGRAM COMPONENTS.—In carrying out the program, the Secretary shall:

(i) utilize for purposes of cost-benefit analyses, current, actual, site-specific data, forecast estimates, or airport master plan data provided by a facility owner or operator and verified by the Secretary; and

(ii) approve for participation only facilities willing to fund a pro rata share of the operating costs of the air traffic control tower to achieve a 1-to-1 benefit-to-cost ratio using actual site-specific contract tower operating costs in any case in which there is an operating air traffic control tower, as required for eligibility under the Contract Tower Program.

(C) PRIORITY.—In selecting facilities to participate in the program, the Secretary shall give priority to the following facilities:

(i) Air traffic control towers that are participating in the Contract Tower Program but have been notified that they will be terminated from such program because the Secretary has determined that the benefit-to-cost ratio for their continuation in such program is less than 1.0.

(ii) Air traffic control towers that the Secretary determines have a benefit-to-cost ratio of at least .50.

(iii) Air traffic control towers of the Federal Aviation Administration that are closed as a result of the air traffic controllers strike in 1981.

(iv) Air traffic control towers located at airports or points at which an air carrier is receiving compensation under the essential air service program under this chapter.

(v) Air traffic control towers located at airports that are prepared to assume partial responsibility for maintenance costs.

(vi) Air traffic control towers located at airports with safety or operational problems related to topography, weather, runway configuration, or mix of aircraft.

(vii) Air traffic control towers located at an airport at which the community has been operating the tower at its own expense.

(D) COSTS EXCEEDING BENEFITS.—If the costs of operating an air traffic tower under the program exceed the benefits, the airport sponsor or State or local government having jurisdiction over the airport shall pay the portion of the costs that exceed such benefit.

(E) FUNDING.—Of the amounts appropriated pursuant to section 106(k), not more than $6,500,000 for fiscal year 2004, $7,000,000 for fiscal year 2005, $7,500,000 for fiscal year 2006, and $8,000,000 for fiscal year 2007 may be used to carry out this paragraph.

(4) CONSTRUCTION OF AIR TRAFFIC CONTROL TOWERS.—

(A) GRANTS.—The Secretary may provide grants to a sponsor of—

(i) a primary airport—

(I) from amounts made available under sections 47114(c)(1) and 47114(c)(2) for the construction or improvement of a nonapproach control tower, as defined by the Secretary, and for the acquisition and installation of air traffic control, communications, and related equipment to be used in that tower;

(II) from amounts made available under sections 47114(c)(1) and 47114(c)(2) for reimbursement for the cost of constructing or improving a nonapproach control tower, as defined by the Secretary, incurred after October 1, 1996, if the sponsor complied with the requirements of sections 47107(e), 47112(b), and 47112(c) in constructing or improving that tower; and

(III) from amounts made available under sections 47114(c)(1) and 47114(c)(2) for reimbursement for the cost of acquiring and installing in that tower air traffic control, communications, and related equipment that was acquired or installed after October 1, 1996; and

(ii) a public-use airport that is not a primary airport—

(I) from amounts made available under sections 47114(c)(2) and 47114(d) for the construction or improvement of a nonapproach control tower, as defined by the Secretary, and for the acquisition and installation of air traffic control, communications, and related equipment to be used in that tower;

(II) from amounts made available under sections 47114(c)(2) and 47114(d)(3)(A) for reimbursement for the cost of constructing or improving a nonapproach control tower, as defined by the Secretary, incurred after October 1, 1996, if the sponsor complied with the requirements of sections 47107(e), 47112(b), and 47112(c) in constructing or improving that tower; and

(III) from amounts made available under sections 47114(c)(2) and 47114(d)(3)(A) for reimbursement for the cost of acquiring and installing in that tower air traffic control, communications, and related equipment
that was acquired or installed after October 1, 1996.

(B) ELIGIBILITY.—An airport sponsor shall be eligible for a grant under this paragraph only if—

(i) the sponsor is a participant in the Federal Aviation Administration contract tower program established under subsection (a) and continued under paragraph (1) or the nonapproach control tower program established under paragraph (2);

(ii) the Federal Aviation Administration has consulted the State within the borders of which the tower is to be constructed and the State supports the construction of the tower as part of its State airport capital plan; and

(iii) the Secretary approves the selection of the tower for funding based on objective criteria.

(C) LIMITATION ON FEDERAL SHARE.—The Federal share of the cost of construction of a nonapproach control tower under this paragraph may not exceed $1,500,000.

In subsection (b)(1), the words “in effect” are omitted as surplus. The words “on December 30, 1987” are added for clarity.

AMENDMENTS

2003—Subsec. (a). Pub. L. 108–176, §105(1), added subsec. (a) and struck out heading and text of former subsec. (a). Text read as follows: “The Secretary of Transportation shall ensure that an agreement under this subchapter with a State or a political subdivision of the United States to allow the State or subdivision to operate an airport facility in the State or subdivision releases the United States Government from any liability arising out of, or related to, acts or omissions of employees of the State or subdivision in operating the airport facility.”

Subsec. (b)(2). Pub. L. 108–176, §105(2), added par. (2) and struck out former par. (2) which read as follows: “The Secretary may make a contract, on a sole source basis, with a State or a political subdivision of a State to allow the State or subdivision to operate an airport traffic control tower classified as a level I (Visual Flight Rules) tower if the Secretary decides that the State or subdivision has the capability to comply with the requirements of this paragraph. The contract shall require that the State or subdivision comply with applicable safety regulations in operating the facility and with applicable requirements in making a subcontract to perform work to carry out the contract.”

Subsec. (b)(3). Pub. L. 108–176, §105(3)(A), (B), struck out “PILOT” before “PROGRAM” in par. heading, before “program to contract” in subpar. (A), before “program, the Secretary” in subpars. (B) and (C), and before “program exceed” in subpar. (D).

Subsec. (b)(3)(A). Pub. L. 108–7, §370(b)(2)(A), substituted “nonapproach control towers, as defined by the Secretary,” for “Level I air traffic control towers, as defined by the Secretary,”.

Subsec. (b)(3)(E). Pub. L. 108–176, §105(3)(C), substituted “$6,500,000 for fiscal year 2004, $7,000,000 for fiscal year 2005, $7,500,000 for fiscal year 2006, and $8,000,000 for fiscal year 2007” for “$6,000,000 per fiscal year”.

Pub. L. 108–7, §370(b)(2)(B), substituted “Of” for “Subject to paragraph (4)(D) of.”

Subsec. (b)(4). Pub. L. 108–7, §370(b)(1), reenacted heading without change and amended text generally. Prior to amendment, par. authorized the Secretary to provide grants under this subchapter to not more than two airport sponsors for the construction of a low-level activity visual flight rule (level 1) air traffic control tower.

Subsec. (b)(4)(C). Pub. L. 108–176, §105(4), substituted “$1,500,000” for “$1,100,000.”

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

EFFECTIVE DATE OF 2000 AMENDMENT

SAVINGS PROVISION

Pub. L. 108–7, div. I, title III, §370(b)(3), Feb. 20, 2003, 117 Stat. 426, provided that: “Notwithstanding the amendments made by this section [amending this section and section 47112 of this title], the towers for which assistance is being provided on the day before the date of enactment of this Act [Feb. 20, 2003] under
section 47124(b)(4) of title 49, United States Code, as in effect on such day, may continue to be provided such assistance under the terms of such section.’’

NONAPPROACH CONTROL TOWERS

‘‘(1) IN GENERAL.—The Administrator of the Federal Aviation Administration may enter into a lease agreement or contract agreement with a private entity to provide for construction and operation of a nonapproach control tower as defined by the Secretary of Transportation.

‘‘(2) TERMS AND CONDITIONS.—An agreement entered into under this section—

‘‘(A) shall be negotiated under such procedures as the Administrator considers necessary to ensure the integrity of the selection process, the safety of air travel, and to protect the interests of the United States;

‘‘(B) may provide a lease option to the United States, to be exercised at the discretion of the Administrator, to occupy any general-purpose space in a facility covered by the agreement;

‘‘(C) shall not require, unless specifically determined otherwise by the Administrator, Federal ownership of a facility covered under the agreement after the expiration of the agreement;

‘‘(D) shall describe the consideration, duties, and responsibilities for which the United States and the private entity are responsible;

‘‘(E) shall provide that the United States will not be liable for any action, debt, or liability of any entity created by the agreement;

‘‘(F) shall provide that the private entity may not execute any instrument or document creating or evidencing any indebtedness with respect to a facility covered by the agreement unless such instrument or document specifically disclaims any liability of the United States under the instrument or document; and

‘‘(G) shall include such other terms and conditions as the Administrator considers appropriate.’’

USE OF APPORTIONMENTS TO PAY NON-FEDERAL SHARE OF OPERATION COSTS

‘‘(1) STUDY.—The Secretary of Transportation shall conduct a study of the feasibility, costs, and benefits of allowing the sponsor of an airport to use not to exceed 10 percent of amounts apportioned to the sponsor under section 47114 to pay the non-Federal share of the cost of operation of an air traffic control tower under section 47124(b) of title 49, United States Code.

‘‘(2) REPORT.—Not later than 1 year after the date of enactment of this Act [Feb. 20, 2003], the Secretary shall transmit to Congress a report on the results of the study.’’

CONTRACT TOWER ASSISTANCE

Pub. L. 103-305, title V, § 508, Aug. 23, 1994, 108 Stat. 1596, provided that: ‘‘The Secretary shall take appropriate action to assist communities where the Secretary deems such assistance appropriate in obtaining the installation of a Level I Contract Tower for those communities.’’

§ 47125. Conveyances of United States Government land

(a) CONVEYANCES TO PUBLIC AGENCIES.—Except as provided in subsection (b) of this section, the Secretary of Transportation shall request the head of the department, agency, or instrumentality of the United States Government owning or controlling land or airspace to convey a property interest in the land or airspace to the public agency sponsoring the project or owning or controlling the airport when necessary to carry out a project under this subchapter at a public airport, to operate a public airport, or for the future development of an airport under the national plan of integrated airport systems. The head of the department, agency, or instrumentality shall decide whether the requested conveyance is consistent with the needs of the department, agency, or instrumentality and shall notify the Secretary of that decision not later than 4 months after receiving the request. If the head of the department, agency, or instrumentality decides that the requested conveyance is consistent with its needs, the head of the department, agency, or instrumentality, with the approval of the Attorney General and without cost to the Government, shall make the conveyance. A conveyance may be made only on the condition that the property interest conveyed reverts to the Government, at the option of the Secretary, to the extent it is not developed for an airport purpose or used consistently with the conveyance. Before waiving a condition that property be used for an aeronautical purpose under the preceding sentence, the Secretary must provide notice to the public not less than 30 days before waiving such condition.

(b) NONAPPLICATION.—Except as specifically provided by law, subsection (a) of this section does not apply to land or airspace owned or controlled by the Government within—

(1) a national park, national monument, national recreation area, or similar area under the administration of the National Park Service;

(2) a unit of the National Wildlife Refuge System or similar area under the jurisdiction of the United States Fish and Wildlife Service; or

(3) a national forest or Indian reservation.

The words ‘‘not later than 4 months after receiving the request’’ are substituted for ‘‘Upon receipt of a request from the Secretary under this section’’ and ‘‘within a period of four months after receipt of the Secretary’s request’’ for clarity and to eliminate unnecessary words. The words ‘‘make the conveyance’’ are substituted for ‘‘perform any acts and to execute any instruments necessary to make the conveyance requested’’, and the words ‘‘that the property interest conveyed reverts to the Government’’ to the extent it is not’’ are substituted for ‘‘the property interest conveyed shall revert to the United States in the event that the lands in question are not’’ and ‘‘If only a part
of the property interest conveyed is not developed for airport purposes, or used in a manner consistent with the terms of the conveyance, only that particular part shall, at the option of the Secretary, revert to the United States"; to eliminate unnecessary words. The words “the terms of” are omitted as surplus.

AMENDMENTS

2000—Subsec. (a). Pub. L. 106–181 inserted at end “Before waiving a condition that property be used for an aeronautical purpose under the preceding sentence, the Secretary must provide notice to the public not less than 30 days before waiving such condition.”

Effective Date of 2000 Amendment

Construction of 2000 Amendment

Nothing in amendment by Pub. L. 106–181 to be construed to authorize Secretary of Transportation to issue waiver or make a modification referred to in such amendment, see section 125(e) of Pub. L. 106–181, set out as a note under section 47107 of this title.

§ 47126. Criminal penalties for false statements

A person (including an officer, agent, or employee of the United States Government or a public agency) shall be fined under title 18, imprisoned for not more than 5 years, or both, if the person, with intent to defraud the Government, knowingly makes—

(1) a false statement about the kind, quantity, quality, or cost of the material used or to be used, or the quantity, quality, or cost of work performed or to be performed, in connection with the submission of a plan, map, specification, contract, or estimate of project cost for a project included in a grant application submitted to the Secretary of Transportation for approval under this subchapter;

(2) a false statement or claim for work or material for a project included in a grant application approved by the Secretary under this subchapter; or

(3) a false statement in a report or certification required under this subchapter.

In this section, before clause (1), the words “association, firm, or corporation” are omitted because of 1:1. The words “fined under title 18” are substituted for “a fine of not to exceed $10,000” for consistency with title 18. In clauses (1)-(3), the words “false representation” are omitted as surplus. In clauses (1) and (2), the words “false report” are omitted as surplus. The words “included in a grant application” are added for clarity and consistency in this chapter. In clause (3), the words “to be made” are omitted as surplus.

§ 47127. Ground transportation demonstration projects

(a) General Authority.—To improve the airport and airway system of the United States consistent with regional airport system plans financed under section 13(b) of the Airport and Airway Development Act of 1970, the Secretary of Transportation may carry out ground transportation demonstration projects to improve ground access to air carrier airport terminals. The Secretary may carry out a demonstration project independently or by grant or contract, including an agreement with another department, agency, or instrumentality of the United States Government.

(b) Priority.—In carrying out this section, the Secretary shall give priority to a demonstration project that—

(1) affects an airport in an area with an operating regional rapid transit system with existing facilities reasonably near the airport;

(2) includes connection of the airport terminal to that system;

(3) is consistent with and supports a regional airport system plan adopted by the planning agency for the region and submitted to the Secretary; and

(4) improves access to air transportation for individuals residing or working in the region by encouraging the optimal balance of use of airports in the region.

Historical and Revision Notes

In subsection (a), the words “To improve” are substituted for “which he determines will assist the improvement of” to eliminate unnecessary words. In subsection (b)(2), the word “facilities” is omitted as surplus.

References in Text

Section 13(b) of the Airport and Airway Development Act of 1970, referred to in subsection (a), is section 13(b) of Pub. L. 91–238, which was classified to section 1713(b) of former Title 49, Transportation, prior to repeal by Pub. L. 97–248, title V, §523(a), Sept. 3, 1982, 96 Stat. 695.

§ 47128. State block grant program

(a) General Requirements.—The Secretary of Transportation shall prescribe regulations to carry out a State block grant program. The regulations shall provide that the Secretary may designate not more than 9 qualified States for each fiscal year thereafter to assume administrative responsibility for all airport grant amounts available under this subchapter, except for amounts designated for use at primary airports.

(b) Applications and Selection.—A State wishing to participate in the program must submit an application to the Secretary. The Secretary shall select a State on the basis of its application only after—

(1) deciding the State has an organization capable of effectively administering a block grant made under this section;

(2) deciding the State uses a satisfactory airport system planning process;

(3) deciding the State uses a programming process acceptable to the Secretary;
(4) finding that the State has agreed to comply with United States Government standard requirements for administering the block grant; and

(5) finding that the State has agreed to provide the Secretary with program information the Secretary requires.

(c) SAFETY AND SECURITY NEEDS AND NEEDS OF SYSTEM.—Before deciding whether a planning process is satisfactory or a programming process is acceptable under subsection (b)(2) or (b)(3) of this section, the Secretary shall ensure that the process provides for meeting critical safety and security needs and that the programming process ensures that the needs of the national airport system will be addressed in deciding which projects will receive money from the Government. In carrying out this subsection, the Secretary shall permit a State to use the priority system of the State if such system is not inconsistent with the national priority system.

§ 47129. Resolution of airport-air carrier disputes concerning airport fees

(a) AUTHORITY TO REQUEST SECRETARY’S DETERMINATION.—

(1) IN GENERAL.—The Secretary of Transportation shall issue a determination as to whether a fee imposed upon one or more air carriers (as defined in section 40102 of this title) by the owner or operator of an airport is reasonable if—

(A) a written request for such determination is filed with the Secretary by such owner or operator; or

(B) a written complaint requesting such determination is filed with the Secretary by such owner or operator within 60 days after such carrier receives written notice of the establishment or increase of such fee.

(2) TIME TO ISSUE DETERMINATION.—The Secretary shall issue a determination as to whether a fee is reasonable within 90 days after the filing of a request or complaint referred to in paragraph (1) of this subsection.
(2) **CALCULATION OF FEE.**—A fee subject to a
determination of reasonableness under this section may be calculated pursuant to either a
compensatory or residual fee methodology or any combination thereof.

(3) **SECRETARY NOT TO SET FEE.**—In determining
whether a fee is reasonable under this section, the Secretary may only determine whether
the fee is reasonable or unreasonable and shall not set the level of the fee.

(4) **FEES IMPOSED BY PRIVATELY-OWNED AIR-
PORTS.**—In evaluating the reasonableness of a
fee imposed by an airport receiving an exemption
under section 47134 of this title, the Secretary shall consider whether the airport has complied with section 47134(c)(4).

(b) **PROCEDURAL REGULATIONS.**—Not later than
90 days after August 23, 1994, the Secretary shall
publish in the Federal Register final regulations,
policy statements, or guidelines establishing—

1. the procedures for acting upon any writ-
ten request or complaint filed under sub-
section (a)(1); and

2. the standards or guidelines that shall be
used by the Secretary in determining under
this section whether an airport fee is reason-
able.

(c) **DECISIONS BY SECRETARY.**—The final regu-
lations, policy statements, or guidelines re-
quired in subsection (b) shall provide the follow-
ing:

1. Not more than 120 days after an air car-
rier files with the Secretary a written com-
plaint relating to an airport fee, the Secretary
shall issue a final order determining whether
such fee is reasonable.

2. Within 30 days after such complaint is
filed with the Secretary, the Secretary shall
dismiss the complaint if no significant dispute
exists or shall assign the matter to an admin-
istrative law judge; and thereafter the matter
shall be handled in accordance with part 302 of
title 14, Code of Federal Regulations, or as
modified by the Secretary to ensure an orderly
disposition of the matter within the 120-day
period and any specifically applicable provi-
sions of this section.

3. The administrative law judge shall issue
a recommended decision within 60 days after
the complaint is assigned or within such
shorter period as the Secretary may specify.

(4) If the Secretary, upon the expiration of
120 days after the filing of the complaint, has
not issued a final order, the decision of the ad-
mnistrative law judge; and thereafter the matter
shall be handled in accordance with part 302 of
title 14, Code of Federal Regulations, or as
modified by the Secretary to ensure an orderly
disposition of the matter within the 120-day
period and any specifically applicable provi-
sions of this section.

3. The administrative law judge shall issue
a recommended decision within 60 days after
the complaint is assigned or within such
shorter period as the Secretary may specify.

4. If the Secretary, upon the expiration of
120 days after the filing of the complaint, has
not issued a final order, the decision of the ad-
mnistrative law judge shall be deemed to be
the final order of the Secretary.

5. Any party to the dispute may seek review
of a final order of the Secretary under this
subsection in the Circuit Court of Appeals for
the District of Columbia Circuit or the court of
appeals in the circuit where the airport
which gives rise to the written complaint is
located.

(3) **SECRETARY NOT TO SET FEE.**—In determin-
ing whether a fee is reasonable under this subsection, if supported
by substantial evidence, shall be conclusive if
challenged in a court pursuant to this sub-
section. No objection to such a final order
shall be considered by the court unless objec-
tion was urged before an administrative law
judge or the Secretary at a proceeding under
this subsection or, if not so urged, unless there
were reasonable grounds for failure to do so.

(d) **PAYMENT UNDER PROTEST; GUARANTEE
OF AIR CARRIER ACCESS.**—

1. **PAYMENT UNDER PROTEST.**—

(a) **IN GENERAL.**—Any fee increase or
newly established fee which is the subject of
a complaint that is not dismissed by the
Secretary shall be paid by the complainant
air carrier to the airport under protest:

(b) **REFERAL OR CREDIT.**—Any amounts
paid under this subsection by a complainant
air carrier to the airport under protest shall
be subject to refund or credit to the air car-
rer in accordance with directions in the
final order of the Secretary within 30 days of
such order.

(c) **ASSURANCE OF TIMELY REPAYMENT.**—In
order to assure the timely repayment, with
interest, of amounts in dispute determined
not to be reasonable by the Secretary, the
airport shall obtain a letter of credit, or sur-
vey bond, or other suitable credit facility,
equal to the amount in dispute that is due
during the 120-day period established by this
section, plus interest, unless the airport and
the complainant air carrier agree otherwise.

(d) **DEADLINE.**—The letter of credit, or sur-
vey bond, or other suitable credit facility
shall be provided to the Secretary within 20
days of the filing of the complaint and shall
remain in effect for 30 days after the earlier of
120 days or the issuance of a timely final
order by the Secretary determining whether
such fee is reasonable.

(e) **GUARANTEE OF AIR CARRIER ACCESS.**—Con-
tingent upon an air carrier’s compliance with the
requirements of paragraph (1) and pending
the issuance of a final order by the Secretary
determining the reasonableness of a fee that is
the subject of a complaint filed under sub-
section (a)(1)(B), an owner or operator of an
airport may not deny an air carrier currently
providing air service at the airport reasonable
access to airport facilities or service, or other-
wise interfere with an air carrier’s prices,
routes, or services, as a means of enforcing the
fee.

(f) **APPLICABILITY.**—This section does not apply to—

1. a fee imposed pursuant to a written
agreement with air carriers using the facilities
of an airport;

2. a fee imposed pursuant to a financing
agreement or covenant entered into prior to
August 23, 1994; or

3. any other existing fee not in dispute as of

(g) **EFFECT ON EXISTING AGREEMENTS.**—Nothing
in this section shall adversely affect—

1. the rights of any party under any exist-
ing written agreement between an air carrier
and the owner or operator of an airport; or

2. the ability of an airport to meet its obli-
gations under a financing agreement, or cov-
enant, that is in force as of August 23, 1994.

(h) **DEFINITION.**—In this section, the term
“fee” means any rate, rental charge, landing
fee, or other service charge for the use of airport facilities.

HISTORICAL AND REVISION NOTES

Pub. L. 104–287, §5(85)(A)

This amends 49:47129(a)(1) to conform to the style of title 49.

Pub. L. 104–287, §5(85)(B) and (C)

These set out the date of enactment of 49:47129.

PRIOR PROVISIONS

A prior section 47129 was redesignated section 47131 of this title.

AMENDMENTS

Subsecs. (b), (e)(2). Pub. L. 104–287, §5(85)(B), substituted “August 23, 1994” for “the date of the enactment of this section”.

Subsec. (e)(3). Pub. L. 104–287, §5(85)(C), substituted “August 23, 1994” for “such date of enactment”.

Subsec. (f)(2). Pub. L. 104–287, §5(85)(B), substituted “August 23, 1994” for “the date of the enactment of this section”.

effective date of 1996 amendment

Except as otherwise specifically provided, amendment by Pub. L. 104–287 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

§ 47130. Airport safety data collection

Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration may award a contract, using sole source or limited source authority, for the collection of airport safety data. In the event that a grant is provided under this section, the United States Government’s share of the cost of the data collection shall be 100 percent.

AMENDMENTS

2003—Pub. L. 108–176 reenacted section catchline without change and amended text generally. Prior to amendment, text read as follows: “Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration may contract, using sole source or limited source authority, for the collection of airport safety data.”

effective date of 2003 amendment

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 106 of this title.

§ 47131. Annual report

(a) GENERAL RULE.—Not later than April 1 of each year, the Secretary of Transportation shall submit to Congress a report on activities carried out under this subchapter during the prior fiscal year. The report shall include—

(1) a detailed statement of airport development completed;

(2) the status of each project undertaken;

(3) the allocation of appropriations;

(4) an itemized statement of expenditures and receipts; and

(5) a detailed statement listing airports that the Secretary believes are not in compliance with grant assurances or other requirements with respect to airport lands and including the circumstances of such noncompliance, the timelines for corrective action, and the corrective action the Secretary intends to take to bring the airport sponsor into compliance.

(b) SPECIAL RULE FOR LISTING NONCOMPLIANT AIRPORTS.—The Secretary does not have to conduct an audit or make a final determination before including an airport on the list referred to in subsection (a)(5).

HISTORICAL AND REVISION NOTES

Record Section Source (U.S. Code) Source (Statutes at Large)

In this section, before clause (1), the words “on activities carried out” are substituted for “describing his operations” for clarity.

AMENDMENTS

2000—Pub. L. 106–181 designated existing provisions as subsec. (a), inserted heading, added par. (5) of subsec. (a), and added subsec. (b).

1994—Pub. L. 103–305 renumbered section 47129 of this title as this section.

effective date of 2000 amendment

Section, added Pub. L. 104–264, title I, §142(a), Oct. 9, 1996, 110 Stat. 3221, temporarily directed the Administrator of the Federal Aviation Administration to issue guidelines to carry out not more than 10 pavement maintenance pilot projects.

effective date of repeal

Repeal applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

§ 47133. Restriction on use of revenues

(a) PROHIBITION.—Local taxes on aviation fuel (except taxes in effect on December 30, 1987) or the revenues generated by an airport that is the subject of Federal assistance may not be expended for any purpose other than the capital or operating costs of—
§ 47134. Pilot program on private ownership of airports

(a) Submission of Applications.—If a sponsor intends to sell or lease a general aviation airport or lease any other type of airport for a long term to a person (other than a public agency), the sponsor and purchaser or lessee may apply to the Secretary of Transportation for exemptions under this section.

(b) Approval of Applications.—The Secretary may approve, with respect to not more than 3 airports, applications submitted under subsection (a) granting exemptions from the following provisions:

(1) Use of Revenues.—

(A) In General.—The Secretary may grant an exemption to a sponsor from the provisions of sections 47107(b) and 47133 of this title (and any other law, regulation, or grant assurance) to the extent necessary to permit the sponsor to recover from the sale or lease of the airport such amount as may be approved—

(i) in the case of a primary airport, by at least 65 percent of the scheduled air carriers serving the airport and by scheduled and nonscheduled air carriers whose aircraft landing at the airport during the preceding calendar year, had a total landed weight of aircraft during the preceding calendar year of at least 65 percent of the total landed weight of all aircraft landing at the airport during such year; or

(ii) in the case of a nonprimary airport, by the Secretary after the airport has consulted with at least 65 percent of the owners of aircraft based at that airport, as determined by the Secretary.

(B) Objection to Exemption.—An air carrier shall be deemed to have approved a sponsor’s application for an exemption under subparagraph (A) unless the air carrier has submitted an objection, in writing, to the sponsor within 60 days of the filing of the sponsor’s application with the Secretary, or within 60 days of the service of the application upon that air carrier, whichever is later.

(C) Landed Weight Defined.—In this paragraph, the term “landed weight” means the weight of aircraft transporting passengers or cargo, or both, in intrastate, interstate, and foreign air transportation, as the Secretary determines under regulations the Secretary prescribes.

(2) Repayment Requirements.—The Secretary may grant an exemption to a sponsor from the provisions of sections 47107 and 47152 of this title (and any other law, regulation, or grant assurance) to the extent necessary to waive any obligation of the sponsor to repay to the Federal Government any grants, or to return to the Federal Government any property, received by the airport under this title, the Airport and Airway Improvement Act of 1982, or any other law.

(3) Compensation from Airport Operations.—The Secretary may grant an exemption to a purchaser or lessee from the provisions of sections 47107(b) and 47133 of this title (and any other law, regulation, or grant assurance) to the extent necessary to permit the purchaser or lessee to earn compensation from the operations of the airport.

(c) Terms and Conditions.—The Secretary may approve an application under subsection (b) only if the Secretary finds that the sale or lease agreement includes provisions satisfactory to the Secretary to ensure the following:

(1) The airport will continue to be available for public use on reasonable terms and conditions and without unjust discrimination.

(2) The operation of the airport will not be interrupted in the event that the purchaser or lessee becomes insolvent or seeks or becomes subject to any State or Federal bankruptcy, reorganization, insolvency, liquidation, or dissolution proceeding or any petition or similar law seeking the dissolution or reorganization of the purchaser or lessee or the appointment of a receiver, trustee, custodian, or liquidator for the purchaser or lessee or a substantial part of the purchaser or lessee’s property, assets, or business.

(3) The purchaser or lessee will maintain, improve, and modernize the facilities of the airport through capital investments and will submit to the Secretary a plan for carrying out such maintenance, improvements, and modernization.

(4) Every fee of the airport imposed on an air carrier on the day before the date of the lease of the airport will not increase faster than the rate of inflation unless a higher amount is approved.
(A) by at least 65 percent of the air carriers serving the airport; and
(B) by air carriers whose aircraft landing at the airport during the preceding calendar year had a total landed weight during the preceding calendar year of at least 65 percent of the total landed weight of all aircraft landing at the airport during such year.

(5) The percentage increase in fees imposed on general aviation aircraft at the airport will not exceed the percentage increase in fees imposed on air carriers at the airport.

(6) Safety and security at the airport will be maintained at the highest possible levels.

(7) The adverse effects of noise from operations at the airport will be mitigated to the same extent as at a public airport.

(8) Any adverse effects on the environment from airport operations will be mitigated to the same extent as at a public airport.

(9) Any collective bargaining agreement that covers employees of the airport and is in effect on the date of the sale or lease of the airport will not be abrogated by the sale or lease.

(d) **PARTICIPATION OF CERTAIN AIRPORTS.**—

(1) **GENERAL AVIATION AIRPORTS.**—If the Secretary approves under subsection (b) applications with respect to 5 airports, one of the airports must be a general aviation airport.

(2) **LARGE HUB AIRPORTS.**—The Secretary may not approve under subsection (b) more than 1 application submitted by an airport that had 1 percent or more of the total passenger boardings (as defined in section 47102) in the United States in the preceding calendar year.

(e) **REQUIRED FINDING THAT APPROVAL WILL NOT RESULT IN UNFAIR METHODS OF COMPETITION.**—The Secretary may approve an application under subsection (b) only if the Secretary finds that the approval will not result in unfair and deceptive practices or unfair methods of competition.

(f) **INTERESTS OF GENERAL AVIATION USERS.**—In approving an application of an airport under this section, the Secretary shall ensure that the interests of general aviation users of the airport are not adversely affected.

(g) **PASSENGER FACILITY FEES; APPORTIONMENTS; SERVICE CHARGES.**—Notwithstanding that the sponsor of an airport receiving an exemption under subsection (b) is not a public agency, the sponsor shall not be prohibited from—

(1) imposing a passenger facility fee under section 40117 of this title;
(2) receiving apportionments under section 47114 of this title; or
(3) collecting reasonable rental charges, landing fees, and other service charges from aircraft operators under section 40116(e)(2) of this title.

(h) **EFFECTIVENESS OF EXEMPTIONS.**—An exemption granted under subsection (b) shall continue in effect only so long as the facilities sold or leased continue to be used for airport purposes.

(i) **REVOCATION OF EXEMPTIONS.**—The Secretary may revoke an exemption issued to a purs
§ 47135. Innovative financing techniques

(a) In General.—The Secretary of Transportation may approve, after the date of enactment of the Vision 100—Century of Aviation Reauthorization Act, applications for not more than 20 airport development projects for which grants received under this subchapter may be used for innovative financing techniques. Such projects shall be located at airports that each year have less than .25 percent of the total number of passenger boardings each year at all commercial service airports in the most recent calendar year for which data is available.

(b) Purpose.—The purpose of grants made under this section shall be to provide information on the benefits and difficulties of using innovative financing techniques for airport development projects.

(c) Limitations.—

(1) No guarantees.—In no case shall the implementation of an innovative financing technique under this section be used in a manner giving rise to a direct or indirect guarantee of any airport debt instrument by the United States Government.

(2) Types of techniques.—In this section, innovative financing techniques are limited to—

(A) payment of interest;

(B) commercial bond insurance and other credit enhancement associated with airport bonds for eligible airport development;

(C) flexible non-Federal matching requirements; and

(D) use of funds apportioned under section 47114 for the payment of principal and interest of terminal development for costs incurred before the date of the enactment of this section.

§ 47136. Inherently low-emission airport vehicle pilot program

(a) In General.—The Secretary of Transportation shall carry out a pilot program at not more than 10 public-use airports under which the sponsors of such airports may use funds made available under section 48103 for use at such airports to carry out inherently low-emission vehicle activities. Notwithstanding any other provision of this subchapter, inherently low-emission vehicle activities shall be eligible for assistance under this program only if the airport is located in an air quality nonattainment area (as defined in section 171(2) of the Clean Air Act (42 U.S.C. 7501(2))).

(b) Location in air quality nonattainment areas.—

(1) In General.—A public-use airport shall be eligible for participation in the pilot program only if the airport is located in an air quality nonattainment area (as defined in section 171(2) of the Clean Air Act (42 U.S.C. 7501(2))).

(2) Shortage of candidates.—If the Secretary receives an insufficient number of applications from public-use airports located in such areas, then the Secretary may consider applications from public-use airports that are not located in such areas.

(c) Selection criteria.—In selecting from among applicants for participation in the pilot program, the Secretary shall give priority consideration to applicants that will achieve the greatest air quality benefits measured by the amount of emissions reduced per dollar of funds expended under the pilot program.

(d) United States Government’s share.—Notwithstanding any other provision of this subchapter, the United States Government’s share of the costs of a project carried out under the pilot program shall be 50 percent.

(e) Maximum amount.—Not more than $2,000,000 may be expended under the pilot program at any single public-use airport.

(f) Technical assistance.—

(1) In General.—The sponsor of a public-use airport carrying out inherently low-emission vehicle activities under the pilot program may use not more than 10 percent of the amounts made available for expenditure at the airport in a fiscal year under the pilot program to receive technical assistance in carrying out such activities.

(2) Eligible consortium.—To the maximum extent practicable, participants in the pilot program shall use an eligible consortium (as defined in section 5506 of this title) in the region of the airport to receive technical assistance described in paragraph (1).

(g) Materials identifying best practices.—The Administrator may develop and make available materials identifying best practices for carrying out low-emission vehicle activities based on the projects carried out under the pilot program and other sources.

(h) Report to Congress.—Not later than 18 months after the date of the enactment of this section, the Administrator shall submit a report to Congress describing the results of the pilot program.

See References in text note below.
section, the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—

1. an evaluation of the effectiveness of the pilot program;
2. an identification of other public-use airports that expressed an interest in participating in the pilot program; and
3. a description of the mechanisms used by the Secretary to ensure that the information and know-how gained by participants in the pilot program is transferred among the participants and to other interested parties, including other public-use airports.

4. INHERENTLY LOW-EMISSION VEHICLE ACTIVITY DEFINED.—In this section, the term “inherently low-emission vehicle activity” means—

- the construction of infrastructure or modifications at public-use airports to enable the delivery of fuel and services necessary for the use of vehicles that are certified as inherently low-emission vehicles under title 40 of the Code of Federal Regulations and that—
  A. operate exclusively on compressed natural gas, liquefied natural gas, liquefied petroleum gas, electricity, hydrogen, or a blend at least 85 percent of which is methanol;
  B. are labeled in accordance with section 88.312–93(c) of such title; and
  C. are located or primarily used at public-use airports;
- the construction of infrastructure or modifications at public-use airports to enable the delivery of fuel and services necessary for the use of nonroad vehicles that—
  A. operate exclusively on compressed natural gas, liquefied natural gas, liquefied petroleum gas, electricity, hydrogen, or a blend at least 85 percent of which is methanol;
  B. meet or exceed the standards set forth in section 86.1708–99 of such title; and
  C. are located or primarily used at public-use airports;
- the payment of that portion of the cost of acquiring vehicles described in this subsection that exceeds the cost of acquiring other vehicles or engines that would be used for the same purpose; or
- the acquisition of technological capital equipment to enable the delivery of fuel and services necessary for the use of vehicles described in paragraph (1).

§ 47137. Airport security program
(a) GENERAL AUTHORITY.—To improve security at public airports in the United States, the Secretary of Transportation shall carry out not less than one project to test and evaluate innovative aviation security systems and related technology.

(b) PRIORITY.—In carrying out this section, the Secretary shall give the highest priority to a request from an eligible sponsor for a grant to undertake a project that—

1. evaluates and tests the benefits of innovative aviation security systems or related technology, including explosives detection systems, for the purpose of improving aviation and aircraft physical security, access control, and passenger and baggage screening; and
2. provides testing and evaluation of airport security systems and technology in an operational, testbed environment.

(c) MATCHING SHARE.—Notwithstanding section 47109, the United States Government’s share of allowable project costs for a project under this section shall be 100 percent.

(d) TERMS AND CONDITIONS.—The Secretary may establish such terms and conditions as the Secretary determines appropriate for carrying out a project under this section, including terms and conditions relating to the form and content of a proposal for a project, project assurances, and schedule of payments.

(e) ADMINISTRATION.—The Secretary, in cooperation with the Secretary of Homeland Security, shall administer the program authorized by this section.

(f) ELIGIBLE SPONSOR DEFINED.—In this section, the term “eligible sponsor” means a nonprofit corporation composed of a consortium of public and private persons, including a sponsor of a primary airport, with the necessary engineering and technical expertise to successfully conduct the testing and evaluation of aviation and aircraft related security systems.

(g) AUTHORIZATION OF APPROPRIATIONS.—Of the amounts made available to the Secretary under section 47115 in a fiscal year, the Secretary shall make available not less than $5,000,000 for the purpose of carrying out this section.

§ 47138. Pilot program for purchase of airport development rights

(a) **In General.**—The Secretary of Transportation shall establish a pilot program to support the purchase, by a State or political subdivision of a State, of development rights associated with, or directly affecting the use of, privately owned public use airports located in that State. Under the program, the Secretary may make a grant to a State or political subdivision of a State from funds apportioned under section 47114 for the purchase of such rights.

(b) **Grant Requirements.**—

(1) **In General.**—The Secretary may not make a grant under subsection (a) unless the grant is made—

(A) to enable the State or political subdivision to purchase development rights in order to ensure that the airport property will continue to be available for use as a public airport; and

(B) subject to a requirement that the State or political subdivision acquire an easement or other appropriate covenant requiring that the airport shall remain a public use airport in perpetuity.

(2) **Matching Requirement.**—The amount of a grant under the program may not exceed 90 percent of the costs of acquiring the development rights.

(c) **Grant Standards.**—The Secretary shall prescribe standards for grants under subsection (a), including—

(1) grant application and approval procedures; and

(2) requirements for the content of the instrument recording the purchase of the development rights.

(d) **Release of Purchased Rights and Covenant.**—Any development rights purchased under the program shall remain the property of the State or political subdivision unless the Secretary approves the transfer or disposal of the development rights after making a determination that the transfer or disposal of that right is in the public interest.

(e) **Limitation.**—The Secretary may not make a grant under the pilot program for the purchase of development rights at more than 10 airports.

**Effective Date**

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 47139. Emission credits for air quality projects

(a) **In General.**—The Administrator of the Environmental Protection Agency, in consultation with the Secretary of Transportation, shall issue guidance on how to ensure that airport sponsors receive appropriate emission reduction credits for carrying out projects described in sections 40117(a)(3)(G), 47102(3)(F), 47102(3)(K), and 47102(3)(L). Such guidance shall include, at a minimum, the following conditions:

1. The provision of credits is consistent with the Clean Air Act (42 U.S.C. 7402 et seq.).

2. Credits generated by the emissions reductions are kept by the airport sponsor and may only be used for purposes of any current or future general conformity determination under the Clean Air Act or as offsets under the Environmental Protection Agency’s new source review program for projects on the airport or associated with the airport.

3. Credits are calculated and provided to airports on a consistent basis nationwide.

4. Credits are provided to airport sponsors in a timely manner.

5. The establishment of a method to assure the Secretary that, for any specific airport project for which funding is being requested, the appropriate credits will be granted.

(b) **Assurance of Receipt of Credits.**—As a condition for making a grant for a project described in section 47102(3)(F), 47102(3)(K), 47102(3)(L), or 47140 or as a condition for granting approval to collect or use a passenger facility fee for a project described in section 40117(a)(3)(G), 47103(3)(F), 47102(3)(K), 47102(3)(L), or 47140, the Secretary must receive assurance from the State in which the project is located, or from the Administrator of the Environmental Protection Agency where there is a Federal implementation plan, that the airport sponsor will receive appropriate emission credits in accordance with the conditions of this section.

(c) **Previously Approved Projects.**—The Administrator of the Environmental Protection Agency, in consultation with the Secretary, shall determine how to provide appropriate emission credits to airport projects previously approved under section 47136 consistent with the guidance and conditions specified in subsection (a).

(d) **State Authority Under CAA.**—Nothing in this section shall be construed as overriding existing State law or regulation pursuant to sections 116 of the Clean Air Act (42 U.S.C. 7416).

**References in Text**

The Clean Air Act, referred to in subsec. (a)(1), (2), is act July 14, 1955, ch. 360, 69 Stat. 322, as amended, which is classified generally to chapter 85 (§7401 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 7401 of Title 42 and Tables.

**Effective Date**

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 47140. Airport ground support equipment emissions retrofit pilot program

(a) **In General.**—The Secretary of Transportation shall carry out a pilot program at not more than 10 commercial service airports under which the sponsors of such airports may use an
amount made available under section 48103 to retrofit existing eligible airport ground support equipment that burns conventional fuels to achieve lower emissions utilizing emission control technologies certified or verified by the Environmental Protection Agency.

(b) LOCATION IN AIR QUALITY NONATTAINMENT OR MAINTENANCE AREAS.—A commercial service airport shall be eligible for participation in the pilot program only if the airport is located in an air quality nonattainment area (as defined in section 171(2) of the Clean Air Act (42 U.S.C. 7501(2))) or a maintenance area referred to in section 175A of such Act (42 U.S.C. 7505a).

(c) SELECTION CRITERIA.—In selecting from among applicants for participation in the pilot program, the Secretary shall give priority consideration to applicants that will achieve the greatest air quality benefits measured by the amount of emissions reduced per dollar of funds expended under the pilot program.

(d) MAXIMUM AMOUNT.—Not more than $500,000 may be expended under the pilot program at any single commercial service airport.

(e) GUIDELINES.—The Secretary, in consultation with the Administrator of the Environmental Protection Agency, shall establish guidelines regarding the types of retrofit projects eligible under the pilot program by considering remaining equipment useful life, amounts of emission reduction in relation to the cost of projects, and other factors necessary to carry out this section. The Secretary may give priority to ground support equipment owned by the airport and used for airport purposes.

(f) ELIGIBLE EQUIPMENT DEFINED.—In this section, the term “eligible equipment” means ground service or maintenance equipment that is located at the airport, is used to support aeronautical and related activities at the airport, and will remain in operation at the airport for the life or useful life of the equipment, whichever is earlier.

§ 47141. Compatible land use planning and projects by State and local governments

(a) IN GENERAL.—The Secretary of Transportation may make grants, from amounts set aside under section 47117(e)(1)(A), to States and units of local government for development and implementation of land use compatibility plans and implementation of land use compatibility projects resulting from those plans for the purposes of making the use of land areas around large hub airports and medium hub airports compatible with aircraft operations. The Secretary may make a grant under this section for a land use compatibility plan or a project resulting from such plan only if—

(1) the airport operator has not submitted a noise compatibility program to the Secretary under section 47504 or has not updated such program within the preceding 10 years; and

(2) the land use plan or project meets the requirements of this section.

(b) ELIGIBILITY.—In order to receive a grant under this section, a State or unit of local government must—

(1) have the authority to plan and adopt land use control measures, including zoning, in the planning area in and around a large or medium hub airport;

(2) enter into an agreement with the airport owner or operator that the development of the land use compatibility plan will be done cooperatively; and

(3) provide written assurance to the Secretary that it will achieve, to the maximum extent possible, compatible land uses consistent with Federal land use compatibility criteria under section 47502(3) and that those compatible land uses will be maintained.

(c) ASSURANCES.—The Secretary shall require a State or unit of local government to which a grant may be made under this section for a land use plan or a project resulting from such plan to provide—

(1) assurances satisfactory to the Secretary that the plan—

(A) is reasonably consistent with the goal of reducing existing noncompatible land uses and preventing the introduction of additional noncompatible land uses;

(B) addresses ways to achieve and maintain compatible land uses, including zoning, building codes, and any other land use compatibility measures under section 47504(a)(2) that are within the authority of the State or unit of local government to implement;

(C) uses noise contours provided by the airport operator that are consistent with the airport operation and planning, including any noise abatement measures adopted by the airport operator as part of its own noise mitigation efforts;

(D) does not duplicate, and is not inconsistent with, the airport operator's noise compatibility measures for the same area; and

(E) has been approved jointly by the airport owner or operator and the State or unit of local government; and

(2) such other assurances as the Secretary determines to be necessary to carry out this section.

(d) GUIDELINES.—The Secretary shall establish guidelines to administer this section in accordance with the purposes and conditions described in this section. The Secretary may require a State or unit of local government to which a grant may be made under this section to provide progress reports and other information as the Secretary determines to be necessary to carry out this section.

(e) ELIGIBLE PROJECTS.—The Secretary may approve a grant under this section to a State or unit of local government for a project resulting from a land use compatibility plan only if the Secretary is satisfied that the project is consistent with the guidelines established by the Secretary under this section, the State or unit of local government has provided the assurances...
required by this section, the State or unit of local government has implemented (or has made provision to implement) those elements of the plan that are not eligible for Federal financial assistance, and that the project is not inconsistent with applicable Federal Aviation Administration standards.

(f) SUNSET.—This section shall not be in effect after March 31, 2011.

EFFECTIVE DATE OF 2010 AMENDMENT

EFFECTIVE DATE OF 2009 AMENDMENT

Amendment by Pub. L. 110–253 effective July 1, 2008, see section 3(d) of Pub. L. 110–253, set out as a note under section 9902 of Title 26, Internal Revenue Code.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

§ 47142. Design-build contracting

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration may approve the application of an airline sponsor under this section to authorize the airport sponsor to award a design-build contract using a selection process permitted under applicable State or local law if—

(1) the Administrator approves the application using criteria established by the Administrator;

(2) the design-build contract is in a form that is approved by the Administrator;

(3) the Administrator is satisfied that the contract will be executed pursuant to competitive procedures and contains a schematic design adequate for the Administrator to approve the grant;

(4) use of a design-build contract will be cost effective and expedite the project; and

(5) the Administrator is satisfied that there will be no conflict of interest; and

(6) the Administrator is satisfied that the selection process will be as open, fair, and objective as the competitive bid system and that at least 3 or more bids will be submitted for each project under the selection process.

(b) REIMBURSEMENT OF COSTS.—The Administrator may reimburse an airline sponsor for design and construction costs incurred before a grant is made pursuant to this section if the project is approved by the Administrator in advance and is carried out in accordance with all administrative and statutory requirements that would have been applicable under this chapter if the project were carried out after a grant agreement had been executed.

(c) DESIGN-BUILD CONTRACT DEFINED.—In this section, the term “design-build contract” means an agreement that provides for both design and construction of a project by a contractor.

EFFECTIVE DATE

Section applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

In subsection (a), before clause (1), the words “Notwithstanding any other provision of this Act” are omitted as surplus. The words “subject to sections 47152 and 47153 of this title” are substituted for “but subject to . . . real or personal” for consistency in the revised title and with other titles of the Code. The words “section” for “subsection” for clarity. The words “all of the United States”, to eliminate unnecessary words. The word “organization” is substituted for “institution” for consistency in the revised title.

The words “all of the right, title, and . . .” are omitted as surplus. In clause (1)(A), the words “essential, suitable, or” are omitted as surplus. In clause (1)(B), the words “of the grantee or” are omitted as surplus. In clause (2), the words “the Administrator of General Services” are substituted for “[War Assets] Administrator” in section 13(g)(1) of the Surplus Property Act of 1944 (ch. 479, 58 Stat. 765) because of section 105 of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 399), and Government agencies were all departments, agencies, and instrumentalities of the executive branch of the United States Government and wholly owned Government corporations. The word “give” is substituted for “convey or dispose of . . . without monetary consideration to the United States”, to eliminate unnecessary words.

The words “municipality” is omitted as being included in “political subdivision”. The words “of a State” are added for clarity and consistency in the revised title and with other titles of the United States Code. The word “organization” is substituted for “institution” for consistency in the revised title. The words “all of the right, title, and . . . of the United States . . . and . . . real or personal” are omitted as surplus. In clause (1)(A), the words “essential, suitable, or” are omitted as surplus. In clause (1)(B), the words “of the grantee or” are omitted as surplus. In clause (2), the words “the Administrator of General Services” are substituted for “[War Assets] Administrator” in section 13(g)(1) of the Surplus Property Act of 1944 (ch. 479, 58 Stat. 765) because of section 105 of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 381). The words “and decides the interest is not best suited for industrial use” are substituted for “exclusive of property the highest and best use of which is determined by the Administrator of General Services to be industrial and which shall be so classified for disposal without regard to the provisions of this subsection)” to eliminate unnecessary words.

Subsection (b) is substituted for 50 App.:1622b to eliminate unnecessary words.

In subsection (c), the text of 50 App.:1622(g)(5) is omitted as obsolete because 50 App.:1621, 1622(f), and 1627(e) were repealed by section 602(a)(1) of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 399). The words “An interest in surplus property that could be used at a public airport” are substituted for “All surplus property within the purview of this section” for clarity. The words “elsewhere in this Act or other applicable” are omitted as surplus. The word “law” is substituted for “Federal Statute” for consistency in the revised title and with other titles of the Code.

CONSTRUCTION OF 2000 AMENDMENT
Nothing in amendment by section 125(c) of Pub. L. 106–181 to be construed to authorize Secretary of Transportation to issue waiver or make a modification referred to in such amendment, see section 125(e) of Pub. L. 106–181, set out as a note under section 47107 of this title.

§ 47152. Terms of conveyances

Except as provided in section 47153 of this title, the following terms apply to a conveyance of an interest in surplus property under this subchapter:

(1) A State, political subdivision of a State, or tax-supported organization receiving the interest may use, lease, salvage, or dispose of the interest for other than airport purposes only after the Secretary of Transportation gives written consent that the interest can be used, leased, salvaged, or disposed of without materially and adversely affecting the development, improvement, operation, or maintenance of the airport at which the property is located.

(2) The interest shall be used and maintained for public use and benefit without unreasonable discrimination.

(3) A right may not be vested in a person, excluding others in the same class from using the airport at which the property is located—

(A) to conduct an aeronautical activity requiring the operation of aircraft; or

(B) to engage in selling or supplying aircraft, aircraft accessories, equipment, or supplies (except gasoline and oil), or aircraft services necessary to operate aircraft (including maintaining and repairing aircraft, aircraft engines, propellers, and appliances).

(4) The State, political subdivision, or tax-supported organization accepting the interest shall clear and protect the aerial approaches to the airport by mitigating existing, and preventing future, airport hazards.

(5) During a national emergency declared by the President or Congress, the United States Government is entitled to use, control, or possess, without charge, any part of the public airport at which the property is located. However, the Government shall—

(A) pay the entire cost of maintaining the part of the airport it exclusively uses, controls, or possesses during the emergency;

(B) contribute a reasonable share, consistent with the Government’s use, of the cost of maintaining the property it uses nonexclusively, or over which the Government has nonexclusive control or possession, during the emergency; and

(C) pay a fair rental for use, control, or possession of improvements to the airport made without Government assistance.

(6) The Government is entitled to the nonexclusive use, without charge, of the landing area of an airport at which the property is located. The Secretary may limit the use of the landing area if necessary to prevent unreasonable interference with use by other authorized aircraft. However, the Government shall—

(A) contribute a reasonable share, consistent with the Government’s use, of the cost of maintaining and operating the landing area; and

(B) pay for damages caused by its use of the landing area if its use of the landing area is substantial.

(7) The State, political subdivision, or tax-supported organization accepting the interest shall release the Government from all liability for damages arising under an agreement that provides for Government use of any part of an airport owned, controlled, or operated by the State, political subdivision, or tax-supported organization on which, adjacent to which, or in connection with which, the property is located.

(8) When a term under this section is not satisfied, any part of the interest in the property reverts to the Government, at the option of the Government, as the property then exists.

The word “waive” is substituted for “omit from the instrument of disposal” to eliminate unnecessary words and for consistency in this subchapter. The words “conditions, reservations, and restrictions” are omitted as surplus.

AMENDMENTS

Effective Date of 2000 Amendment

Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of...
§ 47171. Expedited, coordinated environmental review process

(a) AVIATION PROJECT REVIEW PROCESS.—The Secretary of Transportation shall develop and implement an expedited and coordinated environmental review process for airport capacity enhancement projects at congested airports, aviation safety projects, and aviation security projects that—

(1) provides for better coordination among the Federal, regional, State, and local agencies concerned with the preparation of environmental impact statements or environmental assessments under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.);

(2) provides that all environmental reviews, analyses, opinions, permits, licenses, and approvals that must be issued or made by a Federal agency or airport sponsor for such a project will be conducted concurrently, to the maximum extent practicable; and

(3) provides that any environmental review, analysis, opinion, permit, license, or approval that must be issued or made by a Federal agency or airport sponsor for such a project will be completed within a time period established by the Secretary, in cooperation with the agencies identified under subsection (d) with respect to the project.

(b) AVIATION PROJECTS SUBJECT TO A STREAMLINED ENVIRONMENTAL REVIEW PROCESS.—

(1) AIRPORT CAPACITY ENHANCEMENT PROJECTS AT CONGESTED AIRPORTS.—An airport capacity enhancement project at a congested airport shall be subject to the coordinated and expedited environmental review process requirements set forth in this section.

(2) AVIATION SAFETY AND AVIATION SECURITY PROJECTS.—

(A) IN GENERAL.—The Administrator of the Federal Aviation Administration may designate an aviation safety project or aviation security project for priority environmental review. The Administrator may not delegate this designation authority. A designated project shall be subject to the coordinated and expedited environmental review process requirements set forth in this section.

(B) PROJECT DESIGNATION CRITERIA.—The Administrator shall establish guidelines for the designation of an aviation safety project or aviation security project for priority environmental review. Such guidelines shall provide for consideration of—

(i) the importance or urgency of the project;

(ii) the potential for undertaking the environmental review under existing emergency procedures under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.);

(iii) the need for cooperation and concurrent reviews by other Federal or State agencies;

(iv) the prospect for undue delay if the project is not designated for priority review; and

(v) for aviation security projects, the views of the Department of Homeland Security.

(c) HIGH PRIORITY OF AND AGENCY PARTICIPATION IN COORDINATED REVIEWS.—

(1) HIGH PRIORITY FOR ENVIRONMENTAL REVIEWS.—Each Federal agency with jurisdiction over an environmental review, analysis, opinion, permit, license, or approval shall accord any such review, analysis, opinion, permit, license, or approval involving an airport capacity enhancement project at a congested airport or a project designated under subsection (b)(2) the highest possible priority and conduct the review, analysis, opinion, permit, license, or approval expeditiously.

(2) AGENCY PARTICIPATION.—Each Federal agency described in subsection (d) shall formulate and implement administrative, policy, and procedural mechanisms to enable the agency to participate in the coordinated environmental review process under this section and to ensure completion of environmental reviews, analyses, opinions, permits, licenses, and approvals described in subsection (a) in a timely and environmentally responsible manner.

(d) IDENTIFICATION OF JURISDICTIONAL AGENCIES.—With respect to each airport capacity enhancement project at a congested airport or a project designated under subsection (b)(2), the Secretary shall identify, as soon as practicable, all Federal and State agencies that may have jurisdiction over environmental-related matters that may be affected by the project or may be required by law to conduct an environmental-related review or analysis of the project or determine whether to issue an environmental-related permit, license, or approval for the project.

(e) STATE AUTHORITY.—Under a coordinated review process being implemented under this section by the Secretary with respect to a project at an airport within the boundaries of a State, the Governor of the State, consistent with State law, may choose to participate in such process and provide that all State agencies that have jurisdiction over environmental-related matters that may be affected by the project or may be required by law to conduct an environmental-related review or analysis of the project or determine whether to issue an environmental-related permit, license, or approval for the project, be subject to the process.

(f) MEMORANDUM OF UNDERSTANDING.—The coordinated review process developed under this section may be incorporated into a memorandum of understanding for a project between the Secretary and the heads of other Federal and State agencies identified under subsection (d)
with respect to the project and, if applicable, the airport sponsor. 

(g) USE OF INTERAGENCY ENVIRONMENTAL IMPACT STATEMENT TEAMS.—

(1) IN GENERAL.—The Secretary may utilize an interagency environmental impact statement team to expedite and coordinate the coordinated environmental review process for a project under this section. When utilizing an interagency environmental impact statement team, the Secretary shall invite Federal, State and Tribal agencies with jurisdiction by law, and may invite such agencies with special expertise, to participate on an interagency environmental impact statement team. 

(2) RESPONSIBILITY OF INTERAGENCY ENVIRONMENTAL IMPACT STATEMENT TEAM.—Under a coordinated environmental review process being implemented under this section, the interagency environmental impact statement team shall assist the Federal Aviation Administration in the preparation of the environmental impact statement. To facilitate timely and efficient environmental review, the team shall agree on agency or Tribal points of contact, protocols for communication among agencies, and deadlines for necessary actions by each individual agency (including the review of environmental analyses, the conduct of required consultation and coordination, and the issuance of environmental opinions, licenses, permits, and approvals). The members of the team may formalize their agreement in a written memorandum. 

(h) LEAD AGENCY RESPONSIBILITY.—The Federal Aviation Administration shall be the lead agency for projects designated under subsection (b)(2) and airport capacity enhancement projects at congested airports and shall be responsible for defining the scope and content of the environmental impact statement, consistent with regulations issued by the Council on Environmental Quality. Any other Federal agency or State agency that is participating in a coordinated review process under this section shall give substantial deference, to the extent consistent with applicable law and policy, to the aviation expertise of the Federal Aviation Administration. 

(i) EFFECT OF FAILURE TO MEET DEADLINE.—

(1) NOTIFICATION OF CONGRESS AND CEQ.—If the Secretary determines that a Federal agency, State agency, or airport sponsor that is participating in a coordinated review process under this section with respect to a project has not met a deadline established under subsection (a)(3) for the project, the Secretary shall notify, within 30 days of the date of such determination, the Committee on Commerce, Science, and Transportation of the Senate, the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Council on Environmental Quality explaining why the agency or sponsor did not meet the deadline and what actions it intends to take to complete or issue the required review, analysis, opinion, permit, license, or approval. 

(j) PURPOSE AND NEED.—For any environmental review, analysis, opinion, permit, license, or approval that must be issued or made by a Federal or State agency that is participating in a coordinated review process under this section and that requires an analysis of purpose and need for the project, the agency, notwithstanding any other provision of law, shall be bound by the project purpose and need as defined by the Secretary. 

(k) ALTERNATIVES ANALYSIS.—The Secretary shall determine the reasonable alternatives to an airport capacity enhancement project at a congested airport or a project designated under subsection (b)(2). Any other Federal agency, or State agency that is participating in a coordinated review process under this section with respect to the project shall consider only those alternatives to the project that the Secretary has determined are reasonable. 

(l) SOLICITATION AND CONSIDERATION OF COMMENTS.—In applying subsections (j) and (k), the Secretary shall solicit and consider comments from interested persons and governmental entities in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4371 et seq.). 

(m) MONITORING BY TASK FORCE.—The Transportation Infrastructure Streamlining Task Force, established by Executive Order 13274 (67 Fed. Reg. 59449; relating to environmental stewardship and transportation infrastructure project reviews), may monitor airport projects that are subject to the coordinated review process under this section.

Executive Order No. 13274, referred to in subsec. (m), is set out as a note under section 301 of this title.

EFFECTIVE DATE

Subchapter applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as an Effective Date of 2003 Amendment note under section 106 of this title.

FINDINGS

Pub. L. 108–176, title III, §302, Dec. 12, 2003, 117 Stat. 2533, provided that: ‘‘(1) airports play a major role in interstate and foreign commerce;‘‘(2) congestion and delays at our Nation’s major airports have a significant negative impact on our Nation’s economy; 1

1 So in original. Probably should be ‘‘§4211?''.
"(3) airport capacity enhancement projects at congested airports are a national priority and should be constructed on an expedited basis;

(4) airport capacity enhancement projects must include an environmental review process that provides local citizenry an opportunity for consideration of and appropriate action to address environmental concerns; and

(5) the Federal Aviation Administration, airport authorities, communities, and other Federal, State, and local government agencies must work together to develop a plan, set and honor milestones and deadlines, and work to protect the environment while sustaining the economic vitality that will result from the continued growth of aviation."

LIMITATIONS
Pub. L. 108–176, title III, §303, Dec. 12, 2003, 117 Stat. 2539, provided that: "Nothing in this subtitle [subtitle A (§§301–309) of title III of Pub. L. 108–176, enacting this subchapter and amending sections 40104, 47106, and 47504 of this title, and enacting provisions set out as notes under this section], including any amendment made by this title [enacting this subchapter and amending sections 40104, 47106, 47503, and 47504 of this title], shall preempt or interfere with "

(1) any practice of seeking public comment;

(2) any power, jurisdiction, or authority that a State agency or an airport sponsor has with respect to carrying out an airport capacity enhancement project; and

(3) any obligation to comply with the provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4371 (4221) et seq.) and the regulations issued by the Council on Environmental Quality to carry out such Act."

RELATIONSHIP TO OTHER REQUIREMENTS
Pub. L. 108–176, title III, §309, Dec. 12, 2003, 117 Stat. 2540, provided that: "The coordinated review process required under the amendments made by this subtitle [enacting this subchapter and amending sections 40104, 47106, and 47504 of this title] shall apply to an airport capacity enhancement project at a congested airport whether or not the project is designated by the Secretary of Transportation as a high-priority transportation infrastructure project under Executive Order 13274 (49 U.S.C. 301 note) (67 Fed. Reg. 59449; relating to environmental stewardship and transportation infrastructure project reviews)."

§47172. Air traffic procedures for airport capacity enhancement projects at congested airports

(a) In General.—The Administrator of the Federal Aviation Administration may consider prescribing flight procedures to avoid or minimize potentially significant adverse noise impacts of an airport capacity enhancement project at a congested airport that involves the construction of new runways or the reconfiguration of existing runways during the environmental planning process for the project. If the Administrator determines that noise mitigation flight procedures are consistent with safe and efficient use of the navigable airspace, the Administrator may, in a manner consistent with applicable Federal law, to prescribing such procedures in any record of decision approving the project.

(b) Modification.—Notwithstanding any commitment by the Administrator under subsection (a), the Administrator may initiate changes to such procedures if necessary to maintain safety and efficiency in light of new information or changed circumstances.

§47173. Airport funding of FAA staff

(a) Acceptance of Sponsor-Provided Funds.—Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration may accept funds from an airport sponsor, including funds provided to the sponsor under section 47114(c), to hire additional staff or obtain the services of consultants in order to facilitate the timely processing, review, and completion of environmental activities associated with an airport development project.

(b) Administrative Provision.—Instead of payment from an airport sponsor from funds apportioned to the sponsor under section 47114, the Administrator, with agreement of the sponsor, may transfer funds that would otherwise be apportioned to the sponsor under section 47114 to the account used by the Administrator for activities described in subsection (a).

(c) Receipts Credited as Offsetting Collections.—Notwithstanding section 3302 of title 31, any funds accepted under this section, except funds transferred pursuant to subsection (b)—

(1) shall be credited as offsetting collections to the account that finances the activities and services for which the funds are accepted;

(2) shall be available for expenditure only to pay the costs of activities and services for which the funds are accepted; and

(3) shall remain available until expended.

(d) Maintenance of Effort.—No funds may be accepted pursuant to subsection (a), or transferred pursuant to subsection (b), in any fiscal year in which the Federal Aviation Administration does not allocate at least the amount it expended in fiscal year 2002 (excluding amounts accepted pursuant to section 337 of the Department of Transportation and Related Agencies Appropriations Act, 2002 (115 Stat. 862)) for the activities described in subsection (a).

§47174. Authorization of appropriations

In addition to the amounts authorized to be appropriated under section 106(k), there is authorized to be appropriated to the Secretary of Transportation, out of the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502), $4,200,000 for fiscal year 2004 and for each fiscal year thereafter to facilitate the timely processing, review, and completion of environmental activities associated with airport capacity enhancement projects at congested airports.

§47175. Definitions

In this subchapter, the following definitions apply:
(1) AIRPORT SPONSOR.—The term “airport sponsor” has the meaning given the term “sponsor” under section 47102.

(2) CONGESTED AIRPORT.—The term “congested airport” means an airport that accounted for at least 1 percent of all delayed aircraft operations in the United States in the most recent year for which such data is available and an airport listed in table 1 of the Federal Aviation Administration’s Airport Capacity Benchmark Report 2001.

(3) AIRPORT CAPACITY ENHANCEMENT PROJECT.—The term “airport capacity enhancement project” means—

(A) a project for construction or extension of a runway, including any land acquisition, taxiway, or safety area associated with the runway or runway extension; and

(B) such other airport development projects as the Secretary may designate as facilitating a reduction in air traffic congestion and delays.

(4) AVIATION SAFETY PROJECT.—The term “aviation safety project” means an aviation project that—

(A) has as its primary purpose reducing the risk of injury to persons or damage to aircraft and property, as determined by the Administrator; and

(B)(i) is needed to respond to a recommendation from the National Transportation Safety Board, as determined by the Administrator; or

(ii) is necessary for an airport to comply with part 139 of title 14, Code of Federal Regulations (relating to airport certification).

(5) AVIATION SECURITY PROJECT.—The term “aviation security project” means a security project at an airport required by the Department of Homeland Security.

(6) FEDERAL AGENCY.—The term “Federal agency” means a department or agency of the United States Government.

(A) over which no government or a government of a foreign country has sovereignty;

(B) temporarily under military occupation by the United States Government; or

(C) occupied or administered by the Government or a government of a foreign country under an international agreement.

(4) “territory outside the continental United States” means territory outside the 48 contiguous States and the District of Columbia.

In this section, the words “the purposes of” and “The term” are omitted as surplus.

In clauses (1) and (2), the words “real or personal”, “directly or indirectly”, “administration”, and “(including parts and components thereof)” are omitted as surplus.

In clause (1), the words “including . . . (1) land; (2) runways, strips, taxiways, and parking aprons; (3) buildings, structures, improvements, and facilities, whether or not used in connection with the landing and take-off of aircraft; and (4) equipment . . . furniture, vehicles, and supplies” are omitted as being included in “an interest in property”.

In clause (2), the words “necessary or” are omitted as surplus.

In clause (3), before subclause (A), the words “of land or water” are omitted as surplus. In subclause (A), the words “no government or a government of a foreign country” are substituted for “no nation or a nation other than the United States” for consistency in the revised title and with other titles of the United States Code. The words “(including territory of undetermined sovereignty and the high seas)” are omitted as surplus.

In subclause (C), the words “government of a foreign country” are substituted for “other nation” for consistency in the revised title and with other titles of the Code.

Clause (4) is derived from the source provisions of the chapter and is included to avoid repeating the phrase “territory (including Alaska) outside the continental limits of the United States”.

§ 47302. Providing airport and airway property in foreign territories

(a) GENERAL AUTHORITY.—Subject to the concurrence of the Secretary of State and the consideration of objectives of the International Civil Aviation Organization—

(1) the Secretary of Transportation may acquire, establish, and construct airport property and airway property (except meteorological facilities) in foreign territory; and

(2) the Secretary of Commerce may acquire, establish, and construct meteorological facilities in foreign territory.

(b) SPECIFIC APPROPRIATIONS REQUIRED.—Except for airport property transferred under section 47304(b) of this title, an airport (as defined in section 40102(a) of this title) may be acquired, established, or constructed under subsection (a) of this section only if amounts have been appropriated specifically for the airport.
(c) **ACCEPTING FOREIGN PAYMENTS.**—The Secretary of Transportation or Commerce, as appropriate, may accept payment from a government of a foreign country or international organization for facilities or services sold or provided by the government or organization under this chapter. The amount received may be credited to the appropriation current when the expenditures are or were paid, the appropriation current when the amount is received, or both.

In this chapter, the words “government of a foreign country” are substituted for “foreign government” for consistency in the revised title and with other titles of the United States Code.

In this section, the title “Secretary of Commerce” is substituted for “Chief of the Weather Bureau” in section 4 of the International Aviation Facilities Act (ch. 473, 62 Stat. 451) because of sections 1 and 2 of Reorganization Plan No. 2 of 1965 (eff. July 13, 1965, 79 Stat. 1318).

In subsection (a), the words “by contract or otherwise” are omitted as surplus. The words “airport property and airway property (except meteorological facilities)” and “meteorological facilities” are substituted for “within their respective fields” for clarity.

In subsection (b), the words “for the airport” are substituted for “for such purpose” for clarity. The words “by the Congress” are omitted as surplus.

In subsection (c), the words “on behalf of the United States” are omitted as surplus. The words “sold or provided” are substituted for “supplied or . . . performed” for consistency in this chapter. The words “by the Secretary of Transportation or the Secretary of Commerce, either directly or indirectly” and “the authority of” are omitted as surplus. The words “or the Civil Aeronautics Act of 1938” are amended” as obsolete because the Act was repealed by section 1401(b) of the Federal Aviation Act of 1988 (Pub. Law 85–726, 72 Stat. 806). The words “including the operation of airport property and airway property in such countries, the training of foreign nationals, the rendering of technical assistance and advice to such countries, and the performance of other similar services” are omitted as being included in “facilities or services sold or provided”. The words “or both” are substituted for “or (C) in part as provided under clause (A) and in part as provided under clause (B)” to eliminate unnecessary words.

§ 47303. Training foreign citizens

Subject to the concurrence of the Secretary of State, the Secretary of Transportation or Commerce, as appropriate, may train a foreign citizen in a subject related to aeronautics and essential to the orderly and safe operation of civil aircraft. The training may be provided—

- (1) directly by the appropriate Secretary or jointly with another department, agency, or instrumentality of the United States Government;
- (2) through a public or private agency of the United States (including a State or municipal educational institution); or
- (3) through an international organization.

In this section, before clause (1), the title “Secretary of Commerce” is substituted for “Chief of the Weather Bureau” in section 4 of the International Aviation Facilities Act (ch. 473, 62 Stat. 451) because of sections 1 and 2 of Reorganization Plan No. 2 of 1965 (eff. July 13, 1965, 79 Stat. 1318). The words “within or outside the United States” are omitted as surplus. The word “citizen” is substituted for “nationals” as being more appropriate. In clause (1), the word “jointly” is substituted for “or in conjunction” to eliminate unnecessary words. The words “department, agency, or instrumentality of the United States Government” are substituted for “United States Government agency” for consistency in the revised title and with other titles of the United States Code.

§ 47304. Transfer of airport and airway property

(a) **GENERAL AUTHORITY.**—When requested by the government of a foreign country or an international organization, the Secretary of Transportation or Commerce, as appropriate, may transfer to the government or organization airport property and airway property operated and maintained under this chapter by the appropriate Secretary in foreign territory. The transfer shall be on terms the appropriate Secretary considers proper, including consideration agreed through negotiations with the government or organization.

(b) **PROPERTY INSTALLED OR CONTROLLED BY MILITARY.**—Subject to terms to which the parties agree, the Secretary of a military department may transfer without charge to the Secretary of Transportation airport property and airway property (except meteorological facilities), and to the Secretary of Commerce meteorological facilities, that the Secretary of the military department installed or controls in territory outside the continental United States. The transfer may be made if consistent with the needs of national defense and—

- (1) the Secretary of the military department finds that the property or facility is no longer required exclusively for military purposes; and
- (2) the Secretary of Transportation or Commerce, as appropriate, decides that the transfer is or may be necessary to carry out this chapter.

(c) **REPUBLIC OF PANAMA.**—(1) The Secretary of Transportation may provide, operate, and maintain facilities and services for air navigation, airway communications, and air traffic control in the Republic of Panama subject to—

- (A) the approval of the Secretary of Defense; and
- (B) each obligation assumed by the United States Government under an agreement be-
between the Government and the Republic of Panama.

(2) The Secretary of a military department may transfer without charge to the Secretary of Transportation property located in the Republic of Panama when the Secretary of Transportation decides that the transfer may be useful in carrying out this chapter.

(3) Subsection (b) of this section (related to the Secretary of Transportation) and section 47302(a) and (b) of this title do not apply in carrying out this subsection.

(d) RETAKING PROPERTY FOR MILITARY REQUIREMENT.—(1) When necessary for a military requirement, the Secretary of a military department immediately may retake property (with any improvements to it) transferred by the Secretary under subsection (b) or (c) of this section. The Secretary shall pay reasonable compensation to each person (or its successor in interest) that made an improvement to the property that was not made at the expense of the Government. The Secretary or a delegate of the Secretary shall decide on the amount of compensation.

(2) On the recommendation of the Secretary of Transportation or Commerce, as appropriate, the Secretary of a military department may decide not to act under paragraph (1) of this subsection.

In this section, the title “Secretary of Commerce” is substituted for “Chief of the Weather Bureau” in sections 6, 8, and 9 of the International Aviation Facilities Act (ch. 473, 62 Stat. 452) because of sections 1 and 2 of Reorganization Plan No. 2 of 1965 (eff. July 13, 1965, 79 Stat. 1318).

In subsection (a), the words “including consideration agreed on” are substituted for “including provision for receiving, on behalf of the United States, such payment or other consideration for the property so transferred as may be agreed upon” to eliminate unnecessary words.

In subsections (b) and (c), the words “Secretary of a military department” are substituted for “National Military Establishment” (subsequently changed to “Department of the Department of Defense” because of section 12(a) of the National Security Act Amendments of 1949 (ch. 412, 63 Stat. 591)) because of §102 and 1010.

In subsection (b), before clause (1), the words “if any, as may be . . . in specific cases,” “at its discretion,” and “therefor” are omitted as surplus. The word “except” is substituted for “exclusive of” for consistency in this chapter. The word “controls” is substituted for “in the possession of” for clarity. The word “considered” is omitted as surplus. In clause (2), the words “the purposes of” are omitted as surplus.

In subsection (c), reference to the Canal Zone is omitted because of the Panama Canal Treaty of 1977.

In subsection (c)(1), before clause (A), the words “and to do all things necessary in connection with the” are omitted as surplus. The word “airway” is added for consistency in this chapter. In clause (B), the words “treaty, convention, or” are omitted as surplus.

In subsection (c)(2), the words “in its discretion”, “therefor”, “airport property or airway property or other real or personal”, and “the purposes of” are omitted as surplus.

In subsection (d)(1), the words “as determined by the Secretary of the department which made the transfer” are omitted as surplus. The words “(with any improvements to it)” are substituted for “together with any improvements or additions made thereto” to eliminate unnecessary words. The words “or persons” are omitted because of 1:1.

In subsection (d)(2), the words “decide not to act” are substituted for “in any case . . . waive any right or privilege conferred or reserved” to eliminate unnecessary words.

§ 47305. Administrative

(a) GENERAL AUTHORITY.—The Secretary of Transportation shall consolidate, operate, protect, maintain, and improve airport property and airway property (except meteorological facilities), and the Secretary of Commerce may consolidate, operate, protect, maintain, and improve meteorological facilities, that the appropriate Secretary has acquired and that are located in territory outside the continental United States. In carrying out this section, the appropriate Secretary may—

(1) adapt the property or facility to the needs of civil aeronautics;
(2) lease the property or facility for not more than 20 years;
(3) make a contract, or provide directly, for facilities and services;
(4) make reasonable charges for aeronautical services; and
(5) acquire an interest in property.

(b) CREDITING APPROPRIATIONS.—Money received from the direct sale or charge that the Secretary of Transportation or Commerce, as appropriate, decides is equivalent to the cost of facilities and services sold or provided under subsection (a)(3) and (4) of this section is credited to the appropriation from which the cost was paid. The balance shall be deposited in the Treasury as miscellaneous receipts.

(c) USING OTHER GOVERNMENT FACILITIES AND SERVICES.—To carry out this chapter and to use personnel and facilities of the United States Government most advantageously and without unnecessary duplication, the Secretary of Transportation or Commerce, as appropriate, shall request, when practicable, to use a facility or service of an appropriate department, agency, or instrumentality of the Government on a reimbursable basis. A department, agency, or instrumentality receiving a request under this section may provide the facility or service.

(d) ADVERTISING NOT REQUIRED.—Section 6101(b) to (d) of title 41 does not apply to a lease or contract made by the Secretary of Transportation or Commerce under this chapter.

In this section, the title "Secretary of Commerce" is substituted for "Chief of the Weather Bureau" in section 19(b)(d), and for "Chief of the Weather Bureau" and "Weather Bureau" in section 12, of the International Aviation Facilities Act (ch. 473, 62 Stat. 454) because of sections 1 and 2 of Reorganization Plan No. 2 of 1965 (eff. July 13, 1965, 79 Stat. 1318).

In subsection (a), before clause (1), the words "do and perform, by contract or otherwise, all acts and things necessary or incident to" and "pursuant to this chapter or any other provision of law" are omitted as surplus.

In clause (1), the words "from time to time" and "by construction, installation, reengineering, relocation, or otherwise" are omitted as surplus. The text of 49 App.1159(a)(2) is omitted as surplus because of 49:322(a).

In clause (2), the words "under such conditions as he may deem proper" and "space or" are omitted as surplus. The words "for not more than 20 years" are substituted for "and for such periods as may be desirable (not to exceed twenty years)" to eliminate unnecessary words.

In subsection (b), the words "including handling charges" are omitted as surplus. The words "facilities and services sold or provided" are substituted for "of the fuel, oil, equipment, food and supplies, hotel accommodations, and other" and "necessary or desirable for the operation and administration of such properties" are omitted as surplus.

In subsection (c), the words "by purchase or otherwise, real or personal" and "which he may consider necessary for the purposes of this section" are omitted as surplus.

In subsection (d), the words "and to reimburse any such agency for" are substituted for "and to the end that personnel and facilities of the United States Government most advantageously and without unnecessary duplication" are substituted for "to the end that personnel and facilities of existing United States Government agencies shall be utilized to the fullest possible advantage and not be unnecessarily duplicated" to eliminate unnecessary words. The word "request" is substituted for "arrange for" for clarity.

The words "department, agency, or instrumentality of the Government" are substituted for "other United States Government agencies" for consistency in the revised title and with other titles of the Code. The words "on a reimbursable basis" are substituted for "and to reimburse any such agency for such service out of funds appropriated to the Department of Transportation or the Department of Commerce, as the case may be" to eliminate unnecessary words.

**AMENDMENTS**

2011—Subsec. (d). Pub. L. 111–350 substituted "Section 6001(b) to (d) of title 41" for "Section 3009 of the Revised Statutes (41 U.S.C. 5)".

ANNETTE ISLAND AIRPORT, ALASKA: RENEWAL OF LEASE

Act May 9, 1956, ch. 241, 70 Stat. 146, provided: "That the Congress of the United States hereby approves the extension, from year to year, until June 30, 1999, of a lease of certain land comprising part of Annette Island, Alaska, for use by the Civil Aeronautics Administration [now the Federal Aviation Administration] as an airport, entered into by the United States of America and the Council of the Annette Island Reserve on December 13, 1948, section 5 of which lease provides that no renewal thereof shall extend beyond June 30, 1959, unless approved by Congress."

§ 47306. Criminal penalty

A person that knowingly and willfully violates a regulation prescribed by the Secretary of Transportation to carry out this chapter shall be fined under title 18, imprisoned for not more than 6 months, or both.

$ 47501 Definitions

In this subchapter—

(1) “airport” means a public-use airport as defined in section 47102 of this title.

(2) “airport operator” means—

(A) for an airport serving air carriers that have certificates from the Secretary of Transportation, any person holding an airport operating certificate issued under section 4706 of this title; and

(B) for any other airport, the person operating the airport.

In this section, the words “the term” are omitted as surplus.

In clause (1), the text of 49 App.:2101(3) is omitted as surplus because the complete name of the Secretary of Transportation is used in the first time the term appears in a section.

In clause (2), the word “valid” is omitted as surplus.

AIRPORT NOISE STUDY

“(a) IN GENERAL.—The Secretary of Transportation shall enter into an agreement with the National Academy of Sciences to conduct a study on airport noise in the United States.

(b) CONTENTS OF STUDY.—In conducting the study, the National Academy of Sciences shall examine—

(1) the threshold of noise at which health begins to be affected;

(2) the effectiveness of noise abatement programs at airports located in the United States;

(3) the impacts of aircraft noise on communities, including schools; and

(4) the noise assessment practices of the Federal Aviation Administration and whether such practices fairly and accurately reflect the burden of noise on communities.

(c) REPORT.—Not later than 18 months after the date of the agreement entered into under subsection (a), the National Academy of Sciences shall transmit to the Secretary a report on the results of the study. Upon receipt of the report, the Secretary shall transmit a copy of the report to the appropriate committees of Congress.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated such sums as may be necessary to carry out this section.”

**§ 47503. Noise exposure maps**

(a) **Submission and Preparation.**—An airport operator may submit to the Secretary of Transportation a noise exposure map showing the noncompatible uses in each area of the map on the date the map is submitted, a description of estimated aircraft operations during a forecast period that is at least 5 years in the future and how those operations will affect the map. The map shall—

1. Be prepared in consultation with public agencies and planning authorities in the area surrounding the airport; and
2. Comply with regulations prescribed under section 47502 of this title.

(b) **Revised Maps.**—If, in an area surrounding an airport, a change in the operation of the airport will establish a substantial new noncompatible use, or would significantly reduce noise over existing noncompatible uses, that is not reflected in either the existing conditions map or forecast map currently on file with the Federal Aviation Administration, the airport operator shall submit a revised noise exposure map to the Secretary showing the new noncompatible use or noise reduction.

**Effective Date of 2003 Amendment**

Amendment by Pub. L. 108–176 applicable only to fiscal years beginning after Sept. 30, 2003, except as otherwise specifically provided, see section 3 of Pub. L. 108–176, set out as a note under section 186 of this title.

**Noise Disclosure**

“(a) **Noise Disclosure System Implementation Study.**—The Administrator of the Federal Aviation Administration shall conduct a study to determine the feasibility of developing a program under which prospective home buyers of property in the vicinity of an airport could be notified of information derived from noise exposure maps that may affect the use and enjoyment of the property. The study shall assess the scope, administration, usefulness, and burdensomeness of any such program, the costs and benefits of such a program, and whether participation in such a program should be voluntary or mandatory.

“(b) **Public Availability of Noise Exposure Maps.**—The Administrator shall make noise exposure and land use information from noise exposure maps available to the public via the Internet on its website in an appropriate format.

“(c) **Noise Exposure Map.**—In this section, the term ‘noise exposure map’ means a noise exposure map prepared under section 47503 of title 49, United States Code.”

**§ 47504. Noise compatibility programs**

(a) **Submissions.**—(1) An airport operator that submitted a noise exposure map and related information under section 47503(a) of this title may submit a noise compatibility program to the Secretary of Transportation after—

(A) consulting with public agencies and planning authorities in the area surrounding the airport, United States Government officials having local responsibility for the airport, and air carriers using the airport; and

(B) notice and an opportunity for a public hearing.

(2) A program submitted under paragraph (1) of this subsection shall state the measures the operator has taken or proposes to take to reduce existing noncompatible uses and prevent introducing additional noncompatible uses in the area covered by the map. The measures may include—

(A) establishing a preferential runway system;

(B) restricting the use of the airport by a type or class of aircraft because of the noise characteristics of the aircraft;

(C) constructing barriers and acoustical shielding and soundproofing public buildings;

(D) using flight procedures to control the operation of aircraft to reduce exposure of individuals to noise in the area surrounding the airport; and

(E) acquiring land, air rights, easements, development rights, and other interests to ensure that the property will be used in ways compatible with airport operations.

(b) **Approvals.**—(1) The Secretary shall approve or disapprove a program submitted under subsection (a) of this section (except as the program is related to flight procedures referred to in subsection (a)(2)(D) of this section) not later than 180 days after receiving it. The Secretary

**Amendments**

2003—Subsec. (a), Pub. L. 108–176, § 324(1), substituted "a forecast period that is at least 5 years in the future" for "1985," in introductory provisions. Subsec. (b), Pub. L. 108–176, § 324(2), added subsec. (b) and struck out heading and text of former subsec. (b). Text read as follows: "If a change in the operation of an airport will establish a substantial new noncompatible use in an area surrounding the airport, the airport operator shall submit a revised noise exposure map to the Secretary showing the new noncompatible use."
§ 47504

TITLE 49—TRANSPORTATION

Page 1106

shall approve the program (except as the program is related to flight procedures referred to in subsection (a)(2)(D)) if the program—

(A) does not place an unreasonable burden on interstate or foreign commerce;

(B) is reasonably consistent with achieving the goal of reducing noncompatible uses and preventing the introduction of additional noncompatible uses; and

(C) provides for necessary revisions because of a revised map submitted under section 47503(b) of this title.

(2) A program (except as the program is related to flight procedures referred to in subsection (a)(2)(D) of this section) is deemed to be approved if the Secretary does not act within the 180-day period.

(3) The Secretary shall submit any part of a program related to flight procedures referred to in subsection (a)(2)(D) of this section to the Administrator of the Federal Aviation Administration. The Administrator shall approve or disapprove that part of the program.

(4) The Secretary shall not approve in fiscal years 2004 through 2007 a program submitted under section 48103 of this title to carry out a project under a part of a noise compatibility program approved under subsection (b) of this section. A grant may be made to—

(A) an airport operator submitting the program; and

(B) a unit of local government in the area surrounding the airport, if the Secretary decides the unit is able to carry out the project.

(2) SOUNDPROOFING AND ACQUISITION OF CERTAIN RESIDENTIAL BUILDINGS AND PROPERTIES.—The Secretary may incur obligations to make grants from amounts made available under section 48103 of this title for projects to soundproof residential buildings pursuant to section 301(d)(4)(B) of the Airport and Airway Safety and Capacity Expansion Act of 1987;

(A) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to carry out a project at the airport if the project is included as a commitment in a record of decision of the Federal Aviation Administration for an airport capacity enhancement project (as defined in section 47175) even if that airport has not met the requirements of part 150 of title 14, Code of Federal Regulations.

(B) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to soundproof a building in the area surrounding the airport that is used primarily for educational or medical purposes and that the Secretary determines is adversely affected by airport noise; and

(C) to an airport operator and unit of local government referred to in paragraph (1)(A) or (1)(B) of this subsection to carry out a project that the Secretary determines is substantially consistent with reducing existing noncompatible uses and preventing the introduction of additional noncompatible uses and the purposes of this chapter will be furthered by promptly carrying out the project;

(3) The Secretary may agree to make a grant for a project at the airport.

(4) The Government’s share of a project for which a grant is made under this subsection is the greater of—

(A) 80 percent of the cost of the project; or

(B) the Government’s share that would apply if the amounts available for the project were made available under subchapter I of chapter 471 of this title.

(5) The provisions of subchapter I of chapter 471 of this title related to grants apply to a grant made under this chapter, except—

(A) section 47109(a) and (b) of this title; and

(B) any provision that the Secretary decides is inconsistent with, or unnecessary to carry out, this chapter.

(6) AIRCRAFT NOISE PRIMARILY CAUSED BY MILITARY AIRCRAFT.—The Secretary may make a grant under this subsection for a project even if the purpose of the project is to mitigate the effect of noise primarily caused by military aircraft at an airport.
(d) GOVERNMENT RELIEF FROM LIABILITY.—The Government is not liable for damages from aviation noise because of action taken under this section.

EFFECTIVE DATE OF 2000 AMENDMENT

§47505. Airport noise compatibility planning grants

(a) GENERAL AUTHORITY.—The Secretary of Transportation may make a grant to a sponsor of an airport to develop, for planning purposes, information necessary to prepare and submit—

(1) a noise exposure map and related information under section 47503 of this title, including the cost of obtaining the information; or

(2) a noise compatibility program under section 47504 of this title.

(b) AVAILABILITY OF AMOUNTS AND GOVERNMENT’S SHARE OF COSTS.—A grant under subsection (a) of this section may be made from amounts available under section 48103 of this title.
title. The United States Government’s share of the grant is the percent for which a project for airport development at an airport would be eligible under section 47109(a) and (b) of this title. 

In subsection (a), before clause (1), the words “incurred obligations to” are omitted as surplus.

§ 47506. Limitations on recovering damages for noise

(a) GENERAL LIMITATIONS.—A person acquiring an interest in property after February 18, 1980, in an area surrounding an airport for which a noise exposure map has been submitted under section 47503 of this title and having actual or constructive knowledge of the existence of the map may recover damages for noise attributable to the airport only if, in addition to any other elements for recovery of damages, the person shows—

(1) after acquiring the interest, there was a significant—

(A) change in the type or frequency of aircraft operations at the airport;

(B) change in the airport layout;

(C) change in flight patterns; or

(D) increase in nighttime operations; and

(2) the damages resulted from the change or increase.

(b) CONSTRUCTIVE KNOWLEDGE.—Constructive knowledge of the existence of a map under subsection (a) of this section shall be imputed, at a minimum, to a person if—

(1) before the person acquired the interest, notice of the existence of the map was published at least 3 times in a newspaper of general circulation in the county in which the property is located; or

(2) the person is given a copy of the map when acquiring the interest.

In subsection (a)(2), the words “for which recovery is sought have” are omitted as surplus.

§ 47507. Nonadmissibility of noise exposure map and related information as evidence

No part of a noise exposure map or related information described in section 47503 of this title that is submitted to, or prepared by, the Secretary of Transportation and no part of a list of land uses the Secretary identifies as normally compatible with various exposures of individuals to noise may be admitted into evidence or used for any other purpose in a civil action asking for relief for noise resulting from the operation of an airport. 

In this section, the word “providing” is substituted for “engaging in” for consistency in the revised title. In subsection (a), the words “acting through the Administrator” and “acting through the Administrator of the Federal Aviation Administration (14 CFR part 36)” are omitted for consistency. Section 6(c)(1) of the Department of Transportation Act (Public Law 89–570, 80 Stat. 938) transferred all duties and powers of the Federal Aviation Agency and the Administrator to the Secretary of Transportation. However, the Secretary was to carry out certain provisions through the Admin-
istrator. In addition, various laws enacted since then have vested duties and powers in the Administrator. All provisions of law the Secretary is required to carry out through the Administrator are included in 49 U.S.C. Before clause (1), the words “If, by January 1, 1980, the International Civil Aviation Organization (hereafter referred to as ‘ICAO’) does not reach an agreement’ and ‘commence a rulemaking to’ and 49 App. 222(a) (last sentence) are omitted as executed. In clause (1), the words “as such regulations were” are omitted as surplus. In clause (2), the words “on noise standards and” and “an international schedule” and “(annex 16)” are omitted as surplus. The words “of the Secretary for new subsonic aircraft in regulations of the Secretary at parts 36 and 91 of title 14” and “January 1, 1982” are substituted for “set forth in such regulations issued by the Secretary (14 CFR parts 36 and 91)” during the 5-year period thereafter” for clarity and consistency.

In subsection (b), the words “in effect” are omitted as surplus.

IMPLEMENTATION OF CHAPTER 4 NOISE STANDARDS

Pub. L. 108–176, title III, §325, Dec. 12, 2003, 117 Stat. 2542, provided that: “Not later than April 1, 2005, the Secretary of Transportation shall issue final regulations to implement Chapter 4 noise standards, consistent with the recommendations adopted by the International Civil Aviation Organization.”

STANDARDS FOR AIRCRAFT AND AIRCRAFT ENGINES TO REDUCE NOISE LEVELS

Pub. L. 106–181, title VII, §726, Apr. 5, 2000, 114 Stat. 167, provided that:

“(a) DEVELOPMENT OF NEW STANDARDS.—The Secretary of Transportation shall continue to work to develop new performance standards for aircraft and aircraft engines that will lead to a further reduction in aircraft noise levels.

“(b) GOALS TO BE CONSIDERED IN DEVELOPING NEW STANDARDS.—In negotiating standards under subsection (a), the Secretary shall give high priority to developing standards that—

“(1) are performance based and can be achieved by use of a full range of certifiable noise reduction technologies;

“(2) [ sic ] protect the useful economic value of existing Stage 3 aircraft in the United States fleet;

“(3) [ sic ] ensure that United States air carriers and aircraft engine and hushkit manufacturers are not competitively disadvantaged;

“(4) use dynamic economic modeling capable of determining impacts on all aircraft in service in the United States fleet; and

“(5) continue the use of a balanced approach to address aircraft environmental issues, taking into account aircraft technology, land use planning, economic feasibility, and airspace operational improvements.

“(c) ANNUAL REPORT.—Not later than July 1, 2000, and annually thereafter, the Secretary shall transmit to Congress a report regarding the application of new standards or technologies to reduce aircraft noise levels.”

AIRCRAFT NOISE RESEARCH PROGRAM

“(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall jointly conduct a research program to develop new technologies for quieter subsonic jet aircraft engines and airframes.

“(b) GOAL.—The goal of the research program established by subsection (a) is to develop by the year 2010 technologies for subsonic jet aircraft engines and airframes which would permit a subsonic jet aircraft to operate at reduced noise levels.

“(c) PARTICIPATION.—In carrying out the program established by subsection (a), the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall encourage the participation of representatives of the aviation industry and academia.

“(d) REPORT TO CONGRESS.—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall jointly submit to Congress, on an annual basis during the term of the program established by subsection (a), a report on the progress being made under the program toward meeting the goal described in subsection (b).”

§47509. Research program on quiet aircraft technology for propeller and rotor driven aircraft

(a) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall conduct a study to identify technologies for noise reduction of propeller driven aircraft and rotorcraft.

(b) GOAL.—The goal of the study conducted under subsection (a) is to determine the status of research and development now underway in the area of quiet technology for propeller driven aircraft and rotorcraft, including technology that is cost beneficial, and to determine whether a research program to supplement existing research activities is necessary.

(c) PARTICIPATION.—In conducting the study required under subsection (a), the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall encourage the participation of the Department of Defense, the Department of the Interior, the airmour industry, the aviation industry, academia and other appropriate groups.

(d) REPORT.—Not less than 280 days after August 23, 1994, the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration shall transmit to Congress a report on the results of the study required under subsection (a).

(e) RESEARCH AND DEVELOPMENT PROGRAM.—If the Administrator of the Federal Aviation Administration and the Administrator of the National Aeronautics and Space Administration determine that additional research and development is necessary and would substantially contribute to the development of quiet aircraft technology, then the agencies shall conduct an appropriate research program in consultation with the entities listed in subsection (c) to develop safe, effective, and economical noise reduction technology (including technology that can be applied to existing propeller driven aircraft and rotorcraft) that would result in aircraft that operate at substantially reduced levels of noise to reduce the impact of such aircraft and rotorcraft on the resources of national parks and other areas.

§ 47510 TRADEOFF ALLOWANCE  

AMENDMENTS  
1996—Subsec. (d), Pub. L. 104–297 substituted “August 23, 1994” for “the date of the enactment of this section”.

§ 47510. TRADEOFF ALLOWANCE  

Notwithstanding another law or a regulation prescribed or order issued under that law, the tradeoff provisions contained in appendix C of part 36 of title 14, Code of Federal Regulations, apply in deciding whether an aircraft complies with subpart I of part 91 of title 14.

§ 47522. Definitions  

In this subchapter—

(1) “air carrier”, “air transportation”, and “United States” have the same meanings given those terms in section 40102(a) of this title.

(2) “stage 3 noise levels” means the stage 3 noise levels in part 36 of title 14, Code of Federal Regulations, in effect on November 5, 1990.

(Pub. L. 103–272, § 1(e), July 5, 1994, 108 Stat. 1288.)

The definitions are made applicable to all of subchapter II, rather than only to those provisions based on 49 App.:2157 as in the source provisions, because the defined terms appear in several sections of subchapter II and it is assumed they are intended to have the same meaning in each of those sections.

§ 47523. NATIONAL AVIATION NOISE POLICY  

(a) GENERAL REQUIREMENTS.—Not later than July 1, 1991, the Secretary of Transportation shall establish by regulation a national aviation noise policy that considers this subchapter, including the phaseout and nonaddition of stage 2 aircraft as provided in this subchapter and dates for carrying out that policy and reporting requirements consistent with this subchapter and law existing as of November 5, 1990.

(b) DETAILED ECONOMIC ANALYSIS.—The policy shall be based on a detailed economic analysis of the impact of the phaseout date for stage 2 aircraft on competition in the airline industry, including—

(1) the ability of air carriers to achieve capacity growth consistent with the projected rate of growth for the airline industry;

(2) the impact of competition in the airline and air cargo industries;

(3) the impact on nonhub and small community air service; and

(4) the impact on new entry into the airline industry.

The text of 49 App.:2157(c) is omitted as executed.

In subsection (a), the words “hereinafter in this chapter referred to as the ‘Secretary’)” are omitted because of the restatement. The words “this subchapter” (the first time they appear) are substituted for “the findings, determinations, and provisions of this chapter” to eliminate unnecessary words.

Subsection (b) is tabulated for clarity.

§ 47524. AIRPORT NOISE AND ACCESS RESTRICTION REVIEW PROGRAM  

(a) GENERAL REQUIREMENTS.—The national aviation noise policy established under section 47523 of this title shall provide for establishing
by regulation a national program for reviewing airport noise and access restrictions on the operation of stage 2 and stage 3 aircraft. The program shall provide for adequate public notice and opportunity for comment on the restrictions.

(b) STAGE 2 AIRCRAFT.—Except as provided in subsection (d) of this section, an airport noise or access restriction may include a restriction on the operation of stage 2 aircraft proposed after October 1, 1990, only if the airport operator publishes the proposed restriction and prepares and makes available for public comment at least 180 days before the effective date of the proposed restriction—

(1) an analysis of the anticipated or actual costs and benefits of the existing or proposed restriction;
(2) a description of alternative restrictions;
(3) a description of the alternative measures considered that do not involve aircraft restrictions; and
(4) a comparison of the costs and benefits of the alternative measures to the costs and benefits of the proposed restriction.

(c) STAGE 3 AIRCRAFT.—(1) Except as provided in subsection (d) of this section, an airport noise or access restriction on the operation of stage 3 aircraft not in effect on October 1, 1990, may become effective only if the restriction has been approved by the Secretary after October 1, 1990, has formed a working group (outside the process established by part 150 of title 14, Code of Federal Regulations) with a local airport operator to examine the noise impact of air traffic control procedure changes at the airport. However, if an agreement on noise reductions at that airport is made between the airport proprietor and one or more air carriers or foreign air carriers that constitute a majority of the carrier use of the airport, this paragraph applies only to a local action to enforce the agreement.

(2) Not later than 180 days after the Secretary receives an airport or aircraft operator's request for approval of an airport noise or access agreement or restriction in effect on November 5, 1990, has formed a working group (outside the process established by part 150 of title 14, Code of Federal Regulations) with a local airport operator to examine the noise impact of air traffic control procedure changes at the airport. However, if an agreement on noise reductions at that airport is made between the airport proprietor and one or more air carriers or foreign air carriers that constitute a majority of the carrier use of the airport, this paragraph applies only to a local action to enforce the agreement.

(3) Restrictions to which this paragraph applies include—

(A) a restriction on noise levels generated on either a single event or cumulative basis;
(B) a restriction on the total number of stage 3 aircraft operations;
(C) a noise budget or noise allocation program that would include stage 3 aircraft;
(D) a restriction on hours of operations; and
(E) any other restriction on stage 3 aircraft.

(2) Not later than 180 days after the Secretary receives an airport or aircraft operator's request for approval of an airport noise or access agreement or restriction in effect on November 5, 1990, has formed a working group (outside the process established by part 150 of title 14, Code of Federal Regulations) with a local airport operator to examine the noise impact of air traffic control procedure changes at the airport. However, if an agreement on noise reductions at that airport is made between the airport proprietor and one or more air carriers or foreign air carriers that constitute a majority of the carrier use of the airport, this paragraph applies only to a local action to enforce the agreement.

(3) Restrictions to which this paragraph applies include—

(A) a restriction on noise levels generated on either a single event or cumulative basis;
(B) a restriction on the total number of stage 3 aircraft operations;
(C) a noise budget or noise allocation program that would include stage 3 aircraft;
(D) a restriction on hours of operations; and
(E) any other restriction on stage 3 aircraft.

(2) Not later than 180 days after the Secretary receives an airport or aircraft operator's request for approval of an airport noise or access agreement or restriction in effect on November 5, 1990, has formed a working group (outside the process established by part 150 of title 14, Code of Federal Regulations) with a local airport operator to examine the noise impact of air traffic control procedure changes at the airport. However, if an agreement on noise reductions at that airport is made between the airport proprietor and one or more air carriers or foreign air carriers that constitute a majority of the carrier use of the airport, this paragraph applies only to a local action to enforce the agreement.

(3) Restrictions to which this paragraph applies include—

(A) a restriction on noise levels generated on either a single event or cumulative basis;
(B) a restriction on the total number of stage 3 aircraft operations;
(C) a noise budget or noise allocation program that would include stage 3 aircraft;
(D) a restriction on hours of operations; and
(E) any other restriction on stage 3 aircraft.

2. Subsection has been made.

(d) NONAPPLICATION.—Subsections (b) and (c) of this section do not apply to—

(1) a local action to enforce a negotiated or executed airport noise or access agreement between the airport operator and the aircraft operators in effect on November 5, 1990;
(2) a local action to enforce a negotiated or executed airport noise or access restriction agreed to by the airport operator and the aircraft operators before November 5, 1990;
(3) an intergovernmental agreement including an airport noise or access restriction in effect on November 5, 1990;
(4) a subsequent amendment to an airport noise or access agreement or restriction in effect on November 5, 1990, that does not reduce or limit aircraft operations or affect aircraft safety;
(5) (A) an airport noise or access restriction adopted by an airport operator not later than October 1, 1990, and stayed as of October 1, 1990, by a court order or as a result of litigation, if any part of the restriction is subsequently allowed by a court to take effect; or
(B) a new restriction imposed by an airport operator to replace any part of a restriction described in subclause (A) of this clause that is disallowed by a court, if the new restriction would not prohibit aircraft operations in effect on November 5, 1990; or
(6) a local action that represents the adoption of the final part of a program of a staged airport noise or access restriction if the initial part of the program was adopted during 1988 and was in effect on November 5, 1990.

(e) GRANT LIMITATIONS.—Beginning on the 91st day after the Secretary prescribing a regulation under subsection (a) of this section, a sponsor of a facility operating under an airport noise or access restriction on the operation of stage 3 aircraft that first became effective after October 1, 1990, is eligible for a grant under section 47104 of this title and is eligible to impose a passenger
§ 47525. Decision about airport noise and access restrictions on certain stage 2 aircraft

The Secretary of Transportation shall conduct a study and decide on the application of section 47524(a)–(d) of this title to airport noise and access restrictions on the operation of stage 2 aircraft with a maximum weight of not more than 75,000 pounds. In making the decision, the Secretary shall consider—

1. noise levels produced by those aircraft relative to other aircraft;
2. the benefits to general aviation and the need for efficiency in the national air transportation system;
3. the differences in the nature of operations at airports and the areas immediately surrounding the airports;
4. international standards and agreements on aircraft noise; and
5. other factors the Secretary considers necessary.

§ 47526. Limitations for noncomplying airport noise and access restrictions

Unless the Secretary of Transportation is satisfied that an airport is not imposing an airport noise or access restriction not in compliance with this subchapter, the airport may not—

1. receive money under subchapter I of chapter 471 of this title; or
2. impose a passenger facility fee under section 40117 of this title.

§ 47527. Liability of the United States Government for noise damages

When a proposed airport noise or access restriction is disapproved under this subchapter, the United States Government shall assume liability for noise damages only to the extent that a taking has occurred as a direct result of the disapproval. The United States Court of Federal Claims has exclusive jurisdiction of a civil action under this section.

§ 47528. Prohibition on operating certain aircraft not complying with stage 3 noise levels

(a) PROHIBITION.—Except as provided in subsection (b) or (f) of this section and section 47530 of this title, a person may operate after December 31, 1999, a civil subsonic turbojet (for which an airworthiness certificate other than an
in the United States after December 31, 2003. By an air carrier or foreign air carrier to provide air transportation comply with the stage 3 noise levels, the carrier may apply for a waiver of subsection (a) of this section for the remaining aircraft used by the carrier to provide air transportation. The application must be filed with the Secretary not later than January 1, 1999, or, in the case of a foreign air carrier, the 15th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century and must include a plan with firm orders for making all aircraft used by the carrier to provide air transportation comply with the noise levels not later than December 31, 2003.

(2) The Secretary may grant a waiver under this subsection if the Secretary finds it would be in the public interest. In making the finding, the Secretary shall consider the effect of granting the waiver on competition in the air carrier industry and on small community air service.

(3) A waiver granted under this subsection may not permit the operation of stage 2 aircraft in the United States after December 31, 2003.

(4) An air carrier operating stage 2 aircraft under this subsection may transport stage 2 aircraft to or from the contiguous 48 States on a nonrevenue basis in order—

(A) to perform maintenance (including major alterations) or preventative maintenance on aircraft operated, or to be operated, by the carrier on that date.

(B) conduct operations within the limitations of paragraph (2)(B); or

(C) to perform maintenance on aircraft operated, or to be operated, by the carrier on that date.

(5) Prior to granting a waiver under this subsection, the Secretary shall establish by regulation a schedule for phased-in compliance with subsection (a) of this section. The schedule for phased-in compliance shall be based on—

(1) a detailed economic analysis of the impact of the phaseout date for stage 2 aircraft on competition in the airline industry, including—

(A) the ability of air carriers to achieve capacity growth consistent with the projected rate of growth for the airline industry;

(B) the impact of competition in the airline and air cargo industries;

(C) the impact on nonhub and small community air service; and

(D) the impact on new entry into the airline industry; and

(2) an analysis of the impact of aircraft noise on individuals residing near airports.

(6) ANNUAL REPORT.—Beginning with calendar year 1992—

(1) each air carrier shall submit to the Secretary an annual report on the progress the carrier is making toward complying with the requirements of this section and regulations prescribed under this section; and

(2) the Secretary shall submit to Congress an annual report on the progress being made toward that compliance.

(e) HAWAIIAN OPERATIONS.—(1) In this subsection, “turnaround service” means a flight between places only in Hawaii.

(2)(A) An air carrier or foreign air carrier may not operate in Hawaii, or between a place in Hawaii and a place outside the contiguous 48 States, on November 5, 1990, using stage 2 aircraft with a maximum weight of more than 75,000 pounds that were owned or leased by that carrier on that date.

(B) An air carrier that provided turnaround service in Hawaii on November 5, 1990, using stage 2 aircraft with a maximum weight of more than 75,000 pounds may include in the number of aircraft authorized under subparagraph (A) of this paragraph all stage 2 aircraft with a maximum weight of more than 75,000 pounds that were owned or leased by that carrier on that date, whether or not the aircraft were operated by the carrier on that date.

(3) An air carrier may provide turnaround service in Hawaii using stage 2 aircraft with a maximum weight of more than 75,000 pounds only if the carrier provided the service on November 5, 1990.

(4) An air carrier operating stage 2 aircraft under this subsection may transport stage 2 aircraft to or from the contiguous 48 States on a nonrevenue basis in order—

(A) to perform maintenance (including major alterations) or preventative maintenance on aircraft operated, or to be operated, within the limitations of paragraph (2)(B); or

(B) conduct operations within the limitations of paragraph (2)(B).

(f) AIRCRAFT MODIFICATION, DISPOSAL, SCHEDULED MAINTENANCE, OR LEASING.—

(1) In general.—The Secretary shall permit a person to operate after December 31, 1999, a stage 2 aircraft in nonrevenue service through the airspace of the United States or to or from an airport in the contiguous 48 States in order to—

(A) sell, lease, or use the aircraft outside the contiguous 48 States;

(B) scrap the aircraft;

(C) obtain modifications to the aircraft to meet stage 3 noise levels;

(D) perform scheduled heavy maintenance or significant modifications on the aircraft at a maintenance facility located in the contiguous 48 States;

(E) deliver the aircraft to an operator leasing the aircraft from the owner or return the aircraft to the lessee;

(F) prepare or park or store the aircraft in anticipation of any of the activities described in subparagraphs (A) through (E); or

(G) divert the aircraft to an alternative airport in the contiguous 48 States on account of weather, mechanical, fuel, air traffic control, or other safety reasons while conducting a flight in order to perform any of the activities described in subparagraphs (A) through (F).

(2) PROCEDURE TO BE PUBLISHED.—Not later than 30 days after the date of the enactment of this subsection, the Secretary shall establish and publish a procedure to implement paragraph (1) through the use of categorical waivers, ferry permits, or other means.

(g) STATUTORY CONSTRUCTION.—Nothing in this section may be construed as interfering with, nullifying, or otherwise affecting determina-
tions made by the Federal Aviation Administration, or to be made by the Administration with respect to applications under part 161 of title 14, Code of Federal Regulations, that were pending on November 1, 1999.

The date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, referred to in subsec. (b)(1), is the date of enactment of Pub. L. 106–181, which was approved Apr. 5, 2000.

The date of the enactment of this subsection, referred to in subsec. (f)(2), is the date of enactment of Pub. L. 106–181, which was approved Apr. 5, 2000.

**AMENDMENTS**

Subsec. (a). Pub. L. 106–181, §721(b)(1), (c)(1), substituted “subsection (b) or (f)” for “subsection (b)” and inserted “(for which an airworthiness certificate other than an experimental certificate has been issued by the Administrator)” after “civil subsonic turbojet”.

Subsec. (b)(1). Pub. L. 106–181, §721(d), in first sentence, inserted “or foreign air carrier” after “air carrier”, and, in last sentence, inserted “or, in the case of a foreign air carrier, the 15th day following the date of the enactment of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century” after “January 1, 1999,”.

Subsecs. (f), (g). Pub. L. 106–181, §721(b)(3), added subsecs. (f) and (g).

1999—Pub. L. 106–113, §1000(a)(5) [title II, §231(a)], which directed the amendment of section 47528 by substituting “subsection (b) or (f)” for “subsection (b)” in subsec. (a), adding a par. (4) to subsec. (e), and adding subsec. (f) at the end, without specifying the Code title to be amended, was repealed by Pub. L. 106–181, §721(a). See Construction of 2000 Amendment note below.

Subsec. (a). Pub. L. 106–113, §1000(a)(5) [title II, §231(b)(1)], which inserted “(for which an airworthiness certificate other than an experimental certificate has been issued by the Administrator)” after “civil subsonic turbojet”, was repealed by Pub. **Termination of Reporting Requirements**

For termination, effective May 15, 2000, of provisions in subsec. (d)(2) of this section relating to the requirement that the Secretary submit an annual report to Congress, see section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 7th item on page 132 of House Document No. 103–7.

§ 47529. Nonaddition rule

(a) General Limitations.—Except as provided in subsection (b) of this section and section 47530 of this title, a person may operate a civil subsonic turbojet aircraft with a maximum weight of more than 75,000 pounds that is imported into the United States after November 4, 1990, only if the aircraft—

(1) complies with the stage 3 noise levels; or

(2) was purchased by the person importing the aircraft into the United States under a legally binding contract made before November 5, 1990.

(b) Exemptions.—The Secretary of Transportation may provide an exemption from subsection (a) of this section to permit a person to obtain modifications to an aircraft to meet the stage 3 noise levels.

(c) Aircraft Deemed Not Imported.—In this section, an aircraft is deemed not to have been imported into the United States if the aircraft—

(1) was owned on November 5, 1990, by—

(A) a corporation, trust, or partnership organized under the laws of the United States or a State (including the District of Columbia);

(B) an individual who is a citizen of the United States; or

(C) an entity that is owned or controlled by a corporation, trust, partnership, or individual described in subclause (A) or (B) of this clause; and

(2) enters the United States not later than 6 months after the expiration of a lease agreement (including any extension) between an owner described in clause (1) of this subsection and a foreign carrier.

(Pub. L. 103–272, §1(e), July 5, 1994, 108 Stat. 1292.)
§ 47530. Nonapplication of sections 47528(a)-(d) and 47529 to aircraft outside the 48 contiguous States

Sections 47528(a)-(d) and 47529 of this title do not apply to aircraft used only to provide air transportation outside the 48 contiguous States. A civil subsonic turbojet aircraft with a maximum weight of more than 75,000 pounds that is imported into a noncontiguous State or a territory or possession of the United States after November 4, 1990, may be used to provide air transportation in the 48 contiguous States only if the aircraft complies with the stage 3 noise levels.

§ 47531. Penalties for violating sections 47528–47530

A person violating section 47528, 47529, or 47530 of this title or a regulation prescribed under any of those sections is subject to the same civil penalties and procedures under chapter 463 of this title as a person violating section 47524 of this title, this subchapter does not affect—

(1) law in effect on November 5, 1990, on airport noise or access restrictions by local authorities;

(2) any proposed airport noise or access restriction at a general aviation airport if the airport proprietor has formally initiated a regulatory or legislative process before October 2, 1990; or

(3) the authority of the Secretary of Transportation to seek and obtain legal remedies the Secretary considers appropriate, including injunctive relief.

§ 47533. Relationship to other laws

Except as provided by section 47524 of this title, this subchapter does not affect—

48101. Air navigation facilities and equipment

(a) General Authorization of Appropriations.—Not more than a total of the following amounts may be appropriated to the Secretary of Transportation out of the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to acquire, establish, and improve air navigation facilities under section 4502(a)(1)(A) of this title.

1. $3,138,000,000 for fiscal year 2004;
2. $2,993,000,000 for fiscal year 2005;
3. $3,053,000,000 for fiscal year 2006;
4. $3,110,000,000 for fiscal year 2007;
5. $2,742,095,000 for fiscal year 2008; and
6. $2,936,203,000 for fiscal year 2009.

(b) Availability of Amounts.—Amounts appropriated under this section remain available until expended.

(c) Enhanced Safety and Security for Aircraft Operations in the Gulf of Mexico.—Of amounts appropriated under subsection (a), such sums as may be necessary for fiscal years 2004 through 2007 may be used to expand and improve the safety, efficiency, and security of air traffic control, navigation, low altitude communications and surveillance, and weather services in the Gulf of Mexico.

(d) Operational Benefits of Wake Vortex Advisory System.—Of amounts appropriated under subsection (a), such sums as may be necessary for each of fiscal years 2004 through 2007 may be used for the development and analysis of wake vortex advisory systems.

(e) Ground-Based Precision Navigational Aids.—Of amounts appropriated under subsection (a), such sums as may be necessary for each of fiscal years 2004 to 2007 may be used to establish a program for the installation of a precision approach aid designed to improve aircraft accessibility at mountainous airports with limited land if the approach aid is able to provide curved and segmented approach guidance for noise abatement purposes and other such approach aids and is certified or approved by the Administrator.

(f) Automated Surface Observation System/Automated Weather Observation System Upgrade.—Of the amounts appropriated under subsection (a), such sums as may be necessary may be used for the implementation and use of upgrades to the current automated surface observation system/automated weather observing system if the upgrade is successfully demonstrated.

(g) Life-Cycle Cost Estimates.—The Administrator of the Federal Aviation Administration shall establish life-cycle cost estimates for any air traffic control modernization project the total life-cycle costs of which equal or exceed $50,000,000.

(h) Standby Power Efficiency Program.—Of amounts appropriated under subsection (a), such sums as may be necessary for each of fiscal years 2004 through 2007 may be used by the Secretary of Transportation, in cooperation with the Secretary of Energy and, where applicable, the Secretary of Defense, to establish a program to improve the efficiency, cost effectiveness, and environmental performance of standby power systems at Federal Aviation Administration sites, including the implementation of fuel cell technology.

(i) Pilot Program to Provide Incentives for Development of New Technologies.—Of amounts appropriated under subsection (a), $500,000 for fiscal year 2004 may be used for the conduct of a pilot program to provide operating incentives to users of the airspace for the deployment of new technologies, including technologies to facilitate expedited flight routing and sequencing of takeoffs and landings.

(Historical and Revision Notes)

In subsection (a), the words “to the Secretary of Transportation” are added for clarity and consistency in this chapter. The words “for fiscal years beginning after September 30, 1990” and “$2,500,000,000 for fiscal year 1991” are omitted as obsolete.

Amendments

2010—Subsec. (a)(6). Pub. L. 111–216 amended par. (6) generally. Prior to amendment, par. (6) read as follows: “$2,453,539,493 for the period beginning on October 1, 2009, and ending on August 1, 2010; and

§ 48101 | TITLE 49—TRANSPORTATION | Page 1116
§ 48102. Research and development

(a) AUTHORIZATION OF APPROPRIATIONS.—Not more than the following amounts may be appropriated to the Secretary of Transportation for conducting civil aviation research and development under sections 44504, 44505, 44507, 44509, and 44511–44513 of this title:

(1) for fiscal year 1995—
   (A) $7,673,000 for management and analysis projects and activities;
   (B) $80,901,000 for capacity and air traffic management technology projects and activities;
   (C) $39,242,000 for communications, navigation, and surveillance projects and activities;
   (D) $2,909,000 for weather projects and activities;
   (E) $8,660,000 for airport technology projects and activities;
   (F) $51,004,000 for aircraft safety technology projects and activities;
   (G) $36,604,000 for system security technology projects and activities;
   (H) $25,464,000 for human factors and aviation medicine projects and activities;
   (I) $8,124,000 for environment and energy projects and activities; and
   (J) $5,199,000 for innovative/cooperative research projects and activities;

(2) for fiscal year 1996—
   (A) $8,056,000 for management and analysis projects and activities;
   (B) $84,946,000 for capacity and air traffic management technology projects and activities;

(b) ANNUAL REPORT.—Beginning 180 days after the date of enactment of this Act (Dec. 12, 2003), the Administrator of the Federal Aviation Administration shall transmit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure every 6 months that describes—

(1) the 10 largest programs funded under section 48102(a) of title 49, United States Code;
(2) any changes in the budget for such programs;
(3) the program schedule; and
(4) technical risks associated with the programs.

(b) SUNSET PROVISION.—This section shall cease to be effective on the date that is 4 years after the date of enactment of this Act (Dec. 12, 2003).
(C) $41,204,000 for communications, navigation, and surveillance projects and activities;
(D) $3,054,000 for weather projects and activities;
(E) $9,093,000 for airport technology projects and activities;
(F) $53,554,000 for aircraft safety technology projects and activities;
(G) $38,434,000 for system security technology projects and activities;
(H) $27,986,000 for human factors and aviation medicine projects and activities;
(I) $8,532,000 for environment and energy projects and activities; and
(J) $5,459,000 for innovative/cooperative research projects and activities;

(3) for fiscal year 1997—
(A) $13,660,000 for system development and infrastructure projects and activities;
(B) $34,889,000 for capacity and air traffic management technology projects and activities;
(C) $19,000,000 for communications, navigation, and surveillance projects and activities;
(D) $13,000,000 for weather projects and activities;
(E) $5,200,000 for airport technology projects and activities;
(F) $36,504,000 for aircraft safety technology projects and activities;
(G) $57,055,000 for system security technology projects and activities;
(H) $23,504,000 for human factors and aviation medicine projects and activities;
(I) $3,600,000 for environment and energy projects and activities; and
(J) $2,000,000 for innovative/cooperative research projects and activities;

(4) for fiscal year 1998, $226,800,000, including—
(A) $16,379,000 for system development and infrastructure projects and activities;
(B) $27,089,000 for capacity and air traffic management technology projects and activities;
(C) $23,362,000 for communications, navigation, and surveillance projects and activities;
(D) $16,600,000 for weather projects and activities;
(E) $7,854,000 for airport technology projects and activities;
(F) $49,202,000 for aircraft safety technology projects and activities;
(G) $53,759,000 for system security technology projects and activities;
(H) $25,550,000 for human factors and aviation medicine projects and activities;
(I) $2,891,000 for environment and energy projects and activities; and
(J) $3,114,000 for innovative/cooperative research projects and activities, of which
$750,000 shall be for carrying out the grant program established under subsection (h);

(5) for fiscal year 1999, $229,673,000;

(6) for fiscal year 2000, $224,000,000, including—
(A) $17,269,000 for system development and infrastructure projects and activities;
mandations of the research advisory committee established by section 44508 of this title in establishing priorities among major categories of research and development activities carried out by the Federal Aviation Administration.

(2) At least 15 percent of the amount appropriated under subsection (a) of this section shall be for long-term research projects.

(3) At least 3 percent of the amount appropriated under subsection (a) of this section shall be available to the Administrator of the Federal Aviation Administration to make grants under section 44511 of this title.

(c) **Transfers Between Categories.**—(1) Not more than 10 percent of the net amount authorized for a category of projects and activities in a fiscal year under subsection (a) of this section may be transferred to or from that category in that fiscal year.

(2) The Secretary may transfer more than 10 percent of an authorized amount to or from a category only after—

(A) submitting a written explanation of the proposed transfer to the Committees on Science and Appropriations of the House of Representatives and the Committees on Commerce, Science, and Transportation and Appropriations of the Senate; and

(B) 30 days have passed after the explanation is submitted or each Committee notifies the Secretary in writing that it does not object to the proposed transfer.

(d) **Airport Capacity Research and Development.**—(1) Of the amounts made available under subsection (a) of this section, at least $25,000,000 may be appropriated each fiscal year for research and development under section 44505(a) and (c) of this title on preserving and enhancing airport capacity, including research and development on improvements to airport design standards, maintenance, safety, operations, and environmental concerns.

(2) The Administrator shall submit to the Committees on Science and Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on expenditures made under paragraph (1) of this subsection for each fiscal year. The report shall be submitted not later than 60 days after the end of the fiscal year.

(e) **Air Traffic Controller Performance Research.**—Necessary amounts may be appropriated to the Secretary out of amounts in the Fund available for research and development to conduct research under section 44506(a) and (b) of this title.

(f) **Availability of Amounts.**—Amounts appropriated under subsection (a) of this section remain available until expended.

**Research Grants Program Involving Undergraduate Students.**—

(1) **Establishment.**—The Administrator of the Federal Aviation Administration shall establish a program to utilize undergraduate and technical colleges, including Historically Black Colleges and Universities and Hispanic Serving Institutions, in research on subjects
of relevance to the Federal Aviation Administration. Grants may be awarded under this subsection for—

(A) research projects to be carried out at primarily undergraduate institutions and technical colleges;

(B) research projects that combine research at primarily undergraduate institutions and technical colleges with other research supported by the Federal Aviation Administration;

(C) research on future training requirements on projected changes in regulatory requirements for aircraft maintenance and power plant licensees; or

(D) research on the impact of new technologies and procedures, particularly those related to aircraft flight deck and air traffic management functions, on training requirements for pilots and air traffic controllers.

(2) NOTICE OF CRITERIA.—Within 6 months after the date of the enactment of the FAA Research, Engineering, and Development Authorization Act of 1998, the Administrator of the Federal Aviation Administration shall establish and publish in the Federal Register criteria for the submittal of proposals for a grant under this subsection, and for the awarding of such grants.

(3) PRINCIPAL CRITERIA.—The principal criteria for the awarding of grants under this subsection shall be—

(A) the relevance of the proposed research to technical research needs identified by the Federal Aviation Administration;

(B) the scientific and technical merit of the proposed research; and

(C) the potential for participation by undergraduate students in the proposed research.

(4) COMPETITIVE, MERT-BASED EVALUATION.—Grants shall be awarded under this subsection on the basis of evaluation of proposals through a competitive, merit-based process.

In subsections (a) and (b), as to applicability of section 305(b) of the Airport and Airway Safety, Capacity, Noise Improvement, and Intermodal Transportation Act of 1992 (Pub. L. 102–581, 106 Stat. 4896), see section 6(b) of the bill.

In subsection (a)(1), the word "solely" is omitted as surplus. Before clause (1), the words "to the Secretary of Transportation" are added for clarity and consistency in this chapter.

In subsection (d)(1), the words "Notwithstanding any other provision of this subsection" and "in each of fiscal years 1988, 1989, 1990, and 1992" are omitted as surplus.

In subsection (d)(2), the reference to fiscal years 1988–1992 and the words "by the Administrator for research and development" are omitted as surplus.

(H) $31,000,000 only for human factors and aviation medicine projects and activities.

(I) $4,500,000 for environment and energy projects and activities.

(J) $5,200,000 for innovative and cooperative research projects and activities.

(2) for the fiscal year ending September 30, 1994, $207,000,000.”

CHANGE OF NAME

Committee on Science of House of Representatives changed to Committee on Science and Technology of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007.

§ 48103. Airport planning and development and noise compatibility planning and programs

The total amounts which shall be available after September 30, 2003, to the Secretary of Transportation out of the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to make grants for airport planning and airport development under section 47104 of this title, airport noise compatibility planning under section 47505(a)(2) of this title, and carrying out noise compatibility programs under section 47504(c) of this title shall be—

(1) $3,400,000,000 for fiscal year 2004;

(2) $3,500,000,000 for fiscal year 2005;

(3) $3,600,000,000 for fiscal year 2006;

(4) $3,700,000,000 for fiscal year 2007;

(5) $3,675,000,000 for fiscal year 2008;

(6) $3,900,000,000 for fiscal year 2009;

(7) $3,515,000,000 for fiscal year 2010; and

(8) $1,650,000,000 for the 6-month period beginning on October 1, 2010.

Such sums shall remain available until expended.

1 So in original. Two parts. (8) have been enacted.
In this section, references to the aggregate amounts for fiscal years ending before October 1, 1997–1992, are omitted as obsolete. The words ‘‘of which $475,000,000 shall be credited to the supplementary discretionary fund established by section 2206(a)(3)(B)’’ are omitted as executed. In restating section 505(a) (2d sentence) of the Airport and Airway Improvement Act of 1982 (Public Law 97–248, 96 Stat. 676), the cross-reference to the discretionary fund was retained but is incorrect because of the restatement of section 507 of the Airport and Airway Improvement Act of 1982 (Public Law 97–424, 96 Stat. 2167). See section 47115 of the revised title.

**AMENDMENTS**

Par. (7). Pub. L. 111–329, §4(a)(1)(B), which directed substitution of ‘‘; and’’ for the period at the end, could not be executed because no period appeared subsequent to amendment by Pub. L. 111–249.

Pub. L. 111–249, §4(a)(1)(B), substituted ‘‘; and’’ for the period at the end.

Pub. L. 111–197 amended par. (7) generally. Prior to amendment, par. (7) read as follows: ‘‘$3,024,657,534 for the period beginning on October 1, 2009, and ending on July 3, 2010. ’’

Pub. L. 111–161 amended par. (7) generally. Prior to amendment, par. (7) read as follows: ‘‘$2,333,333,333 for the 5-month period beginning on October 1, 2009. ’’

Pub. L. 111–153 amended par. (7) generally. Prior to amendment, par. (7) read as follows: ‘‘$2,000,000,000 for the 6-month period beginning on October 1, 2009. ’’

In the section, references to the aggregate amounts for fiscal years ending before October 1, 1997–1992, are omitted as obsolete. The words ‘‘of which $475,000,000 shall be credited to the supplementary discretionary fund established by section 2206(a)(3)(B)’’ are omitted as executed. NOTICE OF GRANTS
Pub. L. 106–181, title I, §159, Apr. 5, 2000, 114 Stat. 70, provided that:

"(a) TIMELY ANNOUNCEMENT.—The Secretary of Transportation shall announce a grant to be made with funds made available under section 48103 of title 49, United States Code, in a timely fashion after receiving necessary documentation concerning the grant from the Administrator [of the Federal Aviation Administration]."

"(b) NOTICE TO COMMITTEES.—If the Secretary provides any committee of Congress advance notice of a grant to be made with funds made available under section 48103 of title 49, United States Code, the Secretary shall provide, on the same date, such notice to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate."

§ 48104. Operations and maintenance

(a) AUTHORIZATION OF APPROPRIATIONS.—The balance of the money available in the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) may be appropriated to the Secretary of Transportation out of the Fund for:

(1) direct costs the Secretary incurs to fly check, operate, and maintain air navigation facilities referred to in section 4502(a)(1)(A) of this title safely and efficiently; and

(2) the costs of services provided under international agreements related to the joint financing of air navigation services assessed against the United States Government.

In subsection (b), the text of 49 App.:2205(c)(2) and (3) and the reference to fiscal years 1991 and 1992 in 49 App.:2205(c)(4) are omitted as obsolete.

Pub. L. 104–287

This makes a clarifying amendment to the catchline for 49:48104(b).

AMENDMENTS

Subsecs. (b), (c). Pub. L. 106–181, §106(d)(2), struck out heading and text of subsecs. (b) and (c), which set out funding limitations for fiscal years 1993 and fiscal years 1994 to 1998, respectively.

Subsect. (b). Pub. L. 104–264 substituted "Year" for "Years" in heading.

Subsect. (c)(2)(A). Pub. L. 104–264, §103(b)(3), substituted "72.5 percent" for "70 percent".

Effective Date of 2000 Amendment

Effective Date of 1996 Amendment

Except as otherwise specifically provided, amendment by Pub. L. 104–264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104–264, set out as a note under section 106 of this title.

§ 48105. Weather reporting services

To reimburse the Secretary of Commerce for the cost incurred by the National Oceanic and Atmospheric Administration of providing weather reporting services to the Federal Aviation Administration, the Secretary of Transportation may expend from amounts available under section 48104 of this title not more than $39,000,000.

This section is substituted for the source provisions for clarity and because of the restatement.

§ 48107. Civil aviation security research and development

After the review under section 4912(b) of this title is completed, necessary amounts may be appropriated to the Secretary of Transportation out of the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502) to make grants under section 4912(a)(4)(A).

§ 48111. Funding proposals

(a) INTRODUCTION IN THE SENATE.—Within 15 days (not counting any day on which the Senate is not in session) after a funding proposal is submitted to the Senate by the Secretary of Transportation under section 274(c) of the Air Traffic Management System Performance Improvement Act of 1996, an implementing bill with respect to such funding proposal shall be introduced in the Senate by the majority leader of the Senate, for himself and the minority leader of the Senate, or by Members of the Senate designated by the majority leader and minority leader of the Senate.

(b) CONSIDERATION IN THE SENATE.—An implementing bill introduced in the Senate under subsection (a) shall be referred to the Committee on Commerce, Science, and Transportation. The Committee on Commerce, Science, and Transportation shall report the bill with its recommendations within 60 days following the date of introduction of the bill. Upon the reporting of the bill by the Committee on Commerce, Science, and Transportation, the reported bill shall be referred sequentially to the Committee on Finance for a period of 60 legislative days.

(c) DEFINITIONS.—For purposes of this section, the following definitions apply:

(1) IMPLEMENTING BILL.—The term “implementing bill” means only a bill of the Senate which is introduced as provided in subsection (a) with respect to one or more Federal Aviation Administration funding proposals which contain changes in existing laws or new statutory authority required to implement such funding proposal or proposals.

(2) FUNDING PROPOSAL.—The term “funding proposal” means a proposal to provide interim or permanent funding for operations of the Federal Aviation Administration.

(d) RULES OF THE SENATE.—The provisions of this section are enacted—

(1) as an exercise of the rulemaking power of the Senate and as such they are deemed a part of the rules of the Senate and they supersede other rules only to the extent that they are inconsistent therewith; and

(2) with full recognition of the constitutional right of the Senate to change the rules (so far as relating to the procedure of the Senate) at any time, in the same manner and to the same extent as in the case of any other rule of the Senate.

§ 48114. Funding for aviation programs

(a) Authorization of appropriations.—

(1) Airport and Airway Trust Fund Guarantee.—

(A) In general.—The total budget resources made available from the Airport and Airway Trust Fund each fiscal year through fiscal year 2007 pursuant to sections 48101, 48102, 48103, and 106(k) of title 49, United States Code, shall be equal to the level of receipts plus interest credited to the Airport and Airway Trust Fund for that fiscal year. Such amounts may be used only for aviation investment programs listed in subsection (b).

(B) Guarantee.—No funds may be appropriated or limited for aviation investment programs listed in subsection (b) unless the amount described in subparagraph (A) has been provided.

(2) Additional authorizations of appropriations from the general fund.—In any fiscal year through fiscal year 2007, if the amount described in paragraph (1) is appropriated, there is further authorized to be appropriated from the general fund of the Treasury such sums as may be necessary for the Federal Aviation Administration Operations account.

(b) Definitions.—In this section, the following definitions apply:

(1) Total budget resources.—The term “total budget resources” means the total amount made available from the Airport and Airway Trust Fund for the sum of obligation limitations and budget authority made available for a fiscal year for the following budget accounts that are subject to the obligation limitation on contract authority provided in this title and for which appropriations are provided pursuant to authorizations contained in this title:

(A) 69–8106–0–7–402 (Grants in Aid for Airports).

(B) 69–8107–0–7–402 (Facilities and Equipment).

(C) 69–8108–0–7–402 (Research and Development).

(D) 69–8104–0–7–402 (Trust Fund Share of Operations).

(2) Level of receipts plus interest.—The term “level of receipts plus interest” means the level of excise taxes and interest credited to the Airport and Airway Trust Fund under section 9502 of the Internal Revenue Code of 1986 for a fiscal year as set forth in the President’s budget baseline projection as defined in section 257 of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177) (Treasury identification code 29–8103–0–7–402) for that fiscal year submitted pursuant to section 1105 of title 31, United States Code.

(c) Enforcement of guarantees.—

(1) Total airport and airway trust fund funding.—It shall not be in order in the House of Representatives or the Senate to consider any bill, joint resolution, amendment, motion, or conference report that would cause total budget resources in a fiscal year for aviation investment programs described in subsection (b) to be less than the amount required by subsection (a)(1)(A) for such fiscal year.

(2) Capital priority.—It shall not be in order in the House of Representatives or the Senate to consider any bill, joint resolution, amendment, motion, or conference report that provides an appropriation (or any amendment thereto) for any fiscal year through fiscal year 2007 for Research and Development or Operations if the sum of the obligation limitation for Grants-in-Aid for Airports and the appropriation for Facilities and Equipment for such fiscal year is below the sum of the authorized levels for Grants-in-Aid for Airports and for Facilities and Equipment for such fiscal year.

Effective Date

Section applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as an Effective Date of 2000 Amendments note under section 106 of this title.

CHAPTER 482—ADVANCE APPROPRIATIONS FOR AIRPORT AND AIRWAY TRUST FACILITIES

Sec. 48201. Advance appropriations.

§ 48201. Advance appropriations

(a) Multiyear authorizations.—Beginning with fiscal year 1999, any authorization of appropriations for an activity for which amounts are to be appropriated from the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 shall provide funds for a period of not less than 3 fiscal years unless the activity for which appropriations are authorized is to be concluded before the end of that period.

(b) Multiyear appropriations.—Beginning with fiscal year 1999, amounts appropriated from the Airport and Airway Trust Fund shall be appropriated for periods of 3 fiscal years rather than annually.

§ 48301. Aviation security funding

(a) In general.—There are authorized to be appropriated for fiscal years 2002, 2003, 2004, 2005, 2007, 2008, 2009, 2010, and 2011 such sums as may be necessary to carry out chapter 449 and related aviation security activities under this title. Any amounts appropriated pursuant to this section for fiscal year 2002 shall remain available until expended.

(b) Grants for aircraft security.—There is authorized to be appropriated $500,000,000 for fiscal year 2002 to the Secretary of Transportation to make grants to or other agreements with air carriers (including intrastate air carriers) to—

(1) fortify cockpit doors to deny access from the cabin to the pilots in the cockpit;

(2) provide for the use of video monitors or other devices to alert the cockpit crew to activity in the passenger cabin;

(3) ensure continuous operation of the aircraft transponder in the event the crew faces an emergency; and

(4) provide for the use of other innovative technologies to enhance aircraft security.

General references to “this title” deemed to refer also to chapters 509 and 511 of Title 51, National and Commercial Space Programs, see section 4(d)(8) of Pub. L. 111–314, set out as a note under section 101 of this title.

PART D—PUBLIC AIRPORTS

CHAPTER 491—METROPOLITAN WASHINGTON AIRPORTS

Sec. 49101. Findings

Congress finds that—

(1) the 2 federally owned airports in the metropolitan area of the District of Columbia constitute an important and growing part of the commerce, transportation, and economic patterns of Virginia, the District of Columbia, and the surrounding region;

(2) Baltimore/Washington International Airport, owned and operated by Maryland, is an air transportation facility that provides service to the greater Metropolitan Washington region together with the 2 federally owned airports, and timely Federal-aid grants to Baltimore/Washington International Airport will provide additional capacity to meet the growing air traffic needs and to compete with other airports on a fair basis;

(3) the United States Government has a continuing but limited interest in the operation of the 2 federally owned airports, which serve the travel and cargo needs of the entire Metropolitan Washington region as well as the District of Columbia as the national seat of government;
§ 49102. Purpose

(a) GENERAL.—The purpose of this chapter is to authorize the transfer of operating responsibility under long-term lease of the 2 Metropolitan Washington Airports properties as a unit, including access highways and other related facilities, to a properly constituted independent airport authority created by Virginia and the District of Columbia, in order to achieve local control, management, operation, and development of these important transportation assets.

(b) INCLUSION OF BALTIMORE/WASHINGTON INTERNATIONAL AIRPORT NOT PRECLUDED.—This chapter does not prohibit the Airports Authority and Maryland from making an agreement to make Baltimore/Washington International Airport part of a regional airports authority, subject to terms agreed to by the Airports Authority, the Secretary of Transportation, Virginia, the District of Columbia, and Maryland.

PRIOR PROVISIONS

A prior section 49102 was renumbered section 50102 of this title.

§ 49103. Definitions

In this chapter—

(1) "Airports Authority" means the Metropolitan Washington Airports Authority, a public authority created by Virginia and the District of Columbia consistent with the requirements of section 49106 of this title.

(2) "employee" means any permanent Federal Aviation Administration personnel employed by the Metropolitan Washington Airports on June 7, 1987.

(4) "Washington Dulles International Airport" means the airport constructed under the Act of September 7, 1950 (ch. 905, 64 Stat. 770), and includes the Dulles Airport Access Highway and Right-of-way, including the extension between Interstate Routes I–495 and I–66.

§ 49104. Lease of Metropolitan Washington Airports

(a) General.—The lease between the Secretary of Transportation and the Metropolitan Washington Airports Authority under section 6005(a) of the Metropolitan Washington Airports Act of 1986 (Public Law 99–500; 100 Stat. 1783–374; Public Law 99–591; 100 Stat. 3341–378) for the Metropolitan Washington Airports must provide during its 50-year term at least the following:

1. The Airports Authority shall operate, maintain, protect, promote, and develop the Metropolitan Washington Airports as a unit and as primary airports serving the Metropolitan Washington area.

2(A) In this paragraph, “airport purposes” means a use of property interests (except a sale) for—

(i) aviation business or activities;

(ii) activities necessary or appropriate to serve passengers or cargo in air commerce; or

(iii) nonprofit, public use facilities that are not inconsistent with the needs of aviation.

(B) During the period of the lease, the real property constituting the Metropolitan Washington Airports shall be used only for airport purposes.

(C) If the Secretary decides that any part of the real property leased to the Airports Authority under this chapter is used for other than airport purposes, the Secretary shall—

(i) direct that the Airports Authority take appropriate measures to have that part of the property be used for airport purposes; and

(ii) take possession of the property if the Airports Authority fails to have that part of the property be used for airport purposes within a reasonable period of time, as the Secretary decides.

(3) The Airports Authority is subject to section 47107(a)–(e) and (f) of this title and to the assurances and conditions required of grant recipients under the Airport and Airway Improvement Act of 1982 (Public Law 97–248; 96 Stat. 671) as in effect on June 7, 1987. Notwithstanding section 47107(b) of this title, all revenues generated by the Metropolitan Washington Airports shall be expended for the capital and operating costs of the Metropolitan Washington Airports.

(4) In acquiring by contract supplies or services for an amount estimated to be more than $200,000, or awarding concession contracts, the Airports Authority to the maximum extent practicable shall obtain complete and open competition through the use of published competitive procedures. By a vote of 7 members, the Airports Authority may grant exceptions to the requirements of this paragraph.

(5) (A) Except as provided in subparagraph (B) of this paragraph, all regulations of the Metropolitan Washington Airports (14 CFR part 159) become regulations of the Airports Authority as of June 7, 1987, and remain in effect until modified or revoked by the Airports Authority under procedures of the Airports Authority.

(B) Sections 159.59(a) and 159.191 of title 14, Code of Federal Regulations, do not become regulations of the Airports Authority.
§ 49104

(6) (A) Except as specified in subparagraph (B) of this paragraph, the Airports Authority shall assume all rights, liabilities, and obligations of the Metropolitan Washington Airports on June 7, 1987, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, accounts payable, and litigation related to those rights and obligations, regardless whether judgment has been entered, damages awarded, or appeal taken. The Airports Authority must cooperate in allowing representatives of the Attorney General and the Secretary adequate access to employees and records when needed for the performance of duties and powers related to the period before June 7, 1987. The Airports Authority shall assume responsibility for the Federal Aviation Administration's Master Plans for the Metropolitan Washington Airports.

(B) The procedure for disputes resolution contained in any contract entered into on behalf of the United States Government before June 7, 1987, continues to govern the performance of the contract unless otherwise agreed to by the parties to the contract. Claims for monetary damages founded in tort, by or against the Government as the owner and operator of the Metropolitan Washington Airports, arising before June 7, 1987, shall be adjudicated as if the lease had not been entered into.

(C) The Administration is responsible for reimbursing the Employees' Compensation Fund, as provided in section 8147 of title 5, for compensation paid or payable after June 7, 1987, in accordance with chapter 81 of title 5 for any injury, disability, or death due to events arising before June 7, 1987, whether or not a claim was filed or was final on that date.

(D) The Airports Authority shall continue all collective bargaining rights enjoyed by employees of the Metropolitan Washington Airports before June 7, 1987.

(7) The Comptroller General may conduct periodic audits of the activities and transactions of the Airports Authority in accordance with generally accepted management principles, and under regulations the Comptroller General may prescribe. An audit shall be conducted where the Comptroller General considers it appropriate. All records and property of the Airports Authority shall remain in possession and custody of the Airports Authority.

(8) The Airports Authority shall develop a code of ethics and financial disclosure to ensure the integrity of all decisions made by its board of directors and employees. The code shall include standards by which members of the board will decide, for purposes of section 49106(d) of this title, what constitutes a substantial financial interest and the circumstances under which an exception to the conflict of interest prohibition may be granted.

(9) A landing fee imposed for operating an aircraft or revenues derived from parking automobiles—

(A) at Washington Dulles International Airport may not be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Ronald Reagan Washington National Airport; and

(B) at Ronald Reagan Washington National Airport may not be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Washington Dulles International Airport.

(10) The Airports Authority shall compute the fees and charges for landing general aviation aircraft at the Metropolitan Washington Airport on the same basis as the landing fees for air carrier aircraft, except that the Airports Authority may require a minimum landing fee that is not more than the landing fee for aircraft weighing 12,500 pounds.

(11) The Secretary shall include other terms applicable to the parties to the lease that are consistent with, and carry out, this chapter.

(b) Payments.—Under the lease, the Airports Authority must pay to the general fund of the Treasury annually an amount, computed using the GNP Price Deflator, equal to $3,000,000 in 1967 dollars. The Secretary and the Airports Authority may renegotiate the level of lease payments attributable to inflation costs every 10 years.

(c) Enforcement of Lease Provisions.—The district courts of the United States have jurisdiction to compel the Airports Authority and its officers and employees to comply with the terms of the lease. The Attorney General or an aggrieved party may bring an action on behalf of the Government.

(d) Extension of Lease.—The Secretary and the Airports Authority may at any time negotiate an extension of the lease.

§ 49105. Capital improvements, construction, and rehabilitation

(a) SENSE OF CONGRESS.—It is the sense of Congress that the Metropolitan Washington Airports Authority—

(1) should pursue the improvement, construction, and rehabilitation of the facilities at Washington Dulles International Airport and Ronald Reagan Washington National Airport simultaneously; and

(2) to the extent practicable, should cause the improvement, construction, and rehabilitation proposed by the Secretary of Transportation to be completed at Washington Dulles International Airport and Ronald Reagan Washington National Airport within 5 years after March 30, 1988.

(b) SECRETARY’S ASSISTANCE.—The Secretary shall assist the 3 airports serving the District of Columbia metropolitan area in planning for operational and capital improvements at those airports and shall accelerate consideration of applications for United States Government financial assistance by whichever of the 3 airports is most in need of increasing airside capacity.

PRIORITY PROVISIONS

A prior section 49105 was renumbered section 50105 of this title.

AMENDMENTS

§ 49106. Metropolitan Washington Airports Authority

(a) STATUS.—The Metropolitan Washington Airports Authority shall be—

(1) a public body corporate and politic with the powers and jurisdiction—

(A) conferred upon it jointly by the legislative authority of Virginia and the District of Columbia or by either of them and concurred in by the legislative authority of the other jurisdiction; and

(B) that at least meet the specifications of this section and section 49106 of this title;

(2) independent of Virginia and its local governments, the District of Columbia, and the United States Government; and

(3) a political subdivision constituted only to operate and improve the Metropolitan
Washington Airports as primary airports serving the Metropolitan Washington area.

(b) GENERAL AUTHORITY.—(1) The Airports Authority shall be authorized—
   (A) to acquire, maintain, improve, operate, protect, and promote the Metropolitan Washington Airports for public purposes;
   (B) to issue bonds from time to time in its discretion for public purposes, including paying any part of the cost of airport improvements, construction, and rehabilitation and the acquisition of real and personal property, including operating equipment for the airports;
   (C) to acquire real and personal property by purchase, lease, transfer, or exchange;
   (D) to exercise the powers of eminent domain in Virginia that are conferred on it by Virginia;
   (E) to levy fees or other charges; and
   (F) to make and maintain agreements with employee organizations to the extent that the Federal Aviation Administration was authorized to do so on October 18, 1986.

(2) Bonds issued under paragraph (1)(B) of this subsection—
   (A) are not a debt of Virginia, the District of Columbia, or a political subdivision of Virginia or the District of Columbia; and
   (B) may be secured by the Airports Authority’s revenues generally, or exclusively from the income and revenues of certain designated projects whether or not any part of the projects are financed from the proceeds of the bonds.

(c) BOARD OF DIRECTORS.—(1) The Airports Authority shall be governed by a board of directors composed of the following 13 members:
   (A) 5 members appointed by the Governor of Virginia;
   (B) 3 members appointed by the Mayor of the District of Columbia;
   (C) 2 members appointed by the Governor of Maryland; and
   (D) 3 members appointed by the President with the advice and consent of the Senate.

(2) The chairman of the board shall be appointed from among the members by majority vote of the members and shall serve until replaced by majority vote of the members.

(3) Members of the board shall be appointed to the board for 6 years, except that of the members first appointed by the President after October 9, 1996, one shall be appointed for 4 years. A member may serve after the expiration of that member’s term until a successor has taken office.

(4) A member of the board—
   (A) may not hold elective or appointive political office;
   (B) serves without compensation except for reasonable expenses incidental to board functions; and
   (C) must reside within the Washington Standard Metropolitan Statistical Area, except that a member of the board appointed by the President must be a registered voter of a State other than Maryland, Virginia, or the District of Columbia.

(5) A vacancy in the board shall be filled in the manner in which the original appointment was made. A member appointed to fill a vacancy occurring before the expiration of the term for which the member’s predecessor was appointed shall be appointed only for the remainder of that term.

(6)(A) Not more than 2 of the members of the board appointed by the President may be of the same political party.

(B) In carrying out their duties on the board, members appointed by the President shall ensure that adequate consideration is given to the national interest.

(C) A member appointed by the President may be removed by the President for cause.

(7) Eight votes are required to approve bond issues and the annual budget.

(d) CONFLICTS OF INTEREST.—Members of the board and their immediate families may not be employed by or otherwise hold a substantial financial interest in any enterprise that has or is seeking a contract or agreement with the Airports Authority or is an aeronautical, aviation services, or airport services enterprise that otherwise has interests that can be directly affected by the Airports Authority. The official appointing a member may make an exception if the financial interest is completely disclosed when the member is appointed and the member does not participate in board decisions that directly affect the interest.

(e) CERTAIN ACTIONS TO BE TAKEN BY REGULATION.—An action of the Airports Authority changing, or having the effect of changing, the hours of operation of, or the type of aircraft serving, either of the Metropolitan Washington Airports may be taken only by regulation of the Airports Authority.

(f) ADMINISTRATIVE.—To assist the Secretary in carrying out this chapter, the Secretary may hire 2 staff individuals to be paid by the Airports Authority. The Airports Authority shall provide clerical and support staff that the Secretary may require.

(g) REVIEW OF CONTRACTING PROCEDURES.—The Comptroller General shall review contracts of the Airports Authority to decide whether the contracts were awarded by procedures that follow sound Government contracting principles and comply with section 49104(a)(4) of this title. The Comptroller General shall submit periodic reports of the conclusions reached as a result of the review to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

In subsection (b)(2)(A), the words “Virginia, the District of Columbia” are omitted for “either jurisdiction” for clarity.

In subsection (c)(6)(C), the words “the limitations described in” are omitted as unnecessary. The word “until” is substituted for “for the period beginning on October 1, 1997, and ending on the first day on which” to eliminate unnecessary words.

In subsection (d), the words “The Airports Authority shall be subject to a conflict-of-interest provision providing that” are omitted as surplus.

In subsection (g), the words “Committee on Transportation and Infrastructure” are substituted for “Committee on Public Works and Transportation” because of the amendment of clause 1(q) of Rule X of the Rules of the House of Representatives by section 202(a) of H. Res. 6, approved January 4, 1995.

AMENDMENTS

2000—Subsec. (c)(6)(C), (D). Pub. L. 106-181 redesignated subpar. (D) as (C) and struck out former subpar. (C) which read as follows: “The members to be appointed under paragraph (1)(D) of this subsection must be appointed before October 1, 1997. If the deadline is not met, the Secretary of Transportation and the Airports Authority are subject to the limitations of section 49108 of this title until all members referred to in paragraph (1)(D) are appointed.”

Subsec. (c)(3), Pub. L. 105-225, §7(c)(1)(B), substituted “to the board” for “by the board”.

Effective Date of 2000 Amendment

Effective Date of 1998 Amendment

§49107. Federal employees at Metropolitan Washington Airports

(a) LABOR AGREEMENTS.—(1) The Metropolitan Washington Airports Authority shall adopt all labor agreements that were in effect on June 7, 1987. Unless the parties otherwise agree, the agreements must be renegotiated before July 1, 1992.

(2) Employee protection arrangements made under this section shall ensure, during the 50-year lease term, the continuation of all collective bargaining rights enjoyed by transferred employees retained by the Airports Authority.

(b) CIVIL SERVICE RETIREMENT.—Any Federal employee who transferred to the Airports Authority and who on June 6, 1987, was subject to subchapter III of chapter 83 or chapter 84 of title 5, is subject to subchapter III of chapter 83 or chapter 84 for so long as continually employed by the Airports Authority without a break in service. For purposes of subchapter III of chapter 83 and chapter 84, employment by the Airports Authority is deemed to be employment by the United States Government. The Airports Authority is the employing agency for purposes of subchapter III of chapter 83 and chapter 84 and shall contribute to the Civil Service Retirement and Disability Fund amounts required by subchapter III of chapter 83 and chapter 84.

(c) ACCESS TO RECORDS.—The Airports Authority shall allow representatives of the Secretary of Transportation adequate access to employees and employee records of the Airports Authority when needed to carry out a duty or power relating to the period before June 7, 1987. The Secretary shall provide the Airports Authority access to employee records of transferring employees for appropriate purposes.

In subsection (c), the words "duty or power" are substituted for "functions" for consistency in the revised title and with other titles of the United States Code.

**AMENDMENTS**

1996—Subsec. (b). Pub. L. 105–225 substituted "is subject to subchapter III" for "is subject to subchapter II".

**EFFECTIVE DATE OF 1998 AMENDMENT**

**RETIREMENT PROVISIONS RELATING TO CERTAIN MEMBERS OF POLICE FORCE OF METROPOLITAN WASHINGTON AIRPORTS AUTHORITY**

Pub. L. 106–554, §1(a)(3), [title VI, §636], Dec. 21, 2000, 114 Stat. 2763, 2763A–184, provided that:

"(a) QUALIFIED MWAA POLICE OFFICER DEFINED.—For purposes of this section, the term 'qualified MWAA police officer' means any individual who, as of the date of the enactment of this Act [Dec. 21, 2000]:

"(1) is employed as a member of the police force of the Metropolitan Washington Airports Authority (hereafter in this section referred to as an 'MWAA police officer'); and

"(2) is subject to the Civil Service Retirement System or the Federal Employees' Retirement System by virtue of section 49107(b) of title 49, United States Code.

"(b) ELIGIBILITY TO BE TREATED AS A LAW ENFORCEMENT OFFICER FOR RETIREMENT PURPOSES.—

"(1) IN GENERAL.—Any qualified MWAA police officer may, by written election submitted in accordance with applicable requirements under subsection (c), elect to be treated as a law enforcement officer (within the meaning of section 8331 or 8401 of title 5, United States Code, as applicable), and to have all prior service described in paragraph (2) similarly treated.

"(2) PRIOR SERVICE DESCRIBED.—The service described in this paragraph is all service which an individual performed, prior to the effective date of such individual's election under this section, as—

"(A) an MWAA police officer; or

"(B) a member of the police force of the Federal Aviation Administration (hereafter in this section referred to as an 'FAA police officer').

"(c) REGULATIONS.—The Office of Personnel Management shall prescribe any regulations necessary to carry out this section, including provisions relating to the time, form, and manner in which any election under this section shall be made. Such an election shall not be effective unless—

"(1) it is made before the employee separates from service with the Metropolitan Washington Airports Authority, but in no event later than 1 year after the regulations under this section take effect; and

"(2) it is accompanied by payment of an amount equal to, with respect to all prior service of such employee which is described in subsection (b)(2)—

"(A) the employee deductions that would have been required for such service under chapter 83 or 84 of title 5, U.S.C. (as the case may be) if such election had then been in effect, minus

"(B) the total employee deductions and contributions under such chapter 83 and 84 (as applicable) that were actually made for such service, taking into account only amounts required to be credited to the Civil Service Retirement and Disability Fund. Any amount under paragraph (2) shall be computed with interest, in accordance with section 834(e) of such title 5.

"(d) GOVERNMENT CONTRIBUTIONS.—Whenever a payment under subsection (c)(2) is made by an individual with respect to such individual's prior service (as described in subsection (b)(2)), the Metropolitan Washington Airports Authority shall pay into the Civil Service Retirement and Disability Fund any additional contributions for which it would have been liable, with respect to such service, if such individual's election under this section had then been in effect (and, to the extent of any prior FAA police officer service, as if it had then been the employing agency). Any amount under this subsection shall be computed with interest, in accordance with section 834(e) of title 5, United States Code.

"(e) CERTIFICATIONS.—The Office of Personnel Management shall accept, for the purpose of this section, the certification of—

"(1) the Metropolitan Washington Airports Authority (or its designee) concerning any service performed by an individual as an MWAA police officer; and

"(2) the Federal Aviation Administration (or its designee) concerning any service performed by an individual as an FAA police officer.

"(f) REIMBURSEMENT TO COMPENSATE FOR UNFUNDED LIABILITY.—

"(1) IN GENERAL.—The Metropolitan Washington Airports Authority shall pay into the Civil Service Retirement and Disability Fund an amount (as determined by the Director of the Office of Personnel Management) equal to the amount necessary to reimburse the Fund for any estimated increase in the unfunded liability of the Fund (to the extent the Civil Service Retirement System is involved), and for any estimated increase in the supplemental liability of the Fund (to the extent the Federal Employees' Retirement System is involved), resulting from the enactment of this section.

"(2) PAYMENT METHOD.—The Metropolitan Washington Airports Authority shall pay the amount so determined in five equal annual installments, with interest (which shall be computed at the rate used in the most recent valuation of the Federal Employees' Retirement System)."

§ 49108. Limitations

After March 31, 2011, the Secretary of Transportation may not approve an application of the Metropolitan Washington Airports Authority—

(1) for an airport development project grant under subchapter I of chapter 471 of this title; or

(2) to impose a passenger facility fee under section 40117 of this title.

Amendments

The words “Except as provided by subsection (b)” and “the requirements of” are omitted as unnecessary.

49111. Relationship to and effect of other laws

(a) Same Powers and Restrictions Under Other Laws.—To ensure that the Metropolitan Washington Airports Authority has the same proprietary powers and is subject to the same restrictions under United States law as any other airport except as otherwise provided in this chapter, during the period that the lease au-
authorized by section 6005 of the Metropolitan Washington Airports Act of 1986 (Public Law 99-500; 100 Stat. 1783–375; Public Law 99-591; 100 Stat. 3341–378) is in effect—

(1) the Metropolitan Washington Airports are deemed to be public airports for purposes of chapter 471 of this title; and

(2) the Act of June 29, 1940 (ch. 444, 54 Stat. 686), the First Supplemental Civil Functions Appropriations Act, 1941 (ch. 780, 54 Stat. 1630), and the Act of September 7, 1950 (ch. 905, 64 Stat. 770), do not apply to the operation of the Metropolitan Washington Airports, and the Secretary of Transportation is relieved of all responsibility under those Acts.

(b) INAPPLICABILITY OF CERTAIN LAWS.—The Metropolitan Washington Airports and the Airports Authority are not subject to the requirements of any law solely by reason of the retention by the United States Government of the fee simple title to those airports.

(c) POLICE POWER.—Virginia shall have concurrent police power authority over the Metropolitan Washington Airports, and the courts of Virginia may exercise jurisdiction over Ronald Reagan Washington National Airport.

(d) PLANNING.—(1) The authority of the National Capital Planning Commission under section 8722 of title 40 does not apply to the Airports Authority.

(2) The Airports Authority shall consult with—

(A) the Commission and the Advisory Council on Historic Preservation before undertaking any major alterations to the exterior of the main terminal at Washington Dulles International Airport; and

(B) the Commission before undertaking development that would alter the skyline of Ronald Reagan Washington National Airport when viewed from the opposing shoreline of the Potomac River or from the George Washington Parkway.

The First Supplemental Civil Functions Appropriations Act, 1941, referred to in subsec. (a)(2), was classified to section 2454 of former Title 49, Transportation, and was repealed and reenacted as this section by Pub. L. 106–102, §§ 2(26), 5(b), Nov. 20, 1997, 111 Stat. 2305, 2317.

Act of June 29, 1940, ch. 444, 54 Stat. 686, referred to in subsec. (a)(2), was classified to subchapter I (§ 2401 et seq.) of chapter 33 of former Title 49, Transportation, and was omitted from the Code when subtitles II, III, and V to X of Title 49, Transportation, were enacted by Pub. L. 103–272, July 5, 1994, 108 Stat. 745.

The First Supplemental Civil Functions Appropriations Act, 1941, referred to in subsec. (a)(2), was classified to subchapter I (§ 2421 et seq.) of chapter 33 of former Title 49, Transportation, and was omitted from the Code when subtitles II, III, and V to X of Title 49, Transportation, were enacted by Pub. L. 103–272, July 5, 1994, 108 Stat. 745.

In subsection (a)(1), the word “deemed” is substituted for “considered” for consistency in the revised title and with other titles of the United States Code.

In subsection (e), the text of section 6009(c)(2) of the Metropolitan Washington Airports Act of 1986 (Public Law 99–500, 100 Stat. 1783–385, Public Law 99–591, 100 Stat. 3341–388) is omitted as executed.

Act of September 7, 1950, ch. 905, 64 Stat. 770, referred to in subsec. (a)(2), was classified to subchapter I (§ 2421 et seq.) of chapter 33 of former Title 49, Transportation, and was omitted from the Code when subtitles II, III, and V to X of Title 49, Transportation, were enacted by Pub. L. 103–272, July 5, 1994, 108 Stat. 745.

AMENDMENTS

2000—Subsec. (e). Pub. L. 106–181 struck out heading and text of subsec. (e). Text read as follows: “The Administrator of the Federal Aviation Administration may not increase the number of instrument flight rule takeoffs and landings authorized for air carriers by the High Density Rule (14 CFR 93.121 et seq.) at Ronald Reagan Washington National Airport on October 18, 1998, and may not decrease the number of those takeoffs and landings except for reasons of safety.”

EFFECTIVE DATE OF 2000 AMENDMENT

EFFECTIVE DATE OF 1998 AMENDMENT

§ 49112. Separability and effect of judicial order

(a) SEPARABILITY.—If any provision of this chapter, or the application of a provision of this
chapter to a person or circumstance, is held invalid, the remainder of this chapter and the application of the provision to other persons or circumstances is not affected.

(b) JUDICIAL ORDER.—(1) If any provision of the Metropolitan Washington Airports Amendments Act of 1996 (title IX of Public Law 104–264; 110 Stat. 3274) or the amendments made by the Act, or the application of that provision to a person, circumstance, or venue, is held invalid by a judicial order, the Secretary of Transportation and the Metropolitan Washington Airports Authority shall be subject to section 49108 of this title from the day after the day the order is issued.

(2) Any action of the Airports Authority that was required to be submitted to the Board of Review under section 6007(f)(4) of the Metropolitan Washington Airports Act of 1986 (Public Law 99–500; 100 Stat. 1783–380; Public Law 99–599; 100 Stat. 3341–383) before October 9, 1996, remains in effect and may not be set aside only because of a judicial order invalidating certain functions of the Board.

**AMENDMENTS**

1996—Pub. L. 104–287, §5(88)(B), (C), Oct. 11, 1996, 110 Stat. 3398, redesignated chapter 49I of this title as this chapter and items 49I01 to 49I05 as 50101 to 50105, respectively.

§50101. Buying goods produced in the United States

(a) PREFERENCE.—The Secretary of Transportation may obligate an amount that may be appropriated to carry out title 10(k), 44502(a)(2), or 44509, subchapter I of chapter 471 (except section 47127), or chapter 481 (except sections 48102(e), 48106, 48107, and 48110) of this title for a project only if steel and manufactured goods used in the project are produced in the United States.

(b) WAIVER.—The Secretary may waive subsection (a) of this section if the Secretary finds that—

(1) applying subsection (a) would be inconsistent with the public interest;

(2) the steel and goods produced in the United States are not produced in a sufficient and reasonably available amount or are not of a satisfactory quality;

(3) when procuring a facility or equipment under section 44502(a)(2) or 44509, subchapter I of chapter 471 (except section 47127), or chapter 481 (except sections 48102(e), 48106, 48107, and 48110) of this title—

(A) the cost of components and subcomponents produced in the United States is more than 60 percent of the cost of all components of the facility or equipment; and

(B) final assembly of the facility or equipment has occurred in the United States; or

(4) including domestic material will increase the cost of the overall project by more than 25 percent.

(c) LABOR COSTS.—In this section, labor costs involved in final assembly are not included in calculating the cost of components.

This makes a clarifying amendment to 49:50101(a) and (b)(3), 50102, 50104(b)(1), and 50105, as redesignated by clause (88)(D) of this section, because 49:47106(d) was struck by section 108(1) of the Federal Aviation Administration Authorization Act of 1994 (Public Law 103-305, 108 Stat. 1573).

AMENDMENTS

1996—Pub. L. 104-287, §5(89), renumbered section 49102 of this title as this section.

Subsecs. (a), (b)(3). Pub. L. 104-287, §5(89), substituted “section 47127” for “sections 47106(d) and 47127”.

USE OF DOMESTIC PRODUCTS

“(a) Prohibition Against Fraudulent Use of ‘Made in America’ Labels.—(1) A person shall not intentionally affix a label bearing the inscription of ‘Made in America’, or any inscription with that meaning, to any product sold in or shipped to the United States, if that product is not a domestic product.

“(2) A person who violates paragraph (1) shall not be eligible for any contract for a procurement carried out with amounts authorized under this title [enacting section 47509 of this title, amending sections 44505 and 48102 of this title, and enacting provisions set out as notes under this section and section 40101 of this title], or under any amendment made by this title, should purchase, when available and cost-effective, American made equipment and products when expending grant monies.

“(b) Notice to Recipients of Assistance.—In allocating grants under this title, the Secretary shall provide to each recipient a notice describing the statement made in subsection (a) by the Congress.”

§ 50102. Restricting contract awards because of discrimination against United States goods or services

A person or enterprise domiciled or operating under the laws of a foreign country may not make a contract or subcontract under section 106(k), 44502(a)(2), or 44509, subchapter I of chapter 471 (except section 47127), or chapter 481 (except sections 48102(e), 48106, 48107, and 48110) of this title or subtitl e B of title IX of the Omnibus Budget Reconciliation Act of 1990 (Public Law 101-508, 104 Stat. 1388-333) if the government of that country unfairly maintains, in government procurement, a significant and persistent pattern of discrimination against United States goods or services that results in identifiable harm to United States businesses, that the President identifies under section 305(g)(1)(A) of the Trade Agreements Act of 1979 (19 U.S.C. 2515(g)(1)(A)).

§ 50103. Contract preference for domestic firms

(a) DEFINITIONS.—In this section—

(1) “domestic firm” means a business entity incorporated, and conducting business, in the United States.

(2) “foreign firm” means a business entity not described in clause (1) of this subsection.

(b) PREFERENCE.—Subject to subsections (c) and (d) of this section, the Administrator of the Federal Aviation Administration may make, with a domestic firm, a contract related to a grant made under section 44511, 44512, or 44513 of this title, if the United States is a party; and

(c) NONAPPLICATION.—Subsection (b) of this section does not apply if—

(1) compelling national security considerations require that subsection (b) of this section not apply; or

(2) the Trade Representative decides that making the contract would violate the multilateral trade agreements (as defined in section 3501(4) of title 19) or an international agreement to which the United States is a party; and

(d) APPLICATION TO CERTAIN GRANTS.—This section applies only to a contract related to a grant made under section 44511, 44512, or 44513 of this title for which—

(1) an amount is authorized by section 48102(a), (b), or (d) of this title to be made available for the fiscal years ending September 30, 1991, and September 30, 1992; and

(2) a solicitation for bid is issued after November 5, 1990.

(e) REPORT.—The Administrator shall submit a report to Congress on—

(1) contracts to which this section applies that are made with foreign firms in the fiscal years ending September 30, 1991, and September 30, 1992;

(2) the number of contracts that meet the requirements of subsection (b) of this section, but that the Trade Representative decides would violate the multilateral trade agreements (as defined in section 3501(4) of title 19) or an international agreement to which the United States is a party; and

(3) the number of contracts made under this section.

In subsection (a), the text of 49 App.:2226d(e)(1) is omitted because the complete name of the Administrator of the Federal Aviation Administration is used the first time the term appears in a section.

In subsection (b), before clause (1), the words “Subject to subsections (c) and (d) of this section” are added to alert the reader to the limitations in those subsections.

In clause (1), the words “requires making the contract with the domestic firm” are substituted for “so requires” for clarity. The words “considering United States international obligations and trade relations” are substituted for “In determining under this subsection whether the public interest so requires, the Administrator shall take into account United States international obligations and trade relations” to eliminate unnecessary words. In clause (4), the words “when completely assembled” are omitted as surplus.

In subsection (c), the words “(1) such applicability would not be in the public interest” are omitted as redundant to subsection (b)(1) of the revised section.

In subsection (e)(3), the words “foreign firms” are substituted for “foreign entities” for consistency in the revised section.

In subsection (e)(4), the words “number of contracts covered under this subtitle (including the amendments made by this subtitle)” are substituted for “contracted for” to eliminate unnecessary words.

AMENDMENTS

1999—Subsecs. (c)(2), (e)(2). Pub. L. 106-36 substituted “multilateral trade agreements (as defined in section 3501(4) of title 19)” for “General Agreement on Tariffs and Trade”.

1996—Pub. L. 104-287 renumbered section 49103 of this title as this section.

§ 50104. Restriction on airport projects using products or services of foreign countries denying fair market opportunities

(a) DEFINITION AND RULES FOR CONSTRUING SECTION.—In this section—

(1) “project” has the same meaning given that term in section 47102 of this title.

(2) each foreign instrumentality and each territory and possession of a foreign country.
administered separately for customs purposes is a separate foreign country.

(3) An article substantially produced or manufactured in a foreign country is a product of the country.

(4) A service provided by a person that is a national of a foreign country or that is controlled by a national of a foreign country is a service of the country.

(b) Limitation on Use of Available Amounts.—(1) An amount made available under subchapter I of chapter 471 of this title (except section 47127) may not be used for a project that uses a product or service of a foreign country during any period the country is on the list maintained by the United States Trade Representative under subsection (d)(1) of this section.

(2) Paragraph (1) of this subsection does not apply when the Secretary of Transportation decides that—

(A) applying paragraph (1) to the product, service, or project is not in the public interest;

(B) a product or service of the same class or type and of satisfactory quality is not produced or offered in the United States, or in a foreign country not listed under subsection (d)(1) of this section, in a sufficient and reasonably available amount; and

(C) the project cost will increase by more than 20 percent if the product or service is excluded.

(c) Decisions on Denial of Fair Market Opportunities.—Not later than 30 days after a report is submitted to Congress under section 181(b) of the Trade Act of 1974 (19 U.S.C. 2241(b)), the Trade Representative, for a construction project of more than $500,000 for which the government of a foreign country supplies any part of the amount, shall decide whether the foreign country denies fair market opportunities for products and suppliers of the United States in procurement or for United States bidders. In making the decision, the Trade Representative shall consider information obtained in preparing the report and other information the Trade Representative considers relevant.

(d) List of Countries Denying Fair Market Opportunities.—(1) The Trade Representative shall maintain a list of each foreign country the Trade Representative finds under subsection (c) of this section is denying fair market opportunities. The country shall remain on the list until the Trade Representative decides the country provides fair market opportunities.

(2) The Trade Representative shall publish in the Federal Register—

(A) annually the list required under paragraph (1) of this subsection; and

(B) any modification of the list made before the next list is published.

(2) The Trade Representative shall consider information obtained in preparing the report and other information the Trade Representative considers relevant.

(d)(1) of this subsection; and

(c) the project cost will increase by more than 20 percent if the product or service is excluded.

(c) Decisions on Denial of Fair Market Opportunities.—Not later than 30 days after a report is submitted to Congress under section 181(b) of the Trade Act of 1974 (19 U.S.C. 2241(b)), the Trade Representative, for a construction project of more than $500,000 for which the government of a foreign country supplies any part of the amount, shall decide whether the foreign country denies fair market opportunities for products and suppliers of the United States in procurement or for United States bidders. In making the decision, the Trade Representative shall consider information obtained in preparing the report and other information the Trade Representative considers relevant.

(d) List of Countries Denying Fair Market Opportunities.—(1) The Trade Representative shall maintain a list of each foreign country the Trade Representative finds under subsection (c) of this section is denying fair market opportunities. The country shall remain on the list until the Trade Representative decides the country provides fair market opportunities.

(2) The Trade Representative shall publish in the Federal Register—

(A) annually the list required under paragraph (1) of this subsection; and

(B) any modification of the list made before the next list is published.

AMENDMENTS

1996—Pub. L. 104–287, §5(89), substituted “section 47127” for “sections 47126(d) and 47127”.

节 60101. Definitions

(a) GENERAL.—In this chapter—

(1) “existing liquefied natural gas facility”—

(A) means a liquefied natural gas facility for which an application to approve the site, construction, or operation of the facility was filed before March 1, 1978, with—

(i) the Federal Energy Regulatory Commission (or any predecessor); or

(ii) the appropriate State or local authority, if the facility is not subject to the jurisdiction of the Commission under the Natural Gas Act (15 U.S.C. 717 et seq.); but

(B) does not include a facility on which construction is begun after November 29, 1979, without the approval—

(2) “gas” means natural gas, flammable gas, or toxic or corrosive gas;

(3) “gas pipeline facility” includes a pipeline, a right of way, a facility, a building, or equipment used in transporting gas or treating gas during its transportation;

(4) “hazardous liquid pipeline facility” includes a pipeline, a right of way, a facility, a building, or equipment used in transporting hazardous liquid;

(A) petroleum or a petroleum product; and

(B) a substance the Secretary of Transportation decides may pose an unreasonable risk to life or property when transported by a hazardous liquid pipeline facility in a liquid state (except for liquefied natural gas);

(5) “hazardous liquid pipeline facility” includes a pipeline, a right of way, a facility, a building, or equipment used or intended to be used in transporting hazardous liquid;

(6) “interstate gas pipeline facility” means a gas pipeline facility—
§ 60101

(A) used to transport gas; and
(B) subject to the jurisdiction of the Commission under the Natural Gas Act (15 U.S.C. 717 et seq.);

(7) “interstate hazardous liquid pipeline facility” means a hazardous liquid pipeline facility in interstate or foreign commerce;

(8) “interstate or foreign commerce”—
(A) related to gas, means commerce—
(i) between a place in a State and a place outside that State; or
(ii) that affects any commerce described in subclause (A)(i) of this clause; and
(B) related to hazardous liquid, means commerce between—
(i) a place in a State and a place outside that State; or
(ii) places in the same State through a place outside the State;

(9) “intrastate gas pipeline facility” means a gas pipeline facility and transportation of gas within a State not subject to the jurisdiction of the Commission under the Natural Gas Act (15 U.S.C. 717 et seq.);

(10) “intrastate hazardous liquid pipeline facility” means a hazardous liquid pipeline facility that is not an interstate hazardous liquid pipeline facility;

(11) “liquefied natural gas” means natural gas in a liquid or semisolid state;

(12) “liquefied natural gas accident” means a release, burning, or explosion of liquefied natural gas from any cause, except a release, burning, or explosion that, under regulations prescribed by the Secretary, does not pose a threat to public health or safety, property, or the environment;

(13) “liquefied natural gas conversion” means conversion of natural gas into liquefied natural gas or conversion of liquefied natural gas into natural gas;

(14) “liquefied natural gas pipeline facility”—
(A) means a gas pipeline facility used for transporting or storing liquefied natural gas, or for liquefied natural gas conversion, in interstate or foreign commerce; but
(B) does not include any part of a structure or equipment located in navigable waters (as defined in section 3 of the Federal Power Act (16 U.S.C. 796));

(15) “municipality” means a political subdivision of a State;

(16) “new liquefied natural gas pipeline facility” means a liquefied natural gas pipeline facility except an existing liquefied natural gas pipeline facility;

(17) “person”, in addition to its meaning under section 1 of title 1 (except as to societies), includes a State, a municipality, and a trustee, receiver, assignee, or personal representative of a person;

(18) “pipeline facility” means a gas pipeline facility and a hazardous liquid pipeline facility;

(19) “pipeline transportation” means transporting gas and transporting hazardous liquid;

(20) “State” means a State of the United States, the District of Columbia, and Puerto Rico;

(B) does not include gathering gas (except through regulated gathering lines) in a rural area outside a populated area designated by the Secretary as a nonrural area;\footnote{1 So in original. The period probably should be a semicolon.}

(21) “transporting gas”—
(A) means—
(i) the gathering, transmission, or distribution of gas by pipeline, or the storage of gas, in interstate or foreign commerce; and
(ii) the movement of gas through regulated gathering lines; but
(B) does not include gathering gas (except through regulated gathering lines) in a rural area outside a populated area designated by the Secretary as a nonrural area;\footnote{1 So in original. The period probably should be a semicolon.}

(22) “transporting hazardous liquid”—
(A) means—
(i) the movement of hazardous liquid by pipeline, or the storage of hazardous liquid incidental to the movement of hazardous liquid by pipeline, in or affecting interstate or foreign commerce; and
(ii) the movement of hazardous liquid through regulated gathering lines; but
(B) does not include moving hazardous liquid through—
(i) gathering lines (except regulated gathering lines) in a rural area;
(ii) onshore production, refining, or manufacturing facilities; or
(iii) storage or in-plant piping systems associated with onshore production, refining, or manufacturing facilities;\footnote{1 So in original. The period probably should be a semicolon.}

(23) “risk management” means the systematic application, by the owner or operator of a pipeline facility, of management policies, procedures, finite resources, and practices to the tasks of identifying, analyzing, assessing, reducing, and controlling risk in order to protect employees, the general public, the environment, and pipeline facilities;

(24) “risk management plan” means a management plan utilized by a gas or hazardous liquid pipeline facility owner or operator that encompasses risk management; and

(25) “Secretary” means the Secretary of Transportation.

(b) GATHERING LINES.—(1)(A) Not later than October 24, 1994, the Secretary shall prescribe standards defining the term “gathering line”.

(B) In defining “gathering line” for gas, the Secretary—
(i) shall consider functional and operational characteristics of the lines to be included in the definition; and
(ii) is not bound by a classification the Commission establishes under the Natural Gas Act (15 U.S.C. 717 et seq.).

(2)(A) Not later than October 24, 1995, the Secretary, if appropriate, shall prescribe standards defining the term “regulated gathering line”. In defining the term, the Secretary shall consider factors such as location, length of line from the well site, operating pressure, throughput, and the composition of the transported gas or hazardous liquid, as appropriate, in deciding on the types of lines that functionally are gathering but should be regulated under this chapter because of specific physical characteristics.
(B)(1) The Secretary also shall consider diameter when defining "regulated gathering line" for hazardous liquid.

(ii) The definition of "regulated gathering line" for hazardous liquid may not include a crude oil gathering line that has a nominal diameter of not more than 6 inches, is operated at low pressure, and is located in a rural area that is not unusually sensitive to environmental damage.

In this chapter, the words "liquefied natural gas" are substituted for "LNG" for clarity. The word "authority" is substituted for "agency" for consistency in the revised title and with other titles of the United States Code. The words "gas" and "hazardous liquid" are added where applicable because of the restatement. In subsection (a), before clause (1), the text of 49 App.:1671(10) and 2001(11) is omitted because the complete name of the Secretary of Transportation is used the first time the term appears in a section. The words "as used" are omitted as surplus. In clause (1), the words "Federal Energy Regulatory Commission" and "Commission" are substituted for "Department of Energy" because under 42:771(a) and 712(a)(8)/(1) the Commission is statutorily independent of the Department and has the responsibility for siting, construction, and operating applications. In clauses (3) and (5), the words "without limitation, new and existing" are omitted as surplus. In clause (4)(B), the words "or material" are omitted as surplus. In clause (6), before subclause (A), the word "pipeline" is substituted for "transmission" for clarity and consistency. In clause (8)(A), before subclause (1), the words "trade, traffic, transportation, exchange, or other" are omitted as surplus. In subclause (ii), the words "trade, transportation, exchange, or other" are omitted as surplus. In clause (8)(B), the word "place" is substituted for "point" for clarity and consistency. In clause (9), before subclause (A), the word "facility" is substituted for "transmission" for clarity and consistency. In clause (12), the words "resulting from" and the text of 49 App.:1671(16)-(D) are omitted as surplus. In clause (13), the words "liquefaction or solidification" and "vaporization" are omitted as surplus. In clauses (14) and (16), the word "pipeline" is added for clarity. In clause (15), the words "city, county, or any other" are omitted as surplus. In clause (17), the words "in addition to its meaning under section 1 of title 1 (except as to societies)" are substituted for "any individual, firm, joint venture, partnership, corporation, association ... cooperative association, or joint stock association" to eliminate unnecessary words, for clarity, and for consistency in the revised title and with other titles of the Code. Clauses (18) and (19) are added because of the restatement. In clause (20), the words "of the United States" are substituted for "of the several" for consistency in the revised title and with other titles of the Code. In clause (21)(B), the words "outside a populated area" are substituted for "which lie outside the limits of any incorporated or unincorporated city, town, village, or any other designated residential or commercial area such as a subdivision, a business or shopping center, a community development, or any similar populated area" to eliminate unnecessary words. In clause (22)(B)(ii), the word "area" is substituted for "locations" for consistency.

**Pub. L. 103–272, §4(s)**

Section 4(s) reflects an amendment to the restatement required by sections 106(a) and 206(a) of the Pipeline Safety Act of 1992 (Public Law 102-508, 106 Stat. 3294, 3303).

**Pub. L. 104–287**

This amends 49:60101 for consistency with the style of title 49.

### References in Text

The Natural Gas Act, referred to in subsections (a)(1)(A)(ii), (6)(B), (9) and (b)(1)(B)(ii), is act June 21, 1938, ch. 556, 52 Stat. 821, which is classified generally to chapter 15B (§717 et seq.) of Title 15, Commerce and
Trade. For complete classification of this Act to the Code, see section 717w of Title 15 and Tables.

CODIFICATION

The amendments by section 4(a) of Pub. L. 103–272 to pars. (21) and (22) of subsec. (a) of this section were executed after the amendments by Pub. L. 104–304 to those pars. pursuant to the effective date provisions of section 4(a). See Effective Date of 1994 Amendment note and 1996 Amendment notes below.

AMENDMENTS

2006—Subsec. (a)(6), Pub. L. 109–468, § 7(1), added par. (6) and struck out former par. (6) which defined "intra-state gas pipeline facility". Pub. L. 109–468, § 7(2), added par. (9) and struck out former par. (9) which defined "intra-state gas pipeline facility".

1996—Subsec. (a), Pub. L. 104–297 inserted heading Sec. 104–304, § 3(a)(1), substituted semicolon for period at end of pars. (1) to (20).

Subsec. (a)(2)(A), Pub. L. 104–304, § 3(a)(2), added subpars. (B) and struck out former subpar. (B) which read as follows: "does not include gathering gas in a rural area outside a populated area designated by the Secretary as a nonrural area;''. See Codification note above.

Subsec. (a)(23) to (25), Pub. L. 104–304, § 3(a)(3), added par. (23) to (25).

Subsec. (b)(2)(A), Pub. L. 104–304, § 3(a)(3), added par. (20) inserted "if appropriate." after "Not later than October 24, 1995, the Secretary and "substituted "prescribe standards defining" for "define by regulation".."

Subsec. (b)(2)(A), Pub. L. 104–304, §§ 3(a)(3), (20)(f), inserted "if appropriate." after "Not later than October 24, 1995, the Secretary and "substituted "prescribe standards defining" for "define by regulation".."

1995—Subsec. (a), (2), Pub. L. 103–319, § 2(b)(2), (20)(f), inserted "if appropriate." after "Not later than October 24, 1995, the Secretary and "substituted "prescribe standards defining" for "define by regulation".."

Effective Date of 1994 Amendment

Section 4(a) of Pub. L. 103–272 provided that the amendment made by that section is effective on the date the regulation required under subsec. (b) of this section is effective. See regulations effective Apr. 14, 2006, 71 F.R. 13289, and July 3, 2008, 73 F.R. 31634.

Short Title of 2006 Amendment

Pub. L. 109–468, § 1(a), Dec. 29, 2006, 120 Stat. 3500, provided that: "(a) IN GENERAL.—The Secretary of Transportation may award, through a competitive process, grants to universities with expertise in pipeline safety and security to establish jointly a collaborative program to conduct pipeline safety and technical assistance programs.

(b) DUTIES.—In cooperation with the Pipeline and Hazardous Materials Safety Administration and representatives from States and boards of public utilities, the participants in the collaborative program established under subsection (a) shall be responsible for development of workforce training and technical assistance programs through statewide and regional partnerships that provide for—

"(1) communication of national, State, and local safety information to pipeline operators;

"(2) distribution of technical resources and training to support current and future Federal mandates; and

"(3) evaluation of program outcomes.

"(c) TRAINING AND EDUCATIONAL MATERIALS.—The collaborative program established under subsection (a) may include courses in recent developments, techniques, and procedures related to—

"(1) safety and security of pipeline systems;

"(2) incident and risk management for such systems;

"(3) integrity management for such systems;

"(4) consequence modeling for such systems;

"(5) detection of encroachments and monitoring of rights-of-way for such systems; and

"(6) vulnerability assessment of such systems at both project and national levels.

"(d) REPORTS.—

"(1) UNIVERSITY.—Not later than March 31, 2009, the universities awarded grants under subsection (a) shall submit to the Secretary a report on the results of the collaborative program.

"(2) SECRETARY.—Not later than October 1, 2009, the Secretary shall transmit the reports submitted to the Secretary under paragraph (1), along with any findings, recommendations, or legislative options for Congress to consider, to the Committees on Transportation and Infrastructure and Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

"(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section for each of fiscal years 2007 through 2010."

Short Title of 2002 Amendment

"(b) MEMORANDUM OF UNDERSTANDING.—

"(1) IN GENERAL.—Not later than 120 days after the date of enactment of this Act [Dec. 17, 2002], the
heads of the participating agencies shall enter into a memorandum of understanding detailing their respective responsibilities in the program authorized by subsection (a).

(2) AREAS OF EXPERTISE.—Under the memorandum of understanding, each of the participating agencies shall have the primary responsibility for ensuring that the elements of the program within its expertise are implemented in accordance with this section. The Department of Transportation’s responsibilities shall reflect its lead role in pipeline safety and expertise in pipeline inspection, integrity management, and damage prevention. The Department of Energy’s responsibilities shall reflect its expertise in system reliability, low-volume gas leak detection, and surveillance technologies. The National Institute of Standards and Technology’s responsibilities shall reflect its expertise in materials research and assisting in the development of consensus technical standards, as that term is used in section 12(d)(4) [probably should be “12(d)(5)”] of Public Law 104-15 [Pub. L. 104-113] (15 U.S.C. 272 note).

(c) PROGRAM ELEMENTS.—The program authorized by subsection (a) shall include research, development, demonstration, and standardization activities related to—

(1) materials inspection;

(2) stress and fracture analysis, detection of cracks, abrasion, and other abnormalities inside pipelines that lead to pipeline failure, and development of new equipment or technologies that are inserted into pipelines to detect anomalies;

(3) internal inspection and leak detection technologies, including detection of leaks at very low volumes;

(4) methods of analyzing content of pipeline throughput;

(5) pipeline security, including improving the real-time surveillance of pipeline rights-of-way, developing tools for evaluating and enhancing pipeline security and infrastructure, reducing natural, technological, and terrorist threats, and protecting first response units and persons near an incident;

(6) risk assessment methodology, including vulnerability assessment and reduction of third-party damage;

(7) communication, control, and information systems security;

(8) fire safety of pipelines;

(9) improved excavation, construction, and repair technologies;

(10) corrosion detection and improving methods, best practices, and technologies for identifying, detecting, preventing, and managing internal and external corrosion and other safety risks; and

(11) other appropriate elements.

The results of activities carried out under paragraph (10) shall be used by the participating agencies to support development and improvement of national consensus standards.

(d) PROGRAM PLAN.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this section [Dec. 17, 2002], the Secretary of Transportation, in coordination with the Secretary of Energy and the Director of the National Institute of Standards and Technology, shall prepare and transmit to Congress a 5-year program plan to guide activities under this section. Such program plan shall be submitted to the Technical Pipeline Integrity Safety Standards Committee and the Technical Hazardous Liquid Pipeline Safety Standards Committee for review, and the report to Congress shall include the comments of the committees. The 5-year program plan shall be based on the memorandum of understanding under subsection (b) and take into account related activities of other Federal agencies.

(2) CONSULTATION.—In preparing the program plan and selecting and prioritizing appropriate project proposals, the Secretary of Transportation shall consult with or seek the advice of appropriate representatives of the natural gas, crude oil, and petroleum product pipeline industries, utilities, manufacturers, institutions of higher learning, Federal agencies, pipeline research institutions, national laboratories, State pipeline safety officials, labor organizations, environmental organizations, pipeline safety advocates, and professional and technical societies.

(e) REPORTS TO CONGRESS.—Not later than 1 year after the date of enactment of this Act [Dec. 17, 2002], and annually thereafter, the heads of the participating agencies shall transmit jointly to Congress a report on the status and results to date of the implementation of the program plan prepared under subsection (d).

(f) PIPELINE INTEGRITY PROGRAM.—Of the amounts available in the Oil Spill Liability Trust Fund established by section 9509 of the Internal Revenue Code of 1986 (26 U.S.C. 9509), $3,000,000 shall be transferred to the Secretary of Transportation, as provided in appropriation Acts, to carry out programs for detection, prevention, and mitigation of oil spills for each of the fiscal years 2003 through 2006.

(g) PARTICIPATING AGENCIES DEFINED.—In this section, the term ‘participating agencies’ means the Department of Transportation, the Department of Energy, and the National Institute of Standards and Technology.”

§ 60102. Purpose and general authority

(a) PURPOSE AND MINIMUM SAFETY STANDARDS.—

(1) PURPOSE.—The purpose of this chapter is to provide adequate protection against risks to life and property posed by pipeline transportation and pipeline facilities by improving the regulatory and enforcement authority of the Secretary of Transportation.

(2) MINIMUM SAFETY STANDARDS.—The Secretary shall prescribe minimum safety standards for pipeline transportation and for pipeline facilities. The standards—

(A) apply to owners and operators of pipeline facilities;

(B) may apply to the design, installation, inspection, emergency plans and procedures, testing, construction, extension, operation, replacement, and maintenance of pipeline facilities; and

(C) shall include a requirement that all individuals who operate and maintain pipeline facilities shall be qualified to operate and maintain the pipeline facilities.

(3) QUALIFICATIONS OF PIPELINE OPERATORS.—The qualifications applicable to an individual who operates and maintains a pipeline facility shall address the ability to recognize and react appropriately to abnormal operating conditions that may indicate a dangerous situation or a condition exceeding design limits. The operator of a pipeline facility shall ensure that employees who operate and maintain the facility are qualified to operate and maintain the pipeline facilities.

(b) PRACTICABILITY AND SAFETY NEEDS STANDARDS.—

(1) IN GENERAL.—A standard prescribed under subsection (a) shall be—

(A) practicable; and

(B) designed to meet the need for—

(i) gas pipeline safety, or safely transporting hazardous liquids, as appropriate; and

(ii) protecting the environment.

(2) FACTORS FOR CONSIDERATION.—When prescribing any standard under this section or...
section 60101(b), 60103, 60108, 60109, 60110, or 60113, the Secretary shall consider—
(A) relevant available—
(i) gas pipeline safety information;
(ii) hazardous liquid pipeline safety information; and
(iii) environmental information;
(B) the appropriateness of the standard for the particular type of pipeline transportation or facility;
(C) the reasonableness of the standard;
(D) based on a risk assessment, the reasonably identifiable or estimated benefits expected to result from implementation or compliance with the standard;
(E) based on a risk assessment, the reasonably identifiable or estimated costs expected to result from implementation or compliance with the standard;
(F) comments and information received from the public; and
(G) the comments and recommendations of the Technical Pipeline Safety Standards Committee, the Technical Hazardous Liquid Pipeline Safety Standards Committee, or both, as appropriate.
(3) Risk assessment.—In conducting a risk assessment referred to in subparagraphs (D) and (E) of paragraph (2), the Secretary shall—
(A) identify the regulatory and nonregulatory options that the Secretary considered in prescribing a proposed standard;
(B) identify the costs and benefits associated with the proposed standard;
(C) include—
(i) an explanation of the reasons for the selection of the proposed standard in lieu of the other options identified; and
(ii) with respect to each of those other options, a brief explanation of the reasons that the Secretary did not select the option; and
(D) identify technical data or other information upon which the risk assessment information and proposed standard is based.
(4) Review.—
(A) In General.—The Secretary shall—
(i) submit any risk assessment information prepared under paragraph (3) of this subsection to the Technical Pipeline Safety Standards Committee, the Technical Hazardous Liquid Pipeline Safety Standards Committee, or both, as appropriate; and
(ii) make that risk assessment information available to the general public.
(B) Peer review panels.—The committees referred to in subparagraph (A) shall serve as peer review panels to review risk assessment information prepared under this section. Not later than 90 days after receiving risk assessment information for review pursuant to subparagraph (A), each committee that receives that risk assessment information shall prepare and submit to the Secretary a report that includes—
(i) an evaluation of the merit of the data and methods used; and
(ii) any recommended options relating to that risk assessment information and the associated standard that the committee determines to be appropriate.
(C) Review by secretary.—Not later than 90 days after receiving a report submitted by a committee under subparagraph (B), the Secretary—
(i) shall review the report;
(ii) shall provide a written response to the committee that is the author of the report concerning all significant peer review comments and recommended alternatives contained in the report; and
(iii) may revise the risk assessment and the proposed standard before promulgating the final standard.
(5) Secretarial decisionmaking.—Except where otherwise required by statute, the Secretary shall propose or issue a standard under this Chapter only upon a reasoned determination that the benefits of the intended standard justify its costs.
(6) Exceptions from application.—The requirements of subparagraphs (D) and (E) of paragraph (2) do not apply when—
(A) the standard is the product of a negotiated rulemaking, or other rulemaking including the adoption of industry standards that receives no significant adverse comment within 60 days of notice in the Federal Register;
(B) based on a recommendation (in which three-fourths of the members voting concur) by the Technical Pipeline Safety Standards Committee, the Technical Hazardous Liquid Pipeline Safety Standards Committee, or both, as applicable, the Secretary waives the requirements; or
(C) the Secretary finds, pursuant to section 553(b)(3)(B) of title 5, United States Code, that notice and public procedure are not required.
(7) Report.—Not later than March 31, 2000, the Secretary shall transmit to the Congress a report that—
(A) describes the implementation of the risk assessment requirements of this section, including the extent to which those requirements have affected regulatory decisionmaking and pipeline safety; and
(B) includes any recommendations that the Secretary determines would make the risk assessment process conducted pursuant to the requirements under this chapter a more effective means of assessing the benefits and costs associated with alternative regulatory and nonregulatory options in prescribing standards under the Federal pipeline safety regulatory program under this chapter.
(c) Public safety program requirements.—
(I) The Secretary shall include in the standards prescribed under subsection (a) of this section a requirement that an operator of a gas pipeline facility participate in a public safety program that—
(A) notifies an operator of proposed demolition, excavation, tunneling, or construction near or affecting the facility;
(B) requires an operator to identify a pipeline facility that may be affected by the proposed demolition, excavation, tunneling, or construction, to prevent damaging the facility; and

(C) the Secretary decides will protect a facility adequately against a hazard caused by demolition, excavation, tunneling, or construction.

(2) To the extent a public safety program referred to in paragraph (1) of this subsection is not available, the Secretary shall prescribe standards requiring an operator to take action the Secretary prescribes to provide services comparable to services that would be available under a public safety program. 

(3) The Secretary may include in the standards prescribed under subsection (a) of this section a requirement that an operator of a hazardous liquid pipeline facility participate in a public safety program meeting the requirements of paragraph (1) of this subsection or maintain and carry out a damage prevention program that provides services comparable to services that would be available under a public safety program.

(4) PROMOTING PUBLIC AWARENESS.—

(A) Not later than one year after the date of enactment of the Accountable Pipeline Safety and Accountability Act of 1996, and annually thereafter, the owner or operator of each interstate gas pipeline facility shall provide to the governing body of each municipality in which the interstate gas pipeline facility is located, a map identifying the location of such facility.

(B)(i) Not later than June 1, 1998, the Secretary shall survey and assess the public education programs under section 60116 and the public safety programs under section 60102(c) and determine their effectiveness and applicability as components of a model program. In particular, the survey shall include the methods by which operators notify residents of the location of the facility and its right of way, public information regarding existing One-Call programs, and appropriate procedures to be followed by residents of affected municipalities in the event of accidents involving interstate gas pipeline facilities.

(ii) Not later than one year after the survey and assessment are completed, the Secretary shall institute a rulemaking to determine the most effective public safety and education program components and promulgate if appropriate, standards implementing those components on a nationwide basis. In the event that the Secretary finds that promulgation of such standards are not appropriate, the Secretary shall report to Congress the reasons for that finding.

(d) FACILITY OPERATION INFORMATION STANDARDS.—The Secretary shall prescribe minimum standards requiring an operator of a pipeline facility subject to this chapter to maintain, to the extent practicable, information related to operating the facility as required by the standards prescribed under this chapter and, when requested, to make the information available to the Secretary and an appropriate State official as determined by the Secretary. The information shall include—

(1) the business name, address, and telephone number, including an operations emergency telephone number, of the operator;

(2) accurate maps and a supplementary geographic description, including an identification of areas described in regulations prescribed under section 60109 of this title, that show the location in the State of—

(A) major gas pipeline facilities of the operator, including transmission lines and significant distribution lines; and

(B) major hazardous liquid pipeline facilities of the operator;

(3) a description of—

(A) the characteristics of the operator’s pipelines in the State; and

(B) products transported through the operator’s pipelines in the State;

(4) the manual that governs operating and maintaining pipeline facilities in the State;

(5) an emergency response plan describing the operator’s procedures for responding to and containing releases, including—

(A) identifying specific action the operator will take on discovering a release;

(B) liaison procedures with State and local authorities for emergency response; and

(C) communication and alert procedures for immediately notifying State and local officials at the time of a release; and

(6) other information the Secretary considers useful to inform a State of the presence of pipeline facilities and operations in the State.

(e) PIPE INVENTORY STANDARDS.—The Secretary shall prescribe minimum standards requiring an operator of a pipeline facility subject to this chapter to maintain for the Secretary, to the extent practicable, an inventory with appropriate information about the types of pipe used for the transportation of gas or hazardous liquid, as appropriate, in the operator’s system and additional information, including the material’s history and the leak history of the pipe. The inventory—

(1) for a gas pipeline facility, shall include an identification of each facility passing through an area described in regulations prescribed under section 60109 of this title but shall exclude equipment used with the compression of gas; and

(2) for a hazardous liquid pipeline facility, shall include an identification of each facility and gathering line passing through an area described in regulations prescribed under section 60109 of this title, whether the facility or gathering line otherwise is subject to this chapter, but shall exclude equipment associated only with the pipeline pumps or storage facilities.

(f) STANDARDS AS ACCOMODATING “SMART PIGS”.—

(1) MINIMUM SAFETY STANDARDS.—The Secretary shall prescribe minimum safety standards requiring that—

(A) the design and construction of new natural gas transmission pipeline or hazardous liquid pipeline facilities, and

See References in Text note below.
(B) when the replacement of existing natural gas transmission pipeline or hazardous liquid pipeline facilities or equipment is required, the replacement of such existing facilities be carried out, to the extent practical, in a manner so as to accommodate the passage through such natural gas transmission pipeline or hazardous liquid pipeline facilities of instrumented internal inspection devices (commonly referred to as “smart pigs”). The Secretary may extend such standards to require existing natural gas transmission pipeline or hazardous liquid pipeline facilities, whose basic construction would accommodate an instrumented internal inspection device to be modified to permit the inspection of such facilities with instrumented internal inspection devices.

(2) PERIODIC INSPECTIONS.—Not later than October 24, 1995, the Secretary shall prescribe, if necessary, additional standards requiring the periodic inspection of each pipeline the operator of the pipeline identifies under section 60109 of this title. The standards shall include any circumstances under which an inspection shall be conducted with an instrumented internal inspection device and, if the device is not required, use of an inspection method that is at least as effective as using the device in providing for the safety of the pipeline.

(g) EFFECTIVE DATES.—A standard prescribed under this section and section 60110 of this title is effective on the 30th day after the Secretary prescribes the standard. However, the Secretary for good cause may prescribe a different effective date when required because of the time reasonably necessary to comply with the standard. The different date must be specified in the regulation prescribing the standard.

(h) SAFETY CONDITION REPORTS.—(1) The Secretary shall prescribe regulations requiring each operator of a pipeline facility (except a master meter) to submit to the Secretary a written report on any—
(A) condition that is a hazard to life, property, or the environment; and
(B) safety-related condition that causes or has caused a significant change or restriction in the operation of a pipeline facility.

(2) The Secretary must receive the report not later than 5 working days after a representative of a person to which this section applies first establishes that the condition exists. Notice of the condition shall be given concurrently to appropriate State authorities.

(1) CARBON DIOXIDE REGULATION.—The Secretary shall regulate carbon dioxide transported by a hazardous liquid pipeline facility. The Secretary shall prescribe standards related to hazardous liquid to ensure the safe transportation of carbon dioxide by such a facility.

(j) EMERGENCY FLOW RestrictING DEVICES.—(1) Not later than October 24, 1994, the Secretary shall survey and assess the effectiveness of emergency flow restricting devices (including remotely controlled valves and check valves) and other procedures, systems, and equipment used to detect and locate hazardous liquid pipeline ruptures and minimize product releases from hazardous liquid pipeline facilities.

(2) Not later than 2 years after the survey and assessment are completed, the Secretary shall prescribe standards on the circumstances under which an operator of a hazardous liquid pipeline facility must use an emergency flow restricting device or other procedure, system, or equipment described in paragraph (1) of this subsection on the facility.

(3) REMOTELY CONTROLLED VALVES.—(A) Not later than June 1, 1998, the Secretary shall survey and assess the effectiveness of remotely controlled valves to shut off the flow of natural gas in the event of a rupture of an interstate natural gas pipeline facility and shall make a determination about whether the use of remotely controlled valves is technically and economically feasible and would reduce risks associated with a rupture of an interstate natural gas pipeline facility.

(B) Not later than one year after the survey and assessment are completed, if the Secretary has determined that the use of remotely controlled valves is technically and economically feasible and would reduce risks associated with a rupture of an interstate natural gas pipeline facility, the Secretary shall prescribe standards under which an operator of an interstate natural gas pipeline facility must use a remotely controlled valve. These standards shall include, but not be limited to, requirements for high-density population areas.

(k) LOW-STRESS HAZARDOUS LIQUID PIPELINES.—

(1) MINIMUM STANDARDS.—Not later than December 31, 2007, the Secretary shall issue regulations subjecting low-stress hazardous liquid pipelines to the same standards and regulations as other hazardous liquid pipelines, except as provided in paragraph (3). The implementation of the applicable standards and regulatory requirements may be phased in. The regulations issued under this paragraph shall not apply to gathering lines.

(2) GENERAL PROHIBITION AGAINST LOW INTERNAL STRESS EXCEPTION.—Except as provided in paragraph (3), the Secretary may not provide an exception to the requirements of this chapter for a hazardous liquid pipeline because the pipeline operates at low internal stress.

(3) LIMITED EXCEPTIONS.—The Secretary shall provide or continue in force exceptions to this subsection for low-stress hazardous liquid pipelines that—
(A) are subject to safety regulations of the United States Coast Guard; or
(B) serve refining, manufacturing, or truck, rail, or vessel terminal facilities if the pipeline is less than 1 mile long (measured outside the facility grounds) and does not cross an offshore area or a waterway currently used for commercial navigation, until regulations issued under paragraph (1) become effective. After such regulations become effective, the Secretary may retain or remove those exceptions as appropriate.

(4) RELATIONSHIP TO OTHER LAWS.—Nothing in this subsection shall be construed to prohibit or otherwise affect the applicability of any other statutory or regulatory exemption to any hazardous liquid pipeline.

(5) DEFINITION.—For purposes of this subsection, the term “low-stress hazardous liquid
pipeline” means a hazardous liquid pipeline that is operated in its entirety at a stress level of 20 percent or less of the specified minimum yield strength of the line pipe.

(6) EFFECTIVE DATE.—The requirements of this subsection shall not take effect as to low-stress hazardous liquid pipeline operators before the effective date of the rules promulgated by the Secretary under this subsection.

(l) UPDATING STANDARDS.—The Secretary shall, to the extent appropriate and practicable, update incorporated industry standards that have been adopted as part of the Federal pipeline safety regulatory program under this chapter.

(m) INSPECTIONS BY DIRECT ASSESMENT.—Not later than 1 year after the date of the enactment of this subsection, the Secretary shall issue regulations prescribing standards for inspection of a pipeline facility by direct assessment.

In this section, the word “Federal” is omitted as surplus.

In subsection (a)(1), before clause (A), the word “prescribe” is substituted for “by regulation, establish” for consistency in the revised title and with other titles of the United States Code. Standards are made applicable to transporters of gas and to owners and operators of gas pipeline facilities because of 49 App.:1672(a)(1), re-stated in section 60118 of the revised title.

In subsection (b), before clause (A), the words “Except as provided in section 60103 of this title” are added for clarity. In clause (3), the word “proposed” is omitted as surplus.

In subsection (c)(1), before clause (A), the words “Not later than 12 months after November 30, 1979” are omitted as executed. The word “gas” is added because of the
restatement. In clause (B), the word “specific” is omitted as surplus. In clause (C), the words “will protect” are substituted for “is being carried out in a manner to assure protection” to eliminate unnecessary words.

In subsection (c)(2) and (3), the words “to the public with respect to that operator’s pipeline facilities which are” are omitted as surplus.

In subsection (c)(2), the word “prescribe” is substituted for “provide” for consistency in the revised title and with other titles of the Code. The word “maintain” is substituted for “provide, and revise as necessary” and “completed and maintained” to eliminate unnecessary words. The words “as the case may be” are omitted as surplus. In clause (2), before subclause (A), the words “map or” and “appropriate” are omitted as surplus. In clause (5)(B), the word “government” is omitted as surplus and for consistency in this chapter. In clause (6), the words “and necessary” are omitted as surplus.

In subsections (e) and (f), the word “prescribe” is substituted for “establish by regulation” for consistency in the revised title and with other titles of the Code. In subsection (e), before clause (1), the words “not later than 1 year after October 31, 1988” are omitted as obsolete. The word “prescribe” is substituted for “establish by regulation” for consistency in the revised title and with other titles of the Code.

In subsection (e), before clause (1), the words “not later than 1 year after October 31, 1988” are omitted as obsolete. The words “complete and” and “and to revise as appropriate thereafter” are omitted as surplus. In subsections (e)(2) and (k), the words “regulation under” are omitted as surplus.

In subsection (g), the words “and amendments there- to” and “recited” are omitted as surplus. The word “different” is substituted for “earlier or later” to eliminate unnecessary words. The words “or amend- ing” are omitted as surplus.

In subsection (h)(1), before clause (A), the words “not later than 12 months after October 22, 1988” are omitted as obsolete.

In subsection (i), the words “in addition to hazardous liquids” and “under this chapter” and “as necessary and appropriate” are omitted as surplus.

In subsection (k), the words “In exercising any dis- cretion under this chapter” are omitted as surplus. The word “because” is substituted for “on the basis of the fact that” to eliminate unnecessary words.

REFERENCES IN TEXT

The date of enactment of the Accountable Pipeline Safety and Accountability Act of 1996, Pub. L. 104–394, which amended this section and was approved Oct. 12, 1996.

The date of the enactment of this subsection, referred to in subsec. (m), is the date of enactment of Pub. L. 107–355, which was approved Dec. 17, 2002.

AMENDMENTS

2006—Subsec. (k). Pub. L. 109–468 amended heading and text of subsec. (k) generally. Prior to amendment, text read as follows: “The Secretary may not provide an exemption to this chapter for a hazardous liquid pipeline facility only because the facility operates at low internal stress.”

Subsec. (a). Pub. L. 107–355, §203(a)(1), inserted subsec. heading, added par. (1), redesignated former par. (1) as (2), realigned margins, and substituted “MINIMUM SAFETY STANDARDS” for “MINIMUM SAFETY STANDARDS” in heading and “The Secretary” for “The Secretary of Transportation” in introductory provisions, and redesignated former par. (2) as (3) and inserted heading.

Subsec. (a)(1)(C). Pub. L. 104–304, §4(a)(2), added subpar. (C) and struck out former subpar. (C) which read as follows: “shall include a requirement that all individuals responsible for the operation and maintenance of pipeline facilities be tested for qualifications and certified to operate and maintain those facilities.”

Subsec. (a)(2). Pub. L. 104–304, §4(a)(3), added par. (2) and struck out former par. (2) which read as follows: “As the Secretary considers appropriate, the operator of a pipeline facility may make the certification under paragraph (1)(C) of this subsection. Testing and certification under paragraph (1)(C) shall address the ability to recognize and react appropriately to abnormal operating conditions that may indicate a dangerous situation or a condition exceeding design limits.”

Subsec. (b). Pub. L. 104–304, §4(b), struck out heading without change and amended text generally. Prior to amendment, text read as follows: “A standard prescribed under subsection (a) of this section shall be practicable and designed to meet the need for gas pipeline safety, for safely transporting hazardous liquid, and for protecting the environment. Except as provided in section 60103 of this title, when prescribing the standard the Secretary shall consider—

“(1) the extent to which the standard will contribute to public safety and the protection of the environment.

“(2) the appropriateness of the standard for the particular type of pipeline transportation or facility;

“(3) the reasonableness of the standard; and

“(4) the extent to which the standard will contribute to public safety and the protection of the environment.”

Subsec. (d). Pub. L. 104–304, §4(d)(1), inserted the word “required” after “the standards prescribed under this chapter” after “operating the facility”, substituted “to make the information available” for “to provide the information”, and inserted “as determined by the Secretary” after “to the Secretary and an appropriate State official”.

Pub. L. 104–304, §4(d)(3), in introductory provisions, directed striking out “and, to the extent the Secretary considers necessary, an operator of a gathering line that is not a regulated gather line (as defined under section 60103(b)(2) of this title)” after “subject to this chapter”, which was executed by striking out text which read in part “regulated gathering line” instead of “regulated gather line”, to reflect the probable intent of Congress.

Subsec. (f)(1). Pub. L. 104–304, §4(e)(1), added heading and text of par. (1) and struck out former par. (1) which read as follows: “The Secretary shall prescribe minimum safety standards requiring that the design and construction of a new gas pipeline transmission facility or hazardous liquid pipeline facility, and the required replacement of an existing gas pipeline transmission facility, hazardous liquid pipeline facility, or equipment, be carried out, to the extent practicable, in a way that accommodates the passage through the facility of an instrumented internal inspection device (commonly referred to as a ‘smart pig’). The Secretary may apply the standard to an existing gas or hazardous liquid transmission facility and require the facility to be changed to allow the facility to be inspected with an instrumented internal inspection device if the basic construction of the facility will accommodate the device.”

Subsec. (f)(2). Pub. L. 104–304, §§4(e)(2), 20(g), inserted heading, realigned margins, inserted “, if necessary,
additional” after “the Secretary shall prescribe”, and substituted “standards” for “regulations” in two places.

Subsecs. (i), (j)(2), Pub. L. 104–304, §20(g), substituted “standards” for “regulations”.

STANDARDS TO IMPLEMENT NTSB RECOMMENDATIONS

Pub. L. 109–468, §19, Dec. 29, 2006, 120 Stat. 3011, provided that: “Not later than June 1, 2008, the Secretary of Transportation shall issue standards that implement the following recommendations contained in the National Transportation Safety Board’s report entitled ‘Supervisory Control and Data Acquisition (SCADA) in Liquid Pipelines’ and adopted November 29, 2005:

‘(1) Implementation of the American Petroleum Institute’s Recommended Practice 1165 for the use of graphics on the supervisory control and data acquisition screens.’

‘(2) Implementation of a standard for pipeline companies to review and audit alarms on monitoring equipment.

‘(3) Implementation of standards for pipeline control training that include simulator or noncomputerized simulations for controller recognition of abnormal pipeline operating conditions, in particular, leak events.’

STATE PIPELINE SAFETY ADVISORY COMMITTEES

Pub. L. 107–355, §24, Dec. 29, 2002, 116 Stat. 3011, provided that: “Within 90 days after receiving recommendations for improvements to pipeline safety from an advisory committee appointed by the Governor of any State, the Secretary of Transportation shall respond in writing to the committee setting forth what action, if any, the Secretary will take on those recommendations and the Secretary’s reasons for acting or not acting upon any of the recommendations.”

§60103. Standards for liquefied natural gas pipeline facilities

(a) LOCATION STANDARDS.—The Secretary of Transportation shall prescribe minimum safety standards for deciding on the location of a new liquefied natural gas pipeline facility. In prescribing a standard, the Secretary shall consider the—

(1) kind and use of the facility;

(2) existing and projected population and demographic characteristics of the location;

(3) existing and proposed land use near the location;

(4) natural physical aspects of the location:

(5) medical, law enforcement, and fire prevention capabilities near the location that can cope with a risk caused by the facility; and

(6) need to encourage remote siting.

(b) DESIGN, INSTALLATION, CONSTRUCTION, INSPECTION, AND TESTING STANDARDS.—The Secretary of Transportation shall prescribe minimum safety standards for designing, installing, constructing, initially inspecting, and initially testing a new liquefied natural gas pipeline facility. When prescribing a standard, the Secretary shall consider—

(1) the characteristics of material to be used in constructing the facility and of alternative material;

(2) design factors;

(3) the characteristics of the liquefied natural gas to be stored or converted at, or transported by, the facility; and

(4) the public safety factors of the design and of alternative designs, particularly the ability to prevent and contain a liquefied natural gas spill.

(c) NONAPPLICATION.—(1) Except as provided in paragraph (2) of this subsection, a design, location, installation, construction, initial inspection, or initial testing standard prescribed under this chapter after March 1, 1978, does not apply to an existing liquefied natural gas pipeline facility if the standard is to be applied because of authority given—

(A) under this chapter; or

(B) under another law, and the standard is not prescribed at the time the authority is applied.

(2)(A) Any design, installation, construction, initial inspection, or initial testing standard prescribed under this chapter after March 1, 1978, may provide that the standard applies to any part of a replacement component of a liquefied natural gas pipeline facility if the component or part is placed in service after the standard is prescribed and application of the standard—

(i) does not make the component or part incompatible with other components or parts; or

(ii) is not impracticable otherwise.

(B) Any location standard prescribed under this chapter after March 1, 1978, does not apply to any part of a replacement component of an existing liquefied natural gas pipeline facility.

(d) OPERATION AND MAINTENANCE STANDARDS.—The Secretary of Transportation shall prescribe minimum operating and maintenance standards for a liquefied natural gas pipeline facility. In prescribing a standard, the Secretary shall consider—

(1) the conditions, features, and type of equipment and structures that make up or are used in connection with the facility;

(2) the fire prevention and containment equipment at the facility;

(3) security measures to prevent an intentional act that could cause a liquefied natural gas accident;

(4) maintenance procedures and equipment;

(5) the training of personnel in matters specified by this subsection; and

(6) other factors and conditions related to the safe handling of liquefied natural gas.

(e) EFFECTIVE DATES.—A standard prescribed under this section is effective on the 30th day after the Secretary of Transportation prescribes the standard. However, the Secretary for good cause may prescribe a different effective date when required because of the time reasonably necessary to comply with the standard. The different date must be specified in the regulation prescribing the standard.

(f) CONTINGENCY PLANS.—A new liquefied natural gas pipeline facility may be operated only after the operator submits an adequate contingency plan that states the action to be taken if a liquefied natural gas accident occurs. The Sec-
The words "'thermal resistance and other’ are omitted as surplus. In clause (4), the words "(such as multiple diking, insulated concrete, and vapor containment barrier)" are omitted as surplus. In clause (3), the words "under such a design" are omitted as surplus. In clause (2), the words "(for example, whether it is to be in a liquid or semi-solid state)" are omitted as surplus. In clause (1), the words "under such a facility" are omitted because of the restatement. In clause (4), the words "meteorological, geological, topographical, seismic, and other" are omitted as surplus.

In subsections (a), (b), and (d), the words "'general safety’ are omitted as surplus. The text of 49 App.:1674a(e) is omitted for consistency in the revised title and with other titles of the United States Code.

In subsections (a) and (b), before each clause (1), the words "'Not later than 180 days after November 30, 1979’ are omitted as executed. The word "prescribe” is substituted for "establish by regulation” for consistency in the revised title and with other titles of the Code.

In subsection (a), before clause (1), the words "'with respect to standards relating to the location of any new LNG facility’ are omitted because of the restatement. In clause (2), the word "‘involved’ is omitted as surplus. In clause (4), the words "’meteoro-geological, geological, topographical, seismic, and other’ are omitted as surplus. In clause (5), the word "‘existing’ is omitted as surplus.

In subsection (b), before clause (1), the text of 49 App.:1674a(a)(2) (1st sentence) is omitted as executed. The text of 49 App.:1674a(a)(2) (last sentence) is omitted as surplus. The words “'with respect to standards applicable to the design, installation, construction, initial inspection, and initial testing of any new LNG facility’ are omitted because of the restatement. In clause (1), the words "'thermal resistance and other’ are omitted as surplus. In clause (2), the words ‘(such as multiple diking, insulated concrete, and vapor containment barriers)” are omitted as surplus. In clause (3), the words “orient example, whether it is to be in a liquid or semi-solid state)” are omitted as surplus. In clause (4), the words "'under such a design’ are omitted as surplus.

In subsection (c)(1) and (2), the word “prescribed” is substituted for “‘issued” for consistency in the revised title and with other titles of the Code.

In subsection (c)(1), before clause (A), the words “'if the standard is to be applied’ are added for clarity. The word “‘other’ is omitted as surplus. In clause (B), the word “‘Federal’ is omitted as surplus. The words “the authority is applied” are substituted for “'such authority was exercised” for clarity.

In subsection (c)(2)(A), before clause (1), the words “‘design, installation, construction, initial inspection, or initial testing standard prescribed under this chapter after March 1, 1978’ are substituted for “Any such standard (other than one affecting location)” for clarity. In clause (1), the words “‘of the facility involved”’ are omitted as surplus. In clause (2), the word “otherwise” is omitted as surplus.

In subsection (d), before clause (1), the words “Not later than 270 days after November 30, 1979” are omitted as executed. The words “'with respect to standards for the operation and maintenance (sic) of any LNG facility” are omitted because of the restatement. In clause (3), the words “to be used with respect to the operation of such facility” and “‘sabotage or other’ are omitted as surplus.

In subsection (e), the text of 49 App.:1674a(f) (related to 49 App.:1672(a)(1) (6th, last sentences), (c), and (d)) is omitted as surplus because those provisions apply to all standards prescribed under the Natural Gas Pipeline Safety Act of 1968 (Public Law 90–381, 82 Stat. 729).

In subsection (f), the words “‘Secretary of Energy” are substituted for “Department of Energy” because of 42:7131. The words “or local” are added for clarity. The words “'in the case of any facility not subject to the jurisdiction of the Department under the Natural Gas Act” are omitted as surplus.

§ 60104. Requirements and limitations

(a) OPPORTUNITY TO PRESENT VIEWS.—The Secretary of Transportation shall give an interested person an opportunity to make oral and written presentations of information, views, and arguments when prescribing a standard under this chapter.

(b) NONAPPLICATION.—A design, installation, construction, initial inspection, or initial testing standard does not apply to a pipeline facility existing when the standard is adopted.

(c) PREEMPTION.—A State authority that has submitted a current certification under section 60105(a) of this title may adopt additional or more stringent safety standards for intrastate pipeline facilities and interstate pipeline transportation only if those standards are compatible with the minimum standards prescribed under this chapter. A State authority may not adopt or continue in force safety standards for interstate pipeline facilities subject to this chapter. Notwithstanding the preceding sentence, a State authority may enforce a requirement of a one-call notification program of the State if the program meets the requirements for one-call notification programs under this chapter or chapter 61.

(d) CONSULTATION.—(1) When continuity of gas service is affected by prescribing a standard or waiving compliance with standards under this chapter, the Secretary of Transportation shall consult with and advise the Federal Energy Regulatory Commission or a State authority having jurisdiction over the affected gas pipeline facility before prescribing the standard or waiving compliance. The Secretary shall delay the effective date of the standard or waiver until the Commission or State authority has a reasonable opportunity to grant an authorization it considers necessary.

(2) In a proceeding under section 3 or 7 of the Natural Gas Act (15 U.S.C. 717b or 717f), each applicant for authority to import natural gas or to establish, construct, operate, or extend a gas pipeline facility subject to an applicable safety standard shall certify that it will design, install, inspect, test, construct, operate, replace, and maintain a gas pipeline facility under those standards and plans for inspection and maintenance under section 60108 of this title. The certification is binding on the Secretary of Energy and the Commission except when an appropriate enforcement agency has given timely written notice to the Commission that the applicant has violated a standard prescribed under this chapter.
(e) LOCATION AND ROUTING OF FACILITIES.—This chapter does not authorize the Secretary of Transportation to prescribe the location or routing of a pipeline facility.

Subsection (a) is substituted for 49 App.:1672(c) (last sentence) and 2002(g) (last sentence) to eliminate unnecessary words. The text of 49 App.:1672(c) (1st sentence) and 2002(g) (1st sentence) is omitted as unnecessary because 5:ch. 5, subch. II applies unless otherwise stated.

In subsection (c), the words “prescribed under this chapter” are added for clarity. The words “after the Federal minimum standards become effective” in 49 App.:1672(a) (last sentence) are omitted as obsolete.

In subsection (d)(1), the words “waiving compliance” are substituted for “action upon application for waiver” and “acting on the waiver application” to eliminate unnecessary words. The words “the provisions of” are omitted as surplus. The word “authority” is substituted for “commission” for consistency in the revised title and with other titles of the Code.

In subsection (d)(2), the words “and conclusive” are omitted as being included in “binding”. The words “Secretary of Energy” are substituted for “Department of Energy” because of 42:7231.

AMENDMENTS

2002—Subsec. (c). Pub. L. 107–355 inserted at end “Notwithstanding the preceding sentence, a State authority may enforce a requirement of a one-call notification program of the State if the program meets the requirements for one-call notification programs under this chapter or chapter 41.”

§ 60105. State pipeline safety program certifications

(a) GENERAL REQUIREMENTS AND SUBMISSION.—

Except as provided in this section and sections 60114 and 60121 of this title, the Secretary of Transportation may not prescribe or enforce safety standards and practices for an intrastate pipeline facility or intrastate pipeline transportation to the extent that the safety standards and practices are regulated by a State authority (including a municipality if the standards and practices apply to intrastate gas pipeline transportation) that submits to the Secretary annually a certification for the facilities and transportation that complies with subsections (b) and (c) of this section.

(b) CONTENTS.—Each certification submitted under subsection (a) of this section shall state that the State authority—

(1) has regulatory jurisdiction over the standards and practices to which the certification applies;

(2) has adopted, by the date of certification, each applicable standard prescribed under this chapter or, if a standard under this chapter was prescribed not later than 120 days before certification, is taking steps to adopt that standard;

(3) is enforcing each adopted standard through ways that include inspections conducted by State employees meeting the qualifications the Secretary prescribes under section 60107(d)(1)(C) of this title;

(4) is encouraging and promoting the establishment of a program designed to prevent damage by demolition, excavation, tunneling, or construction activity to the pipeline facilities to which the certification applies that subjects persons who violate the applicable requirements of that program to civil penalties and other enforcement actions that are substantially the same as are provided under this chapter, and addresses the elements in section 60134(b);

(5) may require record maintenance, reporting, and inspection substantially the same as provided under section 60117 of this title;

(6) may require that plans for inspection and maintenance under section 60108 (a) and (b) of this title be filed for approval; and

(7) may enforce safety standards of the authority under a law of the State by injunctive relief and civil penalties substantially the same as provided under sections 60120 and 60122(a)(1) and (b–f) of this title.

(c) REPORTS.—(1) Each certification submitted under subsection (a) of this section shall include a report that contains—

(A) the name and address of each person to whom the certification applies that is subject to the safety jurisdiction of the State authority;

(B) each accident or incident reported during the prior 12 months by that person involving a fatality, personal injury requiring hospitalization, or property damage or loss of more than an amount the Secretary establishes (even if the person sustaining the fatality, personal injury, or property damage or loss is not subject to the safety jurisdiction of the authority), any other accident the authority considers significant, and a summary of the investigation by the authority of the cause and circumstances surrounding the accident or incident;

(C) the record maintenance, reporting, and inspection practices conducted by the author-
ity to enforce compliance with safety standards prescribed under this chapter to which the certification applies, including the number of inspections of pipeline facilities the authority made during the prior 12 months; and any other information the Secretary requires.

(2) The report included in the first certification submitted under subsection (a) of this section is only required to state information available at the time of certification.

(d) APPLICATION.—A certification in effect under this section does not apply to safety standards prescribed under this chapter after the date of certification. This chapter applies to each applicable safety standard prescribed after the date of certification until the State authority adopts the standard and submits the appropriate certification to the Secretary under subsection (a) of this section.

(e) MONITORING.—The Secretary may monitor a safety program established under this section to ensure that the program complies with the certification. A State authority shall cooperate with the Secretary under this subsection.

(f) REJECTIONS OF CERTIFICATION.—If after receiving a certification the Secretary decides that the State authority is not enforcing satisfactorily compliance with applicable safety standards prescribed under this chapter, the Secretary may reject the certification, assert United States Government jurisdiction, or take other appropriate action to achieve adequate enforcement. The Secretary shall give the authority notice and an opportunity for a hearing before taking final action under this subsection. When notice is given, the burden of proof is on the authority to demonstrate that it is enforcing satisfactorily compliance with the prescribed standards.

§ 60106  TITLe 49—Transportation

In subsection (a), the words “applicable to same” are omitted as surplus. The words “for the facilities and transportation that complies with subsections (b) and (c) of this section” are added for clarity.

In subsections (b) and (c), the words “to which the certification applies” and “to whom the certification applies” are added because of the restatement.

In subsection (b)(2), the words “Federal safety” and “pursuant to State law” are omitted as surplus.

In subsection (c)(1), before clause (A), the word “annual” is omitted as surplus. The words “such form as the Secretary may by regulation provide” are omitted as surplus because of 49:322(a).

In subsection (c)(3), the words “a detail of” are omitted as surplus.

In subsection (c)(4), before clause (B), the word “necessary” is omitted as surplus. The words “with the Secretary” are substituted for “in such form as the Secretary may, in such form as the Secretary may...”.

In subsection (c)(6), the words “with the Secretary” are substituted for “in such form as the Secretary may, in such form as the Secretary may...”.

In subsection (f), the words “with respect” and “new or amended Federal” are omitted as surplus.

In subsection (e), the words “conduct whatever...” may be necessary” and “fully” are omitted as surplus. The words “with the Secretary” are substituted for “in any monitoring of their programs” for clarity.

In subsection (f), the words “prescribed under this chapter” are added for clarity. The word “reasonable” is omitted as surplus.

AMENDMENTS

2006—Subsec. (b)(4). Pub. L. 109–468 amended par. (4) generally. Prior to amendment, par. (4) read as follows: “is encouraging and promoting programs designed to prevent damage by demolition, excavation, tunneling, or construction activity to the pipeline facilities to which the certification applies:”.

1996—Pub. L. 104–301 substituted “State pipeline safety program certifications” for “State certifications” in section catchline.

§ 60106. State pipeline safety agreements

(a) AGREEMENTS WITHOUT CERTIFICATION.—If the Secretary of Transportation does not receive a certification under section 60105 of this title, the Secretary may make an agreement with a State authority (including municipality if the agreement applies to intrastate gas pipeline transportation) authorizing it to take necessary action. Each agreement shall—

(1) establish an adequate program for record maintenance, reporting, and inspection designed to assist compliance with applicable safety standards prescribed under this chapter; and

(2) prescribe procedures for approval of plans of inspection and maintenance substantially
the same as required under section 60108 (a) and (b) of this title.

(b) AGREEMENTS WITH CERTIFICATION.—

(1) IN GENERAL.—If the Secretary accepts a certification under section 60105 and makes the determination required under this subsection, the Secretary may make an agreement with a State authority authorizing it to participate in the oversight of interstate pipeline transportation. Each such agreement shall include a plan for the State authority to participate in special investigations involving incidents or new construction and allow the State authority to participate in other activities overseeing interstate pipeline transportation or to assume additional inspection or investigatory duties. Nothing in this section modifies section 60104 (c) or authorizes the Secretary to delegate the enforcement of safety standards for interstate pipeline facilities prescribed under this chapter to a State authority.

(2) DETERMINATIONS REQUIRED.—The Secretary may not enter into an agreement under this subsection, unless the Secretary determines in writing that—

(A) the agreement allowing participation of the State authority is consistent with the Secretary’s program for inspection and consistent with the safety policies and provisions provided under this chapter;

(B) the interstate participation agreement would not adversely affect the oversight responsibilities of intrastate pipeline transportation by the State authority;

(C) the State is carrying out a program demonstrated to promote preparedness and risk prevention activities that enable communities to live safely with pipelines;

(D) the State meets the minimum standards for State one-call notification set forth in chapter 61; and

(E) the actions planned under the agreement would not impede interstate commerce or jeopardize public safety.

(3) EXISTING AGREEMENTS.—If requested by the State authority, the Secretary shall authorize a State authority which had an interstate agreement in effect after January 31, 1999, to oversee interstate pipeline transportation pursuant to the terms of that agreement until the Secretary determines that the State meets the requirements of paragraph (2) and executes a new agreement, or until December 31, 2003, whichever is sooner. Nothing in this paragraph shall prevent the Secretary, after affording the State notice, hearing, and an opportunity to correct any alleged deficiencies, from terminating an agreement that was in effect before enactment of the Pipeline Safety Improvement Act of 2002 if—

(A) the State authority fails to comply with the terms of the agreement;

(B) implementation of the agreement has resulted in a gap in the oversight responsibilities of intrastate pipeline transportation by the State authority; or

(C) continued participation by the State authority in the oversight of interstate pipeline transportation has had an adverse impact on pipeline safety.

(c) NOTIFICATION.—

(1) IN GENERAL.—Each agreement shall require the State authority to notify the Secretary promptly of a violation or probable violation of an applicable safety standard discovered as a result of action taken in carrying out an agreement under this section.

(2) RESPONSE BY SECRETARY.—If a State authority notifies the Secretary under paragraph (1) of a violation or probable violation of an applicable safety standard, the Secretary, not later than 60 days after the date of receipt of the notification, shall—

(A) issue an order under section 60118 (b) or take other appropriate enforcement actions to ensure compliance with this chapter; or

(B) provide the State authority with a written explanation as to why the Secretary has determined not to take such actions.

(d) MONITORING.—The Secretary may monitor a safety program established under this section to ensure that the program complies with the agreement. A State authority shall cooperate with the Secretary under this subsection.

(e) ENDING AGREEMENTS.—

(1) PERMISSIVE TERMINATION.—The Secretary may end an agreement under this section when the Secretary finds that the State authority has not complied with any provision of the agreement.

(2) MANDATORY TERMINATION OF AGREEMENT.—The Secretary shall end an agreement for the oversight of interstate pipeline transportation if the Secretary finds that—

(A) implementation of such agreement has resulted in a gap in the oversight responsibilities of intrastate pipeline transportation by the State authority;

(B) the State actions under the agreement have failed to meet the requirements under subsection (b); or

(C) continued participation by the State authority in the oversight of interstate pipeline transportation would not promote pipeline safety.

(3) PROCEDURAL REQUIREMENTS.—The Secretary shall give notice and an opportunity for a hearing to a State authority before ending an agreement under this section. The Secretary may provide a State an opportunity to correct any deficiencies before ending an agreement. The finding and decision to end the agreement shall be published in the Federal Register and may not become effective for at least 15 days after the date of publication unless the Secretary finds that continuation of an agreement poses an imminent hazard.

§ 60107. State pipeline safety grants

(a) GENERAL AUTHORITY.—If a State authority files an application not later than September 30 of a calendar year, the Secretary of Transportation shall pay not more than 80 percent of the cost of the personnel, equipment, and activities the authority reasonably requires during the next calendar year—

(1) to carry out a safety program under a certification under section 60105 of this title or an agreement under section 60106 of this title; or 

(2) to act as an agent of the Secretary on interstate gas pipeline facilities or interstate hazardous liquid pipeline facilities.

(b) PAYMENTS.—After notifying and consulting with a State authority, the Secretary may withhold any part of a payment when the Secretary decides that the authority is not carrying out satisfactorily a safety program or not acting satisfactorily as an agent. The Secretary may pay an authority under this section only when the authority ensures the Secretary that it will provide the remaining costs of a safety program and that the total State amount spent for a safety program (excluding grants of the United States Government) will at least equal the average amount spent for gas and hazardous liquid safety programs for the 3 fiscal years prior to the fiscal year in which the Secretary makes the payment, except when the Secretary waives this requirement.

(c) APPORTIONMENT AND METHOD OF PAYMENT.—The Secretary shall apportion the amount appropriated to carry out this section among the States. A payment may be made under this section in installments, in advance, or on a reimbursable basis. 

(d) ADDITIONAL AUTHORITY AND CONSIDERATIONS.—(1) The Secretary may prescribe—

(A) the form of, and way of filing, an application under this section; 

(B) reporting and fiscal procedures the Secretary considers necessary to ensure the proper accounting of money of the Government; and 

(C) qualifications for a State to meet to receive a payment under this section, including qualifications for State employees who perform inspection activities under section 60105 or 60106 of this title.

(2) The qualifications prescribed under paragraph (1)(C) of this subsection may—

(A) consider the experience and training of the employee; 

(B) order training or other requirements; and 

(C) provide for approval of qualifications on a conditional basis until specified requirements are met.

HISTORICAL AND REVISION NOTES

Title 49—Transportation

§ 60107. State pipeline safety grants

(a) GENERAL AUTHORITY.—If a State authority files an application not later than September 30 of a calendar year, the Secretary of Transportation shall pay not more than 80 percent of the cost of the personnel, equipment, and activities

(b) PAYMENTS.—After notifying and consulting with a State authority, the Secretary may withhold any part of a payment when the Secretary decides that the authority is not carrying out satisfactorily a safety program or not acting satisfactorily as an agent. The Secretary may pay an authority under this section only when the authority ensures the Secretary that it will provide the remaining costs of a safety program and that the total State amount spent for a safety program (excluding grants of the United States Government) will at least equal the average amount spent for gas and hazardous liquid safety programs for the 3 fiscal years prior to the fiscal year in which the Secretary makes the payment, except when the Secretary waives this requirement.

(c) APPORTIONMENT AND METHOD OF PAYMENT.—The Secretary shall apportion the amount appropriated to carry out this section among the States. A payment may be made under this section in installments, in advance, or on a reimbursable basis. 

(d) ADDITIONAL AUTHORITY AND CONSIDERATIONS.—(1) The Secretary may prescribe—

(A) the form of, and way of filing, an application under this section; 

(B) reporting and fiscal procedures the Secretary considers necessary to ensure the proper accounting of money of the Government; and 

(C) qualifications for a State to meet to receive a payment under this section, including qualifications for State employees who perform inspection activities under section 60105 or 60106 of this title.

(2) The qualifications prescribed under paragraph (1)(C) of this subsection may—

(A) consider the experience and training of the employee; 

(B) order training or other requirements; and 

(C) provide for approval of qualifications on a conditional basis until specified requirements are met.

HISTORICAL AND REVISION NOTES

In subsection (a), before clause (1), the word “annual” is omitted as surplus. The words “to take necessary action” are substituted for “to assume responsibility for, and carry out” for clarity. The words “on behalf of the Secretary” are omitted as surplus. In clause (1), the words “applicable . . . prescribed under this chapter” are added for clarity. The word “Federal” is omitted as surplus. In clause (2), the word “prescribe” is substituted for “establish” for consistency in the revised title and with other titles of the United States Code.

In subsection (b), the words “action taken in carrying out an agreement” are substituted for “its program” for clarity.

In subsection (c), the words “conduct whatever . . . may be necessary” and “fully” are omitted as surplus. The words “with the Secretary” are substituted for “in any monitoring of their programs” for clarity.

In subsection (d), the words “substantially” are substituted for “to take necessary action” for clarity. The words “to the Secretary” are omitted as surplus. In clause (1), the words “applicable for the . . . State pipeline safety grants” are added for clarity. The words “State authority has not complied with any provision of the agreement” are substituted for “its program” for clarity.

In subsection (e), the words “must take reasonable action” are substituted for “to assume responsibility for, and carry out” for clarity. The word “the” is omitted as surplus. In clause (1), the words “applicable for the safety grants” are added for clarity. The words “to the Secretary” are omitted as surplus.

In subsection (f), the words “the Secretary may end” are substituted for “to the Secretary” for clarity.
In subsection (a), before clause (1), the words “Except as otherwise provided in this section” and “out of funds appropriated or otherwise made available” are omitted as surplus.

In subsection (b), before clause (1), the word “payment” is substituted for “funds” for clarity. The words “the total State amount spent” are substituted for “the aggregate expenditures of funds for the State”, and the words “at least equal the average amount spent” are substituted for “be maintained at a level which does not fall below the average level of such expenditures”, to eliminate unnecessary words. In clause (1), the words “that ended June 30, 1967, and June 30, 1968” are substituted for “last two . . . preceding August 12, 1968” for clarity. In clause (2), the words “that ended September 30, 1978, and September 30, 1979” are substituted for “last two . . . preceding November 30, 1979” for clarity.

In subsection (c), the words “the Federal grants-in-aid provisions of”, “for payments to aid in the conduct of pipeline safety programs in accordance with paragraph (1) of this subsection”, and “with necessary adjustments on account of overpayments and underpayments” are omitted as surplus.

In subsection (d)(1), before clause (A), the word “prescribe” is substituted for “by regulation, provide for and establish by regulation” for consistency in the revised title and with other titles of the United States Code. In clause (C), the words “to receive a payment under this section” are substituted for “in order to participate in the pipeline safety grant program under this subsection”, and the words “under section 60105 or 60106 of this title” are substituted for “pursuant to either an subsection”, and the words “under section 60105 or 60106 annual certification by a State agency or an agreement to participate in the pipeline safety grant program under this title” are omitted as surplus.

In subsection (d)(2), before clause (A), the words “qualifications prescribed” are substituted for “regulations” for clarity and consistency.
(F) existing and projected population and demographic characteristics of the area in which the pipeline facility is located.

(G) for a hazardous liquid pipeline facility, the proximity of the area in which the facility is located to an area that is unusually sensitive to environmental damage.

(H) the frequency of leaks.

(I) other factors the Secretary decides are relevant to the safety of pipeline facilities.

(2) To the extent and in amounts provided in advance in an appropriation law, the Secretary shall decide on the frequency of inspection under paragraph (1) of this subsection. The Secretary may reduce the frequency of an inspection of a master meter system.

(3) Testing under this subsection shall use the most appropriate technology practical.

(c) PIPELINE FACILITIES OFFSHORE AND IN OTHER WATERS.—(1) In this subsection—

(A) “abandoned” means permanently removed from service.

(B) “pipeline facility” includes an underwater abandoned pipeline facility.

(C) if a pipeline facility has no operator, the most recent operator of the facility is deemed to be the operator of the facility.

(2)(A) Not later than May 16, 1993, on the basis of experience with the inspections under section 3(h)(1)(A) of the Natural Gas Pipeline Safety Act of 1968 or section 203(l)(1)(A) of the Hazardous Liquid Pipeline Safety Act of 1979, as appropriate, and any other information available to the Secretary, the Secretary shall establish a mandatory, systematic, and, where appropriate, periodic inspection program of—

(i) all offshore pipeline facilities; and

(ii) any other pipeline facility crossing under, over, or through waters where a substantial likelihood of commercial navigation exists, if the Secretary decides that the location of the facility in those waters could pose a hazard to navigation or public safety.

(B) In prescribing standards to carry out subparagraph (A) of this paragraph—

(i) the Secretary shall identify what is a hazard to navigation with respect to an underwater abandoned pipeline facility; and

(ii) for an underwater pipeline facility abandoned after October 24, 1992, the Secretary shall include requirements that will lessen the potential that the facility will pose a hazard to navigation and shall consider the relationship between water depth and navigational safety and factors relevant to the local marine environment.

(3)(A) The Secretary shall establish by regulation a program requiring an operator of a pipeline facility described in paragraph (2) of this subsection to report a potential or existing navigational hazard involving that pipeline facility to the Secretary through the appropriate Coast Guard office.

(B) The operator of a pipeline facility described in paragraph (2) of this subsection that discovers any part of the pipeline facility that is a hazard to navigation shall mark the location of the hazardous part with a Coast-Guard-approved marine buoy or marker and immediately shall notify the Secretary as provided by the Secretary under subparagraph (A) of this paragraph. A marine buoy or marker used under this subparagraph is deemed a pipeline sign or right-of-way marker under section 60123(c) of this title that each pipeline facility described in paragraph (2) of this subsection that is a hazard to navigation is buried not later than 6 months after the date the condition of the facility is reported to the Secretary. The Secretary may extend that 6-month period for a reasonable period to ensure compliance with this paragraph.

(B) In prescribing standards for subparagraph (A) of this paragraph for an underwater pipeline facility abandoned after October 24, 1992, the Secretary shall include requirements that will lessen the potential that the facility will pose a hazard to navigation and shall consider the relationship between water depth and navigational safety and factors relevant to the local marine environment.

(5)(A) Not later than October 24, 1994, the Secretary shall establish standards on what is an exposed offshore pipeline facility and what is a hazard to navigation under this subsection.

(B) Not later than 6 months after the Secretary establishes standards under subparagraph (A) of this paragraph, or October 24, 1995, whichever occurs first, the operator of each offshore pipeline facility not described in section 3(h)(1)(A) of the Natural Gas Pipeline Safety Act of 1968 or section 203(l)(1)(A) of the Hazardous Liquid Pipeline Safety Act of 1979, as appropriate, shall inspect the facility and report to the Secretary on any part of the facility that is exposed or is a hazard to navigation. This subparagraph applies only to a facility that is between the high water mark and the point at which the subsurface is under 15 feet of water, as measured from mean low water. An inspection that occurred after October 3, 1989, may be used for compliance with this subparagraph if the inspection conforms to the requirements of this subparagraph.

(C) The Secretary may extend the time period specified in subparagraph (B) of this paragraph for not more than 6 months if the operator of a facility satisfies the Secretary that the operator has made a good faith effort, with reasonable diligence, but has been unable to comply by the end of that period.

(6)(A) The operator of a pipeline facility abandoned after October 24, 1992, shall report the abandonment to the Secretary in a way that specifies whether the facility has been abandoned properly according to applicable United States Government and State requirements.

(B) Not later than October 24, 1995, the operator of a pipeline facility abandoned before October 24, 1992, shall report to the Secretary reasonably available information related to the facility, including information that a third party possesses. The information shall include the location, size, date, and method of abandonment, whether the facility has been abandoned properly under applicable law, and other relevant information the Secretary may require. Not later than April 24, 1994, the Secretary shall specify how the information shall be reported. The Sec-
retary shall ensure that the Government maintains the information in a way accessible to appropriate Government agencies and State authorities.

(C) The Secretary shall request that a State authority having information on a collision between a vessel and an underwater pipeline facility report the information to the Secretary in a timely way and make a reasonable effort to specify the location, date, and severity of the collision. Chapter 35 of title 44 does not apply to this subparagraph.

(7) The Secretary may not exempt from this chapter an offshore hazardous liquid pipeline facility only because the pipeline facility transfers hazardous liquid in an underwater pipeline between a vessel and an onshore facility.

(d) REPLACING CAST IRON GAS PIPELINES.—(1) The Secretary shall publish a notice on the availability of industry guidelines, developed by the Gas Piping Technology Committee, for replacing cast iron pipelines. Not later than 2 years after the guidelines become available, the Secretary shall conduct a survey of gas pipeline operators with cast iron pipe in their systems to establish—

(A) the extent to which each operator has adopted a plan for the safe management and replacement of cast iron;

(B) the elements of the plan, including the anticipated rate of replacement; and

(C) the progress that has been made.

(2) Chapter 35 of title 44 does not apply to the conduct of the survey.

(3) This subsection does not prevent the Secretary from developing Government guidelines or standards for cast iron gas pipelines as the Secretary considers appropriate.

In subsection (a)(1), the word "prepare" is omitted as surplus. The words "or offices" are omitted because of 49:322(a) and sections 60102–60105 of the revised title.

In subsection (a)(2), before clause (A), the words "the Secretary or" are added for clarity. The words "at any
time” in 49 App.:1680(a) (3d sentence) are omitted as surplus.

In subsection (a)(3), the word “appropriate” is omitted as surplus.

In subsection (b)(1), before clause (A), the words “to ensure the safety of such pipeline facilities” and “factors” are omitted as surplus. In clause (G), the words “if any” are omitted as surplus.

In subsection (b)(2), the text of 49 App.:1680(b)(1) (3d sentence) and 2009(d)(1) (3d sentence) is omitted as obsolete.

In subsection (c)(1)(B), the words “except with respect to the initial inspection required under paragraph (1)” are omitted as obsolete.

In subsection (c)(1)(C), the word “current” is omitted as surplus.

In subsection (c)(2)(B), before clause (1), the words “to carry out” are substituted for “under” because the Secretary does not prescribe regulations under 49 App.:1672(h)(3) or 2002(h)(3).

In subsection (c)(3), the text of 49 App.:1672(h)(1) and 2002(h)(1) is omitted as executed.

In subsection (c)(4)(A), the text of 49 App.:1672(h)(4)(A) and 2002(h)(4)(A) is omitted as obsolete.

In subsection (c)(5)(A), the words “for the purposes of this paragraph” are omitted as surplus.

In subsection (c)(5)(C), the words “an additional period of” and “and care” are omitted as surplus.

In subsection (c)(6)(C), the words “relating to coordination of Federal information policies” are omitted as surplus.

In subsection (c)(7), the words “regulation under” are omitted as surplus. The word “because” is substituted for “on the basis of the fact that” to eliminate unnecessary words.

In subsection (d)(2), the words “(relating to coordination of Federal information policy)” are omitted as surplus.

AMENDMENTS

1996—Subsec. (a)(1). Pub. L. 104-304, §6(1), struck out “transporting gas or hazardous liquid or” after “Each person” and “a person.”

Subsec. (b)(2). Pub. L. 104-304, §6(2), struck out after first sentence “However, an inspection must occur at least once every 2 years.”

Subsec. (c). Pub. L. 104-304, §6(3), substituted “OTHER WATERS” for “NAVIGABLE WATERS” in heading.

Subsec. (c)(2)(A)(ii). Pub. L. 104-304, §6(4), added cl. (ii) and struck out former cl. (ii) which read as follows: “any other pipeline facility crossing under, over, or through navigable waters (as defined by the Secretary) if the Secretary decides that the location of the facility in those navigable waters could pose a hazard to navigation or public safety.”

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 22, 2002, as modified, set out as a note under section 542 of Title 6.

PIPELINE BRIDGE RISK STUDY

Pub. L. 107-355, §25, Dec. 17, 2002, 116 Stat. 3011, required the Secretary of Transportation to conduct a study to determine whether cable-suspension pipeline bridges pose structural or other risks warranting particularized attention in connection with pipeline operators risk assessment programs and whether particularized inspection standards need to be developed by the Department of Transportation to recognize the peculiar risks posed by such bridges and to transmit a report detailing the results of the completed study within 2 years after Dec. 17, 2002.

STUDY OF UNDERWATER ABANDONED PIPELINE FACILITIES

Pub. L. 102-508, title III, §307, Oct. 24, 1992, 106 Stat. 3389, directed Secretary of Transportation, in consultation with State and other Federal agencies having authority over underwater natural gas and hazardous liquid pipeline facilities and with pipeline owners and operators, fishing and maritime industries, and other affected groups, to submit to Congress, not later than 3 years after Oct. 24, 1992, report and recommendations on abandonment of such pipeline facilities, including analysis of problems caused by such facilities, alternative methods to abandonment, as well as navigational, safety, economic, and environmental impacts associated with abandonment, and further authorized Secretary to require, based on findings of such study, additional appropriate actions to prevent hazards to navigation in connection with such facilities.

§60109. High-density population areas and environmentally sensitive areas

(a) IDENTIFICATION REQUIREMENTS.—Not later than October 24, 1994, the Secretary of Transportation shall prescribe standards that—

(1) establish criteria for identifying—

(A) by operators of gas pipeline facilities, each gas pipeline facility (except a natural gas distribution line) located in a high-density population area; and

(B) by operators of hazardous liquid pipeline facilities and gathering lines—

(i) each hazardous liquid pipeline facility, whether otherwise subject to this chapter, that crosses waters where a substantial likelihood of commercial navigation exists or that is located in an area described in the criteria as a high-density population area; and

(ii) each hazardous liquid pipeline facility and gathering line, whether otherwise subject to this chapter, located in an area that the Secretary, in consultation with the Administrator of the Environmental Protection Agency, describes as unusually sensitive to environmental damage if there is a hazardous liquid pipeline accident; and

(2) provide that the identification be carried out through the inventory required under section 60102(e) of this title.

(b) AREAS TO BE INCLUDED AS UNUSUALLY SENSITIVE.—When describing areas that are unusu-
ally sensitive to environmental damage if there is a hazardous liquid pipeline accident, the Secretary shall consider areas where a pipeline rupture would likely cause permanent or long-term environmental damage, including—

(1) locations near pipeline rights-of-way that are critical to drinking water, including intake locations for community water systems and critical sole source aquifer protection areas; and

(2) locations near pipeline rights-of-way that have been identified as critical wetlands, riverine or estuarine systems, national parks, wilderness areas, wildlife preservation areas or refuges, wild and scenic rivers, or critical habitat areas for threatened and endangered species.

(c) Risk Analysis and Integrity Management Programs.—

(1) Requirement.—Each operator of a gas pipeline facility shall conduct an analysis of the risks to each facility of the operator located in an area identified pursuant to subsection (a)(1) and defined in chapter 192 of title 49, Code of Federal Regulations, including any subsequent modifications, and shall adopt and implement a written integrity management program for such facility to reduce the risks.

(2) Regulations.—

(A) In general.—Not later than 12 months after the date of enactment of this subsection, the Secretary shall issue regulations prescribing standards to direct an operator’s conduct of a risk analysis and adoption and implementation of an integrity management program under this subsection. The regulations shall require an operator to conduct a risk analysis and adopt an integrity management program within a time period prescribed by the Secretary, ending not later than 24 months after such date of enactment. Not later than 18 months after such date of enactment, each operator of a gas pipeline facility shall begin a baseline integrity assessment described in paragraph (3).

(B) Authority to issue regulations.—The Secretary may satisfy the requirements of this paragraph through the issuance of regulations under this paragraph or under other authority of law.

(3) Minimum requirements of integrity management programs.—An integrity management program required under paragraph (1) shall include, at a minimum, the following requirements:

(A) A baseline integrity assessment of each of the operator’s facilities in areas identified pursuant to subsection (a)(1) and defined in chapter 192 of title 49, Code of Federal Regulations, including any subsequent modifications, by internal inspection device, pressure testing, direct assessment, or an alternative method that the Secretary determines would provide an equal or greater level of safety. The operator shall complete such assessment not later than 10 years after the date of enactment of this subsection. At least 50 percent of such facilities shall be assessed not later than 5 years after such date of enactment. The operator shall prioritize such facilities for assessment based on all risk factors, including any previously discovered defects or anomalies and any history of leaks, repairs, or failures. The operator shall ensure that assessments of facilities with the highest risks are given priority for completion and that such assessments will be completed not later than 5 years after such date of enactment.

(B) Subject to paragraph (5), periodic reassessment of the facility, at a minimum of once every 7 years, using methods described in subparagraph (A).

(C) Clearly defined criteria for evaluating the results of assessments conducted under subparagraphs (A) and (B) and for taking actions based on such results.

(D) A method for conducting an analysis on a continuing basis that integrates all available information about the integrity of the facility and the consequences of releases from the facility.

(E) A description of actions to be taken by the operator to promptly address any integrity issue raised by an evaluation conducted under subparagraph (C) or the analysis conducted under subparagraph (D).

(F) A description of measures to prevent and mitigate the consequences of releases from the facility.

(G) A method for monitoring cathodic protection systems throughout the pipeline system of the operator to the extent not addressed by other regulations.

(H) If the Secretary raises a safety concern relating to the facility, a description of the actions to be taken by the operator to address the safety concern, including issues raised with the Secretary by States and local authorities under an agreement entered into under section 60106.

(4) Treatment of baseline integrity assessments.—In the case of a baseline integrity assessment conducted by an operator in the period beginning on the date of enactment of this subsection and ending on the date of issuance of regulations under this subsection, the Secretary shall accept the assessment as complete, and shall not require the operator to repeat any portion of the assessment, if the Secretary determines that the assessment was conducted in accordance with the requirements of this subsection.

(5) Waivers and modifications.—In accordance with section 60118(c), the Secretary may waive or modify any requirement for reassessment of a facility under paragraph (3)(B) for reasons that may include the need to maintain local product supply or the lack of internal inspection devices if the Secretary determines that such waiver is not inconsistent with pipeline safety.

(6) Standards.—The standards prescribed by the Secretary under paragraph (2) shall address each of the following factors:

(A) The minimum requirements described in paragraph (3).

(B) The type or frequency of inspections or testing of pipeline facilities, in addition to the minimum requirements of paragraph (3)(B).
(C) The manner in which the inspections or testing are conducted.

(D) The criteria used in analyzing results of the inspections or testing.

(E) The types of information sources that must be integrated in assessing the integrity of a pipeline facility as well as the manner of integration.

(F) The nature and timing of actions selected to address the integrity of a pipeline facility.

(G) Such other factors as the Secretary determines appropriate to ensure that the integrity of a pipeline facility is addressed and that appropriate mitigative measures are adopted to protect areas identified under subsection (a)(1).

In prescribing those standards, the Secretary shall ensure that all inspections required are conducted in a manner that minimizes environmental and safety risks, and shall take into account the applicable level of protection established by national consensus standards organizations.

(7) ADDITIONAL OPTIONAL STANDARDS.—The Secretary may also prescribe standards requiring an operator of a pipeline facility to include in an integrity management program under this subsection—

(A) changes to valves or the establishment or modification of systems that monitor pressure and detect leaks based on the operator’s risk analysis; and

(B) the use of emergency flow restricting devices.

(8) LACK OF REGULATIONS.—In the absence of regulations addressing the elements of an integrity management program described in this subsection, the operator of a pipeline facility shall conduct a risk analysis and adopt and implement an integrity management program described in this subsection not later than 24 months after the date of enactment of this subsection and shall complete the baseline integrity assessment described in this subsection not later than 10 years after such date of enactment. At least 50 percent of such facilities shall be assessed not later than 5 years after such date of enactment. The operator shall prioritize such facilities for assessment based on all risk factors, including any previously discovered defects or anomalies and any history of leaks, repairs, or failures. The operator shall ensure that assessments of facilities with the highest risks are given priority for completion and that such assessments will be completed not later than 5 years after such date of enactment.

(9) REVIEW OF INTEGRITY MANAGEMENT PROGRAMS.—

(A) REVIEW OF PROGRAMS.—

(i) IN GENERAL.—The Secretary shall review a risk analysis and integrity management program under paragraph (1) and record the results of that review for use in the next review of an operator’s program.

(ii) CONTEXT OF REVIEW.—The Secretary may conduct a review under clause (i) as an element of the Secretary’s inspection of an operator.

(iii) INADEQUATE PROGRAMS.—If the Secretary determines that a risk analysis or integrity management program does not comply with the requirements of this subsection or regulations issued as described in paragraph (2), has not been adequately implemented, or is inadequate for the safe operation of a pipeline facility, the Secretary may conduct proceedings under this chapter.

(B) AMENDMENTS TO PROGRAMS.—In order to facilitate reviews under this paragraph, an operator of a pipeline facility shall notify the Secretary of any amendment made to the operator’s integrity management program not later than 30 days after the date of adoption of the amendment. The Secretary shall review any such amendment in accordance with this paragraph.

(C) TRANSMITTAL OF PROGRAMS TO STATE AUTHORITIES.—The Secretary shall provide a copy of each risk analysis and integrity management program reviewed by the Secretary under this paragraph to any appropriate State authority with which the Secretary has entered into an agreement under section 60106.

(10) STATE REVIEW OF INTEGRITY MANAGEMENT PLANS.—A State authority that enters into an agreement pursuant to section 60106, permitting the State authority to review the risk analysis and integrity management program pursuant to paragraph (9), may provide the Secretary with a written assessment of the risk analysis and integrity management program, make recommendations, as appropriate, to address safety concerns not adequately addressed by the operator’s risk analysis or integrity management program, and submit documentation explaining the State-proposed revisions. The Secretary shall consider carefully the State’s proposals and work in consultation with the States and operators to address safety concerns.

(11) APPLICATION OF STANDARDS.—Section 60104(b) shall not apply to this section.

(d) EVALUATION OF INTEGRITY MANAGEMENT REGULATIONS.—Not later than 4 years after the date of enactment of this subsection, the Comptroller General shall complete an assessment and evaluation of the effects on public safety and the environment of the requirements for the implementation of integrity management programs contained in the standards prescribed as described in subsection (c)(2).

(e) DISTRIBUTION INTEGRITY MANAGEMENT PROGRAMS.—

(1) MINIMUM STANDARDS.—Not later than December 31, 2007, the Secretary shall prescribe minimum standards for integrity management programs for distribution pipelines.

(2) ADDITIONAL AUTHORITY OF SECRETARY.—In carrying out this subsection, the Secretary may require operators of distribution pipelines to continually identify and assess risks on their distribution lines, to remediate conditions that present a potential threat to line integrity, and to monitor program effectiveness.

(3) EXCESS FLOW VALVES.—
(A) In general.—The minimum standards shall include a requirement for an operator of a natural gas distribution system to install an excess flow valve on each single family residence service line connected to such system if—

(i) the service line is installed or entirely replaced after June 1, 2008;

(ii) the service line operates continuously throughout the year at a pressure not less than 10 pounds per square inch gauge;

(iii) the service line is not connected to a gas stream with respect to which the operator has had prior experience with contaminants the presence of which could interfere with the operation of an excess flow valve;

(iv) the installation of an excess flow valve on the service line is not likely to cause loss of service to the residence or interfere with necessary operation or maintenance activities, such as purging liquids from the service line; and

(v) an excess flow valve meeting performance standards developed under section 60110(e) of title 49, United States Code, is commercially available to the operator, as determined by the Secretary.

(B) Reports.—Operators of natural gas distribution systems shall report annually to the Secretary on the number of excess flow valves installed on their systems under subparagraph (A).

(4) Applicability.—The Secretary shall determine which distribution pipelines will be subject to the minimum standards.

(5) Development and implementation.—Each operator of a distribution pipeline that the Secretary determines is subject to the minimum standards prescribed by the Secretary under this subsection shall develop and implement an integrity management program in accordance with those standards.

(6) Savings clause.—Subject to section 60104(c), a State authority having a current certification under section 60105 may adopt or continue in force additional integrity management requirements, including additional requirements for installation of excess flow valves, for gas distribution pipelines within the boundaries of that State.

(f) Certification of Pipeline Integrity Management Program Performance.—The Secretary shall establish procedures requiring certification of annual and semiannual pipeline integrity management program performance reports by a senior executive officer of the company operating a pipeline subject to this chapter. The procedures shall require a signed statement, which may be effected electronically in accordance with the provisions of the Electronic Signatures in Global and National Commerce Act (15 U.S.C. 7001 et seq.), certifying that—

(1) the signing officer has reviewed the report; and

(2) to the best of such officer’s knowledge and belief, the report is true and complete.

§ 60110. Excess flow valves

(a) APPLICATION.—This section applies only to—

(1) a natural gas distribution system installed after the effective date of regulations prescribed under this section; and

(2) any other natural gas distribution system when repair to the system requires replacing a part to accommodate installing excess flow valves.

(b) INSTALLATION REQUIREMENTS AND CONSIDERATIONS.—Not later than April 24, 1994, the Secretary of Transportation shall prescribe standards on the circumstances, if any, under which an operator of a natural gas distribution system must install excess flow valves in the system. The Secretary shall consider—

(1) the system design pressure;

(2) the system operating pressure;

(3) the types of customers to which the distribution system supplies gas, including hospitals, schools, and commercial enterprises;

(4) the technical feasibility and cost of installing, operating, and maintaining the valve;

(5) the public safety benefits of installing the valve;

(6) the location of customer meters; and

(7) other factors the Secretary considers relevant.

(c) NOTIFICATION OF AVAILABILITY.—(1) Not later than October 24, 1994, the Secretary shall prescribe standards requiring an operator of a natural gas distribution system to notify its customers having lines in which excess flow valves are not required by law but can be installed according to the standards prescribed under subsection (e) of this section, of—

(A) the availability of excess flow valves for installation in the system;

(B) safety benefits to be derived from installation; and

(C) costs associated with installation, maintenance, and replacement.

(2) The standards shall provide that, except when installation is required under subsection (b) of this section, excess flow valves shall be installed at the request of the customer if the customer will pay all costs associated with installation.

(d) REPORT.—If the Secretary decides under subsection (b) of this section that there are no circumstances under which an operator must install excess flow valves, the Secretary shall submit to Congress a report on the reasons for the decision not later than 30 days after the decision is made.

(e) PERFORMANCE STANDARDS.—Not later than April 24, 1994, the Secretary shall develop standards for the performance of excess flow valves used to protect lines in a natural gas distribution system. The Secretary may adopt industry accepted performance standards in order to comply with the requirement under the preceding sentence. The standards shall be incorporated into regulations the Secretary prescribes under this section. All excess flow valves shall be installed according to the standards.

§ 60111. Financial responsibility for liquefied natural gas facilities

(a) NOTICE.—When the Secretary of Transportation believes that an operator of a liquefied natural gas facility does not have adequate financial responsibility for the facility, the Secretary may issue a notice to the operator about the inadequacy and the amount of financial responsibility the Secretary considers adequate.
§ 60112. Pipeline facilities hazardous to life and property

(a) GENERAL AUTHORITY.—After notice and an opportunity for a hearing, the Secretary of Transportation may decide that a pipeline facility is hazardous if the Secretary decides that—

(1) operation of the facility is or would be hazardous to life, property, or the environment; or

(2) the facility is or would be constructed or operated, or a component of the facility is or would be constructed or operated, with equipment, material, or a technique that the Secretary decides is hazardous to life, property, or the environment.

(b) CONSIDERATIONS.—In making a decision under subsection (a) of this section, the Secretary shall consider, if relevant—

(1) the characteristics of the pipe and other equipment used in the pipeline facility, including the age, manufacture, physical properties, and method of manufacturing, constructing, or assembling the equipment;

(2) the nature of the material the pipeline facility transports, the corrosive and deteriorative qualities of the material, the sequence in which the material are transported, and the pressure required for transporting the material;

(3) the aspects of the area in which the pipeline facility is located, including climatic and geologic conditions and soil characteristics;

(4) the proximity of the area in which the hazardous liquid pipeline facility is located to environmentally sensitive areas;

(5) the population density and population and growth patterns of the area in which the pipeline facility is located;

(6) any recommendation of the National Transportation Safety Board made under another law; and

(7) other factors the Secretary considers appropriate.

(b) HEARINGS.—An operator receiving a notice under subsection (a) of this section may have a hearing on the record not later than 30 days after receiving the notice. The operator may show why the Secretary should not issue an order requiring the operator to demonstrate and maintain financial responsibility in at least the amount the Secretary considers adequate.

(c) ORDERS.—After an opportunity for a hearing on the record, the Secretary may issue the order if the Secretary decides it is justified in the public interest.

(d) CORRECTIVE ACTION ORDERS.—

(1) IN GENERAL.—If the Secretary decides under subsection (a) of this section that a pipeline facility is or would be hazardous, the Secretary shall order the operator of the facility to take necessary corrective action, including suspended or restricted use of the facility, physical inspection, testing, repair, replacement, or other appropriate action.

(2) ACTIONS ATTRIBUTABLE TO AN EMPLOYEE.—

If, in the case of a corrective action order issued following an accident, the Secretary determines that the actions of an employee carrying out an activity regulated under this chapter, including duties under section 60102(a), may have contributed substantially to the cause of the accident, the Secretary shall direct the operator to relieve the employee from performing those activities, reassign the employee, or place the employee on leave until the earlier of the date on which—

(A) the Secretary, after notice and an opportunity for a hearing, determines that the employee’s actions did not contribute substantially to the cause of the accident; or

(B) the Secretary determines the employee has been re-qualified or re-trained as provided for in section 60131 and can safely perform those activities.

(3) EFFECT OF COLLECTIVE BARGAINING AGREEMENTS.—An action taken by an operator under paragraph (2) shall be in accordance with the terms and conditions of any applicable collective bargaining agreement.

(e) WAIVER OF NOTICE AND HEARING IN EMERGENCY.—The Secretary may waive the requirements for notice and an opportunity for hearing under this section and issue expeditiously an order under this section if the Secretary decides failure to issue the order expeditiously will result in likely serious harm to life, property, or the environment. An order under this subsection shall provide an opportunity for a hearing as soon as practicable after the order is issued.

(1) the words “is not maintaining adequate insurance or otherwise”, the text of 49 App. §674(b)(c), and the words “and serve upon” and “a copy” are omitted as surplus.

In subsection (b), the words “in accordance with section 554 of title 5” are omitted for consistency in the title.

(a) the words “indicated in the notice under paragraph (1)” for clarity and to eliminate unnecessary words.

Subsection (c) is substituted for 49 App. §674(b)(3) to eliminate unnecessary words.

In subsection (a), the words “is” and “is not maintaining adequate insurance or otherwise”, the text of 49 App. §674(b)(c), and the words “and serve upon” and “a copy” are omitted as surplus.

In subsection (b), the words “in accordance with section 554 of title 5” are omitted for consistency in the title.

(a) the words “indicated in the notice under paragraph (1)” for clarity and to eliminate unnecessary words.

Subsection (c) is substituted for 49 App. §674(b)(3) to eliminate unnecessary words.

In subsection (a), before clause (1), the word “reasonable” and the text of 49 App.:1679(b)(1) (last sentence) and 2008(b)(1) (last sentence) are omitted as surplus. Clauses (1) and (2) are substituted for “that any pipeline facility hazardous to life or property” and 49 App.:1679(b)(2) and 2008(b)(2) to eliminate unnecessary words. In subsection (b)(1), the words “involved” and “(including its resistance to corrosion and deterioration)” are omitted as surplus.

In subsection (b)(5), the words “in connection with any investigation conducted by the Board” are omitted as surplus.

In subsection (c), the words “responsible for pipeline safety” are omitted as surplus.

In subsection (e), the text of 49 App.:1679(b)(4) and 2008(b)(4) is omitted because of 28:516 and 1331.

**PUBL. L. 105–429**

This amends 49:60112(d) to clarify the restatement of 49 App.:1679(b)(1) and 2008(b)(1) by section 1 of the Act of July 5, 1994 (Public Law 103–272, 108 Stat. 1317).

**AMENDMENTS**

2002—Subsec. (a). Pub. L. 107–355, §8(a)(1), reenacted heading without change and amended text generally. Prior to amendment, text read as follows: “After notice and an opportunity for a hearing, the Secretary of Transportation may decide a pipeline facility is hazardous if the Secretary decides the facility is—

"(1) hazardous to life, property, or the environment; or

“(2) constructed or operated, or a component of the facility is constructed or operated, with equipment, material, or a technique the Secretary decides is hazardous to life, property, or the environment.”

Subsec. (d). Pub. L. 107–355, §10(b), designated existing provisions as par. (1), inserted heading, realigned margins, and added pars. (2) and (3). Pub. L. 107–356, §8(a)(2), substituted “is or would be hazardous” for “is hazardous”.

1994—Subsec. (d). Pub. L. 103–429 inserted before period at end “, including suspended or restricted use of the facility, physical inspection, testing, repair, replacement, or other appropriate action”.

**§ 60113. Customer-owned natural gas service lines**

Not later than October 24, 1993, the Secretary of Transportation shall prescribe standards requiring an operator of a natural gas distribution pipeline that does not maintain customer-owned natural gas service lines up to building walls to advise its customers of—

(1) the requirements for maintaining those lines;

(2) any resources known to the operator that could assist customers in carrying out the maintenance;

(3) information the operator has on operating and maintaining its lines that could assist customers; and

(4) the potential hazards of not maintaining the lines.

§ 60114. One-call notification systems

(a) Minimum requirements.—The Secretary of Transportation shall prescribe regulations providing minimum requirements for establishing and operating a one-call notification system for a State to adopt that will notify an operator of a pipeline facility of activity in the vicinity of the facility that could threaten the safety of the facility. The regulations shall include the following:

(1) a requirement that the system apply to all areas of the State containing underground pipeline facilities.

(2) a requirement that a person, including a government employee or contractor, intending to engage in an activity the Secretary decides could cause physical damage to an underground facility must contact the appropriate system to establish if there are underground facilities present in the area of the intended activity.

(3) a requirement that all operators of underground pipeline facilities participate in an appropriate one-call notification system.

(4) qualifications for an operator of a facility, a private contractor, or a State or local authority to operate a system.

(5) procedures for advertisement and notice of the availability of a system.

(6) a requirement about the information to be provided by a person contacting the system under clause (2) of this subsection.

(7) a requirement for the response of the operator of the system and of the facility after they are contacted by an individual under this subsection.

(8) a requirement that each State decide whether the system will be toll free.

(9) a requirement for sanctions substantially the same as provided under sections 60120 and 60122 of this title.

(b) Marking facilities.—On notification by an operator of a damage prevention program or by a person planning to carry out demolition, excavation, tunneling, or construction in the vicinity of a pipeline facility, the operator of the facility shall mark accurately, in a reasonable and timely way, the location of the pipeline facilities in the vicinity of the demolition, excavation, tunneling, or construction.

(c) Relationship to other laws.—This section and regulations prescribed under this section do not affect the liability established under a law of the United States or a State for damage caused by an activity described in subsection (a)(2) of this section.

(d) Prohibition applicable to excavators.—A person who engages in demolition, excavation, tunneling, or construction—

(1) may not engage in a demolition, excavation, tunneling, or construction activity in a State that has adopted a one-call notification system without first using that system to establish the location of underground facilities in the demolition, excavation, tunneling, or construction area;

(2) may not engage in such demolition, excavation, tunneling, or construction activity in disregard of location information or markings established by a pipeline facility operator pursuant to subsection (b); and

(3) and who causes damage to a pipeline facility that may endanger life or cause serious bodily harm or damage to property—

(A) may not fail to promptly report the damage to the owner or operator of the facility; and

(B) if the damage results in the escape of any flammable, toxic, or corrosive gas or liquid, may not fail to promptly report to other appropriate authorities by calling the 911 emergency telephone number.

(e) Prohibition applicable to underground pipeline facility owners and operators.—Any owner or operator of a pipeline facility who fails to respond to a location request in order to prevent damage to the pipeline facility or who fails to take reasonable steps, in response to such a request, to ensure accurate marking of the location of the pipeline facility in order to prevent damage to the pipeline facility shall be subject to a civil action under section 60120 or assessment of a civil penalty under section 60122.

(f) Limitation.—The Secretary may not conduct an enforcement proceeding under subsection (d) for a violation within the boundaries of a State that has the authority to impose penalties described in section 60134(b)(7) against persons who violate that State’s damage prevention laws, unless the Secretary has determined that the State’s enforcement is inadequate to
protect safety, consistent with this chapter, and until the Secretary issues, through a rule-making proceeding, the procedures for determining inadequate State enforcement of penalties.

(g) TECHNOLOGY DEVELOPMENT GRANTS.—The Secretary may make grants to any organization or entity (not including for-profit entities) for the development of technologies that will facilitate the prevention of pipeline damage caused by demolition, excavation, tunneling, or construction activities, with emphasis on wireless and global positioning technologies having potential for use in connection with notification systems and underground facility locating and marking services. Funds provided under this subsection may not be used for lobbying or in direct support of litigation. The Secretary may also support such technology development through cooperative agreements with trade associations, academic institutions, and other organizations.

Subsec. (b), Pub. L. 104–304, §20(d)(2), (3), redesignated subsec. (c) as (b) and struck out former subsec. (b) which read as follows: “(b) GRANTS.—The Secretary may make a grant to a State under this section to develop and establish a one-call notification system consistent with subsection (a) of this section.”

Subsec. (c). Pub. L. 104–304, §20(d)(3), redesignated subsec. (c) as (b).

Subsecs. (d), (e). Pub. L. 104–304, §20(d)(2), (3), redesignated subsec. (e) as (d) and struck out former subsec. (d) which read as follows: “(d) APPOINTEMNT.—When apportioning the amount appropriated to carry out section 60107 of this title among the States, the Secretary—

“(1) shall consider whether a State has adopted or is seeking adoption of a one-call notification system under this section; and

“(2) shall withhold part of a payment under section 60107 of this title when the Secretary decides a State has not adopted, or is not seeking adoption of, a one-call notification system.”

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–287 effective July 5, 1994, see section 8(1) of Pub. L. 104–287, set out as a note under section 5303 of this title.

NATIONWIDE TOLL-FREE NUMBER SYSTEM

Pub. L. 107–355, §17, Dec. 17, 2002, 116 Stat. 3308, provided that: “Within 1 year after the date of the enactment of this Act [Dec. 17, 2002], the Secretary of Transportation shall, in conjunction with the Federal Communications Commission, facility operators, excavators, and one-call notification system operators, provide for the establishment of a 3-digit nationwide toll-free telephone number system to be used by State one-call notification systems.”

§60115. Technical safety standards committees

(a) ORGANIZATION.—The Technical Pipeline Safety Standards Committee and the Technical Hazardous Liquid Pipeline Safety Standards Committee are committees in the Department of Transportation. The committees referred to in the preceding sentence shall serve as peer review committees for carrying out this chapter. Peer reviews conducted by the committees shall be treated for purposes of all Federal laws relating to risk assessment and peer review (including laws that take effect after the date of the enactment of the Accountable Pipeline Safety and Partnership Act of 1996) as meeting any peer review requirements of such laws.

(b) COMPOSITION AND APPOINTMENT.—(1) The Technical Pipeline Safety Standards Committee is composed of 15 members appointed by the Secretary of Transportation after consulting with public and private agencies concerned with the technical aspect of transporting gas or operating a gas pipeline facility. Each member must be experienced in the safety regulation of transporting gas and of gas pipeline facilities or technically qualified, by training, experience, or knowledge in at least one field of engineering applicable to transporting gas or operating a gas pipeline facility, to evaluate gas pipeline safety standards or risk management principles.

(2) The Technical Hazardous Liquid Pipeline Safety Standards Committee is composed of 15 members appointed by the Secretary of Transportation after consulting with public and private agencies concerned with the technical aspect of transporting hazardous liquid or operating a hazardous liquid pipeline facilities. Each member must be experienced in the safety regulation of transporting hazardous liquid and of hazardous liquid pipeline facilities or technically qualified, by training, experience, or knowledge in at least one field of engineering applicable to transporting hazardous liquid or operating a hazardous liquid pipeline facilities, to evaluate hazardous liquid pipeline safety standards or risk management principles.
members appointed by the Secretary after consulting with public and private agencies concerned with the technical aspect of transporting hazardous liquid or operating a hazardous liquid pipeline facility. Each member must be experienced in the safety regulation of transporting hazardous liquid and of hazardous liquid pipeline facilities or technically qualified, by training, experience, or knowledge in at least one field of engineering applicable to transporting hazardous liquid or operating a hazardous liquid pipeline facility, to evaluate hazardous liquid pipeline safety standards or risk management principles.

(3) The members of each committee are appointed as follows:

(A) 5 individuals selected from departments, agencies, and instrumentalities of the United States Government and of the States.

(B) 5 individuals selected from the natural gas or hazardous liquid industry, as appropriate, after consulting with industry representatives.

(C) 5 individuals selected from the general public.

(4)(A) Two of the individuals selected for each committee under paragraph (3)(A) of this subsection must be State commissioners. The Secretary shall consult with the national organization of State commissions before selecting those 2 individuals.

(B) At least 3 of the individuals selected for each committee under paragraph (3)(B) of this subsection must be currently in the active operation of natural gas pipelines or hazardous liquid pipeline facilities, as appropriate. At least 1 of the individuals selected for each committee under paragraph (3)(B) shall have education, background, or experience in risk assessment and cost-benefit analysis. The Secretary shall consult with the national organizations representing the owners and operators of pipeline facilities before selecting individuals under paragraph (3)(B).

(C) Two of the individuals selected for each committee under paragraph (3)(C) of this subsection must have education, background, or experience in environmental protection or public safety. At least 1 of the individuals selected for each committee under paragraph (3)(C) shall have education, background, or experience in risk assessment and cost-benefit analysis. At least one individual selected for each committee under paragraph (3)(C) may not have a financial interest in the pipeline, petroleum, or natural gas industries.

(D) None of the individuals selected for a committee under paragraph (3)(C) may have a significant financial interest in the pipeline, petroleum, or gas industry.

(c) COMMITTEE REPORTS ON PROPOSED STANDARDS.—(1) The Secretary shall give to—

(A) the Technical Pipeline Safety Standards Committee each standard proposed under this chapter for transporting gas and for gas pipeline facilities including the risk assessment information and other analyses supporting each proposed standard; and

(B) the Technical Hazardous Liquid Pipeline Safety Standards Committee each standard proposed under this chapter for transporting hazardous liquid and for hazardous liquid pipeline facilities including the risk assessment information and other analyses supporting each proposed standard.

(2) Not later than 90 days after receiving the proposed standard and supporting analyses, the appropriate committee shall prepare and submit to the Secretary a report on the technical feasibility, reasonableness, cost-effectiveness, and practicability of the proposed standard and include in the report recommended actions. The Secretary shall publish each report, including any recommended actions and minority views. The report if timely made is part of the proceeding for prescribing the standard. The Secretary is not bound by the conclusions of the committee. However, if the Secretary rejects the conclusions of the committee, the Secretary shall publish the reasons.

(3) The Secretary may prescribe a standard after the end of the 90-day period.

(d) PROPOSED COMMITTEE STANDARDS AND POLICY DEVELOPMENT RECOMMENDATIONS.—(1) The Technical Pipeline Safety Standards Committee may propose to the Secretary a safety standard for transporting gas and for gas pipeline facilities. The Technical Hazardous Liquid Pipeline Safety Standards Committee may propose to the Secretary a safety standard for transporting hazardous liquid and for hazardous liquid pipeline facilities.

(2) If requested by the Secretary, a committee shall make policy development recommendations to the Secretary.

(e) MEETINGS.—Each committee shall meet with the Secretary at least up to 4 times annually. Each committee proceeding shall be recorded. The record of the proceeding shall be available to the public.

(f) EXPENSES.—A member of a committee under this section is entitled to expenses under section 5703 of title 5. A payment under this subsection does not make a member an officer or employee of the Government. This subsection does not apply to members regularly employed by the Government.

In subsection (a), the words “Not later than 12 months after November 30, 1979” and “and appoint the initial members of the Committee” in 49 App.—2003(a) (1st sentence) are omitted as executed.

In subsection (b)(3)(A)—(C), the word “individuals” is substituted for “members” for consistency.

In subsection (b)(3)(A), the words “departments, agencies, and instrumentalities of the United States Government and of the States” are substituted for “governmental agencies, including State and Federal Governments” for consistency in the revised title and with other titles of the United States Code.

In subsection (b)(3)(B), the words “as appropriate” are added because of the restatement.

In subsection (b)(4), the words “representatives of” are omitted as surplus. The words “section 10344(f) of this title” are substituted for “subchapter III of chapter 103 of title 49” for clarity.

In subsection (c)(1)(A) and (B), the words “or any proposed amendment to a standard under this chapter, for its consideration” are omitted as surplus.

In subsection (c)(1)(B), the words “After the Committee has been established and its members appointed” in 49 App.—2003(b) are omitted as executed.

In subsection (c)(2), the words “or amendment”, “by the Committee”, “of the majority”, and “for rejection thereof” are omitted as surplus.

In subsection (c)(3), the words “final . . . or a final amendment to a standard at any time” are omitted as surplus. The words “the end of the 90-day period” are substituted for “the 90th day after its submission to the Committee, whether or not the Committee has reported on such standard or amendment” to eliminate unnecessary words.

In subsection (d), the words “for his consideration” are omitted as surplus.

In subsection (e), the words “(or his designee)” are omitted as surplus because of 49-322(b). The words “at least” are substituted for “not less frequently than” to eliminate unnecessary words. The word “calendar” is omitted as surplus.

In subsection (f), the words “The Secretary may establish the pay” are substituted for “may be compensated at a rate to be fixed by the Secretary” for consistency and to eliminate unnecessary words. The words “of the Committee” after “Members”, “actual”, and “then currently” are omitted as surplus. The reference to section 5376 of title 5 is substituted for the reference to section 5332 of title 5 because of section 529 of the Treasury, Postal Service and General Government Appropriations Act, 1991 (Public Law 101-509, 104 Stat. 1442). The words “A member is entitled to expenses under section 5703 of title 5” are substituted for 49 App.—1673(c) (2d sentence) and 2003(c) (2d sentence) to eliminate unnecessary words. The words “for any purpose” are omitted as surplus. The words “This subsection does not apply to members regularly employed by the Government” are substituted for “other than Federal employees” for clarity.

§ 60116. Public education programs

(a) In General.—Each owner or operator of a gas or hazardous liquid pipeline facility shall carry out a continuing program to educate the public on the use of a one-call notification system prior to excavation and other damage prevention activities, the possible hazards associated with unintended releases from the pipeline facility, the physical indications that such a release may have occurred, what steps should be taken for public safety in the event of a pipeline release, and how to report such an event.

(b) Modification of Existing Programs.—Not later than 12 months after the date of enactment of the Pipeline Safety Improvement Act of 2002, each owner or operator of a gas or hazardous liquid pipeline facility shall review its existing public education program for effectiveness and modify the program as necessary. The completed program shall include activities to advise affected municipalities, school districts, businesses, and residents of pipeline facility locations. The completed program shall be submitted to the Secretary or, in the case of an intrastate pipeline facility operator, the appropriate State agency, and shall be periodically reviewed by the Secretary or, in the case of an intrastate pipeline facility operator, the appropriate State agency.

(c) Standards.—The Secretary may issue standards prescribing the elements of an effective public education program. The Secretary may also develop material for use in the program.

(2) each owner or operator of a gas or hazardous liquid pipeline facility shall review its existing public education program for effectiveness and modify the program as necessary. The completed program shall include activities to advise affected municipalities, school districts, businesses, and residents of pipeline facility locations. The completed program shall be submitted to the Secretary or, in the case of an intrastate pipeline facility operator, the appropriate State agency, and shall be periodically reviewed by the Secretary or, in the case of an intrastate pipeline facility operator, the appropriate State agency.

§ 60117. Administrative

(a) General Authority.—To carry out this chapter, the Secretary of Transportation may conduct investigations, make reports, issue subpoenas, conduct hearings, require the production of records, take depositions, and conduct research, testing, development, demonstration, and training activities and promotional activities relating to prevention of damage to pipeline facilities. The Secretary may not charge a tuition-type fee for training State or local government personnel in the enforcement of regulations prescribed under this chapter.

(b) Records, Reports, and Information.—To enable the Secretary to decide whether a person owning or operating a pipeline facility is complying with this chapter and standards prescribed or orders issued under this chapter, the person shall—

(1) maintain records, make reports, and provide information the Secretary requires; and

(2) make the records, reports, and information available when the Secretary requests.

The Secretary may require owners and operators of gathering lines to provide the Secretary information pertinent to the Secretary’s ability to make a determination as to whether and to what extent to regulate gathering lines.

(c) Entry and Inspection.—An officer, employee, or agent of the Department of Transportation designated by the Secretary, on display of proper credentials to the individual in charge, may enter premises to inspect the records and property of a person at a reasonable time and in a reasonable way to decide whether a person is complying with this chapter and standards prescribed or orders issued under this chapter.

(d) Confidentiality of Information.—Information related to a confidential matter referred to in section 1905 of title 18 that is obtained by the Secretary or an officer, employee, or agent in carrying out this section may be disclosed only to another officer or employee concerned with carrying out this chapter or in a proceeding under this chapter.

(e) Use of Accident Reports.—(1) Each accident report made by an officer, employee, or agent of the Department may be used in a judicial proceeding resulting from the accident. The officer, employee, or agent may be required to testify in the proceeding about the facts developed in investigating the accident. The report shall be made available to the public in a way that does not identify an individual.

(2) Each report related to research and demonstration projects and related activities is public information.

(f) Testing Facilities Involved in Accidents.—The Secretary may require testing of a part of a pipeline facility subject to this chapter that has been involved in or affected by an accident only after—

(1) notifying the appropriate State official in the State in which the facility is located; and

(2) attempting to negotiate a mutually acceptable plan for testing with the owner of the
facility and, when the Secretary considers appropriate, the National Transportation Safety Board.

(g) **Providing Safety Information.**—On request, the Secretary shall provide the Federal Energy Regulatory Commission or appropriate State authority with information the Secretary has on the safety of material, operations, devices, or processes related to pipeline transportation or operating a pipeline facility.

(h) **Cooperation.**—The Secretary may—

(1) advise, assist, and cooperate with other departments, agencies, and instrumentalities of the United States Government, the States, and public and private agencies and persons in planning and developing safety standards and ways to inspect and test to decide whether those standards have been complied with;

(2) consult with and make recommendations to other departments, agencies, and instrumentalities of the Government, State and local governments, and public and private agencies and persons to develop and encourage activities, including the enactment of legislation, that will assist in carrying out this chapter and improve State and local pipeline safety programs; and

(3) participate in a proceeding involving safety requirements related to a liquefied natural gas facility before the Commission or a State authority.

(i) **Promoting Coordination.**—(1) After consulting with appropriate State officials, the Secretary shall establish procedures to promote more effective coordination between departments, agencies, and instrumentalities of the Government and State authorities with regulatory authority over pipeline facilities about responses to a pipeline accident.

(2) In consultation with the Occupational Safety and Health Administration, the Secretary shall establish procedures to notify the Administration of any pipeline accident in which an excavator that has caused damage to a pipeline may have violated a regulation of the Administration.

(j) **Withholding Information from Congress.**—This section does not authorize information to be withheld from a committee of Congress authorized to have the information.

(k) **Authority for Cooperative Agreements.**—To carry out this chapter, the Secretary may enter into grants, cooperative agreements, and other transactions with any person, agency, or instrumentality of the United States, any unit of State or local government, any educational institution, or any other entity to further the objectives of this chapter. The objectives of this chapter include the development, improvement, and promotion of one-call damage prevention programs, research, risk assessment, and mapping.

(l) **Safety Orders.**—

(1) **In General.**—Not later than December 31, 2007, the Secretary shall issue regulations providing that, after notice and opportunity for a hearing, if the Secretary determines that a pipeline facility has a condition that poses a pipeline integrity risk to public safety, property, or the environment, the Secretary may order the operator of the facility to take necessary corrective action, including physical inspection, testing, repair, or other appropriate action, to remedy that condition.

(2) **Considerations.**—In making a determination under paragraph (1), the Secretary, if relevant and pursuant to the regulations issued under paragraph (1), shall consider—

(A) the considerations specified in paragraphs (1) through (6) of section 60112(b);

(B) the likelihood that the condition will impair the serviceability of a pipeline;

(C) the likelihood that the condition will worsen over time; and

(D) the likelihood that the condition is present or could develop on other areas of the pipeline.

(m) **Restoration of Operations.**—

(1) **In General.**—The Secretary may advise, assist, and cooperate with the heads of other departments, agencies, and instrumentalities of the United States Government, the States, and public and private agencies and persons to facilitate the restoration of pipeline operations that have been or are anticipated to become disrupted by manmade or natural disasters.

(2) **Savings Clause.**—Nothing in this section alters or amends the authorities and responsibilities of any department, agency, or instrumentality of the United States Government, other than the Department of Transportation.

(n) **Cost Recovery for Design Reviews.**—

(1) **In General.**—If the Secretary conducts facility design safety reviews in connection with a proposal to construct, expand, or operate a liquefied natural gas pipeline facility, the Secretary may require the person requesting such reviews to pay the associated staff costs relating to such reviews incurred by the Secretary in section 60301(d). The Secretary may assess such costs in any reasonable manner.

(2) **Deposits.**—The Secretary shall deposit all funds paid to the Secretary under this subsection into the Department of Treasury account 69-5172-0-2-407 or its successor account.

(3) **Authorization of Appropriations.**—Funds deposited pursuant to this subsection are authorized to be appropriated for the purposes set forth in section 60301(d).

This amends 49:60117(i) by restating section 304(c) of the Pipeline Safety Act of 1992 (Public Law 102-508, 106 Stat. 3308) as 49:60117(i)(2).

AMENDMENTS

2006—Subsec. (j). Pub. L. 109-468, §13, reenacted heading without change and amended text generally. Prior to amendment, text read as follows: “If the Secretary decides that a pipeline facility has a potential safety-related condition, the Secretary may order the operator of the facility to take necessary corrective action, including physical inspection, testing, repair, replacement, or other appropriate action to remedy the safety-related condition.”

Subsecs. (m), (n). Pub. L. 109-468, §§11, 17, added subsecs. (m) and (n).

1996—Subsec. (a). Pub. L. 104-304, §19, inserted “and training activities relating to prevention of damage to pipeline facilities” after “and training activities”.

1994—Subsec. (1). Pub. L. 103–429 designated existing provisions as par. (1) and added par. (2).

INCIDENT REPORTING

Pub. L. 109–468, §15, Dec. 29, 2006, 120 Stat. 3496, provided that: “Not later than December 31, 2007, the Secretary of Transportation shall amend accident reporting requirements for operators of natural gas pipelines to provide data related to controller fatigue.”

ACCIDENT REPORTING FORM

Pub. L. 109–468, §20, Dec. 29, 2006, 120 Stat. 3498, provided that: “Not later than December 31, 2007, the Secretary of Transportation shall amend accident reporting forms to require operators of gas and hazardous liquid pipelines to provide data related to controller fatigue.”

§ 60118. Compliance and waivers

(a) GENERAL REQUIREMENTS.—A person owning or operating a pipeline facility shall—

(1) comply with applicable safety standards prescribed under this chapter, except as provided in this section or in section 60126;

(2) prepare and carry out a plan for inspection and maintenance required under section 60108(a) and (b) of this title;

(3) allow access to or copying of records, make reports and provide information, and allow entry or inspection required under section 60107(a)–(d) of this title; and

(4) conduct a risk analysis, and adopt and implement an integrity management program, for pipeline facilities as required under section 60109(c).

(b) COMPLIANCE ORDERS.—The Secretary of Transportation may issue orders directing compliance with this chapter, an order under section 60108 of this title or a regulation prescribed under this chapter. An order shall state clearly the action a person must take to comply.

(c) WAIVERS BY SECRETARY.—

(1) NONEMERGENCY WAIVERS.—

(A) IN GENERAL.—On application of an owner or operator of a pipeline facility, the Secretary by order may waive compliance with any part of an applicable standard prescribed under this chapter with respect to such facility on terms the Secretary considers appropriate if the Secretary determines that the waiver is not inconsistent with pipeline safety.

(B) HEARING.—The Secretary may act on a waiver under this paragraph only after notice and an opportunity for a hearing.

(2) EMERGENCY WAIVERS.—

(A) IN GENERAL.—The Secretary by order may waive compliance with any part of an applicable standard prescribed under this chapter on terms the Secretary considers appropriate without prior notice and comment if the Secretary determines that—

(i) it is in the public interest to grant the waiver; (ii) the waiver is not inconsistent with pipeline safety; and

(iii) the waiver is necessary to address an actual or impending emergency involving pipeline transportation, including an emergency caused by a natural or man-made disaster.

(B) PERIOD OF WAIVER.—A waiver under this paragraph may be issued for a period of not more than 60 days and may be renewed upon application to the Secretary the only after notice and an opportunity for a hearing. The Secretary shall immediately revoke the waiver if continuation of the waiver would not be consistent with the goals and objectives of this chapter.

(3) STATEMENT OF REASONS.—The Secretary shall state in an order issued under this subsection the reasons for granting the waiver.

(d) WAIVERS BY STATE AUTHORITIES.—If a certification under section 60105 of this title or an agreement under section 60106 of this title is in effect, the State authority may waive compliance with a safety standard to which the certification or agreement applies in the same way and to the same extent the Secretary may waive compliance under subsection (c) of this section. However, the authority must give the Secretary written notice of the waiver at least 60 days before its effective date. If the Secretary makes a written objection before the effective date of the waiver, the waiver is stayed. After notifying the authority of the objection, the Secretary shall provide a prompt opportunity for a hearing. The Secretary shall make the final decision on granting the waiver.

(e) OPERATOR ASSISTANCE IN INVESTIGATIONS.—

If the Secretary or the National Transportation Safety Board investigates an accident involving a pipeline facility, the operator of the facility shall make available to the Secretary or the Board all records and information that in any way pertain to the accident (including integrity management plans and test results), and shall afford all reasonable assistance in the investigation of the accident.

(f) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section may be construed to infringe upon the constitutional rights of an operator or its employees.

1So in original. Probably should be “investigates”.

§ 60119. Judicial review

(a) Review of regulations and waiver orders.—(1) Except as provided in subsection (b) of this section, a person adversely affected by a regulation prescribed under this chapter or an order issued about an application for a waiver under section 60118(c) or (d) of this title may apply for review of the regulation or order by filing a petition for review in the United States Court of Appeals for the District of Columbia Circuit or in the court of appeals of the United States for the circuit in which the person resides or has its principal place of business. The petition must be filed not later than 60 days after the regulation is prescribed or order is issued. The clerk of the court shall send a copy of the petition to the Secretary of Transportation.

(2) A judgment of a court under paragraph (1) of this subsection may be reviewed only by the Supreme Court under section 1254 of title 28. A judgment of a court under paragraph (1) of this subsection may be reviewed only by the Supreme Court under section 1254(1) of title 28.

(b) Review of financial responsibility orders.—(1) A person adversely affected by an order issued under section 60111 of this title may apply for review of the order by filing a petition for review in the appropriate court of appeals of the United States. The petition must be filed not later than 60 days after the order is issued. Findings of fact the Secretary makes are conclusive if supported by substantial evidence.

(2) A judgment of a court under paragraph (1) of this subsection may be reviewed only by the Supreme Court under section 1254(1) of title 28.

Hisorical and Revision Notes

AMENDMENTS

2006—Subsec. (c). Pub. L. 109–468 reenacted heading without change and amended text generally. Prior to amendment, text read as follows: “On application of a person owning or operating a pipeline facility, the Secretary by order may waive compliance with any part of an applicable standard prescribed under this chapter on terms the Secretary considers appropriate, if the waiverer is not inconsistent with pipeline safety. The Secretary shall state the reasons for granting a waiver under this subsection. The Secretary may act on a waiver only after notice and an opportunity for a hearing.”

Subsec. (a)(1). Pub. L. 104–304, § 13(a)(2), added par. (1) and struck out former par. (1) which read as follows: “Comply with applicable safety standards prescribed under this chapter, except as provided in this section.”

Subsec. (b). Pub. L. 104–304, § 13(b), reenacted subsec. heading without change and amended text generally. Prior to amendment, text read as follows: “The Secretary of Transportation may issue orders directing compliance with this chapter or a regulation prescribed under this chapter. An order shall state clearly the action a person must take to comply.”

Subsec. (c). Pub. L. 104–304, § 13(c), substituted “owning” for “transporting gas or hazardous liquid.”
§ 60120. Enforcement

(a) CIVIL ACTIONS.—

(1) CIVIL ACTIONS TO ENFORCE THIS CHAPTER.—At the request of the Secretary of Transportation, the Attorney General may bring a civil action in an appropriate district court of the United States to enforce this chapter, including section 60112, or a regulation prescribed or order issued under this chapter. The court may award appropriate relief, including a temporary or permanent injunction, punitive damages, and assessment of civil penalties, considering the same factors as prescribed for the Secretary in an administrative case under section 60122.

(2) CIVIL ACTIONS TO REQUIRE COMPLIANCE WITH SUBPOENAS OR ALLOW FOR INSPECTIONS.—At the request of the Secretary, the Attorney General may bring a civil action in a district court of the United States to require a person to comply immediately with a subpoena or to allow an officer, employee, or agent authorized by the Secretary to enter the premises, and inspect the records and property, of the person to decide whether the person is complying with this chapter. The action may be brought in the judicial district in which the defendant resides, is found, or does business. The court may punish a failure to obey the order as a contempt of court.

(b) JURY TRIAL DEMAND.—In a trial for criminal contempt for violating an injunction issued under this section, the violation of which is also a violation of this chapter, the defendant may demand a jury trial. The defendant shall be tried as provided in rule 42(b) of the Federal Rules of Criminal Procedure (18 App. U.S.C.).

(c) EFFECT ON TORT LIABILITY.—This chapter does not affect the tort liability of any person.

In subsection (a)(2), the text of 49 App.:1675(b) and 2005(b) is omitted as surplus because of 28:1331 and 1345. The word “‘contempt’” is added for clarity and consistency and because of 28:1331 and 1345.

In subsection (b), the words “mandatory or prohibitive” are omitted as surplus. The words “‘or examine’” are omitted as being included in “inspect.”

In subsection (c), the words “common law or statutory” are omitted as surplus.

AMENDMENTS

Subsec. (a). Pub. L. 107–355 reenacted subsec. heading without change, added par. (1) and struck out former par. (1), inserted par. (2) heading and realigned margins. Prior to amendment, par. (1) read as follows: “On the request of the Secretary of Transportation, the Attorney General may bring a civil action in an appropriate district court of the United States to enforce this chapter or a regulation prescribed or order issued under this chapter. The court may award appropriate relief, including punitive damages.”

§ 60121. Actions by private persons

(a) GENERAL AUTHORITY.—(1) A person may bring a civil action in an appropriate district
court of the United States for an injunction against another person (including the United States Government and other governmental authorities to the extent permitted under the 11th amendment to the Constitution) for a violation of this chapter or a regulation prescribed or order issued under this chapter. However, the person—

(A) may bring the action only after 60 days after the person has given notice of the violation to the Secretary of Transportation or to the appropriate State authority (when the violation is alleged to have occurred in a State certified under section 60105 of this title) and to the person alleged to have committed the violation;

(B) may not bring the action if the Secretary or authority has begun and diligently is pursuing an administrative proceeding for the violation; and

(C) may not bring the action if the Attorney General, or the Attorney General may intervene in an action under paragraph (1) of this subsection.

(2) The Secretary shall prescribe the way in which notice is given under this subsection.

(3) The Secretary, with the approval of the Attorney General, or the Attorney General may intervene in an action under paragraph (1) of this subsection.

(b) Costs and Fees.—The court may award costs, reasonable expert witness fees, and a reasonable attorney’s fee to a prevailing plaintiff in a civil action under this section. The court may award costs to a prevailing defendant when the action is unreasonable, frivolous, or meritless. In this subsection, a reasonable attorney’s fee is a fee—

(1) based on the actual time spent and the reasonable expenses of the attorney for legal services provided to a person under this section; and

(2) computed at the rate prevailing for providing similar services for actions brought in the court awarding the fee.

(c) State Violations as Violations of this Chapter.—In this section, a violation of a safety standard or practice of a State is deemed to be a violation of this chapter or a regulation prescribed or order issued under this chapter only to the extent the standard or practice is not more stringent than a comparable minimum safety standard prescribed under this chapter.

(d) Additional Remedies.—A remedy under this section is in addition to any other remedies provided by law. This section does not restrict a right to relief that a person or a class of persons may have under another law or at common law.

(Historical and Revision Notes)

§ 60122. Civil Penalties

(a) General Penalties.—(1) A person that the Secretary of Transportation decides, after written notice and an opportunity for a hearing, has violated section 60114(b), 60114(d), or 60118(a) of this title or a regulation prescribed or order issued under this chapter is liable to the United States Government for a civil penalty of not more than $100,000 for each violation. A separate violation occurs for each day the violation continues. The maximum civil penalty under this paragraph for a related series of violations is $1,000,000.

(2) A person violating a standard or order under section 60103 or 60111 of this title is liable to the Government for a civil penalty of not more than $50,000 for each violation. A penalty under this paragraph may be imposed in addition to penalties imposed under paragraph (1) of this subsection.

(3) A person violating section 60129, or an order issued thereunder, is liable to the Government for a civil penalty of not more than $1,000 for each violation. The penalties provided by paragraph (1) do not apply to a violation of section 60129 or an order issued thereunder.

(b) Penalty Considerations.—In determining the amount of a civil penalty under this section—
§ 60123. Criminal penalties

(a) GENERAL PENALTY.—A person knowingly and willfully violating section 60114(b), 60118(a), or 60128 of this title or a regulation prescribed or order issued under this chapter shall be fined
under title 18, imprisoned for not more than 5 years, or both.

(b) PENALTY FOR DAMAGING OR DESTROYING FACILITY.—A person knowingly and willfully damaging or destroying an interstate gas pipeline facility, an interstate hazardous liquid pipeline facility, or either an intrastate gas pipeline facility or intrastate hazardous liquid pipeline facility that is used in interstate or foreign commerce or in any activity affecting interstate or foreign commerce, or attempting or conspiring to do such an act, shall be fined under title 18, imprisoned for not more than 20 years, or both, and, if death results to any person, shall be imprisoned for any term of years or for life.

(c) PENALTY FOR DAMAGING OR DESTROYING SIGN.—A person knowingly and willfully defacing, damaging, removing, or destroying a pipeline sign or right-of-way marker required by a law or regulation of the United States shall be fined under title 18, imprisoned for not more than one year, or both.

(d) PENALTY FOR NOT USING ONE-CALL NOTIFICATION SYSTEM OR NOT HEEDING LOCATION INFORMATION OR MARKINGS.—A person shall be fined under title 18, imprisoned for not more than 5 years, or both, if the person—

(1) knowingly and willfully engages in an excavation activity—

(A) without first using an available one-call notification system to establish the location of underground facilities in the excavation area; or

(B) without paying attention to appropriate location information or markings the operator of a pipeline facility establishes; and

(2) subsequently damages—

(A) a pipeline facility that results in death, serious bodily harm, or actual damage to property of more than $50,000;

(B) a pipeline facility, and knows or has reason to know of the damage, but does not report the damage promptly to the operator of the pipeline facility and to other appropriate authorities; or

(C) a hazardous liquid pipeline facility that results in the release of more than 50 barrels of product.

Penalties under this subsection may be reduced in the case of a violation that is promptly reported by the violator.

In this section, the words “upon conviction . . . subject, for each offense, to” and “a term” are omitted as surplus.

In subsections (a)–(c), the words “fined under title 18” are substituted for “a fine of not more than $25,000” and “a fine of not more than $5,000” for consistency with title 18.

In subsection (a), the word “prescribed” is added for consistency in the revised title and with other titles of the United States Code. The words “including any order issued under section 1677(b) and 1679(b) of this Appendix” in 49 App.:1679a(c)(1) and “including any order issued under section 2006(b) or 2008(b) of the Appendix” in 49 App.:2007(c)(1) are omitted as surplus.

In subsection (b), the word “damaging” is substituted for “injures”, and the word “damage” is substituted for “injure”, for clarity.

AMENDMENTS

Subsec. (b). Pub. L. 107–355, §8(c), substituted “gas pipeline facility, an” for “gas pipeline facility or” and inserted “, or either an intrastate gas pipeline facility or intrastate hazardous liquid pipeline facility that is used in interstate or foreign commerce or in any activity affecting interstate or foreign commerce” after “liquid pipeline facility”.

2001—Subsec. (b). Pub. L. 107–56 struck out “, or attempting to damage or destroy,” before “an interstate gas pipeline facility”, inserted “, or attempting or conspiring to do such an act,” before “shall be fined under title 18,” and substituted “20 years, or both, and, if death results to any person, shall be imprisoned for any term of years or for life,” for “15 years, or both.”

1996—Subsec. (a). Pub. L. 104–304, §18(b)(1), substituted “, or 60114(a) or 60128” for “or 60114(a)”.

Subsec. (d)(2). Pub. L. 104–304, §14, added subpar. (B) and redesignated former subpar. (B) as (C).

§ 60124. Biennial reports

(a) SUBMISSION AND CONTENTS.—Not later than August 15, 1997, and every 2 years thereafter, the Secretary of Transportation shall submit to Congress a report on carrying out this chapter for the 2 immediately preceding calendar years.
for gas and a report on carrying out this chapter for such period for hazardous liquid. Each report shall include the following information about the prior year for gas or hazardous liquid, as appropriate:

(1) a thorough compilation of the leak repairs, accidents, and casualties and a statement of cause when investigated and established by the National Transportation Safety Board;

(2) a list of applicable pipeline safety standards prescribed under this chapter including identification of standards prescribed during the year;

(3) a summary of the reasons for each waiver granted under section 60118(c) and (d) of this title;

(4) an evaluation of the degree of compliance with applicable safety standards, including a list of enforcement actions and compromises of alleged violations by location and company name;

(5) a summary of outstanding problems in carrying out this chapter, in order of priority.

(6) an analysis and evaluation of—

(A) research activities, including their policy implications, completed as a result of the United States Government and private sponsorship; and

(B) technological progress in safety achieved.

(7) a list, with a brief statement of the issues, of completed or pending judicial actions under this chapter.

(8) the extent to which technical information was distributed to the scientific community and consumer-oriented information was made available to the public.

(9) a compilation of certifications filed under section 60105 of this title that were—

(A) in effect; or

(B) rejected in any part by the Secretary and a summary of the reasons for each rejection.

(10) a compilation of agreements made under section 60106 of this title that were—

(A) in effect; or

(B) ended in any part by the Secretary and a summary of the reasons for each rejection.

(11) a description of the number and qualifications of State pipeline safety inspectors in each State for which a certification under section 60105 of this title or an agreement under section 60106 of this title is in effect and the number and qualifications of inspectors the Secretary recommends for that State.

(12) recommendations for legislation the Secretary considers necessary—

(A) to promote cooperation among the States in improving—

(i) gas pipeline safety; or

(ii) hazardous liquid pipeline safety programs; and

(B) to strengthen the national gas pipeline safety program.

(b) SUBMISSION OF ONE REPORT.—The Secretary may submit one report to carry out subsection (a) of this section.

In subsection (a), before clause (1), the words “prepare” and “comprehensive” are omitted as surplus. The words “the following information” are added for clarity. The words “about the prior year” are substituted for “occurring in such year”, “established or in effect in such year”, “during such year”, and “during the preceding calendar year” to eliminate unnecessary words. In clause (2), the word “Federal” is omitted as surplus. The word “prescribed” is substituted for “established or in effect” and “established” for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words. The word “newly” is omitted as surplus. In clause (4), the words “for the transportation of gas and pipeline facilities” in 49 App.:1683(a)(4) and “for the transportation of hazardous liquids and pipeline facilities” in 49 App.:2012(a)(4) are omitted because of the restatement. In clause (5), the words “in carrying out” are substituted for “confronting the administration of” for consistency. In clause (9), before subclause (A), the words “by State agencies (including municipalities)” are omitted as surplus. In clauses (9)(B) and (10)(B), the words “in any part” are added for clarity. In clause (10), before subclause (A), the words “with State agencies (including municipalities)” are omitted as surplus. In clause (12), before subclause (A), the word “additional” is omitted as surplus. In subclause (A), the word “several” is omitted as surplus. In subsection (b), the words “annual” and “the report requirements of” are omitted as surplus.

AMENDMENTS

Subsec. (a). Pub. L. 104–304, §15(a)(2), inserted first sentence and struck out former first sentence which read as follows: “The Secretary of Transportation shall submit to Congress not later than August 15 of each odd-numbered year a report on carrying out this chapter for the prior calendar year for gas and a report on carrying out this chapter for the prior calendar year for hazardous liquid.”

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions of law requiring submittal to Congress of any annual, semiannual, or other regular periodic report listed in House Document No. 103–7 (in which the 7th and 9th
§ 60125. Authorization of appropriations

(a) GAS AND HAZARDOUS LIQUID.—

(1) IN GENERAL.—To carry out the provisions of this chapter related to gas and hazardous liquid and section 12 of the Pipeline Safety Improvement Act of 2002 (49 U.S.C. 60101 note; Public Law 107–355):

(A) For fiscal year 2007, $66,175,000 of which $7,386,000 is for carrying out such section 12 and $17,550,000 is for making grants.

(B) For fiscal year 2008, $67,118,000 of which $7,786,000 is for carrying out such section 12 and $20,014,000 is for making grants.

(C) For fiscal year 2009, $72,045,000 of which $7,986,000 is for carrying out such section 12 and $21,513,000 is for making grants.

(D) For fiscal year 2010, $76,580,000 of which $8,100,000 is for carrying out such section 12 and $22,252,000 is for making grants.

(2) TRUST FUND AMOUNTS.—In addition to the amounts authorized to be appropriated by paragraph (1) the following amounts are authorized to be appropriated from the Oil Spill Liability Trust Fund to carry out the provisions of this chapter related to hazardous liquid and section 12 of the Pipeline Safety Improvement Act of 2002 (49 U.S.C. 60101 note; Public Law 107–355):

(A) For fiscal year 2007, $18,810,000 of which $4,207,000 is for making grants.

(B) For fiscal year 2008, $19,500,000 of which $4,207,000 is for making grants.

(C) For fiscal year 2009, $19,500,000 of which $4,207,000 is for making grants.

(D) For fiscal year 2010, $20,000,000 of which $4,207,000 is for making grants.

(b) EMERGENCY RESPONSE GRANTS.—

(1) IN GENERAL.—The Secretary may establish a program for making grants to State, county, and local governments in high consequence areas, as defined by the Secretary, for emergency response management, training, and technical assistance. To the extent that such grants are used to train emergency responders, such training shall ensure that emergency responders have the ability to protect nearby persons, property, and the environment from the effects of accidents or incidents involving gas or hazardous liquid pipelines, in accordance with existing regulations.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated $10,000,000 for each of fiscal years 2007 through 2010 to carry out this subsection.

(c) CREDITING APPROPRIATIONS FOR EXPENDITURES FOR TRAINING.—The Secretary may credit to an appropriation authorized under subsection (a) amounts received from sources other than the Government for reimbursement for expenses incurred by the Secretary in providing training.
omitted as obsolete. The reference to section 60114(b) of the revised title is added for clarity.

In subsection (c)(1) and (2), the words “the Federal grants-in-aid provisions” are omitted as surplus.

In subsection (c)(3), the words “the amount of” are omitted as surplus. The word “program” is added for consistency in this chapter. The words “made to a State” are omitted as surplus.

In subsection (e), the text of 49 App.:1884(a) (last sentence) is omitted as expired.

In subsection (f)(5), the words “made available” are omitted as surplus.

**AMENDMENTS**

Subsec. (b). Pub. L. 109–468, § 18(b), redesignated subsec. (d) as (b) and struck out former subsec. (b) which limited appropriation amounts for fiscal years 2003 through 2006 to carry out section 60107 of this title.

Subsec. (b)(1). Pub. L. 109–468, § 18(c)(1), inserted at end “To the extent that such grants are used to train emergency responders, such training shall ensure that emergency responders have the ability to protect nearby persons, property, and the environment from the effects of accidents or incidents involving gas or hazardous liquid pipelines, in accordance with existing regulations.”

Subsec. (b)(2). Pub. L. 109–468, § 18(c)(2), substituted “$10,000,000” for “$6,000,000” and “2007 through 2010” for “2003 through 2006”.

Subsec. (c). Pub. L. 109–468, § 18(b), redesignated subsec. (e) as (c) and struck out heading and text of former subsec. (c). Text read as follows: “Of the amounts available in the Oil Spill Liability Trust Fund, $8,000,000 shall be transferred to the Secretary of Transportation, as provided in appropriation Acts, to carry out programs authorized in this chapter for each of fiscal years 2003 through 2006.”

Subsecs. (d), (e), Pub. L. 109–468, § 18(b), redesignated subsecs. (d) and (e) as (b) and (c), respectively.

2002—Subsec. (a). Pub. L. 107–355, § 22(a), reenacted heading without change and amended text generally. Prior to amendment, text read as follows: “To carry out this chapter (except for sections 60107 and 60114(b)) related to gas and hazardous liquid, there are authorized to be appropriated the Department of Transportation—

(a) $19,448,000 for fiscal year 1996;

(b) $20,028,000 for fiscal year 1997, of which $14,600,000 is to be derived from user fees for fiscal year 1997 collected under section 60301 of this title;

(c) $20,729,000 for fiscal year 1998, of which $15,100,000 is to be derived from user fees for fiscal year 1998 collected under section 60301 of this title;

(d) $21,424,000 for fiscal year 1999, of which $15,700,000 is to be derived from user fees for fiscal year 1999 collected under section 60301 of this title; and

(e) $22,194,000 for fiscal year 2000, of which $16,300,000 is to be derived from user fees for fiscal year 2000 collected under section 60301 of this title.”

Subsec. (b). Pub. L. 107–355, § 22(b)(1), redesignated subsec. (c) as (b) and struck out former subsec. (b) which read as follows:

“Hazardous Liquid.—Not more than the following amounts may be appropriated to the Secretary to carry out this chapter (except sections 60107 and 60114(b)) related to hazardous liquid:

(1) $1,728,500 for the fiscal year ending September 30, 1996.

(2) $1,866,890 for the fiscal year ending September 30, 1994.

(3) $2,000,000 for the fiscal year ending September 30, 1993.”

Subsec. (b)(1). Pub. L. 107–355, § 22(b)(2), added subpars. (A) to (D) and struck out former subpars. (A) to (H) which read as follows:

“(A) $7,750,000 for the fiscal year ending September 30, 1993.

(B) $9,000,000 for the fiscal year ending September 30, 1994.

(C) $10,000,000 for the fiscal year ending September 30, 1995.

(D) $12,000,000 for fiscal year 1996.

(E) $14,000,000 for fiscal year 1997, of which $12,500,000 is to be derived from user fees for fiscal year 1997 collected under section 60301 of this title.

(F) $14,490,000 for fiscal year 1998, of which $12,900,000 is to be derived from user fees for fiscal year 1998 collected under section 60301 of this title.

(G) $15,000,000 for fiscal year 1999, of which $13,300,000 is to be derived from user fees for fiscal year 1999 collected under section 60301 of this title.

(H) $15,524,000 for fiscal year 2000, of which $13,700,000 is to be derived from user fees for fiscal year 2000 collected under section 60301 of this title.”

Subsec. (c). Pub. L. 107–355, § 22(c), added subsec. (c). Former subsec. (c) redesignated (b).

Subsec. (d). Pub. L. 107–355, § 22(b)(1), (c), added subsec. (d) and struck out former subsec. (d) which read as follows:

“(d) GRANTS FOR ONE-CALL NOTIFICATION SYSTEMS.—Not more than $ may be appropriated to the Secretary for the fiscal year ending September 30, 1995, to carry out section 60114(b) of this title. Amounts under this subsection remain available until expended.”

Subsec. (e). Pub. L. 107–355, § 22(d), struck out “or (b) of this section” after “under subsection (a)”.

Subsec. (f). Pub. L. 107–355, § 22(b)(1), struck out subsec. (f) which read as follows:

“(f) AVAILABILITY OF UNUSED AMOUNTS FOR GRANTS.—

(1) The Secretary shall make available for grants to States amounts appropriated for each of the fiscal years that ended September 30, 1986, and 1987, that have not been expended in making grants under section 60107 of this title.

(2) A grant under this subsection is available to a State that after December 31, 1987—

(A) undertakes a new responsibility under section 60105 of this title;

(B) implements a one-call damage prevention program established under State law.

(3) This subsection does not authorize a State to receive more than 50 percent of its allowable pipeline safety costs from a grant under this chapter.

(4) A State may receive not more than $75,000 under this subsection.

(5) Amounts under this subsection remain available until expended.”

1996—Subsec. (a). Pub. L. 104–304, § 21(a)(1), added subsec. (a) and struck out former subsec. (a) which read as follows:

“(a) GAS.—Not more than the following amounts may be appropriated to the Secretary of Transportation to carry out this chapter (except sections 60107 and 60114(b)) related to gas:

(1) $6,857,000 for the fiscal year ending September 30, 1993.

(2) $7,000,000 for the fiscal year ending September 30, 1994.

(3) $7,500,000 for the fiscal year ending September 30, 1995.”

Subsec. (c)(1). Pub. L. 104–304, § 21(b), added subpars. (D) to (H).

§ 60126. Risk management

(a) RISK MANAGEMENT PROGRAM DEMONSTRATION PROJECTS.—

(1) IN GENERAL.—The Secretary shall establish—

(A) to demonstrate, through the voluntary participation by owners and operators of gas pipeline facilities and hazardous liquid pipe-
line facilities, the application of risk management; and
(B) to evaluate the safety and cost-effectiveness of the program.

(2) EXEMPTIONS.—In carrying out a demonstration project under this subsection, the Secretary, by order—
(A) may exempt an owner or operator of the pipeline facility covered under the project (referred to in this subsection as a “covered pipeline facility”), from the applicability of all or a portion of the requirements under this chapter that would otherwise apply to the covered pipeline facility; and
(B) shall exempt, for the period of the project, an owner or operator of the covered pipeline facility, from the applicability of any new standard that the Secretary promulgates under this chapter during the period of that participation, with respect to the covered facility.

(b) REQUIREMENTS.—In carrying out a demonstration project under this section, the Secretary shall—
(1) invite owners and operators of pipeline facilities to submit risk management plans for timely approval by the Secretary;
(2) require, as a condition of approval, that a risk management plan submitted under this subsection contain measures that are designed to achieve an equivalent or greater overall level of safety than would otherwise be achieved through compliance with the standards contained in this chapter or promulgated by the Secretary under this chapter;
(3) provide for—
(A) collaborative government and industry training;
(B) methods to measure the safety performance of risk management plans;
(C) the development and application of new technologies;
(D) the promotion of community awareness concerning how the overall level of safety will be maintained or enhanced by the demonstration project;
(E) the development of models that categorize the risks inherent to each covered pipeline facility, taking into consideration the location, volume, pressure, and material transported or stored by that pipeline facility;
(F) the application of risk assessment and risk management methodologies that are suitable to the inherent risks that are determined to exist through the use of models developed under subparagraph (E);
(G) the development of project elements that are necessary to ensure that—
(i) the owners and operators that participate in the demonstration project demonstrate that they are effectively managing the risks referred to in subparagraph (E); and
(ii) the risk management plans carried out under the demonstration project under this subsection can be audited;
(H) a process whereby an owner or operator of a pipeline facility is able to terminate a risk management plan or, with the approval of the Secretary, to amend, modify, or otherwise adjust a risk management plan referred to in paragraph (1) that has been approved by the Secretary pursuant to that paragraph to respond to—
(i) changed circumstances; or
(ii) a determination by the Secretary that the owner or operator is not achieving an overall level of safety that is at least equivalent to the level that would otherwise be achieved through compliance with the standards contained in this chapter or promulgated by the Secretary under this chapter;
(I) such other elements as the Secretary, with the agreement of the owners and operators that participate in the demonstration project under this section, determines to further the purposes of this section; and
(J) an opportunity for public comment in the approval process; and
(4) in selecting participants for the demonstration project, take into consideration the past safety and regulatory performance of each applicant who submits a risk management plan pursuant to paragraph (1).

(c) EMERGENCIES AND REVOCATIONS.—Nothing in this section diminishes or modifies the Secretary’s authority under this title to act in case of an emergency. The Secretary may revoke any exemption granted under this section for substantial noncompliance with the terms and conditions of an approved risk management plan.

(d) PARTICIPATION BY STATE AUTHORITY.—In carrying out this section, the Secretary may provide for consultation by a State that has in effect a certification under section 60105. To the extent that a demonstration project comprises an intrastate natural gas pipeline or an intrastate hazardous liquid pipeline facility, the Secretary may make an agreement with the State agency to carry out the duties of the Secretary for approval and administration of the project.

(e) REPORT.—Not later than March 31, 2000, the Secretary shall transmit to the Congress a report on the results of the demonstration projects carried out under this section that includes—
(1) an evaluation of each such demonstration project, including an evaluation of the performance of each participant in that project with respect to safety and environmental protection; and
(2) recommendations concerning whether the applications of risk management demonstrated under the demonstration project should be incorporated into the Federal pipeline safety program under this chapter on a permanent basis.

DEEMED REFERENCES TO CHAPTERS 509 AND 511 OF TITLE 51

General references to “this title” deemed to refer also to chapters 509 and 511 of Title 51, National and Commercial Space Programs, see section 4(d)(8) of Pub. L. 111–314, set out as a note under section 101 of this title.
§ 60127. Population encroachment and rights-of-way

(a) STUDY.—The Secretary of Transportation, in conjunction with the Federal Energy Regulatory Commission and in consultation with appropriate Federal agencies and State and local governments, shall undertake a study of land use practices, zoning ordinances, and preservation of environmental resources with regard to pipeline rights-of-way and their maintenance.

(b) PURPOSE OF STUDY.—The purpose of the study shall be to gather information on land use practices, zoning ordinances, and preservation of environmental resources—

(1) to determine effective practices to limit encroachment on existing pipeline rights-of-way;

(2) to address and prevent the hazards and risks to the public, pipeline workers, and the environment associated with encroachment on pipeline rights-of-way;

(3) to raise the awareness of the risks and hazards of encroachment on pipeline rights-of-way; and

(4) to address how to best preserve environmental resources in conjunction with maintaining pipeline rights-of-way, recognizing pipeline operators’ regulatory obligations to maintain rights-of-way and to protect public safety.

(c) CONSIDERATIONS.—In conducting the study, the Secretary shall consider, at a minimum, the following:

(1) The legal authority of Federal agencies and State and local governments in controlling land use and the limitations on such authority.

(2) The current practices of Federal agencies and State and local governments in addressing land use issues involving a pipeline easement.

(3) The most effective way to encourage Federal agencies and State and local governments to monitor and reduce encroachment upon pipeline rights-of-way.

(d) REPORT.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this subsection, the Secretary shall publish a report identifying practices, laws, and ordinances that are most successful in addressing issues of encroachment and maintenance on pipeline rights-of-way so as to more effectively protect public safety, pipeline workers, and the environment.

(2) DISTRIBUTION OF REPORT.—The Secretary shall provide a copy of the report to—

(A) Congress and appropriate Federal agencies; and

(B) States for further distribution to appropriate local authorities.

(3) ADOPTION OF PRACTICES, LAWS, AND ORDINANCES.—The Secretary shall encourage Federal agencies and State and local governments to adopt and implement appropriate practices, laws, and ordinances, as identified in the report, to address the risks and hazards associated with encroachment upon pipeline rights-of-way and to address the potential methods of preserving environmental resources while maintaining pipeline rights-of-way, consistent with pipeline safety.

References in Text

The date of enactment of this subsection, referred to in subsec. (d)(1), is the date of enactment of Pub. L. 107–355, which was approved Dec. 17, 2002.

Amendments

2002—Pub. L. 107–355 substituted “Population encroachment and rights-of-way” for “Population encroachment” in section catchline and amended text generally. Prior to amendment, text read as follows:

“(a) LAND USE RECOMMENDATIONS.—The Secretary of Transportation shall make available to an appropriate official of each State, as determined by the Secretary, the land use recommendations of the special report numbered 219 of the Transportation Research Board, entitled ‘Pipelines and Public Safety’.

“(b) EVALUATION.—The Secretary shall—

“(1) evaluate the recommendations in the report referred to in subsection (a);

“(2) determine to what extent the recommendations are being implemented;

“(3) consider ways to improve the implementation of the recommendations; and

“(4) consider other initiatives to further improve awareness of local planning and zoning entities regarding issues involved with population encroachment in proximity to the rights-of-way of any interstate gas pipeline facility or interstate hazardous liquid pipeline facility.”

§ 60128. Dumping within pipeline rights-of-way

(a) PROHIBITION.—No person shall excavate for the purpose of unauthorized disposal within the right-of-way of an interstate gas pipeline facility or interstate hazardous liquid pipeline facility, or any other limited area in the vicinity of any such interstate pipeline facility established by the Secretary of Transportation, and dispose solid waste therein.

(b) DEFINITION.—For purposes of this section, the term “solid waste” has the meaning given that term in section 1004(27) of the Solid Waste Disposal Act (42 U.S.C. 6903(27)).

§ 60129. Protection of employees providing pipeline safety information

(a) DISCRIMINATION AGAINST EMPLOYEE.—

(1) IN GENERAL.—No employer may discharge any employee or otherwise discriminate against any employee with respect to his compensation, terms, conditions, or privileges of employment because the employee (or any person acting pursuant to a request of the employee)—

(A) provided, caused to be provided, or is about to provide or cause to be provided, to the employer or the Federal Government information relating to any violation or alleged violation of any order, regulation, or standard under this chapter or any other Federal law relating to pipeline safety;

(B) refused to engage in any practice made unlawful by this chapter or any other Federal law relating to pipeline safety;

(C) provided, caused to be provided, or is about to provide or cause to be provided, tes-
timony before Congress or at any Federal or State proceeding regarding any provision (or proposed provision) of this chapter or any other Federal law relating to pipeline safety;

(D) commenced, caused to be commenced, or is about to commence or cause to be commenced a proceeding under this chapter or any other Federal law relating to pipeline safety, or a proceeding for the administration or enforcement of any requirement imposed under this chapter or any other Federal law relating to pipeline safety;

(E) provided, caused to be provided, or is about to provide or cause to be provided, testimony in any proceeding described in subparagraph (D); or

(F) assisted or participated in or is about to assist or participate in any manner in such a proceeding or in any other manner in such a proceeding or in any other action to carry out the purposes of this chapter or any other Federal law relating to pipeline safety.

(2) EMPLOYER DEFINED.—In this section, the term “employer” means—

(A) a person owning or operating a pipeline facility, or

(B) a contractor or subcontractor of such a person.

(b) DEPARTMENT OF LABOR COMPLAINT PROCEDURE.—

(1) FILING AND NOTIFICATION.—A person who believes that he or she has been discharged or otherwise discriminated against by any person in violation of subsection (a) may, not later than 180 days after the date on which such violation occurs, file (or have any person file on his or her behalf) a complaint with the Secretary of Labor alleging such discharge or discrimination.

(i) Filing and notification.—If a complaint is filed under this subsection and the Secretary of Labor determines that a violation occurred, the Secretary of Labor shall notify, in writing, the Secretary of Transportation of the filing of the complaint, of the substance of the complaint, and of the opportunities that will be afforded to such person or persons under paragraph (2).

(ii) Investigation otherwise required under this paragraph, any person alleged to have committed a violation or the complainant may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be conducted expeditiously. If a hearing is not requested in such 60-day period, the preliminary order shall be deemed a final order that is not subject to judicial review.

(iii) Showings by Employer.—Notwithstanding a finding by the Secretary of Labor that the complainant has made the showing required under clause (i), no investigation otherwise required under subparagraph (A) shall be conducted if the employer demonstrates, by clear and convincing evidence, that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(iv) Criteria for Determination by Secretary.—The Secretary of Labor may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(v) Prohibition.—Relief may not be ordered under this paragraph if the employer demonstrates by clear and convincing evidence that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(ii) Showings by Complainant.—The Secretary of Labor shall dismiss a complaint filed under this subsection and shall not conduct an investigation otherwise required under subparagraph (A) unless the complainant makes a prima facie showing that any behavior described in subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(iii) Criteria for Determination by Secretary.—The Secretary of Labor may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(v) Final Order.—

(A) Deadline for Issuance of Final Order.—Not later than 60 days after the date of notification of findings under this subparagraph, any person alleged to have committed a violation or the complainant may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be conducted expeditiously. If a hearing is not requested in such 60-day period, the preliminary order shall be deemed a final order that is not subject to judicial review.

(B) Requirements.—

(i) Required Showing by Complainant.—The Secretary of Labor shall dismiss a complaint filed under this subsection and shall not conduct an investigation otherwise required under subparagraph (A) unless the complainant makes a prima facie showing that any behavior described in subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(ii) Showings by Employer.—Notwithstanding a finding by the Secretary of Labor that the complainant has made the showing required under clause (i), no investigation otherwise required under subparagraph (A) shall be conducted if the employer demonstrates, by clear and convincing evidence, that the employer would have taken the same unfavorable personnel action in the absence of that behavior.

(iii) Criteria for Determination by Secretary.—The Secretary of Labor may determine that a violation of subsection (a) has occurred only if the complainant demonstrates that any behavior described in subsection (a) was a contributing factor in the unfavorable personnel action alleged in the complaint.

(iv) Final Order.—

(A) Deadline for Issuance of Final Order.—Not later than 60 days after the date of conclusion of a hearing under paragraph (2), the Secretary of Labor shall issue a final order providing the relief prescribed by this paragraph or denying the complaint. At any time before issuance of a final order, a proceeding under this subsection may be terminated on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person or persons alleged to have committed the violation.

(B) Remedy.—If, in response to a complaint filed under paragraph (1), the Secretary of Labor determines that a violation of subsection (a) has occurred, the Secretary of Labor shall order the person or persons who committed such violation to—

(i) take affirmative action to abate the violation;
§ 60130

LABOR

have jurisdiction to grant all appropriate relief, including, but not to be limited to, injunctive relief and compensatory damages. In actions brought in bad faith, the Secretary of Labor may award to the prevailing employer a reasonable attorney’s fee not exceeding $1,000.

An order of the Secretary of Labor with respect to an action of an employee of an employer (or such employer’s agent), deliberately causes a violation of any requirement imposed by this section shall be enforceable in a mandamus proceeding brought under section 1361 of title 28, United States Code.

Any nondiscretionary duty imposed by this section shall be enforceable in a mandamus proceeding brought under section 1361 of title 28, United States Code. The commencement of proceedings under this section may not exceed $50,000 for a single grant recipient. The Secretary shall establish appropriate procedures to ensure the proper use of funds provided under this section.

Each recipient of a grant under this section shall ensure that—

(A) the technical findings made possible by the grants are made available to the relevant operators; and

(B) open communication between the grant recipients, local operators, local communities, and other interested parties is encouraged.

In this subsection, the term “technical assistance” means engineering and other scientific analysis of pipeline safety issues, including the promotion of public participation in official proceedings conducted under this chapter.

Funds provided under this section may not be used for lobbying or in direct support of litigation.

(2) DEMONSTRATION GRANTS.—At least the first 3 grants awarded under this section shall be demonstration grants for the purpose of demonstrating and evaluating the utility of grants under this section and criteria for selecting grant recipients. The amount of any grant under this section may not exceed $50,000 for a single grant recipient.

Each recipient of a grant under this section shall ensure that—

(A) the technical findings made possible by the grants are made available to the relevant operators; and

(B) open communication between the grant recipients, local operators, local communities, and other interested parties is encouraged.

In this subsection, the term “technical assistance” means engineering and other scientific analysis of pipeline safety issues, including the promotion of public participation in official proceedings conducted under this chapter.

Funds provided under this section may not be used for lobbying or in direct support of litigation.

(c) ANNUAL REPORT.—

(1) In general.—Not later than 90 days after the last day of each fiscal year for which
grants are made by the Secretary under this section, the Secretary shall report to the Committees on Commerce, Science, and Transportation and Energy and Natural Resources of the Senate and the Committees on Transportation and Infrastructure and Energy and Commerce of the House of Representatives on grants made under this section in the preceding fiscal year.

(2) CONTENTS.—The report shall include—

(A) a listing of the identity and location of each recipient of a grant under this section in the preceding fiscal year and the amount received by the recipient;
(B) a description of the purpose for which each grant was made; and
(C) a description of how each grant was used by the recipient.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary of Transportation for carrying out this section $1,000,000 for each of the fiscal years 2003 through 2010. Such amounts shall not be derived from user fees collected under section 60301.

REMARKS IN TEXT

Public Law 93–153, referred to in subsec. (a)(1), is Pub. L. 93–153, Nov. 16, 1973, 87 Stat. 576, as amended. Title II of the Act, known as the Trans-Alaska Pipeline Authorization Act, is classified generally to chapter 34 (§§1651 et seq.) of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title thorization Act, is classified generally to chapter 34 II of the Act, known as the Trans-Alaska Pipeline Au –

AMENDMENTS

2006—Subsec. (a)(1). Pub. L. 109–468, §5(1), substituted “No grants may be awarded under section 6011(g) until the Secretary has established competitive” for “The Secretary has established competitive”.

Subsec. (a)(2) to (4). Pub. L. 109–468, §5(2), (3), added pars. (2) and (3) and redesignated former par. (2) as (4).

§60131. Verification of pipeline qualification programs

(a) IN GENERAL.—Subject to the requirements of this section, the Secretary of Transportation shall require the owner of a pipeline facility to develop and adopt a qualification program to ensure that the individuals who perform covered tasks are qualified to conduct such tasks.

(b) STANDARDS AND CRITERIA.—

(1) DEVELOPMENT.—Not later than 1 year after the date of enactment of this section, the Secretary shall ensure that the Department of Transportation has in place standards and criteria for qualification programs referred to in subsection (a).

(2) CONTENTS.—The standards and criteria shall include the following:

(A) The establishment of methods for evaluating the acceptability of the qualification of individuals described in subsection (a).

(B) A requirement that pipeline operators develop and implement written plans and procedures to qualify individuals described in subsection (a) to a level found acceptable using the methods established under subparagraph (A) and evaluate the abilities of individuals described in subsection (a) according to such methods.

(c) DEVELOPMENT OF QUALIFICATION PROGRAMS BY PIPELINE OPERATORS.—The Secretary shall require each pipeline operator to develop and adopt, not later than 2 years after the date of enactment of this section, a qualification program that complies with the standards and criteria described in subsection (b).

(d) ELEMENTS OF QUALIFICATION PROGRAMS.—A qualification program adopted by an operator under subsection (a) shall include, at a minimum, the following elements:

(1) A method for examining or testing the qualifications of individuals described in subsection (a). The method may include written examination, oral examination, observation during on-the-job performance, on-the-job training, simulations, and other forms of assessment. The method may not be limited to observation of on-the-job performance, except with respect to tasks for which the Secretary has determined that such observation is the best method of examining or testing qualifications. The Secretary shall ensure that the results of any such observations are documented in writing.

(2) A requirement that the operator complete the qualification of all individuals described in subsection (a) not later than 18 months after the date of adoption of the qualification program.

(3) A periodic requalification component that provides for examination or testing of individuals in accordance with paragraph (1).

(4) A program to provide training, as appropriate, to ensure that individuals performing covered tasks have the necessary knowledge and skills to perform the tasks in a manner that ensures the safe operation of pipeline facilities.

(e) REVIEW AND VERIFICATION OF PROGRAMS.—

(1) IN GENERAL.—The Secretary shall review the qualification program of each pipeline operator and verify its compliance with the standards and criteria described in subsection (b) and that it includes the elements described in subsection (d).

(2) DEADLINE FOR COMPLETION.—Reviews and verifications under this subsection shall be completed not later than 3 years after the date of the enactment of this section.

(3) INADEQUATE PROGRAMS.—If the Secretary determines that a qualification program is inadequate for the safe operation of a pipeline facility, the Secretary shall act as under section 60108(a)(2) to require the operator to revise the qualification program.

(4) PROGRAM MODIFICATIONS.—If the operator of a pipeline facility significantly modifies a program that has been verified under this sub-
section, the operator shall notify the Secretary of the modifications. The Secretary shall review and verify such modifications in accordance with paragraph (1).

(5) WAIVERS AND MODIFICATIONS.—In accordance with section 60118(c), the Secretary may waive or modify any requirement of this section if the waiver or modification is not consistent with pipeline safety.

(6) INACTION BY THE SECRETARY.—Notwithstanding any failure of the Secretary to prescribe standards and criteria as described in subsection (b), an operator of a pipeline facility shall develop and adopt a qualification program that complies with the requirement of subsection (b)(2)(B) and includes the elements described in subsection (d) not later than 5 years after the date of enactment of this section.

(f) INTRASTATE PIPELINE FACILITIES.—In the case of an intrastate pipeline facility operator, the duties and powers of the Secretary under this section with respect to the qualification program of the operator shall be vested in the appropriate State regulatory agency, consistent with this chapter.

(g) COVERED TASK DEFINED.—In this section, the term "covered task"—

(1) with respect to a gas pipeline facility, has the meaning such term has under section 195.501 of such title, including any subsequent modifications; and

(2) with respect to a hazardous liquid pipeline facility, has the meaning such term has under section 195.501 of such title, including any subsequent modifications.

(h) REPORT.—Not later than 4 years after the date of enactment of this section, the Secretary shall transmit to Congress a report on the status and results to date of the personnel qualification regulations issued under this chapter.

REFERENCES IN TEXT

The date of enactment of this section, referred to in subsecs. (b)(1), (c), (e)(2), (6), and (h), is the date of enactment of Pub. L. 107–355, which was approved Dec. 17, 2002.

PILOT PROGRAM FOR CERTIFICATION OF CERTAIN PIPELINE WORKERS

"(1) IN GENERAL.—Not later than 36 months after the date of enactment of this Act [Dec. 17, 2002], the Secretary of Transportation shall—

"(A) develop tests and other requirements for certifying the qualifications of individuals who operate computer-based systems for controlling the operations of pipelines; and

"(B) establish and carry out a pilot program for 3 pipeline facilities under which the individuals operating computer-based systems for controlling the operations of pipelines at such facilities are required to be certified under the process established under subparagraph (A).

"(2) REPORT.—The Secretary shall include in the report required under section 60131(h) of title 49, as added by subsection (a) of this section, the results of the pilot program. The report shall include—

"(A) a description of the pilot program and implementation of the pilot program at each of the 3 pipeline facilities;

"(B) an evaluation of the pilot program, including the effectiveness of the process for certifying individuals who operate computer-based systems for controlling the operations of pipelines; and

"(C) any recommendations of the Secretary for requiring the certification of all individuals who operate computer-based systems for controlling the operations of pipelines; and

"(D) an assessment of the ramifications of requiring the certification of other individuals performing safety-sensitive functions for a pipeline facility.

(3) COMPUTER-BASED SYSTEMS DEFINED.—In this subsection, the term 'computer-based systems' means supervisory control and data acquisition systems.

§ 60132. National pipeline mapping system

(a) INFORMATION TO BE PROVIDED.—Not later than 6 months after the date of enactment of this section, the operator of a pipeline facility (except distribution lines and gathering lines) shall provide to the Secretary of Transportation the following information with respect to the facility:

(1) Geospatial data appropriate for use in the National Pipeline Mapping System or data in a format that can be readily converted to geospatial data.

(2) The name and address of the person with primary operational control to be identified as its operator for purposes of this chapter.

(3) A means for a member of the public to contact the operator for additional information about the pipeline facilities it operates.

(b) UPDATES.—A person providing information under subsection (a) shall provide to the Secretary updates of the information to reflect changes in the pipeline facility owned or operated by the person and as otherwise required by the Secretary.

(c) TECHNICAL ASSISTANCE TO IMPROVE LOCAL RESPONSE CAPABILITIES.—The Secretary may provide technical assistance to State and local officials to improve local response capabilities for pipeline emergencies by adapting information available through the National Pipeline Mapping System to software used by emergency response personnel responding to pipeline emergencies.

§ 60133. Coordination of environmental reviews

(a) INTERAGENCY COMMITTEE.—

(1) ESTABLISHMENT AND PURPOSE.—Not later than 30 days after the date of enactment of this section, the President shall establish an Interagency Committee to develop and ensure implementation of a coordinated environmental review and permitting process in order to enable pipeline operators to commence and complete all activities necessary to carry out pipeline repairs within any time periods specified by rule by the Secretary.

(2) MEMBERSHIP.—The Chairman of the Council on Environmental Quality (or a designee of the Chairman) shall chair the Inter-
agency Committee, which shall consist of representatives of Federal agencies with responsibilities relating to pipeline repair projects, including each of the following persons (or a designee thereof):

(A) The Secretary of Transportation.
(B) The Administrator of the Environmental Protection Agency.
(C) The Director of the United States Fish and Wildlife Service.
(D) The Assistant Administrator for Fisheries of the National Oceanic and Atmospheric Administration.
(E) The Director of the Bureau of Land Management.
(F) The Director of the Minerals Management Service.
(G) The Assistant Secretary of the Army for Civil Works.
(H) The Chairman of the Federal Energy Regulatory Commission.

(3) EVALUATION.—The Interagency Committee shall evaluate Federal permitting requirements to which access, excavation, and restoration activities in connection with pipeline repairs described in paragraph (1) may be subject. As part of its evaluation, the Interagency Committee shall examine the access, excavation, and restoration practices of the pipeline industry in connection with such pipeline repairs, and may develop a compendium of best practices used by the industry to access, excavate, and restore the site of a pipeline repair.

(4) MEMORANDUM OF UNDERSTANDING.—Based upon the evaluation required under paragraph (3) and not later than 1 year after the date of enactment of this section, the members of the Interagency Committee shall enter into a memorandum of understanding to provide for a coordinated and expedited pipeline repair permit review process to carry out the purpose set forth in paragraph (1). The Interagency Committee shall include provisions in the memorandum of understanding identifying those repairs or categories of repairs described in paragraph (1) for which the best practices identified under paragraph (3), when properly employed by a pipeline operator, would result in no more than minimal adverse effects on the environment and for which discretionary administrative reviews may therefore be minimized or eliminated. With respect to pipeline repairs described in paragraph (1) to which the preceding sentence would not be applicable, the Interagency Committee shall include provisions to enable pipeline operators to commence and complete all activities necessary to carry out pipeline repairs within any time periods specified by rule by the Secretary. The Interagency Committee shall include in the memorandum of understanding criteria under which permits required for such pipeline repair activities should be prioritized over other less urgent agency permit application reviews. The Interagency Committee shall not enter into a memorandum of understanding under this paragraph except by unanimous agreement of the members of the Interagency Committee.

(5) STATE AND LOCAL CONSULTATION.—In carrying out this subsection, the Interagency Committee shall consult with appropriate State and local environmental, pipeline safety, and emergency response officials, and such other officials as the Interagency Committee considers appropriate.

(b) IMPLEMENTATION.—Not later than 180 days after the completion of the memorandum of understanding required under subsection (a)(4), each agency represented on the Interagency Committee shall revise its regulations as necessary to implement the provisions of the memorandum of understanding.

(c) SAVINGS PROVISIONS: NO PREEMPTION.—Nothing in this section shall be construed—

(1) to require a pipeline operator to obtain a Federal permit, if no Federal permit would otherwise have been required under Federal law; or

(2) to preempt applicable Federal, State, or local environmental law.

(d) INTERIM OPERATIONAL ALTERNATIVES.—

(1) IN GENERAL.—Not later than 30 days after the date of enactment of this section, and subject to the limitations in paragraph (2), the Secretary of Transportation shall revise the regulations of the Department, to the extent necessary, to permit a pipeline operator subject to time periods for repair specified by rule by the Secretary to implement alternative mitigation measures until all applicable permits have been granted.

(2) LIMITATIONS.—The regulations issued by the Secretary pursuant to this subsection shall not allow an operator to implement alternative mitigation measures pursuant to paragraph (1) unless—

(A) allowing the operator to implement such measures would be consistent with the protection of human health, public safety, and the environment;

(B) the operator, with respect to a particular repair project, has applied for and is pursuing diligently and in good faith all required Federal, State, and local permits to carry out the project; and

(C) the proposed alternative mitigation measures are not incompatible with pipeline safety.

(e) OMBUDSMAN.—The Secretary shall designate an ombudsman to assist in expediting pipeline repairs and resolving disagreements between Federal, State, and local permitting agencies and the pipeline operator during agency review of any pipeline repair activity, consistent with protection of human health, public safety, and the environment.

(f) STATE AND LOCAL PERMITTING PROCESSES.—The Secretary shall encourage States and local governments to consolidate their respective permitting processes for pipeline repair projects subject to any time periods for repair specified by rule by the Secretary. The Secretary may request other relevant Federal agencies to provide technical assistance to States and local governments for the purpose of encouraging such consolidation.

§ 60134. State damage prevention programs

(a) IN GENERAL.—The Secretary may make a grant to a State authority (including a municipality with respect to intrastate gas pipeline transportation) to assist in improving the overall quality and effectiveness of a damage prevention program of the State authority under sub-section (e) if the State authority—

(1) has in effect an annual certification under section 60105 or an agreement under section 60106; and

(2)(A) has in effect an effective damage prevention program that meets the requirements of subsection (b); or

(B) demonstrates that it has made substantial progress toward establishing such a program, and that such program will meet the requirements of subsection (b).

(b) DAMAGE PREVENTION PROGRAM ELEMENTS.—

An effective damage prevention program includes the following elements:

(1) Participation by operators, excavators, and other stakeholders in the development and implementation of methods for establishing and maintaining effective communications between stakeholders from receipt of an excavation notification until successful completion of the excavation, as appropriate.

(2) A process for fostering and ensuring the support and partnership of stakeholders, including excavators, operators, locators, designers, and local government in all phases of the program.

(3) A process for reviewing the adequacy of a pipeline operator’s internal performance measures regarding persons performing locating services and quality assurance programs.

(4) Participation by operators, excavators, and other stakeholders in the development and implementation of effective employee training programs to ensure that operators, the one-call center, the enforcing agency, and the excavators have partnered to design and implement training for the employees of operators, excavators, and locators.

(5) A process for fostering and ensuring active participation by all stakeholders in public education for damage prevention activities.

(6) A process for resolving disputes that defines the State authority’s role as a partner and facilitator to resolve issues.

(7) Enforcement of State damage prevention laws and regulations for all aspects of the damage prevention process, including public education, and the use of civil penalties for violations assessable by the appropriate State authority.

(8) A process for fostering and promoting the use, by all appropriate stakeholders, of improving technologies that may enhance communications, underground pipeline locating capability, and gathering and analyzing information about the accuracy and effectiveness of locating programs.

(9) A process for review and analysis of the effectiveness of each program element, including a means for implementing improvements identified by such program reviews.

(c) FACTORS TO CONSIDER.—In making grants under this section, the Secretary shall take into consideration the commitment of each State to ensuring the effectiveness of its damage prevention program, including legislative and regulatory actions taken by the State.

(d) APPLICATION.—If a State authority files an application for a grant under this section not later than September 30 of a calendar year and demonstrates that the Governor (or chief executive) of the State has designated it as the appropriate State authority to receive the grant, the Secretary shall review the State’s damage prevention program to determine its effectiveness.

(e) USE OF FUNDS.—A grant under this section to a State authority may only be used to pay the cost of the personnel, equipment, and activities that the State authority reasonably requires for the calendar year covered by the grant to develop or carry out its damage prevention program in accordance with subsection (b).

§ 60135. Enforcement transparency

(a) IN GENERAL.—Not later than December 31, 2007, the Secretary shall—

(1) provide a monthly updated summary to the public of all gas and hazardous liquid pipeline enforcement actions taken by the Secretary or the Pipeline and Hazardous Materials Safety Administration, from the time a notice commencing an enforcement action is issued until the enforcement action is final;

(2) include in each such summary identification of the operator involved in the enforcement activity, the type of alleged violation, the penalty or penalties proposed, any changes in case status since the previous summary, the final assessment amount of each penalty, and the reasons for a reduction in the proposed penalty, if appropriate; and

(3) provide a mechanism by which a pipeline operator named in an enforcement action may make information, explanations, or documents it believes are responsive to the enforcement action available to the public.

(b) ELECTRONIC AVAILABILITY.—Each summary under this section shall be made available to the public by electronic means.

(c) RELATIONSHIP TO FOIA.—Nothing in this section shall be construed to require disclosure of information or records that are exempt from disclosure under section 552 of title 5.

§ 60136. Petroleum product transportation capacity study

(a) IN GENERAL.—The Secretaries of Transportation and Energy shall conduct periodic analyses of the domestic transport of petroleum products by pipeline. Such analyses should identify areas of the United States where unplanned loss of individual pipeline facilities may cause shortages of petroleum products or price disruptions and where shortages of pipeline capacity and reliability concerns may have or are anticipated to contribute to shortages of petroleum products or price disruptions. Upon identifying such areas, the Secretaries may determine if the current level of regulation is sufficient to minimize the potential for unplanned losses of pipeline capacity.

(b) CONSULTATION.—In preparing any analysis under this section, the Secretaries may consult with the heads of other government agencies and public- and private-sector experts in pipeline and other forms of petroleum product transportation, energy consumption, pipeline capacity, population, and economic development.

(c) REPORT TO CONGRESS.—Not later than June 1, 2008, the Secretaries shall submit to the Committee on Energy and Commerce and the Committee on Transportation and Infrastructure of the Committee on Energy and Commerce and the Committee on Transportation, Energy, and Commerce a report setting forth their recommendations to reduce the likelihood of the shortages and price disruptions referred to in subsection (a).

(d) ADDITIONAL REPORTS.—The Secretaries shall submit additional reports to the congressional committees referred to in subsection (c) containing the results of any subsequent analyses performed under subsection (a) and any additional recommendations, as appropriate.

(e) PETROLEUM PRODUCT DEFINED.—In this section, the term “petroleum product” means oil of any kind or in any form, gasoline, diesel fuel, aviation fuel, kerosene, any product obtained from refining or processing of crude oil, liquefied petroleum gases, natural gas liquids, petrochemical feedstocks, condensate, waste or refuse mixtures containing any of such oil products, and any other liquid hydrocarbon compounds.

§ 60137. Pipeline control room management

(a) IN GENERAL.—Not later than June 1, 2008, the Secretaries shall issue regulations requiring each operator of a gas or hazardous liquid pipeline to develop, implement, and submit to the Secretary or, in the case of an operator of an intrastate pipeline located within the boundaries of a State that has in effect an annual certification under section 60105, to the head of the appropriate State authority, a human factors management plan designed to reduce risks associated with human factors, including fatigue, in each control center for the pipeline. Each plan must include, among the measures to reduce such risks, a maximum limit on the hours of service established by the operator for individuals employed as controllers in a control center for the pipeline.

(b) REVIEW AND APPROVAL OF THE PLAN.—The Secretary or, in the case of an operator of an intrastate pipeline located within the boundaries of a State that has in effect an annual certification under section 60105, the head of the appropriate State authority, shall review and approve each plan submitted to the Secretary or the head of such authority under subsection (a). The Secretary and the head of such authority may not approve a plan that does not include a maximum limit on the hours of service established by the operator of the pipeline for individuals employed as controllers in a control center for the pipeline.

(c) ENFORCEMENT OF THE PLAN.—If the Secretary or the head of the appropriate State authority determines that an operator’s plan submitted to the Secretary or the head of such authority under subsection (a), or implementation of such a plan, does not comply with the regulations issued under this section or is inadequate for the safe operation of a pipeline, the Secretary or the head of such authority may take action consistent with this chapter and enforce the requirements of such regulations.

CHAPTER 603—USER FEES

Sec. 60301. User fees.

§ 60301. User fees

(a) SCHEDULE OF FEES.—The Secretary of Transportation shall prescribe a schedule of fees for all natural gas and hazardous liquids transported by pipelines subject to chapter 601 of this title. The fees shall be based on usage (in reasonable relationship to volume-miles, miles, revenues, or a combination of volume-miles, miles, and revenues) of the pipelines. The Secretary shall consider the allocation of resources of the Department of Transportation when establishing the schedule.

(b) IMPOSITION AND TIME OF COLLECTION.—A fee shall be imposed on each person operating a gas pipeline transmission facility, a liquefied natural gas pipeline facility, or a hazardous liquid pipeline facility to which chapter 601 of this title applies. The fee shall be collected before the end of the fiscal year to which it applies.
(c) **Means of Collection.**—The Secretary shall prescribe procedures to collect fees under this section. The Secretary may use a department, agency, or instrumentality of the United States Government or of a State or local government to collect the fee and may reimburse the department, agency, or instrumentality a reasonable amount for its services.

(d) **Use of Fees.**—A fee collected under this section—

(1) (A) related to a gas pipeline facility may be used only for an activity related to gas under chapter 601 of this title; and

(B) related to a hazardous liquid pipeline facility may be used only for an activity related to hazardous liquid under chapter 601 of this title; and

(2) may be used only to the extent provided in advance in an appropriation law.

(e) **Limitations.**—Fees prescribed under subsection (a) of this section shall be sufficient to pay for the costs of activities described in subsection (d) of this section. However, the total amount collected for a fiscal year may not be more than 105 percent of the total amount of the appropriations made for the fiscal year for activities to be financed by the fees.

**Study and Report on User Fee Assessment Factors**

Pub. L. 104–304, §17, Oct. 12, 1996, 110 Stat. 3803, provided that:

“(a) **In General.**—Not later than 1 year after the date of the enactment of this Act [Oct. 12, 1996], the Secretary of Transportation shall transmit to the Congress a report analyzing the present assessment of pipeline safety user fees solely on the basis of mileage to determine whether—

“(1) that measure of the resources of the Department of Transportation is the most appropriate measure of the resources used by the Department of Transportation in the regulation of pipeline transportation; or

“(2) another basis of assessment would be a more appropriate measure of those resources.

“(b) **Considerations.**—In making the report, the Secretary shall consider a wide range of assessment factors and suggestions and comments from the public.”

**Chapter 65— Interstate Commerce Regulation**

**§60501. Secretary of Energy**

Except as provided in section 60502 of this title, the Secretary of Energy has the duties and powers related to the transportation of oil by pipeline that were vested on October 1, 1977, in the Interstate Commerce Commission or the chairman or a member of the Commission.

**Study and Report on User Fee Assessment Factors**

Pub. L. 104–304, §17, Oct. 12, 1996, 110 Stat. 3803, provided that:

“(a) **In General.**—Not later than 1 year after the date of the enactment of this Act [Oct. 12, 1996], the Secretary of Transportation shall transmit to the Congress a report analyzing the present assessment of pipeline safety user fees solely on the basis of mileage to determine whether—

“(1) that measure of the resources of the Department of Transportation is the most appropriate measure of the resources used by the Department of Transportation in the regulation of pipeline transportation; or

“(2) another basis of assessment would be a more appropriate measure of those resources.

“(b) **Considerations.**—In making the report, the Secretary shall consider a wide range of assessment factors and suggestions and comments from the public.”

**Transfer of Functions**

For transfer of duties, powers, and authority of Research and Special Programs Administration under this chapter to the Administrator of the Pipeline and Hazardous Materials Safety Administration, see section 2(b) of Pub. L. 104–44, set out as a note under section 108 of this title.

**§60502. Federal Energy Regulatory Commission**

The Federal Energy Regulatory Commission has the duties and powers related to the establishment of a rate or charge for the transpor-
tation of oil by pipeline or the valuation of that pipeline that were vested on October 1, 1977, in the Interstate Commerce Commission or an officer or component of the Interstate Commerce Commission.

§ 80101

In this chapter—

(1) "consignee" means the person named in a bill of lading as the person to whom the goods are to be delivered.

(2) "consignor" means the person named in a bill of lading as the person from whom the goods have been received for shipment.

(3) "goods" means merchandise or personal property that has been, is being, or will be transported.

(4) "holder" means a person having possession of, and a property right in, a bill of lading.

(5) "order" means an order by indorsement to bills of lading issued by common carriers.

(6) "purchase" includes taking by mortgage or pledge.

(7) "State" means a State of the United States, the District of Columbia, and a territory or possession of the United States.

In this chapter—

(a) Negotiable and nonnegotiable bills

(b) Nonnegotiable bills

(1) A bill of lading is negotiable if the bill—

(A) states that the goods are to be delivered to the order of a consignee; and

(B) does not contain on its face an agreement with the shipper that the bill is not negotiable.

(2) Inserting in a negotiable bill of lading the name of a person to be notified of the arrival of the goods—

(A) does not limit its negotiability; and

(B) is not notice to the purchaser of the goods of a right the named person has to the goods.

(3) A common carrier issuing a nonnegotiable bill of lading must put "nonnegotiable" or "not negotiable" on the bill. This paragraph does not apply to an informal memorandum or acknowledgment.
In subsection (a)(1), the words “A bill of lading is nonnegotiable if . . . states that the goods are to be delivered to the order of a consignee” are substituted for “A bill in which it is stated that the goods are consigned or destined to the order of any person named in such bill” because of the restatement.

In subsection (a)(2)(B), the words “right the named person has” in subsection (a)(2)(A), and the words “A bill of lading is nonnegotiable if . . . states that the goods are to be delivered to the order of a consignee” are substituted for “A bill in which . . . is a straight bill” in subsection (a)(2)(A) for clarity. The words “free from existing equities” in subsection (a)(2)(A) are omitted as surplus.

In subsection (b)(1), before clause (A), the words “A bill of lading may be negotiated by delivery when the common carrier, under the terms of the bill, undertakes to deliver the goods to the order of a specified person and that person or a subsequent indorsee has indorsed the bill in blank” are substituted for “A negotiable bill of lading may be negotiated by delivering it to the person to whom the bill is negotiated, or a person to whom the bill has been indorsed, and the person to whom the bill has been issued are in a common carrier’s possession, and the person to whom the bill has been issued retains possession of the bill after selling, mortgaging, or pledging the goods or bill, the subsequent negotiation of the bill by that person to another person receiving the bill for value, in good faith, and without notice of the prior sale, mortgage, or pledge has the same effect as if the first purchaser of the goods or bill had expressly authorized the subsequent negotiation.”

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1347.)
§ 80106. Transfer without negotiation

(a) DELIVERY AND AGREEMENT.—The holder of a bill of lading may transfer the bill without negotiating it by delivery and agreement to transfer title to the bill or to the goods represented by it. Subject to the agreement, the person to whom the bill is transferred has title to the goods against the transferor.

(b) COMPELLING INDORSEMENT.—When a negotiable bill of lading is transferred for value by delivery without being negotiated and indorsement of the transferor is essential for negotiation, the transferee may compel the transferor to indorse the bill unless a contrary intention appears. The negotiation is effective when the indorsement is made.

(c) EFFECT OF NOTIFICATION.—(1) When a transferee notifies the common carrier that a non-negotiable bill of lading has been transferred under subsection (a) of this section, the carrier is obligated directly to the transferee for any obligations the carrier owed to the transferor immediately before the notification. However, before the carrier is notified, the transferee’s title to the goods and right to acquire the obligations of the carrier may be defeated by—

(A) garnishment, attachment, or execution on the goods by a creditor of the transferor; or

(B) notice to the carrier by the transferor or a purchaser from the transferor of a later purchase of the goods from the transferor.

(2) A common carrier has been notified under this subsection only if—

(A) an officer or agent of the carrier, whose actual or apparent authority includes acting on the notification, has been notified; and

(B) the officer or agent has had time, exercising reasonable diligence, to communicate with the agent having possession or control of the goods.

In subsection (a), before subclause (A), the word “‘only’ is omitted as surplus. In subsection (b), the words “‘right...superior’” are substituted for “‘no...shall defeat the rights of’” for clarity. The words “‘right to stop the transportation...in transit’” are omitted as unnecessary because of the restatement.

§ 80107. Warranties and liability

(a) GENERAL RULE.—Unless a contrary intention appears, a person negotiating or transferring a bill of lading for value warrants that—

(1) the bill is genuine;

(2) the person has the right to transfer the bill and the title to the goods described in the bill;

(3) the person does not know of a fact that would affect the validity or worth of the bill; and

(4) the goods are merchantable or fit for a particular purpose when merchantability or fitness would have been implied if the agreement of the parties had been to transfer the goods without a bill of lading.

(b) SECURITY FOR DEBT.—A person holding a bill of lading as security for a debt and in good faith demanding or receiving payment of the debt from another person does not warrant by the demand or receipt—

(1) the genuineness of the bill; or

(2) the quantity or quality of the goods described in the bill.

(c) DUPLICATES.—A common carrier issuing a bill of lading, on the face of which is the word “duplicate” or another word indicating that the bill is not an original bill, is liable the same as a person that represents and warrants that the bill is an accurate copy of an original bill properly issued. The carrier is not otherwise liable under the bill.

(d) INDORSER LIABILITY.—Indorsement of a bill of lading does not make the indorser liable for failure of the common carrier or a previous indorser to fulfill its obligations.

In subsection (a), the words “without negotiating it” are added for clarity.

In subsection (b), the text of 49 App.:113 (last sentence) is omitted as unnecessary because of the words “the transferee may compel the transferor”. In subsection (c)(1), before clause (A), the words “also acquires the right to notify” and “by the transferor or transferee of a straight bill” are omitted as unnecessary because of the restatement.

In subsection (a), before clause (1), the words “by indorsement or delivery” are omitted as surplus. In clause (4), the words “merchantability or fitness” are substituted for “such warranties”, and the words “the goods without a bill of lading” are substituted for “without a bill the goods represented thereby” for clarity.

In subsection (b), before clause (1), the words “person holding” are substituted for “mortgagee or pledgee or other holder” because they are inclusive. The words “from another person” are substituted for “whether from a party to a draft drawn for such debt or from any other person” to eliminate unnecessary words. The words “does not warrant by the demand or receipt” are substituted for “shall not be deemed by so doing to represent or warrant” for clarity.
In subsection (c), the words “A common carrier issuing . . . is liable” are substituted for “plainly shall impose upon the carrier issuing the same the liability for clarity and to eliminate unnecessary words. The words “The carrier is not otherwise liable under the bill” are substituted for “but no other liability” for clarity.

In subsection (d), the word “respective” is omitted as unnecessary.

A common carrier issuing a negotiable bill of lading has a lien on the goods covered by the bill for—

(1) charges for storage, transportation, and delivery (including demurrage and terminal charges), and expenses necessary to preserve the goods or incidental to transporting the goods after the date of the bill; and

(2) other charges for which the bill expressly specifies a lien is claimed to the extent the charges are allowed by law and the agreement between the consignor and carrier.

§ 80110. Duty to deliver goods

(a) GENERAL RULES.—Except to the extent a common carrier establishes an excuse provided by law, the carrier must deliver goods covered by a bill of lading on demand of the consignee named in a nonnegotiable bill or the holder of a negotiable bill for the goods when the consignee or holder—

(1) offers in good faith to satisfy the lien of the carrier on the goods;

(2) has possession of the bill and, if a negotiable bill, offers to indorse and give the bill to the carrier; and

(3) agrees to sign, on delivery of the goods, a receipt for delivery if requested by the carrier.

(b) PERSONS TO WHOM GOODS MAY BE DELIVERED.—Subject to section 80111 of this title, a common carrier may deliver the goods covered by a bill of lading to—

(1) a person entitled to their possession;

(2) the consignee named in a nonnegotiable bill; or

(3) a person in possession of a negotiable bill if—

(A) the goods are deliverable to the order of that person; or

(B) the bill has been indorsed to that person or in blank by the consignee or another indorsee.

(c) COMMON CARRIER CLAIMS OF TITLE AND POSSESSION.—A claim by a common carrier that the carrier has title to goods or right to their possession is an excuse for nondelivery of the goods only if the title or right is derived from—

(1) a transfer made by the consignor or consignee after the shipment; or

(2) the carrier’s lien.

(d) ADVERSE CLAIMS.—If a person other than the consignee or the person in possession of a bill of lading claims title to or possession of goods and the common carrier knows of the claim, the carrier is not required to deliver the goods to any claimant until the carrier has had a reasonable time to decide the validity of the adverse claim or to bring a civil action to require all claimants to interplead.

(e) INTERPLEADER.—If at least 2 persons claim title to or possession of the goods, the common carrier may—

(1) bring a civil action to interplead all known claimants to the goods; or

(2) require those claimants to interplead as a defense in an action brought against the carrier for nondelivery.

(f) THIRD PERSON CLAIMS NOT A DEFENSE.—Except as provided in subsections (b), (d), and (e) of this section, title or a right of a third person is not a defense to an action brought by the consignee of a nonnegotiable bill of lading or by the holder of a negotiable bill against the common carrier for failure to deliver the goods on demand unless enforced by legal process.

In this section, before clause (1), the word “If” is omitted as surplus. The words “charges for storage, transportation, and delivery (including demurrage and terminal charges)” are substituted for “all charges for freight, storage, demurrage and terminal charges . . . and all other charges incurred in transportation and delivery” as being inclusive and to conform to section 7–307 of the Uniform Commercial Code. In clause (2), the words “other charges for which the bill expressly specifies a lien” are substituted for “unless the bill expressly enumerates other charges for which a lien . . . . In such case there shall also be a lien for the charges enumerated” for clarity.

(c) COMMON CARRIER CLAIMS OF TITLE AND POSSESSION.—A claim by a common carrier that the carrier has title to goods or right to their possession is an excuse for nondelivery of the goods only if the title or right is derived from—

(1) a transfer made by the consignor or consignee after the shipment; or

(2) the carrier’s lien.

(d) ADVERSE CLAIMS.—If a person other than the consignee or the person in possession of a bill of lading claims title to or possession of goods and the common carrier knows of the claim, the carrier is not required to deliver the goods to any claimant until the carrier has had a reasonable time to decide the validity of the adverse claim or to bring a civil action to require all claimants to interplead.

(e) INTERPLEADER.—If at least 2 persons claim title to or possession of the goods, the common carrier may—

(1) bring a civil action to interplead all known claimants to the goods; or

(2) require those claimants to interplead as a defense in an action brought against the carrier for nondelivery.

(f) THIRD PERSON CLAIMS NOT A DEFENSE.—Except as provided in subsections (b), (d), and (e) of this section, title or a right of a third person is not a defense to an action brought by the consignee of a nonnegotiable bill of lading or by the holder of a negotiable bill against the common carrier for failure to deliver the goods on demand unless enforced by legal process.

§ 80111. LIABILITY FOR DELIVERY OF GOODS

(a) GENERAL RULES.—A common carrier is liable for damages to a person having title to, or right to possession of, goods when—

(1) the carrier delivers the goods to a person not entitled to their possession unless the delivery is authorized under section 80110(b)(2) or (3) of this title;

(2) the carrier makes a delivery under section 80110(b)(2) or (3) of this title after being requested by or for a person having title to, or right to possession of, the goods not to make the delivery; or

(3) at the time of delivery under section 80110(b)(2) or (3) of this title, the carrier has information it is delivering the goods to a person not entitled to their possession.

(b) EFFECTIVENESS OF REQUEST OR INFORMATION.—A request or information is effective under subsection (a)(2) or (3) of this section only if—

(1) an officer or agent of the carrier, whose actual or apparent authority includes acting on the request or information, has been given the request or information; and

(2) the officer or agent has had time, exercising reasonable diligence, to stop delivery of the goods.

(c) FAILURE TO TAKE AND CANCEL BILLS.—Except as provided in subsection (d) of this section, if a common carrier delivers goods for which a negotiable bill of lading has been issued without taking and canceling the bill, the carrier is liable for damages for failure to deliver the goods to a person purchasing the bill for value in good faith whether the purchase was before or after delivery and even when delivery was made to the person entitled to the goods. The carrier also is liable under this paragraph if part of the goods are delivered without taking and canceling the bill or plainly noting on the bill that a partial delivery was made and generally describing the goods or the remaining goods kept by the carrier.

(d) EXCEPTIONS TO LIABILITY.—A common carrier is not liable for failure to deliver goods to the consignee or owner of the goods or a holder of the bill if—

(1) a delivery described in subsection (c) of this section was compelled by legal process;

(2) the goods have been sold lawfully to satisfy the carrier’s lien;

(3) the goods have not been claimed; or

(4) the goods are perishable or hazardous.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1350.)

§ 80112. LIABILITY UNDER NEGOTIABLE BILLS ISSUED IN PARTS, SETS, OR DUPLICATES

(a) PARTS AND SETS.—A negotiable bill of lading issued in a State for the transportation of goods to a place in the 48 contiguous States or the District of Columbia may not be issued in parts or sets. A common carrier issuing a bill in violation of this subsection is liable for damages for failure to deliver the goods to a purchaser of one part for value in good faith even though the purchase occurred after the carrier delivered the goods to a holder of one of the other parts.

(b) DUPLICATES.—When at least 2 negotiable bills of lading are issued in a State for the same
§ 80113. Liability for nonreceipt, misdescription, and improper loading

(a) LIABILITY FOR NONRECEIPT AND MISDESCRIPTION.—Except as provided in this section, a common carrier issuing a bill of lading is liable for damages caused by nonreceipt by the carrier of any part of the goods by the date shown in the bill or by failure of the goods to correspond with the description contained in the bill. The carrier is liable to the owner of goods transported under a nonnegotiable bill (subject to the right of stoppage in transit) or to the holder of a negotiable bill if the owner or holder gave value in good faith relying on the description of the goods in the bill or on the shipment being made on the date shown in the bill.

(b) NONLIABILITY OF CARRIERS.—A common carrier issuing a bill of lading is not liable under subsection (a) of this section—

(1) when the goods are loaded by the shipper;

(2) when the bill—

(A) describes the goods in terms of marks or labels, or in a statement about kind, quantity, or condition; or

(B) is qualified by "contents or condition of contents of packages unknown", "said to contain", "shipper's weight, load, and count", or words of the same meaning; and

(3) to the extent the carrier does not know whether any part of the goods were received or conform to the description.

(c) LIABILITY FOR IMPROPER LOADING.—A common carrier issuing a bill of lading is not liable for damages caused by improper loading if—

(1) the shipper loads the goods; and

(2) the bill contains the words "shipper's weight, load, and count", or words of the same meaning indicating the shipper loaded the goods.

(d) CARRIER'S DUTY TO DETERMINE KIND, QUANTITY, AND NUMBER.—(1) When bulk freight is loaded by a shipper that makes available to the common carrier adequate facilities for weighing the freight, the carrier must determine the kind and quantity of the freight within a reasonable time after receiving the written request of the shipper to make the determination. In that situation, inserting the words "shipper's weight" or words of the same meaning in the bill of lading has no effect.

(2) When goods are loaded by a common carrier, the carrier must count the packages or goods, if package freight, and determine the kind and quantity, if bulk freight. In that situation, inserting in the bill of lading or in a notice, receipt, contract, rule, or tariff, the words "shipper's weight, load, and count" or words indicating that the shipper described and loaded the goods, has no effect except for freight concealed by packages.
nate unnecessary words. The words “except for freight concealed by packages” are substituted for “or in case of bulk freight and freight not concealed by packages the description made by him” for clarity and to eliminate unnecessary words.

§ 80114. Lost, stolen, and destroyed negotiable bills

(a) DELIVERY ON COURT ORDER AND SURETY BOND.—If a negotiable bill of lading is lost, stolen, or destroyed, a court of competent jurisdiction may order the common carrier to deliver the goods if the person claiming the goods gives a surety bond, in an amount approved by the court, to indemnify the carrier or a person injured by delivery against liability under the outstanding original bill. The court also may order payment of reasonable costs and attorney’s fees to the carrier. A voluntary surety bond, without court order, is binding on the parties to the bond.

(b) LIABILITY TO HOLDER.—Delivery of goods under a court order under subsection (a) of this section does not relieve a common carrier from liability to a person to whom the negotiable bill has been or is negotiated for value without notice of the court proceeding or of the delivery of the goods.

In subsection (a), the word “If” is substituted for “Where” for clarity. The words “upon satisfactory proof of such loss, theft, or destruction” are omitted as unnecessary. The words “if the person claiming the goods gives a surety bond” are substituted for “and upon the giving of a bond, with sufficient surety” to clarify the condition precedent to court approval of delivery. The words “in an amount” are added for clarity. The word “indemnity” is substituted for “protect” because it is more accurate. The words “against liability under the outstanding original bill” are substituted for “from any liability or loss incurred by reason of the original bill remaining outstanding” for clarity. The words “surety bond” are substituted for “indemnifying bond” for consistency in this section.

§ 80115. Limitation on use of judicial process to obtain possession of goods from common carriers

(a) ATTACHMENT AND LEVY.—Except when a negotiable bill of lading was issued originally on delivery of goods by a person that did not have the power to dispose of the goods, goods in the possession of a common carrier for which a negotiable bill has been issued may be attached through judicial process or levied on in execution of a judgment only if the bill is surrendered to the carrier or impounded by the court.

CHAPTER 803—CONTRABAND

§ 80301. Definitions

In this chapter—
(1) “aircraft” means a contrivance used, or capable of being used, for transportation in the air;
(2) “vehicle” means a contrivance used, or capable of being used, for transportation on, below, or above land, but does not include aircraft;
(3) “vessel” means a contrivance used, or capable of being used, for transportation in water, but does not include aircraft.

§ 80302. Prohibitions

(a) DEFINITION.—In this section, “contraband” means—
(A) a narcotic drug (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802)), that—
(i) is possessed with intent to sell or otherwise dispose of;
(ii) is possessed with intent to sell or otherwise dispose of in violation of section 113 of the Controlled Substances Act (21 U.S.C. 841(a)), including marihuana (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802));
(iii) is manufactured, printed, or incised in violation of section 113 of the Controlled Substances Act (21 U.S.C. 841(a)), including labels (as defined in section 113 of the Controlled Substances Act (21 U.S.C. 841(a)));
(iv) is in a package, container, or scheme of packaging in violation of section 113 of the Controlled Substances Act (21 U.S.C. 841(a));
(v) is shipped or transported in violation of section 2318 of title 18;
(vi) is transported by means of a motor vehicle in violation of section 2319 of title 18;
(vii) is transported by means of an aircraft, vessel, or vehicle in violation of section 2319 of title 18;
(viii) is sold or dispensed in violation of section 113 of the Controlled Substances Act (21 U.S.C. 841(a)); or
(ix) is sold or dispensed in violation of section 113 of the Controlled Substances Act (21 U.S.C. 841(a)), including marihuana (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802));
(B) a firearm involved in a violation of chapter 53 of the Internal Revenue Code of 1986 (26 U.S.C. 5801 et seq.);
(C) a forger, alerter, or counterfeiter—
(i) coin or an obligation or other security of the United States Government (as defined in section 8 of title 18); or
(ii) coin, obligation, or other security of the government of a foreign country;
(D) material or equipment used, or intended to be used, in making a coin, obligation, or other security referred to in clause (3) of this subsection;
(E) a cigarette involved in a violation of chapter 114 of title 18 or a regulation prescribed under chapter 114; or
(F) a counterfeit label for a phonorecord, copy of a computer program or computer program documentation or packaging, or copy of a motion picture or other audiovisual work (as defined in section 2318 of title 18);
(G) a phonorecord or copy in violation of section 2319 of title 18;
(H) a fixation of a sound recording or music video of a live musical performance in violation of section 2319A of title 18; or
(I) any good bearing a counterfeit mark (as defined in section 2320 of title 18).

(b) PROHIBITIONS.—A person may not—
(1) transport contraband in an aircraft, vehicle, or vessel;
(2) conceal or possess contraband on an aircraft, vehicle, or vessel; or
(3) use an aircraft, vehicle, or vessel to facilitate the transportation, concealment, receipt, possession, purchase, sale, exchange, or giving away of contraband.

§ 80303. Seizure and forfeiture.

In this section, the word “means” is substituted for “includes” as being more precise.

§ 80304. Administrative.

In clause (1), the word “contrivance” is substituted for “every description of craft or carriage or other contrivance” to eliminate unnecessary words.

§ 80305. Availability of certain appropriations.

In clause (2), the word “contrivance” is substituted for “every description of watercraft or other contrivance” to eliminate unnecessary words.

Historical and Revision Notes

In subsection (a)(1)(A) and (B), the words “dealing therewith” are omitted as surplus.
In subsection (a)(1)(A), the words “has been or is” are omitted as surplus.

In subsection (a)(1)(C), before subclause (i), the word “transported” is substituted for “carried or transported” to eliminate unnecessary words. In subclause (ii), the words “the Canal Zone” are omitted because of the Panama Canal Treaty of 1977. The words “a place in” are added for consistency in the revised title.

In subsection (a)(2), the words “involved in a violation” are substituted for “with respect to which there has been committed any violation” to eliminate unnecessary words. The text of 49 App.:787(e) is omitted as unnecessary because of the restatement. The National Firearms Act referred to in the source provisions has been repealed and replaced by chapter 50 of the Internal Revenue Code of 1986 (26 U.S.C. 5801 et seq.).

In subsection (a)(3), before subclause (A), the words “falsely made” are omitted as being included in “counterfeit coin or obligation or other security” because of the restatement.

In subsection (a)(4), the words “equipment used” are substituted for “apparatus, or paraphernalia fitted . . . which shall have been used” to eliminate unnecessary words. The words “coin, obligation, or other security referred to in clause (3) of this subsection” are substituted for “such falsely made, forged, altered, or counterfeit coin or obligation or other security” because of the restatement.

In subsection (a)(5), the text of 49 App.:787(g) is omitted as unnecessary because the term “cigarettes” does not appear in 49 App.: ch. 11 and because the definition of “contraband cigarettes” referred to is part of 18 ch. 114.

In subsection (b), before clause (1), the words “A person . . . not” are substituted for “It shall be unlawful” for consistency in the revised title. In clause (1), the word “transport” is substituted for “transport, carry, or convey” because it is inclusive. In clause (2), the words “or upon the person of anyone in or upon any vessel, vehicle, or aircraft” are omitted as unnecessary. In clause (3), the word “transportation” is substituted for “transportation, carriage, conveyance” for consistency in this section. The word “barter” is omitted as being included in “exchange”.

AMENDMENTS

§ 80303. Seizure and forfeiture

The Secretary of the Treasury or the Governor of Guam or of the Northern Mariana Islands as provided in section 80304 of this title, or, when the violation of this chapter involves a contraband described in paragraph (2) or (5) of section 80302(a), the Attorney General or a person authorized by another law to enforce section 80302 of this title, shall seize an aircraft, vehicle, or vessel involved in a violation of section 80302 and place it in the custody of a person designated by the Secretary, the Attorney General, or appropriate Governor, as the case may be. The seized aircraft, vehicle, or vessel shall be forfeited, except when the owner establishes that a person except the owner committed the violation when the aircraft, vehicle, or vessel was in the possession of a person who got possession by violating a criminal law of the United States or a State. However, an aircraft, vehicle, or vessel used by a common carrier to provide transportation for compensation may be forfeited only when—

(1) the owner, conductor, driver, pilot, or other individual in charge of the aircraft or vehicle (except a rail car or engine) consents to, or knows of, the alleged violation when the violation occurs;

(2) the owner of the rail car or engine consents to, or knows of, the alleged violation when the violation occurs; or

(3) the master or owner of the vessel consents to, or knows of, the alleged violation when the violation occurs.

In this section, before clause (1), the words “The Secretary of the Treasury . . . shall seize” are substituted for “shall be seized” in 49 App.:782 and “It shall be the duty of any officer, agent, or other person so authorized” are substituted for “shall seize” in 49 App.:782 and “It shall be the duty of any officer, agent, or other person so authorized” for clarity. The words “involved in a violation of section 80302” are substituted for “which has been or is being used in violation of any provision of section 781 of this Appendix, or in, upon, or by means of which any violation of said section has taken or is taking place” in 49 App.:782 and “which has been or is being used in violation of any of the provisions of this chapter, or in, upon, or by means of which any violation of this chapter has taken or is taking place” in 49 App.:783 (last sentence) to eliminate unnecessary words. The word “designated” is substituted for “authorized or designated” in 49 App.:783 (last sentence) to eliminate unnecessary words. The words “or appropriate Governor, as the case may be” are added for clarity and for consistency in this section. The words “to await disposition pursuant to the provisions of this chapter and any regulations issued hereunder” are omitted as unnecessary. The words “except when . . . committed the violation” are substituted for “Provided further, That no vessel, vehicle, or aircraft shall be forfeited under the provisions of this chapter by reason of any act or omission . . . committed or omitted” in 49 App.:782 for clarity. The words “However . . . used by a common carrier to provide transportation for compensation may be forfeited only when” are substituted for “Provided, That no . . . used by any person as a common carrier in the transaction of business as such common carrier shall be forfeited under the provisions of this chapter unless it shall appear that” for clarity and consistency in the revised title. In clauses (1),(3), the words “knows of” are substituted for “privy thereto” for clarity. The word “violation” is substituted for “illegal act” for consistency in the revised title and with other titles of the United States Code.
REFERENCES IN TEXT
The criminal laws of the United States, referred to in text, are classified generally to Title 18, Crimes and Criminal Procedure.

AMENDMENTS
Pub. L. 107–296, § 1112(q)(1), which directed amendment of this section by inserting “or, when the violation of this chapter involves contraband described in paragraph (2) or (5) of section 80302(a), the Attorney General” after “section 80304 of this title,”., was executed by making the insertion after “section 80304 of this title,” to reflect the probable intent of Congress.

EFFECTIVE DATE OF 2002 AMENDMENT
Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

§ 80304. Administrative
(a) GENERAL.—Except as provided in subsections (b), (c), and (d) of this section, the Secretary of the Treasury—
(1) may designate officers, employees, agents, or other persons to carry out this chapter; and
(2) shall prescribe regulations to carry out this chapter.
(b) IN GUAM.—The Governor of Guam—
(1) or officers of the government of Guam designated by the Governor shall carry out this chapter in Guam;
(2) may carry out laws referred to in section 80306(b) of this title with modifications the Governor decides are necessary to meet conditions in Guam; and
(3) may prescribe regulations to carry out this chapter in Guam.
(c) IN NORTHERN MARIANA ISLANDS.—The Governor of the Northern Mariana Islands—
(1) or officers of the government of the Northern Mariana Islands designated by the Governor shall carry out this chapter in the Northern Mariana Islands;
(2) may carry out laws referred to in section 80306(b) of this title with modifications the Governor decides are necessary to meet conditions in the Northern Mariana Islands; and
(3) may prescribe regulations to carry out this chapter in the Northern Mariana Islands.
(d) ATTORNEY GENERAL.—The Attorney General, or officers, employees, or agents of the Bureau of Alcohol, Tobacco, Firearms, and Explosives, Department of Justice designated by the Attorney General, shall carry out the laws referred to in section 80306(b) of this title to the extent that the violation of this chapter involves contraband described in section 80302(a)(2) or (a)(5).
(e) CUSTOMS LAWS ON SEIZURE AND FORFEITURE.—The Secretary, or the Governor of Guam or of the Northern Mariana Islands as provided in subsections (b) and (c) of this section, shall carry out the customs laws on the seizure and forfeiture of aircraft, vehicles, and vessels under this chapter.

In subsection (a)(1), the words “may designate” are substituted for “is empowered to authorize, or designate” in 49 App.783 (1st sentence) to eliminate unnecessary words. The word “employees” is added for clarity and consistency in the revised title and with other titles of the United States Code.

In subsections (a)(2) and (b)(3), the word “regulations” is substituted for “such rules and regulations as may be necessary” in 49 App.786 and 789 for consistency in the revised title and with other titles of the United States Code and because “rules” and “regulations” are synonymous.

In subsection (b)(1), the words “shall carry out this chapter in Guam” are substituted for “In Guam the enforcement and administration of this chapter shall be performed” for consistency in the revised title.

Subsection (c) is added because, under section 502(a)(2) of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, as enacted by the Act of March 24, 1976 (Public Law 94–241, 90 Stat. 263), and proclaimed to be in effect by the President on January 9, 1978 (Proc. No. 4534, Oct. 24, 1977, 42 F.R. 56593, 48 U.S.C. 1651 (note)), the Commonwealth was given the same authority as Guam when a law applies to Guam and the States of the United States generally.

In subsection (d), the word “Secretary” is substituted for “by such officers, agents, or other persons or may be authorized or designated for that purpose by the Secretary of the Treasury” because of subsection (a)(1) of this section. The words “or the Governor of Guam or of the Northern Mariana Islands as provided in subsections (b) and (c) of this section” are added because under 49 App.789 the Governor of Guam enforces 49 App.ch. 11 in Guam and because of section 562(a)(2) of the Covenant referred to in the revision note for subsection (c) of this section. The words “the customs laws” are substituted for “That such duties as are imposed upon the collector of customs or any other person with respect to the seizure and forfeiture of vessels and vehicles under the customs laws” because of the re-statement and to eliminate unnecessary words.

AMENDMENTS
2002—Subsec. (a). Pub. L. 107–296, § 1112(r)(1), substituted “(b), (c), and (d)” for “(b) and (c)” in introductory provisions.
Subsecs. (d), (e), Pub. L. 107–296, § 1112(r)(2), (3), added subsec. (d) and redesignated former subsec. (d) as (e).

EFFECTIVE DATE OF 2002 AMENDMENT
Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

§ 80305. Availability of certain appropriations
Appropriations for enforcing customs, narcotics, counterfeiting, or internal revenue laws are available to carry out this chapter.

§ 80306. Relationship to other laws

(a) CHAPTER AS ADDITIONAL LAW.—This chapter is in addition to another law—
(1) imposing, or authorizing the compromise of, fines, penalties, or forfeitures; or
(2) providing for seizure, condemnation, or disposition of forfeited property, or the proceeds from the property.

(b) LAWS APPLICABLE TO SEIZURES AND FORFEITURES.—To the extent applicable and consistent with this chapter, the following apply to a seizure or forfeiture under this chapter:

1. Provisions of law related to the seizure, forfeiture, and condemnation of vehicles and vessels violating the customs laws.

2. Provisions of law related to the disposition of those vehicles or vessels or the proceeds from the sale of those vehicles or vessels.

3. Provisions of law related to the compromise of those forfeitures or claims related to those forfeitures.

4. Provisions of law related to the award of compensation to an informer about those forfeitures.

§ 80305. Damage to transported property

(a) CRIMINAL PENALTY.—A person willfully damaging, or attempting to damage, property in the possession of an air carrier, motor carrier, or rail carrier and being transported in interstate or foreign commerce, shall be fined under title 18, imprisoned for not more than 10 years, or both.

(b) PROHIBITION AGAINST MULTIPLE PROSECUTIONS FOR SAME ACT.—A person may not be prosecuted for an act under this section when the person has been convicted or acquitted on the merits for the same act under the laws of a State, the District of Columbia, or a territory or possession of the United States.

CHAPTER 805—MISCELLANEOUS

Sec. 8051. Damage to transported property.
8052. Transportation of animals.
8053. Payments for inspection and quarantine services.
8054. Medals of honor.
the 28-hour period of confinement ends at night. Animals may be confined for—
(A) more than 28 hours when the animals cannot be unloaded because of accidental or unavoidable causes that could not have been anticipated or avoided when being careful; and
(B) 36 consecutive hours when the owner or person having custody of animals being transported requests, in writing and separate from a bill of lading or other rail form, that the 28-hour period be extended to 36 hours.

(3) Time spent in loading and unloading animals is not included as part of a period of confinement under this subsection.

(b) UNLOADING, FEEDING, WATERING, AND REST.—Animals being transported shall be unloaded in a humane way into pens equipped for feeding, water, and rest for at least 5 consecutive hours. The owner or person having custody of the animals shall feed and water the animals. When the animals are not fed and watered by the owner or person having custody, the rail carrier, express carrier, or common carrier (except by air or water), the receiver, trustee, or lessee of one of those carriers, or the owner or master of a vessel transporting the animals—
(1) shall feed and water the animals at the reasonable expense of the owner or person having custody, except that the owner or shipper may provide food;
(2) has a lien on the animals for providing food, care, and custody that may be collected at the destination in the same way that a transportation charge is collected; and
(3) is not liable for detaining the animals for a reasonable period to comply with subsection (a) of this section.

(c) NONAPPLICATION.—This section does not apply when animals are transported in a vehicle or vessel in which the animals have food, water, space, and an opportunity for rest.

(d) CIVIL PENALTY.—A rail carrier, express carrier, or common carrier (except by air or water), a receiver, trustee, or lessee of one of those carriers, or an owner or master of a vessel that knowingly and willfully violates this section is liable to the United States Government for a civil penalty of at least $100 but not more than $500 for each violation. On learning of a violation, the Attorney General shall bring a civil action to collect the penalty in the district court of the United States for the judicial district in which the violation occurred or the defendant resides or does business.

In this section, the words “rail carrier, express carrier” are substituted for “railroad, express company, car company” for consistency in the revised title. The word “air” is included in the exception because when the source provision was enacted air carriers did not exist. The words “a vehicle or vessel” are substituted for “cars, boats, or vessels of any description”, and the word “vessel” is substituted for “steam, sailing, or other vessels”, for consistency in the revised title and with other titles of the United States Code.

In subsection (a)(1), the words “transporting animals” are substituted for “whose road forms any part of a line of road over which cattle, sheep, swine, or other animals shall be conveyed” and “carrying or transporting cattle, sheep, swine, or other animals” to eliminate unnecessary words. The word “possession” is added for consistency in the revised title and with other titles of the Code. The words “for feeding, water, and rest” are added because of the restatement.

In subsection (a)(2), before clause (A), the words “... in the daytime” are omitted as unnecessary because of the restatement. In clause (A), the words “... more than 28 hours when the animals cannot be unloaded because of...” are substituted for “unless prevented by...” because of the restatement. The word “on” is substituted as being included in incidental or unavoidable causes”. The words “when being careful” are substituted for “by the exercise of due diligence and foresight” to eliminate unnecessary words. In clause (B), the words “... 36 consecutive hours when...” are substituted for “Provided, That... the...” because of the restatement. The word “printed” is omitted as surplus.

In subsection (a)(3), the words “... the time during which...” are omitted as surplus. The words “Animals being transported shall be unloaded” are added because of the restatement. In subsection (b), before clause (1), the word “properly” is omitted as surplus. The words “Animals being transported shall be unloaded” are added because of the restatement. In clause (1), the words “... except that the owner or shipper may provide food” are substituted for “but nothing in this section shall be construed to prevent the owner or shipper of...” to eliminate unnecessary words and because of 28:509. The words “... and furnishing food therefor, if he so desires...” for clarity.

In subsection (c), the word “proper” is omitted as surplus.

In subsection (d), the words “liable to the United States Government for a civil penalty” are substituted for “liable for and forfeit and pay a penalty” in 45:73 for consistency in the revised title and with other titles of the Code. The words “... in the time of learning of a violation, the Attorney General shall bring a civil action to collect the penalty...” are substituted for “... in the time of learning of a violation, the Attorney General shall bring a civil action to collect the penalty...” for consistency in the revised title and with other titles of the Code.

§ 80503. Payments for inspection and quarantine services

(a) GENERAL.—(1) In this subsection—
(A) “private aircraft” means a civilian aircraft not being used to transport passengers or property for compensation.
(B) “private vessel” means a civilian vessel not being used—
(i) to transport passengers or property for compensation;
(ii) in fishing or fish processing operations.

(2) Notwithstanding section 451 of the Tariff Act of 1930 (19 U.S.C. 1451), the owner, operator, or agent of a private aircraft or private vessel may not pay not more than $25 for the services of an officer or employee of the Department of Agriculture, the Customs Service, the Immigration and Naturalization Service, or the Public Health Service (including an independent contractor performing an inspection service for the Public Health Service) when the services are performed on a Sunday, holiday, or from 5 p.m. through 8 a.m. on a weekday, and are related to the aircraft’s or vessel’s arrival in, or departure from, the United States. However, the owner, operator, or agent does not have to pay for the services from 5 p.m. through 8 a.m. on a weekday when an officer or employee on regular duty is available at the place of arrival or departure to perform services.

(3) The head of a department, agency, or instrumentality of the United States Government providing services under paragraph (2) of this subsection shall collect the amount paid for the services and deposit the amount in the Treasury. The amount shall be credited to the appropriation of the department, agency, or instrumentality against which the expense of those services was charged.

(b) LIMITATIONS ON REIMBURSEMENT.—(1) An owner or operator of an aircraft is required to reimburse the head of a department, agency, or instrumentality of the Government for the expenses of performing an inspection or quarantine service related to the aircraft at a place of inspection during regular service hours on a Sunday or holiday only to the same extent that an owner or operator makes reimbursement for the service during regular service hours on a weekday. The head of the department, agency, or instrumentality may not assess an owner or operator of an aircraft for administrative overhead expenses for inspection or quarantine service provided by the department, agency, or instrumentality at an entry airport.

(2) This subsection does not require reimbursement for costs incurred by the Secretary of the Treasury in providing customs services described in section 13031(e)(1) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(e)(1)).

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 1357.)

In subsection (a)(1), the word “passengers” is substituted for “persons” for consistency in the revised title and with other titles of the United States Code. The word “hire” is omitted as being included in “compensation”. In clause (B)(ii), the words “fishing or fish processing operations” are substituted for “fishing operations in processing of fish or fish products” to eliminate unnecessary words.

In subsection (a)(2), the words “or any other provisions of law” are omitted as unnecessary. The words “on or after July 1, 1970” are substituted for “at any time after 5 o’clock meridian” to eliminate unnecessary words. The words “Notwithstanding any other provision of law” are eliminated as unnecessary because of the restatement. The words “the owner, operator, or agent does not have to pay” are substituted for “no payment shall be required” for clarity. The words “from 5 p.m. through 8 a.m.” after “the services” are added for clarity. The words “an officer or employee on regular duty” are substituted for “an officer or employee stationed on his regular tour of duty” to eliminate unnecessary words.

In subsection (b)(4), the words “related to the aircraft” are substituted for “as a consequence of the operation of aircraft”, and the words “a place of inspection” are substituted for “at airports of entry or other places of inspection”, to eliminate unnecessary words. The words “The head of the department, agency, or instrumentality may not assess” are substituted for “shall not be assessed against” because of the restatement. The word “expenses” is substituted for “costs” for consistency in this section.

TRANSFER OF FUNCTIONS

For transfer of functions, personnel, assets, and liabilities of the United States Customs Service of the Department of the Treasury, including functions of the Secretary of the Treasury relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see sections 203(1), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

ABOLITION OF IMMIGRATION AND NATURALIZATION SERVICE AND TRANSFER OF FUNCTIONS

For abolition of Immigration and Naturalization Service, transfer of functions, and treatment of related references, see note set out under section 1551 of Title 8, Aliens and Nationality.

§ 80504. Medals of honor

(a) MEDALS.—The President may prepare and give a bronze medal of honor with emblematic devices to an individual who by extreme daring endangers that individual’s life in trying to prevent, or save the life of another in, a grave accident in the United States involving a rail carrier providing transportation in interstate commerce or involving a motor vehicle on the public streets, roads, or highways. The President may give a medal only when sufficient evidence that the individual deserves the medal has been filed under regulations prescribed by the President.

(b) RIBBONS, KNOTS, AND ROSETTES.—The President may give an individual who receives a medal a ribbon to be worn with the medal and a knot or rosette to be worn in place of the medal. The President shall prescribe the design for the ribbon, knot, and rosette. If the ribbon is lost, destroyed, or made unfit for use and the individual receiving the medal is not negligent, the President shall issue a new ribbon without charge to the individual.
(c) **AVAILABILITY OF APPROPRIATIONS.**—Appropriations made to the Secretary of Transportation are available to carry out this section.

In subsection (a), the words “may prepare and give” are substituted for “is authorized to cause to be prepared . . . which shall be bestowed” for clarity. The word “suitable” is omitted as surplus. The word “individual” is substituted for “persons” because it is more precise. The words “trying to prevent, or save the life of another in” are substituted for “in saving, or endeavoring to save, lives . . . or in preventing or endeavoring to prevent” to eliminate unnecessary words. The words “grave accident” are substituted for “wreck, disaster, or grave accident” because they are inclusive. The words “rail carrier providing transportation in interstate commerce” are substituted for “railroad . . . engaged in interstate commerce” for consistency in the revised title. The words “The President may give a medal only when” are substituted for “Provided, That no award of said medal shall be made to any person until” for clarity. The word “filed” is substituted for “furnished and placed on file” to eliminate unnecessary words.

In subsection (b), the words “and the individual receiving the medal is not negligent” are substituted for “without fault or neglect on the part of the person to whom it was issued” to eliminate unnecessary words. The words “the President shall issue” are substituted for “shall be issued” for clarity.

In subsection (c), the words “to the Secretary of Transportation” are substituted for “for the Department of Transportation” because of 49:102(b).
