

the Federal laws relating to narcotics and dangerous drugs. The new Bureau of Narcotics and Dangerous Drugs, to be headed by a Director appointed by the Attorney General, will:

- consolidate the authority and preserve the experience and manpower of the Bureau of Narcotics and the Bureau of Drug Abuse Control.
- work with states and local governments in their crackdown on illegal trade in drugs and narcotics, and help to train local agents and investigators.
- maintain worldwide operations, working closely with other nations, to suppress the trade in illicit narcotics and marihuana.
- conduct an extensive campaign of research and a nationwide public education program on drug abuse and its tragic effects.

The Plan I forward today moves in the direction recommended by two distinguished groups:

- the 1949 Hoover Commission.
- the 1963 Presidential Advisory Commission on Narcotic and Drug Abuse.

This Administration and this Congress have the will and the determination to stop the illicit traffic in drugs.

But we need more than the will and the determination. We need a modern and efficient instrument of Government to transform our plans into action. That is what this Reorganization Plan calls for.

The Plan has been prepared in accordance with chapter 9 of title 5 of the United States Code.

I have found, after investigation, that each reorganization included in the plan is necessary to accomplish one or more of the purposes set forth in section 901(a) of title 5 of the United States Code.

I have also found that, by reason of these reorganizations, it is necessary to include in the accompanying plan provisions for the appointment and compensation of the five new positions as specified in section 3 of the plan. The rates of compensation fixed for these new positions are those which I have found to prevail in respect of comparable positions in the Executive Branch of the Government.

Should the reorganization I propose take effect, they will make possible more effective and efficient administration of Federal law enforcement functions. It is not practicable at this time, however, to itemize the reduction in expenditures which may result.

I recommend that the Congress allow this urgently needed and important Reorganization Plan to become effective.

LYNDON B. JOHNSON.

THE WHITE HOUSE, February 7, 1968.

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

In the past few years Congress and the President have pledged to make the Nation's Capital a model of excellence for America: in government, in housing, in city planning, in law enforcement, in transportation.

But the equality of any city is not just a matter of efficiency and public order. If it is to be truly great, the city must be lively and inviting—a place of beauty and pleasure.

The city's life is lived not only in its buildings, but in its pools, playgrounds and recreation centers, in the places where the young gather to find excitement and delight, where the old come to find relaxation, fresh air, companionship.

In Washington, recreation is a vital element of the city's school enrichment activities, its model city project and its summer programs.

But the D.C. Recreation Department is not an integral part of the District Government. With its six-member independent board, the autonomy of the Department prevents the D.C. Commissioner from providing policy supervision to the city's recreation activities and from relating them to other community service programs—in health, education, child care, and conservation.

There is no reason to distinguish between recreation and other community service programs now vested in the Commissioner.

Accordingly, I am today submitting to the Congress Reorganization Plan No. 3 of 1968. This plan brings
