§ 1b. Requirements of Secretary of the Treasury regarding exemption of foreign exchange swaps and foreign exchange forwards from definition of the term “swap”

(a) Required considerations

In determining whether to exempt foreign exchange swaps and foreign exchange forwards from the definition of the term “swap”, the Secretary of the Treasury (referred to in this section as the “Secretary”) shall consider—

(1) whether the required trading and clearing of foreign exchange swaps and foreign exchange forwards would create systemic risk, lower transparency, or threaten the financial stability of the United States;

(2) whether foreign exchange swaps and foreign exchange forwards are already subject to a regulatory scheme that is materially comparable to that established by this chapter for other classes of swaps;

(3) the extent to which bank regulators of participants in the foreign exchange market provide adequate supervision, including capital and margin requirements;

(4) the extent of adequate payment and settlement systems; and

(5) the use of a potential exemption of foreign exchange swaps and foreign exchange forwards to evade otherwise applicable regulatory requirements.

(b) Determination

If the Secretary makes a determination to exempt foreign exchange swaps and foreign exchange forwards from the definition of the term “swap”, the Secretary shall submit to the appropriate committees of Congress a determination that contains—

(1) an explanation regarding why foreign exchange swaps and foreign exchange forwards are qualitatively different from other classes of swaps in a way that would make the foreign exchange swaps and foreign exchange forwards ill-suited for regulation as swaps; and

(2) an identification of the objective differences of foreign exchange swaps and foreign exchange forwards with respect to standard swaps that warrant an exempted status.

(c) Effect of determination

A determination by the Secretary under subsection (b) shall not exempt any foreign exchange swaps and foreign exchange forwards traded on a designated contract market or swap execution facility from any applicable antifraud and antimanipulation provision under this chapter.¹

§ 2. Jurisdiction of Commission; liability of principal for act of agent; Commodity Futures Trading Commission; transaction in interstate commerce

(a) Jurisdiction of Commission; Commodity Futures Trading Commission

(1) Jurisdiction of Commission

(A) In general

The Commission shall have exclusive jurisdiction, except to the extent otherwise provided in subparagraphs (C) and (D) of this paragraph and subsections (c) through (i) of this section, with respect to accounts, agreements (including any transaction which is of the character of, or is commonly known to the trade as, an “option”, “privilege”, “indemnity”, “bid”, “offer”, “put”, “call”, “advance guaranty”, or “decline guaranty”), and transactions involving contracts of sale of a commodity for future delivery (including significant price discovery contracts), traded or executed on a contract market designated or derivatives transaction execution facility registered pursuant to section 7 or 7a of this title or any other board of trade, exchange, or market, and transactions subject to regulation by the Commission pursuant to section 23 of this title. Except as hereinabove provided, nothing contained in this section shall (I) supersede or limit the jurisdiction at any time conferred on the Securities and Exchange Commission or other regulatory authorities under the laws of the United States or of any State, or (II) restrict the Securities and Exchange Commission and such other authorities from carrying out their duties and responsibilities in accordance with such laws. Nothing in this section shall supersede or limit the jurisdiction conferred on courts of the United States or any State.

(B) Liability of principal for act of agent

The act, omission, or failure of any official, agent, or other person acting for any individual, association, partnership, corporation, or trust within the scope of his employment or office shall be deemed the act, omission, or failure of such individual, association, partnership, corporation, or trust, as well as of such official, agent, or other person.

(C) Designation of boards of trade as contract markets; contracts for future delivery; security futures products; filing with Board of Governors of Federal Reserve System; judicial review

Notwithstanding any other provision of law—

(i) This chapter shall not apply to and the Commission shall have no jurisdiction to designate a board of trade as a contract market for any transaction whereby any party to such transaction acquires any put, call, or other option on one or more securities (as defined in section 77b(1)¹ of title 15 or section 3(a)(10) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(10)] on January 11, 1983), including any group or index of such securities, or any interest therein or based on the value thereof.

(ii) This chapter shall apply to and the Commission shall have exclusive jurisdiction with respect to accounts, agreements (including any transaction which is of the character of, or is commonly known to the trade as, an “option”, “privilege”, “indemnity”, “bid”, “offer”, “put”, “call”, “advance guaranty”, or “decline guaranty”) and transactions involving, and may designate a board of trade as a contract market in, or register a derivatives transaction execution facility that trades or executes, contracts of sale (or options on such contracts) for future delivery of a group or index of securities (or any interest therein or based upon the value thereof): *Provided, however*, That no board of trade shall be designated as a contract market with respect to any such contracts of sale (or options on such contracts) for future delivery, and no derivatives transaction execution facility shall trade or execute such contracts of sale (or options on such contracts) for future delivery, unless the board of trade or the derivatives transaction execution facility, and the applicable contract, meet the following minimum requirements:

(I) Settlement of or delivery on such contract (or option on such contract) shall be effected in cash or by means other than the transfer or receipt of any security, except an exempted security under section 77c of title 15 or section 3(a)(12) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(12)] as in effect on January 11, 1983, (other than any municipal security, as defined in section 3(a)(29) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(29)] on January 11, 1983);

(II) Trading in such contract (or option on such contract) shall not be readily susceptible to manipulation of the price of such contract (or option on such contract), nor to causing or being used in the manipulation of the price of any underlying security, option on such security or option on a group or index including such securities; and

(III) Such group or index of securities shall not constitute a narrow-based security index.

(iii) If, in its discretion, the Commission determines that a stock index futures contract, notwithstanding its conformance with the requirements in clause (ii) of this subparagraph, can reasonably be used as a surrogate for trading a security (including a security futures product), it may, by order, require such contract and any option thereon be traded and regulated as security futures products as defined in section 3(a)(56) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(56)] and section 1a of this title subject to all rules and regulations applicable to security futures products under this chapter and the securities laws as defined in section 3(a)(47) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(47)].

(iv) No person shall offer to enter into, enter into, or confirm the execution of any contract of sale (or option on such contract) for future delivery of any security, or interest therein or based on the value thereof, except an exempted security under or² section 3(a)(12) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(12)] as in effect on January 11, 1983 (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(29)] on January 11, 1983), or except as provided in clause (ii) of this subparagraph or subparagraph (D), any group or index of such securities or any interest therein or based on the value thereof.

(v)(I) Notwithstanding any other provision of this chapter, any contract market in a stock index futures contract (or option thereon) other than a security futures product, or any derivatives transaction execution facility on which such contract or option is traded, shall file with the Board of Governors of the Federal Reserve System any rule establishing or changing the levels of margin (initial and maintenance) for such stock index futures contract (or option thereon) other than security futures products.

(II) The Board may at any time request any contract market or derivatives transaction execution facility to set the margin for any stock index futures contract (or option thereon), other than for any security futures product, at such levels as the Board in its judgment determines are appropriate to preserve the financial integrity of the contract market or derivatives transaction execution facility, or its clearing system, or to prevent systemic risk. If the contract market or derivatives transaction execution facility fails to do so within the time specified by the Board in its request, the Board may direct the contract market or derivatives transaction execution facility to alter or supplement

the rules of the contract market or derivatives transaction execution facility as specified in the request.

(III) Subject to such conditions as the Board may determine, the Board may delegate any or all of its authority, relating to margin for any stock index futures contract (or option thereon), other than security futures products, under this clause to the Commission.

(IV) It shall be unlawful for any futures commission merchant to, directly or indirectly, extend or maintain credit to or for, or collect margin from any customer on any security futures product unless such activities comply with the regulations prescribed pursuant to section 7(c)(2)(B) of the Securities Exchange Act of 1934 [15 U.S.C. 78g(c)(2)(B)].

(V) Nothing in this clause shall supersede or limit the authority granted to the Commission in section 12a(9) of this title to direct a contract market or registered derivatives transaction execution facility, on finding an emergency to exist, to raise temporary margin levels on any futures contract, or option on the contract covered by this clause, or on any security futures product.

(VI) Any action taken by the Board, or by the Commission acting under the delegation of authority under subclause III,³ under this clause directing a contract market to alter or supplement a contract market rule shall be subject to review only in the Court of Appeals where the party seeking review resides or has its principal place of business, or in the United States Court of Appeals for the District of Columbia Circuit. The review shall be based on the examination of all information before the Board or the Commission, as the case may be, at the time the determination was made. The court reviewing the action of the Board or the Commission shall not enter a stay or order of mandamus unless the court has determined, after notice and a hearing before a panel of the court, that the agency action complained of was arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law.

(D) Jurisdiction and authority of Securities and Exchange Commission over security futures; requirements for security futures trading; periodic or special examinations by Commission representatives

(i) Notwithstanding any other provision of this chapter, the Securities and Exchange Commission shall have jurisdiction and authority over security futures as defined in section 3(a)(55) of the Securities Exchange Act of 1934 [15 U.S.C. 78c(a)(55)], section 77b(a)(16) of title 15, section 80a-2(a)(52) of title 15, and section 80b-2(a)(27) of title 15, options on security futures, and persons effecting transactions in security futures and options thereon, and this chapter shall apply to and the Commission shall have jurisdic-

tion with respect to accounts, agreements (including any transaction which is of the character of, or is commonly known to the trade as, an "option", "privilege", "indemnity", "bid", "offer", "put", "call", "advance guaranty", or "decline guaranty"), contracts, and transactions involving, and may designate a board of trade as a contract market in, or register a derivatives transaction execution facility that trades or executes, a security futures product as defined in section 1a of this title: *Provided, however*, That, except as provided in clause (vi) of this subparagraph, no board of trade shall be designated as a contract market with respect to, or registered as a derivatives transaction execution facility for, any such contracts of sale for future delivery unless the board of trade and the applicable contract meet the following criteria:

(I) Except as otherwise provided in a rule, regulation, or order issued pursuant to clause (v) of this subparagraph, any security underlying the security future, including each component security of a narrow-based security index, is registered pursuant to section 12 of the Securities Exchange Act of 1934 [15 U.S.C. 78j].

(II) If the security futures product is not cash settled, the board of trade on which the security futures product is traded has arrangements in place with a clearing agency registered pursuant to section 17A of the Securities Exchange Act of 1934 [15 U.S.C. 78q-1] for the payment and delivery of the securities underlying the security futures product.

(III) Except as otherwise provided in a rule, regulation, or order issued pursuant to clause (v) of this subparagraph, the security future is based upon common stock and such other equity securities as the Commission and the Securities and Exchange Commission jointly determine appropriate.

(IV) The security futures product is cleared by a clearing agency that has in place provisions for linked and coordinated clearing with other clearing agencies that clear security futures products, which permits the security futures product to be purchased on a designated contract market, registered derivatives transaction execution facility, national securities exchange registered under section 6(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78f(a)], or national securities association registered pursuant to section 15A(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78o-3(a)] and offset on another designated contract market, registered derivatives transaction execution facility, national securities exchange registered under section 6(a) of the Securities Exchange Act of 1934, or national securities association registered pursuant to section 15A(a) of the Securities Exchange Act of 1934.

(VI) The security futures product is subject to a prohibition against dual trading in section 6j of this title and the rules and regulations thereunder or the provisions of section 11(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78k(a)] and the rules and regulations thereunder, except to the extent otherwise permitted under the Securities Exchange Act of 1934 [15 U.S.C. 78a et seq.] and the rules and regulations thereunder.

(VII) Trading in the security futures product is not readily susceptible to manipulation of the price of such security futures product, nor to causing or being used in the manipulation of the price of any underlying security, option on such security, or option on a group or index including such securities;

(VIII) The board of trade on which the security futures product is traded has procedures in place for coordinated surveillance among such board of trade, any market on which any security underlying the security futures product is traded, and other markets on which any related security is traded to detect manipulation and insider trading, except that, if the board of trade is an alternative trading system, a national securities association registered pursuant to section 15A(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78o-3(a)] or national securities exchange registered pursuant to section 6(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78f(a)] of which such alternative trading system is a member has in place such procedures.

(IX) The board of trade on which the security futures product is traded has in place audit trails necessary or appropriate to facilitate the coordinated surveillance required in subclause (VIII), except that, if the board of trade is an alternative trading system, a national securities association registered pursuant to section 15A(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78o-3(a)] or national securities exchange registered pursuant to section 6(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78f(a)] of which such alternative trading system is a member has rules to require such audit trails.

(X) The board of trade on which the security futures product is traded has in place procedures to coordinate trading halts between such board of trade and markets on which any security underlying the security futures product is traded and other markets on which any related security is traded, except that, if the board of trade is an alternative trading system, a national securities association registered pursuant

to section 15A(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78o-3(a)] or national securities exchange registered pursuant to section 6(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78f(a)] of which such alternative trading system is a member has rules to require such coordinated trading halts.

(XI) The margin requirements for a security futures product comply with the regulations prescribed pursuant to section 7(c)(2)(B) of the Securities Exchange Act of 1934 [15 U.S.C. 78g(c)(2)(B)], except that nothing in this subclause shall be construed to prevent a board of trade from requiring higher margin levels for a security futures product when it deems such action to be necessary or appropriate.

(ii) It shall be unlawful for any person to offer, to enter into, to execute, to confirm the execution of, or to conduct any office or business anywhere in the United States, its territories or possessions, for the purpose of soliciting, or accepting any order for, or otherwise dealing in, any transaction in, or in connection with, a security futures product unless—

(I) the transaction is conducted on or subject to the rules of a board of trade that—

(aa) has been designated by the Commission as a contract market in such security futures product; or

(bb) is a registered derivatives transaction execution facility for the security futures product that has provided a certification with respect to the security futures product pursuant to clause (vii);

(II) the contract is executed or consummated by, through, or with a member of the contract market or registered derivatives transaction execution facility; and

(III) the security futures product is evidenced by a record in writing which shows the date, the parties to such security futures product and their addresses, the property covered, and its price, and each contract market member or registered derivatives transaction execution facility member shall keep the record for a period of 3 years from the date of the transaction, or for a longer period if the Commission so directs, which record shall at all times be open to the inspection of any duly authorized representative of the Commission.

(iii)(I) Except as provided in subclause (II) but notwithstanding any other provision of this chapter, no person shall offer to enter into, enter into, or confirm the execution of any option on a security future.

(II) After 3 years after December 21, 2000, the Commission and the Securities and Exchange Commission may by order jointly determine to permit trading of options on any security future authorized to be traded under the provisions of this chapter and the Securities Exchange Act of 1934 [15 U.S.C. 78a et seq.].

(II) The Commission shall notify the Securities and Exchange Commission of any examination conducted of any futures commission merchant or introducing broker registered pursuant to section 6f(a)(2) of this title, floor broker or floor trader exempt from registration pursuant to section 6f(a)(3) of this title, associated person exempt from registration pursuant to section 6k(6) of this title, or board of trade designated as a contract market in a security futures product pursuant to section 7b-1 of this title, and, upon request, furnish to the Securities and Exchange Commission any examination report and data supplied to or prepared by the Commission in connection with the examination.

(v)(I) The Commission and the Securities and Exchange Commission, by rule, regulation, or order, may jointly modify the criteria specified in subclause (I) or (III) of clause (i), including the trading of security futures based on securities other than equity securities, to the extent such modification fosters the development of fair and orderly markets in security futures products, is necessary or appropriate in the public interest, and is consistent with the protection of investors.

(II) The Commission and the Securities and Exchange Commission, by order, may jointly exempt any person from compliance with the criterion specified in clause (i)(IV) to the extent such exemption fosters the development of fair and orderly markets in security futures products, is necessary or appropriate in the public interest, and is consistent with the protection of investors.

(vi)(I) Notwithstanding clauses (i) and (vii), until the compliance date, a board of trade shall not be required to meet the criterion specified in clause (i)(IV).

(II) The Commission and the Securities and Exchange Commission shall jointly publish in the Federal Register a notice of the compliance date no later than 165 days before the compliance date.

(III) For purposes of this clause, the term "compliance date" means the later of—

(aa) 180 days after the end of the first full calendar month period in which the average aggregate comparable share volume for all security futures products based on single equity securities traded on all designated contract markets and registered derivatives transaction execution facilities equals or exceeds 10 percent of the average aggregate comparable share volume of options on single equity securities traded on all national securities exchanges registered pursuant to section 6(a) of the Securities Exchange Act of 1934 [15 U.S.C. 78f(a)] and any national securities associations registered pursuant to section 15A(a) of such Act [15 U.S.C. 78o-3(a)]; or

(bb) 2 years after the date on which trading in any security futures product commences under this chapter.

(vii) It shall be unlawful for a board of trade to trade or execute a security futures product unless the board of trade has provided the Commission with a certification that the specific security futures product and the board of trade, as applicable, meet the criteria specified in subclauses (I) through (XI) of clause (i), except as otherwise provided in clause (vi).

(E) Obligation to address security futures products traded on foreign exchanges

(i) To the extent necessary or appropriate in the public interest, to promote fair com-

petition, and consistent with promotion of market efficiency, innovation, and expansion of investment opportunities, the protection of investors, and the maintenance of fair and orderly markets, the Commission and the Securities and Exchange Commission shall jointly issue such rules, regulations, or orders as are necessary and appropriate to permit the offer and sale of a security futures product traded on or subject to the rules of a foreign board of trade to United States persons.

(ii) Nothing in this chapter is intended to prohibit any eligible contract participant located in the United States from purchasing or carrying securities futures products traded on or subject to the rules of a foreign board of trade, exchange, or market to the same extent such person may be authorized to purchase or carry other securities traded on a foreign board of trade, exchange, or market so long as any underlying security for such security futures products is traded principally on, by, or through any exchange or market located outside the United States.

(2) Establishment of Commodity Futures Trading Commission; composition; terms of Commissioners

The General Counsel shall report directly to the Commission and serve as its legal advisor. (A) The Commission shall, in cooperation with the Secretary of Agriculture, maintain a liaison between the Commission and the Department of Agriculture. In addition, the Secretary shall appoint a liaison officer, who shall be an employee of the Office of the Secretary, for the purpose of maintaining a liaison between the Department of Agriculture and the Commission. The Commission shall furnish such liaison officer appropriate office space within the offices of the Commission and shall allow such liaison officer to attend and observe all deliberations and proceedings of the Commission.

(B)(i) The Commission shall maintain communications with the Department of the Treasury, the Board of Governors of the Federal Reserve System, and the Securities and Exchange Commission for the purpose of keeping such agencies fully informed of Commission activities that relate to the responsibilities of those agencies, for the purpose of seeking the views of those agencies on such activities, and for considering the relationships between the volume and nature of investment and trading in contracts of sale of a commodity for future delivery and in securities and financial instruments under the jurisdiction of such agencies.

(ii) When a board of trade applies for designation or registration as a contract market or derivatives transaction execution facility involving transactions for future delivery of any security issued or guaranteed by the United States or any agency thereof, the Commission shall promptly deliver a copy of such application to the Department of the Treasury and the Board of Governors of the Federal Reserve System. The Commission may not designate or register a board of trade as a contract market or derivatives transaction execution facility based on such application until forty-five days after the date the Commission delivers the application to such agencies or until the Commission receives comments from each of such agencies on the application, whichever period is shorter. Any comments received by the Commission from such agencies shall be included as part of the public record of the Commission's designation proceeding. In designating, registering, or refusing, suspending, or revoking the designation or registration of, a board of trade as a contract market or derivatives transaction execution facility involving transactions for future delivery referred to in this clause or in considering any possible action under this chapter (including without limitation emergency action under section 12a(9) of this title) with respect

to such transactions, the Commission shall take into consideration all comments it receives from the Department of the Treasury and the Board of Governors of the Federal Reserve System and shall consider the effect that any such designation, registration, suspension, revocation, or action may have on the debt financing requirements of the United States Government and the continued efficiency and integrity of the underlying market for government securities.

(iii) The provisions of this subparagraph shall not create any rights, liabilities, or obligations upon which actions may be brought against the Commission.

(10) Transmittal of budget requests and legislative recommendations to congressional committees

(B) Whenever the Commission transmits any legislative recommendations, or testimony, or comments on legislation to the President or the Office of Management and Budget, it shall concurrently transmit copies thereof to the House Committee on Agriculture and the Senate Committee on Agriculture, Nutrition, and Forestry. No officer or agency of the United States shall have any authority to require the Commission to submit its legislative recommendations, or testimony, or comments on legislation to any officer or agency of the United States for approval, comments, or review, prior to the submission of such recommendations, testimony, or comments to the Congress. In instances in which the Commission voluntarily seeks to obtain the comments or review of any officer or agency of the United States, the Commission shall include a description of such actions in its legislative recommendations, testimony, or comments on legislation which it transmits to the Congress.

(C) Whenever the Commission issues for official publication any opinion, release, rule, order, interpretation, or other determination on a matter, the Commission shall provide that any dissenting, concurring, or separate opinion by any Commissioner on the matter be published in full along with the Commission opinion, release, rule, order, interpretation, or determination.

The Commission is authorized to promulgate such rules and regulations as it deems necessary to govern the operating procedures and conduct of the business of the Commission.

(b) Transaction in interstate commerce

For the purposes of this chapter (but not in any wise limiting the foregoing definition of

interstate commerce) a transaction in respect to any article shall be considered to be in interstate commerce if such article is part of that current of commerce usual in the commodity trade whereby commodities and commodity products and by-products thereof are sent from one State, with the expectation that they will end their transit, after purchase, in another, including in addition to cases within the above general description, all cases where purchase or sale is either for shipment to another State, or for manufacture within the State and the shipment outside the State of the products resulting from such manufacture. Articles normally in such current of commerce shall not be considered out of such commerce through resort being had to any means or device intended to remove transactions in respect thereto from the provisions of this chapter. (A) IN GENERAL.—An agreement, contract, or transaction conducted in reliance on the exemption in paragraph (3) shall be subject to the provisions of subparagraphs (B) through (D), under such rules and regulations as the Commission shall promulgate, provided that the Commission determines, in its discretion, that the agreement, contract, or transaction performs a significant price discovery function as described in subparagraph (B).

(B) SIGNIFICANT PRICE DISCOVERY DETERMINATION.—In making a determination whether an agreement, contract, or transaction performs a significant price discovery function, the Commission shall consider, as appropriate:

(i) PRICE LINKAGE.—The extent to which the agreement, contract, or transaction uses or otherwise relies on a daily or final settlement price, or other major price parameter, of a contract or contracts listed for trading on or subject to the rules of a designated contract market or a derivatives transaction execution facility, or a significant price discovery contract traded on an electronic trading facility, to value a position, transfer or convert a position, cash or financially settle a position, or close out a position.

cility, so as to permit market participants to effectively arbitrage between the markets by simultaneously maintaining positions or executing trades in the contracts on a frequent and recurring basis.

(iii) MATERIAL PRICE REFERENCE.—The extent to which, on a frequent and recurring basis, bids, offers, or transactions in a commodity are directly based on, or are determined by referencing, the prices generated by agreements, contracts, or transactions being traded or executed on the electronic trading facility.

(iv) MATERIAL LIQUIDITY.—The extent to which the volume of agreements, contracts, or transactions in the commodity being traded on the electronic trading facility is sufficient to have a material effect on other agreements, contracts, or transactions listed for trading on or subject to the rules of a designated contract market, a derivatives transaction execution facility, or an electronic trading facility operating in reliance on the exemption in paragraph (3).

(v) OTHER MATERIAL FACTORS.—Such other material factors as the Commission specifies by rule as relevant to determine whether an agreement, contract, or transaction serves a significant price discovery function.

(C) CORE PRINCIPLES APPLICABLE TO SIGNIFICANT PRICE DISCOVERY CONTRACTS.—

(i) IN GENERAL.—An electronic trading facility on which significant price discovery contracts are traded or executed shall, with respect to those contracts, comply with the core principles specified in this subparagraph.

(ii) CORE PRINCIPLES.—The electronic trading facility shall have reasonable discretion (including discretion to account for differences between cleared and uncleared significant price discovery contracts) in establishing the manner in which it complies with the following core principles:

(I) CONTRACTS NOT READILY SUSCEPTIBLE TO MANIPULATION.—The electronic trading facility shall list only significant price discovery contracts that are not readily susceptible to manipulation.

(II) MONITORING OF TRADING.—The electronic trading facility shall monitor trading in significant price discovery contracts to prevent market manipulation, price distortion, and disruptions of the delivery or cash-settlement process through market surveillance, compliance, and disciplinary practices and procedures, including methods for conducting real-time monitoring of trading and comprehensive and accurate trade reconstructions.

(III) ABILITY TO OBTAIN INFORMATION.—The electronic trading facility shall—

(aa) establish and enforce rules that will allow the electronic trading facility to obtain any necessary information to perform any of the functions described in this subparagraph;

(bb) provide the information to the Commission upon request; and

(cc) have the capacity to carry out such international information-sharing

agreements as the Commission may require.

(IV) POSITION LIMITATIONS OR ACCOUNTABILITY.—The electronic trading facility shall adopt, where necessary and appropriate, position limitations or position accountability for speculators in significant price discovery contracts, taking into account positions in other agreements, contracts, and transactions that are treated by a derivatives clearing organization, whether registered or not registered, as fungible with such significant price discovery contracts to reduce the potential threat of market manipulation or congestion, especially during trading in the delivery month.

(V) EMERGENCY AUTHORITY.—The electronic trading facility shall adopt rules to provide for the exercise of emergency authority, in consultation or cooperation with the Commission, where necessary and appropriate, including the authority—

(aa) to liquidate open positions in a significant price discovery contract; and

(bb) to suspend or curtail trading in a significant price discovery contract.

(VI) DAILY PUBLICATION OF TRADING INFORMATION.—The electronic trading facility shall make public daily information on price, trading volume, and other trading data to the extent appropriate for significant price discovery contracts⁶

(VII) COMPLIANCE WITH RULES.—The electronic trading facility shall monitor and enforce compliance with any rules of the electronic trading facility applicable to significant price discovery contracts, including the terms and conditions of the contracts and any limitations on access to the electronic trading facility with respect to the contracts.

(VIII) CONFLICT OF INTEREST.—The electronic trading facility, with respect to significant price discovery contracts, shall—

(aa) establish and enforce rules to minimize conflicts of interest in its decision-making process; and

(bb) establish a process for resolving the conflicts of interest.

(IX) ANTITRUST CONSIDERATIONS.—Unless necessary or appropriate to achieve the purposes of this chapter, the electronic trading facility, with respect to significant price discovery contracts, shall endeavor to avoid—

(aa) adopting any rules or taking any actions that result in any unreasonable restraints of trade; or

(bb) imposing any material anti-competitive burden on trading on the electronic trading facility.

(D) IMPLEMENTATION.—

(i) CLEARING.—The Commission shall take into consideration differences between cleared and uncleared significant price discovery contracts when reviewing the imple-

⁶ So in original. Probably should be followed by a period.

mentation of the core principles by an electronic trading facility.

(ii) REVIEW.—As part of the Commission's continual monitoring and surveillance activities, the Commission shall, not less frequently than annually, evaluate, as appropriate, all the agreements, contracts, or transactions conducted on an electronic trading facility in reliance on the exemption provided in paragraph (3) to determine whether they serve a significant price discovery function as described in subparagraph (B) of this paragraph.

(i) Application of commodity futures laws

(1) No provision of this chapter shall be construed as implying or creating any presumption that—

(A) any agreement, contract, or transaction that is excluded from this chapter under subsection (c), (d), (e), (f), or (g) of this section or title IV of the Commodity Futures Modernization Act of 2000 [7 U.S.C. 27 to 27f], or exempted under subsection (h) of this section or section 6(c) of this title; or

(B) any agreement, contract, or transaction, not otherwise subject to this chapter, that is not so excluded or exempted,

is or would otherwise be subject to this chapter.

(2) No provision of, or amendment made by, the Commodity Futures Modernization Act of 2000 shall be construed as conferring jurisdiction on the Commission with respect to any such agreement, contract, or transaction, except as expressly provided in section 7a of this title (to the extent provided in section 7a(g) of this title), 7a-1 of this title, or 7a-3 of this title.

“(II) The availability of rule framework, capacity, operational expertise and resources, and credit support infrastructure to clear the contract on terms that are consistent with the material terms and trading conventions on which the contract is then traded.

“(III) The effect on the mitigation of systemic risk, taking into account the size of the market for such contract and the resources of the derivatives clearing organization available to clear the contract.

“(IV) The effect on competition, including appropriate fees and charges applied to clearing.

“(V) The existence of reasonable legal certainty in the event of the insolvency of the relevant derivatives clearing organization or 1 or more of its clearing members with regard to the treatment of customer and swap counterparty positions, funds, and property.

Nothing in this subparagraph limits the Commission from making a determination under subparagraph (B)(iii) for swaps described in subparagraph (B)(ii).
