In order to accommodate visitation to the recreation area, the Secretary shall construct such facilities as necessary to enhance and improve access, vehicle parking and related facilities, and provide river access for white-water recreation and for other recreational activities, immediately downstream of the Summersville Dam, to the extent that such facilities are not provided pursuant to section 460ww-4 of this title and such facilities are within the boundaries of the recreation area. (f) Properties and facilities of Federal agencies

After consultation with any other Federal agency managing lands and waters within or contiguous to the recreation area, the Secretary shall enter into a memorandum of understanding with such other Federal agency to identify those areas within the recreation area which are (1) under the administrative jurisdiction of such other agency; (2) directly related to the operation of the Summersville project; and (3) essential to the operation of such project.
