§ 1271. Congressional declaration of policy

It is hereby declared to be the policy of the United States that certain selected rivers of the Nation which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values, shall be preserved in free-flowing condition, and that they and their immediate environments shall be protected for the benefit and enjoyment of present and future generations. The Congress declares that the established national policy of dam and other construction at appropriate sections of the rivers of the United States needs to be complemented by a policy that would preserve other selected rivers or sections thereof in their free-flowing condition to protect the water quality of such rivers and to fulfill other vital national conservation purposes.

Section consists of subsec. (b) of section 1 of Pub. L. 90–542. Subsecs. (a) and (c) of section 1 are classified to section 1272 of this title and as a note under this section, respectively.

Short Title of 2009 Amendment

Pub. L. 111–11, title V, §5002(a), Mar. 30, 2009, 123 Stat. 1147, provided that: “This section [amending section 1274 of this title and enacting provisions classified as a note under section 1274 of this title] may be cited as the ‘Craig Thomas Snake Headwaters Legacy Act of 2008’.”

Short Title of 2006 Amendment

short title
section 1(a) of pub. L. 90–542 provided that: ‘‘This Act [enacting this chapter] may be cited as the ‘Wild and Scenic Rivers Act’.’’

§ 1272. Congressional declaration of purpose

The purpose of this chapter is to implement the policy set out in section 1271 of this title by instituting a national wild and scenic rivers system, by designating the initial components of that system, and by prescribing the methods by which and standards according to which additional components may be added to the system from time to time.

codification

section consists of subsec. (c) of section 1 of pub. L. 90–542. subsecs. (a) and (b) of section 1 are classified to section 1271 and section 1271 note, respectively.

§ 1273. National wild and scenic rivers system

(a) Composition; application; publication in Federal Register; expense; administration of federally owned lands

The national wild and scenic rivers system shall comprise rivers (i) that are authorized for inclusion therein by Act of Congress, or (ii) that are designated as wild, scenic or recreational rivers by or pursuant to an act of the legislature of the State or States through which they flow, that are to be permanently administered as wild, scenic or recreational rivers by an agency or political subdivision of the State or States concerned that are found by the Secretary of the Interior, upon application of the Governor of the State or the Governors of the States concerned, or a person or persons thereunto duly appointed by him or them, to meet the criteria established in this chapter and such criteria supplementary thereto as he may prescribe, and that are approved by him for inclusion in the system, including, upon application of the Governor of the State concerned, the Allagash Wilderness Waterway, Maine; that segment of the Wolf River, Wisconsin, which flows through Langlade County; and that segment of the New River in North Carolina extending from its confluence with Dog Creek downstream approximately 26.5 miles to the Virginia State line. Upon receipt of an application under clause (ii) of this subsection, the Secretary shall notify the Federal Energy Regulatory Commission and publish such application in the Federal Register. Each river designated under clause (ii) shall be administered by the State or political subdivision thereof without expense to the United States other than for administration and management of federally owned lands. For purposes of the preceding sentence, amounts made available to any State or political subdivision under the Land and Water Conservation Act of 1965 [16 U.S.C. 460l–4 et seq.] or any other provision of law shall not be treated as an expense to the United States. Nothing in this subsection shall be construed to provide for the transfer to, or administration by, a State or local authority of any federally owned lands which are within the boundaries of any river included within the system under clause (ii).

(b) Classification, designation, and administration of rivers

A wild, scenic or recreational river area eligible to be included in the system is a free-flowing stream and the related adjacent land area that possesses one or more of the values referred to in section 1271 of this title. Every wild, scenic or recreational river in its free-flowing condition, or upon restoration to this condition, shall be considered eligible for inclusion in the national wild and scenic rivers system and, if included, shall be classified, designated, and administered as one of the following:

(1) Wild river areas—Those rivers or sections of rivers that are free of impoundments and generally inaccessible except by trail, with watersheds or shorelines essentially primitive and waters unpolluted. These represent vestiges of primitive America.

(2) Scenic river areas—Those rivers or sections of rivers that are free of impoundments, with shorelines or watersheds still largely primitive and shorelines largely undeveloped, but accessible in places by roads.

(3) Recreational river areas—Those rivers or sections of rivers that are readily accessible by road or railroad, that may have some development along their shorelines, and that may have undergone some impoundment or diversion in the past.

references in text

the land and water conservation act of 1965, referred to in subsec. (a), probably means the land and water conservation fund act of 1965, pub. L. 88–578, sept. 3, 1964, 78 stat. 578, as amended, which is classified generally to part B (460l–4 et seq.) of subchapter LXIX of chapter 1 of this title. For complete classification of this Act to the Code, see short title note set out under section 460–4 of this title and Tables.

amendments

1978—Subsec. (a). pub. L. 95–625 provided for notification of the federal energy regulatory commission and publication of any application in the federal register; made it an expense of the United States for administration and management of federally owned lands; treated amounts available to the States under provisions of law not as an expense of the United States; and made federally owned lands within boundaries of State rivers free of ownership or administration of State or local authority.

§ 1274. Component rivers and adjacent lands

(a) Designation

The following rivers and the land adjacent thereto are hereby designated as components of the national wild and scenic rivers system:

(1) Clearwater, Middle fork, Idaho—The middle fork from the town of Kooskia upstream to the town of Lowell; the Lochsa River from its junction with the Selway at Lowell forming the Middle Fork, upstream to the Powell Ranger Station; and the Selway River from Lowell upstream to its origin; to be administered by the Secretary of Agriculture.
(2) ELEVENTH POINT, MISSOURI—The segment of the river extending downstream from Thompson to State Highway 142; to be administered by the Secretary of Agriculture.

(3) RIVERSIDE, CALIFORNIA—The entire Middle Fork segment downstream from the confluence of its tributary stream one kilometer south of Reed, to be administered by the Secretary of Agriculture.

(4) RIO GRANDE, NEW MEXICO—The segment extending from the Colorado State line downstream to the State Highway 96 crossing, and the lower four miles of the Red River, to be administered by the Secretary of the Interior.

(5) ROGUE, OREGON—The segment of the river extending from the mouth of the Applegate River downstream to the Lobster Creek Bridge; to be administered by agencies of the Departments of the Interior or Agriculture as agreed upon by the Secretaries of said Departments or as directed by the President.

(6) SAINT CROIX, MINNESOTA AND WISCONSIN—The segment between the dam adjacent to Taylors Falls, Minnesota, and the dam near Gordon, Wisconsin, from Lake Namekagon downstream to its confluence with the Saint Croix River; to be administered by the Secretary of the Interior: Provided, That except as may be required in connection with items (a) and (b) of this paragraph, no funds available to carry out the provisions of this chapter may be expended for the acquisition or development of lands in connection with, or for administration under this chapter, of that portion of the Saint Croix River between the dam near Taylors Falls, Minnesota, and the upstream end of Big Island in Wisconsin, until sixty days after the date on which the Secretary has transmitted to the President of the Senate and Speaker of the House of Representatives a proposed cooperative agreement between the Northern States Power Company and the United States (a) whereby the company agrees to convey to the United States, without charge, appropriate interests in certain of its lands between the dam near Taylors Falls, Minnesota, and the upstream end of Big Island in Wisconsin, including the company's right, title, and interest to approximately one hundred acres per mile, and (b) providing for the use and development of other lands and interests in land retained by the company between said points adjacent to the river in a manner which shall complement and not be inconsistent with the purposes for which the lands and interests in land donated by the company are administered under this chapter. Said agreement may also include provision for State or local governmental participation as authorized under subsection (e) of section 1281 of this title. A one-thousand-three-hundred-and-eighty-acre portion of the area commonly known as Veile's Wild and Scenic Chattooga River and Corridor Boundary Location' dated February 1976; to be administered by agencies of the Departments of the Interior and Agriculture as agreed upon by the Secretaries of such Departments or as directed by the President.

(7) SALMON, MIDDLE FORK, IDAHO—From its origin to its confluence with the main Salmon River: to be administered by the Secretary of Agriculture.

(8) WOLF, WISCONSIN—From the Langlade-Menominee County line downstream to Keshena Falls; to be administered by the Secretary of the Interior.

(9) LOWER SAINT CROIX, MINNESOTA AND WISCONSIN—The segment between the dam near Taylors Falls and its confluence with the Mississippi River: Provided, (1) That the upper twenty-seven miles of this river segment shall be administered by the Secretary of the Interior; and (ii) That the lower twenty-five miles shall be designated by the Secretary upon his approval of an application for such designation made by the Governors of the State of Minnesota and Wisconsin.

(10) CHATTOOGA, NORTH CAROLINA, SOUTH CAROLINA, GEORGIA—The Segment from 0.8 mile below Cashiers Lake in North Carolina to Tugaloo Reservoir, and the West Fork Chattooga River from its junction with Chattooga upstream 7.3 miles, as generally depicted on the boundary map entitled Wild and Scenic Chattooga River and Corridor Boundary, dated August 1973; to be administered by the Secretary of Agriculture: Provided, That the Secretary of Agriculture shall take such action as is provided for under subsection (b) of this section within one year from May 10, 1974: Provided further, That for the purposes of this river, there are authorized to be appropriated not more than $3,750,000 for the acquisition of lands and interests in lands and not more than $809,000 for development.

(11) RAPID RIVER, IDAHO—The segment from the headwaters of the main stem to the national forest boundary and the segment of the West Fork from the wilderness boundary downstream to the confluence with the main stem, as a wild river.

(12) SNAKE, IDAHO AND OREGON—The segment from Hells Canyon Dam downstream to Pittsburgh Landing, as a wild river; and the segment from Pittsburgh Landing downstream to an eastward extension of the north boundary of section 1, township 5 north, range 47 east, Williamette meridian, as a scenic river.

(13) FLATHEAD, MONTANA—The North Fork from the Canadian border downstream to its confluence with the Middle Fork; the Middle Fork from its headwaters to its confluence with the South Fork; and the South Fork from its origin to the Hungry Horse Reservoir; as generally depicted on the map entitled 'Proposed Flathead Wild and Scenic River Boundary Location' dated February 1976; to be administered by agencies of the Departments of the Interior and Agriculture as agreed upon by the Secretaries of such Departments or as directed by the President.

(14) MISSOURI, MONTANA—The segment from Fort Benton one hundred and forty-nine miles
Any development or management plan prepared graph within one year from November 10, 1978. Pursuant to subsection (b) of this section shall be available prior to October 1, 1977.

(15) OZARK, TENNESSEE—The segment from the western edge of the Catoosa Wildlife Management Area to the confluence with the Emory River; Clear Creek from the Morgan County line to the confluence with the Obed River; Daddys Creek from the Morgan County line to the confluence with the Obed River; and the Emory River from the confluence with the Obed River to the Nemo bridge as generally depicted and classified on the stream classification map dated December 1973. The Secretary of the Interior shall take such action, with the participation of the State of Tennessee as is provided for under subsection (b) of this section within one year following October 12, 1976. The development plan required by such subsection (b) shall include cooperative agreements between the State of Tennessee acting through the Wildlife Resources Agency and the Secretary of the Interior. The lands within the Wild and Scenic River boundaries that are currently part of the Catoosa Wildlife Management Area shall continue to be owned and managed by the Tennessee Wildlife Resources Agency in such a way as to protect the wildlife resources and primitive character of the area, and without further development of roads, campsites, or associated recreational facilities unless deemed necessary by that agency for wildlife management practices. The Obed Wild and Scenic River shall be managed by the Secretary of the Interior.

For the purposes of carrying out the provisions of this chapter with respect to the river, there are authorized to be appropriated such sums as may be necessary, but not to exceed $2,000,000 for the acquisition of lands or interests in lands and not to exceed $400,000 for development. No funds authorized to be appropriated pursuant to this paragraph shall be available prior to October 1, 1977.

(16) PERE MARQUETTE, MICHIGAN—The segment downstream from the junction of the Middle and Little South Branches to its junction with United States Highway 31 as generally depicted on the boundary map entitled "Proposed Boundary Location, Pere Marquette Wild and Scenic River;", to be administered by the Secretary of Agriculture. After consultation with State and local governments and the interested public, the Secretary shall take such action as is provided for under subsection (b) of this section with respect to the segment referred to in this paragraph within one year from November 10, 1978. Any development or management plan prepared pursuant to subsection (b) of this section shall include (a) provisions for the dissemination of information to river users and (b) such regulations relating to the recreational and other uses of the river as may be necessary in order to protect the area comprising such river (including lands contiguous or adjacent thereto) from damage or destruction by reason of overuse and to protect its scenic, historic, esthetic and scientific values. Such regulations shall further contain procedures and means which shall be utilized in the enforcement of such development and management plan. For the purposes of carrying out the provisions of this chapter with respect to the river designated by this paragraph, there are authorized to be appropriated not more than $8,125,000 for the acquisition of lands or interests in lands and $402,000 for development. Notwithstanding any other provision of this chapter, the installation and operation of facilities or other activities within or outside the boundaries of the Pere Marquette Wild and Scenic River for the control of the lamprey eel shall be permitted subject to such restrictions and conditions as the Secretary of Agriculture may prescribe for the protection of water quality and other values of the river, including the wild and scenic characteristics of the river.

(17) RIO GRANDE, TEXAS—The segment on the United States side of the river from river mile 842.3 above Mariscal Canyon downstream to river mile 651.1 at the Terrell-Val Verde County line; to be administered by the Secretary of the Interior. The Secretary shall, within two years after November 10, 1978, take such action with respect to the segment referred to in this paragraph as is provided for under subsection (b) of this section. The action required by such subsection (b) shall be undertaken by the Secretary, after consultation with the United States Commissioner, International Boundary and Water Commission, United States and Mexico, and appropriate officials of the State of Texas and its political subdivisions. The development plan required by subsection (b) of this section shall be construed to be a general management plan only for the United States side of the river and such plan shall include, but not be limited to, the establishment of a detailed boundary which shall include an average of not more than 160 acres per mile. Nothing in this chapter shall be construed to be in conflict with—

(A) the commitments or agreements of the United States made by or in pursuance of the treaty between the United States and Mexico regarding the utilization of the Colorado and Tijuana Rivers and of the Rio Grande, signed at Washington, February 1944 (59 Stat. 1219), or

(B) the treaty between the United States and Mexico regarding maintenance of the Rio Grande and Colorado River as the international boundary between the United States and Mexico, signed November 23, 1970. For purposes of carrying out the provisions of this chapter with respect to the river designated by this paragraph, there are authorized to be appropriated such sums as may be necessary, but not more than $1,650,000 for the acquisition of lands and interests in lands and not more than $1,800,000 for development.

(18) SKAGIT, WASHINGTON—The segment from the pipeline crossing at Sedro-Woolley upstream to and including the mouth of Bacon Creek; the Cascade River from its mouth to the junction of its North and South Forks; the South Fork to the boundary of the Glacier Peak Wilderness Area; the Suiattle River from its mouth to the
boundary of the Glacier Peak Wilderness Area at Milk Creek; the Sauk River from its mouth to its junction with Elliott Creek; the North Fork of the Sauk River from its junction with the South Fork of the Sauk to the boundary of the Glacier Peak Wilderness Area; as generally depicted on the boundary map entitled "Skagit River—River Area Boundary"; all segments to be administered by the Secretary of Agriculture. Riprapping related to natural channels with natural rock along the shorelines of the Skagit segment to preserve and protect agricultural land shall not be considered inconsistent with the values for which such segment is designated. After consultation with affected Federal agencies, State and local government and the interested public, the Secretary shall take such action as is provided for under subsection (b) of this section with respect to the segments referred to in this paragraph within one year from November 10, 1978; as part of such action, the Secretary of Agriculture shall investigate that portion of the North Fork of the Cascade River from its confluence with the South Fork to the boundary of the North Cascades National Park and if such portion is found to qualify for inclusion, it shall be treated as a component of the Wild and Scenic Rivers System designated under this section upon publication by the Secretary of the Federal Register and shall not become effective pursuant to section 704(c) of the National Recreation Area [16 U.S.C. 4600 et seq.] until ninety days after they have been for-
dicated on the map entitled "Proposed Boundary Maps" contained in Appendix I of the document dated January 1978 and entitled "A Proposal: North Fork American Wild and Scenic River" published by the United States Forest Service, Department of Agriculture; to be designated as a wild river and to be administered by agencies of the Departments of Interior and Agriculture as agreed upon by the Secretaries of such Departments or as directed by the President. Action required to be taken under subsection (b) shall be taken within one year after November 10, 1978; in applying such subsection (b) in the case of the Gold Run Addition Area, the acreage limitation specified therein shall not apply and in applying section 1277(g)(3) of this title, January 1, 1967. For purposes of carrying out the provisions of this chapter with respect to the river designated by this paragraph, there are authorized to be appropriated not more than $11,734,000 for the acquisition of lands or interest in lands and not more than $332,000 for development.

(19) UPPER DELAWARE RIVER, NEW YORK AND PENNSYLVANIA—The segment of the Upper Delaware River from the confluence of the East and West branches below Hancock, New York, to the existing railroad bridge immediately downstream of Cherry Island in the vicinity of Sparrow Bush, New York, as depicted on the boundary map entitled "The Upper Delaware Scenic and Recreational River", dated April 1978; to be administered by the Secretary of the Interior. Subsection (b) of this section shall not apply, and such boundaries or classifications of the river shall be as specified on the map referred to in the preceding sentence, except to the extent that such boundaries or classifications are modified pursuant to section 704(c) of the National Parks and Recreation Act of 1978. Such boundaries and classifications shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the Committee on Natural Resources of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. For purposes of carrying out the provisions of this chapter with respect to the river designated by this paragraph there are authorized to be appropriated such sums as may be necessary.

(20) DELAWARE, NEW YORK, PENNSYLVANIA, AND NEW JERSEY—The segment from the point where the river crosses the northern boundary of the Delaware Water Gap National Recreation Area to the point where the river crosses the southern boundary of such recreation area; to be administered by the Secretary of the Interior. For purposes of carrying out this chapter with respect to the river designated by this paragraph, there are authorized to be appropriated such sums as may be necessary. Action required to be taken under subsection (b) of this section with respect to such segment shall be taken within one year from November 10, 1978, except that, with respect to such segment, in lieu of the boundaries provided for in such subsection (b), the boundaries shall be the banks of the river. Any visitors facilities established for purposes of use and enjoyment of the river under the authority of the Act establishing the Delaware Water Gap National Recreation Area [16 U.S.C. 4600 et seq.] shall be compatible with the purposes of this chapter and shall be located at an appropriate distance from the river.

(21) AMERICAN, CALIFORNIA—The North Fork from a point 0.3 mile above Heath Springs downstream to a point approximately 1,000 feet upstream of the Colfax-Iowa Hill Bridge, including the Gold Run Addition Area, as generally depicted on the map entitled "Proposed Boundary Maps" contained in Appendix I of the document dated January 1978 and entitled "A Proposal: North Fork American Wild and Scenic River" published by the United States Forest Service, Department of Agriculture; to be designated as a wild river and to be administered by agencies of the Departments of Interior and Agriculture as agreed upon by the Secretaries of such Departments or as directed by the President. Action required to be taken under subsection (b) shall be taken within one year after November 10, 1978; in applying such subsection (b) in the case of the Gold Run Addition Area, the acreage limitation specified therein shall not apply and in applying section 1277(g)(3) of this title, January 1, 1967. For purposes of carrying out the provisions of this chapter with respect to the river designated by this paragraph, there are authorized to be appropriated not more than $850,000 for the acquisition of lands and interests in land and not more than $765,000 for development.

(22) MISSOURI RIVER, NEBRASKA, SOUTH DAKOTA—The segment from Gavins Point Dam, South Dakota, fifty-nine miles downstream to Ponca State Park, Nebraska, as generally depicted in the document entitled ‘‘Review Report for Water Resources Development, South Dakota, Nebraska, North Dakota, Montana’’, prepared by the Division Engineer, Missouri River Division, Corps of Engineers, dated August 1977 (hereinafter in this paragraph referred to as the “August 1977 Report’’). Such segment shall be administered as a recreational river by the Secretary. The Secretary shall enter into a written cooperative agreement with the Secretary of the Army (acting through the Chief of Engineers) for construction and maintenance of bank stabilization work and appropriate recreational development. After public notice and consultation with the State and local governments, other interested organizations and associations, and the interested public, the Secretary shall take such action as is required pursuant to subsection (b) of this section within one year from November 10, 1978. In administering such river, the Secretary shall, to the extent, and in a manner, consistent with this section—
(A) provide (i) for the construction by the United States of such recreation river features and streambank stabilization structures as the Secretary of the Army (acting through the Chief of Engineers) deems necessary and advisable in connection with the segment designated by this paragraph, and (ii) for the operation and maintenance of all streambank stabilization structures constructed in connection with such segment (including both structures constructed before November 10, 1978, and structures constructed after such date, and in any streambank structures constructed under the authority of this section and structures constructed under the authority of any other Act); and

(B) permit access for such pumping and associated pipelines as may be necessary to assure an adequate supply of water for owners of land adjacent to such segment and for fish, wildlife, and recreational uses outside the river corridor established pursuant to this paragraph.

The streambank structures to be constructed and maintained under subparagraph (A) shall include, but not be limited to, structures at such sites as are specified with respect to such segment on pages 62 and 63 of the August 1977 Report, except that sites for such structures may be relocated to the extent deemed necessary by the Secretary of the Army (acting through the Chief of Engineers) by reason of physical changes in the river or river area. The Secretary of the Army (acting through the Chief of Engineers) shall condemn the construction or maintenance of any streambank stabilization structure or of any recreational river feature at any site under subparagraph (A)(i) upon the availability to the United States of such land and interests in land in such ownership as he deems necessary to carry out such construction or maintenance and to protect and enhance the river in accordance with the purposes of this chapter. Administration of the river segment designated by this paragraph shall be in coordination with, and pursuant to the advice of, a Recreational River Advisory Group which shall be established by the Secretary. Such Group may include in its membership, representatives of the affected States and political subdivisions thereof, affected Federal agencies, and such organized private groups as the Secretary deems desirable. Notwithstanding the authority to the contrary contained in section 1277(a) of this title, no land or interests in land may be acquired without the consent of the owner: Provided, That not to exceed 5 per centum of the acreage within the designated river boundaries may be acquired in less than fee title without the consent of the owner; in such instance of the Secretary’s determination that activities are occurring, or threatening to occur thereon which constitute serious damage or threat to the integrity of the river corridor, in accordance with the values for which this river was designated. For purposes of carrying out the provisions of this chapter with respect to the river designated by this paragraph, there are authorized to be appropriated not to exceed $21,000,000 for acquisition of lands and interests in lands and for development.

(23) SAINT JOE, IDAHO—The segment above the confluence of the North Fork of the Saint Joe River to Spruce Tree Campground, as a recreational river; the segment above Spruce Tree Campground to Saint Joe Lake, as a wild river, as generally depicted on the map entitled “Saint Joe River Corridor Map” on file with the Chief of the Forest Service and dated September 1978; to be administered by the Secretary of Agriculture. Notwithstanding any other provision of law, the classification of the Saint Joe River under this paragraph and the subsequent development plan for the river prepared by the Secretary of Agriculture shall at no time interfere with or restrict the maintenance, use, or access to existing or future roads within the adjacent lands nor interfere with or restrict present use of or future construction of bridges across that portion of the Saint Joe designated as a “recreational river” under this paragraph. Dredge or placer mining shall be prohibited within the banks or beds of the main stem of the Saint Joe and its tributary streams in their entirety above the confluence of the main stem with the North Fork of the river. Nothing in this chapter shall be deemed to prohibit the removal of sand and gravel above the high water mark of the Saint Joe River and its tributaries within the river corridor by or under the authority of any public body or its agents for the purposes of construction or maintenance of roads. The Secretary shall take such action as is required under subsection (b) of this section within one year from November 10, 1978. For the purposes of this river, there are authorized to be appropriated not more than $1,000,000 for the acquisition of lands or interest in lands.

(24) SALMON, IDAHO.—(A) The segment of the main river from the mouth of the North Fork of the Salmon River downstream to Long Tom Bar in the following classes:

(i) the forty-six-mile segment from the mouth of the North Fork of the Salmon River to Corn Creek as a recreational river; and

(ii) the seventy-nine-mile segment from Corn Creek to Long Tom Bar as a wild river; all as generally depicted on a map entitled “Salmon River” dated November 1979, which is on file and available for public inspection in the Office of the Chief, Forest Service, United States Department of Agriculture.

(B) This segment shall be administered by the Secretary of Agriculture: Provided, That after consultation with State and local governments and the interested public, the Secretary shall take such action as is required by subsection (b) of this section within one year from July 23, 1980.

(C) The use of motorboats (including motorized jetboats) within this segment of the Salmon River shall be permitted to continue at a level not less than the level of use which occurred during calendar year 1978.

(D) The established use and occupancy as of June 6, 2003, of lands and maintenance or replacement of facilities and structures for commercial recreation services at Stub Creek located in section 28, T24N, R14E, Boise Principal Meridian, at Arctic Creek located in section 21, T25N, R12E, Boise Principal Meridian and at Smith Gulch located in section 27, T25N, R12E,
§ 1274 TITLE 16—CONSERVATION Page 1596

Boise Principal Meridian shall continue to be authorized, subject to such reasonable regulation as the Secretary deems appropriate, including rules that would provide for termination for non-compliance, and if terminated, reoffering through a competitive process.

(E) Subject to existing rights of the State of Idaho, including the right of access, with respect to the beds of navigable streams, tributaries or rivers, dredge and placer mining in any form including any use of machinery for the removal of sand and gravel, for mining purposes shall be prohibited within the segment of the Salmon River designated as a component of the Wild and Scenic Rivers System by this paragraph; within the fifty-three-mile segment of the Salmon River from Hammer Creek downstream to the confluence of the Snake River; and within the Middle Fork of the Salmon River; and its tributary streams in their entirety: Provided, That nothing in this paragraph shall be deemed to prohibit the removal of sand and gravel, outside the boundaries of the Frank Church—River of No Return Wilderness or the Gospel-Hump Wilderness, above the high water mark of the Salmon River or the Middle Fork and its tributaries for the purposes of construction or maintenance of public roads; Provided further, That this paragraph shall not apply to any written mineral leases approved by the Board of Land Commissioners of the State of Idaho prior to January 1, 1980.

(F) The provisions of section 1278(a) of this title with respect to the licensing of dams, water conduits, reservoirs, powerhouses, transmission lines or other project works, shall apply to the fifty-three-mile segment of the Salmon River from Hammer Creek downstream to the confluence of the Snake River.

(G) For the purposes of the segment of the Salmon River designated as a component of the Wild and Scenic Rivers System by this paragraph, there is hereby authorized to be appropriated from the Land and Water Conservation Fund, after October 1, 1980, not more than $6,200,000 for the acquisition of lands and interests in lands.

(25) ALAGNAK, ALASKA—That segment of the main stem and the major tributary to the Alagnak, the Nonvianuk River, within Katmai National Preserve; to be administered by the Secretary of the Interior.

(26) ALATNA, ALASKA—The main stem within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

(27) ANIAKCHAK, ALASKA—That portion of the river, including its major tributaries, Hidden Creek, Mystery Creek, Albert Johnson Creek, and North Fork Aniakchak River, within the Aniakchak National Monument and National Preserve; to be administered by the Secretary of the Interior.

(28) CHARLEY, ALASKA—The entire river, including its major tributaries, Copper Creek, Bonanza Creek, Hosford Creek, Derwent Creek, Flat-Orthmer Creek, Crescent Creek, and Moore Creek, within the Yukon-Charley Rivers National Preserve; to be administered by the Secretary of the Interior.

(29) CHILIKADROTKA, ALASKA—That portion of the river within the Lake Clark National Park and Preserve; to be administered by the Secretary of the Interior.

(30) JOHN, ALASKA—That portion within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

(31) KOBUK, ALASKA—That portion within the Gates of the Arctic National Park and Preserve; to be administered by the Secretary of the Interior.

(32) MULCHATNA, ALASKA—That portion within the Lake Clark National Park and Preserve; to be administered by the Secretary of the Interior.

(33) NOOTKA, ALASKA—The river from its source in the Gates of the Arctic National Park to its confluence with the Kelly River in the Noatak National Preserve; to be administered by the Secretary of the Interior.

(34) NORTH FORK OF THE KOYUKUK, ALASKA—That portion within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

(35) SALMON, ALASKA—That portion within the Kobuk Valley National Park; to be administered by the Secretary of the Interior.

(36) TINAYUK, ALASKA—That portion within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

(37) TILIKAKILA, ALASKA—That portion within the Lake Clark National Park; to be administered by the Secretary of the Interior.

(38) ANDREAFSKY, ALASKA—That portion from its source, including all headwaters, and the East Fork, within the boundary of the Yukon Delta National Wildlife Refuge; to be administered by the Secretary of the Interior.

(39) IVISHAK, ALASKA—That portion from its source, including all headwaters and an unnamed tributary from Porcupine Lake within the boundary of the Arctic National Wildlife Range; to be administered by the Secretary of the Interior.

(40) NOWITNA, ALASKA—That portion from the point where the river crosses the west limit of township 18 south, range 22 east, Kateel River meridian, to its confluence with the Yukon River within the boundaries of the Nowitna National Wildlife Refuge; to be administered by the Secretary of the Interior.

(41) SELAWIK, ALASKA—That portion from a fork of the headwaters in township 12 north, range 10 east, Kateel River meridian to the confluence of the Kugarak River; within the Selawik National Wildlife Refuge to be administered by the Secretary of the Interior.

(42) SHEENJIEK, ALASKA—The segment within the Arctic National Wildlife Refuge; to be administered by the Secretary of the Interior.

(43) WIND, ALASKA—That portion from its source, including all headwaters and one unnamed tributary in township 13 south, within the boundaries of the Arctic National Wildlife Refuge; to be administered by the Secretary of the Interior.

(44) Alagnak, Alaska—Those segments or portions of the main stem and Nonvianuk tributary lying outside and westward of the Katmai National Park/Preserve and running to the west boundary of township 13 south, range 43 west; to be administered by the Secretary of the Interior.
(45) BEAVER CREEK, ALASKA—The segment of the main stem from the vicinity of the confluence of the Bear and Champion Creeks downstream to its exit from the northeast corner of township 12 north, range 6 east, Fairbanks meridian, downstream to the south side of the Steese Highway in township 10 north, range 16 east; to be administered by the Secretary of the Interior.

(46) BIRCH CREEK, ALASKA—The segment of the main stem from the south side of Steese Highway in township 7 north, range 10 east, Fairbanks meridian, downstream to the south side of the Steese Highway in township 10 north, range 16 east; to be administered by the Secretary of the Interior.

(47) DELTA, ALASKA—The segment from and including all of the Tangle Lakes to a point one-half mile north of Black Rapids; to be administered by the Secretary of the Interior.

(48) FORTY-MILE, ALASKA—The main stem within the State of Alaska; O’Brien Creek; South Fork; Napoleon Creek, Franklin Creek, Uhler Creek; Walker Fork downstream from the confluence of Liberty Creek; Wade Creek; Mosquito Fork downstream from the vicinity of Kechumstuk; West Fork Dennison Fork downstream from the confluence of Logging Cabin Creek; Dennison Fork downstream from the confluence of West Fork Dennison Fork: Logging Cabin Creek; North Fork; Hutchison Creek; Champion Creek; the Middle Fork downstream from the confluence of Joseph Creek; and Joseph Creek; to be administered by the Secretary of the Interior.

(49) GULKANA, ALASKA—The main stem from the outlet of Paxon Lake in township 12 north, range 2 west, Copper River meridian to the confluence with Sourdough Creek; the south branch of the west fork from the outlet of an unnamed lake in sections 10 and 15, township 10 north, range 7 west, Copper River meridian to the confluence with the west fork; the north branch from the outlet of two unnamed lakes, one in sections 24 and 25, the second in sections 9 and 10, township 11 north, range 8 west; to be administered by the Secretary of the Interior.

(50) UNALEAKLEIT, ALASKA—The segment of the main stem from the headwaters in township 12 south, range 3 west, Kateel River meridian extending downstream approximately 65 miles to the western boundary of township 18 south, range 8 west; to be administered by the Secretary of the Interior.

(51) VERDE, ARIZONA—The segment from the boundary between national forest and private land in sections 26 and 27, township 13 north, range 5 east, Gila Salt River meridian, downstream to the confluence with Red Creek, as generally depicted on a map entitled “Verde River—Wild and Scenic River”, dated March 1984, which is on file and available for public inspection in the Office of the Chief, Forest Service, United States Department of Agriculture; to be administered by the Secretary of Agriculture. This designation shall not prevent water users receiving Central Arizona Project water allocations from diverting that water through an exchange agreement with downstream water users in accordance with Arizona water law. After consultation with State and local governments and the interested public and within two years after August 23, 1984, the Secretary shall take such action as is required under subsection (b) of this section.

(52) AU SABLE, MICHIGAN—The segment of the main stem from the project boundary of the Mio Pond project downstream to the project boundary at Alcona Pond project as generally depicted on a map entitled “Au Sable River” which is on file and available for public inspection in the Office of the Chief, Forest Service, United States Department of Agriculture; to be administered by the Secretary of Agriculture.

(53) TUOLUMNE, CALIFORNIA—The main river from its sources on Mount Dana and Mount Lyell in Yosemite National Park to Don Pedro Reservoir consisting of approximately 83 miles as generally depicted on the proposed boundary map entitled “Alternative A” contained in the Draft Tuolumne Wild and Scenic River Study and Environmental Impact Statement published by the United States Department of the Interior and Department of Agriculture in May 1979; to be administered by the Secretary of the Interior and the Secretary of Agriculture. After consultation with State and local governments and the interested public and within two years from September 29, 1984, the Secretary shall take such action as is required under subsection (b) of this section. Nothing in this chapter shall preclude the licensing, development, operation, or maintenance of water resources facilities on those portions of the North Fork, Middle Fork or South Fork of the Tuolumne or Clavey Rivers that are outside the boundary of the wild and scenic river area as designated in this section. Nothing in this section is intended or shall be construed to affect any rights, obligations, privileges, or benefits granted under any prior agreement or administrative ruling entered into or made effective before September 29, 1984. For fiscal years commencing after September 30, 1985, there are authorized to be appropriated such sums as may be necessary to implement the provisions of this subsection.

(54) ILLINOIS, OREGON: The segment from the boundary of the Siskiyou National Forest downstream to its confluence with the Rogue River as generally depicted on a map entitled “Illinois River Study” and is also part of a report entitled “A Proposal: Illinois Wild and Scenic River”; to be administered by the Secretary of Agriculture. After consultation with State and local governments and the interested public, the Secretary shall take such action as is required under subsection (b) of this section within one year from October 19, 1984. For the purposes of this chapter with respect to the river designated by this paragraph, effective October 1, 1984, there are authorized to be appropriated such
sums as necessary for the acquisition of lands or interests in lands, and such sums as necessary for development.

(55) **OWYHEE, OREGON**—The segment from the State line downstream to Three Forks; the Owyhee River from Three Forks downstream to China Gulch; and the Owyhee River downstream from Crooked Creek to the Owyhee Reservoir as generally depicted on a map entitled "Owyhee, Oregon" dated April 1984; all three segments to be administered as a wild river by the Secretary of the Interior. After consultation with State and local governments and the interested public, the Secretary shall take such appropriate action as is required under subsection (b) of this section within one year from October 1, 1984. For the purposes of this chapter with respect to the river designated by this paragraph, effective October 1, 1984, there are authorized to be appropriated such sums as necessary for the acquisition of lands or interests and such sums as necessary for development.

(56) **HORSEFARM FIELDS, NORTH CAROLINA**—The segment from Bohaynee Road (N.C. 281) downstream approximately 4.25 miles to where the segment ends at Lake Jocassee, to be administered by the Secretary of Agriculture. Notwithstanding any limitation of section 1277 of this title, the Secretary is authorized to utilize the authority of this chapter and those pertaining to the National Forests to acquire by purchase with donated or appropriated funds, donation, exchange or otherwise, such non-Federal lands or interests in lands within, near, or adjacent to the designated segments of the river which the Secretary determines will protect or enhance the scenic and natural values of the river.

(57) **CACHE LA POURDRE, COLORADO**—The following segments as generally depicted on the proposed boundary map numbered FS–56 and dated March 1986, published by the United States Department of Agriculture, each to be administered by the Secretary of Agriculture; except that those portions of the segments so designated which are within the boundary of Rocky Mountain National Park shall continue to be administered by the Secretary of the Interior: (A) Beginning at Poudre Lake downstream to the confluence of Joe Wright Creek, as a wild river. This segment to be designated the "Peter H. Dominick Wild River Area".

(B) Downstream from the confluence of Joe Wright Creek to a point where the river intersects the easterly north-south line of the west half southwest quarter of section 1, township 8 north, range 72 west of the sixth principal meridian, as a recreational river.

(C) South Fork of the Cache la Poudre River from its source to the Comanche Peak Wilderness Boundary, approximately four miles, as a wild river.

(D) Beginning at the Comanche Peak Wilderness Boundary to a point on the South Fork of the Cache la Poudre River in section 1, township 7 north, range 73 west of the sixth principal meridian, at elevation 8050 mean sea level, as a recreational river.

(E) South Fork of the Cache la Poudre River from its intersection with the easterly section line of section 30, township 8 north, range 72 west of the sixth principal meridian, to confluence of the main stem of the Cache la Poudre River, as a wild river.

With respect to the portions of the river segments designated by this paragraph which are within the boundaries of Rocky Mountain National Park, the requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portions need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of parklands shall be undertaken that is inconsistent with the designation of such river segments as a wild river.

For the purposes of the segments designated by this paragraph, there are authorized to be appropriated $500,000 for development and $2,500,000 for land acquisition.

(58) **SALINE BAYOU, LOUISIANA**—The segment from Saline Lake upstream to the Kisatchie National Forest, as generally depicted on the proposed Boundary Map, numbered FS–57, and dated March 1986; to be administered by the Secretary of Agriculture. For the purposes of the segment designated by this paragraph, there are authorized to be appropriated for fiscal years commencing after September 30, 1986, not to exceed $1,000,000 for the acquisition of lands and interests in lands and for development.

(59) **BLACK CREEK, MISSISSIPPI**—The segment from Fairley Bridge Landing upstream to Moody’s Landing as generally depicted on a map entitled "Black Creek Wild River Area", numbered FS–58 and dated March 1986, to be administered by the Secretary of Agriculture as a scenic river area under section 1273(b)(2) of this title. For the purposes of the segment designated by this paragraph, there are authorized to be appropriated up to $300,000 for the acquisition of lands and interests in lands and for development.

(60) **KICKITAT, WASHINGTON**—The segment from its confluence with Wheeler Creek, Washington, near the town of Pitt, Washington, to its confluence with the Columbia River; to be classified as a recreational river and to be administered by the Secretary of Agriculture. The boundaries of the designated portions of the Klickitat River shall be as generally depicted on a map dated November, 1987, and entitled "Klickitat National Recreation River, River Management Area: Final Boundary", which is on file in the office of the Chief, Forest Service, Washington, District of Columbia.

(61) **WHITE SALMON, WASHINGTON**—The segment from its confluence with Gilmer Creek, Washington, near the town of B Z Corner, Washington, to its confluence with Buck Creek, Washington; to be classified as a scenic river and to be administered by the Secretary of Agriculture.

(62) **MERCED, CALIFORNIA.**—(A) The main stem from its sources (including Red Peak Fork, Merced Peak Fork, Triple Peak Fork, and Lyell Fork) on the south side of Mount Lyell in Yosemite National Park to a point 300 feet upstream of the confluence with Bear Creek, consisting of approximately 71 miles, and the South

---

1 So in original. Probably should be “Comanche”.
Fork of the river from its source near Triple Divide Peak in Yosemite National Park to the confluence with the main stem, consisting of approximately 43 miles, both as generally depicted on the map entitled “Merced River Wild and Scenic Rivers—Proposed”, dated June 1987, to be administered by the Secretary of Agriculture and the Secretary of the Interior. With respect to the portions of the river designated by this subparagraph which are within the boundaries of Yosemite National Park, and the El Portal Administrative Unit, the requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portions need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of park lands shall be undertaken that is inconsistent with the designation of such river segments. There are authorized to be appropriated such sums as may be necessary to carry out the purposes of this subparagraph, except that no more than $235,000 may be appropriated to the Secretary of Agriculture for the acquisition of lands and interests in lands.

(B)(i) The main stem from a point 300 feet upstream of the confluence with Bear Creek downstream to the normal maximum operating pool water surface level of Lake McClure (elevation 867 feet mean sea level) consisting of approximately 8 miles, as generally depicted on the map entitled “Merced Wild and Scenic River”, dated April, 1990. The Secretary of the Interior shall administer the segment as recreational, from a point 300 feet upstream of the confluence with Bear Creek downstream to a point 300 feet west of the boundary of the Mountain King Mine, and as wild, from a point 300 feet west of the boundary of the Mountain King Mine to the normal maximum operating pool water surface level of Lake McClure. The requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the Sierra Management Framework Plan for the Sierra Planning Area of the Folsom Resource Area, Bakersfield District, Bureau of Land Management. There are authorized to be appropriated such sums as may be necessary to carry out the purposes of this subparagraph.

(ii) To the extent permitted by, and in a manner consistent with section 1278 of this title, and in accordance with other applicable law, the Secretary of the Interior shall permit the construction and operation of such pumping facilities and associated pipelines as identified in the Bureau of Land Management right-of-way application CACA 26084, filed by the Mariposa County Water Agency on November 7, 1989, and known as the “Saxon Creek Project” to assure an adequate supply of water from the Merced River to Mariposa County.

(C) With respect to the segments of the main stem of the Merced River and the South Fork Merced River designated as recreational or scenic pursuant to this paragraph or by the appropriate agency pursuant to subsection (b) of this section, the minerals to Federal lands which constitute the bed or bank or are situated within one-quarter mile of the bank are hereby withdrawn, subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws including, in both cases, amendments thereto. (63) KINGS, CALIFORNIA.—The Middle Fork of the Kings River from its headwaters at Lake Helen between Muir Pass and Black Giant Mountain to its confluence with the main stem; the South Fork, Kings River from its headwaters at Lake 11599 to its confluence with the main stem; and the main stem of the Kings River from the confluence of the Middle Fork and the South Fork to the point at elevation 1,596 feet above mean sea level. The segments within the Kings Canyon National Park shall be administered by the Secretary of the Interior. The remaining segments shall be administered by the Secretary of Agriculture. After consultation with State and local governments and the interested public and within one year after November 3, 1987, the respective Secretaries shall take such action as is required under subsection (b) of this section. In the case of the segments of the river administered by the Secretary of the Interior, the requirements of subsection (b) of this section shall be fulfilled through appropriate revisions to the general management plan for Kings Canyon National Park, and the boundaries, classification, and development plans for such segments need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of park lands shall be undertaken that is inconsistent with the designation of the river under this paragraph. For the purposes of the segments designated by this paragraph, there are authorized to be appropriated such sums as may be necessary, but not to exceed $250,000, to the Secretary of Agriculture for development and land acquisition.

(64)(A) NORTH FORK KERN RIVER, CALIFORNIA.—The segment of the main stem from the Tulare-Kern County line to its headwaters in Sequoia National Park, as generally depicted on a map entitled “Kern River Wild and Scenic River—Proposed” and dated June 1987; to be administered by the Secretary of Agriculture; except that portion of the river within the boundaries of the Sequoia National Park shall be administered by the Secretary of the Interior. With respect to the portion of the river segment designated by this paragraph which is within the boundaries of Sequoia National Park, the requirements of subsection (b) of this section shall be fulfilled through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portion need not be published in the Federal Register. Such revision to the general management plan for the park shall assure that no developments or use of park lands shall be undertaken that is inconsistent with the designation of such river segment.

(B) SOUTH FORK KERN RIVER, CALIFORNIA.—The segment from its headwaters in the Inyo National Forest to the southern boundary of the Domelands Wilderness in the Sequoia National Forest, as generally depicted on a map entitled

*So in original. Probably should be “on”.*
“Kern River Wild and Scenic River—Proposed” and dated June 1987; to be administered by the Secretary of Agriculture.

(C) Nothing in this chapter shall affect the continued operation and maintenance of the existing diversion project, owned by Southern California Edison on the North Fork of the Kern River, including reconstruction or replacement of facilities to the same extent as existed on November 24, 1987.

(D) For the purposes of the segments designated by this paragraph, there are authorized to be appropriated such sums as may be necessary, but not to exceed $100,000, to the Secretary of Agriculture for development and land acquisition.

(66) BLUESTONE, WEST VIRGINIA.—The segment in Mercer and Summers Counties, West Virginia, from a point approximately two miles upstream of the Summers and Mercer County line down to the maximum summer pool elevation (one thousand four hundred and ten feet above mean sea level) of Bluestone Lake as depicted on the boundary map entitled “Bluestone Wild and Scenic River”, numbered BLUE–80,005, dated May 1996; to be administered by the Secretary of the Interior as a scenic river. In carrying out the requirements of subsection (b) of this section, the Secretary shall consult with State and local governments and the interested public. The Secretary shall not be required to establish detailed boundaries of the river as provided under subsection (b) of this section. Nothing in this chapter shall preclude the improvement of such lands owned by the United States within the boundaries of the segment designated under this paragraph, consistent with the preservation and enhancement of the natural and scenic values of such river, the Secretary may, with the consent of the owner thereof, negotiate an instrumentality of or standing or cooperative agreement, or acquire without reimbursement to the administrative jurisdiction of the Secretary of the Interior, subject to leases in effect on October 26, 1988 (and renewed thereafter) between the United States and the State of West Virginia with respect to the Bluestone State Park and the Bluestone Public Hunting and Fishing Area. Nothing in this chapter shall affect the management by the State of hunting and fishing within the segment designated under this paragraph. Jurisdiction over all lands and improvements on such lands owned by the United States within the boundaries of the segment designated under this paragraph is hereby transferred without reimbursement to the administrative jurisdiction of the Secretary of the Interior, subject to leases in effect as of October 26, 1988, and such management may be continued pursuant to renewal of such lease agreement. If requested to do so by the State of West Virginia, the Secretary may terminate such leases and assume administrative authority over the areas concerned. Nothing in the designation of the segment referred to in this paragraph shall affect or impair the management of the Bluestone project or the authority of any department, agency, or instrumentality of the United States to carry out the project purposes of that project as of October 26, 1988. Nothing in this chapter shall be construed to affect the continuation of studies relating to such project which were commenced before October 26, 1988. In order to provide reasonable public access and vehicle parking for public use and enjoyment of the river designated by this paragraph, consistent with the preservation and enhancement of the natural and scenic values of such river, the Secretary may, with the consent of the owner thereof, negotiate a standing or cooperative agreement, or acquire not more than 10 acres of lands or interests in such lands, or both, as may be necessary to allow public access to the Bluestone River and to provide, outside the boundary of the scenic river, parking and related facilities in the vicinity of the area known as Eads Mill.

(66)(A) SIPSEY FORK OF THE WEST FORK, ALABAMA.—Segments of the Sipsey Fork and several tributaries; to be administered by the Secretary of Agriculture in the classifications indicated, as follows:

(1) Sipsey Fork from the confluence of Sandy Creek upstream to Forest Highway 26, as a scenic river; and
(2) Sipsey Fork from Forest Highway 26 upstream to its origin at the confluence of Thompson Creek and Hubbard Creek, as a wild river; and
(3) Hubbard Creek from its confluence with Thompson Creek upstream to Forest Road 210, as a wild river; and
(4) Thompson Creek from its confluence with Hubbard Creek upstream to its origin in section 4, township 8 south, range 9 west, as a wild river; and
(5) Tedford Creek from its confluence with Thompson Creek upstream to section 17, township 8 south, range 9 west, as a wild river; and
(6) Mattox Creek from its confluence with Thompson Creek upstream to section 36 of township 7 south, range 9 west, as a wild river; and
(7) Borden Creek from its confluence with the Sipsey Fork upstream to Forest Road 208, as a wild river; and
(8) Borden Creek from Forest Road 208 upstream to its confluence with Montgomery Creek, as a scenic river; and
(9) Montgomery Creek from its confluence with Borden Creek upstream to the southwest quarter of the southwest quarter of section 36, township 7 south, range 8 west, as a scenic river; and
(10) Flannigan Creek from its confluence with Borden Creek upstream to Forest Road 208, as a wild river; and
(11) Flannigan Creek from Forest Road 208 upstream to section 4, township 8 south, range 8 west, as a scenic river; and
(12) Braziel Creek from its confluence with Borden Creek upstream to section 12, township 8 south, range 9 west, as a wild river; and
(13) Hogood Creek from its confluence with Braziel Creek upstream to the confluence with an unnamed tributary in section 7, township 8 south, range 8 west, as a wild river.

(B) A map entitled “Sipsey Fork of the West Fork Wild and Scenic River”, generally depicting the Sipsey Fork and the tributaries, shall be on file and remain available for public inspections in the office of the Chief of the Forest Service, Department of Agriculture.

*So in original. Probably should be “its”.*
(vi) The Commission shall cease to exist on the date 10 years after October 28, 1988.
(vii) The provisions of section 14(b) of the Federal Advisory Committee Act (Act of October 6, 1972, 86 Stat. 776), are hereby waived with respect to the Commission.
(C) The authority of the Secretary to acquire lands outside the boundary of the White Mountain National Forest for purposes of this paragraph shall be limited to acquisition by donation or acquisition with the consent of the owner thereof. The Secretary may also acquire scenic easements for purposes of this paragraph as provided in section 1277 of this title.
(D) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this paragraph.
(68) BIG MARSH CREEK, OREGON.—The 15-mile segment from the northeast quarter of section 15, township 26 south, range 6 east, to its confluence with Crescent Creek in the northeast quarter of section 20, township 24 south, range 7 east, as a recreational river; to be administered by the Secretary of Agriculture: Provided, That nothing in this chapter shall prohibit the Secretary from undertaking construction activities to enhance and restore wetland resources associated with Big Marsh Creek.
(69) CHETCO, OREGON.—The 44.5-mile segment from its headwaters to the Siskiyou National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:
(A) The 25.5-mile segment from its headwaters to Boulder Creek at the Kalmiopsis Wilderness boundary as a wild river;
(B) the 8-mile segment from Boulder Creek to Steel Bridge as a scenic river; and
(C) the 11-mile segment from Steel Bridge to the Siskiyou National Forest boundary, one mile below Wilson Creek, as a recreational river.
(70) CLACKAMAS, OREGON.—The 47-mile segment from Big Springs to Biggert, to be administered by the Secretary of Agriculture in the following classes:
(A) The 4-mile segment from Big Springs to the Forest Service Road 4690 bridge as a scenic river;
(B) the 3.5-mile segment from the Forest Service Road 4690 bridge to the junction with Oregon State Highway 224 as a recreational river;
(C) the 10.5-mile segment from Oregon State Highway 224 to the June Creek Bridge as a scenic river;
(D) the 9-mile segment from June Creek Bridge to Tar Creek as a recreational river;
(E) the 5.5-mile segment from Tar Creek to just south of Indian Henry Campground as a scenic river; and
(F) the 14.5-mile segment just south of Indian Henry Campground to Big Cliff as a recreational river.
(71) CRESCENT CREEK, OREGON.—The 10-mile segment from the southwest quarter of section 11, township 24 south, range 6 east, to the west section line of section 13, township 24 south, range 7 east, as a recreational river; to be administered by the Secretary of Agriculture.
(72) CROOKED, OREGON.—The 15-mile segment from the National Grassland boundary to Dry
§ 1274  TITLE 16—CONSERVATION  Page 1002

Creek; to be administered by the Secretary of the Interior in the following classes:

(A) The 7-mile segment from the National Grassland boundary to River Mile 8 south of Opal Spring as a recreational river; and

(B) the 8-mile segment from Bowman Dam to Dry Creek as a recreational river.

(73) DESCHUTES, OREGON.—Those portions as follows:

(A) The 40.4-mile segment from Wickiup Dam to northern boundary of Sunriver at the southwest quarter of section 20, township 19 south, range 11 east as a recreational river; to be administered by the Secretary of Agriculture;

(B) the 11-mile segment from the northern boundary of Sunriver at the southwest quarter of section 20, township 19 south, range 11 east, to Lava Island Camp as a scenic river; to be administered by the Secretary of Agriculture;

(C) the 3-mile segment from Lava Island Camp to the Bend Urban Growth Boundary at the southwest corner of section 13, township 18 south, range 11 east, as a recreational river; to be administered by the Secretary of Agriculture;

(D) the 19-mile segment from Oden Falls to the Upper End of Lake Billy Chinook as a scenic river; to be administered by the Secretary of the Interior;

(E) the 100-mile segment from the Pelton Re-regulating Dam to its confluence with the Columbia River as a recreational river; to be administered by the Secretary of the Interior through a cooperative management agreement between the Confederated Tribes of the Warm Springs Reservation, and the State of Oregon as provided in section 1281(e) of this title and section 105 of the Omnibus Oregon Wild and Scenic Rivers Act of 1988.

(74) DONNER UND BLITZEN, OREGON.—Those segments, including its major tributaries, as a wild river; to be administered by the Secretary of the Interior as follows:

(A) The 16.75-mile segment of the Donner und Blitzen from its confluence with the South Fork Blitzen and Little Blitzen.

(B) The 12.5-mile segment of the South Fork Blitzen from its headwaters to its confluence with the South Fork Blitzen.

(C) The 16.5-mile segment of the South Fork Blitzen from its headwaters to its confluence with the South Fork Blitzen.

(D) The 10-mile segment of Big Indian Creek from its headwaters to its confluence with the South Fork Blitzen.

(E) The 3.7-mile segment of Little Indian Creek from its headwaters to its confluence with the Big Indian Creek.

(F) The 12.25-mile segment of Fish Creek from its headwaters to its confluence with the Donner und Blitzen.

(G) The 5.1 mile segment of Mud Creek from its confluence with an unnamed spring in the SE1/4SW1/4 of section 32, township 33 south, range 33 east to its confluence with the Donner und Blitzen River.

(H) The 8.1 mile segment of Ankle Creek from its headwaters to its confluence with the Donner und Blitzen River.

(I) The 1.6 mile segment of the South Fork of Ankle Creek from its confluence with an unnamed tributary in the SE1/4SE1/4 of section 17, township 34 south, range 33 east, to its confluence with Ankle Creek.

(75) EAGLE CREEK, OREGON.—The 27-mile segment from its headwaters below Eagle Lake to the Wallowa-Whitman National Forest boundary at Skull Creek; to be administered by the Secretary of Agriculture in the following classes:

(A) The 4-mile segment from its headwaters below Eagle Lake to the Eagle Cap Wilderness boundary at Hummingbird Mountain as a wild river;

(B) the 15.5-mile segment from the Eagle Cap Wilderness boundary at Hummingbird Mountain to Paddy Creek as a recreational river;

(C) the 6-mile segment from Paddy Creek to Little Eagle Creek as a scenic river; and

(D) the 1.5-mile segment from Little Eagle Creek to the Wallowa-Whitman National Forest boundary as a recreational river.

(76) ELSK, OREGON.—The 29-mile segment to be administered by the Secretary of Agriculture in the following classes:

(A) The 17-mile segment from the confluence of the North and South Forks of the Elk to Anvil Creek as a recreational river.

(B) (i) The approximately 0.6-mile segment of the North Fork Elk from its source in sec. 21, T. 33 S., R. 12 W., Willamette Meridian, downstream to 0.01 miles below Forest Service Road 3353, as a scenic river.

(ii) The approximately 5.5-mile segment of the North Fork Elk from 0.01 miles below Forest Service Road 3353 to its confluence with the South Fork Elk, as a wild river.

(C) (i) The approximately 0.9-mile segment of the South Fork Elk from its source in the southeast quarter of sec. 32, T. 33 S., R. 12 W., Willamette Meridian, downstream to 0.01 miles below Forest Service Road 3353, as a scenic river.

(ii) The approximately 4.2-mile segment of the South Fork Elk from 0.01 miles below Forest Service Road 3353 to its confluence with the North Fork Elk, as a wild river.

(77) GRANDE RONDE, OREGON.—The 43.8-mile segment from its confluence with the Wallowa River to the Oregon-Washington State line in the following classes:

(A) The 1.5-mile segment from its confluence with the Wallowa River to the Umatilla National Forest boundary in section 11, township 3 north, range 40 east, as a recreational river; to be administered by the Secretary of Agriculture;

(B) the 17.4-mile segment from the Umatilla National Forest boundary in section 11, township 3 north, range 40 east, to the Wallowa-Whitman National Forest boundary approximately one-half mile east of Grossman Creek as a wild river; to be administered by the Secretary of Agriculture;

(C) the 9-mile segment from the Wallowa-Whitman National Forest boundary approximately one-half mile east of Grossman Creek to Wildcat Creek as a wild river; to be administered by the Secretary of the Interior; and

(D) the 15.9-mile segment from Wildcat Creek to the Oregon-Washington State line as
a recreational river; to be administered by the Secretary of the Interior.

(78) IMNAHA, OREGON.—Those segments, including the South Fork Imnaha; to be administered by the Secretary of Agriculture in the following classes:

(A) The 6-mile segment from its confluence with the North and South Forks of the Imnaha River to Indian Crossing as a wild river;

(B) the 58-mile segment from Indian Crossing to Cow Creek as a recreational river;

(C) the 4-mile segment from Cow Creek to its mouth as a scenic river; and

(D) the 9-mile segment of the South Fork Imnaha from its headwaters to its confluence with the Imnaha River as a wild river.

(79) JOHN DAY, OREGON.—The 147.5-mile segment from Service Creek to Tumwater Falls as a recreational river; to be administered through a cooperative management agreement between the State of Oregon and the Secretary of the Interior as provided in section 1281(e) of this title.

(80) JOSEPH CREEK, OREGON.—The 8.6-mile segment from Joseph Creek Ranch, one mile downstream from Cougar Creek, to the Wallowa-Whitman National Forest boundary as a wild river; to be administered by the Secretary of Agriculture.

(81) LITTLE DESCHUTES, OREGON.—The 12-mile segment from its source in the northwest quarter of section 15, township 26 south, range 6½ east to the north section line of section 12, township 26 south, range 7 east as a recreational river; to be administered by the Secretary of Agriculture in the following classes:

(A) The 5-mile segment from its headwaters to the Eagle Cap Wilderness boundary as a wild river; and

(B) the 11-mile segment from the Eagle Cap Wilderness boundary to the Wallowa-Whitman National Forest boundary at Silver Creek as a recreational river.

(82) LOSTINE, OREGON.—The 16-mile segment from its headwaters to the Wallowa-Whitman National Forest boundary; to be administered by the Secretary of Agriculture; by the Secretary of the Interior; to be administered by the Secretary of Agriculture in the following classes:

(A) The 3-mile segment from its source at Williams Prairie to the Upper End of Big Summit Prairie as a recreational river; to be administered by the Secretary of Agriculture;

(B) the 3.7-mile segment from the Lower End of Big Summit Prairie to the bridge across from the Deep Creek Campground as a recreational river; to be administered by the Secretary of Agriculture;

(C) the 8-mile segment from the bridge across from the Deep Creek Campground to the Ochoco National Forest boundary, one-half mile from Lame Dog Creek as a scenic river; to be administered by the Secretary of Agriculture;

(D) the 5-mile segment from the Ochoco National Forest boundary to Upper Falls as a scenic river; to be administered by the Secretary of Agriculture;

(E) the 11.1-mile segment from Upper Falls to Committee Creek as a wild river; to be administered by the Secretary of Agriculture;

(F) the 5-mile segment from Committee Creek to one mile from its confluence with the Crooked River as a recreational river; to be administered by the Secretary of the Interior.

(83) MALHEUR, OREGON.—The 13.7-mile segment from Bosonberg Creek to the Malheur National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:

(A) The 7-mile segment from Bosonberg Creek to Malheur Ford as a scenic river; and

(B) the 6.7-mile segment from Malheur Ford to the Malheur National Forest boundary as a wild river.

(84) MCKENZIE, OREGON.—The 12.7-mile segment from Clear Lake to Scott Creek; to be administered by the Secretary of Agriculture in the following classes:

(A) The 1.8-mile segment from Clear Lake to the head of maximum pool at Carmen Reservoir as a recreational river;

(B) the 4.3-mile segment from a point 100 feet downstream from Carmen Dam to the maximum pool at Trail Bridge Reservoir as a recreational river; and

(C) the 6.6-mile segment from the developments at the base of the Trail Bridge Reservoir Dam to Scott Creek as a recreational river.

(85) METOLIUS, OREGON.—The 28.6-mile segment from the south Deschutes National Forest boundary to Lake Billy Chinook in the following classes:

(A) The 11.5-mile segment from the south Deschutes National Forest boundary (approximately 2,055.5 feet from Metolius Springs) to Bridge 99 as a recreational river; to be administered by the Secretary of Agriculture;

(B) the 17.1-mile segment from Bridge 99 to Lake Billy Chinook as a scenic river; by the Secretary of Agriculture, through a cooperative management agreement between the Secretary of the Interior and the Confederated Tribes of the Warm Springs Reservation, as provided in section 1281(e) of this title and section 105 of the Omnibus Oregon Wild and Scenic Rivers Act of 1988: Provided, That the river and its adjacent land area will be managed to provide a primitive recreational experience as defined in the ROS User's Guide.

(86) MINAM, OREGON.—The 39-mile segment from its headwaters at the south end of Minam Lake to the Eagle Cap Wilderness boundary, one-half mile downstream from Cougar Creek, as a wild river; to be administered by the Secretary of Agriculture.

(87) NORTH FORK CROOKED, OREGON.—The 32.3-mile segment from its source at Williams Prairie to one mile from its confluence with the Crooked River in the following classes:

(A) The 3-mile segment from its source at Williams Prairie to the Upper End of Big Summit Prairie as a recreational river; to be administered by the Secretary of Agriculture;

(B) the 3.7-mile segment from the Lower End of Big Summit Prairie to the bridge across from the Deep Creek Campground as a recreational river; to be administered by the Secretary of Agriculture;

(C) the 8-mile segment from the bridge across from the Deep Creek Campground to the Ochoco National Forest boundary, one-half mile from Lame Dog Creek as a scenic river; to be administered by the Secretary of Agriculture.

(88) NORTH FORK JOHN DAY, OREGON.—The 54.1-mile segment from its headwaters in the North Fork of the John Day Wilderness Area at section 13, township 8 south, range 36 east, to its confluence with Camas Creek in the following classes:

(A) The 3.5-mile segment from its headwaters in the North Fork of the John Day Wil-
The 25.4-mile segment from the Soda Springs Powerhouse to the Umpqua National Forest boundary as a recreational river; to be administered by the Secretary of Agriculture; and
(B) the 8.4-mile segment from the Umpqua National Forest boundary to its confluence with Rock Creek as a recreational river; to be administered by the Secretary of the Interior.
(96) POWDER, OREGON.—The 11.7-mile segment from Thief Valley Dam to the Highway 203 bridge as a scenic river; to be administered by the Secretary of the Interior.
(97) QUARTZVILLE CREEK, OREGON.—The 12-mile segment from the Willamette National Forest boundary to slack water in Green Peter Reservoir as a recreational river; to be administered by the Secretary of the Interior.
(98) ROARING, OREGON.—The 13.7-mile segment from its headwaters to its confluence with the Clackamas River; to be administered by the Secretary of Agriculture in the following classes:
(A) The 13.5-mile segment from its headwaters to one-quarter mile upstream of the mouth as a wild river; and
(B) the 0.2-mile segment from one-quarter mile upstream of the mouth to its confluence with the Clackamas River as a recreational river.
(99) SALMON, OREGON.—The 33.5-mile segment from its headwaters to its confluence with the Sandy River in the following classes:
(A) The 7-mile segment from its headwaters to the south boundary line of section 6, township 4 south, range 9 east as a recreational river; to be administered by the Secretary of Agriculture:
Provided. That designation and classification shall not preclude the Secretary from exercising discretion to approve the construction, operation, and maintenance of ski lifts, ski runs, and associated facilities for the land comprising the Timberline Lodge Winter Sports Area insofar as such construction does not involve water resources projects;
(B) the 15-mile segment from the south boundary line at section 6, township 4 south, range 9 east to the junction with the South Fork of the Salmon River as a wild river; to be administered by the Secretary of the Interior;
(C) the 3.5-mile segment from the junction with the south fork of the Salmon River to the Mt. Hood National Forest boundary as a recreational river; to be administered by the Secretary of Agriculture;
(D) the 3.2-mile segment from the Mt. Hood National Forest boundary to Lymp Creek as a recreational river; to be administered by the Secretary of the Interior; and
(E) the 4.6-mile segment from Lymp Creek to its confluence with the Sandy River as a scenic river; to be administered by the Secretary of the Interior.
(100) SANDY, OREGON.—Those portions as follows:
(A) The 4.5-mile segment from its headwaters to the section line between sections 15 and 22, township 2 south, range 8 east as a wild river; to be administered by the Secretary of Agriculture;
(B) the 7.9-mile segment from the section line between sections 15 and 22, township 2 south, range 8 east as a wild river; to be administered by the Secretary of Agriculture;
south, range 8 east to the Mt. Hood National Forest boundary at the west section line of section 26, township 2 south, range 7 east as a recreational river; to be administered by the Secretary of Agriculture; and

(C) the 12.9-mile segment from the east boundary of sections 23 and 36, township 1 south, range 4 east in Multnomah County near Dodge Park, downstream to the west line of the east half of the northeast quarter of section 6, township 1 south, range 4 east, in Multnomah County at Dabney State Park, the upper 3.8 miles as a scenic river and the lower 8.7 miles as a recreational river; both to be administered through a cooperative management agreement between the State of Oregon, the Secretary of the Interior and the Counties of Multnomah and Clackamas in accordance with section 1281(e) of this title.

(101) SOUTH FORK JOHN DAY, OREGON.—The 47-mile segment from the Malheur National Forest to Smokey Creek as a recreational river; to be administered by the Secretary of the Interior.

(102) SQUAW CREEK, OREGON.—The 15.4-mile segment from its source to the hydrologic Gaging Station 800 feet upstream from the intake of the McAllister Ditch, including the Soap Fork Squaw Creek, the North Fork, the South Fork, the East and West Forks of Park Creek, and Park Creek Fork; to be administered by the Secretary of Agriculture as follows:

(A) The 6.6-mile segment and its tributaries from the source to the Three Sisters Wilderness boundary as a wild river; and

(B) the 8.8-mile segment from the boundary of the Three Sisters Wilderness Area to the hydrologic Gaging Station 800 feet upstream from the intake of the McAllister Ditch as a scenic river: Provided, That nothing in this chapter shall prohibit the construction of facilities necessary for emergency protection for the town of Sisters relative to a rapid discharge of Carver Lake if no other reasonable flood warning or control alternative exists.

(103) SYCAN, OREGON.—The 59-mile segment from the northeast quarter of section 5, township 34 south, range 17 east to Coyote Bucket at the Fremont National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:

(A) The 26.4-mile segment from the northeast quarter of section 5, township 34 south, range 17 east to the west section line of section 22, township 32 south, range 14½ east, as a scenic river;

(B) the 8.6-mile segment from the west section line of section 22, township 32 south, range 14 east, to the Fremont National Forest boundary in the southeast quarter of section 10, township 33 south, range 13 east, as a recreational river; and

(C) the 24-mile segment from the Fremont National Forest boundary in the southwest quarter of section 10, township 33 south, range 13 east, to Coyote Bucket at the Fremont National Forest boundary, as a scenic river.

(104) UPPER ROGUE, OREGON.—The 40.3-mile segment from the Crater Lake National Park boundary to the Rogue River National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:

(A) The 0.5-mile segment from the Crater Lake National Park boundary to approximately 0.1-mile downstream from the forest road 6530760 (West Lake Road) crossing as a scenic river;

(B) the 6.1-mile segment from approximately 0.1-mile downstream from the forest road 6530760 (West Lake Road) crossing to Minehaha Creek as a wild river; and

(C) the 33.7-mile segment from Minehaha Creek to the Rogue River National Forest boundary as a scenic river.

(105) WENAHA, OREGON.—The 21.55-mile segment from the confluence of the North Fork and the South Fork to its confluence with the Grande Ronde River; to be administered by the Secretary of Agriculture in the following classes:

(A) The 18.7-mile segment from the confluence of the North Fork and South Fork to the Umatilla National Forest as a wild river;

(B) the 2.7-mile segment from the Umatilla National Forest boundary to the easternmost boundary of the Wenahe State Wildlife Area as a scenic area; and

(C) the 0.15-mile segment from the easternmost boundary of the Wenahe State Wildlife Area to the confluence with the Grande Ronde River as a recreational river.

(106) WEST LITTLE OYWEE, OREGON.—The 51-mile segment from its headwaters to its confluence with Owyhee River as a wild river; to be administered by the Secretary of the Interior.

(107) WHITE, OREGON.—The 46.5-mile segment from its headwaters to its confluence with the Deschutes River in the following classes:

(A) The 2-mile segment from its headwaters to the section line between sections 9 and 16, township 3 south, range 9 east, as a recreational river; to be administered by the Secretary of Agriculture: Provided, That designation and classification shall not preclude the Secretary from exercising discretion to approve construction, operation, and from exercising discretion to approve construction, operation, and maintenance of ski lifts, ski runs, and associated facilities for the land comprising the Mt. Hood Winter Sports Area insofar as such construction does not involve water resource projects and is consistent with protecting the values for which the river was designated.

(B) the 13.6-mile segment from the section line between sections 9 and 16, township 3 south, range 9 east, to Deep Creek as a recreational river; to be administered by the Secretary of Agriculture;

(C) the 6.5-mile segment from Deep Creek to the Mt. Hood National Forest boundary as a scenic river; to be administered by the Secretary of Agriculture;

(D) the 17.6-mile segment from the Mt. Hood National Forest boundary to Three Mile Creek as a scenic river; to be administered by the Secretary of the Interior;

(E) the 5.3-mile segment from Three Mile Creek to River Mile 2.2 as a recreational river; to be administered by the Secretary of the Interior; and

(F) the 1.6-mile segment from River Mile 1.6 to its confluence with the Deschutes River as
a recreational river; to be administered by the Secretary of the Interior.

(108) RIO CHAMA, NEW MEXICO.—The segment extending from El Vado Ranch launch site (immediately south of El Vado Dam) downstream approximately 24.6 miles to elevation 6,353 feet above mean sea level; to be administered by the Secretary of Agriculture and the Secretary of the Interior. For purposes of compliance with the planning requirements of subsection (d) of this section, the Cooperative Management Plan for the river prepared by the Secretary of Agriculture and the Secretary of the Interior may be revised and amended to the extent necessary to conform to the provisions of this chapter. The segment of the Rio Chama beginning at the El Vado Ranch launch site downstream to the beginning of Forest Service Road 151 shall be administered as a wild river and the segment downstream from the beginning of Forest Service Road 151 to elevation 6,353 feet shall be administered as a scenic river.

(109) EAST FORK OF JEMEZ, NEW MEXICO.—The 11-mile segment from the Santa Fe National Forest boundary to its confluence with the Rio San Antonio; to be administered by the Secretary of Agriculture in the following classifications:

(A) the 2-mile segment from the Santa Fe National Forest boundary to the second crossing of State Highway 4, near Las Conchas Trailhead, as a recreational river; and

(B) the 4-mile segment from the second crossing of State Highway 4, near Las Conchas Trailhead, to the third crossing of State Highway 4, approximately one and one-quarter miles upstream from Jemez Falls, as a wild river.

(C) the 5-mile segment from the third crossing of State Highway 4, approximately one and one-quarter miles upstream from Jemez Falls, to its confluence with the Rio San Antonio, as a scenic river.

After June 6, 1990, Federal lands within the boundaries of the segments designated under this paragraph or which constitute the bed or bank or are situated within one-quarter mile of the ordinary highwater mark on each side of such segments are withdrawn, subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws of the United States, and no patent may be issued for the surface estate with respect to any mining claim located on such lands. Nothing in this paragraph shall be construed as precluding mining operations on any valid existing claim, subject to applicable regulations under section 1280 of this title.

(110) PROCO RIVER, NEW MEXICO.—The 20.5-mile segment from its headwaters to the townsite of Tererro; to be administered by the Secretary of Agriculture in the following classifications:

(A) the 13.5-mile segment from its headwaters to the Pecos Wilderness boundary, as a wild river; and

(B) the 7-mile segment from the Pecos Wilderness boundary to the townsite of Tererro, as a recreational river.

After June 6, 1990, Federal lands within the boundaries of the segments designated under this paragraph or which constitute the bed or bank or are situated within one-quarter mile of the ordinary highwater mark on each side of such segments are withdrawn, subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws of the United States, and no patent may be issued for the surface estate with respect to any mining claim located on such lands. Nothing in this paragraph shall be construed as precluding mining operations on any valid existing claim, subject to applicable regulations under section 1280 of this title.

(111) SMITH RIVER, CALIFORNIA.—The segment from the confluence of the Middle Fork Smith River and the North Fork Smith River to the Six Rivers National Forest boundary, including the following segments of the mainstem and certain tributaries, to be administered by the Secretary of Agriculture in the following classes:

(A) The segment from the confluence of the Middle Fork Smith River and the South Fork Smith River to the National Forest boundary, as a recreational river.

(B) Rowdy Creek from the California–Oregon State line to the National Forest boundary, as a recreational river.

(112) MIDDLE FORK SMITH RIVER, CALIFORNIA.—The segment from the headwaters to its confluence with the North Fork Smith River, including the following segments of the mainstem and certain tributaries, to be administered by the Secretary of Agriculture in the following classes:

(A) The segment from its headwaters about 3 miles south of Sanger Lake, as depicted on the 1956 USGS 15° Preston Peak topographic map, to the center of section 7, T. 17 N., R. 5 E., as a wild river.

(B) The segment from the center of section 7, T. 17 N., R. 5 E., to the center of section 6, T. 17 N., R. 5 E., as a scenic river.

(C) The segment from the center of section 6, T. 17 N., R. 5 E., to one-half mile upstream from its confluence with Knopki Creek, as a wild river.

(D) The segment from one-half mile upstream of its confluence with Knopki Creek to its confluence with the South Fork Smith River, as a recreational river.

(E) Myrtle Creek from its headwaters in section 9, T. 17 N., R. 1 E., as depicted on the 1952 USGS 15° Crescent City topographic map, to the middle of section 28, T. 17 N., R. 1 E., as a scenic river.

(F) Myrtle Creek from the middle of section 28, T. 17 N., R. 1 E., to its confluence with the Middle Fork Smith River, as a wild river.

(G) Shelly Creek from its headwaters in section I, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with Patrick Creek, as a recreational river.

(H) Kelly Creek from its headwaters in section 32, T. 17 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the Middle Fork Smith River, as a scenic river.

(I) Packsaddle Creek from its headwaters about 0.8 miles southwest of Broken Rib Mountain, as depicted on the 1956 USGS 15°
Preston Peak topographic map, to its confluence with the Middle Fork Smith River, as a scenic river.

(J) East Fork Patrick Creek from its headwaters in section 10, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the East Fork of Patrick Creek, as a recreational river.

(K) West Fork Patrick Creek from its headwaters in section 18, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map to its confluence with the East Fork Patrick Creek, as a recreational river.

(L) Little Jones Creek from its headwaters in section 34, T. 17 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map to its confluence with the Middle Fork Smith River, as a recreational river.

(M) Griffin Creek from its headwaters about 0.2 miles southwest of Hazel View Summit, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.

(N) Knopki Creek from its headwaters about 0.4 miles west of Sanger Peak, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.

(O) Monkey Creek from its headwaters in the northeast quadrant of section 12, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.

(P) Patrick Creek from the junction of East and West Forks of Patrick Creek to its confluence with Middle Fork Smith River, as a recreational river.

(Q) Hardscrabble Creek from its headwaters in the northeast quarter of section 2, T. 17 N., R. 1 E., as depicted on the 1952 USGS 15° Crescent City topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.

(113) NORTH FORK SMITH RIVER, CALIFORNIA.—The segment from its headwaters about 0.7 miles southeast of Broken Rib Mountain, as depicted on the 1956 USGS 15° Preston Peak Topographic map, to its confluence with the South Siskiyou Fork Smith River, as a wild river.

(B) The segment from its confluence with the South Siskiyou Fork Smith River to its confluence with the Middle Fork Smith River, as a recreational river.

(C) South Siskiyou Fork Smith River from its headwaters about 0.6 miles southwest of Buck Lake, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Siskiyou Fork Smith River, as a wild river.

(115) SOUTH FORK SMITH RIVER, CALIFORNIA.—The segment from its headwaters to its confluence with the main stem of the Smith River, and the following tributaries, to be administered by the Secretary of Agriculture in the following classes:

(A) The segment from its headwaters about 0.5 miles southwest of Bear Mountain, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with Stony Creek, as a wild river.
graphic map, to Blackhawk Bar, as a wild river.

(B) The segment from Blackhawk Bar to its confluence with the main stem of the Smith River, as a recreational river.

(C) Williams Creek from its headwaters in section 31, T. 14 N., R. 4 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with Eightmile Creek, as a wild river.

(D) Eightmile Creek from its headwaters in section 29, T. 14 N., R. 4 E., as depicted on the 1955 USGS 15° Dillon Mtn. topographic map, to its confluence with the South Fork Smith River, as a wild river.

(E) Harrington Creek from its source to its confluence with the South Fork Smith River, as a wild river.

(F) Prescott Fork of the Smith River from its headwaters about 0.5 miles southeast of Island Lake, as depicted on the 1955 USGS 15° Dillon Mtn. topographic map, to its confluence with the South Fork Smith River, as a wild river.

(G) Quartz Creek from its headwaters in section 31, T. 16 N., R. 4 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(H) Jones Creek from its headwaters in section 36, T. 16 N., R. 3 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(I) Hurdygurdy Creek from its headwaters about 0.4 miles southwest of Bear Basin Butte as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(J) Gordon Creek from its headwaters in section 18, T. 16 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(K) Coon Creek from the junction of its two headwaters tributaries in the southeast quadrant of section 31, T. 17 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(L) Craigs Creek from its headwaters in section 36, T. 17 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(M) Goose Creek from its headwaters in section 13, T. 13 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(N) East Fork Goose Creek from its headwaters in section 18, T. 13 N., R. 3 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with Goose Creek, as a recreational river.

(O) Buck Creek from its headwaters at Cedar Camp Spring, as depicted on the 1952 USGS 15° Ship Mountain topographic map, to the northeast corner of section 8, T. 14 N., R. 3 E., as a scenic river.

(P) Buck Creek from the northeast corner of section 8, T. 14 N., R. 3 E., to its confluence with the South Fork Smith River, as a wild river.

(Q) Muzzleloader Creek from its headwaters in section 2, T. 15 N., R. 3 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with Jones Creek, as a recreational river.

(R) Canthook Creek from its headwaters in section 2, T. 15 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(S) Rock Creek from the national forest boundary in section 6, T. 15 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(T) Blackhawk Creek from its headwaters in section 21, T. 15 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.

(116) CLARKS FORK, WYOMING.—(A) The twenty and five-tenths-mile segment from the west boundary of section 3, township 56 north, range 106 west at the Crandall Creek Bridge downstream to the north boundary of section 13, township 56 north, range 104 west at Clarks Fork Canyon, to be administered by the Secretary of Agriculture as a wild river. Notwithstanding subsection (b) of this section, the boundary of the segment shall include all land within four hundred and forty yards from the ordinary high water mark on both sides of the river. No land or interest in land may be acquired with respect to the segment without the consent of the owner thereof. For the purposes of carrying out this paragraph, there is authorized to be appropriated $500,000 for development and $750,000 for the acquisition of land and interests therein.

(B) Designation of a segment of the Clarks Fork by this paragraph as a component of the Wild and Scenic Rivers System shall not be utilized in any Federal proceeding, whether concerning a license, permit, right-of-way, or any other Federal action, as a reason or basis to prohibit the development or operation of any water impoundment, diversion facility, or hydroelectric power and transmission facility located entirely downstream from the segment of the river designated by this paragraph: Provided, That water from any development shall not intrude upon such segment. Congress finds that development of water impoundments, diversion facilities, and hydroelectric power and transmission facilities located entirely downstream from the segment of the river is not incompatible with its designation as a component of the Wild and Scenic Rivers System.

(C) The Secretary of Agriculture is directed to apply for the quantification of the water right reserved by the inclusion of a portion of the Clarks Fork in the Wild and Scenic Rivers System in accordance with the procedural requirements of the laws of the State of Wyoming: Pro-

*So in original. Probably should be "on".*
vided. That, notwithstanding any provision of the laws of the State of Wyoming otherwise applicable to the granting and exercise of water rights, the purposes for which the Clarks Fork is designated, as set forth in this chapter and this paragraph, are declared to be beneficial uses and the priority date of such right shall be November 28, 1990.

(D) The comprehensive management plan developed under subsection (d) of this section for the segment designated by this paragraph shall provide for all such measures as may be necessary in the control of fire, insects, and diseases to fully protect the values for which the segment is designated as a wild river.

(117) NIABRARA, NEBRASKA.—(A) The 40-mile segment from Borman Bridge southeast of Valentine downstream to its confluence with Chimney Creek and the 30-mile segment from the river's confluence with Rock Creek downstream to the State Highway 137 bridge, both segments to be classified as scenic and administered by the Secretary of the Interior. That portion of the 40-mile segment designated by this subparagraph located within the Fort Niobrara National Wildlife Refuge shall continue to be managed by the Secretary through the Director of the United States Fish and Wildlife Service.

(B) The 25-mile segment from the western boundary of Knox County to its confluence with the Missouri River, including that segment of the Verdigrе Creek from the north municipal boundary of Verdigrе, Nebraska, to its confluence with the Niobrara, to be administered by the Secretary of the Interior as a recreational river.

After consultation with State and local governments and the interested public, the Secretary shall take such action as is required under subsection (b) of this section.

(118) MISSOURI RIVER, NEBRASKA AND SOUTH DAKOTA.—The 39-mile segment from the headwaters of Lewis and Clark Lake to the Ft. Randall Dam, to be administered by the Secretary of the Interior as a recreational river.

(119) BEAR CREEK, MICHIGAN.—The 6.5-mile segment from Coates Highway to the Mainstreet Bridge, to be administered by the Secretary of Agriculture as a scenic river.

(120) BLACK, MICHIGAN.—The 14-mile segment from the Ottawa National Forest boundary to Lake Superior, to be administered by the Secretary of Agriculture as a scenic river.

(121) CARP, MICHIGAN.—The 27.8-mile segment from the west section line of section 30, township 43 north, range 5 west, to Lake Huron, to be administered by the Secretary of Agriculture in the following classes:

(A) The 2.3-mile segment from the west section line of section 30, township 43 north, range 5 west, to Forest Development Road 3458 and in section 32, township 43 north, range 5 west, as a scenic river.

(B) The 6.5-mile segment from the Forest Development Road 3458 in section 32, township 43 north, range 5 west, to Michigan State Highway 123, as a scenic river.

(C) The 7.5-mile segment from Michigan State Highway 123 to one quarter of a mile upstream from Forest Development Road 3119, as a wild river.

(D) The 0.5-mile segment from one quarter of a mile upstream of Forest Development Road 3119 to one quarter mile downstream of Forest Development Road 3119, as a scenic river.

(E) The 4.9-mile segment from one quarter of a mile downstream of Forest Development Road 3119 to McDonald Rapids, as a wild river.

(F) The 6.1-mile segment from McDonald Rapids to Lake Huron, as a recreational river.

(122) INDIAN, MICHIGAN.—The 51-mile segment from Hovey Lake to Indian Lake to be administered by the Secretary of Agriculture in the following classes:

(A) The 12-mile segment from Hovey Lake to Fish Lake, as a scenic river.

(B) The 39-mile segment from Fish Lake to Indian Lake, as a recreational river.

(123) MANISTEE, MICHIGAN.—The 26-mile segment from the Michigan DNR boat ramp below Tippy Dam to the Michigan State Highway 55 bridge, to be administered by the Secretary of Agriculture as a recreational river.

(124) ONTONAGON, MICHIGAN.—Segments of certain tributaries, totaling 157.4 miles, to be administered by the Secretary of Agriculture as follows:

(A) The 46-mile segment of the East Branch Ontonagon from its origin at Spring Lake to the Ottawa National Forest boundary in the following classes:

(i) The 20.5-mile segment from its origin at Spring Lake to its confluence with an unnamed stream in section 30, township 48 north, range 37 west, as a recreational river.

(ii) The 25.5-mile segment from its confluence with an unnamed stream in section 30, township 48 north, range 37 west, to the Ottawa National Forest boundary, as a wild river.

(B) The 59.4-mile segment of the Middle Branch Ontonagon, from its origin at Crooked Lake to the northern boundary of the Ottawa National Forest in the following classes:

(i) The 20-mile segment from its origin at Crooked Lake to Burned Dam, as a recreational river.

(ii) The 8-mile segment from Burned Dam to Bond Falls Flowage, as a scenic river.

(iii) The 8-mile segment from Bond Falls Flowage to Agate Falls, as a recreational river.

(iv) The 6-mile segment from Agate Falls to Trout Creek, as a scenic river.

(v) The 17.4-mile segment from Trout Creek to the northern boundary of the Ottawa National Forest, as a wild river.

(C) The 37-mile segment of the Cisco Branch Ontonagon from its origin at Cisco Lake Dam to its confluence with Ten-Mile Creek south of Ewen in the following classes:

(i) The 10-mile segment from the origin of Cisco Branch Ontonagon at Cisco Lake Dam to the County Road 527 crossing, as a recreational river.

(ii) The 27-mile segment from the Forest Development Road 527 crossing to the confluence of the Cisco Branch and Ten-Mile Creek, as a scenic river.

(D) The 15-mile segment of the West Branch Ontonagon from its confluence with Cascade
Falls to Victoria Reservoir, in the following classes:

(i) The 10.5-mile segment from its confluence with Cascade Falls to its confluence with the South Branch Ontonagon, as a recreational river.

(ii) The 4.5-mile segment from its confluence with the South Branch Ontonagon to Victoria Reservoir, as a recreational river.

(128) STURGEON, HIWATHA NATIONAL FOREST, MICHIGAN.—The 43.9-mile segment from the north line of section 26, township 43 north, range 19 west, to Lake Michigan, to be administered by the Secretary of Agriculture in the following classes:

(A) The 21.7-mile segment from the north line of section 26, township 43 north, range 19 west, to Forest Highway 13 as a scenic river.

(B) The 22.2-mile segment from Forest Highway 13 to Lake Michigan as a recreational river.

(129) STURGEON, OTTAWA NATIONAL FOREST, MICHIGAN.—The 25-mile segment from its entry into the Ottawa National Forest to the northern boundary of the Ottawa National Forest, to be administered by the Secretary of Agriculture in the following classes:

(A) The 16.5-mile segment from its entry into the Ottawa National Forest to Prickett Lake, as a wild river.

(B) The 8.5-mile segment from the outlet of Prickett Lake to the northern boundary of the Ottawa National Forest, as a scenic river.

(130) EAST BRANCH OF THE TARQUAMENON, MICHIGAN.—The 13.2-mile segment from its origin in section 8, township 45 north, range 5 west, to the Hiawatha National Forest boundary, to be administered by the Secretary of Agriculture in the following classes:

(A) The 10-mile segment from its origin in section 8, township 45 north, range 5 west, to the center of section 20, township 46 north, range 6 west, as a recreational river.

(C) The 8.5-mile segment from the center of section 20, township 46 north, range 6 west, to the boundary of the Hiawatha National Forest, as a wild river.

(131) WHITEFISH, MICHIGAN.—Segments of the mainstream and certain tributaries, totaling 33.6 miles, to be administered by the Secretary of Agriculture as follows:

(A) The 11.1-mile segment of the mainstream from its confluence with the East and West Branches of the Whitefish to Lake Michigan in the following classes:

(i) The 9-mile segment from its confluence with the East and West Branches of the Whitefish to the center of section 16, township 41 north, range 21 west, as a scenic river.

(ii) The 2.1-mile segment from the center of section 16, township 41 north, range 21 west, to Lake Michigan, as a recreational river.

(B) The 15-mile segment of the East Branch Whitefish from the crossing of County Road 003 in section 6, township 44 north, range 20 west, to its confluence with the West Branch Whitefish, as a scenic river.

(C) The 7.5-mile segment of the West Branch Whitefish from County Road 444 to its confluence with the East Branch Whitefish, as a scenic river.

(132) YELLOW DOG, MICHIGAN.—The 4-mile segment from its origin at the outlet of Bulldog Lake Dam to the boundary of the Ottawa National Forest, to be administered by the Secretary of Agriculture as a wild river.

(133) ALLEGHENY, PENNSYLVANIA.—The segment from Kinzua Dam downstream approxi-
mately 7 miles to the United States Route 6 Bridge, and the segment from Buckaloeos Recreation Area at Irvine, Pennsylvania, down-
stream approximately 47 miles to the southern end of Alcorn Island at Oil City, to be administered by the Secretary of Agriculture as a recre-
tional river through a cooperative agreement with the Commonwealth of Pennsylvania and the counties of Warren, Forest, and Venango, as provided under section 1281(e) of this title; and the segment from the sewage treatment plant at Franklin downstream approximately 31 miles to the refinery at Emlenton, Pennsylvania, to be administered by the Secretary of Agriculture as a recreational river through a cooperative agreement with the Commonwealth of Pennsylvania and Venango County, as provided under section 1281(e) of this title.

(134) **BIG PINLEY CREEK, ARKANSAS.**—The 45.2-
mile segment from its origin in section 27, town-
ship 13 north, range 23 west, to the Ozark Na-
tional Forest boundary, to be administered by the Secretary of Agriculture as a scenic river.

(135) **BUFFALO RIVER, ARKANSAS.**—The 15.8-
mile segment from its origin in section 22, town-
ship 14 north, range 24 west, to the Ozark Na-
tional Forest boundary, to be administered by the Secretary of Agriculture in the following class-
es:

- (A) The 36.6-mile segment from its origin in section 35, township 13 north, range 23 west, to Big Eddy Hollow in section 3, township 11 north, range 27 west, as a scenic river.
- (B) The 19.4-mile segment from Big Eddy Hollow in section 3, township 11 north, range 27 west, to the Ozark National Forest boundary, as a scenic river.
- (C) The 1.3-mile segment from the Hurricane Creek Wilderness boundary to its confluence with Big Pinley Creek, as a scenic river.

(136) **COSSATOT RIVER, ARKANSAS.**—Segments of the main stem and certain tributaries, total-
ing 20.1 miles, to be administered as follows:

- (A) The 4.2-mile segment of the main stem from its confluence with Mine Creek to the Caney Creek Wilderness Boundary on the north section line of section 13, township 4 south, range 30 west, to be administered by the Secretary of Agriculture as a recreational river.
- (B) The 6.9-mile segment of the main stem from the Caney Creek Wilderness Boundary on the north section line of section 13, township 4 south, range 30 west, to the south section line of section 20, township 4 south, range 30 west, to be administered by the Secretary of Agriculture as a wild river.

(137) **HURRICANE CREEK, ARKANSAS.**—The 15.5-
mile segment from its origin in section 1, town-
ship 13 north, range 21 west, to its confluence with Big Pinley Creek, to be administered by the Secretary of Agriculture in the following class-
es:

- (A) The 11.8-mile segment from its origin in section 1, township 13 north, range 21 west, to the western boundary of the private land bordering Hurricane Creek Wilderness, as a scenic river.
- (B) The 2.4-mile segment from the western boundary of the private land bordering the Hurricane Creek Wilderness to the Hurricane Creek Wilderness boundary, as a wild river.
- (C) The 1.3-mile segment from the Hurricane Creek Wilderness boundary to its confluence with Big Pinley Creek, as a scenic river.

(138) **LITTLE MISSOURI RIVER, ARKANSAS.**—Segments totaling 15.7 miles, to be administered by the Secretary of Agriculture in the following class-
es:

- (A) The 11.3-mile segment from its origin in the northwest ¼ of section 32, township 3 south, range 28 west, to the west section line of section 22, township 4 south, range 27 west, as a scenic river.
- (B) The 4.4-mile segment from the north section line of the southeast ¼ of the southeast ¼ of section 28, township 4 south, range 27 west, to the north line of the northwest ¼ of the southwest ¼ of section 5, township 5 south, range 27 west, as a wild river.

(139) **MULBERRY RIVER, ARKANSAS.**—The 56.0-
mile segment from its origin in section 32, town-
ship 13 north, range 23 west, to the Ozark Na-
tional Forest boundary, to be administered by the Secretary of Agriculture in the following class-
es:

- (A) The 36.6-mile segment from its origin in section 32, township 13 north, range 23 west, to Big Eddy Hollow in section 3, township 11 north, range 27 west, as a scenic river.
- (B) The 19.4-mile segment from Big Eddy Hollow in section 3, township 11 north, range 27 west, to the Ozark National Forest boundary, as a scenic river.

(140) **NORTH SYLAMORE CREEK, ARKANSAS.**—The 14.5-mile segment from the Clifty Canyon Botan-
ical Area boundary to its confluence with the White River, to be administered by the Sec-
etary of Agriculture as a scenic river.

(141) **RICHLAND CREEK, ARKANSAS.**—The 16.5-
mile segment from its origin in section 35, town-
ship 13 north, range 20 west, to the northern boundary of section 32, township 11 north, range 18 west, to be administered by the Secretary of Agriculture in the following class-
es:

- (A) The 7.8-mile segment from its origin in section 35, township 13 north, range 20 west, to the western boundary of the Richland Creek Wilderness, as a scenic river.
- (B) The 5.3-mile segment from the western boundary of the Richland Creek Wilderness to the eastern boundary of the Richland Creek Wilderness, as a wild river.
(C) The 3.4-mile segment from the eastern boundary of the Richland Creek Wilderness to the northern boundary of section 32, township 14 north, range 18 west, as a scenic river.

(142) SISPE CREEK, CALIFORNIA.—The 4-mile segment of the main stem of the creek from its confluence with Rock Creek and Howard Creek downstream to its confluence with Trout Creek, to be administered by the Secretary of Agriculture as a scenic river; and the 27.5-mile segment of the main stem of the creek extending from its confluence with Trout Creek downstream to where it leaves section 26, township 5 north, range 20 west, to be administered by the Secretary of Agriculture as a wild river.

(143) SISQUOC RIVER, CALIFORNIA.—The 33-mile segment of the main stem of the river extending from its origin downstream to the Los Padres Forest boundary, to be administered by the Secretary of Agriculture as a wild river.

(144) BIG SUR RIVER, CALIFORNIA.—The main stems of the South Fork and North Fork of the Big Sur River from their headwaters to their confluence and the main stem of the river from the confluence of the South and North Forks downstream to the boundary of the Ventana Wilderness in Los Padres National Forest, for a total distance of approximately 19.5 miles, to be administered by the Secretary of Agriculture as a wild river.

(145) GREAT EGG HARBOR, NEW JERSEY.—39.5 miles of the main stem to be administered by the Secretary of the Interior in the following classifications:

(A) from the mouth of the Patcong Creek to the mouth of Perch Cove Run, approximately 10 miles, as a scenic river;

(B) from Perch Cove Run to the Mill Street Bridge, approximately 5.5 miles, as a recreational river;

(C) from Lake Lenape to the Atlantic City Expressway, approximately 21 miles, as a recreational river; and

(D) from Williamstown-New Freedom Road to the Pennsylvania Railroad right-of-way, approximately 3 miles, as a recreational river, and

89.5 miles of the following tributaries to be administered by the Secretary of the Interior in the following classifications:

(E) Squankum Branch from its confluence with Great Egg Harbor River to Malaga Road, approximately 4.5 miles, as a recreational river;

(F) Big Bridge Branch, from its confluence with Great Egg Harbor River to headwaters, approximately 2.2 miles, as a recreational river;

(G) Penny Pot Stream Branch, from its confluence with Great Egg Harbor River to 14th Street, approximately 4.1 miles, as a recreational river;

(H) Deep Run, from its confluence with Great Egg Harbor River to Pancoast Mill Road, approximately 5.4 miles, as a recreational river;

(I) Mare Run, from its confluence with Great Egg Harbor River to Weymouth Avenue, approximately 3 miles, as a recreational river;

(J) Babcock Creek, from its confluence with Great Egg Harbor River to headwaters, approximately 7.5 miles, as a recreational river;

(K) Gravelly Run, from its confluence with Great Egg Harbor River to Pennsylvania Railroad Right-of-Way, approximately 2.7 miles, as a recreational river;

(L) Myr Run, from its confluence with Great Egg Harbor River to Asbury Road, approximately 1.7 miles, as a recreational river;

(M) South River, from its confluence with Great Egg Harbor River to Main Avenue, approximately 13.5 miles, as a recreational river;

(N) Stephen Creek, from its confluence with Great Egg Harbor River to New Jersey Route 50, approximately 2.3 miles, as a recreational river;

(O) Gibson Creek, from its confluence with Great Egg Harbor River to First Avenue, approximately 5.6 miles, as a recreational river;

(P) English Creek, from its confluence with Great Egg Harbor River to Zion Road, approximately 3.5 miles, as a recreational river;

(Q) Lakes Creek, from its confluence with Great Egg Harbor River to the dam, approximately 2.2 miles, as a recreational river;

(R) Middle River, from its confluence with Great Egg Harbor River to the levee, approximately 5.6 miles, as a scenic river;

(S) Patcong Creek, from its confluence with Great Egg Harbor River to Garden State Parkway, approximately 2.8 miles, as a recreational river;

(T) Tuckahoe River, from its confluence with Great Egg Harbor River to the Route 50 bridge, approximately 9 miles, as a scenic river;

(U) Cedar Swamp Creek, from its confluence with Tuckahoe River to headwaters, approximately 6 miles, as a scenic river.

(146) THE MAURICE RIVER, MIDDLE SEGMENT.—From Route 670 Bridge at Maurice River to 3.6 miles upstream (at drainage ditch just upstream of Fralinger Farm), approximately 3.8 miles to be administered by the Secretary of the Interior as a scenic river.

(147) THE MAURICE RIVER, MIDDLE SEGMENT.—From the drainage ditch just upstream of Fralinger Farm to one-half mile upstream from the United States Geological Survey Station at Burcham Farm, approximately 3.1 miles, to be administered by the Secretary of the Interior as a recreational river.

(148) THE MAURICE RIVER, UPPER SEGMENT.—From one-half mile upstream from the United States Geological Survey Station at Burcham Farm to the south side of the Millville sewage treatment plant, approximately 3.6 miles, to be administered by the Secretary of the Interior as a scenic river.

(149) THE MENANTICO CREEK, LOWER SEGMENT.—From its confluence with the Maurice River to the Route 55 Bridge, approximately 1.4 miles, to be administered by the Secretary of the Interior as a recreational river.

(150) THE MENANTICO CREEK, UPPER SEGMENT.—From the Route 55 Bridge to the base of the impoundment at Menantico Lake, approximately 2.7 miles, as a scenic river.
mately 6.5 miles, to be administered by the Secretary of the Interior as a scenic river.

(A) MANUMUSKIN RIVER, LOWER SEGMENT.—From its confluence with the Maurice River to a point 2.0 miles upstream, to be administered by the Secretary of the Interior as a recreational river.

(B) MANUMUSKIN RIVER, UPPER SEGMENT.—From a point 2.0 miles upstream from its confluence with the Maurice River to its headwaters near Route 557, approximately 12.3 miles, to be administered by the Secretary of the Interior as a scenic river.

(C) MUSKEE CREEK, NEW JERSEY.—From its confluence with the Maurice River to the Pennsylvania Seashore Line Railroad Bridge, approximately 2.7 miles, to be administered by the Secretary of the Interior as a scenic river.

(D) RED RIVER, KENTUCKY.—The 19.4-mile segment of the Red River extending from the Highway 746 Bridge to the School House Branch, to be administered by the Secretary of Agriculture in the following classes:

(i) The 9.1-mile segment known as the “Upper Gorge” from the Highway 746 Bridge to Swift Camp Creek, as a wild river. This segment is identified as having the same boundary as the Kentucky Wild River.

(ii) The 10.3-mile segment known as the “Lower Gorge” from Swift Camp Creek to the School House Branch, as a recreational river.

(B) There are authorized to be appropriated such sums as are necessary to carry out this paragraph.

(155) RIO GRANDE, NEW MEXICO.—The mainstem from the southern boundary of the segment of the Rio Grande designated pursuant to paragraph (4), downstream approximately 12 miles to the west section line of Section 15, Township 23 North, Range 10 East, to be administered by the Secretary of the Interior as a scenic river.

(156) FARMINGTON RIVER, CONNECTICUT.—The 14-mile segment of the West Branch and mainstem extending from immediately below the Goodwin Dam and Hydroelectric Project in Hartford, Connecticut, to the downstream end of the New Hartford-Canton, Connecticut, town line (hereinafter in this paragraph referred to as the “segment”), as a recreational river, to be administered by the Secretary of the Interior through cooperative agreements between the Secretary and the State of Connecticut and its relevant political subdivisions, namely the towns of Colebrook, Hartford, Barkhamsted, New Hartford, and Canton and the Hartford Metropolitan District Commission, pursuant to section 1281(e) of this title. The segment shall be managed in accordance with the Lamprey River Management Plan dated January 10, 1995, and such amendments thereto as the Secretary of the Interior determines are consistent with this chapter. Such plan shall be deemed to satisfy the requirement for a comprehensive management plan pursuant to subsection (d) of this section.

(157) LAMPREY RIVER, NEW HAMPSHIRE.—The 23.5-mile segment extending from the Bunker Pond Dam in Epping to the confluence with the Piscassic River in the vicinity of the Durham- Newmarket town line (hereinafter in this paragraph referred to as the “segment”) as a recreational river. The segment shall be administered by the Secretary of the Interior through cooperative agreements between the Secretary and the State of New Hampshire and its relevant political subdivisions, namely the towns of Epping, Durham, Lee, and Newmarket, pursuant to section 1281(e) of this title. The segment shall be managed in accordance with the Lamprey River Management Plan dated January 10, 1995, and such amendments thereto as the Secretary of the Interior determines are consistent with this chapter. Such plan shall be deemed to satisfy the requirements for a comprehensive management plan pursuant to subsection (d) of this section.

(159)(A) ELKHORN CREEK.—The 6.4-mile segment traversing federally administered lands from that point along the Willamette National Forest boundary on the common section line between Sections 12 and 13, Township 9 South, Range 4 East, Willamette Meridian, to that point where the segment leaves Federal ownership along the Bureau of Land Management boundary in Section 1, Township 9 South, Range 3 East, Willamette Meridian, in the following classes:

(i) a 5.8-mile wild river area, extending from that point along the Willamette National Forest boundary on the common section line between Sections 12 and 13, Township 9 South, Range 4 East, Willamette Meridian, to its confluence with Buck Creek in Section 1, Township 9 South, Range 3 East, Willamette Meridian, to be administered as agreed on by the Secretaries of Agriculture and the Interior, or as directed by the President; and
(ii) a 0.6-mile scenic river area, extending from the confluence with Buck Creek in Section 1, Township 9 South, Range 3 East, Willamette Meridian, to that point where the segment leaves Federal ownership along the Bureau of Land Management boundary in Section 1, Township 9 South, Range 3 East, Willamette Meridian, to be administered by the Secretary of Interior, or as directed by the President.

(B) Notwithstanding subsection (b) of this section, the lateral boundaries of both the wild river area and the scenic river area along Elk horn Creek shall include an average of not more than 640 acres per mile measured from the ordinary high water mark on both sides of the river.

(161) SUDBURY, ASSABET, AND CONCORD RIVERS, MASSACHUSETTS.—(A) The 29 miles of river segments in Massachusetts, as follows:

(i) The 14.9-mile segment of the Sudbury River beginning at the Danforth Street Bridge in the town of Framingham, downstream to the Route 2 Bridge in Concord, as a scenic river.

(ii) The 1.7-mile segment of the Sudbury River from the Route 2 Bridge downstream to its confluence with the Assabet River at Egg Rock, as a recreational river.

(iii) The 4.4-mile segment of the Assabet River beginning 1,000 feet downstream from the Damon Mill Dam in the town of Concord, to its confluence with the Sudbury River at Egg Rock in Concord; as a recreational river.

(iv) The 8-mile segment of the Concord River from Egg Rock at the confluence of the Sudbury and Assabet Rivers downstream to the Route 3 Bridge in the town of Billerica, as a recreational river.

(B) The segments referred to in subparagraph (A) shall be administered by the Secretary of the Interior in cooperation with the SUASCO River Stewardship Council provided for in the plan referred to in subparagraph (C) through cooperative agreements under section 1281(e) of this title between the Secretary and the Commonwealth of Massachusetts and its relevant political subdivisions (including the towns of Framingham, Wayland, Sudbury, Lincoln, Concord, Carlisle, Bedford, and Billerica).

(C) The segments referred to in subparagraph (A) shall be managed in accordance with the plan entitled “Sudbury, Assabet and Concord Wild and Scenic River Study, River Conservation Plan”, dated March 16, 1995. The plan is deemed to satisfy the requirement for a comprehensive management plan under subsection (d) of this section.

(161) WILSON CREEK, NORTH CAROLINA.—(A) The 23.3 mile segment of Wilson Creek in the State of North Carolina from its headwaters to its confluence with Johns River, to be administered by the Secretary of Agriculture in the following classifications:

(i) The 2.9 mile segment from its headwaters below Calloway Peak downstream to the confluence of Little Wilson Creek, as a scenic river.

(ii) The 4.6 mile segment from Little Wilson Creek downstream to the confluence of Crusher Branch, as a wild river.

(iii) The 15.8 mile segment from Crusher Branch downstream to the confluence of Johns River, as a recreational river.

(B) The Forest Service or any other agency of the Federal Government may not undertake condemnation proceedings for the purpose of acquiring public right-of-way or access to Wilson Creek against the private property of T. Henry Wilson, Jr., or his heirs or assigns, located in Avery County, North Carolina (within the area 36°, 4 min., 21 sec. North 81°, 47 min., 37° West and 36°, 3 min., 13 sec. North and 81° 45 min. 55 sec. West), in the area of Wilson Creek designated as a wild river.

(162) WEKIWA RIVER, WEKIWA SPRINGS RUN, ROCK SPRINGS RUN, AND BLACK WATER CREEK, FLORIDA.—The 41.6-mile segments referred to in this paragraph, to be administered by the Secretary of the Interior:

(A) WEKIWA RIVER AND WEKIWA SPRINGS RUN.—The 14.9 miles of the Wekiwa River, along Wekiwa Springs Run from its confluence with the St. Johns River to Wekiwa Springs, to be administered in the following classifications:

(i) From the confluence with the St. Johns River to the southern boundary of the Lower Wekiwa River State Preserve, approximately 4.4 miles, as a wild river.

(ii) From the southern boundary of the Lower Wekiwa River State Preserve to the northern boundary of Rock Springs State Reserve at the Wekiva River, approximately 3.4 miles, as a recreational river.

(iii) From the northern boundary of Rock Springs State Reserve at the Wekiva River to the southern boundary of Rock Springs State Reserve at the Wekiva River, approximately 5.9 miles, as a wild river.

(iv) From the southern boundary of Rock Springs State Reserve at the Wekiva River upstream along Wekiwa Springs Run to Wekiwa Springs, approximately 1.2 miles, as a recreational river.

(B) ROCK SPRINGS RUN.—The 8.8 miles from the confluence of Rock Springs Run with the Wekiwa Springs Run forming the Wekiwa River to its headwaters at Rock Springs, to be administered in the following classifications:

(i) From the confluence with Wekiwa Springs Run to the western boundary of Rock Springs Run State Reserve at Rock Springs Run, approximately 6.9 miles, as a wild river.

(ii) From the western boundary of Rock Springs Run State Reserve at Rock Springs Run to Rock Springs, approximately 1.9 miles, as a recreational river.

(C) BLACK WATER CREEK.—The 17.9 miles from the confluence of Black Water Creek with the Wekiwa River to outflow from Lake Norris, to be administered in the following classifications:

(i) From the confluence with the Wekiwa River to approximately .25 mile downstream of the Seminole State Forest road crossing, approximately 4.1 miles, as a wild river.
(ii) From approximately .25 mile downstream of the Seminole State Forest road to approximately .25 mile upstream of the Seminole State Forest road crossing, approximately .5 mile, as a scenic river.

(iii) From approximately .25 mile upstream of the Seminole State Forest road crossing to approximately .25 mile downstream of the old railroad grade crossing (approximately River Mile 9), approximately 4.4 miles, as a wild river.

(iv) From approximately .25 mile downstream of the old railroad grade crossing (approximately River Mile 9), upstream to the boundary of Seminole State Forest (approximately River Mile 10.6), approximately 1.6 miles, as a scenic river.

(v) From the boundary of Seminole State Forest (approximately River Mile 10.6) to approximately .25 mile downstream of the State Road 44 crossing, approximately .9 mile, as a wild river.

(vi) From approximately .25 mile downstream of State Road 44 to approximately .25 mile upstream of the State Road 44A crossing, approximately .6 mile, as a recreational river.

(vii) From approximately .25 mile upstream of the State Road 44A crossing to approximately .25 mile downstream of the Lake Norris Road crossing, approximately 4.7 miles, as a wild river.

(viii) From approximately .25 mile downstream of the Lake Norris Road crossing to the outflow from Lake Norris, approximately 1.1 miles, as a recreational river.

(163) **WHITE CLAY CREEK, DELAWARE AND PENNSYLVANIA.**—The 190 miles of river segments of White Clay Creek (including tributaries of White Clay Creek and all second order tributaries of the designated segments) in the States of Delaware and Pennsylvania, as depicted on the recommended designation and classification maps (dated June 2000), to be administered by the Secretary of the Interior, as follows:

(A) The 2.6-mile segment of Little Wildhorse Creek from its headwaters to its confluence with Wildhorse Creek.

(B) The 7.0-mile segment of Wildhorse Creek from its headwaters, and including .36 stream miles into section 34, township 34 south, range 33 east.

(C) The approximately 4.25-mile segment of Kiger Creek from its headwaters to the point at which it leaves the Steens Mountain Wilderness Area within the Steens Mountain Cooperative Management and Protection Area.

(165) **LOWER DELAWARE RIVER AND ASSOCIATED TRIBUTARIES, NEW JERSEY AND PENNSYLVANIA.**—
(A) The 65.6 miles of river segments in New Jersey and Pennsylvania, consisting of—
   (i) the segment from river mile 193.8 to the northern border of the city of Easton, Pennsylvania (approximately 10.5 miles), as a recreational river;
   (ii) the segment from a point just south of the Gilbert Generating Station to a point just north of the Point Pleasant Pumping Station (approximately 14.2 miles), as a recreational river;
   (iii) the segment from the point just south of the Point Pleasant Pumping Station to a point 1,000 feet north of the Route 202 bridge (approximately 6.3 miles), as a recreational river;
   (iv) the segment from a point 1,750 feet south of the Route 202 bridge to the southern border of the town of New Hope, Pennsylvania (approximately 1.9 miles), as a recreational river;
   (v) the segment from the southern boundary of the town of New Hope, Pennsylvania, to the town of Washington Crossing, Pennsylvania (approximately 6 miles), as a recreational river;
   (vi) Tinicum Creek (approximately 14.7 miles), as a scenic river;
   (vii) Tockliten Creek from the Lake Nockamixon Dam to the Delaware River (approximately 10.7 miles), as a scenic river; and
   (viii) Paunacussing Creek in Solebury Township (approximately 3 miles), as a recreational river.

(B) ADMINISTRATION.—The river segments referred to in subparagraph (A) shall be administered by the Secretary of the Interior. Notwithstanding section 1281(c) of this title, the river segments shall not be administered as part of the National Park System.

(166) RIVERS OF CARIBBEAN NATIONAL FOREST, PUERTO RICO.—

(A) RIO MAMEYES.—The segment of approximately 4.5 miles from its headwaters in the Baño de Oro Research Natural Area to the boundary of the Caribbean National Forest, to be administered by the Secretary of Agriculture as follows:
   (i) As a wild river from its headwaters in the Baño de Oro Research Natural Area to the crossing point of Trail No. 24/11 (approximately 500 feet upstream from the confluence with the Rio de La Mina), a total of approximately 2.1 miles.
   (ii) As a scenic river from the crossing point of Trail No. 24/11 to the access point of Trail No. 7, a total of approximately 1.4 miles.
   (iii) As a recreational river from the access point of Trail No. 7 to the national forest boundary, a total of approximately 1.0 miles.

(B) RIO DE LA MINA.—The segment of approximately 2.1 miles from its headwaters to its confluence with the Rio Mameyes, to be administered by the Secretary of Agriculture as follows:
   (i) As a recreational river from its headwaters in the El Yunque Recreation Area downstream to La Mina Falls, a total of approximately 0.9 miles.

(ii) As a scenic river from La Mina falls downstream to its confluence with the Rio Mameyes, a total of approximately 1.2 miles.

(C) RIO ICACOS.—The segment of approximately 2.3 miles from its headwaters to the boundary of the Caribbean National Forest, to be administered by the Secretary of Agriculture as a scenic river.

(167) WHITE SALMON RIVER, WASHINGTON.—The 20 miles of river segments of the main stem of the White Salmon River and Cascade Creek, Washington, to be administered by the Secretary of Agriculture in the following classifications:

(A) The approximately 1.6-mile segment of the main stem of the White Salmon River from the headwaters on Mount Adams in section 17, township 8 north, range 10 east, downstream to the Mount Adams Wilderness boundary as a wild river.

(B) The approximately 5.1-mile segment of Cascade Creek from its headwaters on Mount Adams in section 10, township 8 north, range 10 east, downstream to the Mount Adams Wilderness boundary as a wild river.

(C) The approximately 1.5-mile segment of Cascade Creek from the Mount Adams Wilderness boundary downstream to its confluence with the White Salmon River as a scenic river.

(D) The approximately 11.8-mile segment of the main stem of the White Salmon River from the Mount Adams Wilderness boundary downstream to the Gifford Pinchot National Forest boundary as a scenic river.

(168) BLACK BUTTE RIVER, CALIFORNIA.—The following segments of the Black Butte River in the State of California, to be administered by the Secretary of Agriculture:

(A) The 16 miles of Black Butte River, from the Mendocino County Line to its confluence with Jumpoff Creek, as a wild river.

(B) The 3.5 miles of Black Butte River from its confluence with Jumpoff Creek to its confluence with Middle Eel River, as a scenic river.

(C) The 1.5 miles of Cold Creek from the Mendocino County Line to its confluence with Black Butte River, as a wild river.

(169) MUSCONETCONG RIVER, NEW JERSEY.—

(A) DESIGNATION.—The 24.2 miles of river segments in New Jersey, consisting of—
   (i) the approximately 3.5-mile segment from Saxton Falls to the Route 46 bridge, to be administered by the Secretary of the Interior as a scenic river; and
   (ii) the approximately 20.7-mile segment from the Kings Highway bridge to the railroad tunnels at Musconetcong Gorge, to be administered by the Secretary of the Interior as a recreational river.

(B) ADMINISTRATION.—Notwithstanding section 1281(c) of this title, the river segments designated under subparagraph (A) shall not be administered as part of the National Park System.

(170) EIGHTMILE RIVER, CONNECTICUT.—Segments of the main stem and specified tributaries...
of the Eightmile River in the State of Connecticut, totaling approximately 25.3 miles, to be administered by the Secretary of Agriculture as follows:

(A) The entire 10.8-mile segment of the main stem starting at its confluence with Lake Hayward Brook to its confluence with the Connecticut River at the mouth of Hamburg Cove, as a scenic river.

(B) The 8.0-mile segment of the East Branch of the Eightmile River starting at Witch Meadow Road to its confluence with the main stem of the Eightmile River, as a scenic river.

(C) The 3.9-mile segment of Harris Brook starting with the confluence of an unnamed stream lying 0.74 miles due east of the intersection of Hartford Road (State Route 85) and Round Hill Road to its confluence with the East Branch of the Eightmile River, as a scenic river.

(D) The 1.9-mile segment of Beaver Brook starting at its confluence with Cedar Pond Brook to its confluence with the main stem of the Eightmile River, as a scenic river.

(E) The 0.7-mile segment of Falls Brook from its confluence with Tisdale Brook to its confluence with the main stem of the Eightmile River at Hamburg Cove, as a scenic river.

(171) SOUTH FORK CLACKAMAS RIVER, OREGON.—The 4.2-mile segment of the South Fork Clackamas River from its confluence with the East Fork of the South Fork Clackamas to its confluence with the Clackamas River, to be administered by the Secretary of Agriculture as a wild river.

(172) EAGLE CREEK, OREGON.—The 8.3-mile segment of Eagle Creek from its headwaters to the Mount Hood National Forest boundary, to be administered by the Secretary of Agriculture as a wild river.

(173) MIDDLE FORK HOOD RIVER.—The 3.7-mile segment of the Middle Fork Hood River from the confluence of Clear and Coe Branches to the north section line of section 11, township 1 south, range 9 east, to be administered by the Secretary of Agriculture as a wild river.

(174) SOUTH FORK ROARING RIVER, OREGON.—The 4.6-mile segment of the South Fork Roaring River from its headwaters to its confluence with Roaring River, to be administered by the Secretary of Agriculture as a wild river.

(175) ZIG ZAG RIVER, OREGON.—The 4.3-mile segment of the Zig Zag River from its headwaters to the Mount Hood Wilderness boundary, to be administered by the Secretary of Agriculture as a wild river.

(176) FIFTEENMILE CREEK, OREGON.—

(A) IN GENERAL.—The 11.1-mile segment of Fifteenmile Creek from its source at Senecal Spring to the southern edge of the northwestern quarter of the northwest quarter of section 20, township 2 south, range 12 east, to be administered by the Secretary of Agriculture in the following classes:

(i) The 2.6-mile segment from its source at Senecal Spring to the Badger Creek Wilderness boundary, as a wild river.

(ii) The 0.4-mile segment from the Badger Creek Wilderness boundary to the point 0.4 miles downstream, as a scenic river.

(iii) The 7.9-mile segment from the point 0.4 miles downstream of the Badger Creek Wilderness boundary to the western edge of section 20, township 2 south, range 12 east as a wild river.

(iv) The 0.2-mile segment from the western edge of section 20, township 2 south, range 12 east, to the southern edge of the northwest quarter of the northwest quarter of section 20, township 2 south, range 12 east as a scenic river.

(B) INCLUSIONS.—Notwithstanding subsection (b), the lateral boundaries of both the wild river area and the scenic river area along Fifteenmile Creek shall include an average of not more than 640 acres per mile measured from the ordinary high water mark on both sides of the river.

(177) EAST FORK HOOD RIVER, OREGON.—The 13.5-mile segment of the East Fork Hood River from Oregon State Highway 35 to the Mount Hood National Forest boundary, to be administered by the Secretary of Agriculture as a recreational river.

(178) COLLAWASH RIVER, OREGON.—The 17.8-mile segment of the Collawash River from the headwaters of the East Fork Collawash to the confluence of the mainstem of the Collawash River with the Clackamas River, to be administered by the Secretary of Agriculture in the following classes:

(A) The 11.0-mile segment from the headwaters of the East Fork Collawash River to Buckeye Creek, as a scenic river.

(B) The 6.8-mile segment from Buckeye Creek to the Clackamas River, as a recreational river.

(179) FISH CREEK, OREGON.—The 13.5-mile segment of Fish Creek from its headwaters to the confluence with the Clackamas River, to be administered by the Secretary of Agriculture as a recreational river.

(180) BATTLE CREEK, IDAHO.—The 23.4 miles of Battle Creek from the confluence of the Owyhee River to the upstream boundary of the Owyhee River Wilderness, to be administered by the Secretary of the Interior as a wild river.

(181) BIG JACKS CREEK, IDAHO.—The 35.0 miles of Big Jacks Creek from the downstream border of the Big Jacks Creek Wilderness in sec. 8, T. 8 S., R. 4 E., to the point at which it enters the NW ¼ of sec. 26, T. 10 S., R. 2 E., Boise Meridian, to be administered by the Secretary of the Interior as a wild river.

(182) BRUNEAU RIVER, IDAHO.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the 39.3-mile segment of the Bruneau River from the downstream boundary of the Bruneau-Jarbidge Wilderness to the upstream confluence with the west fork of the Bruneau River, to be administered by the Secretary of the Interior as a wild river.

(B) EXCEPTION.—Notwithstanding subparagraph (A), the 0.6-mile segment of the Bruneau River at the Indian Hot Springs public road access shall be administered by the Secretary of the Interior as a recreational river.

(183) WEST FORK BRUNEAU RIVER, IDAHO.—The approximately 0.35 miles of the West Fork of the Bruneau River from the confluence with the Jarbidge River to the downstream boundary of
the Bruneau Canyon Grazing Allotment in the SE/NE of sec. 5, T. 13 S., R. 7 E., Boise Meridian, to be administered by the Secretary of the Interior as a wild river.

(184) COTTONWOOD CREEK, IDAHO.—The 2.6 miles of Cottonwood Creek from the confluence with Big Jacks Creek to the upstream boundary of the Big Jacks Creek Wilderness, to be administered by the Secretary of the Interior as a wild river.

(185) DEEP CREEK, IDAHO.—The 13.1-mile segment of Deep Creek from the confluence with the Owyhee River to the upstream boundary of the Owyhee River Wilderness in sec. 30, T. 12 S., R. 2 W., Boise Meridian, to be administered by the Secretary of the Interior as a wild river.

(186) DICKSHOOTER CREEK, IDAHO.—The 9.25 miles of Dickshooter Creek from the confluence with Deep Creek to a point on the stream 1/4 mile due west of the east boundary of sec. 16, T. 12 S., R. 2 W., Boise Meridian, to be administered by the Secretary of the Interior as a wild river.

(187) DUNCAN CREEK, IDAHO.—The 0.9-mile segment of Duncan Creek from the confluence with Big Jacks Creek upstream to the east boundary of sec. 18, T. 10 S., R. 4 E., Boise Meridian, to be administered by the Secretary of the Interior as a wild river.

(188) JARBGIDGE RIVER, IDAHO.—The 28.8 miles of the Jarbidge River from the confluence with the West Fork Bruneau River to the upstream boundary of the Bruneau-Jarbidge Rivers Wilderness, to be administered by the Secretary of the Interior as a wild river.

(189) LITTLE JACKS CREEK, IDAHO.—The 12.4 miles of Little Jacks Creek from the downstream boundary of the Little Jacks Creek Wilderness, upstream to the mouth of OX Prong Creek, to be administered by the Secretary of the Interior as a wild river.

(190) NORTH FORK OYWHEE RIVER, IDAHO.—The following segments of the North Fork of the Owyhee River, to be administered by the Secretary of the Interior:

(A) The 5.7-mile segment from the Idaho-Oregon State border to the upstream boundary of the private land at the Juniper Mt. Road crossing, as a recreational river.

(B) The 15.1-mile segment from the upstream boundary of the North Fork Owyhee River recreational segment designated in paragraph (A) to the upstream boundary of the Owyhee River Wilderness, as a wild river.

(191) OYWHEE RIVER, IDAHO.—

(A) IN GENERAL.—Subject to subparagraph (B), the 67.3 miles of the Owyhee River from the Idaho-Oregon State border to the upstream boundary of the Owyhee River Wilderness, to be administered by the Secretary of the Interior as a wild river.

(B) ACCESS.—The Secretary of the Interior shall allow for continued access across the Owyhee River at Crutchers Crossing, subject to such terms and conditions as the Secretary of the Interior determines to be necessary.

(192) RED CANYON, IDAHO.—The 4.6 miles of Red Canyon from the confluence of the Owyhee River to the upstream boundary of the Owyhee River Wilderness, to be administered by the Secretary of the Interior as a wild river.

(193) SHEEP CREEK, IDAHO.—The 25.6 miles of Sheep Creek from the confluence with the Bruneau River to the upstream boundary of the Bruneau-Jarbidge Rivers Wilderness, to be administered by the Secretary of the Interior as a wild river.

(194) SOUTH FORK OYWHEE RIVER, IDAHO.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the 31.4-mile segment of the South Fork of the Owyhee River upstream from the confluence with the Owyhee River to the upstream boundary of the Owyhee River Wilderness at the Idaho-Nevada State border, to be administered by the Secretary of the Interior as a wild river.

(B) EXCEPTION.—Notwithstanding subparagraph (A), the 1.2-mile segment of the South Fork of the Owyhee River from the point at which the river enters the southernmost boundary to the point at which the river exits the northernmost boundary of private land in sec. 25 and 26, T. 14 S., R. 5 W., Boise Meridian, shall be administered by the Secretary of the Interior as a recreational river.

(195) WICKAHONEY CREEK, IDAHO.—The 1.5 miles of Wickahoney Creek from the confluence of Big Jacks Creek to the upstream boundary of the Big Jacks Creek Wilderness, to be administered by the Secretary of the Interior as a wild river.

(196) AMARGOSA RIVER, CALIFORNIA.—The following segments of the Amargosa River in the State of California, to be administered by the Secretary of the Interior:

(A) The approximately 4.1-mile segment of the Amargosa River from the northern boundary of sec. 7, T. 21 N., R. 7 E., to 100 feet upstream of the Tecopa Hot Springs road crossing, as a scenic river.

(B) The approximately 8-mile segment of the Amargosa River from 100 feet downstream of the Tecopa Hot Springs Road crossing to 100 feet upstream of the Old Spanish Trail Highway crossing near Tecopa, as a scenic river.

(C) The approximately 7.9-mile segment of the Amargosa River from the northern boundary of sec. 16, T. 20 N., R. 7 E., to 25 miles upstream of the confluence with Sperry Wash in sec. 16, T. 19 N., R. 7 E., as a wild river.

(D) The approximately 4.9-mile segment of the Amargosa River from 25 miles upstream of the confluence with Sperry Wash in sec. 10, T. 19 N., R. 7 E. to 100 feet upstream of the Dumont Dunes access road crossing in sec. 32, T. 19 N., R. 7 E., as a recreational river.

(E) The approximately 1.4-mile segment of the Amargosa River from 100 feet downstream of the Dumont Dunes access road crossing in sec. 32, T. 19 N., R. 7 E., as a recreational river.

(197) OWENS RIVER HEADWATERS, CALIFORNIA.—The following segments of the Owens River in the State of California, to be administered by the Secretary of Agriculture:

(A) The 2.3-mile segment of Deadman Creek from the 2-forked source east of San Joaquin Peak to the confluence with the unnamed tributary flowing north into Deadman Creek from sec. 12, T. 3 S., R. 26 E., as a wild river.

(B) The 2.3-mile segment of Deadman Creek from the unnamed tributary confluence in sec. 12, T. 3 S., R. 26 E., to the Road 3822 crossing, as a scenic river.
(C) The 4.1-mile segment of Deadman Creek from the Road 3822 crossing to .25 miles downstream of the Highway 395 crossing, as a recreational river.

(D) The 3-mile segment of Deadman Creek from .25 miles downstream of the Highway 395 crossing to 100 feet upstream of Big Springs, as a scenic river.

(E) The 1-mile segment of the Upper Owens River from 100 feet upstream of Big Springs to the private property boundary in sec. 19, T. 2 S., R. 28 E., as a scenic river.

(F) The 4-mile segment of Glass Creek from its 2-forked source to 100 feet upstream of the Glass Creek Meadow Trailhead parking area in sec. 29, T. 2 S., R. 27 E., as a wild river.

(G) The 1.3-mile segment of Glass Creek from 100 feet upstream of the trailhead parking area in sec. 29 to the end of Glass Creek Road in sec. 21, T. 2 S., R. 27 E., as a scenic river.

(H) The 1.1-mile segment of Glass Creek from the end of Glass Creek Road in sec. 21, T. 2 S., R. 27 E., to the confluence with Deadman Creek, as a recreational river.

(198) COTTONWOOD CREEK, CALIFORNIA.—The following segments of Cottonwood Creek in the State of California:

(A) The 17.5-mile segment from its headwaters at the spring in sec. 27, T 4 S., R. 34 E., to the Inyo National Forest boundary at the east section line of sec 3, T. 6 S., R. 36 E., as a wild river to be administered by the Secretary of Agriculture.

(B) The 4.1-mile segment from the Inyo National Forest boundary to the northern boundary of sec. 5, T. 4 S., R. 34 E., as a recreational river, to be administered by the Secretary of the Interior.

(199) PIRU CREEK, CALIFORNIA.—The following segments of Piru Creek in the State of California, to be administered by the Secretary of Agriculture:

(A) The 3-mile segment of Piru Creek from 0.5 miles downstream of Pyramid Dam at the first bridge crossing to the boundary of the Sespe Wilderness, as a recreational river.

(B) The 4.5-mile segment from the boundary of the Sespe Wilderness to the boundary between Los Angeles and Ventura Counties, as a wild river.

(200) NORTH FORK SAN JACINTO RIVER, CALIFORNIA.—The following segments of the North Fork San Jacinto River in the State of California, to be administered by the Secretary of Agriculture:

(A) The 2.12-mile segment from the source of the North Fork San Jacinto River at Deer Springs in Mt. San Jacinto State Park to the State Park boundary, as a wild river.

(B) The 1.66-mile segment from the Mt. San Jacinto State Park boundary to the Lawler Park boundary in section 26, township 4 south, range 2 east, San Bernardino meridian, as a scenic river.

(C) The 0.68-mile segment from the Lawler Park boundary to its confluence with Fuller Mill Creek, as a recreational river.

(D) The 2.15-mile segment from its confluence with Fuller Mill Creek to .25 miles upstream of the 5809 road crossing, as a wild river.

(E) The 0.6-mile segment from .25 miles upstream of the 5809 road crossing to its confluence with Stone Creek, as a scenic river.

(F) The 2.91-mile segment from the Stone Creek confluence to the northern boundary of section 17, township 5 south, range 2 east, San Bernardino meridian, as a wild river.

(201) FULLER MILL CREEK, CALIFORNIA.—The following segments of Fuller Mill Creek in the State of California, to be administered by the Secretary of Agriculture:

(A) The 1.2-mile segment from the source of Fuller Mill Creek in the San Jacinto Wilderness to the Pinewood property boundary in section 13, township 4 south, range 2 east, San Bernardino meridian, as a scenic river.

(B) The 0.9-mile segment in the Pine Wood property, as a recreational river.

(C) The 1.4-mile segment from the Pinewood property boundary in section 23, township 4 south, range 2 east, San Bernardino meridian, to its confluence with the North Fork San Jacinto River, as a scenic river.

(202) PALM CANYON CREEK, CALIFORNIA.—The 8.1-mile segment of Palm Canyon Creek in the State of California from the southern boundary of section 6, township 7 south, range 5 east, San Bernardino meridian, to the San Bernardino National Forest boundary in section 6, township 6 south, range 4 east, San Bernardino meridian, to be administered by the Secretary of Agriculture as a wild river, and the Secretary shall enter into a cooperative management agreement with the Agua Caliente Band of Cahuilla Indians to protect and enhance river values.

(203) BAUTISTA CREEK, CALIFORNIA.—The 9.8-mile segment of Bautista Creek in the State of California from the San Bernardino National Forest boundary in section 36, township 6 south, range 2 east, San Bernardino meridian, to the San Bernardino National Forest boundary in section 2, township 6 south, range 1 east, San Bernardino meridian, to be administered by the Secretary of Agriculture as a recreational river.

(204) ZION NATIONAL PARK, UTAH.—The approximately 165.5 miles of segments of the Virgin River and tributaries of the Virgin River across Federal land within and adjacent to Zion National Park, as generally depicted on the map entitled “Wild and Scenic River Segments Zion National Park and Bureau of Land Management” and dated April 2008, to be administered by the Secretary of the Interior in the following classifications:

(A) TAYLOR CREEK.—The 4.5-mile segment from the junction of the north, middle, and south forks of Taylor Creek, west to the park boundary and adjacent land rim-to-rim, as a scenic river.

(B) NORTH FORK OF TAYLOR CREEK.—The segment from the head of North Fork to the junction with Taylor Creek and adjacent land rim-to-rim, as a wild river.

(C) MIDDLE FORK OF TAYLOR CREEK.—The segment from the head of Middle Fork on Bureau of Land Management land to the junction with Taylor Creek and adjacent land rim-to-rim, as a wild river.

(D) SOUTH FORK OF TAYLOR CREEK.—The segment from the head of South Fork to the junc-
tion with Taylor Creek and adjacent land rim-to-rim, as a wild river.

(E) TIMBER CREEK AND TRIBUTARIES.—The 3.1-mile segment from the head of Timber Creek and tributaries of Timber Creek to the junction with LaVerkin Creek and adjacent land rim-to-rim, as a wild river.

(F) LAVERKIN CREEK.—The 16.1-mile segment beginning in T. 38 S., R. 11 W., sec. 21, on Bureau of Land Management land, southwest through Zion National Park, and ending at the south end of T. 40 S., R. 12 W., sec. 7, and adjacent land ½-mile wide, as a wild river.

(G) WILLIS CREEK.—The 1.9-mile segment beginning on Bureau of Land Management land in the SWSW sec. 27, T. 38 S., R. 11 W., to the junction with LaVerkin Creek in Zion National Park and adjacent land rim-to-rim, as a wild river.

(H) BEARTRAP CANYON.—The 2.3-mile segment beginning on Bureau of Management land in the SWNW sec. 3, T. 39 S., R. 11 W., to the junction with LaVerkin Creek and the segment from the headwaters north of Long Point to the junction with LaVerkin Creek and adjacent land rim-to-rim, as a wild river.

(I) HOP VALLEY CREEK.—The 3.3-mile segment beginning at the southern boundary of T. 40 S., R. 11 W., sec. 20, to the junction with LaVerkin Creek and adjacent land ½-mile wide, as a wild river.

(J) CURRENT CREEK.—The 1.4-mile segment from the head of Current Creek to the junction with LaVerkin Creek and adjacent land rim-to-rim, as a wild river.

(K) CANE CREEK.—The 0.6-mile segment from the head of Smith Creek to the junction with LaVerkin Creek and adjacent land ½-mile wide, as a wild river.

(L) SMITH CREEK.—The 1.3-mile segment from the head of Smith Creek to the junction with LaVerkin Creek and adjacent land ½-mile wide, as a wild river.

(M) NORTH CREEK LEFT AND RIGHT FORKS.—The segment of the Left Fork from the junction with Wildcat Canyon to the junction with Right Fork, from the head of Right Fork to the junction with Left Fork, and from the junction of the Left and Right Forks southwest to Zion National Park boundary and adjacent land rim-to-rim, as a wild river.

(N) WILDCAT CANYON (BLUE CREEK).—The segment of Blue Creek from the Zion National Park boundary to the junction with the Right Fork of North Creek and adjacent land rim-to-rim, as a wild river.

(O) LITTLE CREEK.—The segment beginning at the head of Little Creek to the junction with the Left Fork of North Creek and adjacent land ½-mile wide, as a wild river.

(P) RUSSELL GULCH.—The segment from the head of Russell Gulch to the junction with the Left Fork of North Creek and adjacent land rim-to-rim, as a wild river.

(Q) GRAPEVINE WASH.—The 2.6-mile segment from the Lower Kolob Plateau to the junction with the Left Fork of North Creek and adjacent land rim-to-rim, as a scenic river.

(R) PINE SPRING WASH.—The 4.6-mile segment to the junction with the left fork of North Creek and adjacent land ½-mile, as a scenic river.

(S) WOLF SPRINGS WASH.—The 1.4-mile segment from the head of Wolf Springs Wash to the junction with Pine Spring Wash and adjacent land ½-mile wide, as a scenic river.

(T) KOLOB CREEK.—The 5.9-mile segment of Kolob Creek beginning in T. 39 S., R. 10 W., sec. 30, through Bureau of Land Management land and Zion National Park land to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(U) OAK CREEK.—The 1.4-mile segment from the junction of the Left and Right Forks south of the junction with Left Fork, and from the junction with Pine Spring Wash and adjacent land rim-to-rim, as a wild river.

(V) GOOSE CREEK.—The 4.6-mile segment of Goose Creek from the head of Goose Creek to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(W) DEEP CREEK.—The 5.3-mile segment of Deep Creek beginning on Bureau of Land Management land at the northern boundary of T. 39 S., R. 10 W., sec. 23, south to the junction of the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(X) NORTH FORK OF THE VIRGIN RIVER.—The 10.8-mile segment of the North Fork of the Virgin River beginning on Bureau of Land Management land at the eastern border of T. 39 S., R. 10 W., sec. 35, to Temple of Sinawava and adjacent land rim-to-rim, as a wild river.

(Y) NORTH FORK OF THE VIRGIN RIVER.—The 8-mile segment of the North Fork of the Virgin River from Temple of Sinawava south to the Zion National Park boundary and adjacent land ½-mile wide, as a recreational river.

(Z) IMLAY CANYON.—The segment from the head of Imlay Creek to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(AA) ORDERVILLE CANYON.—The segment from the eastern boundary of Zion National Park to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(EE) HEAPS CANYON.—The segment from the head of Heaps Canyon to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(CC) ECHO CANYON.—The segment from the eastern boundary of Zion National Park to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(DD) BEHUNIN CANYON.—The segment from the head of Behunin Canyon to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a wild river.

(GG) OAK CREEK.—The segment of Oak Creek from the head of Oak Creek to where the forks join and adjacent land ½-mile wide, as a wild river.

(HH) OAK CREEK.—The 1-mile segment of Oak Creek from the point at which the 2 forks of
Oak Creek join to the junction with the North Fork of the Virgin River and adjacent land 1⁄2-mile wide, as a recreational river.

(II) CLEAR CREEK.—The 6.4-mile segment of Clear Creek from the eastern boundary of Zion National Park to the junction with Pine Creek and adjacent land rim-to-rim, as a recreational river.

(JJ) PINE CREEK.—The 2-mile segment of Pine Creek from the head of Pine Creek to the junction with Clear Creek and adjacent land rim-to-rim, as a wild river.

(KK) PINE CREEK.—The 3-mile segment of Pine Creek from the junction with Clear Creek to the junction with the North Fork of the Virgin River and adjacent land rim-to-rim, as a recreational river.

(LLL) EAST FORK OF THE VIRGIN RIVER.—The 8-mile segment of the East Fork of the Virgin River from the eastern boundary of Zion National Park through Parunuweap Canyon to the western boundary of Zion National Park and adjacent land 1⁄2-mile wide, as a wild river.

(MM) SHONES CREEK.—The 3-mile segment of Shones Creek from the dry waterfall on land administered by the Bureau of Land Management through Zion National Park to the western boundary of Zion National Park and adjacent land 1⁄2-mile wide as a wild river.

(205) FOSSIL CREEK, ARIZONA.—Approximately 16.8 miles of Fossil Creek from the confluence of Sand Rock and Calf Pen Canyons to the confluence with the Verde River, to be administered by the Secretary of Agriculture in the following classes:

(A) The approximately 2.7-mile segment from the confluence of Sand Rock and Calf Pen Canyons to the point where the segment exits the Fossil Spring Wilderness, as a wild river.

(B) The approximately 7.5-mile segment from where the segment exits the Fossil Creek Wilderness to the boundary of the Mazatzal Wilderness, as a recreational river.

(C) The 6.6-mile segment from the boundary of the Mazatzal Wilderness downstream to the confluence with the Verde River, as a wild river.

(206) SNAKE RIVER HEADWATERS, WYOMING.—The following segments of the Snake River System, in the State of Wyoming:

(A) BAILEY CREEK.—The 7-mile segment of Bailey Creek, from the divide with the Little Greys River north to its confluence with the Snake River, as a wild river.

(B) BLACKROCK CREEK.—The 22-mile segment from its source to the Bridger-Teton National Forest boundary, as a scenic river.

(C) BUFFALO FORK OF THE SNAKE RIVER.—The portions of the Buffalo Fork of the Snake River, consisting of—

(i) the 55-mile segment consisting of the North Fork, the Soda Fork, and the South Fork, upstream from Turpin Meadows, as a wild river;

(ii) the 14-mile segment from Turpin Meadows to the upstream boundary of Grand Teton National Park, as a scenic river; and

(iii) the 7.7-mile segment from the upstream boundary of Grand Teton National Park to its confluence with the Snake River, as a scenic river.

(D) CRYSTAL CREEK.—The portions of Crystal Creek, consisting of—

(i) the 14-mile segment from its source to the Gros Ventre Wilderness boundary, as a wild river; and

(ii) the 5-mile segment from the Gros Ventre Wilderness boundary to its confluence with the Gros Ventre River, as a scenic river.

(E) GRANITE CREEK.—The portions of Granite Creek, consisting of—

(i) the 12-mile segment from its source to the end of Granite Creek Road, as a wild river; and

(ii) the 9.5-mile segment from Granite Hot Springs to the point 1 mile upstream from its confluence with the Hoback River, as a scenic river.

(F) GROS VENTRE RIVER.—The portions of the Gros Ventre River, consisting of—

(i) the 16.5-mile segment from its source to Darwin Ranch, as a wild river;

(ii) the 39-mile segment from Darwin Ranch to the upstream boundary of Grand Teton National Park, excluding the section along Lower Slide Lake, as a scenic river; and

(iii) the 3.3-mile segment flowing across the southern boundary of Grand Teton National Park to the Highlands Drive Loop Bridge, as a scenic river.

(G) HOBACK RIVER.—The 10-mile segment from the point 10 miles upstream from its confluence with the Snake River to its confluence with the Snake River, as a recreational river.

(H) LEWIS RIVER.—The portions of the Lewis River, consisting of—

(i) the 16.5-mile segment from its source to Darwin Ranch, as a wild river;

(ii) the 39-mile segment from Darwin Ranch to the upstream boundary of Grand Teton National Park, excluding the section along Lower Slide Lake, as a scenic river; and

(iii) the 3.3-mile segment flowing across the southern boundary of Grand Teton National Park to the Highlands Drive Loop Bridge, as a scenic river.

(I) PACIFIC CREEK.—The portions of Pacific Creek, consisting of—

(i) the 22.5-mile segment from its source to the Teton Wilderness boundary, as a wild river; and

(ii) the 11-mile segment from the Wilderness boundary to its confluence with the Snake River, as a scenic river.

(J) SHOAL CREEK.—The 8-mile segment from its source to the point 8 miles downstream from its source, as a wild river.

(K) SNAKE RIVER.—The portions of the Snake River, consisting of—

(i) the 47-mile segment from its source to Jackson Lake, as a wild river;

(ii) the 24.8-mile segment from 1 mile downstream of Jackson Lake Dam to 1 mile downstream of the Teton Park Road bridge at Moose, Wyoming, as a scenic river; and

(iii) the 19-mile segment from the mouth of the Hoback River to the point 1 mile upstream from the Highway 89 bridge at Alpine Junction, as a recreational river, the boundary of the western edge of the corridor for
the portion of the segment extending from the point 3.3 miles downstream of the mouth of the Hoback River to the point 4 miles downstream of the mouth of the Hoback River being the ordinary high water mark.

(L) WILLOW CREEK.—The 16.2-mile segment from the point 16.2 miles upstream from its confluence with the Hoback River to its confluence with the Hoback River, as a wild river.

(M) WOLF CREEK.—The 7-mile segment from its source to its confluence with the Snake River, as a wild river.

(207) TAUNTON RIVER, MASSACHUSETTS.—The main stem of the Taunton River from its headwaters at the confluence of the Town and Mattfield Rivers in the Town of Bridgewater downstream 40 miles to the confluence with the Quequechan River at the Route 195 Bridge in the City of Fall River, to be administered by the Secretary of the Interior in cooperation with the Taunton River Stewardship Council as follows:

(A) The 18-mile segment from the confluence of the Town and Mattfield Rivers to Route 24 in the Town of Raynham, as a scenic river.

(B) The 5-mile segment from Route 24 to 0.5 miles below Weir Bridge in the City of Taunton, as a recreational river.

(C) The 8-mile segment from 0.5 miles below Weir Bridge to Muddy Cove in the Town of Dighton, as a scenic river.

(D) The 9-mile segment from Muddy Cove to the confluence with the Quequechan River at the Route 195 Bridge in the City of Fall River, as a recreational river.

(b) Establishment of boundaries; classification

The agency charged with the administration of each component of the national wild and scenic rivers system designated by subsection (a) of this section shall, within one year from the date of designation of such component under subsection (a) of this section, establish detailed boundaries therefor (which boundaries shall include an average of not more than 320 acres of land per mile measured from the ordinary high water mark on both sides of the river); and determine which of the classes outlined in section 1273(b) of this title best fit the river or its various segments.

Notice of the availability of the boundaries and classification, and of subsequent boundary amendments shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the President of the Senate and the Speaker of the House of Representatives.

(c) Public inspection of maps and descriptions

Maps of all boundaries and descriptions of the classifications of designated river segments, and subsequent amendments to such boundaries, shall be available for public inspection in the offices of the administering agency in the District of Columbia and in locations convenient to the designated river.

1986, all boundaries, classifications, and plans shall be reviewed for conformity within the requirements of this subsection within 30 years through regular agency planning processes.

(2) For rivers designated before January 1, 1986, all boundaries, classifications, and plans shall be reviewed for conformity within the requirements of this subsection within 10 years through regular agency planning processes.

(3) The agency charged with the administration of the division of boundary and classification determination for each river segment to provide for the protection of the river values. The plan shall address resource protection, development of lands and facilities, user capacities, and other management practices necessary or desirable to achieve the purposes of this chapter. The plan shall be coordinated with and may be incorporated into resource management planning for affected adjacent Federal lands. The plan shall be prepared, after consultation with State and local governments and the interested public within 3 full fiscal years after the date of designation. Notice of the completion and availability of such plans shall be published in the Federal Register.

Maps of all boundaries and descriptions of the classifications of designated river segments, and subsequent amendments to such boundaries, shall be available for public inspection in the offices of the administering agency in the District of Columbia and in locations convenient to the designated river.

Referred to in this section, for purposes of this chapter. The plan shall be coordinated with and may be incorporated into resource management planning for affected adjacent Federal lands. The plan shall be prepared, after consultation with State and local governments and the interested public within 3 full fiscal years after the date of designation. Notice of the completion and availability of such plans shall be published in the Federal Register.

Maps of all boundaries and descriptions of the classifications of designated river segments, and subsequent amendments to such boundaries, shall be available for public inspection in the offices of the administering agency in the District of Columbia and in locations convenient to the designated river.

Section 14(b) of the Federal Advisory Committee Act, 5 U.S.C. App., is set out under this section in a note captioned "Upper Delaware River, Pennsylvania, and the unnumbered par. relating to the Black Butte River, California, as par. (168), and added par. (170).

2000—Subsec. (a). Pub. L. 106–418, § 3(4), which directed repeal of the fourth undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, could not be executed because the undesignated par. referred to was designated par. (159) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(3), which directed designation of the third undesignated par. following par. 156, pertaining to the Lamprey River, New Hampshire, and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (158) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(2), which directed designation of the second undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (157) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(1), which directed designation of the first undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 157, could not be executed because the undesignated par. referred to was redesignated as par. (156) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(3), which directed designation of the third undesignated par. following par. 156, pertaining to the Lamprey River, New Hampshire, and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (158) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(2), which directed designation of the second undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (157) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(1), which directed designation of the first undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 157, could not be executed because the undesignated par. referred to was redesignated as par. (156) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(3), which directed designation of the third undesignated par. following par. 156, pertaining to the Lamprey River, New Hampshire, and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (158) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(2), which directed designation of the second undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (157) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(1), which directed designation of the first undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 157, could not be executed because the undesignated par. referred to was redesignated as par. (156) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(3), which directed designation of the third undesignated par. following par. 156, pertaining to the Lamprey River, New Hampshire, and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (158) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(2), which directed designation of the second undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 159, could not be executed because the undesignated par. referred to was redesignated as par. (157) by Pub. L. 106–20. See 1999 Amendment note below.

Pub. L. 106–418, § 3(1), which directed designation of the first undesignated par. following par. 156, pertaining to Elkhorn Creek and enacted by Pub. L. 104–333, as par. 157, could not be executed because the undesignated par. referred to was redesignated as par. (156) by Pub. L. 106–20. See 1999 Amendment note below.
§ 1274 TITLE 16—CONSERVATION Page 1624

Subsec. (a)(74)(E). Pub. L. 106–399, § 301(a)(1), (3), substituted “The” for “the” at beginning and period for “; and” at end.

Subsec. (a)(158). Pub. L. 106–192 substituted “23.5-mile segment extending from the Bunker Pond Dam in Ep-ping” for “11.5-mile segment extending from the southern Lee town line” in first sentence and “towns of Ep-ping” for “towns of” in second sentence.
Pub. L. 106–176 substituted “through cooperative agreements” for “through cooperation agreements” in second sentence.

Pub. L. 106–261 added par. (161) relating to Wilson Creek.

1999—Subsec. (a). Pub. L. 106–20, § 2(g)(1), struck out unnumbered par. added by Pub. L. 104–208 relating to Elkorn Creek, which was identical to par. added by Pub. L. 104–333, § 1029(b).
Subsec. (a)(157) to (159). Pub. L. 106–20, § 2(g)(2), designated unnumbered pars. relating to Clarion River, Lamprey River, and Elkorn Creek as pars. (157) to (159), respectively.
Pub. L. 104–208 added unnumbered par. relating to Elkorn Creek.

Subsec. (a)(65). Pub. L. 104–333, § 406(d), substituted “BLUE–80,005, dated May 1996” for “WSR–BLU/20,000, and dated January 1987” and inserted at end “In order to provide reasonable public access and vehicle parking for public use and enjoyment of the river designated by this paragraph, consistent with the preservation and enhancement of the natural and scenic values of such river, the Secretary may, with the consent of the owner thereof, negotiate a memorandum of understanding or cooperative agreement, or acquire not more than 10 acres of lands or interests in such lands, or both, as may be necessary to allow public access to the Blue-stone River and to provide, outside the boundary of the scenic river, parking and related facilities in the vicini-ty of the area known as Eads Mill.”

Subsec. (a)(10). Pub. L. 103–437 substituted “Natural Resources” for “Interior and Insular Affairs” after “Committee on”.

Pub. L. 103–161 added unnumbered pars. relating to the following rivers in New Jersey: Maurice River, Menantico Creek, Manumuskin River, and Muskee Creek.

Pub. L. 102–301 added unnumbered pars. relating to the following rivers in California: Sespe Creek, Siskiyou River, and Big Sur River.
Pub. L. 102–275 added unnumbered pars. relating to the following rivers in Arkansas: Big Piney Creek, Buffalo River, Cossatot River, Hurricane Creek, Little Missourie River, Mulberry River, North Sylamore Creek, and Richland Creek.
Pub. L. 102–249 added unnumbered pars. relating to the following rivers in Michigan: Bear Creek, Black Carp, Indian, Manistee, Ontonagon, Paint, Pine, Presque Isle, Sturgeon (Hiawatha National Forest), Sturgeon (Ottawa National Forest), East Branch of the Tahquamenon, Whitefish, and Yellow Dog.

Subsec. (a)(64). Pub. L. 101–40, § 2(a)(3), designated unnumbered par. relating to Kern River, California, as (64).
Subsec. (a)(65). Pub. L. 101–40, § 2(a)(4), (6), designated unnumbered par. relating to Bluestone River, West Virginia, as (65) and redesignated former par. (65) as (67).
Subsec. (a)(68) to (107). Pub. L. 101–40, § 2(a)(7), designated unnumbered pars. relating to rivers in Oregon as (68) to (107).

Pub. L. 100–547 added unnumbered par. relating to Sipsey Fork of the West Fork, Alabama.
Pub. L. 100–534, § 301, added unnumbered par. relating to Bluestone, West Virginia.

Subsec. (b). Pub. L. 100–534, § 301, amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: “The agency charged with the administration of each component of the national wild and scenic rivers system designated by subsection (a) of this section shall, within one year from the date of designation of such component under subsection (a) of this section (except where a different date is provided in subsection...”
(a) of this section), establish detailed boundaries therefor (which boundaries shall include an average of not more than 320 acres of land per mile measured from the ordinary high water mark on both sides of the river); determine which of the classes outlined in section 1273(b) of this title best fit the river or its various segments. Notice of the availability of the boundaries and classification, and of subsequent boundary amendments shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the President of the Senate and the Speaker of the House of Representatives.

1987—Subsec. (a). Pub. L. 100–174 added unnumbered par. relating to North and South Fork of the Kern River, California.

Pub. L. 100–149 added unnumbered par. relating to Merced, California.

Subsec. (a)(56) to (61). Pub. L. 100–150, §1(b), redesignated former par. (56), relating to Cache la Poudre, as (59), and redesignated par. relating to Klickitat and White Salmon, as (60), and (61), respectively.

1986—Subsec. (a)(51) to (55). Pub. L. 99–530 and Pub. L. 99–580, §501(a), amended subsec. (a) identically, redesignated the par. relating to the An Sable River, the Tuolumne River, the Illinois River, and the Owyhee River as pars. (52) through (55), respectively.

Subsec. (a)(59), (60). Pub. L. 99–663 added two unnumbered pars., relating to Klickitat, Washington, and White Salmon, Washington, which were editorially designated as pars. (59) and (60), respectively.

Subsec. (b). Pub. L. 99–590, §501(b)(1)(A), substituted “one year from the date of designation of such component under subsection (a) of this section” for “one year from October 2, 1968”.

Pub. L. 99–590, §501(b)(1)(B), which directed the amendment of subsec. (b) as follows: “Strike out the second parenthetical statement, ‘(which boundaries shall include an average of not more than 320 acres of land per mile measured from the ordinary high water mark on both sides of the river)’;” could not be executed because the quoted parenthetical statement did not appear in text. Rather, the amendment was executed by substituting the quoted parenthetical for “(which boundaries shall include an average of not more than three hundred and twenty acres per mile on both sides of the river)” as the probable intent of Congress in view of the directory wording in H.R. 4350 as introduced, reported, and passed by the House on Apr. 8, 1866, which read: “Strike out the second parenthetical statement and substitute the parenthetical statement:’’.

Pub. L. 99–590, §501(b)(1)(C), struck out “;” and prepare a plan for necessary developments in connection with its administration in accordance with such classification after “its various segments”.

Pub. L. 99–590, §501(b)(2), substituted “Notice of the availability of the boundaries and classification, and of subsequent boundary amendments” for “Said boundaries, classification, and development plans”.

Subsecs. (c), (d). Pub. L. 99–590, §501(b)(3), added subsecs. (c) and (d).

1984—Subsec. (a)(16). Pub. L. 98–444, §1, inserted “Notwithstanding any other provision of this chapter, the installation and operation of facilities or other activities within or outside the boundaries of the Pere Marquette Wild and Scenic River for the control of the lamprey eel should be permitted subject to such restrictions and conditions as the Secretary of Agriculture may prescribe for the protection of water quality and other values of the river, including the wild and scenic characteristics of the river.”

Pub. L. 98–425 added par. (52) appearing first relating to Tuolumne, California.

Subsec. (a)(22). Pub. L. 96–344 substituted in provision following subpar. (B) “which shall be established” for “which may be established”,

Subsec. (a)(38) to (43). Pub. L. 96–487, §502, added pars. (38) to (43).

Subsec. (a)(44) to (50). Pub. L. 96–487, §503, added pars. (44) to (50).

1979—Subsec. (a)(19). Pub. L. 96–87 substituted “section 704(c) of the National Parks and Recreation Act of 1976” for “section 706(c) of the National Parks and Recreation Act of 1976”.

1978—Subsec. (a)(10). Pub. L. 95–625, §755, increased appropriations authorization for Chattooga River to $5,200,000 from $2,000,000.

Pub. L. 100–149 added unnumbered par. relating to Cache la Poudre, Colorado.

Subsec. (b). Pub. L. 95–625, §768(a), inserted “except where a different date is provided in subsection (a) of this section” after “one year from October 2, 1968”.

CHANGE OF NAME

“Frank Church—River of No Return Wilderness” substituted in subsec. (a)(26)(D) for “River of No Return Wilderness” pursuant to Pub. L. 98–231, §1, Mar. 14, 1984, 98 Stat. 60, which redesignated the River of No Return Wilderness as the Frank Church—River of No Return Wilderness.

SAVINGS PROVISIONS

Pub. L. 111–11, title I, §1305(b), Mar. 30, 2009, 123 Stat. 1099, provided that: “The designation of Piru Creek under subsection (a) [amending this section] shall not affect valid rights in existence on the date of enactment of this Act [Mar. 30, 2009].”

Pub. L. 111–11, title I, §1976(c), Mar. 30, 2009, 123 Stat. 1238, 1238, provided that: “The amendment made by subsection (a) [amending this section] does not affect the agreement among the United States, the State of Utah, the Washington County Water Conservancy Dis-
Section 605 of Pub. L. 96–487 provided for administration of Wild and Scenic River segments of following Alaska rivers: Alagnak, Beaver Creek, Delta, Forty-mile, Alatna, Aniakchak, Charley, Chilikadrotna, John, Kobuk, Mulchatna, Nostak, North Fork of the Koyukuk, Salmon, Taneyug, Tlilkakila, Andresafky, Ivishak, Nowitna, Selawik, Sheenjek, Wind, Birch Creek, Gulkana, Unalakleet, Mosquito Fork, Champion Creek, Middle Fork, Napoleon Creek, Franklin Creek, Uhler Creek, Walker Fork, West Fork, Dennison Fork, Logging Cabin Creek, Hutchinson Creek.

Section 3 of Pub. L. 102–275 provided that 19.4-mile segment of the Cossatot River and 0.3-mile segment of the Brushy Creek tributary were to be managed by the State of Arkansas as parts of the Wild and Scenic Rivers System.

Section 102 of Pub. L. 99–590 provided that inclusion of designated portions of Cache la Poudre River in Wild and Scenic Rivers System did not interfere with exercise of existing decreed water rights to water which had theretofore been stored or diverted by means of present capacity of storage, conveyance, or diversion structures that existed as of Oct. 30, 1986, or operation and maintenance of such structures, nor could inclusion of designated portions of Cache la Poudre River in Wild and Scenic Rivers System utilize in any Federal proceeding, whether concerning a license, permit, right-of-way, or other Federal action, as a reason or basis to prohibit development or operation of any water impoundments, diversion facilities, and hydroelectric power and transmission facilities below Poudre River located entirely downstream from and potentially affecting designated portions of Cache la Poudre River, or diversion of highway 14 to any point east of the north-south half section line of section 2, township 8 north, range 71 west of the sixth principal meridian, as necessary to provide access to Poudre River Park around such facilities.

Pub. L. 110–229, title III, § 344(c)–(h), May 8, 2008, 122 Stat. 799, 800, provided that the segments of the main stem and certain tributaries of the Eightmile River in Connecticut designated as components of the National Wild and Scenic Rivers System be managed in accordance with the Eightmile River Watershed Management Plan; directed the Secretary of the Interior to coordinate management responsibilities of the Secretary with the Eightmile River Coordinating Committee; authorized the Secretary of the Interior to enter into cooperative agreements with State and local officials; directed that the Eightmile River not be administered as part of the National Park System; deemed certain local zoning ordinances to satisfy the standards and requirements of provisions of the Wild and Scenic Rivers Act; and provided for a watershed approach to resource preservation and enhancement.

Sections 4 to 6 of Pub. L. 103–313 provided that Director of the National Park Service represent Secretary of the Interior on the Farmington River Coordinating Committee; directed Secretary to offer to enter into cooperative agreements with the State, its relevant political subdivisions, and Farmington River Watershed Association to facilitate the long-term protection, conservation, and enhancement of designated river segment; distinguished implementation of this Act from National Park Service administration of river segment and excluded river segment from National Park System; provided for evaluation of proposed water resources project; accepted local zoning ordinances; defined “Committee”, “Plan”, and “Secretary”, and authorized the appropriation of funds necessary to carry out Pub. L. 103–313.

Pub. L. 106–357, §§ 4–8, Oct. 24, 2000, 114 Stat. 1395, 1396, provided for administration of Wild and Scenic River segments of White Clay Creek, establishment of detailed boundaries, cooperative agreements with White Clay Creek Watershed Management Committee, representation of Secretary of the Interior by Director of the National Park Service in implementation of management plan, and authorization of the Secretary to provide assistance and funding for implementation of management plan; required that existing State and local zoning laws and ordinances be considered satisfactory under section 1277(c) of this title with respect to White Clay Creek river segments; and prohibited Federal acquisition of lands or interests in lands along White Clay Creek river segments and inclusion in National Park System.

Pub. L. 100–677, §1, Nov. 17, 1988, 102 Stat. 4407, prohibited Federal Energy Regulatory Commission from issuing any preliminary permit, license, or exemption from licensing for construction of any dam, diversion or bypass under Federal Power Act (41 Stat. 1003), as amended [see section 791a of this title], on: (1) the Salmon River, Idaho, from Long Tom Bar to the confluence of the Snake River, or (2) the Snake River, Idaho, from the eastward extension of the north boundary of section 1, township 5 north, range 47 east, Williamette Meridian to the pool formed behind Lower Granite Dam, and provided that no dam may be constructed on those segments of the Salmon or Snake Rivers.

Pub. L. 111–11, title I, §1504(b), (c), Mar. 30, 2009, 123 Stat. 1089, established an outer limit for the boundaries of the river segments added to the National Wild and Scenic Rivers System by subtitle F (§1501–1509) of title W of Pub. L. 111–11, notwithstanding subsec. (b) of this section, and prohibited the Secretary of the Interior from acquiring private land within the exterior bound-
ary of a wild and scenic river corridor without consent of the owner.

Idaho and Oregon; Administration of Wild and Scenic River Segments of Snake River and Rapid River

Section 3(b) of Pub. L. 94–199 provided for administration of Wild and Scenic River segments of Snake River, Idaho and Oregon, and Rapid River, Idaho.

Massachusetts; Management of Wild and Scenic River Segments of Taunton River

Massachusetts; Administration of Wild and Scenic River Segments of Sudbury, Assabet, and Concord Rivers; Authorization of Appropriations

Pub. L. 106–20, §2(c)(O), Apr. 9, 1999, 113 Stat. 31, 32, provided for Federal role in management of Wild and Scenic River segments of Sudbury, Assabet, and Concord Rivers, directed Secretary of the Interior to consider use to which proposed water resources projects would be subject to be consistent with management of river segments, limited rights of United States Government to acquire interests in land along river segments, and authorized $100,000 to be appropriated for each fiscal year to carry out management plan.

Michigan; Administration of Wild, Scenic, and Recreational River Segments Designated Under Michigan Scenic Rivers Act of 1991

Section 6 of Pub. L. 102–249 provided that Pub. L. 102–249, the Michigan Scenic Rivers Act of 1991, did not enlarge, diminish, or modify responsibilities of the State of Michigan regarding hunting, fishing, and trapping with reference to designated river segments, that facilities and activities for control of sea lamprey were allowed, that traditional public access routes to designated river segments were to be maintained with conditions, and that the Act did not enlarge, diminish, or modify the limitation on land acquisition contained in section 1277(b) of this title.

Minnesota and Wisconsin; Administration of Wild and Scenic River of Lower Saint Croix River

Sections 3–6 of Pub. L. 92–560 provided for administration of Wild and Scenic River segments of Lower Saint Croix River along Minnesota-Wisconsin border, acquisition of property, maintenance of navigation rights, and authorization of appropriations.

Missouri; Administration of Eleven Point Wild and Scenic Corridor

Montana; Administration of Wild and Scenic River Segment of Missouri River

Nebraska; Niobrara River; Designation of 6-Mile Segment as Component of National Wild and Scenic Rivers System

Section 3(b) of Pub. L. 102–50 provided that: “If, within 5 years after the date of enactment of this Act (May 24, 1991), funds are not authorized and appropriated for the construction of a water resources project on the 6-mile segment of the Niobrara River from its confluence with Chimney Creek to its confluence with Rock Creek, at the expiration of such 5-year period the 6-mile segment shall be designated as a component of the National Wild and Scenic Rivers System by operation of law, to be administered by the Secretary of the Interior in accordance with sections 4 and 5 of this Act [see below] and the applicable provisions of the Wild and Scenic Rivers Act (16 U.S.C. 1271–1287). The Secretary of the Interior shall publish notification to that effect in the Federal Register.”

New Hampshire; Lamprey River Advisory Committee

Section 405(b) of title IV of div. I of Pub. L. 104–333, as amended by Pub. L. 106–192, §2(b)(1), May 2, 2000, 114 Stat. 233, provided that Secretary of the Interior coordinate his management responsibilities with respect to Lamprey River, New Hampshire, with Lamprey River Advisory Committee, that zoning ordinances adopted by towns of Epping, Durham, Lee, and Newmarket, New Hampshire, be deemed to satisfy section 1277(c) of this title, and that Secretary’s land acquisition be limited to acquisition by donation or acquisition with consent of donor and be subject to additional criteria of Lamprey River Management Plan.

New Jersey; Administration of Wild and Scenic River Segments of Maurice and Manumuskin Rivers and Menantico and Muskee Creeks

Section 3 of Pub. L. 103–162 provided for administration of Wild and Scenic River segments of Maurice and Manumuskin Rivers and Menantico and Muskee Creeks, New Jersey, planning assistance to local political subdivisions, segment additions, and appropriations to carry out administrative functions.

New Jersey; Administration of Wild and Scenic River Segments of Great Egg Harbor River

Section 2 of Pub. L. 102–393 provided for administration of Wild and Scenic River segments of Great Egg Harbor River, New Jersey, review of local river management plans, biennial review of compliance with local river management plans, reports to Congress on deviations from such plans which could diminish value of river segments, and authorization of appropriations.

New Jersey; Administration of Wild and Scenic River Segments of Musconetcong River

Pub. L. 109–452, §§3, 5, Dec. 22, 2006, 120 Stat. 3363, 3364, defined terms, provided that Secretary of the Interior manage certain Musconetcong River segments in New Jersey in accordance with management plan in cooperation with appropriate agencies, provided for designation of additional river segment, and authorized appropriations to carry out Pub. L. 109–452.

New Jersey and Pennsylvania; Administration of Wild and Scenic River Segments of Lower Delaware River and Associated Tributaries

Pub. L. 106–418, §§4, 5, Nov. 1, 2000, 114 Stat. 1818, 1821, provided for administration of Wild and Scenic River segments of Lower Delaware River in accordance with the Lower Delaware River Management Plan and in cooperation with Federal, State, regional, and local agencies, provided that the Plan can be considered to satisfy subsec. (d) of this section, provided that zoning ordinances of municipalities bordering the segments be considered to satisfy section 1277(c) of this title, and contained provisions relating to consideration of the effect of proposed water resources projects on the segments, requirements for cooperative agreements, provision by the Secretary of the Interior of planning, financial, and technical assistance, designation of certain additional segments as a recreational river or scenic river, and authorization of appropriations.
NEW MEXICO; RIO GRANDE CITIZENS ADVISORY BOARD

NEW YORK AND PENNSYLVANIA; ADMINISTRATION OF WILD AND SCENIC RIVER SEGMENT OF UPPER DELAWARE RIVER

OREGON; ADMINISTRATION OF INDIAN TREATY LANDS AND AUTHORIZATION OF APPROPRIATIONS FOR WILD AND SCENIC RIVER SEGMENTS
Sections 105 and 106 of Pub. L. 100–557 provided for administration of, and authorization of appropriations for, segments of the following Oregon rivers: Big Marsh Creek, Chetco, Clackamas, Crescent Creek, Crooked Creek, Deschutes, Donner and Blitzen, Elk Creek, Grant Ronde, Immaha, John Day, Joseph Creek, Little Deschutes, Lostine, Malheur, McKenzie, Metolius, Minam, North Fork Crooked, North Fork John Day, North Fork Malheur, North Fork of the Middle Fork of the Willamette, North Fork Owyhee, North Fork Smith, North Fork Sprague, North Powder, North Umpqua, Powder, Quartzville Creek, Roaring, Salmon, Sandy, South Fork John Day, Squaw Creek, Sycan, Upper Rogue, Wenaha, West Little Owyhee, and White.

PENNYSYLVANIA; ALLEGHENY RIVER; DESIGNATION OF SEGMENTS AS WILD AND SCENIC RIVER; ADVISORY COUNCIL; ADMINISTRATION; AUTHORIZATION OF APPROPRIATIONS; OTHER CONCERNS
Sections 1, 2, 3, and 6 of Pub. L. 102–271 provided that the designated portions of the Allegheny River were so designated in order to preserve and protect for present and future generations outstanding scenic, natural, recreational, scientific, historic, and ecological values and to protect, preserve, and enhance the fisheries resources associated with the designated segments, directed the Secretary of Agriculture to establish advisory councils to advise the Secretary on the establishment of final boundaries and management of river segments, directed the Secretary of Agriculture to take the necessary steps for the administration of the designated river segments, and authorized the appropriation of the funds necessary to carry out Pub. L. 102–271, which amended sections 1274 and 1276 of this title.

PUERTO RICO; RIVERS OF CARIBBEAN NATIONAL FOREST; SPECIAL MANAGEMENT CONSIDERATIONS; PRESERVATION OF COMMONWEALTH AUTHORITY
Pub. L. 107–365, §2(c), (d), Dec. 19, 2002, 116 Stat. 3628, provided that the amendment by section 2(b) of Pub. L. 107–365 to this section and the applicability of this chapter to segments of the rivers of Caribbean National Forest (now El Yunque National Forest) were not to be construed to prevent various scientific research activities within the boundaries of these river segments, but that those activities were subject to such conditions as the Secretary of Agriculture considered desirable, and provided that section 2 of Pub. L. 107–365, amending this section, did not limit the authority of the Commonwealth of Puerto Rico over its waters and natural channels of public domain.

SOUTH DAKOTA AND NEBRASKA; ADMINISTRATION OF WILD AND SCENIC RIVER SEGMENTS OF NIORBARA AND MISSOURI RIVERS

UTAH; INCORPORATION OF ACQUIRED NON-FEDERAL LAND
Pub. L. 111–11, title I, §1976(b), Mar. 30, 2009, 123 Stat. 1088, provided that: “If the United States acquires any non-Federal land within or adjacent to Zion National Park that includes a river segment that is contiguous to a river segment of the Virgin River designated as a wild, scenic, or recreational river by paragraph (204) of section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) (as added by subsection (a)), the acquired river segment shall be incorporated in, and be administered as part of, the applicable wild, scenic, or recreational river.”

WEST VIRGINIA; WILD AND SCENIC RIVER SEGMENTS OF BLUESTONE AND MEADOW RIVERS; PUBLIC AWARENESS PROGRAM
Section 403 of Pub. L. 100–534 directed Secretary of the Interior to establish a public awareness program to be carried out in Mercer, Nicholas, and Greenbrier Counties, West Virginia, in cooperation with State and local agencies, landowners, and other concerned organizations, to further public understanding of the effects of designation as components of National Wild and Scenic Rivers System of segments of Bluestone and Meadow Rivers which were found eligible in studies completed by National Park Service in August 1983 but which were not designated as units of such system, with Secretary to submit a report to Committee on Interior and Insular Affairs of United States House of Representatives and to Committee on Energy and Natural Resources of United States Senate by Dec. 31, 1992, describing the program.

Wyoming; Definitions; Administration of Wild and Scenic River Segments of Snake River Headwaters
Pub. L. 111–11, title V, §5002(c), (e), Mar. 30, 2009, 123 Stat. 1148, 1150, provided for administration of Wild and Scenic River segments of Snake River Headwaters; required Secretary concerned to develop a management plan for each such river segment and apply for quantification of water rights reserved by each such river segment; allowed such Secretary to carry out activities at United States Geological Survey stream gauges on the Snake River; prohibited such Secretary’s acquisition of property or interest in property within such river segments without owner’s consent, and enacted savings provisions.

§1275. Additions to national wild and scenic rivers system
(a) Reports by Secretaries of the Interior and Agriculture; recommendations to Congress; contents of reports
The Secretary of the Interior or, where national forest lands are involved, the Secretary of Agriculture or, in appropriate cases, the two Secretaries jointly shall study and submit to
the President reports on the suitability or nonsuitability for addition to the national wild and scenic rivers system of rivers which are designated herein or hereafter by the Congress as potential additions to such system. The President shall report to the Congress his recommendations and proposals with respect to the designation of each such river or section thereof under this chapter. Such studies shall be completed and such reports shall be made to the Congress with respect to all rivers named in section 1276(a) (1) through (27) of this title no later than October 2, 1978. In conducting these studies the Secretary of the Interior and the Secretary of Agriculture shall give priority to those rivers (i) with respect to which there is the greatest likelihood of developments which, if undertaken, would render the rivers unsuitable for inclusion in the national wild and scenic rivers system, and (ii) which possess the greatest proportion of private lands within their areas. Every such study and plan shall be coordinated with any water resources planning involving the same river which is being conducted pursuant to the Water Resources Planning Act [42 U.S.C. 1962 et seq.].

Each report, including maps and illustrations, shall show among other things the area included within the report; the characteristics which do or do not make the area a worthy addition to the system; the current status of land ownership and use in the area; the reasonably foreseeable potential uses of the land and water which would be enhanced, foreclosed, or curtailed if the area were included in the national wild and scenic rivers system; the Federal agency (which in the case of a river which is wholly or substantially within a national forest, shall be the Department of Agriculture) by which it is proposed to be included in the system, should it be added to the system, be shared by State and local agencies; recommendations and comments on the proposal which the said officials furnish him within ninety days of the date on which it is submitted to them. If he approves the proposed inclusion, he shall publish notice thereof in the Federal Register.

(d) Areas comprised by boundaries; scope of study report

The boundaries of any river proposed in section 1276(a) of this title for potential addition to the National Wild and Scenic Rivers System shall generally comprise that area measured within one-quarter mile from the ordinary high water mark on each side of the river. In the case of any designated river, prior to publication of boundaries pursuant to section 1274(b) of this title, the boundaries also shall comprise the same area. This subsection shall not be construed to limit the possible scope of the study report to address areas which may lie more than one-quarter mile from the ordinary high water mark on each side of the river.

Amendments

1976—Subsec. (b). Pub. L. 94–486 struck out provision which directed that no river be added to the national wild and scenic river system after October 2, 1968, until the close of the next full session of the State legislature, the Secretary of the Interior, as the case may be, shall submit the proposal to the Governor of the State or States in which the Governor of the State or States in which they are located or an officer designated by the Governor to receive the same. Any recommendations or comments on the proposal which the said officials furnish the Secretary or Secretaries who prepared the report within ninety days of the date on which the report is submitted to them, together with the Secretary’s or Secretaries’ comments thereon, shall be included with the transmittal to the President and the Congress.

(c) Publication in Federal Register

Before approving or disapproving for inclusion in the national wild and scenic rivers system any river designated as a wild, scenic or recreational river by or pursuant to an act of a State legislature, the Secretary of the Interior shall submit the proposal to the Secretary of Agriculture, the Secretary of the Army, the Secretary of Energy, and the Governor of the State or States in which designated provision relating to the developments, which, if undertaken, would render the rivers unsuitable for inclusion in the system as cl. (i), and added cl. (ii).

addition to the national wild and scenic river system of rivers designated by Congress as potential additions to such system, and submission by President of recommendations and proposals to the Congress, for provisions for submission of proposals to the President and the Congress, struck out reference to section 1273(b) of this title and administration by an agency of the United States, inserted provisions that the studies relating to rivers named in section 1276(a) of this title be completed by Oct. 2, 1978, and that the Secretary of the Interior and the Secretary of Agriculture give priority to rivers which may be unsuitable for inclusion in the national wild and scenic river system if developments were undertaken, and in second paragraph, substantially incorporated the existing provisions with minor changes.

TRANSFER OF FUNCTIONS

“Secretary of Energy” substituted for “Chairman of the Federal Power Commission” in subsecs. (b) and (c) pursuant to Pub. L. 95–91, §301(b), which is classified to section 7151(b) of Title 42, The Public Health and Welfare.
Federal Power Commission terminated and its functions, personnel, property, funds, etc., transferred to Secretary of Energy (except for certain functions transferred to Federal Energy Regulatory Commission) by sections 7151(b), 7171(a), 7172(a), 7291, and 7293 of Title 42.

§1276. Rivers constituting potential additions to national wild and scenic rivers system

(a) Enumeration of designated rivers

The following rivers are hereby designated for potential addition to the national wild and scenic rivers system:

1. Allegheny, Pennsylvania: The segment from its mouth to the town of East Brady, Pennsylvania.
2. Bruneau, Idaho: The entire main stem.
4. Chattooga, North Carolina, South Carolina, and Georgia: The entire river.
7. Flathead, Montana: The North Fork from the Canadian border downstream to its confluence with the Middle Fork; the Middle Fork from its headwaters to its confluence with the South Fork; and the South Fork from its origin to Hungry Horse Reservoir.
8. Gasconade, Missouri: The entire river.
10. Little Beaver, Ohio: The segment of the North and Middle Forks of the Little Beaver River in Columbiana County from a point in the vicinity of Negly and Elkton, Ohio, downstream to a point in the vicinity of East Liverpool, Ohio.
11. Little Miami, Ohio: That segment of the main stem of the river, exclusive of its tributaries, from a point at the Warren-Clermont County line at Loveland, Ohio, upstream to the sources of Little Miami including North Fork.
12. Maumee, Ohio and Indiana: The main stem from Perrysburg, Ohio, to Fort Wayne, Indiana, exclusive of its tributaries in Ohio and inclusive of its tributaries in Indiana.
14. Moyie, Idaho: The segment from the Canadian border to its confluence with the Kootenai River.
15. Obed, Tennessee: The entire river and its tributaries, Clear Creek and Daddys Creek.
17. Pere Marquette, Michigan: The entire river.
20. Rio Grande, Texas: The portion of the river between the west boundary of Hudspeth County and the east boundary of Terrell County on the United States side of the river: Provided, That before undertaking any study of this potential scenic river, the Secretary of the Interior shall determine, through the channels of appropriate executive agencies, that Mexico has no objection to its being included among the studies authorized by this chapter.
21. Saint Croix, Minnesota and Wisconsin: The segment between the dam near Taylors Falls and its confluence with the Mississippi River.
23. Salmon, Idaho: The segment from the town of North Fork to its confluence with the Snake River.
24. Skagit, Washington: The segment from the town of Mount Vernon to and including the mouth of Bacon Creek; the Cascade River between its mouth and the junction of its North and South Forks; the South Fork to the boundary of the Glacier Peak Wilderness Area; the Suiattle River from its mouth to the Glacier Peak Wilderness Area boundary at Milk Creek; the Sauk River from its mouth to its junction with Elliott Creek; the North Fork of the Sauk River from its junction with the South Fork of the Sauk to the Glacier Peak Wilderness Area boundary.
25. Suwannee, Georgia and Florida: The entire river from its source in the Okefenokee Swamp in Georgia to the gulf and the outlying Ichetucknee Springs, Florida.
27. Youghiogheny, Maryland and Pennsylvania: The segment from Oakland, Maryland, to the Youghiogheny Reservoir, and from the Youghiogheny Dam downstream to the town of Connellsville, Pennsylvania.
29. Au Sable, Michigan: The segment downstream from Foot Dam to Oscoda, and upstream from Loud Reservoir to its source, including its principal tributaries and excluding Mio and Bamfield Reservoirs.
30. Big Thompson, Colorado: The segment from its source to the boundary of Rocky Mountain National Park.
31. Cache la Poudre, Colorado: Both forks from their sources to their confluence, thence the Cache la Poudre to the eastern boundary of Roosevelt National Forest.
32. Cahaba, Alabama: The segment from its junction with United States Highway 31 south of Birmingham downstream to its junction with United States Highway 80 west of Selma.
(33) Clark's Fork, Wyoming: The segment from the Clark's Fork Canyon to the Crandell Creek Bridge.
(34) Colorado, Colorado and Utah: The segment from its confluence with the Dolores River, Ute upstream to a point 19.5 miles from the Utah-Colorado border in Colorado.
(35) Conejos, Colorado: The three forks from their sources to their confluence, thence the Conejos to its first junction with State Highway 17, excluding Platoro Reservoir.
(36) Elk, Colorado: The segment from its source to Clark.
(37) Encampment, Colorado: The Main Fork and West Fork to their confluence, thence the Encampment to the Colorado-Wyoming border, including the tributaries and headwaters.
(38) Green, Colorado: The entire segment within the State of Colorado.
(39) Gunnison, Colorado: The segment from the upstream (southern) boundary of the Black Canyon of the Gunnison National Monument to its confluence with the North Fork.
(40) Illinois, Oklahoma: The segment from Tenkiller Ferry Reservoir upstream to the Arkansas-Oklahoma border, including the Flint and Barren Fork Creeks.
(41) John Day, Oregon: The main stem from Service Creek Bridge (at river mile 157) downstream to Gun Bar Falls (at river mile 16).  
(42) Kettle, Minnesota: The entire segment within the State of Minnesota.
(43) Los Pinos, Colorado: The segment from its source, including the tributaries and headwaters within the San Juan Primitive Area, to the northern boundary of the Granite Peak Ranch.
(44) Manistee, Michigan: The entire river from its source to Manistee Lake, including its principal tributaries and excluding Tippy and Hodenpyl Reservoirs.
(45) Nolichuckey, Tennessee and North Carolina: The entire main stem.
(46) Owyhee, South Fork, Oregon: The main stem from its source to Isabella Reservoir including its tributaries.
(47) Piedra, Colorado: The Middle Fork and East Fork from their sources to their confluence, thence the Piedra to its junction with Colorado Highway 160.
(48) Shepaug, Connecticut: The entire river.
(49) Sipsey Fork, West Fork, Alabama: The segment, including its tributaries, from the impoundment formed by the Lewis M. Smith Dam upstream to its source in the William B. Bankhead National Forest.
(50) Snake, Wyoming: The segment from the southern boundaries of Teton National Park to the entrance to Palisades Reservoir.
(51) Sweetwater, Wyoming: The segment from Wilson Bar downstream to Spring Creek.
(52) Tuolumne, California: The main river from its source on Mount Dana and Mount Lyell in Yosemite National Park to Don Pedro Reservoir.
(53) Upper Mississippi, Minnesota: The segment from its source at the outlet of Itasca Lake to its junction with the northwestern boundary of the city of Anoka.
(54) Wisconsin, Wisconsin: The segment from Prairie du Sac to its confluence with the Mississippi River at Prairie du Chien.
(55) Yampa, Colorado: The segment within the boundaries of the Dinosaur National Monument.
(56) Dolores, Colorado: The segment of the main stem from Rico upstream to its source, including its headwaters; the West Dolores from its source, including its headwaters, downstream to its confluence with the main stem; and the segment from the west boundary, section 2, township 38 north, range 16 west, NMPM, below the proposed McPhee Dam, downstream to the Colorado-Utah border, excluding the segment from one mile above Highway 90 to the confluence of the San Miguel River.
(57) Snake, Washington, Oregon, and Idaho: The segment from an eastward extension of the north boundary of section 1, township 5 north, range 47 east, Willamette meridian, downstream to the town of Asotin, Washington.
(58) Housatonic, Connecticut: The segment from the Massachusetts-Connecticut boundary downstream to its confluence with the Shepaug River.
(59) Kern, California: The main stem of the North Fork from its source to Isabella Reservoir excluding its tributaries.
(60) Loxahatchee, Florida: The entire river including its tributary, North Fork.
(61) Ogeechee, Georgia: The entire river.
(62) Salt, Arizona: The main stem from a point on the north side of the river intersected by the Fort Apache Indian Reservation boundary (north of Buck Mountain) downstream to Arizona State Highway 288.
(63) Verde, Arizona: The main stem from the Prescott National Forest boundary near Paulden to the vicinity of Table Mountain, approximately 14 miles above Horseshoe Reservoir, except for the segment not included in the national forest between Clifton and the Apache National Forest.
(64) San Francisco, Arizona: The main stem from confluence with the Gila upstream to the Arizona-New Mexico border, except for the segment between Clifton and the Apache National Forest.
(65) Fish Creek, New York: The entire East Branch.
(66) Black Creek, Mississippi: The segment from Big Creek Landing in Forrest County downstream to Old Alexander Bridge Landing in Stone County.
(67) Allegheny, Pennsylvania: The main stem from Kinzua Dam downstream to East Brady.
(68) Cacapon, West Virginia: The entire river.
(69) Escatawpa, Alabama and Mississippi: The segment upstream from a point approximately one mile downstream from the confluence of the Escatawpa River and Jackson Creek to a point where the Escatawpa River is joined by the Yellowhouse Branch in Washington County, Alabama, near the town of Deer Park, Alabama; and the segment of Brushy Creek upstream from its confluence with the Escatawpa to its confluence with Scarsborough Creek.
(70) Myakka, Florida: The segment south of the southern boundary of the Myakka River State Park.
(71) Soldier Creek, Alabama: The segment beginning at the point where Soldier Creek intersects the south line of section 31, township 7 south, range 6 east, downstream to a point on
§ 1276

TITLE 16—CONSERVATION

Page 1632

the south line of section 6, township 8 south, range 6 east, which point is 1,322 feet west of the south line of section 5, township 8 south, range 6 east in the county of Baldwin, State of Alabama.

(73) Red, Kentucky: The segment from Highway numbered 746 (also known as Spradlin Bridge) in Wolfe County, Kentucky, downstream to the point where the river descends below seven hundred feet above sea level (in its normal flow) which point is at the Menifee and Powell County line just downstream of the iron bridge where Kentucky Highway numbered 77 passes over the river.

(74) Gauley, West Virginia: Including the tributaries of the Meadow and the Cranberry, from the headwaters to its confluence with the New.

(75) Greenbrier, West Virginia: From its headwaters to its confluence with the New.

(76) Birch, West Virginia: The main stem from the Cora Brown Bridge in Nicholas County to the confluence of the river with the Elk River in Braxton County.

(77) Colville, Alaska.

(78) Etiwul-Nigu, Alaska.

(79) Utukok, Alaska.

(80) Kanekok, Alaska.

(81) Kisaarlik, Alaska.

(82) Melozitna, Alaska.

(83) Sheenjek (lower segment), Alaska.

(84) Situk, Alaska.

(85) Porcupine, Alaska.

(86) Yukon (Ramparts section), Alaska.

(87) Squirrel, Alaska.

(88) Koyuk, Alaska.

(89) Wildcat Brook, New Hampshire: The segment from its headwaters including the principal tributaries to its confluence with the Ellis River. The study authorized in this paragraph shall be completed no later than six years from June 19, 1984, and an interim report shall be prepared and submitted to the Congress no later than three years from June 19, 1984.

(90) Horsepasture, North Carolina: The segment from Bohaynee Road (N.C. 281) downstream to Lake Jocassee.

(91) The North Umpqua, Oregon: The segment from the Soda Springs Powerhouse to the confluence of Rock Creek. The provisions of section 1278(a) of this title shall apply to tributary Steamboat Creek in the same manner as such provisions apply to the rivers referred to in such section 1278(a) of this title. The Secretary of Agriculture shall, in the Umpqua National Forest plan, provide that management practices for Steamboat Creek and its immediate environment conserve, protect, and enhance the anadromous fish habitat and population.

(92) Farmington, West Branch, Connecticut and Massachusetts: The segment from the intersection of the New Hartford-Canton, Connecticut, town line upstream to the base of the West Branch Reservoir in Hartland, Connecticut; and the segment from the confluence with Thorp Brook in Sandisfield, Massachusetts, to Hayden Pond in Otis, Massachusetts.

(93) Great Egg Harbor River, New Jersey: The entire river.

(94) Klickitat, Washington: The segment from the southern boundary of the Yakima Indian Reservation, Washington, as described in the Treaty with the Yakimas of 1855 (12 Stat. 951), and as acknowledged by the Indian Claims Commission in Yakima Tribe of Indians v. U.S., 16 Ind. Cl. Comm. 336 (1966), to its confluence with the Little Klickitat River. Washington: Provided, That said study shall be carried on in consultation with the Yakima Indian Nation and shall include a determination of the degree to which the Yakima Indian Nation should participate in the preservation and administration of the river segment should it be proposed for inclusion in the Wild and Scenic Rivers system.

(95) White Salmon, Washington: The segment from its confluence with Trout Lake Creek, Washington, to its confluence with Gilmer Creek, Washington, near the town of B Z Corner, Washington.

(96) Maurice, New Jersey.—The segment from Shell Pile to the point three miles north of Laurel Lake.

(97) Manumuskin, New Jersey.—The segment from its confluence with the Maurice River to the crossing of State Route 49.

(100) Blue, Oregon.—The segment from its headwaters to the Blue River Reservoir; by the Secretary of Agriculture.

(101) Chewaucan, Oregon.—The segment from its headwaters to the Paisley Urban Growth boundary to be studied in cooperation with, and integrated with, the Klamath River Basin Plan; by the Secretary of Agriculture.

(102) North Fork Malheur, Oregon.—The segment from the Malheur National Forest boundary to Beulah Reservoir; by the Secretary of the Interior.

(103) South Fork McKenzie, Oregon.—The segments from its headwaters to the upper end of Cougar Reservoir and from the lower end of Cougar Reservoir to its confluence with the McKenzie River; by the Secretary of Agriculture.

(104) Steamboat Creek, Oregon.—The entire creek; by the Secretary of Agriculture.

(105) Wallowa, Oregon.—The segment from its confluence with the Minam River to its confluence with the Grande Ronde River; by the Secretary of Agriculture.

(106) Merrimack River, New Hampshire.—The segment from its origin at the confluence of the Pemigewasset and Winnipesaukee Rivers in Franklin, New Hampshire, to the backwater impoundment at Hooksett Dam, excluding the Garvin Falls Dam and its impoundment.

(107) Pemigewasset, New Hampshire.—The segments from Profile Lake downstream to the southern boundary of the Franconia Notch State Park and from the northern Thornton town-line downstream to the backwater of the Ayers Island Dam; by the Secretary of the Interior.

(108) St. Marys River, Florida and Georgia.—The segment from its headwaters to its confluence with the Bells River.
(109) MILLS RIVER, NORTH CAROLINA.—The North Fork from the bottom of the spillway of the Hendersonville Reservoir downstream to its confluence with the South Fork; the South Fork from its confluence with the Pigeon Branch downstream to its confluence with the North Fork; and the main stem from the confluence of the North and South Forks downstream to a point 750 feet upstream from the centerline of North Carolina Highway 191/280.

(110) SUDBURY, ASSABET, AND CONCORD, MASSACHUSETTS.—The segment of the Sudbury from the Danforth Street Bridge in the town of Framingham, to its confluence with the Assabet, the Assabet from 1,000 feet downstream of the Damon Mill Dam in Concord to its confluence with the Sudbury and the Concord from the confluence of the Sudbury and Assabet downstream to the Route 3 Bridge in the town of Billerica. The study of such river segments shall be completed and the report submitted thereon not later than at the end of the third fiscal year beginning after November 28, 1990.

(111) NIOMARA, NEBRASKA.—The 6-mile segment of the river from its confluence with Chimney Creek to its confluence with Rock Creek.

(112) LAMPERY, NEW HAMPSHIRE.—The segment from the southern Lee town line downstream to the confluence with Woodman's Brook at the base of Sullivan Falls in Durham.

(113) WHITE CLAY CREEK, DELAWARE AND PENNSYLVANIA.—The headwaters of the river in Pennsylvania to its confluence with the Christina River in Delaware, including the East, West, and Middle Branches, Middle Run, Pike Creek, Mill Creek, and other main branches and tributaries as determined by the Secretary of the Interior (herein referred to as the White Clay Creek).

(114) BRULE, MICHIGAN AND WISCONSIN.—The 33-mile segment from Brule Lake in the northeast quarter of section 15, township 41 north, range 13 east, to the National Forest boundary at the southeast quarter of section 31, township 41 north, range 17 east.

(115) CARP, MICHIGAN.—The 7.6-mile segment from its origin at the confluence of the outlets of Frenchman Lake and Carp Lake in section 26, township 44 north, range 6 west, to the west section line of section 30, township 43 north, range 5 west.

(116) LITTLE MANISTEE, MICHIGAN.—The 42-mile segment within the Huron-Manistee National Forest.

(117) WHITE, MICHIGAN.—The 75.4-mile segment within the Huron-Manistee National Forest as follows:

(A) The 30.8-mile segment of the main stem from U.S. 31 to the Huron-Manistee National Forest boundary at the north line of section 2, township 19 north, range 15 west, 1.5 miles southwest of Hesperia.

(B) The 18.9-mile segment of the South Branch White from the Huron-Manistee National Forest boundary east of Hesperia at the west line of section 22, township 14 north, range 14 west, to Echo Drive, section 6, township 13 north, range 12 west.

(C) The 25.7-mile segment of the North Branch White from its confluence with the South Branch White in section 25, township 13 north, range 16 west, to McLaren Lake in section 11, township 14 north, range 15 west.

(118) ONTONAGON, MICHIGAN.—The 32-mile segment of the Ontonagon as follows:

(A) The 12-mile segment of the West Branch from the Michigan State Highway 26 crossing to Cascade Falls.

(B) The 20-mile segment of the South Branch from the confluence of the Cisco Branch and Tenmile Creek to the confluence with the West Branch Ontonagon.

(119) PAINT, MICHIGAN.—The 70-mile segment as follows:

(A) 34 miles of the mainstream beginning at the eastern boundary of the Ottawa National Forest in section 1, township 44 north, range 35 west, to the city of Crystal Falls.

(B) 15 miles of the mainstream of the Net River from its confluence with the east and west branches to its confluence with the mainstream of the Paint River.

(C) 15 miles of the east branch of the Net River from its source in section 8, township 47 north, range 32 west, to its confluence with the mainstream of the Net River in section 24, township 46 north, range 34 west.

(D) 14 miles of the west branch of the Net River from its source in section 35, township 48 north, range 34 west, to its confluence with the mainstream of the Net River in section 24, township 46 north, range 34 west.

(120) PRESQUE ISLE, MICHIGAN.—The 13-mile segment of the mainstream from Minnewawa Falls to Lake Superior.

(121) STURGEON, OTTAWA NATIONAL FOREST, MICHIGAN.—The 36-mile segment of the mainstream from the source at Wagner Lake in section 13, township 49 north, range 31 west, to the eastern boundary of the Ottawa National Forest in section 12, township 48 north, range 35 west.

(122) STURGEON, HIAWATHA NATIONAL FOREST, MICHIGAN.—The 18.1-mile segment from Sixteen Mile Lake to the north line of section 26, township 43 north, range 19 west.

(123) TAHQUAMENON, MICHIGAN.—The 103.5-mile segment as follows:

(A) the 90-mile segment of the mainstream beginning at the source in section 21, township 47 north, range 12 west, to the mouth at Whitefish Bay; and

(B) the 13.5-mile segment of the east branch from the western boundary of the Hiawatha National Forest in section 19, township 46 north, range 6 west, to its confluence with the mainstream.

(124) WHITEFISH, MICHIGAN.—The 26-mile segment of the West Branch Whitefish from its source in section 26, township 46 north, range 23 west, to County Road 444.

(125) CLARION, PENNSYLVANIA.—The segment of the main stem of the river from Ridgway to its confluence with the Allegheny River. The Secretary of Agriculture shall conduct the study of such segment.

(126) MILL CREEK, JEFFERSON AND CLARION COUNTIES, PENNSYLVANIA.—The segment of the main stem of the creek from its headwaters near Gumbert Hill in Jefferson County, downstream to the confluence with the Clarion River.
§ 1276 

(127) PIRU CREEK, CALIFORNIA.—The segment of the main stem of the creek from its source downstream to the maximum pool of Pyramid Lake and the segment of the main stem of the creek beginning 300 feet below the dam at Pyramid Lake downstream to the maximum pool at Lake Piru, for a total distance of approximately 49 miles.

(128) LITTLE SUR RIVER, CALIFORNIA.—The segment of the main stem of the river from its headwaters downstream to the Pacific Ocean, a distance of approximately 23 miles. The Secretary of Agriculture shall consult with the Big Sur Multiagency Advisory Council during the study of the river.

(129) MATILIJAS CREEK, CALIFORNIA.—The segment from its headwaters to its junction with Murietta Canyon, a distance of approximately 16 miles.

(130) LOPEZ CREEK, CALIFORNIA.—The segments from its headwaters to Lopez Reservoir, a distance of approximately 11 miles.

(131) SUSPEE CREEK, CALIFORNIA.—The segment from Horton Grande Canyon downstream to its confluence with Rock Creek and Howard Creek, a distance of about 10.5 miles.

(132) NORTH FORK MERCED, CALIFORNIA.—The segment from its headwaters to its confluence with the Merced River, by the Secretary of Agriculture and the Secretary of the Interior.

(133) DELAWARE RIVER, PENNSYLVANIA AND NEW JERSEY.—(A) The approximately 3.6-mile segment from the Erie Lackawanna Railroad Bridge to the southern tip of Dildine Island.

(B) The approximately 2-mile segment from the southern tip of Mack Island to the northern border of the town of Belvidere, New Jersey.

(C) The approximately 12.5-mile segment from the southern border of the town of Belvidere, New Jersey, to the northern border of the city of Easton, Pennsylvania, excluding river mile 196.0 to 198.3.

(D) The approximately 9.5-mile segment from the southern border of the town of Phillipsburg, New Jersey, to a point just north of the Gilbert Generating Station.

(E) The approximately 14.2-mile segment from a point just south of the Gilbert Generating Station to a point just north of the Point Pleasant Pumping Station.

(F) The approximately 6.5-mile segment from a point just south of the Point Pleasant Pumping Station to the north side of the Route 202 bridge.

(G) The approximately 6-mile segment from the southern boundary of the town of New Hope, Pennsylvania, to the town of Washington Crossing, Pennsylvania.

(H) The Cook’s Creek tributary.

(1) The Tinicum Creek tributary.

(2) The Tocks Inlet Creek tributary.

(134) NEW RIVER, WEST VIRGINIA AND VIRGINIA.—The segment defined by public lands commencing at the U.S. Route 460 bridge over the New River in Virginia to the maximum summer pool elevation (one thousand four hundred and ten feet above mean sea level) of Bluestone Lake in West Virginia; by the Secretary of the Interior. Nothing in this chapter shall affect or impair the management of the Bluestone project or the authority of any department, agency or instrumentality of the United States to carry out the project purposes of that project as of October 26, 1992. The study of the river segment identified in this paragraph shall be completed and reported on within one year after October 26, 1992.

(135) RIO GRANDE, NEW MEXICO.—The segment from the west section line of Section 15, Township 23 North, Range 10 East, downstream approximately 8 miles to the southern line of the northwest quarter of Section 34, Township 23 North, Range 9 East.

(136) WERKIVIA RIVER, FLORIDA.—(A) The entire river.

(B) The Seminole River tributary.

(C) The Rock Springs Run tributary.

(137) TAUNTON RIVER, MASSACHUSETTS.—The segment downstream from the headwaters, from the confluence of the Town River and the Mattfield River in Bridgewater to the confluence with the Forge River in Raynham, Massachusetts.

(138) EIGHTMILE RIVER, CONNECTICUT.—The segment from its headwaters downstream to its confluence with the Connecticut River.

(139) LOWER FARMINGTON RIVER AND SALMON BROOK, CONNECTICUT.—The segment of the Farmington River downstream from the segment designated as a recreational river by section 1274(a)(156) of this title to its confluence with the Connecticut River, and the segment of the Salmon Brook including its mainstream and east and west branches.

(140) MISSISQUOI AND TROUT RIVERS, VERMONT.—The approximately 25-mile segment of the upper Missisquoi from its headwaters in Lowell to the Canadian border in North Troy, the approximately 25-mile segment from the Canadian border in East Richford to Enosburg Falls, and the approximately 20-mile segment of the Trout River from its headwaters to its confluence with the Missisquoi River.

(b) Studies and reports

(1) The studies of rivers named in subparagraphs (28) through (55) of subsection (a) of this section shall be completed and reports thereon submitted by not later than October 2, 1979: Provided, That with respect to the rivers named in subparagraphs (33), (50), and (51), the Secretaries shall not commence any studies until (i) the State legislature has acted with respect to such rivers or (ii) one year from January 3, 1975, whichever is earlier. Studies of the river named in paragraphs (38), (55), (83), and (87) shall be completed and the reports transmitted to the Congress not later than January 1, 1987.

(2) The study of the river named in subparagraph (56) of subsection (a) of this section shall be completed and the report thereon submitted by not later than January 3, 1976.

(3) The studies of the rivers named in paragraphs (59) through (76) of subsection (a) of this section shall be completed and reports thereon submitted not later than five full fiscal years after November 10, 1978. The study of rivers named in paragraphs (62) through (64) of subsection (a) of this section shall be completed and the report thereon submitted by not later than

So in original. Probably should be "rivers".
April 1981. The study of the river named in paragraph (90) of subsection (a) of this section shall be completed not later than three years after October 17, 1984. The study of the river named in paragraph (93) of subsection (a) of this section shall be completed not later than three years after October 30, 1986.

(4) For the purposes of conducting the studies of rivers named in subsection (a) of this section, there are authorized to be appropriated such sums as necessary.

(5) The studies of the rivers in paragraphs (77) through (88) shall be completed and reports transmitted thereon not later than three full fiscal years from December 2, 1980. For the rivers listed in paragraphs (77), (78), and (79) the studies prepared and transmitted to the Congress pursuant to section 6505(c) of title 42 shall satisfy the requirements of this section.

(6) Studies of rivers listed in paragraphs (80) and (81) shall be completed, and reports submitted within and not later than the time when the Bristol Bay Cooperative Region Plan is submitted to Congress in accordance with section 3183 of this title.

(7) The study of the West Branch of the Farmington River identified in paragraph (92) of subsection (a) of this section shall be completed and the report submitted thereon not later than the end of the third fiscal year beginning after October 30, 1986. Such report shall include a discussion of management alternatives for the river if it were to be included in the national wild and scenic river system.

(8) The study of the Merrimack River, New Hampshire, shall be completed and the report thereon submitted not later than three years after August 10, 1990.

(9) The study of the Pemigewasset River, New Hampshire, shall be completed and the report thereon submitted not later than three years after August 10, 1990.

(10) The study of the river named in paragraph (106) of subsection (a) of this section shall be completed not later than three years after August 15, 1990. In carrying out the study, the Secretary of the Interior shall consult with the Governors of the States of Florida and Georgia or their representatives, representatives of affected local governments, and owners of land adjacent to the river. Such consultation shall include participation in the assessment of resource values and the development of alternatives for the protection of those resource values, and shall be carried out through public meetings and media notification. The study shall also include a recommendation on the part of the Secretary as to the role the States, local governments and landowners should play in the management of the river if it were designated as a component of the National Wild and Scenic Rivers System.

(B) In carrying out the study, the Secretary of the Interior shall prepare a map of the White Clay Creek watershed in Delaware and Pennsylvania, and shall develop a recommended management plan for the White Clay Creek. The plan shall provide recommendations as to the protection and management of the White Clay Creek, including the role the State and local governments, and affected landowners, should play in the management of the White Clay Creek if it is designated as a component of the National Wild and Scenic Rivers System.

(C) The Secretary shall prepare the study, including the recommended management plan, in cooperation and consultation with appropriate State and local governments, and affected landowners.

(13) The study of segments of the Brule, Carp, Little Manistee, White, Paint, Presque Isle, Ontonagon, Sturgeon (Hiawatha), Sturgeon (Ottawa), Whitefish, and Tahquamenon Rivers in Michigan under subsection (a) of this section shall be completed by the Secretary of Agriculture and the report submitted thereon not later than at the end of the third fiscal year beginning after March 3, 1992. For purposes of such river studies, the Secretary shall consult with each River Study Committee authorized under section 5 of the Michigan Scenic Rivers Act of 1990, and shall encourage public participation and involvement through hearings, workshops, and such other means as are necessary to be effective.

(14)(A) The study of the Delaware River segments and tributaries designated for potential addition to the National Wild and Scenic Rivers System pursuant to subsection (a)(16) of this section shall be completed and the report submitted to Congress not later than one year after October 23, 1992.

(B) The Secretary shall—

(i) prepare the study in cooperation and consultation with appropriate Federal, State, regional, and local agencies, including but not limited to, the Pennsylvania Department of Environmental Resources, the New Jersey Department of Environmental Protection, the Delaware and Lehigh Navigation Canal National Heritage Corridor Commission, and the Delaware and Raritan Canal Commission; and

(ii) consider previous plans for the protection of affected cultural, recreational, and natural resources (including water supply and water quality) and existing State and local regulations, so as to avoid unnecessary duplication.

(C) Pursuant to section 1282(b)(1) of this title, the Secretary shall undertake a river conservation plan for the segment of the Delaware River from the northern city limits of Trenton, New Jersey, to the Southern boundary of Bucks County, Pennsylvania.

(15) The study of the Rio Grande in New Mexico shall be completed and the report submitted not later than 3 years after May 4, 1994.

3 See Codification note below.
4 So in original. Probably should be “(106)”. 5 See References in Text note below.
6 So in original. Probably should be subsection “(a)(133)”. 7 So in original. Probably should not be capitalized.
(16) The study of the Wekiva River and the tributaries designated in paragraph (136) of subsection (a) of this section shall be completed and the report transmitted to Congress not later than two years after October 19, 1996.

(17) TAUNTON RIVER, MASSACHUSETTS.—Not later than 3 years after October 19, 2000, the Secretary of the Interior—

(A) shall complete the study of the Taunton River, Massachusetts; and

(B) shall submit to Congress a report describing the results of the study.

(18) The study of the Eightmile River, Connecticut, named in paragraph (138) of subsection (a) of its political divisions might participate in as close cooperation with appropriate agencies of the United States or its political subdivisions might participate in, the Secretary of the Interior and the report thereon submitted to Congress not later than 3 years after November 6, 2001.

(19) MISSISSOQUI AND TROUT RIVERS, VERMONT.—Not later than 3 years after the date on which funds are made available to carry out this paragraph, the Secretary of the Interior shall—

(A) complete the study of the Missisquoi and Trout Rivers, Vermont, described in subsection (a)(140); and

(B) submit a report describing the results of that study to the appropriate committees of Congress.

c) State participation

The study of any of said rivers shall be pursued in as close cooperation with appropriate agencies of the affected State and its political subdivisions as possible, shall be carried on jointly with such agencies if request for such joint study is made by the State and shall include a determination of the degree to which the State or its political subdivisions might participate in the preservation and administration of the river should it be proposed for inclusion in the national wild and scenic rivers system.

d) Continuing consideration by Federal agencies to potential national, wild, scenic and recreational river areas

(1) In all planning for the use and development of water and related land resources, consideration shall be given by all Federal agencies involved to potential national wild, scenic and recreational river areas, and all river basin and project plan reports submitted to the Congress shall consider and discuss any such potentials.

(2) The Congress finds that the Secretary of the Interior, in preparing the Nationwide Rivers Inventory as a specific study for possible additions to the National Wild and Scenic Rivers System, identified the Upper Klamath River from below the John Boyle Dam to the Oregon-California State line. The Secretary, acting through the Bureau of Land Management, is authorized under this subsection to complete a study of the eligibility and suitability of such segment for potential addition to the National Wild and Scenic Rivers System. Such study shall be completed, and a report containing the results of the study shall be submitted to Congress by April 1, 1990. Nothing in this paragraph shall affect the authority or responsibilities of any other Federal agency with respect to activities or actions on this segment and its immediate environment.

REFERENCES IN TEXT

CODIFICATION

Section 3183 of this title, referred to in subsec. (b)(6), was in the original “section 1204 of the Alaska National Interest Lands Conservation Act” and has been editorially translated as section 3183 of this title, which is section 1203 of that Act, as the probable intent of Congress, in view of that Act being enacted without section 1204 and section 1203 of that Act relating to the Bristol Bay Cooperative Region Plan.

AMENDMENTS

Subsec. (b)(11) to (14). Pub. L. 106–318, §§ 4(2)–(4), redesignated par. (11) relating to study of White Clay Creek, Delaware and Pennsylvania, as (12), par. (11) relating to study of segments of Brule, Carp, and other rivers in Michigan as (13), and par. (11) relating to study of segments of Delaware River in Pennsylvania and New Jersey as (14).
Subsec. (b)(16). Pub. L. 106–318, § 4(6), (7), designated unnumbered par. relating to study of Wekiva River, Florida, and its tributaries as par. (16) and substituted ‘‘paragraph (136)’’ for ‘‘paragraph (14)’’.
Subsec. (a)(109) to (111). Pub. L. 104–333, §§ 407(b)(3), designated unnumbered pars. relating to Millers River, North Carolina, Sudbury, Assabet, and Concord, Massachusetts, and Niobrara, Nebraska, as pars. (109) to (111), respectively.
Subsec. (a)(112). Pub. L. 104–333, § 407(b)(2), redesignated par. relating to Lamprey River, New Hampshire as par. (112), redesignated former par. (112) as par. (113), and redesignated par. relating to White Clay Creek, Delaware and Pennsylvania, as (12), par. (11) relating to study of segments of Brule, Carp, and other rivers in Michigan as (13), and par. (11) relating to study of segments of Delaware River in Pennsylvania and New Jersey as (14).
Subsec. (b). Pub. L. 103–242, § 3(b), added unnumbered par. relating to study of Rio Grande, New Mexico.
Pub. L. 102–460, § 1(a), added unnumbered par. relating to Delaware River, Pennsylvania and New Jersey.
Pub. L. 102–432 added unnumbered par. relating to North Fork Merced, California.
Pub. L. 102–391 added unnumbered pars. relating to the following rivers in California: Piru Creek, Little Sur River, Matilija Creek, Lopez Creek, and Sespe Creek.
Pub. L. 102–271 added unnumbered pars. relating to Clarion River and Mill Creek, Pennsylvania.
Pub. L. 102–249, § 4(a), added unnumbered pars. relating to the Brule River in Michigan and Wisconsin, and the following rivers in Michigan: Carp, Little Manitsee, White, Ontonagon, Paint, Presque Isle, Sturgeon (Otawa National Forest), Sturgeon (Hawawatha National Forest), Tahquamenon, and Whitefish.
Subsec. (a)(109) to (105). Pub. L. 101–40, § 2(b)(2), redesignated unnumbered paragraphs relating to rivers in Oregon as pars. (100) to (105).
Subsec. (d). Pub. L. 100–557, § 104, designated existing provisions as par. (1) and added par. (2).
1987—Subsec. (a)(94). Pub. L. 100–149, § 2(b), designated pars. relating to Klickitat and White Salmon as pars. (94) and (95), respectively.
Pub. L. 100–33 added par. (96) relating to Maurice, New Jersey.
Subsec. (a)(97). Pub. L. 100–33 added pars. (97) and (98).
Subsec. (a)(92), (93). Pub. L. 99–590, §§ 201(b), 301(a), added pars. (92) and (93).
Subsec. (a)(94). Pub. L. 99–683 added at end two unnumbered pars., relating to Klickitat, Washington, and White Salmon, Washington, which were designated as pars. (94) and (95), respectively, by Pub. L. 100–149.
Subsec. (b)(4). Pub. L. 99–590, § 503(c), amended par. (4) generally, substituting provisions authorizing appropriations for purposes of conducting studies of rivers named in subsec. (a), for provisions authorizing appropriations for the purpose of conducting studies of rivers named in pars. (28) through (56), (59) through (76), (90), and (95) of subsec. (a).
Pub. L. 99–590, § 503(c), inserted provisions authorizing an appropriation of not to exceed $150,000 for conducting study of river named in subsec. (a)(93).
Subsec. (b)(5), (6). Pub. L. 98–484, §5(c), redesignated pars. (4) and (5) added by Pub. L. 96–487, §604(b), as pars. (5) and (6), respectively.

Subsec. (a)(77) to (88). Pub. L. 96–487, §604(a), added pars. (77) to (88).

Subsec. (b)(3), (4). Pub. L. 96–199, §102(b), substituted “(76)” for “(75)”.

1979—Subsec. (b)(3). Pub. L. 96–47, §404(a), substituted “‘paragraphs (50) through (75)” for “paragraphs (50) through (72)”.

Subsec. (b)(4). Pub. L. 96–47, §404(b), substituted “‘paragraphs (75)” for “paragraphs (50) through (74)”.

Subsec. (b)(3), (4). Pub. L. 95–625, §§735, 736, added par. (3), redesignated former par. (3) as (4), and increased appropriations authorization for certain studies to $4,060,000 from $2,175,000 and authorized necessary appropriations for certain other river studies.

Subsec. (b)(2) to (d), Pub. L. 93–621, §1(b), added subsec. (b) and redesignated former subsecs. (b) and (c) as (b) and (d), respectively.

1974—Subsecs. (b) to (d). Pub. L. 93–279 redesignated subsecs. (c) and (d) as (b) and (c), respectively. Former subsec. (b), relating to the study of rivers named in subsec. (a) of this section for inclusion in the national wild and scenic river system and submission of reports to the President and the Congress, was incorporated in section 1275(a) of this title.

CHANGE OF NAME

EFFECTIVE DATE OF 1984 AMENDMENT

Section 6 of Pub. L. 98–484 provided that: “The provisions of this Act [amending this section] shall take effect on the date of the enactment of this Act [Oct. 17, 1984].”

GENESEE RIVER PROTECTION

Pub. L. 101–175, Nov. 27, 1989, 103 Stat. 1294, provided that:

‘‘SECTION 1. SHORT TITLE.
“‘This Act may be cited as the ‘Genesee River Protection Act of 1989’.”

‘‘SEC. 2. PROTECTION OF THE GENESEE RIVER.

“In order to protect for present and future generations the outstanding scenic, natural, recreational, scientific, cultural, and ecological values of the Genesee River within Letchworth Gorge State Park in the State of New York, and to assist in the protection and enhancement of the Gorge’s archeological sites of sacred significance to the Seneca Nation, historic areas, endangered plant communities, and diverse recreation uses, the protections afforded for rivers listed in section 5(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1276(a)) for study for potential addition to the National Wild and Scenic Rivers System shall apply to the segment of the Genesee River beginning at the southern boundary of Letchworth Gorge State Park and extending downstream to the Mt. Morris Dam, except that the protection so afforded shall not interfere with the Secretary of the Army’s operation and management of Mt. Morris Dam as authorized for purposes of flood control.”

§ 1277. Land acquisition

(a) Grant of authority to acquire; State and Indian lands; use of appropriated funds; acquisition of tracts partially outside component boundaries; disposition of lands

(1) The Secretary of the Interior and the Secretary of Agriculture are each authorized to acquire lands and interests in land within the authorized boundaries of any component of the national wild and scenic rivers system designated in section 1274 of this title, or hereafter designated for inclusion in the system by Act of Congress, which is administered by him, but he shall not acquire fee title to an average of more than 100 acres per mile on both sides of the river. Lands owned by a State may be acquired only by donation or by exchange in accordance with subsection (d) of this section. Lands owned by an Indian tribe or a political subdivision of a State may not be acquired without the consent of the appropriate governing body thereof as long as the Indian tribe or political subdivision is following a plan for management and protection of the lands which the Secretary finds protects the land and assures its use for purposes consistent with this chapter.

(b) Appropriations for Federal purposes from the land and water conservation fund shall, without prejudice to the use of appropriations from other sources, be available to Federal departments and agencies for the acquisition of property for the purposes of this chapter.

(2) When a tract of land lies partially within and partially outside the boundaries of a component of the National Wild and Scenic Rivers System, the appropriate Secretary may, with the consent of the landowners for the portion outside the boundaries, acquire the entire tract. The land or interest therein so acquired outside the boundaries shall not be counted against the average one-hundred-acre-per-mile fee title limitation of subsection (a)(1) of this section. The lands or interests therein outside such boundaries, shall be disposed of, consistent with existing authorities of law, by sale, lease, or exchange.

(b) Curtailment of condemnation power in area

If 50 per centum or more of the entire acreage outside the ordinary high water mark on both sides of the river within a federally administered wild, scenic or recreational river area is owned in fee title by the United States, by the State or States within which it lies, or by political subdivisions of those States, the appropriate Secretary shall acquire fee title to any lands by condemnation under authority of this chapter. Nothing contained in this section, however, shall preclude the use of condemnation when necessary to clear title or to acquire scenic easements or such other easements as are reasonably necessary to give the public access to the river and to permit its members to traverse the length of the area or of selected segments thereof.
(c) Curtailment of condemnation power in urban areas covered by valid and satisfactory zoning ordinances

Neither the Secretary of the Interior nor the Secretary of Agriculture may acquire lands by condemnation, for the purpose of including such lands in any national wild, scenic or recreational river area, if such lands are located within any incorporated city, village, or borough which has in force and applicable to such lands a duly adopted, valid zoning ordinance that conforms with the purposes of this chapter. In order to carry out the provisions of this subsection the appropriate Secretary shall issue guidelines, specifying standards for local zoning ordinances, which are consistent with the purposes of this chapter. The standards specified in such guidelines shall have the object of (A) prohibiting new commercial or industrial uses other than commercial or industrial uses which are consistent with the purposes of this chapter, and (B) the protection of the bank lands by means of acreage, frontage, and setback requirements on development.

(d) Exchange of property

The appropriate Secretary is authorized to accept title to non-Federal property within the authorized boundaries of any federally administered component of the national wild and scenic rivers system designated in section 1274 of this title or hereafter designated for inclusion in the system by Act of Congress and, in exchange therefor, convey to the grantor any federally owned property which is under his jurisdiction within the State in which the component lies and which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal or, if they are not approximately equal, shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

(e) Transfer of jurisdiction over federally owned property to appropriate Secretary

The head of any Federal department or agency having administrative jurisdiction over any lands or interests in land within the authorized boundaries of any federally administered component of the national wild and scenic rivers system designated in section 1274 of this title or hereafter designated for inclusion in the system by Act of Congress is authorized to transfer to the appropriate secretary jurisdiction over such lands or interests in land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the appropriate Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(f) Acceptance of donated land, funds, and other property

The appropriate Secretary is authorized to accept donations of lands and interests in land, funds, and other property for use in connection with his administration of the national wild and scenic rivers system.

(g) Retained right of use and occupancy; termination; fair market value; “improved property” defined

(1) Any owner or owners (hereinafter in this subsection referred to as “owner”) of improved property on the date of its acquisition, may retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, or the death of either or both of them. The owner shall elect the term to be reserved. The appropriate Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(2) A right of use and occupancy retained pursuant to this subsection shall be subject to termination whenever the appropriate Secretary is given reasonable cause to find that such use and occupancy is being exercised in a manner which conflicts with the purposes of this chapter. In the event of such a finding, the Secretary shall tender to the holder of that right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination. Such right of use or occupancy shall terminate by operation of law upon tender of the fair market price.

(3) The term “improved property”, as used in this chapter, means a detached, one-family dwelling (hereinafter referred to as “dwelling”), the construction of which was begun before January 1, 1967, (except where a different date is specifically provided by law with respect to any particular river) together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the appropriate Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

$1278. Restrictions on water resources projects

(a) Construction projects licensed by Federal Energy Regulatory Commission

The Federal Energy Regulatory Commission shall not license the construction of any dam,
§ 1278  TITLE 16—CONSERVATION  Page 1640

water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063), as amended (16 U.S.C. 791a et seq.), or on or directly affecting any river which is designated in section 1274 of this title as a component of the national wild and scenic rivers system or which is hereafter designated for inclusion in that system, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary charged with its administration. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above a wild, scenic or recreational river area or on any stream tributary thereto which will not invade the area or unreasonably diminish the scenic, recreational, and fish and wildlife values present in the area on the date of designation of a river as a component of the National Wild and Scenic Rivers System. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary charged with its administration, or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary of the Interior or the Secretary of Agriculture, as the case may be, in writing of its intention so to do at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this chapter and would affect the component and the values to be protected by it under this chapter. Any license heretofore or hereafter issued by the Federal Energy Regulatory Commission affecting the New River of North Carolina shall continue to be effective only for that portion of the river which is not included in the National Wild and Scenic Rivers System pursuant to section 1273 of this title and no project or undertaking so licensed shall be permitted to invade, inundate or otherwise adversely affect such river segment.

(b) Construction projects on rivers designated for potential addition to system

The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act, as amended (16 U.S.C. 791a et seq.), or on or directly affecting any river which is listed in section 1276(a) of this title, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river might be designated, as determined by the Secretary responsible for its study or approval—

(i) during the ten-year period following October 2, 1968, or for a three complete fiscal year period following any Act of Congress designating any river for potential addition to the national wild and scenic rivers system, whichever is later, unless, prior to the expiration of the relevant period, the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture, on the basis of study, determine that such river should not be included in the national wild and scenic rivers system and notify the Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives, in writing, including a copy of the study upon which the determination was made, at least one hundred and eighty days while Congress is in session prior to publishing notice to that effect in the Federal Register: Provided, That if any Act designating any river or rivers for potential addition to the national wild and scenic rivers system provides a period for the study or studies which exceeds such three complete fiscal year period the period provided for in such Act shall be substituted for the three complete fiscal year period in the provisions of this clause (i); and

(ii) during such interim period from the date a report is due and the time a report is actually submitted to the Congress; and

(iii) during such additional period thereafter as, in the case of any river the report for which is submitted to the President and the Congress, is necessary for congressional consideration thereof or, in the case of any river recommended to the Secretary of the Interior for inclusion in the national wild and scenic rivers system under section 1273(a)(ii) of this title, is necessary for the Secretary’s consideration thereof, which additional period, however, shall not exceed three years in the first case and one year in the second.

Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above a potential wild, scenic or recreational river area or on any stream tributary thereto which will not invade the area or diminish the scenic, recreational, and fish and wildlife values present in the potential wild, scenic or recreational river area on the date of designation of a river for study as provided for in section 1276 of this title. No department or agency of the United States shall, during the periods hereinbefore specified, recommend authorization of any water resources project on any such river or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture in writing of its intention so to do at least sixty days in advance of doing so and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this chapter and would affect the component and the values to be protected by it under this chapter.

(c) Activities in progress affecting river of system; notice to Secretary

The Federal Energy Regulatory Commission and all other Federal agencies shall, promptly
upon enactment of this chapter, inform the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture, of any proceedings, studies, or other activities within their jurisdiction which are now in progress and which affect or may affect any of the rivers specified in section 1276(a) of this title. They shall likewise inform him of any such proceedings, studies, or other activities which are hereafter commenced or resumed before they are commenced or resumed.

(d) Grants under Land and Water Conservation Fund Act of 1965

Nothing in this section with respect to the making of a loan or grant shall apply to grants made under the Land and Water Conservation Fund Act of 1965 [16 U.S.C. 460l–4 et seq.].

REFERENCES IN TEXT

The Federal Power Act, referred to in subssecs. (a) and (b), is act June 10, 1920, ch. 283, 41 Stat. 1003, as amended, which is classified generally to chapter 12 (§ 791 et seq.) of this title. For complete classification of this Act to the Code, see section 791a of this title and Tables.

AMENDMENTS

1994—Subsec. (b)(1). Pub. L. 103–437 substituted “Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives” for “Committees on Interior and Insular Affairs of the United States Congress”.

1969—Subsec. (a). Pub. L. 99–590, § 308(a), substituted provisions relating to values present in the area on the date of designation of a river for provisions relating to values present in the area on Oct. 2, 1968.

Subsec. (b). Pub. L. 99–590, § 505(b), added cl. (ii), redesignated former cl. (ii) as (iii), and substituted provisions relating to values present in the area on the date of designation of a river for study pursuant to section 1276 of this title for provisions relating to values present in the area on the date of approval of this chapter.

1975—Subsec. (b)(1). Pub. L. 93–621 inserted proviso that if any Act provides a time period for study in excess of the three fiscal year period, that period shall be substituted for the three complete fiscal year period provision of cl. (i).

1974—Subsec. (b)(1). Pub. L. 93–279, § 1(b)(3), substituted provisions that construction projects may not be licensed or assisted before Oct. 2, 1978, or for a three year period following inclusion of a river in the list of rivers for potential addition to the national wild and scenic river system, unless, prior to that period, the Secretary of the Interior or the Secretary of Agriculture, as the case may be, determined that such river should not be so included and notified the Committees on Interior and Insular Affairs, before publication in the Federal Register, for provisions that such projects may not be licensed or assisted before Oct. 2, 1973, unless, prior to that period, the Secretary of the Interior or the Secretary of Agriculture, as the case may be, concluded that such river should not be so included and published notice to that effect in the Federal Register.

Subsec. (b)(ii). Pub. L. 93–279, § 1(b)(4), substituted “the report for which is submitted to the President and the Congress is necessary” for “which is recommended to the President and the Congress for inclusion in the national wild and scenic rivers system, is necessary”.

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of the Interior related to compliance with system activities requiring coordination and approval under this chapter and such functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with this chapter with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas transferred to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, until first anniversary of date of initial operation of Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(e), (f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees. Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 301(b) of Pub. L. 102–496, set out as an Abolition of Office of Federal Inspector note under section 719e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of Title 15.

“Federal Energy Regulatory Commission” substituted for “Federal Power Commission” in subsecs. (a), (b), and (c) pursuant to Pub. L. 95–91, § 402(a)(1)(A), which is classified to section 7172(a)(1)(A) of Title 42, The Public Health and Welfare.

Federal Power Commission terminated and its functions with regard to licenses and permits for dams, reservoirs, or other works for development and improvement of navigation and for development and utilization of power across, along, from, or in navigable waters under part I of Federal Power Act (16 U.S.C. 792 et seq.) transferred to Federal Energy Regulatory Commission by sections 7172(a)(1)(A) and 7203 of Title 42.

§ 1279. Withdrawal of public lands from entry, sale, or other disposition under public land laws

(a) Lands within authorized boundaries of components of system

All public lands within the authorized boundaries of any component of the national wild and scenic rivers system which is designated in section 1274 of this title or which is designated after October 2, 1968, for inclusion in that system are hereby withdrawn from entry, sale, or other disposition under the public land laws of the United States. This subsection shall not be construed to limit the authorities granted in section 1277(d) or section 1285a of this title.

(b) Lands constituting bed or bank of river; lands within bank area

All public lands which constitute the bed or bank, or are within one-quarter mile of the bank, of any river which is listed in section
§ 1276. Federal mining and mineral leasing laws

(a) Applicability to components of system

Nothing in this chapter shall affect the applicability of the United States mining and mineral leasing laws within components of the national wild and scenic rivers system except that—

(i) all prospecting, mining operations, and other activities on mining claims which, in the case of a component of the system designated in section 1274 of this title, have not heretofore been perfected or which, in the case of a component hereafter designated pursuant to this chapter or any other Act of Congress, are not perfected before its inclusion in the system and all mining operations and other activities under a mineral lease, license, or permit issued or renewed after inclusion of a component in the system shall be subject to such regulations as the Secretary of the Interior or, in the case of national forest lands, the Secretary of Agriculture may prescribe to effectuate the purposes of this chapter;

(ii) subject to valid existing rights, the perfection of, or issuance of a patent to, any mining claim affecting lands within the system shall confer or convey a right or title only to the mineral deposits and such rights only to the use of the surface and the surface resources as are reasonably required to carrying on prospecting or mining operations and are consistent with such regulations as may be prescribed by the Secretary of the Interior or, in the case of national forest lands, by the Secretary of Agriculture; and

(iii) subject to valid existing rights, the minerals in Federal lands which are part of the system and constitute the bed or bank or are situated within one-quarter mile of the bank of any river designated a wild river under this chapter or any subsequent Act are hereby withdrawn from all forms of appropriation under the mining laws and from operation of the mineral leasing laws including, in both cases, amendments thereto.

Regulations issued pursuant to paragraphs (i) and (ii) of this subsection shall, among other things, provide safeguards against pollution of the river involved and unnecessary impairment of the scenery within the component in question.

(b) Withdrawal from appropriation of minerals in Federal river beds or bank areas; prospecting, leases, licenses, and permits

The minerals in any Federal lands which constitute the bed or bank or are situated within one-quarter mile of the bank of any river which is listed in section 1276(a) of this title are hereby withdrawn from all forms of appropriation under the mining laws during the periods specified in section 1278(b) of this title. Nothing contained in this subsection shall be construed to forbid prospecting or the issuance of leases, licenses, and permits under the mineral leasing laws subject to such conditions as the Secretary of the Interior and, in the case of national forest lands, the Secretary of Agriculture find appropriate to safeguard the area in the event it is subsequently included in the system. Notwithstanding the foregoing provisions of this subsection or any other provision of this chapter, all public lands which constitute the bed or bank, or are within an area extending two miles from the bank of the river channel on both sides of the river segments referred to in paragraphs (77) through (88) of section 1276(a) of this title are hereby withdrawn from entry, sale, State selection or other disposition under the public land laws of the United States for periods specified in section 1278(b) of this title.

References in Text

The public land laws of the United States, referred to in text, are classified generally to Title 43, Public Lands.

The Alaska Native Claims Settlement Act, referred to in subsec. (b), is Pub. L. 92–203, Dec. 18, 1971, 85 Stat. 688, as amended, which is classified generally to chapter 33 (§ 1601 et seq.) of Title 43. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

Amendments

1986—Subsec. (a). Pub. L. 99–590 inserted provisions relating to construction of subsec. (a) with respect to authorities granted in section 1277(d) or 1285a of this title.

1980—Subsec. (b). Pub. L. 96–487 inserted provision withdrawing, subject to valid existing rights, all public lands which constitute the bed or bank, or are within an area extending two miles from the bank of the river channel on both sides of the river segments referred to in section 1276(a)(77) through (88) of this title, from entry, sale, State selection or other disposition under the public land laws for periods specified in section 1278(b) of this title.

§ 1280. Federal mining and mineral leasing laws
an area extending two miles from the bank of the river channel or both sides of the river segments referred to in section 1276(a)(77) through (88) of this title, from all forms of appropriations under the mining laws and operation of the mineral leasing laws during the periods specified in section 1278(b) of this title.

§ 1281. Administration

(a) Public use and enjoyment of components; protection of features; management plans

Each component of the national wild and scenic rivers system shall be administered in such manner as to protect and enhance the values which caused it to be included in said system without, insofar as is consistent therewith, limiting other uses that do not substantially interfere with public use and enjoyment of these values. In such administration primary emphasis shall be given to protecting its esthetic, scenic, historic, archeologic, and scientific features. Management plans for any such component may establish varying degrees of intensity for its protection and development, based on the special attributes of the area.

(b) Wilderness areas

Any portion of a component of the national wild and scenic rivers system that is within the national wilderness preservation system, as established by or pursuant to the Wilderness Act [16 U.S.C. 1131 et seq.], shall be subject to the provisions of both the Wilderness Act and this chapter with respect to preservation of such river and its immediate environment, and in case of conflict between the provisions of the Wilderness Act and this chapter the more restrictive provisions shall apply.

(c) Areas administered by National Park Service and Fish and Wildlife Service

Any component of the national wild and scenic rivers system that is administered by the Secretary of the Interior through the National Park Service shall become a part of the national wildlife refuge system, and any such component that is administered by the Secretary through the Fish and Wildlife Service shall become a part of the national wildlife refuge system. The lands involved shall be subject to the provisions of this chapter and the Acts under which the national park system and the national wildlife system are administered, referred to in subsec. (c), are classified generally to this title.

(d) Statutory authorities relating to national forests

The Secretary of Agriculture, in his administration of any component of the national wild and scenic rivers system area, may utilize the general statutory authorities relating to the national forests in such manner as he deems appropriate to carry out the purposes of this chapter.

(e) Cooperative agreements with State and local governments

The Federal agency charged with the administration of any component of the national wild and scenic rivers system may enter into written cooperative agreements with the Governor of a State, the head of any State agency, or the appropriate official of a political subdivision of a State for State or local governmental participation in the administration of the component. The States and their political subdivisions shall be encouraged to cooperate in the planning and administration of components of the system which include or adjacent State- or county-owned lands.

References in Text

The Acts under which the national park system and the national wilderness system are administered, referred to in subsec. (c), are classified generally to this title.

Codification

The first reference to the Wilderness Act in subsec. (b) was in the original a reference to the Act of September 3, 1964 (78 Stat. 890).

Transfer of Functions

For transfer of certain enforcement functions of Secretary or other official in Department of the Interior and Secretary or other official in Department of Agriculture under this chapter to Federal Coordinator, Office of Federal Inspector for Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 1278 of this title.

Management of Segment of Salmon River Designated as Component of Wild and Scenic River System Located Within Frank Church—River of No Return Wilderness or Gospel-Hump Wilderness

§ 1282. Assistance to State and local projects

(a) Assistance of Secretary of the Interior

The Secretary of the Interior shall encourage and assist the States to consider, in formulating and carrying out their comprehensive statewide outdoor recreation plans and proposals for financing assistance for State and local projects submitted pursuant to the Land and Water Conservation Fund Act of 1965 (78 Stat. 897)
U.S.C. 460–4 et seq.), needs and opportunities for establishing State and local wild, scenic and recreational river areas.

(b) Assistance of Secretaries of the Interior, Agriculture, or other Federal agency heads; use of Federal facilities, equipment, etc.; conditions on permits or other authorizations

(1) The Secretary of the Interior, the Secretary of Agriculture, or the head of any other Federal agency, shall assist, advise, and cooperate with States or their political subdivisions, landowners, private organizations, or individuals to plan, protect, and manage river resources. Such assistance, advice, and cooperation may be through written agreements or otherwise. This authority applies within or outdoors a federally administered area and applies to rivers which are components of the National Wild and Scenic Rivers System and to other rivers. Any agreement under this subsection may include provisions for limited financial or other assistance to encourage participation in the acquisition, protection, and management of river resources.

(2) Wherever appropriate in furtherance of this chapter, the Secretary of Agriculture and the Secretary of the Interior are authorized and encouraged to utilize the following:

(3) For purposes of this subsection, the appropriate Secretary or the head of any Federal agency may utilize and make available Federal facilities, equipment, tools and technical assistance to volunteers and volunteer organizations, subject to such limitations and restrictions as the appropriate Secretary or the head of any Federal agency deems necessary or desirable.

(4) No permit or other authorization provided for under provision of any other Federal law shall be conditioned on the existence of any agreement provided for in this section.

II (18g et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 18g of this title and Tables.

The Volunteers in the Parks Act of 1969, referred to in subsec. (b)(2)(B), is in Pub. L. 93–300, May 18, 1972, 86 Stat. 147, which is classified generally to section 558a et seq. of this title. For complete classification of this Act to the Code, see Short Title note set out under section 558a of this title and Tables.

Amendments

1968—Subsec. (a). Pub. L. 99–590 struck out provisions relating to provision of technical assistance and advice to and cooperation with States, etc., in establishment of areas.

Subsec. (b). Pub. L. 99–590 amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: "The Secretaries of Agriculture and of Health and Human Services shall likewise, in accordance with the authority vested in them, assist, advise, and cooperate with State and local agencies and private interests with respect to establishing such wild, scenic and recreational river areas."

§1283. Management policies

(a) Action of Secretaries and heads of agencies; cooperative agreements

The Secretary of the Interior, the Secretary of Agriculture, and the head of any other Federal department or agency having jurisdiction over any lands which include, border upon, or are adjacent to, any river included within the National Wild and Scenic Rivers System or under consideration for such inclusion, in accordance with section 1273(a)(ii), 1274(a), or 1276(a) of this title, shall take such action respecting management policies, regulations, contracts, plans, affecting such lands, following November 10, 1978, as may be necessary to protect such rivers in accordance with the purposes of this chapter. Such Secretary or other department or agency head shall, where appropriate, enter into written cooperative agreements with the appropriate State or local official for the planning, administration, and management of Federal lands which are within the boundaries of any rivers for which approval has been granted under section 1273(a)(ii) of this title. Particular attention shall be given to scheduled timber harvesting, road construction, and similar activities which might be contrary to the purposes of this chapter.

(b) Existing rights, privileges, and contracts affecting Federal lands

Nothing in this section shall be construed to abrogate any existing rights, privileges, or contracts affecting Federal lands held by any private party without the consent of said party.

(c) Water pollution

The head of any agency administering a component of the national wild and scenic rivers system shall cooperate with the Administrator, Environmental Protection Agency and with the appropriate State water pollution control agencies for the purpose of eliminating or diminishing the pollution of waters of the river.

Amendments

1978—Subsec. (a). Pub. L. 95–625 substituted provision for action to be taken by Secretaries and heads of agencies for prior provision for review by such officials.
made provision applicable to rivers included within the System, included references to rivers covered in sections 1273(a)(ii) and 1274(a) of this title, and required complementary agreements with appropriate State or local officials for planning, administration, and management of Federal lands within boundaries of rivers approved under section 1273(a)(ii) of this title.

TRANSFER OF FUNCTIONS

For transfer of certain enforcement functions of Secretary or other official in Department of the Interior and Secretary or other official in Department of Agriculture under this chapter to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, and subsequent transfer to Secretary of Energy, then to Federal Coordinator for Alaska Natural Gas Transportation Projects, see note set out under section 1278 of this title.

§ 1284. Existing State jurisdiction and responsibilities

(a) Fish and wildlife

Nothing in this chapter shall affect the jurisdiction or responsibilities of the States with respect to fish and wildlife. Hunting and fishing shall be permitted on lands and waters administered as parts of the system under applicable State and Federal laws and regulations unless, in the case of hunting, those lands or waters are within a national park or monument. The administering Secretary may, however, designate zones where, and establish periods when, no hunting is permitted for reasons of public safety, administration, or public use and enjoyment and shall issue appropriate regulations after consultation with the wildlife agency of the State or States affected.

(b) Compensation for water rights

The jurisdiction of the States and the United States over waters of any stream included in a national wild, scenic or recreational river area shall be determined by established principles of law. Under the provisions of this chapter, any taking by the United States of a water right which is vested under either State or Federal law at the time such river is included in the national wild and scenic rivers system shall entitle the owner thereof to just compensation. Nothing in this chapter shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

(c) Reservation of waters for other purposes or in unnecessary quantities prohibited

Designation of any stream or portion thereof as a national wild, scenic or recreational river area shall not be construed as a reservation of the waters of such streams for purposes other than those specified in this chapter, or in quantities greater than necessary to accomplish these purposes.

(d) State jurisdiction over included streams

The jurisdiction of the States over waters of any stream included in a national wild, scenic or recreational river area shall be unaffected by this chapter to the extent that such jurisdiction may be exercised without impairing the purposes of this chapter or its administration.

(e) Interstate compacts

Nothing contained in this chapter shall be construed to alter, amend, repeal, interpret, modify, or be in conflict with any interstate compact made by any States which contain any portion of the national wild and scenic rivers system.

(f) Rights of access to streams

Nothing in this chapter shall affect existing rights of any State, including the right of access, with respect to the beds of navigable streams, tributaries, or rivers (or segments thereof) located in a national wild, scenic or recreational river area.

(g) Easements and rights-of-way

The Secretary of the Interior or the Secretary of Agriculture, as the case may be, may grant easements and rights-of-way upon, over, under, across, or through any component of the national wild and scenic rivers system in accordance with the laws applicable to the national park system and the national forest system, respectively: Provided, That any conditions precedent to granting such easements and rights-of-way shall be related to the policy and purpose of this chapter.

§ 1285. Claim and allowance of charitable deduction for contribution or gift of easement

The claim and allowance of the value of an easement as a charitable contribution under section 170 of title 26, or as a gift under section 2522 of said title shall constitute an agreement by the donor on behalf of himself, his heirs, and assigns that, if the terms of the instrument creating the easement are violated, the donee or the United States may acquire the servient estate at its fair market value as of the time the easement was donated minus the value of the easement claimed and allowed as a charitable contribution or gift.

§ 1285a. Lease of Federal lands

(a) Authority of Secretary; restrictive covenants

Where appropriate in the discretion of the Secretary, he may lease federally owned land (or any interest therein) which is within the boundaries of any component of the National Wild and Scenic Rivers System and which has been acquired by the Secretary under this chapter. Such lease shall be subject to such restrictive covenants as may be necessary to carry out the purposes of this chapter.

(b) Offer to prior owner

Any land to be leased by the Secretary under this section shall be offered first for such lease to the person who owned such land immediately before its acquisition by the United States.

§ 1285b. Establishment of boundaries for certain component rivers in Alaska; withdrawal of minerals

Notwithstanding any other provision to the contrary in sections 1274 and 1280 of this title, with respect to components of the National Wild
and Scenic Rivers System in Alaska designated by paragraphs (38) through (50) of section 1274(a) of this title —

(1) the boundary of each such river shall include an average of not more than six hundred and forty acres per mile on both sides of the river. Such boundary shall not include any lands owned by the State or a political subdivision of the State nor shall such boundary extend around any private lands adjoining the river in such manner as to surround or effectively surround such private lands; and

(2) the withdrawal made by paragraph (ii) of section 1280(a) of this title shall apply to the minerals in Federal lands which constitute the bed or bank or are situated within one-half mile of the bank of any river designated a wild river by the Alaska National Interest Lands Conservation Act.

REFERENCES IN TEXT

§1286. Definitions

As used in this chapter, the term—

(a) “River” means a flowing body of water or estuary or a section, portion, or tributary thereof, including rivers, streams, creeks, runs, kills, rills, and small lakes.

(b) “Free-flowing”, as applied to any river or section of a river, means existing or flowing in natural condition without impoundment, diversion, straightening, rip-rapping, or other modification of the waterway. The existence, however, of low dams, diversion works, and other minor structures at the time any river is proposed for inclusion in the national wild and scenic rivers system shall not automatically bar its consideration for such inclusion: Provided, That this shall not be construed to authorize, intend, or encourage future construction of such structures within components of the national wild and scenic rivers system.

(c) “Scenic easement” means the right to control the use of land (including the air space above such land) within the authorized boundaries of a component of the wild and scenic rivers system, for the purpose of protecting the natural qualities of a designated wild, scenic or recreational river area, but such control shall not affect, without the owner’s consent, any regular use exercised prior to the acquisition of the easement. For any designated wild and scenic river, the appropriate Secretary shall treat the acquisition of fee title with the reservation of regular existing uses to the owner as a scenic easement for purposes of this chapter. Such an acquisition shall not constitute fee title ownership for purposes of section 1277(b) of this title.

AMENDMENTS

1986—Subsec. (c). Pub. L. 99–590 inserted provisions relating to function of appropriate Secretary with respect to acquisition of fee title.

1974—Subsec. (c). Pub. L. 93–279 substituted “within the authorized boundaries of a component of the wild and scenic rivers system, for the purpose of protecting the natural qualities of a designated wild, scenic or recreational river area” for “for the purposes of protecting the scenic view from the river”.

§1287. Authorization of appropriations

There are hereby authorized to be appropriated, including such sums as have heretofore been appropriated, the following amounts for land acquisition for each of the rivers (described in section 1274(a) of this title):

Clearwater, Middle Fork, Idaho, $2,909,800;

Eleven Point, Missouri, $10,407,000;

Feather Middle Fork, California, $3,933,700;

Rio Grande, New Mexico, $253,000;

Rogue, Oregon, $15,147,000;

St. Croix, Minnesota and Wisconsin, $21,769,000;

Salmon Middle Fork, Idaho, $1,837,000;

Wolf, Wisconsin, $142,150.

AMENDMENTS

1978—Pub. L. 95–625, §§751–754, 763(c), increased appropriations authorization for the following rivers, substituting for:

Eleven Point, $10,407,000 for $4,906,500;

Rogue, $15,147,000 for $12,447,200;

Saint Croix, $21,769,000 for $11,768,550; and

Salmon, $1,837,000 for $1,237,100; and

struck out subsec. (a) designation and subsec. (b) which provided for expiration of authority to make authorized appropriations on Sept. 30, 1979.

1974—Pub. L. 93–279 added subsecs. (a) and (b). Former unlettered provisions authorizing appropriation of amounts up to $17,000,000 for the acquisition of lands and interests in land were struck out.

CHAPTER 29—WATER BANK PROGRAM FOR WETLANDS PRESERVATION

Sec. 1301. Congressional declaration of policy; authority of Secretary.

1302. Conservation agreements to effectuate water bank program; duration and renewal; adjustment of payment rate for renewal period; “wetlands” defined; duration of ownership or control of land as determining eligibility for agreements; protection of and compensation for tenants and sharecroppers; participation by owner or operator in other Federal or State programs.

1303. Terms of agreement; required provisions.

1304. Annual payment; adjustment.

1305. Renewal or extension of agreement; participation of subsequent owner or operator in program.

1306. Termination or modification of agreements.

1307. Utilization of services and facilities.

1308. Advisory Board; appointment; functions; membership; reimbursement for expenses.
