CHAPTER 62A—ASIAN ELEPHANT CONSERVATION

§ 4261. Findings

The Congress finds the following:

(1) Asian elephant populations in nations within the range of Asian elephants have continued to decline to the point that the long-term survival of the species in the wild is in serious jeopardy.

(3) Because the challenges facing the conservation of Asian elephants are so great, resources to date have not been sufficient to cope with the continued loss of habitat and the consequent diminution of Asian elephant populations.

(4) The Asian elephant is a flagship species for the conservation of tropical forest habitats in which it is found and provides the consequent benefit from such conservation to numerous other species of wildlife including many other endangered species.

(5) Among the threats to the Asian elephant in addition to habitat loss are population fragmentation, human-elephant conflict, poaching for ivory, meat, hide, bones and teeth, and capture for domestication.

(6) To reduce, remove, or otherwise effectively address these threats to the long-term viability of populations of Asian elephants in the wild will require the joint commitment and effort of nations within the range of Asian elephants, the United States and other countries, and the private sector.

§ 4262. Purposes

The purposes of this chapter are the following:

(1) To perpetuate healthy populations of Asian elephants.

(2) To assist in the conservation and protection of Asian elephants by supporting the conservation programs of Asian elephant range states and the CITES Secretariat.

(3) To provide financial resources for those programs.

§ 4263. Definitions

In this chapter:

(2) The term “conservation” means the use of methods and procedures necessary to bring Asian elephants to the point at which there are sufficient populations in the wild to ensure that the species does not become extinct, including all activities associated with scientific resource management, such as conservation, protection, restoration, acquisition, and management of habitat; research and monitoring of known populations; assistance in the development of management plans for managed elephant ranges; CITES enforcement; law enforcement through community participation; translocation of elephants; conflict resolution initiatives; and community outreach and education.

(3) The term “Fund” means the account established by division A, section 101(e), title I of Public Law 105–277 under the heading “multinational species conservation fund” [16 U.S.C. 4246].

(4) The term “Secretary” means the Secretary of the Interior.

(5) The term “Administrator” means the Administrator of the Agency for International Development.

PROVISIONS UNDER THIS SECTION. EACH PROPOSAL SHALL INCLUDE

The Secretary, subject to the availability of funds and in consultation with the Administrator, shall use amounts in the Fund to provide financial assistance for projects for the conservation of Asian elephants for which final project proposals are approved by the Secretary in accordance with this section.

(b) Project proposal

Any relevant wildlife management authority of a nation within the range of Asian elephants whose activities directly or indirectly affect Asian elephant populations, the CITES Secretariat, or any person with demonstrated expertise in the conservation of Asian elephants, may submit to the Secretary a project proposal under this section. Each proposal shall include the following:

(1) The name of the individual responsible for conducting the project.

(2) A succinct statement of the purposes of the project.

(3) A description of the qualifications of the individuals who will conduct the project.

(7) Any other information the Secretary considers to be necessary for evaluating the eligibility of the project for funding under this chapter.

(c) Project review and approval

(1) In general

Within 30 days after receiving a final project proposal, the Secretary shall provide a copy of the proposal to the Administrator. The Secretary shall review each final project proposal to determine if it meets the criteria set forth in subsection (d) of this section.

(2) Consultation; approval or disapproval

Not later than 6 months after receiving a final project proposal, and subject to the availability of funds, the Secretary, after consulting with the Administrator, shall—

(A) request written comments on the proposal from each country within which the project is to be conducted;

(B) after requesting those comments, approve or disapprove the proposal; and

(C) provide written notification of that approval or disapproval to the person who submitted the proposal and the Administrator.

(d) Criteria for approval

The Secretary may approve a final project proposal under this section if the project will enhance programs for conservation of Asian elephants by assisting efforts to—

(1) implement conservation programs;

(2) address the conflicts between humans and elephants that arise from competition for the same habitat;

(3) enhance compliance with provisions of CITES and laws of the United States or a foreign country that prohibit or regulate the taking or trade of Asian elephants or regulate the use and management of Asian elephant habitat;

(5) promote cooperative projects on those topics with other foreign governments, affected local communities, nongovernmental organizations, or others in the private sector.

(e) Project sustainability

To the maximum extent practical, in determining whether to approve project proposals under this section, the Secretary shall give consideration to projects which will enhance sustainable integrated conservation development programs to ensure effective, long-term conservation of Asian elephants.

(f) Project reporting

Each person who receives assistance under this section for a project shall provide periodic reports, as the Secretary considers necessary, to the Secretary and the Administrator. Each report shall include all information required by the Secretary, after consulting with the Administrator, for evaluating the progress and success of the project.

(g) Matching funds

In determining whether to approve project proposals under this section, the Secretary shall give priority to those projects for which there exists some measure of matching funds.

(h) Limitation on use for captive breeding

Amounts provided as a grant under this chapter may not be used for captive breeding of Asian elephants other than for release in the wild.

(a) Findings

The Congress finds and declares that—

(1) significant caves on Federal lands are an invaluable and irreplaceable part of the Nation’s natural heritage; and

(2) in some instances, these significant caves are threatened due to improper use, increased recreational demand, urban spread, and a lack of specific statutory protection.

(b) Purposes

The purposes of this chapter are—

(1) to secure, protect, and preserve significant caves on Federal lands for the perpetual use, enjoyment, and benefit of all people; and

(2) to foster increased cooperation and exchange of information between governmental authorities and those who utilize caves located on Federal lands for scientific, educational, or recreational purposes.

(c) Policy

It is the policy of the United States that Federal lands be managed in a manner which protects and maintains, to the extent practical, significant caves.
