(i) in the case of any facility owned or operated by a non-Government entity related to Schedule 1 chemical agents, the intensity, duration, timing, and mode of the requested inspection is based on the risk to the object and purpose of the Convention by the quantities of chemical pro-

duced, the characteristics of the facility and the nature of activities carried out at the facility, and the requested inspection, when considered with previous such inspections of the facility undertaken in the current calendar year, shall not exceed the number reasonably required based on the risk to the object and purpose of the Convention as described above;

(ii) in the case of any facility related to Schedule 2 chemical agents, the Technical Secretariat gave due consideration to the risk to the object and purpose of the Convention posed by the relevant chemical, the characteristics of the plant site and the nature of activities carried out there, taking into account the respective facility agreement as well as the results of the initial inspections and subsequent inspections; and

(iii) in the case of any facility related to Schedule 3 chemical agents or unscheduled discrete organic chemicals, the facility was selected randomly by the Technical Secretariat using appropriate mechanisms, such as specifically designed computer software, on the basis of two weighting factors: (I) equitable geographical distribution of inspections; and (II) the information on the declared sites available to the Technical Secretariat, related to the relevant chemical, the characteristics of the plant site, and the nature of activities carried out there;

(G) the earliest commencement and latest closing dates and times of the inspection; and

(H) the duration of inspection will not exceed time limits specified in the Convention unless agreed by the owner, operator, or agent in charge of the plant.

(C) Issuance of orders

If the administrative law judge determines, upon the preponderance of the evidence received, that a person or entity named in the complaint has violated section 6726 or 6745 of this title, the administrative law judge shall state his findings of fact and issue and cause to be served on such person or entity an order described in paragraph (1).
(D) Factors for determination of penalty amounts

In determining the amount of any civil penalty, the administrative law judge shall take into account the nature, circumstances, extent, and gravity of the violation or violations and, with respect to the violator, the ability to pay, effect on ability to continue to do business, any history of prior such violations, the degree of culpability, the existence of an internal compliance program, and such other matters as justice may require.

(3) Administrative appellate review

The decision and order of an administrative law judge shall become the final agency decision and order of the head of the United States National Authority unless, within 30 days, the head of the United States National Authority modifies or vacates the decision and order, with or without conditions, in which case the decision and order of the head of the United States National Authority shall become a final order under this subsection.

(4) Offsets

The amount of the civil penalty under a final order of the United States National Authority may be deducted from any sums owed by the United States to the person.

(5) Judicial review

A person adversely affected by a final order respecting an assessment may, within 30 days after the date the final order is issued, file a petition in the Court of Appeals for the District of Columbia Circuit or for any other circuit in which the person resides or transacts business.

(6) Enforcement of orders

If a person fails to comply with a final order issued under this subsection against the person or entity—

(A) after the order making the assessment has become a final order and if such person does not file a petition for judicial review of the order in accordance with paragraph (5),

or

(B) after a court in an action brought under paragraph (5) has entered a final judgment in favor of the United States National Authority,

the Secretary of State shall file a suit to seek compliance with the order in any appropriate district court of the United States, plus interest at currently prevailing rates calculated from the date of expiration of the 30-day period referred to in paragraph (5) or the date of such final judgment, as the case may be. In any such suit, the validity and appropriateness of the final order shall not be subject to review.

(b) Criminal
