In this section, the words "and in title III of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 251 et seq.)" are added to provide an accurate literal translation of the words "this Act", meaning the Federal Property and Administrative Services Act of 1949. See the revision note under section 111 of this title. The definition of "Administrator" is omitted as unnecessary. The text of 40:472(i) is omitted as unnecessary because of the definition of "person" in 11.

In clause (6), the words "the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, Palau" are substituted for "the Trust Territory of the Pacific Islands" because of the termination of the Trust Territory of the Pacific Islands. See 48:1681 note prec.

In subsection (b)(3), the words “Comptroller General” are substituted for “General Accounting Office” because of 31:762 and for consistency in the revised title.

In subsection (d)(3), the words “For the fiscal year ending September 30, 1997, and thereafter” are omitted as unnecessary.

In subsection (e)(1)(C), the words “transfer the function from one component of the Administration to another” are substituted for “from time to time, to reorganize, transfer, and distribute any such functions within the General Services Administration” (in 40:754 (1st sentence)) for clarity and to eliminate unnecessary words.

In subsection (e)(2), subparagraph (A) is substituted for 40:754 (last sentence) and subparagraph (B) is substituted for 40:754 (last sentence) to use more consistent terminology and to clarify the requirements and applicability of each provision. The words “Director of the Office of Management and Budget” are substituted for “Director of the Bureau of the Budget” in sections 106 (last sentence) and 205(f) of the Federal Property and Administrative Services Act of 1949 because the office of Director of the Bureau of the Budget was redesignated the Director of the Office of Management and Budget by section 102(b) of Reorganization Plan No. 2 of 1970 (84 Stat. 2085). Section 102 of Reorganization Plan No. 2 of 1970, was repealed by section 5(b) of the Act of September 13, 1982 (Public Law 97–238, 96 Stat. 1085), the first section of which enacted Title 31, United States Code, but the successor provision, 31:502, continued the designation as Director of the Office of Management and Budget.

In subsection (f), the words “expenses under” are substituted for “subsistence, as authorized by” for consist-
ency in the revised title. The words "section 5703 of title 5" are substituted for "section 5 of the Act of August 2, 1946 (5 U.S.C. 730-2)" in section 205(g) of the Federal Property and Administrative Services Act of 1949 because of section 7(b) of the Act of September 6, 1966 (Public Law 89-554, 80 Stat. 631), the first section of which enacted Title 5, United States Code.

TERMINATION OF ADVISORY COMMITTEES

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided by law. See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

1-1. SPACE ACQUISITION

1-2. ADMINISTRATOR OF GENERAL SERVICES

1-201. The Administrator of General Services shall develop programs to implement the policies of this Order through the efficient acquisition and utilization of Federally owned and leased space. In particular, the Administrator shall:

(a) Select, acquire, and manage Federal space in a manner which will foster the policies and programs of the Federal government and improve the management and administration of government activities.

(b) Issue regulations, standards, and criteria for the selection, acquisition, and management of Federally owned and leased space.

(c) Periodically undertake surveys of space requirements and space utilization in the executive agencies.

(d) Ensure, in cooperation with the heads of Executive agencies, that their essential space requirements are met in a manner that is economically feasible and prudent.

(e) Make maximum use of existing Federally controlled facilities which, in his judgment, are adequate or economically adaptable to meeting the space needs of executive agencies.

(f) Annually submit long-range plans and programs for the acquisition, modernization, and use of space for approval by the President.

1-202. The Administrator is authorized to request from any Executive agency such information and assistance deemed necessary to carry out his functions under this Order. Each agency shall, to the extent not prohibited by law, furnish such information and assistance to the Administrator.

1-3. GENERAL PROVISIONS

1-301. The heads of Executive agencies shall cooperate with the Administrator in implementing the policies of this Order and shall economize on their use of space.
They shall ensure that the Administrator is given early notice of new or changing missions or organizational realignments which affect space requirements.

An important aspect of a stable collective bargaining relationship is the balance between allowing businesses to operate during a strike and preserving worker rights. This balance is disrupted when permanent replacement workers are longer in duration than other strikes. In addition, the use of permanent replacements can change a limited dispute into a broader, more contentious struggle, thereby exacerbating the problems that initially led to the strike. By permanently replacing its workers, an employer loses the accumulated knowledge, experience, and goodwill of the incumbent employees. These circumstances then adversely affect the businesses and entities, such as the Federal Government, which rely on that employer to provide high quality and reliable services, the Federal Government’s economy, efficiency, and cost of operations are adversely affected. In order to operate as effectively as possible, by receiving timely goods and quality services, the Federal Government must assist the entities with which it has contractual relations to develop stable relationships with their employees. An important aspect of a stable collective bargaining relationship is the balance between allowing businesses to operate during a strike and preserving worker rights. This balance is disrupted when permanent replacement workers are longer in duration than other strikes. In addition, the use of permanent replacements can change a limited dispute into a broader, more contentious struggle, thereby exacerbating the problems that initially led to the strike. By permanently replacing its workers, an employer loses the accumulated knowledge, experience, and goodwill of the incumbent employees. These circumstances then adversely affect the businesses and entities, such as the Federal Government, which rely on that employer to provide high quality and reliable services.

NOW, THEREFORE, to ensure the economical and efficient administration and completion of Federal Government contracts, and by the authority vested in me as President by the Constitution and the laws of the United States of America, including 40 U.S.C. 486(a) [now 40 U.S.C. 121(a)] and 3 U.S.C. 301, it is hereby ordered as follows:

Section 1. It is the policy of the executive branch in procuring goods and services that, to ensure the economical and efficient administration and completion of Federal Government contracts, contracting agencies shall not contract with employers that permanently replace lawfully striking employees. All discretion under this Executive order shall be exercised consistent with this policy.

Section 2. (a) The Secretary of Labor (“Secretary”) may investigate an organizational unit of a Federal contractor to determine whether the unit has permanently replaced lawfully striking employees. Such investigation shall be conducted in accordance with procedures established by the Secretary.

(b) The Secretary shall receive and may investigate complaints by employees of any entity covered under section 2(a) of this order and of any related rules, regulations, or orders of the Secretary issued pursuant to this order.

(c) The Secretary may hold such hearings, public or private, as he or she deems advisable, to determine whether any entity covered under section 2(a) has permanently replaced lawfully striking employees. The Secretary shall make a finding that it is appropriate to terminate the contract for convenience of the Government. The Secretary shall transmit that finding to the head of any department or agency that contracts with the contractor.

(b) The head of the contracting department or agency may object to the termination for convenience of a contractor or of contracts of a contractor determined to have permanently replaced lawfully striking employees. If the head of the agency so objects, he or she shall set forth the reasons for not terminating the contract or contracts in a response in writing to the Secretary. In such case, the termination for convenience shall not be issued. The head of the contracting agency or department shall report to the Secretary those contracts that have been terminated for convenience under this section.

Section 3. (a) When the Secretary determines that a contractor has permanently replaced lawfully striking employees, the Secretary may debar the contractor by making the contractor ineligible to receive government contracts. The Secretary shall notify the Administrator of the General Services Administration of the contractor, and the Administrator shall inform the contractor on the consolidated list of debarred contractors of the debarment. Departments and agencies shall not solicit offers from, award contracts to, or consent to subcontracts with these contractors unless the head of the agency or his or her designee determines, in writing, that there is a compelling reason for such action, in accordance with the Federal Acquisition Regulation.

(b) The scope of the debarment normally will be limited to those organizational units of a Federal contractor that the Secretary finds to have permanently replaced lawfully striking workers.

(c) The period of the debarment may not extend beyond the date when the labor dispute precipitating the permanent replacement of lawfully striking workers has been resolved, as determined by the Secretary.

Section 5. The Secretary shall publish or cause to be published, in the Federal Register, the names of contractors that have, in the judgment of the Secretary, permanently replaced lawfully striking employees and have been the subject of debarment.

Section 6. The Secretary shall be responsible for the administration and enforcement of this order. The Secretary, after consultation with the Secretary of Defense, the Administrator of the General Services, the Administrator of the National Aeronautics and Space Administration, and the Administrator of the Office of Federal Procurement Policy, may adopt such rules and regulations and issue such orders as may be deemed necessary and appropriate to achieve the purposes of this order.

Section 7. Each contracting department and agency shall cooperate with the Secretary and provide such information and assistance as the Secretary may require in the performance of the Secretary’s functions under this order.

Section 8. The Secretary may delegate any function or duty of the Secretary under this order to any officer in the Department of Labor or to any other officer in the executive branch of the Government, with the consent of the head of the department or agency in which that officer serves.

Section 9. The Secretary of Defense, the Administrator of the General Services, and the Administrator of the National Aeronautics and Space Administration, after consultation with the Administrator of the Office of Federal Procurement Policy, shall take whatever action is appropriate to implement the provisions of this order and of any related rules, regulations, or orders of the Secretary issued pursuant to this order.

Section 10. This order is not intended, and should not be construed, to create any right or benefit, substantive
or procedural, enforceable at law by a party against the United States, its agencies, its officers, or its employees. This order is not intended, however, to preclude judicial review of final agency decisions in accordance with the Administrative Procedure Act, 5 U.S.C. 701 et seq.

Sect. 11. The meaning of the term "organizational unit of a Federal contractor" as used in this order shall be defined in regulations that shall be issued by the Secretary of Labor, in consultation with affected agencies. This order shall apply only to contracts in excess of the Simplified Acquisition Threshold.

Sect. 12. (a) The provisions of section 3 of this order shall only apply to situations in which contractors have permanently replaced lawfully striking employees after the effective date of this order.

(b) This order is effective immediately.

WILLIAM J. CLINTON.

SECTION 1. Policy. It is the policy of the United States to promote the efficient and economical use of America’s real property assets and to assure management accountability for implementing Federal real property management reforms. Based on this policy, executive branch departments and agencies shall recognize the importance of real property resources through increased management attention, the establishment of clear goals and objectives, improved policies and levels of accountability, and other appropriate action.

Sect. 2. Definition and Scope. (a) For the purpose of this executive order, Federal real property is defined as any real property owned, leased, or otherwise managed by the Federal Government, both within and outside the United States, and improvements on Federal lands.
For the purpose of this order, Federal real property shall exclude: interests in real property assets that have been disposed of for public benefit purposes pursuant to section 404 of title 40, United States Code (now 40 U.S.C. 541-555), and are now held in private ownership; land easements or rights-of-way held by the Federal Government; public domain land (including lands withdrawn for military purposes) or land reserves dedicated for natural forest, national park, or national wildlife refuge purposes except for improvements on those lands; land held in trust or restricted fee status for individual Indians or Indian tribes; and land and interests in land that are withheld from the scope of this order by agency heads for reasons of national security, foreign policy, or public safety.

(b) The designation shall not be interpreted to supersede any existing authority under law or by executive order for real property asset management, with the exception of the revocation of Executive Order 12512 of April 29, 1985 (formerly set out as a note above), in section 8 of this order.

SIRC. 3. Establishment and Responsibilities of Agency Senior Real Property Officer. (a) The heads of all executive branch departments and agencies cited in sections 901(b)(1) and (b)(2) of title 31, United States Code, and the Secretary of Homeland Security, shall designate among their senior management officials, a Senior Real Property Officer. Such officer shall have the education, training, and experience required to administer the necessary functions of the position for the particular agency.

(b) The Senior Real Property Officer shall develop and implement an agency asset management planning process that meets the form, content, and other requirements established by the Federal Real Property Council established in section 4 of this order. The initial agency asset management plan will be submitted to the Office of Management and Budget on a date determined by the Director of the Office of Management and Budget. In developing this plan, the Senior Real Property Officer shall:

(i) identify and categorize all real property owned, leased, or otherwise managed by the agency, including, where applicable, those properties outside the United States in which the lease agreements and arrangements reflect the host country currency or involve alternative lease plans or rental agreements;

(ii) prioritize actions to be taken to improve the operational and financial management of the agency’s real property inventory;

(iii) make life-cycle cost estimations associated with the prioritized actions;

(iv) identify legislative authorities that are required to address these priorities;

(v) identify and pursue goals, with appropriate deadlines, consistent with and supportive of the agency’s asset management plan and measure progress against such goals;

(vi) incorporate planning and management requirements for historic property under Executive Order 12297 of March 3, 2003 [18 U.S.C. 470h–2 note], and for environmental management under other executive orders; and

(vii) identify any other information and pursue any other actions necessary to the appropriate development and implementation of the agency asset management plan.

(c) The Senior Real Property Officer shall be responsible, on an ongoing basis, for monitoring the real property assets of the agency so that agency assets are managed in a manner that is consistent with, and supportive of, the goals and objectives set forth in the agency’s overall strategic plan under section 306 of title 5, United States Code;

(ii) consistent with the real property asset management principles developed by the Federal Real Property Council established in section 4 of this order; and

(iii) reflected in the agency asset management plan.

(d) The Senior Real Property Officer shall, on an annual basis, provide to the Director of Management and Budget and the Administrator of General Services:

(i) information that lists and describes real property assets under the jurisdiction, custody, or control of that agency, except for classified information; and

(ii) any other relevant information the Director of the Office of Management and Budget or the Administrator of General Services may request for inclusion in the Government-wide listing of all Federal real property assets and leased property.

(e) The designation of the Senior Real Property Officer shall be made by agencies within 30 days after the date of this order.

SIRC. 4. Establishment of a Federal Real Property Council. (a) A Federal Real Property Council (Council) is established, within the Office of Management and Budget, for administrative purposes, to develop guidance for, and facilitate the success of, each agency’s asset management plan. The Council shall be composed exclusively of all agency Senior Real Property Officers, the Controller of the Office of Management and Budget, the Administrator of General Services, and any other full-time or permanent part-time Federal officials or employees as deemed necessary by the Chairman of the Council. The Deputy Director for Management of the Office of Management and Budget shall also be a member and shall chair the Council. The Office of Management and Budget shall provide funding and administrative support for the Council as appropriate.

(b) The Council shall provide a venue for assisting the Senior Real Property Officers in the development and implementation of the agency asset management plans. The Council shall work with the Administrator of General Services to establish appropriate performance measures to determine the effectiveness of Federal real property management. Such performance measures shall include, but are not limited to, evaluating the costs and benefits involved with acquiring, repairing, maintaining, operating, managing, and disposing of Federal real properties at particular agencies. Specifically, the Council shall consider, as appropriate, the following performance measures:

(i) life-cycle cost estimations associated with the agency’s prioritized actions;

(ii) the costs relating to the acquisition of real property assets by purchase, condemnation, exchange, lease, or otherwise;

(iii) the cost and time required to dispose of Federal real property assets and the financial recovery of the Federal investment resulting from the disposal;

(iv) the operating, maintenance, and security costs at Federal properties, including but not limited to the costs of utility services at unoccupied properties;

(v) the environmental costs associated with ownership of property, including the costs of environmental restoration and compliance activities;

(vi) changes in the amounts of vacant Federal space;

(vii) the realization of equity value in Federal real property assets;

(viii) opportunities for cooperative arrangements with the commercial real estate community; and

(ix) the enhancement of Federal agency productivity through an improved working environment. The performance measures shall be designed to enable the heads of executive branch agencies to track progress in the achievement of Government-wide property management objectives, as well as allow for comparing the performance of executive branch agencies against industry and other public sector agencies.

(c) The Council shall serve as a clearinghouse for executive agencies for best practices in evaluating actual progress in the implementation of real property enhancements. The Council shall also work in conjunction with the President’s Management Council to assist the efforts of the Senior Real Property Officials and the implementation of agency asset management plans.

(d) The Council shall be organized and hold its first meeting within 60 days of the date of this order. The Council shall hold meetings not less often than once a quarter each fiscal year.

SIRC. 5. Role of the General Services Administration. (a) The Administrator of General Services shall, to the ex-
tent permitted by law and in consultation with the Federal Real Property Council, provide policy oversight and guidance for executive agencies for Federal real property management; manage selected properties for an agency at the request of that agency and with the consent of the Administrator; delegate operational responsibilities to an agency where the Administrator determines it will promote efficiency and economy, and where the receiving agency has demonstrated the ability and willingness to assume such responsibilities; and provide necessary leadership in the development and maintenance of needed property management information systems.

(b) The Administrator of General Services shall publish common performance measures and standards adopted by the Council.

(c) The Administrator of General Services, in consultation with the Federal Real Property Council, shall establish and maintain a single, comprehensive, and descriptive database of all real property under the custody and control of all executive branch agencies, except when otherwise required for reasons of national security. The Administrator shall collect from each executive branch agency such descriptive information, except for classified information, as the Administrator considers will best describe the nature, use, and extent of the real property holdings of the Federal Government.

(d) The Administrator of General Services, in consultation with the Federal Real Property Council, may establish data and other information technology (IT) standards for use by Federal agencies in developing or upgrading Federal agency real property information systems in order to facilitate reporting on a uniform basis. Those agencies with particular IT standards and systems in place and in use shall be allowed to continue with such use to the extent that they are compatible with the standards issued by the Administrator.

SEC. 6. General Provisions. (a) The Director of the Office of Management and Budget shall review, through the management and budget review processes, the efforts of departments and agencies in implementing their asset management plans and achieving the Government-wide property management policies established pursuant to this order.

(b) The Office of Management and Budget and the General Services Administration shall, in consultation with the landholding agencies, develop legislative initiatives that seek to improve Federal real property management through the adoption of appropriate industry management techniques and the establishment of accountability for implementing effective and efficient real property management practices.

(c) Nothing in this order shall be construed to impair or otherwise affect the authority of the Director of the Office of Management and Budget with respect to budget, administrative, or legislative proposals.

(d) Nothing in this order shall be construed to affect real property for the use of the President, Vice President, or, for protective purposes, the United States Secret Service.

SEC. 7. Public Lands. In order to ensure that Federally owned lands, other than the real property covered by this order, are managed in the most effective and economic manner, the Departments of Agriculture and the Interior shall take such steps as are appropriate to improve their management of public lands and National Forest System lands and shall develop appropriate legislative proposals necessary to facilitate that result.

SEC. 8. Executive Order 12512 of April 29, 1985, is here- by revoked.

SEC. 9. Judicial Review. This order is intended only to improve the internal management of the executive branch and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity, against the United States, its departments, agencies, or other entities, its officers or employees, or any other person.

GEORGE W. BUSH.

DISPOSING OF UNNEEDED FEDERAL REAL ESTATE—INCREASING SALES PROCEEDS, CUTTING OPERATING COSTS, AND IMPROVING ENERGY EFFICIENCY

Memorandum of President of the United States, June 10, 2010, 75 F.R. 33987, provided:

Memorandum for the Heads of Executive Departments and Agencies

My Administration is committed to eliminating all forms of Government waste and to leading by example as our Nation transitions to a clean energy economy. For decades, the Federal Government, the largest property owner and energy user in the United States, has managed more real estate than necessary to effectively support its programs and missions. Both taxpayer dollars and energy resources are being wasted to maintain these excess assets. In addition, many of the properties necessary for the Government’s work are not operated efficiently, resulting in wasted funds and excessive greenhouse gas pollution. For example, over the last decade, the private sector reduced its data center footprint by capitalizing on innovative technologies to increase efficiencies. However, during that same period, the Federal Government experienced a substantial increase in the number of data centers, leading to increased energy consumption, real properties, and operations and maintenance costs. Past attempts at reducing the Federal Government’s civilian real property assets produced small savings and had a minor impact on the condition and performance of mission-critical properties. These efforts were not sufficiently comprehensive in disposing of excess real estate and did not emphasize making more efficient use of existing assets.

To eliminate wasteful spending of taxpayer dollars, save energy and water, and further reduce greenhouse gas pollution, I hereby direct executive departments and agencies (agencies) to accelerate efforts to identify and eliminate excess properties. Agencies shall also take immediate steps to make better use of remaining real property assets as measured by utilization and occupancy rates, annual operating cost, energy efficiency, and sustainability. To the extent permitted by law, agency actions shall include accelerating cycle times for identifying excess assets and disposing of surplus assets; eliminating lease arrangements that are not cost effective; pursuing consolidation opportunities within and across agencies in common asset types (such as data centers, office space, warehouses, and laboratories); increasing occupancy rates in current facilities through innovative approaches to space management and alternative workplace arrangements, such as telework; and identifying offsetting reductions in inventory when new space is acquired. Agencies shall report to the Director of Management and Budget with respect to budget, administrative, or legislative proposals.

In total, agency efforts required by this memorandum should produce no less than $8.5 billion in cost savings by the end of fiscal year 2012, yielded from increased proceeds from the sale of assets and reduced operating, maintenance, and energy expenses from disposals or other space consolidation efforts, including leases that are ended. This is in addition to the Department of Defense’s Base Realignment and Closure efforts that are expected to achieve $9.8 billion in savings from fiscal year 2010 to fiscal year 2012, of which $6 billion is a direct result of reduced operating and maintenance from disposals or other consolidation efforts. In addition, in order to address the growth of data centers across the Federal Government, agencies shall immediately adopt a policy against expanding data centers beyond current levels, and shall develop plans to consolidate and significantly reduce data centers within 5 years. Agencies

shall submit their plans to OMB for review by August 30, 2010.

To achieve these goals, the Director of the OMB shall develop, in consultation with the Administrator of General Services and the Federal Real Property Council established pursuant to Executive Order 13327 of February 4, 2004 (Federal Real Property Asset Management), within 90 days of the date of this memorandum, guidance for actions agencies should take to carry out the requirements of this memorandum. The guidance shall include agency-specific targets to achieve $3 billion in cost savings and shall be developed in consultation with the agencies. The Administrator of General Services, in consultation with the Director of the OMB, shall coordinate agency efforts to satisfy the requirements of this memorandum and shall submit to the President periodic reports on the results achieved.

This memorandum shall be implemented consistent with applicable law and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Director of the OMB is hereby authorized and directed to publish this memorandum in the Federal Register.

§ 126. Reports to Congress

The Administrator of General Services, at times the Administrator considers desirable, shall submit a report to Congress on the administration of this subtitle. The report shall include any recommendation for amendment of this subtitle that the Administrator considers appropriate and shall identify any law that is obsolete because of the enactment or operation of this subtitle.

(b) any building located on the grounds of any fort, camp, post, arsenal, navy yard, naval training station, air field, proving ground, military supply depot, or school, or of any similar facility, of the Department of Defense, unless and to such extent as a permit for its use by another agency or agencies shall have been issued by the Secretary of Defense or his duly authorized representative;

(c) any building which the Administrator of General Services finds to be a part of a group of buildings which are (1) located in the same vicinity, (2) are utilized wholly or predominantly for the special purposes of the agency having custody thereof, and (3) are not generally suitable for the use of other agencies; and

(d) the Treasury Building, the Bureau of Engraving and Printing Building, the buildings occupied by the National Bureau of Standards, and the buildings under the jurisdiction of the regents of the Smithsonian Institution.

L. 91-375, §5(o), Aug. 12, 1970, 84 Stat. 783, set out as a note preceding section 101 of Title 39, Postal Service.]

Message of the President

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 18 of 1949, prepared in accordance with the provisions of the Reorganization Act of 1949. The plan transfers to the Administrator of General Services the functions of the various Federal agencies with respect to leasing and assigning general-purpose space in buildings and the operation, maintenance, and custody of office buildings. Since such authority is already largely concentrated in the General Services Administration with respect to the District of Columbia, the plan principally relates to the administration of these functions in the field.

The transfers made by this plan will promote more economical leasing, better utilization of building space, and more efficient operation of Government-controlled office buildings. They will effectuate the recommendations of the Commission on Organization of the Executive Branch of the Government with respect to concentrating in the General Services Administration the responsibility for space allotment and the operation of Government buildings outside of the District of Columbia. Likewise, they will extend the principles laid down by the Congress in enacting the Federal Property and Administrative Services Act of 1949 to another important area of Government-wide administrative services—the administration of Government office building space and the operation and maintenance of general-purpose building space in the field.

Within the District of Columbia, one agency, the Public Buildings Service of the General Services Administration, has long had the operation and custody of many Government buildings and the leasing and assignment of space for executive agencies. Thus, nearly all requests for building space are handled by a single organization which is responsible for seeing that agencies are properly and efficiently housed. This arrangement has proved its worth and has repeatedly been approved by the Congress.

Outside of the National Capital, however, responsibility for the acquisition and control of building space and the operation of Government buildings is widely diffused. A variety of agencies operate and control general-purpose buildings. If quarters are not available in Federal buildings, each agency ordinarily does its own leasing. As a result, in some cases Federal agencies have contracted for space at high rentals at the very time that other agencies have been giving up surplus low-cost space.

The assignment of space in Government-owned buildings outside of Washington is also divided among a number of agencies. While the Public Buildings Service center constructs a large part of the Government buildings, it also operates and controls the assignment of space in only a small proportion of them. The Post Office Department operates and allocates the space in post-office buildings, several hundred of which contain substantial amounts of office space available for other agencies. After the war several Federal agencies acquired office buildings in the field. As their activities have contracted, surplus space in many of these structures has become available for other uses.

This plan concentrates in the General Services Administration the responsibility for the leasing and assignment of what is termed general-purpose building space; that is, space which is suitable for the uses of a number of Federal agencies. It specifically excludes space in buildings at military posts, arsenals, navy yards, and similar defense installations and space in hospitals, laboratories, factories, and other special-purpose buildings.

Also, the plan excludes the Post Office Department from the transfer of leasing authority since the Department has a highly developed organization for this purpose, and it limits the transfer of space assignment authority in post-office buildings to the space not occupied by the Department. Further, it gives the needs of the Post Office Department priority in the assignment of space in post-office buildings. Thus, the plan amply safeguards the interests of the Post Office Department while making it possible to include the general office space in post-office buildings in any given city with other similar space under Federal control in planning and executing an efficient program for housing Government agencies in that area.

In addition, the plan transfers to the General Services Administration the operation, maintenance, and custody of office buildings owned or leased by the Government, including those post-office buildings which are not used predominantly for post-office purposes. This will make it possible to establish a single organization for the operation and maintenance of Government office buildings in principal cities in the field as has proved desirable in the National Capital. Since many post offices are in fact primarily large office buildings, the plan includes in this transfer the post-office buildings which are not used predominantly for post-office purposes. This will relieve the Post Office Department of a considerable expenditure for building operation and maintenance which properly should not be charged against postal revenues.

While the plan effects a broad transfer of functions with respect to leasing and assignment of space and the operation and maintenance of office buildings, it specifically authorizes the Administrator of General Services to delegate the performance of any part of these functions to other agencies subject to such regulations as he deems desirable for economical and effective administration. In this the plan follows the pattern adopted by the Federal Property and Administrative Services Act of 1949 for other branches of property management. In large urban centers where numerous Federal units are located unified administration of space activities by the General Services Administration will normally be advantageous. On the other hand, in the smaller communities it will no doubt be desirable to delegate the work back to the agencies directly affected, to be carried on under standards laid down by the Administrator of General Services. The plan provides ample flexibility for working out the most effective administrative arrangement for each type of situation.

The fundamental soundness and economy of centralized administration of building space have been demonstrated in the National Capital. By virtue of unified control it has been possible since the war to accomplish far-reaching changes which have consolidated agencies in much fewer locations, released many of the rented buildings, and greatly reduced the cost of housing the Government establishment. Similar procedures applied in the larger centers of field activity should produce substantial savings.

After investigation, I have found, and hereby declare, that each organization contained in this plan is nec-
essay to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949. While it is not possible at this time to calculate the reduction in expenditures which will result from this plan, it can safely be predicted that it will produce substantial savings. I am confident that this reorganization plan will constitute a significant improvement in Federal business practice and will bring about an important increase in efficiency in housing Government agencies.

Harry S. Truman.

In subsections (a) and (b), the words “and title III of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 251 et seq.)” are added to provide an accurate literal translation of the words “this Act,” meaning the Federal Property and Administrative Services Act of 1949. See the revise note under section 111 of this title. Reference to title V of this Act is omitted as obsolete because of the Act of October 22, 1968 (Public Law 90–620, 82 Stat. 1238), the first section of which enacted Title 44, United States Code. The responsibilities of the Administrator of General Services under title V were given to the Archivist of the United States by the National Historical Publications and Records Commission, and Advisory Committee on the Records of Congress.

In subsection (a), the words “subject to chapters 33 and 51 and subchapter III of chapter 53 of title 5” are substituted for “subject to the civil-service and classification laws” because of section 7(b) of the Act of September 6, 1966 (Public Law 90–654, 80 Stat. 1238), the first section of which enacted Title 44, United States Code.

In subsection (b), the words “under section 3109 of title 5” are substituted for “(not in excess of one year) and ‘or organizations thereof, including stenographic reporting services, by an executive agency other than the General Services Administration’ are substituted for ‘officials, officers, and other personnel in other executive agencies, including personnel of the armed services’ for clarity and to eliminate unnecessary words.

In subsection (d), the words “On and after June 23, 1913” are omitted as obsolete. The word “Administrator” is substituted for “Secretary of the Treasury” (subsequently changed to “Federal Works Administrator” because of section 301 of Reorganization Plan No. I of 1939 (eff. July 1, 1939, 53 Stat. 1426), and the word “Administration” [meaning the General Services Administration] is substituted for “public-buildings service” and “Office of the Supervising Architect” (subsequently changed to “Public Buildings Administration” because of section 1 of Executive Order No. 6166 (eff. June 10, 1933) and section 303 of Reorganization Plan No. 1 of 1939 (eff. July 1, 1939, 53 Stat. 1427)), because of section 189(a) of the Federal Property and Administrative Services Act of 1949 (ch. 238, 63 Stat. 380), which is restated as section 383(c) (303(b)) of the revised title. The words “such as supervising superintendents, superintendents, junior superintendents, and inspectors of the several classes” are omitted as unnecessary.

AMENDMENTS

§313. Tests of materials

(a) SCOPE.—This section applies to any article or commodity tendered by a producer or vendor for sale or lease to the General Services Administration or to any procurement authority acting under the direction and control of the Administrator of General Services pursuant to this subtitle.

(b) AUTHORITY TO CONDUCT TESTS.—The Administrator, in the Administrator’s discretion and with the consent of the producer or vendor, may have tests conducted, in a manner the Administrator specifies, to—

(1) determine whether an article or commodity conforms to prescribed specifications and standards; or

(2) aid in the development of specifications and standards.

(c) FEES.—

(1) IN GENERAL.—The Administrator shall charge the producer or vendor a fee for the tests.

(2) AMOUNT OF FEE IF TESTS PREDOMINANTLY SERVE INTEREST OF PRODUCER OR VENDOR.—If the Administrator determines that conducting the tests predominantly serves the interest of the producer or vendor, the Administrator shall fix the fee in an amount that will recover the costs of conducting the tests, including all components of the costs, determined in accordance with accepted accounting principles.

(3) AMOUNT OF FEE IF TESTS DO NOT PREDOMINANTLY SERVE INTEREST OF PRODUCER OR VENDOR.—If the Administrator determines that conducting the tests does not predominantly serve the interest of the producer or vendor, the Administrator shall fix the fee in an

(b) NEGOTIATED DISPOSAL.—Under regulations the Administrator prescribes, disposals and contracts for disposal may be negotiated without regard to subsection (a), but subject to obtaining competition that is feasible under the circumstances, if—

(1) necessary in the public interest—

(A) during the period of a national emergency declared by the President or Congress, with respect to a particular lot of personal property; or

(B) for a period not exceeding three months, with respect to a specifically described category of personal property as determined by the Administrator;

(2) the public health, safety, or national security will be promoted by a particular disposal of personal property;

(3) public exigency will not allow delay incident to advertising certain personal property;

(4) the nature and quantity of personal property involved are such that disposal under subsection (a) would impact an industry to an extent that would adversely affect the national economy, and the estimated fair market value of the property and other satisfactory terms of disposal can be obtained by negotiation;

(5) the estimated fair market value of the property involved does not exceed $15,000;

(6) after advertising under subsection (a), the bid prices for the property, or part of the property, are not reasonable or have not been independently arrived at in open competition;

(7) with respect to real property, the character or condition of the property or unusual circumstances make it impractical to advertise publicly for competitive bids and the fair market value of the property and other satisfactory terms of disposal can be obtained by negotiation;

(8) the disposal will be to a State, territory, or possession of the United States, or to a political subdivision of, or a tax-supported agency in, a State, territory, or possession, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation; or

(9) otherwise authorized by law.

(c) DISPOSAL THROUGH CONTRACT BROKERS.—

Disposals and contracts for disposal of surplus real and related personal property through contract realty brokers employed by the Administrator shall be made in the manner followed in similar commercial transactions under regulations the Administrator prescribes. The regulations must require that brokers give wide public notice of the availability of the property for disposal.

(d) NEGOTIATED SALE AT FIXED PRICE.—

(1) AUTHORIZATION.—The Administrator may make a negotiated sale of personal property at a fixed price, either directly or through the use of a disposal contractor, without regard to subsection (a). However, the sale must be publicized to an extent consistent with the value and nature of the property involved and the price established must reflect the estimated fair market value of the property. Sales under this subsection are limited to categories of personal property for which the Administrator determines that disposal under this subsection best serves the interests of the Government.

(2) FIRST OFFER.—Under regulations and restrictions the Administrator prescribes, an opportunity to purchase property at a fixed price under this subsection may be offered first to an entity specified in subsection (b)(8) that has expressed an interest in the property.

(e) EXPLANATORY STATEMENTS FOR NEGOTIATED DISPOSALS.—

(1) REQUIREMENT.—

(A) IN GENERAL.—Except as provided in subparagraph (B), an explanatory statement of the circumstances shall be prepared for each disposal by negotiation of—

(i) personal property that has an estimated fair market value in excess of $15,000;

(ii) real property that has an estimated fair market value in excess of $100,000, except that real property disposed of by lease or exchange is subject only to clauses (iii)–(v) of this subparagraph;

(iii) real property disposed of by lease for a term of not more than 5 years, if the estimated fair annual rent is more than $100,000 for any year;

(iv) real property disposed of by lease for a term of more than 5 years, if the total estimated rent over the term of the lease is more than $100,000; or

(v) real property or real and related personal property disposed of by exchange, regardless of value, or any property for which any part of the consideration is real property.

(B) EXCEPTION.—An explanatory statement is not required for a disposal of personal property under subsection (d), or for a disposal of real or personal property authorized by any other law to be made without advertising.

(2) TRANSMITTAL TO CONGRESS.—The explanatory statement shall be transmitted to the ap-
proprietary committees of Congress in advance of the disposal, and a copy of the statement shall be preserved in the files of the executive agency making the disposal.

(3) LISTING IN REPORT.—A report of the Administrator under section 126 of this title must include a listing and description of any negotiated disposals of surplus property having an estimated fair market value of more than $15,000, in the case of real property, or $5,000, in the case of any other property, other than disposals for which an explanatory statement has been transmitted under this subsection.

(f) APPLICABILITY OF OTHER LAW.—Section 6101(b)-(d) of title 41 does not apply to a disposal or contract for disposal made under this section.

**Ex. Ord. No. 12999. Apr. 17, 1996, 61 F.R. 17227, provided:**

In order to ensure that American children have the skills they need to succeed in the information-intensive 21st century, the Federal Government is committed to working with the private sector to promote four major developments in American education: making modern computer technology an integral part of every...
classroom; providing teachers with the professional development they need to use new technologies effectively; connecting classrooms to the National Information Infrastructure; encouraging the creation of excellent educational software. This Executive order streamlines the transfer of excess and surplus Federal computer equipment to our Nation’s classrooms and empowers Federal employees to volunteer their time and expertise to assist teachers and to connect classrooms.

Accordingly, by the authority vested in me as President by the Constitution and the laws of the United States of America, including the provisions of the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. 3701 et seq.), the Federal Property and Administrative Services Act of 1949, ch. 288, 63 Stat. 377 (now chapters 1 to 11 of this title and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of Title 41, Public Contracts), and the National Defense Authorization Act for Fiscal Year 1996, Public Law 104-106 (see Tables for classification), it is hereby ordered as follows:

SECTION 1. Protection of Educationally Useful Federal Equipment. (a) Educationally useful Federal equipment is a vital national resource. To the extent such equipment can be used as is, as separated into parts for other computers, or upgraded—either by professional technicians, students, or other recycling efforts—educationally useful Federal equipment is a valuable tool for community education. Therefore, to the extent possible, all executive departments and agencies (hereinafter referred to as “agencies”) shall protect and safeguard such equipment, particularly when declared excess or surplus, so that it may be recycled and transferred, if appropriate, pursuant to this order.

SNC. 2. Efficient Transfer of Educationally Useful Federal Equipment to Schools and Nonprofit Organizations. (a) To the extent permitted by law, all agencies shall give highest preference to schools and nonprofit organizations, including community-based educational organizations, (“schools and nonprofit organizations”) in the transfer, through gift or donation, of educationally useful Federal equipment.

(b) Agencies shall attempt to give particular preference to schools and nonprofit organizations located in the Federal enterprise communities and empowerment zones established in the Omnibus Reconciliation Act of 1993, Public Law 103-66 (see 26 U.S.C. 1391 et seq.).

(c) Each agency shall, to the extent permitted by law and where appropriate, identify educationally useful Federal equipment that it no longer needs and transfer it to a school or nonprofit organization by:

(1) conveying research equipment directly to the school or organization pursuant to 15 U.S.C. 3710(i); or
(2) reporting excess equipment to the General Services Administration (GSA) for donation when declared surplus in accordance with section 203(j) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 483(j)) (now 40 U.S.C. 549). Agencies shall report such equipment as far as possible in advance of the date the equipment becomes excess, so that GSA may attempt to arrange direct transfers from the donating agency to recipients eligible under this order.

(d) In transfers made pursuant to paragraph (c)(1) of this section, title shall transfer directly from the agency to the schools or nonprofit organizations as required by 15 U.S.C. 3710(i). All such transfers shall be reported to the GSA. At the direction of the recipient institution or organization, and if appropriate, transferred equipment may be conveyed initially to a nonprofit reuse or recycling program that will upgrade it before transfer to the school or nonprofit organization holding title.

(e) All transfers to schools or nonprofit organizations, whether made directly or through GSA, shall be made at the lowest cost to the school or nonprofit organization permitted by law.

(f) The availability of educationally useful Federal equipment shall be made known to eligible recipients under this order by all practicable means, including newspaper, community announcements, and the Internet.

(g) The regional Federal Executive Boards shall help facilitate the transfer of educationally useful Federal equipment from the agencies they represent to recipients eligible under this order.

SNC. 3. Assisting Teachers’ Professional Development: Connecting Classrooms. (a) Each agency that has employees who have computer expertise shall, to the extent permitted by law and in accordance with the guidelines of the Office of Personnel Management, encourage those employees to:

(1) help connect America’s classrooms to the National Information Infrastructure;
(2) assist teachers in learning to use computers to teach; and
(3) provide ongoing maintenance of and technical support for the educationally useful Federal equipment transferred pursuant to this order.

(b) Each agency described in subsection (a) shall submit to the Office of Science and Technology Policy, within 6 months of the date of this order, an implementation plan to advance the developments described in this order, particularly those required in this section. The plan shall be consistent with approved agency budget totals and shall be coordinated through the Office of Science and Technology Policy.

(c) Nothing in this order shall be interpreted to bar a recipient of educationally useful Federal equipment from lending that equipment, whether on a permanent or temporary basis, to a teacher, administrator, student, employee, or other designated person in furtherance of educational goals.

SNC. 4. Definitions. For the purposes of this order:

(a) “Schools” means individual public or private education institutions encompassing prekindergarten through twelfth grade, as well as public school districts.

(b) “Community-based educational organizations” means nonprofit entities that are engaged in collaborative projects with schools or that have education as their primary focus. Such organizations shall qualify as nonprofit educational institutions or organizations for purposes of section 203(j) of the Federal Property and Administrative Services Act of 1949, as amended (now 40 U.S.C. 549).

(c) “Educationally useful Federal equipment” means computers and related peripheral tools (e.g., printers, modems, routers, and servers), including telecommunications and research equipment, that are appropriate for use in prekindergarten, elementary, middle, or secondary school education. It shall also include computer software, where the transfer of licenses is permitted.

(d) “Nonprofit reuse or recycling program” means a 501(c)(3) organization able to upgrade computer equipment at no or low cost to the school or nonprofit organization taking title to it.

(e) “Federal Executive Boards,” as defined in 5 C.F.R. Part 960, are regional organizations of each Federal agency’s highest local officials.

SNC. 5. This order shall supersede Executive Order No. 12821 of November 16, 1992.

SNC. 6. Judicial Review. This order is not intended, and should not be construed, to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or its employees.

WILLIAM J. CLINTON.

(3) **Self-Help Housing.**—

In subsection (b)(4), the words “section 13(g) of the Surplus Property Act of 1944 (50 U.S.C. App. 1622(g))” are omitted because 50 App.1622(g) has been repealed.

AMENDMENTS

§ 574. Other rules regarding proceeds

(a) CREDIT TO REIMBURSABLE FUND OR APPROPRIATION.—

(1) APPLICATION.—This subsection applies to property acquired with amounts—

(A) not appropriated from the general fund of the Treasury; or

(B) appropriated from the general fund of the Treasury but by law reimbursable from assessment, tax, or other revenue or receipts.

(2) IN GENERAL.—The net proceeds of a disposition or transfer of property described in paragraph (1) shall be—

(A) credited to the applicable reimbursable fund or appropriation; or

(B) paid to the federal agency that determined the property to be excess.

(3) CALCULATION OF NET PROCEEDS.—For purposes of this subsection, the net proceeds of a disposition or transfer of property are the proceeds less all expenses incurred for the disposition or transfer, including care and handling.

(b) SPECIAL ACCOUNT FOR REFUNDS OR PAYMENTS FOR BREACH.—

(1) DEPOSITS.—A federal agency that disposes of surplus property under this chapter may deposit, in a special account in the Treasury, amounts of the proceeds of the dispositions that the agency decides are necessary to permit—

(A) appropriate refunds to purchasers for dispositions that are rescinded or that do not become final; and

(B) payments for breach of warranty.

(2) WITHDRAWALS.—A federal agency that deposits proceeds in a special account under paragraph (1) may withdraw amounts to be refunded or paid from the account without regard to the origin of the amounts withdrawn.

(c) CREDIT TO COST OF CONTRACTOR’S WORK.—If a contract made by an executive agency, or a subcontract under that contract, authorizes the proceeds of a sale of property in the custody of a contractor or subcontractor to be credited to the price or cost of work covered by the contract or subcontract, then the proceeds of the sale shall be credited in accordance with the contract or subcontract.

(d) ACCEPTANCE OF PROPERTY INSTEAD OF CASH.—An executive agency entitled to receive cash under a contract for the lease, sale, or other disposition of surplus property may accept property instead of cash if the President determines that the property is strategic or critical material. The property is valued at the prevailing market price when the cash payment becomes due.

(e) MANAGEMENT OF CREDIT, LEASES, AND PERMITS.—For a disposition of surplus property under this chapter, if credit has been extended, or if the disposition has been by lease or permit, the Administrator of General Services, in a manner and on terms the Administrator determines are in the best interest of the Federal Government—

(1) shall administer and manage the credit, lease, or permit, and any security for the credit, lease, or permit; and

(2) may enforce, adjust, and settle any right of the Government with respect to the credit, lease, or permit.

HISTORICAL AND REVISION NOTES

In subsection (b)(1), the words “in the Treasury” are substituted for “with the Treasurer of the United States” because of section 1 of Reorganization Plan No. 26 of 1950 (eff. July 31, 1950, 64 Stat. 1280), restated as 31:321.

In subsection (e), the words “or by War Assets Administration (or its predecessor agencies) under the Surplus Property Act of 1944” are omitted because the War Assets Administration was abolished and its functions were transferred to the General Services Administration by section 105 of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 381).

(2) OCCASIONAL USE OF SPACE FOR NON-COMMERCIAL PURPOSES.—The Administrator may make available, on occasion, or lease at a rate and on terms and conditions that the Administrator considers to be in the public interest, an auditorium, meeting room, courtyard, rooftop, or lobby of a public building to a person, firm, or organization engaged in cultural, educational, or recreational activity (as defined in section 3306(a) of this title) that will not disrupt the operation of the building.

In this section, 40:490(a)(7) is omitted as obsolete because the pneumatic tube system referred to in the provision is no longer used or maintained and 40:490(a)(9) is omitted as obsolete because the relevant provisions of the Surplus Property Act of 1944 (50 App.:1611 et seq.) have been repealed.

In subsection (c)(3) and (4), the words “without regard to the provisions of section 278a of this title” and “which on June 30, 1950, was specifically exempted by law from the requirements of said section” (in 40:490(a)(3)), and the words “without regard to the 25 per centum limitation of section 278a of this title” and “without reference to such limitation” (in 40:490(a)(8)), respectively, are omitted as obsolete because 40:278a was repealed by section 7 of the Public Buildings Amendments of 1988 (Public Law 100–678, 40:278a).

(a) which read as follows: “APPLICABILITY.—To the extent that the Administrator of General Services by law, other than this section, may maintain, operate, and protect buildings or property, including the construction, repair, preservation, demolition, furnishing, or equipping of buildings or property, the Administrator, in the discharge of these duties, may exercise authority granted under this section.”

Subsec. (b). Pub. L. 107–296, §1706(a)(2), in par. (1), inserted “and” at end, in par. (2), substituted a period for ”,” and struck out par. (3) which read as follows: “furnish arms and ammunition for the protection force the Administration maintains.”

Amendment by Pub. L. 107–296 effective 60 days after Nov. 25, 2002, see section 4 of Pub. L. 107–296, set out as an Effective Date note under section 101 of Title 6, Domestic Security.

**Federal Buildings Personnel Training**

“**SECTION 1. SHORT TITLE.**

This Act may be cited as the ‘Federal Buildings Personnel Training Act of 2010’.

“**SEC. 2. TRAINING OF FEDERAL BUILDING PERSONNEL.**

“(a) Identification of Core Competencies.—Not later than 18 months after the date of enactment of this Act (Dec. 14, 2010), and annually thereafter, the Administrator of General Services, in consultation with representatives of relevant professional societies, industry associations, and apprenticeship training providers, and after providing notice and an opportunity for comment, shall identify the core competencies necessary for Federal personnel performing building operations and maintenance, energy management, safety, and design functions to comply with requirements under Federal law. The core competencies identified shall include competencies relating to building operations and maintenance, energy management, safety, building performance measures, energy efficiency, fire safety, and building performance measures.”
§ 582. Management of buildings by Administrator of General Services

(a) REQUEST BY FEDERAL AGENCY OR INSTRUMENTALITY.—At the request of a federal agency, a mixed-ownership Government corporation (as defined in chapter 91 of title 31), or the District of Columbia, the Administrator of General Services may operate, maintain, and protect a building that is owned by the Federal Government (or, in the case of a wholly owned or mixed-ownership Government corporation, by the corporation) and occupied by the agency or instrumentality making the request.

(b) TRANSFER OF FUNCTIONS BY DIRECTOR OF THE OFFICE OF MANAGEMENT AND BUDGET.—

(1) IN GENERAL.—When the Director of the Office of Management and Budget determines that it is in the interest of economy or effi-
ciency, the Director shall transfer to the Administrator all functions vested in a federal agency with respect to the operation, maintenance, and custody of an office building owned by the Government or a wholly owned Government corporation, or an office building, or part of an office building, that is occupied by a federal agency under a lease.

(2) EXCEPTION FOR POST-OFFICE BUILDINGS.—A transfer of functions shall not be made under this subsection for a post-office building, unless the Director determines that the building is not used predominantly for post-office purposes. The Administrator may delegate functions with respect to a post-office building that are transferred to the Administrator under this subsection only to another officer or employee of the General Services Administration or to the Postmaster General.

(3) EXCEPTION FOR BUILDINGS IN A FOREIGN COUNTRY.—A transfer of functions shall not be made under this subsection for a building located in a foreign country.

(4) EXCEPTION FOR DEPARTMENT OF DEFENSE BUILDINGS.—A transfer of functions shall not be made under this subsection for a building located on the grounds of a facility of the Department of Defense (including a fort, camp, post, arsenal, navy yard, naval training station, airfield, proving ground, military supply depot, or school) unless and only to the extent that the Secretary of Defense has issued a permit for use by another agency.

(A) located in the same vicinity;

(B) used wholly or predominantly for the special purposes of the agency with custody of the buildings; and

(C) not generally suitable for use by another agency.

(6) EXCEPTION FOR CERTAIN GOVERNMENT BUILDINGS.—A transfer of functions shall not be made under this subsection for the Treasury Building, the Bureau of Engraving and Printing Building, the buildings occupied by the National Institute of Standards and Technology, and the buildings under the jurisdiction of the regents of the Smithsonian Institution.

In subsection (a), the words “mixed-ownership Government corporation” are substituted for “mixed-ownership corporation” for consistency in the subsection and with chapter 91 of title 31. The words “chapter 91 of title 31” are substituted for “the Government Corporation Control Act” in section 210(b) of the Federal Property and Administrative Services Act of 1949, because of section 4(b) of the Act of September 13, 1982 (Public Law 97–258, 96 Stat. 1987), the first section of which enacted Title 31, United States Code.

In subsection (b), the words “Director of the Office of Management and Budget” are substituted for “Director of the Bureau of the Budget” in section 210(b) of the Federal Property and Administrative Services Act of 1949 because the office of Director of the Bureau of the Budget was redesignated the Director of the Office of Management and Budget by section 102(b) of Reorganization Plan No. 2 of 1970 (eff. July 1, 1970, 84 Stat. 2065). (2) make or cause to be made (under contract or otherwise) surveys and test borings and prepare plans and specifications for a building or project prior to the Attorney General’s approval of the title to the site; and

(3) contract for, and supervise, the construction, development, and equipping of a building or project.

(b) TRANSFER OF AMOUNTS.—An amount available to a federal agency or instrumentality for a building or project may be transferred, in advance, to the General Services Administration for purposes the Administrator determines are necessary, including payment of salaries and expenses for preparing plans and specifications and for field supervision.

EX. ORD. NO. 12411. GOVERNMENT WORK SPACE MANAGEMENT REFORMS

Ex. Ord. No. 12411, Mar. 29, 1983, 48 F.R. 13391, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, including Section 386 of Title 40 of the United States Code (now 40 U.S.C. 121), in order to institute fundamental changes in the manner in which Federal work space is managed to ensure its efficient utilization, it is hereby ordered as follows:

SECTION 1. In order to make the Federal use of work space (including office space, warehouses and special purpose space, whether federally owned, leased or controlled) and related furnishings more effective in support of agency missions, minimize the acquisition of government resources, and reduce the administrative costs of the Federal government, the heads of all Federal Executive agencies shall:

(a) Establish programs to reduce the amount of work space, used or held, to that amount which is essential for known agency missions;

(b) Produce and maintain a total inventory of work space and related furnishings and declare excess to the Federal government; and related furnishings more effective in support of agency missions;

(c) Ensure that the amount of office space used by each employee of the agency, or others using agency-controlled space, is held to the minimum necessary to accomplish the task that must be performed;

(d) Manage the furniture, equipment, decoration, drapes, carpeting, plants and other furnishings so that the use of all furnishings by the agency reflects a judicious employment of public moneys;

(e) Consider, in making decisions concerning the use, acquisition, or disposal of work space and related furnishings, the effects of its actions on costs incurred by other Federal agencies;

(f) Report all vacant work space retained for future Federal use to the Administrator of General Services so that it may be made available for the temporary use of other Federal agencies, to the extent consistent with national defense requirements;

(g) Establish a work space management plan to meet the provisions of this Order, including specification of the goals to be achieved and actions to be taken by the agency in order to improve its utilization of all work space and related furnishings; and

(h) Establish information systems, implement inventory controls and conduct surveys, in accordance with procedures established by the Administrator of General Services, so that a government-wide reporting system may be developed.

SNC. 2. The Administrator of General Services is delegated authority, to the extent not prohibited by other laws, to conduct surveys, establish agency-wide objectives for work space use for each Executive agency, and establish procedures, guidelines and regulations to be followed by the agencies in developing the work space planning, information and reporting systems required by this Order.

RONALD REAGAN.

§ 585. Lease agreements

(a) IN GENERAL.—

(1) AUTHORITY.—The Administrator of General Services may enter into a lease agreement with a person, copartnership, corporation, or other public or private entity for the accommodation of a federal agency in a building (or improvement) which is in existence or being erected by the lessor to accommodate the federal agency. The Administrator may assign and realign the leased space to a federal agency.

(2) TERMS.—A lease agreement under this subsection shall be on terms the Administrator considers to be in the interest of the Federal Government and necessary for the accommodation of the federal agency. However, the lease agreement may not bind the Government for more than 20 years and the obligation of amounts for a lease under this subsection is limited to the current fiscal year for which payments are due without regard to section 1341(a)(1)(B) of title 31.

(b) SUBLEASE.—

(1) APPLICATION.—This subsection applies to rent received if the Administrator—

(A) determines that an unexpired portion of a lease of space to the Government is surplus property; and

(B) disposes of the property by sublease.

(2) USE OF RENT.—Notwithstanding section 571(a) of this title, the Administrator may deposit rent received into the Federal Buildings Fund. The Administrator may defer from the fund any costs necessary to provide services to the Government's lessee and to pay the rent (not otherwise provided for) on the lease of the space to the Government.

(c) AMOUNTS FOR RENT AVAILABLE FOR LEASE OF BUILDINGS ON GOVERNMENT LAND.—Amounts made available to the General Services Administration for the payment of rent may be used to lease space, for a period of not more than 30 years, in buildings erected on land owned by the Government.

In subsection (b)(2), the words “Federal Buildings Fund” are substituted for “buildings management fund” because the fund established under 40:490(f)(1) is the Federal Buildings Fund and unexpended balances in the Buildings Management Fund were merged into the Federal Buildings Fund under 40:490(f)(3).

The Administrator may make a telecommuting center available for use by others to the extent it is not fully utilized by federal employees.

(3) USER FEES.—The Administrator shall charge a user fee for the use of a telecommuting center. The amount of the user fee shall approximate commercial charges for comparable space and services. However, the user fee may not be less than necessary to pay the cost of establishing and operating the telecommuting center, including the reasonable cost of renovation and replacement of furniture, fixtures, and equipment.

(4) DEPOSIT AND USE OF FEES.—The Administrator may—

(A) deposit user fees into the Federal Buildings Fund and use the fees to pay costs incurred in establishing and operating the telecommuting center; and

In subsection (f)(2), the reimbursement requirement in 40:490(g) (last sentence) is set out as an exception to a general "without reimbursement" rule in 40:490(g) (3d sentence) to harmonize an inconsistency in the source law.

Ex. Ord. No. 10579, Dec. 1, 1954, 19 F.R. 7925, provided:

SECTION 1. Purpose and general policy. (a) The purpose of these regulations is to establish policies and procedures under which interagency motor-vehicle pools or systems may be established, operated, curtailed, or discontinued.

(b) The Administrator of General Services (hereinafter referred to as the Administrator) shall establish and provide for the operation of interagency motor-vehicle pools and systems for the purpose of providing more efficient or economical transportation of Government personnel and property within specific areas by motor vehicles or local transit systems. Pools or systems based in whole or in part upon use of privately owned vehicles and facilities shall be preferred to Government ownership of vehicles and facilities to the extent that it is feasible to provide motor-vehicle services of satisfactory quality and cost from commercial or other private sources.

SISC. 2. Conduct of studies to determine advisability of establishing motor-vehicle pools or systems. (a) The Administrator shall select areas in which studies are to be conducted to determine the advisability of establishing motor-vehicle pools or systems. Before initiating any such study, he shall give at least thirty days notice to the head of each executive agency (as defined in section 3(a) of the Act [now 40 U.S.C. 102(d)]). The notice shall include a statement of the approximate geographic area to be studied and the date on which the study will begin.

(b) The head of each executive agency receiving notice that such a study is to be made shall provide information which is required or pertinent. He shall also designate one or more officials in the field with whom members of a staff assigned by the General Services Administration may consult. Such designated officials shall provide such assigned staff with needed information and assistance, including reasonable opportunities to observe motor-vehicle operations and facilities and to examine pertinent cost and other records.

SISC. 3. Determination to establish an interagency motor-vehicle pool or system. (a) If the Administrator determines, with due regard to the program activities of the agencies concerned, and on the basis of a study made in accordance with section 2 hereof, that an interagency motor-vehicle pool or system should be established, he shall be responsible for preparing a formal determination to that effect. Such determination shall include:

(1) A description of the proposed operation, including a statement of the types of service and of the geographic area, and the agencies or parts of agencies to be served.

(2) The name of the executive agency designated to be responsible for operating the pool or system, and the reasons for such designation.

(3) A statement indicating the motor vehicles and related equipment and supplies to be transferred and the amount of reimbursement, if any, to be made therefor.

(b) Each determination shall be accompanied by an analytical justification which shall include a comparison of estimated costs of the present and methods of operation and a showing of the estimated savings to be realized through the establishment of the proposed pool or system. The justification shall also describe the alternatives considered in making the determination, and shall include a statement concerning the availability of privately-owned facilities and equipment, and the feasibility and estimated cost (immediate and long-term) of using such facilities and equipment.

(c) The Administrator shall send a copy of each determination to each executive agency affected and to the Director of the Bureau of the Budget (now the Director of the Office of Management and Budget) (hereinafter referred to as the Director).

SISC. 4. Transfers of records, facilities, personnel, and appropriations. A copy of such schedule shall be sent by the Administrator to each executive agency affected. The Director shall determine the records, facilities, personnel, and appropriations to be transferred.

SISC. 5. Taking effect of determinations. Unless a greater time is allowed therein, any determination made by the Administrator shall become binding on all affected executive agencies forty-five days after the issuance thereof except with respect to any agency that requests, or requests an exemption, from any such determination in accordance with section 6 of these regulations.

(a) Any executive agency may appeal or request exemption from any or all proposals affecting it which are contained in a determination. Appeals shall be submitted in writing to the Director with a copy to the Administrator within forty-five days from the date of the determination. Such appeals shall be accompanied by factual and objective supporting data and justification.

(b) The Director shall review any determination from which an executive agency has appealed and shall make a final decision on such appeal. The Director shall make such decisions, within seventy-five days after he receives the appeal or as soon thereafter as practicable, on the basis of information contained in the Administrator’s determination, the executive agencies’ appeals therefrom, and any supplementary data submitted by the Administrator and the contesting agencies. § 1303. Disposition of surplus real property

(a) DEFINITION.—In this section, the term “federal agency” means an executive department, independent establishment, commission, board, bureau, division, or office in the executive branch, or other agency of the Federal Government, including wholly owned Government corporations.

(b) ASSIGNMENT OF SPACE OR LEASE OR SALE OF PROPERTY.—
   (1) ACTIONS OF ADMINISTRATOR.—When the President, on the recommendation of the Administrator of General Services, or the federal agency having control of any real property the agency acquires that is located outside of the District of Columbia, other than military or naval reservations, declares the property to be surplus to the needs of the agency, the Administrator—
      (A) may assign space in the property to any federal agency;
      (B) pending a sale, may lease the property for not more than 5 years and on terms the Administrator considers to be in the public interest; or
      (C) may sell the property at public sale to the highest responsible bidder on terms and after public advertisement that the Administrator considers to be in the public interest.
   (2) REVIEW OF DECISION TO ASSIGN SPACE.—If the federal agency to which space is assigned does not desire to occupy the space, the decision of the Administrator under paragraph (1)(A) is subject to review by the President.
   (3) NEGOTIATED SALE.—If no bids which are satisfactory as to price and responsibility of the bidder are received as a result of public advertisement, the Administrator may sell the property by negotiation, on terms as may be considered to be to the best interest of the Government, but at a price not less than that bid by the highest responsible bidder.
   (c) DEMOLITION.—The Administrator may demolish any building declared to be surplus to the needs of the Government under this section on deciding that demolition will be in the best interest of the Government. Before proceeding with the demolition, the Administrator shall inform the Secretary of the Interior in writing of the Administrator’s intention to demolish the building, and shall not proceed with the demolition until receiving written notice from the Secretary that the building is not an historic building of national significance within the meaning of the Act of August 21, 1935 (16 U.S.C. 461 et seq.) (known as the Historic Sites, Buildings, and Antiquities Act). If the Secretary does not notify the Administrator of the Secretary’s decision as to whether the building is an historic building of national significance within 90 days of the receipt of the notice of intention to demolish the building, the Administrator may proceed to demolish the building.
   (d) REPAIRS AND ALTERATIONS TO ASSIGNED REAL PROPERTY.—When the Administrator, after investigation, decides that real property referred to in subsection (b) should be used for the accommodation of a federal agency, the Administrator may make any repairs or alterations that the Administrator considers necessary or advisable and may maintain and operate the property.

(a) OBSOLETE BUILDINGS AND SITES.—

(1) IN GENERAL.—The Administrator of General Services, in the Administrator’s discretion, on terms the Administrator considers proper, and under regulations the Administrator may prescribe, may sell property described in paragraph (2) to a State or a political subdivision of a State for public use if the Administrator considers the sale to be in the best interest of the Federal Government.

See the revision note under section 111 of this title. The words "as have been or may hereafter be" are omitted as unnecessary.

AMENDMENTS

§ 1306. Disposition of abandoned or forfeited personal property

(a) DEFINITIONS.—In this section—

(1) AGENCY.—The term "agency" includes any executive department, independent establishment, board, commission, bureau, service, or division of the Federal Government, and any corporation in which the Government owns at least a majority of the stock.

(2) PROPERTY.—The term "property" means all personal property, including vessels, vehicles, and aircraft.

(b) VOLUNTARILY ABANDONED PROPERTY.—Property voluntarily abandoned to any agency in a way that vests title to the property in the Government may be retained by the agency and devoted to official use only. If the agency does not desire to retain the property, the head of the agency immediately shall notify the Administrator of General Services to that effect, and the Administrator, within a reasonable time, shall—

(1) order the agency to deliver the property to another agency that requests the property and that the Administrator believes should be given the property; or

(2) order disposal of the property as otherwise provided by law.

(c) FORFEITED PROPERTY.—

(1) AGENCY RETAINS PROPERTY.—An agency that seizes property that has been forfeited to the Government other than by court decree may retain the property and devote it only to official use instead of disposing of the property as otherwise provided by law if competent authority does not order the property returned to any claimant.

(2) AGENCY DOES NOT DESIRE TO RETAIN PROPERTY.—If the agency does not desire to retain...
the property, the head of the agency immediately shall notify the Administrator to that effect, and the property—

(A) if not ordered by competent authority to be returned to any claimant, or disposed of as otherwise provided by law, shall be delivered by the agency, on order of the Administrator given within a reasonable time, to another agency that requests the property and that the Administrator believes should be given the property; or

(B) on order of the Administrator given within a reasonable time, shall be disposed of as otherwise provided by law.

(d) Property Subject to Court Proceeding for Forfeiture.—

(1) Notification of Administrator.—If a proceeding has begun for the forfeiture of any property by court decree, the agency that seized the property immediately shall notify the Administrator and at the same time may file with the Administrator a request for the property for its official use, or

(2) Application for Court Order to Deliver Property.—

(A) In General.—Before entry of a decree, the Administrator shall apply to the court to order delivery of the property in accordance with this paragraph.

(B) Delivery to Seizing Agency.—If the agency that seized the property files a request for the property under paragraph (1), the Administrator shall apply to the court to order delivery of the property to the agency that seized the property.

(C) Delivery to Other Requesting Agency.—If the agency that seized the property does not file a request for the property under paragraph (1) but another agency requests the property, the Administrator shall apply to the court to order delivery of the property to the requesting agency if the Administrator believes that the requesting agency should be given the property.

(D) Delivery to Seizing Agency for Temporary Holding.—If application to the court cannot be made under subparagraph (B) or (C) and the administrator believes the property may later become necessary to any agency for official use, the Administrator shall apply to the court to order delivery of the property to be retained in its custody. Within a reasonable time, the Administrator shall order the agency to—

(i) deliver the property to another agency that requests the property and that the Administrator believes should be given the property; or

(ii) dispose of the property as otherwise provided by law.

(3) Forfeiture Decreed.—If forfeiture is decreed and the property is not ordered by competent authority to be returned to any claimant, the court shall order delivery as provided in paragraph (2).

(4) When No Application Made.—The court shall dispose of property for which no application is made in accordance with law.

(e) Retention or Delivery of Property Deemed Sale.—Retention or delivery of forfeited or abandoned property under this section is deemed to be a sale of the property for the purpose of laws providing for informer’s fees or remission or mitigation of a forfeiture. Property acquired under this section when no longer needed for official use shall be disposed of in the same manner as other surplus property.

(f) Payment of Costs Related to Property.—

(1) Availability of Appropriations.—The appropriation available to an agency for the purchase, hire, operation, maintenance, and repair of any property is available for—

(A) the payment of expenses of operation, maintenance, and repair of property of the same kind the agency receives under this section for official use;

(B) the payment of a lien recognized and allowed under law;

(C) the payment of amounts found to be due a person on the authorized remission or mitigation of a forfeiture; and

(D) reimbursement of other agencies as provided in paragraph (2).

(2) Payment and Reimbursement of Certain Costs.—The agency that receives property under this section shall pay the cost of hauling, transporting, towing, and storing the property. If the property is later delivered to another agency for official use under this section, the agency to which the property is delivered shall make reimbursement for all of those costs incurred prior to the date the property is delivered.

(g) Report.—With the approval of the Secretary of the Treasury, the Administrator may require an agency to make a report of all property abandoned to it or seized and the disposal of the property.

(h) Administrative.—

(1) Regulations.—With the approval of the Secretary, the Administrator may prescribe regulations necessary to carry out this section.

(2) Other Laws Not Repealed.—This section does not repeal any other laws relating to the disposition of forfeited or abandoned property, except provisions of those laws directly in conflict with this section which were enacted prior to August 27, 1935.

(3) Property Not Subject to Allocation under This Section.—The following classes of property are not subject to allocation under this section, but shall be disposed of in the manner otherwise provided by law:

(A) narcotic drugs, as defined in the Controlled Substances Act (21 U.S.C. 801 et seq.);

(B) firearms, as defined in section 5845 of the Internal Revenue Code of 1986 (26 U.S.C. 5845);

(C) other classes or kinds of property the disposal of which the Administrator, with the approval of the Secretary, may consider in the public interest, and may by regulation provide.
In this section, the words “Administrator” and “Admin-istration of General Services” are substituted for “Director” and “Director of the Procurement Division of the Treasury Department of the United States” (subsequently changed to “Bureau of Federal Supply” by regulation §5.7 of subpart A of Part 5 of Title 41, Public Contracts, eff. January 1, 1947, 11 F. R. 13066) because of section 1005(a) of the Federal Property and Administrative Services Act of 1949 (ch. 288, 63 Stat. 380), which is restated as section 303(a)(1) of the revised title.

In subsection (a), the text of 40:304f(3) is omitted because the complete name of the Administrator of General Services is used the first time the term appears in a section.

In subsection (c)(1), the words “(including advertisement for sale, and sale)” are omitted as unnecessary. In subsection (c)(3), the words “as provided in paragraph (2)” are substituted for “accordingly” for clarity. In subsection (g), the words “from time to time” are omitted as unnecessary.

### § 1313. Releasing property from attachment

(a) **Stipulation of Discharge.**—

1. **Person asserting claim entitled to benefits.**—In a judicial proceeding under the laws of a State, district, territory, or possession of the United States, when property owned or held by the Federal Government, or in which the Government has or claims an interest, is seized, arrested, attached, or held for the security or satisfaction of a claim made against the property, the Attorney General may direct the United States Attorney for the district in which the property is located to enter a stipulation that on discharge of the property from the seizure, arrest, attachment, or proceeding, the person asserting the claim against the property becomes entitled to all the benefits of this section.

2. **Nonapplication.**—This subsection does not—

   (A) recognize or concede any right to enforce by seizure, arrest, attachment, or any judicial process a claim against property—

   (i) of the Government; or

   (ii) held, owned, or employed by the Government, or by a department of the Government, for a public use; or

   (B) waive an objection to a proceeding brought to enforce the claim.

(b) **Payment.**—After a discharge, a final judgment which affirms the claim for the security or satisfaction and the right of the person asserting the claim to enforce it against the property, notwithstanding the claims of the Government, is deemed to be a full and final determination of the rights of the person and entitles the person, as against the Government, to the rights the person would have had if possession of the property had not been changed. When the claim is for the payment of money found to be due, presentation of an authenticated copy of the record of the judgment and proceedings is sufficient evidence to the proper accounting officers for the allowance of the claim, which shall be allowed and paid out of amounts in the Treasury not otherwise appropriated. The amount allowed and paid shall not exceed the value of the interest of the Government in the property.

SUBCHAPTER III—BONDS

§3131. Bonds of contractors of public buildings or works

(a) Definition.—In this subchapter, the term "contractor" means a person awarded a contract described in subsection (b).

(b) Type of bonds required.—Before any contract of more than $100,000 is awarded for the construction, alteration, or repair of any public building or public work of the Federal Government, a person must furnish to the Government the following bonds, which become binding when the contract is awarded:

(1) Performance bond.—A performance bond with a surety satisfactory to the officer awarding the contract, and in an amount the officer considers adequate, for the protection of the Government.

(2) Payment bond.—A payment bond with a surety satisfactory to the officer for the protection of all persons supplying labor and materials in carrying out the work provided for in the contract for the use of each person. The amount of the payment bond shall equal the total amount payable by the terms of the contract unless the officer awarding the contract determines, in writing supported by specific findings, that a payment bond in that amount is impractical, in which case the contracting officer shall set the amount of the payment bond. The amount of the payment bond shall not be less than the amount of the performance bond.

(c) Coverage for taxes in performance bond.—

(1) In General.—Every performance bond required under this section specifically shall provide coverage for taxes the Government imposes which are collected, deducted, or withheld from wages the contractor pays in carrying out the contract with respect to which the bond is furnished.

(2) Notice.—The Government shall give the surety on the bond written notice, with respect to any unpaid taxes attributable to any period, within 90 days after the date when the contractor files a return for the period, except that notice must be given no later than 180 days from the date when a return for the period was required to be filed under the Internal Revenue Code of 1986 (26 U.S.C. 1 et seq.).

(3) Civil action.—The Government may not bring a civil action on the bond for the taxes—

(A) unless notice is given as provided in this subsection; and

(B) more than one year after the day on which notice is given.

(d) Waiver of bonds for contracts performed in foreign countries.—A contracting officer may waive the requirement of a performance bond and payment bond for work under a contract that is to be performed in a foreign country if the officer finds that it is impracticable for the contractor to furnish the bonds.

(e) Authority to Require Additional Bonds.—This section does not limit the authority of a contracting officer to require a performance bond or other security in addition to those, or in cases other than the cases, specified in subsection (b).

§ 3132. Alternatives to payment bonds provided by Federal Acquisition Regulation

(a) In GENERAL.—The Federal Acquisition Regulation shall provide alternatives to payment bonds as payment protections for suppliers of labor and materials under contracts referred to in section 3131(a) of this title that are more than $25,000 and not more than $100,000.

(b) RESPONSIBILITIES OF CONTRACTING OFFICER.—The contracting officer for a contract shall—

(1) select, from among the payment protections provided for in the Federal Acquisition Regulation pursuant to subsection (a), one or more payment protections which the offeror awarded the contract is to submit to the Federal Government for the protection of suppliers of labor and materials for the contract; and

(2) specify in the solicitation of offers for the contract the payment protections selected.

§ 3133. Rights of persons furnishing labor or material

(a) RIGHT OF PERSON FURNISHING LABOR OR MATERIAL TO COPY OF BOND.—The department secretary or agency head of the contracting agency shall furnish a certified copy of a payment bond and the contract for which it was given to any person applying for a copy who submits an affidavit that the person has supplied labor or material for work described in the contract and payment for the work has not been made or that the person is being sued on the bond. The copy is prima facie evidence of the contents, execution, and delivery of the original. Applicants shall pay any fees the department secretary or agency head of the contracting agency fixes to cover the cost of preparing the certified copy.

(b) RIGHT TO BRING A CIVIL ACTION.—

(1) IN GENERAL.—Every person that has furnished labor or material in carrying out work provided for in a contract for which a payment bond is furnished under section 3131 of this title and that has not been paid in full within 90 days after the day on which the person did or performed the last of the labor or furnished or supplied the last of the material for which the claim is made may bring a civil action on the payment bond for the amount unpaid at the time the civil action is brought and may prosecute the action to final execution and judgment for the amount due.

(2) PERSON HAVING DIRECT CONTRACTUAL RELATIONSHIP WITH A SUBCONTRACTOR.—A person having a direct contractual relationship with a subcontractor but no contractual relationship, express or implied, with the contractor furnishing the payment bond may bring a civil action on the payment bond on giving written notice to the contractor within 90 days from the date on which the person did or performed the last of the labor or furnished or supplied the last of the material for which the claim is made. The action must state with substantial accuracy the amount claimed and the name of the party to whom the material was furnished or supplied or for whom the labor was done or performed. The notice shall be served—

(A) by any means that provides written, third-party verification of delivery to the contractor at any place the contractor maintains an office or conducts business or at the contractor's residence; or

(B) in any manner in which the United States marshal of the district in which the public improvement is situated by law may serve summons.

(3) VENUE.—A civil action brought under this subsection must be brought—

(A) in the name of the United States for the use of the person bringing the action; and

(B) in the United States District Court for any district in which the contract was to be performed and executed, regardless of the amount in controversy.

(4) PERIOD IN WHICH ACTION MUST BE BROUGHT.—An action brought under this subsection must be brought no later than one year after the day on which the last of the labor was performed or material was supplied by the person bringing the action.

(5) LIABILITY OF FEDERAL GOVERNMENT.—The Government is not liable for the payment of any costs or expenses of any civil action brought under this subsection.

(c) WAIVER OF RIGHT TO CIVIL ACTION.—A waiver of the right to bring a civil action on a payment bond required under this subchapter is void unless the waiver is—

(1) in writing;

(2) signed by the person whose right is waived; and

(3) executed after the person whose right is waived has furnished labor or material for use in the performance of the contract.

In subsection (b)(1), the words “may bring a civil action” are substituted for “shall have the right to sue” for consistency in the revised title and with other titles of the United States Code. The words “or sums” are omitted because of 1:1.

AMENDMENTS

(a) APPLICATION.—The advertised specifications for every contract in excess of $2,000, to which the Federal Government or the District of Columbia is a party, for construction, alteration, or repair, including painting and decorating, of public buildings and public works of the Government or the District of Columbia that are located in a State or the District of Columbia and which requires or involves the employment of mechanics or laborers and which the Federal Government or the District of Columbia is a party, for construction, alteration, or repair, including painting and decorating, of public buildings and public works of the Government or the District of Columbia that are located in a State or the District of Columbia and which requires or involves the employment of mechanics or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics.

(c) STIPULATIONS REQUIRED IN CONTRACT.—Every contract based upon the specifications referred to in subsection (a) must contain stipulations that—

1. the contractor or subcontractor shall pay all mechanics and laborers employed directly on the site of the work, unconditionally and at least once a week, and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the advertised specifications, regardless of any contractual relationship which may be alleged to exist between the contractor or subcontractor and the laborers and mechanics;

2. the contractor will post the scale of wages to be paid in a prominent and easily accessible place at the site of the work; and

3. there may be withheld from the contractor so much of the payments as the contracting officer considers necessary to pay to laborers and mechanics employed by the contractor or any subcontractor on the work the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and the rates of wages received by the laborers and mechanics and not refunded to the contractor or subcontractors or their agents.

(d) DISCHARGE OF OBLIGATION.—The obligation of a contractor or subcontractor to make payment in accordance with the prevailing wage determinations of the Secretary of Labor, under this subchapter and other laws incorporating this subchapter by reference, may be discharged by making payments in cash, by making contributions described in section 3141(2)(B)(i) of this title, by assuming an enforceable commitment to bear the costs of a plan or program referred to in section 3141(2)(B)(ii) of this title, or by any combination of payment, contribution, and assumption, where the aggregate of the payments, contributions, and costs is not less than the basic hourly rate of pay plus the amount referred to in section 3141(2)(B) of this title.

(a) CRITERIA FOR RECEIVING WAIVER.—The requirement that certain laborers and mechanics be paid in accordance with the wage-setting provisions of subchapter IV of this chapter as set forth in the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.), the Indian Health Care Improvement Act (25 U.S.C. 1601 et seq.), and the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.) does not apply to an individual—

(1) who volunteers to perform a service directly to a state or local government, a public agency, or a public or private nonprofit recipient of federal assistance—

(A) for civic, charitable, or humanitarian reasons;

(B) only for the personal purpose or pleasure of the individual;

(C) without promise, expectation, or receipt of compensation for services rendered, except as provided in subsection (b); and

(D) freely and without pressure or coercion, direct or implied, from any employer;

(2) whose contribution of service is not for the direct or indirect benefit of any contractor otherwise performing or seeking to perform work on the same project for which the individual is volunteering;

(3) who is not employed by and does not provide services to a contractor or subcontractor at any time on the federally assisted or insured project for which the individual is volunteering; and

(4) who otherwise is not employed by the same public agency or recipient of federal assistance to perform the same type of services as those for which the individual proposes to volunteer.

(b) PAYMENTS.—

(1) IN ACCORDANCE WITH REGULATIONS.—Volunteers described in subsection (a) who are performing services directly to a state or local government or public agency may receive payments of expenses, reasonable benefits, or a nominal fee only in accordance with regulations the Secretary of Labor prescribes. Volunteers who are performing services directly to a public or private nonprofit entity may not receive those payments.

(2) CRITERIA AND CONTENT OF REGULATIONS.—In prescribing the regulations, the Secretary shall consider criteria such as the total amount of payments made (relating to expenses, benefits, or fees) in the context of the economic realities. The regulations shall include provisions that provide that—

(A) a payment for an expense may be received by a volunteer for items such as uniform allowances, protective gear and clothing, reimbursement for approximate out-of-pocket expenses, or the cost or expense of meals and transportation;

(B) a reasonable benefit may include the inclusion of a volunteer in a group insurance plan (such as a liability, health, life, disability, or worker’s compensation plan) or pension plan, or the awarding of a length of service award; and

(C) a nominal fee may not be used as a substitute for compensation and may not be connected to productivity.

(3) NOMINAL FEE.—The Secretary shall decide what constitutes a nominal fee for purposes of paragraph (2)(C). The decision shall be based on the context of the economic realities of the situation involved.

(c) ECONOMIC REALITY.—In determining whether an expense, benefit, or fee described in sub-
section (b) may be paid to volunteers in the context of the economic realities of the particular situation, the Secretary may not permit any expense, benefit, or fee that has the effect of undermining labor standards by creating downward pressure in the local construction industry.

EX. ORD. NO. 13006. LOCATING FEDERAL FACILITIES ON HISTORIC PROPERTIES IN OUR NATION’S CENTRAL CITIES

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the National Historic Preservation Act (16 U.S.C. 470 et seq.) and the Public Buildings Cooperative Use Act of 1976 (80 Stat. 2565) (Title I of Pub. L. 94–541, see Tables for classification), and in furtherance of and consistent with Executive Order No. 12072 of August 16, 1978 [40 U.S.C. 121 note], and Executive Order No. 11956 of May 13, 1971 [16 U.S.C. 470 note], it is hereby ordered as follows:

SECTION 1. Statement of Policy. Through the Administration’s community empowerment initiatives, the Federal Government has undertaken various efforts to revitalize our central cities, which have historically served as the centers for growth and commerce in our metropolitan areas. Accordingly, the Administration hereby reaffirms the commitment set forth in Executive Order No. 12072 to strengthen our Nation’s cities by encouraging the location of Federal facilities in our central cities. The Administration also reaffirms the commitment set forth in the National Historic Preservation Act to provide leadership in the preservation of historic resources, and in the Public Buildings Cooperative Use Act of 1976 to acquire and utilize space in suitable buildings of historic, architectural, or cultural significance.

To this end, the Federal Government shall utilize and maintain, wherever operationally appropriate and economically prudent, historic properties and districts, especially those located in our central business areas. When implementing these policies, the Federal Government shall institute practices and procedures that are sensible, understandable, and compatible with current authority and that impose the least burden on, and provide the maximum benefit to, society.

SEC. 2. Encouraging the Location of Federal Facilities on Historic Properties in Our Central Cities. When operationally appropriate and economically prudent, and subject to the requirements of section 601 of title VI of the Rural Development Act of 1972, as amended (42 U.S.C. 3122) [now 7 U.S.C. 2204b–1] and, Executive Order No. 12072, when locating Federal facilities, Federal agencies shall give first consideration to historic properties within historic districts. If no such property is suitable, then Federal agencies shall consider other developed or undeveloped sites within historic districts. Federal agencies shall then consider historic properties outside of historic districts, if no suitable site within a district exists. Any rehabilitation or construction that is undertaken pursuant to this order must be architecturally compatible with the character of the surrounding historic district or properties.

SEC. 3. Identifying and Removing Regulatory Barriers. Federal agencies with responsibilities for leasing, acquiring, locating, maintaining, or managing Federal facilities or with responsibilities for the planning for, or managing of, historic resources shall take steps to reform, streamline, and otherwise minimize regulations, policies, and procedures that impede the Federal Government’s ability to establish or maintain a presence in historic districts or to acquire historic properties to satisfy Federal space needs, unless such regulations, policies, and procedures are designed to protect human health and safety or the environment. Federal agencies are encouraged to seek the assistance of the Advisory Council on Historic Preservation when taking these steps.

SEC. 4. Improving Preservation Partnerships. In carrying out the authorities of the National Historic Preservation Act, the Secretary of the Interior, the Advisory Council on Historic Preservation, and each Federal agency shall seek appropriate partnerships with States, local governments, Indian tribes, and appropriate private sector organizations with the goal of enhancing participation of these parties in the National Historic Preservation Program. Such partnerships should embody the principles of administrative flexibility, reduced paperwork, and increased service to the public.

SEC. 5. Judicial Review. This order is not intended to create, nor does it create, any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

WILLIAM J. CLINTON.

§ 3307. Congressional approval of proposed projects

(1) An appropriation to construct, alter, or acquire any building to be used as a public building which involves a total expenditure in excess of $1,500,000, so that the equitable distribution of public buildings throughout the United States with due regard for the comparative urgency of need for the buildings, except as provided in section 3305(b) of this title, is ensured.

(2) An appropriation to lease any space at an average annual rental in excess of $1,500,000 for use for public purposes.

(4) with respect to any project for the construction, alteration, acquisition or development of any building, a statement by the Administrator that suitable space owned by the Government is not available and that suitable rental space is not available at a price commensurate with
that to be afforded through the proposed action;

(5) a statement by the Administrator of the economic and other justifications for not acquiring a building identified to the Administrator under section 3303(c) of this title as suitable for the public building needs of the Government;

(6) a statement of rents and other housing costs currently being paid by the Government for federal agencies to be housed in the building to be constructed, altered, or acquired, or the space to be leased; and

(c) INCREASE OF ESTIMATED MAXIMUM COST.—
The estimated maximum cost of any project approved under this section as set forth in any prospectus may be increased by an amount equal to any percentage increase, as determined by the Administrator, in construction or alteration costs from the date the prospectus is transmitted to Congress. The increase authorized by this subsection may not exceed 10 percent of the estimated maximum cost.

(d) RECLAS SION OF APPROVAL.—If an appropriation is not made within one year after the date a project for construction, alteration, or acquisition is approved under subsection (a), the Committee on Environment and Public Works of the Senate or the Committee on Transportation and Infrastructure of the House of Representatives by resolution may rescind its approval before an appropriation is made.

(e) EMERGENCYLEASES BY THE ADMINISTRATOR.—This section does not prevent the Administrator from entering into emergency leases during any period declared by the President to require emergency leasing authority. An emergency lease may not be for more than 180 days without approval of a prospectus for the lease in accordance with subsection (a).

(f) MINIMUM PERFORMANCE REQUIREMENTS FOR LEASED SPACE.—With respect to space to be leased, the Administrator shall include, to the maximum extent practicable, minimum performance requirements requiring energy efficiency and the use of renewable energy.

(g) LIMITATION ON LEASING CERTAIN SPACE.—

(1) IN GENERAL.—The Administrator may not lease space to accommodate any of the following if the average rental cost of leasing the space will exceed $1,500,000:

(A) Computer and telecommunications operations.

(B) Secure or sensitive activities related to the national defense or security, except when it would be inappropriate to locate those activities in a public building or other facility identified with the Government.

(C) A permanent courtroom, judicial chamber, or administrative office for any United States court.

(2) EXCEPTION.—The Administrator may lease space with respect to which paragraph (1) applies if the Administrator—

(A) decides, for reasons set forth in writing, that leasing the space is necessary to meet requirements which cannot be met in public buildings; and

(B) submits the reasons to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

(h) DOLLAR AMOUNT ADJUSTMENT.—The Administrator annually may adjust any dollar amount referred to in this section to reflect a percentage increase or decrease in construction costs during the prior calendar year, as determined by the composite index of construction costs of the Department of Commerce. Any adjustment shall be expeditiously reported to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

(b) Employment on Permanent Basis Not Permitted.—A corporation, firm, or individual shall not be employed under authority of subsection (a) on a permanent basis.

(c) Responsibility of Administrator.—Notwithstanding any other provision of this section, the Administrator is responsible for all construction authorized by this chapter, including the interpretation of construction contracts, approval of material and workmanship supplied under a construction contract, approval of changes in the construction contract, certification of vouchers for payments to the contractor, and final settlement of the contract.

§ 3309. Buildings and sites in the District of Columbia

(a) In General.—The purposes of this chapter shall be carried out in the District of Columbia as nearly as may be practicable in harmony with the plan of Peter Charles L'Enfant. Public buildings shall be constructed or altered to combine architectural beauty with practical utility.

(b) Closing of Streets and Alleys.—When the Administrator of General Services decides that constructing or altering a public building under this chapter in the District of Columbia requires using contiguous squares as a site for the building, parts of streets that lie between the squares, and alleys that intersect the squares, may be closed and vacated if agreed to by the Administrator, the Council of the District of Columbia, and the National Capital Planning Commission. Those streets and alleys become part of the site.

(c) Consultations Prior to Acquisitions.—

In clause (3), the words “Guam, the Virgin Islands” are added to clarify that the provisions of the source law apply to those jurisdictions. The words “the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, Palau” are substituted for “the Trust Territory of the Pacific Islands” because of the termination of the Trust Territory of the Pacific Islands. See 48:1681 note prec.

§ 3502. Planned public works

(a) ADVANCES TO ENSURE PLANNING.—Notwithstanding section 3324(a) and (b) of title 31, the Secretary of Housing and Urban Development may make advances to public agencies and Indian tribes—

(2) to help attain maximum economy and efficiency in the planning and construction of public works.

(b) USES OF ADVANCES.—A public agency or Indian tribe shall use an advance under subsection (a) to aid in financing the cost of feasibility studies, engineering and architectural surveys, designs, plans, working drawings, specifications, or other action preliminary to and in preparation for the construction of public works, and for construction in connection with the development of a medical center, a general plan for the development of the center.

### Amendments

### §3703. Report of violations and withholding of amounts for unpaid wages and liquidated damages

(a) Reports of Inspectors.—An officer or individual designated as an inspector of the work to be performed under a contract described in section 3701 of this title, or to aid in the enforcement or fulfillment of the contract, on observation or after investigation shall report to the proper officer of the Federal Government, a territory of the United States, or the District of Columbia all violations of this chapter occurring in the performance of the work, together with the name of each laborer or mechanic who was required or permitted to work in violation of this chapter and the day the violation occurred.

(b) Withholding Amounts.—

(1) Determining Amount.—The amount of unpaid wages and liquidated damages owing under this chapter shall be determined administratively.

(2) Amount Directed to Be Withheld.—The officer or individual whose duty it is to approve the payment of money by the Government, territory, or District of Columbia in connection with the performance of the contract work shall direct the amount of—

(A) liquidated damages to be withheld for the use and benefit of the Government, territory, or District; and

(B) unpaid wages to be withheld for the use and benefit of the laborers and mechanics who were not compensated as required under this chapter.

(3) Payment.—The Comptroller General shall pay the amount administratively determined to be due directly to the laborers and mechanics from amounts withheld on account of underpayments of wages if the amount withheld is adequate, if the amount withheld is not adequate, the Comptroller General shall pay an equitable proportion of the amount due.

(c) Right of Action and Intervention Against Contractors and Sureties.—If the accrued payments withheld under the terms of the contract are insufficient to reimburse all the laborers and mechanics who have not been paid the wages required under this chapter, the laborers and mechanics, in the case of a department or agency of the Government, have the same right of action and intervention against the contractor and the contractor’s sureties as is conferred by law on persons furnishing labor or materials. In those proceedings it is not a defense that the laborers and mechanics accepted or agreed to accept less than the required rate of wages or voluntarily made refunds.

(d) Review Process.

(1) Time Limit for Appeal.—Within 60 days after an amount is withheld as liquidated damages, any contractor or subcontractor aggrieved by the withholding may appeal to the head of the agency of the Government or territory for which the contract work is done or which is providing financial assistance for the work, or to the Mayor of the District of Columbia in the case of liquidated damages withheld for the use and benefit of the District.

(2) Review by Agency Head or Mayor.—The agency head or Mayor may review the administrative determination of liquidated damages. The agency head or Mayor may issue a final order affirming the determination or may recommend to the Secretary of Labor that an appropriate adjustment in liquidated damages be made, or that the contractor or subcontractor be relieved of liability for the liquidated damages, if it is found that the amount is incorrect or that the contractor or subcontractor violated this chapter inadvertently, notwithstanding the exercise of due care by the contractor or subcontractor and the agents of the contractor or subcontractor.

(3) Review by Secretary.—The Secretary shall review all pertinent facts in the matter and may conduct any investigation the Secretary considers necessary in order to affirm or reject the recommendation. The decision of the Secretary is final.

(4) Judicial Action.—A contractor or subcontractor aggrieved by a final order for the withholding of liquidated damages may file a claim in the United States Court of Federal Claims within 60 days after the final order. A final order of the agency head, Mayor, or Secretary is conclusive with respect to findings of fact if supported by substantial evidence.
§ 3704. Health and safety standards in building trades and construction industry

(a) Condition of Contracts.—

(1) In general.—Each contract in an amount greater than $100,000 that is entered into under legislation subject to Reorganization Plan Numbered 14 of 1950 (eff. May 24, 1950, 64 Stat. 1267) and is for construction, alteration, and repair, including painting and decorating, must provide that no contractor or subcontractor contracting for any part of the contract work shall require any laborer or mechanic employed in the performance of the contract to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous to health or safety, as established under construction safety and health standards the Secretary of Labor prescribes by regulation based on proceedings pursuant to section 553 of this title, provided that the proceedings include a hearing similar in nature to that authorized by section 553 of title 5.

(2) Consultation.—In formulating standards under this section, the Secretary shall consult with the Advisory Committee created by subsection (d).

(b) Compliance.—

(1) Actions to gain compliance.—The Secretary may make inspections, hold hearings, issue orders, and make decisions based on findings of fact as the Secretary considers necessary to gain compliance with this section and any health and safety standard the Secretary prescribes under subsection (a). For those purposes the Secretary and the United States district courts have the authority and jurisdiction provided by sections 6506 and 6507 of title 41.

(2) Remedy when noncompliance found.—When the Secretary, after an opportunity for an adjudicatory hearing by the Secretary, establishes noncompliance under this section of any condition of a contract described in—

(A) section 3701(b)(1)(B)(i) or (ii) of this title, the governmental agency for which the contract work is done may cancel the contract and make other contracts for the completion of the contract work, charging any additional cost to the original contractor; or

(3) Nonapplicability.—Section 3703 of this title does not apply to the enforcement of this section.

(c) Repeated Violations.—

(1) Transmittal of names of repeat violators to comptroller general.—When the Secretary, after an opportunity for an agency hearing, decides on the record that, by repeated willful or grossly negligent violations of this chapter, a contractor or subcontractor has demonstrated that subsection (b) is not effective to protect the safety and health of the employees of the contractor or subcontractor, the Secretary shall make a finding to that effect and, not sooner than 30 days after giving notice of the finding to all interested persons, shall transmit the name of the contractor or subcontractor to the Comptroller General.

(2) Ban on awarding contracts.—The Comptroller General shall distribute each name transmitted under paragraph (1) to all agencies of the Federal Government. Unless the Secretary otherwise recommends, the contractor, subcontractor, or any person in which the contractor or subcontractor has a substantial interest may not be awarded a contract subject to this section until three years have elapsed from the date the name is transmitted to the Comptroller General. The Secretary shall terminate the ban if, before the end of the three-year period, the Secretary, after affording interested persons due notice and an opportunity for a hearing, is satisfied that a contractor or subcontractor whose name was transmitted to the Comptroller General will comply responsibly with the requirements of this section. The Comptroller General shall inform all Government agencies after being informed of the Secretary’s action.

The findings of fact by the Secretary, if supported by substantial evidence, are final. In paragraph (2)(b), the words “guarantee” and “insurance” are added for consistency in this section and with section 3701(h)(1)(B)(i) of the revised title.

In subsection (c)(2), the words “The Secretary shall end the ban” are substituted for “he [sic] shall terminate the application of the preceding sentence to such contractor or subcontractor (and to any person in which the contractor or subcontractor has a substantial interest)” for clarity and to eliminate unnecessary words. In subsection (a)(4), the words “section 921(3) of title 18” are substituted for “section 901(3) of title 15” because of the enactment of 18:ch. 44 and the repeal of the provisions classified to 15:901(b) by sections 902 and 906 of the Omnibus Crime Control and Safe Streets Act of 1968 (Public Law 90–351, 82 Stat. 226, 234).

§ 8701. Findings and purposes

(a) FINDINGS.—Congress finds that—

(1) the location of the seat of government in the District of Columbia has brought about the development of a metropolitan region extending well into adjoining territory in Maryland and Virginia;

(2) effective comprehensive planning is necessary on a regional basis and of continuing importance to the federal establishment;

(3) the distribution of federal installations throughout the region has been and will continue to be a major influence in determining the extent and character of development;

(4) there is needed a central planning agency for the National Capital region to coordinate certain developmental activities of the many different agencies of the Federal and District of Columbia Governments so that those activities may conform with general objectives;

(5) there is an increasing mutuality of interest and responsibility between the various levels of government that calls for coordinate and unified policies in planning both federal and local development in the interest of order and economy;

(6) there are developmental problems of an interstate character, the planning of which requires collaboration between federal, state, and local governments in the interest of equity and constructive action; and

(7) the instrumentalities and procedures provided in this chapter will aid in providing Congress with information and advice requisite to legislation.

(b) PURPOSES.—

(1) IN GENERAL.—The purposes of this chapter (except sections 8733–8736) are—

(A) to secure comprehensive planning for the physical development of the National Capital and its environs;

(B) to provide for the participation of the appropriate planning agencies of the environs in the planning; and

(C) to establish the agency and procedures requisite to the administration of the functions of the Federal and District Governments related to the planning.

(2) OBJECTIVE.—The general objective of this chapter (except sections 8733–8736) is to enable appropriate agencies to plan for the development of the federal establishment at the seat of government in a manner—

(A) consistent with the nature and function of the National Capital and with due regard for the rights and prerogatives of the adjoining States and local governments to exercise control appropriate to their functions; and

(B) which will, in accordance with present and future needs, best promote public health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development.

The Commission shall fix the rate of compensation so as not to exceed the rate usual for similar services.

(e) PRINCIPAL DUTIES.—The principal duties of the National Capital Planning Commission include—

(32), and (199) of Reorganization Plan No. 3 of 1967 (eff. Nov. 3, 1967, 81 Stat. 952, 953, 963) because of sections 401 and 494(a) of the Act (87 Stat. 765, 787).

In subsection (b)(1)(A), the words “the Chairman of the Committee on Governmental Affairs of the Senate, and the Chairman of the Committee on Government Reform of the House of Representatives” are substituted for “and the chairmen of the Committees of the District of Columbia of the Senate and the House of Representatives” in section 2(b)(1) of the Act of June 24, 1924 (ch. 276), because of Rule XXV of the Standing Rules of the Senate, as amended by Senate Resolution 4 (popularly cited as the “Committee System Reorganization Amendments of 1977”), approved February 4, 1977, section 1(b)(1) of the Act of June 3, 1895 (Public Law 104-14, 2-21 note prec.), and Rule XIX(b) of House Resolution No. 5 (105th Congress, Jan. 6, 1999).

In subsection (d), the words “chapters 33 and 51, and subchapter III of chapter 53” are substituted for “for the civil service and classification laws” because of section 7(b) of the Act of September 6, 1966 (Public Law 49-554, 80 Stat. 631), the first section of which enacted Title 5, United States Code.

In subsection (e), before clause (1), the words “As hereinafter more specifically described in sections 71c to 71g of this title” are omitted as unnecessary. The text of 40:71a(e)(3) is omitted as obsolete because the National Capital Regional Planning Council was abolished by section 1 of Reorganization Plan No. 5 of 1966 (eff. Sept. 5, 1966, 40:71a note). In clause (2), the words “in such capacity” are omitted as unnecessary.

Subsection (f) is substituted for 40:71h to eliminate obsolete language.

In subsection (g), the words “Said Commission shall report to Congress annually on the first Monday of March the lands acquired during the preceding fiscal year, the method of acquisition, and the cost of each tract” are omitted pursuant to section 3003 of the Federal Reports Elimination and Sunset Act of 1995 (31 U.S.C. 1113 note). See, also, page 180 of House Document No. 89-1009.

The words “Office of Management and Budget” are substituted for “Bureau of the Budget” in section 13 of the Act of June 6, 1924, because the Bureau of the Budget was redesignated the Office of Management and Budget by section 102 of Reorganization Plan No. 2 of 1970 (eff. July 1, 1970, 84 Stat. 2085). Section 102 of Reorganization Plan No. 2 of 1970 was repealed by section 5(b) of the Act of September 13, 1982 (Public Law 97-258, 96 Stat. 1085), the first section of which enacted Title 5, United States Code.

In subsection (h), the words “beginning in fiscal year 1998 and thereafter” are omitted as obsolete.

§8721. Comprehensive plan for the National Capital

(a) PREPARATION AND ADOPTION BY COMMISSION.—The National Capital Planning Commission shall prepare and adopt a comprehensive, consistent, and coordinated plan for the National Capital. The plan shall include the Commission’s recommendations or proposals for federal developments or projects in the environs and District elements of the comprehensive plan, or amendments to the elements, adopted by the Council of the District of Columbia and with respect to which the Commission has not determined a negative impact exists. Those elements or amendments shall be incorporated into the comprehensive plan without change. The Commission may include in its plan any part of a plan adopted by any planning agency in the environs and may make recommendations of collateral interest to the agencies. The Commission may adopt any part of an element. The Commission shall review and may amend or extend the plan so that its recommendations may be kept up to date.

(b) REVIEW BY DISTRICT OF COLUMBIA.—The Mayor of the District of Columbia shall submit each District element of the comprehensive plan, and any amendment, to the Council for revision or modification, and adoption, by act, following public hearings. Following adoption and prior to implementation, the Council shall submit each element or amendment to the Commission for review and comment with regard to the impact of the element or amendment on the interests of the federal establishment in the National Capital.

(c) COMMISSION RESPONSE TO COUNCIL ACTION.—

(1) PERIOD OF REVIEW.—Within 60 days after receiving an element or amendment from the Council, the Commission shall certify to the Council whether the element or amendment has a negative impact on the interests or functions of the federal establishment in the National Capital.

(2) NO NEGATIVE IMPACT.—If the Commission takes no action in the 60-day period, the element or amendment is deemed to have no negative impact and shall be incorporated into the comprehensive plan for the National Capital and implemented.

(3) NEGATIVE IMPACT.—

(A) CERTIFICATION TO COUNCIL.—If the Commission finds a negative impact, it shall certify its findings and recommendations to the Council.

(B) RESPONSE OF COUNCIL.—On receipt of the Commission’s findings and recommendations, the Council may—

(i) accept the findings and recommendations and modify the element or amendment accordingly; or

(ii) reject the findings and recommendations and resubmit a modified form of the element or amendment to the Commission for reconsideration.

(C) FINDINGS AND RECOMMENDATIONS ACCEPTED.—If the Council accepts the findings and recommendations and modifies the element or amendment, the Council shall submit the element or amendment to the Commission for the Commission to determine whether the modification has been made in accordance with the Commission’s findings and recommendations. If the Commission does not act on the modified element or amendment within 30 days after receiving it, the element or amendment is deemed to have been modified in accordance with the findings and recommendations and shall be incorporated into the comprehensive plan for the National Capital and implemented. If within the 30-day period the Commission again determines the element or amendment has a negative impact on the functions or interests of the federal establishment in the National Capital, the element or amendment shall not be implemented.

(D) FINDINGS AND RECOMMENDATIONS REJECTED.—If the Council rejects the findings and recommendations and resubmits a modified element or amendment, the Commission, within 60 days after receiving it, shall decide whether the modified element or amendment has a negative impact on the interests or functions of the federal establishment within the National Capital. If the Commission does not act within the 60-day period, the modified element or amendment is deemed to have no negative impact and shall be incorporated into the comprehensive plan and implemented. If the Commission finds a negative impact, it shall certify its findings (in sufficient detail that the Council can understand the basis of the objection of the Commission) and recommendations to the Council and the element or amendment shall not be implemented.

(d) RESUBMISSION DEEMED NEW ELEMENT OR AMENDMENT.—Any element or amendment which the Commission has determined has a negative
impact on the federal establishment in the National Capital which is submitted again in a modified form not less than one year from the day it was last rejected by the Commission is deemed to be a new element or amendment for purposes of the review procedure specified in this section.

(e) Review, Hearings, and Citizen Advisory Councils.—

(1) Review.—Before the comprehensive plan, any element of the plan, or any revision is adopted, the Commission shall present the plan, element, or revision to the appropriate federal or District of Columbia authorities for comment and recommendations. The Commission may present the proposed revisions annually in a consolidated form. Recommendations by federal and District of Columbia authorities are not binding on the Commission, but the Commission shall give careful consideration to any views and recommendations submitted prior to final adoption.

(2) Hearings and Citizen Advisory Councils.—The Commission—

(A) may provide periodic opportunity for review and comments by nongovernmental agencies or groups through public hearings, meetings, or conferences, exhibitions, and publication of its plans; and

(h) Procedures for Consultation.—

(1) Commission and Mayor.—The Commission and the Mayor jointly shall establish procedures for appropriate meaningful continuing consultation throughout the planning process for the National Capital.

(2) Government Agencies.—In order that the National Capital may be developed in accordance with the comprehensive plan, the Commission, with the consent of each agency concerned as to its representation, may establish advisory and coordinating committees composed of representatives of agencies of the Federal and District of Columbia Governments as may be necessary or helpful to obtain the maximum amount of cooperation and correlation of effort among the various agencies. As it considers appropriate, the Commission may invite representatives of the planning and developmental agencies of the environs to participate in the work of the committees.

See section 14 of Pub. L. 93–198, title II, §203(a), Dec. 24, 1973, 87 Stat. 779.

(a) Agencies To Use Commission As Central Planning Agency.—Agencies of the Federal Government responsible for public developments and projects shall cooperate and correlate their efforts by using the National Capital Planning Commission as the central planning agency for federal activities in the National Capital region. To aid the Commission in carrying out this function, federal and District of Columbia governmental agencies on request of the Commission shall furnish plans, data, and records the Commission requires. The Commission on request shall furnish related plans, data, and records to federal and District of Columbia governmental agencies.

(b) Consultation Between Agencies and Commission.—

(1) Before Construction Plans Prepared.—To ensure the comprehensive planning and orderly development of the National Capital, a federal or District of Columbia agency, before preparing construction plans the agency originates for proposed developments and projects or before making a commitment to acquire land, to be paid for at least in part from federal or District amounts, shall advise and consult with the Commission as the agency pre-
pares plans and programs in preliminary and successive stages that affect the plan and development of the National Capital. After receiving the plans, maps, and data, the Commission promptly shall make a preliminary report and recommendations to the agency. If the agency, after considering the report and recommendations of the Commission, does not agree, it shall advise the Commission and provide the reasons why it does not agree. The Commission then shall submit a final report. After consultation and suitable consideration of the views of the Commission, the agency may proceed to take action in accordance with its legal responsibilities and authority.

(2) EXCEPTIONS.—
(A) IN GENERAL.—Paragraph (1) does not apply to projects within the Capitol grounds or to structures erected by the Department of Defense during wartime or national emergency within existing military, naval, or Air Force reservations, except that the appropriate defense agency shall consult with the Commission as to any developments which materially affect traffic or require coordinated planning of the surrounding area.

(B) ADVANCE DECISIONS OF COMMISSION.—
The Commission shall determine in advance the type or kinds of plans, developments, projects, improvements, or acquisitions which do not need to be submitted for review by the Commission as to conformity with its plans.

(c) ADDITIONAL PROCEDURE FOR DEVELOPMENTS AND PROJECTS WITHIN ENVIRONS.—
(1) SUBMISSION TO COMMISSION.—Within the environs, general plans showing the location, character, and extent of, and intensity of use for, proposed federal and District developments and projects involving the acquisition of land shall be submitted to the Commission for report and recommendations before a final commitment to the acquisition is made, unless the matter specifically has been approved by law.

(2) COMMISSION ACTION.—Before acting on any general plan, the Commission shall advise and consult with the appropriate planning agency having jurisdiction over the affected part of the environs. When the Commission decides that proposed developments or projects submitted to the Commission under subsection (b) involve a major change in the character or intensity of an existing use in the environs, the Commission shall advise and consult with the planning agency. The report and recommendations shall be submitted within 60 days and shall be accompanied by any reports or recommendations of the planning agency.

(3) WORKING WITH STATE OR LOCAL AUTHORITY OR AGENCY.—In carrying out its planning functions with respect to federal developments or projects in the environs, the Commission may work with, and make agreements with, any state or local authority or planning agency as the Commission considers necessary to have a plan or proposal adopted and carried out.

(d) APPROVAL OF FEDERAL PUBLIC BUILDINGS.—The provisions of the Act of June 20, 1938 (ch. 534, 52 Stat. 797) shall not apply to federal public buildings. In order to ensure the orderly development of the National Capital, the location, height, bulk, number of stories, and size of federal public buildings in the District of Columbia and the provision for open space in and around federal public buildings in the District of Columbia are subject to the approval of the Commission.

(e) APPROVAL OF DISTRICT GOVERNMENT BUILDINGS IN CENTRAL AREA.—Subsection (d) is extended to include public buildings erected by any agency of the Government of the District of Columbia in the central area of the District (as defined by concurrent action of the Commission and the Council of the District of Columbia), except that the Commission shall transmit its approval or disapproval within 30 days after the day the proposal was submitted to the Commission.

Capital Planning Commission may assign areas suitable for playground purposes to the control of the Mayor of the District of Columbia for playground purposes.

(2) LAND IN MARYLAND OR VIRGINIA.—Land acquired in Maryland or Virginia shall be controlled as determined by agreement between the Planning Commission and the proper officials of Maryland or Virginia.

(d) PRESIDENTIAL APPROVAL REQUIRED.—The designation of all land to be acquired by condemnation, all contracts to purchase land, and all agreements between the National Capital Planning Commission and the officials of Maryland and Virginia are subject to the approval of the President.

§ 8731. Acquiring land for park, parkway, or playground purposes

(a) AUTHORITY TO ACQUIRE LAND.—The National Capital Planning Commission shall acquire land the Planning Commission believes is necessary and desirable in the District of Columbia and adjacent areas in Maryland and Virginia for suitable development of the National Capital park, parkway, and playground system. The acquisition must be within the limits of the appropriations made for those purposes. The Planning Commission shall request the advice of the Commission of Fine Arts in selecting land to be acquired.

(b) HOW LAND MAY BE ACQUIRED.—

(1) PURCHASE OR CONDEMNATION PROCEEDING.—The National Capital Planning Commission may acquire land when the land can be acquired at a price the Planning Commission considers reasonable or by a condemnation proceeding when the land cannot be bought at a reasonable price.

§ 8732. Acquiring land subject to limited rights reserved to grantor and limited permanent rights in land adjoining park property

(a) In General.—The National Capital Planning Commission in accordance with this chapter may acquire, for and on behalf of the Federal Government, by gift, devise, purchase, or condemnation—

(1) fee title to land subject to limited rights, but not for business purposes, reserved to the grantor; and

(2) permanent rights in land adjoining park property sufficient to prevent the use of the land in certain specified ways which would essentially impair the value of the park property for its purposes.

(b) Prerequisites to Acquisition.—

(1) Fee Title to Land Subject to Limited Rights.—The reservation of rights to the grantor shall not continue beyond the life of the grantor of the fee. The Commission must decide that the permanent public park purposes for which control over the land is needed are not essentially impaired by the reserved rights and that there is a substantial saving in cost by acquiring the land subject to the limited rights as compared with the cost of acquiring unencumbered title to the land.

(2) Permanent Rights in Land Adjoining Park Property.—The Commission must decide that the protection and maintenance of the essential public values of the park can be secured more economically by acquiring the permanent rights than by acquiring the land.

(c) Presidential Approval Required.—All contracts to acquire land or rights under this section are subject to the approval of the President.

§ 8733. Lease of land acquired for park, parkway, or playground purposes

The Secretary of the Interior may lease, for not more than five years, land or an existing building or structure on land acquired for park, parkway, or playground purposes, and may renew the lease for an additional five years. A lease or renewal under this section is—

(1) subject to the approval of the National Capital Planning Commission;

(2) subject to the need for the immediate use of the land, building, or structure in other ways by the public; and

(3) on terms the Administrator decides.

shall have public or private solicitation for bids or offers be made as the Secretary considers appropriate. The Secretary shall sell the parcel to the party agreeing to pay the highest price if the price is otherwise satisfactory. If the price offered or bid by the owner of land abutting the land to be sold equals the highest price offered or bid by any other party, the parcel may be sold to the owner of the abutting land.

(c) PAYING EXPENSES AND DEPOSITING PROCEEDS.—The Secretary—

(1) may pay the reasonable and necessary expenses of the sale of each parcel of land sold; and

(2) shall deposit the net proceeds of each sale in the Treasury to the credit of the Government and the District of Columbia in the proportion that each—

(A) paid the appropriations used to acquire the parcels; or

(B) was obligated to pay the appropriations, at the time of acquisition, by reimbursement.

(2) THE DISTRICT OF COLUMBIA AND ITS ENVIRONS.—The term “the District of Columbia and its environs” means those lands and properties administered by the National Park Service and the General Services Administration located in Areas I, and Area II as depicted on the map entitled “Commemorative Areas Washington, DC and Environs”, numbered 869/86501 B, and dated June 24, 2003.

(3) RESERVE.—The term “Reserve” means the great cross-axis of the Mall, which generally extends from the United States Capitol to the Lincoln Memorial, and from the White House to the Jefferson Memorial, as depicted on the map referenced in paragraph (2).

(4) SPONSOR.—The term “sponsor” means a public agency, or an individual, group or organization that is described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code, and which is authorized by Congress to establish a commemorative work in the District of Columbia and its environs.

(b) NONAPPLICATION.—This chapter does not apply to commemorative works authorized by a law enacted before January 3, 1985.

Effective Date of 2003 Amendment

‘‘(1) the great cross-axis of the Mall in the District of Columbia, which generally extends from the United States Capitol to the Lincoln Memorial, and from the White House to the Jefferson Memorial, is a substantially completed work of civic art; and

‘‘(2) to preserve the integrity of the Mall, a reserve area should be designated within the core of the great cross-axis of the Mall where the siting of new commemorative works is prohibited.’’

(c) WORKS COMMEMORATING EVENTS, INDIVIDUALS, OR GROUPS.—A commemorative work commemorating an event, individual, or group of individuals, except a military commemorative work as described in subsection (b), may not be authorized until after the 25th anniversary of the event, death of the individual, or death of the last surviving member of the group.

(1) the Secretary of the Interior or the Administrator of General Services (as appropriate) has issued a construction permit for the commemorative work during that period; or

(2) the Secretary or the Administrator (as appropriate), in consultation with the National Capital Memorial Advisory Commission, has made a determination that—

(A) final design approvals have been obtained from the National Capital Planning Commission and the Commission of Fine Arts; and

(B) 75 percent of the amount estimated to be required to complete the commemorative work has been raised.

If these two conditions have been met, the Secretary or the Administrator (as appropriate) may extend the seven-year legislative authority for a period not to exceed three additional years. Upon expiration of the legislative authority, any previous site and design approvals shall also expire.

§ 8905. Site and design approval

(a) Consultation on, and Submission of, Proposals.—A sponsor authorized by law to establish a commemorative work in the District of Columbia and its environs may request a permit for construction of the commemorative work only after the following requirements are met:

(1) Consultation.—The sponsor must consult with the National Capital Memorial Advisory Commission regarding the selection of alternative sites and design concepts for the commemorative work.

(2) Submittal.—Following consultation in accordance with clause (1), the Secretary of the Interior or the Administrator of General Services, as appropriate, must submit, on behalf of the sponsor, site and design proposals to the Commission of Fine Arts and the National Capital Planning Commission for their approval.

(b) Decision Criteria.—In considering site and design proposals, the Commission of Fine Arts, National Capital Planning Commission, and the Secretary or Administrator (as appropriate) shall be guided by, but not limited by, the following criteria:

(1) Surroundings.—To the maximum extent possible, a commemorative work shall be located in surroundings that are relevant to the subject of the work.

(2) Location.—A commemorative work shall be located so that:

(A) it does not interfere with, or encroach on, an existing commemorative work; and

(B) to the maximum extent practicable, it protects open space, existing public use, and cultural and natural resources.

(3) Material.—A commemorative work shall be constructed of durable material suitable to the outdoor environment.

(4) Landscape Features.—Landscape features of commemorative works shall be compatible with the climate.

(5) Museums.—No commemorative work primarily designed as a museum may be located on lands under the jurisdiction of the Secretary in Area I or in East Potomac Park as depicted on the map referenced in section 8902.

(6) Site-Specific Guidelines.—The National Capital Planning Commission and the Commission of Fine Arts may develop such criteria or guidelines specific to each site that are mutually agreed upon to ensure that the design of the commemorative work carries out the purposes of this chapter.

(7) Donor Contributions.—Donor contributions to commemorative works shall not be acknowledged in any manner as part of the commemorative work or its site.

Amendments by Pub. L. 108–126 not applicable to a commemorative work for which a site was approved in accordance with this chapter prior to Nov. 17, 2003, see section 205 of Pub. L. 108–126, set out as a note under section 8901 of this title.

Termination of Advisory Commissions

Advisory commissions established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a commission established by the President, or an officer of the Federal Government, such commission is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a commission established by the Congress, its duration is otherwise provided for by law. See sections 3(2) and 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out as a note under section 8902 of this title.

§ 8906. Criteria for issuance of construction permit

(a) Criteria for Issuing Permit.—Before issuing a permit for the construction of a commemorative work in the District of Columbia and its environs, the Secretary of the Interior or Administrator of General Services, as appropriate, shall determine that—

(1) the site and design have been approved by the Secretary or Administrator, the National Capital Memorial Commission, the Commission of Fine Arts, and the Secretary or Administrator of General Services, as appropriate, to ensure that the design of the commemorative work carries out the purposes of this chapter.

(2) knowledgeable individuals qualified in the field of preservation and maintenance
have been consulted to determine structural soundness and durability of the commemorative work and to ensure that the commemorative work meets high professional standards;

(3) the sponsor authorized to construct the commemorative work has submitted contract documents for construction of the commemorative work to the Secretary or Administrator; and

(4) the sponsor authorized to construct the commemorative work has available sufficient amounts to complete construction of the project.

(b) DONATION FOR PERPETUAL MAINTENANCE AND PRESERVATION.—

(1) In addition to the criteria described above in subsection (a), no construction permit shall be issued unless the sponsor authorized to construct the commemorative work has donated an amount equal to 10 percent of the total estimated cost of construction to offset the costs of perpetual maintenance and preservation of the commemorative work. All such amounts shall be available for those purposes pursuant to the provisions of this subsection. The provisions of this subsection shall not apply in instances when the commemorative work is constructed by a Department or agency of the Federal Government and less than 50 percent of the funding for such work is provided by private sources.

(2) Notwithstanding any other provision of law, money on deposit in the Treasury on the date of enactment of the Commemorative Works Clarification and Revision Act of 2003 provided by a sponsor for maintenance pursuant to this subsection shall be credited to a separate account in the Treasury.

(4) Upon request of the Secretary or Administrator (as appropriate), the Secretary of the Treasury or the National Park Foundation, as appropriate, shall make all or a portion of such moneys available to the Secretary or the Administrator (as appropriate) for the maintenance of a commemorative work. Under no circumstances may the Secretary or Administrator request funds from a separate account exceeding the total money in the account established under paragraph (2) or (3). The Secretary and the Administrator shall maintain an inventory of funds available for such purposes. Funds provided under this paragraph shall be available without further appropriation and shall remain available until expended.

(c) SUSPENSION FOR MISREPRESENTATION IN FUNDRAISING.—The Secretary of the Interior or Administrator may suspend any activity under this chapter that relates to the establishment of a commemorative work if the Secretary or Administrator determines that fundraising efforts relating to the work further appropriated and presented an affiliation with the work or the Federal Government.

(d) ANNUAL REPORT.—The person authorized to construct a commemorative work under this chapter must submit to the Secretary of the Interior or Administrator an annual report of operations, including financial statements audited by an independent certified public accountant. The person shall pay for the report.

A site may be designated on land the Secretary administers in the District of Columbia.

(b) PLAN.—A designation may be made under subsection (a) only if, at least 120 days before the designation, the Secretary, in consultation with the Commission, prepares and submits to Congress a plan for the site. The plan shall include specifications for the location, construction, and administration of the site and criteria for displaying commemorative works at the site.

(c) RISK AND AGREEMENT TO INDEMNIFY.—A commemorative work displayed at the site shall be installed, maintained, and removed at the sole expense and risk of the person authorized to display the work. The person shall agree to indemnify the United States for any liability arising from the display of the commemorative work under this section.

EX. ORD. NO. 13103. COMPUTER SOFTWARE PIRACY

Ex. Ord. No. 13103, Sept. 30, 1998, 63 F.R. 52733, provided: The United States Government is the world’s largest purchaser of computer-related services and equipment, purchasing more than $20 billion annually. At a time when a critical component in discussions with our international trading partners concerns their efforts to combat piracy of computer software and other intellectual property, it is incumbent on the United States to ensure that its own practices as a purchaser and user of computer software are beyond reproach. Accordingly, by the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Policy. It shall be the policy of the United States Government that each executive agency shall work diligently to prevent and combat computer software piracy in order to give effect to copyrights associated with computer software by observing the relevant provisions of international agreements in effect in the United States, including applicable provisions of the World Trade Organization Agreement on Trade-Related Aspects of Intellectual Property Rights, the Berne Convention for the Protection of Literary and Artistic Works, and relevant provisions of Federal law, including the Copyright Act.

(a) Each agency shall adopt procedures to ensure that the agency does not acquire, reproduce, distribute, or transmit computer software in violation of applicable copyright laws.

(b) Each agency shall establish procedures to ensure that the agency has present on its computers and uses only computer software not in violation of applicable copyright laws. These procedures may include:

(1) preparing agency inventories of the software present on its computers;

(2) determining what computer software the agency has the authorization to use; and

(3) developing and maintaining adequate record-keeping systems.

(c) Contractors and recipients of Federal financial assistance, including recipients of grants and loan guarantee assistance, should have appropriate systems and controls in place to ensure that Federal funds are not used to acquire, operate, or maintain computer software in violation of applicable copyright laws. If agencies become aware that contractors or recipients are using Federal funds to acquire, operate, or maintain computer software in violation of copyright laws and determine that such actions of the contractors or recipients may affect the integrity of the agency’s contracting and Federal financial assistance processes, agencies shall take such measures, including the use of certifications or written assurances, as the agency head deems appropriate and consistent with the requirements of law.

(d) Executive agencies shall cooperate fully in implementing this order and shall share information as appropriate that may be useful in combating the use of computer software in violation of applicable copyright laws.

SIC. 2. Responsibilities of Agency Heads. In connection with the acquisition and use of computer software, the head of each executive agency shall:

(1) ensure agency compliance with copyright laws protecting computer software and with the provisions of this order to ensure that only authorized computer software is acquired for and used on the agency’s computers;

(2) utilize performance measures as recommended by the Chief Information Officers Council pursuant to section 3 of this order to assess the agency’s compliance with this order;

(3) educate appropriate agency personnel regarding copyrights protecting computer software and the policies and procedures adopted by the agency to honor them; and

(4) ensure that the policies, procedures, and practices of the agency related to copyrights protecting computer software are adequate, and fully implement the policies set forth in this order.

SIC. 3. Chief Information Officers Council. The Chief Information Officers Council (“Council”) established by section 3 of Executive Order No. 13101 of June 30, 1996 (set out above), shall be the principal interagency forum to improve executive agency practices regarding the acquisition and use of computer software, and monitoring and combating the use of unauthorized computer software. The Council shall provide advice and make recommendations to executive agencies and to the Office of Management and Budget regarding appropriate government-wide measures to carry out this order. The Council shall issue its initial recommendations within 6 months of the date of this order.

SIC. 5. National Security. In the interest of national security, nothing in this order shall be construed to re-
quire the disclosure of intelligence sources or methods or to otherwise impair the authority of those agencies listed at 50 U.S.C. (C) § 401a(4) to carry out intelligence activities.

Sect. 7. Law Enforcement Activities. Nothing in this order shall be construed to require the disclosure of law enforcement investigative sources or methods or to prohibit or otherwise impair any lawful investigative or protective activity undertaken for or by any officer, agent, or employee of the United States or any person acting pursuant to a contract or other agreement with such entities.

Sect. 9. Judicial Review. This Executive order is intended only to improve the internal management of the executive branch and does not create any right or benefit, substantive or procedural, at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

WILLIAM J. CLINTON.

§ 11102. Sense of Congress

It is the sense of Congress that, during the five-year period beginning with 1996, executive agencies should achieve each year through improvements in information resources management by the agency—

(1) at least a five percent decrease in the cost (in constant fiscal year 1996 dollars) incurred by the agency in operating and maintaining information technology; and

145. SPECIAL APPALACHIAN PROGRAMS .............. 14501

Sec.

14101. Findings and purposes.
14102. Definitions.

§14101. Findings and purposes

(a) 1965 FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress finds and declares that the Appalachian region of the United States, while abundant in natural resources and rich in potential, lags behind the rest of the Nation in its economic growth and that its people have not shared properly in the Nation’s prosperity. The region’s uneven past development, with its historical reliance on a few basic industries and a marginal agriculture, has failed to provide the economic base that is a vital prerequisite for vigorous, self-sustaining growth. State and local governments and the people of the region understand their problems and have been working, and will continue to work, purposefully toward their solution. Congress recognizes the comprehensive report of the President’s Appalachian Regional Commission documenting these findings and concludes that regionwide development is feasible, desirable, and urgently needed.

(2) PURPOSE.—It is the purpose of this subtitle to assist the region in meeting its special problems, to promote its economic development, and to establish a framework for joint federal and state efforts toward providing the basic facilities essential to its growth and attacking its common problems and meeting its common needs on a coordinated and concerted regional basis. The public investments made in the region under this subtitle shall be concentrated in areas where there is a significant potential for future growth and where the expected return on public dollars invested will be the greatest. States will be responsible for recommending local and state projects within their borders that will receive assistance under this subtitle. As the region obtains the needed physical and transportation facilities and develops its human resources, Congress expects that the region will generate a diversified industry and that the region will then be able to support itself through the workings of a strengthened free enterprise economy.

(b) 1975 FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress further finds and declares that while substantial progress has been made toward achieving the purposes set out in subsection (a), especially with respect to the provision of essential public facilities, much remains to be accomplished, especially with respect to the provision of essential health, education, and other public services. Congress recognizes that changes and evolving national purposes in the decade since 1965 affect not only the Appalachian region but also its relationship to a nation that on December 31, 1975, is assigning higher priority to conservation and the quality of life, values long cherished within the region. Appalachia as of December 31, 1975, has the opportunity, in accommodating future growth and development, to demonstrate local leadership and coordinated planning so that housing, public services, transportation and other community facilities will be provided in a way congenial to the traditions and beauty of the region and compatible with conservation values and an enhanced...

Page 192

quality of life for the people of the region, and consistent with that goal, the Appalachian region should be able to take advantage of eco-industrial development, which promotes both employment and economic growth and the preservation of natural resources. Congress recognizes also that fundamental changes are occurring in national energy requirements and production, which not only risk short-term dislocations but will undoubtedly result in major long-term effects in the region. It is essential that the opportunities for expanded energy production be used so as to maximize the social and economic benefits and minimize the social and environmental costs to the region and its people.

(2) PURPOSE.—It is also the purpose of this subtitle to provide a framework for coordinating federal, state and local efforts toward—

(A) anticipating the effects of alternative energy policies and practices;

(B) planning for accompanying growth and change so as to maximize the social and economic benefits and minimize the social and environmental costs; and

(C) implementing programs and projects carried out in the region by federal, state, and local governmental agencies so as to better meet the special problems generated in the region by the Nation’s energy needs and policies, including problems of transportation, housing, community facilities, and human services.

(c) 1998 FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress further finds and declares that while substantial progress has been made in fulfilling many of the objectives of this subtitle, rapidly changing national and global economies over the decade ending November 13, 1998, have created new problems and challenges for rural areas throughout the United States and especially for the Appalachian region.

(2) PURPOSE.—In addition to the purposes stated in subsections (a) and (b), it is the purpose of this subtitle—

(A) to assist the Appalachian region in—

(i) providing the infrastructure necessary for economic and human resource development;

(ii) developing the region’s industry;

(iii) building entrepreneurial communities;

(iv) generating a diversified regional economy; and

(v) making the region’s industrial and commercial resources more competitive in national and world markets;

(B) to provide a framework for coordinating federal, state, and local initiatives to respond to the economic competitiveness challenges in the Appalachian region through—

(i) improving the skills of the region’s workforce;

(ii) adapting and applying new technologies for the region’s businesses, including eco-industrial development technologies; and

(iii) improving the access of the region’s businesses to the technical and financial resources necessary to development of the businesses; and

(C) to address the needs of severely and persistently distressed areas of the Appalachian region and focus special attention on the areas of greatest need so as to provide a fairer opportunity for the people of the region to share the quality of life generally enjoyed by citizens across the United States.

AMENDMENTS

2008—Subsec. (g)(1). Pub. L. 110–371, §2(g)(1), substituted “paragraphs (2) and (3)” for “paragraph (2)”.

§14508. Economic and energy development initiative

(a) PROJECTS TO BE ASSISTED.—The Appalachian Regional Commission may provide technical assistance, make grants, enter into contracts, or otherwise provide amounts to persons or entities in the Appalachian region for projects and activities—

(1) to promote energy efficiency in the Appalachian region to enhance the economic competitiveness of the Appalachian region;

(2) to increase the use of renewable energy resources, particularly biomass, in the Appalachian region to produce alternative transportation fuels, electricity, and heat; and

(3) to support the development of regional, conventional energy resources to produce electricity and heat through advanced technologies that achieve a substantial reduction in emissions, including greenhouse gases, over the current baseline.

(b) LIMITATION ON AVAILABLE AMOUNTS.—Of the cost of any activity eligible for a grant under this section, not more than—

(1) 50 percent may be provided from amounts appropriated to carry out this section;

(2) in the case of a project to be carried out in a county for which a distressed county designation is in effect under section 14526, 80 percent may be provided from amounts appropriated to carry out this section; or

(3) in the case of a project to be carried out in a county for which an at-risk county designation is in effect under section 14526, 70 percent may be provided from amounts appropriated to carry out this section.

(c) SOURCES OF ASSISTANCE.—Subject to subsection (b), grants provided under this section may be provided from amounts made available to carry out this section in combination with amounts made available under other Federal programs or from any other source.

(d) FEDERAL SHARE.—Notwithstanding any provision of law limiting the Federal share under any other Federal program, amounts made available to carry out this section may be used to increase that Federal share, as the Commission decides is appropriate.

§ 14521. Required level of expenditure

A State or political subdivision of a State is not eligible to receive benefits under this subtitle unless the aggregate expenditure of state amounts, except expenditures for participation in the Dwight D. Eisenhower System of Interstate and Defense Highways and local and federal amounts, for the benefit of the area within the State located in the Appalachian region is maintained at a level which does not fall below the average level of those expenditures for the State’s last two full fiscal years prior to March 9, 1965. In computing the level, a State’s past expenditure for participation in the Dwight D. Eisenhower System of Interstate and Defense Highways and expenditures of local and federal amounts shall not be included. The Commission shall recommend to the President a lesser requirement when it finds that a substantial population decrease in that part of a State which lies within the region would not justify a state expenditure equal to the average level of the last two years or when it finds that a State’s average level of expenditure in an individual program has been disproportionate to the present need for that part of the State.

§ 14522. Consent of States

This subtitle does not require a State to engage in or accept a program under this subtitle without its consent.

§ 14523. Program implementation

(a) REQUIREMENTS.—A program or project authorized under this chapter shall not be implemented until—

(1) the responsible federal official has decided that applications and plans relating to the program or project are not incompatible with the provisions and objectives of federal laws that the official administers that are not inconsistent with this subtitle; and

(2) the Appalachian Regional Commission has approved the program or project and has determined that it—

(A) meets the applicable criteria under section 14524 of this title and the requirements of the development planning process under section 14525 of this title; and

(b) will contribute to the development of the Appalachian region.

(b) DECISION IS CONTROLLING.—A decision under subsection (a)(2) is controlling and shall be accepted by the federal agencies.

§ 14524. Program development criteria

(a) FACTORS TO BE CONSIDERED.—In considering programs and projects to be given assistance under this subtitle, and in establishing a priority ranking of the requests for assistance presented to the Appalachian Regional Commission, the Commission shall follow procedures that will ensure consideration of—

(2) the population and area to be served by the project or class of projects, including the per capita market income and the unemployment rates in the area;

(3) the relative financial resources available to the State or political subdivisions or instrumentalities of the State that seek to undertake the project;

(4) the importance of the project or class of projects in relation to other projects or classes of projects that may be in competition for the same amounts;

(b) LIMITATION ON USE.—Financial assistance made available under this subtitle shall not be used to assist establishments relocating from one area to another.

(c) DETERMINATION REQUIRED BEFORE AMOUNTS MAY BE PROVIDED.—Amounts may be provided for programs and projects in a State under this subtitle only if the Commission determines that the level of federal and state financial assistance under other laws for the same type of programs or projects in that part of the State within the Appalachian region will not be diminished in order to substitute amounts authorized by this subtitle.

(d) MINIMUM AMOUNT OF ASSISTANCE TO DISTRESSED COUNTIES AND AREAS.—For each fiscal year, not less than 50 percent of the amount of grant expenditures the Commission approves shall support activities or projects that benefit...

(2) recognize Appalachian state development strategies approved by the Commission as satisfying requirements for overall economic development planning under the programs or projects; and

(3) accept the boundaries and organization of any local development district certified under this subtitle that the Governor may designate as the areawide agency required under any of those programs undertaken or assisted by those federal departments, agencies, and instrumentalities.

(B) renew the designation for another one-year period only if the county still meets the criteria.

(b) DISTRESSED COUNTIES.—In program and project development and implementation and in the allocation of appropriations made available to carry out this subtitle, the Commission shall give special consideration to the needs of counties for which a distressed county designation is in effect under this section.

(c) ECONOMICALLY STRONG COUNTIES.—

§ 17901. Definitions

In this chapter, the following definitions apply:

(1) Federal agency.—The term “federal agency” means a department, agency, or instrumentality of the Federal Government.

(2) Federally generated electric energy.—The term “federally generated electric energy” means any electric power generated by an electric generating facility owned and operated by a federal agency.

(3) Non-federal person.—The term “non-federal person” means a corporation, cooperative, municipality, or other non-federal entity that generates electric energy through a facility other than a federally owned electric generating facility.

§ 17902. Sale of electric energy

(a) In general.—To conserve oil and natural gas and better utilize coal, the head of a federal agency may sell, or enter into a contract to sell, to any non-federal person electric energy generated by coal-fired electric generating facilities of that agency in Alaska without regard to any provision of law that precludes the sale when the electric energy to be sold is available from other local sources, if the head of the federal agency determines that—

(1) the electric energy to be sold is generated by an existing coal-fired generating facility;

(2) the electric energy to be sold is surplus to the federal agency’s needs and is in excess of the electric energy specifically generated for consumption by, or necessary to serve the requirements of, another federal agency;

(3) the cost to the ultimate consumers of the electric energy to be sold is less than the cost that, in the absence of the sale, would be incurred by those consumers for the purchase of an equivalent amount of energy; and

(4) the sale will reduce the total consumption of oil or natural gas by the non-federal person purchasing the electric energy below the level of consumption that would occur in the absence of the sale.

(b) Pricing policies.—Federally generated electric energy sold by the head of a federal agency under subsection (a) shall be priced to recover the fuel and variable operation and maintenance costs of the facility generating the energy that are attributable to that sale, plus an amount equal to one-half the difference between—

(1) the costs of producing the electric energy by coal generation; and

(2) the costs of producing electric energy by the oil or gas generation being displaced.

In clause (1), the definition of “agency” as referring to the head of any department, agency, or instrumentality of the United States Government is rewritten as a definition of “federal agency” to avoid confusion between the role of the “agency” and the “head of the agency”. Throughout the chapter, the words “head of the federal agency” are used when the source provision is referring to action taken by an official as opposed to the concept of the agency as an institution.

In clause (3), the text of 40:795(1) and (4) is combined to eliminate a definition (40:795(1)) that is used only once.
sumption that” are substituted for “below that consumption which” for clarity.

In subsection (b), before clause (1), the words “fuel and variable operation and maintenance costs of the facility generating the energy that are attributable to that sale” are substituted for “fuel costs and variable operation and maintenance costs of the Federal generating facility concerned which costs are attributable to such sale” for clarity.

§ 17903. Purchase of electric power

For purposes of economy, efficiency, and conserving oil and natural gas, the head of a federal agency, when practicable and consistent with other laws and requirements applicable to that agency, shall endeavor to purchase electric energy from a non-federal person for consumption in Alaska by a facility of that agency when (taking into account the remaining useful life of any facility available to that agency to generate electric energy for that agency and the cost of maintaining the facility on a standby basis) the purchase will result in—

(1) a savings to other consumers of electric energy sold by that non-federal person without increasing the cost incurred by any federal agency for electric energy; or

(2) a cost savings to the federal agency purchasing the electric energy without increasing costs to other consumers of electric energy.

In this section, before clause (1), the words “electric energy” are substituted for “electric power” for consistency in the revised section.

§ 17904. Implementation powers and limitations

CHAPTER 183—NATIONAL CAPITAL AREA INTEREST ARBITRATION STANDARDS

Sec. 18301. Findings and purposes.

18302. Definitions.

18303. Standards for arbitrators.

18304. Procedures for enforcement of awards.

(a) Findings.—Congress finds that—

(1) affordable public transportation is essential to the economic vitality of the national capital area and is an essential component of regional efforts to improve air quality to meet environmental requirements and to improve the health of both residents of and visitors to the national capital area as well as to preserve the beauty and dignity of the Nation’s capital;

(2) use of mass transit by both residents of and visitors to the national capital area is substantially affected by the prices charged for mass transit services, prices that are substantially affected by labor costs, since more than two-thirds of operating costs are attributable to labor costs;

(3) labor costs incurred in providing mass transit in the national capital area have increased at an alarming rate and wages and benefits of operators and mechanics currently are among the highest in the Nation;

(4) higher operating costs incurred for public transit in the national capital area cannot be offset by increasing costs to patrons, since this often discourages ridership and thus undermines the public interest in promoting the use of public transit;

(5) spiraling labor costs cannot be offset by the governmental entities that are responsible for subsidy payments for public transit services since local governments generally, and the District of Columbia government in particular, are operating under severe fiscal constraints;

(6) imposition of mandatory standards applicable to arbitrators resolving arbitration disputes involving interstate compact agencies operating in the national capital area will ensure that wage increases are justified and do not exceed the ability of transit patrons and taxpayers to fund the increase; and

(7) federal legislation is necessary under section 8 of Article I of the United States Constitution to balance the need to moderate and lower labor costs while maintaining industrial peace.

(b) Purpose.—The purpose of this chapter is to adopt standards governing arbitration that must be applied by arbitrators resolving disputes involving interstate compact agencies operating in the national capital area in order to lower operating costs for public transportation in the Washington metropolitan area.
agency operating in the national capital area may not make a finding or a decision for inclusion in a collective bargaining agreement governing conditions of employment without considering the following factors:

(1) The existing terms and conditions of employment of the employees in the bargaining unit.

(2) All available financial resources of the interstate compact agency.

(3) The annual increase or decrease in consumer prices for goods and services as reflected in the most recent consumer price index for the Washington metropolitan area, published by the Bureau of Labor Statistics.

(4) The wages, benefits, and terms and conditions of the employment of other employees who perform, in other jurisdictions in the Washington standard metropolitan statistical area, services similar to those in the bargaining unit.

(5) The special nature of the work performed by the employees in the bargaining unit, including any hazards or the relative ease of employment, physical requirements, educational qualifications, job training and skills, shift assignments, and the demands placed upon the employees as compared to other employees of the interstate compact agency.

(6) The interests and welfare of the employees in the bargaining unit, including—

(A) the overall compensation presently received by the employees, having regard not only for wage rates but also for wages for time not worked, including vacations, holidays, and other excused absences;

(B) all benefits received by the employees, including previous bonuses, insurance, and pensions; and

(C) the continuity and stability of employment.

(7) The public welfare.

(c) ABILITY TO FINANCE SALARIES AND BENEFITS PROVIDED IN AWARD.—An arbitrator rendering an arbitration award involving the employees of an interstate compact agency operating in the national capital area may not, with respect to a collective bargaining agreement governing conditions of employment, provide for salaries and other benefits that exceed the ability of the interstate compact agency, or of any governmental jurisdiction that provides subsidy payments or budgetary assistance to the interstate compact agency, to obtain the necessary financial resources to pay for wage and benefit increases for employees of the interstate compact agency.

(d) REQUIREMENTS FOR FINAL AWARD.—

(1) WRITTEN AWARD.—In resolving a dispute submitted to arbitration involving the employees of an interstate compact agency operating in the national capital area, the arbitrator shall issue a written award that demonstrates that all the factors set forth in subsections (b) and (c) have been considered and applied.

(2) PREREQUISITES.—An award may grant an increase in pay rates or benefits (including insurance and pension benefits), or reduce hours of work, only if the arbitrator concludes that
§ 18304. Procedures for enforcement of awards

(a) Modifications and Finality of Award.—Within 10 days after the parties receive an arbitration award to which section 18303 of this title applies, the interstate compact agency and the employees, through their representative, may agree in writing on any modifications to the award. After the end of that 10-day period, the award, and any modifications, become binding on the interstate compact agency, the employees in the bargaining unit, and the employees’ representative.

(b) Implementation.—Each party to an award that becomes binding under subsection (a) shall take all actions necessary to implement the award.

(c) Judicial Review.—Within 60 days after an award becomes binding under subsection (a), the interstate compact agency or the exclusive representative of the employees concerned may bring a civil action in a court that has jurisdiction over the interstate compact agency for review of the award. The court shall review the award on the record, and shall vacate the award or any part of the award, after notice and a hearing, if—

(1) the award is in violation of applicable law;
(2) the arbitrator exceeded the arbitrator’s powers;
(3) the decision by the arbitrator is arbitrary or capricious;
(4) the arbitrator conducted the hearing contrary to the provisions of this chapter or other laws or rules that apply to the arbitration so as to substantially prejudice the rights of a party;
(5) there was partiality or misconduct by the arbitrator prejudicing the rights of a party;
(6) the award was procured by corruption, fraud, or bias on the part of the arbitrator; or
(7) the arbitrator did not comply with the provisions of section 18303 of this title.
