Secretary determines, in accordance with regulations issued by the Secretary, that—
(1) the applicant for such permit is qualified; 
(2) the exploration will not interfere with or endanger operations under any lease issued or maintained pursuant to this subchapter; and 
(3) such exploration will not be unduly harmful to aquatic life in the area, result in pollution, create hazardous or unsafe conditions, unreasonably interfere with other uses of the area, or disturb any site, structure, or object of historical or archeological significance.

(b) Lands beneath navigable waters adjacent to Phillip Burton Wilderness

The Secretary shall not issue a lease or permit for, or otherwise allow, exploration, development, or production activities within fifteen miles of the boundaries of the Phillip Burton Wilderness as depicted on a map entitled “Wilderness Plan, Point Reyes National Seashore”, numbered 612-90,006-B and dated September 1976, unless the State of California issues a lease or permit for, or otherwise allows, exploration, development, or production activities on such lands beneath navigable waters (as such term is defined in section 1301 of this title) of such State which are adjacent to such Wilderness.

AMENDMENTS
1978—Pub. L. 95–372 designated existing provisions as subsec. (a)(1) and added subsecs. (a)(2) to (h).

CHANGE OF NAME
“Phillip Burton Wilderness” was substituted for “Point Reyes Wilderness” in subsec. (b), pursuant to section 1(c) of Pub. L. 99–69.

TRANSFER OF FUNCTIONS
Functions of Secretary of the Interior to promulgate regulations under this subchapter which relate to fostering of competition for Federal leases, implementation of alternative bidding systems authorized for award of Federal leases, establishment of diligence requirements for operations conducted on Federal leases, setting of rates for production of Federal leases, and specifying of procedures, terms, and conditions for acquisition and disposition of Federal royalty interests taken in kind, transferred to Secretary of Energy by section 7152(b) of Title 42, The Public Health and Welfare, Section 7152(b) of Title 42 was repealed by Pub. L. 97–100, title II, § 201, Dec. 23, 1981, 95 Stat. 1407, and functions of Secretary of Energy returned to Secretary of the Interior. See House Report No. 97–315, pp. 25, 26, Nov. 5, 1981.

§ 1341. Reservation of lands and rights

(a) Withdrawal of unleased lands by President
The President of the United States may, from time to time, withdraw from disposition any of the unleased lands of the outer Continental Shelf.

(b) First refusal of mineral purchases
In time of war, or when the President shall so prescribe, the United States shall have the right of first refusal to purchase at the market price all or any portion of any mineral produced from the outer Continental Shelf.

(c) National security clause
All leases issued under this subchapter, and leases, the maintenance and operation of which are authorized under this subchapter, shall contain or be construed to contain a provision whereby authority is vested in the Secretary, upon a recommendation of the Secretary of Defense, during a state of war or national emergency declared by the Congress or the President of the United States after August 7, 1953, to suspend operations under any lease; and all such leases shall contain or be construed to contain provisions for the payment of just compensation to the lessee whose operations are thus suspended.

(d) National defense areas; suspension of operations; extension of leases
The United States reserves and retains the right to designate by and through the Secretary of Defense, with the approval of the President, as areas restricted from exploration and operation that part of the outer Continental Shelf which may be subject to any lease maintained, in whatever concentration, in deposits in the subsoil or seabed of the outer Continental Shelf are reserved for the use of the United States.

(e) Source materials essential to production of fissionable materials
All uranium, thorium, and all other materials determined pursuant to paragraph (1) of subsection (b) of section 5 of the Atomic Energy Act of 1946, as amended, to be peculiarly essential to the production of fissionable materials, shall be retained, in whatever concentration, in deposits in the subsoil or seabed of the outer Continental Shelf are reserved for the use of the United States.

(f) Helium ownership; rules and regulations governing extraction
The United States reserves and retains the ownership of and the right to extract all helium, under such rules and regulations as shall be prescribed by the Secretary, contained in gas produced from any portion of the outer Continental Shelf which may be subject to any lease maintained or granted pursuant to this subchapter, but the helium shall be extracted from such gas so as to cause no substantial delay in the delivery of gas produced to the purchaser of such gas.

(Aug. 7, 1953, ch. 345, § 12, 67 Stat. 469.)

REFERENCES IN TEXT
Paragraph (1) of subsection (b) of section 5 of the Atomic Energy Act of 1946, as amended, referred to in subsec. (e), is par. (1) of section 5(b) of act Aug. 1, 1946, ch. 724, 60 Stat. 755, which was classified to section 1805 of Title 42, The Public Health and Welfare, prior to the

Nothing herein contained shall affect such rights, if any, as may have been acquired under any law of the United States by any person in lands subject to this subchapter and such rights, if any, shall be governed by the law in effect at the time they may have been acquired: Provided, however, That nothing herein contained is intended to be construed as a finding, interpretation, or construction by the Congress that the law under which such rights may be claimed extended or shall be construed as a finding, interpretation, or construction by the Congress that the law under which such rights may be claimed in fact applies to the lands subject to this subchapter or authorizes or compels the granting of such rights in such lands, and that the determination of the applicability or effect of such law shall be unaffected by anything herein contained.

(Aug. 7, 1953, ch. 345, §14, 67 Stat. 470.)

§1344. Repealed.

§1344. Outer Continental Shelf leasing program

(a) Schedule of proposed oil and gas lease sales

The Secretary, pursuant to procedures set forth in subsections (c) and (d) of this section, shall prepare and periodically revise, and maintain an oil and gas leasing program to implement the policies of this subchapter. The leasing program shall consist of a schedule of proposed lease sales indicating, as precisely as possible, the size, timing, and location of leasing activity which he determines will best meet national energy needs for the five-year period following its approval or reapproval. Such leasing program shall be prepared and maintained in a manner consistent with the following principles:

(1) Management of the outer Continental Shelf shall be conducted in a manner which considers economic, social, and environmental values of the renewable and nonrenewable resources contained in the outer Continental Shelf, and the potential impact of oil and gas exploration on other resource values of the outer Continental Shelf and the marine, coastal, and human environments.

(2) Timing and location of exploration, development, and production of oil and gas among the oil- and gas-bearing physiographic regions of the outer Continental Shelf shall be based on a consideration of—

(A) existing information concerning the geographical, geological, and ecological characteristics of such regions;

(B) an equitable sharing of developmental benefits and environmental risks among the various regions;

(C) the location of such regions with respect to, and the relative needs of, regional and national energy markets;

(D) the location of such regions with respect to other uses of the sea and seabed, including fisheries, navigation, existing, or proposed sealanes, potential sites of deepwater ports, and other anticipated uses of the resources and space of the outer Continental Shelf;

(E) the interest of potential oil and gas producers in the development of oil and gas resources as indicated by exploration or nomination;

(F) laws, goals, and policies of affected States which have been specifically identified by the Governors of such States as relevant matters for the Secretary's consideration;

(G) the relative environmental sensitivity and marine productivity of different areas of the outer Continental Shelf; and

(H) relevant environmental and predictive information for different areas of the outer Continental Shelf.

(3) The Secretary shall select the timing and location of leasing, to the maximum extent practicable, so as to obtain a proper balance between the potential for environmental damage, the potential for the discovery of oil and gas, and the potential for adverse impact on the coastal zone.

(4) Leasing activities shall be conducted to assure receipt of fair market value for the lands leased and the rights conveyed by the Federal Government.

(b) Estimates of appropriations and staff required for management of leasing program

The leasing program shall include estimates of the appropriations and staff required to—

(1) obtain resource information and any other information needed to prepare the leasing program required by this section;

(2) analyze and interpret the exploratory data and any other information which may be compiled under the authority of this subchapter;

(3) conduct environmental studies and prepare any environmental impact statement required in accordance with this subchapter and with section 4332(2)(C) of title 42; and

(4) supervise operations conducted pursuant to each lease in the manner necessary to assure due diligence in the exploration and development of the lease area and compliance with the requirements of applicable law and regulations, and with the terms of the lease.

(c) Suggestions from Federal agencies and affected State and local governments; submission of proposed program to Governors of affected States and Congress; publication in Federal Register

(1) During the preparation of any proposed leasing program under this section, the Secretary shall invite and consider suggestions for such program from any interested Federal agencies, including the Attorney General, in consultation with the Federal Trade Commission, and from the Governor of any State which may be—
