§ 1641. Availability of wheat for export; utilization of funds and facilities; prices; authorization of appropriations

The President is authorized, acting through the Commodity Credit Corporation, to make available or cause to be made available, notwithstanding the provisions of any other law, such quantities of wheat and wheat-flour and at such prices as are necessary to exercise the rights, obtain the benefits, and fulfill the obligations of the United States under the International Wheat Agreement of 1949 signed by Australia, Canada, France, the United States, Uruguay, and certain wheat importing countries, along with the agreements signed by the United States and certain other countries revising and renewing such agreement of 1949 for periods through July 31, 1965 (hereinafter collectively called the “International Wheat Agreement”). Nothing in this chapter shall be construed to preclude the Secretary of Agriculture, in carrying out programs to encourage the ex-
portation of agricultural commodities and products thereof pursuant to section 612c of this title, from utilizing funds available for such programs in such manner as, either separately or jointly with the Commodity Credit Corporation, to exercise the rights, obtain the benefits, and fulfill all or any part of the obligations of the United States under the International Wheat Agreement or to preclude the Commodity Credit Corporation in otherwise carrying out wheat and wheat-flour export programs as authorized by law. Nothing contained in this chapter shall limit the duty of the Commodity Credit Corporation to the maximum extent practicable consistent with the fulfillment of the Corporation’s purposes and the effective and efficient conduct of its business to utilize the usual and customary channels, facilities, and arrangements of trade and commerce in making available or causing to be made available wheat and wheat-flour under this chapter. The pricing provisions of section 158(e) of title 15 and section 733a–9 of title 15, shall not be applicable to domestic wheat and wheat-flour supplied to countries which are parties to the International Wheat Agreement and credited to their guaranteed purchases thereunder on and after August 1, 1949, and up to and including June 30, 1950. Where prices in excess of the International Wheat Agreement prices have been paid for such wheat and wheat-flour financed by the Economic Cooperation Administration on or after August 1, 1949, and up to and including June 30, 1950, the Secretary of Agriculture or Commodity Credit Corporation is authorized to reimburse the Economic Cooperation Administration for such excess amounts. Funds realized from such reimbursement shall revert to the respective appropriation or appropriations from which funds were expended for the procurement of such wheat and wheat-flour. There are authorized to be appropriated such sums as may be necessary to make payments to the Commodity Credit Corporation of its estimated or actual net costs of carrying out its functions hereunder. Such net costs in connection with the International Wheat Agreement, 1959, shall include those with respect to all transactions which qualify as commercial purchases (as defined in such agreement) from the United States by importing member countries. Such net costs in connection with the International Wheat Agreement, 1962, shall include those with respect to all transactions which qualify as commercial purchases (as defined in such agreement) from the United States by importing member countries.

It is the sense of Congress that—

Effective Date of 1966 Amendment

Emergency Food Assistance to India

Pub. L. 90-7, Apr. 1, 1967, 81 Stat. 7, provided: ‘‘That the Congress approves the participation of the United...
States in cooperation with other countries and with multilateral organizations, including the International Bank for Reconstruction and Development, the Organization for Economic Cooperation and Development, the Food and Agriculture Organization, and others, in urgent international efforts designed to—

(a) develop a comprehensive self-help approach to the war on hunger based on a fair sharing of the burden among the nations of the world;

(b) encourage and assist the Government of India in achieving food self-sufficiency; and

(c) help meet India’s critical food and nutritional needs by making available agricultural commodities or other resources needed for food procurement or production.

Because uncertainty in connection with Public Law 480 transactions tends to depress market prices, it is the sense of Congress that, in carrying out this Aid to India program, the Administration should, subject to the requirement of section 401 of Public Law 480 (section 1731 of this title) with respect to the availability of equal participation on the part of the United States and other countries, make announcements of intention, purchases and shipments of commodities on schedules and under circumstances which will protect and strengthen farm market prices to the maximum extent possible.

“The Congress endorses the President’s policy of equal participation on the part of the United States with all other nations, under terms and conditions set forth in Public Law 480, as amended (this chapter), in assisting the Government of India to meet these needs.

“Further, the Congress recommends, on the basis of estimates now available, that the United States provide an additional amount of food grain not to exceed three million tons at an estimated cost of $190,000,000, as the United States share toward meeting the India food deficit, provided it is appropriately matched, and specifically extends its support to the allocation of approximately $190,000,000 of funds available to the Commodity Credit Corporation in calendar year 1967 which will be required to accomplish this purpose.

“The Congress further recommends that the President provide an additional $25,000,000 of emergency food relief for distribution by CARE and other American voluntary agencies.”

L. 110–246, title III, § 1193, June 18, 2008, 122 Stat. 1811, provided that: “In carrying out the provisions of the Food for Peace Act, as amended [this chapter], extra long staple cotton shall be made available for sale pursuant to the provisions of title I of the Act [this subchapter] in the same manner as upland cotton or any other surplus agricultural commodity is made available, and products manufactured entirely from upland or long staple cotton shall be made available for sale pursuant to the provisions of title I of the Act [this subchapter] as long as cotton is in surplus supply in the same manner as any other agricultural commodity or product is made available, and no discriminatory or other conditions shall be imposed which will prevent or tend to interfere with their sale or availability for sale under the Act [this chapter].”

Prior to amendment, text read as follows: “No agricultural commodity shall be available for disposition under this chapter if the Secretary determines that the disposition would reduce the domestic supply of the commodity below the supply needed to meet domestic requirements and provide adequate carryover (as determined by the Secretary), unless the Secretary determines that some part of the supply should be used to carry out urgent humanitarian purposes under this chapter.”

1996—Pub. L. 104–127 added subsec. (a) and struck out former subsec. (a) which authorized Secretary, after consultation with other affected Federal agencies, to determine agricultural commodities and quantities thereof available for disposition, redesignated subsec. (f) as (c) and substituted “‘(b)(1)’” for “‘(e)(1)’”, struck out former subsec. (c) which provided for nonavailability of commodities if domestic supply of such commodities was adversely affected, and struck out subsec. (d) which outlined policies for distribution of commodities to developing countries.

1990—Pub. L. 101–624 amended section generally, substituting present provisions for provisions authorizing Secretary to determine types and quantities of commodities available for distribution, limiting distribution where domestic supply is threatened, and requiring available storage facilities in recipient country prior to making commodities available to such country as well as finding that distribution will not result in interference with production or marketing in that country.

1979—Subsec. (b)(2). Pub. L. 95–88 substituted “to or interference with domestic production or marketing in” for “to domestic production in”.

1977—Subsec. (a). Pub. L. 95–113 inserted provisions under which commodities may be made available for disposition if the Secretary of Agriculture determines that some part of the supply of commodities should be used to carry out urgent humanitarian purposes, even though such disposition would reduce the domestic supply of those commodities below that needed to meet domestic requirements, provide adequate carryover, and allow for anticipated exports.

Pub. L. 95–88 redesignated existing provisions as subsec. (a).

1966—Pub. L. 89–808 substituted provisions relating to determination and criteria for such determination by the Secretary of Agriculture of agricultural commodities available for disposition for former statement of purpose of provisions relating to long-term supply contracts, now covered by subchapter II of this chapter.

1962—Pub. L. 87–703 included in the statement of purpose the stimulation and increase of sales of surplus agricultural commodities for dollars through long-term supply contracts and through the extension of credit for the purchase of such commodities, by agreements with friendly nations or with private trade.

(i) Military distribution of food aid

(1) In general

The Secretary or the Administrator, as appropriate, shall attempt to ensure that agricultural commodities made available under this chapter will be provided without regard to the political affiliation, geographic location, ethnic, tribal, or religious identity of the recipient or without regard to other extraneous factors.

(2) Prohibition on handling of commodities by the military

(A) In general

Except as provided in subparagraph (B), the Secretary or the Administrator, as appropriate, shall not enter into an agreement under this chapter to provide agricultural commodities if such agreement requires or permits the distribution, handling, or allocation of such commodities by the military forces of any government or insurgent group.

c) Eligible commodities and cost items

(A)(i) the cost of acquiring agricultural commodities;

(ii) the costs associated with packaging, enrichment, preservation, and fortification of agricultural commodities;

(v) the costs associated with transporting agricultural commodities from United States ports to designated points of entry abroad in the case—

(I) of landlocked countries;

(II) of ports that cannot be used effectively because of natural or other disturbances;

(III) of the unavailability of carriers to a specific country; or

(IV) of substantial savings in costs or time that may be effected by the utilization of points of entry other than ports; and

(vi) the charges for general average contributions arising out of the ocean transport of agricultural commodities transferred pursuant thereto;

AMENDMENTS

1996—Pub. L. 104–127 struck out subsec. (a) which stated congressional findings regarding United States agricultural export policy, struck out subsec. designation “(b)”, and substituted pars. (1) to (4) for former pars. (1) to (4) which read as follows:

“(1) provide through all means possible agricultural commodities and their products for export at competitive prices, with full assurance of quality and reliability of supply;

“(2) support the principle of free trade and the promotion of fairer trade in agricultural commodities and their products;

“(3) cooperate fully in all efforts to negotiate with foreign countries reductions in current barriers to fair trade;

“(4) counter aggressively unfair foreign trade practices using all available means, including export restitution, export bonus programs, and, if necessary, restrictions on United States imports of foreign agricultural commodities and their products, as a means to encourage fairer trade.”

§ 1736r. Trade negotiations policy

(a) Findings

Congress finds that—

(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;

(2) exports of United States agricultural products accounted for $54,000,000,000 in 1995, contributing a net $24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

(3) increased agricultural exports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—

(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

(B) developing common rules for the application of sanitary and phytosanitary restrictions;

that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

(6) the Uruguay Round Agreement on Agriculture did not succeed in completely elimi-
nating trade distorting domestic support and export subsidies by—

(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use nontransparent and discriminatory pricing as a hidden de facto export subsidy;

(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

(b) Goals of the United States in agricultural trade negotiations

The objectives of the United States with respect to future negotiations on agricultural trade include—

(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;

(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at prices below domestic market prices or prices below their full costs of acquiring and delivering agricultural products to the foreign markets; and

(4) encouraging government policies that avoid price-depressing surpluses.

Codification

Section was enacted as part of the Food Security Act of 1985, and not as part of the Food for Peace Act which comprises this chapter.

Amendments

1996—Pub. L. 104–127 amended section generally, substituting present provisions for provisions relating to initiation and pursuit of agricultural trade consultations among major agricultural producing countries, providing for sense of Congress concerning objectives of such consultations, and requiring annual reports by Secretary of Agriculture on progress of such consultations.

Agricultural Trade Negotiating Objectives and Consultations With Congress

Pub. L. 106–200, title IV, § 409, May 18, 2000, 114 Stat. 295, provided that:

“(a) FINDINGS.—Congress finds that—

“(1) United States agriculture contributes positively to the United States balance of trade and United States agricultural exports support in excess of 1,000,000 United States jobs;

“(2) United States agriculture competes successfully worldwide despite the fact that United States producers are at a competitive disadvantage because of the trade distorting support and subsidy practices of other countries and despite the fact that significant tariff and nontariff barriers exist to United States exports; and

“(3) a successful conclusion of the current World Trade Organization agricultural negotiations is critically important to the United States agricultural sector.

“(b) OBJECTIVES.—The agricultural trade negotiating objectives of the United States with respect to the current World Trade Organization agricultural negotiations include as matters of the highest priority—

“(1) the expeditious elimination of all export subsidies worldwide while maintaining bona fide food aid and preserving United States market development and export credit programs that allow the United States to compete with other foreign export promotion efforts;

“(2) leveling the playing field for United States producers of agricultural products by eliminating blue box subsidies and disciplining domestic supports in a way that forces producers to face world prices on all production in excess of domestic food security needs while allowing the preservation of nontrade distorting programs to support family farms and rural communities;

“(3) the elimination of state trading enterprises or the adoption of rigorous disciplines that ensure operational transparency, competition, and the end of discriminatory pricing practices, including policies supporting cross-subsidization and price undercutting in export markets;

“(4) affirming that the World Trade Organization Agreement on the Application of Sanitary and Phytosanitary Measures applies to new technologies, including biotechnology, and that labeling requirements to allow consumers to make choices regarding biotechnology products or other regulatory requirements may not be used as disguised barriers to trade;

“(5) increasing opportunities for United States exports of agricultural products by reducing tariffs to the same levels that exist in the United States or lower levels and by eliminating all nontariff barriers, including—

“(A) restrictive or trade distorting practices, including those that adversely impact perishable or cyclical products;

“(B) restrictive rules in the administration of tariff-rate quotas; and

“(C) other barriers to agriculture trade, including unjustified restrictions or commercial requirements affecting new technologies, including biotechnology;

“(6) eliminating government policies that create price-depressing surpluses; and

“(7) strengthening dispute settlement procedures to ensure prompt compliance by foreign governments with their World Trade Organization obligations including commitments not to maintain unjustified restrictions on United States exports;

“(C) CONSULTATION WITH CONGRESSIONAL COMMITTEES.—

“(1) CONSULTATION BEFORE OFFER MADE.—In developing and before submitting an initial or revised negotiating proposal that would reduce United States tariffs on agricultural products or require a change in United States agricultural law, the United States Trade Representative shall consult with the Committee on Agriculture, Nutrition, and Forestry and the Committee on Finance of the Senate and the Committee on Agriculture and the Committee on Ways and Means of the House of Representatives.

“(2) CONSULTATION WITH CONGRESSIONAL ADVISERS.—Prior to and during the course of current ne-

§ 1736y. Contract sanctity and producer embargo protection

It is hereby declared to be the policy of the United States— (1) to foster and encourage the export of agricultural commodities and the products of such commodities; (2) not to restrict or limit the export of such commodities and products except under the most compelling circumstances; (3) that any prohibition or limitation on the export of such commodities or products should be imposed only in time of a national emergency declared by the President under the Export Administration Act [50 U.S.C. App. 2401 et seq.]; and (4) that contracts for the export of such commodities or products entered into before the imposition of any prohibition or limitation on the export of such commodities or products should not be abrogated.

Notwithstanding any other provision of law, to further assist developing countries, middle-income countries, emerging markets, sub-Saharan African countries, and Caribbean Basin countries to increase farm production and farmer incomes, the President may—

(1) establish and administer a program, to be known as the “John Ogonowski and Doug Bereuter Farmer-to-Farmer Program”, of farmer-to-farmer assistance between the United States and such countries to assist in—

(A) increasing food production and distribution; and

(B) improving the effectiveness of the farming and marketing operations of agricultural producers in those countries;

(2) use United States agricultural producers, agriculturalists, colleges and universities (including historically black colleges and universities), land grant colleges or universities, and foundations maintained by colleges or universities, private agribusinesses, private organizations (including grassroots organizations with an established and demonstrated capacity to carry out such a bilateral exchange program), private corporations, and nonprofit farm organizations to work in conjunction with agricultural producers and farm organizations in those countries, on a voluntary basis—

(A) to improve agricultural and agribusiness operations and agricultural systems in those countries, including improving—

(i) animal care and health;

(ii) field crop cultivation;

(iii) fruit and vegetable growing;

(iv) livestock operations;

(4) to the maximum extent practicable, make grants to or enter into contracts or other cooperative agreements with private voluntary organizations, cooperatives, land grant universities, private agribusiness, or nonprofit farm organizations to carry out this section (except that any such contract or other agreement may obligate the United States to make outlays only to the extent that the budget authority for such outlays is available under subsection (d) of this section or has otherwise been provided in advance in appropriation acts);

(5) coordinate programs established under this section with other foreign assistance programs and activities carried out by the United States; and

(6) to the extent that local currencies can be used to meet the costs of a program established under this section, augment funds of the United States that are available for such a program through the use, within the country in which the program is being conducted, of—

(A) foreign currencies that accrue from the sale of agricultural commodities and products under this chapter; and

(B) local currencies generated from other types of foreign assistance activities.

e) Special emphasis on sub-Saharan African and Caribbean Basin countries

(1) Findings

Congress finds that—

(A) agricultural producers in sub-Saharan African and Caribbean Basin countries need training in agricultural techniques that are appropriate for the majority of eligible agricultural producers in those countries, including training in—

(i) standard growing practices;

(ii) insecticide and sanitation procedures; and

(iii) other agricultural methods that will produce increased yields of more nutritious and healthful crops;

(B) agricultural producers in the United States (including African-American agricultural producers) and banking and insurance professionals have agribusiness expertise that would be invaluable for agricultural producers in sub-Saharan African and Caribbean Basin countries;

(C) a commitment by the United States is appropriate to support the development of a comprehensive agricultural skills training program for those agricultural producers that focuses on—

(i) improving knowledge of insecticide and sanitation procedures to prevent crop destruction;

(ii) teaching modern agricultural techniques that would facilitate a continual analysis of crop production, including—

(I) the identification and development of standard growing practices; and

(II) the establishment of systems for recordkeeping;

(iii) the use and maintenance of agricultural equipment that is appropriate for the majority of eligible agricultural producers in sub-Saharan African or Caribbean Basin countries;

(iv) the expansion of small agricultural operations into agribusiness enterprises by increasing access to credit for agricultural producers through—

(I) the development and use of village banking systems; and

(II) the use of agricultural risk insurance pilot products; and

(v) marketing crop yields to prospective purchasers (including businesses and individuals) for local needs and export; and

(D) programs that promote the exchange of agricultural knowledge and expertise through the exchange of American and foreign agricultural producers have been effective in promoting improved agricultural techniques and food security and the extension of additional resources to such farmer-to-farmer exchanges is warranted.

(2) Goals for programs carried out in sub-Saharan African and Caribbean Basin countries

The goals of programs carried out under this section in sub-Saharan African and Caribbean Basin countries shall be—

(A) to expand small agricultural operations in those countries into agribusiness enterprises by increasing access to credit for agricultural producers through—

(B) to provide training to agricultural producers in those countries that will—

(i) enhance local food security; and

(ii) help mitigate and alleviate hunger;

(C) to provide training to agricultural producers in those countries in groups to encourage participants to share and pass on to other agricultural producers in the home communities of the participants, the information and skills obtained from the training, rather than merely retaining the information and skills for the personal enrichment of the participants; and

(D) to maximize the number of beneficiaries of the programs in sub-Saharan African and Caribbean Basin countries.

d) Minimum funding

Notwithstanding any other provision of law, in addition to any funds that may be specifically appropriated to carry out this section, not less than the greater of $10,000,000 or 0.5 percent of the amounts made available for each of fiscal years 2008 through 2012 to carry out this chapter shall be used to carry out programs under this section, with—

(7) Sale for unrestricted use to meet a need for increased supplies at not less than 105 per centum of the parity price in the case of agricultural commodities and a price reflecting 105 per centum of the parity price of the agricultural commodity in the case of products of agricultural commodities.

The President shall prescribe such terms and conditions for the disposal of commodities in the commodity set-aside as he determines will provide adequate safeguards against interference with normal marketings of the supplies of such commodities outside the commodity set-aside. Strategic materials acquired by the Commodity Credit Corporation under paragraph (2) of this subsection shall be transferred to the National Defense Stockpile established by the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.), and the Commodity Credit Corporation shall be reimbursed for the value of the commodities bartered for such strategic materials from funds appropriated for purposes of that Act. For the purpose of such reimbursement, the value of any commodity so bartered shall be the lower of the domestic market price or the Commodity Credit Corporation’s investment therein as of the date of such barter, as determined by the Secretary of Agriculture.

(b) The quantity of any commodity in the commodity set-aside shall be reduced to the extent that the Commodity Credit Corporation’s inventory of such commodity is reduced, by natural or other cause beyond the control of the Corporation, below the quantity then charged to the commodity set-aside.

The Corporation shall have authority to sell, without regard to section 1743(a)(7) of this title, any commodity covered by the commodity set-aside for the purpose of rotating stocks or consolidating inventories, any such sale to be offset by purchase of the same commodity in a substantially equivalent quantity or of a substantially equivalent value.

(b) Dispositions pursuant to this chapter shall not be subject to the pricing limitations of section 1427 of this title.

The quantity of any commodity in the commodity set-aside or transferred from the set-aside to the National Defense Stockpile established by the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.) shall be excluded from the computation of “carryover” for the purpose of determining the price support level for such commodity under the Agricultural Act of 1949, as amended [7 U.S.C. 1421 et seq.], and related legislation, but shall be included in the computation of total supplies for purposes of acreage allotments and marketing quotas under the Agricultural Adjustment Act of 1938, as amended [7 U.S.C. 1281 et seq.], and related legislation. Until such time as the commodity set-aside has been completed, such quantity of the commodity as the Secretary shall determine between the maximum and minimum quantities specified in section 1741 of this title shall be excluded from the computations of “carryover” for the purpose of determining the price support level, but shall be included in the computation of total supplies for purposes of acreage allotments and marketing quotas, for the 1955 crop of the commodity, notwithstanding that the quan-
ity so excluded may not have been acquired by the Corporation and included in the commodity set-aside.

**SUBCHAPTER IV—CROPLAND ADJUSTMENTS**

§ 1838. Conversion of cropland into vegetative cover, water storage, wildlife and conservation uses; contracts with farmers

(a) Authority for calendar years 1965 through 1970; term of agreements

Notwithstanding any other provision of law, for the purpose of reducing the costs of farm programs, assisting farmers in turning their land to nonagricultural uses, promoting the development and conservation of the Nation’s soil, water, forest, wildlife, and recreational resources, establishing, protecting, and conserving open spaces and natural beauty, the Secretary of Agriculture is authorized to formulate and carry out a program during the calendar years 1965 through 1970 under which agreements would be entered into with producers as hereinafter provided for periods of not less than five nor more than ten years. No agreement shall be entered into under this section concerning land with respect to which the ownership was changed in the three-year period preceding the first year of the agreement period unless the new ownership was acquired by will or succession as a result of the death of the previous owner, or unless the new ownership was acquired prior to January 1, 1965, under other circumstances which the Secretary determines, and specifies by regulation, will give adequate assurance that such land was not acquired for the purpose of placing it in the program: Provided, That this provision shall not be construed to prohibit the continuation of an agreement by a new owner after an agreement has once been entered into under this section: Provided further, That the Secretary shall not require a person who has operated the land to be covered by an agreement under this section for as long as three years preceding the date of the agreement and who controls the land for the agreement period to own the land as a condition of eligibility for entering into the agreement. The foregoing provision shall not prevent a producer from placing a farm in the program if the farm was acquired by the producer to replace an eligible farm from which he was displaced because of its acquisition by any Federal, State, or other agency having the right of eminent domain.

(b) Terms of agreement; specifically designated acreage; land use

The producer shall agree (1) to carry out on a specifically designated acreage of land on the farm regularly used in the production of crops (including crops, such as tame hay, alfalfa, and clovers, which do not require annual tillage and which have been planted within five years preceding the date of the agreement), hereinafter called “designated acreage”; and maintain for the agreement period practices or uses which will conserve soil, water, or forest resources, or establish or protect or conserve open spaces, natural beauty, wildlife or recreational resources, or prevent air or water pollution, in such manner as the Secretary may prescribe (priority being given to the extent practicable to practices or uses which are most likely to result in permanent retirement to noncrop uses); (2) to maintain in conserving crops or uses or allow to remain idle throughout the agreement period the acreage normally devoted to such crops or uses; (3) not to harvest any crop from or graze the designated acreage during the agreement period, unless the Secretary, after certification by the Governor of the State in which such acreage is situated of the need for grazing or harvesting of such acreage, determines that it is necessary to permit grazing or harvesting in order to alleviate damage, hardship, or suffering caused by severe drought, flood, or other natural disaster, and consents to such grazing or harvesting subject to an appropriate reduction in the rate of payment; and (4) to such additional terms and conditions as the Secretary determines are desirable to effectuate the purposes of the program, including such measures as the
Secretary may deem appropriate to keep the designated acreage free from erosion, insects, weeds, and rodents. Agreements entered into under which 1966 is the first year of the agreement period (A) shall require the producer to divert from production all of one or more crops designated by the Secretary; and (B) shall not provide for diversion from the production of upland cotton in any county in which the county committee by resolution determines, and requests of the Secretary, that there should not be such diversion in 1966.

(c) Federal costs; annual adjustment payment

Under such agreements the Secretary shall (1) bear such part of the average cost (including labor) for the county or area in which the farm is situated of establishing and maintaining authorized practices or uses on the designated acreage as the Secretary determines to be necessary to effectuate the purposes of the program, but not to exceed the average rate for comparable practices or uses under the agricultural conservation program, and (2) make an annual adjustment payment to the producer for the period of the agreement at such rate or rates as the Secretary determines to be fair and reasonable in consideration of the obligations undertaken by the producers. The rate or rates of annual adjustment payments as determined hereunder may be increased by an amount determined by the Secretary to be appropriate in relation to the benefit to the general public of the use of the designated acreage if the producer further agrees to permit, without other compensation, access to such acreage by the general public, during the agreement period, for hunting, trapping, fishing, and hiking, subject to applicable State and Federal regulations. The Secretary and the producer may agree that the annual adjustment payments for all years of the agreement period shall be made either upon approval of the agreement or in such installments as they may agree to be desirable: Provided, That for each year any annual adjustment payment is made in advance of performance, the annual adjustment payment shall be reduced by 5 per centum. The Secretary may provide for adjusting any payment on account of failure to comply with the terms and conditions of the program.

(d) Advertising and bid procedures

The Secretary shall, unless he determines that such action will be inconsistent with the effective administration of the program, use an advertising and bid procedure in determining the lands in any area to be covered by agreements. The total acreage placed under contract in any county or local community shall be limited to a percentage of the total eligible acreage in such county or local community which the Secretary determines would not adversely affect the economy of the county or local community. In determining such percentage the Secretary shall give appropriate consideration to the productivity of the acreage being retired as compared to the average productivity of eligible acreage in the county or local community.

(e) Annual adjustment payment; limitation

The annual adjustment payment shall not exceed 40 per centum of the estimated value, as determined by the Secretary, on the basis of prices in effect at the time the agreement is entered into, of the crops or types of crops which might otherwise be grown. The estimated value may be established by the Secretary on a county, area, or individual farm basis as he deems appropriate.

(f) Termination or modification of agreements

The Secretary may terminate any agreement with a producer by mutual agreement with the producer if the Secretary determines that such termination would be in the public interest, and may agree to such modification of agreements as he may determine to be desirable to carry out the purposes of the program or facilitate its administration.

(g) Allotment histories

Notwithstanding any other provision of law, the Secretary of Agriculture may, to the extent he deems it desirable, provide by appropriate regulations for preservation of cropland, crop acreage, and allotment history applicable to acreage diverted from the production of crops in order to establish or maintain vegetative cover or other approved practices for the purpose of any Federal program under which such history is used as a basis for an allotment or other limitation or for participation in such program.

(h) Utilization of local, county, and State committees

In carrying out the program, the Secretary shall utilize the services of local, county, and State committees established under section 590h of title 16.

(i) Transfer of funds

For the purpose of obtaining an increase in the permanent retirement of cropland to noncrop uses the Secretary may, notwithstanding any other provision of law, transfer funds available for carrying out the program to any other Federal agency or to States or local government agencies for use in acquiring cropland for the preservation of open spaces, natural beauty, the development of wildlife or recreational facilities, or the prevention of air or water pollution under terms and conditions consistent with and at costs not greater than those under agreements entered into with producers, provided the Secretary determines that the purposes of the program will be accomplished by such action.

(j) Conservation of open spaces, natural beauty, and recreational resources, and prevention of pollution

The Secretary also is authorized to share the cost with State and local governmental agencies in the establishment of practices or uses which will establish, protect, and conserve open spaces, natural beauty, wildlife or recreational resources, or prevent air or water pollution under terms and conditions and at costs consistent with those under agreements entered into with producers, provided the Secretary determines that the purposes of the program will be accomplished by such action.

(k) Limitation on payments during any calendar year

In carrying out the program, the Secretary shall not during any of the fiscal years ending
June 30, 1966 through June 30, 1969 or during the period June 30, 1969 through December 31, 1970, enter into agreements with producers which would require payments to producers in any calendar year under such agreements in excess of $25,000,000 plus any amount by which payments entered into in prior fiscal years require payments in amounts less than authorized for such prior fiscal years. For purposes of applying this limitation, the annual adjustment payment shall be chargeable to the year in which performance is rendered regardless of the year in which it is made.

(f) Use of facilities of Commodity Credit Corporation

The Secretary is authorized to utilize the facilities, services, authorities, and funds of the Commodity Credit Corporation in discharging his functions and responsibilities under this program, including payment of costs of administration: Provided, That after December 31, 1966, the Commodity Credit Corporation shall not make any expenditures for carrying out the purposes of this subchapter unless the Corporation has received funds to cover such expenditures from appropriations made to carry out the purposes of this subchapter. There are hereby authorized to be appropriated such sums as may be necessary to carry out the program, including such amounts as may be required to make payments to the Corporation for its actual costs incurred or to be incurred under this program.

(m) Payment to successor upon death, incompetence, or disappearance of producer entitled to payment

In case any producer who is entitled to any payment or compensation dies, becomes incompetent, or disappears before receiving such payment or compensation, or is succeeded by another who renders or completes the required performance, the payment or compensation shall, without regard to any other provisions of law, be made as the Secretary may determine to be fair and reasonable in all the circumstances and so provide by regulations.

(n) Sharing of compensation or payments with tenants and sharecroppers

The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers, including provision for sharing, on a fair and equitable basis, in payments or compensation under this program.

(o) Effect of diversion on commodity programs

The acreage on any farm which is diverted from the production of any commodity pursuant to an agreement hereafter entered into under this subchapter shall be deemed to be acreage diverted from that commodity for the purposes of any commodity program under which diversion is required as a condition of eligibility for price support.

(p) Advisory Board on Wildlife; membership

The Secretary may, without regard to the civil service laws, appoint an Advisory Board on Wildlife to advise and consult on matters relating to his functions under this subchapter as he deems appropriate. The Board shall consist of twelve persons chosen from members of wildlife organizations, farm organizations, State game and fish agencies, and representatives of the general public. Members of such Advisory Board who are not regular full-time employees of the United States shall not be entitled to any compensation or expenses.

(q) Regulations

The Secretary shall prescribe such regulations as he determines necessary to carry out the provisions of this subchapter.

and 1932 of this title (other than guaranteed loans and loans as described in paragraph (3) of this subsection) shall be as determined by the Secretary, but not less than such rates as determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted in the judgment of the Secretary of the Treasury to provide for rates comparable to the rates prevailing in the private market for similar loans and considering the Secretary’s insurance of the loans, plus an additional charge, prescribed by the Secretary, to cover the Secretary’s losses and cost of administration, which charge shall be deposited in the Rural Development Insurance Fund, and further adjusted to the nearest one-eighth of 1 per centum.

(5)(A) Except as provided in subparagraph (B), the interest rate on any loan made under this subchapter as a guaranteed loan shall be such rate as may be agreed upon by the borrower and the lender, but not in excess of a rate as may be determined by the Secretary.

(B) In the case of a loan made under section 1932 of this title as a guaranteed loan, subparagraph (A) shall apply notwithstanding the provisions of the constitution or laws of any State limiting the rate or amount of interest that may be charged, taken, received, or reserved.

(6)(A) Notwithstanding any other provision of this section, in the case of loans (other than guaranteed loans) made or insured under the authorities of this chapter specified in subparagraph (B) for activities that involve the use of prime farmland as defined in subparagraph (C), the interest rates shall be the interest rates otherwise applicable under this section increased by 2 per centum per annum. Wherever practicable, construction by a State, municipality, or other political subdivision of local government that is supported by loans described in the preceding sentence shall be placed on land that is prime farmland, in order to preserve the maximum practicable amount of prime farmlands for production of food and fiber. Where other options exist for the siting of such construction and where the governmental authority still desires to carry out such construction on prime farmland, the 2 per centum interest rate increase provided by this clause shall apply, but such increased interest rate shall not apply where such other options do not exist.

(B) The authorities referred to in subparagraph (A) are—

(i) the provisions of section 1926(a)(1) of this title relating to loans for recreational developments and essential community facilities,

(ii) section 1932(a)(2)(A) of this title; and

(iii) section 1932(d) of this title.

(C) For purposes of this paragraph, the term “prime farmland” means prime farmlands and unique farmland as those terms are defined in sections 657.5(a) and (b) of title 7, Code of Federal Regulations (1980).

(b) Payment of charges; prepayment of taxes and insurance

The borrower shall pay such fees and other charges as the Secretary may require, and borrowers under this chapter shall prepay to the Secretary such taxes and insurance as the Secretary may require, on such terms and conditions as the Secretary may prescribe.

(c) Mortgages, liens, and other security

The Secretary shall take as security for the obligations entered into in connection with loans, mortgages on farms with respect to which such loans are made or such other security as the Secretary may require, and for obligations in connection with loans to associations under section 1926 of this title, shall take liens on the facility or such other security as he may determine to be necessary. Such security instruments may constitute liens running to the United States notwithstanding the fact that the notes may be held by lenders other than the United States. A borrower may use the same collateral to secure two or more loans made, insured, or guaranteed under this subchapter, except that the outstanding amount of such loans may not exceed the total value of the collateral so used.

(d) Mineral rights as collateral

With respect to a farm ownership loan made after December 23, 1985, unless appraised values of the rights to oil, gas, or other minerals are specifically included as part of the appraised value of collateral securing the loan, the rights to oil, gas, or other minerals located under the property shall not be considered part of the collateral securing the loan. Nothing in this subsection shall prevent the inclusion of, as part of the collateral securing the loan, any payment or other compensation the borrower may receive for damages to the surface of the collateral real estate resulting from the exploration for or recovery of minerals.

(e) Additional collateral

The Secretary may not—

(1) require any borrower to provide additional collateral to secure a farmer program loan made or insured under this chapter, if the borrower is current in the payment of principal and interest on the loan; or

(2) bring any action to foreclose, or otherwise liquidate, any such loan as a result of the failure of a borrower to provide additional collateral to secure a loan, if the borrower was current in the payment of principal and interest on the loan at the time the additional collateral was requested.

1962—Pub. L. 87–799 increased aggregate amount of loans that may be insured in any one year from $150,000,000 to $200,000,000.

§ 1929. Agricultural Credit Insurance Fund
(a) Revolving fund
The fund established pursuant to section 11(a) of the Bankhead-Jones Farm Tenant Act, as amended, shall hereafter be called the Agricultural Credit Insurance Fund and is hereinafter in this subchapter referred to as the ‘‘fund’’. The fund shall remain available as a revolving fund for the discharge of the obligations of the Secretary under agreements insuring loans under this subchapter and loans and mortgages insured under prior authority.
(b) Deposits of funds; investments; purchase of notes

Moneys in the fund not needed for current operations shall be deposited in the Treasury of the United States to the credit of the fund or invested in direct obligations of the United States or obligations guaranteed by the United States. The Secretary may purchase with money in the fund any notes issued by the Secretary to the Secretary of the Treasury for the purpose of obtaining money for the fund.

(c) Notes; form and denominations; maturities; terms and conditions; interest rate; purchase by Treasury; public debt transaction

The Secretary is authorized to make and issue notes to the Secretary of the Treasury for the purpose of obtaining funds necessary for discharging obligations under this section and for authorized expenditures out of the fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes shall bear interest at a rate fixed by the Secretary of the Treasury, taking into consideration the current average market yield of outstanding marketable obligations of the United States having maturities comparable to the notes issued by the Secretary under this subchapter. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and, for that purpose, the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which such securities may be issued under such chapter are extended to include the purchase of notes issued by the Secretary. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes shall be treated as public debt transactions of the United States.

(d) Notes and security as part of fund; collection or sale of notes; deposit of net proceeds in fund

Notes and security acquired by the Secretary in connection with loans insured under this subchapter and under prior authority shall become a part of the fund. Notes may be held in the fund and collected in accordance with their terms or may be sold by the Secretary with or without agreements for insurance thereof at the balance due thereon, or on such other basis as the Secretary may determine from time to time. All net proceeds from such collections, including sales of notes or property, shall be deposited in and become a part of the fund.

(e) Deposit in fund of portion of charge on outstanding principal obligations; availability of remainder of charge, and merger with appropriations, for administrative expenses

The Secretary shall deposit in the fund all or a portion, not to exceed one-half of 1 percent of the unpaid principal balance of the loan, of any charge collected in connection with the insurance of loans; and any remainder of any such charge shall be available for administrative expenses of the Farmers Home Administration and the Rural Development Administration, in proportion to such charges collected in connection with the insurance of loans by such agency, to be transferred annually and become merged with any appropriation for administrative expenses for such agency.

(f) Utilization of fund

The Secretary may utilize the fund—
(1) to pay amounts to which the holder of the note is entitled on loans heretofore or hereafter insured accruing between the date of any payments made by the borrower and the date of transmittal of any such payments to the lender. In the discretion of the Secretary, payments other than final payments need not be remitted to the holder until due or until the next agreed annual or semiannual remittance date;
(2) to pay to the holder of the notes any deferred or defaulted installment or, upon assignment of the note to the Secretary at the Secretary’s request, the entire balance due on the loan;
(3) to purchase notes in accordance with agreements previously entered into;
(4) to pay for contract services, taxes, insurance, prior liens, expenses necessary to make fiscal adjustments in connection with the application and transmittal of collections and other expenses and advances authorized in connection with insured loans, including the difference between interest payable by borrowers and interest to which insured lenders or insured holders are entitled under agreements with the Secretary included in contracts of insurance;
(5) to pay the Secretary’s costs of administration necessary to insure, make grants, service, and otherwise carry out the programs under this chapter not specifically covered by the Rural Development Insurance Fund of section 1929a of this title, including costs of the Secretary incidental to guaranteeing loans under this chapter, either directly from the Fund or by transfers from the Fund to, and merger with, any appropriations for administrative expenses.

(g) Transfer of funds from Farmers Home Administration direct loan account and Emergency Credit Revolving Fund; abolition of such account and fund; payments from Agricultural Credit Insurance Fund

(1) The assets and liabilities of, and authorizations applicable to, the Farmers Home Administration direct loan account created by section 1988(c) of this title (before the amendment made by section 749(a)(1) of the Federal Agriculture Improvement and Reform Act of 1996) and the Emergency Credit Revolving Fund referred to in section 1966 of this title are hereby transferred to the fund, and such account and such revolving fund are hereby abolished. Such assets and their proceeds, including loans made out of the fund pursuant to this section, shall be subject to the provisions of this section, the last sentence of section 1926(a)(1), and the last sentence of section 1927 of this title.
(2) From time to time, and at least at the close of each fiscal year, the Secretary shall pay from the fund into the Treasury as miscellaneous—
ous receipts interest on the value as determined by the Secretary, with the approval of the Comptroller General, of the Government’s equity transferred to the fund pursuant to the first sentence of this subsection plus the cumulative amount of appropriations made available after enactment of this provision as capital and for administration of the programs financed from the fund, less the average undisbursed cash balance in the fund during the year. The rate of such interest shall be determined by the Secretary of the Treasury, taking into consideration the current average yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of loans made or insured from the fund, adjusted to the nearest one-eighth of 1 per centum. Interest payments may be deferred with the approval of the Secretary of the Treasury, but any interest payments so deferred shall themselves bear interest. If at any time the Secretary determines that moneys in the fund exceed present and any reasonably prospective future requirements of the fund, such excess may be transferred to the general fund of the Treasury.

(h) Guaranteed loans; interest rate for loans sold into secondary market; loan fees

(1) The Secretary may provide financial assistance to borrowers for purposes provided in this chapter by guaranteeing loans made by any Federal or State chartered bank, savings and loan association, cooperative lending agency, or other legally organized lending agency.

(2) The interest rate payable by a borrower on the portion of a guaranteed loan that is sold by a lender to the secondary market under this chapter may be lower than the interest rate charged on the portion retained by the lender, but shall not exceed the average interest rate charged by the lender on loans made to farm and ranch borrowers.

(3) With regard to any loan guarantee on a loan made by a commercial or cooperative lender related to a loan made by the Secretary under section 1935 of this title—

(A) the Secretary shall not charge a fee to any person (including a lender); and

(B) a lender may charge a loan origination and servicing fee in an amount not to exceed 1 percent of the amount of the loan.

(4) Maximum guarantee of 90 percent.—Except as provided in paragraphs (5), (6), and (7), a loan guarantee under this chapter shall be for not more than 90 percent of the principal and interest due on the loan.

(5) Refinanced loans guaranteed at 95 percent.—The Secretary shall guarantee 95 percent of—

(A) in the case of a loan that solely refinances a direct loan made under this chapter, the principal and interest due on the loan on the date of the refinancing; or

(B) in the case of a loan that is used for multiple purposes, the portion of the loan that refines the principal and interest due on a direct loan made under this chapter that is outstanding on the date the loan is guaranteed.

(6) Beginning farmer loans guaranteed up to 95 percent.—The Secretary may guarantee not more than 95 percent of—

(A) a farm ownership loan for acquiring a farm or ranch to a borrower who is participating in the down payment loan program under section 1935 of this title; or

(B) an operating loan to a borrower who is participating in the down payment loan program under section 1935 of this title that is made during the period that the borrower has a direct loan outstanding under this subchapter for acquiring a farm or ranch.

(7) Amount of guarantee of loans for farm operations on tribal lands.—In the case of an operating loan made to a farmer or rancher whose farm or ranch land is subject to the jurisdiction of an Indian tribe, the Secretary shall guarantee 95 percent of the loan.

(i) Coordination of assistance for qualified beginning farmers and ranchers

(1) Not later than 60 days after any State expresses to the Secretary, in writing, a desire to coordinate the provision of financial assistance to qualified beginning farmers and ranchers in the State, the Secretary and the State shall conclude a joint memorandum of understanding that shall govern the coordination of the provision of the financial assistance by the State and the Secretary.

(2) The memorandum of understanding shall provide that if a State beginning farmer program makes a commitment to provide a qualified beginning farmer or rancher with financing to establish or maintain a viable farming or ranching operation, the Secretary shall, subject to applicable law, normal loan approval criteria, and the availability of funds provide the farmer or rancher with a down payment loan under section 1935 of this title or a guarantee of the financing provided by the State program, or both.

(3) The Secretary shall not charge any person (including a lender) any fee with respect to the provision of any guarantee under this subsection.

(4) The Secretary shall notify each State of the provisions of this subsection.

(5) As used in paragraph (1), the term “State beginning farmer program” means any program that is—

(A) carried out by, or under contract with, a State; and

(B) designed to assist persons in obtaining the financial assistance necessary to enter agriculture and establish viable farming or ranching operations.

(j) Guarantee of loans made under State beginning farmer or rancher programs

The Secretary may guarantee under this chapter a loan made under a State beginning farmer or rancher program, including a loan financed by the net proceeds of a qualified small issue agricultural bond for land or property described in section 144(a)(12)(B)(ii) of title 26.

§ 1929a. Rural Development Insurance Fund

(a) Creation; revolving fund; rural development loans

There is hereby created the Rural Development Insurance Fund (hereinafter in this section referred to as the ‘‘Insurance Fund’’) which shall be used by the Secretary as a revolving fund for the discharge of the obligations of the Secretary under contracts guaranteeing or insuring rural development loans. For the purpose of this section ‘‘rural development loans’’ shall be those provided for by sections 1926(a)(1) and 1932 of this title, except loans (other than for water systems and waste disposal facilities) of a type authorized by section 1926(a)(1) of this title prior to its amendment by the Rural Development Act of 1972.

(b) Transfer of assets and liabilities

The assets and liabilities of the Agricultural Credit Insurance Fund referred to in section 1929(a) of this title applicable to loans for water systems and waste disposal facilities under section 1926(a)(1) of this title are hereby transferred to the Insurance Fund. Such assets (including the proceeds thereof) and liabilities and rural development loans guaranteed or insured pursuant to this chapter shall be subject to the provisions of this section.

(c) Credits in the Treasury; investments; notes, purchasing authority of the Secretary

Moneys in the Insurance Fund not needed for current operations shall be deposited in the Treasury of the United States to the credit of the Insurance Fund or invested in direct obligations of the United States or obligations guaranteed by the United States. The Secretary may purchase with money in the Insurance Fund any notes issued by the Secretary to the Secretary of the Treasury for the purpose of obtaining money for the Insurance Fund.

(d) Notes, issuing authority of the Secretary; use of funds; terms and conditions, form, denominations, maturities, and interest rate of notes; notes, purchasing authority of the Secretary of the Treasury; public debt transactions

The Secretary is authorized to make and issue notes to the Secretary of the Treasury for the purpose of obtaining funds necessary for discharging obligations under this section and for making loans, advances, and authorized expenditures out of the Insurance Fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes shall bear interest at a rate fixed by the Secretary of the Treasury, taking into consideration the current average market yield of outstanding marketable obligations of the United States having maturities comparable to the average maturities of rural development loans made, guaranteed, or insured under this chapter. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and, for that purpose, the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which such securities may be issued under such chapter are extended to include the purchase of notes issued by the Secretary hereunder. (e) Notes and security as part of Insurance Fund; collection and sale of notes and other obligations; deposit of net proceeds in Insurance Fund

Notes and security acquired by the Secretary in connection with rural development loans made, guaranteed, or insured under this chapter or transferred by subsection (b) of this section shall become a part of the Insurance Fund. Notes and other obligations may be held in the Insurance Fund and collected in accordance with their terms or may be sold by the Secretary with or without agreements for insurance thereof at the balance due thereon, or on such other basis as the Secretary may determine from time to time, including sale on a non-recourse basis. The Secretary and any subsequent purchaser of such notes and other obligations sold by the Secretary on a nonrecourse basis shall be relieved of any responsibilities
that might have been imposed had the borrower remained indebted to the Secretary. All net proceeds from such collections, including sales of notes or property, shall be deposited in and become a part of the Insurance Fund.

(f) Deposit of loan service charges in Insurance Fund

The Secretary shall deposit in the Insurance Fund any charges collected for loan services provided by the Secretary as well as charges assessed for losses and costs of administration in connection with making, guaranteeing, or insuring rural development loans under this chapter.

Such items may be paid in connection with guaranteed loans before or in connection with acquisition by the Secretary of such loans or security therefor after default, to an extent determined by the Secretary to be necessary to protect the interest of the Government, or in connection with grants and any other activity authorized in this chapter;

(6) to pay the difference between interest payments by borrowers and interest to which holders of insured notes are entitled under contracts of insurance heretofore or hereafter entered into by the Secretary; and

§ 1944. Liability of borrower

(a) Determination of interest rates

(1) The Secretary shall make all loans under this subchapter upon the full personal liability of the borrower and upon such security as the Secretary may prescribe. The interest rates on such loans, except for guaranteed loans and loans as provided in paragraphs (2) and (3), shall be as determined by the Secretary, but not in excess of the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus an additional charge not to exceed 1 per centum as determined by the Secretary, which charge shall be deposited in the Rural Development Insurance Fund or the Agricultural Credit Insurance Fund, as appropriate, and adjusted to the nearest one-eighth of 1 per centum. The interest rate on any guaranteed loan made under this subchapter shall be such rate as may be agreed upon by the borrower and lender, but not in excess of a rate as may be determined by the Secretary.

(2) The interest rate on any loan (other than a guaranteed loan) to a low income, limited resource borrower under this subchapter shall not be—

Loans made under this subchapter shall be payable in not to exceed seven years. The Secretary may consolidate or reschedule outstanding loans for payment over a period not to exceed seven years (or, in the case of loans for farm operating purposes, fifteen years) from the date of such consolidation or rescheduling, and the amount of unpaid principal and interest of the prior loans so consolidated or rescheduled shall not create a new charge against any loan levels authorized by law. A new loan may be included in a consolidation. Such new loan shall be charged against any loan level authorized by law. Except as otherwise provided for farm loans under section 1981b of this title, the interest rate on such consolidated or rescheduled loans, other than guaranteed loans, may be changed by the Secretary to a rate not to exceed the rate being charged for loans made under this subchapter at the time of the consolidation or rescheduling. The interest rate on any guaranteed loan under this subchapter that may be consolidated or rescheduled for payment shall be such rate as may be agreed upon by the borrower and the lender, but not in excess of a rate as may be determined by the Secretary.

(3) Eligibility

For purposes of determining eligibility for a farm operating loan under this subchapter, each year during which a farmer or rancher takes an advance or draws on a line-of-credit loan the farmer or rancher shall be considered to have received an operating loan for 1 year.
(4) Termination of delinquent loans

If a borrower does not pay an installment on a line-of-credit loan on schedule, the borrower may not take an advance or draw on the line-of-credit, unless the Secretary determines that—

(A) the borrower’s failure to pay on schedule was due to unusual conditions that the borrower could not control; and

(B) the borrower will reduce the line-of-credit balance to the scheduled level at the end of—

(1) the production cycle; or

(II) the marketing of the borrower’s agricultural products.

(5) Agricultural commodities

§ 1964. Terms of loans

(a) Maximum amount of loan
The Secretary may not make a loan under this subchapter to a borrower who has suffered a loss in an amount that—
(1) exceeds the actual loss caused by a disaster; or
(2) would cause the total indebtedness of the borrower under this subchapter to exceed $500,000.

(b) Interest rates
Loans under this subchapter shall be at rates of interest as follows:
(1) For loans or portions of loans up to the amount of the applicant’s actual loss caused by the disaster, as limited under subsection (a)(1) of this section, the interest shall be at rates prescribed by the Secretary, but not in excess of 8 percent per annum; and
(2) For loans or portions of loans in excess of the amount of the applicant’s actual loss caused by the disaster, as limited under subsection (a)(1) of this section, (A) the interest for insured loans shall be at rates prevailing in the private market for similar loans, as determined by the Secretary, and (B) the interest for guaranteed loans shall be at rates agreed on by the borrower and lender, but not in excess of such rates as may be determined by the Secretary.

(c) Interest subsidies
For guaranteed loans under this subchapter, the Secretary may pay interest subsidies to the lenders for those portions of the loans up to the amount of the actual loss caused by the disaster, as limited under subsection (a)(1) of this section. Any such subsidy shall not exceed the difference between the interest rate being charged for loans up to the amount of the actual loss, as established under subsection (b)(1) of this section, and the maximum interest rate for guaranteed loans, as established under subsection (b)(2) of this section.

(d) Repayment
(1) In general
All loans under this subchapter shall be repayable at such times as the Secretary may determine, taking into account the purposes of the loan and the nature and effect of the disaster, but not later than as provided for loans for similar purposes under subchapters I and II of this chapter, and upon the full personal liability of the borrower and upon the best security available, as the Secretary may prescribe: Provided, That the security is adequate to assure repayment of the loans, except that if such security is not available because...
of the disaster, the Secretary shall (1) accept as security such collateral as is available, a portion or all of which may have depreciated in value due to the disaster and which in the opinion of the Secretary, together with the Secretary’s confidence in the repayment ability of the applicant, is adequate security for the loan, and (2) make such loan repayable at such times as the Secretary may determine, not later than as provided under subchapters I and II of this chapter, as justified by the needs of the applicant: Provided further. That for any disaster occurring after January 1, 1975, the Secretary, if the loan is for a purpose described in subchapter II of this chapter, may make the loan repayable at the end of a period of more than twenty years, if the Secretary determines that the need of the loan applicant justifies such a longer repayment period: Provided further. That for any direct or insured loan (other than a guaranteed loan) approved under section 1961(b) of this title, three years after the loan is made or insured, and every two years thereafter for the term of the loan, the Secretary shall review the loan; and if, based on such review, the Secretary determines that the borrower is able to obtain a loan from non-Federal sources at reasonable rates and terms for loans for similar purposes and periods of time, the borrower shall on request by the Secretary, apply for and accept such non-Federal loan in sufficient amount to repay the Secretary. If farm assets (including land, livestock, and equipment) are used as collateral to secure a loan made under this subchapter, the Secretary shall establish the value of the assets as of the day before the occurrence of the natural disaster, major disaster, or emergency that is the basis for a request for assistance under this subchapter or the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

(2) No basis for denial of loan

(A) In general

Subject to subparagraph (B), the Secretary shall not deny a loan under this subchapter to a borrower by reason of the fact that the borrower lacks a particular amount of collateral for the loan if the Secretary is reasonably certain that the borrower will be able to repay the loan.

(B) Refusal to pledge available collateral

The Secretary may deny or cancel a loan under this subchapter if a borrower refuses to pledge available collateral on request by the Secretary.

(e) Grant eligibility

Any political subdivision of a State with a population of less than ten thousand inhabitants that, if such subdivision had a population of ten thousand or more inhabitants, would be eligible for a grant under the first title of the Community Emergency Drought Relief Act of 1977 shall be eligible for a grant under this chapter during any period in which the Community Emergency Drought Relief Act of 1977 is or has been in effect.

L. 99–198 provided that: "The Secretary of Agriculture shall, during the period beginning on the date of enactment of this Act [Dec. 23, 1985] and ending on September 30, 1988, maintain at substantially current levels the small farmer training and technical assistance program in the office of the Administrator of the Farmers Home Administration.

Reamortization of Distressed Farmers Home Administration Loans from Revenues from Softwood Timber Crop Plantings on Marginal Land

"(a)(1) Notwithstanding any other provision of law, the Secretary of Agriculture (hereinafter in this section referred to as the 'Secretary') may implement a program, pursuant to the recommendations contained in the study mandated by section 608 of the Agricultural Programs Adjustment Act of 1984 (7 U.S.C. 1981 note), under which a distressed loan (as determined by the Secretary) made or insured under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.), or a portion thereof, may be reamortized with the use of future revenue produced from the planting of softwood timber crops on marginal land (as determined by the Secretary) that—

"(A) was previously used to produce an agricultural commodity or as pasture; and

"(B) secures a loan made or insured under such Act.

"(2) Accrued interest on a loan reamortized under this section may be capitalized and interest charged on such interest.

"(3) All or a portion of the payments on such reamortized loan may be deferred until such softwood timber crop produces revenue or for a term of 45 years, whichever comes first.

"(4) Repayment of such reamortized loan shall be made not later than 50 years after the date of reamortization.

"(b) The interest rate on such reamortized loans shall be determined by the Secretary, but not in excess of the current average yield on outstanding marketable obligations of the United States with periods to maturity comparable to the average maturities of such loans, plus not to exceed 1 percent, as determined by the Secretary and adjusted to the nearest one-eighth of 1 percent.

"(c) To be eligible for such program—

"(1) the borrower of such reamortized loan must not place not less than 50 acres of such land in softwood timber production;

"(2) such land (including timber) may not have any lien against such land other than a lien for—

"(A) a loan made or insured under the Consolidated Farm and Rural Development Act [7 U.S.C. 1921 et seq.] to secure such reamortized loan;

"(B) a loan made under this section, at the time of reamortization or thereafter, that is subject to a lien on such land (including timber) in favor of the Secretary; and

"(3) the total amount of loans secured by such land (including timber) may not exceed $1,000 per acre.

"(d)(1) To assist such borrowers to place such land in softwood timber production, the Secretary may make loans to such borrowers for such purpose in an aggregate amount not to exceed the actual cost of tree planting for land placed in the program.

"(2) Any such loan shall be secured by the land (including timber) on which the trees are planted.

"(3) Such loans shall be made on the same terms and conditions as are provided in this section for reamortized loans.

"(e) The Secretary shall issue such rules as are necessary to carry out this section, including rules prescribing terms and conditions for—

"(1) reamortizing and making loans under this section;

"(2) entering into security instruments and agreements under this section; and

"(3) management and harvesting practices of the timber crop.

"(f) There are authorized to be appropriated such sums as are necessary to carry out this section.

"(g) No more than 50,000 acres may be placed in such program.

§1981a. Loan moratorium and policy on foreclosures

(a) In general

In addition to any other authority that the Secretary may have to defer principal and interest and forego foreclosure, the Secretary may permit, at the request of the borrower, the deferral of principal and interest on any outstanding loan made, insured, or held by the Secretary under this chapter, or under the provisions of any other law administered by the Farmers Home Administration or by the Rural Development Administration, and may forego foreclosure of any such loan, for such period as the Secretary deems necessary upon a showing by the borrower that due to circumstances beyond the borrower's control, the borrower is temporarily unable to continue making payments of such principal and interest when due without unduly impairing the standard of living of the
borrower. The Secretary may permit interest that accrues during the deferral period on any loan deferred under this section to bear no interest during or after such period: Provided, That if the security instrument securing such loan is foreclosed such interest as is included in the purchase price at such foreclosure shall become part of the principal and draw interest from the date of foreclosure at the rate prescribed by law.

(b) Moratorium

(1) In general

Subject to the other provisions of this subsection, effective beginning on the date of the enactment of this section, there shall be in effect a moratorium, with respect to farmer program loans made under subchapter I, II, or III, on all acceleration and foreclosure proceedings instituted by the Department of Agriculture against any farmer or rancher who—

(A) has pending against the Department a claim of program discrimination that is accepted by the Department as valid; or

(B) files a claim of program discrimination that is accepted by the Department as valid.

(2) Waiver of interest and offsets

During the period of the moratorium, the Secretary shall waive the accrual of interest and offsets on all farmer program loans made under subchapter I, II, or III for which loan acceleration or foreclosure proceedings have been suspended under paragraph (1).

(3) Termination of moratorium

The moratorium shall terminate with respect to a claim of discrimination by a farmer or rancher on the earlier of—

(A) the date the Secretary resolves the claim; or

(B) if the farmer or rancher appeals the decision of the Secretary on the claim to a court of competent jurisdiction, the date that the court renders a final decision on the claim.

(4) Failure to prevail

If a farmer or rancher does not prevail on a claim of discrimination as described in paragraph (1), the farmer or rancher shall be liable for any interest and offsets that accrued during the period that loan acceleration or foreclosure proceedings have been suspended under paragraph (1).

L. 87–128 does not contain a section 114 and section 1989 provides for a lender certification program.

(dd) the property may be purchased by another party; and

(ee) if the property is purchased by another party, the property will not be placed in the inventory of the Secretary and the borrower-owner will forfeit the rights and protections provided under this chapter; and

(III) the opportunity of the borrower-owner to consult with the Indian tribe that has jurisdiction over the reservation in which the real property is located or counsel to determine if State or tribal law provides rights and protections that are more beneficial than those provided the borrower-owner under this chapter.

Amendments

1985—Pub. L. 99-198 designated existing provisions as subsec. (a) and added subsec. (b).
§ 1988. Appropriations

(a) Authorization

There is authorized to be appropriated to the Secretary such sums as the Congress may from time to time determine to be necessary to enable the Secretary to carry out the purposes of this chapter and for the administration of assets transferred to the Farmers Home Administration or the Rural Development Administration.

(b) Sale by lender and any holder of guaranteed portion of loan pursuant to regulations governing such sales; limitations; issuance of pool certificates representing ownership of guaranteed portion of guaranteed loan; terms and conditions, etc.; reporting requirements

1. The guaranteed portion of any loan made under this chapter may be sold by the lender, and by any subsequent holder, in accordance with regulations governing such sales as the Secretary shall establish, subject to the following limitations:

   (i) All fees due the Secretary with respect to a guaranteed loan are to be paid in full before any sale.

   (ii) The loan is to have been fully disbursed to the borrower before the sale.

2. After a loan is sold in the secondary market, the lender shall remain obligated under its guarantee agreement with the Secretary, and shall continue to service the loan in accordance with the terms and conditions of such agreement.

3. The Secretary shall develop such procedures as are necessary for the facilitation, administration, and promotion of secondary market operations, and for determining the increase of farmers' access to capital at reasonable rates and terms as a result of secondary market operations.

4. This subsection shall not be interpreted to impede or extinguish the right of the borrower or the successor in interest to such borrower to prepay (in whole or in part) any loan made under this chapter, or to impede or extinguish the rights of any party under any provision of this chapter.

5. The Secretary may, directly or through a market maker approved by the Secretary, issue pool certificates representing ownership of part or all of the guaranteed portion of any loan guaranteed by the Secretary under this chapter. Such certificates shall be based on and backed by a pool established or approved by the Secretary and composed solely of the entire guaranteed portion of such loans.

6. The Secretary may, on such terms and conditions as the Secretary deems appropriate, guarantee the timely payment of the principal and interest on pool certificates issued on behalf of the Secretary by approved market makers for purposes of this subsection. Such guarantee shall be limited to the extent of principal and interest on the guaranteed portions of loans that compose the pool. If a loan in such pool is prepaid, either voluntarily or by reason of default, the guarantee of timely payment of principal and interest on the pool certificates shall be reduced in proportion to the amount of principal and interest such prepaid loan represents in the pool. Interest on prepaid or defaulted loans shall accrue and be guaranteed by the Secretary only through the date of payment on the guarantee. During the term of the pool certificate, the certificate may be called for redemption due to prepayment or default of all loans constituting the pool.

7. The full faith and credit of the United States is pledged to the payment of all amounts that may be required to be paid under any guarantee of such pool certificates issued by approved market makers under this subsection. The Secretary may expend amounts in the Agricultural Credit Insurance Fund to make payments on such guarantees.

8. The Secretary shall not collect any fee for any guarantee under this subsection. The preceding sentence shall not preclude the Secretary from collecting a fee for the functions described in paragraph (3).

9. Within 30 days after a borrower of a guaranteed loan is in default of any principal or interest payment, the Secretary shall—

   (i) purchase the pool certificates representing ownership of the guaranteed portion of the loan; and

   (ii) pay the registered holder of the certificates an amount equal to the guaranteed portion of the loan represented by the certificate.

10. If the Secretary pays a claim under a guarantee issued under this subsection, the claim shall be subrogated fully to the rights satisfied by such payment, as may be provided by the Secretary.

11. No State or local law, and no Federal law, shall preclude or limit the exercise by the Secretary of the Secretary's ownership rights in the portions of loans constituting the pool against which the certificates are issued.

12. On the adoption of final rules and regulations, the Secretary shall do the following:

   (A) Provide for the central collection of registration information from all participating market makers for all loans and pool certificates sold under paragraphs (1) and (2). Such information shall include, with respect to each original sale and any subsequent sale, identification of the interest rate paid by the borrower to the lender, the lender's servicing fee, whether interest on the loan is at a fixed or variable rate, identification of each purchaser of a pool certificate, the interest rate paid on the certificate, and such other information as the Secretary deems appropriate.

   (B) Before any sale, require the seller to disclose to each prospective purchaser of the portion of a loan guaranteed under this chapter and to each prospective purchaser of a pool certificate issued under paragraph (2), information on the terms, conditions, and yield of such instrument. As used in this subparagraph, if the instrument being sold is a loan, the term "seller" does not include (i) the person who made the loan or (ii) any person who sells three or fewer guaranteed loans per year.

   (C) Provide for adequate custody of any pooled guaranteed loans.

   (D) Take such actions as are necessary, in restructuring pools of the guaranteed portion
of loans, to minimize the estimated costs of paying claims under guarantees issued under this subsection.

(E) Require each market maker—

(i) to service all pools formed, and participations sold, by that market maker; and

(ii) to provide the Secretary with information relating to the collection and disbursement of all periodic payments, prepayments, and default funds from lenders, to or from the reserve fund that the Secretary shall establish to enable the timely payment guarantee to be self-funding, and from all beneficial holders.

(F) Regulate market makers in pool certificates sold under this subsection.

(4) The Secretary may contract for goods and services to be used for the purposes of this subsection without regard to the provisions of titles 5, 40, and 41, and any regulations issued thereunder.

The Secretary shall certify a lending institution that meets such criteria as the Secretary may prescribe in regulations, including the ability of the institution to properly make, service, and liquidate the loans of the institution.

(3) Condition of certification

As a condition of certification, the Secretary shall require the institution to undertake to service the loans guaranteed by the Secretary under this subsection, using standards that are not less stringent than generally accepted banking standards concerning loan servicing employed by prudent commercial or cooperative lenders. The Secretary shall, at least annually, monitor the performance of
each certified lender to ensure that the conditions of the certification are being met.

(4) Effect of certification

Notwithstanding any other provision of law:

As a condition of such preferred certification, the Secretary shall require the institution to undertake to service the loans guaranteed by the Secretary under this subsection using generally acceptable banking standards concerning loan servicing employed by prudent commercial or cooperative lenders. The Secretary shall, at least annually, monitor the performance of each preferred certified lender to ensure that the conditions of such certification are being met.

(4) Effect of preferred lender certification

(2) to ensure that borrowers are able to continue farming or ranching operations.

(b) Eligibility

To be eligible to obtain assistance under subsection (a) of this section—

(1) the delinquency must be due to circumstances beyond the control of the borrower, as defined in regulations issued by the Secretary, except that the regulations shall require that, if the value of the assets calculated under subsection (c)(2)(A)(ii) of this section that may be realized through liquidation or other methods would produce enough income to make the delinquent loan current, the borrower shall not be eligible for assistance under subsection (a) of this section;

(2) the borrower must have acted in good faith with the Secretary in connection with the loan as defined in regulations issued by the Secretary;

(3) the borrower must present a preliminary plan to the Secretary that contains reasonable assumptions that demonstrate that the borrower will be able to—

(A) meet the necessary family living and farm operating expenses; and

(B) service all debts, including those of the loans restructured; and

(4) the loan, if restructured, must result in a net recovery to the Federal Government, during the term of the loan as restructured, that would be more than or equal to the net recovery to the Federal Government from an involuntary liquidation or foreclosure on the property securing the loan.

c) Restructuring determinations

(1) Determination of net recovery

In determining the net recovery from the involuntary liquidation of a loan under this section, the Secretary shall calculate—

(A) the recovery value of the collateral securing the loan, in accordance with paragraph (2); and

(B) the value of the restructured loan, in accordance with paragraph (3).

(2) Recovery value

For the purpose of paragraph (1), the recovery value of the collateral securing the loan shall be based on—

(A)(i) the amount of the current appraised value of the interests of the borrower in the property securing the loan; plus

(ii) the value of the interests of the borrower in all other assets that are—

(I) not essential for necessary family living expenses;

(II) not essential to the operation of the farm; and

(III) not exempt from judgment creditors or in a bankruptcy action under Federal or State law; less

(B) the estimated administrative, legal, and other expenses associated with the liquidation and disposition of the loan and collateral, including—

(i) the payment of prior liens;

(ii) taxes and assessments, depreciation, management costs, the yearly percentage decrease or increase in the value of the property, and lost interest income, each calculated for the average holding period for the type of property involved;

(iii) resale expenses, such as repairs, commissions, and advertising; and

(iv) other administrative and attorney’s costs; plus

(C) the value, as determined by the Secretary, of any property not included in subparagraph (A)(i) if the property is specified in any security agreement with respect to such loan and the Secretary determines that the value of such property should be included for purposes of this section.

(3) Value of the restructured loan

(A) In general

For the purpose of paragraph (1), the value of the restructured loan shall be based on the present value of payments that the borrower would make to the Federal Government if the terms of such loan were modified under any combination of primary loan service programs to ensure that the borrower is able to meet such obligations and continue farming operations.

(B) Present value

For the purpose of calculating the present value referred to in subparagraph (A), the Secretary shall use a discount rate of not more than the current rate on 90-day Treasury bills.

(C) Cash flow margin

For the purpose of assessing under subparagraph (A) the ability of a borrower to meet debt obligations and continue farming operations, the Secretary shall assume that the borrower needs up to 110 percent of the amount indicated for payment of farm operating expenses, debt service obligations, and family living expenses.

(4) Notification

Within 90 days after receipt of a written request for restructuring from the borrower, the Secretary shall—

(A) make the calculations specified in paragraphs (2) and (3);

(B) notify the borrower in writing of the results of such calculations; and

(C) provide documentation for the calculations.

(5) Restructuring of loans

If the value of the restructured loan is greater than or equal to the recovery value, the
Secretary shall, within 45 days after notifying the borrower of such calculations, offer to restructure the loan obligations of the borrower under this chapter through primary loan service programs that would enable the borrower to meet the obligations (as modified) under the loan and to continue the farming operations of the borrower. If the borrower accepts such offer, within 45 days after receipt of notice of acceptance, the Secretary shall restructure the loan accordingly.

(6) Termination of loan obligations

The obligations of a borrower to the Secretary under a loan shall terminate if—

(A) the borrower satisfies the requirements of paragraphs (1) and (2) of subsection (b) of this section;

(B) the value of the restructured loan is not less than the recovery value; and

(C) not later than 90 days after receipt of the notification described in paragraph (4)(B), the borrower pays (or obtains third-party financing to pay) the Secretary an amount equal to the current market value.

(7) Negotiation of appraisal

(A) In general

In making a determination concerning restructuring under this subsection, the Secretary, at the request of the borrower, shall enter into negotiations concerning appraisals required under this subsection with the borrower.

(B) Independent appraisal

If the borrower, based on a separate current appraisal, objects to the decision of the Secretary regarding an appraisal, the borrower and the Secretary shall mutually agree, to the extent practicable, on an independent appraiser who shall conduct another appraisal of the borrower’s property. The average of the two appraisals that are closest in value shall become the final appraisal under this paragraph. The borrower and the Secretary shall each pay one-half of the cost of the independent appraisal.

(d) Principal and interest write-down

(1) In general

(A) Priority consideration

In selecting the restructuring alternatives to be used in the case of a borrower who has requested restructuring under this section, the Secretary shall give priority consideration to the use of principal and interest write-down, except that this procedure shall not be given first priority in the case of a borrower unless other creditors of such borrower (other than those creditors who are fully collateralized) representing a substantial portion of the total debt of the borrower held by such creditors, agree to participate in the development of the restructuring plan or agree to participate in a State mediation program.

(B) Failure of creditors to agree

Failure of creditors to agree to participate in the restructuring plan or mediation program shall not preclude the use of principal and interest write-down by the Secretary if the Secretary determines that this restructuring alternative results in the least cost to the Secretary.

(2) Participation of creditors

Before eliminating the option to use debt write-down in the case of a borrower, the Secretary shall make a reasonable effort to contact the creditors of such borrower, either directly or through the borrower, and encourage such creditors to participate with the Secretary in the development of a restructuring plan for the borrower.

(e) Shared appreciation arrangements

(1) In general

As a condition of restructuring a loan in accordance with this section, the borrower of the loan may be required to enter into a shared appreciation arrangement that requires the repayment of amounts written off or set aside.

(2) Terms

Shared appreciation agreements shall have a term not to exceed 10 years, and shall provide for recapture based on the difference between the appraised values of the real security property at the time of restructuring and at the time of recapture.

(3) Percentage of recapture

The amount of the appreciation to be recaptured by the Secretary shall be 75 percent of the appreciation in the value of such real security property if the recapture occurs within 4 years of the restructuring, and 50 percent if the recapture occurs during the remainder of the term of the agreement.

(4) Time of recapture

Recapture shall take place at the end of the term of the agreement, or sooner—

(A) on the conveyance of the real security property;

(B) on the repayment of the loans; or

(C) if the borrower ceases farming operations.

(5) Transfer of title

Transfer of title to the spouse of a borrower on the death of such borrower shall not be treated as a conveyance for the purpose of paragraph (4).

(6) Notice of recapture

Beginning with fiscal year 2000 not later than 12 months before the end of the term of a shared appreciation arrangement, the Secretary shall notify the borrower involved of the provisions of the arrangement.

(7) Financing of recapture payment

(A) In general

The Secretary may amortize a recapture payment owed to the Secretary under this subsection.

(B) Term

The term of an amortization under this paragraph may not exceed 25 years.

(C) Interest rate

(i) In general

The interest rate applicable to an amortization under this paragraph may not ex-
ceed the rate applicable to a loan to reacquire homestead property less 100 basis points.

(ii) Existing amortizations and loans

The interest rate applicable to an amortization or loan made by the Secretary before October 28, 2000, to finance a recapture payment owed to the Secretary under this subsection may not exceed the rate applicable to a loan to reacquire homestead property less 100 basis points.

(D) Reamortization

(i) In general

The Secretary may modify the amortization of a recapture payment referred to in subparagraph (A) of this paragraph on which a payment has become delinquent by using loan service tools under section 1991(b)(3) of this title if—

(I) the default is due to circumstances beyond the control of the borrower; and

(II) the borrower acted in good faith (as determined by the Secretary) in attempting to repay the recapture amount.

(ii) Limitations

(I) Term of reamortization

The term of a reamortization under this subparagraph may not exceed 25 years from the date of the original amortization agreement.

(II) No reduction or principal or unpaid interest due

A reamortization of a recapture payment under this subparagraph may not provide for reducing the outstanding principal or unpaid interest due on the recapture payment.

(f) Determination to restructure

If the appeal process results in a determination that a loan is eligible for restructuring, the Secretary shall restructure the loan in the manner consistent with this section, taking into consideration the restructuring recommendations, if any, of the appeals officer.

(g) Prerequisites to foreclosure or liquidation

No foreclosure or other similar actions shall be taken to liquidate any loan determined to be ineligible for restructuring by the Secretary under this section—

(1) until the borrower has been given the opportunity to appeal such decision; and

(2) if the borrower appeals, the appeals process has been completed, and a determination has been made that the loan is ineligible for restructuring.

(h) Time limits for restructuring

Once an appeal has been filed under section 1983b of this title, a decision shall be made at each level in the appeals process within 45 days after the receipt of the appeal or request for further review.

(i) Notice of ineligibility for restructuring

(1) In general

A notice of ineligibility for restructuring shall be sent to the borrower by registered or certified mail within 15 days after such determination.

(2) Contents

The notice required under paragraph (1) shall contain—

(A) the determination and the reasons for the determination;

(B) the computations used to make the determination, including the calculation of the recovery value of the collateral securing the loan; and

(C) a statement of the right of the borrower to appeal the decision to the appeals division, and to appear before a hearing officer.

(j) Independent appraisals

An appeal filed with the appeals division under section 1983b of this title may include a request by the borrower for an independent appraisal of any property securing the loan. On such request, the appeals division shall present the borrower with a list of three appraisers approved by the county supervisor, from which the borrower shall select an appraiser to conduct the appraisal, the cost of which shall be borne by the borrower. The results of such appraisal shall be considered in any final determination concerning the loan. A copy of any appraisal made under this paragraph shall be provided to the borrower.

(k) Partial liquidations

If partial liquidations are performed (with the prior consent of the Secretary) as part of loan servicing by a guaranteed lender under this chapter, the Secretary shall not require full liquidation of a delinquent loan in order for the lender to be eligible to receive payment on losses.

(l) Disposition of normal income security

For purposes of subsection (b)(2) of this section, if a borrower—

(1) disposed of normal income security prior to October 14, 1988, without the consent of the Secretary; and

(2) demonstrates that—

(A) the proceeds were utilized to pay essential household and farm operating expenses; and

(B) the borrower would have been entitled to a release of income proceeds by the Secretary if the regulations in effect on November 28, 1990, had been in effect at the time of the disposition,

the Secretary shall not consider the borrower to have acted without good faith to the extent of the disposition.

(m) Only 1 write-down or net recovery buy-out per borrower for loan made after January 6, 1988

(1) In general

The Secretary may provide for any one borrower not more than 1 write-down or net recovery buy-out under this section with respect to all loans made to the borrower after January 6, 1988.

(2) Special rule

For purposes of paragraph (1), the Secretary shall treat any loan made on or before January 6, 1988, as a loan made after January 6, 1988.
ary 6, 1988, with respect to which a restructuring, write-down, or net recovery buy-out is provided under this section after such date, as a loan made after such date.

(n) Liquidation of assets

The Secretary may not use the authority provided by this section to reduce or terminate any portion of the debt of the borrower that the borrower could pay through the liquidation of assets (or through the payment of the loan value of the assets, if the loan value is greater than the liquidation value) described in subsection (c)(2)(A)(ii) of this section.

(o) Lifetime limitation on debt forgiveness per borrower

The Secretary may provide not more than $300,000 in principal and interest forgiveness under this section per borrower.

Any such agreement shall provide for the recapture of part or all of the difference between the recovery value of the loan and the fair market value (on the date of such agreement) of the property securing the loan if the borrower realizes a gain on the sale or conveyance over the amount of the recovery value of the loan. In no event may such an agreement provide for recapture of an amount that exceeds the difference between such recovery value and the fair market value of the property securing the loan on the date of such agreement.”

CHAPTER 51—SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

§ 2011. Congressional declaration of policy

It is declared to be the policy of Congress, in order to promote the general welfare, to safe
guard the health and well-being of the Nation’s population by raising levels of nutrition among low-income households. Congress finds that the limited food purchasing power of low-income households contributes to hunger and malnutrition among members of such households. Congress further finds that increased utilization of food in establishing and maintaining adequate national levels of nutrition will promote the distribution in a beneficial manner of the Nation’s agricultural abundance and will strengthen the Nation’s agricultural economy, as well as result in more orderly marketing and distribution of foods. To alleviate such hunger and malnutrition, a supplemental nutrition assistance program is herein authorized which will permit low-income households to obtain a more nutritious diet through normal channels of trade by increasing food purchasing power for all eligible households who apply for participation.

Coordination (hereafter in this section referred to as
the 'Committee') consisting of not fewer than 7, nor
more than 11, members appointed by the Secretary of
Agriculture (hereafter in this section referred to as
the 'Secretary'), after consultation with the Sec-
retary of Health and Human Services and the Sec-
retary of Housing and Urban Development, and with
the advice of State and local officials responsible for
administering the supplemental nutrition assistance
program, cash and medical assistance programs for
low-income families and individuals under the Social
Security Act [42 U.S.C. 301 et seq.], and programs pro-
viding housing assistance to needy families and indi-
viduals, and representatives of recipients and recipi-
ent advocacy organizations associated with such pro-
grams.

(b) QUALIFICATIONS.—The members of the Commit-

rules, goals, and limitations of Federal supplemental
nutrition assistance program benefits, cash, medical,
and housing assistance programs for low-income fam-

propriate, on previous efforts to coordinate and sim-
plify such programs and policies;
(2) to examine the major reasons for such different
programs and policies;
(3) to evaluate how and the extent to which such
different programs and policies hinder, to a signifi-

one program and substantially restrict administrators’ ability to provide efficient, timely, and appropriate benefits;

"(e) To recommend common or simplified programs and policies (including recommendations for changes in law, regulations, and administrative practice and for policies that do not currently exist in such programs) that would substantially reduce difficulties in applying for and obtaining benefits from more than one program and significantly increase the ability of administrators of such programs to efficiently provide timely and appropriate assistance to those eligible for more than one type of assistance; and

"(f) (5) to describe the major effects of such common or simplified programs and policies (including how such common or simplified programs and policies would enhance or conflict with the purposes of such programs, how they would ease burdens on administrators and recipients, how they would affect program costs and participation, and the degree to which they would change the relationships between the Federal Government and the States in such programs) and the reasons for recommending such programs and policies (including reasons, if any, that might be sufficient to override special rules derived from the purposes of individual programs).

"(c) ADMINISTRATIVE SUPPORT.—The Secretary shall provide the Committee with such technical and other assistance, including secretarial and clerical assistance, as may be required to carry out its functions.

"(d) REIMBURSEMENT.—Members of the Committee shall serve without compensation but shall receive reimbursement for necessary travel and subsistence expenses incurred by such members in the performance of the duties of the Committee.

   A household shall be entitled, with respect to expenses other than expenses paid on behalf of the household by a third party, to an excess shelter expense deduction to the extent that the monthly amount expended by a household for shelter exceeds an amount equal to 50 percent of monthly household income after all other applicable deductions have been allowed.

   (B) Maximum amount of deduction
   In the case of a household that does not contain an elderly or disabled individual, in the 48 contiguous States and the District of Columbia, Alaska, Hawaii, Guam, and the Virgin Islands of the United States, the excess shelter expense deduction shall not exceed—
   (i) for the period beginning on August 22, 1996, and ending on December 31, 1996, $247, $429, $353, $300, and $182 per month, respectively;
   (ii) for the period beginning on January 1, 1997, and ending on September 30, 1998, $250, $434, $337, $304, and $184 per month, respectively;
   (iii) for fiscal year 1999, $275, $478, $393, $334, and $203 per month, respectively;
   (iv) for fiscal year 2000, $280, $483, $398, $339, and $208 per month, respectively;
   (v) for fiscal year 2001, $340, $543, $458, $398, and $250 per month, respectively; and
   (vi) for fiscal year 2002 and each subsequent fiscal year, the applicable amount during the preceding fiscal year, as adjusted to reflect changes for the 12-month period ending the preceding November 30 in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

   (C) Standard utility allowance
   (i) In general
   In computing the excess shelter expense deduction, a State agency may use a standard utility allowance in accordance with regulations promulgated by the Secretary, except that a State agency may use an allowance that does not fluctuate within a year to reflect seasonal variations.

   (ii) Restrictions on heating and cooling expenses
   An allowance for a heating or cooling expense may not be used in the case of a household that—
   (I) does not incur a heating or cooling expense, as the case may be;
   (II) incurs a heating or cooling expense but is located in a public housing unit that has central utility meters and charges households, with regard to the expense, only for excess utility costs; or
   (III) shares the expense with, and lives with, another individual not participating in the supplemental nutrition assistance program, another household participating in the supplemental nutrition assistance program, or both, unless the allowance is prorated between the household and the other individual, household, or both.

   (iii) Mandatory allowance
   (I) In general
   A State agency may make the use of a standard utility allowance mandatory
for all households with qualifying utility costs if—

(a) the State agency has developed 1 or more standards that include the cost of heating and cooling and 1 or more standards that do not include the cost of heating and cooling; and

(b) the Secretary finds (without regard to subclause (III)) that the standards will not result in an increased cost to the Secretary.

(II) Household election

A State agency that has not made the use of a standard utility allowance mandatory under subclause (I) shall allow a household to switch, at the end of a certification period, between the standard utility allowance and a deduction based on the actual utility costs of the household.

(III) Inapplicability of certain restrictions

Clauses (ii)(II) and (ii)(III) shall not apply in the case of a State agency that has made the use of a standard utility allowance mandatory under subclause (I).

(iv) Availability of allowance to recipients of energy assistance

(I) In general

Subject to subclause (II), if a State agency elects to use a standard utility allowance that reflects heating or cooling costs, the standard utility allowance shall be made available to households receiving a payment, or on behalf of which a payment is made, under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.) or other similar energy assistance program, if the household still incurs out-of-pocket heating or cooling expenses in excess of any assistance paid on behalf of the household to an energy provider.

(II) Separate allowance

A State agency may use a separate standard utility allowance for households on behalf of which a payment described in subclause (I) is made, but may not be required to do so.

(III) States not electing to use separate allowance

A State agency that does not elect to use a separate allowance but makes a single standard utility allowance available to households incurring heating or cooling expenses (other than a household described in subclause (I) or (II) of clause (ii)) may not be required to reduce the allowance due to the provision (directly or indirectly) of assistance under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.).

(IV) Proration of assistance

For the purpose of the supplemental nutrition assistance program, assistance provided under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.) shall be considered to be prorated over the entire heating or cooling season for which the assistance was provided.

(D) Homeless households

(i) Alternative deduction

In lieu of the deduction provided under subparagraph (A), a State agency may elect to allow a household in which all members are homeless individuals, but that is not receiving free shelter throughout the month, to receive a deduction of $143 per month.

(ii) Ineligibility

The State agency may make a household with extremely low shelter costs ineligible for the alternative deduction under clause (i).

(f) Calculation of household income; prospective or retrospective accounting basis; consistency

(1)(A) Household income for those households that, by contract for other than an hourly or piecework basis or by self-employment, derive their annual income in a period of time shorter than one year shall be calculated by averaging such income over a twelve-month period. Notwithstanding the preceding sentence, household income resulting from the self-employment of a member in a farming operation, who derives income from such farming operation and who has irregular expenses to produce such income, may, at the option of the household, be calculated by averaging such income and expenses over a 12-month period. Notwithstanding the first sentence, if the averaged amount does not accurately reflect the household’s actual monthly circumstances because the household has experienced a substantial increase or decrease in business earnings, the State agency shall calculate the self-employment income based on anticipated earnings.

(B) Household income for those households that receive nonexcluded income of the type described in subsection (d)(3) of this section shall be calculated by averaging such income over the period for which it is received.

(C) Simplified determination of deductions—

(i) In general.—Except as provided in clause (ii), for the purposes of subsection (e) of this section, a State agency may elect to disregard until the next recertification of eligibility under section 2020(e)(4) of this title 1 or more types of changes in the circumstances of a household that affect the amount of deductions the household may claim under subsection (e) of this section.

(ii) Changes that may not be disregarded.—Under clause (i), a State agency may not disregard—

(I) any reported change of residence; or

(II) under standards prescribed by the Secretary, any change in earned income.

(2)(A) Except as provided in subparagraphs (B), (C), and (D), households shall have their incomes calculated on a prospective basis, as provided in paragraph (3)(A), or, at the option of the State
agency, on a retrospective basis, as provided in paragraph (3)(B).

(B) In the case of the first month, or at the option of the State, the first and second months, during a continuous period in which a household is certified, the State agency shall determine eligibility and the amount of benefits on the basis of the household's income and other relevant circumstances in such first or second month.

(C) Households specified in clauses (i), (ii), and (iii) of section 2015(c)(1)(A) of this title shall have their income calculated on a prospective basis, as provided in paragraph (3)(A).

(D) Except as provided in subparagraph (B), households required to submit monthly reports of their income and household circumstances under section 2015(c)(1) of this title shall have their income calculated on a retrospective basis, as provided in paragraph (3)(B).

(3)(A) Calculation of household income on a prospective basis is the calculation of income on the basis of the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined. Such calculation shall be made in accordance with regulations prescribed by the Secretary which shall provide for taking into account both the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined and the income received by the household during the preceding thirty days.

(B) Calculation of household income on a retrospective basis is the calculation of income for the period for which eligibility or benefits are being determined on the basis of income reasonably anticipated to be received by the household during a previous period. Such calculation shall be made in accordance with regulations prescribed by the Secretary which shall provide for taking into account both the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined and the income received by the household during the preceding thirty days.

(4) In promulgating regulations under this subsection, the Secretary shall consult with the Secretary of Health and Human Services in order to assure that, to the extent feasible and consistent with the purposes of this chapter and the Social Security Act [42 U.S.C. 301 et seq.], the income of households receiving benefits under this chapter and title IV–A of the Social Security Act [42 U.S.C. 601 et seq.] is calculated under the same basis that income is calculated under title IV–A of the Social Security Act in that State.

(g) Allowable financial resources

(1) Total amount.—

(A) In general.—The Secretary shall prescribe the types and allowable amounts of financial resources (liquid and nonliquid assets) an eligible household may own, and shall, in so doing, assure that a household otherwise eligible to participate in the supplemental nutrition assistance program will not be eligible to participate if its resources exceed $2,000 (as adjusted in accordance with subparagraph (B)), or, in the case of a household which consists of or includes an elderly or disabled member, if its resources exceed $3,000 (as adjusted in accordance with subparagraph (B)).

(B) Adjustment for inflation.—

(i) In general.—Beginning on October 1, 2008, and each October 1 thereafter, the amounts specified in subparagraph (A) shall be adjusted and rounded down to the nearest $250 increment to reflect changes for the 12-month period ending the preceding June in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(ii) Requirement.—Each adjustment under clause (i) shall be based on the unrounded amount for the prior 12-month period.

(2) Included assets.—

(A) In general.—Subject to the other provisions of this paragraph, the Secretary shall, in prescribing inclusions in, and exclusions from, financial resources, follow the regulations in force as of June 1, 1982 (other than those relating to licensed vehicles and inaccessible resources).

(B) Additional included assets.—The Secretary shall include in financial resources—

(i) any boat, snowmobile, or airplane used for recreational purposes;

(ii) any vacation home;

(iii) any mobile home used primarily for vacation purposes;

(iv) subject to subparagraphs (C) and (D), any licensed vehicle that is used for household transportation or to obtain or continue employment to the extent that the fair market value of the vehicle exceeds $4,650; and

(v) any savings account, regardless of whether there is a penalty for early withdrawal.

(C) Excluded vehicles.—A vehicle (and any other property, real or personal, to the extent the property is directly related to the maintenance or use of the vehicle) shall not be included in financial resources under this paragraph if the vehicle is—

(i) used to produce earned income;

(ii) necessary for the transportation of a physically disabled household member; or

(iii) depended on by a household to carry fuel for heating or water for home use and provides the primary source of fuel or water, respectively, for the household.

(D) Alternative vehicle allowance.—If the vehicle allowance standards that a State agency uses to determine eligibility for assistance under the State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] would result in a lower attribution of resources to certain households than under subparagraph (B)(iv), the State agency may elect to apply the State vehicle allowance standards.
to all households that would incur a lower attribution of resources under the State vehicle allowance standards.

(3) The Secretary shall exclude from financial resources the value of a burial plot for each member of a household and nonliquid resources necessary to allow the household to carry out a plan for self-sufficiency approved by the State agency that constitutes adequate participation in an employment and training program under section 2015(d) of this title. The Secretary shall also exclude from financial resources any earned income tax credits received by any member of the household, which State agencies shall develop standards for distribution of resources under the State vehicle allowance standards.

(4) In the case of farm property (including land, equipment, and supplies) that is essential to the self-employment of a household member in a farming operation, the Secretary shall exclude from financial resources the value of such property until the expiration of the 1-year period beginning on the date such member ceases to be self-employed in farming.

(5) The Secretary shall promulgate rules by which State agencies shall develop standards for identifying kinds of resources that, as a practical matter, the household is unlikely to be able to sell for any significant return because the household’s interest is relatively slight or because the cost of selling the household’s interest would be relatively great. Resources so identified shall be excluded as inaccessible resources. A resource shall be so identified if its sale or other disposition is unlikely to produce any significant amount of funds for the support of the household. The Secretary shall not require the State agency to require verification of the value of a resource to be excluded under this paragraph unless the State agency determines that the information provided by the household is questionable.

(6) EXCLUSION OF TYPES OF FINANCIAL RESOURCES NOT CONSIDERED UNDER CERTAIN OTHER FEDERAL PROGRAMS.

(A) IN GENERAL.—Subject to subparagraph (B), a State agency may, at the option of the State agency, exclude from financial resources under this subsection any types of financial resources that the State agency does not consider when determining eligibility for—

(i) cash assistance under a program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); or

(ii) medical assistance under section 1931 of the Social Security Act (42 U.S.C. 1396a-1).

(B) LIMITATIONS.—Except to the extent that any of the types of resources specified in clauses (i) through (iv) are excluded under another paragraph of this subsection, subparagraph (A) does not authorize a State agency to exclude—

(i) cash;

(ii) licensed vehicles;

(iii) amounts in any account in a financial institution that are readily available to the household; or

(iv) any other similar type of resource the inclusion in financial resources of which the Secretary determines by regulation to be essential to equitable determinations of eligibility under the supplemental nutrition assistance program.

(7) EXCLUSION OF RETIREMENT ACCOUNTS FROM ALLOWABLE FINANCIAL RESOURCES.—

(A) MANDATORY EXCLUSIONS.—The Secretary shall exclude from financial resources under this subsection the value of—

(i) any funds in a plan, contract, or account, described in sections 401(a), 403(a), 403(b), 408, 408A, 457(b), and 501(c)(18) of title 26 and the value of funds in a Federal Thrift Savings Plan account as provided in section 8439 of title 5; and

(ii) any retirement program or account included in any successor or similar provision that may be enacted and determined to be exempt from tax under title 26.

(B) DISCRETIONARY EXCLUSIONS.—The Secretary may exclude from financial resources under this subsection the value of any other retirement plans, contracts, or accounts (as determined by the Secretary).

(8) EXCLUSION OF EDUCATION ACCOUNTS FROM ALLOWABLE FINANCIAL RESOURCES.—

(A) MANDATORY EXCLUSIONS.—The Secretary shall exclude from financial resources under this subsection the value of any funds in a qualified tuition program described in section 529 of title 26 or in a Coverdell education savings account under section 530 of that title.

(B) DISCRETIONARY EXCLUSIONS.—The Secretary may exclude from financial resources under this subsection the value of any other education programs, contracts, or accounts (as determined by the Secretary).

(b) Temporary emergency standards of eligibility; Disaster Task Force; direct assistance to State and local officials

(1) The Secretary shall, after consultation with the official empowered to exercise the authority provided for by sections 5170a and 5192 of title 42, establish temporary emergency standards of eligibility for the duration of the emergency for households who are victims of a disaster which disrupts commercial channels of food distribution. If such households are in need of temporary food assistance and if commercial channels of food distribution have again become available to meet the temporary food needs of such households. Such standards as are prescribed for individual emergencies may be promulgated without regard to section 2013(c) of this title or the procedures set forth in section 553 of title 5.

(2) The Secretary shall—

(A) establish a Disaster Task Force to assist States in implementing and operating the disaster program and the regular supplemental nutrition assistance program in the disaster area; and

(B) if the Secretary, in the Secretary’s discretion, determines that it is cost-effective to send members of the Task Force to the disaster area, the Secretary shall send them to such area as soon as possible after the disaster.
§ 2014

occurs to provide direct assistance to State and local officials.

(3)(A) The Secretary shall provide, by regulation, for emergency allotments to eligible households to replace food destroyed in a disaster. The regulations shall provide for replacement of the value of food actually lost up to a limit approved by the Secretary not greater than the applicable maximum monthly allotment for the household size.

(B) The Secretary shall adjust issuance methods and reporting and other application requirements to be consistent with what is practicable under actual conditions in the affected area. In making such adjustment, the Secretary shall consider the availability of the State agency’s offices and personnel, any conditions that make reliance on electronic benefit transfer systems described in section 2016(h) of this title impracticable, and any damage to or disruption of transportation and communication facilities.

(i) Attribution of income and resources to sponsor's spouse if living with the sponsor.

(1) For purposes of determining eligibility for and the amount of benefits under this chapter for an individual who is an alien as described in section 2015(f)(2)(B) of this title, the income and resources of any person who as a sponsor of such individual’s entry into the United States executed an affidavit of support or similar agreement with respect to such individual, and the income and resources of the sponsor’s spouse if such spouse is living with the sponsor, shall be deemed to be the income and resources of such individual for a period of three years after the individual’s entry into the United States. Any such income deemed to be income of such individual shall be treated as unearned income of such individual.

(2)(A) The amount of income of a sponsor, and the sponsor’s spouse if living with the sponsor, which shall be deemed to be the unearned income of an alien for any year shall be determined as follows:

(i) the total yearly rate of earned and unearned income of such sponsor, and such sponsor’s spouse if such spouse is living with the sponsor, shall be determined for such year under rules prescribed by the Secretary;

(ii) the amount determined under clause (i) of this subparagraph shall be reduced by an amount equal to the income eligibility standard as determined under subsection (c) of this section for a household equal in size to the sponsor, the sponsor’s spouse if living with the sponsor, and any persons dependent upon or receiving support from the sponsor or the sponsor’s spouse if the sponsor is living with the sponsor; and

(iii) the monthly income attributed to such alien shall be one-twelfth of the amount calculated under clause (ii) of this subparagraph.

(B) The amount of resources of a sponsor, and the sponsor’s spouse if living with the sponsor, which shall be deemed to be the resources of an alien for any year shall be determined as follows:

(i) the total amount of the resources of such sponsor and such sponsor’s spouse if such spouse is living with the sponsor shall be determined under rules prescribed by the Secretary;

(ii) the amount determined under clause (i) of this subparagraph shall be reduced by $1,500; and

(iii) the resources determined under clause (ii) of this subparagraph shall be deemed to be resources of such alien in addition to any resources of such alien.

(C)(i) Any individual who is an alien shall, during the period of three years after entry into the United States, in order to be an eligible individual or eligible spouse for purposes of this chapter, be required to provide to the State agency such information and documentation with respect to the alien’s sponsor and sponsor’s spouse as may be necessary in order for the State agency to make any determination required under this section, and to obtain any cooperation from such sponsor necessary for any such determination. Such alien shall also be required to provide such information and documentation which such alien or the sponsor provided in support of such alien’s immigration application as the State agency may request.

(ii) The Secretary shall enter into agreements with the Secretary of State and the Attorney General whereby any information available to such persons and required in order to make any determination under this section will be provided by such persons to the Secretary, and whereby such persons shall inform any sponsor of an alien, at the time such sponsor executes an affidavit of support or similar agreement, of the requirements imposed by this section.

(D) Any sponsor of an alien, and such alien, shall be jointly and severally liable for an amount equal to any overpayment made to such alien during the period of three years after such alien’s entry into the United States, on account of such sponsor’s failure to provide correct information under the provisions of this section, except where such sponsor was without fault, or where good cause for such failure existed. Any such overpayment which is not repaid shall be recovered in accordance with the provisions of section 2022(b)(2) of this title.

(E) The provisions of this subsection shall not apply with respect to any alien who is a member of the sponsor’s household or to any alien who is under 18 years of age.

(j) Resource exemption for otherwise exempt households

Notwithstanding subsections (a) through (i) of this section, a State agency shall consider a household member who receives supplemental security income benefits under title XVI of the Social Security Act [42 U.S.C. 1381 et seq.], aid to the aged, blind, or disabled under title I, II, X, XIV, or XVI of such Act [42 U.S.C. 301 et seq., 401 et seq., 1201 et seq., 1351 et seq., 1381 et seq.], or who receives benefits under a State program funded under part A of title IV of the Act [42 U.S.C. 601 et seq.] to have satisfied the resource limitations prescribed under subsection (g) of this section.

(k) Assistance to third parties included; educational benefits; exceptions

(1) For purposes of subsection (d)(1) of this section, except as provided in paragraph (2), assist-
ance provided to a third party on behalf of a household by a State or local government shall be considered money payable directly to the household if the assistance is provided in lieu of—

(A) a regular benefit payable to the household for living expenses under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); or

(B) a benefit payable to the household for housing expenses under—

(i) a State or local general assistance program; or

(ii) another basic assistance program comparable to general assistance (as determined by the Secretary).

(2) Paragraph (1) shall not apply to—

(A) medical assistance;

(B) child care assistance;

(C) a payment or allowance described in subsection (d)(1) of this section;

(D) assistance provided by a State or local housing authority;

(E) emergency assistance for migrant or seasonal farmworker households during the period such households are in the job stream;

(F) emergency and special assistance, to the extent excluded in regulations prescribed by the Secretary; or

(G) assistance provided to a third party on behalf of a household under a State or local general assistance program, or another local basic assistance program comparable to general assistance (as determined by the Secretary), if, under State law, no assistance under the program may be provided directly to the household in the form of a cash payment.

(3) For purposes of subsection (d)(1) of this section, educational loans on which payment is deferred, grants, scholarships, fellowships, veterans’ educational benefits, and the like that are payments made in prior months in lieu of obtaining current information from the household.

(4) (A) ENERGY ASSISTANCE PAYMENTS—

(i) In general—

(A) ENERGY ASSISTANCE PAYMENTS.—For purposes of subsection (d)(1) of this section, a payment made under a State law (other than a law referred to in paragraph (2)(H)) 1 to provide energy assistance to a household shall be considered money payable directly to the household.

(B) ENERGY ASSISTANCE EXPENSES.—For purposes of subsection (e)(6) of this section, an expense paid on behalf of a household under a State law to provide energy assistance shall be considered an out-of-pocket expense incurred and paid by the household.

(i) Earnings to participants of on-the-job training programs; exception

(m) Simplified calculation of income for self-employed

(1) In general

Not later than 1 year after August 22, 1996, the Secretary shall establish a procedure by which a State may submit a method, designed to not increase Federal costs, for the approval of the Secretary, that the Secretary determines will produce a reasonable estimate of income excluded under subsection (d)(9) of this section in lieu of calculating the actual cost of producing self-employment income.

(2) INCLUSIVE OF ALL TYPES OF INCOME OR LIMITED TYPES OF INCOME

The method submitted by a State under paragraph (1) may allow a State to estimate income for all types of self-employment income or may be limited to 1 or more types of self-employment income.

(3) DIFFERENCES FOR DIFFERENT TYPES OF INCOME

The method submitted by a State under paragraph (1) may differ for different types of self-employment income.

(n) STATE OPTIONS TO SIMPLIFY DETERMINATION OF CHILD SUPPORT PAYMENTS

Regardless of whether a State agency elects to provide a deduction under subsection (e)(4) of this section, the Secretary shall establish simplified procedures to allow State agencies, at the option of the State agencies, to determine the amount of any legally obligated child support payments made, including procedures to allow the State agency to rely on information from the agency responsible for implementing the program under part D of title IV of the Social Security Act (42 U.S.C. 651 et seq.) concerning payments made in prior months in lieu of obtaining current information from the household.

(3) Notwithstanding any other provision of law, a household shall not participate in the supplemental nutrition assistance program at any time that any member of such household, not exempt from the work registration requirements of paragraph (1) of this subsection, is on strike as defined in section 142(2) of title 29, because of a labor dispute (other than a lockout) as defined in section 152(9) of title 29: Provided, That a household shall not lose its eligibility to participate in the supplemental nutrition assistance program as a result of one of its members going on strike if the household was eligible immediately prior to such strike, however, such household shall not receive an increased allotment as the result of a decrease in the income of the striking member or members of the household: Provided further, That such ineligibility shall not apply to any household that does not contain a member on strike, if any of its members refuses to accept employment at a plant or site because of a strike or lockout.

(4) EMPLOYMENT AND TRAINING.—

(A) IN GENERAL.—

(iii) Workfare programs operated under section 2029 of this title.
(iv) Programs designed to improve the employability of household members through actual work experience or training, or both, and to enable individuals employed or trained under such programs to move promptly into regular public or private employment. An employment or training experience program established under this clause shall—

(I) not provide any work that has the effect of replacing the employment of an individual not participating in the employment or training experience program; and

(II) provide the same benefits and working conditions that are provided at the job site to employees performing comparable work for comparable hours.

(v) Educational programs or activities to improve basic skills and literacy, or otherwise improve employability, including educational programs determined by the State agency to expand the job search abilities or employability of those subject to the program under this paragraph.

(viii) As approved by the Secretary or the State under regulations issued by the Secretary, other employment, educational and training programs, projects, and experiments, such as a supported work program, aimed at accomplishing the purpose of the employment and training program.

(ii) Each State agency may exempt from any requirement for participation in any program under this paragraph individual household members not included in any category designated as exempt under clause (i).

(iii) Any exemption of a category or individual under this subparagraph shall be periodically evaluated to determine whether the exemption continues to be valid.

(E) Each State agency shall establish requirements for participation by individuals not exempt under subparagraph (D) in one or more employment and training programs under this paragraph, including the extent to which any individual is required to participate. Such requirements may vary among participants.

(ii) The total hours of participation in such program required of any member of a household, individually, in any month, together with any hours worked in another program carried out under section 2029 of this title and any hours worked for compensation (in cash or in kind) in any other capacity, shall not exceed one hundred and twenty hours per month.

(I)(i) The State agency shall provide payments or reimbursements to participants in programs carried out under this paragraph, including individuals participating under subparagraph (G), for—

(I) the actual costs of transportation and other actual costs (other than dependent care costs), that are reasonably necessary and directly related to participation in the program; and

(II) the actual costs of such dependent care expenses that are determined by the State agency to be necessary for the participation of an individual in the program (other than an individual who is the caretaker relative of a dependent in a family receiving benefits under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] in a local area where an employment, training, or education program under title IV of such Act [42 U.S.C. 601 et seq.] is in operation), except that no such payment or reimbursement shall exceed the applicable local market rate. Individuals subject to the program under this paragraph may not be required to participate if dependent costs exceed the limit established by the State agency under this subparagraph or other actual costs exceed any limit established under subclause (I).

(ii) In lieu of providing reimbursements or payments for dependent care expenses under clause (i), a State agency may, at its option, arrange for dependent care through providers by the use of purchase of service contracts or vouchers or by providing vouchers to the household.

(iii) The value of any dependent care services provided for or arranged under clause (ii), or any amount received as a payment or reimbursement under clause (i), shall—
(I) not be treated as income for the purposes of any other Federal or federally assisted program that bases eligibility for, or the amount of benefits on, need; and

(II) not be claimed as an employment-related expense for the purposes of the credit provided under section 21 of title 26.

(L) The Secretary shall ensure that State agencies comply with the requirements of this paragraph and section 2020(e)(19) of this title.

(M) The facilities of the State public employment offices and other State agencies and providers carrying out activities under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] may be used to find employment and training opportunities for household members under the programs under this paragraph.

§ 2017. Value of allotment

(a) Calculation

The value of the allotment which State agencies shall be authorized to issue to any households certified as eligible to participate in the supplemental nutrition assistance program shall be equal to the cost to such households of the thrifty food plan reduced by an amount equal to 90 per centum of the household’s income, as determined in accordance with section 2014(d) and (e) of this title, rounded to the nearest lower whole dollar: Provided, That for households of one and two persons the minimum allotment shall be 8 percent of the cost of the thrifty food plan for a household containing 1 member, as determined by the Secretary under section 2012 of this title, rounded to the nearest whole dollar increment.

(b) Benefits not deemed income or resources for certain purposes

The value of benefits that may be provided under this chapter shall not be considered income or resources for any purpose under any...

(A) the center as an authorized representative of the individual for a period that is less than 1 month; and

(B) the individual, if the individual leaves the center.

(2) Rules and procedures

If the allotment of a household is reduced under this subsection for a failure to perform an action required under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), the State agency may use the rules and procedures that apply under part A of title IV of the Act to reduce the allotment under the supplemental nutrition assistance program.

On receiving a notification under clause (i)(I) concerning the departure of a resident, the State agency—
(I) shall promptly issue the departed resident an allotment for the days of the month after the departure of the resident (calculated in a manner prescribed by the Secretary) unless the departed resident reapplies to participate in the supplemental nutrition assistance program; and

(I) shall not authorize implementation of paragraph (1) in all States; and
(II) shall terminate all pilot projects under paragraph (2) within a reasonable period of time (as determined by the Secretary).

(ii) Finding
The finding referred to in clause (i) is that—
(I) an insufficient number of project plans that the Secretary determines to be eligible for approval are submitted by State agencies under paragraph (2)(B); or
(II)(aa) a sufficient number of pilot projects have been carried out under paragraph (2)(A); and
(bb) authorization of implementation of paragraph (1) in all States is not in the best interest of the supplemental nutrition assistance program.

§2018. Approval of retail food stores and wholesale food concerns

(a) Applications; qualifications; certificate of approval; periodic reauthorization

(1) Regulations issued pursuant to this chapter shall provide for the submission of applications for approval by retail food stores and wholesale food concerns which desire to be authorized to accept and redeem benefits under the supplemental nutrition assistance program and for the approval of those applicants whose participation will effectuate the purposes of the supplemental nutrition assistance program. In determining the qualifications of applicants, there shall be considered among such other factors as may be appropriate, the following: (A) the nature and extent of the food business conducted by the applicant; (B) the volume of benefit transactions which may reasonably be expected to be conducted by the applicant food store or wholesale food concern; and (C) the business integrity and reputation of the applicant. Approval of an applicant shall be evidenced by the issuance to such applicant of a nontransferable certificate of approval. No retail food store or wholesale food concern of a type determined by the Secretary, based on factors that include size, location, and type of items sold, shall be approved to be authorized or reauthorized for participation in the supplemental nutrition assistance program unless an authorized employee of the Department of Agriculture, a designee of the Secretary, or, if practicable, an official of the State or local government designated by the Secretary has visited the store or concern for the purpose of determining whether the store or concern should be approved or reauthorized, as appropriate.

(2) The Secretary shall issue regulations providing for—

(A) the periodic reauthorization of retail food stores and wholesale food concerns; and
(B) periodic notice to participating retail food stores and wholesale food concerns of the definitions of "retail food store", "staple foods", "eligible foods", and "perishable foods".

(3) AUTHORIZATION PERIODS.—The Secretary shall establish specific time periods during which authorization to accept and redeem benefits shall be valid under the supplemental nutrition assistance program.

(b) Effective and efficient operation of program; effect of disqualification; posting of bond

(1) No wholesale food concern may be authorized to accept and redeem benefits unless the Secretary determines that its participation is necessary to provide adequate access to house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to house-to-house trade routes.

(A) A buyer or transferee (other than a bona fide buyer or transferee) of a retail food store or wholesale food concern that has been disqualified under section 2021(a) of this title may not accept or redeem benefits until the Secretary receives full payment of any penalty imposed on such store or concern.

(B) A buyer or transferee may not, as a result of the sale or transfer of such store or concern, be required to furnish a bond under section 2021(d) of this title.

(c) Information submitted by applicants; safeguards; disclosure to and use by State agencies

Regulations issued pursuant to this chapter shall require an applicant retail food store or wholesale food concern to submit information, which may include relevant income and sales tax filing documents, which will permit a determination to be made as to whether such applicant qualifies, or continues to qualify, for approval under the provisions of this chapter or the regulations issued pursuant to this chapter. The regulations may require retail food stores and wholesale food concerns to provide written authorization for the Secretary to verify all relevant tax filings with appropriate agencies and to obtain corroborating documentation from other sources so that the accuracy of information provided by the stores and concerns may be verified. Regulations issued pursuant to this chapter shall provide for safeguards which limit the use or disclosure of information obtained under the authority granted by this subsection to purposes directly connected with administration and enforcement of the provisions of this chapter or the regulations issued pursuant to this chapter, except that such information may be disclosed to and used by Federal law enforcement and investigative agencies and law enforcement and investigative agencies of a State government for the purposes of administering or enforcing this chapter or any other Federal or State law and the regulations issued under this chapter or such law, and State agencies that administer the special supplemental nutrition program for women, infants and children, authorized under section 17 of the Child Nutrition Act of 1966 [42 U.S.C. 1786], for purposes of administering the provisions of that Act [42 U.S.C. 1771 et seq.] and the regulations issued under that Act. Any person who publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by Federal law (including a regulation) any information obtained under this subsection shall be fined not more than $1,000 or imprisoned not more than 1 year, or both. The regulations shall establish the criteria to be used by the Secretary to determine whether the information is needed. The regulations shall not prohibit the audit and examination of such information by the Comptroller General of the United States authorized by any other provision of law.

(d) Hearing upon failure of applicant to receive approval; waiting period for new application

Any retail food store or wholesale food concern which has failed upon application to receive approval to participate in the supplemental nutrition assistance program may obtain a hearing on such refusal as provided in section 2023 of this title. A retail food store or wholesale food concern that is denied approval to accept and redeem benefits because the store or concern does not meet criteria for approval established by the Secretary may, not for at least 6 months, submit a new application to participate in the program. The Secretary may establish a longer time period under the preceding sentence, including permanent disqualification, that reflects the severity of the basis of the denial.

(e) Reporting of abuses by public

Approved retail food stores shall display a sign providing information on how persons may report abuses they have observed in the operation of the supplemental nutrition assistance program.

(f) Limitation on participation of house-to-house trade routes

In those areas in which the Secretary, in consultation with the Inspector General of the Department of Agriculture, finds evidence that the operation of house-to-house trade routes damages the program's integrity, the Secretary shall limit the participation of house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to households.

§ 2020. Administration

(a) State responsibility

(1) In general

The State agency of each participating State shall have responsibility for certifying applicant households and issuing EBT cards.

(2) Local administration

The responsibility of the agency of the State government shall not be affected by whether the program is operated on a State-administered or county-administered basis, as provided under section 2012(t)(1) of this title.

(3) Records

(A) In general

Each State agency shall keep such records as may be necessary to determine whether the program is being conducted in compliance with this chapter (including regulations issued under this chapter).

(B) Inspection and audit

Records described in subparagraph (A) shall—

(1) be available for inspection and audit at any reasonable time;

(2) subject to subsection (e)(8), be available for review in any action filed by a household to enforce any provision of this chapter (including regulations issued under this chapter); and

(3) be preserved for such period of not less than 3 years as may be specified in regulations.

(4) Review of major changes in program design

(A) In general

The Secretary shall develop standards for identifying major changes in the operations of a State agency, including—

(i) large or substantially-increased numbers of low-income households that do not live in reasonable proximity to an office performing the major functions described in subsection (e);

(ii) substantial increases in reliance on automated systems for the performance of responsibilities previously performed by personnel described in subsection (e)(6)(B);

(iii) changes that potentially increase the difficulty of reporting information under subsection (e) or section 2015 of this title; and

(iv) changes that may disproportionately increase the burdens on any of the types of households described in subsection (e)(2)(A).

(B) Notification

If a State agency implements a major change in operations, the State agency shall—

(1) notify the Secretary; and

(2) collect such information as the Secretary shall require to identify and correct any adverse effects on program integrity or access, including access by any of the types of households described in subsection (e)(2)(A).

(b) Correction of improper denials and underissuances

When a State agency learns, through its own reviews under section 2025 of this title or other reviews, or through other sources, that it has improperly denied, terminated, or underissued benefits to an eligible household, the State agency shall promptly restore any improperly denied, terminated, or underissued benefits to the extent required by subsection (e)(11) of this section and section 2023(b) of this title, and shall take other steps to prevent a recurrence of such errors where such error was caused by the application of State agency practices, rules or procedures inconsistent with the requirements of this chapter or with regulations or policies of the Secretary issued under the authority of this chapter.

(c) Civil rights compliance

(1) In general

In the certification of applicant households for the supplemental nutrition assistance program, there shall be no discrimination by reason of race, sex, religious creed, national origin, or political affiliation.

(2) Relation to other laws

The administration of the program by a State agency shall be consistent with the rights of households under the following laws (including implementing regulations):

(A) The Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.).

(C) The Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.).

(D) Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.).

(d) Plan of operation by State agency; approval by Secretary; Indians

The State agency (as defined in section 2012(t)(1) of this title) of each State desiring to
participate in the supplemental nutrition assistance program shall submit for approval a plan of operation specifying the manner in which such program will be conducted within the State in every political subdivision. The Secretary may not, as a part of the approval process for a plan of operation, require a State to submit for prior approval by the Secretary the State agency instructions to staff, interpretations of existing policy, State agency methods of administration, forms used by the State agency, or any materials, documents, memoranda, bulletins, or other matter, unless the State determines that the materials, documents, memoranda, bulletins, or other matter alter or amend the State plan of operation or conflict with the rights and levels of benefits to which a household is entitled. In the case of all or part of an Indian reservation, the State agency as defined in section 2012(t)(1) of this title shall be responsible for conducting such program on such reservation unless the Secretary determines that the State agency (as defined in section 2012(t)(1) of this title) is failing, subsequent to August 31, 1964, properly to administer such program on such reservation in accordance with the purposes of this chapter and further determines that the State agency as defined in section 2012(t)(2) of this title is capable of effectively and efficiently conducting such program, in light of the distance of the reservation from State agency-operated certification and issuance centers, the previous experience of such tribal organization in the operation of programs authorized under the Indian Self-Determination Act (25 U.S.C. 450) and similar Acts of Congress, the tribal organization’s management and fiscal capabilities, and the adequacy of measures taken by the tribal organization to ensure that there shall be no discrimination in the operation of the program on the basis of race, color, sex, or national origin, in which event such State agency shall be responsible for conducting such program and submitting for approval a plan of operation specifying the manner in which such program will be conducted. The Secretary, upon the request of a tribal organization, shall provide the designee of such organization with appropriate training and technical assistance to enable them to qualify as expeditiously as possible as a State agency pursuant to section 2012(t)(2) of this title. A State agency, as defined in section 2012(t)(1) of this title, before it submits its plan of operation to the Secretary for the administration of the supplemental nutrition assistance program on all or part of an Indian reservation, shall consult in good faith with the tribal organization about that portion of the State’s plan of operation pertaining to the implementation of the program for members of the tribe, and shall implement the program in a manner that is responsive to the needs of the Indians on the reservation as determined by ongoing consultation with the tribal organization.

(e) Requisites of State plan of operation

The State plan of operation required under subsection (d) of this section shall provide, among such other provisions as may be required by regulation—

(I) that the State agency shall—

(A) at the option of the State agency, inform low-income households about the availability, eligibility requirements, application procedures, and benefits of the supplemental nutrition assistance program; and

(B) comply with regulations of the Secretary requiring the use of appropriate bilingual personnel and printed material in the administration of the program in those portions of political subdivisions in the State in which a substantial number of members of low-income households speak a language other than English;

(B) in carrying out subparagraph (A), a State agency—

(i) shall provide timely, accurate, and fair service to applicants for, and participants in, the supplemental nutrition assistance program;

(ii) shall develop an application containing the information necessary to comply with this chapter; and

(II) if the State agency maintains a website for the State agency, shall make the application available on the website in each language in which the State agency makes a printed application available;

(iii) shall permit an applicant household to apply to participate in the program on the same day that the household first contacts a supplemental nutrition assistance program office in person during office hours;

(iv) shall consider an application that contains the name, address, and signature of the applicant to be filed on the date the applicant submits the application;

(v) shall require that an adult representative of each applicant household certify in writing, under penalty of perjury, that—

(I) the information contained in the application is true; and

(II) all members of the household are citizens or are aliens eligible to receive supplemental nutrition assistance program benefits under section 2015(f) of this title;

(vi) shall provide a method of certifying and issuing benefits to eligible homeless individuals, to ensure that participation in the supplemental nutrition assistance program is limited to eligible households; and

(vii) may establish operating procedures that vary for local supplemental nutrition assistance program offices to reflect regional and local differences within the State.

(C) ELECTRONIC AND AUTOMATED SYSTEMS.—

(i) IN GENERAL.—Nothing in this chapter shall prohibit the use of signatures provided
and maintained electronically, storage of records using automated retrieval systems only, or any other feature of a State agency’s application system that does not rely exclusively on the collection and retention of paper applications or other records.

(ii) STATE OPTION FOR TELEPHONIC SIGNATURE.—A State agency may establish a system by which an applicant household may sign an application through a recorded verbal assent over the telephone.

(iii) REQUIREMENTS.—A system established under clause (ii) shall—

(II) include effective safeguards against impersonation, identity theft, and invasions of privacy;

(III) not deny or interfere with the right of the household to apply in writing;

(IV) promptly provide to the household member a written copy of the completed application, with instructions for a simple procedure for correcting any errors or omissions;

(V) comply with paragraph (1)(B);

(VI) satisfy all requirements for a signature on an application under this chapter and other laws applicable to the supplemental nutrition assistance program, with the date on which the household member provides verbal assent considered as the date of application for all purposes; and

(VII) comply with such other standards as the Secretary may establish.

(D) The signature of any adult under this paragraph shall be considered sufficient to comply with any provision of Federal law requiring a household member to sign an application or statement;

(3) that the State agency shall thereafter promptly determine the eligibility of each applicant household by way of verification of income other than that determined to be excluded by section 2014(d) of this title (in part through the use of the information, if any, obtained under section 2025(e) of this title), household size (in any case such size is questionable), and such other eligibility factors as the Secretary determines to be necessary to implement sections 2014 and 2015 of this title, although the State agency may verify prior to certification, whether questionable or not, the size of any applicant household and such other eligibility factors as the State agency determines are necessary, so as to complete certification of and provide an allotment retroactive to the period of application to any eligible household not later than thirty days following its filing of an application, and that the State agency shall provide each applicant household, at the time of application, a clear written statement explaining what acts the household must perform to cooperate in obtaining verification and otherwise completing the application process;

(4) that the State agency shall insure that each participating household receive a notice of expiration of its certification prior to the start of the last month of its certification period advising the household that it must submit a new application in order to renew its eligibility for a new certification period and, further, that each such household which seeks to be certified another time or more times thereafter by filing an application for such re-certification no later than fifteen days prior to the day upon which its existing certification period expires shall, if found to be still eligible, receive its allotment no later than one month after the receipt of the last allotment issued to it pursuant to its prior certification, but if such household is found to be ineligible or to be eligible for a smaller allotment during the new certification period it shall not continue to participate and receive benefits on the basis authorized for the preceding certification period even if administratively necessary;

(5) the specific standards to be used in determining the eligibility of applicant households which shall be in accordance with sections 2014 and 2015 of this title and shall include no additional requirements imposed by the State agency;

(6) that—

(A) the State agency shall undertake the certification of applicant households in accordance with the general procedures prescribed by the Secretary in the regulations issued pursuant to this chapter; and

(B) the State agency personnel utilized in undertaking such certification shall be employed in accordance with the current standards on a merit basis;

(7) that an applicant household may be represented in the certification process and that an eligible household may be represented in benefit issuance or food purchase by a person other than a member of the household so long as that person has been clearly designated as the representative of that household for that purpose by the head of the household or the spouse of the head, and, where the certification process is concerned, the representative is an adult who is sufficiently aware of relevant household circumstances, except that the Secretary may restrict the number of households which may be represented by an individual and otherwise establish criteria and verification standards for representation under this paragraph;

(8) safeguards which prohibit the use or disclosure of information obtained from applicant households, except that—

(A) the safeguards shall permit—

(i) the disclosure of such information to persons directly connected with the administration or enforcement of the provi-
sions of this chapter, regulations issued pursuant to this chapter, Federal assistance programs, or federally-assisted State programs; and

(ii) the subsequent use of the information by persons described in clause (i) only for such administration or enforcement;

(B) the safeguards shall not prevent the use or disclosure of such information to the Comptroller General of the United States for audit and examination authorized by any other provision of law;

(C) notwithstanding any other provision of law, all information obtained under this chapter from an applicant household shall be made available, upon request, to local, State or Federal law enforcement officials for the purpose of investigating an alleged violation of this chapter or any regulation issued under this chapter;

(D) the safeguards shall not prevent the use by, or disclosure of such information, to agencies of the Federal Government (including the United States Postal Service) for purposes of collecting the amount of an overissuance of benefits, as determined under section 2022(b) of this title, from Federal pay (including salaries and pensions) as authorized pursuant to section 5514 of title 5 or a Federal income tax refund as authorized by section 3720A of title 31;

(E) notwithstanding any other provision of law, the address, social security number, and, if available, photograph of any member of a household shall be made available, on request, to any Federal, State, or local law enforcement officer if the officer furnishes the State agency with the name of the member and notifies the agency that—

That any household which timely requests such a fair hearing after receiving individual notice of agency action reducing or terminating its benefits within the household’s certification period shall continue to participate and receive benefits on the basis authorized immediately prior to the notice of adverse action until such time as the fair hearing is completed and an adverse decision rendered or until such time as the household’s certification period terminates, whichever occurs earlier, except that in any case in which the State agency receives from the household a written statement containing information that clearly requires a reduction or termination of the household’s benefits, the State agency may act immediately to reduce or terminate the household’s benefits and may provide notice of its action to the household as late as the date on which the action becomes effective. At the option of a State, at any time prior to a fair hearing determination under this paragraph, a household may withdraw, orally or in writing, a request by the household for the fair hearing. If the withdrawal request is an oral request, the State agency shall provide a written notice to the household confirming the withdrawal request and providing the household with an opportunity to request a hearing;

(a) General authority of the Secretary

(1) Determination of claims

Except in the case of an at-risk amount required under section 2025(c)(1) of this title, the Secretary shall have the power to determine the amount of and settle and adjust any claim and to compromise or deny all or part of any such claim or claims arising under the provisions of this chapter or the regulations issued pursuant to this chapter, including, but not limited to, claims arising from fraudulent and nonfraudulent overissuances to recipients, including the power to waive claims if the Secretary determines that to do so would serve the purposes of this chapter. Such powers with respect to claims against recipients may be delegated by the Secretary to State agencies. The Secretary shall have the power to reduce amounts otherwise due to a State agency under section 2025 of this title to collect unpaid claims assessed against the State agency if the State agency has declined or exhausted its appeal rights under section 2023 of this title.

(2) Claims established under quality control system

To the extent that a State agency does not pay a claim established under section 2025(c)(1) of this title, including an agreement to have all or part of the claim paid through a reduction in Federal administrative funding, within 30 days from the date on which the bill for collection is received by the State agency, the State agency shall be liable for interest on
any unpaid portion of such claim accruing from the date on which the bill for collection was received by the State agency, unless the State agency appeals the claim under section 2025(c)(7) of this title. If the State agency appeals such claim (in whole or in part), the interest on any unpaid portion of the claim shall accrue from the date of the decision on the administrative appeal, or from a date that is 1 year after the date the bill is received, whichever is earlier, until the date the unpaid portion of the payment is received. If the State agency pays such claim (in whole or in part, including an agreement to have all or part of the claim paid through a reduction in Federal administrative funding) and the claim is subsequently overturned through administrative or judicial appeal, any amounts paid by the State agency shall be promptly returned with interest, accruing from the date the payment is received until the date the payment is returned.

(3) Computation of interest
Any interest assessed under this paragraph shall be computed at a rate determined by the Secretary based on the average of the bond equivalent of the weekly 90-day Treasury bill auction rates during the period such interest accrues.

(4) Joint and several liability of household members
Each adult member of a household shall be jointly and severally liable for the value of any overissuance of benefits.

(b) Collection of overissuances

(1) In general
Except as otherwise provided in this subsection, a State agency shall collect any overissuance of benefits issued to a household by—

(A) reducing the allotment of the household;

(B) withholding amounts from unemployment compensation from a member of the household under subsection (c) of this section;

(C) recovering from Federal pay or a Federal income tax refund under subsection (d) of this section; or

(D) any other means.

(2) Cost effectiveness
Paragraph (1) shall not apply if the State agency demonstrates to the satisfaction of the Secretary that all of the means referred to in paragraph (1) are not cost effective.

(3) Maximum reduction absent fraud
If a household received an overissuance of benefits without any member of the household being found ineligible to participate in the program under section 2025(b)(1) of this title and a State agency elects to reduce the allotment of the household under paragraph (1)(A), the State agency shall not reduce the monthly allotment of the household under paragraph (1)(A) by an amount in excess of the greater of—

(A) 10 percent of the monthly allotment of the household; or

(B) $10.

(4) Procedures
A State agency shall collect an overissuance of benefits issued to a household under paragraph (1) in accordance with the requirements established by the State agency for providing notice, electing a means of payment, and establishing a time schedule for payment.

(5) Overissuances caused by systemic State errors

(A) In general
If the Secretary determines that a State agency overissued benefits to a substantial number of households in a fiscal year as a result of a major systemic error by the State agency, as defined by the Secretary, the Secretary may prohibit the State agency from collecting these overissuances from some or all households.

(B) Procedures

(i) Information reporting by States
Every State agency shall provide to the Secretary all information requested by the Secretary concerning the issuance of benefits to households by the State agency in the applicable fiscal year.

(ii) Final determination
After reviewing relevant information provided by a State agency, the Secretary shall make a final determination—

(I) whether the State agency overissued benefits to a substantial number of households as a result of a systemic error in the applicable fiscal year; and

(II) as to the amount of the overissuance in the applicable fiscal year for which the State agency is liable.

(iii) Establishing a claim
Upon determining under clause (ii) that a State agency has overissued benefits to households due to a major systemic error determined under subparagraph (A), the Secretary shall establish a claim against the State agency equal to the value of the overissuance caused by the systemic error.

(iv) Administrative and judicial review
Administrative and judicial review, as provided in section 2023 of this title, shall apply to the final determinations by the Secretary under clause (ii).

(v) Remission to the Secretary

(I) Determination not appealed
If the determination of the Secretary under clause (ii) is not appealed, the State agency shall, as soon as practicable, remit to the Secretary the dollar amount specified in the claim under clause (iii).

(II) Determination appealed
If the determination of the Secretary under clause (ii) is appealed, upon completion of administrative and judicial review under clause (iv), and a finding of liability on the part of the State, the appealing State agency shall, as soon as
practicable, remit to the Secretary a dollar amount subject to the finding made in the administrative and judicial review.

(vi) Alternative method of collection

(I) In general

If a State agency fails to make a payment under clause (v) within a reasonable period of time, as determined by the Secretary, the Secretary may reduce any amount due to the State agency under any other provision of this chapter by the amount due.

(II) Accrual of interest

During the period of time determined by the Secretary to be reasonable under subclause (I), interest in the amount owed shall not accrue.

(vii) Limitation

Any liability amount established under section 2025(c)(1)(C) of this title shall be reduced by the amount of the claim established under this subparagraph.

(c) Intercept of unemployment benefits

(1) As used in this subsection, the term “uncollected overissuance” means the amount of an overissuance of benefits, as determined under subsection (b)(1) of this section, that has not been recovered pursuant to subsection (b)(1) of this section.

(2) A State agency may determine on a periodic basis, from information supplied pursuant to section 49b(b) of title 29, whether an individual receiving compensation under the State’s unemployment compensation law (including amounts payable pursuant to an agreement under a Federal unemployment compensation law) owes an uncollected overissuance.

(3) A State agency may recover an uncollected overissuance—

(A) by—

(i) entering into an agreement with an individual described in paragraph (2) under which specified amounts will be withheld from unemployment compensation otherwise payable to the individual; and

(ii) furnishing a copy of the agreement to the State agency administering the unemployment compensation law; or

(B) in the absence of an agreement, by obtaining a writ, order, summons, or other similar process in the nature of garnishment from a court of competent jurisdiction to require the withholding of amounts from the unemployment compensation.

(d) Recovery of overissuance of benefits

The amount of an overissuance of benefits, as determined under subsection (b)(1) of this section, that has not been recovered pursuant to such subsection may be recovered from Federal pay (including salaries and pensions) as authorized by section 5514 of title 5 or a Federal income tax refund as authorized by section 3720A of title 29.

(b) Work supplementation or support program

(1) “Work supplementation or support program” defined

In this subsection, the term “work supplementation or support program” means a program under which, as determined by the Secretary, public assistance (including any benefits provided under a program established by the State and the supplemental nutrition assistance program) is provided to an employer at the time the public assistance recipient entered the program.

(2) Program

A State agency may elect to use an amount equal to the allotment that would otherwise be issued to a household under the supplemental nutrition assistance program, but for the operation of this subsection, for the purpose of subsidizing or supporting a job under a work supplementation or support program established by the State.

(3) Procedure

If a State agency makes an election under paragraph (2) and identifies each household that participates in the supplemental nutrition assistance program that contains an individual who is participating in the work supplementation or support program—

(A) the Secretary shall pay to the State agency an amount equal to the value of the allotment that the household would be eligible to receive but for the operation of this subsection;

(B) the State agency shall expend the amount received under subparagraph (A) in accordance with the work supplementation or support program in lieu of providing the allotment that the household would receive but for the operation of this subsection;

(C) for purposes of—

(i) sections 2014 and 2017(a) of this title, the amount received under this subsection shall be excluded from household income and resources; and

(ii) section 2017(b) of this title, the amount received under this subsection shall be considered to be the value of an allotment provided to the household; and

(D) the household shall not receive an allotment from the State agency for the period during which the member continues to participate in the work supplementation or support program.

(4) Other work requirements

No individual shall be excused, by reason of the fact that a State has a work supplementation or support program, from any work requirement under section 2015(d) of this title, except during the periods in which the individual is employed under the work supplementation or support program.

(5) Length of participation

A State agency shall provide a description of how the public assistance recipients in the program shall, within a specific period of time, be moved from supplemented or supported employment to employment that is not supplemented or supported.

(6) Displacement

A work supplementation or support program shall not displace the employment of individuals who are not supplemented or supported.

(c) Quality control system

(1) In general

(A) System

In carrying out the supplemental nutrition assistance program, the Secretary shall carry out a system that enhances payment accuracy and improves administration by establishing fiscal incentives that require State agencies with high payment error rates to share in the cost of payment error.
§ 2025

(B) Adjustment of Federal share of administrative costs for fiscal years before fiscal year 2003

(i) In general

Subject to clause (ii), with respect to any fiscal year before fiscal year 2003, the Secretary shall adjust a State agency’s federally funded share of administrative costs under subsection (a) of this section, other than the costs already shared in excess of 50 percent under the proviso in the first sentence of subsection (a) of this section or under subsection (g) of this section, by increasing that share of all such administrative costs by 1 percentage point to a maximum of 60 percent of all such administrative costs for each full 1⁄10 of a percentage point by which the payment error rate is less than 6 percent.

(ii) Limitation

Only States with a rate of invalid decisions in denying eligibility that is less than a nationwide percentage that the Secretary determines to be reasonable shall be entitled to the adjustment under clause (i).

(C) Establishment of liability amount for fiscal year 2003 and thereafter

With respect to fiscal year 2004 and any fiscal year thereafter for which the Secretary determines that, for the second or subsequent consecutive fiscal year, a 95 percent statistical probability exists that the payment error rate of a State agency exceeds 105 percent of the national performance measure for payment error rates announced under paragraph (6), the Secretary shall establish an amount for which the State agency may be liable (referred to in this paragraph as the “liability amount”) that is equal to the product obtained by multiplying—

(i) the value of all allotments issued by the State agency in the fiscal year; (ii) the difference between—

(I) the payment error rate of the State agency; and

(II) 6 percent; and

(iii) 10 percent.

(D) Authority of Secretary with respect to liability amount

With respect to the liability amount established for a State agency under subparagraph (C) for any fiscal year, the Secretary shall—

(i) waive the responsibility of the State agency to pay all or any portion of the liability amount established for the fiscal year (referred to in this paragraph as the “waiver amount”); and

(ii) require that a portion, not to exceed 50 percent, of the liability amount established for the fiscal year be used by the State agency for new investment, approved by the Secretary, to improve administration by the State agency of the supplemental nutrition assistance program (referred to in this paragraph as the “new investment amount”), which new investment amount shall not be matched by Federal funds;

(iii) designate a portion, not to exceed 50 percent, of the amount established for the fiscal year for payment to the Secretary in accordance with subparagraph (E) (referred to in this paragraph as the “at-risk amount”); or

(iv) take any combination of the actions described in clauses (i) and (ii) and enter into a settlement with the State agency, only with respect to any waiver amount or new investment amount, before the end of the fiscal year in which the liability amount is determined under subparagraph (C).

(E) Payment of at-risk amount for certain States

(i) In general

A State agency shall pay to the Secretary the at-risk amount designated under subparagraph (D)(i)(III) for any fiscal year in accordance with clause (ii), if, with respect to the immediately following fiscal year, a liability amount has been established for the State agency under subparagraph (C).

(ii) Method of payment of at-risk amount

(I) Remission to the Secretary

In the case of a State agency required to pay an at-risk amount under clause (i), as soon as practicable after completion of all administrative and judicial reviews with respect to that requirement to pay, the chief executive officer of the State shall remit to the Secretary the at-risk amount required to be paid.

(II) Alternative method of collection

(aa) In general

If the chief executive officer of the State fails to make the payment under subclause (I) within a reasonable period of time determined by the Secretary, the Secretary may reduce any amount due to the State agency under any other provision of this section by the amount required to be paid under clause (i).

(bb) Accrual of interest

During any period of time determined by the Secretary under item (aa), interest on the payment under subclause (I) shall not accrue under section 2022(a)(2) of this title.

(F) Use of portion of liability amount for new investment

(i) Reduction of other amounts due to State agency

In the case of a State agency that fails to comply with a requirement for new investment under subparagraph (D)(i)(II) or clause (iii)(I), the Secretary may reduce any amount due to the State agency under any other provision of this section by the
portion of the liability amount that has not been used in accordance with that requirement.

(ii) Effect of State agency's wholly prevailing on appeal

If a State agency begins required new investment under subparagraph (D)(i)(II), the State agency appeals the liability amount in a fiscal year by a State agency, and the determination by the Secretary of liability amount is reduced to $0 on administrative or judicial review, the Secretary shall pay to the State agency an amount equal to 50 percent of the new investment amount that was included in the liability amount subject to the appeal.

(iii) Effect of Secretary's wholly prevailing on appeal

If a State agency does not begin required new investment under subparagraph (D)(i)(II), the State agency appeals the liability amount of the State agency, and the determination by the Secretary of the liability amount is wholly upheld on administrative or judicial review, the Secretary shall—

(I) require all or any portion of the new investment amount to be used by the State agency for new investment, approved by the Secretary, to improve administration by the State agency of the supplemental nutrition assistance program, which amount shall not be matched by Federal funds; and

(II) require payment of any remaining portion of the new investment amount in accordance with subparagraph (E)(i).

(iv) Effect of neither party's wholly prevailing on appeal

The Secretary shall promulgate regulations regarding obligations of the Secretary and the State agency in a case in which the State agency appeals the liability amount of the State agency and neither the Secretary nor the State agency wholly prevails.

(G) Corrective action plans

The Secretary shall foster management improvements by the States by requiring State agencies, other than State agencies with payment error rates of less than 6 percent, to develop and implement corrective action plans to reduce payment errors.

(2) Error rate definitions

As used in this section—

(A) the term “payment error rate” means the sum of the point estimates of an overpayment error rate and an underpayment error rate determined by the Secretary from data collected in a probability sample of participating households;

(B) the term “overpayment error rate” means the percentage of the value of all allotments issued in a fiscal year by a State agency that are either—

(i) issued to households that fail to meet basic program eligibility requirements; or

(ii) overissued to eligible households; and

(C) the term “underpayment error rate” means the ratio of the value of allotments underissued to recipient households to the total value of allotments issued in a fiscal year by a State agency.

(3) Exclusions

The following errors may be measured for management purposes but shall not be included in the payment error rate:

(A) Any errors resulting in the application of new regulations promulgated under this chapter during the first 120 days from the required implementation date for such regulations.

(B) Errors resulting from the use by a State agency of correctly processed information concerning households or individuals received from Federal agencies or from actions based on policy information approved or disseminated, in writing, by the Secretary or the Secretary’s designee.

(4) Reporting requirements

The Secretary may require a State agency to report any factors that the Secretary considers necessary to determine a State agency’s payment error rate, liability amount or new investment amount under paragraph (1), or performance under the performance measures under subsection (d) of this section. If a State agency fails to meet the reporting requirements established by the Secretary, the Secretary shall base the determination on all pertinent information available to the Secretary.

(5) Procedures

To facilitate the implementation of this subsection, each State agency shall expeditiously submit to the Secretary data concerning the operations of the State agency in each fiscal year sufficient for the Secretary to establish the State agency’s payment error rate, liability amount or new investment amount under paragraph (1), or performance under the performance measures under subsection (d) of this section. The Secretary shall initiate efforts to collect the amount owed by the State agency as a claim established under paragraph (1) for a fiscal year, subject to the conclusion of any formal or informal appeal procedure and administrative or judicial review under section 2023 of this title (as provided for in paragraph (7)), before the end of the fiscal year following such fiscal year.

(6) National performance measure for payment error rates

(A) Announcement

At the time the Secretary makes the notification to State agencies of their error rates, the Secretary shall also announce a national performance measure that shall be the sum of the products of each State agency’s error rate as developed for the notifications under paragraph (6) times that State agency’s proportion of the total value of national allotments issued for the fiscal year using the most recent issuance data available at the time of the notifications issued pursuant to paragraph (8).
§ 2025

TITLE 7—AGRICULTURE

The announced national performance measure shall be used in determining the liability amount of a State under paragraph (1)(C) for the fiscal year whose error rates are being announced under paragraph (8).

(D) No administrative or judicial review

The national performance measure announced under this paragraph shall not be subject to administrative or judicial review.

(7) Administrative and judicial review

(A) In general

(B) Determination of payment error rate

With respect to any fiscal year, a determination of the payment error rate of a State agency or a determination whether the payment error rate exceeds 105 percent of the national performance measure for payment error rates shall be subject to administrative or judicial review only if the Secretary establishes a liability amount with respect to the fiscal year under paragraph (1)(C).

(C) Authority of Secretary with respect to liability amount

An action by the Secretary under subparagraph (D) or (F)(iii) of paragraph (1) shall not be subject to administrative or judicial review.

(G) The administrative law judge, after an evidentiary hearing, shall decide the appeal—

(i) not later than 60 days after receipt of rebuttal evidence submitted by the State agency; or

(ii) if the State agency does not submit rebuttal evidence, not later than 90 days after the State agency submits the notice of appeal and evidence in support of the appeal.

(H) In considering a claim or liability amount under this paragraph, the administrative law judge shall consider all grounds for denying the claim or liability amount, in whole or in part, including the contention of a State agency that the claim or liability amount should be waived, in whole or in part, for good cause.

(h) Funding of employment and training programs

(1) In general.—
(A) Amounts.—To carry out employment and training programs, the Secretary shall reserve for allocation to State agencies, to remain available for 15 months, from funds made available for each fiscal year under section 2027(a)(1) of this title, $90,000,000 for each fiscal year.

(i) Geographical error-prone profiles

(1) The Department of Agriculture may use quality control information made available under this section to determine which project areas have payment error rates (as defined in subsection (d)(1) of this section) that impair the
integrity of the supplemental nutrition assistance program.

(2) The Secretary may require a State agency to carry out new or modified procedures for the certification of households in areas identified under paragraph (1) if the Secretary determines such procedures would improve the integrity of the supplemental nutrition assistance program and be cost effective.

(j) Training materials regarding certification of farming households

Not later than 180 days after September 19, 1988, and annually thereafter, the Secretary shall publish instructional materials specifically designed to be used by the State agency to provide intensive training to State agency personnel who undertake the certification of households that include a member who engages in farming.

§ 2026. Research, demonstration, and evaluations

(a) Contracts or grants; issuance of aggregate allotments

(1) The Secretary may enter into contracts with or make grants to public or private organizations or agencies under this section to undertake research that will help improve the administration and effectiveness of the supplemental nutrition assistance program in delivering nutrition-related benefits. The waiver authority of the Secretary under subsection (b) of this section shall extend to all contracts and grants under this section.

(2) The Secretary may, on application, permit not more than two State agencies to establish procedures that allow households whose monthly supplemental nutrition assistance program benefits do not exceed $20, at their option, to receive, in lieu of their supplemental nutrition assistance program benefits for the initial period under section 2017 of this title and their regular allotment in following months, and at intervals of up to 3 months thereafter, aggregate allotments not to exceed $60 and covering not more than 3 months' benefits. The allotments shall be provided in accordance with paragraphs (3) and (9) of section 2020(e) of this title (except that no household shall begin to receive combined allotments under this section until it has complied with all applicable verification requirements of section 2020(e)(3) of this title) and (with respect to the first aggregate allotment so issued) within 40 days of the last benefit issuance.

(b) Pilot projects

(1)(A) The Secretary may conduct on a trial basis, in one or more areas of the United States, pilot or experimental projects designed to test program changes that might increase the efficiency of the supplemental nutrition assistance program and improve the delivery of supplemental nutrition assistance program benefits to eligible households, and may waive any requirement of this chapter to the extent necessary for the project to be conducted.

(B) Projects conducted on a trial basis under subsection (A) are subject to the following restrictions:

(i) The project is consistent with the goal of the supplemental nutrition assistance program of providing food assistance to raise levels of nutrition among low-income individuals; and

(iii) Restrictions on permissible projects.—If the Secretary finds that a project under subparagraph (A) would reduce benefits by more than 20 percent for more than 5 percent of households in the area subject to the project (not including any household whose benefits are reduced due to a failure to comply with work or other conduct requirements), the project—

(I) may not include more than 15 percent of the number of households in the State receiving supplemental nutrition assistance program benefits; and

(II) shall continue for not more than 5 years after the date of implementation, unless the Secretary approves an extension requested by the State agency at any time.

(iv) Impermmissible projects.—The Secretary may not conduct a project under subparagraph (A) that—

(I) involves the payment of the value of an allotment in the form of cash or otherwise providing benefits in a form not restricted to the purchase of food, unless the project was approved prior to August 22, 1996;
(II) has the effect of substantially transfers-
ing funds made available under this chapter to
services or benefits provided primarily through
another public assistance program, or using the funds for any purpose other
than the purchase of food, program admin-
istration, or an employment or training pro-
gram;
(III) is inconsistent with—
   (aa) paragraphs (4) and (5) of section
   2012(n) of this title;
   (bb) the last sentence of section 2014(a)
of this title, insofar as a waiver denies as-
sistance to an otherwise eligible household
or individual if the household or individual
has not failed to comply with any work,
behavioral, or other conduct requirement
under this or another program;
   (cc) section 2014(c)(2) of this title;
   (dd) paragraph (2)(B), (4)(F)(i), or (4)(K)
of section 2015(d) of this title;
   (ee) section 2017(b) of this title;
   (ff) section 2020(e)(2)(B) of this title;
   (gg) the time standard under section
   2020(e)(3) of this title;
   (hh) subsection (a), (c), (g), (h)(2), or
   (h)(3) of section 2025 of this title;
   (ii) this paragraph; or
   (jj) subsection (a)(1) or (g)(1) of section
   2029 of this title;
(IV) modifies the operation of section 2014
of this title so as to have the effect of—
   (aa) increasing the shelter deduction to
   households with no out-of-pocket housing
   costs or housing costs that consume a low
   percentage of the household's income; or
   (bb) absolving a State from acting with
   reasonable promptness on substantial re-
   ported changes in income or household size
   (except that this subclause shall not apply
   with regard to changes related to supple-
   mental nutrition assistance program de-
   ductions);
(V) is not limited to a specific time period;
(VI) waives a provision of section 2025 of
this title; or
(VII) waives a provision of section 2016(i)
of this title.

(B) Notwithstanding paragraph (1), the Secretary may, as part of a project authorized under this paragraph, waive requirements under section 2015(d) of this title to permit a State to operate an employment and training program for supplemental nutrition assistance program recipients on the same terms and conditions under which the State operates its Job Opportunities and Basic Skills program for recipients of aid to families with dependent children under part F of title IV of the Social Security Act (42 U.S.C. 681 et seq.). Any work experience program conducted as part of the project shall be conducted in conformity with section 402(f) of such Act (42 U.S.C. 682(f)).

(C) A State seeking such a waiver shall provide assurances that the resulting employment and training program shall meet the requirements of subsections (a)(19) and (g) of section 402 of such Act (42 U.S.C. 682) (but not including the provision of transitional benefits under clauses (ii) through (vii) of section 402(g)(1)(A)), and sections 481 through 487 of such Act (42 U.S.C. 681 through 687). Each reference to “aid to families with dependent children” in such sections shall be deemed to be a reference to supplemental nutrition assistance program benefits for purposes of the demonstration project.

(D) Notwithstanding the other provisions of this paragraph, participation in an employment and training activity in which supplemental nutrition assistance program benefits are converted to cash shall occur only with the consent of the participant.

(E) For the purposes of any project conducted under this paragraph, the provisions of this chapter affecting the rights of recipients may be waived to the extent necessary to conform to the provisions of section 402, and sections 481 through 487 of the Social Security Act.

(F) At least 60 days prior to granting final approval of a project under this paragraph, the Secretary shall publish the terms and conditions for any demonstration project conducted under the paragraph for public comment in the Federal Register and shall notify the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(G) Waivers may be granted under this paragraph to conduct projects at any one time in a total of up to 60 project areas (or parts of project areas), as such areas are defined in regulations in effect on January 1, 1996.

(H) A waiver for a change in program rules may be granted under this paragraph only for a demonstration project that has been approved by the Secretary, that will be evaluated according to criteria prescribed by the Secretary, and that will be in operation for no more than 4 years.

(I) The Secretary may not grant a waiver under this paragraph on or after August 22, 1996. Any reference in this paragraph to a provision of title IV of the Social Security Act [42 U.S.C. 601 et seq.] shall be deemed to be a reference to such provision as in effect on the day before August 22, 1996.

(c) Evaluation measures; pilot programs for nutritional monitoring

The Secretary shall develop and implement measures for evaluating, on an annual or more frequent basis, the effectiveness of the supplemental nutrition assistance program in achieving its stated objectives, including, but not limited to, the program’s impact upon the nutritional and economic status of participating households, the program’s impact upon all sectors of the agricultural economy, including farmers and ranchers, as well as retail food stores, and the program’s relative fairness to households of different income levels, different age composition, different size, and different regions of residence. Further, the Secretary shall, by way of making contracts with or grants to public or private organizations or agencies, implement pilot programs to test various means of measuring on a continuing basis the nutritional status of low income people, with special emphasis on people who are eligible for supplemental nutrition assistance, in order to develop minimum common criteria and methods for systematic nutrition monitoring that could be applied on a nationwide basis. The locations of the pilot programs shall be selected to provide a representative geographic and demographic cross-section of political subdivisions that reflect natural usage patterns of health and nutritional services and that contain high proportions of low income people. The Secretary shall report on the progress of these pilot programs on an annual basis commencing on July 1, 1982, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate, together with such recommendations as the Secretary deems appropriate.

(1) Election to participate

(A) In general

Subject to the other provisions of this subsection, a State may elect to carry out an employment initiatives program under this subsection.

(B) Requirement

A State shall be eligible to carry out an employment initiatives program under this subsection only if not less than 50 percent of the households in the State that received supplemental nutrition assistance program benefits during the summer of 1993 also received benefits under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) during the summer of 1993.

(2) Procedure

(A) In general

A State that has elected to carry out an employment initiatives program under paragraph (1) may use amounts equal to the allotments that would otherwise be issued to a household under the supplemental nutrition assistance program, but for the operation of this subsection, to provide cash benefits in lieu of the allotments to the household if the household is eligible under paragraph (3).

(B) Payment

The Secretary shall pay to each State that has elected to carry out an employment initiatives program under paragraph (1) an amount equal to the value of the allotment that each household participating in the program in the State would be eligible to receive under this chapter but for the operation of this subsection.

(C) Other provisions

For purposes of the supplemental nutrition assistance program (other than this subsection)—

(i) cash assistance under this subsection shall be considered to be an allotment; and

(ii) each household receiving cash benefits under this subsection shall not receive any other supplemental nutrition assistance program benefits during the period for which the cash assistance is provided.

(D) Additional payments

Each State that has elected to carry out an employment initiatives program under paragraph (1) shall—

(i) increase the cash benefits provided to each household participating in the program in the State under this subsection to compensate for any State or local sales tax that may be collected on purchases of food by the household, unless the Secretary determines on the basis of information provided by the State that the increase is unnecessary on the basis of the limited nature of the items subject to the State or local sales tax; and

(ii) pay the cost of any increase in cash benefits required by clause (i).

(3) Eligibility

A household shall be eligible to receive cash benefits under paragraph (2) if an adult member of the household—

(D) is continuing to earn not less than $350 per month from the employment referred to in subparagraph (A); and

(E) elects to receive cash benefits in lieu of supplemental nutrition assistance program benefits under this subsection.

(4) Evaluation

A State that operates a program under this subsection for 2 years shall provide to the Secretary a written evaluation of the impact of
cash assistance under this subsection. The State agency, with the concurrence of the Secretary, shall determine the content of the evaluation.

The Secretary shall conduct a study of the effects of reductions made in benefits provided under this chapter pursuant to part 1 of subtitle A of title I of the Omnibus Budget Reconciliation Act of 1981, the Food Stamp and Commodity Distribution Amendments of 1981, the Food Stamp Act Amendments of 1982, and any other laws enacted by the Ninety-seventh Congress which relate to a supplemental nutrition assistance program. The study shall include a study of the effect of retrospective accounting and periodic reporting procedures established under such Acts, including the impact on benefit and administrative costs and on error rates and the degree to which eligible households are denied supplemental nutrition assistance program benefits for failure to file complete periodic reports. The Secretary shall submit to the Committee on Agriculture of the Senate an interim report on the results of such study no later than February 1, 1984, and a final report on the results of such study no later than March 1, 1985.

(f) Demonstration projects for development and use of intelligent benefit cards to pay benefits

In order to encourage States to plan, design, develop, and implement a system for making supplemental nutrition assistance program benefits available through the use of intelligent benefit cards or other automated or electronic benefit delivery systems, the Secretary may conduct one or more pilot or experimental projects, subject to the restrictions imposed by subsection (b)(1) of this section and section 2016(f)(2) of this title, designed to test whether the use of such cards or systems can enhance the efficiency and effectiveness of program operations while ensuring that individuals receive correct benefit amounts on a timely basis. Intelligent benefit cards developed under such a demonstration project shall contain information, encoded on a computer chip embedded in a credit card medium, including the eligibility of the individual and the amount of benefits to which such individual is entitled. Any other automated or electronic benefit delivery system developed under such a demonstration project shall be able to use a plastic card to access such information from a data file.

(g) Study of effectiveness of employment and training programs

In order to assess the effectiveness of the employment and training programs established under section 2015(d) of this title in placing individuals into the work force and withdrawing such individuals from the supplemental nutrition assistance program, the Secretary is authorized to carry out studies comparing the pre- and post-program labor force participation, wage rates, family income, level of receipt of supplemental nutrition assistance program and other transfer payments, and other relevant information, for samples of participants in such employment and training programs as compared to the appropriate control or comparison groups that did not participate in such programs. Such studies shall, to the maximum extent possible—

(1) collect such data for up to 3 years after the individual has completed the employment and training program; and

The Secretary shall conduct a sufficient number of demonstration projects to evaluate the effects, in both rural and urban areas, of including in financial resources under section 2014(g) of this title the fair market value of licensed vehicles to the extent the value of each vehicle exceeds $4,500, but excluding the value of—

(1) any licensed vehicle that is used to produce earned income, necessary for transportation of an elderly or physically disabled household member, or used as the household’s home; and

The Secretary shall conduct, under such terms and conditions as the Secretary shall prescribe, for a period not to exceed 4 years, projects to test allowing not more than 11,000 eligible households, in the aggregate, to accumulate resources up to $10,000 each (which shall be excluded from consideration as a resource) for later expenditure for a purpose directly related to improving the education, training, or employability (including self-employment) of household members, for the purchase of a home for the household, for a change of the household’s residence, or for making major repairs to the household’s home.

(j) Demonstration projects directed at benefit trafficking

The Secretary shall use up to $4,000,000 of the funds provided in advance in appropriations Acts for projects authorized by this section to conduct demonstration projects in which State or local supplemental nutrition assistance program agencies test innovative ideas for working with State or local law enforcement agencies to investigate and prosecute benefit trafficking.

(k) Pilot projects to evaluate health and nutrition promotion in the supplemental nutrition assistance program

(1) In general

The Secretary shall carry out, under such terms and conditions as the Secretary considers to be appropriate, pilot projects to develop and test methods—

(a) Authorization of allotments; monthly reports of expenditures to Congressional committees; restriction on use of funds; nutrition education improvements

(1) To carry out this chapter, there are authorized to be appropriated such sums as are necessary for each of fiscal years 2008 through 2012. Not to exceed one-fourth of 1 per centum of the previous year’s appropriation is authorized in each such fiscal year to carry out the provisions of section 2026 of this title, subject to paragraph (3).

(2) No funds authorized to be appropriated under this chapter or any other Act of Congress shall be used by any person, firm, corporation, group, or organization at any time, directly or indirectly, to interfere with or impede the implementation of any provision of this chapter or any rule, regulation, or project thereunder, except that this limitation shall not apply to the provision of legal and related assistance in connection with any proceeding or action before any State or Federal agency or court. The President deems appropriate.

(3)(A) Of the amounts made available under the second sentence of paragraph (1), not more than $2,000,000 in any fiscal year may be used by the Secretary to make 2-year competitive grants that will—

(i) enhance interagency cooperation in nutrition education activities; and

(ii) develop cost effective ways to inform people eligible for supplemental nutrition assistance program benefits about nutrition, resource management, and community nutrition education programs, such as the expanded food and nutrition education program.

(B) The Secretary shall make awards under this paragraph to one or more State cooperative extension services (as defined in section 3103 of this title) who shall administer the grants in coordination with other State or local agencies serving low-income people.

(c) Manner of reducing allotments

In prescribing the manner in which allotments will be reduced under subsection (b) of this section, the Secretary shall ensure that such reductions reflect, to the maximum extent practicable, the ratio of household income, determined under sections 2014(d) and 2014(e) of this title, to the income standards of eligibility, for households of equal size, determined under section 2014(c) of this title. The Secretary may, in prescribing the manner in which allotments will be reduced, establish (1) special provisions applicable to persons sixty years of age or over and persons who are physically or mentally handicapped or otherwise disabled, and (2) minimum allotments after any reductions are otherwise determined under this section.

(d) Requisite action by Secretary to reduce allotments; statement to Congressional committees

Not later than sixty days after the issuance of a report under subsection (a) of this section in which the Secretary expresses the belief that reductions in the value of allotments to be issued to households certified to participate in the supplemental nutrition assistance program will be necessary, the Secretary shall take the requisite action to reduce allotments in accordance with the requirements of this section. Not later than seven days after the Secretary takes any action to reduce allotments under this section, the Secretary shall furnish the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a statement setting forth (1) the basis of the Secretary’s determination, (2) the manner in which the allotments will be reduced, and (3) the action that has been taken by the Secretary to reduce the allotments.

§ 2031. Minnesota Family Investment Project

(a) In general

(1) Subject to paragraph (2), upon written application of the State of Minnesota that complies with this section and sections 6 to 11, 13, 190, and 132 of article 5 of 282 of the 1989 Laws of Minnesota, and after approval of such application by the Secretary in accordance with subsections (b) and (d) of this section, the State may implement a family investment demonstration project (hereinafter in this section referred to as the “Project”) in parts of the State to determine whether the Project more effectively helps families to become self-supporting and enhances their ability to care for their children than do the supplemental nutrition assistance program and programs under parts A and F of title IV of the Social Security Act [42 U.S.C. 601 et seq.]. The State may provide cash payments under the Project, subject to paragraph (2), that replace assistance otherwise available under the supplemental nutrition assistance program and under part A of title IV of the Social Security Act.

(2) The Project may be implemented only in accordance with this section and only if the Secretary of Health and Human Services approves an application submitted by the State permitting the State to include in the Project families who are eligible to receive benefits under part A of title IV of the Social Security Act.

(b) Required terms and conditions of Project

The application submitted by the State under subsection (a) of this section shall provide an assurance that the Project shall satisfy all of the following requirements:

(1) Only families may be eligible to receive assistance and services through the Project.

(2) Participating families, families eligible for or participating in the program authorized under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] or the supplemental nutrition assistance program that are assigned to and found eligible for the Project, and families required to submit an application for the Project that are found eligible for the Project shall be ineligible to receive benefits under the supplemental nutrition assistance program.

(3)(A) Subject to the provisions of this paragraph and any reduction imposed under section (c)(3) of this section, the value of assistance provided to participating families shall not be less than the aggregate value of the assistance such families could receive under the supplemental nutrition assistance program and part A of title IV of the Social Security Act if such families did not participate in the Project.

(B) For purposes of satisfying the requirement specified in subparagraph (A)—

(i) payments for child care expenses under the Project shall be considered part of the value of assistance provided to participating families with earnings;

(ii) payments for child care expenses for families without earnings shall not be considered part of the value of assistance provided to participating families without earnings;

(iii) any child support payments not assigned to the State under the provisions of part A of title IV of the Social Security Act, less $50 per month, shall be considered part of the aggregate value of assistance participating families would receive if such families did not participate in the Project;

(iv) increase the amount of assistance provided under the Project to any family that could receive more assistance, in the aggregate, under the supplemental nutrition assistance program and part A of title IV of the Social Security Act if such family did not participate in the Project; and

(v) increase the amount of assistance paid to participating families, if the State or locality imposes a sales tax on food, by the amount needed to compensate for the tax.

This subparagraph shall not be construed to require the State to make the determination under clause (ii) for families that do not have a set of characteristics identified under clause (i).

(D)(i) The State shall designate standardized amounts of assistance provided as food assistance under the Project and notify monthly

1 See References in Text note below.
each participating family of such designated amount.

(ii) The amount of food assistance so designated shall be at least the value of benefits such family could have received under the supplemental nutrition assistance program if the Project had not been implemented. The provisions of this subparagraph shall not require that the State make individual determinations as to the amount of assistance under the Project designated as food assistance.

(iii) The State shall periodically allow participating families the option to receive such food assistance in the form of benefits.

(E)(i) Individuals ineligible for the Project who are members of a household including a participating family shall have their eligibility for the supplemental nutrition assistance program determined and have their benefits calculated and issued following the standards established under the supplemental nutrition assistance program, except as provided differently in this subparagraph.

(ii) The State agency shall determine such individuals’ eligibility for benefits under the supplemental nutrition assistance program and the amount of such benefits without regard to the participating family.

(iii) In computing such individuals’ income for purposes of determining eligibility (under section 2014(c)(1) of this title) and benefits, the State agency shall apply the maximum excess shelter expense deduction specified under section 2014(e) of this title.

(iv) Such individuals’ monthly allotment shall be the higher of $10 or 75 percent of the amount calculated following the standards of the supplemental nutrition assistance program and the foregoing requirements of this subparagraph, rounded to the nearest lower whole dollar.

(4) The Project shall include education, employment, and training services equivalent to those offered under the employment and training program described in section 2015(d)(4) of this title to families similar to participating families elsewhere in the State.

(5) The State may select families for participation in the Project through submission and approval of an application for participation in the Project or by assigning to the Project families that are determined eligible for or are participating in the program authorized by part A of title IV of the Social Security Act or the supplemental nutrition assistance program.

(6) Whenever selection for participation in the Project is accomplished through submission and approval of an application for the Project—

(A) the State shall promptly determine eligibility for the Project, and issue assistance to eligible families, retroactive to the date of application, not later than thirty days following the family’s filing of an application;

(B) in the case of families determined ineligible for the Project upon application, the application for the Project shall be deemed an application for the supplemental nutrition assistance program, and benefits under the supplemental nutrition assistance program shall be issued to those found eligible following the standards established under the supplemental nutrition assistance program;

(C) expedited benefits shall be provided under terms no more restrictive than under paragraph (9) of section 2020(e) of this title and the laws of Minnesota and shall include expedited issuance of designated food assistance provided through the Project or expedited benefits through the supplemental nutrition assistance program;

(D) each individual who contacts the State in person during office hours to make what may reasonably be interpreted as an oral or written request to receive financial assistance shall receive and shall be permitted to file an application form on the same day such contact is first made:

(E) provision shall be made for telephone contact by, mail delivery of forms to and mail return of forms by, and subsequent home or telephone interview with, elderly individuals, physically or mentally handicapped individuals, and individuals otherwise unable to appear in person solely because of transportation difficulties and similar hardships;

(F) a family may be represented by another person if the other person has clearly been designated as the representative of such family for that purpose and the representative is an adult who is sufficiently aware of relevant circumstances, except that the State may—

(i) restrict the number of families who may be represented by such person; and

(ii) otherwise establish criteria and verification standards for representation under this subparagraph; and

(G) the State shall provide a method for reviewing applications to participate in the Project submitted by, and distributing assistance under the Project to, families that do not reside in permanent dwellings or who have no fixed mailing address.

(7) Whenever selection for participation in the Project is accomplished by assigning families that are determined eligible for or participating in the program authorized by part A of title IV of the Social Security Act or the supplemental nutrition assistance program—

(A) the State shall provide eligible families assistance under the Project no later than benefits would have been provided following the standards established under the supplemental nutrition assistance program; and

(B) the State shall ensure that assistance under the Project is provided so that there is no interruption in benefits for families participating in the program under part A of title IV of the Social Security Act or the supplemental nutrition assistance program—

(8) Paragraphs (1)(B) and (8) of section 2020(e) of this title shall apply with respect to applicants and participating families in the same manner as such paragraphs apply with respect to applicants and participants in the supplemental nutrition assistance program.
(9) Assistance provided under the Project shall be reduced to reflect the pro rata value of any benefits received under the supplemental nutrition assistance program for the same period.

(10) (A) The State shall provide each family or family member whose participation in the Project ends and each family whose participation is terminated with notice of the existence of the supplemental nutrition assistance program and the person or agency to contact for more information.

(B) (i) Following the standards specified in subparagraph (C), the State shall ensure that benefits under the supplemental nutrition assistance program are provided to participating families in case the Project is terminated or to participating families or family members that are determined ineligible for the Project because of income, resources, or change in household composition, if such families or individuals are determined eligible for the supplemental nutrition assistance program. Food benefits shall be issued to eligible families and individuals described in this clause retroactive to the date of termination from the Project; and

(ii) If sections 256.031 through 256.036 of the Minnesota Statutes, 1989 Supplement, or Minnesota Laws 1989, chapter 292, article 8, section 130, are amended to reduce or eliminate benefits provided under those sections or restrict the rights of Project applicants or participating families, the State shall exclude from the Project applicants or participating families or individuals affected by such amendments and follow the standards specified in subparagraph (C), except that the State shall continue to pay from State funds an amount equal to the food assistance portion to such families and individuals until the State determines eligibility or ineligibility for the supplemental nutrition assistance program or the family or individual has failed to supply the needed additional information within ten days. Food benefits shall be provided to families and individuals excluded from the Project under this clause who are determined eligible for the supplemental nutrition assistance program retroactive to the date of the determination of eligibility. The Secretary shall pay to the State the value of the benefits for which such families and individuals would have been eligible in the absence of food assistance payments under this clause from the date of termination from the Project to the date benefits are provided.

(C) Each family whose Project participation is terminated shall be screened for potential eligibility for the supplemental nutrition assistance program and if the screening indicates potential eligibility, the family or family member shall be given a specific request to supply all additional information needed to determine such eligibility and assistance in completing a signed supplemental nutrition assistance program application including provision of any relevant information obtained by the State for purpose of the Project. If the family or family member supplies such additional information within ten days after receiving the request, the State shall, within five days after the State receives such information, determine whether the family or family member is eligible for the supplemental nutrition assistance program. Each family or family member who is determined through the screening or otherwise to be ineligible for the supplemental nutrition assistance program shall be notified of that determination.

(11) Section 2020(e)(10) of this title shall apply with respect to applicant and participating families in the same manner as such paragraph applies with respect to applicants and participants in the supplemental nutrition assistance program, except that families shall be given notice of any action for which a hearing is available in a manner consistent with the notice requirements of the regulations implementing sections 402(a)(4) and 482(h)\(^1\) of the Social Security Act [42 U.S.C. 602(a)(4)].

(12) For each fiscal year, the Secretary shall not be liable for any costs related to carrying out the Project in excess of those that the Secretary would have been liable for had the Project not been implemented, except for costs for evaluating the Project, but shall adjust for the full amount of the federal share of increases or decreases in costs that result from changes in economic, demographic, and other conditions in the State based on data specific to the State, changes in eligibility or benefit levels authorized by this chapter, or changes in amounts of Federal funds available to States and localities under the supplemental nutrition assistance program.

(13) The State shall carry out the supplemental nutrition assistance program throughout the State while the State carries out the Project.

(14) (A) Except as provided in subparagraph (B), the State will carry out the Project during a five-year period beginning on the date the first family receives assistance under the Project.

(B) The Project may be terminated—

(1) by the State one hundred and eighty days after the State gives notice to the Secretary that it intends to terminate the Project;

(2) by the Secretary one hundred and eighty days after the Secretary, after notice and an opportunity for a hearing, determines that the State materially failed to comply with this section; or

(3) whenever the State and the Secretary jointly agree to terminate the Project.

(15) Not more than six thousand families may participate in the Project simultaneously.

(c) Additional terms and conditions of Project

The Project shall be subject to the following additional terms and conditions:

(1) The State may require any parent in a participating family to participate in education, employment, or training requirements unless the individual is a parent in a family with one parent who—

(A) is ill, incapacitated, or sixty years of age or older;

(B) is needed in the home because of the illness or incapacity of another family member;
(C) is the parent of a child under one year of age and is personally providing care for the child;

(D) is the parent of a child under six years of age and is employed or participating in education or employment and training services for twenty or more hours a week;

(E) works thirty or more hours a week or, if the number of hours worked cannot be verified, earns at least the Federal minimum hourly wage rate multiplied by thirty per week; or

(F) is in the second or third trimester of pregnancy.

(2) The State shall not require any parent of a child under six years of age in a participating family with only one parent to be employed or participate in education or employment and training services for more than twenty hours a week.

(3) For any period during which an individual required to participate in education, employment, or training requirements fails to comply without good cause with a requirement imposed by the State under paragraph (1), the amount of assistance to the family under the Project may be reduced by an amount not more than 10 percent of the assistance the family would be eligible for with no income other than that from the Project.

(d) Funding

(1) If an application submitted under subsection (a) of this section complies with the requirements specified in subsection (b) of this section, then the Secretary shall—

(A) approve such application; and

(B) subject to subsection (b)(12) of this section from the funds appropriated under this chapter provide grant awards and pay the State each calendar quarter for—

(i) the cost of food assistance provided under the Project equal to the amount that would have otherwise been issued in the form of benefits under the supplemental nutrition assistance program the Project not been implemented, as estimated under a methodology satisfactory to the Secretary after negotiations with the State; and

(ii) the administrative costs incurred by the State to provide food assistance under the Project that are authorized under subsections (a), (g), (h)(2), and (h)(3) of section 2025 of this title equal to the amount that otherwise would have been paid under such subsections had the Project not been implemented, as estimated under a methodology satisfactory to the Secretary after negotiations with the State: Provided, That payments made under subsection (g) of section 2025 of this title shall equal payments that would have been made if the Project had not been implemented.

(2) The Secretary shall periodically adjust payments made to the State under paragraph (1) to reflect—

(A) the cost of benefits issued to individuals ineligible for the Project specified in subsection (b)(3)(E) of this section in excess of the amount that would have been issued to such individuals had the Project not been implemented, as estimated under a methodology acceptable to the Secretary; and

(B) the cost of benefits issued to families exercising the option specified in subsection (b)(3)(D)(ii) of this section in excess of the amount that would have been issued to such individuals had the Project not been implemented, as estimated under a methodology acceptable to the Secretary.

(e) Waiver

With respect to the Project, the Secretary shall waive compliance with any requirement contained in this chapter (other than this section) that, if applied, would prevent the State from carrying out the Project or effectively achieving its purpose.

(f) Project audits

The Comptroller General of the United States shall—

(1) conduct periodic audits of the operation of the Project to verify the amounts payable to the State from time to time under subsection (d) of this section; and

(2) submit to the Secretary, the Secretary of Health and Human Services, the Committee on Agriculture of the House of Representatives, and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report describing the results of each such audit.

(g) Construction

(1) For purposes of any Federal, State, or local law other than part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] or this chapter—

(A) cash assistance provided under the Project that is designated as food assistance by the State shall be treated in the same manner as benefits allotments under the supplemental nutrition assistance program are treated; and

(B) participating families shall be treated in the same manner as participants in the supplemental nutrition assistance program are treated.

(2) Nothing in this section shall—

(A) allow payments made to the State under the Project to be less than the amounts the State and eligible households within the State would have received if the Project had not been implemented; or

(B) require the Secretary to incur costs as a result of the Project in excess of costs that
would have been incurred if the Project had not been implemented, except for costs for evaluation.

(h) Quality control

Participating families shall be excluded from any sample taken for purposes of making any determination under section 2025(c) of this title. For purposes of establishing the total value of allotments under sections 2025(c)(1) of this title, benefits and the amount of federal liability for food assistance provided under the Project as limited by subsection (b)(12) of this section shall be treated as allotments issued under the supplemental nutrition assistance program.

(i) Evaluation

(1) The State shall develop and implement a plan for an independent evaluation designed to provide reliable information on Project impacts and implementation. The evaluation will include treatment and control groups and will include random assignment of families to treatment and control groups in an urban setting. The evaluation plan shall satisfy the evaluation concerns of the Secretary of Agriculture such as effects on benefits to participants, costs of the Project, payment accuracy, administrative consequences, any reduction in welfare dependency, any reduction in total assistance payments, and the consequences of cash payments on household expenditures, and food consumption. The evaluation plan shall take into consideration the evaluation requirements and administrative obligations of the State. The evaluation will measure the effects of the Project in regard to goals of increasing family income, prevention of long-term dependency, movement toward self-support, and simplification of the welfare system.

(2) The State shall pay 50 percent of the cost of developing and implementing such plan and the Federal Government shall pay the remainder.

(c), criminal penalties for section 2045(f) violations, including regulations, respect to obtaining, suspension, or revocation of certificates of registration.

Section 2050a, Pub. L. 88–882, § 12, as added Pub. L. 93–518, § 14(a), Dec. 7, 1974, 88 Stat. 1657, provided, for civil relief, covering in: subsec. (a), Federal court jurisdiction; subsec. Cotton is the basic natural fiber of the Nation. It is produced by many individual cottongrowers throughout the various cotton-producing States of the Nation and also outside the United States. Cotton moves in the channels of interstate and foreign commerce and such cotton which does not move in such channels directly burdens or affects interstate commerce in cotton and cotton products. The efficient production of cotton and the maintenance and expansion of existing markets and the development of new or improved markets and uses is vital to the welfare of cottongrowers and those concerned with marketing, using, and processing cotton as well as the general economy of the Nation. The great inroads on the market and uses for cotton which have been made by manmade fibers have been largely the result of extensive research and promotion which have not been effectively matched by cotton research and promotion. The production and marketing of cotton by numerous individual farmers have prevented the development and carrying out of adequate and coordinated programs of research and promotion necessary to the maintenance and improvement of the competitive position of, and markets for, cotton. Without an effective and coordinated method for assuring cooperative and collective action in providing for, and financing such programs, individual cotton farmers are unable adequately to provide or obtain the research and promotion necessary to maintain and improve markets for cotton.

It has long been found to be in the public interest to have, or endeavor to have, a reasonable balance between the supply of and demand for cotton grown in this country. To serve this public interest the Congress has provided for the comprehensive exercise of regulatory authority in regulating the handling of such cotton supplemented by price-support programs with the objective of adjusting supply to demand in the interest of benefitting producers and all others concerned with the production and handling of cotton as well as the general economy of the country. In order for the objective of such programs to be effectuated to the fullest degree, it is necessary that the existing regulation of marketing be supplemented by providing as part of the overall governmental program for effectuating this objective, means of increasing the demand for cotton with the view of eventually reducing or eliminating the need for limiting marketings and supporting the price of cotton. It is therefore declared to be the policy of the Congress and the purpose of this chapter that it is essential in the public interest through the exercise of the powers provided herein, to authorize and enable the establishment of an orderly procedure for the development, financing through adequate assessments on all cotton marketed in the United States and on imports of cotton, and carrying out an effective and continuous coordinated program of research and promotion designed to strengthen cotton’s competitive position and to maintain and expand domestic and foreign markets and uses for United States cotton.

§ 2101. Congressional declaration of policy

Congressional declaration of policy

Cotton is the basic natural fiber of the Nation. It is produced by many individual cottongrowers throughout the various cotton-producing States of the Nation and also outside the United States. Cotton moves in the channels of interstate and foreign commerce and such cotton which does not move in such channels directly burdens or affects interstate commerce in cotton and cotton products. The efficient production of cotton and the maintenance and expansion of existing markets and the development of new or improved markets and uses is vital to the welfare of cottongrowers and those concerned with marketing, using, and processing cotton as well as the general economy of the Nation. The great inroads on the market and uses for cotton which have been made by manmade fibers have been largely the result of extensive research and promotion which have not been effectively matched by cotton research and promotion. The production and marketing of cotton by numerous individual farmers have prevented the development and carrying out of adequate and coordinated programs of research and promotion necessary to the maintenance and improvement of the competitive position of, and markets for, cotton. Without an effective and coordinated method for assuring cooperative and collective action in providing for, and financing such programs, individual cotton farmers are unable adequately to provide or obtain the research and promotion necessary to maintain and improve markets for cotton.

It has long been found to be in the public interest to have, or endeavor to have, a reasonable balance between the supply of and demand for cotton grown in this country. To serve this public interest the Congress has provided for the comprehensive exercise of regulatory authority in regulating the handling of such cotton supplemented by price-support programs with the objective of adjusting supply to demand in the interest of benefitting producers and all others concerned with the production and handling of cotton as well as the general economy of the country. In order for the objective of such programs to be effectuated to the fullest degree, it is necessary that the existing regulation of marketing be supplemented by providing as part of the overall governmental program for effectuating this objective, means of increasing the demand for cotton with the view of eventually reducing or eliminating the need for limiting marketings and supporting the price of cotton. It is therefore declared to be the policy of the Congress and the purpose of this chapter that it is essential in the public interest through the exercise of the powers provided herein, to authorize and enable the establishment of an orderly procedure for the development, financing through adequate assessments on all cotton marketed in the United States and on imports of cotton, and carrying out an effective and continuous coordinated program of research and promotion designed to strengthen cotton’s competitive position and to maintain and expand domestic and foreign markets and uses for United States cotton.

AMENDMENTS

1990—Pub. L. 101–624, in first undesignated par., inserted “and also outside the United States”, struck out “in large part” before “in the channels of interstate”. “All cotton produced in the United States is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects interstate or foreign commerce in cotton and cotton products.” before “The efficient production”, and “In the years since World War II, United States cotton and the products thereof have been confronted with intensive competition, both at home and abroad, from foreign-grown cotton and from other fibers, primarily manmade fibers.” after “economy of the Nation.”, and substituted “The great in-
roads on the market and uses for” for “The great inroads on the market and uses for United States” and, in third undesignated par., substituted “marketed” for “harvested” and inserted “and on imports of cotton”.

Any such contract or agreement shall provide that such contracting organization or association shall develop and submit annually to the Cotton Board the purpose of review and making recommendations to the Secretary, a program of research, advertising, and sales promotion projects, together with a budget, or budgets, which shall show the estimated cost to be incurred for such projects, and that any such projects shall become effective upon approval by the Secretary. § 2107. Referenda

(a) Referendum and cotton producer approval of orders

The Secretary shall conduct a referendum among persons who, during a representative period determined by the Secretary, have been engaged in the production of cotton for the purpose of ascertaining whether the issuance of an order is approved or favored by producers. No order issued pursuant to this chapter shall be effective unless the Secretary determines that the issuance of such order is approved or favored by not less than two-thirds of the producers voting in such referendum, or by the producers of not less than two-thirds of the cotton produced during the representative period by producers voting in such referendum and by not less than a majority of the producers voting in such referendum.

(b) Referendum on proposed amendment to order implementing provisions of 1990 amendments to this chapter

(1) Notwithstanding the provisions of sections 2103 and 2104 of this title, not later than 150 days after the date of enactment of the Cotton Research and Promotion Act Amendments of 1990 (November 28, 1990), and after notice and opportunity for public comment, the Secretary shall issue a proposed amendment to the order implementing the provisions of such Act, which shall become effective as provided in paragraph (2).

(2) Notwithstanding the provisions of subsection (a) of this section, the Secretary shall, within a period not to exceed 8 months after November 28, 1990, conduct a referendum among persons who have been cotton producers during a representative period, as determined by the Secretary, and persons who are importers of cotton and who, during a 12-month period ending not later than 90 days prior to the conduct of the referendum under this section imported a quantity of cotton in excess of the de minimis quantity (if any) established by the Secretary under section 2116(c)(2) of this title, for the purpose of ascertaining if a majority of those voting approve the proposed amendment to the order issued by the Secretary under paragraph (1). The Secretary shall announce the results of the referendum within 30 days after the date of such referendum. If the amendment is approved in the referendum, within a period not to exceed 90 days from the date of announcement of the results of such referendum, the Secretary shall publish the amendment to the order and regulations implementing the amendment provided for in this subsection.

(c) Future referendums every five years or by request of cotton producers and importers

(1) Notwithstanding the provisions of sections 2103 and 2104 of this title, once every five years after the date of the referendum provided for under subsection (b) of this section, the Secretary shall conduct a review to ascertain whether a referendum is needed to determine whether producers and importers favor continuation of the amendment to the order provided for in the Cotton Research and Promotion Act Amendments of 1990 if such amendment is then in effect or, if such an amendment is not in effect, whether they favor approval of such amendment. The Secretary shall make a public announcement of the results of the review within 60 days after each fifth anniversary date of the referendum provided for under subsection (b) of this section. If the Secretary determines to provide for such a referendum, the Secretary shall conduct the referendum within 12 months after a public announcement of the determination to conduct the referendum.

(2) If the Secretary does not provide for such a referendum on the Secretary’s own initiative, the Secretary shall conduct such a referendum upon the request of 10 percent or more of the number of cotton producers and importers voting in the most recent referendum, except that, in counting such requests for a referendum, not more than 20 percent of such requests may be from producers from any one State or importers of cotton. Producers and importers may sign up to request such a referendum at the county office of the Agricultural Stabilization and Conservation Service, or county extension agent, or by mailing such a request to the Secretary, as prescribed in regulations. The sign-up period shall be for a period not to exceed 90 days, shall commence 60 days after the Secretary makes a public announcement of a determination not to provide for such a referendum on the Secretary’s own initiative, and shall be publicized by the Secretary and the Cotton Board immediately after such public announcement. The referendum shall be held within 12 months after the end of the sign-up period, if requested by the requisite number of persons.

(3) The amendment to the order provided for in this subsection shall not be effective if it is disapproved by a majority of cotton producers and importers of cotton voting in the referendum.

§ 2113. Certification of cotton producer organizations
The eligibility of each cotton producer organization to represent cotton producers of a cotton producing State to request the issuance of an order under section 2103 of this title, and to participate in the making of nominations under section 2106(b) of this title shall be certified by the Secretary and shall be based in addition to other available information upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including the following:
(a) Geographic territory within the State covered by the organization’s active membership;
(b) Nature and size of the organization’s active membership in the State, proportion of total of such active membership accounted for by farmers, a map showing the cotton-producing counties in such State in which the organization has members, the volume of cotton produced in each such county, the number of cotton producers in each such county, and the size of the organization’s active cotton producer membership in each such county;
(c) The extent to which the cotton producer membership of such organization is represented in setting the organization’s policies;
(d) Evidence of stability and permanency of the organization;
(e) Sources from which the organization’s operating funds are derived;
(f) Functions of the organization; and
(g) The organization’s ability and willingness to further the aims and objectives of this chapter.

Provided, however, That the primary consideration in determining the eligibility of an organization shall be whether its cotton farmer membership consists of a sufficiently large number of the cotton producers who produce a relatively significant volume of cotton to reasonably warrant its participation in the nomination of members for the Cotton Board. The Secretary shall certify any cotton producer organization which he finds to be eligible under this section, and his determination as to eligibility shall be final.

§ 2114. Rules and regulations
The Secretary is authorized to make such regulations with the force and effect of law, as may be necessary to carry out the provisions of this chapter and the powers vested in him by this chapter.

§ 2115. Investigations by Secretary; subpoenas; oaths and affirmations; judicial aid
The Secretary may make such investigations as he deems necessary for the effective carrying
out of his responsibilities under this chapter or to determine whether a handler or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this chapter or of any order, or rule or regulation issued under this chapter. For the purpose of any such investigation, the Secretary is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena issued to, any person, including a handler, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Secretary, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found.

(1) to insure that animals intended for use in research facilities or for exhibition purposes or for use as pets are provided humane care and treatment;

(2) to assure the humane treatment of animals during transportation in commerce; and

(3) to protect the owners of animals from the theft of their animals by preventing the sale or use of animals which have been stolen.

The Congress further finds that it is essential to regulate, as provided in this chapter, the transportation, purchase, sale, housing, care, handling, and treatment of animals by carriers or by persons or organizations engaged in using them for research or experimental purposes or for exhibition purposes or holding them for sale as pets or for any such purpose or use.

(f) Suspension or revocation of Federal support for research projects; prerequisites; appeal procedure

In any case in which a Federal agency funding a research project determines that conditions of animal care, treatment, or practice in a particular project have not been in compliance with standards promulgated under this chapter, despite notification by the Secretary or such Federal agency to the research facility and an opportunity for correction, such agency shall suspend or revoke Federal support for the project. Any research facility losing Federal support as a result of actions taken under the preceding sentence shall have the right of appeal as provided in sections 701 through 706 of title 5.

or department, agency, or instrumentality of the United States or of any State or local government, to any intermediate handler or carrier for transportation in commerce, or received by any such handler or carrier for such transportation from any such handler, department, agency, or instrumentality, unless the animal is accompanied by a certificate issued by a veterinarian licensed to practice veterinary medicine, certifying that he inspected the animal on a specified date, which shall not be more than ten days before such delivery, and, when so inspected, the animal appeared free of any infectious disease or physical abnormality which would endanger the animal or animals or other animals or endanger public health: Provided, however, That the Secretary may by regulation provide exceptions to this certification requirement, under such conditions as he may prescribe in the regulations, for animals shipped to research facilities for purposes of research, testing or experimentation requiring animals not eligible for such certification. Such certificates received by the intermediate handlers and the carriers shall be retained by them, as provided by regulations of the Secretary, in accordance with section 2140 of this title.

(g) Age of animals delivered to registered research facilities; power of Secretary to designate additional classes of animals and age limits

No dogs or cats, or additional kinds or classes of animals designated by regulation of the Secretary, shall be delivered by any person to any intermediate handler or carrier for transportation in commerce except to registered research facilities if they are less than such age as the Secretary may by regulation prescribe. The Secretary shall designate additional kinds and classes of animals and may prescribe different ages for particular kinds or classes of dogs, cats, or designated animals, for the purposes of this section, when he determines that such action is necessary or adequate to assure their humane treatment in connection with their transportation in commerce.

(h) Prohibition of C.O.D. arrangements for transportation of animals in commerce; exceptions

No intermediate handler or carrier involved in the transportation of any animal in commerce shall participate in any arrangement or engage in any practice under which the cost of such animal or the cost of the transportation of such animal is to be paid and collected upon delivery of the animal to the consignee, unless the consignor guarantees in writing the payment of transportation charges for any animal not claimed within a period of 48 hours after notice to the consignee of arrival of the animal, including, where necessary, both the return transportation charges and an amount sufficient to reimburse the carrier for all out-of-pocket expenses incurred for the care, feeding, and storage of such animals.
