(2) Value of certificates or payments

The value of the marketing certificates or cash payments shall be based on the amount of the difference (reduced by 1.25 cents per pound) in the prices during the 4th week of the consecutive 4-week period multiplied by the quantity of upland cotton included in the documented sales.
(3) Administration of marketing certificates

(A) Redemption, marketing, or exchange

The Secretary shall establish procedures for redeeming marketing certificates for cash or marketing or exchange of the certificates for agricultural commodities owned by the Commodity Credit Corporation or pledged to the Commodity Credit Corporation as collateral for a loan in such manner, and at such price levels, as the Secretary determines will best effectuate the purposes of cotton user marketing certificates, including enhancing the competitiveness and marketability of United States cotton. Any price restrictions that would otherwise apply to the disposition of agricultural commodities by the Commodity Credit Corporation shall not apply to the redemption of certificates under this subsection.

(B) Designation of commodities and products

To the extent practicable, the Secretary shall permit owners of certificates to designate the commodities and products, including storage sites, the owners would prefer to receive in exchange for certificates.

(C) Transfers

Marketing certificates issued to domestic users and exporters of upland cotton may be transferred to other persons in accordance with regulations issued by the Secretary.

(1) Establishment

(A) In general

The President shall carry out an import quota program during the period ending July 31, 2003, as provided in this subsection.

(B) Program requirements

Except as provided in subparagraph (C), whenever the Secretary determines and announces that for any consecutive 4-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 13⁄4-inch cotton, delivered C.I.F. Northern Europe, adjusted for the value of any certificate issued under subsection (a) of this section, exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special import quota.

(C) Tight domestic supply

During any month for which the Secretary estimates the season-ending United States upland cotton stocks-to-use ratio, as determined under subparagraph (D), to be below 16 percent, the Secretary, in making the determination under subparagraph (B), shall not adjust the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 13⁄4-inch cotton, delivered C.I.F. Northern Europe, for the value of any certificate issued under subsection (a) of this section.

(D) Season-ending United States stocks-to-use ratio

For the purposes of making estimates under subparagraph (C), the Secretary shall, on a monthly basis, estimate and report the season-ending United States upland cotton stocks-to-use ratio, excluding projected raw cotton imports but including the quantity of raw cotton that has been imported into the United States during the marketing year.

(2) Quantity

The quota shall be equal to 1 week’s consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the most recent 3 months for which data are available.

(3) Application

The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary’s announcement under paragraph (1) and entered into the United States not later than 180 days after the date.

(5) Preferential tariff treatment

The quantity under a special import quota shall be considered to be an in-quota quantity for purposes of—

(A) section 2703(d) of title 19;

(c) Limited global import quota for upland cotton

(1) In general

The President shall carry out an import quota program that provides that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of such quality of cotton in the markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a limited global import quota subject to the following conditions:

(A) Quantity

The quantity of the quota shall be equal to 21 days of domestic mill consumption of up-
land cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available.

(B) Quantity if prior quota

If a quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated under subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.

(C) Preferential tariff treatment

The quantity under a limited global import quota shall be considered to be an import quantity for purposes of—

(i) section 2703(d) of title 19;
(ii) section 3203 of title 19;
(iii) section 2463(d) of title 19; and

(b) Payments under program; trigger

Under the program, the Secretary shall make payments available under this section whenever—

1. for a consecutive 4-week period, the world market price for the lowest priced competing growth of extra long staple cotton (adjusted to United States quality and location and for other factors affecting the competitiveness of such cotton), as determined by the Secretary, is below the prevailing United States price for a competing growth of extra long staple cotton; and

2. the lowest priced competing growth of extra long staple cotton (adjusted to United States quality and location and for other factors affecting the competitiveness of such cotton), as determined by the Secretary, is less than 134 percent of the loan rate for extra long staple cotton.

(d) Special rule for butter and nonfat dry milk purchase prices
   (1) Allocation of purchase prices
      The Secretary may allocate the rate of price support between the purchase prices for nonfat dry milk and butter in a manner that will result in the lowest level of expenditures by the Commodity Credit Corporation or achieve such other objectives as the Secretary considers appropriate. Not later than 10 days after making or changing an allocation, the Secretary shall notify the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate of the allocation.    (2) Exception
      This subsection shall not apply with respect to a producer for a particular calendar year if the producer has already received a refund under section 204(h) of the Agricultural Act of 1949 for the same fiscal year before the effective date of this section.

AMENDMENTS

§ 7253. Consolidation and reform of Federal milk marketing orders

(a) Amendment of orders

(1) Required consolidation

The Secretary shall amend Federal milk marketing orders issued under section 608c of this title to limit the number of Federal milk marketing orders to not less than 10 and not more than 14 orders.

(2) Inclusion of California as separate order

Upon the petition and approval of California dairy producers in the manner provided in section 608c of this title, the Secretary shall designate the State of California as a separate Federal milk marketing order. The order covering California shall have the right to reblend and distribute order receipts to recognize quota value.

(3) Related issues addressed in consolidation

Among the issues the Secretary is authorized to implement as part of the consolidation of Federal milk marketing orders are the following:

(A) The use of utilization rates and multiple basing points for the pricing of fluid milk.

(B) The use of uniform multiple component pricing when developing 1 or more basic formula prices for manufacturing milk.

(4) Effect of existing law

In implementing the consolidation of Federal milk marketing orders and related reforms under this subsection, the Secretary may not consider, or base any decision on, the table contained in section 608c(5)(A) of this title.

(b) Expedited process

(1) Use of informal rulemaking

To implement the consolidation of Federal milk marketing orders and related reforms under subsection (a) of this section, the Secretary shall use the notice and comment procedures provided in section 553 of title 5.

(2) Time limitations

(A) Proposed amendments

The Secretary shall announce the proposed amendments to be made under subsection (a) of this section not later than 2 years after April 4, 1996.

(B) Final amendments

The Secretary shall implement the amendments not later than 3 years after April 4, 1996.

In the event that the Secretary is enjoined or otherwise restrained by a court order from publishing or implementing the consolidation and related reforms under subsection (a) of this section, the length of time for which that injunction or other restraining order is effective shall be added to the time limitations specified in paragraph (2) thereby extending those time limitations by a period of time equal to the period of time for which the injunction or other restraining order is effective.

(c) Failure to timely consolidate orders

If the Secretary fails to implement the consolidation required under subsection (a)(1) of this section within the time period required under subsection (b)(2)(B) of this section (plus any additional period provided under subsection (b)(3) of this section), the Secretary may not assess or collect assessments from milk producers or handlers under such section 608c of this title for marketing order administration and services provided under such section after the end of that period until the consolidation is completed. The Secretary may not reduce the level of services provided under the section on account of the prohibition against assessments, but shall rather cover the cost of marketing order administration and services through funds available for the Agricultural Marketing Service of the Department.

(C) containing such recommendations as the Secretary considers appropriate for further improvements and reforms to the Federal milk marketing order system.

(2) Effect of other laws

Any limitation imposed by Act of Congress on the conduct or completion of reports to Congress shall not apply to the report required under this section, unless the limitation specifically refers to this section.

USE OF OPTION 1A AS PRICE STRUCTURE FOR CLASS I MILK UNDER CONSOLIDATED FEDERAL MILK MARKETING ORDERS

“(a) FINAL RULE DEFINED.—In this section, the term ‘final rule’ means the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897–48021), to comply with section 143 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7219).

“(b) IMPLEMENTATION OF FINAL RULE FOR MILK ORDER REFORM.—Subject to subsection (c), the final rule shall take effect, and be implemented by the Secretary of Agriculture, on the first day of the first month beginning at least 30 days after the date of the enactment of this Act [Nov. 29, 1999].

“(c) USE OF OPTION 1A FOR PRICING CLASS I MILK.—In lieu of the Class I price differentials specified in the final rule, the Secretary of Agriculture shall price fluid or Class I milk under the Federal milk marketing orders using the Class I price differentials identified as Option 1A ‘Location-Specific Differentials Analysis’ in the proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802, 4809), except that the Secretary shall include the corrections and modifications to such Class I differentials made by the Secretary through April 2, 1999.

“(d) EFFECT OF PRIOR ANNOUNCEMENT OF MINIMUM PRICES.—If the Secretary of Agriculture announces minimum prices for milk under Federal milk marketing orders pursuant to section 1000.50 of title 7, Code of Federal Regulations, before the effective date specified in subsection (b), the minimum prices so announced before that date shall be the only applicable minimum prices under Federal milk marketing orders for the month or months for which the prices have been announced.

“(e) IMPLEMENTATION OF REQUIREMENT.—The implementation of the final rule, as modified by subsection (c), shall not be subject to any of the following:

“(1) The notice and hearing requirements of section 8c(3) of the Agricultural Adjustment Act (7 U.S.C. 608c(3)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, or the notice and comment provisions of section 553 of title 5, United States Code.

“(2) A referendum conducted by the Secretary of Agriculture pursuant to subsections (17) or (19) of section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937.

“(4) Chapter 35 of title 4, United States Code (commonly known as the Paperwork Reduction Act).

“(5) Any decision, restraining order, or injunction issued by a United States court before the date of the enactment of this Act [Nov. 29, 1999].”

FURTHER RULEMAKING TO DEVELOP PRICING METHODS FOR CLASS III AND CLASS IV MILK UNDER MARKET ORDER

“(a) CONGRESSIONAL FINDING.—The Class III and Class IV milk pricing formulas included in the final decision for the consolidation and reform of Federal milk marketing orders, as published in the Federal Register on April 2, 1999 (64 Fed. Reg. 16025), do not adequately reflect public comment on the original proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802), and are sufficiently different from the proposed rule and any comments submitted with regard to the proposed rule that further emergency rulemaking is merited.

“(b) RULEMAKING REQUIRED.—The Secretary of Agriculture shall conduct rulemaking, on the record after an opportunity for an agency hearing, to reconsider the Class III and Class IV milk pricing formulas included in the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897–48021).

“(c) TIME PERIOD FOR RULEMAKING.—On December 1, 2000, the Secretary of Agriculture shall publish in the Federal Register a final decision on the Class III and Class IV milk pricing formulas. The resulting formulas shall take effect, and be implemented by the Secretary, on January 1, 2001.

“(d) EFFECT OF COURT ORDER.—The actions authorized by subsections (b) and (c) are intended to ensure the timely publication and implementation of new pricing formulas for Class III and Class IV milk. In the event that the Secretary of Agriculture is enjoined or otherwise restrained by a court order from implementing a final decision within the time period specified in subsection (c), the length of time for which that injunction or other restraining order is effective shall be added to the time limitations specified in subsection (c) thereby extending those time limitations by a period of time equal to the period of time for which the injunction or other restraining order is effective.

“(e) FAILURE TO TIMELY COMPLETE RULEMAKING.—If the Secretary of Agriculture fails to implement new Class III and Class IV milk pricing formulas within the time period required under subsection (c) (plus any additional period provided under subsection (d)), the Secretary may not assess or collect assessments from milk producers or handlers under section 6c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, for marketing order administration and services provided under such section after the end of that period until the pricing formulas are implemented. The Secretary may not reduce the level of services provided under that section on account of the prohibition against assessments, but shall rather cover the cost of marketing order administration and services through funds available for the Agricultural Marketing Service of the Department.

“(f) IMPLEMENTATION OF REQUIREMENT.—The implementation of the final decision on new Class III and Class IV milk pricing formulas shall not be subject to congressional review under chapter 8 of title 5, United States Code.”
§ 7254. Effect on fluid milk standards in State of California

Nothing in this Act or any other provision of law shall be construed to preempt, prohibit, or otherwise limit the authority of the State of California, directly or indirectly, to establish or continue to effect any law, regulation, or requirement regarding—

(1) the percentage of milk solids or solids not fat in fluid milk products sold at retail or marketed in the State of California; or

(2) the labeling of such fluid milk products with regard to milk solids or solids not fat.

§ 7255. Milk manufacturing marketing adjustment

(a) Maximum allowances established

No State shall provide for a manufacturing allowance for the processing of milk in excess of—

(1) $1.65 per hundredweight of milk for milk manufactured into butter and nonfat dry milk; and

(2) $1.80 per hundredweight of milk for milk manufactured into cheese.

(b) “Manufacturing allowance” defined

In this section, the term “manufacturing allowance” means—

(1) the amount by which the product price value of butter and nonfat dry milk manufactured from a hundred pounds of milk containing 3.5 pounds of butterfat and 8.7 pounds of milk solids not fat resulting from a State’s yield and product price formulas exceeds the class price for the milk used to produce those products; or

(2) the amount by which the product price value of cheese manufactured from a hundred pounds of milk containing 3.5 pounds of butterfat and 8.7 pounds of milk solids not fat resulting from a State’s yield and product price formulas exceeds the class price for the milk used to produce cheese.

(c) Effect of violation

If the Secretary determines following a hearing that a State has in effect a manufacturing allowance that exceeds the manufacturing allowance authorized in subsection (a) of this section, the Secretary shall suspend purchases of cheddar cheese, butter, and nonfat dry milk produced in that State until such time as the State complies with such subsection.

(d) Effective date; implementation

This section (other than subsection (e)) of this section shall be effective during the period beginning on the first day of the first month beginning after April 4, 1996, and ending on December 31, 1999. During that period, the Secretary may exercise the authority provided to the Secretary under this section without regard to the issuance of regulations intended to carry out this section.

(1) Finding of compelling public interest

Based upon a finding by the Secretary of a compelling public interest in the Compact region, the Secretary may grant the States that have ratified the Northeast Interstate Dairy Compact, as of April 4, 1996, the authority to implement the Northeast Interstate Dairy Compact.

(2) Limitation on manufacturing price

The Northeast Interstate Dairy Compact Commission shall not regulate Class II, Class III, or Class III–A milk used for manufacturing purposes or any other milk, other than Class I (fluid) milk, as defined by a Federal milk marketing order issued under section 608c of this title.

(3) Duration

(4) Additional States

Delaware, New Jersey, New York, Pennsylvania, Maryland, and Virginia are the only additional States that may join the Northeast Interstate Dairy Compact, individually or otherwise, if upon entry the State is contiguous to a participating State and if Congress consents to the entry of the State into the Compact after April 4, 1996.

(5) Compensation of Commodity Credit Corporation

Before the end of each fiscal year that a Compact price regulation is in effect, the Northeast Interstate Dairy Compact Commission shall compensate the Commodity Credit Corporation for the cost of any purchases of milk and milk products by the Corporation that result from the projected rate of increase in milk production for the fiscal year within the Compact region in excess of the projected national average rate of the increase in milk production, as determined by the Secretary.

(6) Milk marketing order Administrator

At the request of the Northeast Interstate Dairy Compact Commission, the Administrator of the applicable Federal milk marketing order issued under section 608c(5) of this title shall provide technical assistance to the Secretary of Agriculture.

(7) Further conditions

The Northeast Interstate Dairy Compact Commission shall not prohibit or in any way limit the marketing in the Compact region of any milk or milk product produced in any other production area in the United States. The Compact Commission shall respect and abide by the ongoing procedures between Federal milk marketing orders with respect to the sharing of proceeds from sales within the Compact region of bulk milk, packaged milk, or producer milk originating from outside of the Compact region. The Compact Commission shall not use compensatory payments under section 10(6) of the Compact as a barrier to the entry of milk into the Compact region or for any other purpose. Establishment of a Compact over-order price, in itself, shall not be considered a compensatory payment or a limitation or prohibition on the marketing of milk.

(ii) the quantity of sugar transferred to the Secretary.

(5) Loan conversion
If the processor does not forfeit the collateral as described in paragraph (4), but instead further processes the in-process sugars and syrups into raw cane sugar or refined beet sugar and repays the loan on the in-process sugars and syrups, the processor may obtain a loan under subsection (a) or (b) for the raw cane sugar or refined beet sugar, as appropriate.

(6) Term of loan
The term of a loan made under this subsection for a quantity of in-process sugars and syrups, when combined with the term of a loan made with respect to the raw cane sugar or refined beet sugar derived from the in-process sugars and syrups, may not exceed 9 months, consistent with subsection (c).

(2) Duty of producers to report

(A) Proportionate share States
As a condition of a loan made to a processor for the benefit of a producer, the Secretary may require each producer of sugarcane located in a State (other than the Commonwealth of Puerto Rico) in which there are in excess of 250 producers of sugarcane to report, in the manner prescribed by the Secretary, the sugarcane yields and acres planted to sugarcane of the producer.

§ 7331. Options pilot program

(a) Pilot programs authorized

Until December 31, 2002, the Secretary of Agriculture may conduct a pilot program for 1 or more agricultural commodities supported under this chapter to ascertain whether futures and options contracts can provide producers with reasonable protection from the financial risks of fluctuations in price, yield, and income inherent in the production and marketing of the commodities. The pilot program shall be an alternative to other related programs of the Department of Agriculture.

(b) Distribution of pilot program

For each agricultural commodity included in the pilot program, the Secretary may operate the pilot program in not more than 300 counties, except that not more than 25 of the counties may be located in any 1 State. The pilot program for a commodity shall not be operated in any county for more than 3 of the 1996 through 2002 calendar years.

(c) Eligible participants

In operating the pilot program, the Secretary may enter into contract with a producer who—

(1) is eligible for a production flexibility contract, a marketing assistance loan, or other assistance under this chapter;

(2) volunteers to participate in the pilot program during any calendar year in which a county in which the farm of the producer is located is included in the pilot program;

(3) operates a farm located in a county selected for the pilot program; and

(4) meets such other eligibility requirements as the Secretary may establish.

(d) Notice to producers

The Secretary shall provide notice to each producer participating in the pilot program that—

(1) the participation of the producer is voluntary; and

(2) neither the United States, the Commodity Credit Corporation, the Federal Crop Insurance Corporation, the Department of Agriculture, nor any other Federal agency is authorized to guarantee that participants in the pilot program will be better or worse off financially as a result of participation in the pilot program than the producer would have been if the producer had not participated in the pilot program.

(e) Contracts

The Secretary shall set forth in each contract under the pilot program the terms and conditions for participation in the pilot program and the notice required by subsection (d) of this section.

(f) Eligible markets

Trades for futures and options contracts under the pilot program shall be carried out on commodity futures and options markets designated as contract markets under the Commodity Exchange Act (7 U.S.C. 1 et seq.).

(g) Recordkeeping

A producer participating in the pilot program shall compile, maintain, and submit (or authorize the compilation, maintenance, and submission) of such documentation as the regulations governing the pilot program require.

(h) Use of Commodity Credit Corporation

The Secretary shall fund and operate the pilot program through the Commodity Credit Corporation, except that the amount of Commodity Credit Corporation funds used to carry out this section shall not exceed, to the maximum extent practicable, $9,000,000 for fiscal year 2001, $15,000,000 for fiscal year 2002, and $2,000,000 for fiscal year 2003. § 7332. Risk management education

In consultation with the Commodity Futures Trading Commission, the Secretary shall provide such education in management of the financial risks inherent in the production and marketing of agricultural commodities as the Secretary considers appropriate. As part of such educational activities, the Secretary may develop and implement programs to facilitate the participation of agricultural producers in commodity futures trading programs, forward contracting options, and insurance protection programs by assisting and training producers in the usage of such programs. In implementing this authority, the Secretary may use existing research and extension authorities and resources of the Department of Agriculture.

§ 7333. Administration and operation of noninsured crop assistance program

(a) Operation and administration of program

(1) In general

In the case of an eligible crop described in paragraph (2), the Secretary of Agriculture shall operate a noninsured crop disaster assistance program to provide coverage equivalent to the catastrophic risk protection otherwise available under section 1508(b) of this title. The Secretary shall carry out this section through the Consolidated Farm Service Agency (in this section referred to as the ‘‘Agency’’).

(2) Eligible crops

(A) In general

In this section, the term ‘‘eligible crop’’ means each commercial crop or other agricultural commodity (except livestock)—

(i) for which catastrophic risk protection under section 1508(b) of this title is not available; and

(ii) that is produced for food or fiber.

(B) Crops specifically included

The term ‘‘eligible crop’’ shall include floricultural, ornamental nursery, and Christmas tree crops, turfgrass sod, seed crops, aquaculture (including ornamental fish), sea grass and sea oats, camelina, and industrial crops.

(C) Combination of similar types or varieties

At the option of the Secretary, all types or varieties of a crop or commodity, described in subparagraphs (A) and (B), may be considered to be a single eligible crop under this section.

(3) Cause of loss

To qualify for assistance under this section, the losses of the noninsured commodity shall be due to drought, flood, or other natural disaster, as determined by the Secretary.

(4) Program ineligibility relating to crop production on native sod

(A) Definition of native sod

In this paragraph, the term ‘‘native sod’’ means land—

(i) on which the plant cover is composed principally of native grasses, grasslike plants, forbs, or shrubs suitable for grazing and browsing; and

(ii) that has never been tilled for the production of an annual crop as of the date of enactment of this paragraph.

(B) Ineligibility for benefits

(i) In general

Subject to clause (ii) and subparagraph (C), native sod acreage that has been tilled for the production of an annual crop after the date of enactment of this paragraph shall be ineligible during the first 5 crop years of planting, as determined by the Secretary, for benefits under—

(I) this section; and

(II) the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.).

(ii) De minimis acreage exemption

The Secretary shall exempt areas of 5 acres or less from clause (i).

(C) Application

Subparagraph (B) may apply to native sod acreage in the Prairie Pothole National Priority Area at the election of the Governor of the respective State.

(b) Application for noninsured crop disaster assistance

(1) Timely application

To be eligible for assistance under this section, a producer shall submit an application for noninsured crop disaster assistance at a local office of the Department. The application shall be in such form, contain such information, and be submitted not later than 30 days before the beginning of the coverage period, as determined by the Secretary.

(2) Records

To be eligible for assistance under this section, a producer shall provide annually to the Secretary records of crop acreage, acreage yields, and production for each crop, as required by the Secretary.

(3) Acreage reports

A producer shall provide annual reports on acreage planted or prevented from being plant-
ed, as required by the Secretary, by the designated acreage reporting date for the crop and location as established by the Secretary.

(c) Loss requirements

(1) Cause

To be eligible for assistance under this section, a producer of an eligible crop shall have suffered a loss of a noninsured commodity as the result of a cause described in subsection (a)(3) of this section.

(2) Assistance

(A) In general

On making a determination described in subsection (a)(3) of this section, the Secretary shall provide assistance under this section to producers of an eligible crop that have suffered a loss as a result of the cause described in subsection (a)(3) of this section.

(B) Aquaculture producers

On making a determination described in subsection (a)(3) for aquaculture producers, the Secretary shall provide assistance under this section to aquaculture producers from all losses related to drought.

(3) Prevented planting

Subject to paragraph (1), the Secretary shall make a prevented planting noninsured crop disaster assistance payment if the producer is prevented from planting more than 35 percent of the acreage intended for the eligible crop because of drought, flood, or other natural disaster, as determined by the Secretary.

(4) Area trigger

The Secretary shall provide assistance to individual producers without any requirement of an area loss.

(d) Payment

The Secretary shall make available to a producer eligible for noninsured assistance under this section a payment computed by multiplying—

(1) the quantity that is less than 50 percent of the established yield for the crop; by

(2)(A) in the case of each of the 1996 through 1998 crop years, 60 percent of the average market price for the crop (or any comparable coverage determined by the Secretary); or

(B) in the case of each of the 1999 and subsequent crop years, 55 percent of the average market price for the crop (or any comparable coverage determined by the Secretary); by

(3) a payment rate for the type of crop (as determined by the Secretary) that—

(A) in the case of a crop that is produced with a significant and variable harvesting expense, reflects the decreasing cost incurred in the production cycle for the crop that is—

(i) harvested;

(ii) planted but not harvested; and

(iii) prevented from being planted because of drought, flood, or other natural disaster (as determined by the Secretary); and

(B) in the case of a crop that is not produced with a significant and variable harvesting expense, as determined by the Secretary.

(e) Yield determinations

(1) Establishment

The Secretary shall establish farm yields for purposes of providing noninsured crop disaster assistance under this section.

(2) Actual production history

The Secretary shall determine yield coverage using the actual production history of the producer over a period of not less than the 4 previous consecutive crop years and not more than 10 consecutive crop years. Subject to paragraph (3), the yield for the year in which noninsured crop disaster assistance is sought shall be equal to the average of the actual production history of the producer during the period considered.

(3) Assignment of yield

If a producer does not submit adequate documentation of production history to determine a crop yield under paragraph (2), the Secretary shall assign to the producer a yield equal to not less than 65 percent of the transitional yield of the producer (adjusted to reflect actual production reflected in the records acceptable to the Secretary for continuous years), as specified in regulations issued by the Secretary based on production history requirements.

(4) Prohibition on assigned yields in certain counties

(A) In general

(i) Documentation

If sufficient data are available to demonstrate that the acreage of a crop in a county for the crop year has increased by more than 100 percent over any year in the preceding 7 crop years or, if data are not available, if the acreage of the crop in the county has increased significantly from the previous crop years, a producer must provide such detailed documentation of production costs, acres planted, and yield for the crop year for which benefits are being claimed as is required by the Secretary. If the Secretary determines that the documentation provided is not sufficient, the Secretary may require documenting proof that the crop, had the crop been harvested, could have been marketed at a reasonable price.

(ii) Prohibition

Except as provided in subparagraph (B), a producer who produces a crop on a farm located in a county described in clause (i) may not obtain an assigned yield.

(B) Exception

A crop or a producer shall not be subject to this subsection if—

(i) the planted acreage of the producer for the crop has been inspected by a third party acceptable to the Secretary; or

(ii)(I) the County Executive Director and the State Executive Director recommend an exemption from the requirement to the Administrator of the Agency; and
(II) the Administrator approves the recommendation.

(5) Limitation on receipt of subsequent assigned yield

A producer who receives an assigned yield for the current year of a natural disaster because required production records were not submitted to the local office of the Department shall not be eligible for an assigned yield for the year of the next natural disaster unless the required production records of the previous 1 or more years (as applicable) are provided to the local office.

(6) Yield variations due to different farming practices

The Secretary shall ensure that noninsured crop disaster assistance accurately reflects significant yield variations due to different farming practices, such as between irrigated and nonirrigated acreage.

(f) Contract payments

A producer who has received a guaranteed payment for production, as opposed to delivery, of a crop pursuant to a contract shall have the production of the producer adjusted upward by the amount of the production equal to the amount of the contract payment received.

(g) Use of Commodity Credit Corporation

The Secretary may use the funds of the Commodity Credit Corporation to carry out this section.

(h) Exclusions

Noninsured crop disaster assistance under this section shall not cover losses due to—

(1) the neglect or malfeasance of the producer;
(2) the failure of the producer to reseed to the same crop in those areas and under such circumstances where it is customary to reseed; or
(3) the failure of the producer to follow good farming practices, as determined by the Secretary.

(1) Definitions

In this subsection, the terms “legal entity” and “person” have the meanings given those terms in section 1308(a) of this title.

(2) Payment limitation

The total amount of payments received, directly or indirectly, by a person or legal entity (excluding a joint venture or general partnership) for any crop year may not exceed $100,000.

(3) Limitation on multiple benefits for same loss

(A) In general

Except as provided in subparagraph (B), if a producer who is eligible to receive benefits under this section is also eligible to receive assistance for the same loss under any other program administered by the Secretary, the producer shall be required to elect whether to receive benefits under this section or under the other program, but not both.

(B) Exception

Subparagraph (A) shall not apply to emergency loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.).

(4) Adjusted gross income limitation

A person or legal entity that has an average adjusted gross income in excess of the average adjusted gross income limitation applicable under section 1308-3a(b)(1)(A) of this title, or a successor provision, shall not be eligible to receive noninsured crop disaster assistance under this section.

(5) Regulations

The Secretary shall issue regulations prescribing such rules as the Secretary determines necessary—

(A) to ensure a fair and equitable application of section 1308 of this title, the general payment limitation regulations of the Secretary, and the limitations established under this subsection; and
(B) to ensure that payments under this section are attributed to a person or legal entity (excluding a joint venture or general partnership) in accordance with the terms and conditions of sections 1308 through 1308-3a of this title, as determined by the Secretary.

(j) Omitted

(k) Service fee

(1) In general

To be eligible to receive assistance for an eligible crop for a crop year under this section, a producer shall pay to the Secretary (at the time at which the producer submits the application under subsection (b)(1) of this section) a service fee for the eligible crop in an amount that is equal to the lesser of—

(A) $250 per crop per county; or
(B) $750 per producer per county, but not to exceed a total of $1,875 per producer.

(2) Waiver

The Secretary shall waive the service fee required under paragraph (1) in the case of a limited resource farmer, as defined by the Secretary.

(3) Use

The Secretary shall deposit service fees collected under this subsection in the Commodity Credit Corporation Fund.

SUBCHAPTER I—COMMODITY PROMOTION AND EVALUATION

§7401. Commodity promotion and evaluation

(a) "Commodity promotion law" defined

In this section, the term "commodity promotion law" means a Federal law that provides for the establishment and operation of a promotion program regarding an agricultural commodity that includes a combination of promotion, research, industry information, or consumer information activities, is funded by mandatory assessments on producers or processors, and is designed to maintain or expand markets and uses for the commodity (as determined by the Secretary). The term includes—

(1) the marketing promotion provisions under section 608c(6)(I) of this title;
to increase or expand the overall size of the market.

(7) In contrast, a generic commodity promotion program is intended and designed to maintain or increase the overall size of the market for the agricultural commodity covered by the program and increase the size of the market for that commodity, often by utilizing promotion methods and techniques that individual producers and processors typically are unable, or have no incentive, to employ.

(8) The commodity promotion laws establish promotion programs that operate as “self-help” mechanisms for producers and processors to fund generic promotions for covered commodities which, under the required supervision and oversight of the Secretary of Agriculture—

(A) further specific national governmental goals, as established by Congress; and

(B) produce nonideological and commercial communication the purpose of which is to further the governmental policy and objective of maintaining and expanding the markets for the covered commodities.

(9) While some commodity promotion laws grant a producer or processor the option of crediting individual advertising conducted by the producer or processor for all or a portion of the producer’s or processor’s marketing promotion assessments, all promotion programs established under the commodity promotion laws, both those programs that permit credit for individual advertising and those programs that do not contain such provisions, are very narrowly tailored to fulfill the congressional purposes of the commodity promotion laws without impairing or infringing the legal or constitutional rights of any individual producer or processor.

(10) These generic commodity promotion programs are of particular benefit to small producers who often lack the resources or market power to advertise on their own and who are otherwise often unable to benefit from the economies of scale available in promotion and advertising.

(11) Periodic independent evaluation of the effectiveness of these generic commodity promotion programs will assist Congress and the Secretary of Agriculture in ensuring that the objectives of the programs are met.

(c) Independent evaluation of promotion program effectiveness

Except as otherwise provided by law, each commodity board established under the supervision and oversight of the Secretary of Agriculture pursuant to a commodity promotion law shall, not less often than every 5 years, authorize and fund, from funds otherwise available to the board, an independent evaluation of the effectiveness of the generic commodity promotion programs and other programs conducted by the board pursuant to a commodity promotion law. The board shall submit to the Secretary, and make available to the public, the results of each periodic independent evaluation conducted under this subsection.

(d) Administrative costs

The Secretary shall annually provide to the Committee on Agriculture of the House of Rep-
representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate información on administrative expenses on programs established under commodity promotion laws.

(e) Exemption of certified organic products from assessments

(1) In general

Notwithstanding any provision of a commodity promotion law, a person that produces and markets solely 100 percent organic products, and that does not produce any conventional or nonorganic products, shall be exempt from the payment of an assessment under a commodity promotion law with respect to any agricultural commodity that is produced on a certified organic farm (as defined in section 6502 of this title).

(2) Regulations

Not later than 1 year after May 13, 2002, the Secretary shall promulgate regulations concerning eligibility and compliance for an exemption under paragraph (1).

SUBCHAPTER II—ISSUANCE OF ORDERS FOR PROMOTION, RESEARCH, AND INFORMATION ACTIVITIES REGARDING AGRICULTURAL COMMODITIES

§ 7411. Findings and purpose

(a) Findings

Congress finds the following:
(1) The production of agricultural commodities plays a significant role in the economy of the United States. Thousands of producers in the United States are involved in the production of agricultural commodities, and such commodities are consumed by millions of people throughout the United States and foreign countries.

(2) Agricultural commodities must be of high quality, readily available, handled properly, and marketed efficiently to ensure that consumers have an adequate supply.

(3) The maintenance and expansion of existing markets and the development of new markets for agricultural commodities through generic commodity promotion, research, and information programs are vital to the welfare of persons engaged in the production, marketing, and consumption of such commodities, as well as to the general economy of the United States.

(4) Generic promotion, research, and information activities for agricultural commodities play a unique role in advancing the demand for such commodities, since such activities increase the total market for a product to the benefit of consumers and all producers. These generic activities complement branded advertising initiatives, which are aimed at increasing the market share of individual competitors, and are of particular benefit to small producers who lack the resources or market power to advertise on their own. These generic activities do not impede the branded advertising efforts of individual firms, but instead increase general market demand for an agricultural commodity using methods that individual companies do not have the incentive to employ.

(5) Generic promotion, research, and information activities for agricultural commodities, paid by the producers and others in the industry who reap the benefits of such activities, provide a unique opportunity for producers to inform consumers about a particular agricultural commodity.

(6) It is important to ensure that generic promotion, research, and information activities for agricultural commodities be carried out in an effective and coordinated manner designed to strengthen the position of the commodities in the marketplace and to maintain and expand their markets and uses. Independent evaluation of the effectiveness of the generic promotion activities of these programs will assist the Secretary of Agriculture and Congress in ensuring that these objectives are met.

(7) The cooperative development, financing, and implementation of a coordinated national program of research, promotion, and information regarding agricultural commodities are necessary to maintain and expand existing markets and to develop new markets for these commodities.

(8) Agricultural commodities move in interstate and foreign commerce, and agricultural commodities and their products that do not move in such channels of commerce directly burden or affect interstate commerce in agricultural commodities and their products.

(9) Commodity promotion programs have the ability to provide significant conservation benefits to producers and the public.

(b) Purpose

The purpose of this subchapter is to authorize the establishment, through the exercise by the Secretary of Agriculture of the authority provided in this subchapter, of an orderly program for developing, financing, and carrying out an effective, continuous, and coordinated program of generic promotion, research, and information regarding agricultural commodities designed to—

§ 7481. Findings and declaration of policy

(a) Findings

Congress finds that—

(1) popcorn is an important food that is a valuable part of the human diet;

(2) the production and processing of popcorn plays a significant role in the economy of the United States in that popcorn is processed by several popcorn processors, distributed through wholesale and retail outlets, and consumed by millions of people throughout the United States and foreign countries;

(3) popcorn must be of high quality, readily available, handled properly, and marketed efficiently to ensure that the benefits of popcorn are available to the people of the United States;

(4) the maintenance and expansion of existing markets and uses and the development of new markets and uses for popcorn are vital to the welfare of processors and persons concerned with marketing, using, and producing popcorn for the market, as well as to the agricultural economy of the United States;

(5) the cooperative development, financing, and implementation of a coordinated program of popcorn promotion, research, consumer information, and industry information is necessary to maintain and expand markets for popcorn; and

(6) popcorn moves in interstate and foreign commerce, and popcorn that does not move in those channels of commerce directly burdens or affects interstate commerce in popcorn.

(b) Policy

It is the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this subchapter, of an orderly procedure for developing, financing (through adequate assessments on unpopped popcorn processed domestically), and carrying out an effective, continuous, and coordinated program of promotion, research, consumer information, and industry information designed to—

(1) strengthen the position of the popcorn industry in the marketplace; and

(2) maintain and expand domestic and foreign markets and uses for popcorn.

(c) Purposes

(B) does not compete with or replace individual advertising or promotion efforts designed to promote individual brand name or trade name popcorn products; and

(C) authorizes and funds programs that result in government speech promoting government objectives; and

(2) establish a nationally coordinated program for popcorn promotion, research, consumer information, and industry information.

(d) Statutory construction

This subchapter treats processors equitably. Nothing in this subchapter—

(1) provides for the imposition of a trade barrier to the entry into the United States of imported popcorn for the domestic market; or

(2) provides for the control of production or otherwise limits the right of any individual processor to produce popcorn.

Short Title

§ 7502. Availability of CCC commodities
(a) In general
Notwithstanding any other provision of law, in order to complement the domestic nutrition programs, make maximum use of the Nation’s agricultural abundance, and expand and improve the domestic distribution of price-supported commodities, commodities acquired by the Commodity Credit Corporation that the Secretary of Agriculture (hereinafter referred to as the “Secretary”) determines, in his discretion, are in excess of quantities needed to—

(1) carry out other domestic donation programs,
(2) meet other domestic obligations (including quantities needed to carry out a payment-in-kind acreage diversion program),

(3) meet international market development and food aid commitments, and

shall be made available by the Secretary, without charge or credit for such commodities, for use by eligible recipient agencies for food assistance.

(f) Relation to other programs

Notwithstanding any other provision of law, the programs authorized by section 713a–14 of title 15 and section 1163 of the Food Security Act of 1985 shall not be operated in a manner that will, in any way, reduce the quantities of dairy products that traditionally are made available to carry out this chapter or any other domestic feeding program.

(g) Donations to emergency feeding organizations

(1) Whenever commodities acquired by the Commodity Credit Corporation are made available for donation to domestic food programs in quantities that exceed Federal obligations, the Secretary shall give equal consideration to making donations of such commodities to emergency feeding organizations participating in the program authorized by this chapter as is given to other commodity recipient agencies, taking into account the types and amounts of commodities available and appropriate for distribution to these organizations.

(2) In determining the commodities that will be made available to emergency feeding organizations under this chapter, the Secretary may distribute commodities that become available on a seasonal or irregular basis.

Each State agency shall encourage distribution of such commodities in rural areas.

§ 7508. Authorization and appropriations

(a)(1) There are authorized to be appropriated $100,000,000 for fiscal year 2008 and each fiscal year thereafter for the Secretary to make available to the States to pay for the direct and indirect costs of the States related to the processing, storage, transporting, and distributing to eligible recipient agencies of commodities provided by the Secretary under this chapter and commodities secured from other sources, including commodities secured by gleaning (as defined in section 111(a) of the Hunger Prevention Act of 1988 (7 U.S.C. 612c note; Public Law 100–435)) and donated wild game. Funds appropriated under this paragraph for any fiscal year shall be allocated to the States on an advance basis, dividing such funds among the States in the same proportions as the commodities distributed under this chapter for such fiscal year are divided among the States. If a State agency is unable to use all of the funds so allocated to it, the Secretary shall reallocate such unused funds among the other States.

(2) Each State shall make available to emergency feeding organizations in the State not less than 40 per centum of the funds provided as authorized in paragraph (1) that it has been allocated for a fiscal year, as necessary to pay for, or provide advance payments to cover, the direct expenses of the emergency feeding organizations for distributing commodities to needy persons, but only to the extent such expenses are actually so incurred by such organizations. As used in this paragraph, the term “direct expenses” includes costs of transporting, storing, handling, repackaging, processing, and distributing commodities incurred after they are received by the organization; costs associated with determinations of eligibility, verification, and documentation; costs of providing information to persons receiving commodities under this chapter concerning the appropriate storage and preservation of such commodities; costs involved in publishing announcements of times and locations of distribution; and costs of recordkeeping, auditing, and other administrative procedures required for participation in the program under this chapter. If a State makes a payment, using State funds, to cover direct expenses of emergency feeding organizations, the amount of such payment shall be counted toward the amount a State must make available for direct expenses of emergency feeding organizations under this paragraph.

(3) States to which funds are allocated for a fiscal year under this subsection shall submit financial reports to the Secretary, on a regular basis, as to the use of such funds. No such funds may be used by States or emergency feeding organizations for costs other than those involved in covering the expenses related to the distribution of commodities by emergency feeding organizations.

(4)(A) Except as provided in subparagraph (B), effective January 1, 1987, to be eligible to receive funds under this subsection, a State shall provide in cash or in kind (according to procedures approved by the Secretary for certifying these in-kind contributions) from non-Federal sources a contribution equal to the difference between—

(i) the amount of such funds so received; and

(ii) any part of the amount allocated to the State and paid by the State—

(I) to emergency feeding organizations; or

(II) for the direct expenses of such organizations;

for use in carrying out this chapter.

(B)(i) Except as provided in clause (ii), subparagraph (A) shall apply to States beginning on January 1, 1987.

(ii) If the legislature of a State does not convene in regular session before January 1, 1987, paragraph (1) shall apply to such State beginning on October 1, 1987.

(C) Funds allocated to a State under this section may, upon State request, be allocated before States satisfy the matching requirement specified in subparagraph (A), based on the estimated contribution required. The Secretary shall periodically reconcile estimated and actual contributions and adjust allocations to the States to correct for overpayments and underpayments.

(5) States may not charge for commodities made available to emergency feeding organizations, and may not pass on to such organizations the cost of any matching requirements, under this chapter.

(b) The value of the commodities made available under this chapter and the funds of the Corporation used to pay the costs of initial processing, packaging (including forms suitable for home use), and delivering commodities to the States shall not be charged against appropriations made or authorized under this section.

§ 7701. Findings
Congress finds that—
(1) the detection, control, eradication, suppression, prevention, or retardation of the spread of plant pests or noxious weeds is necessary for the protection of the agriculture, environment, and economy of the United States;
(2) biological control is often a desirable, low-risk means of ridding crops and other plants of plant pests and noxious weeds, and its use should be facilitated by the Department of Agriculture, other Federal agencies, and States whenever feasible;
(3) it is the responsibility of the Secretary to facilitate exports, imports, and interstate
commerce in agricultural products and other commodities that pose a risk of harboring plant pests or noxious weeds in ways that will reduce, to the extent practicable, as determined by the Secretary, the risk of dissemination of plant pests or noxious weeds;

(4) decisions affecting imports, exports, and interstate movement of products regulated under this chapter shall be based on sound science;

(5) the smooth movement of enterable plants, plant products, biological control organisms, or other articles into, out of, or within the United States is vital to the United State's economy and should be facilitated to the extent possible;

(6) export markets could be severely impacted by the introduction or spread of plant pests or noxious weeds into or within the United States;

(7) the unregulated movement of plant pests, noxious weeds, plants, certain biological control organisms, plant products, and articles capable of harboring plant pests or noxious weeds could present an unacceptable risk of introducing or spreading plant pests or noxious weeds;

(8) the existence on any premises in the United States of a plant pest or noxious weed new to or not known to be widely prevalent in or distributed within and throughout the United States could constitute a threat to crops and other plants or plant products of the United States and burden interstate commerce or foreign commerce; and

(9) all plant pests, noxious weeds, plants, plant products, articles capable of harboring plant pests or noxious weeds regulated under this chapter are in or affect interstate commerce or foreign commerce.

CHAPTER 105—HASS AVOCADO PROMOTION, RESEARCH, AND INFORMATION

§ 7801. Findings and declaration of policy

(a) Findings

Congress finds the following:

(1) Hass avocados are an integral food source in the United States that are a valuable and healthy part of the human diet and are enjoyed by millions of persons every year for a multitude of everyday and special occasions.

(2) Hass avocados are a significant tree fruit crop grown by many individual producers, but virtually all domestically produced Hass avocados for the commercial market are grown in the State of California.

(3) Hass avocados move in interstate and foreign commerce, and Hass avocados that do not move in interstate or foreign channels of commerce but only in intrastate commerce directly affect interstate commerce in Hass avocados.

(4) In recent years, large quantities of Hass avocados have been imported into the United States from other countries.

(5) The maintenance and expansion of markets in existence on October 28, 2000, and the development of new or improved markets or uses for Hass avocados are needed to preserve and strengthen the economic viability of the domestic Hass avocado industry for the benefit of producers and other persons associated
with the producing, marketing, processing, and consuming of Hass avocados.

(5) An effective and coordinated program of promotion, research, industry information, and consumer information regarding Hass avocados is necessary for the maintenance, expansion, and development of domestic markets for Hass avocados.

(b) Purpose

It is the purpose of this chapter to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for the development and financing (through an adequate assessment on Hass avocados sold by producers and importers in the United States) of an effective and coordinated program of promotion, research, industry information, and consumer information, including funds for marketing and market research activities, that is designed to—

Except as provided in subparagraph (C), the term includes avocado fruit described in subparagraph (A) whether in fresh, frozen, or any other processed form.

(C) Exceptions

In any case in which a handler further processes avocados described in subparagraph (A), or products of such avocados, for sale to a retailer, the Board, with the approval of the Secretary, may determine that such further processed products do not constitute a substantial value of the product and that, based on its determination, the product shall not be treated as a product of Hass avocados subject to assessment under the order. SUBCHAPTER I—DIRECT PAYMENTS AND COUNTER-CYCLICAL PAYMENTS

§7911. Establishment of base acres and payment acres for a farm

(a) Election by owner of base acres calculation method

(1) Alternative calculation methods

For the purpose of making direct payments and counter-cyclical payments with respect to a farm, the Secretary shall give an owner of the farm an opportunity to elect 1 of the following as the method by which the base acres of all covered commodities on the farm are to be determined:

(A) Subject to paragraphs (3) and (4), the 4-year average of the following:

(i) Acreage planted on the farm for covered commodities for harvest, grazing, haying, silage, or other similar purposes for the 1998 through 2001 crop years.

(ii) Any acreage on the farm that the producers were prevented from planting during the 1998 through 2001 crop years to covered commodities because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary.

(B) Subject to paragraph (3), the sum of the following:

(i) The contract acreage (as defined in section 7202 of this title) used by the Secretary to calculate the fiscal year 2002 payment authorized under section 7214 of this title for the covered commodities on the farm.

(ii) The 4-year average of eligible oilseed acreage on the farm for the 1998 through 2001 crop years, as determined by the Secretary under paragraph (2).

(2) Eligible oilseed acreage

(A) Calculation

For purposes of paragraph (1)(B)(i), the eligible acreage for each oilseed on a farm during each of the 1998 through 2001 crop years shall be determined in the manner provided in paragraph (1)(A), except that the total acreage for all oilseeds on the farm for a crop year may not exceed the difference between—

(i) the total acreage determined under paragraph (1)(A) for all covered commodities for that crop year; and

(ii) the total contract acreage determined under paragraph (1)(B)(i).

(B) Effect of negative number

If the subtraction performed under subparagraph (A) results in a negative number, the eligible oilseed acreage on the farm for that crop year shall be zero for purposes of determining the 4-year average.

(C) Offset of contract acreage

The owner of a farm may increase the eligible acreage for an oilseed on the farm by reducing the contract acreage determined
§ 7911

TITLE 7—AGRICULTURE

Page 1868

under paragraph (1)(B)(i) for 1 or more covered commodities on an acre-for-acre basis, except that the total base acreage for each oilseed on the farm may not exceed the 4-year average of each oilseed determined under paragraph (1)(B)(ii).

(3) Inclusion of all 4 years in average

For the purpose of determining a 4-year acreage average under this subsection for a farm, the Secretary shall not exclude any crop year in which a covered commodity was not planted.

(4) Treatment of multiple planting or prevented planting

For the purpose of determining under paragraph (1)(A) the acreage on a farm that producers planted or were prevented from planting during the 1998 through 2001 crop years to covered commodities, if the acreage that was planted or prevented from being planted was devoted to another covered commodity in the same crop year (other than a covered commodity produced under an established practice of double cropping), the owner may elect the commodity to be used for that crop year in determining the 4-year average, but may not include both the initial commodity and the subsequent commodity.

(b) Single election; time for election

(1) Notice of election opportunity

As soon as practicable after May 13, 2002, the Secretary shall provide notice to owners of farms regarding their opportunity to make the election described in subsection (a) of this section. The notice shall include the following:

(A) Notice that the opportunity of an owner to make the election is being provided only once.

(B) Information regarding the manner in which the election must be made and the time periods and manner in which notice of the election must be submitted to the Secretary.

(2) Election deadline

Within the time period and in the manner prescribed pursuant to paragraph (1), the owner of a farm shall submit to the Secretary notice of the election made by the owner under subsection (a) of this section.

(c) Effect of failure to make election

If the owner of a farm fails to make the election under subsection (a) of this section or fails to timely notify the Secretary of the election made, as required by subsection (b) of this section, the owner shall be deemed to have made the election described in subsection (a)(1)(B) of this section to determine base acres for all covered commodities on the farm.

(d) Application of election to all covered commodities

The election made under subparagraph (A) or (B) of subsection (a)(1) of this section, or deemed to be made under subsection (c) of this section, with respect to a farm shall apply to all of the covered commodities on the farm.

(e) Treatment of conservation reserve contract acreage

(1) In general

The Secretary shall provide for an adjustment, as appropriate, in the base acres for covered commodities for a farm whenever either of the following circumstances occurs:

(A) A conservation reserve contract entered into under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) with respect to the farm expires or is voluntarily terminated.

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

(2) Special payment rules

For the crop year in which a base acres adjustment under paragraph (1) is first made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

(f) Payment acres

The payment acres for a covered commodity on a farm shall be equal to 85 percent of the base acres for the covered commodity.

(g) Prevention of excess base acres

(1) Required reduction

If the sum of the base acres for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm under subchapter III of this chapter so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

(2) Other acreage

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for peanuts for the farm under subchapter III of this chapter.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

(C) Any other acreage on the farm enrolled in a conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

(3) Selection of acres

The Secretary shall give the owner of the farm the opportunity to select the base acres or the base acres for peanuts for the farm under subchapter III of this chapter against which the reduction required by paragraph (1) will be made.

(4) Exception for double-cropped acreage

In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.
§ 7912. Establishment of payment yield

(a) Establishment and purpose

For the purpose of making direct payments and counter-cyclical payments under this subchapter, the Secretary shall provide for the establishment of a payment yield for each farm for each covered commodity in accordance with this section.

(b) Use of farm program payment yield

Except as otherwise provided in this section, the payment yield for each of the 2002 through 2007 crops of a covered commodity for a farm shall be the farm program payment yield established for the 1995 crop of the covered commodity under section 1465 of this title, as adjusted by the Secretary to account for any additional yield payments made with respect to that crop under section 1465(b)(2) of this title.

(c) Farms without farm program payment yield

In the case of a farm for which a farm program payment yield is unavailable for a covered commodity (other than soybeans or other oilseeds), the Secretary shall establish an appropriate payment yield for the covered commodity on the farm taking into consideration the farm program payment yields applicable to the commodity under subsection (b) of this section for similar farms, but before the yields for the similar farms are updated as provided in subsection (e) of this section.

(d) Payment yields for oilseeds

(1) Determination of average yield

In the case of soybeans and each other oilseed, the Secretary shall determine the average yield per planted acre for the oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the oilseed was zero.

(2) Adjustment for payment yield

The payment yield for a farm for an oilseed shall be equal to the product of the following:

(A) The average yield for the oilseed determined under paragraph (1).

(B) The ratio resulting from dividing the national average yield for the oilseed for the 1998 through 1995 crops by the national average yield for the oilseed for the 1998 through 2001 crops.

(3) Use of partial county average yield

If the yield per planted acre for a crop of an oilseed for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

(e) Opportunity to partially update yields used to determine counter-cyclical payments

(1) Election to update

If the owner of a farm elects to use the base acres calculation method described in section 7911(a)(1)(A) of this title, the owner shall also have a 1-time opportunity to elect to use 1 of the methods described in paragraph (3) to partially update the payment yields that would otherwise be used in calculating any counter-cyclical payments for covered commodities on the farm.

(2) Time for election

The election under paragraph (1) shall be made at the same time and in the same manner as the Secretary prescribes for the election required under section 7911 of this title.

(3) Methods of updating yields

If the owner of a farm elects to update yields under this subsection, the payment yield for a covered commodity on the farm, for the purpose of calculating counter-cyclical payments only, shall be equal to the yield determined using either of the following:

(A) The sum of the following:

(i) The payment yield applicable for direct payments for the covered commodity on the farm.

(ii) 70 percent of the difference between—

(I) the average yield per planted acre for the crop of the covered commodity

...
on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero; and (II) the payment yield applicable for direct payments for the covered commodity on the farm.

(b) 93.5 percent of the average of the yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero.

(4) Use of partial county average yield

If the yield per planted acre for a crop of the covered commodity for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average yield under paragraph (3).

(5) Application of election and method to all covered commodities

The owner of a farm may not elect the method described in paragraph (3)(A) for 1 covered commodity on the farm and the method described in paragraph (3)(B) for other covered commodities on the farm.

During the period beginning on May 13, 2002, through July 31, 2008, the prevailing world market price for upland cotton (adjusted to United States quality and location) estab-
lished under subsection (d) of this section shall be further adjusted if—
(A) the adjusted prevailing world market price is less than 115 percent of the loan rate for upland cotton established under section 7932 of this title, as determined by the Secretary; and

Northern Europe exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special import quota.
(C) Tight domestic supply
During any month for which the Secretary estimates the season-ending United States upland cotton stocks-to-use ratio, as determined under subparagraph (D), to be below 16 percent, the Secretary, in making the determination under subparagraph (B), shall not adjust the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 132-inch cotton, delivered C.I.F. Northern Europe.

(a) Average yield and acreage average for historic peanut producers

(1) Determination of average yield

(A) In general

The Secretary shall determine, for each historic peanut producer, the average yield for peanuts on each farm on which the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years, excluding any crop year in which the producer did not plant peanuts.

(B) Assigned yields

For the purposes of determining the 4-year average yield for an historic peanut producer under this paragraph, the historic peanut producer may elect to substitute for a farm, for not more than 3 of the 1998 through 2001 crop years in which the producer planted peanuts on the farm, the average yield for peanuts produced in the county in which the farm is located for the 1990 through 1997 crop years.

(2) Determination of acreage average

(A) In general

The Secretary shall determine, for each historic peanut producer under this paragraph, the average acreage for an historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years, excluding any crop year in which the producer did not plant peanuts.

(B) Inclusion of all 4 years in average

For the purposes of determining the 4-year acreage average for an historic peanut producer under this paragraph, the Secretary shall not exclude any crop year in which the producer did not plant peanuts.

(C) Proportional shares

If more than 1 historic peanut producer shared in the risk of producing the crop on a farm, the historic peanut producers shall receive their proportional share of the number of acres planted (or prevented from being planted) to peanuts for harvest on the farm based on the sharing arrangement that was in effect among the producers for the crop.

(3) Time for determinations

The Secretary shall make the determinations required by this subsection as soon as practicable after May 13, 2002.

(4) Special considerations

In making the determinations required by this subsection, the Secretary shall take into account changes in the number, identity, or
interest of producers sharing in the risk of producing a peanut crop since the 1998 crop year, including providing a method for the assignment of average acres and average yield to a farm—

(1) when an historic peanut producer is no longer living;

(2) when an entity composed of historic peanut producers has been dissolved; or

(3) in other appropriate situations, as determined by the Secretary.

(b) Assignment of average yields and average acreage to farms

(1) Assignment by historic peanut producers

The Secretary shall give each historic peanut producer an opportunity to assign the average peanut yield and average acreage determined under subsection (a) of this section for each farm of the historic peanut producer to cropland on that farm or another farm in the same State or a contiguous State.

(2) Limitation on acreage assignment

Notwithstanding paragraph (1), the average acreage determined under subsection (a)(2) of this section for a farm may not be assigned to a farm in a contiguous State unless—

(A) the historic peanut producer making the assignment produced peanuts in that State during at least 1 of the 1998 through 2001 crop years; or

(B) as of March 31, 2003, the historic peanut producer is a producer on a farm in that State.

(3) Notice of assignment opportunity

(d) Base acres for peanuts

Subject to subsection (e) of this section, the total number of acres assigned by historic peanut producers under subsection (b) of this section to a farm shall be considered to be the farm's base acres for peanuts for the purpose of making direct payments and counter-cyclical payments under this subchapter.

(e) Treatment of conservation reserve contract acreage

(1) In general

The Secretary shall provide for an adjustment, as appropriate, in the base acres for peanuts for a farm whenever either of the following circumstances occur:

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

(2) Special payment rules

For the crop year in which a base acres for peanuts adjustment under paragraph (1) is first made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

(f) Prevention of excess base acres for peanuts

(1) Required reduction

If the sum of the base acres for peanuts for a farm, together with the acreage described in paragraph (4), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for peanuts for the farm or the base acres for 1 or more covered commodities under subchapter I of this chapter for the farm so that the sum of the base acres for peanuts and acreage described in paragraph (4) does not exceed the actual cropland acreage of the farm.

(2) Other acreage

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for the farm under subchapter I of this chapter.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.).

(3) Selection of acres

The Secretary shall give the owner of the farm the opportunity to select the base acres for peanuts or the subchapter I base acres against which the reduction required by paragraph (1) will be made.

(4) Exception for double-cropped acreage

In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.
(5) Coordinated application of requirements

The Secretary shall take into account section 7911(g) of this title when applying the requirements of this subsection.

In order to shepherd our Nation’s development of this important industry and to coordinate interagency policy, I hereby establish a Biofuels Interagency Working Group (Working Group), to be co-chaired by the Secretaries of Agriculture and Energy and the Administrator of the EPA. This Working Group will coordinate with the National Science and Technology Council’s Biomass Research and Development Board in undertaking its work. The responsibilities of the Working Group shall include:

(v) Guidance and support for collection, harvest, storage, and transportation assistance for eligible materials for use in biomass conversion facilities.

This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Secretary of Agriculture is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

Regulation of certain biological agents and toxins

(a) Regulatory control of certain biological agents and toxins

(1) List of biological agents and toxins

(A) In general

The Secretary of Agriculture shall by regulation establish and maintain a list of each biological agent and each toxin that the Secretary determines has the potential to pose a severe threat to animal or plant health, or to animal or plant products.

(B) Criteria

In determining whether to include an agent or toxin on the list under subparagraph (A), the Secretary shall—

(i) consider—

(I) the effect of exposure to the agent or toxin on animal or plant health, and on the production and marketability of animal or plant products;

(II) the pathogenicity of the agent or the toxicity of the toxin and the methods by which the agent or toxin is transferred to animals or plants;

(III) the availability and effectiveness of pharmacotherapies and prophylaxis to treat and prevent any illness caused by the agent or toxin; and

(IV) any other criteria that the Secretary considers appropriate to protect animal or plant health, or animal or plant products; and

(ii) consult with appropriate Federal departments and agencies and with scientific experts representing appropriate professional groups.

(2) Biennial review

The Secretary shall review and republish the list under paragraph (1) biennially, or more often as needed, and shall by regulation revise the list as necessary in accordance with such paragraph.

(b) Regulation of transfers of listed agents and toxins

The Secretary shall by regulation provide for—

(1) the establishment and enforcement of safety procedures for the transfer of listed agents and toxins, including measures to ensure—

(A) proper training and appropriate skills to handle such agents and toxins; and

(B) proper laboratory facilities to contain and dispose of such agents and toxins;

(2) the establishment and enforcement of safeguard and security measures to prevent access to such agents and toxins for use in domestic or international terrorism or for any other criminal purpose;

(3) the establishment of procedures to protect animal and plant health, and animal and plant products, in the event of a transfer or potential transfer of such an agent or toxin in...
violation of the safety procedures established under paragraph (1) or the safeguard and security measures established under paragraph (2); and

(4) appropriate availability of biological agents and toxins for research, education, and other legitimate purposes.

(2) Identification; database

Regulations under subsections (b) and (c) of this section shall require that registration include (if available to the person registering) information regarding the characterization of listed agents and toxins to facilitate their identification, including their source. Regulations under subsections (b) and (c) of this section shall include appropriate safeguard and security requirements for persons possessing, using, or transferring a listed agent or toxin commensurate with the risk such agent or toxin poses to animal and plant health, and animal and plant products (including the risk of use in domestic or international terrorism). The Secretary shall establish such requirements in collaboration with the Secretary of Homeland Security and the Attorney General, and shall ensure compliance with such requirements as part of the registration system under such regulations.

(2) Limiting access to listed agents and toxins

Requirements under paragraph (1) shall include provisions to ensure that registered persons—

(A) provide access to listed agents and toxins to only those individuals whom the registered person involved determines have a legitimate need to handle or use such agents and toxins;

(B) submit the names and other identifying information for such individuals to the Secretary and the Attorney General, promptly after first determining that the individuals need access under subparagraph (A), and periodically thereafter while the individuals have such access, not less frequently than once every five years; and

If the court determines that portions of the documents considered ex parte should be disclosed to the person involved to allow a response, the court shall authorize the United States to delete from such documents specified items of information the disclosure of which could compromise national security or an investigation by any law enforcement agency, or to substitute a summary of the information to which the person may respond. Any order by the court authorizing the disclosure of information that the United States believes could compromise national security or an investigation by any law enforcement agency shall be subject to the processes set forth in subparagraphs (A) and (B)(i) of section 2339B(f)(5) of title 18 (relating to interlocutory appeal and expedited consideration).

(b) Prevention of excess base acres

(1) Required reduction
If the sum of the base acres for a farm, together with the acreage described in paragraph (2) exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

(2) Other acreage
For purposes of paragraph (1), the Secretary shall include the following:
(A) Any base acres for peanuts for the farm.

(2) Required action by Secretary
(A) In general
The Secretary shall proportionately reduce base acres on a farm for covered commodities for land that has been subdivided and developed for multiple residential units or other nonfarming uses if the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless the producers on the farm demonstrate that the land—
(i) remains devoted to commercial agricultural production; or
(ii) is likely to be returned to the previous agricultural use.

(B) Requirement
The Secretary shall establish procedures to identify land described in subparagraph (A).

(3) Review and report

(4) Application

The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary’s announcement under paragraph (2) and entered into the United States not later than 180 days after that date.
