CHAPTER 39—EQUAL EDUCATIONAL OPPORTUNITIES AND TRANSPORTATION OF STUDENTS

SUBCHAPTER I—EQUAL EDUCATIONAL OPPORTUNITIES

PART 1—Policy and Purpose

§ 1701. Congressional declaration of policy
(a) Entitlement to equal educational opportunity; neighborhood as appropriate basis
The Congress declares it to be the policy of the United States that—
(1) all children enrolled in public schools are entitled to equal educational opportunity without regard to race, color, sex, or national origin; and
(2) the neighborhood is the appropriate basis for determining public school assignments.

(b) Purpose
In order to carry out this policy, it is the purpose of this subchapter to specify appropriate remedies for the orderly removal of the vestiges of the dual school system.

EFFECTIVE DATE
Chapter effective on and after sixtieth day after Aug. 21, 1974, see section 21 of Pub. L. 93–380, set out as a note under section 1221–1 of this title.

SHORT TITLE
Pub. L. 93–380, title II, § 201, Aug. 21, 1974, 88 Stat. 514, provided that: "This title [enacting this chapter and section 1228 of this title and amending section 1608 of this title] may be cited as the 'Equal Educational Opportunities Act of 1974.'"

§ 1702. Congressional findings
(a) Dual school systems as denial of equal protection; depletion of financial resources of local educational agencies; transportation of students; inadequacy of guidelines
The Congress finds that—
(1) the maintenance of dual school systems in which students are assigned to schools solely on the basis of race, color, sex, or national origin denies to those students the equal protection of the laws guaranteed by the fourteenth amendment;
(2) for the purpose of abolishing dual school systems and eliminating the vestiges thereof, many local educational agencies have been required to reorganize their school systems, to reassign students, and to engage in the extensive transportation of students;
(3) the implementation of desegregation plans that require extensive student transportation has, in many cases, required local educational agencies to expend large amounts of funds, thereby depleting their financial resources available for the maintenance or improvement of the quality of educational facilities and instruction provided;
(4) transportation of students which creates serious risks to their health and safety, disrupts the educational process carried out with respect to such students, and impinges significantly on their educational opportunity, is excessive;
(5) the risks and harms created by excessive transportation are particularly great for children enrolled in the first six grades; and
