SUBCHAPTER I—EQUAL EDUCATIONAL OPPORTUNITIES

PART 1—POLICY AND PURPOSE

§ 1701. Congressional declaration of policy

(a) Entitlement to equal educational opportunity; neighborhood as appropriate basis

The Congress declares it to be the policy of the United States that—

(1) all children enrolled in public schools are entitled to equal educational opportunity without regard to race, color, sex, or national origin; and

(2) the neighborhood is the appropriate basis for determining public school assignments.

(b) Purpose

In order to carry out this policy, it is the purpose of this subchapter to specify appropriate remedies for the orderly removal of the vestiges of the dual school system.

EFFECTIVE DATE

Chapter effective on and after sixtieth day after Aug. 21, 1974, see section 2(c) of Pub. L. 93–380, set out as a note under section 1221–1 of this title.

SHORT TITLE

Pub. L. 93–380, title II, § 201, Aug. 21, 1974, 88 Stat. 514, provided that: “This title [enacting this chapter and section 1228 of this title and amending section 1608 of this title] may be cited as the ‘Equal Educational Opportunities Act of 1974.’”

§ 1702. Congressional findings

(a) Dual school systems as denial of equal protection; depletion of financial resources of local educational agencies; transportation of students; inadequacy of guidelines

The Congress finds that—

(1) the maintenance of dual school systems in which students are assigned to schools solely on the basis of race, color, sex, or national origin denies to those students the equal protection of the laws guaranteed by the fourteenth amendment;

(2) for the purpose of abolishing dual school systems and eliminating the vestiges thereof, many local educational agencies have been required to reorganize their school systems, to reassign students, and to engage in the extensive transportation of students;

(3) the implementation of desegregation plans that require extensive student transportation has, in many cases, required local educational agencies to expend large amounts of funds, thereby depleting their financial resources available for the maintenance or im-
provision of the quality of educational facilities and instruction provided;

(4) transportation of students which creates serious risks to their health and safety, disrupts the educational process carried out with respect to such students, and implicates significantly on their educational opportunity, is excessive;

(5) the risks and harms created by excessive transportation are particularly great for children enrolled in the first six grades; and

(6) the guidelines provided by the courts for fashioning remedies to dismantle dual school systems have been, as the Supreme Court of the United States has said, "incomplete and imperfect," and have not established, a clear, rational, and uniform standard for determining the extent to which a local educational agency is required to reassign and transport its students in order to eliminate the vestiges of a dual school system.

(b) Necessity of Congress to specify appropriate remedies for elimination of dual school systems

For the foregoing reasons, it is necessary and proper that the Congress, pursuant to the powers granted to it by the Constitution of the United States, specify appropriate remedies for the elimination of the vestiges of dual school systems, except that the provisions of this chapter are not intended to modify or diminish the authority of the courts of the United States to enforce fully the fifth and fourteenth amendments to the Constitution of the United States.

PART 2—UNLAWFUL PRACTICES

§ 1703. Denial of equal educational opportunity prohibited

No State shall deny equal educational opportunity to an individual on account of his or her race, color, sex, or national origin, by—

(a) the deliberate segregation by an educational agency of students on the basis of race, color, or national origin among or within schools:

(b) the failure of an educational agency which has formerly practiced such deliberate segregation to take affirmative steps, consistent with part 4 of this subchapter, to remove the vestiges of a dual school system;

(c) the assignment by an educational agency of a student to a school, other than the one closest to his or her place of residence within the school district in which he or she resides, if the assignment results in a greater degree of segregation of students on the basis of race, color, sex, or national origin among the schools of such agency than would result if such student were assigned to the school closest to his or her place of residence within the school district of such agency providing the appropriate grade level and type of education for such student;

(d) discrimination by an educational agency on the basis of race, color, or national origin in the employment, employment conditions, or assignment to schools of its faculty or staff, except to fulfill the purposes of subsection (f) below;

(e) the transfer by an educational agency, whether voluntary or otherwise, of a student from one school to another if the purpose and effect of such transfer is to increase segregation of students on the basis of race, color, or national origin among the schools of such agency; or

(f) the failure by an educational agency to take appropriate action to overcome language barriers that impede equal participation by its students in its instructional programs.

§ 1704. Balance not required

The failure of an educational agency to attain a balance, on the basis of race, color, sex, or national origin, of students among its schools shall not constitute a denial of equal educational opportunity, or equal protection of the laws.

§ 1705. Assignment on neighborhood basis not a denial of equal educational opportunity

Subject to the other provisions of this subchapter, the assignment by an educational agency of a student to the school nearest his place of residence which provides the appropriate grade level and type of education for such student is not a denial of equal educational opportunity or of equal protection of the laws unless such assignment is for the purpose of segregating students on the basis of race, color, sex, or national origin, or the school to which such student is assigned was located on its site for the purpose of segregating students on such basis.

PART 3—ENFORCEMENT

§ 1706. Civil actions by individuals denied equal educational opportunities or by Attorney General

An individual denied an equal educational opportunity, as defined by this subchapter may institute a civil action in an appropriate district court of the United States against such parties, and for such relief, as may be appropriate. The Attorney General of the United States (hereinafter in this chapter referred to as the "Attorney General"), for or in the name of the United States, may also institute such a civil action on behalf of such an individual.

§ 1707. Population changes without effect, per se, on school population changes

When a court of competent jurisdiction determines that a school system is desegregated, or that it meets the constitutional requirements, or that it is a unitary system, or that it has no vestiges of a dual system, and thereafter resi-
dential shifts in population occur which result in school population changes in any school within such a desegregated school system, such school population changes so occurring shall not, per se, constitute a cause for civil action for a new plan of desegregation or for modification of the court approved plan.

§ 1708. Jurisdiction of district courts

The appropriate district court of the United States shall have and exercise jurisdiction of proceedings instituted under section 1706 of this title.

§ 1709. Intervention by Attorney General

Whenever a civil action is instituted under section 1706 of this title by an individual, the Attorney General may intervene in such action upon timely application.

§ 1710. Civil actions by Attorney General; notice of violations; certification respecting undertaking appropriate remedial action

The Attorney General shall not institute a civil action under section 1706 of this title before he—

(a) gives to the appropriate educational agency notice of the condition or conditions which, in his judgment, constitute a violation of part 2 of this subchapter; and

(b) certifies to the appropriate district court of the United States that he is satisfied that such educational agency has not, within a reasonable time after such notice, undertaken appropriate remedial action.

PART 4—REMEDIES

§ 1712. Formulating remedies; applicability

In formulating a remedy for a denial of equal educational opportunity or a denial of the equal protection of the laws, a court, department, or agency of the United States shall seek or impose only such remedies as are essential to correct particular denials of equal educational opportunity or equal protection of the laws.

§ 1713. Priority of remedies

In formulating a remedy for a denial of equal educational opportunity or a denial of the equal protection of the laws, which may involve directly or indirectly the transportation of students, a court, department, or agency of the United States shall consider and make specific findings on the efficacy in correcting such denial of the following remedies and shall require implementation of the first of the remedies set out below, or of the first combination thereof which would remedy such denial:

(a) assigning students to the schools closest to their places of residence which provide the appropriate grade level and type of education for such students, taking into account school capacities and natural physical barriers;

(b) assigning students to the schools closest to their places of residence which provide the appropriate grade level and type of education for such students, taking into account only school capacities;

(c) permitting students to transfer from a school in which a majority of the students are of their race, color, or national origin to a school in which a minority of the students are of their race, color, or national origin;

(d) the creation or revision of attendance zones or grade structures without requiring transportation beyond that described in section 1714 of this title;

(e) the construction of new schools or the closing of inferior schools;

(f) the construction or establishment of magnet schools; or

(g) the development and implementation of any other plan which is educationally sound and administratively feasible, subject to the provisions of sections 1714 and 1715 of this title.

§ 1714. Transportation of students

(a) Limitation to school closest or next closest to place of residence

No court, department, or agency of the United States shall, pursuant to section 1713 of this title, order the implementation of a plan that would require the transportation of any student to a school other than the school closest or next closest to his place of residence which provides the appropriate grade level and type of education for such student.

(b) Health risks; impingement on educational process

No court, department, or agency of the United States shall require directly or indirectly the transportation of any student if such transportation poses a risk to the health of such student or constitutes a significant impingement on the educational process with respect to such student.

(c) School population changes resulting from population changes

When a court of competent jurisdiction determines that a school system is desegregated, or that it meets the constitutional requirements, or that it is a unitary system, or that it has no vestiges of a dual system, and thereafter residential shifts in population occur which result in school population changes in any school within such a desegregated school system, no educational agency because of such shifts shall be required by any court, department, or agency of the United States to formulate, or implement any new desegregation plan, or modify or implement any modification of the court approved desegregation plan, which would require transpor-
§ 1715 District lines

In the formulation of remedies under section 1712 or 1713 of this title the lines drawn by a State, subdividing its territory into separate school districts, shall not be ignored or altered except where it is established that the lines were drawn for the purpose, and had the effect, of segregating children among public schools on the basis of race, color, sex, or national origin.

§ 1716 Voluntary adoption of remedies

Nothing in this subchapter prohibits an educational agency from proposing, adopting, requiring, or implementing any plan of desegregation, otherwise lawful, that is at variance with the standards set out in this subchapter nor shall any court, department, or agency of the United States be prohibited from approving implementation of a plan which goes beyond what can be required under this subchapter, if such plan is voluntarily proposed by the appropriate educational agency.

§ 1717 Reopening proceedings

A parent or guardian of a child, or parents or guardians of children similarly situated, transported to a public school in accordance with a court order, or an educational agency subject to a court order or a desegregation plan under title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.] in effect on August 21, 1974, and intended to end segregation of students on the basis of race, color, or national origin, may seek to reopen or intervene in the further implementation of such court order, currently in effect, if the time or distance of travel is so great as to risk the health of the student or significantly impinge on his or her educational process.

§ 1718 Limitation on court orders; termination of orders conditioned upon compliance with fifth and fourteenth amendments; statement of basis for termination orders; stay of termination orders

Any court order requiring, directly or indirectly, the transportation of students for the purpose of remedying a denial of the equal protection of the laws may, to the extent of such transportation, be terminated if the court finds the defendant educational agency has satisfied the requirements of the fifth or fourteenth amendments to the Constitution, whichever is applicable, and will continue to be in compliance with the requirements thereof. The court of initial jurisdiction shall state in its order the basis for any decision to terminate an order pursuant to this section, and the termination of any order pursuant to this section shall be stayed pending a final appeal or, in the event no appeal is taken, until the time for any such appeal has expired. No additional order requiring such educational agency to transport students for such purpose shall be entered unless such agency is found not to have satisfied the requirements of the fifth or fourteenth amendments to the Constitution, whichever is applicable.

§ 1752. Appeals from Federal district court transfer or transportation orders affecting school attendance areas and achieving balancing of students; postponement of Federal court orders pending exercise of appellate remedy; expiration of section

Notwithstanding any other law or provision of law, in the case of any order on the part of any United States district court which requires the transfer or transportation of any student or students from any school attendance area prescribed by competent State or local authority for the purposes of achieving a balance among students with respect to race, sex, religion, or socioeconomic status, the effectiveness of such order shall be postponed until all appeals in connection with such order have been exhausted or, in the event no appeals are taken, until the time for such appeals has expired. This section shall expire at midnight on June 30, 1978.

§ 1753. Uniform rules of evidence requirement

The rules of evidence required to prove that State or local authorities are practicing racial discrimination in assigning students to public schools shall be uniform throughout the United States.

§ 1754. Provisions respecting transportation of pupils to achieve racial balance and judicial power to insure compliance with constitutional standards applicable to the entire United States

The proviso of section 407(a) of the Civil Rights Act of 1964 [42 U.S.C. 2000c–6(a)] providing in substance that no court or official of the United States shall be empowered to issue any order seeking to achieve a racial balance in any school by requiring the transportation of pupils or students from one school to another or one school district to another in order to achieve such racial balance, or otherwise enlarge the existing power of the court to insure compliance with constitutional standards shall apply to all public school pupils and to every public school system, public school and public school board, as defined by title IV [42 U.S.C. 2000c et seq.], under all circumstances and conditions and at all times in every State, district, territory, Commonwealth, or possession of the United States, regardless of whether the residence of such public school pupils or the principal offices of such public school system, public school or public school board is situated in the northern, eastern, western, or southern part of the United States.

§ 1755. Additional priority of remedies after finding of de jure segregation

Notwithstanding any other provision of law, after June 30, 1974 no court of the United States shall order the implementation of any plan to remedy a finding of de jure segregation which involves the transportation of students, unless the court first finds that all alternative remedies are inadequate.

§ 1756. Remedies with respect to school district lines

In the formulation of remedies under this chapter the lines drawn by a State subdividing its territory into separate school districts, shall not be ignored or altered except where it is established that the lines were drawn, or maintained or crossed for the purpose, and had the effect of segregating children among public schools on the basis of race, color, sex, or national origin, or where it is established that, as a result of discriminatory actions within the school districts, the lines have had the effect of segregating children among public schools on the basis of race, color, sex, or national origin.

§ 1757. Prohibition of forced busing during school year

(a) Congressional findings

The Congress finds that—
(1) the forced transportation of elementary and secondary school students in implementation of the constitutional requirement for the desegregation of such schools is controversial and difficult under the best planning and administration; and
(2) the forced transportation of elementary and secondary school students after the commencement of an academic school year is educationally unsound and administratively inefficient.

(b) Student transportation orders incidental to student transfers pursuant to school desegregation plans effective beginning with academic school year

Notwithstanding any other provisions of law, no order of a court, department, or agency of the United States, requiring the transportation of any student incident to the transfer of that student from one elementary or secondary school to another such school in a local educational agency pursuant to a plan requiring such transportation for the racial desegregation of any school in that agency, shall be effective until the beginning of an academic school year.

(c) “Academic school year” defined

For the purpose of this section, the term “academic school year” means, pursuant to regulations promulgated by the Secretary, the customary beginning of classes for the school year at an elementary or secondary school of a local educational agency for a school year that occurs not more often than once in any twelve-month period.

(d) Orders subject to provisions of section

The provisions of this section apply to any order which was not implemented at the beginning of the 1974–1975 academic year.

TRANSFER OF FUNCTIONS

“Secretary”, meaning the Secretary of Education, substituted for “Commissioner” in subsec. (c) pursuant to sections 301(a)(1) and 507 of Pub. L. 96–88, which are classified to sections 3441(a)(1) and 3507 of this title and which transferred functions of Commissioner of Education to Secretary of Education.

§ 1758. Reasonable time for developing voluntary school desegregation plans following detailed notice of violations

Notwithstanding any other law or provision of law, no court or officer of the United States shall enter, as a remedy for a denial of equal educational opportunity or a denial of equal protection of the laws, any order for enforcement of a plan of desegregation or modification of a court-approved plan, until such time as the local educational agency to be affected by such order has been provided notice of the details of the violation and given a reasonable opportunity to develop a voluntary remedial plan. Such time shall permit the local educational agency sufficient opportunity for community participation in the development of a remedial plan.

§ 2009. Harry S Truman Memorial Scholarship

(a) Establishment

There is established in the Treasury of the United States a trust fund to be known as the Harry S Truman Memorial Scholarship Trust Fund. The fund shall consist of amounts appropriated to it by section 2013 of this title.

(b) Investment in interest-bearing obligations

It shall be the duty of the Secretary to invest in full the amounts appropriated to the fund. Such investments may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose, such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under chapter 31 of title 31, are hereby extended to authorize the issuance at par of special obligations exclusively to the fund. Such special obligations shall bear interest at a rate equal to the average rate of interest, computed as to the end of the calendar month next preceding the date of such issue, borne by all marketable interest-bearing obligations of the United States then forming a part of the public debt; except that where such average rate is not a multiple of one-eighth of 1 percent, the rate of interest of such special obligations shall be the multiple of one-eighth of 1 percent next lower than such average rate. Such special obligations shall be issued only if the Secretary determines that the purchase of other interest-bearing obligations of the United States, or of obligations guaranteed as to both principal and interest by the United States or original issue or at the market price, is not in the public interest.

(c) Sale and redemption of obligations

SUBCHAPTER I—GENERAL PROVISIONS

§ 2101. Congressional declaration of findings and purpose

(a) The Congress hereby finds and declares—
(1) that the diversity inherent in American folklife has contributed greatly to the cultural richness of the Nation and has fostered a sense of individuality and identity among the American people;
(2) that the history of the United States effectively demonstrates that building a strong nation does not require the sacrifice of cultural differences;
(3) that American folklife has a fundamental influence on the desires, beliefs, values, and character of the American people;
(4) that it is appropriate and necessary for the Federal Government to support research and scholarship in American folklife in order to contribute to an understanding of the complex problems of the basic desires, beliefs, and values of the American people in both rural and urban areas;
(5) that the encouragement and support of American folklife, while primarily a matter for private and local initiative, is also an appropriate matter of concern to the Federal Government; and
(6) that it is in the interest of the general welfare of the Nation to preserve, support, revitalize, and disseminate American folklife traditions and arts.

(b) It is therefore the purpose of this subchapter to establish in the Library of Congress an American Folklife Center to preserve and present American folklife.

SHORT TITLE

L. 196–380, § 1, Oct. 27, 2000, 114 Stat. 1447, provided that: ‘‘This Act [enacting subchapter II of this chapter] may be cited as the ‘Veterans' Oral History Project Act’.‘‘

FINDINGS AND PURPOSE OF 1998 AMENDMENT

§ 2102. Definitions

As used in this subchapter—
(1) the term ‘‘American folklife’’ means the traditional expressive culture shared within the various groups in the United States: familial, ethnic, occupational, religious, regional; expressive culture includes a wide range of creative and symbolic forms such as custom, belief, technical skill, language, literature, art, architecture, music, play, dance, drama, ritual, pageantry, handicraft; these expressions are mainly learned orally, by imitation, or in performance, and are generally maintained without benefit of formal instruction or institutional direction;
(2) the term ‘‘Board’’ means the Board of Trustees of the Center;
(3) the term ‘‘Center’’ means the American Folklife Center established under this subchapter;
(4) the term ‘‘group’’ includes any State or public agency or institution and any nonprofit society, institution, organization, association, or establishment in the United States;

“(1) FINDINGS.—Congress makes the following findings:

(A) The American Folklife Center in the Library of Congress was created by Congress in 1976, building on the vast expertise and archival material existing at the Library since 1928.

(B) As an instrumentality of the Congress, it is fitting that the American Folklife Center should have a direct and close relationship with the representatives of the people, who are best able to oversee the ongoing activities of the Center to preserve and promote the cultural traditions of the people, and to ensure that the resources of the Center be readily available to all Americans.

(C) In over 20 years since its creation, the American Folklife Center in the Library of Congress has—

(i) increased the size of the Archive of Folk Culture from 500,000 to 1,500,000 multi-format ethnographic items;

(ii) engaged in 15 cultural surveys and field documentation projects in all regions of the country;

(iii) provided publications, documentary equipment on loan, and advisory and reference service to persons and institutions in all 50 States;

(iv) produced exhibitions and other educational programs on American Folklife at the Library and around the country;

(v) begun sharing its unique collections in digital form via the Internet; and

(vi) served as a national center for the professions of folklore, ethnomusicology, and cultural studies.

(D) Congress has consistently provided encouragement and support of American Folklife as an appropriate matter of concern to the Federal Government, passing legislation to reauthorize the Center eight times since its creation in 1976.

(E) The American Folklife Center is the only unit in the Library of Congress which is not permanently authorized. Since its establishment in 1976, the Center’s collections and activities have been fully and successfully integrated into the Library of Congress. It is useful to statutorily conform the American Folklife Center with the rest of the Library of Congress.

(2) PURPOSE.—It is the purpose of this section [amending sections 2103, 2106, and 2107 of this title and enacting provisions set out as a note under section 2103 of this title] to authorize permanently the American Folklife Center in the Library of Congress to preserve and present American Folklife.”

(2) 4,700,000 Americans served in World War I, 16,500,000 Americans served in World War II, 6,800,000 Americans served in the Korean Conflict, 9,200,000 Americans served in the Vietnam Conflict, 3,800,000 Americans served in the Persian Gulf War, and countless other Americans served in military engagements overseas throughout the 20th century.

(3) The Department of Veterans Affairs reports that there are almost 19,000,000 war veterans living in this Nation today.

(4) Today there are only approximately 3,400 living veterans of World War I, and of the some 6,000,000 veterans of World War II alive today, almost 1,500 die each day.

(5) Oral histories are of immeasurable value to historians, researchers, authors, journalists, film makers, scholars, students, and citizens of all walks of life.

(6) War veterans possess an invaluable resource in their memories of the conflicts in which they served, and can provide a rich history of our Nation and its people through the retelling of those memories, yet frequently those who served during times of conflict are reticent to family and friends about their experiences.

(7) It is in the Nation’s best interest to collect and catalog oral histories of American war veterans so that future generations will have original sources of information regarding the lives and times of those who served in war and the conditions under which they endured, so that Americans will always remember those who served in war and may learn first-hand of the heroics, tediousness, horrors, and triumphs of war.

(8) The Library of Congress, as the Nation’s oldest Federal cultural institution and largest and most inclusive library in human history (with nearly 119,000,000 items in its multimedia collection) is an appropriate repository to collect, preserve, and make available to the public an archive of these oral histories. The Library’s American Folklife Center has expertise in the management of documentation projects and experience in the development of cultural and educational programs for the public.

1 So in original. Probably should be followed by a comma.
(b) Purpose

It is the purpose of this subchapter to create a new federally sponsored, authorized, and funded program that will coordinate at a national level the collection of video and audio recordings of personal histories and testimonials of American war veterans, and to assist and encourage local efforts to preserve the memories of this Nation’s war veterans so that Americans of all current and future generations may hear directly from veterans and better appreciate the realities of war and the sacrifices made by those who served in uniform during wartime.

§ 2142. Establishment of program at American Folklife Center to collect video and audio recordings of histories of veterans

(a) In general

The Director of the American Folklife Center at the Library of Congress shall establish an oral history program—

(1) to collect video and audio recordings of personal histories and testimonials of veterans of the Armed Forces who served during a period of war;

(2) to create a collection of the recordings obtained (including a catalog and index) which will be available for public use through the National Digital Library of the Library of Congress and such other methods as the Director considers appropriate to the extent feasible subject to available resources; and

(3) to solicit, reproduce, and collect written materials (such as letters and diaries) relevant to the personal histories of veterans of the Armed Forces who served during a period of war and to catalog such materials in a manner the Director considers appropriate, consistent with and complimentary to the efforts described in paragraphs (1) and (2).

(b) Use of and consultation with other entities

The Director may carry out the activities described in paragraphs (1) and (3) of subsection (a) of this section through agreements and partnerships entered into with other government and private entities, and may otherwise consult with interested persons (within the limits of available resources) and develop appropriate guidelines and arrangements for soliciting, acquiring, and making available recordings under the program under this subchapter.

(c) Timing

As soon as practicable after October 27, 2000, the Director shall begin collecting video and audio recordings under subsection (a)(1) of this section, and shall attempt to collect the first such recordings from the oldest veterans.

So in original. Probably should be complementary.

§ 2301. Purpose

(1) building on the efforts of States and localities to develop challenging academic and technical standards and to assist students in meeting such standards, including preparation for high skill, high wage, or high demand occupations in current or emerging professions;

(2) promoting the development of services and activities that integrate rigorous and challenging academic and career and technical instruction, and that link secondary education and postsecondary education for participating career and technical education students;

(3) increasing State and local flexibility in providing services and activities designed to develop, implement, and improve career and technical education, including tech prep education;

(6) supporting partnerships among secondary schools, postsecondary institutions, baccalaureate degree granting institutions, area career and technical education schools, local workforce investment boards, business and industry, and intermediaries; and

(7) providing individuals with opportunities throughout their lifetimes to develop, in conjunction with other education and training programs, the knowledge and skills needed to keep the United States competitive.

Part C—Local Provisions

§2351. Distribution of funds to secondary education programs

(a) Distribution rules

Except as provided in section 2353 of this title and as otherwise provided in this section, each
eligible agency shall distribute the portion of funds made available under section 2322(a)(1) of this title to carry out this section to local educational agencies within the State as follows:

(1) Thirty percent

Thirty percent shall be allocated to such local educational agencies in proportion to the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency for the preceding fiscal year compared to the total number of such individuals who reside in the school districts served by all local educational agencies in the State for such preceding fiscal year, as determined on the basis of the most recent satisfactory—

(A) data provided to the Secretary by the Bureau of the Census for the purpose of determining eligibility under title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6801 et seq.]; or

(B) student membership data collected by the National Center for Education Statistics through the Common Core of Data survey system.

(2) Seventy percent

Seventy percent shall be allocated to such local educational agencies in proportion to the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency and are from families below the poverty level for the preceding fiscal year, as determined on the basis of the most recent satisfactory data used under section 1124(c)(1)(A) of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6333(c)(1)(A)], compared to the total number of such individuals who reside in the school districts served by all the local educational agencies in the State for such preceding fiscal year.

(3) Adjustments

Each eligible agency, in making the allocations under paragraphs (1) and (2), shall adjust the data used to make the allocations to—

(A) reflect any change in school district boundaries that may have occurred since the data were collected; and

(B) include local educational agencies without geographical boundaries, such as charter schools and secondary schools funded by the Bureau of Indian Affairs.

(b) Waiver for more equitable distribution

The Secretary may waive the application of subsection (a) in the case of any eligible agency that submits to the Secretary an application for such a waiver that—

(1) demonstrates that a proposed alternative formula more effectively targets funds on the basis of poverty (as defined by the Office of Management and Budget and revised annually in accordance with section 9002(e) of title 42) to local educational agencies within the State than the formula described in subsection (a); and

(2) includes a proposal for such an alternative formula.

(c) Minimum allocation

(1) In general

Except as provided in paragraph (2), a local educational agency shall not receive an allocation under subsection (a) unless the amount allocated to such agency under subsection (a) is greater than $15,000. A local educational agency may enter into a consortium with other local educational agencies for purposes of meeting the minimum allocation requirement of this paragraph.

(2) Waiver

The eligible agency shall waive the application of paragraph (1) in any case in which the local educational agency—

(A)(i) is located in a rural, sparsely populated area; or

(ii) is a public charter school operating secondary school career and technical education programs; and

(B) demonstrates that the local educational agency is unable to enter into a consortium for purposes of providing activities under this part.

(d) Limited jurisdiction agencies

(1) In general

In applying the provisions of subsection (a), no eligible agency receiving assistance under this subchapter shall allocate funds to a local educational agency that serves only elementary schools, but shall distribute such funds to the local educational agency or regional educational agency that provides secondary school services to secondary school students in the same attendance area.

(2) Special rule

The amount to be allocated under paragraph (1) to a local educational agency that has jurisdiction only over secondary schools shall be determined based on the number of students that entered such secondary schools in the previous year from the elementary schools involved.

(e) Allocations to area career and technical education schools and educational service agencies

(1) In general

Each eligible agency shall distribute the portion of funds made available under section 2322(a)(1) of this title for any fiscal year by such eligible agency for career and technical education activities at the secondary level under this section to the appropriate area career and technical education school or educational service agency in any case in which the area career and technical education school or educational service agency, and the local educational agency concerned—

(A) have formed or will form a consortium for the purpose of receiving funds under this section; or
(B) have entered into or will enter into a cooperative arrangement for such purpose.

(2) Allocation basis
If an area career and technical education school or educational service agency meets the requirements of paragraph (1), then the amount that would otherwise be distributed to the local educational agency shall be allocated to the area career and technical education school, the educational service agency, and the local educational agency based on each school, agency or entity’s relative share of students who are attending career and technical education programs (based, if practicable, on the average enrollment for the preceding 3 years).

(3) Appeals procedure
The eligible agency shall establish an appeals procedure for resolution of any dispute arising between a local educational agency and an area career and technical education school or an educational service agency with respect to the allocation procedures described in this section, including the decision of a local educational agency to leave a consortium or terminate a cooperative arrangement.

(1) Alliance
Any local educational agency receiving an allocation that is not sufficient to conduct a program which meets the requirements of section 2355 of this title is encouraged to—
(A) form a consortium or enter into a cooperative agreement with an area career and technical education school or educational service agency offering programs that meet the requirements of section 2355 of this title;
(B) transfer such allocation to the area career and technical education school or educational service agency; and
(C) operate programs that are of sufficient size, scope, and quality to be effective.

(2) Funds to consortium
Funds allocated to a consortium formed to meet the requirements of this subsection shall be used only for purposes and programs that are mutually beneficial to all members of the consortium and can be used only for programs authorized under this subchapter. Such funds may not be reallocated to individual members of the consortium for purposes or programs benefitting only 1 member of the consortium.

(g) Data
The Secretary shall collect information from eligible agencies regarding the specific dollar allocations made available by the eligible agency for career and technical education programs under subsections (a), (b), (c), (d), and (e) and how these allocations are distributed to local educational agencies, area career and technical education schools, and educational service agencies, within the State in accordance with this section.

(h) Special rule
Each eligible agency distributing funds under this section shall treat a secondary school funded by the Bureau of Indian Affairs within the State as if such school were a local educational agency within the State for the purpose of receiving a distribution under this section.

PRIOR PROVISIONS

§2352. Distribution of funds for postsecondary education programs

(a) Allocation
(1) In general
Except as provided in subsections (b) and (c) and section 2355 of this title, each eligible agency shall distribute the portion of the funds made available under section 2322(a)(1) of this title to carry out this section for any fiscal year to eligible institutions or consortia of eligible institutions within the State.

(2) Formula
Each eligible institution or consortium of eligible institutions shall be allocated an amount that bears the same relationship to the portion of funds made available under section 2322(a)(1) of this title to carry out this section for any fiscal year as the sum of the number of individuals who are Federal Pell Grant recipients and recipients of assistance from the Bureau of Indian Affairs enrolled in programs meeting the requirements of section 2355 of this title offered by such institution or consortium in the preceding fiscal year bears to the sum of the number of such recipients enrolled in such programs within the State for such year.

(3) Consortium requirements
(A) In general
In order for a consortium of eligible institutions described in paragraph (2) to receive assistance pursuant to such paragraph, such consortium shall operate joint projects that—
(i) provide services to all postsecondary institutions participating in the consortium; and
(ii) are of sufficient size, scope, and quality to be effective.

(B) Funds to consortium
Funds allocated to a consortium formed to meet the requirements of this section shall
be used only for purposes and programs that are mutually beneficial to all members of the consortium and shall be used only for programs authorized under this subchapter. Such funds may not be reallocated to individual members of the consortium for purposes or programs benefitting only 1 member of the consortium.

(4) Waiver

The eligible agency may waive the application of paragraph (3)(A)(i) in any case in which the eligible institution is located in a rural, sparsely populated area.

(b) Waiver for more equitable distribution

The Secretary may waive the application of subsection (a) if an eligible agency submits to the Secretary an application for such a waiver that—

(1) demonstrates that the formula described in subsection (a) does not result in a distribution of funds to the eligible institutions or consortia within the State that have the highest numbers of economically disadvantaged individuals and that an alternative formula will result in such a distribution; and
(2) includes a proposal for such an alternative formula.

(c) Minimum grant amount

(1) In general

No institution or consortium shall receive an allocation under this section in an amount that is less than $50,000.

Such career and technical education programs within a charter school shall be of sufficient size, scope, and quality to be effective.

(2) Minimal amount

For purposes of this section, the term “minimal amount” means not more than 15 percent of the total amount made available for redistribution under section 2322(a)(1) of this title.

(b) Redistribution

(1) In general

In any academic year that an eligible recipient does not expend all of the amounts the eligible recipient is allocated for such year under section 2351 or 2352 of this title, such eligible recipient shall return any unexpended amounts to the eligible agency to be reallocated under section 2351 or 2352 of this title, as appropriate.

(2) Redistribution of amounts returned late in an academic year

In any academic year in which amounts are returned to the eligible agency under section 2351 or 2352 of this title and the eligible agency is unable to reallocate such amounts according to such sections in time for such amounts to be expended in such academic year, the eligible agency shall retain such amounts for distribution in combination with amounts provided under section 2322(a)(1) of this title for the following academic year.

(c) Construction

Nothing in section 2351 or 2352 of this title shall be construed—

(1) to prohibit a local educational agency or a consortium thereof that receives assistance under section 2351 or 2352 of this title, from working with an eligible institution or consortium thereof that receives assistance under section 2352 of this title, to carry out career and technical education programs at the secondary level in accordance with this subchapter;
(2) to prohibit an eligible institution or consortium thereof that receives assistance under section 2352 of this title, from working with a local educational agency or consortium thereof that receives assistance under section 2351 of this title, to carry out postsecondary and adult career and technical education programs in accordance with this subchapter; or
(3) to require a charter school, that provides career and technical education programs and is considered a local educational agency under State law, to jointly establish the charter school’s eligibility for assistance under this subchapter unless the charter school is explicitly permitted to do so under the State’s charter school statute.

(b) Maintenance of effort

(1) Determination

(A) In general

Except as provided in subparagraphs (B) and (C), no payments shall be made under this chapter for any fiscal year to a State for career and technical education programs or tech prep programs unless the Secretary determines that the fiscal effort per student or the aggregate expenditures of such State for career and technical education programs for the fiscal year preceding the fiscal year for which the determination is made, equaled or exceeded such effort or expenditures for career and technical education programs for the second fiscal year preceding the fiscal year for which the determination is made.

(B) Computation

In computing the fiscal effort or aggregate expenditures pursuant to subparagraph (A), the Secretary shall exclude capital expenditures, special 1-time project costs, and the cost of pilot programs.

(C) Decrease in Federal support

If the amount made available for career and technical education programs under this chapter for a fiscal year is less than the amount made available for career and technical education programs under this chapter for the preceding fiscal year, then the fiscal effort per student or the aggregate expenditures of a State required by subparagraph (A) for the preceding fiscal year shall be decreased by the same percentage as the percentage decrease in the amount so made available.

(2) Waiver

The Secretary may waive the requirements of this section, with respect to not more than 5 percent of expenditures by any eligible agency for 1 fiscal year only, on making a determination that such waiver would be equitable due to exceptional or uncontrollable circumstances affecting the ability of the eligible agency to meet such requirements, such as a natural disaster or an unforeseen and precipitous decline in financial resources. No level of funding permitted under such a waiver may be used as the basis for computing the fiscal effort or aggregate expenditures required under this section for years subsequent to the year covered by such waiver. The fiscal effort or aggregate expenditures for the subsequent years shall be computed on the basis of the level of funding that would, but for such waiver, have been required.

EFFECTIVE DATE OF REPEAL

Repeal effective July 1, 1988, see section 6303 of Pub. L. 100–297, set out as an Effective Date of 1988 Amendment note under section 1071 of this title.

$3401. Congressional findings.

The Congress finds that—

(1) education is fundamental to the development of individual citizens and the progress of the Nation;

(2) there is a continuing need to ensure equal access for all Americans to educational opportunities of a high quality, and such educational opportunities should not be denied because of race, creed, color, national origin, or sex;

(3) parents have the primary responsibility for the education of their children, and States, localities, and private institutions have the primary responsibility for supporting that parental role;

(4) in our Federal system, the primary public responsibility for education is reserved respectively to the States and the local school systems and other instrumentalities of the States;

(5) the American people benefit from a diversity of educational settings, including public and private schools, libraries, museums and other institutions, the workplace, the community, and the home;
§ 3402  TITLE 20—EDUCATION  Page 1050

(6) the importance of education is increasing as new technologies and alternative approaches to traditional education are considered, as society becomes more complex, and as equal opportunities in education and employment are promoted;

(7) there is a need for improvement in the management and coordination of Federal education programs to support more effectively State, local, and private institutions, students, and parents in carrying out their educational responsibilities;

(8) the dispersion of education programs across a large number of Federal agencies has led to fragmented, duplicative, and often inconsistent Federal policies relating to education;

(9) Presidential and public consideration of issues relating to Federal education programs is hindered by the present organizational position of education programs in the executive branch of the Government; and

(10) there is no single, full-time, Federal education official directly accountable to the President, the Congress, and the people.

Executive Order No. 12212

§ 3402. Congressional declaration of purpose

The Congress declares that the establishment of a Department of Education is in the public interest, will promote the general welfare of the United States, will help ensure that education issues receive proper treatment at the Federal level, and will enable the Federal Government to coordinate its education activities more effectively. Therefore, the purposes of this chapter are—

(1) to strengthen the Federal commitment to ensuring access to equal educational opportunity for every individual;

(2) to supplement and complement the efforts of States, the local school systems and other instrumentalities of the States, the private sector, public and private educational institutions, public and private nonprofit educational research institutions, community-based organizations, parents, and students to improve the quality of education;

(3) to encourage the increased involvement of the public, parents, and students in Federal education programs;

(4) to promote improvements in the quality and usefulness of education through federally supported research, evaluation, and sharing of information;

(5) to improve the coordination of Federal education programs;

(6) to improve the management and efficiency of Federal education activities, especially with respect to the process, procedures, and administrative structures for the dispersal of Federal funds, as well as the reduction of unnecessary and duplicative burdens and constraints, including unnecessary paperwork, on the recipients of Federal funds; and

(7) to increase the accountability of Federal education programs to the President, the Congress, and the public.

§ 3403. Relationship with States

(a) Rights of local governments and educational institutions

It is the intention of the Congress in the establishment of the Department to protect the rights of State and local governments and public and private educational institutions in the areas of educational policies and administration of programs and to strengthen and improve the control of such governments and institutions over their own educational programs and policies. The establishment of the Department of Education shall not increase the authority of the Federal Government over education or diminish the responsibility for education which is reserved to the States and the local school systems and other instrumentalities of the States.

(b) Curriculum, administration, and personnel; library resources

No provision of a program administered by the Secretary or by any other officer of the Department shall be construed to authorize the Secretary or any such officer to exercise any direction, supervision, or control over the curriculum, program of instruction, administration, or personnel of any educational institution, school, or school system, over any accrediting agency or association, or over the selection or content of library resources, textbooks, or other instructional materials by any educational institution or school system, except to the extent authorized by law.

(c) Funding under pre-existing programs

The Secretary shall not, during the period within eight months after May 4, 1980, take any action to withhold, suspend, or terminate funds under any program transferred by this chapter by reason of the failure of any State to comply with any applicable law requiring the administration of such a program through a single organizational unit.

Codification

In subsec. (c), “May 4, 1980” substituted for “the effective date of this chapter” pursuant to section 601 of Pub. L. 96–88, set out as an Effective Date note under section 3401 of this title.

**Extension of Term of President’s Advisory Commission on Educational Excellence for Hispanic Americans**

Term of President’s Advisory Commission on Educational Excellence for Hispanic Americans extended until Sept. 30, 1999, by Ex. Ord. No. 12902, § 1(d), Sept. 29, 1997, 62 F.R. 51755, formerly set out as a note under section 14 of the Federal Advisory Committee Act in the Appendix to Title 5.

**Executive Order No. 13555, White House Initiative on Educational Excellence for Hispanics**

Ex. Ord. No. 13555, Oct. 19, 2010, 75 F.R. 65417, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, to restore the country to its role as the global leader in education, to strengthen the Nation by expanding educational opportunities and improving educational outcomes for Hispanics and Latinos (Hispanics) of all ages, and to help ensure that all Hispanics receive an education that properly prepares them for college, productive careers, and satisfying lives, it is hereby ordered as follows:

**Section 1. Policy.** At more than 52 million strong, including 4 million in Puerto Rico, Hispanics constitute the country’s largest and fastest growing minority group. They have had a profound and positive impact on our country through, among other things, their community’s strong commitment to family, faith, hard work, and service. Many Hispanics contribute to this Nation bilingually in the English and Spanish languages—a true asset for our country in an increasingly global, interdependent world.

Hispanic students are the largest minority group in our Nation’s schools, numbering more than 11 million in our public elementary and secondary school system, and constituting more than 22 percent of all pre-K-12 students. Hispanic students face educational challenges of crisis proportions. Fewer than half of all Hispanic children participate in early childhood education programs, and far too few Hispanic students graduate from high school; of those who do complete high school, many are not adequately prepared for college. Only 12 percent of adult Hispanics have a bachelor’s degree, and just 3 percent have completed graduate or professional degree programs. At the same time, large numbers of Hispanic adults lack the education or literacy skills they need to advance their careers; they also are less likely than members of other groups to have taken job- or career-related courses, with the exception of basic education classes, such as English as a second language.

Our country was built on and continues to thrive on its diversity, and there is no doubt that the future of the United States is inextricably linked to the future of the Hispanic community. To reach the ambitious educational goals we have set for our Nation, as well as to ensure equality of opportunity for all, we must provide the opportunities that will enable Hispanic students to raise their educational attainment at every level of the American education system. America’s future competitiveness in our global economy will be substantially enhanced by improving educational outcomes for Hispanics.

**Sec. 2. White House Initiative on Educational Excellence for Hispanics.**
(a) Establishment. There is established the White House Initiative on Educational Excellence for Hispanics (Initiative), to be housed in the Department of Education (Department). The mission of the Initiative shall be to help restore the United States to its role as the global leader in education and to strengthen the Nation by expanding educational opportunities and improving educational outcomes for Hispanics of all ages and by helping to ensure that all Hispanics receive a complete and competitive education that prepares them for college, a career, and productive and satisfying lives in their learning, help them catch up academically, and provide those who have left the educational system with pathways to reentry;

(vi) increasing college access and success for Hispanic students and providing support to help ensure that a greater percentage of Hispanics complete college and contribute to the goal of having America again lead the world in the proportion of college graduates by 2020, in part through strategies to strengthen the capacity of Hispanic-Serving Institutions, community colleges, and other institutions of higher education serving large numbers of Hispanic students; and

(vii) enhancing the educational and life opportunities of Hispanics by increasing their participation in and community engagement, improving the quality of, and expanding access to, adult education, literacy, and career and technical education, as well as increasing opportunities for education and career advancement in the fields of science, technology, engineering, and mathematics.

(b) Initiative Administration. There shall be an Executive Director of the Initiative, to be appointed by the Secretary of Education (Secretary). The Initiative shall be advised by the Commission established under subsection (c) of this section and supported by the Working Group established under subsection (d) of this section. The Department shall provide the staff, resources, and assistance for the Initiative and the Working Group to the extent permitted by law, departments, agencies, and offices represented on the Working Group shall provide resources, including personnel detailed to the Initiative, to assist the Department in meeting the objectives of this order.

Senior officials shall be designated by the heads of their respective departments, agencies, and offices.

(3) The Initiative’s Executive Director may establish subgroups of the Working Group to focus on different aspects of the educational system or educational challenges facing Hispanics, such as early childhood education, K-12 (sic) education, higher education, career and technical education, language acquisition, and adult education.

(4) The Working Group shall consist of senior officials from the Department, the White House Domestic Policy Council, the Department of Labor, and the Department of Health and Human Services, as well as such additional departments, agencies, and offices as the President may designate. (5) The Initiative’s Executive Director may establish subgroups of the Working Group to focus on different aspects of the educational system or educational challenges facing Hispanics, such as early childhood education, K-12 (sic) education, higher education, career and technical education, language acquisition, and adult education.

(6) The Initiative shall, consistent with law:

EXTENSION OF TERM OF PRESIDENT’S ADVISORY COMMISSION ON EDUCATIONAL EXCELLENCE FOR HISPANICS

EX. ORD. No. 13621, WHITE HOUSE INITIATIVE ON EDUCATIONAL EXCELLENCE FOR AFRICAN AMERICANS

Ex. Ord. No. 13621, July 26, 2012, 77 F.R. 45471, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, to restore the country to its role as the global leader in education, to strengthen the Nation by improving educational outcomes for African Americans of all ages, and to help ensure that all African Americans receive an education that properly prepares them for college, productive careers, and satisfying lives, it is hereby ordered as follows:

SECTION 1. Policy. Over the course of America’s history, African American men and women have strengthened our Nation, including by leading reforms, overcoming obstacles, and breaking down barriers. In the less than 60 years since the Brown v. Board of Education decision put America on a path toward equal educational opportunity, America’s educational system has undergone a remarkable transformation, and many African American children who attended the standard segregated schools of the 1950s have grown up to see their children attend integrated elementary and secondary schools, colleges, and universities.

However, substantial obstacles to equal educational opportunity still remain in America’s educational system. African Americans lack equal access to highly effective teachers and principals, safe schools, and challenging college-preparatory classes, and they disproportionately experience school discipline and referrals to special education. African American achievement not only lags behind that of their domestic peers by an average of two grade levels, but also behind students in almost every other developed nation. Over a third of African American students do not graduate from high school on time with a regular high school diploma, and only four percent of African American high school graduates interested in college are college-ready across a range of subjects. An even greater number of African American males do not graduate with a regular high school diploma, and African American males also experience disparate rates of incarceration.

Significantly improving the educational outcomes of African Americans will provide substantial benefits for our country by, among other things, increasing college completion rates, productivity, employment rates, and the number of African American teachers. Enhanced educational outcomes lead to more productive careers, improved economic opportunity, and greater overall well-being for all Americans. Complementing the role of Historically Black Colleges and Universities (HBCUs) in preparing generations of African American students for successful careers, and the work of my Administration’s separate White House Initiative on Historically Black Colleges and Universities, this new Initiative’s focus on improving all the sequential levels of
education will produce a more effective educational continuum for all African American students.

To reach the ambitious education goals we have set for our Nation, as well as to ensure equality of access and opportunity for all, we must provide the support that will enable African American students to improve their level of educational achievement through rigorous and well-rounded academic and support services that will prepare them for college, a career, and a lifetime of learning.

Sect. 2. White House Initiative on Educational Excellence for African Americans. (a) Establishment. There is hereby established the White House Initiative on Educational Excellence for African Americans (Initiative), to be housed in the Department of Education (Department). There shall be an Executive Director of the Initiative, to be appointed by the Secretary of Education (Secretary). The Initiative shall be supported by the Interagency Working Group established under subsection (c) of this section and advised by the Commission established under section 3 of this order.

(b) Mission and Functions. The Initiative will help to improve the United States to its role as the global leader in education; strengthen the Nation by improving educational outcomes for African Americans of all ages; and help ensure that African American students receive a complete and competitive education that prepares them for college, a satisfying career, and productive citizenship.

(2) The Initiative will complement and reinforce the Historically Black Colleges and Universities Initiative established by Executive Order 13322 of February 26, 2010, and together, they both will support enhanced educational outcomes for African Americans at every level of the American education system, including early childhood education; elementary, secondary, and postsecondary education; career and technical education; and adult education.

(3) To help expand educational opportunities, improve educational outcomes, and deliver a complete and competitive education for all African Americans, the Initiative shall, consistent with applicable law, promote, encourage, and undertake efforts designed to meet the following objectives:

(i) increasing general understanding of the causes of the educational challenges faced by African American students, whether they are in urban, suburban, or rural learning environments;

(ii) increasing the percentage of African American children who enter kindergarten ready for success by improving their access to high-quality programs and services that enable early learning and development of children from birth through age 5;

(iii) decreasing the disproportionate number of referrals of African American children from general education to special education by addressing the root causes of the referrals and eradicating discriminatory referrals;

(iv) implementing successful and innovative education reform strategies and practices in America’s public schools to ensure that African American students receive a rigorous and well-rounded education in safe and healthy environments, and have access to high-level, rigorous course work and support services that will prepare them for college, a career, and civic participation;

(v) ensuring that all African American students have comparable access to the resources necessary to obtain a high-quality education, including effective teachers and school leaders, in part by supporting efforts to improve the recruitment, preparation, development, and retention of successful African American teachers and school leaders and other effective teachers and school leaders responsible for the education of African American students;

(vi) reducing the dropout rate of African American students and helping African American students graduate from high school on time, with academic proficiency by actively considering the quality of access to education, in part by promoting access to high-quality schools and programs while in part by promoting a positive school climate that does not rely on methods that result in disparate use of disciplinary tools, and by supporting successful and innovative dropout prevention and recovery strategies that better engage African American youths in their education, help them academically, and provide those who have left the educational system with pathways to reentry;

(vii) increasing college access and success for African American students, and providing support to ensure that a greater percentage of African American complete college and contribute to the goal of having America again lead the world in the proportion of adults who are college graduates by 2020, in part through strategies to strengthen the capacity of institutions of higher education that serve large numbers of African American students, including community colleges, HBCUs, Predominantly Black Institutions (PBIs), and other institutions; and

(viii) enhancing the educational and life opportunities of African Americans by fostering positive family and community engagement in education; reducing racial isolation and resegregation of elementary and secondary schools to promote understanding and tolerance among all Americans; improving the quality of, and expanding access to, adult education, literacy, and career and technical education; and increasing opportunities for education and career advancement in the fields of science, technology, engineering, and mathematics.

(4) In working to fulfill its mission and objectives, the Initiative shall, consistent with applicable law:

(i) identify evidence-based best practices that can provide African American students a rigorous and well-rounded education in safe and healthy environments, as well as access to support services, which will prepare them for college, a career, and civic participation;

(ii) develop a national network of individuals, organizations, and communities to share and implement best practices related to the education of African Americans, including those identified as most at risk;

(iii) help ensure that Federal programs and initiatives administered by the Department and other agencies are serving and meeting the educational needs of African Americans, including by encouraging agencies to incorporate best practices into appropriate discretionary programs where permitted by law;

(iv) work closely with the Executive Office of the President on key Administration priorities related to the education of African Americans;

(v) increase the participation of the African American community, including institutions that serve that community, in the Department’s programs and in education-related programs at other agencies;

(vi) advise the officials of the Department and other agencies on issues related to the educational attainment of African Americans;

(vii) advise the Secretary on the development, implementation, and coordination of educational programs and initiatives at the Department and other agencies that are designed to improve educational opportunities and outcomes for African Americans of all ages; and

(viii) encourage and develop partnerships with public, private, philanthropic, and nonprofit stakeholders to improve African Americans’ readiness for school, college, and career, as well as their college persistence and completion.

(5) The Initiative shall periodically publish reports on its activities. The Secretary and the Executive Director of the Initiative, in consultation with the Working Group and the Chair of the Commission established under subsection (c) of this section and section 3 of this order, respectively, may develop and submit to the President recommendations designed to advance and promote educational opportunities and attainment for African Americans.

(c) Interagency Working Group. There is established the Federal Interagency Working Group on Educational Excellence for African Americans.
Americans (Working Group), which shall be convened and
chaired by the Initiative’s Executive Director and that shall support the efforts of the Initiative described in section (b) of this section.

(2) The Working Group shall consist of senior officials from the Department, the White House Domestic Policy Council, the Department of Justice, the Department of Labor, the Department of Health and Human Services, the National Science Foundation, the Department of Defense, and such additional agencies and offices as the President may subsequently designate. Senior officials shall be designated by the heads of their respective agencies and offices.

(3) The Initiative’s Executive Director may establish subgroups of the Working Group to focus on different aspects of the educational system (such as early childhood education, K–12 education, higher education (including HBCUs and PBIs), career and technical education, adult education, or correctional education and reengagement) or educational challenges facing particular populations of African Americans (such as young men, disconnected or out-of-school youth, individuals with disabilities, children identified as gifted and talented, single-parent households, or adults already in the workforce).

(d) Administration. The Department shall provide funding and administrative support for the Initiative and the Working Group, to the extent permitted by law and within existing appropriations. To the extent permitted by law, other agencies and offices represented on the Working Group may detail personnel to the Initiative, to assist the Department in meeting the objectives of this order.

(e) Collaboration Among White House Initiatives. The Initiative may collaborate with the White House Initiatives on American Indian and Alaska Native Education, Educational Excellence for Hispanics, Asian-American and Pacific Islanders, and (consistent with section 3(c) of this order) Historically Black Colleges and Universities, and wherever appropriate in light of their shared objectives.

EXTENSION OF TERM OF PRESIDENT’S ADVISORY COMMISSION ON EDUCATIONAL EXCELLENCE FOR AFRICAN AMERICANS

Term of President’s Advisory Commission on Educational Excellence for African Americans extended until Sept. 30, 2015, by Ex. Ord. No. 13632, Sept. 30, 2013, as so authorized by section 18 of F.R. 6181, set out as a note under section 5 of the Federal Advisory Committee Act in the Appendix to Title 5, Government Organization and Employees.
CREATING AND EXPANDING LADDERS OF OPPORTUNITY FOR BOYS AND YOUNG MEN OF COLOR

Memorandum of President of the United States, Feb. 27, 2014, 79 F.R. 12923, provided:

Memorandum for the Heads of Executive Departments and Agencies

Over the course of my Administration, we have made consistent progress on important goals such as reducing high school dropout rates and lowering unemployment and crime. Yet as the Congress, State and local governments, research institutions, and leading private-sector organizations have all recognized, persistent gaps in employment, educational outcomes, and career skills remain for many boys and young men of color throughout their lives.

Many boys and young men of color will arrive at kindergarten less prepared than their peers in early language and literacy skills, leaving them less likely to finish school. Labor-force participation rates for young men of color have dropped, and far too many lack the skills they need to succeed. The disproportionate number of African American and Hispanic young men who are unemployed or involved in the criminal justice system undermines family and community stability and is a drag on State and Federal budgets. And, young men of color are far more likely to be victims of murder than their white peers, accounting for almost half of the country’s murder victims each year. These outcomes are troubling, and they represent only a portion of the social and economic cost to our Nation when the full potential of so many boys and young men is left unrealized.

By focusing on the critical challenges, risk factors, and opportunities for boys and young men of color at key life stages, we can improve their long-term outcomes and ability to contribute to the Nation’s competitiveness, economic mobility and growth, and civil society. Unlocking their full potential will benefit not only them, but all Americans.

Therefore, I am establishing the My Brother’s Keeper initiative, an interagency effort to improve measurably the expected educational and life outcomes for and address the persistent opportunity gaps faced by boys and young men of color. The initiative will help us determine the public and private efforts that are working and how to expand upon them, how the Federal Government’s own policies and programs can better support these efforts, and how to better involve State and local officials, the private sector, and the philanthropic community.

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. My Brother’s Keeper Task Force. (a) There is established a My Brother’s Keeper Task Force (Task Force) to develop a coordinated Federal effort to improve significantly the expected life outcomes for boys and young men of color (including African Americans, Hispanic Americans, and Native Americans) and their contributions to U.S. prosperity. The Task Force shall be chaired by the Assistant to the President and Cabinet Secretary. In addition to the Chair, the Task Force shall consist of the following members:

(i) the Attorney General;
(ii) the Secretary of Agriculture;
(iii) the Secretary of Commerce;
(iv) the Secretary of Defense;
(v) the Secretary of Education;
(vi) the Secretary of Health and Human Services;
(vii) the Secretary of Housing and Urban Development;
(viii) the Secretary of the Interior;
(ix) the Secretary of Labor;
(x) the Secretary of Transportation;
(xi) the Director of the Office of Management and Budget;
(xii) the Chair of the Council of Economic Advisers;
(xiii) the Director of the Office of Personnel Management;
(xiv) the Administrator of the Small Business Administration;
(xv) the Chief Executive Officer of the Corporation for National and Community Service;
(xvi) the Assistant to the President for Intergovernmental Affairs and Public Engagement;
(xvii) the Director of the Domestic Policy Council;
(xviii) the Director of the Office of Science and Technology Policy;
(xix) the Director of the National Economic Council; and
(xx) the heads of such other executive departments, agencies, and offices as the Chair may, from time to time, designate.

(b) A member of the Task Force may designate a senior-level official who is from the member’s department, agency, or office, and is a full-time officer or employee of the Federal Government, to perform the day-to-day Task Force functions of the member. At the direction of the Chair, the Task Force may establish subgroups consisting exclusively of Task Force members or their designees under this subsection, as appropriate.

(c) The Deputy Secretary of Education shall serve as Executive Director of the Task Force, determine its agenda, convene regular meetings of the Task Force, and supervise its work under the direction of the Chair.

The Department of Education shall provide funding and administrative support for the Task Force to the extent permitted by law and within existing appropriations. Each executive department or agency shall bear its own expenses for participating in the Task Force.

SEC. 2. Mission and Function of the Task Force. (a) The Task Force shall, consistent with applicable law, work across executive departments and agencies to:
(i) develop a comprehensive public Web site, to be maintained by the Department of Education, that will assess, on an ongoing basis, critical indicators of life outcomes for boys and young men of color (and other ethnic, income, and relevant subgroups) in absolute and relative terms;
(ii) assess the impact of Federal policies, regulations, and programs of general applicability on boys and young men of color, so as to develop proposals that will enhance positive outcomes and eliminate or reduce negative ones;
(iii) create an Administration-wide, online public portal to identify and disseminate successful programs and practices that improve outcomes for boys and young men of color;
(iv) recommend, where appropriate, incentives for the broad adoption by national, State, and local public and private decisionmakers of effective and innovative strategies and practices for providing opportunities to and improving outcomes for boys and young men of color;
(v) consistent with applicable privacy laws and regulations, provide relevant Federal data assets and expertise to public and private efforts to increase opportunities and improve life outcomes for boys and young men of color, and explore ways to coordinate with State and local governments and non-governmental actors with useful data and expertise;
(vi) ensure coordination with other Federal interagency groups and relevant public-private initiatives;
(vii) work with external stakeholders to highlight the opportunities, challenges, and efforts affecting boys and young men of color; and
(viii) recommend to the President means of ensuring sustained efforts within the Federal Government and continued partnership with the private sector and philanthropic community as set forth in this memorandum.

(b) The Task Force shall focus on evidence-based intervention points and issues facing boys and young men of color up to the age of 25, with a particular focus on issues important to young men under the age of 15. Specifically, the Task Force shall focus on the following issues, among others: access to early childhood supports; grade school literacy; pathways to college and a career, including issues arising from school discipli-
nary action; access to mentoring services and support networks; and interactions with the criminal justice system and violent crime.

(c) Within 30 days of the date of this memorandum, each member of the Task Force shall provide recommended indicators of life outcomes for the public Web site described in subsection (a)(i) of this section, and a plan for providing data on such indicators.

CHAPTER 49—ASBESTOS SCHOOL HAZARD DETECTION AND CONTROL

§ 3601. Congressional statement of findings and purposes

(a) The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentrations far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an un warranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for identifying hazardous conditions in schools or for remediating those conditions;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous con-
centrations of asbestos fibers in the school buildings which they use each day; (9) without an improved program of information distribution, technical and scientific assistance, and financial support, many local educational agencies and States will not be able to mitigate the potential asbestos hazards in their schools; and (10) the effective regulation of interstate commerce for the protection of the public health requires the establishment of programs under this chapter to identify and mitigate hazards from exposure to asbestos fibers and materials emitting such fibers.

(b) It is the purpose of this chapter to—
   (1) direct the Secretary of Education to establish a task force to assist States and local educational agencies to ascertain the extent of the danger to the health of school children and employees from asbestos materials in schools;
   (2) require States receiving administrative funds for any applicable program (as defined under section 1221(c)(1)(A) of this title) to prepare a plan describing the manner in which information relating to programs established under this chapter shall be distributed to local educational agencies;
   (3) provide scientific, technical, and financial assistance to State educational agencies and local educational agencies to enable them to conduct an asbestos detection program to identify asbestos hazards in schools;
   (4) provide loans to local educational agencies for the mitigation of asbestos hazards which constitute an imminent hazard to the health and safety of school children and employees; and
   (5) assure that no employee of any local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.

(3) the review of applications for grants and loans under sections 3604 and 3605 of this title, and the submission to the Secretary of recommendations respecting the approval or disapproval of such applications;
(4) the review of any guidelines established by the Environmental Protection Agency for identifying those schools in which exposure to asbestos fibers constitutes a health problem and for taking appropriate corrective actions at such schools, in order to determine whether any modifications of such guidelines should be recommended to the Secretary under paragraph (5); and
(5) providing the Secretary with assistance in formulating standards and procedures under section 3606 of this title by—
(A) submitting to the Secretary relevant information concerning the results of the review made under paragraph (4) of this subsection; and

§ 3604. Asbestos hazards detection program

(a) Grants to local and State educational agencies for Federal share; duration of granting authority; amount of Federal share

(1)(A) The Secretary may make grants to local educational agencies for the Federal share of the costs of carrying out an asbestos detection program meeting the standards established by the Secretary under section 3606(a)(1) of this title. Grants may be made under this section only during the two-year period beginning on June 14, 1980.

(B) The Secretary may make grants to State educational agencies for the Federal share of the costs of carrying out any asbestos detection program if—

(i) the State, through the State educational agency or some other appropriate State agency, is making grants to local educational agencies for asbestos hazard detection programs, and

(ii) such programs meet the standards established by the Secretary under section 3606(a)(1) of this title.

(C) Grants may be made under this section only during the two-year period beginning after June 14, 1980.

(2) Subject to the second sentence of this paragraph, the Federal share of the costs referred to in paragraph (1) shall be 50 percent. Upon a determination by the Secretary that an applicant has limited fiscal resources and would be unable to participate in the program under this section without receiving from the Federal Government, as its Federal share of such costs, an amount greater than the amount permitted under the first sentence of this paragraph, the Secretary may increase the Federal share which may be paid to such applicant by such amount as the Secretary considers appropriate to permit the applicant to participate in the program.

(b) Application for grants; procedures applicable for approval; programs completed before January 1, 1976; determinations respecting amount of grant

(1) No grant may be made under this section unless an application has been submitted to and approved by the Secretary, after consultation with the Task Force. The Secretary may not approve an application unless the application—

(A) contains a description of the methods to be used by the local educational agency, or in the case of an application by the State educational agency the methods to be used by the local educational agencies receiving grants from the State, to determine whether hazardous concentrations of asbestos fibers or materials emitting such fibers exist in school buildings under the jurisdiction of such agency;

(B) contains an estimate of the total cost of the detection program, including such detailed descriptions of the costs of each component of the program as the Secretary may require;

(C) designates the party which shall conduct the testing for the detection program and describes such party’s qualifications for conducting such testing;

(D) contains assurances that the program shall be carried out in accordance with standards established by the Secretary under section 3606(a)(1) of this title and that any party employed to conduct such testing shall satisfy the competency standards established under such section; and

(E) contains such other information or assurances as the Secretary may require.

(2) The Secretary shall provide the Task Force with a copy of any application submitted to the Secretary under paragraph (1).

(3) No grant may be awarded by the Secretary under this section for asbestos hazards detection programs conducted before June 14, 1980, unless the applicant has submitted an application to the Secretary—

(A) containing the information required under paragraph (1); and

(B) providing assurances that any program for which a grant is sought was carried out in a manner which substantially conforms to the requirements established by the Secretary under section 3606(a)(1) of this title.

No grant may be awarded under this section for any asbestos hazards detection program completed before January 1, 1976.

(4) After reviewing the application submitted under this section, together with any recommendations made by the Task Force, the Secretary shall determine the amount of any grant to be awarded under this section. Funds may be awarded by the Secretary for the administrative costs incurred in the preparation and supervision of the asbestos detection program and for the following activities:

(A) Visual inspections of school buildings.

(B) The sampling of building and insulation materials.

(C) Appropriate tests to determine the level of asbestos content in suspected materials, and tests determined to be essential to detect the likelihood of imminent danger to persons within school buildings.

(c) Reporting requirements for recipients

Local and State educational agencies receiving grants under this section shall file a report with the Secretary, not later than 120 days after the award of such grant, describing the detection activities which were undertaken, the results of the asbestos detection program, and plans for mitigating any imminent hazards which were detected by the testing. The report shall include a detailed accounting of the funds used to carry out the detection program.

(d) Availability of appropriated funds for education and technical assistance programs

During the period in which grants may be made under this section, not more than 20 percent of the funds appropriated to carry out this section may be made available by the Secretary to the Task Force to conduct education and technical assistance programs related to the detection of asbestos hazards in school buildings and the implementation of appropriate actions to mitigate such hazards.
§ 3605. Asbestos Hazards Control Loan Program

(a) Establishment; administration; loans to local educational agencies for share of project costs; project criteria; increase in amount of loans

(1) There is established within the Department of Education an Asbestos Hazards Control Loan Program (hereinafter in this chapter referred to as the "Loan Program"), which shall be administered by the Secretary in accordance with this section.

(2) The Secretary may make loans under this section to local educational agencies in an amount equal to 50 percent of the costs of carrying out projects for—

(A) the containment or removal of any materials containing asbestos in school buildings in which such materials pose an imminent hazard to the health and safety of children or employees;

(B) the replacement of the asbestos materials removed from school buildings with other appropriate building materials; and

(C) making repairs which the Secretary determines to be necessary to restore school buildings to conditions comparable to those existing before containment or removal activities were undertaken under subparagraph (A).

Loans may be made under this section only for projects affecting more than 2,500 square feet of surface and in which the asbestos material to be contained or removed consists of a minimum asbestos level, as determined by the Secretary under section 3606(a)(2) of this title.

(3) If the Secretary determines that an applicant has limited fiscal resources and would be unable to carry out the projects described in paragraph (2) without receiving a loan under this section for an amount greater than the amount permitted under such paragraph, the Secretary may increase the amount of the loan payable to such applicant to an amount the Secretary considers appropriate to enable the applicant to carry out such projects.

(b) Loan agreements; required terms; additional terms and conditions

Loans under this section shall be made pursuant to loan agreements which shall provide for the following terms:

(1) The loan shall not bear any interest except as otherwise provided under paragraph (5).

(2) The loan shall have a maturity period of not more than 20 years (as determined by the Secretary) and shall be repayable during such period at such times and in such amounts as the Secretary may specify in the loan agreement.

(3) Repayment of the loan shall be made to the Secretary of the Treasury for deposit in the general fund of the Treasury.

Such loans shall be subject to such other terms and conditions as the Secretary may establish for the protection of the financial interest of the United States and in furtherance of the purposes of this chapter.

c) Application for loans; procedures applicable for approval; projects completed before January 1, 1976

(1) No loan may be made under this section unless an application has been submitted to and approved by the Secretary, after consultation with the Task Force, within the two-year period beginning on June 14, 1980. The Secretary may not approve an application unless—

(A) the application contains such information as the Secretary may require, including information describing—

(i) the nature of the asbestos problem for which the loan is sought;

(ii) the asbestos content of the material to be contained or removed by the local educational agency, as determined under preliminary testing which was conducted in accordance with the standards established by the Secretary under section 3606(a)(1) of this title, or, in the case of testing conducted before June 14, 1980, was conducted in a manner which substantially conforms to such standards; and

(iii) the methods which will be used to contain or remove the asbestos materials, in accordance with section 3606(b) of this title, and any other pertinent details relating to the project or projects to be conducted by the applicant (as described in subsection (a)(2) of this section); and

(B) the application contains assurances that—

(i) any employee engaged in any activity to carry out programs under this section shall be notified in writing by the local educational agency conducting the program of the hazards of working with asbestos, and shall be required to utilize all appropriate safety procedures to minimize health risks;

(ii) no child or school employee shall be permitted in the vicinity of any asbestos containment or removal activity; and

(iii) the local educational agency shall pay employees engaged in containment, removal, or replacement activities to carry out programs under this section at reasonable rates of pay, as established by the Secretary on the basis of prevailing wage rates in the location of such work.

(2) The Secretary shall provide the Task Force with a copy of any application submitted to the Secretary under paragraph (1).

(3) No loans may be made by the Secretary under this section for projects described in subsection (a)(2) of this section which commenced before the availability of loans under the Loan Program unless the local educational agency submits to the Secretary an application which—

(A) meets the requirements of paragraph (1); and

(B) contains assurances that any work already completed by the applicant has been carried out in substantial conformity with section 3606(b) of this title.

No loan may be awarded under this section for any project described in subsection (a)(2) of this section which was completed before January 1, 1976.
(d) Reporting requirements for Secretary

During each of the three calendar years after 1980, the Secretary shall submit before February 1 of such year a report to the appropriate committees of the House of Representatives and the Senate, which shall—

(1) describe the number of loans made in the preceding calendar year and specify each applicant for and recipient of a loan;
(2) describe the nature of the asbestos problem of each applicant;
(3) describe the types of programs for which loans were made;
(4) specify the estimated total costs of such programs to the recipients of loans and specify the amount of loans made under the Loan Program; and
(5) specify the number of loan applications which were disapproved during the preceding calendar year and describe the reasons for such disapprovals.

§ 3606. Standards and safety procedures

(a) Establishment and distribution to designated State agency or unit; establishment of criteria for loan program eligibility

(1) Within 120 days after the first meeting of the Task Force, and after consultation with the Task Force, the Secretary shall establish and distribute to the State agency or unit designated under section 3603(a)(4) of this title—

(A) procedures for testing the level of asbestos fibers in schools, including safety measures to be followed in conducting such tests;
(B) standards for evaluating (on the basis of such tests) the likelihood of the leakage of asbestos fibers into the school environment; and
(C) standards for determining which contractors are qualified to carry out the testing and evaluation described in this paragraph.

(2) After consulting with the Task Force, the Secretary shall establish criteria to be used for determining eligibility for loans under section 3605 of this title. The criteria shall be based on the assessment of the extent of the health hazards posed by the presence of asbestos fibers in schools, as determined in accordance with standards under paragraph (1)(B) of this subsection.

(b) Establishment of regulations

After reviewing recommendations submitted to the Secretary by the Task Force under section 3602(e)(5) of this title, the Secretary, with the concurrence of the Task Force, shall by regulation establish—

(1) procedures to be used by local educational agencies, in programs for which loans are made under section 3605 of this title, for—

(A) containing and removing asbestos materials in school buildings;
(B) replacing the asbestos materials removed from school buildings with other appropriate building materials; and
(C) restoring such school buildings to conditions comparable to those existing before asbestos containment or removal activities were undertaken; and

(2) standards for determining which contractors are qualified to carry out the activities referred to in paragraph (1).

(c) Avoidance of duplication of similar activities of Environmental Protection Agency

In carrying out his duties under this section, the Secretary shall avoid, to the maximum extent practicable, duplicating similar activities undertaken by the Environmental Protection Agency.

§ 3607. Recovery of costs by United States

(a) Suit by United States on behalf of grant or loan recipient for recovery of costs of activities of recipient; proceeds of judgment

(1) As a condition of the award of any grant under section 3604 of this title or loan under section 3605 of this title, the recipient of any such grant or loan shall permit the United States to sue on behalf of such recipient any person determined by the Attorney General to be liable to the recipient for the costs of any activities undertaken by the recipient under such sections.

(2) The proceeds from any judgment recovered in any suit brought by the United States under paragraph (1) (or, if the recipient files a similar suit on its own behalf, the proceeds from any judgment recovered by the recipient in such suit) shall be used to repay to the United States, to the extent that the proceeds are sufficient to provide for such repayment, an amount equal to the sum of—

(A) the amount of any grant made to the recipient under section 3604 of this title;
(B) the amount outstanding on any loan made to the recipient under section 3605 of this title; and
(C) an amount equal to the interest which would have been charged on such loan were the loan made by a commercial lender at prevailing interest rates (as determined by the Secretary).

(b) Investigation and report by Attorney General respecting feasibility of recovery of costs from any person determined by Attorney General to be liable

The Attorney General shall conduct an investigation to determine whether, by using all available means, the United States should or could recover, from any person determined by the Attorney General to be liable for such costs, the amounts expended by the United States to carry out this chapter. Within one year after June 14, 1980, the Attorney General shall submit to the Congress a report containing the results of the study, together with any appropriate recommendations.

(c) Expedient proceedings by Attorney General

If the Attorney General determines in the report under subsection (b) of this section that the United States should seek to recover the amounts expended by the United States to carry out this chapter, the Attorney General shall proceed in an expeditious manner to recover such amounts from the persons referred to in subsection (b) of this section.
§ 3608. Employee protection

No State or local educational agency receiving assistance under this chapter may discharge any employee or otherwise discriminate against any employee with respect to the employee’s compensation, terms, conditions, or privileges of employment because the employee has brought to the attention of the public information concerning any asbestos problem in the school buildings within the jurisdiction of such agency.

(Pub. L. 96-270, § 9, June 14, 1980, 94 Stat. 496.)

Except as otherwise provided in section 3607 of this title, nothing in this chapter shall—

(1) affect the right of any party to seek legal redress in connection with the purchase or installation of asbestos materials in schools or any claim of disability or death related to exposure to asbestos in a school setting; or

(2) affect the rights of any party under any other law.

SUBCHAPTER IV—PRESIDENTIAL AWARDS FOR TEACHING EXCELLENCE IN MATHEMATICS AND SCIENCE

EFFECTIVE DATE OF REPEAL

Repeal effective July 1, 1988, see section 6303 of Pub. L. 100–297, set out as an Effective Date of 1988 Amendment note under section 1671 of this title.

SUBCHAPTER V—ASBESTOS SCHOOL HAZARD ABATEMENT

§ 4011. Findings and purpose

(a) Findings

The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentration far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an unwarranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for remedying hazardous conditions in schools;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous concentrations of asbestos fibers in the school buildings which they use each day;

(9) without a program of information distribution, technical and scientific assistance, and financial support, many local educational agencies and States will not be able to mitigate the potential asbestos hazards in their schools; and

(10) the effective regulation of interstate commerce for the protection of the public health requires the establishment of programs under this subchapter to mitigate hazards
from exposure to asbestos fibers and materials emitting such fibers.

(b) Purpose

It is the purpose of this subchapter to—

(1) direct the Administrator of the Environmental Protection Agency to establish a program to assist States and local educational agencies to ascertain the extent of the danger to the health of school children and employees from asbestos materials in schools;

(2) provide continuing scientific and technical assistance to State and local agencies to enable them to identify and abate asbestos hazards in schools;

(3) provide financial assistance for the abatement of asbestos threats to the health and safety of school children or employees; and

(4) assure that no employee of any local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.

AMENDMENTS

SHORT TITLE OF 1990 AMENDMENT

Pub. L. 101–637, §1, Nov. 28, 1990, 104 Stat. 4589, provided that: "This Act [enacting section 2656 of Title 15, Commerce and Trade, amending this section, sections 4012 to 4222 of this title, and sections 2643, 2646, and 2647 of Title 15, enacting provisions set out as notes under this section and sections 2646 and 2656 of Title 15, and amending provisions set out as a note under this section] may be cited as the 'Asbestos School Hazard Abatement Reauthorization Act of 1990'."

SHORT TITLE

FINDINGS AND PURPOSES

Pub. L. 101–637, §2, Nov. 28, 1990, 104 Stat. 4589, provided that:

"(a) FINDINGS.—Congress finds the following:

"(1) The Environmental Protection Agency has estimated that more than forty-four thousand school buildings contain friable asbestos, exposing more than fifteen million school children and one million school employees to unwarranted health hazards.

"(2) All elementary and secondary schools are required by the Asbestos Hazard Emergency Response Act [of 1986, see Short Title of 1986 Amendment note set out under section 2691 of Title 15, Commerce and Trade] to inspect for asbestos, develop an asbestos management plan, and implement such plan.

"(3) The Environmental Protection Agency has estimated it will cost local educational agencies more than $3,000,000,000 to comply with the Asbestos Hazard Emergency Response Act.

"(4) Without a continuing program of information assistance, technical and scientific assistance, training, and financial support, many local educational agencies will be unable to carry out sufficient response actions to prevent the release of asbestos fibers into the air.

"(5) Without the provisions of sufficient financial support, the cost to local educational agencies of implementing asbestos response actions may have an adverse impact in their educational mission.

"(6) The effective regulation of interstate commerce for the protection of human health and the environment requires the continuation of programs to mitigate hazards of asbestos fibers and materials emitting such fibers.

"(b) PURPOSES.—The purposes of this Act [see Short Title of 1990 Amendment note above] are the following:

"(1) To direct the Environmental Protection Agency to maintain a program to assist local schools in carrying out their responsibilities under the Asbestos Hazard Emergency Response Act.

"(2) To provide continuing scientific and technical assistance to State and local agencies to enable them to identify and abate asbestos health hazards.

"(3) To provide financial assistance to State and local agencies for training of persons involved with inspections and abatement of asbestos, for conducting necessary re-inspections of school buildings, and for the actual abatement of asbestos threats to the health and safety of school children or employees.

"(4) To assure that no employee of a local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools."

EFFECTIVE DATE OF 1992 AMENDMENT

§ 4425. Endowment programs

(a) Program enhancement endowment

(1)(A) From the total amount appropriated for this subsection pursuant to section 4451(a) of this title, funds may be deposited into a trust fund maintained by the Institute at a federally insured banking or savings institution.

(B) The President of the Institute shall provide—

(i) for the deposit into the trust fund referred to in subparagraph (A)—

(I) of a capital contribution by the Institute in an amount equal to the amount of each Federal contribution; and

(II) any earnings on the funds deposited under this paragraph; or

(ii) for the reservation for the sole use of the Institute of any noncash, in-kind contributions of real or personal property, which property may at any time be converted to cash, which shall be deposited as a capital contribution into the trust fund referred to in subparagraph (A).

(C) If at any time the Institute withdraws any capital contribution (as described in subparagraph (B)(i)) made by the Institute to the trust fund referred to in subparagraph (A) or puts any property (as described in subparagraph (B)(ii)) to a use which is not for the sole benefit of the Institute, an amount equal to the value of the Federal contribution shall be withdrawn from such trust fund and returned to the Treasury as miscellaneous receipts.

(2) Interest deposited into the trust fund pursuant to paragraph (1)(B)(ii) may be periodically withdrawn and used, at the direction of the Board or its designee, to defray any expense associated with the operation of the Institute, including the expense of operations and maintenance, administration, academic and support personnel, community and student services programs, and technical assistance.

(3) For the purpose of complying with the contribution requirement of paragraph (1)(B), the Institute may use funds or in-kind contributions of real or personal property fairly valued which are made available from any private or tribal source, including interest earned by the funds invested under this subsection. For purposes of this paragraph, all contributions, including in-kind and real estate, which are on-hand as of November 29, 1990 and which have been received after June 2, 1988, but which have not been included in computations under this provision shall be eligible for matching with Federal funds appropriated in any fiscal year. All funds transferred to the Institute by the Secretary of the Treasury after June 2, 1988, shall be deemed to have been properly transferred as of July 23, 1992.

(4) Amounts appropriated under section 4451(a) of this title for use under this subsection shall be paid by the Secretary of the Treasury to the Institute as a Federal capital contribution equal to the amount of funds or the value of the in-kind contributions which the Institute demonstrates have been placed within the control of, or irrevocably committed to the use of, the Institute as a capital contribution of the Institute in accordance with this subsection.

(b) Capital improvement endowment

(1) In addition to the trust fund established under subsection (a) of this section, funds may

If at any time before the Institute withdraws any capital contribution to the capital endowment fund before the funds have been deposited for this two-year period, an equal amount of the Federal contribution shall be withdrawn from the capital endowment fund and returned to the Treasury as miscellaneous receipts. At the end of the two-year period, the entire principal and interest of the funds deposited for this period, including the Federal matching portion, shall accrue, without reservation, to the Institute and may be withdrawn, in whole or in part, to defray expenses associated with capital acquisition and improvement of the Institute referred to in paragraph (1).

(4) For the purpose of complying with the contribution requirement of paragraph (2), the Institute may use funds which are available from any private, non-Federal governmental, or tribal source.

(5) Subject to paragraph (3), amounts appropriated under section 4451(a) of this title for use under this subsection shall be paid by the Secretary of the Treasury to the Institute as a Federal capital contribution equal to the amount which the Institute demonstrates has been placed within the control of, or irrevocably committed to the use of, the Institute and is available for deposit as a capital contribution of the Institute in accordance with this subsection.

(6) For the purpose of complying with the contribution requirement in this subsection, the Institute may use funds or in-kind contributions of real or personal property. For the purposes of this paragraph, all contributions, in-kind and real estate, which are held by the Institute beginning on November 29, 1990, and which were received after June 2, 1988, but which have not been included in their entirety in computations under this section shall be eligible for matching Federal funds appropriated in any year.

(3) Any amounts deposited in a trust fund authorized under subsection (a) of this section may be used to secure loans procured for the purposes of constructing or improving Institute facilities.

PART B—DEFINITIONS

CHAPTER 65—NATIONAL ENVIRONMENTAL EDUCATION

Sec. 5501. Findings and policy.

(a) Findings

The Congress finds that—

(1) Threats to human health and environmental quality are increasingly complex, involving a wide range of conventional and toxic contaminants in the air and water and on the land.
(2) There is growing evidence of international environmental problems, such as global warming, ocean pollution, and declines in species diversity, and that these problems pose serious threats to human health and the environment on a global scale.

(3) Environmental problems represent a significant threat to the quality of life and the economic vitality of urban areas as they do the natural balance of rural areas.

(4) Effective response to complex environmental problems requires understanding of the natural and built environment, awareness of environmental problems and their origins (including those in urban areas), and the skills to solve these problems.

(5) Development of effective solutions to environmental problems and effective implementation of environmental programs requires a well-educated and trained, professional workforce.

(6) Current Federal efforts to inform and educate the public concerning the natural and built environment and environmental problems are not adequate.

(7) Existing Federal support for development and training of professionals in environmental fields is insufficient.

(8) The Federal Government, acting through the Environmental Protection Agency, should work with local education institutions, State education agencies, not-for-profit educational and environmental organizations, noncommercial educational broadcasting entities, and private sector interests to support development of curricula, special projects, and other activities to increase understanding of the natural and built environment and to improve awareness of environmental problems.

(9) The Federal Government, acting through the coordinated efforts of its agencies and with the leadership of the Environmental Protection Agency, should work with local education institutions, State education agencies, not-for-profit educational and environmental organizations, noncommercial educational broadcasting entities, and private sector interests to develop programs to provide increased emphasis and financial resources for the purposes of attracting students into environmental engineering and assisting them in pursuing the programs to complete the advanced technical education required to provide effective problem solving capabilities for complex environmental issues.

(10) Federal natural resource agencies such as the United States Forest Service have a wide range of environmental expertise and a long history of cooperation with educational institutions and technology transfer that can assist in furthering the purposes of the chapter.

(b) Policy

It is the policy of the United States to establish and support a program of education on the environment, for students and personnel working with students, through activities in schools, institutions of higher education, and related educational activities, and to encourage post-secondary students to pursue careers related to the environment.

SUBCHAPTER I—NATIONAL EDUCATION GOALS
§ 5811. Purpose
The purpose of this subchapter is to establish National Education Goals.

§ 5812. National Education Goals
The Congress declares that the National Education Goals are the following:

(1) School readiness
(A) By the year 2000, all children in America will start school ready to learn.
(B) The objectives for this goal are that—
(i) all children will have access to high-quality and developmentally appropriate preschool programs that help prepare children for school;
(ii) every parent in the United States will be a child’s first teacher and devote time each day to helping such parent’s preschool child learn, and parents will have access to the training and support parents need; and
(iii) children will receive the nutrition, physical activity experiences, and health care needed to arrive at school with healthy minds and bodies, and to maintain the mental alertness necessary to be prepared to learn, and the number of low-birthweight babies will be significantly reduced through enhanced prenatal health systems.

(2) School completion
(A) By the year 2000, the high school graduation rate will increase to at least 90 percent.
(B) The objectives for this goal are that—
(i) the Nation must dramatically reduce its school dropout rate, and 75 percent of the students who do drop out will successfully complete a high school degree or its equivalent; and
(ii) the gap in high school graduation rates between American students from minority backgrounds and their non-minority counterparts will be eliminated.

(3) Student achievement and citizenship
(A) By the year 2000, all students will leave grades 4, 8, and 12 having demonstrated competency over challenging subject matter including English, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography, and every school in America will ensure that all students learn to use their minds well, so they may be prepared for responsible citizenship, further learning, and productive employment in our Nation’s modern economy.
(B) The objectives for this goal are that—
(i) the academic performance of all students at the elementary and secondary level will increase significantly in every quartile, and the distribution of minority students in each quartile will more closely reflect the student population as a whole;
(ii) the percentage of all students who demonstrate the ability to reason, solve problems, apply knowledge, and write and communicate effectively will increase substantially;
(iii) all students will be involved in activities that promote and demonstrate good citizenship, good health, community service, and personal responsibility;
(iv) all students will have access to physical education and health education to ensure they are healthy and fit;
(v) the percentage of all students who are competent in more than one language will substantially increase; and
(vi) all students will be knowledgeable about the diverse cultural heritage of this Nation and about the world community.

(4) Teacher education and professional development
(A) By the year 2000, the Nation’s teaching force will have access to programs for the continued improvement of their professional skills and the opportunity to acquire the knowledge and skills needed to instruct and prepare all American students for the next century.
(B) The objectives for this goal are that—
(i) all teachers will have access to pre-service teacher education and continuing professional development activities that will provide such teachers with the knowledge and skills needed to teach to an increasingly diverse student population with a variety of educational, social, and health needs;
(ii) all teachers will have continuing opportunities to acquire additional knowledge and skills needed to teach challenging subject matter and to use emerging new methods, forms of assessment, and technologies;
(iii) States and school districts will create integrated strategies to attract, recruit, prepare, retrain, and support the continued professional development of teachers, administrators, and other educators, so that there is a highly talented work force of professional educators to teach challenging subject matter; and
(iv) partnerships will be established, whenever possible, among local educational agen-
cies, institutions of higher education, parents, and local labor, business, and professional associations to provide and support programs for the professional development of educators.

(5) **Mathematics and science**

(A) By the year 2000, United States students will be first in the world in mathematics and science achievement.

(B) The objectives for this goal are that—

(i) mathematics and science education, including the metric system of measurement, will be strengthened throughout the system, especially in the early grades;

(ii) the number of teachers with a substantive background in mathematics and science, including the metric system of measurement, will increase by 50 percent; and

(iii) the number of United States undergraduate and graduate students, especially women and minorities, who complete degrees in mathematics, science, and engineering will increase significantly.

(6) **Adult literacy and lifelong learning**

(A) By the year 2000, every adult American will be literate and will possess the knowledge and skills necessary to compete in a global economy and exercise the rights and responsibilities of citizenship.

(B) The objectives for this goal are that—

(i) every major American business will be involved in strengthening the connection between education and work;

(ii) all workers will have the opportunity to acquire the knowledge and skills, from basic to highly technical, needed to adapt to emerging new technologies, work methods, and markets through public and private educational, vocational, technical, workplace, or other programs;

(iii) the number of quality programs, including those at libraries, that are designed to serve more effectively the needs of the growing number of part-time and midcareer students will increase substantially;

(iv) the proportion of the qualified students, especially minorities, who enter college, who complete at least two years, and who complete their degree programs will increase substantially;

(v) the proportion of college graduates who demonstrate an advanced ability to think critically, communicate effectively, and solve problems will increase substantially; and

(vi) schools, in implementing comprehensive parent involvement programs, will offer more adult literacy, parent training and lifelong learning opportunities to improve the ties between home and school, and enhance parents’ work and home lives.

(7) **Safe, disciplined, and alcohol- and drug-free schools**

(A) By the year 2000, every school in the United States will be free of drugs, violence, and the unauthorized presence of firearms and alcohol and will offer a disciplined environment conducive to learning.

(B) The objectives for this goal are that—

(i) every school will implement a firm and fair policy on use, possession, and distribution of drugs and alcohol;

(ii) parents, businesses, governmental and community organizations will work together to ensure the rights of students to study in a safe and secure environment that is free of drugs and crime, and that schools provide a healthy environment and are a safe haven for all children;

(iii) every local educational agency will develop and implement a policy to ensure that all schools are free of violence and the unauthorized presence of weapons;

(iv) every local educational agency will develop a sequential, comprehensive kindergarten through twelfth grade drug and alcohol prevention education program;

(v) drug and alcohol curriculum should be taught as an integral part of sequential, comprehensive health education;

(vi) community-based teams should be organized to provide students and teachers with needed support; and

(vii) every school should work to eliminate sexual harassment.

(8) **Parental participation**

(A) By the year 2000, every school will promote partnerships that will increase parental involvement and participation in promoting the social, emotional, and academic growth of children.

(B) The objectives for this Goal are that—

(i) every State will develop policies to assist local schools and local educational agencies to establish programs for increasing partnerships that respond to the varying needs of parents and the home, including parents of children who are disadvantaged or bilingual, or parents of children with disabilities;

(ii) every school will actively engage parents and families in a partnership which supports the academic work of children at home and shared educational decisionmaking at school; and

(iii) parents and families will help to ensure that schools are adequately supported and will hold schools and teachers to high standards of accountability.

SUBCHAPTER IX—EDUCATIONAL RESEARCH AND IMPROVEMENT

§ 6001. Short title

This subchapter may be cited as the “Educational Research, Development, Dissemination, and Improvement Act of 1994”.

REFERENCES IN TEXT

This subchapter, referred to in text, was in the original “this title”, meaning title IX of Pub. L. 103–227, Mar. 31, 1994, 108 Stat. 212, which enacted this subchapter, amended sections 2422, 3155, 3412, 3419, 3462, and 4085b of this title, repealed section 1221e of this title, enacted this subchapter, and enacted provisions set out as notes under sections 1221e and 3155 of this title.

§ 6002. Findings

The Congress finds as follows with respect to improving education in the United States:

(1) A majority of public schools in the United States are failing to prepare students to achieve the National Education Goals. The Federal Government should support an extensive program of educational research, development, dissemination, replication and assistance to identify and support the best responses for the challenges ahead. A significant investment in attaining a deeper understanding of the processes of learning and schooling and developing new ideas holds the best hope of making a substantial difference to the lives of every student in the United States. The Office of Educational Research and Improvement within the Department of Education should be at the center of this campaign in order to coordinate such efforts.

(2) The Federal role in educational research has been closely identified with youths who are socioeconomically disadvantaged, are minorities, belong to a language minority, or have a disability. The Federal commitment to education was sufficient to serve not more than—
(A) in 1993, 1 out of every 6 low-income children in need of preschool education;
(B) in 1990, 3 out of every 5 children in need of remediation;
(C) in 1991, 1 out of every 5 children in need of bilingual education; and
(D) in 1992, 1 out of every 20 youths eligible for assistance under the Job Training Partnership Act.

(3) The failure of the Federal Government to adequately invest in educational research and development has denied the United States a sound foundation of knowledge on which to design school improvements. The educational achievement of minority children is of particular concern because at least half of the public school students in 25 of the largest cities of the United States are minority children, and demographers project that, by the year 2005, almost all urban public school students will be minority children or other children in poverty.

(4) The investment goal of the Federal research, development, and dissemination function should be at least 1 percent of the total amount of funds spent on education.

(5) Nationwide model programs and reliable interventions should be demonstrated and replicated, and for such purposes, programs should be established to conduct research and evaluations, and to disseminate information.

(6) The Office should develop a national dissemination policy that will advance the goal of placing a national treasure chest of research results, models, and materials at the disposal of the education decisionmakers of the United States.

(7) A National Educational Research Policy and Priorities Board should be established to work collaboratively with the Assistant Secretary to forge a national consensus with respect to a long-term agenda for educational research, development, dissemination, and the activities of the Office.

(8) Existing research and development entities should adopt expanded, proactive roles and new institutions should be created to promote knowledge development necessary to accelerate the application of research findings to high priority areas.

(9) Greater use should be made of existing technologies in efforts to improve the educational system of the United States, including efforts to disseminate research findings.

(10) Minority educational researchers are inadequately represented throughout the Department of Education, but particularly in the Office. The Office therefore should assume a leadership position in the recruitment, retention, and promotion of qualified minority educational researchers.

(11) The coordination of the mission of the Office with that of other components of the Department of Education is critical. The Office should improve the coordination of the educational research, development, and dissemination function with those of other Federal agencies.

§ 6062. Funding for Individuals with Disabilities Education Act

(a) Findings

The Congress finds that—

(1) the Individuals with Disabilities Education Act [20 U.S.C. 1400 et seq.] was established with the commitment of forty percent Federal funding but currently receives only eight percent Federal funding;

(2) this funding shortfall is particularly burdensome to school districts and schools in low-income areas which serve higher than average proportions of students with disabilities and have fewer local resources to contribute; and

(3) it would cost the Federal Government approximately $10,000,000,000 each year to fully fund the Individuals with Disabilities Education Act.

(b) Sense of Congress

It is the sense of the Congress that the Federal Government should provide States and communities with adequate resources under the Individuals with Disabilities Education Act [20 U.S.C. 1400 et seq.], as soon as reasonably possible, through the reallocation of noneducation funds within the current budget monetary constraints.

After March 31, 1994, no Federal agency shall permit smoking within any indoor facility in the United States operated by such agency, directly or by contract, to provide routine or regular kindergarten, elementary, or secondary education or library services to children.

(2) Health or day care or early childhood development services

After March 31, 1994, no Federal agency shall permit smoking within any indoor facility (or portion thereof) operated by such agency, directly or by contract, to provide routine or regular health or day care or early childhood development (Head Start) services to children, except that this paragraph shall not apply to—

(A) any portion of such facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol; and

(B) any private residence.

(3) Application of provisions

The provisions of paragraph (2) shall also apply to the provision of such routine or regular education or library services in the facilities described in paragraph (2) not subject to paragraph (1).

(d) Notice

The prohibitions in subsections (a) through (c) of this section shall be incorporated by publication of a notice in the Federal Register by the Secretary (in consultation with the heads of other affected agencies) and by such agency heads in funding arrangements involving the provision of children's services administered by such heads. Such prohibitions shall be effective 90 days after such notice is published, or 270 days after March 31, 1994, whichever occurs first.

(e) Special waiver

(1) In general

On receipt of an application, the head of the Federal agency may grant a special waiver to a person described in subsection (a) of this section who employs individuals who are members of a labor organization and provide children's services pursuant to a collective bargaining agreement that—

(A) took effect before March 31, 1994; and

(B) includes provisions relating to smoking privileges that are in violation of the requirements of this section.

(B) the date that is 1 year after March 31, 1994.

(f) Civil penalties

(1) In general

Any failure to comply with a prohibition in this section shall be a violation of this section and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty in an amount not to exceed $1,000 for each violation, or may be subject to an administrative compliance order, or both, as determined by the Secretary. Each day a violation continues shall constitute a separate violation. In the case of any civil penalty under this section, the total amount shall not exceed the amount of Federal funds received by such person for the fiscal year in which the continuing violations occurred. For the purpose of the prohibition in subsection (c) of this section, the term “person” shall mean the head of the applicable Federal agency or the contractor of such agency providing the services to children.

(2) Administrative proceeding

A civil penalty may be assessed in a written notice, or an administrative compliance order may be issued, by the Secretary only after an opportunity for a hearing in accordance with section 554 of title 5. Before making such assessment or issuing such order, or both, the Secretary shall give written notice thereof to such person by certified mail with return receipt and provide therein an opportunity to request in writing not later than 30 days after the date of receipt of such notice such hearing. The notice shall reasonably describe the violation and be accompanied with the procedures for such hearing and a simple form to request such hearing if such person desires to use such form. If a hearing is requested, the Secretary shall establish by such certified notice the time and place for such hearing which should be located, to the greatest extent possible, at a location convenient to such person. The Secretary (or the Secretary's designee) and such person may consult to arrange a suitable date and location where appropriate.

(3) Circumstances affecting penalty or order

In determining the amount of the civil penalty or the nature of the administrative compliance order, the Secretary shall take into account, as appropriate—

(A) the nature, circumstances, extent, and gravity of the violation;

(B) with respect to the violator, any good faith efforts to comply, the importance of achieving early and permanent compliance, the ability to pay or comply, the effect of the penalty or order on the ability to continue operation, any prior history of the same kind of violation, the degree of culpability, and any demonstration of willingness to comply with the prohibitions of this section in a timely manner; and

(C) such other matters as justice may require.
(4) Modification

The Secretary may, as appropriate, compromise, modify, or remit, with or without conditions, any civil penalty or administrative compliance order. In the case of a civil penalty, the amount, as finally determined by the Secretary or agreed upon in compromise, may be deducted from any sums that the United States or its agencies or instrumentalities owes to the person against whom the penalty is assessed.

(5) Petition for review

Any person aggrieved by a penalty assessed or an order issued, or both, by the Secretary under this section may file a petition for judicial review thereof with the United States Court of Appeals for the District of Columbia Circuit or for any other circuit in which the person resides or transacts business. Such person shall provide a copy thereof to the Secretary or the Secretary’s designee. The petition shall be filed within 30 days after the Secretary’s assessment or order, or both, are final and have been provided to such person by certified mail. The Secretary shall promptly provide to the court a certified copy of the transcript of any hearing held under this section and a copy of the notice or order.

(6) Failure to comply

If a person fails to pay an assessment of a civil penalty or comply with an order, after either or both are final under this section, or after a court under paragraph (5) has entered a final judgment in favor of the Secretary, the Attorney General, at the request of the Secretary, shall recover the amount of the civil penalty (plus interest at then currently prevailing rates from the day either or both are final) or enforce the order in an action brought in the appropriate district court of the United States. In such action, the validity and appropriateness of the penalty or order or the amount of the penalty shall not be subject to review.

The purpose of this subchapter is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic achievement standards and state academic assessments. This purpose can be accomplished by—

(1) ensuring that high-quality academic assessments, accountability systems, teacher preparation and training, curriculum, and instructional materials are aligned with challenging State academic achievement standards so that students, teachers, parents, and administrators can measure progress against common expectations for student academic achievement;

(2) meeting the educational needs of low-achieving children in our Nation’s highest-poverty schools, limited English proficient students, migratory children, children with disabilities, Indian children, neglected or delinquent children, and young children in need of reading assistance;

(3) closing the achievement gap between high- and low-performing children, especially the achievement gaps between minority and nonminority students, and between disadvantaged children and their more advantaged peers;

(4) holding schools, local educational agencies, and States accountable for improving the academic achievement of all students, and identifying and turning around low-performing schools that have failed to provide a high-quality education to their students, while providing alternatives to students in such schools to enable the students to receive a high-quality education;

(5) distributing and targeting resources sufficiently to make a difference to local educational agencies and schools where needs are greatest;

(6) improving and strengthening accountability, teaching, and learning by using State assessment systems designed to ensure that students are meeting challenging State academic achievement and content standards and increasing achievement overall, but especially for the disadvantaged;

(7) providing greater decisionmaking authority and flexibility to schools and teachers in exchange for greater responsibility for student performance;

(8) providing children an enriched and accelerated educational program, including the use of schoolwide programs or additional services that increase the amount and quality of instructional time;

(9) promoting schoolwide reform and ensuring the access of children to effective, scientifically based instructional strategies and challenging academic content;

(10) significantly elevating the quality of instruction by providing staff in participating schools with substantial opportunities for professional development;

(11) coordinating services under all parts of this subchapter with each other, with other educational services, and, to the extent feasible, with other agencies providing services to youth, children, and families; and

(12) affording parents substantial and meaningful opportunities to participate in the education of their children.

Ex. Ord. No. 13153, May 3, 2000, 65 F.R. 26475, provided: By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Elementary and Secondary Education Act of 1965 (ESEA) (20 U.S.C. 6301 et seq.), the Department of Education Appropriations Act, 2000 (as contained in Public Law 106–113) [Pub. SECTION 1. Policy. Since 1993, this Administration has sought to raise standards for students and to increase accountability in public education while investing more resources in elementary and secondary schools. While much has been accomplished—there has been progress in math and reading achievement, particularly for low-achieving students and students in our highest poverty schools—much more can be done, especially for low-performing schools.

Sec. 2. Technical Assistance and Capacity Building. (a) The Secretary of Education (“Secretary’) shall work with State and local educational agencies (“LEAs”) to develop and implement a comprehensive strategy for providing technical assistance and other assistance to States and LEAs to strengthen their capacity to improve the performance of schools identified as low performing. This comprehensive strategy shall include a number of steps, such as:

(1) providing States, school districts, and schools receiving funds from the school improvement fund es-
established by Public Law 106–113, as well as other districts and schools identified for school improvement or corrective action under Title I of the ESEA [20 U.S.C. 6300 et seq.], with a priority to the latest research and information on best practices, including research on instruction and educator professional development, and with the opportunity to learn from exemplary schools and exemplary State and local intervention strategies and from each other, in order to improve achievement for all students in the low-performing schools;

(2) determining effective ways of providing low-performing schools with access to resources from other Department of Education programs, such as funds from the Comprehensive School Reform Demonstration Program, the Reading Excellence Act [Pub. L. 105–277, div. A, § 101(f) [title VIII], Oct. 21, 1998, 112 Stat. 2851–337, 2851–391, see Tables for classification], the Eisenhower Professional Development Program, the Class Size Reduction Program, and the 21st Century Community Learning Centers Program, and to make effective use of these funds and Title I funds;

(3) providing States and LEAs with information on effective strategies to improve the quality of the teaching force, including strategies for recruiting and retaining highly qualified teachers in high-poverty schools, and implementing research-based professional development programs aligned with challenging standards;

(4) helping States and school districts build partnerships with technical assistance providers, including, but not limited to, federally funded laboratories and centers, foundations, businesses, community-based organizations, institutions of higher education, reform model providers, and other organizations that can help local schools improve;

(5) identifying previously low-performing schools that have made significant achievement gains, and States and school districts that have been effective in improving the achievement of all students in low-performing schools, which can serve as models and resources;

(6) providing assistance and information on how to effectively involve parents in the school-improvement process, including effectively involving and informing parents at the beginning of the school year about improvement goals for their school as well as the goals for their own children, and reporting on progress made in achieving these goals;

(7) providing States and LEAs with information on effective approaches to school accountability, including the effectiveness of such strategies as school reconstitution, peer review teams, and financial rewards and incentives;

(8) providing LEAs with information and assistance on the design and implementation of approaches to choice among public schools that create incentives for improvement throughout the local educational agency, especially in the lowest-performing schools, and that maximize the opportunity of students in low-performing schools to attend a higher-performing public school;

(9) exploring the use of well-trained tutors to raise student achievement through initiatives such as “America Reads,” “America Counts,” and other work-study opportunities to help low-performing schools;

(10) using a full range of strategies for disseminating information about effective practices, including interactive electronic communications;

(11) working with the Department of Interior, Bureau of Indian Affairs (BIA), to provide technical assistance to BIA-funded low-performing schools; and

(12) taking other steps that can help improve the quality of teaching and instruction in low-performing schools.

(g) Assistance for local school improvement
(1) Program authorized
The Secretary shall award grants to States to enable the States to provide subgrants to local educational agencies for the purpose of providing assistance for school improvement consistent with section 6316 of this title.

(2) State allotments
Such grants shall be allotted among States, the Bureau of Indian Affairs, and the outlying areas, in proportion to the funds received by the States, the Bureau of Indian Affairs, and the outlying areas, respectively, for the fiscal year under parts A, C, and D of this subchapter. The Secretary shall expeditiously allot a portion of such funds to States for the purpose of assisting local educational agencies and schools that were in school improvement status on the date preceding January 8, 2002.

(3) Reallocations
If a State does not receive funds under this subsection, the Secretary shall reallocate such funds to other States in the same proportion funds are allocated under paragraph (2).

(4) State applications
Each State educational agency that desires to receive funds under this subsection shall submit an application to the Secretary at such time, and containing such information, as the Secretary shall reasonably require, except that such requirement shall be waived if a State educational agency submitted such information as part of its State plan under this part. Each State application shall describe how the State educational agency will allocate such funds in order to assist the State educational agency and local educational agencies in complying with school improvement, corrective action, and restructuring requirements of section 6316 of this title.

(5) Local educational agency grants
A grant to a local educational agency under this subsection shall be—

1. of sufficient size and scope to support the activities required under sections 6316 and 6317 of this title, but not less than $50,000 and not more than $500,000 for each participating school;
2. integrated with other funds awarded by the State under this chapter; and
3. renewable for two additional 1-year periods if schools are meeting the goals in their school improvement plans developed under section 6316 of this title.

(6) Priority
The State, in awarding such grants, shall give priority to local educational agencies with the lowest-achieving schools that demonstrate—

1. the greatest need for such funds; and
2. the strongest commitment to ensuring that such funds are used to provide adequate resources to enable the lowest-achieving schools to meet the goals under school and local educational agency improvement, corrective action, and restructuring plans under section 6316 of this title.

(7) Allocation
A State educational agency that receives a grant under this subsection shall allocate at least 95 percent of the grant funds directly to local educational agencies for schools identified for school improvement, corrective action, or restructuring to carry out activities under section 6316(b) of this title, or may, with the approval of the local educational agency, directly provide for these activities or arrange for their provision through other entities such as school support teams or educational service agencies.

(8) Administrative costs
A State educational agency that receives a grant award under this subsection may reserve not more than 5 percent of such grant funds for administration, evaluation, and technical assistance expenses.
(9) Local awards

Each local educational agency that applies for assistance under this subsection shall describe how it will provide the lowest-achieving schools the resources necessary to meet goals under school and local educational agency improvement, corrective action, and restructuring plans under section 6316 of this title.

PRIOR PROVISIONS

§ 6303a. Whole-school reform strategy

Funds available for school improvement grants for fiscal year 2014 and thereafter may be used by a local educational agency to implement a whole-school reform strategy for a school using an evidence-based strategy that ensures whole-school reform is undertaken in partnership with a strategy developer offering a whole-school reform program that is based on at least a moderate level of evidence that the program will have a statistically significant effect on student outcomes, including at least one well-designed and well-implemented experimental or quasi-experimental study.

CODIFICATION

Section was enacted as part of the Department of Education Appropriations Act, 2015, and also as part of the Department of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2015, and the Consolidated and Further Continuing Appropriations Act, 2015, and not as part of the Elementary and Secondary Education Act of 1965 which comprises this chapter.

§ 6304. State administration

(a) In general

Except as provided in subsection (b) of this section, to carry out administrative duties assigned under parts A, C, and D of this subchapter, each State may reserve the greater of—

(1) 1 percent of the amounts received under such parts; or

(2) $400,000 ($50,000 in the case of each outlying area).

(b) Exception

If the sum of the amounts appropriated for parts A, C, and D of this subchapter is equal to or greater than $14,000,000,000, then the reservation described in subsection (a)(1) of this section shall not exceed 1 percent of the amount the State would receive, if $14,000,000,000 were allocated among the States for parts A, C, and D of this subchapter.

A prior section 1004 of Pub. L. 89–10 was renumbered section 9004 and was classified to section 3384 of this title, prior to the general amendment of Pub. L. 89–10 by Pub. L. 103–382.

PART A—IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES

SUBPART 1—BASIC PROGRAM REQUIREMENTS

§ 6311. State plans

(a) Plans required

(1) In general

For any State desiring to receive a grant under this part, the State educational agency shall submit to the Secretary a plan, developed by the State educational agency, in consultation with local educational agencies, teachers, principals, pupil services personnel, administrators (including administrators of programs described in other parts of this subchapter), other staff, and parents, that satisfies the requirements of this section and that is coordinated with other programs under this chapter, the Individuals with Disabilities Education Act [42 U.S.C. 11301 et seq.], the Carl D. Perkins Career and Technical Education Act of 2006 [20 U.S.C. 2301 et seq.], the Head Start Act [42 U.S.C. 9831 et seq.], the Adult Education and Family Literacy Act [20 U.S.C. 9201 et seq.], and the McKinney-Vento Homeless Assistance Act [42 U.S.C. 11301 et seq.].

(2) Consolidated plan

A State plan submitted under paragraph (1) may be submitted as part of a consolidated plan under section 7842 of this title.

(b) Academic standards, academic assessments, and accountability

(1) Challenging academic standards

(A) In general

Each State plan shall demonstrate that the State has adopted challenging academic content standards and challenging student academic achievement standards that will be used by the State, its local educational agencies, and its schools to carry out this part, except that a State shall not be required to submit such standards to the Secretary.

(B) Same standards

The academic standards required by subparagraph (A) shall be the same academic standards that the State applies to all schools and children in the State.

(C) Subjects

The State shall have such academic standards for all public elementary school and secondary school children, including children served under this part, in subjects determined by the State, but including at least mathematics, reading or language arts, and science, which shall include the same knowledge, skills, and levels of achievement expected of all children.

(D) Challenging academic standards

Standards under this paragraph shall include—
§ 6311  TITeL 20—EDUcATION  Page 1218

(i) challenging academic content standards in academic subjects that—
   (I) specify what children are expected to know and be able to do;
   (II) contain coherent and rigorous content; and
   (III) encourage the teaching of advanced skills; and

(ii) challenging student academic achievement standards that—
   (I) are aligned with the State’s academic content standards;
   (II) describe two levels of high achievement (proficient and advanced) that determine how well children are mastering the material in the State academic content standards; and
   (III) describe a third level of achievement (basic) to provide complete information about the progress of the lower-achieving children toward mastering the proficient and advanced levels of achievement.

(E) Information
For the subjects in which students will be served under this part, but for which a State is not required by subparagraphs (A), (B), and (C) to develop, and has not otherwise developed, such academic standards, the State plan shall describe a strategy for ensuring that students are taught the same knowledge and skills in such subjects and held to the same expectations as all children.

(F) Existing standards
Nothing in this part shall prohibit a State from revising, consistent with this section, any standard adopted under this part before or after January 8, 2002.

(2) Accountability

(A) In general
Each State plan shall demonstrate that the State has developed and is implementing a single, statewide State accountability system that will be effective in ensuring that all local educational agencies, public elementary schools, and secondary schools make adequate yearly progress as defined under this paragraph. Each State accountability system shall—
   (i) be based on the academic standards and academic assessments adopted under paragraphs (1) and (3), and other academic indicators consistent with subparagraph (C)(vi) and (vii), and shall take into account the achievement of all public elementary school and secondary school students;
   (ii) be the same accountability system the State uses for all public elementary schools and secondary schools or all local educational agencies in the State, except that public elementary schools, secondary schools, and local educational agencies not participating under this part are not subject to the requirements of section 6316 of this title; and
   (iii) include sanctions and rewards, such as bonuses and recognition, the State will use to hold local educational agencies and public elementary schools and secondary schools accountable for student achievement and for ensuring that they make adequate yearly progress in accordance with the State’s definition under subparagraphs (B) and (C).

(B) Adequate yearly progress
Each State plan shall demonstrate, based on academic assessments described in paragraph (3), and in accordance with this paragraph, what constitutes adequate yearly progress of the State, and of all public elementary schools, secondary schools, and local educational agencies in the State, toward enabling all public elementary school and secondary school students to meet the State’s student academic achievement standards, while working toward the goal of narrowing the achievement gaps in the State, local educational agencies, and schools.

(C) Definition
“Adequate yearly progress” shall be defined by the State in a manner that—
   (i) applies the same high standards of academic achievement to all public elementary school and secondary school students in the State;
   (ii) is statistically valid and reliable;
   (iii) results in continuous and substantial academic improvement for all students;
   (iv) measures the progress of public elementary schools, secondary schools and local educational agencies and the State based primarily on the academic assessments described in paragraph (3);
   (v) includes separate measurable annual objectives for continuous and substantial improvement for each of the following:
      (I) The achievement of all public elementary school and secondary school students.
      (II) The achievement of—
         (aa) economically disadvantaged students;
         (bb) students from major racial and ethnic groups;
         (cc) students with disabilities; and
         (dd) students with limited English proficiency;
      except that disaggregation of data under subparagraph (II) shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;
      (vi) in accordance with subparagraph (D), includes graduation rates for public secondary school students (defined as the percentage of students who graduate from secondary school with a regular diploma in the standard number of years) and at least one other academic indicator, as determined by the State for all public elementary school students; and
(vii) in accordance with subparagraph (D), at the State’s discretion, may also include other academic indicators, as determined by the State for all public school students, measured separately for each group described in clause (v), such as achievement on additional State or locally administered assessments, decreases in grade-to-grade retention rates, attendance rates, and changes in the percentages of students completing gifted and talented, advanced placement, and college preparatory courses.

(D) Requirements for other indicators
In carrying out subparagraph (C)(vi) and (vii), the State—
(i) shall ensure that the indicators described in those provisions are valid and reliable, and are consistent with relevant, nationally recognized professional and technical standards, if any; and
(ii) except as provided in subparagraph (I)(i), may not use those indicators to reduce the number of, or change, the schools that would otherwise be subject to school improvement, corrective action, or restructuring under section 6316 of this title if those additional indicators were not used, but may use them to identify additional schools for school improvement or in need of corrective action or restructuring.

(E) Starting point
Each State, using data for the 2001–2002 school year, shall establish the starting point for measuring, under subparagraphs (G) and (H), the percentage of students meeting or exceeding the State’s proficient level of academic achievement on the State assessments under paragraph (3) and pursuant to the timeline described in subparagraph (F). The starting point shall be, at a minimum, based on the higher of the percentage of students at the proficient level who are—
(i) the State’s lowest achieving group of students described in subparagraph (C)(v)(II); or
(ii) the school at the 20th percentile in the State, based on enrollment, among all schools ranked by the percentage of students at the proficient level.

(F) Timeline
Each State shall establish a timeline for adequate yearly progress. The timeline shall ensure that not later than 12 years after the end of the 2001–2002 school year, all students in each group described in subparagraph (C)(v) will meet or exceed the State’s proficient level of academic achievement on the State assessments under paragraph (3).

(G) Measurable objectives
Each State shall establish statewide annual measurable objectives, pursuant to subparagraph (C)(v), for meeting the requirements of this paragraph, and which—
(i) shall be set separately for the assessments of mathematics and reading or language arts under subsection (a)(3) of this section;
(ii) shall be the same for all schools and local educational agencies in the State;
(iii) shall identify a single minimum percentage of students who are required to meet or exceed the proficient level on the academic assessments that applies separately to each group of students described in subparagraph (C)(v);
(iv) shall ensure that all students will meet or exceed the State’s proficient level of academic achievement on the State assessments within the State’s timeline under subparagraph (F); and
(v) may be the same for more than 1 year, subject to the requirements of subparagraph (H).

(H) Intermediate goals for annual yearly progress
Each State shall establish intermediate goals for meeting the requirements, including the measurable objectives in subparagraph (G), of this paragraph and that shall—
(i) increase in equal increments over the period covered by the State’s timeline under subparagraph (F);
(ii) provide for the first increase to occur in not more than 2 years; and
(iii) provide for each following increase to occur in not more than 3 years.

(I) Annual improvement for schools
Each year, for a school to make adequate yearly progress under this paragraph—
(i) each group of students described in subparagraph (C)(v) must meet or exceed the objectives set by the State under subparagraph (G), except that if any group described in subparagraph (C)(v) does not meet those objectives in any particular year, the school shall be considered to have made adequate yearly progress if the percentage of students in that group who did not meet or exceed the proficient level of academic achievement on the State assessments under paragraph (3) for that year decreased by 10 percent of that percentage from the preceding school year and that group made progress on one or more of the academic indicators described in subparagraph (C)(vi) or (vii); and
(ii) not less than 95 percent of each group of students described in subparagraph (C)(v) who are enrolled in the school are required to take the assessments, consistent with paragraph (3)(C)(xi) and with accommodations, guidelines, and alternative assessments provided in the same manner as those provided under section 612(a)(16)(A) of the Individuals with Disabilities Education Act [20 U.S.C. 1412(a)(16)(A)] and paragraph (3), on which adequate yearly progress is based (except that the 95 percent requirement described in this clause shall not apply in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student).
§ 6311

TITLE 20—EDUCATION

Page 1220

(J) Uniform averaging procedure

For the purpose of determining whether schools are making adequate yearly progress, the State may establish a uniform procedure for averaging data which includes one or more of the following:

(i) The State may average data from the school year for which the determination is made with data from one or two school years immediately preceding that school year.

(ii) Until the assessments described in paragraph (3) are administered in such manner and time to allow for the implementation of the uniform procedure for averaging data described in clause (i), the State may use the academic assessments that were required under paragraph (3) as that paragraph was in effect on the day preceding January 8, 2002, provided that nothing in this clause shall be construed to undermine or delay the determination of adequate yearly progress, the requirements of section 6316 of this title, or the implementation of assessments under this section.

(iii) The State may use data across grades in a school.

(K) Accountability for charter schools

The accountability provisions under this chapter shall be overseen for charter schools in accordance with State charter school law.

(3) Academic assessments

(A) In general

Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality, yearly student academic assessments that include, at a minimum, academic assessments in mathematics, reading or language arts, and science that will be used as the primary means of determining the yearly performance of the State and of each local educational agency and school in the State in enabling all children to meet the State’s challenging student academic achievement standards, except that no State shall be required to meet the requirements of this part relating to science assessments until the beginning of the 2007–2008 school year.

(B) Use of assessments

Each State educational agency may incorporate the data from the assessments under this paragraph into a State-developed longitudinal data system that links student test scores, length of enrollment, and graduation records over time.

(C) Requirements

Such assessments shall—

(i) be the same academic assessments used to measure the achievement of all children;

(ii) be aligned with the State’s challenging academic content and student academic achievement standards, and provide coherent information about student attainment of such standards;

(iii) be used for purposes for which such assessments are valid and reliable, and be consistent with relevant, nationally recognized professional and technical standards;

(iv) be used only if the State educational agency provides to the Secretary evidence from the test publisher or other relevant sources that the assessments used are of adequate technical quality for each purpose required under this chapter and are consistent with the requirements of this section, and such evidence is made public by the Secretary upon request;

(v) (I) except as otherwise provided for grades 3 through 8 under clause vii, measure the proficiency of students in, at a minimum, mathematics and reading or language arts, and be administered not less than once during—

(aa) grades 3 through 5;

(bb) grades 6 through 9; and

(cc) grades 10 through 12;

(II) beginning not later than school year 2007–2008, measure the proficiency of all students in science and be administered not less than one time during—

(aa) grades 3 through 5;

(bb) grades 6 through 9; and

(cc) grades 10 through 12;

(vi) involve multiple up-to-date measures of student academic achievement, including measures that assess higher-order thinking skills and understanding;

(vii) beginning not later than school year 2005–2006, measure the achievement of students against the challenging State academic content and student academic achievement standards in each of grades 3 through 8 in, at a minimum, mathematics, and reading or language arts, except that the Secretary may provide the State an additional year if the State demonstrates that exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State, prevented full implementation of the academic assessments by that deadline and that the State will complete implementation within the additional 1-year period;

(viii) at the discretion of the State, measure the proficiency of students in academic subjects not described in clauses (v), (vi), (vii) in which the State has adopted challenging academic content and academic achievement standards;

(ix) provide for—

(I) the participation in such assessments of all students;

(II) the reasonable adaptations and accommodations for students with disabilities (as defined under section 602(3) of the Individuals with Disabilities Education Act [20 U.S.C. 1401(3)]) necessary to measure the academic achievement of such students relative to State academic content and State student academic achievement standards; and

(III) the inclusion of limited English proficient students, who shall be as—
sessed in a valid and reliable manner and provided reasonable accommodations on assessments administered to such students under this paragraph, including, to the extent practicable, assessments in the language and form most likely to yield accurate data on what such students know and can do in academic content areas, until such students have achieved English language proficiency as determined under paragraph (7);

(x) notwithstanding subclause (III), the academic assessment (using tests written in English) of reading or language arts of any student who has attended school in the United States (not including Puerto Rico) for three or more consecutive school years, except that if the local educational agency determines, on a case-by-case individual basis, that academic assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the local educational agency may make a determination to assess such student in the appropriate language other than English for a period that does not exceed two additional consecutive years, provided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such student knows and can do on tests (written in English) of reading or language arts;

(xi) include students who have attended schools in a local educational agency for a full academic year but have not attended a single school for a full academic year, except that the performance of students who have attended more than 1 school in the local educational agency in any academic year shall be used only in determining the progress of the local educational agency:

(xii) produce individual student interpretive, descriptive, and diagnostic reports, consistent with clause (iii) that allow parents, teachers, and principals to understand and address the specific academic needs of students, and include information regarding achievement on academic assessments aligned with State academic achievement standards, and that are provided to parents, teachers, and principals, as soon as is practicably possible after the assessment is given, in an understandable and uniform format, and to the extent practicable, in a language that parents can understand;

(xiii) enable results to be disaggregated within each State, local educational agency, and school by gender, by each major racial and ethnic group, by English proficiency status, by migrant status, by students with disabilities as compared to non-disabled students, and by economically disadvantaged students as compared to students who are not economically disadvantaged, except that, in the case of a local educational agency or a school, such disaggregation shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

(xiv) be consistent with widely accepted professional testing standards, objectively measure academic achievement, knowledge, and skills, and be tests that do not evaluate or assess personal or family beliefs and attitudes, or publicly disclose personally identifiable information; and

(xv) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, and administrators can interpret and address the specific academic needs of students as indicated by the students' achievement on assessment items.

(D) Deferral

A State may defer the commencement, or suspend the administration, but not cease the development, of the assessments described in this paragraph, that were not required prior to January 8, 2002, for 1 year for each year for which the amount appropriated for grants under section 7301b(a)(2) of this title is less than:

(i) $370,000,000 for fiscal year 2002;
(ii) $380,000,000 for fiscal year 2003;
(iii) $390,000,000 for fiscal year 2004; and
(iv) $400,000,000 for fiscal years 2005 through 2007.

(4) Special rule

Academic assessment measures in addition to those in paragraph (3) that do not meet the requirements of such paragraph may be included in the assessment under paragraph (3) as additional measures, but may not be used in lieu of the academic assessments required under paragraph (3). Such additional assessment measures may not be used to reduce the number of or change, the schools that would otherwise be subject to school improvement, corrective action, or restructuring under section 6316 of this title if such additional indicators were not used, but may be used to identify additional schools for school improvement or in need of corrective action or restructuring except as provided in paragraph (2)(I)(i).

(5) State authority

If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt curriculum content and student academic achievement standards, and academic assessments aligned with such academic standards, which will be applicable to all students enrolled in the State's public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by:

(A) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

§ 6311
§ 6311

(8) Requirement

Each State plan shall describe—

(9) Factors affecting student achievement

Each State plan shall include an assurance that the State educational agency will coordinate and collaborate, to the extent feasible and necessary as determined by the State educational agency, with agencies providing services to children, youth, and families, with respect to local educational agencies within the State that are identified under section 6316 of this title and that request assistance with addressing major factors that have significantly affected the academic achievement of students in the local educational agency or schools served by such agency.

(10) Use of academic assessment results to improve student academic achievement

Each State plan shall describe how the State educational agency will ensure that the results of the State assessments described in paragraph (3)—

(A) will be promptly provided to local educational agencies, schools, and teachers in a manner that is clear and easy to understand, but not later than before the beginning of the next school year; and

Each State plan shall contain assurances that—

(1) the State educational agency will meet the requirements of subsection (h)(1) of this section and, beginning with the 2002–2003 school year, will produce the annual State report cards described in such subsection, except that the Secretary may provide the State educational agency 1 additional year if the State educational agency determines that—
the State, prevented full implementation of this paragraph by that deadline and that the State will complete implementation within the additional 1-year period;

(2) the State will, beginning in school year 2002-2003, participate in biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under section 9622(b)(2) of this title if the Secretary pays the costs of administering such assessments;

(3) the State educational agency, in consultation with the Governor, will include, as a component of the State plan, a plan to carry out the responsibilities of the State under sections 6316 and 6317 of this title, including carrying out the State educational agency's statewide system of technical assistance and support for local educational agencies;

(A) the number of economically disadvantaged children enrolled in the school is at least 25 percent of the school’s total enrollment; and

(B) the Secretary determines on the basis of a written request from such agency and in accordance with such criteria as the Secretary establishes, that approval of that request would further the purposes of this part.

Each local educational agency assisted under this part shall—

(A) develop procedures for compliance with this subsection; and

(B) maintain records that are updated biennially documenting such agency’s compliance with this subsection.

(4) Inapplicability

This subsection shall not apply to a local educational agency that does not have more than one building for each grade span.

(5) Compliance

For the purpose of determining compliance with paragraph (1), a local educational agency may exclude State and local funds expended for—

(A) language instruction educational programs; and

(B) the excess costs of providing services to children with disabilities as determined by the local educational agency.

(d) Exclusion of funds

For the purpose of complying with subsections (b) and (c) of this section, a State educational agency or local educational agency may exclude supplemental State or local funds expended in any school attendance area or school for programs that meet the intent and purposes of this part.

PRIOR PROVISIONS  

§ 6332. Allocations to States  
(a) Allocation formula  
Of the amount appropriated under section 6302(a) of this title to carry out this part for each of fiscal years 2002–2007 (referred to in this subsection as the current fiscal year)—

(1) an amount equal to the amount made available to carry out section 6333 of this title for fiscal year 2001 shall be allocated in accordance with section 6333 of this title;

(2) an amount equal to the amount made available to carry out section 6334 of this title for fiscal year 2001 shall be allocated in accordance with section 6334 of this title; and

(3) an amount equal to 100 percent of the amount, if any, by which the amount made available to carry out sections 6333, 6334, and 6335 of this title for the current fiscal year for which the determination is made exceeds the amount available to carry out sections 6333 and 6334 of this title for fiscal year 2001 shall be allocated in accordance with section 6335 of this title.

(b) Adjustments where necessitated by appropriations  
(1) In general  
If the sums available under this subpart for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under sections 6333, 6334, and 6335 of this title for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to subsections (c) and (d) of this section.

(2) Additional funds  
If additional funds become available for making payments under sections 6333, 6334, and 6335 of this title for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

(c) Hold-harmless amounts  
(1) Amounts for sections 6333, 6334, and 6335  
For each fiscal year, the amount made available to each local educational agency under each of sections 6333, 6334, and 6335 of this title shall be—

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted for grants under section 6333 of this title is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the local educational agency;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and  

(C) not less than 85 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is below 15 percent.

(2) Payments  
If sufficient funds are appropriated, the amounts described in paragraph (1) shall be paid to all local educational agencies that received grants under section 6334 of this title for the preceding fiscal year, regardless of whether the local educational agency meets the minimum eligibility criteria for that fiscal year described in section 6334(a)(1)(A) of this title except that a local educational agency that does not meet such minimum eligibility criteria for 4 consecutive years shall no longer be eligible to receive a hold harmless amount referred to in paragraph (1).

(3) Applicability  
Notwithstanding any other provision of law, the Secretary shall not take into consideration the hold-harmless provisions of this subsection for any fiscal year for purposes of calculating State or local allocations for the fiscal year under any program administered by the Secretary other than a program authorized under this part.

(4) Population data  
For any fiscal year for which the Secretary calculates grants on the basis of population data for counties, the Secretary shall apply the hold-harmless percentages in paragraphs (1) and (2) to counties and, if the Secretary’s allocation for a county is not sufficient to meet the hold-harmless requirements of this subsection for every local educational agency within that county, the State educational agency shall reallocate funds proportionately from all other local educational agencies in the State that are receiving funds in excess of the hold-harmless amounts specified in this subsection.

(d) Ratable reductions  
(1) In general  
If the sums made available under this subpart for any fiscal year are insufficient to pay the full amounts that all local educational agencies in all States are eligible to receive under subsection (c) of this section for such year, the Secretary shall ratably reduce such amounts for such year.

(2) Additional funds  
If additional funds become available for making payments under subsection (c) of this section for such fiscal year, amounts that were reduced under paragraph (1) shall be increased on the same basis as such amounts were reduced.

(e) Definition  
For the purpose of this section and sections 6333, 6334, 6335, and 6337 of this title, the term “State” means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

§ 6333. Basic grants to local educational agencies

(a) Amount of grants

(1) Grants for local educational agencies and Puerto Rico

Except as provided in paragraph (4) and in section 6338 of this title, the grant to any local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

(A) the number of children counted under subsection (c) of this section; and

(B) the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

(2) Calculation of grants

(A) Allocations to local educational agencies

The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) of this section for each local educational agency; unless the Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

(ii) paragraph (3) shall apply.

(B) Allocations to large and small local educational agencies

(i) For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

(iii) For small local educational agencies, the State educational agency may either—

(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

(II) use an alternative method approved by the Secretary to distribute the portion of the State’s total grants under this section that is based on those small agencies.

(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State’s small local educational agencies that meet the eligibility criteria of subsection (b) of this section.

(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

(vi) As used in this subparagraph—

(1) the term “large local educational agency” means a local educational agency serving an area with a total population of 20,000 or more; and

(2) the term “small local educational agency” means a local educational agency serving an area with a total population of less than 20,000.

(3) Allocations to counties

(A) Calculation

For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) of this section for counties, and State educational agencies shall suballocate county amounts to local educational agencies, in accordance with regulations issued by the Secretary.

(B) Direct allocations

In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agency may apply to the Secretary for authority to make the allocations under this subpart for a particular fiscal year directly to local educational agencies without regard to counties.

(C) Allocations to local educational agencies

If the Secretary approves the State educational agency’s application under subparagraph (B), the State educational agency shall provide the Secretary an assurance that such allocations shall be made—

(i) using precisely the same factors for determining a grant as are used under this subpart; or

(ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

(D) Appeal

The State educational agency shall provide the Secretary an assurance that it will establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

(4) Puerto Rico

(A) In general

For each fiscal year, the grant to the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) of this section for the Commonwealth of Puerto Rico by the product of—

(i) subject to subparagraph (B), the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico
is of the lowest average per-pupil expenditure of any of the 50 States; and
(ii) 32 percent of the average per-pupil expenditure in the United States.

(B) Minimum percentage
The percentage in subparagraph (A)(i) shall not be less than—
(i) for fiscal year 2002, 77.5 percent;
(ii) for fiscal year 2003, 80.0 percent;
(iii) for fiscal year 2004, 82.5 percent;
(iv) for fiscal year 2005, 85.0 percent;
(v) for fiscal year 2006, 92.5 percent; and
(vi) for fiscal year 2007 and succeeding fiscal years, 100.0 percent.

(C) Limitation
If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of—
(i) the percentage in subparagraph (A)(i);
(ii) the percentage specified in subparagraph (B) for the preceding fiscal year; or
(iii) the percentage used for the preceding fiscal year.

(b) Minimum number of children to qualify
A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) of this section for that agency is both—
(1) 10 or more; and
(2) more than 2 percent of the total school-age population in the agency’s jurisdiction.

(c) Children to be counted

(1) Categories of children
The number of children to be counted for purposes of this section is the aggregate of—
(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);
(B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D of this subchapter for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and
(C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

(2) Determination of number of children
For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency’s total grant that is no less than the county’s share of the population counts used to calculate the local educational agency’s grant.

(3) Population updates

(A) In general
In fiscal year 2002 and each subsequent fiscal year, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for counties or local educational agencies, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that the use of the updated data would be inappropriate or unreliable. If appropriate and reliable data are not available annually, the Secretary shall use data which are updated every 2 years.

(B) Inappropriate or unreliable data
If the Secretary and the Secretary of Commerce determine that some or all of the data referred to in subparagraph (A) are inappropriate or unreliable, the Secretary and the Secretary of Commerce shall publicly disclose their reasons.

(C) Criteria of poverty
In determining the families that are below the poverty level, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census, as the criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(4) Other children to be counted

(A) For the purpose of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.]; and in making such determinations, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of four in such form as those criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(B) The Secretary shall determine the number of such children and the number of chil-
dren aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary’s determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination.

(C) Except for the data on children living in institutions for neglected or delinquent children, the Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

(D) For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

(5) Estimate

When requested by the Secretary, the Secretary of Commerce shall make a special updated estimate of the number of children of such ages who are from families below the poverty level (as determined under paragraph (1)(A)) in each school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

(d) State minimum

Notwithstanding section 6332 of this title, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

(1) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(2) the average of:

(A) the amount calculated in paragraph (1), above; and

(B) the number of children in such State counted under subsection (c) of this section in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

(4) Local allocations

(A) Grant amounts under this section shall be determined in accordance with section 6333(a)(2), (3), and (4) of this title.

(B) For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, a State may reserve not more than 2 percent of its allocation under this section to make grants to local educational agencies that meet the criteria of paragraph (1)(A)(i) or (ii) and are in ineligible counties that do not meet these criteria.

(b) Small States

In any State for which on January 8, 2002, the number of children counted under section 6333(c) of this title is less than 0.25 percent of the number of children counted for all States, the State educational agency shall allocate funds under this section among the local educational agencies in the State either—

(1) in accordance with paragraphs (2) and (4) of subsection (a) of this section; or

(2) based on their respective concentrations and numbers of children counted under section 6333(c) of this title, except that only those local educational agencies with concentrations or numbers of children counted under section 6333(c) of this title that exceed the statewide average percentage of such children or the statewide average number of such children shall receive any funds on the basis of this paragraph.

§ 6335. Targeted grants to local educational agencies

(a) Eligibility of local educational agencies

(1) In general

A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(A) the number of children in the local educational agency counted under section 6333(c) of this title, before application of the weighted child count described in subsection (c) of this section, is at least 10; and

(B) if the number of children counted for grants under section 6333(c) of this title, before application of the weighted child count described in subsection (c) of this section, is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

(2) Special rule

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

(b) Grants for local educational agencies, the District of Columbia, and the Commonwealth of Puerto Rico

(1) In general

The amount of the grant that a local educational agency in a State (other than the Commonwealth of Puerto Rico) is eligible to receive under this section for any fiscal year shall be the product of—

(A) the weighted child count determined under subsection (c) of this section; and

(B) the amount determined under section 6333(a)(1)(B) of this title.

(2) Puerto Rico

For each fiscal year, the amount of the grant the Commonwealth of Puerto Rico is eligible to receive under this section shall be equal to the number of children counted under subsection (c) of this section for the Commonwealth of Puerto Rico, multiplied by the amount determined in section 6333(a)(4) of this title for the Commonwealth of Puerto Rico.

(c) Weighted child count

(1) Weights for allocations to counties

(A) In general

For each fiscal year for which the Secretary uses county population data to calculate grants, the weighted child count used to determine a county’s allocation under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

(B) By percentage of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title for that county who constitute not more than 15.00 percent, inclusive, of the county’s total population; multiplied by 1.0;

(ii) the number of such children who constitute more than 15.00 percent, but not more than 19.00 percent, of such population; multiplied by 1.5;

(iii) the number of such children who constitute more than 19.00 percent, but not more than 24.20 percent, of such population; multiplied by 2.0;

(iv) the number of such children who constitute more than 24.20 percent, but not more than 29.20 percent, of such population; multiplied by 2.5;

(v) the number of such children who constitute more than 29.20 percent, but not more than 36.00 percent, of such population; multiplied by 3.0;

(vi) the number of such children who constitute more than 36.00 percent, but not more than 42.00 percent, of such population; multiplied by 3.5;

(vii) the number of such children who constitute more than 42.00 percent, but not more than 51.00 percent, of such population; multiplied by 4.0;

(C) By number of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title who constitute not more than 2,311, inclusive, of the county’s total population; multiplied by 1.0;

(ii) the number of such children between 2,312 and 7,913, inclusive, in such population; multiplied by 1.5;
§ 6336  TITLE 20—EDUCATION  Page 1264

(iii) the number of such children between 7,914 and 23,917, inclusive, in such population, multiplied by 2.0;

(iv) the number of such children between 23,918 and 93,819, inclusive, in such population, multiplied by 2.5; and

(v) the number of such children in excess of 93,811 in such population, multiplied by 3.0.

(D) Puerto Rico

Notwithstanding subparagraph (A), the weighting factor for the Commonwealth of Puerto Rico under this paragraph shall not be greater than the total number of children counted under section 6333(c) of this title multiplied by 1.82.

(2) Weights for allocations to local educational agencies

(A) In general

For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency’s grant under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

(B) By percentage of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title for that local educational agency who constitute not more than 15.58 percent, inclusive, of the agency’s total population aged 5 to 17, inclusive, multiplied by 1.82;

(ii) the number of such children who constitute more than 15.58 percent, but not more than 22.11 percent, of such population, multiplied by 1.75;

(iii) the number of such children who constitute more than 22.11 percent, but not more than 30.16 percent, of such population, multiplied by 2.5;

(iv) the number of such children who constitute more than 30.16 percent, but not more than 38.24 percent, of such population, multiplied by 3.25; and

(v) the number of such children in excess of 38.24 percent in such population, multiplied by 4.0.

(C) By number of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title who constitute not more than 691, inclusive, of the agency’s total population aged 5 to 17, inclusive, multiplied by 1.0;

(ii) the number of such children between 692 and 2,262, inclusive, in such population, multiplied by 1.5;

(iii) the number of such children between 2,263 and 7,851, inclusive, in such population, multiplied by 2.0;

(iv) the number of such children between 7,852 and 35,514, inclusive, in such population, multiplied by 2.5; and

(v) the number of such children in excess of 35,514 in such population, multiplied by 3.0.

(D) Calculation of grant amounts

Grant amounts under this section shall be calculated in the same manner as grant amounts are calculated under section 6333(a)(2) and (3) of this title.

(e) State minimum

Notwithstanding any other provision of this section or section 6332 of this title, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

(1) 0.35 percent of the total amount available to carry out this section; or

(2) the average of—

(A) 0.35 percent of the total amount available to carry out this section; and

(B) 150 percent of the national average grant under this section per child described in section 6333(c) of this title, without application of a weighting factor, multiplied by the State’s total number of children described in section 6333(c) of this title, without application of a weighting factor.

PRIOR PROVISIONS

§ 6336. Adequacy of funding of targeted grants to local educational agencies in fiscal years after fiscal year 2001

(a) Findings

Congress makes the following findings:

(1) The current Basic Grant Formula for the distribution of funds under this part often does not provide funds for the economically disadvantaged students for which such funds are targeted.

(2) Any school district in which more than 2 percent of the students live below the poverty level qualifies for funding under the Basic Grant Formula. As a result, 9 out of every 10 school districts in the country receive some form of aid under the Formula.

(3) Fifty-eight percent of all schools receive at least some funding under this part, including many suburban schools with predominantly well-off students.

(4) One out of every 5 schools with concentrations of poor students between 50 and 75 percent receive no funding at all under this part.

(5) In passing the Improving America’s Schools Act in 1994, Congress declared that grants under this part would more sharply target high poverty schools by using the Targeted Grant Formula, but annual appropriation Acts have prevented the use of that Formula.
(6) The advantage of the Targeted Grant Formula over other funding formulas under this part is that the Targeted Grant Formula provides increased grants per poor child as the percentage of economically disadvantaged children in a school district increases.

(7) Studies have found that the poverty of a child’s family is much more likely to be associated with educational disadvantage if the family lives in an area with large concentrations of poor families.

(8) States with large populations of high poverty students would receive significantly more funding if more funds under this part were allocated through the Targeted Grant Formula.

(9) Congress has an obligation to allocate funds under this part so that such funds will positively affect the largest number of economically disadvantaged students.

(b) Limitation on allocation of subchapter I funds contingent on adequate funding of targeted grants

Pursuant to section 6332 of this title, the total amount allocated in any fiscal year after fiscal year 2001 for programs and activities under this part shall not exceed the amount allocated in fiscal year 2001 for such programs and activities unless the amount available for targeted grants to local educational agencies under section 6335 of this title in the applicable fiscal year meets the requirements of section 6332(a) of this title.

$6337. Education finance incentive grant program

(a) Grants

From funds appropriated under subsection (f) of this section the Secretary is authorized to make grants to States, from allotments under subsection (b) of this section, to carry out the programs and activities of this part.

(b) Distribution based upon fiscal effort and equity

(1) In general

(A) In general

Except as provided in subparagraph (B), funds appropriated pursuant to subsection (f) of this section shall be allotted to each State based upon the number of children counted under section 6333(c) of this title in such State multiplied by the product of—

(i) the amount in section 6333(a)(1)(B) of this title for all States other than the Commonwealth of Puerto Rico, except that the amount determined under that subparagraph shall not be less that 34 percent or more than 46 percent of the average per pupil expenditure in the United States; and

(ii) such State’s effort factor described in paragraph (2); multiplied by

(iii) 1.30 minus such State’s equity factor described in paragraph (3).

(B) State minimum

Notwithstanding any other provision of this section or section 6332 of this title, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

(i) 0.35 percent of total appropriations; or

(ii) the average of—

(I) 0.35 percent of the total amount available to carry out this section; and

(II) 150 percent of the national average grant under this section per child described in section 6333(c) of this title, without application of a weighting factor, multiplied by the State’s total number of children described in section 6333(c) of this title, without application of a weighting factor.

(2) Effort factor

(A) In general

Except as provided in subparagraph (B), the effort factor for a State shall be determined in accordance with the succeeding sentence, except that such factor shall not be less than 0.95 nor greater than 1.05. The effort factor determined under this sentence shall be a fraction the numerator of which is the product of the 3-year average per-pupil expenditure in the United States, and the amount in section 6333(a)(4)(A)(ii) of this title for the Commonwealth of Puerto Rico, except that the amount determined under that subparagraph shall not be less that 34 percent or more than 46 percent of the average per pupil expenditure in the United States; multiplied by

(i) such State’s effort factor described in paragraph (2); multiplied by

(ii) such State’s effort factor described in paragraph (3).

(3) Equity factor

(A) Determination

(i) In general

Except as provided in subparagraph (B), the Secretary shall determine the equity factor under this section for each State in accordance with clause (ii).

(ii) Computation

(I) In general

For each State, the Secretary shall compute a weighted coefficient of vari-
ation for the per-pupil expenditures of local educational agencies in accordance with subclauses (II), (III), and (IV).

(II) Variation

In computing coefficients of variation, the Secretary shall weigh the variation between per-pupil expenditures in each local educational agency and the average per-pupil expenditures in the State according to the number of pupils served by the local educational agency.

(III) Number of pupils

In determining the number of pupils under this paragraph served by each local educational agency and in each State, the Secretary shall multiply the number of children counted under section 6333(c) of this title by a factor of 1.4.

(IV) Enrollment requirement

In computing coefficients of variation, the Secretary shall include only those local educational agencies with an enrollment of more than 200 students.

(c) Use of funds; eligibility of local educational agencies

All funds awarded to each State under this section shall be allocated to local educational agencies under the following provisions. Within local educational agencies, funds allocated under this section shall be distributed to schools on a basis consistent with section 6313 of this title, and may only be used to carry out activities under this part. A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(A) the number of children in the local educational agency counted under section 6333(c) of this title, before application of the weighted child count described in paragraph (3), is at least 10; and

(B) if the number of children counted for grants under section 6333(c) of this title, before application of the weighted child count described in paragraph (3), is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

(d) Allocation of funds to eligible local educational agencies

Funds received by States under this section shall be allocated within States to eligible local educational agencies on the basis of weighted child counts calculated in accordance with paragraph (1), (2), or (3), as appropriate for each State.

(2) Reduction of funds

The Secretary shall reduce the amount of funds awarded to any State under this section in any fiscal year in the exact proportion to which the State fails to meet the requirements of paragraph (1) by falling below 90 percent of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

(3) Waivers

The Secretary may waive, for 1 fiscal year only, the requirements of this subsection if the Secretary determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State.

There are authorized to be appropriated to local educational agency under this section such sums as may be necessary for fiscal year 2002 and for each of the 5 succeeding fiscal years.

(g) Adjustments where necessitated by appropriations

(1) In general

(2) Additional funds

If additional funds become available for making payments under this section for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

(3) Hold-harmless amounts

For each fiscal year, if sufficient funds are available, the amount made available to each local educational agency under this section shall be

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted for grants under section 6333 of this title is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the local educational agency;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

§6338. Special allocation procedures

(a) Allocations for neglected children

(1) In general

If a State educational agency determines that a local educational agency in the State is unable or unwilling to provide for the special educational needs of children who are living in institutions for neglected children as described in section 6333(c)(1)(B) of this title, the State educational agency shall, if such agency assumes responsibility for the special educational needs of such children, receive the portion of such local educational agency’s allocation under sections 6333, 6334, 6335, and 6337 of this title that is attributable to such children.

(2) Special rule

If the State educational agency does not assume such responsibility, any other State or local public agency that does assume such responsibility shall receive that portion of the local educational agency’s allocation.

(b) Allocations among local educational agencies

The State educational agency may allocate the amounts of grants under sections 6333, 6334, 6335, and 6337 of this title among the affected local educational agencies—

(1) if two or more local educational agencies serve, in whole or in part, the same geographical area;

(2) if a local educational agency provides free public education for children who reside in the school district of another local educational agency; or

(3) to reflect the merger, creation, or change of boundaries of one or more local educational agencies.
(c) Reallocation

If a State educational agency determines that the amount of a grant a local educational agency would receive under sections 6333, 6334, 6335, and 6337 of this title is more than such local educational agency will use, the State educational agency shall make the excess amount available to other local educational agencies in the State that need additional funds in accordance with criteria established by the State educational agency.

Part B—Student Reading Skills Improvement Grants

Subpart 1—Reading First

§6361. Purposes

The purposes of this subpart are as follows:

(1) To provide assistance to State educational agencies and local educational agencies in establishing reading programs for students in kindergarten through grade 3 that are based on scientifically based reading research, to ensure that every student can read at grade level or above not later than the end of grade 3.

(2) To provide assistance to State educational agencies and local educational agencies in preparing teachers, including special education teachers, through professional development and other support, so the teachers can identify specific reading barriers facing their students and so the teachers have the tools to effectively help their students learn to read.

(3) To provide assistance to State educational agencies and local educational agencies in selecting or administering screening, diagnostic, and classroom-based instructional reading assessments.

(4) To provide assistance to State educational agencies and local educational agencies in selecting or developing effective instructional materials (including classroom-based materials to assist teachers in implementing the essential components of reading instruction), programs, learning systems, and strategies to implement methods that have been proven to prevent or remediate reading failure within a State.

(5) To strengthen coordination among schools, early literacy programs, and family literacy programs to improve reading achievement for all children.

Prior Provisions

§6362. Formula grants to State educational agencies

(a) In general

(B) Exceptions

(i) Minimum grant amount

Subject to clause (ii), no State receiving an allotment under subparagraph (A) may receive less than one-fourth of 1 percent of the total amount allotted under such subparagraph.

(ii) Puerto Rico

SUBPART 4—EMERGENCY IMMIGRANT EDUCATION PROGRAM

§ 6961. Purpose

The purpose of this subpart is to assist eligible local educational agencies that experience unexpectedly large increases in their student population due to immigration—

(1) to provide high-quality instruction to immigrant children and youth; and

(2) to help such children and youth—

(A) with their transition into American society; and

(B) meet the same challenging State academic content and student academic achievement standards as all children are expected to meet.

§ 6962. State administrative costs

For any fiscal year, a State educational agency may reserve not more than 1.5 percent (2 percent if the State educational agency distributes funds received under this subpart to local educational agencies on a competitive basis) of the amount allotted to such agency under section 6964 of this title to pay the costs of performing such agency’s administrative functions under this subpart.

§ 6963. Withholding

Whenever the Secretary, after providing reasonable notice and opportunity for a hearing to any State educational agency, finds that there is a failure to comply with a requirement of any provision of this subpart, the Secretary shall notify that agency that further payments will not be made to the agency under this subpart or, in the discretion of the Secretary, that the State educational agency shall not make further payments under this subpart to specified local educational agencies whose actions cause or are involved in such failure until the Secretary is satisfied that there is no longer any such failure to comply. Until the Secretary is so satisfied, no further payments shall be made to the State educational agency under this subpart, or payments by the State educational agency under this subpart shall be limited to local educational agencies whose actions did not cause or were not involved in the failure, as the case may be.

§ 6964. State allotments

A local educational agency referred to in paragraph (1) is a local educational agency for which the sum of the number of immigrant children and youth who are enrolled in public elementary schools or secondary schools under
the jurisdiction of such agency, and in non-public elementary schools or secondary schools within the district served by such agency, during the fiscal year for which the payments are to be made under this subpart, is equal to at least—

(1) In general

Determinations by the Secretary under this section for any period with respect to the number of immigrant children and youth shall be made on the basis of data or estimates provided to the Secretary by each State educational agency in accordance with criteria established by the Secretary, unless the Secretary determines, after notice and opportunity for a hearing to the affected State educational agency, that such data or estimates are clearly erroneous.

(2) Special rule

No such determination with respect to the number of immigrant children and youth shall operate because of an underestimate or overestimate to deprive any State educational agency of the allotment under this section that such State would otherwise have received had such determination been made on the basis of accurate data.

d) Reallotment

(1) In general

Whenever the Secretary determines that any amount of a payment made to a State under this subpart for a fiscal year will not be used by such State for carrying out the purpose for which the payment was made, the Secretary shall make such amount available for carrying out such purpose to one or more other States to the extent the Secretary determines that such other States will be able to use such additional amount for carrying out such purpose.

(2) Fiscal year

Any amount made available to a State from any appropriation for a fiscal year in accordance with paragraph (1) shall, for purposes of this subpart, be regarded as part of such State’s payment (as determined under subsection (b) of this section) for such year, but shall remain available until the end of the succeeding fiscal year.

e) Reservation of funds

(1) In general

Notwithstanding any other provision of this subpart, if the amount appropriated to carry out this subpart exceeds $50,000,000 for a fiscal year, a State educational agency may reserve not more than 20 percent of such agency’s payment under this subpart for such year to award grants, on a competitive basis, to local educational agencies within the State as follows:

(4) provide assurances that such payments, with the exception of payments reserved under section 6964(e) of this title, will be distributed among local educational agencies within that State on the basis of the number of immigrant children and youth counted with respect to
each such local educational agency under section 6964(b)(1) of this title;
(5) provide assurances that the State educational agency will not finally disapprove in whole or in part any application for funds received under this subpart without first affording the local educational agency submitting an application for such funds reasonable notice and opportunity for a hearing;
(6) provide for making such reports as the Secretary may reasonably require to perform the Secretary’s functions under this subpart;
(7) provide assurances—
(A) that to the extent consistent with the number of immigrant children and youth enrolled in the nonpublic elementary schools or secondary schools within the district served by a local educational agency, such agency, after consultation with appropriate officials of such schools, shall provide for the benefit of such children and youth secular, neutral, and nonideological services, materials, and equipment necessary for the education of such children and youth;
(B) that the control of funds provided under this subpart for any materials or equipment, or property repaired, remodeled, or constructed with those funds shall be in a public agency for the uses and purpose provided in this subpart, and a public agency shall administer such funds and property; and
(C) that the provision of services pursuant to this paragraph shall be provided by employees of a public agency or through contract by such public agency with a person, association, agency, or corporation who or which, in the provision of such services, is independent of such nonpublic elementary school or secondary school and of any religious organization, and such employment or contract shall be under the control and supervision of such public agency, and the funds provided under this paragraph shall not be commingled with State or local funds;
(8) provide that funds reserved under section 6964(e) of this title be awarded on a competitive basis based on merit and need in accordance with such section; and

The Secretary shall review all applications submitted pursuant to this section by State educational agencies.
(2) Approval
The Secretary shall approve any application submitted by a State educational agency that meets the requirements of this section.
(3) Disapproval
The Secretary shall disapprove any application submitted by a State educational agency that does not meet the requirements of this section, but shall not finally disapprove an application except after providing reasonable notice, technical assistance, and an opportunity for a hearing to the State educational agency.

§ 6966. Administrative provisions
(a) Notification of amount
The Secretary, not later than June 1 of each year, shall notify each State educational agency that has an application approved under section 6965 of this title of the amount of such agency’s allotment under section 6964 of this title for the succeeding year.
(b) Services to immigrant children and youth enrolled in nonpublic schools
If by reason of any provision of law a local educational agency is prohibited from providing educational services for immigrant children and youth enrolled in nonpublic elementary schools and secondary schools, as required by section 6965(a)(7) of this title, or if the Secretary determines that a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of such children and youth enrolled in such schools, the Secretary may waive such requirement and shall arrange for the provision of services, subject to the requirements of this subpart, to such children and youth. Such waivers shall be subject to consultation, withholding, notice, and judicial review requirements in accordance with the provisions of subchapter I of title III.
