consult the new HHS guidelines to determine the key elements of an effective program and identify areas for program enhancement. Any new initiatives planned should also be a part of the report. The OPM will use this information to compile a list of best practices to be shared with all agencies, and to report to me on its findings 90 days from the date of this memorandum.

The OPM will provide assistance to agencies as needed. For example, its web-site contains information on establishing a “Model Smoking Cessation Program.”

Message to the Senate Transmitting the Sri Lanka-United States Extradition Treaty With Documentation
June 27, 2000

To the Senate of the United States:

William J. Clinton

In addition, I transmit, for the information of the Senate, the report of the Department of State with respect to the Treaty. As the report states, the Treaty will not require implementing legislation. The provisions in this Treaty follow generally the form and content of extradition treaties recently concluded by the United States.

Upon entry into force, this Treaty would enhance cooperation between the law enforcement authorities of both countries, and thereby make a significant contribution to international law enforcement efforts. The Treaty would supersede the 1931 United States-United Kingdom extradition treaty currently applicable to the United States and Sri Lanka.

I recommend that the Senate give early and favorable consideration to the Treaty and give its advice and consent to ratification.
