

## The GPOExpress<sup>SM</sup> Program

Your Solution for Convenient Access to Cost-Effective Document Solutions at Discount Prices!

# Start saving today!

Visit [www.gpo.gov/gpoexpress](http://www.gpo.gov/gpoexpress) and register.

"GPOExpress is an innovative, streamlined printing procurement tool that will handle emergency and administrative copying and duplicating requirements that will serve agency offices well, particularly those without printing expertise, to get their requirements produced."

**Bert Simon**  
Chief, Materials Management  
U.S. Geological Survey

**The U.S. Government Printing Office (GPO) has formed an alliance with FedEx Office to offer the GPOExpress program to all Federal agencies.** GPOExpress is the **only** program to provide Federal agencies with exclusive discounts and access to

convenient quick printing and document solutions using any FedEx Office Print & Ship Center<sup>SM</sup> nationwide, at any time.

GPOExpress provides agencies like yours with services including high quality copying, signs and banners, and finishing solutions simply by using the GPOExpress Card.

**With no cost to join the program you pay for only what you purchase and all transactions are quickly invoiced to you by GPO hassle-free.** Also, shipping costs are eliminated as documents can be uploaded from anywhere and printed locally near the final delivery site.

Savings with GPOExpress are up to 70% off retail pricing. **Register today and see for yourself!**

Retail cost = **\$216.00**

**GPOExpress** cost = **\$92.70**

A savings of **\$123.30**

“OK, I have to say it . . . I have used GPOExpress twice now, and I absolutely love having this. Everything comes back exactly how you want it — and it is fast! It is absolutely wonderful.”

**Lori Cooper**

Program Analyst

U.S. Department of Veterans Affairs Medical Center – Butler, PA

Once you register, all users have access to GPOExpress tools **eView** and **DocStore Send and Print**.

**GPOExpress eView** is a secured online application that allows GPOExpress customers to access their individual or agency-wide GPOExpress transactions at any time from the convenience of an Internet connection.

**GPOExpress eView** enables users to

- View current and past invoices and invoice details including the location of a purchase, the purchaser, and total savings
- Transactional data posted within 24 hours and saved for up to 3 years
- Export detailed data directly from the eView application to Excel or PDF format
- Save, send and view weekly/monthly reports on GPOExpress activity
- Have extensive search capabilities at your fingertips
- Support agency administrative capabilities for greater control and awareness
- Allow user view or administrative access based on defined security levels
- Create non-cardholder users to view and access eView accounts for further control
- Track specific Agency Job Reference information

**GPOExpress DocStore Send and Print** combines the power of the Internet with the strength of over 1,800 FedEx Office Locations nationwide. **DocStore Send and Print** is a flexible tool allowing users to upload documents for printing to any location, any time getting materials to market faster and at a fraction of the cost.

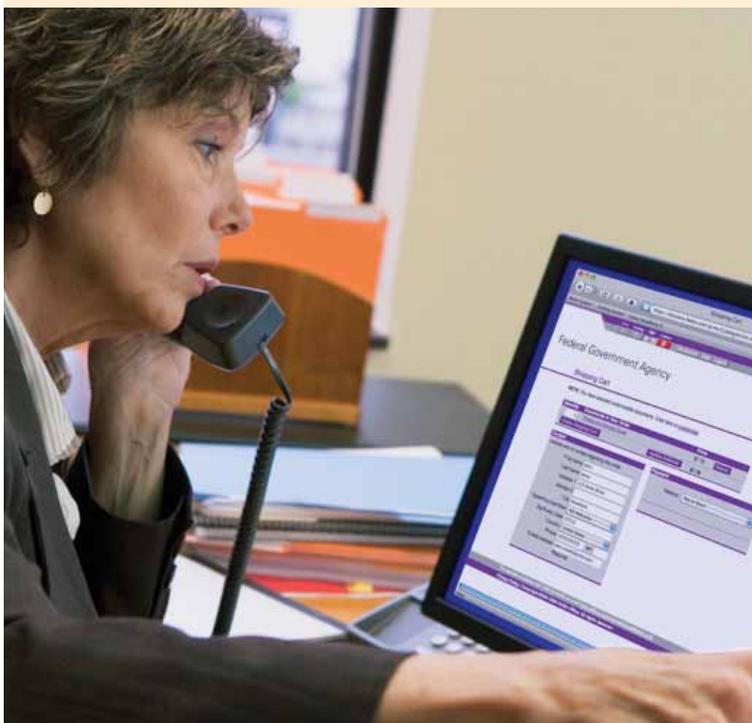

**DocStore Send and Print** now allows users access to their own online Briefcase. Briefcase allows users to quickly reprint any uploaded document(s), from the previous six months making reprint as easy as the click of the mouse!

**GPOExpress Extended Services.**

**GPOExpress DocStore Catalog** is the premier GPOExpress application for print professionals, allowing users to access online catalogs of publications for print and distribution through any FedEx Office location nationwide. Eliminate storage and inventory costs by creating a print-on-demand and print-and-distribute environment that is easily managed and customized for your agency.

**Benefits of GPOExpress DocStore Catalog**

- Distribute documents in hours instead of days or weeks
- Stretch your print budget: save money by printing only what you need
- Print customized materials while maintaining consistent branding
- Access, customize, and order materials any time, anywhere
- Add, delete, and update documents as needed
- Simplified ordering with shopping cart and address book features
- Control user access and spending limits
- Keep documents secure by employing firewalls, passwords, and encryption
- Great for disaster recovery (COOP) planning
- There are no setup fees or maintenance charges associated with GPOExpress DocStore Catalog

## GPOExpress Program Benefits

### Convenient Locations

You can access more than 1,800 FedEx Office locations nationwide, including many open 24 hours a day, 7 days a week.

### Deeply Discounted Fixed-Rate Pricing

You always pay the lowest negotiated fixed rate for qualifying purchases, with discounts up to 70% off retail.

### Flexible Ordering

You can place orders online, by phone or in-center; request free proofs and estimates; and schedule pickups or free local delivery within 10 miles of a participating FedEx Office location.

### 24/7 Online Account Access

You can view details of all transactions within the past three years through eView, a secure online application.

### Catalog Of Frequently Printed Documents

Your agency can create and access a secure online library of files — each preapproved and ready to customize and print using the FedEx Office<sup>SM</sup> DocStore Catalog.

### Ongoing GPO Support

The GPO staff of trained print professionals will continue to assist you with placing orders, obtaining estimates and guiding you through the program.

Visit the **GPOExpress** Web site at [www.gpo.gov/gpoexpress](http://www.gpo.gov/gpoexpress) for more information and pricing details.
