

Register and start doing business with GPO.

Contractor Connection is your link to GPO's online procurement program. Learn about upcoming GPO and industry events, online small purchase and bid opportunities, and bid results.

Some of the advantages of using **Contractor Connection** include:

- You can submit quotes for small purchases online. Quotes for purchases under \$100,000 are submitted using Quick Quote, GPO's online small purchase system, unless otherwise instructed.
- Search features are available to view awarded jobs.
- Bid opportunities are secure when you register.
- Unofficial bid results opened over the last ten business days are available for one-time bids and term contracts.
- New processes and procedures necessary to do business with GPO are kept up to date online.
