Procurement Process

A team of Printing Specialists are dedicated to support your needs throughout the entire contracting process.

- Consultation will be provided while writing concise procurement specifications to reflect the product requirements.
- Solicitations are advertised on-line to obtain optimal competitive pricing.
- Careful review from a vast database of historical data of vendor performance for compliance and quality takes place prior to contract award.
- Contract administration and monitoring for the project life cycle including:
 - review of proofs, press sheets, and on-site monitoring
 - negotiating and issuance of contract modifications when required
 - adherence to deadlines
- Full support from GPO's legal team.

GPO Value

Expertise Our dedicated teams have the technical and procurement expertise to get you the best value for your dollar and make things simple for you.

Training Free consultative support for new projects prior to procurement process. Free training provided to new Federal employees placing orders.

Competition GPO has a database of thousands of vendors, ensuring competitive prices.

Maximize Savings Agencies benefit from GPO's high volume purchasing power.

Billing Upon delivery of order, GPO satisfies the contactor's invoice and, in turn, bills the customer agency.

Procurement Vehicles

GPOExpressSM Federal agencies can have direct access to services at FedEx OfficeSM locations worldwide by using a GPOExpressSM Card. Agencies receive significant discounts and benefits on their printing and finishing needs at any store location at any time.

One Time Bids Large or complex projects procured using a formal bidding process.

Simplified Purchase Agreement (SPA) SPAs put the control in the hands of the customers. This is a streamlined vehicle for agencies to acquire printing, related publishing and digital services valued up to \$10,000 from qualified commercial vendors.

Small Purchases Projects under \$100,000, procured using a quicker contracting method than a One Time Bid.

Term Contracts Contracts that support repetitive orders for a similar product or service over a period of time (1-5 years). Each contract allows for simple, convenient ordering directly from the customer agency to the contractor. Estimates for individual orders are easily produced from a contract schedule of prices that are fixed for the contract period.

Single Award – when one vendor can satisfy our customer requirements

Multiple Award – when multiple vendors would be better positioned to meet our customer's requirements
