

Consistent with the transition provisions adopted today, current Rule 16b-3 and former Rules 16a-8(b), 16a-8(g) and 16b-3 will remain available for transactions effected prior to November 1, 1996.

Dated: May 31, 1996.

It also is adopting other minor or technical rule changes or corrections. Other proposals designed to improve the disclosure process, both for investors and those subject to the Commission's disclosure requirements, will be forthcoming in future releases following the Commission's further consideration of the remaining Task Force recommendations.

EFFECTIVE DATE: The amendments will become effective July 15, 1996.

I. Background

Chairman Arthur Levitt organized the Task Force on Disclosure Simplification ("Task Force") in August 1995 to review forms and rules relating to capital-raising transactions, periodic reporting pursuant to the Exchange Act, proxy solicitations, and tender offers and beneficial ownership reports under the Williams Act. The goal was to simplify the disclosure process and to make regulation of capital formation more effective and efficient where consistent with investor protection.

In the course of its review, the Task Force met with issuing companies, investor groups, underwriters, accounting firms, law firms and others who participate daily in the capital markets. The Task Force prepared a report summarizing its findings and setting forth recommendations and suggestions of areas for further Commission study. The Task Force Report was presented to the Commission at an open meeting on March 5, 1996.⁵⁷

The Task Force recommended that the Commission eliminate or modify many rules and forms, as well as simplify several key aspects of securities offerings. At the time the report was authorized for publication, the Commission had the opportunity to consider a relatively small number of those recommendations. It determined to act on several of those recommendations to begin the simplification process, and issued a release ("Proposing Release")⁵⁸ proposing for public comment the elimination of 45 rules and 4 forms in conjunction with the publication of the Task Force Report. A number of other revisions, including minor and technical amendments, also were proposed. This was done with the view

that other proposals designed to improve the disclosure process, both for investors and those subject to the Commission's disclosure requirements, would be forthcoming in future releases following the Commission's further consideration of the Task Force recommendations.⁵⁹

The Commission received nine comment letters responding to the Proposing Release. The letters generally expressed support for the proposed actions.⁶⁰ Based on the Commission's views articulated in the Proposing Release,⁶¹ the comment letters received, and the Commission's further consideration of the proposals, the Commission has determined that the rules and forms proposed to be eliminated are no longer necessary or appropriate in the public interest or for the protection of investors; consequently, they are being eliminated as proposed, with three exceptions noted below. The other rule changes also are being adopted as proposed. By issuing these rule and form changes, the Commission is not expressing its views with respect to the remaining recommendations or suggestions in the Task Force Report that it has not yet fully considered.

II. Non-Financial Disclosure

A. Securities Act Rules

1. Regulation B (Rules 300–346), and Accompanying Schedules A, B, C, and D, and Forms 1–G and 3–G

The Commission has determined that Regulation B and its accompanying schedules and forms no longer are useful to investors and issuers and that the availability of other exemptions, such as the limited offering exemption from registration set forth in Regulation D, or the private placement exemption under section 4(2) of the Securities Act,⁶² have rendered Regulation B obsolete. Consequently, this regulation is being eliminated, as proposed.

2. Regulation F (Rules 651–656) and Accompanying Form 1–F

Regulation F provided a conditional limited exemption from Securities Act

registration for assessments levied on assessable stock and for resales of forfeited assessable stock. The Commission has determined that Regulation F and accompanying schedules and forms no longer are useful to investors and issuers and that the availability of other exemptions, such as the limited offering exemption from registration set forth in Regulation D, or the private placement exemption under section 4(2) of the Securities Act, have rendered Regulation F obsolete. In light of this, Regulation F is being eliminated, as proposed.

3. Securities Act Rule 148

Rule 148, originally a counterpart to Rule 144, provided a safe harbor for the resales of certain categories of securities acquired in bankruptcy proceedings. The Commission has determined that Rule 148 no longer serves a useful purpose and that it is not necessary to retain it for securities issued under the repealed Bankruptcy Act. The Bankruptcy Code, which replaced the repealed Bankruptcy Act, provides an exemption from Securities Act registration, as well as a safe harbor for the resales of securities received under a plan of reorganization. Therefore, the rule is being eliminated, as proposed.

4. Securities Act Rules 445, 446, and 447

Rules 445, 446 and 447, which govern registration statements filed in connection with securities to be offered through competitive bidding (e.g., by means of a solicitation of competitive proposals from underwriters), appear to be rarely used. The Commission believes that these rules are no longer needed because issuers may use Rule 430A⁶³ to satisfy their filing obligations when they engage in competitive bidding currently covered by the rules being rescinded. Thus, these rules are being eliminated, as proposed.

5. Securities Act Rule 494

The Commission proposed eliminating Rule 494, which accommodates the practice of advertising securities issued by foreign national governments. It appears that this rule continues to be useful to foreign governments in their capital-raising efforts; consequently, the rule is being retained without change.

B. Exchange Act Rules

1. Paragraph (c) of Exchange Act Rule 16b–1⁶⁴

This rule exempted the acquisition of securities resulting from a reorganization of a railroad or other carrier approved by the Interstate Commerce Commission ("ICC"), an agency that was abolished as of January 1, 1996. The function of approving such reorganizations has now been transferred to the Surface Transportation Board, an independent agency of the Department of Transportation. The Commission believes that the exemption provided by this rule no longer serves a useful purpose and is therefore being eliminated.

2. Exchange Act Rule 16b–4

Rule 16b–4 provided an exemption from the requirements of Section 16(b) for certain holding company redemption transactions. Currently, there are few situations where a holding company owns securities in only one company and desires to exchange its own shares through a redemption for those of such company. If such a situation arose, equivalent relief would be available through other means, for example, Rule 16b–6.⁶⁵ Accordingly, Rule 16b–4 is being rescinded, as proposed.

C. Disclosure Requirements

1. Item 501(b) of Regulation S–K

Item 501(b) of Regulation S–K required registrants to provide a cross-reference sheet immediately following the facing page in prospectuses, showing the location of the information required to be included in response to the items in the form. This cross-reference sheet is not necessary because affected filings otherwise contain a reasonably detailed table of contents required by Regulation S–K Item 502(g).⁶⁶

2. Item 501(c)(8) of Regulation S–K⁶⁷

The red ink requirement applicable to the prospectus caption "Subject to Completion" and related legend is being eliminated, thereby reducing issuer costs and conforming the requirements of Regulation S–K with the requirements of Regulation S–B.

⁵⁹ Pursuant to this policy, the Commission today has issued additional proposals to implement other Task Force recommendations. See Release No. 33–7301 (May 31, 1996).

⁶⁰ The comment letters are available for inspection and copying in the Commission's public reference room. Refer to file number S7–6–96. Comment letters that were submitted via electronic mail may be viewed at the Commission's web site: <http://www.sec.gov>.

⁶¹ Additional background information relating to each of the rules, schedules and forms affected is found in the Proposing Release.

⁶² 15 U.S.C. 77d(2).

⁶³ 17 CFR 230.430A.

⁶⁴ The Commission has adopted other amendments to its rules under Section 16 of the Exchange Act in Release No. 34–37260 (May 31, 1996).

⁶⁵ 17 CFR 240.16b–6.

⁶⁶ References to the cross reference sheet have deleted from Securities Act Rule 472.

⁶⁷ 17 CFR 229.501(c)(8).

3. Exhibits

The Commission is deleting the following from the required list of exhibits in Regulation S-K and Regulation S-B⁶⁸ because the information in each such exhibit either appears to be infrequently used or is otherwise available. The specific exhibits to be eliminated are: Opinion regarding discount on capital shares (Exhibit 6);⁶⁹ Opinion regarding liquidation preference (Exhibit 7); Material foreign patents (Exhibit 14); and Information from reports furnished to State insurance regulatory authorities (Exhibit 28).⁷⁰

The Commission also had proposed to eliminate Exhibit 11 of Item 601(b) of Regulations S-K and S-B, "Statement Regarding Computation of Per Share Earnings" because the exhibit appeared to be infrequently used. While some commenters supported the elimination of this exhibit, others indicated that this information may be used by investors and analysts. Furthermore, the Financial Accounting Standards Board ("FASB") has issued a Proposed Statement of Financial Accounting Standards, "Earnings per Share and Disclosure of Information about Capital Structure."⁷¹ In light of the comments received, and FASB's proposals to make changes in this area, the Commission has decided to postpone acting on its proposal to eliminate Exhibit 11, pending further consideration.

4. Industry Guide 1

Guide 1 required disclosure of the principal sources of electric and gas revenues and the classes of services offered by the registrant in certain registration statements as well as annual reports on Form 10-K. In addition, if equity securities were being registered and issued at a price below book value per share, Guide 1 required disclosure of the effects, if any, on the registrant's business of issuing such shares at a price below the underlying book value per share. The Commission is eliminating Guide 1 because the information requested by the Guide also is within the coverage of other rules of the Commission, including Items 101 and 303 of Regulation S-K.⁷²

⁶⁸ Item 601(b) of Regulation S-B and Regulation S-K.

⁶⁹ This exhibit currently is not required in Regulation S-B; consequently, no change is necessary.

⁷⁰ Regulation S-T Rule 311(c), providing that exhibits filed by electronic filers pursuant to paragraph (b)(28) may be filed in paper under cover of Form SE (17 CFR 239.64, 249.444, 269.8) also has been eliminated.

⁷¹ The comment period on FASB's Exposure Draft of the Proposed Statement expires on May 31, 1996.

⁷² 17 CFR 229.101 and 229.303, respectively.

D. Forms

1. Form 701

The Commission is deleting expired Form 701 (Notice of sales pursuant to an exemption under Section 701⁷³) and the rules that required its filing (Securities Act Rules 702(T) and 703(T)) in order to remove them from the Code of Federal Regulations. By their terms, Rules 702(T) and 703(T), and thus Form 701, were effective only until 1993. One commenter indicated that the Commission should reinstate Form 701 to allow it to more easily track who is relying on the Section 701 exemption. The Commission believes that investor interests have not been compromised as a result of the sunset of this form and that its reinstatement would serve little purpose. Consequently, the form and its implementing rules are being eliminated, as proposed.

2. Form F-6

The Commission is eliminating Items 3(e) and 4(a) of Form F-6, governing the registration of depository shares evidenced by American Depositary Receipts ("ADRs"), because the elicited information appears to be of little use to investors or the marketplace at large.

3. Form 10-C

The Commission is eliminating Form 10-C and Rules 13a-17 and 15d-17, which required issuers registered under the Exchange Act and quoted on Nasdaq to report to the Commission and the NASD changes in corporate name, as well as aggregate increases or decreases of a class of securities that exceeds 5% of the amount of securities of the class outstanding. The information regarding changes in number of shares outstanding typically is reflected in an issuer's financial statements.

III. Financial Disclosure

The Commission also is implementing certain of the recommendations in the Task Force Report relating to accounting disclosure rules, as set forth below. These rules were identified as being largely duplicative of generally accepted accounting principles ("GAAP") or other Commission rules. These changes are not intended to alter current accounting standards or disclosure practices. Most of the comment letters addressed the accounting issues raised in the proposals, generally supporting the changes.

1. Rule 3-16 of Regulation S-X

Rule 3-16(a) of Regulation S-X set forth the requirement that a registrant

that has emerged from a significant reorganization disclose in its financial statements a brief explanation of such reorganization. In addition, if the registrant were about to emerge from a reorganization, Rule 3-16(b) of Regulation S-X would require a balance sheet giving effect to the plan of reorganization with separate presentation of the registrant's balance sheet before the reorganization, the changes to be effected in the reorganization, and the balance sheet of the registrant after the reorganization. Registrants have historically satisfied the requirements of Rule 3-16(b) with pro forma financial information.

The Commission is eliminating Rule 3-16 of Regulation S-X, as proposed, because the information requested by that Rule also is within the scope of Article 11 of Regulation S-X, and the disclosure requirements of the AICPA Statement of Position ("SOP") 90-7, Accounting Research Bulletin No. 43 ("ARB 43"), Section 210 of the Financial Reporting Codification and SAB 78.

2. Rule 4-05 of Regulation S-X

The Commission is eliminating Rule 4-05 of Regulation S-X, relating to current assets and current liabilities when a company's operating cycle is longer than one year, because Chapter 3A of ARB 43 and current accounting practices require the same presentation and information.

3. Rule 4-06 of Regulation S-X

Rule 4-06 of Regulation S-X, which provided that reacquired indebtedness of a registrant must be deducted from the appropriate liability caption on the registrant's balance sheet, is being eliminated. GAAP, including Accounting Principles Board Opinion ("APB") 26 and Statement of Financial Accounting Standards No. ("SFAS") 76, requires that such items be considered extinguished and deducted from the appropriate caption on the balance sheet. Further, with respect to the provisions of Rule 4-06 relating to reacquired indebtedness held for pension and other special funds, SFAS 87 and SFAS 106 prescribe the definition of, and accounting for, plan assets for pension plans and other post-employment benefit plans.

4. Rule 4-10 of Regulation S-X

The successful efforts method of accounting codified into Rule 4-10 is duplicative of the accounting standards adopted by the FASB in SFAS 19. Because of such duplication, the Commission is eliminating the portions of Rule 4-10 that duplicate SFAS 19—

⁷³ 17 CFR 230.701.

paragraph (b) through (h) of the Rule. In response to comments, the adopted language clarifies that entities following the successful efforts method shall continue to comply with the accounting and financial reporting disclosure requirements of SFAS 19.

IV. Miscellaneous Minor and Technical Changes

The Commission also is making the following technical changes to certain rules and forms under the Securities Act and the Exchange Act.

- Correct a number of out-of-date cross references in certain Securities Act rules and forms.⁷⁴
- Allow the addition or withdrawal of a delaying notation under Regulation A⁷⁵ or the filing of a delaying or other amendment under Rule 473⁷⁶ by facsimile transmission, so as to provide issuers with additional flexibility in filing documents with the Commission.
- Modify and clarify signature requirements to allow manual, typed, duplicated or faxed signatures on paper filings, with a manual signature retention requirement for typed, duplicated or faxed signatures.⁷⁷ This change clarifies the rules and also extends to paper filers the option of filing typed signature pages, thus providing comparable treatment to both paper and electronic filers.⁷⁸ The language retains the five-year manual signature retention requirement of Regulation S-T Rule 302(b).
- Revise provisions in Rule 406 of Regulation C and Exchange Act Rule 24b-2 to emphasize the fact that confidential treatment requests should not be submitted electronically, but rather, should be submitted in paper. This is intended to minimize the chances of a confidential document being erroneously submitted as part of a public filing.⁷⁹

⁷⁴ Amendments to Rule 406, 464 and 473 of Regulation C and Forms F-7, F-8, F-9, F-10 and F-80.

⁷⁵ Amendment to 17 CFR 230.252(h)(2).
⁷⁶ 17 CFR 230.473.

⁷⁷ Amendments to Rule 402 and 471 of Regulation C, and Exchange Act Rules 12b-11, 14d-1 and 16a-3.

⁷⁸ See Rule 302 of Regulation S-T (17 CFR 232.302).

⁷⁹ The Commission encourages issuers to use electronic media to satisfy their obligations under the Federal securities laws, and in fact requires most filings made with the Commission to be submitted electronically via the Electronic Data Gathering, Analysis, and Retrieval ("EDGAR") system. However, requests for confidential treatment currently are not processed through EDGAR, and therefore must be submitted in paper. Electronic submission of these documents may be permitted or required at a future date; Commission rules would be amended accordingly.

• Modify Rule 504 of Regulation D⁸⁰ so that the rule itself states that there is no information delivery requirement in connection with Rule 504 offerings. This is intended to eliminate confusion resulting from the current language of Regulation D.

• Update the Regulation S definition of "Designated Offshore Securities Market" to include markets that have been recognized as such by the Division of Corporation Finance pursuant to delegated authority since the adoption of the regulation.⁸¹

• Eliminate provisions exempting small life insurance companies from filing quarterly financial results and Management's Discussion and Analysis in Part I of Form 10-Q and Form 10-QSB.⁸² The exemption for mutual life companies is not being eliminated as proposed because a number of companies that file with the Division of Investment Management continue to rely on the exemption.

• Eliminate a general instruction to Form 10-K⁸³ referring to filings on Form S-18, which was replaced by other small business forms in 1992.

V. Cost-Benefit Analysis

Commenters almost universally agreed that the foregoing rule changes were desirable and would reduce unnecessary duplication in the Commission's rules, schedules and forms, as well as duplication with other accounting requirements. Those with compliance obligations under the federal securities laws should benefit from the simplification and clarification of rules and by the elimination of rules and forms that are outdated or rarely used for other reasons. The Commission's view that there will be no anticipated detrimental effects to investors was supported by the comment as well. It is not believed, however, that the changes outlined herein will affect significantly the overall costs and burdens associated with filing requirements generally, because many of the changes are being made to eliminate superfluous and redundant requirements.

⁸⁰ Amendment to 17 CFR 230.504.

⁸¹ Amendment to Rule 902 of Regulation S. Since the proposal of the amendment, the Irish Stock Exchange has become a designated offshore securities market; consequently, it has been added to the final rule.

⁸² Amendment to Exchange Act Rules 13a-13 and 15d-13. The exemption for small life insurance companies expired by its terms on December 20, 1983.

⁸³ General Instruction I.

VI. Summary of Final Regulatory Flexibility Analysis

A final regulatory flexibility analysis has been prepared in accordance with 5 U.S.C. 604 concerning these amendments. As stated in the final analysis, no public commenter specifically addressed the issues outlined in the initial regulatory flexibility analysis. Most persons commenting generally on the proposals supported the changes. Where commenters expressed concerns about the proposed elimination of Exhibit 11, the Commission responded by deferring final action on that point. The analysis describes the types of entities that are denominated small entities under the Commission's rules and indicates that it is difficult to estimate the number of small entities that will be affected by the rule changes adopted in this release. The analysis also states that it is anticipated that most compliance obligations are expected to remain the same after the rules become effective. Where obligations are impacted, it is expected that the rule amendments will lessen regulatory burdens somewhat, both for small and large entities alike. Finally, the analysis explains that the Commission has attempted to help small entities, together with larger companies, by eliminating redundant rules and reducing compliance obligations. Exempting or otherwise treating small entities in a disparate manner would place them at a disadvantage. The analysis indicates that special consideration of small entities under other aspects of the federal securities laws will be undertaken in future rulemaking.

A copy of the final regulatory flexibility analysis may be obtained by contacting James R. Budge, Office of Disclosure Policy, Division of Corporation Finance, Mail Stop 3-7, 450 Fifth Street, NW., Washington, DC 20549.

VII. Paperwork Reduction Act

The staff has consulted with the Office of Management and Budget ("OMB") and has submitted the proposals for review in accordance with the Paperwork Reduction Act of 1995 ("the Act") (44 U.S.C. 3501 *et seq.*). The Commission solicited comment on the compliance burdens associated with the proposals, and received no public comment in response. As stated in the Proposing Release, it is anticipated that the changes that eliminate certain exhibits from Item 601(b) of Regulations

S-K and S-B⁸⁴ would reduce the existing information collection requirements that are associated with the forms identified in the exhibit tables in those regulations. The net reduction for all affected information collection requirements would be an estimated 62,663 hours, or about .3% of the total burden hours associated with past requirements.

With respect to the elimination of certain requirements within Form F-6,⁸⁵ the supporting statement indicates that registrants no longer would be required to furnish the name of each dealer known to it or depository who: (1) Has deposited shares against the issuance of ADRs within the past six months, (2) proposes to deposit shares against issuance of ADRs, or (3) assisted or participated in the creation of the plan of the issuance of the ADRs or the selection of the deposited securities. This rule change will reduce the total information burden of affected registrants (currently 339 hours) by approximately .1 hour per submission, for a total reduction of 33.9 hours for all submissions.

X. Statutory Basis for the Proposals

The foregoing amendments are being adopted pursuant to sections 6, 7, 8, 10 and 19(a) of the Securities Act, sections 3, 12, 13, 14, 15(d), 23(a) and 35A of the Exchange Act.
