Pesticide Tolerance Processing Fees; Reopening of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; Reopening of comment period.

SUMMARY: On June 9, 1999, EPA issued a proposed rule to revise and update its current tolerance processing fee regulation and provided 90 days for public comment. The comment period would have ended September 7, 1999. Due to the economic complexity of the proposal and the associated issues the Agency has decided to reopen the comment period for an additional 45-day period. In addition, the Agency is announcing in this notice the placement in the public docket for this proposed rule of two additional documents. It is EPA's hope that these documents will help the public better understand the calculations that went into deriving the proposed fees, and how the Agency perceives the waiver process working.

DATES: Comments on the proposed rule, identified by docket control number OPP-30115A, must be received on or before November 8, 1999.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I.C. of the "SUPPLEMENTARY INFORMATION" section. To ensure proper receipt by EPA, it is imperative that you identify docket control number OPP-30115A in the subject line on the first page of your response.

II. What Action is the Agency Taking?

The Agency issued a proposed rule to revise its tolerance fees and solicited comments from the public. The comment period will now end on November 8, 1999.

In addition, due to numerous questions received relating to the proposed rule, the Agency has placed several additional documents in the public docket. The first document, entitled "Supplemental Tables," contains easier to read tables than those contained in the Economic Analysis, along with a table of Full Time Equivalents (FTEs) for each division and a detail explanation of the derivation of the overhead factors. The second document, entitled "DRAFT DOCUMENT: Pesticide Registration (PR) Notice 99-X" outlines draft criteria for the submission of waiver requests that are based on economic hardship or public interest. Many people have expressed the need for this criteria to fully examine how the tolerance fee rule may affect them. Please do not submit comments on this Draft PR notice. Once the Agency has determined the course of the final tolerance fee rule, it will issue a Notice of Availability of the PR Notice and solicit comments at that time.

Vermont: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to grant final authorization to hazardous waste program revisions submitted by Vermont. In the "Rules and Regulations" section of this **Federal Register**, EPA is authorizing the State's program revisions as an immediate final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. The Agency has explained the reasons for this authorization in the preamble to the immediate final rule. If EPA does not receive adverse written comments, the immediate final rule will become effective and the Agency will not take further action on this proposal. If EPA receives adverse written comments, EPA will withdraw the immediate final rule and it will not take effect. EPA will then address public comments in a later final rule based on this proposal. EPA may not provide further opportunity for comment. Any parties interested in commenting on this action must do so at this time.
