Federal Register

Vol. 71, No. 58

Monday, March 27, 2006

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

NUCLEAR REGULATORY COMMISSION

10 CFR Parts 1, 13, 20, 30, 32, 35, 40, 55, 70, 73, 110, and 140

[3150-AH82]

Minor Amendments

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is amending its regulations to correct several miscellaneous errors in the Code of Federal Regulations (CFR), update the address for Region III, and remove all references to Subpart J in Parts 32 and 35. This document is necessary to inform the public of these minor changes to NRC regulations.

DATES: *Effective Date:* March 27, 2006.

FOR FURTHER INFORMATION CONTACT: Alzonja Shepard, Office of Administration, Rules and Directives Branch, Division of Administrative Services, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Telephone (301) 415-6864; e-mail aws1@nrc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Nuclear Regulatory Commission is amending the regulations in 10 CFR parts 1, 13, 20, 30, 32, 35, 40, 55, 70, 73, 110, and 140 to correct several miscellaneous errors in regulatory text, update the address for Region III, and remove all references to Subpart J in Parts 32 and 35. The miscellaneous errors in CFR text occurred in the process of preparing and printing several rulemaking documents.

Because these amendments constitute minor administrative corrections to the regulations, the notice and comment

provisions of the Administrative Procedure Act do not apply pursuant to 5 U.S.C. 553(b)(B). The amendments are effective upon publication in the **Federal Register**. Good cause exists under 5 U.S.C. 553(d) to dispense with the usual 30-day delay in the effective date of the final rule, because the amendments are of a minor and administrative nature dealing with corrections to certain CFR sections, which do not require action by any person or entity regulated by the NRC. Nor does the final rule change the substantive responsibilities of any person or entity regulated by the NRC.

Summary of Changes

Removing All References to Subpart J

Subpart J in 10 CFR Part 35 expired on October 24, 2005. Thus, Subject J is removed in its entirety. In addition, any references to Subpart J (i.e., §§ 35.900 through 35.981) are also removed. As an example, in current § 35.50(a)(2)(ii)(B), the phrase “or, before October 24, 2005, §§ 35.920, or 35.930” is removed.

The changes to remove references to Subpart J are made to the following sections: § 32.72(b)(2)(ii); § 35.2, the definitions of authorized medical physicist, authorized nuclear pharmacist, authorized user, and Radiation Safety Officer; § 35.8(b); § 35.10(a), (b), (c); § 35.13(b)(1), (2), (3); § 35.50(a)(2)(ii)(B); § 35.51(a)(2)(ii), (b)(2); § 35.59; § 35.100(b)(2); § 35.190(b), (c)(1)(ii), (c)(2); § 35.200(b)(2); § 35.290(b), (c)(1)(ii), (c)(2); § 35.300(b)(2); § 35.390(b)(1)(ii), (b)(2); § 35.392(b), (c)(2), (c)(3); § 35.394(b), (c)(2), (c)(3); § 35.396(a), (b), (c), (d)(2); (d)(3); § 35.490(b)(1)(ii), (b)(2), (b)(3); § 35.491(a), (b)(3); and § 35.690(b)(1)(ii), (b)(2), (b)(3).

Change Address of Region III, USNRC

The address of the NRC Region III office has been changed. The new address is incorporated in the following sections: § 1.5(b)(3), Appendix D to Part 20, § 30.6(b)(2)(iii), § 40.5(b)(2)(iii), § 55.5(b)(2)(iii), § 70.5(b)(2)(iii), and Appendix A to Part 73.

Additional Changes

1. Section 13.2 Definitions.

Definition of Statement: In paragraph (b)(1), replace “;” by “,” and in (b)(2), insert “(i)” in front of “The authority, or” and insert “(ii)” in front of “Any

State, * * *” This change is to clarify this paragraph.

2. Section 13.3 Basis for civil penalties and assessments.

In current paragraph (a)(1)(iii), (B) and (C) are in the same subparagraph. In this final rule, (C) is separated from (B) to form a new subparagraph. This change is to clarify this paragraph.

3. Section 13.8 Service of complaint.

In paragraph (a), replace “under receipt” by “upon receipt.” This change is to clarify this paragraph.

4. Appendix B of Part 20.

In the Table of Elements, replace “Thalium” by “Thulium” for the element Tm with Atomic Number 69. This change is to correct a typographical error.

5. Section 32.74 Manufacture and distribution of sources or devices containing byproduct material for medical use.

In paragraph (a), add “transmission” after “calibration.” This change is being made to correct the inadvertent omission of “transmission” from this regulation and conform this regulation to the provisions in § 35.65, Authorization for calibration, transmission, and reference sources.

6. Section 35.2 Definitions.

Under the definition of Medical event, add “or (b)” after “§ 35.3045(a).” The words “or (b)” were inadvertently omitted.

7. Section 35.14 Notifications.

In current paragraph (b), a notification requirement was inadvertently omitted. In § 35.24, “Authority and responsibilities for the radiation protection program,” paragraph (c) states: “For up to 60 days each year, a licensee may permit an AU * * * to function as a temporary RSO * * *, if the licensee * * * notifies the Commission in accordance with 35.14(b).” However, current 35.14(b) does not contain this notification requirement. Thus, to correct this oversight, the notification requirement is added to § 35.14(b) to conform to § 35.24(c).

8. Section 35.49 Suppliers for sealed sources or devices for medical use. Section 35.65 Authorization for calibration, transmission, and reference sources.

In § 35.49(b), add “or an Agreement State medical use licensee” after “a Part 35 licensee.” This is to correct the inadvertent omission of the reference to

Agreement State licensees in this paragraph.

Similarly, in § 35.65(b), add “or equivalent Agreement State regulations” after “under § 32.74 of this chapter.”

9. *Section 35.290 Training for imaging and localization studies.*

In paragraph (a)(1), replace “uptake, dilution, and excretion studies” by “imaging and localization studies.” This is to correct a typographical error and to conform this paragraph to the heading of this section. Training for “uptake, dilution, and excretion studies” is specified under § 35.190.

10. *Section 35.390 Training for use of unsealed byproduct material for which a written directive is required.*

Section 35.396 Training for parenteral administration of unsealed byproduct material requiring a written directive.

In paragraph 35.390(b)(1)(ii)(G)(3), add “,” after “any beta emitter.” The comma was inadvertently omitted. Addition of the comma clarifies that the phrase “with a photon energy less than 150 keV” applies only to photon-emitting radionuclides, not to any of the beta emitters.

Similarly, in § 35.696(d)(1), (d)(2), and (d)(2)(vi), add “,” after “any beta emitter.”

11. *Section 70.14 Foreign military aircraft.*

Replace “49 U.S.C. 1508(a)” by “49 U.S.C. 40103(d).” This change is to correct an error in citation to a statute.

12. *Section 110.40 Commission review.*

In paragraph 110.40(b)(7)(v), remove “1,000 curies of tritium” and add in its place “37 TBq (1,000 curies) of tritium.” This change is to correct a typographical error in a prior amendatory instruction. In a correction to a final rule entitled “Export and Import of Radioactive Materials: Security Policies: Correction,” published on August 9, 2005 (70 FR 46066), under § 110.40, the amendatory language stated: “In § 110.40, paragraph (b)(7)(iv) is amended by removing ‘1,000 curies of tritium’ and adding in its place ‘37 TBq (1,000 curies) of tritium.’” The reference to the paragraph was inadvertently entered as (b)(7)(iv), rather than (b)(7)(v). This change is being resubmitted to provide the correct amendatory instruction.

13. *Section 140.21 License guarantees of payment of deferred premiums.*

In the introductory text, replace “\$10 million” by “\$15 million.” This change is to correct an error. In the **Federal Register** notice published on October 27, 2005, regarding Price-Anderson Act Financial Protection Regulations and

Elimination of Antitrust Reviews, “\$10 million” was inadvertently allowed to remain in the rule text, rather than being changed to “\$15 million” in conformity with the statute.

Environmental Impact: Categorical Exclusion

The NRC has determined that this final rule is the type of action described in categorical exclusion 10 CFR 51.22(c)(2). Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this final rule.

Paperwork Reduction Act Statement

Airworthiness Directives; Empresa Brasileira de Aeronautica S.A. (EMBRAER) Model EMB-135 Airplanes and Model EMB-145, -145ER, -145MR, -145LR, -145XR, -145MP, and -145EP Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for certain EMBRAER Model EMB-135 airplanes and Model EMB-145, -145ER, -145MR, -145LR, -145XR, -145MP, and -145EP airplanes. This AD requires replacing the horizontal stabilizer control unit (HSCU) with a modified and reidentified or new, improved HSCU. For certain airplanes, this AD also requires related concurrent actions as necessary. This AD is prompted by reports of loss of the pitch trim system due to a simultaneous failure of both channels of the HSCU. We are issuing this AD to prevent loss of pitch trim and reduced controllability of the airplane. DATES: This AD becomes effective May 1, 2006.

The incorporation by reference of certain publications listed in the AD is approved by the Director of the Federal Register as of May 1, 2006.

ADDRESSES: You may examine the AD docket on the Internet at http://dms.dot.gov or in person at the Docket Management Facility, U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, room PL-401, Washington, DC.
