

effects on federally recognized Indian tribes and have determined that there are no potential effects on the tribes.

Clarity of Rule

Executive Order 12866 requires each agency to write regulations that are easy to understand. We invite your comments on how to make this rule easier to understand, including answers to questions such as the following: (1) Are the requirements in the rule clearly stated? (2) Does the rule contain technical language or jargon that interferes with its clarity? (3) Does the format of the rule (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce its clarity? (4) Would the rule be easier to read if it were divided into more (but shorter) sections? (A "section" appears in bold type and is preceded by the symbol "\$" and a numbered heading; for example § 7.XX) (5) Is the description of the rule in the "Supplementary Information" section of the preamble helpful in understanding the proposed rule? What else could we do to make the rule easier to understand?

Send a copy of any comments that concern how we could make this rule easier to understand to: Office of Regulatory Affairs, Department of the Interior, Room 7229, 1849 C Street, NW., Washington, DC 20240. You may also e-mail the comments to this address: Exsec@ios.doi.gov.

Drafting Information: The principal contributors to this final rule were: Jo Pendry, Chief Concession Program, WASO; Judy Bassett, Concession Policy Analyst, WASO; Meredith Stanton, Director, and Jill Moran, Program Specialist, IACB, and Jerry Case, Regulations Program Manager, WASO.

List of Subjects in 36 CFR Part 51

Concessions, Government contracts, National parks, Reporting and recordkeeping requirements.

■ For the reasons stated in the preamble, the National Park Service amends 36 CFR Part 51 as follows:

PART 51—CONCESSION CONTRACTS

■ 1. The authority for part 51 continues to read as follows:

Authority: The Act of August 25, 1916, as amended and supplemented, 16 U.S.C. 1 *et seq.*, particularly, 16 U.S.C. 3 and Title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105–391).

■ 2. Section 51.83 is added to read as follows:

§ 51.83 Sale of Native Handicrafts.

(a) Where authorized by an applicable concession contract, concessioners are encouraged to sell authentic native handicrafts appropriately labeled or denoted as authentic that reflect the cultural, historical, and geographic characteristics of the related park area. To further this objective, concession contracts will contain a provision that exempts the revenue of a concessioner derived from the sale of appropriately labeled or denoted authentic native handicrafts from the concession contract's franchise fee.

(b) The sale of products as authentic native handicrafts is further regulated under the Indian Arts and Crafts Act, Public Law 101–644, as amended.

(c) **Definitions.** (1) *Alaska Native* means any citizen of the United States who is a person of one-fourth degree or more Alaskan Indian (including Tsimshian Indians not enrolled in the Metalakatl Indian Community), Eskimo, or Aleut blood, or combination thereof. The term includes any person so defined either or both of whose adoptive parents are not Alaska Natives. It also includes, in the absence of a minimum blood quantum, any citizen of the United States who is regarded as an Alaska Native by the Alaska native village or native groups of which he or she claims to be a member and whose father or mother is (or, if deceased, was) regarded as an Alaska Native by any village or group.

(2) *Arts and crafts objects* means art works and crafts that are in a traditional or non-traditional style or medium.

(3) *Authentic native handicrafts* means arts and crafts objects created by a United States Indian, Alaska Native, Native Samoan or Native Hawaiian that are made with the help of only such devices as allow the manual skill of the maker to condition the shape and design of each individual object.

(4) *Native Hawaiian* means any individual who is a descendant of the aboriginal people that, prior to 1778, occupied and exercised sovereignty in the area that now constitutes the State of Hawaii.

(5) *United States Indian* means any individual that is a member of an Indian tribe as defined in 18 U.S.C. 1159(c)(3).

Dated: May 22, 2007.

David M. Verhey,

Acting Assistant Secretary for Fish and Wildlife and Parks.

[EPA–R05–OAR–2006–1022; FRL–8324–9]

Determination of Attainment, Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; Ohio; Redesignation of Youngstown, OH to Attainment of the 8-Hour Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: On February 15, 2007, the Ohio Environmental Protection Agency (Ohio EPA), submitted a request to redesignate its portion of the Youngstown area (Mahoning, Trumbull and Columbiana Counties) to attainment of the 8-hour ozone National Ambient Air Quality Standard (NAAQS), and a request for EPA approval of an ozone maintenance plan. EPA is making a determination that the Youngstown, Ohio ozone nonattainment area has attained the 8-hour ozone NAAQS. This determination is based on three years of complete, quality assured ambient air quality monitoring data for the 2004–2006 ozone seasons that demonstrate that the 8-hour ozone NAAQS has been attained in the area. EPA is approving, as a State Implementation Plan (SIP) revision, the State's maintenance plan for the Ohio portion of the area. As a result, Ohio has satisfied the criteria for redesignation of Mahoning, Trumbull and Columbiana Counties to attainment and EPA is approving the requested redesignation. Further, EPA is approving, for purposes of transportation conformity, the motor vehicle emission budgets (MVEBs) for the years 2009 and 2018 that are contained in the 8-hour ozone maintenance plan for the area.

DATES: This final rule is effective on June 12, 2007.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2006–1022. All documents in the docket are listed on the www.regulations.gov Web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are

available either electronically through www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Patricia Morris, Environmental Scientist, at (312) 353-8656 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT: Patricia Morris, Environmental Scientist, Criteria Pollutant Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8656, morris.patricia@epa.gov.

SUPPLEMENTARY INFORMATION: In the following, whenever “we,” “us,” or “our” are used, we mean the United States Environmental Protection Agency.

Table of Contents

- I. What Is the Background for This Rule?
- II. What Comments Did We Receive on the Proposed Action?
- III. What Are Our Final Actions?
- IV. Statutory and Executive Order Review

I. What Is the Background for This Rule?

The Clean Air Act (CAA) requires EPA to designate as nonattainment any area that is violating the 8-hour ozone NAAQS based on three consecutive years of air quality monitoring data. EPA designated Youngstown, Ohio as a nonattainment area in a **Federal Register** notice published on April 30, 2004, (69 FR 23857). At the same time EPA classified the area as a subpart 1 8-hour ozone nonattainment area, based on air quality monitoring data from 2001-2003.

On February 15, 2007, the Ohio EPA submitted a request to redesignate its portion of the Youngstown area to attainment for the 8-hour ozone standard. The redesignation request included three years of complete, quality-assured data for the period of 2004 through 2006, indicating the 8-hour NAAQS for ozone had been achieved. The data satisfy the CAA requirements for attainment when the 3-year average of the annual fourth-highest daily maximum 8-hour average ozone concentration is less than or equal to 0.08 ppm. Under the CAA, nonattainment areas may be redesignated to attainment if sufficient complete, quality-assured data are available for the Administrator to determine that the areas have attained the standard and the areas meet the

other CAA redesignation requirements in section 107(d)(3)(E). The April 18, 2007, proposed rule (72 FR 19435) provides a discussion of how the State of Ohio met these requirements for the Youngstown, Ohio area.

II. What Comments Did We Receive on the Proposed Action?

EPA provided a 30-day review and comment period on the April 18, 2007, proposed rule. EPA received no comments.

The United States Court of Appeals for the District of Columbia Circuit recently vacated EPA's April 30, 2004 “Final Rule to Implement the 8-Hour Ozone National Ambient Standard” (the Phase 1 implementation rule). *South Coast Air Quality Management District v. EPA*, No. 04-1200., 472 F.3d 882 (D.C. Cir. 2007). This court decision and EPA's interpretation of the decision was discussed in the proposed rule. No comments were received.

III. What Are Our Final Actions?

EPA is taking several related actions. EPA is making a determination that the Youngstown, Ohio nonattainment area has attained the 8-hour ozone standard. EPA is approving Ohio's maintenance plan SIP revision for Mahoning, Trumbull and Columbiana counties (such approval being one of the CAA criteria for redesignation to attainment status). The Ohio maintenance plan, in conjunction with the Pennsylvania SIP, is designed to keep the area in attainment for ozone through 2018. Because Ohio has met these and other prerequisites for redesignation, EPA is approving the State's request to change the legal designation of the counties from nonattainment to attainment for the 8-hour ozone NAAQS. In addition, and supported by and consistent with the ozone maintenance plan, EPA is approving the 2009 and 2018 volatile organic compounds (VOC) and oxides of nitrogen (NO_x) MVEBs for the Ohio counties for transportation conformity purposes. The 2009 motor vehicle emission budgets are 19.58 tons per day for VOCs and 33.71 tons per day for NO_x. For 2018 the budgets are 10.36 tons per day for VOC and 13.29 tons per day for NO_x.

EPA finds that there is good cause for these actions to become effective immediately upon publication because a delayed effective date is unnecessary due to the nature of a redesignation to attainment, which relieves the area from certain CAA requirements that would otherwise apply to it. The immediate effective date for this action is authorized under both 5 U.S.C. 553(d)(1), which provides that

rulemaking actions may become effective less than 30 days after publication if the rule “grants or recognizes an exemption or relieves a restriction” and section 553(d)(3) which allows an effective date less than 30 days after publication “as otherwise provided by the agency for good cause found and published with the rule.” The purpose of the 30-day waiting period prescribed in 553(d) is to give affected parties a reasonable time to adjust their behavior and prepare before the final rule takes effect. Today's rule, however, does not create any new regulatory requirements such that affected parties would need time to prepare before the rule takes effect. Rather, today's rule relieves the State of planning requirements for these 8-hour ozone nonattainment areas. For these reasons, EPA finds good cause under 5 U.S.C. 553(d)(3) for these actions to become effective on the date of publication of these actions.

IV. Statutory and Executive Order Review

Executive Order 12866: Regulatory Planning and Review

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and, therefore, is not subject to review by the Office of Management and Budget.

Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

Because it is not a “significant regulatory action” under Executive Order 12866 or a “significant energy action,” this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001).

Regulatory Flexibility Act

This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Redesignation of an area to attainment under section 107(d)(3)(E) of the Clean Air Act does not impose any new requirements on small entities. Redesignation is an action that affects the status of a geographical area and does not impose any new regulatory requirements on sources. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

Unfunded Mandates Reform Act

Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 13132: Federalism

This action also does not have Federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). Redesignation is an action that merely affects the status of a geographical area, and does not impose any new requirements on sources, or allows a state to avoid adopting or implementing additional requirements, and does not alter the relationship or distribution of power and responsibilities established in the Clean Air Act.

Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

This rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it approves a state rule implementing a Federal Standard.

National Technology Transfer Advancement Act

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement

for the state to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Redesignation is an action that affects the status of a geographical area but does not impose any new requirements on sources. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

Paperwork Reduction Act

This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under Section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 13, 2007. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review, nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to force its requirements. (See Section 307(b)(2).)

List of Subjects

40 CFR Part 52

Environmental protection, Air pollution control, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Volatile organic compounds.

40 CFR Part 81

Air pollution control, Environmental protection, National parks, Wilderness areas.

Dated: June 1, 2007.

Walter Kovalick, Jr.,

Acting Regional Administrator, Region 5.

■ Parts 52 and 81, chapter I, title 40 of the Code of Federal Regulations are amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart KK—Ohio

■ 2. Section 52.1885 is amended by adding paragraph (ff)(5) to read as follows:

§ 52.1885 Control strategy: Ozone.

* * * * *

(ff) * * *

(5) Mahoning, Trumbull and Columbiana Counties, as submitted on February 15, 2007. The maintenance plan establishes 2009 and 2018 motor vehicle emission budgets for Mahoning, Trumbull and Columbiana Counties. The 2009 motor vehicle emission budgets are 19.58 tons per day for volatile organic compounds (VOC) and 33.71 tons per day for oxides of nitrogen (NO_x). For 2018 the budgets are 10.36 tons per day for VOC and 13.29 tons per day for NO_x.

PART 81—[AMENDED]

■ 1. The authority citation for part 81 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

■ 2. Section 81.336 is amended by revising the entries for Youngstown-Warren-Sharon, PA-OH: Columbiana, Mahoning, and Trumbull Counties in the table entitled "Ohio-Ozone (8-Hour Standard)" to read as follows:

§ 81.336 Ohio.

* * * * *

OHIO—OZONE
[8-Hour Standard]

Designated area	Designation ^a		Classification	
	Date ¹	Type	Date ¹	Type
* * *	* * *	* * *	* * *	* * *
Youngstown-Warren-Sharon, PA-OH:	June 12, 2007.

RIN 2060-AO06

Ambient Air Monitoring Regulations: Correcting and Other Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The EPA is taking direct final action on “Ambient Air Monitoring Regulations: Correcting and Other Amendments” to correct and clarify parts of a recent final rule published on October 17, 2006, that amended the ambient air monitoring requirements for criteria pollutants. These errors included several instances where the wording in the preamble and regulatory text were not completely consistent, several regulatory text passages that contained some imprecise language, two instances of regulatory text omission, an outdated address reference, and numerous publication errors in tables and equations. EPA is also amending the monitoring rule to allow EPA Regional Administrators to approve departures from the minimum number of PM₁₀ monitors otherwise specified in the rule.

The October 17, 2006, final rule revised requirements for reference and equivalent method determinations, modified requirements for general monitoring network design, and modified other requirements pertaining to quality assurance, annual network plans and assessments, data reporting, monitoring methodology, and probe and monitor siting criteria. All other preamble and regulatory text printed in

the October 17, 2006, final rule is correct.

DATES: This rule is effective on September 10, 2007, without further notice, unless EPA receives adverse comment by July 12, 2007. If we receive adverse comment, we will publish a timely withdrawal in the **Federal Register** informing the public that some or all of the amendments in this rule will not take effect.

ADDRESSES: Submit your comments, identified under Docket ID No. EPA-HQ-OAR-2004-0018 by one of the following methods:

- *www.regulations.gov*. Follow the on-line instructions for submitting comments.
- *E-mail: a-and-r-docket@epa.gov*.
- *Fax: (202) 566-1741*.
- *Mail: Ambient Air Monitoring Regulations: Correcting and Other Amendments, Environmental Protection Agency, Mailcode: 6102T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.* Please include a total of 2 copies.
- *Hand Delivery: EPA Docket Center, 1301 Constitution Avenue, NW., Room 3334, Washington, DC.* Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2004-0018. The EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at: *www.regulations.gov* including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through *www.regulations.gov* or e-mail. The *www.regulations.gov*

website is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through *www.regulations.gov*, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the *www.regulations.gov* index. Although listed in the index, some information is not publicly available, e.g. CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in *www.regulations.gov* or in hard copy at the Revisions to the Ambient Air Monitoring Regulations Docket, EPA/DC, EPA West, Room 3334, Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Air Docket is (202) 566-1742.

FOR FURTHER INFORMATION CONTACT: Mr. Lewis Weinstock, Air Quality Assessment Division (C304-06), Office
